

JOIN US ON AN EXCITING JOURNEY

Driving your business through growth

How would you like to win a trip for two to an IndyCar race - airfare and lodging included?

To spark some friendly competition, immixGroup is offering Tenable Public Sector partners an extraordinary incentive for selling Tenable cybersecurity solutions.

The company in each category (Federal and SLG) scoring the highest number of points during the contest period will earn a special reward package to attend one of the 2020 IndyCar races! The package includes tickets, airfare, transportation and lodging for two*.

Who is eligible to participate?

The program is open to immixGroup partners who are in good standing in Tenable's Assure Partner Program for sales to federal, state or local government. Your company must have a current Partner Agreement with Tenable at the time of award in order to win and executive management must approve participation.

How does the program work?

Companies will compete against each other by earning points for activities that lead to Tenable sales. Points will be awarded for sales enablement and marketing activities such as demand generation, training, webinars, meetings, marketing campaigns and more!

When?

The program runs from January 1, 2019 (retroactively) through December 31, 2019
