General Services Administration
Federal Supply Service
Authorized Federal Supply Schedule Pricelist

GS-35F-0511T

Pricelist current through Modification # 4191, dated May 18, 2020.
Software maintenance as a product does NOT include the creation, design, implementation, integration, etc. of a software package. These examples are considered software maintenance as a service – which is categorized under a difference SIN (54151).

FSC Class 7030 ....................... Information Technology Software

NOTE: Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item’s interfaces may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at http://www.core.gov.

SIN 511210 - PERPETUAL SOFTWARE LICENSES

Software maintenance as a product includes the publishing of bug/defect fixes via patches and updates/upgrades in function and technology to maintain the operability and usability of the software product. It may also include other no charge support that are included in the purchase price of the product in the commercial marketplace. No charge support includes items such as user blogs, discussion forums, on-line help libraries and FAQs (Frequently Asked Questions), hosted chat rooms, and limited telephone, email and/or web-based general technical support for user’s self diagnostics.

Software maintenance as a product does NOT include the creation, design, implementation, integration, etc. of a software package. These examples are considered software maintenance as a service.

FSC Class 7030 ....................... Information Technology Software

NOTE: Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item’s interfaces may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at http://www.core.gov.

SIN 54151 - MAINTENANCE OF SOFTWARE AS A SERVICE

Software maintenance as a service creates, designs, implements, and/or integrates customized changes to software that solve one or more problems and is not included with the price of the software. Software maintenance as a service includes person-to-person communications regardless of the medium used to communicate: telephone support, on-line technical support, customized support, and/or technical expertise which are charged commercially.

Software maintenance as a service is billed arrears in accordance with 31 U.S.C. 3324.

SIN 518210C – CLOUD COMPUTING SERVICES

Includes commercially available cloud computing services such as Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS) and emerging cloud services. The new Cloud SIN is open to all deployment models (private, public, community or hybrid).

FSC/PSC Class D305 IT AND TELECOM-TELEPROCESSING, TIMESHARE, AND CLOUD COMPUTING

- Cloud Computing Services
SIN 541519CDM – CONTINUOUS DIAGNOSTICS AND MITIGATION (CDM) TOOLS

Includes Continuous Diagnostics and Mitigation (CDM) Approved Products List (APL) hardware and software products/tools and associated services. The full complement of CDM subcategories includes tools, associated maintenance, and other related activities such as training.

SIN 611420 - TRAINING COURSES (FPDS Code U012)

SIN 54151S - IT PROFESSIONAL SERVICES

FPDS Code D399........... Other Information Technology Services, Not Elsewhere Classified

Note 1: All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

Note 2: Offerors and Agencies are advised that the Group 70 – Information Technology Schedule is not to be used as a means to procure services which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

Note 3: This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performance by the publisher or manufacturer or one of their authorized agents.

SIN 54151E1ECOM - ELECTRONIC COMMERCE (EC) SERVICES

FPDS Code D304......... Value Added Network Services (VANs)

1c. See SIN specific Terms and Conditions as well as the terms in Attachment A.

2. Maximum Order:

   The Maximum Order value for the following Special Item Numbers (SINs) is $500,000:
   - Special Item Number 532420L - Leasing of Product
   - Special Item Number 33411 - Purchase of Equipment
   - Special Item Number 811212 - Maintenance of Equipment, Repair Service, and Repair Parts/Spare Parts
   - Special Item Number 511210 - Term Software Licenses
   - Special Item Number 511210 - Perpetual Software Licenses
   - Special Item Number 54151 - Maintenance of Software as a Service
   - Special Item Number 518210C - Cloud Computing Services
   - Special Item Number 541519CDM - Continuous Diagnostics and Mitigation (CDM) Tools
   - Special Item Number 54151S - IT Professional Services
   - Special Item Number 54151ECOM - Electronic Commerce (EC) Services

   The Maximum Order value for the following Special Item Numbers (SINs) is $25,000:
   - Special Item Number 611420 - Training Courses

3. Minimum Order: $100.00

4. Geographic coverage (delivery area):
   Domestic and overseas delivery

5. Point(s) of production:

For a current list of all Authorized Service and Distribution points by Manufacturer, go to:
http://www.immixgroup.com/contract-vehicles/gsa/it-70/0511T/

6. Discount from List Prices:
   Prices shown herein are Net (discounts deducted)

7. Quantity Discount:
   None unless otherwise specified in the pricelist.

8. Prompt Payment Terms:
   0% - Net 30 days from receipt of invoice or date of acceptance, whichever is later.

9a. Government purchase cards are accepted at or below the micro-purchase threshold.

9b. Government purchase cards are accepted above the micro-purchase threshold.

10. Foreign Items:
    Country of Origin is identified in the Schedule Contract Pricelist.

11a. Time of Delivery:
    The Contractor shall deliver to destination within thirty (30) calendar days after receipt of order (ARO), unless set forth otherwise on the Schedule Contract Pricelist to this schedule pricelist appended hereto and incorporated herein.

11b. Expedited Delivery:
    Quicker delivery times than those set forth in the Schedule Contract Pricelist are available from the Contractor based on the availability of product inventory. Improved delivery times in the number of days after receipt of an order (ARO) if available, are as negotiated between the ordering activity and the Contractor or its Authorized Government Resellers.

11c. Overnight and 2-Day Delivery:
    Unless otherwise specified by Manufacturer in the Schedule Contract Pricelist, when ordering activities require overnight or 2-day delivery, ordering activities are encouraged to contact the Contractor for the purpose of obtaining accelerated delivery. Overnight and 2-day delivery times are subject to the availability of product inventory.

11d. Urgent Requirements:
    When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the Ordering Activity, any order(s) placed pursuant to the agreement upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

12. F.O.B. Point(s): Destination

13a. Ordering address(es):
    EC America, Inc.
    8444 Westpark Drive, Suite 200
    McLean, VA 22102
    Or
See Authorized Dealers Listing by Manufacturer for Ordering Address and Contact Information at:
http://www.immixgroup.com/contract-vehicles/gsa/it-70/0511T/

13b. Ordering procedures: For supplies and services, the order procedures, information on Blanket Purchase Agreements (BPA’s) are found in Federal Acquisition Regulation (FAR) 8.405-3.

14. Payment address(es):
EC America, Inc.
8444 Westpark Drive, Suite 200
McLean, VA 22102

Or
See Authorized Dealers Listing by Manufacturer for Payment Address and Contact Information at:
http://www.immixgroup.com/contract-vehicles/gsa/it-70/0511T/

15. Warranty provision:
Warranty is addressed in the SIN specific terms that follow as well as the terms in Attachment A.

16. Export packing charges, if applicable:
Not Applicable

17. Terms and conditions of Government purchase card acceptance:
None

18. Terms and conditions of rental, maintenance, and repair:
See SIN specific Terms and Conditions as well as the terms in Attachment A.

19. Terms and conditions of installation:
See SIN specific Terms and Conditions as well as the terms in Attachment A.

20. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices if available:
Not Applicable

21. List of service and distribution points (if applicable):
For a current list of all Authorized Service and Distribution points by Manufacturer, go to:
http://www.immixgroup.com/contract-vehicles/gsa/it-70/0511T/

22. List of Participating dealers (if applicable):
See Authorized Dealers Listing by Manufacturer at:
http://www.immixgroup.com/contract-vehicles/gsa/it-70/0511T/

23. Preventive maintenance (if applicable):
See SIN specific Terms and Conditions as well as the terms in Attachment A.

24a. Special attributes such as environmental attributes (e.g. recycled content, energy efficiency, and/or reduced pollutants):
Not Applicable

24b. Section 508 Compliance for EIT:
If applicable, Section 508 compliance information on the supplies and services offered in this contract will be supplied by Contractor or Manufacturer (see definition below) upon request via email at the following address: ECA_Contracts@immixgroup.com

25. DUNS Number: 017573259

26. Notification regarding registration in CCR database:
Registration valid.

27. Integration:
The Non-Disclosure provisions set forth in Section 9b.(7), the IP Infringement provisions set forth in Section 9b.(9) and the Limitation of Liability provisions set forth in Section 3c. of the Terms and Conditions Applicable to Term Software Licenses (Special Item Number 511210), Perpetual Software Licenses (Special Item Number 511210) and Maintenance as a Service (Special Item Number 54151) of General Purpose Commercial Information Technology Software are hereby incorporated into and made a part of the terms applicable to all SINs.

28. Glossary of Definitions:

a. “Contractor” means EC America, Inc.

b. “Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

c. “Manufacturer” shall mean a manufacturer, supplier or producer of Equipment (as defined below) or a publisher or developer of Software or related Training Materials (as defined below) provided to Contractor through a letter of supply to be licensed or sold to Ordering Activities under this contract.

d. “Ordering Activity” shall mean, 1) any entity authorized to use GSA sources of supply and services as set forth in GSA Directive OGP 4800.21 or such later issued version, and 2) any entity acting on behalf of an Ordering Activity pursuant to a properly issued letter of authorization per Section 24 above – “Prime Contractor Ordering from Federal Supply Schedules” under Information for Ordering Activities applicable to All Special Item Numbers.

29. Responsibilities of Contractor:
The parties understand and agree that Contractor acts as a reseller of all Equipment, Software, Documentation, and services offered under this contract. With regard to Equipment, Software, and Documentation, Contractor represents that it has the requisite right and authority under its reseller agreements with the Manufacturers to offer the products and grant the rights specified in this contract, and Manufacturers shall have no privity of contract with an Ordering Activity hereunder. With regard to services, while some or all of the services ordered hereunder may be physically performed by Manufacturer, Service Provider, or other third-party personnel (as is specified under applicable SINs) acting under a subcontract or similar arrangement with Contractor, and while the scope and price of such services are defined by the applicable provider's policies (such as Maintenance Services Policies, Electronic Commerce Service Policies, or Wireless Services plans), Contractor remains solely responsible to the Ordering Activity for all such performance.
1. Glossary of Definitions
a. “Documentation” shall mean Manufacturer’s then current help guides, specifications and operating manuals issued by Manufacturer and made generally available by Manufacturer for its (software or hardware) Products whether on-line or in hard copy.
b. “Products” shall mean the computer hardware or software identified on the Schedule Contract Pricelist to this schedule pricelist.
c. “Termination Ceiling” is the limit on the amount that a Contractor may be paid by the Ordering Activity on the Termination for Convenience of a lease.

2. Lease Types
The Ordering Activity will consider proposals for the following lease types:

- a. Lease to Ownership,
- b. Lease with Option to Own, and
- c. Step Lease.

Orders for leased Products must specify the leasing type.

3. Option 1

a. Statement

i. It is understood by all parties to this contract that orders issued under this SIN shall constitute a lease arrangement. Unless the Ordering Activity intends to obligate other than annual appropriations to fund the lease, the base period of the lease is from the date of the Product acceptance through September 30 of the fiscal year in which the order is placed.

ii. Agencies are advised to follow the guidance provided in Federal Acquisition Regulation (FAR) Subpart 7.4 Product Lease or Purchase and OMB Circular A-11. Agencies are responsible for the obligation of funding consistent with all applicable legal principles when entering into any lease arrangement.

b. Funding and Periods of Leasing Arrangements

i. Annual Funding. When annually appropriated funds are cited on an order for leasing, the following applies:

1. The base period of an order for any lease executed by the Ordering Activity shall be for the duration of the fiscal year. All Ordering Activity renewal options under the lease shall be specified in the delivery order. All orders for leasing shall remain in effect through September 30 of the fiscal year or the planned expiration date of the lease, whichever is earlier, unless the Ordering Activity exercises its rights hereunder to acquire title to the Product prior to the planned expiration date or

unless the Ordering Activity exercises its right to terminate under FAR 52.212-4. Orders under the lease shall not be deemed to obligate succeeding fiscal year’s funds or to otherwise commit the Ordering Activity to a renewal.

2. All orders for leasing shall automatically terminate on September 30, unless the Ordering Activity notifies the Contractor in writing thirty (30) calendar days prior to the expiration of such orders of the Ordering Activity’s intent to renew. Such notice to renew shall not bind the Ordering Activity. The Ordering Activity has the option to renew each year at the original rate in effect at the time the order is placed. This rate applies for the duration of the order. If the Ordering Activity exercises its option to renew, the renewal order, shall be issued within 15 days after funds become available for obligation by the Ordering Activity, or as specified in the initial order. No termination fees shall apply if the Ordering Activity does not exercise an option.

ii. Crossing Fiscal Years Within Contract Period. Where an Ordering Activity has specific authority to cross fiscal years with annual appropriations, the Ordering Activity may place an order under this option to lease Product for a period up to the expiration of its period of appropriation availability, or twelve months, whichever occurs later, notwithstanding the intervening fiscal years.

c. Discontinuance and Termination

Notwithstanding any other provision relating to this SIN, the Ordering Activity may terminate Products leased under this agreement, at any time during a fiscal year in accordance with the termination provisions contained in FAR 52.212-4. (l) Termination for the Ordering Activity’s convenience, or (m) Termination for cause. Additionally, no termination for cost or fees shall be charged for non-renewal of an option.

4. Option 2

To the extent an Offeror wishes to propose alternative lease terms and conditions that provide for lower discounts/prices based on the Ordering Activity’s stated intent to fulfill the projected term of a lease including option years, while at the same time including separate charges for early end of the lease, the following terms apply. These terms address the timing and extent of the Ordering Activity’s financial obligation including any potential charges for early end of the lease.

a. Leasing Price List Notice:

Contractors must include the following notice in their contract price list for SIN 532420L:

“The ordering activity is responsible for the obligation of funds consistent with applicable law. Agencies are advised to review the lease terms and conditions contained in this price list prior to ordering and obligating funding for a lease.”

b. Statement of Ordering Activity Intent:
i. The Ordering Activity and the Contractor understand that a delivery order issued pursuant to this SIN is a lease arrangement and contemplates the use of the Product for the term of the lease specified in such delivery order (the “Lease Term”). In that regard, the Ordering Activity, as lessee, understands that the lease provisions contained herein and the rate established for the delivery order are premised on the Ordering Activity’s intent to fulfill that agreement, including acquiring products for the period of time specified in the order. Each lease hereunder shall be initiated by a delivery order, which shall, either through a statement of work or other attachment, specify the Product being leased, and the required terms of the transaction.

ii. Each Ordering Activity placing a delivery order under the terms of this option intends to exercise each renewal option and to extend the lease until completion of the Lease Term so long as the need of the Ordering Activity for the Product or functionally similar Product continues to exist and funds are appropriated. Contractor may request information from the Ordering Activity concerning the essential use of the Products.

c. LEASE TERM:

i. The date on which the Ordering Activity accepts the Products is the Commencement Date of the lease.

ii. The Contractor shall only deliver those items ordered that substantially conform to the requirements of this contract and the applicable Documentation. Therefore, Products delivered shall be deemed accepted upon delivery to Ordering Activity’s designated receiving facility. The Ordering Activity reserves the right to inspect or test any Product that has been delivered. The Ordering Activity may require repair or replacement of nonconforming Products at no increase in contract price. The Ordering Activity must exercise its post-acceptance rights (1) within the applicable warranty period; and (2) before any substantial change occurs in the condition of the Product, unless the change is due to the defect in the Product.

iii. Any lease is executed by the Ordering Activity on the basis that the known requirement for such Product exceeds the initial base period of the delivery order, which is typically 12 months, or for the remainder of the fiscal year. Pursuant to FAR 32.703-3(b), delivery orders with options to renew that are funded by annual (fiscal year) appropriations may provide for initial base periods and option periods that cross fiscal years as long as the initial base period or each option period does not exceed a 12-month period. Defense agencies must also consider DOD FAR supplement (DFAR) 232.703-3(b) in determining whether to use cross fiscal year funding. This cross fiscal year authority does not apply to multi-year leases.

iv. The total Lease Term will be specified in each delivery order, including any relevant renewal options of the Ordering Activity. All delivery orders, whether for the initial base period or renewal period, shall remain in effect through September 30 of the fiscal year (unless extended by statute), through any earlier expiration date specified in the delivery order, or until the Ordering Activity exercises its rights hereunder to acquire title to the Product prior to such expiration date. The Ordering Activity, at its discretion, may exercise each option to extend the term of the lease through the lease term. Renewal delivery orders shall not be issued for less than all of the Product(s) set forth in the original delivery order. Delivery orders under this SIN shall not be deemed to obligate succeeding fiscal year funds. The Ordering Activity shall provide the Contractor with written notice of exercise of each renewal option as soon as practicable. Notice requirements may be negotiated on an order-by-order basis.

d. LEASE TERMINATION:

i. The Ordering Activity must elect the Lease Term of the relevant delivery order. The Contractor (and assignee, if any) will rely on the Ordering Activity’s representation of its intent to fulfill the full Lease Term to determine the monthly lease payments calculated herein.

1. The Ordering Activity may terminate or not renew leases under this option at no cost, pursuant to a Termination for Non-Accrual of cost, pursuant to a Termination for Non-Accrual as defined herein (see paragraph iii below). In any other event, the Ordering Activity’s contracting officer may terminate the relevant delivery order for cause or Termination for Convenience in accordance with FAR 52.212-4 paragraphs (l) and (m).

2. The Termination for Convenience at the end of a fiscal year allows for separate charges for the early end of the lease (see paragraph iv below). In the event of termination for the convenience of the Ordering Activity, the Ordering Activity may be liable only up to the amount beyond the order’s Termination Ceiling. Any termination charges calculated under the Termination for Convenience clause must be determined or identified in the delivery order or in the lease agreement.

ii. Termination for Convenience of the Ordering Activity: Leases entered into under this option may not be terminated except by the Ordering Activity’s contracting office responsible for the delivery order in accordance with FAR 52.212-4, Contract Terms and Conditions—Commercial Items, paragraph (l). Termination for Convenience...
of the Ordering Activity. The costs charged to the Ordering Activity as the result of any Termination for Convenience of the Ordering Activity may be reasonable and may not exceed the sum of the fiscal year’s payment obligations less payments made up to the date of termination plus the Termination Ceiling.

iii. Termination for Non-Appropriation: The Ordering Activity reasonably believes that the bona fide need will exist for the entire Lease Term and corresponding funds in an amount sufficient to make all payment for the Lease Term will be available to the Ordering Activity. Therefore, it is unlikely that leases entered into under this option will terminate prior to the full Lease Term. Nevertheless, the Ordering Activity’s contracting officer may terminate or not renew leases at the end of any initial base period or option period under this paragraph if (a) it no longer has a bona fide need for the Product or functionally similar Product; or (b) there is a continuing need, but adequate funds have not been made available to the Ordering Activity in an amount sufficient to continue to make the lease payments. If this occurs, the Ordering Activity will promptly notify the Contractor, and the Product lease will be terminated at the end of the last fiscal year for which funds were appropriated. Substantiation to support a termination for non-appropriation shall be provided to the Contractor upon request.

iv. Termination Charges: At the initiation of the lease, Termination Ceilings will be agreed upon between Contractor and Ordering Activity for each year of the Lease Term. No claim will be accepted for future costs: supplies, maintenance, usage charges or interest expense beyond the date of termination. In accordance with the bona fide needs rule, all termination charges must reasonably represent the value the Ordering Activity received for the work performed based upon the shorter lease term. No Termination for Convenience costs will be associated with the expiration of the lease term.

v. At the order level, the Ordering Activity may, consistent with legal principles, negotiate lower monthly payments or rates based upon appropriate changes to the termination conditions in this section.

**LEASE PROVISIONS COMMON TO ALL TYPES OF LEASE AGREEMENTS**

1. ORDERING PROCEDURES:

a. When an Ordering Activity expresses an interest in leasing a Product(s), the Ordering Activity will provide the following information to the prospective Contractor:
   (i) Which Product(s) is (are) required.
   (ii) The required delivery date.
   (iii) The proposed lease plan and term of the lease.
   (iv) Where the Product will be located.
   (v) Description of the intended use of the Product.
   (vi) Source and type of appropriations to be used.

b. The Contractor will respond with:
   (i) Whether the Contractor can provide the required Product.
   (ii) The estimated residual value of the Product (Lease with Option to Own and Step Lease only).
   (iii) The estimated cost, if any, of applicable State or local taxes. State and local personal property taxes are to be estimated as separate line items in accordance with FAR 52.229-1, which may be identified and added to the monthly lease payment.
   (iv) A confirmation of the availability of the Product on the required delivery date.
   (v) Extent of warranty coverage, if any, of the leased Products.
   (vi) The length of time the quote is valid.

c. The Ordering Activity may issue a delivery order to the Contractor based on the information set forth in the Contractor’s quote. In the event that the Ordering Activity does not issue a delivery order within the validity period stated in the Contractor’s quote letter, the quote shall expire.

2. ASSIGNMENT OF CLAIMS:

GSAR 552.232-23, Assignment of Claims, is incorporated herein by reference as part of these lease provisions. The Ordering Activity’s contracting officer will acknowledge the assignment of claim for a lease in accordance with FAR 32.804-5. The extent of the assignee’s protection is in accordance with FAR 32.804. Any setoff provision must be in accordance with FAR 32.803.

3. PEACEFUL POSSESSION AND UNRESTRICTED USE:

In recognition of the types of Products available for lease and the potential adverse impact to the Ordering Activity’s mission, the Ordering Activity’s quiet and peaceful possession and unrestricted use of the Product shall not be disturbed in the event the Product is sold by the Contractor, or in the event of bankruptcy of the Contractor, corporate dissolution of the Contractor, or other event. The Product shall remain in the possession of the Ordering Activity until the expiration of the lease. Any assignment, sale, bankruptcy, or other transfer of the leased Product by the Contractor will not relieve the Contractor of its obligations to the Ordering Activity, and will not change the Ordering Activity’s duties or increase the burdens or risks imposed on the Ordering Activity.

4. COMMENCEMENT OF LEASE:

The date on which the Ordering Activity accepts the products is the Commencement Date of the lease. Acceptance is as defined set forth in Section 4c(ii) above, or as further specified in an order.

5. INSTALLATION AND MAINTENANCE:

a. Installation and Maintenance, when applicable, normally are not included in the charge for leasing. The Contractor may require the Ordering Activity to obtain installation and maintenance services from a qualified source. The Ordering Activity may obtain installation and/or maintenance on the open market, from the Contractor’s schedule contract, or from other sources. The Ordering Activity may also perform installation and/or maintenance in house, if qualified resources exist. In any event, it is the responsibility of the Ordering Activity to ensure that maintenance is in effect for the Lease term for all Products leased.

b. When installation and/or maintenance are ordered under this schedule to be performed by the Contractor, the payments, terms and conditions as stated in this contract apply. The
rates and terms and conditions in effect at the time the order is issued shall apply during any subsequent renewal period of the lease. The maintenance rates and terms and conditions may be added to the lease payments with mutual agreement of the parties.

6. MONTHLY PAYMENTS:

a. Prior to the placement of an order under this Special Item Number, the Ordering Activity and the Contractor must agree on a "base value" for the Products to be leased. For Lease to Ownership (Capital Lease) the base value will be the contract purchase price (less any discounts). For Lease with Option to Own (Operating Lease), the base value will be the contract purchase price (less any discounts), less a mutually agreed upon residual value (pre-stated purchase option price at the conclusion of the lease) for the Products. The residual value will be used in the calculation of the original lease payment, lease extension payments, and the purchase option price.

b. To determine the initial lease term payment, the Contractor agrees to apply the negotiated lease factor to the agreed upon base value: 500 basis points.

For Example: Lease factor one (1) percent over the rate for the three-year (or other term) Treasury Bill (T-bill) at the most current U. S. Treasury auction.

The lease payment may be calculated by using a programmed business calculator or by using "rate" functions provided in commercial computer spreadsheets (e.g., Lotus 1-2-3, Excel).

c. For any lease extension, the extension lease payment will be based on the original residual value, in lieu of the purchase price. The Ordering Activity and the Contractor shall agree on a new residual value based on the estimated fair market price at the end of the extension. The formula to determine the lease payment will be that in 6.b. above.

d. The purchase option price will be the fair market value of the Product or payment will be based upon the unamortized principle, as shown on the payment schedule as of the last payment prior to date of transfer of ownership, whichever is less.

NOTE: At the order level, Ordering Activity may elect to obtain a lower rate for the lease by setting the purchase option price as either, the fair market value of the Product or unamortized principle. The methodology for determining lump sum payments may be identified in the pricelist.

e. The point in time when monthly rates are established is subject to negotiation and evaluation at the order level. In the event the Ordering Activity desires, at any time, to acquire title to Product leased hereunder, the Ordering Activity may make a one-time lump sum payment.

7. LEASE END/DISCONTINUANCE OPTIONS:

a. Upon the expiration of the Lease Term, Termination for Convenience, or Termination for Non-Appropriation, the Ordering Activity will return the Product to the Contractor unless the Ordering Activity by 30 days written notice elects either:

(i) to purchase the Product for the residual value of the Product, or

(ii) to extend the term of the Lease, as mutually agreed. To compute the lease payment, the residual value from the preceding lease shall be the initial value of the leased Product. A new residual value shall be negotiated for the extended lease and new lease payments shall be computed.

b. Relocation - The Ordering Activity may relocate Products to another location within the Ordering Activity’s facilities with prior written notice. No other transfer, including sublease, is permitted. Ordering Activity shall not assign, transfer or otherwise dispose of any Products, or any interest therein, or crate or suffer any levy, lien or encumbrance then except those created for the benefit of Contractor or it's assigns.

c. Returns:

(i) Within fourteen (14) days after the date of expiration, non-renewal or termination of a lease, the Ordering Activity shall, at its own risk and expense, have the Products packed for shipment in accordance with Manufacturer's specifications and return the Products to Contractor at the location specified by Contractor in the continental US, in the same condition as when delivered, ordinary wear and tear excepted. Any expenses necessary to return the Products to good working order shall be at Ordering Activity’s expense.

(ii) The Contractor shall conduct a timely inspection of the returned products and within 45 days of the return, assert a claim if the condition of the Product exceeds normal wear and tear.

(iii) Product will be returned in accordance with the terms of the contract and in accordance with Contractor instruction.

(iv) With respect to software Products, the Ordering Activity shall state in writing to the Contractor that it has:

(1) deleted or disabled all files and copies of the software from the equipment on which it was installed;

(2) returned all software Documentation, training manuals, and physical media on which the software was delivered; and

(3) has no ability to use the returned software.

8. UPGRADES AND ADDITIONS:

a. The Ordering Activity may affix or install any accessory, addition, upgrade, product or device on the Product ("additions") provided that such additions:

(1) can be removed without causing material damage to the Product;

(2) do not reduce the value of the Product; and

(3) are obtained from or approved by the Contractor, and are not subject to the interest of any third-party other than the Contractor.

b. Any other additions may not be installed without the Contractor's prior written consent. At the end of the lease term, the Ordering Activity shall remove any additions which:

(1) were not leased from the Contractor, and

(2) are readily removable without causing material damage or impairment of the intended function, use, or value of the Product, and restore the Product to its original configuration.

c. Any additions that are not so removable will become the Contractor's property (lien free).

d. Leases of additions and upgrades must be co-terminus with that of the Product.
9. **RISK OF LOSS OR DAMAGE:**

The Ordering Activity is relieved from all risk of loss or damage to the Product during periods of transportation, installation, and during the entire time the Product is in possession of the Ordering Activity, except when loss or damage is due to the fault or negligence of the Ordering Activity. The Ordering Activity shall assume risk of loss or damage to the Product during relocation, (i.e., moving the product from one Ordering Activity location to another Ordering Activity location), unless the Contractor shall undertake such relocation.

10. **TITLE:**

During the lease term, Product shall always remain the property of the Contractor. The Ordering Activity shall have no property right or interest in the Product except as provided in this leasing agreement and shall hold the Product subject and subordinate to the rights of the Contractor. Software and software licenses shall be deemed personal property. The Ordering Activity shall have no right or interest in the software and related Documentation except as provided in the license and the lease. Upon the Commencement Date of the Lease Term, the Ordering Activity shall have an encumbered license to use the software for the Lease Term. The Ordering Activity’s encumbered license rights in the software will be subject to the same rights as provided to a purchaser of a license under the terms of this contract except that the Ordering Activity will not have an unencumbered, paid-up license until it has made all lease payments for the full Lease Term in the case of a Lease To Ownership or has otherwise paid the applicable purchase option price.

11. **TAXES:**

The lease payments, purchase option prices, and interest rates identified herein exclude all state and local taxes levied on or measured by the contract or sales price of the Product furnished hereunder. The Ordering Activity will be invoiced for any such taxes as Contractor receives such tax notices or assessments from the applicable local taxing authority. Pursuant to the provisions of FAR 52.229-1 (Deviation – May 2003), State and Local Taxes, the Ordering Activity agrees to pay tax or provide evidence necessary to support an exemption from the tax.

12. **OPTION TO PURCHASE EQUIPMENT (FEB 1995) (FAR 52.207-5)**

a. The Ordering Activity may purchase the Product provided on a lease or rental basis under this contract. The Contracting Officer may exercise this option only by providing a unilateral modification to the Contractor. The effective date of the purchase will be specified in the unilateral modification and may be any time during the period of the contract, including any extensions thereto.

b. Except for final payment and transfer of title to the Ordering Activity, the lease or rental portion of the contract becomes complete and lease or rental charges shall be discontinued on the day immediately preceding the effective date of purchase specified in the unilateral modification required in paragraph (a) of this clause.

c. The purchase conversion cost of the Product shall be computed as of the effective date specified in the unilateral modification required in paragraph (a) of this clause, on the basis of the purchase price set forth in the contract, minus the total purchase option credits accumulated during the period of lease or rental, calculated by the formula contained elsewhere in this contract.

d. The accumulated purchase option credits available to determine the purchase conversion cost will also include any credits accrued during a period of lease or rental of the Product under any previous Government contract if the equipment has been on continuous lease or rental. The movement of equipment from one site to another site shall be “continuous rental.”
1. GLOSSARY OF DEFINITIONS
   a. “Documentation” shall mean Manufacturer’s then current help guides, specifications and operating manuals issued by Manufacturer and made generally available by Manufacturer for the Equipment whether on-line or in hard copy.
   b. “Equipment” shall mean the computer hardware identified on the Schedule Contract Pricelist to this schedule pricelist.

2. MATERIAL AND WORKMANSHIP
   All Equipment furnished hereunder must substantially perform the function for which it is intended as set forth in the accompanying Documentation.

3. ORDER
   Written orders, EDI orders (GSA Advantage! and FACNET), credit card orders, and orders placed under blanket purchase agreements (BPA) agreements shall be the basis for purchase in accordance with the provisions of this contract. If time of delivery extends beyond the expiration date of the contract, the Contractor will be obligated to meet the delivery and installation date specified in the original order.
   For credit card orders and BPAs, telephone orders are permissible.

4. TRANSPORTATION OF EQUIPMENT
   FOB DESTINATION. Prices cover Equipment delivery to destination, for any location within the geographic scope of this contract.

5. INSTALLATION AND TECHNICAL SERVICES
   a. INSTALLATION. When the Equipment provided under this contract is not normally self-installable, the Contractor its Manufacturer or other authorized service provider’s technical personnel shall be available to the Ordering Activity, at the Ordering Activity’s location, to install the Equipment and to train Ordering Activity personnel in the use and maintenance of the Equipment. The charges, for such services are listed by Manufacturer, in the schedule pricelist.
   b. OPERATING AND MAINTENANCE MANUALS. The Contractor or its Manufacturer shall furnish the Ordering Activity with one (1) copy of all Documentation, which is normally provided with the Equipment being purchased. For Documentation only available on-line, Contractor or its Manufacturer shall provide Ordering Activity access to such Documentation.

6. INSPECTION/ACCEPTANCE
   The Contractor shall only deliver those items ordered that substantially conform to the requirements of this contract and the applicable Manufacturer’s Documentation. Therefore, items delivered shall be deemed accepted upon delivery to Ordering Activity’s designated receiving facility. The Ordering Activity reserves the right to inspect or test any equipment that has been delivered. The Ordering Activity may require repair or replacement of nonconforming equipment at no increase in contract price. The Ordering Activity must exercise its post-acceptance rights (1) within the applicable warranty period as set forth below; and (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

7. WARRANTY
   a. Unless specified otherwise in this contract, the warranties extended to the Ordering Activity for Equipment and Documentation, and the exclusions and disclaimers applicable to such warranties, shall be as set forth on Attachment A to this schedule pricelist (Contractor Supplemental Pricelist Information and Incorporated Terms). Notwithstanding anything to the contrary that may be marked on or provided with the Equipment or Documentation, the parties understand and agree that such warranties, exclusions and disclaimers follow the applicable Manufacturer’s standard commercial warranties, exclusions and disclaimers but are provided to the Ordering Activity by the Contractor, who will be responsible to the Ordering Activity for all compliance, service and remedies thereunder.
   b. Limitation of Liability
      i) Exclusion of Consequential Damages. EXCEPT FOR A) A CLAIM OF IP INFRINGEMENT HEREUNDER, OR B) AS PROVIDED IN SUBSECTION (b)(iii) BELOW, IN NO EVENT SHALL CONTRACTOR BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES, INCLUDING WITHOUT LIMITATION DAMAGES FOR LOSS OF PROFITS, DATA OR USE, INCURRED BY EITHER PARTY OR ANY THIRD PARTY, WHETHER IN AN ACTION IN CONTRACT OR TORT, EVEN IF THE OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
      ii) Limitation of Direct Damages. Except for a) a claim of IP Infringement, hereunder, or b) as provided in subsection (b)(iii) below, the aggregate and cumulative liability of Contractor for damages hereunder shall in no event exceed the amount of fees paid by Ordering Activity under the order giving rise to such liability, and if such damages relate to particular Equipment such liability shall be limited to fees paid for the relevant Equipment.
      iii) Non-Applicability to Statutory or Regulatory Rights. Nothing herein shall operate to impair or prejudice the U.S. Government's right (a) to recover for fraud or crimes arising out of or relating to the contract under any Federal fraud statute, including without limitation the False Claims Act (31 USC §§3729 through 3733), or (b) to express remedies provided under any FAR, GSAR or Schedule 70 solicitation clauses incorporated into this contract, including without limitation the GSAR 552.215-72 Price Adjustment — Failure to Provide Accurate Information (August 1997) or GSAR 552.238- 75 Price Reductions (May 2004) Alternate I (May 2003).
   c. Inspection and repair of defective Equipment under this warranty may be performed, at the option of the Contractor, at a service facility/plant authorized by the Contractor. The Ordering Activity may not return defective Equipment to the Contractor, the Manufacturer or its authorized service provider for repair or replacement without prior consultation and instruction.
8. **PURCHASE PRICE FOR ORDERED EQUIPMENT**

   The purchase price that the Ordering Activity will be charged will be the Ordering Activity purchase price in effect at the time of order placement (which shall not exceed the price agreed to at the time of award of the GSA Schedule contract, as may be revised from time to time through a contract modification agreed to and issued by the GSA Schedule contracting officer), or the Ordering Activity purchase price in effect on the installation date (or delivery date when installation is not applicable), whichever is less. Provided, however, that the Ordering Activity shall only be entitled to a lower price if the installation date is no longer than thirty (30) days after the date of order placement.

9. **RESPONSIBILITIES OF THE CONTRACTOR**

   The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City or otherwise) covering work of this character, and shall include all costs, if any, of such compliance in the prices quoted in this offer.

10. **TRADE-IN OF INFORMATION TECHNOLOGY EQUIPMENT**

    When an Ordering Activity determines that Information Technology Equipment will be replaced, the Ordering Activity shall follow the contracting policies and procedures in the Federal Acquisition Regulation (FAR), the policies and procedures regarding disposition of information technology excess personal property in the Federal Property Management Regulations (FPMR) (41 CFR 101-43.6), and the policies and procedures on exchange/sale contained in the FPMR (41 CFR part 101-46).
1. GLOSSARY OF DEFINITIONS
   a. “Documentation” shall mean Manufacturer’s then current help guides, specifications and operating manuals issued by Manufacturer and made generally available by Manufacturer for the Equipment whether on-line or in hard copy.
   
   b. “Maintenance Services” shall mean the services provided by Contractor through an applicable Manufacturer under this contract in accordance with the Manufacturer’s then current Maintenance Services Policy.
   
   c. “Maintenance Services Policy” shall mean the commercial terms describing a Manufacturer’s standard maintenance and support offerings, policies and procedures for its Equipment, a copy of which is set forth in Attachment A to this schedule pricelist.
   
   d. “Equipment” shall mean the computer hardware identified on the Schedule Contract Pricelist to this schedule pricelist.

2. SERVICE AREAS
   a. The types/levels of maintenance, geographic scope of availability, and applicable rates vary by Manufacturer and are generally set forth in an applicable Manufacturer’s Maintenance Services Policy. If any additional charge is to apply because of distance from the Contractor’s service locations, the mileage rate or other distance factor shall be negotiated at the Task Order level.
   
   b. When repair services cannot be performed at the Ordering Activity installation site, the repair services will be performed at the Contractor’s, Manufacturer’s or authorized service provider’s plant(s).

3. MAINTENANCE ORDER
   a. Agencies may use written orders, EDI orders, credit card orders, or BPAs, for ordering maintenance under this contract. The Contractor shall confirm orders within fifteen (15) calendar days from the date of receipt, except that confirmation of orders shall be considered automatic for renewals for maintenance (Special Item Number 811212). Automatic acceptance of order renewals for maintenance service shall apply for machines which may have been discontinued from use for temporary periods of time not longer than 120 calendar days. If the order is not confirmed by the Contractor as prescribed by this paragraph, the order shall be considered to be confirmed by the Contractor.
   
   b. The Contractor shall honor orders for Maintenance Services for the duration of the contract period or a lesser period of time, for the Equipment shown in the schedule pricelist. Maintenance Services shall commence on a mutually agreed upon date, which will be written into the maintenance order.

   Maintenance orders shall not be made effective before the expiration of any applicable maintenance and parts guarantee/warranty period associated with the purchase of Equipment. Orders for Maintenance Service shall not extend beyond the end of the contract period.

   c. Maintenance Services may be discontinued by the Ordering Activity on thirty (30) calendar days written notice, or shorter notice when agreed to by the Contractor; such notice to become effective thirty (30) calendar days from the date on the notification. However, the Ordering Activity may extend the original discontinuance date upon written notice to the Contractor, provided that such notice is furnished at least ten (10) calendar days prior to the original discontinuance date.

   d. Annual Funding. When annually appropriated funds are cited on a maintenance order, the period of maintenance shall automatically expire on September 30th of the contract period, or at the end of the contract period, whichever occurs first. Renewal of a maintenance order citing the new appropriation shall be required, if maintenance is to continue during any remainder of the contract period.

   e. Cross-year Funding Within Contract Period. Where an Ordering Activity’s specific appropriation authority provides for funds in excess of a 12 month, fiscal year period, the Ordering Activity may place an order under this schedule contract for a period up to the expiration of the contract period, notwithstanding the intervening fiscal years.

   f. Ordering Activities should notify the Contractor in writing thirty (30) calendar days prior to the expiration of Maintenance Services, if maintenance is to be terminated at that time. Orders for continued maintenance will be required if maintenance is to be continued during the subsequent period.

4. REPAIR SERVICE AND REPAIR PARTS/SPARE PARTS ORDERS

   Repair service and repair parts/spare parts orders are not available under the scope of this schedule contract.

5. LOSS OR DAMAGE
   a. When the Contractor, through the Manufacturer, or its authorized service provider removes equipment to its establishment for repairs, the Contractor shall be responsible for any damage or loss, from the time the Equipment is removed from the Ordering Activity installation, until the equipment is returned to such installation.

   b. When Equipment is returned by Ordering Activity to the Contractor through the Manufacturer’s or its authorized service provider’s facility for repairs, the Ordering Activity shall be responsible for any loss or damage to the Equipment being returned by the Ordering Activity for repair. Contractor shall only be responsible for any loss or damage while the Equipment is at the Contractor’s or its Manufacturer’s or authorized service provider’s facility and until it is returned to the Ordering Activity’s location.

6. SCOPE
   a. In exchange for the applicable fees, the Contractor, through the Manufacturer or its authorized service provider shall provide Maintenance Services for all Equipment listed herein, as requested by the Ordering Activity during the contract term. Repair service and repair parts/spare parts shall apply exclusively to the Equipment types/models within the scope of this Information Technology Schedule.
b. Equipment placed under Maintenance Service shall be in good operating condition.

   (1) In order to determine that the Equipment is in good operating condition, the Equipment shall be subject to inspection by the Contractor through the Manufacturer or its authorized service provider without charge to the Ordering Activity.

   (2) Costs of any repairs performed for the purpose of placing the Equipment in good operating condition shall be borne by the Contractor, provided the Equipment was under the Contractor's guarantee/warranty or maintenance responsibility prior to the effective date of the maintenance order.

   (3) If the Equipment was not under the Contractor's responsibility, the costs necessary to place the Equipment in proper operating condition shall be borne by the Ordering Activity, in accordance with the provisions of Special Item Number 811212 (or outside the scope of this contract).

   (4) Contractor shall have no obligation to provide Maintenance Services for Equipment that has been modified by Ordering Activity, is in disrepair or subject to any other exclusions as set out in Manufacturer's Maintenance Services Policy.

7. RESPONSIBILITIES OF THE ORDERING ACTIVITY

   a. Ordering Activity personnel shall not perform maintenance or attempt repairs to Equipment while such Equipment is under the purview of a maintenance order, unless agreed to by the Contractor. The Ordering Activity will follow Contractor's designated procedures when returning Equipment to Contractor's, Manufacturer's or its authorized service provider's facility for repairs.

   b. Subject to security regulations, the Ordering Activity shall permit access to the Equipment, which is to be maintained or repaired by Contractor, Manufacturer or its authorized service provider.

   c. If the Ordering Activity desires a factory authorized/certified service personnel then this should be clearly stated in the task or delivery order.

8. RESPONSIBILITIES OF THE CONTRACTOR

   a. For Equipment not covered by a maintenance contract or warranty, the Contractor, through the Manufacturer’s or its authorized service provider’s repair service personnel shall complete repairs as soon as reasonably possible after notification by the Ordering Activity that service is required.

   b. If the Ordering Activity task or delivery order specifies factory authorized/certified service personnel then the Contractor is obligated to provide such factory authorized/certified service personnel for the Equipment to be repaired or serviced, unless otherwise agreed to in advance between the Ordering Activity and the Contractor.

9. MAINTENANCE RATE PROVISIONS

   a. For Equipment under monthly Maintenance Services, the Contractor shall bear all costs of maintenance, including labor, parts, and such other expenses as are necessary to keep the Equipment in good operating condition, provided that the required repairs are not occasioned by fault or negligence of the Ordering Activity.

b. REGULAR HOURS. The basic monthly rate for each make and model of Equipment shall entitle the Ordering Activity to the Maintenance Services as set forth in the applicable Manufacturer’s Maintenance Services Policy.

c. AFTER HOURS. Should the Ordering Activity require that maintenance be performed outside of Regular Hours, charges for such maintenance, if any, will be specified in the pricelist or in the applicable Manufacturer’s Maintenance Services Policy. Periods of less than one hour will be prorated to the nearest quarter hour.

d. TRAVEL AND TRANSPORTATION. If any charge is to apply, over and above the regular maintenance rates, because of the distance between the Ordering Activity location and the Contractor’s service area, the charge will be negotiated at the Task Order level.

e. QUANTITY DISCOUNTS. Quantity discounts from listed Maintenance Services rates for multiple Equipment owned and/or leased by a Ordering Activity are not provided under this schedule contract unless otherwise specified by a Manufacturer in the pricelist.

10. REPAIR SERVICE RATE PROVISIONS

   Repair service rate fees and provisions for Equipment not under monthly Maintenance Services are not available under the scope of this schedule contract.

11. REPAIR PARTS/SPARE PARTS RATE PROVISIONS

   Repair parts/spare parts rate provisions after the expiration of the guarantee/warranty provisions are not available under the scope of this schedule contract.

12. GUARANTEE/WARRANTY—REPAIR SERVICE AND REPAIR PARTS/SPARE PARTS

   Guarantee/warranty-repair parts/spare parts after the expiration of the guarantee/warranty provisions are not available under the scope of this schedule contract.

13. INVOICES AND PAYMENTS

   Invoices for Maintenance Services shall be submitted by the Contractor on a quarterly or monthly basis, after the completion of such period. Maintenance charges must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

   Payment for Maintenance Services of less than one month’s duration shall be prorated at 1/30th of the monthly rate for each calendar day.
1. **GLOSSARY OF DEFINITIONS**
   a. "Documentation" shall mean Manufacturer’s then current help guides, and manuals issued by Manufacturer and made generally available by Manufacturer for the Software whether online or in hard copy. Documentation shall include any updated Documentation that Manufacturer provides with any updates.
   
   b. "Maintenance Services" shall mean the Software maintenance and support services provided by Contractor through an applicable Manufacturer under this contract in accordance with the Manufacturer’s then current Maintenance Services Policy.
   
   c. "Maintenance Services Policy" shall mean the commercial terms describing a Manufacturer’s standard Software maintenance and support offerings, policies and procedures, a copy of which is located on Attachment A to this schedule pricelist.
   
   d. "Software" shall mean (i) the version of the computer program identified on the Schedule Contract Pricelist and (ii) updates to such programs.

2. **INSPECTION/ACCEPTANCE**

   The Contractor shall only deliver those items ordered that substantially conform to the requirements of this contract and the Software’s Documentation. Therefore, items delivered shall be deemed accepted upon delivery. The Ordering Activity reserves the right to inspect or test any Software that has been delivered. The Ordering Activity may require repair or replacement of nonconforming Software at no increase in contract price. The Ordering Activity must exercise its post-acceptance rights (1) within the warranty period as set forth below; and (2) before any substantial change occurs in the condition of the Software, unless the change is due to the defect in the Software.

3. **GUARANTEE/WARRANTY**

   a. Unless specified otherwise in this contract, the warranties extended to the Ordering Activity for Software and Documentation, and the exclusions and disclaimers applicable to such warranties, shall be as set forth on Attachment A to this schedule pricelist (Contractor Supplemental Pricelist Information and Incorporated Terms). Notwithstanding anything to the contrary that may be marked on or provided with the Software or Documentation, the parties understand and agree that such warranties, exclusions and disclaimers follow the applicable Manufacturer’s standard commercial warranties, exclusions and disclaimers but are provided to the Ordering Activity by the Contractor, who will be responsible to the Ordering Activity for all compliance, service and remedies thereunder.
   
   b. Limitation of Liability.
     
     i) Exclusion of Consequential Damages. EXCEPT FOR:

     A) A CLAIM OF IP INFRINGEMENT HEREUNDER, OR

     B) AS PROVIDED IN (b)(iii) BELOW, IN NO EVENT SHALL CONTRACTOR BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES, INCLUDING WITHOUT LIMITATION DAMAGES FOR LOSS OF

   PROFITS, DATA OR USE, INCURRED BY EITHER PARTY OR ANY THIRD PARTY, WHETHER IN AN ACTION IN CONTRACT OR TORT, EVEN IF THE OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES provided however, that in the event Ordering Activity makes unauthorized copies of the Software, Contractor shall be entitled to recover the full amount of any license fees that would relate to such copies.

   ii) Limitation of Direct Damages. Except for a) a claim of IP infringement hereunder, or b) as provided in (b)(iii) below, the aggregate and cumulative liability of Contractor and licensors for damages hereunder shall in no event exceed the amount of fees paid by Ordering Activity under the order giving rise to such liability, and if such damages relate to particular Software or Maintenance Services, such liability shall be limited to fees paid for the relevant Software or Maintenance Services giving rise to the liability.

   iii) Non-Applicability to Statutory or Regulatory Rights. Nothing herein shall operate to impair or prejudice the U.S. Government’s right (a) to recover for fraud or crimes arising out of or relating to this contract under any Federal fraud statute, including without limitation the False Claims Act (31 USC §§3729 through 3733), or (b) to express remedies provided under any FAR, GSAR or Schedule 70 solicitation clauses incorporated into this contract, including without limitation the GSAR 552.215-72 Price Adjustment – Failure to Provide Accurate Information (August 1997) or GSAR 552.238-75 Price Reductions (May 2004) Alternate I (May 2003).

4. **TECHNICAL SERVICES**

   A hot line technical support number for the purpose of providing user assistance and guidance to the Ordering Activity in the implementation of the Software may be provided as part of Maintenance Services.

5. **SOFTWARE MAINTENANCE**

   a. Software maintenance as it is defined:

   1. Software Maintenance as a Product (SIN 511210 or SIN 511210)

   Software maintenance as a product includes the publishing of bug/defect fixes via patches and updates/ upgrad es in function and technology to maintain the operability and usability of the software product. It may also include other no charge support that is included in the purchase price of the product in the commercial marketplace. No charge support includes items such as user blogs, discussion forums, on-line help libraries and FAQs (Frequently Asked Questions), hosted chat rooms, and limited telephone, email and/or web-based general technical support for user’s self diagnostics.

   Software maintenance as a product does NOT include the creation, design, implementation, integration, etc. of a software package. These examples are considered software maintenance as a service.

   Software Maintenance as a Service (SIN 54151)
Software maintenance as a service creates, designs, implements, and/or integrates customized changes to software that solve one or more problems and is not included with the price of the software. Software maintenance as a service includes person-to-person communications regardless of the medium used to communicate: telephone support, on-line technical support, customized support, and/or technical expertise which are charged commercially. Software maintenance as a service is billed arrears in accordance with 31 U.S.C. 3324.

Software maintenance as a service is billed in arrears in accordance with 31 U.S.C. 3324.

b. If purchased by Ordering Activity, Contractor, through the applicable Manufacturer, shall provide Maintenance Services for the Software pursuant to the applicable Manufacturer’s then current Maintenance Services Policy. Fees or rates for such Maintenance Services are set forth in the Schedule Contract Pricelist.

c. Invoices for maintenance service shall be submitted by the Contractor on a quarterly or monthly basis, after the completion of such period. Maintenance charges must be paid in arrears (31 U.S.C. 3324) for Maintenance as a Service. PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

6. PERIODS OF TERM LICENSES (SIN 511210) AND MAINTENANCE (SIN 54151)

a. The Contractor shall honor orders for periods for the duration of the contract period or a lesser period of time.

b. Term licenses and/or maintenance may be discontinued by the Ordering Activity on thirty (30) calendar day’s written notice to the Contractor.

c. Annual Funding. When annually appropriated funds are cited on an order for term licenses and/or maintenance, the period of the term licenses and/or maintenance shall automatically expire on September 30 of the contract period, or at the end of the contract period, whichever occurs first. Renewal of the term licenses and/or maintenance orders citing the new appropriation shall be required, if the term licenses and/or maintenance is to be continued during any remainder of the contract period.

d. Cross-Year Funding Within Contract Period. Where an Ordering Activity’s specific appropriation authority provides for funds in excess of a 12-month (fiscal year) period, the Ordering Activity may place an order under this schedule contract for a period up to the expiration of the contract period, notwithstanding the intervening fiscal years.

e. Ordering Activities should notify the Contractor in writing thirty (30) calendar days prior to the expiration of an order, if the term licenses and/or maintenance is to be terminated at that time. Orders for the continuation of term licenses and/or maintenance will be required if the term licenses and/or maintenance is to be continued during the subsequent period.

7. CONVERSION FROM TERM LICENSE TO PERPETUAL LICENSE

Conversion from term licenses to perpetual licenses for any or all Software is not available under the scope of this contract.

Outside the scope of this contract, the Ordering Activity may contact the Manufacturer directly to discuss the permissibility, costs and operation of such conversion(s). Contractor agrees to reasonably assist Ordering Activity in this regard.

8. TERM LICENSE CESSION

If a term Software license granted hereunder terminates for any reason, Ordering Activity shall (i) cease using the applicable Software, Documentation, and related Confidential Information, and (ii) certify to Contractor within thirty (30) days after termination that Ordering Activity has destroyed, or has returned to Contractor or its Manufacturer the Software, Documentation, related Confidential Information of Contractor and all copies thereof, whether or not modified or merged into other materials.

9. UTILIZATION LIMITATIONS - (SIN 511210, SIN 511210, AND SIN 54151)

a. Software acquisition is limited to commercial computer software defined in FAR Part 2.101.

b. When acquired by the Ordering Activity, commercial computer Software and related Documentation shall be subject to the following:

1. Title to and ownership of the Software and Documentation shall remain with the Contractor or its Manufacturer or licensors, unless otherwise specified. Contractor and its Manufacturers reserve all rights in and to the Software and Documentation not expressly granted to Ordering Activity herein.

(2) United States Government Legends. The Software, Documentation and any other technical data provided hereunder is commercial in nature and developed solely at private expense. The Software is delivered as “Commercial Computer Software” as defined in DFARS 252.227-7014 (June 1995) or as a “Commercial Item” as defined in FAR 2.101(a) and as such is provided with only such rights as are provided in Manufacturer’s standard commercial license for the Software. Technical data is provided with limited rights only as provided in DFAR 252.227-7015 (Nov. 1995) or FAR 52.227-14 (June 1987), whichever is applicable.

Contractor grants Ordering Activity only those utilization rights (and reserves the same utilization limitations) as specified in the applicable Manufacturer’s commercial license terms, a description of which is set forth on Attachment A to this schedule pricelist and incorporated herein.

Notwithstanding the forgoing, Contractor acknowledges and agrees that Ordering Activity shall have the minimum restricted rights as set forth in b(4) below.

(3) Except as is provided in paragraph 8.b(2) above, the Ordering Activity shall not provide or otherwise make available the Software or Documentation, or any portion thereof, in any form, to any third party without the prior written approval of the Contractor. Third parties do not include prime Contractors, subcontractors and agents of the Ordering Activity who have the Ordering Activity’s permission to use the licensed software and documentation at the facility, and who have agreed to use the licensed Software and Documentation only in accordance with these restrictions. This provision does not limit the right of the Ordering activity to use Software, Documentation, or information therein, which the Ordering Activity may already have or obtains without restrictions.
(4) The Ordering Activity shall have the right to use the computer Software and Documentation with the computer for which it is acquired or at any other facility to which that computer may be transferred, or in cases of Disaster Recovery, the Ordering Activity has the right to transfer the Software to another site if the Ordering Activity site for which it is acquired is deemed to be unsafe for Ordering Activity personnel; to use the computer Software and Documentation with a backup computer when the primary computer is inoperative; and to copy computer Software for safekeeping (archive) or backup purposes; to modify the software and documentation or combine it with other software, provided that the unmodified portions shall remain subject to these restrictions.

(5) "Commercial Computer Software" may be marked with the Contractor's standard commercial restricted rights legend, but the schedule contract and schedule pricelist, including this clause, "Utilization Limitations" are the only governing terms and conditions, and shall take precedence and supersede any different or additional terms and conditions included in the standard commercial legend.

(6) The Software and Documentation hereunder is offered by the Contractor under licenses customarily provided to the public. The Contractor does not furnish technical information related to commercial computer Software (or commercial computer software Documentation) that is not customarily provided to the public. Further, the Contractor does not relinquish rights to use, modify, reproduce, release, perform, display, or disclose commercial computer Software (or commercial computer Software Documentation) except as mutually agreed to by the parties. See 48 CFR 12.212.

(7) Nondisclosure. Ordering Activity may have access to information that is confidential to Contractor or its Manufacturers ("Confidential Information"). Confidential Information shall include any information that is clearly identified in writing at the time of disclosure as confidential as well as any information that, based on the circumstances under which it was disclosed, a reasonable person would believe to be confidential. Contractor's Confidential Information shall include, but not be limited to, the Software, Documentation, all materials provided to Ordering Activity in the course of performing Maintenance Services hereunder, formulas, methods, know how, processes, designs, new products, developmental work, marketing requirements, marketing plans, customer names, prospective customer names, and the terms and pricing hereunder, regardless of whether such information is identified as confidential. Confidential Information includes all information received from third parties that Contractor is obligated to treat as confidential.

Confidential Information shall not include information that (i) is or becomes a part of the public domain through no act or omission of the other party; (ii) was in the other party's lawful possession prior to the disclosure and had not been obtained by the other party either directly or indirectly from the disclosing party; (iii) is lawfully disclosed to the other party by a third party without restriction on disclosure; (iv) is independently developed by the other party without use of or reference to the other party's Confidential Information. In addition, if Ordering Activity recommends to Contractor additional features, functionality, or performance or if Contractor retains generalized information hereunder that Contractor or its Manufacturer subsequently devotes at any other facility to perform Contractor's obligations under this Section. Notwithstanding the foregoing, Contractor shall have no liability for any claim of infringement based on (a) the use of a superseded or altered release of the Software if the infringement would have been avoided by the use

Further, this section will not be construed to prohibit disclosure of Confidential Information to the extent that such disclosure is required by law or valid order of a court or other governmental authority.

Ordering Activity shall not disclose the results of any performance tests of the Software to any third party without Contractor's prior written approval. Ordering Activity agrees to hold Confidential Information in confidence and to take all reasonable steps to ensure that Confidential Information is not disclosed or distributed by its employees or agents in breach of these Terms and Conditions.

(8) Verification. At Contractor's written request, but not more frequently than annually, Ordering Activity shall furnish Contractor with a document signed by Ordering Activity's authorized representative verifying that the Software is being used pursuant to the provisions of this contract. To the extent permitted by and subject to an Ordering Activity's security requirements (including, but not limited to, use of cleared personnel, badging and other requirements), Contractor reserves the right to audit Ordering Activity's use of the Software no more than once annually at Contractor's expense. Contractor shall schedule any audit at least thirty (30) days in advance. Any such audit shall be conducted during regular business hour at Ordering Activity's facilities and shall not unreasonably interfere with Ordering Activity's business.

(9) Intellectual Property Infringement. If a third party makes a claim against Ordering Activity that the Software directly infringes any patent, copyright, or trademark or misappropriates any trade secret ("IP Claim"); Contractor will (i) assist in defending Ordering Activity against the IP Claim at Contractor's cost and expense, and (ii) pay all costs, damages and expenses (including reasonable legal fees) finally awarded against Ordering Activity by a court of competent jurisdiction or agreed to in a written settlement agreement signed by Contractor arising out of such IP Claim; provided that: (i) Ordering Activity promptly notifies Contractor in writing no later than sixty (60) days after Ordering Activity's receipt of notification of a potential claim and (ii) Ordering Activity provides Contractor, at Contractor's request and expense, with the assistance, information and authority necessary to perform Contractor's obligations under this Section. Notwithstanding the foregoing, Contractor shall have no liability for any claim of infringement based on (a) the use of a superseded or altered release of the Software if the infringement would have been avoided by the use
of a current unaltered release of the Software, (b) the modification of the Software, (c) the use of the Software other than in accordance with the Documentation or this contract, or (d) any materials or information provided to Contractor by Ordering Activity, for which Ordering Activity shall be solely responsible.

If the Software is held to infringe or are believed by Contractor to infringe, Contractor shall have the option, at its expense, to (a) replace or modify the Software to be non-infringing, or (b) obtain for Ordering Activity a license to continue using the Software. If it is not commercially reasonable to perform either of the foregoing options, then Contractor may terminate the Program license for the infringing Software and refund the license fees paid for the Software upon return of the Software by Ordering Activity. This section states Contractor’s entire liability and Ordering Activity’s exclusive remedy for any claim of infringement.

(10) **Delivery.** All Software and Documentation provided by Contractor hereunder shall be deemed to be delivered by Contractor: 1) Upon physical delivery, or 2) Once the Software is made available to Ordering Activity via electronic download by provision of a license key, link to a website, FTP site or similar site from which the Ordering Activity can electronically download or otherwise access the Software and Documentation.

**10. SOFTWARE CONVERSIONS - (SIN 511210 AND SIN 511210)**

Conversion from one version of the Software to another such as the result of a change in operating system, or from one computer system to another is not available under the scope of the contract.

Outside the scope of this contract, the Ordering Activity may contact the Manufacturer directly to discuss the permissibility, costs and operation of such conversion(s). Contractor agrees to reasonably assist Ordering Activity in this regard.

**11. DESCRIPTIONS AND EQUIPMENT COMPATIBILITY**

For information concerning supported hardware or compatibility requirements the Ordering Activity is advised to contact the Contractor or the applicable Manufacturer.

**12. RIGHT-TO-COPY PRICING**

Right-to-copy license pricing is not available under the scope of this contract unless specifically specified in the pricelist. The Ordering Activity must contact the Manufacturer directly to discuss the applicability and associated costs of right-to-copy pricing.
1. SCOPE

The prices, terms and conditions stated under Special Item Number (SIN) 518210C Cloud Computing Services apply exclusively to Cloud Computing Services within the scope of this Information Technology Schedule.

This SIN provides ordering activities with access to technical services that run-in cloud environments and meet the NIST Definition of Cloud Computing Essential Characteristics. Services relating to or impinging on cloud that do not meet all NIST essential characteristics should be listed in other SINs.

The scope of this SIN is limited to cloud capabilities provided entirely as a service. Hardware, software and other artifacts supporting the physical construction of a private or other cloud are out of scope for this SIN. Currently, an Ordering Activity can procure the hardware and software needed to build on premise cloud functionality, through combining different services on other IT Schedule 70 SINs (e.g. 54151S).

Sub-categories in scope for this SIN are the three NIST Service Models: Software as a Service (SaaS), Platform as a Service (PaaS), and Infrastructure as a Service (IaaS). Offerors may optionally select a single sub-category that best fits a proposed cloud service offering. Only one sub-category may be selected per each proposed cloud service offering. Offerors may elect to submit multiple cloud service offerings, each with its own single sub-category. The selection of one of three sub-categories does not prevent Offerors from competing for orders under the other two sub-categories.

See service model guidance for advice on sub-category selection.

Sub-category selection within this SIN is optional for any individual cloud service offering, and new cloud computing technologies that do not align with the aforementioned three sub-categories may be included without a sub-category selection so long as they comply with the essential characteristics of cloud computing as outlined by NIST.

See Table 1 for a representation of the scope and sub-categories.

Table 1: Cloud Computing Services SIN

### 3. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character.

a. **Acceptance Testing**
   Any required Acceptance Test Plans and Procedures shall be negotiated by the Ordering Activity at task order level. The Contractor shall perform acceptance testing of the systems for Ordering Activity approval in accordance with the approved test procedures.

b. **Training**
   If training is provided commercially the Contractor shall provide normal commercial installation, operation, maintenance, and engineering interface training on the system. Contractor is responsible for indicating if there are separate training charges.

c. **Information Assurance/Security Requirements**
   The contractor shall meet information assurance/security requirements in accordance with the Ordering Activity requirements at the Task Order level.

d. **Related Professional Services**
   The Contractor is responsible for working with the Ordering Activity to identify related professional services and any other services available on other SINs that may be associated with deploying a complete cloud solution. Any additional substantial and ongoing professional services related to the offering such as integration, migration, and other cloud professional services are out of scope for this SIN.

e. **Performance of Cloud Computing Services**
   The Contractor shall respond to Ordering Activity requirements at the Task Order level with proposed capabilities to Ordering Activity performance specifications or indicate that only standard specifications are offered. In all cases the Contractor shall clearly indicate standard service levels, performance and scale capabilities.

   The Contractor shall provide appropriate cloud computing services on the date and to the extent and scope agreed to by the Contractor and the Ordering Activity.

f. **Reporting**
   The Contractor shall respond to Ordering Activity requirements and specify general reporting capabilities available for the Ordering Activity to verify performance, cost and availability. In accordance with commercial practices, the Contractor may furnish the Ordering Activity/user with a monthly summary Ordering Activity report.

### 4. RESPONSIBILITIES OF THE ORDERING ACTIVITY

The Ordering Activity is responsible for indicating the cloud computing services requirements unique to the Ordering Activity. Additional requirements should not contradict existing SIN or IT Schedule 70 Terms and Conditions. Ordering Activities should include (as applicable) Terms & Conditions to address Pricing, Security, Data Ownership, Geographic Restrictions, Privacy, SLAs, etc.

Cloud services typically operate under a shared responsibility model, with some responsibilities assigned to the Cloud Service Provider (CSP), some assigned to the Ordering Activity, and others shared between the two. The distribution of responsibilities will vary between providers and across service models. Ordering activities should engage with CSPs to fully understand and evaluate the shared responsibility model proposed. Federal Risk and Authorization Management Program (FedRAMP) documentation will be helpful regarding the security aspects of

<td>Contractor may select a single NIST Service model to subcategorize the service as outlined in NIST Special Publication 800-145. Sub-category selection is optional but recommended. See ‘GUIDANCE FOR CONTRACTORS: NIST Service Model’ below in this document for detailed direction on how to best categorize a service for the NIST IaaS, PaaS, and SaaS service models.</td>
</tr>
</tbody>
</table>

b. **Pricing of Cloud Computing Services**

All current pricing requirements for Schedule 70, including provision SCP-FSS-001-N (Section III Price Proposal), SCP-FSS-001-S, SCP-FSS-004 (Section III Price Proposal), and clause I-FSS-600 Contract Price Lists, apply. At the current time there is no provision for reducing or eliminating standard price list posting requirements to accommodate rapid cloud price fluctuations.

In addition to standard pricing requirements, all pricing models must have the core capability to meet the NIST Essential Cloud Characteristics, particularly with respect to on-demand self-service, while allowing alternate variations at the task order level at agency discretion, pursuant to the guidance on NIST Essential Characteristics.
shared responsibilities, but operational aspects may require additional discussion with the provider.

a. Ordering Activity Information Assurance/Security Requirements Guidance

(1) The Ordering Activity is responsible for ensuring to the maximum extent practicable that each requirement issued is in compliance with the Federal Information Security Management Act (FISMA) as applicable.

(2) The Ordering Activity shall assign a required impact level for confidentiality, integrity and availability (CIA) prior to issuing the initial statement of work.\(^1\)

The Contractor must be capable of meeting at least the minimum-security requirements assigned against a low-impact information system in each CIA assessment area (per FIPS 200) and must detail the FISMA capabilities of the system in each of CIA assessment area.

(3) Agency level FISMA certification, accreditation, and evaluation activities are the responsibility of the Ordering Activity. The Ordering Activity reserves the right to independently evaluate, audit, and verify the FISMA compliance for any proposed or awarded Cloud Computing Services.

(4) The Ordering Activity has final responsibility for assessing the FedRAMP status of the service, complying with and making a risk-based decision to grant an Authorization to Operate (ATO) for the cloud computing service, and continuous monitoring. A memorandum issued by the Office of Management and Budget (OMB) on Dec 8, 2011 outlines the responsibilities of Executive departments and agencies in the context of FedRAMP compliance.\(^2\)

(5) Ordering activities are responsible for determining any additional information assurance and security related requirements based on the nature of the application and relevant mandates.

b. Deployment Model

If a particular deployment model (Private, Public, Community, or Hybrid) is desired, Ordering Activities are responsible for identifying the desired model(s). Alternately, Ordering Activities could identify requirements and assess Contractor responses to determine the most appropriate deployment model(s).

c. Delivery Schedule

The Ordering Activity shall specify the delivery schedule as part of the initial requirement. The Delivery Schedule options are found in Information for Ordering Activities Applicable to All Special Item Numbers.

d. Interoperability

Ordering Activities are responsible for identifying interoperability requirements. Ordering Activities should clearly delineate requirements for API implementation and standards conformance.

e. Performance of Cloud Computing Services

The Ordering Activity should clearly indicate any custom minimum service levels, performance and scale requirements as part of the initial requirement.

f. Reporting

The Ordering Activity should clearly indicate any cost, performance or availability reporting as part of the initial requirement.

g. Privacy

The Ordering Activity should specify the privacy characteristics of their service and engage with the Contractor to determine if the cloud service is capable of meeting Ordering Activity requirements. For example, a requirement could be requiring assurance that the service is capable of safeguarding Personally Identifiable Information (PII), in accordance with NIST SP 800-1224 \(^3\) and OMB memos M-06-16\(^4\) and M-07-16\(^5\). An Ordering Activity will determine what data elements constitute PII according to OMB Policy, NIST Guidance and Ordering Activity policy.

h. Accessibility

The Ordering Activity should specify the accessibility characteristics of their service and engage with the Contractor to determine the cloud service is capable of meeting Ordering Activity requirements. For example, a requirement could require assurance that the service is capable of providing accessibility based on Section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d).

i. Geographic Requirements

Ordering activities are responsible for specifying any geographic requirements and engaging with the Contractor to determine that the cloud services offered have the capabilities to meet geographic requirements for all anticipated task orders. Common geographic concerns could include whether service data, processes and related artifacts can be confined on request to the United States and its territories, or the continental United States (CONUS).

j. Data Ownership and Retrieval and Intellectual Property

Intellectual property rights are not typically transferred in a cloud model. In general, CSPs retain ownership of the Intellectual Property (IP) underlying their services and the customer retains ownership of its intellectual property. The CSP gives the customer a license to use the cloud services for the duration of the contract without transferring rights. The government retains ownership of the IP and data they bring to the customized use of the service as spelled out in the FAR and related materials.

General considerations of data ownership and retrieval are covered under the terms of Schedule 70 and the FAR and other laws, ordinances, and regulations (Federal, State, City, or otherwise). Because of considerations arising from cloud shared responsibility models, ordering activities should engage with the Contractor to develop more cloud-specific understandings of the boundaries between data owned by the government and that owned by the cloud service provider, and the specific terms of data retrieval.

In all cases, the Ordering Activity should enter into an agreement with a clear and enforceable understanding of the boundaries between government and cloud service provider data, and the form, format and mode of delivery for each kind of data belonging to the government.

The Ordering Activity should expect that the Contractor shall transfer data to the government at the government’s request at

---

3 NIST SP 800-122, “Guide to Protecting the Confidentiality of Personally Identifiable Information (PII)”

any time, and in all cases when the service or order is terminated for any reason, by means, in formats and within a scope clearly understood at the initiation of the service. Example cases that might require clarification include status and mode of delivery for:

- Configuration information created by the government and affecting the government’s use of the cloud provider’s service.
- Virtual machine configurations created by the government but operating on the cloud provider’s service.
- Profile, configuration and other metadata used to configure SaaS application services or PaaS platform services.

The key is to determine in advance the ownership of classes of data and the means by which Government owned data can be returned to the Government.

k. Service Location Distribution
The Ordering Activity should determine requirements for continuity of operations and performance and engage with the Contractor to ensure that cloud services have adequate service location distribution to meet anticipated requirements. Typical concerns include ensuring that:

1. Physical locations underlying the cloud are numerous enough to provide continuity of operations and geographically separate enough to avoid an anticipated single point of failure within the scope of anticipated emergency events.
2. Service endpoints for the cloud are able to meet anticipated performance requirements in terms of geographic proximity to service requestors.

Note that cloud providers may address concerns in the form of minimum distance between service locations, general regions where service locations are available, etc.

l. Related Professional Services
Ordering activities should engage with Contractors to discuss the availability of limited assistance with initial setup, training and access to the services that may be available through this SIN. Any additional substantial and ongoing professional services related to the offering such as integration, migration, and other cloud professional services are out of scope for this SIN. Ordering activities should consult the appropriate GSA professional services schedule.

5. GUIDANCE FOR CONTRACTORS
This section offers guidance for interpreting the Contractor Description Requirements in Table 2, including the NIST essential cloud characteristics, service models and deployment models. This section is not a list of requirements.

Contractor-specific definitions of cloud computing characteristics and models or significant variances from the NIST essential characteristics or models are discouraged and will not be considered in the scope of this SIN or accepted in response to Factors for Evaluation. The only applicable cloud characteristics, service model/subcategories and deployment models for this SIN will be drawn from the NIST 800-145 special publication. Services qualifying for listing as cloud computing services under this SIN must substantially satisfy the essential characteristics of cloud computing as documented in the NIST Definition of Cloud Computing SP 800-145.6

Contractors must select deployment models corresponding to each way the service can be deployed. Multiple deployment model designations for a single cloud service are permitted but at least one deployment model must be selected.

In addition, contractors submitting services for listing under this SIN are encouraged to select a sub-category for each service proposed under this SIN with respect to a single principal NIST cloud service model that most aptly characterizes the service. Service model categorization is optional. Both service and deployment model designations must accord with NIST definitions. Guidance is offered in this document on making the most appropriate selection.

a. NIST Essential Characteristics

<table>
<thead>
<tr>
<th>Characteristic</th>
<th>Capability</th>
<th>Guidance</th>
</tr>
</thead>
<tbody>
<tr>
<td>On-demand self-service</td>
<td>• Ordering activities can directly provision services without requiring Contractor intervention.</td>
<td>Government procurement guidance varies on how to implement on-demand provisioning at this time. Ordering activities may approach on-demand in a variety of ways, including “not-to-exceed” limits, or imposing monthly or annual payments on what are essentially on demand services.</td>
</tr>
<tr>
<td></td>
<td>• This characteristic is typically implemented via a service console or programming interface for provisioning</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Characteristic</th>
<th>Capability</th>
<th>Guidance</th>
</tr>
</thead>
<tbody>
<tr>
<td>Broad Network Access</td>
<td>• Ordering activities are able to access services over standard agency networks</td>
<td>• Broad network access must be available without significant qualification and in relation to the deployment model and security domain of the service. Contractors must specify any ancillary activities, services, or equipment required to access cloud services or integrate cloud with other cloud or non-cloud networks and services. For example, a private cloud might require an Ordering Activity to purchase or provide a dedicated router, etc., which is acceptable but should be indicated by the Contractor.</td>
</tr>
<tr>
<td></td>
<td>• Service can be accessed and consumed using standard devices such as browsers, tablets and mobile phones</td>
<td></td>
</tr>
<tr>
<td>Resource Pooling</td>
<td>Pooling distinguishes cloud services from offsite hosting.</td>
<td>• The cloud service must draw from a pool of resources and provide an automated means for the Ordering Activity to dynamically allocate them. Manual allocation, e.g. manual operations at a physical server farm where Contractor staff configure servers in response to Ordering Activity requests, does not meet this requirement. Similar concerns apply to software and platform models; automated provisioning from a pool is required. Ordering activities may request dedicated physical hardware, software, or platform resources to access a private cloud deployment service. However, the provisioned cloud resources must be drawn from a common pool and automatically allocated on request.</td>
</tr>
<tr>
<td>Rapid Elasticity</td>
<td>• Rapid provisioning and de-provisioning commensurate</td>
<td>• Rapid elasticity is a specific demand-driven case of self-service. Procurement guidance for on-demand self-service applies to rapid elasticity as well, i.e. rapid elasticity must be technically available but ordering activities and Contractors may mutually negotiate other contractual arrangements for procurement and payment. ‘Rapid’ should be understood as measured in minutes and hours, not days or weeks. Elastic capabilities by manual request, e.g. via a console operation or programming interface call, are required. Automated elasticity which is driven dynamically by system load, etc. is optional. Contractors must specify whether automated demand-driven elasticity is available and the general mechanisms that drive the capability.</td>
</tr>
</tbody>
</table>

**Inheriting Essential Characteristics**

Cloud services may depend on other cloud services, and cloud service models such as PaaS and SaaS are able to inherit essential characteristics from other cloud services that support them. For example, a PaaS platform service can inherit the broad network access essential characteristic. Services inheriting essential characteristics must make the inherited characteristic fully available at their level of delivery to claim the relevant characteristic by inheritance.
Inheriting characteristics does not require the inheriting provider to directly bundle or integrate the inherited service, but it does require a reasonable measure of support and identification. For example, the Ordering Activity may acquire an IaaS service from “Provider A” and a PaaS service from “Provider B”. The PaaS service may inherit broad network access from “Provider A” but must identify and support the inherited service as an acceptable IaaS provider.

**Assessing Broad Network Access**

Typically, broad network access for public deployment models implies high bandwidth access from the public internet for authorized users. In a private cloud deployment internet access might be considered broad access, as might be access through a dedicated shared high bandwidth network connection from the Ordering Activity, in accord with the private nature of the deployment model.

**Resource Pooling and Private Cloud**

All cloud resource pools are finite, and only give the appearance of infinite resources when sufficiently large, as is sometimes the case with a public cloud. The resource pool supporting a private cloud is typically smaller with more visible limits. A finite pool of resources purchased as a private cloud service qualifies as resource pooling so long as the resources within the pool can be dynamically allocated to the ultimate users of the resource, even though the pool itself appears finite to the Ordering Activity that procures access to the pool as a source of dynamic service allocation.

b. NIST Service Model

The Contractor may optionally document the service model of cloud computing (e.g. IaaS, PaaS, SaaS, or a combination thereof, that most closely describes their offering, using the definitions in The NIST Definition of Cloud Computing SP 800-145. The following guidance is offered for the proper selection of service models.

NIST’s service models provide this SIN with a set of consistent sub-categories to assist ordering activities in locating and comparing services of interest. Service model is primarily concerned with the nature of the service offered and the staff and activities most likely to interact with the service. Contractors should select a single service model most closely corresponding to their proposed service based on the guidance below. It is understood that cloud services can technically incorporate multiple service models and the intent is to provide the single best categorization of the service.

Contractors should take care to select the NIST service model most closely corresponding to each service offered. Contractors should not invent, proliferate or select multiple cloud service model sub-categories to distinguish their offerings, because ad-hoc categorization prevents consumers from comparing similar offerings. Instead vendors should make full use of the existing NIST categories to the fullest extent possible.

For example, in this SIN an offering commercially marketed by a Contractor as “Storage as a Service” would be properly characterized as Infrastructure as a Service (IaaS), storage being a subset of infrastructure. Services commercially marketed as “LAMP as a Service” or “Database as a Service” would be properly characterized under this SIN as Platform as a Service (PaaS), as they deliver two kinds of platform services. Services commercially marketed as “Travel Facilitation as a Service” or “Email as a Service” would be properly characterized as species of Software as a Service (SaaS) for this SIN.

However, Contractors can and should include appropriate descriptions (include commercial marketing terms) of the service in the full descriptions of the service’s capabilities.

When choosing between equally plausible service model sub-categories, Contractors should consider several factors:

1) Visibility to the Ordering Activity. Service model sub-categories in this SIN exist to help Ordering Activities match their requirements with service characteristics. Contractors should select the most intuitive and appropriate service model from the point of view of an Ordering Activity.

2) Primary Focus of the Service. Services may offer a mix of capabilities that span service models in the strict technical sense. For example, a service may offer both IaaS capabilities for processing and storage, along with some PaaS capabilities for application deployment, or SaaS capabilities for specific applications. In a service mix situation, the Contractor should select the service model that is their primary focus. Alternatively, contractors may choose to submit multiple service offerings for the SIN, each optionally and separately subcategorized.

3) Ordering Activity Role. Contractors should consider the operational role of the Ordering Activity’s primary actual consumer or operator of the service. For example, services most often consumed by system managers are likely to fit best as IaaS; services most often consumed by application developers or developers as PaaS, and services most often consumed by business users as SaaS.

4) Lowest Level of Configurability. Contractors can consider IaaS, PaaS and SaaS as an ascending hierarchy of complexity, and select the model with the lowest level of available Ordering Activity interaction. As an example, virtual machines are an IaaS service often bundled with a range of operating systems, which are PaaS services. The Ordering Activity usually has access to configure the lower level IaaS service, and the overall service should be considered IaaS. In cases where the Ordering Activity cannot configure the speed, memory, network configuration, or any other aspect of the IaaS component, consider categorizing as a PaaS service.

Cloud management and cloud broker services should be categorized based on their own characteristics and not those of the other cloud services that are their targets. Management and broker services typically fit the SaaS service model, regardless of whether the services they manage are SaaS, PaaS or IaaS. Use Table 3 to determine which service model is appropriate for the cloud management or cloud broker services, or, alternately choose not to select a service model for the service. The guidance in Table 3 offers examples of how services might be properly mapped to NIST service models and how a Contractor should interpret the service model sub-categories.

**Table 3: Guidance on Mapping to NIST Service Models**

<table>
<thead>
<tr>
<th>Service Model</th>
<th>Guidance</th>
</tr>
</thead>
<tbody>
<tr>
<td>IaaS as a Service</td>
<td>Select an IaaS model for service-based equivalents of hardware appliances such as virtual machines, storage devices, routers and other physical devices.</td>
</tr>
<tr>
<td></td>
<td>• IaaS services are typically consumed by system or device managers who would configure physical hardware in a non-cloud setting</td>
</tr>
</tbody>
</table>
## Service Model | Guidance
--- | ---
PaaS Platform as a Service | - The principal customer interaction with an IaaS service is provisioning then configuration, equivalent to procuring and then configuring a physical device.
- Examples of IaaS services include virtual machines, object storage, disk block storage, network routers and firewalls, software defined networks. Gray areas include services that emulate or act as dedicated appliances and are directly used by applications, such as search appliances, security appliances, etc. To the extent that these services or their emulated devices provide direct capability to an application they might be better classified as Platform services (PaaS). To the extent that they resemble raw hardware and are consumed by other platform services they are better classified as IaaS.

SaaS Software as a Service | - The principal customer interaction with a PaaS service is deployment, equivalent to deploying an application or portion of an application on a software platform service.
- A limited range of configuration options for the platform service may be available.
- Examples of complete PaaS services include:
  - A Linux/Apache/MySQL/PHP (LAMP) platform ready to deploy a customer PHP application.
  - A custom complete platform ready to develop and deploy a customer application in a propriatory language
  - A multiple capability platform ready to deploy an arbitrary customer application on a range of underlying software services.

The essential characteristic of a complete PaaS is defined by the customer’s ability to deploy a complete custom application directly on the platform. PaaS includes partial services as well as complete platform services. Illustrative examples of individual platform enablers or components include:
- A database service ready to deploy a customer’s tables, views and procedures.
- A queuing service ready to deploy a customer’s message definitions
- A security service ready to deploy a customer’s constraints and target applications for continuous monitoring
- The essential characteristic of an individual PaaS component is the customer’s ability to deploy their unique structures and/or data onto the component for a partial platform function.

Note that both the partial and complete PaaS examples all have two things in common:
- They are software services, which offer significant core functionality out of the box
- They must be configured with customer data and structures to deliver results

As noted in IaaS, operating systems represent a grey area in that OS is definitely a platform service but is typically bundled with IaaS infrastructure. If your service provides an OS but allows for interaction with infrastructure, please sub-categorize it as IaaS. If your service “hides” underlying infrastructure, consider it as PaaS.

Some minor configuration may be available, but the scope of the configuration is limited to the scope and then the permissions of the configuring user. For example, an agency manager might be able to configure some aspects of the application for their agency but not all agencies. An agency user might be able to configure some aspects for themselves but not everyone in their agency. Typically, only the Contractor would be permitted to configure aspects of the software for all users.

Examples of SaaS services include email systems, business systems of all sorts such as travel systems, inventory systems, etc., wiki’s, websites or content management systems, management applications that allow a customer to manage other cloud or non-cloud services, and in general any system where customers interact directly for a business purpose.

Gray areas include services that customers use to configure other cloud services, such as cloud management software, cloud brokers, etc. In general, these sorts of systems should be considered SaaS, per guidance in this document.
Deployment models (e.g. private, public, community, or hybrid) are not restricted at the SIN level and any specifications for a deployment model are the responsibility of the Ordering Activity. Multiple deployment model selection is permitted, but at least one model must be selected. The guidance in Table 4 offers examples of how services might be properly mapped to NIST deployment models and how the Contractor should interpret the deployment model characteristics. Contractors should take care to select the range of NIST deployment models most closely corresponding to each service offered.

Note that the scope of this SIN does not include hardware or software components used to construct a cloud, only cloud capabilities delivered as a service, as noted in the Scope section.

Table 4: Guidance for Selecting a Deployment Model

<table>
<thead>
<tr>
<th>Deployment Model</th>
<th>Guidance</th>
</tr>
</thead>
<tbody>
<tr>
<td>Private Cloud</td>
<td>The service is provided exclusively for the benefit of a definable organization and its components; access from outside the organization is prohibited. The actual services may be provided by third parties, and may be physically located as required, but access is strictly defined by membership in the owning organization.</td>
</tr>
<tr>
<td>Public Cloud</td>
<td>The service is provided for general public use and can be accessed by any entity or organization willing to contract for it.</td>
</tr>
<tr>
<td>Community Cloud</td>
<td>The service is provided for the exclusive use of a community with a definable shared boundary such as a mission or interest. As with private cloud, the service may be in any suitable location and administered by a community member or a third party.</td>
</tr>
<tr>
<td>Hybrid Cloud</td>
<td>The service is composed of one or more of the other models. Typically, hybrid models include some aspect of transition between the models that make them up, for example a private and public cloud might be designed as a hybrid cloud where events like increased load permit certain specified services in the private cloud to run in a public cloud for extra capacity, e.g. bursting.</td>
</tr>

 TERMS AND CONDITIONS APPLICABLE TO CONTINUOUS DIAGNOSTICS AND MITIGATION (CDM) TOOLS SIN 541519CDM

1. GLOSSARY OF DEFINITIONS
   a. “Documentation” shall mean Manufacturer’s then current help guides, specifications and operating manuals issued by Manufacturer and made generally available by Manufacturer for the Equipment and/or Software whether on-line or in hard copy.
   b. “Equipment” shall mean the computer hardware identified on Attachment B to this schedule pricelist.
   c. “Equipment Maintenance Services” shall mean the equipment maintenance services provided by Contractor through an applicable Manufacturer under this contract in accordance with the Manufacturer’s then-current Maintenance Services Policy.
   d. “Software Maintenance Services” shall mean the Software maintenance and support services provided by Contractor through an applicable Manufacturer under this contract in accordance with the Manufacturer’s then current Maintenance Services Policy.
   e. “Maintenance Services Policy” shall mean the commercial terms describing a Manufacturer’s standard Equipment or Software maintenance and support offerings, policies and procedures, a copy of which is located on Attachment A to this schedule pricelist.
   f. “Services” shall mean services associated with products, other than Software Maintenance Services, Equipment Maintenance Services, and training.
   g. “Software” shall mean (i) the version of the computer program identified on Attachment A; and (ii) updates to such programs.

2. SCOPE
   a. Special Item Number (SIN) 541519CDM Continuous Diagnostics and Mitigation (CDM) Tools is a solutions SIN. This SIN includes both Equipment and Software products and any associated services for the products to include installation, maintenance, and training.
   b. In addition to the terms and conditions of this CDM SIN: the terms and conditions of SIN 33411 shall apply to the purchase of Equipment provided under the CDM SIN; the terms and conditions of SIN 811212 shall apply to Equipment Maintenance Services provided under the CDM SIN; the terms and conditions of SINs 511210, 511210, and 54151 shall apply to Software and Software Maintenance Services provided under the CDM SIN; and the terms and conditions of SIN 611420 shall apply to the purchase of training courses provided under the CDM SIN.
   c. 541519CDM - Continuous Diagnostics and Mitigation Tools - SUBJECT TO COOPERATIVE PURCHASING - Includes Continuous Diagnostics and Mitigation (CDM) Approved Products List (APL) Equipment and Software products/tools and associated Services and Maintenance Services. The full complement of CDM subcategories includes tools, associated Maintenance Services, and other related activities such as training.
   d. The 5 subcategories CDM capabilities specified under this SIN are:
      1) Manage “What is on the network?”: Identifies the existence of hardware, software, configuration characteristics and known security vulnerabilities.
      2) Manage “Who is on the network?”: Identifies and determines the users or systems with access authorization, authenticated permissions and granted resource rights.
      3) Manage “How is the network protected?”: Determines the user/system actions and behavior at the network boundaries and within the computing infrastructure.
      4) Manage “What is happening on the network?”: Prepares for events/incidents, gathers data from appropriate sources; and identifies incidents through analysis of data.
      5) Emerging Tools and Technology: Includes CDM cybersecurity tools and technology not in any other subcategory.

5 subcategories represent the scope of the CDM program and reflect widely exercised functional and operational scenarios that CDM is interested in identifying, monitoring and addressing from a security perspective.

To provide a holistic security approach, these capabilities adhere to the National Institute of Science and Technology (NIST) Cybersecurity Framework security functions to identify, protect, detect, respond and recover. CDM also supports and can be used in the NIST Risk Management Framework (RMF) to achieve ongoing assessment and authorization.

As shown in Table 1, the 5 CDM Tools SIN subcategories cover the previous CDM BPA 15 CDM Tool Functional Areas (TFAs) and allow for future innovation.

Table 1: SIN to TFA mapping

<table>
<thead>
<tr>
<th>5 SIN Subcategories</th>
<th>15 CDM BPA TFAs</th>
</tr>
</thead>
</table>
| 1. Manage “What is on the network?” | ● TFA 1 – Hardware Asset Management  
● TFA 2 – Software Asset Management  
● TFA 3 – Configuration Settings Management  
● TFA 4 – Vulnerability Management |
| 2. Manage “Who is on the network?” | ● TFA 6 – Manage Trust in People Granted Access  
● TFA 7 – Manage Security-Related Behavior  
● TFA 8 – Manage Credential and Authentication  
● TFA 9 – Manage Account/Access/Manage Privileges |
| 3. Manage “How is the boundary protected?” for BOUND | ● TFA 5 – Manage Network Access Controls |
| 4. Manage “What is happening on the network?” for MNGEVT | ● TFA 10 – Prepare for Contingencies and Incidents  
● TFA 11 – Respond to Contingencies and Incidents |
| 4. Manage “What is happening on the” | ● TFA 12 – Design and Build in Requirements |
Focus: The primary focus of Manage Assets is to identify “What is on the network?”; that is, to identify the existence of hardware, software, configuration characteristics and known security vulnerabilities.

Manage hardware and software baseline system inventory is based on Phase 1 Hardware Asset Management (HWAM) and Software Asset Management (SWAM) requirements that requires the discovery and identification of devices to define a baseline of inventory hardware and software assets to establish the Agency’s span of control.

Hardware and software configurations are based on Phase 1 Configuration Settings Management (CSM) requirements to ensure that hardware and software (specifically the operating system and installed applications) assets are securely configured and hardened.

Manage vulnerabilities is based on Phase 1 Vulnerability Management (VUL) requirements to identify and manage vulnerabilities in software installed on network devices to minimize exploitation of known software weaknesses.

These CDM capabilities cover verification and validation for the existence of hardware infrastructure devices; the accurate identification of approved software components; verification and validation that hardware devices have the correct security configuration settings, and system platform is hardened to reduce the platform attack surface; and the identification and management of risks presented by known software weaknesses that are subject to exploitation.

These CDM capabilities support the Cybersecurity Framework functions of: identify, protect and detect.

(2) Manage “Who is on the network?”
Focus: The primary focus of Manage People is to determine “Who is on the network?”; that is, identify and determine the users or systems with authorized access.

Manage People is based on Phase 2 PRIV, CRED, TRUST and BEHAVE requirements that require the management of users/accounts as an asset to assure the appropriate individual has the right access to the right resource.

This CDM capability covers the verification and validation of allowed user privileges, issuance and management of user owned credentials, appropriate user security behavior training, trustworthiness, authenticated permissions, and management of resource access rights granted to users.

These CDM capabilities support the Cybersecurity Framework functions of: identify, protect and detect.

(3) Manage “How is the boundary protected?”
Focus: The primary focus of Manage Boundary Protection is to determine “How is the boundary protected?”; that is, to determine the user/system actions and behavior at the physical/logical network boundaries and within the computing infrastructure.

“How is the boundary protected?” is based on Phase 3 BOUND requirements to defend physical and logical network boundaries and identify abnormal behavior (of networks and users) that may identify that an incident has occurred.

This CDM capability covers verification and validation of logical and physical network interfaces to reduce intrusive, malicious, and disruptive attacks; cryptographic mechanisms ensure confidentiality and integrity of data on the network; and methods to identify security incidents.

These CDM capabilities support the Cybersecurity Framework functions of: identify, protect and detect.

(4) Manage “What is happening on the network?”
Focus: Manage Events is responsible for preparing for events/incidents, gathering appropriate audit data from appropriate sources, identifying incidents through analysis of data, and performing ongoing assessment.

Manage Events is based on the Phase 3 MNGEV and MNGEV requirements to prepare for incidents/events (through processes, policies, and procedures), gather appropriate audit/log data from appropriate sources, and identify events/incidents (network and user abnormal behavior) through the analysis of audit/log data.

Manage Events supports the runtime collection of attributes (actual state) and continuous monitoring of the policies related to attributes for Ongoing Assessment (actual state vs. desired state) to enhance current or apply new security and privacy controls and countermeasures. The results of the Ongoing Assessment will be used as inputs to OMI Ongoing Authorization risk assessment process to determine if the level of risk remains acceptable for a given information system to support continued authorization and operation.

Ongoing Assessment is the continuous process of comparing security related attributes between the Actual State and the Desired State. This comparison is performed by the CDM Policy Decision Point (PDP). The discrepancy between Actual State and Desired state impacts the security posture of the implementation of NIST SP 800-53 controls and countermeasures. The results of the Ongoing Assessment are used to evaluate the changes in risk posture associated with the discrepancy. Ideally, the Ongoing Assessment process is fully automated with the Desired State being encoded in the CDM PDP and the Actual State being measured using CDM sensors.

This CDM capability covers verification and validation of processes, policies, and procedures supporting cybersecurity preparation, audit and log data collection, security analysis of audit/log data, incident reporting to provide forensic evidence of malicious or suspicious behavior, and ongoing assessment.

To provide a holistic security approach, this capability adheres to the Cybersecurity Framework security functions to identify, protect, detect, respond and recover CDM also supports and can
be used in the NIST Risk Management Framework (RMF) to achieve ongoing assessment and authorization.

**Operate, Monitor and Improve**

**Focus:** Operate, Monitor and Improve is responsible for audit data aggregation, correlation, and analysis, incident prioritization and response, and post-incident activities (e.g., information sharing).

Operate, Monitor and Improve is based on Phase 3 OMI requirements for audit data aggregation, correlation and analysis, incident prioritization and response, and post incident activities (e.g., information sharing).

**Ongoing Authorization**

Ongoing Authorization is the continuous evaluation of the change in risk level related to changes in security policies concerning static object attributes (i.e., actual state and desired state) for threat behaviors that impact the security posture. This impact to security is measured by capturing changes in existing safeguards (e.g., NIST SP 800-53 controls and countermeasures) and identification of new component weaknesses and vulnerabilities.

This CDM capability covers verification and validation of processes/procedures to aggregate, correlate, and analyze audit/log data, to prioritize incidents and associated response actions, to quickly mitigate the impact of an incident, to take appropriate remediation actions to eliminate the impact (restore normal operations) of the same incident, to support information sharing and collaboration (both internal and external) to minimize or prevent impact of future incidents, and ongoing authorization.

To provide a holistic security approach, this capability adheres to the Cybersecurity Framework security functions to identify, protect, detect, respond and recover to security infractions due to malicious behavior and unintentional user actions during normal operations.

**Design and Build in Security**

**Focus:** Design and Build in Security is responsible for preventing exploitable vulnerabilities from being effective in the software/system while in development or deployment. The Design and Build in Security process is focused on identifying, controlling and removing weaknesses/vulnerabilities from the software/system. Exploitable vulnerabilities may include software/system design, coding errors, software/system designs that leave a large and complex attack surface that cannot be defended, and weaknesses that can only be exploited during system/software execution.

Design and Build in Security is based on the Phase 3 DBS requirements that extend the focus of Phase 1 Software Asset Management and Vulnerability Management to achieve a level of confidence that software is free from vulnerabilities, either intentionally designed into the software or accidentally inserted at any time during its life cycle and that the software functions in the intended manner.

The U.S. government and critical infrastructure sectors are increasingly dependent on commercial products and systems, which present significant benefits including low cost, interoperability, rapid innovation, a variety of product features, and choice among competing vendors. However, with some of these benefits there is an increase in the risk of a threat event which can directly or indirectly affect the supply chain, which often go undetected, and may result in risks to the acquirer. The purpose of Supply Chain Risk Management (SCRM) is to enable the provisioning of the least vulnerable solutions to agencies, through a robust assessment of supply chain risks, communication about those risks to the agencies, and appropriate response and monitoring of those risks throughout the entire system lifespan.

This CDM capability covers verification and validation of processes/procedures to prevent and detect software vulnerabilities, to determine the provenance of system components, and to measure software assurance for built and acquired software components.

To provide a holistic security approach, this capability adheres to the Cybersecurity Framework security functions to identify, protect, detect, respond and recover to security infractions due to malicious behavior and unintentional user actions during normal operations.

**5. Emerging Tools and Technologies**

**Focus:** Innovative capabilities to cybersecurity not currently encompassed by the other capability areas.

**3. STANDARDS COMPLIANCE**

Contractors providing offerings through the CDM Tools SIN must provide compliant products and services in accordance with the laws and standards cited herein. Additional laws and standards may be applicable to specific orders and Blanket Purchase Agreements.

**4. ORDER**

a. Written orders, EDI orders (GSA Advantage! and FACNET), credit card orders, and orders placed under blanket purchase agreements (BPA) agreements shall be the basis for purchase in accordance with the provisions of this contract. If time of delivery extends beyond the expiration date of the contract, the Contractor will be obligated to meet the delivery and installation date specified in the original order.

b. All delivery or task orders are subject to the terms and conditions of the contract. In the event of conflict between an order and the contract, the contract will take precedence.

**5. ENTERPRISE USER LICENSE AGREEMENTS REQUIREMENTS (EULA)/COMMERCIAL SUPPLIER AGREEMENTS (CSAs)**

The Contractor shall provide all Commercial Supplier Agreements (CSAs) to include End User License Agreements (EULAs) or Terms of Service (ToS) in an editable Microsoft Office (Word) format.

**6. TECHNICAL SERVICES**

a. A hotline technical support number for the purpose of providing user assistance and guidance in the implementation of any software provided as part of Equipment Maintenance Services or Software Maintenance Services.

**7. PERFORMANCE OF SERVICES ASSOCIATED WITH PRODUCTS**

a. The Contractor shall commence performance of Services on the date agreed to by the Contractor and the Ordering Activity.

b. The Contractor agrees to render Services during normal working hours, unless otherwise agreed to by the Contractor and the Ordering Activity.
c. The Ordering Activity should include the criteria for satisfactory completion of each order. Services shall be completed in a good and workmanlike manner.

d. Any Contractor travel required in the performance of the CDM Tools SIN for a specific requirement at the order level must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts. All travel will be agreed upon with the Ordering Activity prior to the Contractor’s travel.

8. RESPONSIBILITIES OF THE CONTRACTOR

a. The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of an order is custom-developed software, FAR 52.227-14 Rights in Data may apply.

b. The Contractor shall comply with contract clause (FAR 52.204-21) for the basic safeguarding of contractor information systems that process, store, or transmit Federal contract information (as defined in the contract clause) received by the Contractor in performance of the contract.

9. INVOICES FOR SERVICES

The Contractor, upon completion of the Services ordered, shall submit invoices. FAR 52.212-4 in the contract contains terms for commercial items. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring Services performed during the preceding month.

10. DESCRIPTION OF PRODUCTS AND SERVICES AND PRICING

The Contractor shall provide a description of offerings under CDM Tools SIN in the same manner as the Contractor sells to its commercial and Ordering Activity customers. The Contractor shall provide pricing and a description with part numbers for products and the associated services that have been approved as part of the Product Qualification Requirements of the SIN. Any applicable delivery and licensing terms should be included.

11. TOTAL SOLUTION

a. Labor categories/qualifications are not included in this SIN; however, ordering activities may acquire a total solution to meet a specific requirement for an order or BPA involving multiple IT Schedule 70 SINs. Contractors report the sales to GSA under the SINs the items are sold. For example, an agency may post an RFQ requesting a total solution anticipating offerings from multiple SINs, such as IT Professional Services 54151S or Highly Adaptive Cybersecurity Services (HACS) 54151HACS along with CDM Tools 541519CDM for products and product associated services.
1. GLOSSARY OF DEFINITIONS
   a. “Training Materials” shall mean the, manuals, handbooks, texts, handouts, etc. normally provided with course offerings.
   b. “Training Catalog” shall mean the document setting out a description of the training services and courses offered along with the related policies and procedures in regard to such training.

2. SCOPE
   a. The Contractor through the Manufacturer shall provide training courses normally available to commercial customers, which will permit Ordering Activity users to make full, efficient use of general purpose commercial IT products. Training is restricted to training courses for those products within the scope of this solicitation.
   b. The Contractor shall provide training at the Contractor’s or Manufacturer’s facility and/or at the Ordering Activity’s location, as agreed to by the Contractor and the Ordering Activity.

3. ORDER
   Written orders, EDI orders (GSA Advantage! and FACNET), credit card orders, and orders placed under blanket purchase agreements (BPAs) shall be the basis for the purchase of training courses in accordance with the terms of this contract. Orders shall include the student’s name, course title, course date and time, and contracted dollar amount of the course.

4. TIME OF DELIVERY
   The Contractor or its Manufacturer shall conduct training on the date (time, day, month, and year) agreed to by the Contractor and the Ordering Activity.

5. CANCELLATION AND RESCHEDULING
   a. Terms and conditions governing a Manufacturer’s cancellation and rescheduling policies are as set forth in the applicable Manufacturer’s Training Catalog.
   b. The Ordering Activity reserves the right to substitute one student for another up to the first day of class.
   c. In the event the Contractor is unable to conduct training on the date agreed to by the Contractor and the Ordering Activity, Contractor must notify the Ordering Activity at least seventy-two (72) hours before the scheduled training date.

6. FOLLOW-UP SUPPORT
   Follow-up support to training courses is not available under the scope of this schedule contract unless expressly set forth in an applicable Manufacturer’s Training Catalog and, in that case, follow-support shall be provided as stated therein.

7. PRICE FOR TRAINING
   The price that the Ordering Activity will be charged will be the Ordering Activity training price in effect at the time of order placement, or the Ordering Activity price in effect at the time the training course is conducted, whichever is less.

8. INVOICES AND PAYMENT
   Invoices for training shall be submitted by the Contractor after Ordering Activity completion of the training course. Charges for training must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

9. FORMAT AND CONTENT OF TRAINING
   a. The Contractor or its Manufacturer shall provide the Training Materials normally provided with course offerings. Unless stated otherwise in an applicable Manufacturer’s Training Catalog, such documentation will become the property of the student upon completion of the training class, provided, however, Contractor and or its Manufacturer shall retain all right, title and interest to the intellectual property rights contained therein (e.g., copyrights) and provided further, however, that such Training Materials shall be considered the Confidential Information of the Manufacturer and subject to the non-disclosure provisions set forth above in the terms applicable to SINs 511210, 511210 and 54151.
   b. For hands-on training courses, there must be a one-to-one assignment of IT equipment to students.
   c. The Contractor shall provide each student with a Certificate of Training at the completion of each training course.
   d. The Training Catalog shall provide most of the following information for each training course offered:
      (1) The course title and a brief description of the course content, to include the course format (e.g., lecture, discussion, hands-on training);
      (2) The length of the course;
      (3) Mandatory and desirable prerequisites for student enrollment;
      (4) The minimum and maximum number of students per class;
      (5) The locations where the course is offered;
      (6) Class schedules; and
      (7) Price (per student, per class (if applicable)).
   e. For those courses conducted at the Ordering Activity’s location, instructor travel charges (if applicable), including mileage and daily living expenses (e.g., per diem charges) are governed by Pub. L. 99-234 and FAR Part 31.205-46, and are reimbursable by the ordering activity on orders placed under the Multiple Award Schedule, as applicable, in effect on the date(s) the travel is performed. Contractors cannot use GSA city pair contracts. The Industrial Funding Fee does NOT apply to travel and per diem charges.
   f. For Online Training Courses, a copy of all training material must be available for electronic download by the students.

10. “NO CHARGE” TRAINING
    “No charge” training is not available under the scope of this schedule contract.
TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES (SPECIAL ITEM NUMBER 54151S)

1. GLOSSARY OF DEFINITIONS
a. “Service Provider” shall mean a Manufacturer or provider of the IT Professional Services offered to Contractor through a letter of supply to be sold to Ordering Activities under this contract.

b. “Statement of Work” shall mean the mutually agreed upon document between Contractor and Ordering Activity setting forth the description of services to be performed including milestones, any specifications and evaluation criteria.

2. SCOPE
a. The prices, terms and conditions stated under Special Item Number 54151S Information Technology Professional Services apply exclusively to IT Professional Services within the scope of this Information Technology Schedule.

b. The Contractor shall provide services at the Contractor’s facility and/or at the Ordering Activity location, as agreed to by the Contractor and the Ordering Activity.

3. PERFORMANCE INCENTIVES I-FSS-60 Performance Incentives (April 2000)

a. Performance incentives may be agreed upon between the Contractor and the Ordering Activity on individual fixed price orders or Blanket Purchase Agreements under this contract.

b. The Ordering Activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.

c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, Ordering Activities shall consider establishing incentives where performance is critical to the Ordering Activity’s mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

4. ORDER

a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviations – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.

b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

5. PERFORMANCE OF SERVICES

a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the Ordering Activity.

b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the Ordering Activity.

c. The Ordering Activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be provided in a good and workmanlike manner.

d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

6. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)

a. The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either:

   (1) Cancel the stop-work order; or
   (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

b. If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if:

   (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
   (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

c. If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

d. If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

7. INSPECTION OF SERVICES

– FEB 2007) applies to Time-and-Materials and Labor-Hour Contracts orders placed under this contract.

8. RESPONSIBILITIES OF THE CONTRACTOR
The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of the character provided under a particular Statement of Work or task order. If the end product of a task order or Statement of Work is customized software (as opposed to software installation, integration, or implementation services) then FAR 52.227-14 (Dec 2007) Rights in Data – General, may apply.

9. RESPONSIBILITIES OF THE ORDERING ACTIVITY
Subject to applicable security regulations, the Ordering Activity shall permit Contractor access to all facilities necessary to perform the requisite IT Professional Services.

10. INDEPENDENT CONTRACTOR
All IT Professional Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the Ordering Activity.

11. ORGANIZATIONAL CONFLICTS OF INTEREST
a. Definitions.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed Ordering Activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the Ordering Activity, Ordering Activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

12. INVOICES
The Contractor, upon completion of the work ordered, shall submit invoices for IT Professional services. Progress payments may be authorized by the Ordering Activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones as set forth in a Statement of Work or task order or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

13. PAYMENTS
For firm-fixed price orders the Ordering Activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for services delivered. Progress payments shall be made only when authorized by the Statement of Work or task order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIAITION I – FEB 2007) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIAITION I – FEB 2007) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision:

a. The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.

b. The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—
   (1) The offeror;
   (2) Subcontractors; and/or
   (3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

14. RESUMES
Resumes shall be provided to the GSA Contracting Officer or the user Ordering Activity upon request.

15. INCIDENTAL SUPPORT COSTS
Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the Ordering Activity in accordance with the guidelines set forth in the FAR.

16. APPROVAL OF SUBCONTRACTS
The Ordering Activity may require that the Contractor receive, from the Ordering Activity’s Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

17. DESCRIPTION OF IT PROFESSIONAL SERVICES AND PRICING
a. A description of each type of IT Service offered under Special Item Numbers 54151S IT Professional Services is set forth in Attachment A and/or the Schedule Contract Pricelist. Services and rates should be presented in the same manner as the Contractor sells to its commercial customers and other Ordering Activity customers.

b. Pricing for all IT Professional Services shall be in accordance with the Contractor’s customary commercial practices; e.g., hourly rates, monthly rates, term rates, and/or fixed prices, minimum general experience and minimum education

Functional Responsibilities & Education Requirements
Project Administration

General Experience. Minimum of two years experience with administrative functions associated with Project Management.

Functional Responsibility. The Project Administration role assists with the preparation of contract deliverables and monitoring of project costs and schedules. Tracks program tasks/requirements specified in contract in accordance with the specified schedule.

Minimum Education: Bachelor’s Degree (Information Technology or Business) or equivalent professional experience.

---

Project Manager

General Experience. The Project Manager possesses at least six years of experience with related IT projects. Must possess experience planning and managing IT projects and have had extensive experience in the execution of IT projects. They have demonstrated the ability to manage projects to achieve the desired results.

Functional Responsibility. The Project Manager provides day-to-day direction and control of IT projects. The Project Manager is responsible for developing the project/task work plan and monitor progress against the work plan. They provide technical and functional guidance to the project teams, monitor the progress of tasks and deliverables, track and report the project status to client, and ensure that all critical project issues are addressed.

Minimum Education: Bachelor's Degree (Information Technology or Business), Project Management Professional Certification or equivalent professional experience.

Implementation and Integration Consultant I

General Experience. The Implementation and Integration Consultant I possess at least eight years of experience in information systems implementation, change management efforts or business process redesign, including at least 6 months experience in premium technologies.

Functional Responsibility: The Implementation and Integration Consultant I apply their broad management skills and specialized functional and technical expertise to guide project teams in delivering client solutions. The Implementation and Integration Consultant provides subject matter expertise in industry, process or technology areas. An Implementation and Integration Consultant is qualified to perform such tasks as:

- Plan and manage the work of information systems project teams
- Design and implement new organization structures
- Conceptual design and development of training curricula
- Assist an organization translate its vision and strategy into core human resource and business processes
- Lead clients through streamlining, reengineering and transforming business processes
- Develop functional and technical information system designs.
- Supervise analysts in the development of software designs, computer programming, system testing or training curricula
- Lead business process redesign teams in the development of new business process architectures.
- Participate in quality reviews to ensure work complies with specified standards
- Perform workflow analyses
- Design and manage databases
- Define information systems requirements
- Assist in project budget preparation.
- Cloud monitoring

Minimum Education: Bachelor's Degree (Information Technology or Business) or equivalent professional experience.

Implementation and Integration Consultant

General Experience. The Implementation and Integration Consultant possess at least ten years of experience in information systems implementation, change management efforts or business process redesign, including at least 6 months experience in premium technologies.

Functional Responsibility. The Implementation and Integration Consultant apply their broad management skills and specialized functional and technical expertise to guide project teams in delivering client solutions. The Implementation and Integration Consultant provides subject matter expertise in industry, process or technology areas. An Implementation and Integration Consultant is qualified to perform such tasks as:

- Plan and manage the work of information systems project teams
- Design and implement new organization structures
- Conceptual design and development of training curricula

Systems Analyst I

General Experience. Systems Analyst I possess at least three years of experience performing systems development, testing, conversion, and production support tasks on large-scale client-server and mainframe systems. Systems Analysts have strong analytical and technical skills and have been trained in the use of systems development methodology.

Functional Responsibility. The Systems Analyst I analyses functional and technical requirements, prepare systems designs and specifications, and perform systems development, testing, conversion, and production support tasks. They also develop required systems and operation documentation.

Minimum Education: Bachelor’s Degree (Information Technology or Business) or equivalent professional experience.

Systems Analyst II

General Experience. Systems Analyst II possess at least three years of experience performing systems development, testing, conversion, and production support tasks on large-scale client-server and mainframe systems. Systems Analysts have strong analytical and technical skills and have been trained in the use of systems development methodology.

Functional Responsibility. The Systems Analyst II analyses functional and technical requirements, prepare systems designs and specifications, and perform systems development, testing, conversion, and production support tasks. They also develop required systems and operation documentation.

Minimum Education: Bachelor’s Degree (Information Technology or Business) or equivalent professional experience.

</table>
1. GLOSSARY OF DEFINITIONS
   a. "Service Provider" shall mean a provider of the Electronic Commerce Services offered to Contractor through a letter of supply to be sold to Ordering Activities under this contract.
   b. "Statement of Work" shall mean the mutually agreed upon document between Contractor and Ordering Activity setting forth the description of services to be performed including milestones, any specifications and evaluation criteria.

2. SCOPE
   a. The prices, terms and conditions stated under Special Item Number 54151ECOM Electronic Commerce (EC) Services apply exclusively to EC Services within the scope of this Information Technology Schedule.
   b. The Contractor, through Service Provider, shall provide services at a location, as agreed to by the Contractor and the Ordering Activity.

3. PERFORMANCE INCENTIVES FSS-60 Performance Incentives (April 2000)
   a. Performance incentives may be agreed upon between the Contractor and the Ordering Activity on individual fixed price orders or Blanket Purchase Agreements under this contract.
   b. The Ordering Activity must establish a maximum performance incentive price for the services and/or total solutions on individual orders or Blanket Purchase Agreements.
   c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, Ordering Activities shall consider establishing incentives where performance is critical to the Ordering Activity’s mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

4. ORDER
   a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
   b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

5. PERFORMANCE OF SERVICES
   a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the Ordering Activity.
   b. The Ordering Activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
   c. Any Contractor travel required in the performance of EC Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

6. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)
   a. The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties have agreed, the Contracting Officer shall either:
      i) Cancel the stop-work order; or
      ii) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.
   b. If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-
   c. The stop-work order results in an increase in the time required for, or in the Contractor’s cost properly allocable to, the performance of any part of this contract; and
   d. The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.
   e. If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

7. INSPECTION OF SERVICES
   The Inspection of Services–Fixed Price (AUG 1996) (Deviation – May 2003) clause at FAR 52.246-4 applies to firm-fixed price orders placed under this contract. The Inspection–Time-and-Materials and Labor-Hour (MAY 2001) (Deviation – May 2003) clause at FAR 52.246-6 applies to time-and-materials and labor-hour orders placed under this contract.

8. RESPONSIBILITIES OF THE CONTRACTOR
   The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product (i.e., deliverable) of a Statement of Work is custom developed software, then FAR 52.227-14
9. RESPONSIBILITIES OF THE ORDERING ACTIVITY

Subject to security regulations, the Ordering Activity shall permit Contractor access to all facilities necessary to perform the requisite EC Services.

10. INDEPENDENT CONTRACTOR

All EC Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the Ordering Activity.

11. ORGANIZATIONAL CONFLICTS OF INTEREST

a. Definitions.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed Ordering Activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the Ordering Activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

12. INVOICES

The Contractor, upon completion of the work ordered, shall submit invoices for EC services. Progress payments may be authorized by the Ordering Activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

13. PAYMENTS

a. For firm-fixed price orders the Ordering Activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition. As prescribed in 16.601(e)(3), insert the following provision:

b. The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.

c. The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—

i. The offeror;
ii. Subcontractors; and/or
iii. Divisions, subsidiaries, or affiliates of the offeror under a common control.

14. INCIDENTAL SUPPORT COSTS

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the Ordering Activity in accordance with the guidelines set forth in the FAR.

15. APPROVAL OF SUBCONTRACTS

The Ordering Activity may require that the Contractor receive, from the Ordering Activity’s Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

16. DESCRIPTION OF ELECTRONIC COMMERCE (EC) SERVICES AND PRICING

a. A description of each type of EC Service offered under Special Item Numbers 54151ECOM E-Commerce is set forth in Attachment A. Services and rates should be presented in the same manner as the Contractor sells to its commercial customers and other Ordering Activity customers.

b. Pricing for all EC Services shall be in accordance with the Contractor’s customary commercial practices; e.g., hourly rates, monthly rates, term rates, unit prices and/or fixed prices.
USA COMMITMENT TO PROMOTE SMALL BUSINESS PARTICIPATION PROCUREMENT PROGRAMS

PREAMBLE
(Name of Company) provides commercial products and services to ordering activities. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

COMMITMENT
To actively seek and partner with small businesses.
To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.
To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.
To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.
To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.
To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.
To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in ordering activity contracts.

SUGGESTED FORMATS FOR BLANKET PURCHASE AGREEMENTS

BEST VALUE BLANKET PURCHASE AGREEMENT FEDERAL SUPPLY SCHEDULE

(Ordering Activity Name)

In the spirit of the Federal Acquisition Streamlining Act (ordering activity) and (Contractor) enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Services Administration (GSA) Federal Supply Schedule Contract(s) ______. Federal Supply Schedule contract BPAs eliminate contracting and open market costs such as: search for sources; the development of technical documents, solicitations and the evaluation of offers. Teaming Arrangements are permitted with Federal Supply Schedule Contractors in accordance with Federal Acquisition Regulation (FAR) 9.6.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the ordering activity that works better and costs less.

Signatures

Ordering Activity Date

Contractor Date

BPA NUMBER__________

(CUSTOMER NAME)
BLANKET PURCHASE AGREEMENT

Pursuant to GSA Federal Supply Schedule Contract Number(s)______, Blanket Purchase Agreements, the Contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (ordering activity):

(1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

MODEL NUMBER/PART NUMBER

*SPECIAL BPA DISCOUNT/PRICE

DELIVERY SCHEDULES / DATES

(2) Delivery:

DESTINATION

DELIVERY SCHEDULES / DATES

(3) The ordering activity estimates, but does not guarantee, that the volume of purchases through this agreement will be ________.

(4) This BPA does not obligate any funds.

(5) This BPA expires on ________ or at the end of the contract period, whichever is earlier.

(6) The following office(s) is hereby authorized to place orders under this BPA:

OFFICE

________________________

________________________

________________________
POINT OF CONTACT

Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX, or paper.

Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

(a) Name of Contractor;
(b) Contract Number;
(c) BPA Number;
(d) Model Number or National Stock Number (NSN);
(e) Purchase Order Number;
(f) Date of Purchase;
(g) Quantity, Unit Price, and Extension of Each Item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and
(h) Date of Shipment.

The requirements of a proper invoice are specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.

The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the Contractor's invoice, the provisions of this BPA will take precedence.

BASIC GUIDELINES FOR USING “CONTRACTOR TEAM ARRANGEMENTS”

Federal Supply Schedule Contractors may use “Contractor Team Arrangements” (see FAR 9.6) to provide solutions when responding to an ordering activity requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions or the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

• The customer identifies their requirements.
• Federal Supply Schedule Contractors may individually meet the customers needs, or -

EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached A10 Networks, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-3SF-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3001 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

   j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

   k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
A10 NETWORKS LICENSE, WARRANTY AND SUPPORT TERMS

License. Conditioned upon compliance with the terms and conditions of this Attachment A, Contractor, grants to Ordering Activity a nonexclusive and nontransferable license to use for Ordering Activity’s business purposes the Software and the Documentation for which Ordering Activity has paid all required fees. “Documentation” means written information (whether contained in user or technical manuals, training materials, specifications or otherwise) specifically pertaining to the product or products and made available by Contractor in any manner (including on CD-Rom, or on-line).

Unless otherwise expressly provided in the Documentation, Ordering Activity shall use the Software solely as embedded in or for execution on A10 Networks equipment owned or leased by Ordering Activity and used for Ordering Activity’s business purposes. General Limitations. This is a license, not a transfer of title, to the Software and Documentation, and Contractor retains ownership of all copies of the Software and Documentation. Ordering Activity acknowledges that the Software and Documentation contain trade secrets of A10 Networks, its suppliers or licensors, including but not limited to the specific internal design and structure of individual programs and associated interface information. Accordingly, except as otherwise expressly provided under this Agreement, Attachment A, Ordering Activity shall have no right and Ordering Activity specifically agrees not to:

(i) transfer, assign or sublicense its license rights to any other person or entity, or use the Software on unauthorized or secondhand A10 Networks equipment.
(ii) make error corrections to or otherwise modify or adapt the Software or create derivative works based upon the Software, or permit third parties to do the same.
(iii) reverse engineer or decompile, decrypt, disassemble or otherwise reduce the Software to human readable form, except to the extent otherwise expressly permitted under applicable law notwithstanding this restriction.
(iv) disclose, provide, or otherwise make available trade secrets contained within the Software and Documentation in any form to any third party without the prior written consent of Contractor. Ordering Activity shall implement reasonable security measures to protect such trade secrets.

Software, Upgrades and Additional Products or Copies. For purposes of this Attachment A, “Software” and “Products” shall include (and the terms and conditions of this Attachment A shall apply to) computer programs, including firmware and hardware, as provided to Ordering Activity by Contractor, and any upgrades, updates, bug fixes or modified versions thereto (collectively, “Upgrades”) or backup copies of the Software licensed or provided to Ordering Activity by Contractor.

OTHER PROVISIONS OF THIS ATTACHMENT A:

(1) ORDERING ACTIVITY HAS NO LICENSE OR RIGHT TO USE ANY ADDITIONAL COPIES OR UPGRADES UNLESS ORDERING ACTIVITY, AT THE TIME OF ACQUIRING SUCH COPY OR UPGRADE, ALREADY HOLDS A VALID LICENSE TO THE ORIGINAL SOFTWARE AND HAS PAID THE APPLICABLE GSA FEE FOR THE UPGRADE OR ADDITIONAL COPY.
(2) USE OF UPGRADES IS LIMITED TO A10 NETWORKS EQUIPMENT FOR WHICH ORDERING ACTIVITY IS THE ORIGINAL END USER PURCHASER OR LEASEE OR WHO OTHERWISE HOLDS A VALID LICENSE TO USE THE SOFTWARE WHICH IS BEING UPGRADED.
(3) THE MAKING AND USE OF ADDITIONAL COPIES IS LIMITED TO NECESSARY BACKUP PURPOSES ONLY.

Limited Hardware Warranty. Contractor provides a one (1) year limited product hardware warranty to Ordering Activities of A10 products. Contractor warrants that the product hardware will be free from defects in materials and workmanship that result in a material deviation from the applicable published A10 technical specifications (“Hardware System Failure”). Upon a Hardware System Failure, Contractor will repair or replace such product hardware within 3 working days of its receipt of the failed hardware, if in advance of its receipt, such hardware (1) was evaluated by A10 Technical Support in person or via telephone, and (2) received a Technical Support RMA number from Contractor through A10 Networks. Further, the product hardware must be shipped, shipment prepaid, to Contractor through A10 Networks, and the RMA number must be clearly indicated on the shipping box and papers.

Limited Software Warranty. Contractor provides a ninety (90) day limited software warranty to Ordering Activities of A10 software accompanying A10 hardware or licensed separately. Contractor warrants that the media on which the software is delivered will be free of defects in material and workmanship for a period of ninety (90) days following delivery of the software to Ordering Activity. Contractor warrants that the software, when used in accordance with the terms of this Attachment A, will operate substantially as set forth in the applicable A10 Documentation for a period of ninety (90) days following delivery of the software to licensee.

Warranty Limitations. Contractor’s warranties as set forth herein (“Warranty”) are contingent on proper use of the A10 hardware and software (“Products”) and do not apply if the Products have been modified without Contractor's written approval, or if the Products' serial number label is removed, or if the Product has been damaged. The terms of the Warranty are limited to the remedies as set forth in this Warranty.

This Warranty is provided in lieu of all other rights, conditions and warranties. Contractor makes no other express or implied warranty with respect to the Software, Hardware, Products, Documentation or A10 Support, including, without limitation, any warranty of merchantability, fitness for a particular purpose and non-infringement of third party rights. Contractor does not warrant that any products will be error-free, or that any defects that may exist in its products can be corrected.

BASIC WARRANTY SERVICE PROGRAM
Coverage for A10 Networks products are described below. Additional Support coverage can be purchased with Ordering Activity’s A10 Products. Please refer to the Contractor’s GSA Price List for Annual Support & Services fees.

Phone Support - 90 days from date of purchase

During the 90-day Software Warranty period, phone support is offered 5 days per week (8:30 a.m. to 5:30 p.m. Pacific Time, Monday through Friday, except holidays). Calls left after hours will be returned the next business day. Access to Technical Support after this 90-day warranty period is on a commercially reasonable basis (unless a Support Contract is purchased for all systems owned by the Ordering Activity).
Contact Contractor through A10 Networks Technical Support at +1 (408) 325-8676 or +1 (888) TACS-A10 for North America toll free access.

Software Updates - 90 days from date of purchase

Software Updates for system software and Software Products released by Contractor through A10 Networks within 90 days of Ordering Activity’s purchase of an A10 product are available by contacting A10 Networks Technical Support. System Software Updates include applicable minor releases (e.g. Release 1.1.0 to 1.2.0) to the A10 Networks family of products as well as major feature releases (e.g. Release 1.x to 2.0). Ordering Activity must have access to the Internet for Web Browser or FTP downloads as directed by Technical Support.

Software Updates released after the initial 90-day warranty period are available as an upgrade product for the then applicable GSA price.

Advanced Hardware Replacement Service - 30 days from date of purchase

In the event of a hardware system failure during the first 30 days of ownership, Advanced Hardware Replacement allows the Ordering Activity to request that a replacement unit be shipped prior to the return of the failed unit. This service requires a Phone Support evaluation of the failed system by Technical Support personnel, and the issuance of a Technical Support RMA (Return Material Authorization) number. RMAs issued by 12:00 (noon) Pacific Time will be shipped via overnight carrier that same day whenever possible. RMAs issued after 12:00 p.m. will be shipped the following business day. Contractor through A10 Networks must receive the failed unit within 14 days after issuance of the RMA to avoid replacement charges. Saturday delivery service is available for an extra charge.

Hardware Repair Service - After 30 days through 90 days from date of purchase

In the event of a hardware system failure past the first 30-days but within the first 90 days of ownership, the unit will be either repaired or at Contractor through A10 Networks' option, replaced with a new or reconditioned unit of equal or better value. This service requires a Phone Support evaluation of the failed system by an A10 Networks Technical Support personnel, and the issuance of a Technical Support RMA number. The Ordering Activity must ship the failed unit, pre-paid, to Contractor through A10 Networks. The RMA number must be clearly indicated on the box and shipping papers. Failure to do so will result in delays. A repaired or replacement unit will be shipped at A10 Networks’ expense within 3 business days after receipt of the failed unit.

**BASIC SUPPORT SERVICE PROGRAM**

Coverage for A10 Networks products under the Basic Support Service Program are described below. Please refer to the Contractor’s current GSA Price List for Annual Support & Services fees.

Phone Support – 1, 2 and 3 year terms from date of purchase

For the duration of the term purchased, phone support is offered 5 days per week between the hours of 8:30 a.m. to 5:30 p.m., except holidays (Pacific Time, Monday through Friday). Calls left after hours will be returned the next business day. Access to Technical Support under the Basic Support Service Program period is on a commercially reasonable basis and Contractor through A10 Networks will make every reasonable effort to provide fast and efficient service. Ordering Activities MUST register their A10 products and support programs to obtain technical support from A10 Networks. Contact A10 Networks Technical Support at +1 (408) 325-8676 or +1 (888) TACS-A10 for North America toll free access.

Software Updates - 1, 2 and 3 year terms from date of purchase

Software Updates for system software and Software Products released by Contractor through A10 Networks are provided for the duration of the Basic Support Service Program purchased by contacting A10 Networks Technical Support. System Software Updates include applicable minor releases (e.g. Release 1.1.0 to 1.2.0) to the A10 Networks family of products as well as major feature releases (e.g. Release 1.x to 2.0). Ordering Activity must have access to the Internet for Web Browser or FTP downloads as directed by Technical Support.

Ordering Activities MUST register their A10 products and support programs to obtain software updates from Contractor through A10 Networks.

Advanced Hardware Replacement Service – 30 days from date of purchase

In the event of a hardware system failure, during the first 30 days from date of purchase, Advanced Hardware Replacement allows the Ordering Activity to request that a replacement unit be shipped prior to the return of the failed unit. This service requires a Phone Support evaluation of the failed system by Technical Support personnel, and the issuance of a Technical Support RMA (Return Material Authorization) number. RMAs issued by 12:00 (noon) Pacific Time will be shipped via overnight carrier that same day whenever possible. RMAs issued after 12:00 p.m. will be shipped the following business day. Contractor through A10 Networks must receive the failed unit within 14 days after issuance of the RMA. Saturday delivery service is available for an extra charge.

Hardware Repair Service - 1, 2 and 3 year terms from date of purchase

In the event of a hardware system failure during the period of the Basic Support Service Program purchased, the unit will be either repaired or at Contractor through A10 Networks' option or replaced with a new or reconditioned unit of equal or better value. This service requires a Phone Support evaluation of the failed system by an A10 Networks Technical Support personnel, and the issuance of a Technical Support RMA number. The Ordering Activity must ship the failed unit to A10 Networks. The RMA number must be clearly indicated on the box and shipping papers. Failure to do so will result in delays. A repaired or replacement unit will be shipped at A10 Networks' expense within 3 business days after receipt of the failed unit.

**GOLD SUPPORT SERVICE PROGRAM**

Coverage for A10 Networks products under the Gold Support Service Program are described below. Please refer to the Contractor’s current GSA Price List for Annual Support & Services fees.

Phone Support – 1, 2 and 3 year terms from date of purchase
For the duration of the term purchased, phone support is offered 7 days per week 24 hours a day. Access to Technical Support under the Gold Support Service Program period is on a commercially reasonable basis and Contractor through A10 Networks will make every reasonable effort to provide fast and efficient service.

Ordering Activities MUST register their A10 products and support programs to obtain technical support from Contractor through A10 Networks. Contact A10 Networks Technical Support at +1 (408) 325-8676 or +1 (888) TACS-A10 for North America toll free access.

Software Updates - 1, 2 and 3 year terms from date of purchase

Software Updates for system software and Software Products released by Contractor through A10 Networks are provided for the duration of the Gold Support Service Program purchased by contacting A10 Networks Technical Support. System Software Updates include applicable minor releases (e.g. Release 1.1.0 to 1.2.0) to the A10 Networks family of products as well as major feature releases (e.g. Release 1.x to 2.0). Ordering Activity must have access to the Internet for Web Browser or FTP downloads as directed by Technical Support.

Ordering Activities MUST register their A10 products and support programs to obtain software updates from A10 Networks.

Advanced Hardware Replacement Service - 1, 2 and 3 year terms from date of purchase

In the event of a hardware system failure, during the period of the Gold Support Service Program purchased, Advanced Hardware Replacement allows the customer to request that a replacement unit be shipped prior to the return of the failed unit. This service requires a Phone Support evaluation of the failed system by Technical Support personnel, and the issuance of a Technical Support RMA (Return Material Authorization) number. RMAs issued by 12:00 (noon) Pacific Time will be shipped via overnight carrier that same day whenever possible. RMAs issued after 12:00 p.m. will be shipped the following business day. Contractor through A10 Networks must receive the failed unit within 14 days after issuance of the RMA.

Hardware Repair Service - 1, 2 and 3 year terms from date of purchase

In the event of a hardware system failure during the period of the Gold Support Service Program purchased, the unit will be either repaired or at A10 Networks' option or replaced with a new or reconditioned unit of equal or better value. This service requires a Phone Support evaluation of the failed system by A10 Networks Technical Support personnel, and the issuance of a Technical Support RMA number. The Ordering Activity must ship the failed unit to Contractor through A10 Networks. The RMA number must be clearly indicated on the box and shipping papers. Failure to do so will result in delays. A repaired or replacement unit will be shipped at A10 Networks' expense within 3 business days after receipt of the failed unit.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. Scope. This Rider and the attached Adobe, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. Applicability. Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

w) Contracting Parties. The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.21, as may be revised from time to time.

x) Changes to Work and Delays. Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

y) Contract Formation. Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

z) Termination. Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

aa) Choice of Law. Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

bb) Equitable remedies. Equitable remedies are generally not awarded against the Government absent a statute providing therefor. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

c) Unilateral Termination. Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

dd) Unreasonable Delay. Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

ee) Assignment. All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

ff) Waiver of Jury Trial. Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

gg) Government Indemnities. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

hh) Contractor Indemnities. All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

ii) Renewals. All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

jj) Future Fees or Penalties. All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

kk) Taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

ll) Third Party Terms. When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

mm) Dispute Resolution and Standing. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

nn) Advertisements and Endorsements. Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

oo) Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

pp) Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

qq) Alternate Dispute Resolution. The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

rr) Ownership of Derivative Works. Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
This Universal Amendment to Software License Agreements for All Adobe Systems Incorporated Software License Agreements ("Amendment") is effective as of the date that it is fully executed ("Effective Date") and is between Adobe Systems Incorporated ("Adobe"), and the U.S. General Services Administration ("GSA"). In consideration of the mutual promises and covenants contained in this Amendment, the parties agree as follows:

1. Applicability
   a. This Amendment, agreed to by both parties, applies to GSA and any agency or organization ("Ordering Activity") that places an order for an Adobe Software product under Contract No. GS-35F-0511T (the "GSA Contract"). This Amendment, together with the applicable Software License Agreement or End User License Agreement for the applicable Adobe Software (each such license generally referred to herein as the "License Agreement"), governs the Ordering Activity's installation and use of such Adobe Software. This Amendment only applies to License Agreements for those Adobe Software products that Adobe expressly authorizes the GSA Contract holder to resell or distribute under the GSA Contract pursuant to a letter of supply between Adobe and such GSA Contract holder. Unless expressly stated to the contrary herein, all capitalized terms in this Amendment shall have the meaning ascribed to them in the applicable License Agreement for the applicable Adobe Software.
   b. Pursuant to Section 12.212 of the Federal Acquisition Regulations ("FAR"), Adobe and GSA agree that the modifications to the License Agreements are hereby modified by this Amendment as it pertains to use of Adobe's software by any Ordering Activity pursuant to a task order placed under the GSA Contract.
   c. This Amendment only applies to Ordering Activities of the U.S. Government (including agencies and departments from the Executive Branch, the Congress, or the Military) and independent Federal agencies that are authorized to purchase IT Schedule 70 goods and services under the GSA Contract. This Amendment shall not apply to prime contractors, state/local government entities, or other entities authorized to make purchases under the GSA contract. In addition, this Amendment shall apply to the Ordering Activity itself, shall only apply to the installation and use of the Adobe Software for official government business only on behalf of the Ordering Activity, and shall not apply to any individual who utilizes the Adobe Software Products for his or her personal use or for a use.

Precedence and Further Amendment: Any provisions restricting additions or modifications to the License Agreement are hereby deleted to the extent they would preclude this Amendment or any valid task orders placed under the GSA Contract. To the extent the License Agreement conflicts with this Amendment or any relevant task orders, the conflict should be resolved according to the following order of precedence: (1) Federal law, (2) the FAR, (3) this Amendment, (4) any other amendment that Adobe and the Ordering Activity may separately enter into to vary the terms of the License Agreement to accommodate unique license terms under a Task Order, and (5) the License Agreement. This Amendment may only be modified upon written consent of both parties.

2. Contracting Authority: Pursuant to FAR 1.601(a) and 43.102, all provisions in the License Agreement which would allow any individual, except for an authorized contracting officer, to bind the U.S. Government to the terms of the License Agreement or any modifications thereto are hereby deleted. Such provisions include the ability of the software manufacturer to unilaterally modify the terms of the License Agreement and any requirement to accept terms by means of use, download, or click-through agreements. Notwithstanding the foregoing, GSA and Ordering Activity expressly agree that when an authorized Contracting Officer of the Ordering Activity places a task order for the Adobe Software pursuant to the GSA Contract, all terms of the License Agreement in effect at the time the product was added to the GSA Contract shall be legally binding on Ordering Activity and shall be given full force and legal effect. In the event that Ordering Activity receives Adobe Software through a task order that is not authorized by the Ordering Activity's authorized Contracting Officer or Ordering Activity fails to acknowledge that the License Agreement is binding on Ordering Activity, Ordering Activity shall not be deemed to have any license to the Adobe Software and Adobe reserves all rights, remedies, and enforcement actions and venues available to Adobe under Federal law, including but not limited to all intellectual property laws without regard to the Dispute Resolution Process.

3. Costs and Fees: Pursuant to the Anti-Deficiency Act, 31 U.S.C. § 134l(a)(l)(B), the U.S. Government does not agree to pay any future costs or fees under the License Agreement or this Amendment. Any provisions of the License Agreement obligating the U.S. Government to pay costs, fees, or damages, or to otherwise expend appropriations, are hereby deleted unless imposed after following the Dispute Resolution Procedures identified hereunder. Any provisions of the License Agreement providing for automatic renewal absent some action by the U.S. Government are hereby deleted.

4. Installation and Use of the Software: Installation and use of the software shall be in accordance with the License Agreement, unless an Ordering Activity determines that it requires different terms of use and Adobe agrees in writing to such terms in a valid task order placed pursuant to the GSA Contract.

5. Indemnification: Pursuant to 28 U.S.C. § 516, in the event of any claim against an Ordering Activity arising out of use of the Adobe Software, Adobe cannot assume responsibility for or control of the litigation or any settlement negotiations, provided however, that Ordering Activity (i) agrees that any litigation or settlement negotiation shall not bind Adobe, in any way, to the final outcome of any such litigation or settlement; (ii) shall not impair Adobe's own rights, defenses, or claims against the claimant, (iii) shall not have the right to settle any claim, make any admissions,
or waive any defenses on behalf of Adobe; and (v) shall in good faith reasonably cooperate and consult with Adobe during the course of settlement negotiations and prosecution of the claim and shall in good faith reasonably afford Adobe free access to all communications and documentations with all parties, witnesses, and judicial or administrative body(ies) associated with such claim upon Adobe's request. Any contrary provisions in the License Agreement are hereby deleted. In compliance with the Anti-Deficiency Act, 31 U.S.C. § 1341(a)(1)(8), the U.S. Government does not agree to pay any costs, fees, or damages arising from claims against Adobe relating to the use of the software by any Ordering Activity. Any contrary provisions in the License Agreement are hereby deleted.

6. Limitation of Liability: Any limitation of liability in the License Agreement is hereby deleted, and the following provision shall apply:

Neither Adobe nor an Ordering Activity shall be liable for any indirect, incidental, special, or consequential damages, or any loss of profits, revenue, data, or data use. Further, neither Adobe nor an Ordering Activity shall be liable for punitive damages except to the extent this limitation is prohibited by applicable law. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Contract under any Federal fraud statute, including the False Claims Act, 31 U.S.C. §§3729-3733.

7. Governing Law: The License Agreement and this Amendment shall be governed by the Federal laws of the United States. Any provisions in the License Agreement stating that the License Agreement shall only be governed by the law of any particular U.S. state, U.S. territory or district, or foreign nation are hereby deleted.

8. Dispute Resolution and Venue: Any provisions in the License Agreement requiring the U.S. Government to follow a specific procedure to raise claims or to resolve disputes are hereby deleted. Any provisions in the License Agreement selecting a particular judicial forum or form of alternative dispute resolution for resolving claims relating to the License Agreement are hereby deleted. Any disputes relating to the License Agreement and to this Amendment shall be resolved in accordance with the FAR and the Contract Disputes Act, 41 U.S.C. §§7101-7109. GSA and Ordering Activity expressly acknowledge that Adobe shall have standing to bring such claim under the Contract Disputes Act.

9. Termination and Performance: Termination of the License Agreement and this Amendment shall be governed by the FAR and the Contracts Disputes Act, 41 U.S.C. §§7101-7109, and any provisions of the License Agreement relating to termination are hereby deleted, including any provisions permitting Adobe to unilaterally terminate the License Agreement, subject to the following exceptions:

a. Adobe is entitled to cancel or terminate the License Agreement if such remedy is granted to it after conclusion of the Contracts Disputes Act dispute resolution process referenced in Section 9 above or if such remedy is otherwise available to Adobe under United States Federal law.

b. Adobe is entitled to cancel or terminate the License Agreement if one of the events identified in Section 11 below apply.

10. Remedies: Pursuant to 28 U.S.C. § 1498, any provisions of the License Agreement providing for equitable remedies against the U.S. Government, including an injunction, in the event of a dispute concerning patent or copyright infringement are hereby deleted (subject to the third sentence of this Section 11). Any provisions of the License Agreement which would preclude continued performance of the contract during resolution of any disputes are hereby deleted, including any provisions requiring the U.S. Government to agree that an injunction is appropriate in the event of a breach of the License Agreement (subject to the third sentence of this Section 11). Notwithstanding the foregoing, any License Agreement clause providing for equitable remedies against the U.S. Government, including an injunction, in the event of a dispute concerning patent or copyright infringement or any other breach of the License Agreement shall continue to apply if an equitable remedy is available under United States Federal Law, such as (without limitation) the Freedom of Information Act ("FOIA") under one of the exemptions to disclosure under FOIA. If the Ordering Activity breaches one of the following: (a) reverse engineers, decompiles, disassembles, or otherwise attempts to discover the source code of the software, (b) unbundles the constituent component parts of the software, or (c) provides use of the software in a computer service business, third party outsourcing facility or service, service bureau arrangement, or time sharing basis, Adobe may terminate the License Agreement; however prior to terminating this License Agreement, Adobe shall inform the Ordering Activity of one of the breaches named above as soon as possible, and provide Ordering Activity sixty (60) days from notice to cure such breach. If the breach is not cured in sixty (60) days, the Ordering Activity may terminate the Order for convenience of the Government in accordance with FAR 52.212-4(11); however, Ordering Activity has no rights to a refund, in whole or in part of any License Fee paid if this License Agreement is terminated for such breach. Nothing in this paragraph shall prevent Adobe from filing a claim or limit Adobe's damages under the Contract Disputes Act at 41 USC §§7101-7109.

11. Advertisements and Endorsements: Any provisions allowing Adobe to use the name or logo of GSA or any Ordering Activity to advertise or to imply an endorsement of Adobe's products or services are hereby deleted. Unless specifically authorized by an Ordering Activity and subject to the restrictions on advertising in GSAR 552.203-71, such use of the name or logo of any U.S. Government entity is prohibited.

12. Monitoring Use of License and Audits: Any provision in the License Agreement permitting Adobe to audit, inspect, or monitor use of the software for compliance with the License Agreement shall be binding on Ordering Activity but is contingent upon reasonable notice to the Ordering Activity and adherence to reasonable security measures. The Ordering Activity deems reasonably appropriate, including any requirements for personnel to be cleared prior to accessing sensitive facilities if clearances are required.

13. Public Access to Information: Adobe agrees that the License Agreement and this Amendment contain no confidential or proprietary information and acknowledges the License Agreement and this Amendment will be available to the public, provided however, that GSA and Adobe agree that other items identified in the License Agreement (such as, without limitation, source code and other technical data) provided to the Ordering Activity is confidential and proprietary information and shall not be disclosed. Adobe recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. §552, which requires that certain information...
be released, despite being characterized as “confidential” by the vendor.
EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached AINS, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

   j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.232-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

   k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

AINS, Inc.

AINS, INC. LICENSE, WARRANTY AND SUPPORT TERMS

HELP DESK POLICY

The AINS Help Desk is available to AINS Customers as the primary method of resolving and reporting technical issues with AINS’ products and services and for the provision of Maintenance and Support Services. Use of the AINS’ Help Desk is contingent upon an existing Services Agreement and payment of all applicable fees.

Section - Contact Information

The AINS Help Desk is available from Monday through Friday 8:30 a.m. to 5:30 p.m. ET. (Extended Help Desk and Services hours are available for an additional fee)

The AINS Help Desk can be reached by:
Email: support@ains.com; or
Telephone: (301) 670-2333

Section - Help Desk Escalation Procedure

The AINS Help Desk will manage service requests through the following escalation procedures and staffing:

Level 1 – Help Desk Staff (“First Line of Support”) – Help Desk Staff receives request via telephone, email, or web and produces a ticket for each request. If Help Desk Staff cannot resolve the problem immediately it will be escalated to Level 2 informing the user of the need to escalate the problem.

Level 2 – Subject Matter Expert (Requests on Functionality) (SME) – SME will work with the user to resolve the problem. If the problem cannot be resolved, it will be escalated to Level 3 technology specialist support. The user submitting the request will be informed of the need to escalate the problem.

Level 3 – Technology Specialist (Requests of a Technical Nature) – Technology Specialist will attempt to duplicate the problem on our test system so that a solution may be identified. If the problem persists and a solution cannot be identified within one working day after it has been escalated to level 3, it will be escalated to the product development team for further review and resolution.

AINS will conduct ongoing evaluation at each Level to determine whether the problem is a system issue that may need to be resolved by a patch, bug fix, new release, or other Maintenance Services.

Section - Response Times

AINS will provide an appropriate response according to the Help Desk procedures for most inquiries within four (4) hours.

AINS will provide an appropriate response according to the Help Desk Procedures for Time Critical inquiries as early as practicable, but at least within two (2) hours. A request for support is “Time Critical” because it impacts customer productivity. Time Critical inquiries will be escalated immediately to the appropriate level, with AINS management being informed of the problem. Customer management will be kept informed on the assessment/nature of the problem, time estimated to fix the problem, and progress in identifying a solution should it go beyond the estimated time.

On Site Support

On site support may be provided on an as-needed basis for an additional cost.

Section - Legal Notices

This Help Desk Policy is for informational purposes only. Neither this policy nor Customer’s use of the AINS Help Desk shall create nor be deemed to create any legal obligations for either party.

Customer’s use of the AINS Help Desk is contingent upon Customer’s execution of a valid agreement to purchase AINS’ Services, and payment of all fees due and owing as set forth therein, or as otherwise authorized in writing by AINS. This Help Desk Policy and Customer’s use of the Help Desk are subject to the terms and conditions of any other agreements between AINS and the Customer. Customer’s use of the AINS Help Desk shall be limited as agreed-upon by the Parties. Excessive use, or use contrary to the Parties’ agreements, may incur additional fees.

AINS retains the right to modify this Help Desk policy as it deems appropriate in its sole and exclusive discretion.

SERVICE LEVEL AGREEMENT

This SERVICE LEVEL AGREEMENT (“SLA”) applies to the Licensee’s use of AINS’ Software-as-a-Service (“SaaS”) and hosted software services (collectively with SaaS, “Hosted Software”).
This SLA is subject to the terms and conditions of the Licensee’s and AINS’ (collectively the “Parties”) Software License Agreement.

AINS’S MAXIMUM LIABILITY FOR ANY AND ALL CAUSES OF ACTION ARISING FROM ANY BREACH OF ANY PROMISE HEREIN SHALL BE A SERVICE CREDIT AS SET FORTH BELOW. THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM LICENSOR’S NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

System Availability

Service Level Goals. AINS shall use commercially reasonable efforts to provide Licensee with a Service Level of at least 99.9% uptime of the Hosted Software on a 24 hours per day, 7 days per week, 365 days per year basis (“Service Level Goal”). The Service Level is determined by subtracting from 100% the percentage of minutes during the month in which the Hosted Software was unavailable or inaccessible to Licensee. Service Levels below 99.5% will trigger a response to the Licensee and the beginning of an investigation within 1 hour. As deemed appropriate in AINS’ sole discretion, AINS will provide Licensee with a corrective action plan to restore Service Levels to at least 99.9%.

Service Level Exclusions. AINS is not liable for any Hosted Software downtime or inaccessibility caused in whole or in part by any of the following:

a. Scheduled Downtime for Preventative Maintenance;

b. Licensee’s: (i) use of any hardware, software, or services not provided by AINS as part of its Hosted Software; (ii) use of the Hosted Software in a manner inconsistent with AINS’ direction, instruction or guidance; (iii) faulty input, instructions, or arguments (such as requests to files that do not exist); (iv) actual or threatened breach of any agreement(s) between AINS and Licensee, including Licensee’s excessive and unauthorized use and/or failure to pay associated fees and costs; or (v) failure, negligent or otherwise, to follow appropriate security practices;

c. Any person gaining access to AINS’ data center and/or Hosted Software by means of the Licensee’s passwords, equipment, or other means of access without AINS’ express written approval; or

d. Factors outside AINS’ reasonable control, including, but not limited to: (a) network or device failure external to AINS’ data center, at the Licensee’s site, or between AINS’ data center and the Licensee’s site; or bugs or defects in infrastructure software (such as operating system software, database software, and content management software).

System Stability

Routine System Monitoring. AINS utilizes monitoring tools to monitor software (applications, operating system, databases, etc.) and hardware (routers, switches, servers, etc.) performance and integrity. These tools are configured to send prioritized alerts to designated engineers in case of any downtime or failure of any infrastructure or application. The AINS System Administrator and/or Technical Manager also regularly monitor the AINS data center for Preventative Maintenance issues, such as the availability of updates, patches, and/or other changes to the operating system or the Licensee’s site.

Routine System Reporting. AINS’ monitoring tools provide AINS and Licensees with weekly reports of Licensee’s system usage including Service Levels, response times, and CPU, memory, disk, and bandwidth utilizations.

Redundancy, Backups, and Disaster Recovery

a. Power Redundancy. AINS utilizes battery backups and a natural gas powered generator to provide a continuous power supply to AINS’ data center in case of power outages. AINS’ electronic building entry system is also powered by a backup generator for continuous security.

b. Redundant Cloud Infrastructure. AINS utilizes multiple Internet Service Providers (“ISP”), switches, and servers to provide for automatic failover with minimum downtime in case of any interruptions to AINS’ cloud-based Hosted Software.

c. Backup and Recovery. AINS utilizes mirrored databases to avoid any catastrophic data loss caused by hardware failures. AINS performs, and stores locally, daily incremental and weekly full backups of all databases. AINS also maintains a redundant disaster recovery site in a separate location and replicates all databases to that remote site every two (2) hours. Restoration of data will first be attempted from local backups to minimize downtime. AINS conducts a simulated restoration from both local and remote backups every six (6) months to test the backup procedures and quality of backup data.

Preventative Maintenance.

a. “Preventative Maintenance” includes installation of patches, bug fixes, upgrades to the operating system, hardware, and/or firmware upgrades, and any other measures that AINS deems necessary to ensure the proper functioning and security of its data center and Hosted Software, in its sole and exclusive discretion.

b. Licensee acknowledges that AINS shall have the exclusive right to schedule and implement Preventative Maintenance measures, including those resulting in system and application downtime, rendering the Hosted Software temporarily inaccessible (“Scheduled Downtime”).

c. AINS will make every commercially reasonable effort to perform Preventative Maintenance and Scheduled Downtime so as to minimize any Licensee impact.

d. Updates and patches to the operating system and Hosted Software will be tested for performance and stability issues in a secure environment before they are implemented on behalf of the Licensee. Virtualized test instances are made available to the Licensee for patching, upgrades, and troubleshooting on an as-needed basis in AINS’ sole and exclusive discretion.
e. AINS will maintain a log that identifies: (i) the date and time of Preventative Maintenance; (ii) the individual performing the Preventative Maintenance; (iii) the individual who provided access to the data center and Services if other than the individual performing the Preventative Maintenance; (iv) the Preventative Maintenance performed; and (v) any equipment removed or replaced during Preventative Maintenance.

System Security

The AINS main data center is a Top Secret cleared facility, and FedRamp, FISMA, and FIPS compliant.

Licensee Obligations

Licensee shall at all times abide by its obligations under any and all other agreement(s) it has with AINS. AINS’ obligations herein are contingent upon Licensee’s timely payment of all fees invoiced by AINS.

Term, Termination, Duration

AINS’ obligations under this SLA shall terminate immediately upon: (a) termination of Licensee’s Software License Agreement; and/or (b) termination or temporary suspension of Licensee’s authorized use of or access to the Hosted Software, for any reason whatsoever.

When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, AINS shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

Service Credits/Remedies

AINS provides the following service credit program:

<table>
<thead>
<tr>
<th>Monthly Availability</th>
<th>Service Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>100%-99.9%</td>
<td>Customer credits AINS one (1) day service cost</td>
</tr>
<tr>
<td>99.9% to 99.5%</td>
<td>No service credits</td>
</tr>
<tr>
<td>Below 99.5%</td>
<td>AINS credits Customer for (Number of downtime hours - 3.6 hours) * one (1) day service cost</td>
</tr>
</tbody>
</table>

- Service credit shall be limited to a maximum of one (1) month of cloud service costs in a monthly reporting period.
- Customers are required to submit a service credit request to AINS within ten (10) days from the date the Customer receives the Monthly Report.
- Service credits are accrued for Customer and AINS through the life of the contract.

SERVICES AGREEMENT

This Services Agreement (“Agreement”) is made between AINS, Inc. (“Company”), a Maryland corporation having its principal place of business at 806 W. Diamond Ave., Suite 400, Gaithersburg, Maryland 20878, and you (“You” or “Licensee”).

This Agreement and AINS’ provision of Services to Licensee is subject to the definitions, terms and conditions of Licensee’s Software License Agreement. Where this Agreement is silent or conflicts with the Software License Agreement, the Software License Agreement shall control.

Subject to the following terms and conditions, AINS agrees to provide the following Services to Licensee:

TERMS AND CONDITIONS

1. Services Licensee may purchase the following Services subject to AINS’ acceptance of a Purchase Order setting forth the agreed upon Services, terms, and prices:

   1.1. Software Maintenance as a Product. Software Maintenance as a Product includes the publishing of bug/defect fixes via patches and updates/upgrades in function and technology to maintain the operability and usability of the Software. Except as otherwise set forth herein, Software Maintenance as a Product does not include person-to-person communications or use of the AINS Help Desk.

   1.2. Software Maintenance as a Service. Software Maintenance as a Service creates, designs, implements, and/or integrates customized changes to software that solve one or more problems. Software Maintenance as a Service also provides the Licensee with assistance installing the Software. Software Maintenance as a Service includes person-to-person communications and use of the AINS Help Desk.

   1.3. Installation Assistance. Software Maintenance as a Product and Software Maintenance as a Service both include five (5) unique technical support incidents per maintenance period in support of new major or minor release implementation, Software updates/enhancements and Software bug/defect fixes only. Each call includes up to two hours of support time. Multiple calls can be used for a single incident or case that exceeds two hours. Supplemental Maintenance or Support Services are required for further support.

1.4. **Support Services.** Support Services includes all functional and how-to product support. Typical issues include: basic Software how-to guidance, and basic software troubleshooting. Support Services do not include online training. Support Services may also be used as necessary for Maintenance Services if Licensee exceeds its purchased Maintenance Services.

1.5. **AINS Help Desk.** Unless otherwise agreed-upon in writing, all Services are provided to the Licensee via the AINS Help Desk. Use of the AINS Help Desk is subject to the current AINS Help Desk Policy. Extended Help Desk hours and on-site Services are available for purchase.

2. **Exclusions and Reservations**

2.1 AINS shall have no obligation to, but may in its sole discretion, provide Services to Licensee regarding the following: a) Restricted Releases of the Software; b) Any version of the Software older than the latest version made available to Licensee and the immediately preceding release, including any patches and bug fixes; c) Hardware issues; d) Issues relating to any third party software or services; e) Issues caused solely by Licensee; f) Issues relating to the Software caused in whole or in part by Licensee’s breach of this Agreement and/or the Software License Agreement, including, but not limited to, unauthorized use and/or modifications of the Software; g) Issues resulting from Licensee’s failure, negligent or otherwise, to implement all upgrades, updates, improvements or modifications to the Software within sixty (60) days of release by AINS or as may otherwise be directed; h) Software that is altered, damaged, or modified, including any modification, adjustment, change, “tuning,” “optimization,” application programming interfaces (APIs), interfaces with any other software, or any other action that in any way alters the precise structure and/or function of the database or application files as originally delivered; and/or i) Software installed in an operating environment for which the Software has not been licensed.

2.2 AINS shall have no obligation to provide Services to Licensee in excess of any Purchase Order accepted by AINS.

2.3 When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, AINS shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

2.4 Gaps in Maintenance Services coverage are not allowed and may impair the proper functioning of the Software and AINS’ ability to provide Services. In the event of a gap in coverage, Licensee shall pay standard rates for all gap periods before they may repurchase Maintenance Services. AINS shall not be liable for any damages or issues that arise with or from the Software after the termination or expiration of this Agreement and/or during any gap in coverage.

2.5 Services shall be provided to Licensee in any form deemed appropriate by AINS.

2.6 AINS shall provide personnel for Services with such expertise and experience as deemed appropriate by AINS in its sole discretion.

3. **Licensee Obligations**

As a condition for receiving Services under this Agreement, Licensee agrees to:

3.1. Abide by the terms and conditions of this Agreement, the Software License Agreement, and any and all other agreements with AINS;

3.2. Promptly notify AINS of the discovery or any bugs, errors, or other Software defects;

3.3. Maintain, and make available to AINS upon request, a representative data set (“Testing Data”) so that AINS may conduct testing and maintenance of the Software in a controlled environment to ensure its continued performance. Licensee may make such alterations to the Testing Data as it deems necessary to protect Confidential Information, so long as such alterations do not affect AINS’ ability to test and maintain the Software. Licensee retains all rights to the ownership of such data, and AINS agrees to return and/or destroy (at Licensee’s written request) any Testing Data at the conclusion of AINS’ testing;

3.4. Maintain, and make available to AINS upon request, records of any bugs and/or errors, including output, screen shots, and the operating conditions under which the error was discovered or could be reproduced;

3.5. As necessary in AINS’ discretion, provide, or provide access to: office workspace, telephone and other facilities, suitably configured computer equipment with Internet access, complete and accurate information and data from its employees and agents, coordination of onsite, online, and telephonic meetings, and other resources as reasonably necessary for the satisfactory and timely performance of Services. AINS is not liable for any delays or claims of any nature which result, directly or indirectly, from the failure by Licensee to comply with AINS’s reasonable requests; and

3.6. Refrain from soliciting AINS’s employees. During the term of this Agreement and for a period of one (1) year after termination, for any reason, of this Agreement, Licensee shall not directly solicit or divert, or attempt to solicit or divert, any of Company’s employees who are performing Services under this Agreement, for purposes of hiring or offering to that employee employment or compensation for services or information in any form.

4. **Term and Termination**

4.1 The term of Services shall be as set forth in a Purchase Order.

4.2 When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, AINS shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

4.3 This Agreement shall immediately terminate upon termination of the Software License Agreement and/or Licensee’s right to use the Software for any reason, whatsoever, and AINS’ obligations hereunder shall terminate. All other terms and conditions shall survive termination.

5. **Confidentiality, Ownership, and Proprietary Information**
This Agreement is subject to the terms and conditions regarding confidential information, ownership, and proprietary information set forth in the parties’ Software License Agreement. AINS recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as “confidential” by the vendor.

6. **Warranties and Limitations on Liability**

6.1 AINS warrants that the Services will be provided in a competent and professional manner in accordance with industry standards. Licensee agrees that AINS has not warranted preserving or recovering any data or other information contained in Licensee’s computer systems.

6.2 Licensee warrants and represents that any Licensee representative communicating directly with AINS with respect to the Services shall have sufficient authority and knowledge to assist in investigating, diagnosing, and fixing any technical issues, and will have full knowledge and understanding of Licensee’s obligations under this Agreement and the Software License Agreement.

6.3 ALL SERVICES HEREUNDER ARE PROVIDED “AS IS” AND ALL OTHER WARRANTIES ARE SPECIFICALLY EXCLUDED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT, AND ANY WARRANTY ARISING BY STATUTE, OPERATION OF LAW, COURSE OF DEALING OR PERFORMANCE AND/OR USE OF TRADE.

6.4 COMPANY’S LIABILITY FOR DIRECT DAMAGES UNDER THIS AGREEMENT (WHETHER IN CONTRACT OR TORT OR UNDER ANY OTHER THEORY OF LIABILITY) SHALL IN NO EVENT EXCEED THE AMOUNT PAID BY LICENSEE TO COMPANY FOR SERVICES IN THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO SUCH LIABILITY UNDER THIS AGREEMENT, PROVIDED THAT IN NO EVENT SHALL COMPANY’S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT (WHETHER IN CONTRACT OR TORT OR UNDER ANY OTHER THEORY OF LIABILITY) EXCEED THE TOTAL AMOUNT PAID BY LICENSEE HEREUNDER.

6.5 IN NO EVENT SHALL COMPANY BE LIABLE FOR INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES, INCLUDING BUT NOT LIMITED TO LOST DATA OR LOST PROFITS, OR FOR EXEMPLARY DAMAGES RESULTING FROM LICENSEE’S USE OR INABILITY TO USE THE SOFTWARE OR FROM ANY SUPPORT SERVICES RENDERED WITH RESPECT THERETO, HOWEVER ARISING, WHETHER IN CONTRACT OR TORT OR UNDER ANY OTHER THEORY OF LIABILITY, EVEN IF IT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

6.6 The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Company’s negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

7. **Independent Contractor**

All work performed by Company in connection with this Agreement shall be performed by Company as an independent contractor and not as the agent or employee of Licensee. All persons furnished by Company shall be for all purposes solely the Company’s employees or agents and shall not be deemed to be employees of Licensee for any purpose whatsoever. Company shall furnish, employ, and have exclusive control of all persons to be engaged in performing maintenance services under this Agreement and shall prescribe and control the means and methods of performing such maintenance services by providing adequate and proper supervision. Company shall be solely responsible for compliance with all rules, laws, and regulations relating to employment of labor, hours of labor, working conditions, payment of wages, and payment of taxes, such as employment, Social Security, and other payroll taxes including applicable contributions from such persons when required by law.

SOFTWARE LICENSE AGREEMENT

This Software License Agreement ("Agreement") is made between AINS, Inc. ("Company"), a Maryland corporation having its principal place of business at 806 W. Diamond Ave., Suite 400, Gaithersburg, Maryland 20878, and you ("You" or "Licensee").

THIS IS A CONTRACT. By signing this Agreement, You accept all the terms and conditions of this Agreement. If you are entering into this Agreement on behalf of a company or other legal entity, You represent that You have the authority to bind such entity and its affiliates to these terms and conditions (in which case "You" and "Your" shall refer to such entity and its affiliates). If You do not have such authority, and/or if You do not agree to abide by the terms and conditions of this Agreement, You must not sign this Agreement and may not use the Software.

You may not access the Software if you are a direct competitor of Company, except with Company’s prior written consent. In addition, You may not access the Software for purposes of monitoring its availability, performance, or functionality, or for any other benchmarking or competitive process.

The terms of this Agreement apply to the Software (including the media on which You received it, if any), and any Company updates, supplements, Internet-based services, and services for the Software, unless other terms accompany those items in which case those terms shall apply.

In consideration of the mutual promises and covenants set forth herein and for other good and valuable consideration, the receipt, sufficiency, and adequacy of which are mutually acknowledged by each party, the parties agree to the following:

TERMS AND CONDITIONS

1. Definitions

1.1. "Additional User" shall mean Licensee’s customer, vendor, agent, subcontractor, or consultant authorized to use the Software pursuant to a Licensee Third Party Contract.

1.2. "Agreement" shall mean this Software License Agreement, and any duly executed Purchase Orders, addenda and/or modifications attached hereto or referenced herein. "Agreement" shall also include any Services Agreement(s) between Company and Licensee that are subject to this Software License Agreement, where such Services Agreement is silent as to the term and/or condition set forth in this Agreement, including, but not limited to, those relating to ownership, confidentiality, proprietary information, limitations of liability, warranties, and remedies. "Agreement" shall also include the underlying GSA Schedule contract and Schedule Pricelist.

1.3. "Company Licensors" shall mean third parties from whom Company has licensed Software.

1.4. "Control" shall mean the possession, directly or indirectly, of the power to direct or cause the direction of the management and operating policies of an entity through the ownership of voting securities (at least fifty-one percent (51%) of its voting or equity securities or the maximum allowed by law), contract, voting trust, or otherwise.

1.5. "CPU" shall mean a processing unit utilized in Server or computer configurations.

1.6. "Developments" shall mean any ideas, know-how, or techniques (including any derivative works and modifications made to the Software or Documentation), which are developed by Company in the course of providing Services to Licensee.

1.7. "Documentation" shall mean the user manuals, policies, and guidelines relating to the use of the Software delivered by Company to Licensee in printed or electronic form.

1.8. "Licensee" shall mean the entity defined above, and shall include any affiliated entity which Controls, is Controlled by, or is under common Control with Licensee, provided all such entities ordering, installing, or using Software licensed under this Agreement have agreed to be bound by the terms and conditions of this Agreement.

1.9. "Licensee Third Party Contract" shall mean a validly executed contract between Licensee and an Additional User permitting the Additional User to use the Software.

1.10. "Platform Transfer" shall mean an operating environment supported by Company, which is different than the operating environment for which Software was originally licensed.

1.11. "Purchase Order" shall mean a valid purchase order between Company and Licensee describing the Software and/or Services purchased by Licensee, and any additional terms and conditions applicable thereto.

1.12. "Restricted Release" shall mean any version of the Software marked alpha, beta, or which is otherwise designated as a restricted release.

1.13. "SaaS" shall mean Company-hosted Software as a Service.

1.14. "Seat" shall mean a user designated by Licensee who is authorized to use the applicable Software licensed hereunder.

1.15. "Server" shall mean a device which includes one or more CPUs and enables or permits other computers electronically-linked to it to access data and software.

1.16. "Services" shall mean professional services provided by Company, including Software Maintenance as a Product, Software Maintenance as a Service, and Support Services.

1.17. “Software” shall mean a machine executable copy of the object code of the software products and applications licensed by Company to Licensee under this Agreement, including all third-party software under license embedded therein, updates, bug fixes and patches.

1.18. “User” shall mean any person having authorized access to the application, regardless of skill level, nature of use, or position/job title (e.g., system administrator), to include both routine use and software/system administration.

2. License

2.1. Subject to the terms and conditions of this Agreement and Company’s acceptance of a Purchase Order, Company grants Licensee a limited, personal, non-exclusive, and non-transferable license to use the Software. All Software-related materials, in whatever form, including, but not limited to Documentation, instructions, programs, charts, manuals, and code are also furnished to Licensee only under a personal non-exclusive, non-transferable license.

2.2. The Software and Documentation and all licensed materials may only be used in accordance with the appropriate policies and procedures, as defined in the Documentation (including but not limited to the installation, system, and user manuals), and applicable laws and government regulations. Licensee may use the Software, Documentation and other licensed materials solely for Licensee’s internal purposes.

2.3. The license granted hereunder is limited to the maximum number of Seats, Users, Servers, or CPUs specified in the Purchase Order (“Maximum Usage”). Licensee shall implement reasonable controls to ensure that it does not exceed the Maximum Usage. Company reserves the right to include and employ means within the Software to limit and/or monitor Licensee to the Maximum Usage. Licensee shall at all times remain responsible for Users’ compliance with this Agreement.

2.4. Company reserves the right to audit, at its expense, Licensee’s deployment and use of the Software for compliance with the terms of this Agreement and in accordance with the Licensee’s security requirements at any mutually agreeable time during Licensee’s normal business hours, and subject to applicable Government security requirements. If Licensee’s use of the Software is found to be greater than contracted for, Licensee will be invoiced for the additional Seats, Users, Servers, or CPUs and the unpaid license fees shall be payable in accordance with FAR 52.212-4(i).

2.5. For on-premises installation, Company shall provide Licensee with one (1) machine executable copy of the Software and Documentation. Licensee may make a backup copy of the Software and copies of the Documentation solely for Licensee’s internal use. Licensee must be a current Services subscriber to receive a new machine executable copy of the Software in the event one is required by a Platform Transfer by Licensee.

2.6. Unless otherwise agreed-to in advance, the use of Application Programming Interfaces (“APIs”), macros, and/or user interfaces not supported by Company that interfere with the Software and/or its data in any respect shall be deemed an unauthorized modification of the Software and are prohibited by this Agreement.

2.7. Licensee shall not permit an Additional User to use the Software without authorization from Company. Licensee, when authorized to permit such use, may do so either by allocating a portion or all of Licensee’s current license to the Additional User(s) up to the Maximum Usage, or by purchasing additional licenses, provided:

(a) prior to any such use an Additional User shall have agreed in writing to be bound by the terms and conditions of this Agreement regarding confidentiality and use of the Software;

(b) an Additional User is not charged a fee for such access, provided, however, that use of the Software may be a component of chargeable services rendered by Company;

(c) an Additional User is not granted rights to use Software except as expressly set forth in this Section 2.8;

(d) an Additional User’s use of the Software is related solely to Licensee’s internal purposes; and

(e) upon conclusion of a Licensee Third Party Contract, any Software in the possession of an Additional User (including partial copies within modified versions) is returned to Licensee.

3. License Exclusions

3.1. Except as expressly authorized herein, Licensee shall not cause or permit any:

(a) unauthorized access to or use of the Software;

(b) copying or modification of the Software or Documentation;

(c) reverse engineering, recompilation, translation, disassembly, or discovery of the source code of all or any portion of the Software;

(d) removal, minimization, blocking, or modification of or to any logos, trademarks, copyright notices, proprietary information notices, digital watermarks, or other notices of Company or its suppliers that are affixed to or included in the Software or Documentation;

(e) use of the Software for any illegal purpose or any purpose deemed by Company in its sole discretion to be offensive or otherwise harmful;

(f) distribution, disclosure, marketing, rental, lending, leasing, sale, resale, or transfer of the Software or the Documentation to any third party or Company competitor, or use of the Software for any dial-up, remote access, interactive, or other on-line service except as specifically provided and licensed as an integral part of the Software;

(g) disclosure of the results of Software performance benchmarks to any third party without Company’s prior written consent; or

(h) export of the Software in violation of UN embargoes or US laws and regulations, including the Export Administration Act of 1979, as amended, and successor legislation, and the Export Administration Regulations issued by the Department of Commerce.

4. Purchasing, Fees and Payment

Licensee shall provide Company with a Purchase Order detailing the Software to be licensed, including:

(a) The number of Seats, Users, Servers, or CPUs to be licensed, and the Maximum Usage;

(b) The cost per Seat, User, Server or CPU to be licensed; and
6. Defense and Indemnification

6.1. Company will defend Licensee at its own expense any action against Licensee that the Software directly infringes any U.S. copyright or misappropriates any trade secret recognized as such under the Uniform Trade Secret Law, and Company will pay those costs and damages finally awarded against Licensee in any such action that are specifically attributable to such claim or those costs and damages agreed to in a monetary settlement of such action, provided that:

(a) Licensee notifies Company in writing within thirty (30) days of the claim;

(b) To the extent allowed by 28 U.S.C. 516, Company has control of the defense and all related settlement negotiations; and

(c) Licensee provides Company with the assistance, information, and authority necessary to perform the above. Reasonable expenses incurred by Licensee in providing such assistance may be reimbursed by Company.

6.2.

6.3. Company shall have no defense or indemnification obligation or other liability for any claim of infringement based on:

(a) Any use of the Software not in accordance with this Agreement or for purposes not intended by Company;

(b) Use of a superseded or modified release of the Software, except for such alteration(s) or modification(s) which have been made by Company or under Company's direction, if such infringement would have been avoided by the use of a current unaltered release of the Software that Company provided or would have provided to Licensee at no additional charge beyond applicable service fees; and/or

(c) The combination, operation, or use of any Software furnished under this Agreement with programs, data, products or hardware not furnished by Company, if such infringement would have been avoided by the use of the Software without such items.

6.4. In the event the Software becomes, or is likely to become, the subject of an infringement or misappropriation claim, Company shall have the option, at its expense, to:

(a) modify the Software to be non-infringing;

(b) obtain for Licensee a license to continue using the Software;

(c) substitute the Software with other software reasonably suitable to Licensee; or
6.5 THIS SECTION 6 STATES COMPANY’S SOLE LIABILITY AND YOUR SOLE AND EXCLUSIVE REMEDY WITH RESPECT TO ANY CLAIM OF INTELLECTUAL PROPERTY INFRINGEMENT.

6.6 Company shall indemnify and hold the Licensee harmless from any and all claims, actions, damages, and liabilities (including reasonable attorney's fees) arising directly and proximately out of the Company’s: (a) Negligent, wanton, reckless, or willful conduct resulting in death or bodily injury, including death, or damage to any real or tangible personal property; (b) Criminal act, whether or not subject to formal charges; and/or (c) Exceeding its authority to legally bind the other Party. Each Party agrees to give the other reasonable notice of any such claims or demands.

7. Warranties

7.1. Licensee warrants that it has all requisite power and authority to enter into this Agreement and to perform its obligations hereunder. This Agreement constitutes a valid and binding obligation of the Licensee, enforceable against Licensee in accordance with its terms.

7.2. Company warrants that it has title to and/or the authority to grant licenses of the Software.

7.3. For SaaS Licensees, the Company warrants that the Software will substantially perform, in accordance with AINS’ then-current Service Level Agreement, the functions described in the Documentation, when operated in accordance with Section 2.2.

7.4. The warranties in this Section shall not apply to Restricted Release(s).

7.5. The warranties in this Section shall be void as to a) the acts or omissions of nonCompany personnel, b) misuse, theft, vandalism, fire, water, or other peril, c) moving or relocation not authorized by Company, d) any alterations or modifications made to any Software by Licensee, e) use of the Software other than in the operating environment specified in the technical specifications, or f) coding, information, or specifications created or provided by Licensee.

7.6. Company does not warrant that the Software will meet Licensee’s requirements, or that the Software will operate in the combinations which Licensee may select for use, or that the operation of the Software will be uninterrupted or error-free, or that all Software errors will be corrected. Any claim submitted under this Section must be submitted in writing to Company within the specified warranty period. Company’s sole and exclusive obligation for warranty claims shall be to make the Software operate as warranted or to terminate the license for such Software and return the applicable license fees paid to Company for such Software, provided the claim is submitted within the specified warranty period.

7.7. THE WARRANTIES ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

7.8. UCITA. With respect to licensing and use of the Software in jurisdictions subject to the Uniform Computer Information Transactions Act (“UCITA”), Company and Licensee agree that, with respect to information and computer programs provided by one party to the other under this Agreement, and except for the express warranties set forth in this Agreement: THERE ARE NO WARRANTIES A) AGAINST INTERFERENCE WITH ENJOYMENT OF INFORMATION, B) AGAINST INFRINGEMENT, C) THAT INFORMATION, EITHER PARTY’S EFFORTS, OR SYSTEMS, AS EACH MAY BE PROVIDED UNDER THIS AGREEMENT, WILL FULFILL ANY OF EITHER PARTY’S PARTICULAR PURPOSES OR NEEDS, AND D) WITH RESPECT TO DEFECTS IN THE INFORMATION OR SOFTWARE THAT AN EXAMINATION SHOULD HAVE REASONABLY REVEALED. THE PARTIES HEREBY EACH DISCLAIM IMPLIED WARRANTIES OF MERCHANTABILITY, QUALITY, AND ACCURACY. THE INFORMATION AND COMPUTER PROGRAMS PROVIDED UNDER THIS AGREEMENT ARE PROVIDED “AS IS” WITH ALL FAULTS, AND THE ENTIRE RISK AS TO SATISFACTORY QUALITY, PERFORMANCE, ACCURACY, AND EFFORT IS WITH THE USER OF SUCH INFORMATION AND COMPUTER PROGRAMS.

8. Limitations and Disclaimers of Liability

LIMITATION OF LIABILITY. EXCEPT AS OTHERWISE EXPRESSLY PROVIDED HEREIN, COMPANY’S LIABILITY FOR DIRECT DAMAGES UNDER THIS AGREEMENT (WHETHER IN CONTRACT OR TORT OR UNDER ANY OTHER THEORY OF LIABILITY) SHALL IN NO EVENT EXCEED THE AMOUNT PAID BY LICENSEE TO COMPANY FOR THE SOFTWARE IN THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO SUCH LIABILITY UNDER THIS AGREEMENT, PROVIDED THAT IN NO EVENT SHALL COMPANY’S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT (WHETHER IN CONTRACT OR TORT OR UNDER ANY OTHER THEORY OF LIABILITY) EXCEED THE TOTAL AMOUNT PAID BY LICENSEE HEREUNDER.

DISCLAIMER OF LIABILITY. IN NO EVENT SHALL COMPANY BE LIABLE FOR A) INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES, INCLUDING BUT NOT LIMITED TO LOST DATA, LOST PROFITS, DAMAGED HARDWARE OR EQUIPMENT, AND CLAIMS BY ANY THIRD PARTIES, OR FOR EXEMPLARY DAMAGES, ARISING FROM, RELATING TO, OR RESULTING FROM THIS AGREEMENT, LICENSEE’S USE OF OR INABILITY TO USE THE SOFTWARE, OR ANY SUPPORT SERVICES RENDERED WITH RESPECT THERETO, HOWEVER ARISING, WHETHER IN CONTRACT OR TORT OR UNDER ANY OTHER THEORY OF LIABILITY, EVEN IF IT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES; B) DAMAGES (REGARDLESS OF THEIR NATURE) FOR ANY DELAY OR FAILURE BY COMPANY TO PERFORM ITS OBLIGATIONS UNDER THIS AGREEMENT DUE TO ANY CAUSE BEYOND COMPANY’S LEGAL CONTROL, AND/OR C) CLAIMS MADE SUBJECT OF A LEGAL PROCEEDING AGAINST COMPANY MORE THAN TWO YEARS AFTER ANY SUCH CAUSE OF ACTION FIRST AROSE.

This Section 8 shall not impair the U.S. Government’s right to recover for fraud or crimes arising out of or related to this Agreement under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733.

9. Confidentiality

9.1. “Confidential Information” is defined as any and all information that the disclosing Party considers to be confidential, proprietary, non-public business information or a trade secret, in any form whatsoever, including, but not limited to, discoveries, concepts and ideas, regarding: (i) Product or service information, including designs and specifications, development plans, patent applications, and strategy; (ii) Marketing information, including...
lists of potential or existing customers or suppliers, marketing plans, and surveys; (iii) Computer software, including codes, flowcharts, algorithms, architectures, menu layouts, routines, report formats, data compilers, and assemblers; (iv) Financial information, including sales, and revenue information; and (v) Any other information identified as Confidential by either Party.

9.2. “Confidential Information” does not include any information that: (i) Is in the public domain at the time of disclosure without any breach of this agreement by the receiving Party; (ii) Is already known to the receiving Party at the time of disclosure without any breach of this agreement by the receiving Party; or (iii) Becomes available to the receiving Party on a non-confidential basis from a source other than the disclosing Party which the receiving Party has no reasonable basis to believe is prohibited from disclosing such information to the receiving Party. Company recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as “confidential” by the vendor.

9.3. The receiving Party shall be responsible as set forth herein for all Confidential Information: (a) Identified in writing at the time of the disclosure by an appropriate legend, marking, seal, or other positive written identification; (b) Identified as confidential to the receiving Party orally at the time of disclosure and in writing within ten (10) business days after such disclosure; (c) Identified as confidential or proprietary in writing at any time regardless of oral notice (however, in this instance, the receiving Party shall not be liable for disclosures of confidential information prior to receiving such notice, except as set forth in the following subsection (d)); or (d) Apparent to a reasonable person familiar with the disclosing Party’s business and the industry in which it operates that such information is of a confidential or proprietary nature.

9.4. Duty of Care. Each Party agrees that it will treat the disclosing Party’s Confidential Information with at least the same degree of care that it uses in protecting its own confidential and proprietary information, but in no event less than a reasonable degree of care.

9.5. Use of Confidential Information. Each Party agrees that Confidential Information disclosed to it shall be used solely in furtherance of this agreement, any other agreements between or amongst the Parties, and in the best interests of the disclosing Party. Confidential Information shall not be used by the receiving Party to invent, create, modify, adopt, or manufacture any hardware or software or other products, services, or processes that would or could compete with or be used in lieu of the disclosing Party’s hardware or software or other products, services, or processes. The receiving Party shall not copy or reproduce, in whole or in part, any Confidential Information without written consent of the disclosing Party.

9.6. Disclosure of Confidential Information. Each Party agrees that it will not disclose any Confidential Information to any third parties, including employees, except on a need-to-know basis as is necessary for performance under this and any other agreement between the Parties. Each Party agrees that it will not disclose any Confidential Information to any third parties without the express written consent of the disclosing Party. Each Party agrees to advise any individual and/or entity receiving Confidential Information of the limitations on its use and disclosure set forth herein, and to require such individual and/or entity to execute a confidentiality and non-disclosure agreement at least as restrictive as this agreement. The receiving Party shall ensure that all disclosures to its employees or to third parties hereunder are marked with appropriate legends, as required or permitted under Government regulations, in order to preserve the proprietary nature of the information and the initial disclosing Party’s rights therein. The receiving Party shall be responsible for any unauthorized use and disclosure of Confidential Information by any individual or entity to whom the receiving Party provides the disclosing Party’s Confidential Information, as if committed by the receiving Party.

9.7. Compelled Disclosures. The receiving Party may disclose Confidential Information as required by any law, regulation, court order, subpoena, or other administrative or legal process, provided that: (i) Upon becoming aware of such an actual or potential obligation, the receiving Party immediately notifies the disclosing Party of the same; (ii) The receiving Party fully cooperates with any efforts by the disclosing Party to protect against any such disclosure and/or obtain a protective order preventing or narrowing the scope of such disclosure; (iii) The receiving Party limits any compelled disclosure of Confidential Information to the minimum extent necessary to comply with such obligations; and (iv) The receiving Party utilizes statutory sealing and other privacy measures to the fullest extent to protect the Confidential Information. This exception does not apply to, and the receiving Party remains fully liable for, any disclosure of Confidential Information caused in whole or in part by the receiving Party’s unauthorized conduct.

9.8. Unauthorized Disclosures. The receiving Party shall promptly notify the disclosing Party of any unauthorized use or disclosure of Confidential Information, and cooperate with and assist the disclosing Party in taking any and all lawful actions deemed necessary by the disclosing Party to stop and/or minimize any actual or perceived harm resulting from such unauthorized use or disclosure.

9.9. Upon written request by the disclosing Party, the receiving Party shall promptly: (a) Cease and desist from any use or disclosure of the disclosing Party’s Confidential Information; (b) Return any of the disclosing Party’s Confidential Information in its possession or under its control to the disclosing Party; and (c) Upon the disclosing Party’s express direction, destroy any of the disclosing Party’s Confidential Information in its possession or under its control and certify its destruction in a manner agreeable to the disclosing Party.

9.10. The Parties’ obligations set forth in this Section shall remain binding upon the Parties for five (5) years following the termination of this Agreement for any reason.

9.11. LIMITATION OF LIABILITY. IN THE EVENT OF ANY ACTUAL OR THREATENED BREACH OF THIS SECTION, THE BREACHING PARTY MAY BE LIABLE FOR DIRECT DAMAGES SUFFERED BY THE OTHER PARTY WHICH ARE CAUSED BY SUCH BREACH. IN NO EVENT SHALL EITHER PARTY BE LIABLE FOR SPECIAL, CONSEQUENTIAL, INDIRECT, OR PUNITIVE DAMAGES OF ANY KIND OR NATURE IN THE ABSENCE OF WILLFUL MISCONDUCT OR GROSS NEGLIGENCE BY THE BREACHING PARTY. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensee’s negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

10. Maintenance and Support Services

10.1. Maintenance and Support Services may be ordered by Licensee by Purchase Order and will be provided subject to the terms and conditions of this Agreement and a separate Services Agreement.

10.2. Maintenance Services as a Product as defined in the Services Agreement are included in the cost of a SaaS License.

11.1. Company conducts ongoing security assessments in connection with its SaaS and hosted offerings, and maintains a secure, FEDRAMP, FISMA, and FIPS, compliant, datacenter at its headquarters in Gaithersburg, Maryland.

11.2. Company hosted data is backed up incrementally on a daily basis and a full back up is performed weekly. Backups are stored locally in redundant hard disk NAS storages. Backup data is also replicated to a DR (remote) site every two (2) hours. In addition to these routine back up procedures, backups are performed before and after any major technical or business related change to a system or application. Company maintains an audit trail of all backup activities. The restoration processes from local and remote sites are simulated every six (6) months to test for quality.

12. Restricted Release

12.1. If Licensee is selected for participation and elects to participate in a Restricted Release program, Licensee agrees:

(a) Company shall have no obligation to correct errors in, deliver updates to, or otherwise support a Restricted Release;

(b) Licensee will promptly report to Company any error discovered in the Restricted Release and provide Company with appropriate test data for the Restricted Release if necessary to resolve problems in the Restricted Release encountered by Licensee;

(c) the Restricted Release is for evaluation only, not to be used in a production environment, may contain problems and/or errors, and is being provided to Licensee on an as-is basis with no warranty of any kind, express or implied;

(d) neither party will be responsible or liable to the other for any losses, claims, or damages of any nature, arising out of or in connection with the Restricted Release.

13. Notices

All notices shall be in writing and (a)(1) delivered by hand, (a)(2) sent by United States mail or commercial courier, return receipt requested, and (b) transmitted electronically. Notice to Licensee shall be sent to the last Licensee address known to Company, or as otherwise directed by Licensee upon ten (10) days’ written notice. Unless otherwise directed in writing, notices to Company shall be sent to:

AINS, Inc.
806 W. Diamond Ave., Suite 400
Gaithersburg, MD 20878 USA
ATTN: Benjamin Leftin, Esq., General Counsel bleftin@ains.com

Notice shall be deemed to have been given upon receipt of a hard copy notice.

14. Governing Law

The validity, enforceability, construction, and interpretation of this Agreement shall be governed by the Federal laws of the United States, without regard to the conflicts of law rules thereof. In no event shall this Agreement be governed by the United Nations Convention on Contracts for the International Sale of Goods. To the extent this Agreement or entails the delivery of Software or related products or Services, such items shall be deemed “goods” within the meaning of Article 2 of the Uniform Commercial Code (“UCC”), except when deeming services as “goods” would cause an unreasonable result. This Agreement shall control where there is a conflict with the UCC.

15. Term and Termination

15.1. This Agreement shall become effective upon the execution of this document in writing.

15.2. This Agreement shall automatically terminate upon expiration of the license term set forth in any accepted Purchase Order.

15.3. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, [vendor] shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

15.4. Licensee may terminate this Agreement for any reason upon ninety (90) days written notice.

15.5. Except with regard to perpetual on-premises Software licenses, Licensee’s lawful right to use and access the Software as set forth herein shall immediately terminate upon termination of this Agreement. All other terms and conditions shall survive termination for any reason.

15.6. Upon termination for any reason, Licensee shall remain liable to AINS for all fees accrued and/or payable to Company prior to the effective date of termination, including the outstanding balance for the current license term. Licensee shall not be entitled to a refund of any license fees in the event of termination of this Agreement for any reason.

15.7. Licensee acknowledges and agrees that following termination of this Agreement for any reason, Licensee shall return all AINS property to AINS and AINS may immediately deactivate Licensee’s account, as applicable. Furthermore, as applicable, unless otherwise agreed-upon by the Parties in writing, Licensee shall remove or overwrite all applicable Licensee content, data, and information from Licensee’s systems following the effective date of termination or cancellation, in accordance with Licensee’s standard procedures. As necessary, Licensee shall provide Company with reasonable and prompt access to Licensee’s premises to allow Company to retrieve the hardware and software and/or, in accordance with Company’s instructions, return to Company all hardware and software that Company has provided to Licensee in connection with this Agreement (other than hardware and software that Licensee has purchased from Company). Prior to any such deletion or destruction, however, Company shall either a) grant Licensee reasonable access to the Software for the sole purpose of Licensee retrieving Licensee’s data, or b) transfer all Licensee data to other media for delivery to Licensee.

16. General

16.1. For purchases by agencies and representatives of the U.S. Government, the Software is a “commercial item”, as that term is defined at 48 C.F.R. 2.101 (Oct 1995), consisting of “commercial computer software” and “commercial computer software documentation”, as such terms are used
in 48 C.F.R. 12.212 (Sept 1995), and is provided to the U.S. Government only as a commercial end item. Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4 (June 1995), all U.S. Government end users acquire the Software with only those rights set forth herein.

16.2. For purchases made against Company’s General Services Administration (GSA) Schedule, the terms and conditions of Company’s GSA Schedule or Purchase Order(s) shall control in the event of a conflict between such terms and conditions and those contained herein (Company’s GSA Schedule is available at https://www.gsaadvantage.gov/ref_text/GS35F4747G/00QCDU.37HKQI_GS35F4747G_GS-35F-4747G-4-21-2015-275778.PDF).

16.3. Any use of the Software and/or Services by or on behalf of the U.S. Government is provided with Restricted Rights. Use, duplication, or disclosure by the U.S. Government is subject to restrictions as set forth in subparagraph I(1)(ii) of the Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 or subparagraphs I(1) and (2) of the Commercial Computer Software – Restricted Rights at 48 CFR 52.227-14, as applicable.

16.4. Company shall not be precluded from providing any products or services to any other individual or entity, including Licensee’s competitor(s), even those that may be the same or similar as set forth herein or in any other agreements between Company and Licensee. Company shall not be restricted in its use of ideas, concepts, know-how, methodologies, and techniques acquired or learned in the course of activities hereunder.

16.5. Escrow. Subject to applicable terms and conditions, Licensee may purchase the right to join Company’s existing source code escrow Agreement as a licensed beneficiary.

16.6. Company and Licensee agree that, in their dealings with each other under or in connection with this Agreement, each shall act in good faith.

16.7. The parties acknowledge that the Software may include software licensed by Company from third-party Company Licensors. Company Licensors may be direct and intended third-party beneficiaries of this Agreement and may be entitled to enforce it directly against Licensee to the extent that this Agreement relates to the licensing of Company Licensors’ software products, and Company fails to enforce the terms of this Agreement on Company Licensors’ behalf.

16.8. The section headings herein are provided for convenience only and have no substantive effect on the construction of this Agreement.

16.9. Force Majeure. Except for monetary obligations hereunder, neither party shall be liable for any failure to perform due to causes beyond its reasonable control. If any such event causes a material breach of this Agreement that is not cured within sixty (60) days, the parties’ shall mutually agree to in writing to a reasonable suspension and/or termination of this Agreement.

16.10. This Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist and Purchase Order(s), constitute the entire Agreement between the parties concerning Licensee’s use of the Software. No Purchase Order, other ordering document, or any handwritten or typewritten text which purports to modify or supplement the text of this Agreement shall add to or vary the terms of this Agreement unless signed by both parties. Further, in the event of conflict between this Agreement and the terms of the Purchase Order, the terms of the Purchase Order shall govern. This Agreement replaces and supersedes all prior verbal understandings, written communications, warranties or representations regarding the contents of this Agreement and Licensee represents and acknowledges that it in entering into this Agreement it is not relying upon any representations or warranties other than those set forth herein.

16.11. Each provision of this Agreement is severable. If any provision or any portion of any provision of this Agreement is held to be invalid or unenforceable for any reason by a court of competent jurisdiction, all other provisions shall remain in full force and effect. Any provision or any portion of any provision of this Agreement that is held to be unenforceable shall be modified only to the extent necessary so that it shall be legally enforceable to the fullest extent permitted by law, and in such a way that is consistent with the intent and economic effect of the affected provision.

16.12. This agreement does not establish a teaming, joint venture, joint employer, partnership or other business relationship between the Parties. Unless explicitly stated, nothing in this agreement grants to either Party the right to make commitments of any kind for, or on behalf of, the other Party.

16.13. Each Party hereby covenants and warrants that it is not aware of any potential or actual conflict of interest or other legal or contractual obligation that would in any way interfere with its ability to perform and uphold its obligations under this agreement.

16.14. Except as otherwise expressly provided in this Agreement, no waiver of any covenant, condition, or provision of this Agreement shall be deemed to have been made unless expressed in writing and signed by the party against whom such waiver has been charged. The failure of any party to insist in any one or more cases upon the performance of any of the provisions, covenants, or conditions of this Agreement or to exercise any option set forth in this Agreement shall not be construed as a waiver or relinquishment for the future of any such provisions, covenants, or conditions. No waiver by Company of one breach of this Agreement shall be construed as or deemed to be a waiver with respect to any other subsequent breach.

16.15. This Agreement and all of the terms, provisions, and conditions hereof shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns.

16.16. This Agreement may be executed simultaneously in two (2) or more counterparts, each of which will be considered an original, but all of which together will constitute one and the same instrument.

16.17. The parties agree that facsimile and/or electronic copies of this Agreement and/or signatures shall be binding to the same extent and in the same manner as if originally signed and transmitted by hand.

WHEREFORE, the undersigned having the power and authority to bind their respective Party as set forth above, AINS and Licensee agree to be so bound.

LICENSEE: _____________________ COMPANY: AINS, Inc.

EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)

1. Scope. This Rider and the attached Allied Telecom Group, LLC (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. Applicability. Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereeto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) Contracting Parties. The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) Changes to Work and Delays. Subject to GSA Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) Contract Formation. Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) Termination. Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) Choice of Law. Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) Equitable remedies. Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) Unilateral Termination. Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) Unreasonable Delay. Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government or any sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) Assignment. All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) Waiver of Jury Trial. Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) Government Indemnities. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
Contractor Indemnities. All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

Renewals. All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

Future Fees or Penalties. All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

Taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

Third Party Terms. When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

Dispute Resolution and Standing. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

Advertisements and Endorsements. Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

Alternate Dispute Resolution. The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers such works may be based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

Ownership of Derivative Works. Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

ALLIED TELECOM GROUP, LLC

ALLIED TELECOM GROUP, LLC LICENSE, WARRANTY AND SUPPORT TERMS

1. Service Delivery & Acceptance - Prior to delivering Service to Ordering Activity, Contractor through ALLIED will perform test procedures to ensure that the Service conforms to the applicable technical specifications. Contractor through ALLIED shall notify Ordering Activity when the Service has been successfully installed and is available for Ordering Activity’s use (“In-Service Date”). If ALLIED makes the Service available to the Ordering Activity, but, Ordering Activity for whatever reason is not ready to accept and use the Service, billing for the installed Service shall nonetheless commence on the In-Service Date. This applies to circumstances including, but not limited to, if Ordering Activity does not have its own equipment in place to begin using the Service. Any use of a Service, other than for verification and acceptance testing, shall constitute immediate acceptance of the Service without the formality of executing an Acceptance Notice.
2. Required Maintenance – Contractor through ALLIED reserves the right to perform maintenance on or upgrade its network, its infrastructure, its service and its equipment without prior notice or liability. Such action may cause a partial or full disruption of the Service. However, and subject to ALLIED’s business needs, Contractor through ALLIED will use commercially reasonable efforts to perform maintenance on and upgrades to its network and the Service in a manner so as to avoid unduly interfering with Ordering Activity’s use of the Service.

3. Ordering Activity Responsibilities - Ordering Activity is responsible for all internal wiring, Ordering Activity equipment (e.g. Ordering Activity phones, handsets, computers), installation of hardware on Ordering Activity equipment, and arrangement of access rights for ALLIED including space for cables, conduits, and equipment as necessary for ALLIED-authorized personnel to install, repair, inspect, maintain, replace, or remove any and all facilities and equipment provided by ALLIED. Upon request by ALLIED, Ordering Activity will work directly with their building owner or property management firm and ALLIED, to secure a Building Access Agreement (BAA). Ordering Activity shall provide a secured space with electrical power, climate control and protection against fire, vandalism, and other casualty for equipment. Ordering Activity is responsible for ensuring that Ordering Activity’s equipment is compatible for the Services and with the ALLIED network.

4. Acceptable Use – Service may only be used for lawful purposes. Unauthorized transmission or storage of any information, data, or material in violation of any federal, state or local regulation or law is prohibited. This includes but is not limited to: copyrighted material, material which has been legally judged threatening or obscene or material protected by trade secret.

5. Disclaimer of Warranty; Limitation of Liability – ALLIED exercises no control whatsoever over the content of the information passing through its network. ALLIED makes no warranty of merchantability or fitness for a particular purpose. ALLIED will not be responsible for any damages suffered by Ordering Activity or any other party (including any users of any Service provided or granted by Ordering Activity), including loss of data resulting from delays, non-deliveries, mis-deliveries, or service interruptions caused by Ordering Activity’s own negligence or Ordering Activity errors or omissions. Use of any information obtained via ALLIED is at Ordering Activity’s own risk. ALLIED specifically denies any responsibility for the accuracy or quality of information obtained through its Service.

6. Performance - If connection performance falls below levels expected by the Ordering Activity and these performance deficiencies are related to issues under ALLIED’s control, Ordering Activity shall promptly notify ALLIED’s Operation Center at support@alliedtelecom.net regarding the nature of the problem. Contractor through ALLIED will then have up to fifteen (15) days to remedy the problem. If ALLIED is unable to remedy the problem, Ordering Activity may terminate the SA without further liability and any unapplied payments for the remaining contract term will be refunded.

7. Warranties - ALLIED does not warrant that its Service will be uninterrupted or error free, nor does ALLIED in any way warrant that the areas accessed or information downloaded by the Ordering Activity will be free of errors, defects or viruses which may interrupt, corrupt, delete or render unusable the Ordering Activity’s files or system(s). ALLIED will not be responsible for any damages Ordering Activity suffers. This includes, but is not limited to, loss of data resulting from delays, non-deliveries, mis-deliveries, or service interruptions caused by Ordering Activity’s own negligence or Ordering Activity errors or omissions, or due to inadvertent release or disclosure of information sent by or to Ordering Activity.

8. Equipment
a. Equipment used in data services, including internet services, is defined as Data Equipment. Unless otherwise specified in writing, all Data Equipment supplied to Ordering Activity by ALLIED remains the property of ALLIED. Upon discontinuance or termination of Services, all Data Equipment must be returned to ALLIED within ten (10) days of the final day of Service to avoid replacement cost at current market price.

b. Voice over Internet Protocol (VoIP) refers to a technology that enables the use of the internet as the transmission medium for telephone calls by sending voice data in packets using IP rather than by traditional circuit switched technology. Equipment used in VoIP, including but not limited to any and all end user devices and equipment, is defined as Phone Equipment. Faulty and/or defective Phone Equipment may be returned within thirty (30) days from the purchase or ship date. Returned Phone Equipment may not be deemed as returnable if a determination has been made by Allied that the equipment is ineligible for return (e.g., physical damage, not in substantially the same condition as when it was delivered and received). In addition, if this SA is terminated for any reason, such termination is Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.) Customer’s termination liability shall include any amounts due on the Phone Equipment which remains due to ALLIED. For equipment on an amortized payment plan, ALLIED reserves the right to include in the termination liability a processing fee.

9. E911 and Voice Services - Ordering Activity agrees and acknowledges that due to the unique nature of VoIP services (including, but not limited to mobility and portability of dial-tone service), there is a potential for inaccurate Ordering Activity provided physical address information, thus emergency E911 operator services cannot be provided to Ordering Activity by ALLIED with certainty. Additionally, if Ordering Activity uses a Private Branch Exchange (PBX) Key System or other multiline telephone system in connection with the Service provided by ALLIED. Ordering Activity is responsible for programming the telephone system to ensure that agencies receiving E911 emergency calls through the telephone system will receive appropriate information about the location of the caller. During a power outage at Ordering Activity location, normal phone service, including E911 calling, may not be available. ALLIED uses the termination address of Ordering Activity telephone service to identify Ordering Activity calling location for E911 calls/service. To ensure that E911 authorities receive Ordering Activity’s correct address, your ALLIED business telephone services should not be moved without advance notification to ALLIED. Ordering Activity must provide at least two (2) business days notice to ALLIED to move or relocate business telephone service. It can take up to two (2) business days for Ordering Activity’s new address to be updated in E911 systems.

a. Letter of Agency - The Letter of Agency executed in connection with this Attachment A shall be valid during the term of this Attachment A for all telephone lines purchased hereunder. Ordering Activity may purchase additional telephone lines under this Attachment A for the Service location(s) or additional location(s) at pricing provided in Contractor’s Schedule Contract.

b. Toll Fraud - Ordering Activity is responsible for ensuring that the Ordering Activity Premises Equipment (CPE) such as a PBX Key System or other multiline telephone system, provisioned on the Ordering Activity’s network is protected from fraudulent or unauthorized access. The Ordering Activity is responsible for payment of all charges on Ordering Activity’s monthly billing statement, including any charges resulting from fraudulent or unauthorized access to any CPE. Ordering Activity agrees to notify ALLIED promptly if it becomes aware of any fraudulent or unauthorized use of its account, Service, or equipment. ALLIED shall not be liable for any damages whatever resulting from fraudulent or unauthorized use of Ordering Activity’s account and the payment of all charges to Ordering Activity’s account shall be and remain the responsibility of Ordering Activity.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Appian Corporation (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable diligence and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-Of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

   j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

   k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
l) Contractor Indemnities. All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) Renewals. All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) Future Fees or Penalties. All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) Taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) Third Party Terms. When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) Dispute Resolution and Standing. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) Advertisements and Endorsements. Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) Alternate Dispute Resolution. The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) Ownership of Derivative Works. Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICE LIST INFORMATION AND TERMS
APPIAN CORPORATION

A. APPIAN CORPORATION LICENSE, WARRANTY AND SUPPORT TERMS

1. DEFINITIONS: The terms in this Section 1 and any other capitalized terms defined in the other sections of this Agreement have the meanings stated.

   a. “Agreement” means these Attachment A terms and conditions and the attached schedules.
   c. “Appian Software” means an object code version of the software application, the Documentation and all updates, new versions, enhancements and corrections to the Appian Software received by Ordering Activity under this Agreement.
   d. “Contractor” means EC America, Inc.
   e. “Correction” means, without limitation, workarounds, support releases, component replacements, patches and/or Documentation changes, as Appian deems reasonably appropriate.
   f. “Ordering Activity” means Ordering Activity, Subscriber or End User identified in the applicable Order who receives a licenses and/or services under this Agreement.
   g. “Documentation” means the specifications, use case scenarios and instructions for the proper use of the Appian Software provided under the documentation section of the Appian Forum website, https://forum.appian.com or other URL as notified to Ordering Activity in writing from time to time and provided for informational purposes only.
   h. “Maintenance Services” is as defined in Section A(3) below.
   i. “User” means an employee, subcontractor or consultant of Ordering Activity, who (i) is compliant with the terms herein, and (ii) has an active user account in the Appian Software allowing him/her to authenticate into the Appian Software.
   j. “Order” means a purchase order from Ordering Activity.
   k. “Party” means, individually, Ordering Activity or Contractor, and “Parties” means Ordering Activity and Contractor, collectively.
   l. “Release” means a new version of the Appian Software identified by a decimal point move in the version number in the tenths place (e.g. 5.1 to 5.2). In the event of a full integer move in the version number (e.g. 5.7 to 6.0), the new integer number (6.0) will be considered the current Release.
   m. “Training” is as defined in Section A(5) of this Agreement.

2. SOFTWARE LICENSE GRANT:

   a. General. Subject to Ordering Activity’s compliance with the terms herein and payment of a corresponding sublicense fee, the Contractor through Appian grants Ordering Activity a personal, non-transferable, non-exclusive license, without right of sublicense, to allow certain access and use of the Appian Software, as more particularly described in this Agreement and in the applicable Order.

      If the applicable Order does not restrict the purposes for which Ordering Activity can use the Appian Software, Ordering Activity is authorized to use the Appian Software for its general business purposes, subject to this Agreement. Appian software is licensed based on the following subscription types:

      Application Specific User Subscription. An Application Specific User Subscription allows a specific User to access and use the Appian Software an unlimited number of times during the Subscription Period solely to use the application identified in the line item above.

      Enterprise User Subscription. An Enterprise User Subscription allows a specific User to access and use the Appian Software an unlimited number of times during the Subscription Period. Enterprise User Subscriptions may be reassigned from time to time to new Users who are replacing former Users who have terminated employment or who have otherwise changed job status or function and no longer use the Cloud Offering.

   b. License Administrator. The Ordering Activity employee listed in the applicable Order (the “License Administrator”) is responsible for configuring the Appian Software to authorize Users to access and use the Appian Software. Ordering Activity may change its License Administrator to another Ordering Activity employee, provided one of Ordering Activity’s Maintenance Services contacts, as defined in Section A(3)(b) of this Agreement first submits the name of Ordering Activity’s new License Administrator to Appian’s online technical support case management system.

   c. Copies of the Appian Software. Ordering Activity may make a reasonable number of copies of the Appian Software as necessary for Ordering Activity to use the licenses purchased under this Agreement, subject to the restrictions of FAR 52.227-14. All proprietary and restricted rights notices shall be reproduced on such copies, and all copies are subject to this Agreement.

Third Party Hosting. Ordering Activity may operate the Appian Software at a third party co-location facility, provided...
Ordering Activity: (i) notifies Appian of the address and name of the entity operating the co-location facility ("Hosting Entity"), (ii) authorizes Appian to share the name and address of the Hosting Entity with Appian’s licensors, and (iii) Ordering Activity and the Hosting Entity enter into a written agreement in which the Hosting Entity agrees: (I) to store and/or load the Appian Software only on computers and media that are reasonably secure from unauthorized access, (II) only to operate the Appian Software to make it available to Ordering Activity over the Internet or other transmission medium and not for any other purpose, and (III) not to attempt to reverse engineer, disassemble, decompile or otherwise attempt to derive the source code from the Appian Software.

d. License Keys. Ordering Activity must provide Contractor with the following information for every Ordering Activity Computer, and, if applicable, for every computer used by a Hosting Entity, to operate the Appian Software: (i) a fully qualified domain name (FQDN) owned by Ordering Activity, (ii) the operating system, and (iii) the number of CPUs. A CPU is a single central processing unit, and each core of a multi-core processing unit shall equal one CPU. Appian will use this information to develop a license key and/or enabling code ("License Key") that will allow the Appian Software to operate only on computers matching the information supplied by the Ordering Activity, domain name, operating system and CPU cores. The License Key will allow Ordering Activity to use the Appian Software up to the number and type of licenses purchased.

e. Deleted.

f. Restrictions.

(i) General. Ordering Activity may not reverse engineer, decompile (or otherwise attempt to access or determine the source code of the Software), in addition, except as expressly set forth in this Agreement, Ordering activity may not, modify, adapt or prepare any derivative works from the Appian Software, or any part thereof, nor allow, permit or assist any third party to do any of the foregoing (except to the extent any of the foregoing are permitted by the licensing terms governing use of any open sourced components included with the Appian Software). Ordering Activity agrees not to modify or tamper with the License Key or to attempt to manipulate the number of licenses counted by the License Key. Ordering Activity may only install the Software on servers owned (or leased by Ordering Activity) or the servers of Ordering Activity’s third party infrastructure as a service providers (collectively referred to as “Authorized Servers”).

In addition, Ordering Activity may not:

• (I) re-distribute or sublicense the Appian Software, or any part thereof, to any third party;
• (II) create Internet “links” to the Appian Software or “frame” or “mirror” any content available on the Appian Software on any other server or wireless Internet-based device,
• (III) operate the Appian Software on a service bureau basis, or
• (IV) allow, assist or permit any third party to do any of the foregoing.

(ii) Permitted Usage. Ordering Activity is authorized to use the Appian Software for its general business purposes, subject to the terms and conditions of this Agreement. Ordering Activity acknowledges that the Appian Software is not designed to be used in circumstances in which errors or inaccuracies in the content, functionality, services, data or information provided by the Appian Software or the failure of the Appian Software, could lead to death, personal injury, or severe physical or environmental damage. Ordering Activity agrees not to use the Appian Software for any such purpose.

(iii) User Accounts. Only the identified individual associated with a particular User account can access the Appian Software, or the data therein, using that account. Without limiting the generality of the foregoing, this means that User accounts may not be: (I) shared amongst individuals or (II) used to provide access to the Appian Software, or the data therein, to individuals who are not the individual associated with the corresponding Named User account. In addition, Ordering Activity may not activate and de-activate User accounts on a daily or other regular basis in order to circumvent the restrictions set forth herein. User licenses may be reassigned from time to time to new users who are replacing former users who have terminated employment or who have otherwise changed job status or function and no longer use the Appian Software.

(iv) Use by Users. Ordering Activity shall limit access to the Appian Software to its Users (a) who have a need to know the Appian Software in the normal course of their duties with Ordering Activity, and (b) who are subject to binding confidentiality obligations with the Ordering Activity. Ordering Activity is responsible for ensuring that any User complies with this Agreement.

(vi) Use by Term Users. A User license allows a specific named user to access the Appian Software an unlimited number of times during the subscription term specified in the Order. The term shall commence as of the date of the corresponding Order. During this period, Ordering Activity shall receive (I) a license to allow the number of Users listed in the corresponding Order to use the Appian Software in accordance with this Agreement, and (II) associated standard Maintenance Services.

Licensors. The Appian Software contains software licensed to Contractor from certain third party licensors ("Third Party Licensors"). Any warranty provided in connection with the Appian Software, if any, is from Contractor, not the Third Party Licensors, and the Third Party Licensors make no warranty to Ordering Activity in connection with the Appian Software, including the implied warranties of merchantability or fitness for a particular purpose. To the extent permitted under applicable law, the Third Party Licensors are not liable for any damages of any kind resulting from Ordering Activity’s use of the Appian Software, including without limitation, direct, indirect, consequential, incidental, and special damages.

(vii) Rights and Obligations upon Termination. Upon the termination of Ordering Activity’s license, Ordering Activity must cease using the Appian Software and the Appian Community Website. Within five (5) business days after such termination, Ordering Activity must return to Contractor all originals and all copies of the Appian Software in Ordering Activity’s care, custody or control. Ordering Activity will certify to Contractor that it has complied with the foregoing requirements. The foregoing obligations apply to copies of the Appian Software in all forms, partial and complete, in all types of media and computer memory, and whether or not modified or combined with other materials.

(viii) Usage. If Ordering Activity exceeds the number of licensed Users set forth in the effective Order, Contractor will invoice Ordering Activity for the excessive use and Ordering Activity will pay the invoice within thirty (30) days of the invoice receipt date. Ordering Activity shall
either discontinue the excessive use, or Ordering Activity may purchase such additional User subscriptions necessary to bring Ordering Activity into compliance for the remainder of the term of Ordering Activity’s current subscription. Such additional User subscriptions shall be at Contractor’s current GSA Schedule list fees for Appian, irrespective of any discounts offered to Ordering Activity in any Order Form.

g. Intellectual Property Rights. The Appian Software is Commercial computer software provided pursuant to FAR12.212. This includes all software minor modifications of a type typically delivered to commercial customers (enhancements). Any non software deliverables provided under this Agreement containing Appian’s copyrighted material is provided as Limited rights data specified in FAR 52.227-14. The Appian Software and other Appian copyright material provided under this Agreement is licensed to the Ordering Activity, not sold. All rights in the Appian Software or other Appian copyrighted material not provided to Ordering Activity under this Agreement are expressly retained by Appian and its licensors.

3. MAINTENANCE AND SUPPORT SERVICES:

Subject to the terms and conditions of this Agreement, including without limitation Ordering Activity paying the Contractor the required Maintenance Services fee, Contractor shall make available to Ordering Activity the services described in this Section 3 (the “Maintenance Services”) during the period set forth in the applicable Order.

a. Technical Support. Appian shall provide Technical Support to allow Ordering Activity’s Maintenance Services contacts to report problems and to seek assistance regarding the Ordering Activity’s use of the Appian Software. Ordering Activity shall designate Ordering Activity employees to coordinate Ordering Activity’s requests for Maintenance Services (“Maintenance Services contacts”). Ordering Activity shall email support@appian.com with Ordering Activity’s Maintenance Services contacts promptly on or after the Effective Date. Ordering Activity may change its Maintenance Services contacts using Appian’s case management system, (https://community.appian.com/support/ or other URL as notified to Ordering Activity in writing from time to time), by telephone using Appian’s authorized technical support phone line, (703) 442-1066 (or such other number that Appian may provide to Ordering Activity from time-to-time), or using any other means that Appian may authorize from time-to-time. Appian shall return support requests within a commercially reasonable time after receipt. Ordering Activity’s Maintenance Services contacts may track Technical Support requests using Appian's case management system. Ordering Activity’s Maintenance Services contacts must be reasonably familiar with the Appian Software to facilitate discussions with Appian’s Maintenance Services staff. Technical Support is provided on the two (2) most recent Releases; provided, however, that Appian shall continue supporting the third most recent Release for a reasonable period sufficient to allow Ordering Activity to implement the newest Releases.

b. Response Times. Appian will be deemed to have responded to an Issue once it responds that it has received the Issue during business hours (an automated email response shall not count as a response). Business hours are 8:00 a.m. to 8:00 p.m. (ET), Monday through Friday, excluding Appian holidays.

Priority Definitions.
A Priority 1 Issue occurs when the Appian Software is down in a production setting and no workaround exists, or the workaround is not feasible to implement due to the impact on Ordering Activity’s business.

Priority 2 Issue occurs when Users are unable to operate the Core Functionality on a production instance of the Appian Software using the User’s then current username and password. Core Functionality means the ability using the Appian Software to: (i) load a designer interface; (ii) publish a generic process; (iii) launch a generic process (including accepting a generic task and entering a generic form); (iv) access a generic dashboard; or (v) run a generic report.

Priority 3 Issue occurs when a production instance is negatively affected, but it is not a Priority 1 or 2.

All other issues are Priority 4.

c. **Defect Correction.** When Ordering Activity reports a suspected Defect in the Appian Software to Appian, Appian shall attempt to recreate the suspected Defect based upon information provided by Ordering Activity. If the Defect is confirmed, Appian shall use commercially reasonable efforts to provide Ordering Activity with a Correction. For the purpose herein, a “Defect” is a failure of the Appian Software used by Ordering Activity to operate substantially in accordance with the then current Documentation. Appian is responsible for correcting Defects in only the most recent Release of the Appian Software; provided however, that Appian shall continue supporting the immediately preceding Release for a reasonable period sufficient to allow Ordering Activity to implement the newest Release. Ordering Activity must implement all Corrections within a reasonable time of receipt.

d. **Updates.** Contractor through Appian will promptly make available to Ordering Activity all updates, enhancements and corrections to the Appian Software generally released by Appian to its other licensees who have purchased maintenance services for the Appian Software, including all relevant documentation (“Maintenance Releases”). Neither Contractor nor Appian is obligated to provide installation, implementation or testing services in connection with the Maintenance Releases. Maintenance Releases are part of the Appian Software and subject to this Agreement. Contractor through Appian is not obligated to release a Maintenance Release during any particular Maintenance Services term.

Appian Community Website. Appian shall provide Ordering Activity with reasonable access to appropriate areas of Appian’s community website, currently named Appian Forum and located at [https://community.appian.com](https://community.appian.com). This website provides Ordering Activity with access to the Appian Software, Maintenance Releases, online discussion forums and Documentation.

e. **Ordering Activity Obligations.** Ordering Activity shall cooperate with Appian’s reasonable requests in connection with providing the Maintenance Services, including, without limitation, by providing Appian with timely access to data, information and personnel of Ordering Activity. Ordering Activity is responsible for the accuracy and completeness of all data and information provided to Appian in connection with the Maintenance Services.

f. **Excluded Items.** Maintenance Services do not include on-site or in-person assistance or consultation, or extensive training that would normally be provided in formal training classes. In addition, Maintenance Services shall not include Technical Support (beyond an initial response) or Defect Correction to the extent required as a result of the following:

i. For on-premise licenses to the Appian Software, malfunction of the computer system and communications network on which Ordering Activity has installed and is using the Appian Software;

ii. Use of the Appian Software contrary to the terms of the then current Documentation;

iii. Modifications, enhancements or customizations of the Appian Software;

iv. Any use of the Appian Software in disregard of any known adverse consequences, including without limitation;

v. Ordering Activity’s failure to make appropriate backups or to follow warning messages and other written instructions.

g. **MAINTENANCE SERVICES FEE:**

Annual Subscription The Premier Maintenance Services fee for the initial term of Maintenance Services is the percentage of the underlying license fee set forth in the applicable Order (Maintenance Services Percentage). Standard Support is included in the price Subscription fee. Maintenance Services must be purchased on all User licenses for the initial Maintenance Services term.

(For the one (1) year period immediately following the effective date of the Order under which the licenses are purchased. Ordering Activity must purchase the same type of Maintenance Services (standard or premium) on all named User licenses. The Maintenance Services term for User licenses shall renew if agreed upon by the Parties. If Ordering Activity discontinues the Maintenance Services for User licenses at any time, the reinstatement shall be subject to a fee equal to 100% of the then current Maintenance Services fee under the GSA Schedule Contract multiplied by the number of years or any part thereof during which the Maintenance Services were discontinued. Maintenance Services renewals must be exercised on an all or nothing basis (Ordering Activity may not renew Maintenance Services on only a portion of its User licenses). The annual Maintenance Services fee for any renewal shall equal the then current GSA list price.

h. **SERVICES:**

a. **TRAINING**

Ordering Activity may purchase Appian’s standard training courses, as described on Appian’s website, [www.appian.com/training](http://www.appian.com/training) (“Training”). Training is offered at Appian’s headquarters, in Reston, Virginia or at Ordering Activity’s location.

i. Training at Appian Headquarters. Training offered at Appian’s headquarters is available at the times listed in Appian’s course calendar, also available on Appian’s website, and is subject to space availability. Ordering Activity must order the number of corresponding Training Credits published for the selected course. Ordering Activities must order one (1) Training Credit for each student per day of Training. If the Ordering Activity purchases unique training, additional charges may apply for course development, course materials, etc. Additional terms associated with the Ordering Activity’s purchase of Training are contained in Schedule 1 of this Agreement, which is hereby incorporated by reference.

Training at Ordering Activity Facility. Training offered at Ordering Activity’s location will be provided at a time mutually agreed upon between the Parties. Ordering Activity must order one (1) Training Day for each day of Training, provided the maximum number of students for each Training class at the Ordering Activity’s site will not exceed eight (8) students, unless additional student attendance is purchased up to a maximum of twelve (12) students per class. Travel and per diem fees for Appian training personnel are not included in the Training fee and will be quoted as part of Appian’s associated proposal. The allow-ability of such travel and per diem fees shall be in accordance with the Federal Travel Regulations. Additional terms associated with the Ordering Activity’s purchase of Training is contained in Schedule 1 of this Agreement, which is hereby incorporated by reference.

b. ELITE SERVICES --- Reserved

i. LIMITED WARRANTY AND DISCLAIMER:

i. Appian Software. Subject to the limitations set forth below, for a period of forty-five (45) calendar days following the date on which the Ordering Activity receives a License Key for the initial installation of the Appian Software (the “Warranty Period”), Contractor warrants that the Appian Software will operate in substantial conformance with its then current Documentation. If Ordering Activity notifies Contractor of a breach of this warranty during the Warranty Period, Contractor through Appian will attempt to recreate the reported issue based upon information provided by the Ordering Activity. If Contractor or Appian is able to recreate the issue, Contractor’s obligation and Ordering Activity’s remedy is for Contractor to use commercially reasonable efforts to provide Ordering Activity with a Correction at no additional cost. If Contractor is unable to provide a Correction within a commercially reasonable time after Contractor reproduces the warranty issue, Contractor shall refund to Ordering Activity the amounts Ordering Activity paid for the non-conforming Appian Software, including any prepaid and unearned Maintenance Services fees. Notwithstanding the foregoing, Contractor is not liable for any alleged breach of this warranty caused by (i) failures due to Ordering Activity supplied computers or the operating environment on which the Appian Software resides, (ii) problems due to Ordering Activity’s failure to implement currently available updates or upgrades, (iii) failures due to modifications or alterations of the Appian Software, (iv) Ordering Activity using the Appian Software contrary to the then current Documentation, or (v) Ordering Activity combining the Appian Software with materials, hardware or data not contemplated by the parties or approved by Appian, in writing.

ii. Maintenance Services, Training and Elite Services. Subject to the limitations set forth below, Contractor warrants that it shall perform through Appian the Training, Elite Services and Maintenance Services, as applicable, in a professional and workmanlike manner consistent with prevailing industry practices. In the event of a breach of this warranty, Contractor’s obligation and Ordering Activity’s remedy is for Contractor through Appian to use commercially reasonable efforts to re-perform the applicable Training, Elite Services or Maintenance Services, as appropriate, at no additional cost. If Contractor is unable to re-perform the applicable Training, Elite Services or Maintenance Services, within a commercially reasonable time after Ordering Activity notifies Contractor of the corresponding breach of this warranty, Contractor shall refund to Ordering Activity the amount of any license fees paid for the defective Training, Elite Services or Maintenance Services, as the case may be. Ordering Activity must notify Contractor of any breach of this warranty, in writing, within five (5) business days after the defective Training, Elite Services or Maintenance Services, as applicable, are provided to Ordering Activity.

iii. Warranty Disclaimer. THE FOREGOING WARRANTIES ARE THE ONLY EXPRESS WARRANTIES PROVIDED BY CONTRACTOR IN CONNECTION WITH THE APPIAN SOFTWARE, TRAINING, ELITE SERVICES AND MAINTENANCE SERVICES. CONTRACTOR EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESSED, STATUTORY OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND ANY AND ALL WARRANTIES IMPLIED FROM CUSTOM, USAGE IN TRADE OR COURSE OF DEALING. THE APPIAN SOFTWARE, TRAINING, ELITE SERVICES AND MAINTENANCE SERVICES ARE PROVIDED “AS IS” WITH ALL FAULTS AND THE ENTIRE RISK AS TO SATISFACTION, QUALITY, PERFORMANCE, ACCURACY, AND EFFORT IS WITH ORDERING ACTIVITY. ORDERING ACTIVITY ACKNOWLEDGES THAT THERE IS NO WARRANTY AGAINST INTERFERENCE WITH ENJOYMENT OR INFRINGEMENT IN CONNECTION WITH THE APPIAN SOFTWARE, TRAINING, ELITE SERVICES OR MAINTENANCE SERVICES. CONTRACTOR DOES NOT WARRANT THAT THE APPIAN SOFTWARE IS FREE FROM ERROR OR WILL FUNCTION WITHOUT INTERRUPTION.

j. LIMITATION OF LIABILITY

i) Exclusion of Consequential Damages. EXCEPT FOR A) A CLAIM OF IP INFRINGEMENT HEREUNDER, OR B) AS PROVIDED IN 7.(III) BELOW, IN NO EVENT SHALL CONTRACTOR BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES, INCLUDING WITHOUT LIMITATION DAMAGES FOR LOSS OF PROFITS, DATA OR USE, IN ANY FORM WHETHER IN CONTRACT OR TORT, EVEN IF THE OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES PROVIDED HOWEVER, THAT IN THE EVENT ORDERING ACTIVITY MAKES UNAUTHORIZED COPIES OF THE SOFTWARE, CONTRACTOR SHALL BE ENTITLED TO RECOVER THE FULL AMOUNT OF ANY LICENSE FEES THAT WOULD RELATE TO SUCH COPIES.

ii) LIMITATION OF DIRECT DAMAGES. EXCEPT FOR A) A CLAIM OF IP INFRINGEMENT HEREUNDER, OR B) AS PROVIDED IN 7.(III) BELOW, THE AGGREGATE AND CUMULATIVE LIABILITY OF CONTRACTOR AND LICENSORS FOR DAMAGES HEREUNDER SHALL IN NO EVENT EXCEED THE AMOUNT OF FEES PAID BY ORDERING ACTIVITY UNDER THE ORDER GIVING RISE TO SUCH LIABILITY, AND IF SUCH DAMAGES RELATE TO PARTICULAR SOFTWARE, TRAINING, ELITE SERVICES OR MAINTENANCE SERVICES, SUCH LIABILITY SHALL BE LIMITED TO FEES PAID FOR THE RELEVANT SOFTWARE, TRAINING, ELITE SERVICES OR MAINTENANCE SERVICES GIVING RISE TO THE LIABILITY.

iii) Non-Applicability to Statutory or Regulatory Rights. Nothing herein shall operate to impair or prejudice the U.S. Government’s right (a) to recover for fraud or crimes arising out of or relating to this Agreement under any Federal fraud statute, including without limitation the False Claims Act (31 USC §§3729 through 3733), or (b) to express remedies provided under any FAR, GSAR or Schedule 70 solicitation clauses incorporated into this contract, including without limitation the GSAR 552.21572 Price Adjustment

k. INTELLECTUAL PROPERTY INFRINGEMENT

i) If a third party makes a claim against Ordering Activity that the Appian Software directly infringes any patent, copyright, or trademark or misappropriates any trade secret ("IP Claim"), Contractor will to the extent permitted by 28 U.S.C. 516 (i) assist in defending Ordering Activity against the IP Claim at Contractor's cost and expense, and (ii) pay all costs, damages and expenses (including reasonable legal fees) finally awarded against Ordering Activity by a court of competent jurisdiction or agreed to in a written settlement agreement signed by Contractor arising out of such IP Claim; provided that: (I) Ordering Activity promptly notifies Contractor in writing no later than sixty (60) days after Ordering Activity's receipt of notification of a potential claim and (II) Ordering Activity provides Contractor, at Contractor's request and expense, with the assistance, information and authority necessary to perform Contractor's obligations under this Section. Notwithstanding the foregoing, Contractor shall have no liability for any claim of infringement based on (I) the use of a superseded or altered release of the Appian Software if the infringement would have been avoided by the use of a current unaltered release of the Appian Software, (II) the modification of the Appian Software, (III) the use of the Appian Software other than in accordance with the then current Documentation or this Agreement, or (IV) any materials or information provided to Contractor by Ordering Activity, for which Ordering Activity shall be solely responsible.

ii. If the Appian Software is held to infringe or are believed by Contractor to infringe, Contractor shall have the option, at its expense, to (i) replace or modify the Appian Software to be non-infringing, or (ii) obtain for Ordering Activity a license to continue using the Appian Software. If it is not commercially reasonable to perform either of the foregoing options, then Contractor may terminate the license for the infringing Appian Software and refund the license fees paid for the Appian Software upon return of the Appian Software by Ordering Activity. This section states Contractor's entire liability and Ordering Activity's exclusive remedy for any claim of infringement; provided, however, if the license is for a cloud subscription described in Section B of this Agreement, then Appian shall only refund to Ordering Activity those license fees that were pre-paid and unearned at the time Appian terminates the license.

CLOUD SUBSCRIPTION AGREEMENT

1. DEFINITIONS The terms defined in this Section 1 and any other capitalized terms defined in the other sections of this Cloud Subscription Agreement have the meanings stated.

1.1 “Agreement” means, collectively, this Cloud Subscription Agreement and any Order Forms.

1.2 “Cloud Offering” means Appian's baseline software (including all updates and enhancements to the same that Appian provides under section 4 of this Cloud Subscription Agreement), the Documentation, and the information technology infrastructure used to make Appian's software available to Subscriber over the Internet.

1.3 “Data” means the data, information or material that Subscriber or its Users submit to the Cloud Offering under this Agreement. Data shall not include anything initially provided to Subscriber by Appian.

1.4 “Documentation” means the contents provided under the documentation section of the Appian Community website, https://docs.appian.com, or other URL as notified to the Subscriber in writing from time to time.

1.5 “Order Form” means one or more order forms signed by the Parties or the purchase order issued by an Ordering Activity and accepted by the GSA Schedule-holder Contractor.

1.6 “User” means an employee, contractor or subcontractor of Subscriber who has a user account in the Cloud Offering allowing him/her to authenticate into the Cloud Offering.

2. SUBSCRIPTION

2.1 License. During the term of the subscriptions that Subscriber purchases, Appian grants Subscriber a non-transferable, nonexclusive license to access the Cloud Offering via a username and password over the Internet. Subscriber may use the licenses purchased under this Agreement for Subscriber's general business purposes, unless the applicable Order Form restricts Subscriber's use to a particular application, in which case Subscriber may only use the Cloud Offering in connection with the specified application.

2.2 Restrictions. Except to the extent expressly authorized in this Agreement or in the Documentation, Subscriber may not: (i) reverse engineer, disassemble, decompile or otherwise attempt to access or determine the source code of the Cloud Offering, (ii) operate the Cloud Offering for use by third parties or otherwise operate the Cloud Offering on a service bureau basis, (iii) modify, copy, reproduce or create a derivative from the Cloud Offering, in whole or in part, or (iv) allow, permit or assist any party to do any of the foregoing. In addition, unless expressly authorized by Appian in the applicable Order Form, Subscriber agrees not to use the Cloud Offering in circumstances in which errors or inaccuracies in the content, functionality, services, data or information provided by the Cloud Offering or the failure of the Cloud Offering, could lead to death, personal injury, or severe physical or environmental damage.

2.3 Users Accounts. Only the identified individual associated with a particular User account can access the Cloud Offering using that account. User accounts may not be shared among individuals, or used to provide access to the Cloud Offering to individuals who are not the individual associated with the corresponding User account. Subscriber may not activate and de-activate User accounts on a daily or other regular basis in order to circumvent license restrictions. To the extent that Subscriber configures Appian's software to be accessed or used through a separate system or interface (e.g. “headless”), users of the Appian software through such separate system or interface must be licensed under this Agreement, regardless of whether such person has an Appian User account or authenticates into the Cloud Offering. If Subscriber exceeds the number of licensed Users set forth in the effective Order Form(s), Appian will invoice Subscriber for the excessive use and Subscriber will pay the invoice within thirty (30) days of the invoice receipt date. Subscriber shall either discontinue the excessive use, or Subscriber may purchase such additional User subscriptions necessary to bring Subscriber into compliance for the remainder of the term of Subscriber's current subscription. Such additional User subscriptions shall be at Appian’s current GSA Schedule list fees irrespective of any discounts offered to Subscriber in any Order Form.

2.4 Subscriber Responsibilities. Subscriber must use the Cloud Offering in accordance with all applicable laws. Subscriber is responsible for the password security of User accounts and the level of access granted to an individual User by Subscriber’s Cloud Offering administrators, as well as any other security configurations set by Subscriber. Subscriber is responsible for any violation of this Agreement by its Users. Subscriber shall promptly report to Appian any copying or distribution of the Cloud Offering in violation of this Agreement that is known or suspected by Subscriber and provide Appian with reasonable assistance to stop such violation.
2.5 **Security.** Appian will maintain an annual Service Organization Control (SOC) Report (or other similar or replacement report as the industry adopts) in connection with the Cloud Offering ("SOC Report"). Subject to agreed upon usage terms, Appian will provide Subscriber with Appian’s then current SOC Report. During the term of this Cloud Subscription Agreement, Appian will maintain such security measures identified in the then current SOC Report or, if Appian determines that more effective measures should be implemented, apply such replacement security measures. Subscriber may perform security testing with respect to the Cloud Offering, but only with Appian’s prior written consent, not to be unreasonably withheld.

2.6 **Intellectual Property Rights.** The Cloud Offering and all intellectual property rights therein are licensed to Subscriber, not sold. All rights in the Cloud Offering not provided to Subscriber under this Agreement are retained by Appian and its licensors.

3. **DATA** As between the Parties, the Data belongs to Subscriber. Subscriber is responsible for responding to any notices sent to Subscriber (or any User) by any third party claiming that the Data violates such party’s rights. Subscriber grants Appian a worldwide, irrevocable, royalty-free, nonexclusive, sublicensable right during the term of this Cloud Subscription Agreement to use the Data for the purposes of providing the Cloud Offering to Subscriber. Appian shall backup the Data on a nightly basis. The Data shall be retained for at least twenty eight (28) calendar days.

4. **MAINTENANCE SERVICES**

4.1 **Maintenance Services.** Appian shall provide Subscriber with the following maintenance services (“Maintenance Services”) during the term of the Subscriber's subscription to the Cloud Offering:

   a. **Updates.** Appian will install the upgrades and patches to the Cloud Offering that become available.

   b. **Technical Support.** Subscriber shall designate up to two (2) Subscriber employees to coordinate Subscriber’s requests for Maintenance Services. Subscriber’s Maintenance Services contacts may report problems and seek assistance regarding Subscriber’s use of the Cloud Offering using Appian’s online technical support case management system, by telephone using Appian’s authorized technical support phone line, or using any other means that Appian may authorize from time-to-time. Subscriber’s Maintenance Services contacts may track Technical Support requests using Appian’s case management system. Subscriber shall email support@appian.com with Subscriber’s Maintenance Services contacts promptly on or after the Effective Date. Subscriber may change its Maintenance Services contacts using Appian’s case management system.

4.2 **Remote Maintenance Only.** Maintenance Services do not include on-site or in-person assistance or consultation, or training that would normally be provided in formal training classes.

4.3 **Scheduled Maintenance.** Appian may specify up to a contiguous four (4) hour period during off peak hours when the Cloud Offering will not be available and during which Appian can provide any needed maintenance. Appian will use reasonable efforts to provide one week prior notice of all scheduled maintenance periods, provided that Appian may without prior notice suspend the Cloud Offering to install emergency patches or other urgent corrective measures.

5. **RESERVED.

6. **RESERVED.

7. **RESERVED.

8. **LIMITED WARRANTIES AND DISCLAIMERS**

8.1 **Service Level Agreement.** Appian shall provide the Service Level Agreement attached to this Cloud Subscription Agreement as Schedule 1 in connection with the Cloud Offering.

8.2 **Virus.** Prior to delivery of the Cloud Offering to Subscriber, Appian will first scan the same using commercially available up to date virus detection software, and will remediate any issue discovered by such software.

8.3 **Limited Warranty, Disclaimer.** APPIAN WARRANTS THAT THE CLOUD OFFERING WILL, FOR THE TERM OF A SUBSCRIPTION PERFORM SUBSTANTIALLY IN ACCORDANCE WITH APPIAN CLOUD SERVICE LEVEL AGREEMENT. Subject to the limitations set forth below, Appian warrants that it shall perform the Maintenance Services in a professional and workmanlike manner consistent with prevailing industry practices. In the event of a breach of this warranty Appian shall, as Customer’s exclusive remedy, use commercially reasonable efforts to re-perform the non-conforming Professional Services as soon as reasonably practicable, and at no additional cost to Customer. Customer must notify Appian of any breach of this maintenance service warranty in writing within five (5) business days after the non-conforming services are provided to Customer.

EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, THE WARRANTIES SET FORTH IN THIS AGREEMENT ARE THE ONLY WARRANTIES PROVIDED IN CONNECTION WITH THE CLOUD OFFERING AND MAINTENANCE SERVICES. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, ALL OTHER WARRANTIES ARE DISCLAIMED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

9. **LIMITATION OF LIABILITY** IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER UNDER ANY CAUSE OR ACTION (INCLUDING CONTRACT, NEGLIGENCE, TORT OR STRICT LIABILITY) ARISING FROM OR OUT OF THIS AGREEMENT FOR (a) ANY CONSEQUENTIAL, SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE OR EXEMPLARY DAMAGES OF ANY KIND, INCLUDING BUT NOT LIMITED TO LOST PROFITS, AND (b) AGGREGATE LIABILITY OF GREATER THAN THE FEES ACTUALLY PAID BY SUBSCRIBER UNDER THIS PURCHASE ORDER.

OBLIGATIONS UNDER SECTION 10 OF THIS CLOUD SUBSCRIPTION AGREEMENT AND SUBSCRIBER’S OBLIGATION TO MAKE PAYMENTS AS DUE SHALL NOT BE SUBJECT TO THE LIMITATION SET FORTH IN 9(b) ABOVE. IN ADDITION, DAMAGES ASSOCIATED WITH EITHER PARTY VIOLATING THE INTELLECTUAL PROPERTY RIGHTS OF THE OTHER PARTY, SHALL NOT BE SUBJECT TO THE LIMITATION SET FORTH IN SECTIONS 9(a) OR 9(b) ABOVE. THE LIMITATIONS SET FORTH IN THIS SECTION ARE INDEPENDENT OF ANY LIMITED REMEDY SET FORTH HEREIN, SHALL APPLY WHETHER OR NOT A PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND SHALL APPLY NOTWITHSTANDING THE FAILURE OF THE ESSENTIAL PURPOSE OF ANY LIMITED REMEDY. THE FOREGOING LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM LICENSOR’S NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

10. **RESERVED.

11. **RESERVED.

12. **GENERAL**

12.1 **RESERVED.**
12.2 Relationship. This Agreement does not create a joint venture, partnership, employment, or agency relationship.

12.3 Marketing. To the extent permitted by GSAR 552.203-71, and with the Subscriber’s prior written consent, (a) Appian may publicly identify Subscriber as an Appian customer and uses its logo on Appian’s website and in presentations to current or prospective customers or investors; (b) Appian may issue a mutually agreed upon press release announcing Subscriber’s status as an Appian customer; (c) reserved; and (d) upon successful launch of an application in the Cloud Offering, Appian may record and produce a video concerning Subscriber’s use of Appian for such application, which may be distributed via Appian.com.

12.4 Severability. If any provision of this Agreement is found unenforceable, it and any related provisions will be interpreted to best accomplish the unenforceable provision’s essential purpose.

12.5 Waiver. The waiver by either Party of a breach or right under this Agreement will not constitute a waiver of any other or subsequent breach or right.

12.6 RESERVED.

12.7 RESERVED.

12.8 Force Majeure. Excusable delays shall be governed by FAR 52.212-4(f).

12.9 RESERVED.

12.10 Survival. Provisions herein which by their nature extend beyond the termination of this Agreement shall remain in effect until fulfilled.

Appian Cloud
Service Level Agreement

1. DEFINITIONS - The terms defined in this Section 1 as well as terms defined in the Cloud Subscription Agreement (or similar master terms and conditions) agreed to between the parties (the “Agreement”) are applicable to this Service Level Agreement. Subscriber’s level of Service (Standard or Premier) will be identified in Subscriber’s Order Form.

a. Core Functionality means the ability to use the Cloud Offering to: (i) load a designer interface; (ii) publish a generic process; (iii) launch a generic process (including accepting a generic task and entering a generic form); (iv) access a generic dashboard; or (v) run a generic report.

b. Correction means, without limitation, workarounds, support releases, component replacements, patches and/or documentation changes, as Appian deems reasonably appropriate.

c. High Availability - High Availability means that Subscriber’s production instance of the Cloud Offering will be provided simultaneously through three Availability Zones without a single point of failure. (Appian’s standard Cloud Offering provides service through a single Availability Zone only.) Each Availability Zone will be located in the Subscriber’s selected region. Appian will maintain such servers and storages necessary to keep up to date with Subscriber’s applications and data in order to operate Subscriber’s Cloud Offering in such three Availability Zones. As a part of the High Availability Offering, Appian will provide Subscriber with a Recovery Point Objective (RPO) of 1 minute and a Recovery Time Objective (RTO) of 15 minutes. RPO means that the Subscriber data restored to the High Availability Cloud Offering will be no older than 1 minute prior to the event that led to the Cloud Offering no longer writing data to the High Availability database servers. RTO means that the High Availability Cloud Offering will be unavailable for no longer than 15 minutes in the event of unscheduled unavailability of the Cloud Offering for any reason within the control of Appian or Appian’s service providers. Appian’s exclusive obligation and Subscriber sole remedy for any failure by Appian to meet the RTO or RPO in a month will be Subscriber’s right to a 100% Service Credit against the Premier Support (including High Availability for Production) fees payable for that month.

d. Issue means, collectively, a Priority 1, Priority 2, Priority 3 or Priority 4 Issue.

   i. Priority 1 Issue means a User is unable to access the login page on a production instance of the Cloud Offering using the User’s then current username and password.

   ii. Priority 2 Issue means a User is unable to operate the Core Functionality on a production instance of the Cloud Offering using the User’s then current username and password.

   iii. Priority 3 Issue means a functional feature of the Cloud Offering is impacted, but it is feasible to continue production/development, as the issue is not critical or a workaround is feasible.

   iv. Priority 4 Issue means all other issues which are not Priority 1, 2 or 3.

e. Proactive Guidance means advice from an Appian lead engineer on issues that may affect performance of Subscriber’s instance of the Cloud Offering.

2. SERVICE OBLIGATIONS - Appian’s service obligations are dependent on Subscriber’s level of Service, as set forth in the following chart:

<td>&lt;6 business hours</td>
</tr>
</tbody>
</table>

A. **Response Measurements** - Appian will use commercially reasonable efforts to respond to issues within the response times listed. A Priority 1 or 2 Issue shall be deemed reported, and Appian’s response time shall commence, once Subscriber reports the issue as a Priority 1 or 2 issue using Appian’s authorized telephone support number. A Priority 3 Issue or Priority 4 Issue shall be deemed reported, and Appian’s response period shall commence, once Subscriber reports the Priority 3 Issue or Priority 4 Issue using any authorized methods for requesting Technical Support. Appian will be deemed to have responded to an issue once it responds that it has received the issue (an automated email response shall not count as a response). Business hours are 8:00 a.m. to 8:00 p.m. (US ET), Monday through Friday, excluding Appian holidays.

B. **Availability** - Subject to the exclusions noted below, if in any given month Subscriber reports a Priority 1 or 2 Issue, and it takes Appian longer than the percentage of time occurring in the applicable month noted below (“Aggregate Availability”) to provide a corresponding Correction in
In accordance with the applicable Technical Support service hours, Appian will provide Subscriber with a credit of the percentage of the applicable monthly subscription fee in effect during the applicable month in the amount described below (each such credit is referred to as a “Service Credit”). The Aggregate Availability for Priority 1 Issues is calculated as 100 percent minus the quotient of the time required by Appian to provide Corrections for all Priority 1 Issues reported in a month, divided by the total number of minutes occurring in that month. Likewise, the Aggregate Availability for Priority 2 Issues is calculated as 100 percent minus the quotient of the time required by Appian to provide Corrections for all Priority 2 Issues reported in a month divided by the total number of minutes occurring in that month. The Service Credits are Appian’s exclusive obligation, and Subscriber’s sole remedy associated with any issues. A Priority 1 Issue may not be reported both as a Priority 1 and a Priority 2 Issue.

</tbody>
</table>

*Credit percentages are as a percentage of monthly applicable Subscription Fee. If the Subscription Fee for the Cloud Offering is paid other than monthly, the monthly subscription fee shall be calculated as the pro rata equivalent of one month of the subscription fee specified in the applicable Order Form.

c. **Requesting Service Credits** - Subscriber must request Service Credits, in writing, within 30 calendar days after Appian provides the corresponding Correction. Service Credits not requested within this time shall expire.

d. **Exclusions.** Issues caused by any of the following situations shall not trigger Appian’s obligations under this Service Level Agreement:

i. Any time the Cloud Offering is not available as a result of scheduled maintenance activities, Subscriber initiated maintenance or any other agreed-to scheduled downtime activity;

ii. Unavailability of or errors in the Cloud Offering due to the following, to the extent developed by or incorporated by Subscriber or its agents: (I) modifications or plug-ins to the Cloud Offering, or (II) unsupported programming, unsupported integrations or malicious activities;

iii. Unavailability of or errors in the Cloud Offering as a result of Subscriber using the Cloud Offering contrary to the then current Documentation;

iv. Events outside Appian’s reasonable control, not caused by Appian’s fault or negligence, or Subscriber provided infrastructure or integration being unavailable;

v. Any time the Cloud Offering is not available as a result of Subscriber exceeding the resources allocated under the applicable Order Form, as described in the configuration and associated infrastructure section of the Order Form.

e. **Termination** - Subscriber may terminate the Agreement for cause if Appian refunds to Subscriber the maximum amount of Service Credits to Subscriber for Priority 1 Issues in any two consecutive months, provided Subscriber notifies Appian of its intent to elect this remedy, in writing, within 30 calendar days after the second month.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Aruba Networks ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) **Termination.**Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.232-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is
triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504, 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that for use on the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Price List, Manufacturer's Specific Terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS
ARUBA NETWORKS, INC.

ARUBA NETWORKS, INC. LICENSE, WARRANTY AND SUPPORT TERMS

1. LICENSE

Subject to Ordering Activity’s (herein also referred to as “You” or “Your”) full compliance with all the terms and restrictions set forth in this Attachment A, Contractor grants you a non-exclusive, non-transferable (except as expressly permitted below), non-sub licensable license to use the Aruba software programs (“Programs”).

The Programs may use certificates, provisioning profiles, keys, and other such authorization and management controls that you provide as part of your use of the Programs (“Controls”). Contractor and Aruba disclaims any responsibility whatsoever for your usage of such Controls as part of the Program(s) and you agree not to hold Contractor or Aruba responsible for such usage of such Controls.

2. PROPRIETARY RIGHTS

Aruba and its suppliers shall at all times retain title, all ownership rights, and all intellectual property rights in and to the Programs, including any and all rights to error corrections, enhancements, new releases, and other work product that may be created in connection with technical support services that Aruba provides (collectively, “Support Enhancements”). Support Enhancements will be considered Programs for purposes of this Attachment A, subject to all of the rights, obligations and restrictions set forth herein. The Programs in source code form remain a confidential trade secret of Aruba and/or its suppliers. The Programs are protected by the copyright and other intellectual property laws of the United States and international treaties. You acknowledge that, in the course of using the Programs, you may obtain or learn information relating to the Programs, which may include, without limitation, information relating to the performance, reliability or stability of the Programs, operation of the Programs, know-how, techniques, processes, ideas, algorithms, and software design and architecture (“Proprietary Information”). As between the parties, such Proprietary Information shall belong solely to Aruba. During and after the term of this Attachment A, you shall hold in confidence and protect, and shall not use (except as expressly authorized by this Attachment A) or disclose, Proprietary Information to any third party.

3. RESTRICTIONS ON USE AND TRANSFER

A. Programs from Aruba may be used solely for the internal use and operation of an Aruba network by you or your organization. All Programs may only be run directly on Aruba's hardware platforms or on an Aruba-provided virtual machine, except that Programs specifically designed by Aruba to operate on third party hardware platforms may be run on such third party hardware platforms. All Programs may be copied solely for installation and back-up purposes in support of your licensed use. You may not modify the Programs in any manner without the prior written approval of Contractor through Aruba. You may not perform interoperability testing on the Programs without the prior written approval of Contractor through Aruba. You may physically transfer the base operating system Programs and this Attachment A to another party only if (i) all related hardware products are transferred along with the Programs, (ii) the other party accepts the terms and restrictions of this Attachment A, (iii) all copies of Programs and related documentation that are not transferred to the other party are destroyed or returned to Contractor through Aruba, and (iv) you comply with all applicable laws including any import/export control regulations. Separately licensed Programs which have been loaded onto the hardware to add features or enable functions may not be transferred.

B. You shall not (and you shall not permit others to), directly or indirectly, modify, translate, decompile, disassemble, or reverse engineer the Programs (except to the extent applicable laws specifically prohibit such restriction) or any copy, in whole or in part, or otherwise attempt to discover the source code or underlying ideas or algorithms of the Programs; copy (except for the purposes set forth above), rent, lease, distribute, or otherwise transfer rights to the Programs; or remove any proprietary notices or labels on the Programs.

C. You shall not disclose any Proprietary Information, including any information relating to the performance or operation of the Programs (including any benchmarking or other testing results) to any third party without the express prior written consent of Contractor through Aruba. You may not engage a third party to perform security testing on the Programs unless that third party enters into a written non-disclosure agreement directly with Aruba.

D. You understand and agree that some of the Programs are designed to automatically communicate certain network parameters and other information about the Programs and their performance back to Aruba. Aruba uses this information (a) to monitor the performance of the Programs; (b) to alert You in the event that upgrades or updates are available; and (c) as necessary to comply with Aruba's legal obligations and to protect Aruba's legal rights. Aruba will not use any information gathered in this manner for any other purpose.

4. LIMITED WARRANTY AND DISCLAIMER

Contractor warrants to you (and only you) that any media on which the Programs are recorded will be free from defects in materials and workmanship under normal use for a period of ninety (90) days from the date the Programs are delivered to you. If a defect in any such media should occur during this 90-day period, the media may be returned to Contractor through Aruba (or if you received such Programs from a reseller, to such reseller) and Aruba or the reseller, as applicable, will replace the media without charge to you. Contractor shall have no responsibility to replace media if the failure of media results from accident, abuse or misuse of the media.

ALL THIRD PARTY PROGRAMS ARE PROVIDED AS-IS AND CONTRACTOR EXPLICITLY DISCLAIMS ANY RESPONSIBILITY WHATSOEVER FOR THE PERFORMANCE OR NON-PERFORMANCE OF SUCH THIRD PARTY PROGRAMS.

CONTRACTOR AND ITS SUPPLIERS DO NOT WARRANT THAT THE FUNCTIONS CONTAINED IN THE PROGRAMS WILL MEET YOUR REQUIREMENTS OR THAT THE OPERATION OF THE PROGRAMS WILL BE UNINTERRUPTED OR ERROR-FREE.

EXCEPT FOR THE EXPRESS WARRANTY ABOVE, THE PROGRAMS ARE PROVIDED TO YOU WITH NO WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND
ARUBACARE TERMS AND CONDITIONS

1. Definitions

1.1. “Access Point Supported Product” means the Aruba Access Points, antennas, Access Point accessories and Wireless Mesh products, for which ArubaCare Support is purchased by Customer.

1.2. “AirWave Software” means the multi-vendor management software provided by Aruba under the brand name AirWave for which ArubaCare support is purchased by Customer.

1.3. “Customer Technical Personnel” means any of the designated employees of Customer who have undergone training regarding the proper operation of the Supported Products.

1.4. “Documentation” means Aruba’s published user manuals for the Supported Products that are furnished to Customer by Aruba.

1.5. “Error” means a material failure of the Supported Product to operate substantially in accordance with the applicable Documentation.

1.6. “Hardware” means the physical hardware components of the Supported Product.

1.7. “Maintenance Release” means a grouping of bug fixes related to a particular feature release that is denoted by a change to the right of the second decimal point (e.g., 2.1.1 or 2.1.2).

1.8. “Major Release” means any new version or release of the Software that includes substantial new functionality or features that is denoted by a change to the left of the first decimal point (e.g., 2.0 or 3.0).

1.9. “Minor Release” means any new version or release of the Software that includes some new functionality or features that is denoted by a change to the right of the first decimal point (e.g., 2.1 or 2.2).

1.10. “Patch Release” means a customer specific release to be delivered in the event of an emergency in Aruba’s determination that is denoted by a change to the right of the third decimal point (e.g., 2.1.1.1 or 2.1.1.2).

1.11. “Renewal Term” has the meaning set forth in Section 6.1 (Term).

1.13. “Software” means the software components of the Supported Product.

1.15. “Support Services” means the services to be performed by Aruba pursuant to this Agreement.

1.16. “System Supported Product” means the Aruba Mobility Controllers, Chassis, Line Cards, Power Supplies, Supervisor Cards, Spares and Software for which Customer must purchase ArubaCare Support as a unit.

2. ARUBACARE SUPPORT

2.1. Technical Support – refer to Section 3 of this Agreement

2.2. Advance Hardware Replacement. If the System Supported Product, or Access Point Supported Product if purchased, when used as intended under normal operating conditions, fails to perform in substantial accordance with the Documentation, Ordering Activity (herein also referred to as “Customer”) shall promptly notify Contractor through Aruba via email of such failure, including details of the failure that are sufficient to permit Aruba to diagnose and replicate the problem. If the failure is of a character that Aruba determines requires factory repair, then Aruba will use commercially reasonable efforts to ship replacement Hardware after making such determination, based on the schedule set forth in Attachment A. Within thirty (30) days after notice of failure, Customer will (a) obtain a Return Merchandise Authorization (RMA) number from Aruba; (b) pack
the Hardware to protect it from damage while in transit; and (c) ship the nonconforming Hardware to Aruba, with the RMA number clearly displayed on the exterior of the package. If, after attempting to repair the Hardware, Aruba finds no Error in the Hardware, then Aruba may charge Customer a reasonable replacement charge consistent with the Schedule Price List. If Customer fails to ship the nonconforming Hardware to Aruba within thirty (30) days after notice of failure, Aruba will invoice the Customer the list price of the Hardware.

2.3. Releases. Upon purchase of ArubaCare, Customer will be entitled to obtain and use all Major, Minor, Maintenance, and Patch Releases that are made available by Aruba for the Supported Product during the term of this Attachment A. Aruba may make such Major, Minor, Maintenance, and Patch Releases available to Customer through electronic download or on optical, magnetic, or other removable media. The provision of any Major, Minor, Maintenance, and Patch Release to Customer will not operate to extend the original warranty period on the Software in the Supported Product. Customer can download the Major, Minor, Maintenance, and Patch Releases from the Aruba Support Center at https://support.arubanetworks.com.

2.4. Intellectual Property. Upon the provision of a Release to Customer, such Release will be deemed to be licensed under the terms and conditions of the software license herein, and Customer will acquire license rights to use such Release in accordance with the terms and conditions herein. There are no express or implied licenses in this Attachment A, and all rights are reserved to Aruba.

2.5. On-Site Support. Unless Customer has purchased ArubaCare Same-Day Onsite Support, ArubaCare support is a remote service, and DOES NOT include any provisions for on-site support. At Contractor through Aruba’s discretion and with approval of the Customer, Aruba may send a resource on site for troubleshooting purposes. Contractor may invoice Customer for time and materials in accordance with Contractor’s then-current GSA rates. If Customer has purchased ArubaCare Same-Day Onsite Support (for controllers only), a technician will arrive on site to replace the defective unit. This is a hardware replacement service only. Onsite technicians are not deployed to help with troubleshooting or gathering packet captures, etc. The technicians can help assist with installing and testing the replacement Hardware under the guidance of the Customer in order to restore basic IP connectivity.

2.6. Wireless Mesh Support. Support for Wireless Mesh Products purchased prior to August 21, 2010 from Azalea is available on Monday(s)-Friday(s) from 8 am – 5 pm Pacific Time. For Priority 1 issues Customer should call 1-800-943-3526 or within China at +86-10-58851177 and Aruba will respond within one business hour.

2.7. Scope of Support for AirWave Software. Contractor through Aruba will provide telephone support on general questions regarding installation, configuration and usage of the AirWave Software. This telephone support will not include (i) the configuration of third party products, except to the extent the call relates to AirWave’s support of those products and other issues that are not generally addressed in AirWave’s Documentation.

3. ARUBACARE TECHNICAL SUPPORT SERVICES

3.1. Telephone and E-mail Support

(a) Telephone Support. Contractor through Aruba will provide telephone support for the use of the Supported Product with its ArubaTAC customer service center twenty-four (24) hours a day, seven (7) days a week, three hundred and sixty-five (365) days a year. Aruba will use commercially reasonable efforts to provide an initial response within one (1) hour of Customer contacting ArubaTAC for Priority 1 issues (as defined in section 3.2). ArubaTAC is staffed by experienced engineers trained to provide customer assistance for the Supported Products.

(b) Generally. All telephone support will be provided solely to Customer Technical Personnel, and will consist of answering questions regarding the proper operation of the Software, providing troubleshooting assistance, and rendering general information, advice, and instructions in connection with the end use of the Supported Product. Customer will be responsible for providing first-line helpdesk support for individual end-users of the Supported Product, and Customer will be responsible for screening first-line technical inquiries and escalating to Contractor through Aruba only those issues that cannot be resolved by the Customer Technical Personnel. Aruba will have no obligation to accept calls directly from, or otherwise interact directly with, personnel other than the Customer Technical Personnel.

(c) E-mail Support. Alternatively, Customer may submit technical inquiries to Aruba via e-mail, at support@arubanetworks.com. Contractor through Aruba will use commercially reasonable efforts to respond to e-mail within one (1) business day; however, Customer agrees and acknowledges that there may be delays in responses to inquiries submitted via e-mail.

3.2. Error Correction. If the Supported Products exhibit an Error, the Customer will promptly notify Contractor through Aruba of such Error, and Aruba will use commercially reasonable efforts to address the Error as described in this section.

(a) Priority Levels. If Customer identifies an Error, Customer will promptly report such Error in writing to Contractor through Aruba providing the serial number of the affected product (for hardware) and specifying (a) the nature of the Error; (b) the circumstances under which the Error was encountered; (c) technical information relating to the operating environment in which the Software was running at the time of the Error; (d) the steps, if any, that Customer took immediately following the Error; and (e) the immediate impact of the Error upon the ability of Customer’s network to function. Upon receipt of such Error report, Aruba will evaluate the Error and classify it into one of the following Priority Levels based upon the following priority classification criteria:

<table>
<thead>
<tr>
<th>PRIORITY LEVEL</th>

</tr>
</tbody>
</table>

### (b) Problem Resolution

1. **Priority Level 1 Errors.** Assuming the customer is willing to commit resources to resolve critical issues on a 24x7 basis, Contractor through Aruba will commit the same resources to work on a round-the-clock basis until a correction or workaround to the Priority Level 1 Error is found. Such corrections or workarounds may take the form of Maintenance or Patch Releases, procedural solutions, correction of Documentation errors, or other such remedial measures as Aruba may determine to be appropriate. Aruba will provide Customer with a problem resolution schedule and inform Customer of its progress on a daily basis. Priority Level 1 Errors will be downgraded to a Priority Level 2 upon the delivery of a workaround.

2. **Priority Level 2 Errors.** Contractor through Aruba will commit resources to formulate a correction or workaround to the Priority Level 2 Error within during Aruba’s normal business hours and in accordance with its existing release schedule. Such corrections or workarounds may take the form of Maintenance or Patch Releases, procedural solutions, correction of Documentation errors, or other such remedial measures as Aruba may determine to be appropriate. Aruba will provide Customer with a problem resolution schedule and inform Customer of its progress on a weekly basis.

3. **Priority Level 3 Errors.** Contractor through Aruba will commit to provide corrections or workarounds to Priority Level 3 Errors during Aruba’s normal business hours and in accordance with its existing release schedule. Such corrections or workarounds may take the form of Major, Minor, Maintenance, or Patch Releases, procedural solutions, correction of Documentation errors, or other such remedial measures as Aruba may determine to be appropriate.

4. **Priority Level 4 Errors.** Contractor through Aruba will commit to provide resources during normal business hours to provide information assistance or provide feedback.

3.3 **Aruba Support Center Web Site.** Customer may also access the Aruba Support Center at [http://www.arubanetworks.com/support](http://www.arubanetworks.com/support). The Aruba Support Center provides Customers with a Knowledge Base, FAQs, field alerts, release notes and product documentation to allow Customers to troubleshoot issues that they may be having with the Supported Products. The Aruba Support Center is available twenty four (24) hours per day, seven (7) days per week.

3.4 **Exclusions.** Notwithstanding anything to the contrary in this Attachment A, Contractor will have no obligation to provide any Support Services to Customer to the extent that Customer’s use of the Supported Products is in breach of this Attachment A or such Support Services arise from or relate to any of the following: (a) any modifications or alterations of the Supported Products by any party other than Aruba or Aruba’s subcontractors; (b) any use of a version of Software that has been declared ‘end of life’ by Aruba; (c) any use of the Supported Products in an environment not meeting the operating requirements set forth in the Documentation; (d) any issues arising from the failure of the Supported Products to interoperate with any other software or equipment, except to the extent that such interoperability is expressly mandated in the applicable Documentation; (e) any breakdowns, fluctuations, or interruptions in electric power or the telecommunications or cable network; (f) a force majeure event; or (g) any Error that is not reproducible by Aruba. In addition, Customer agrees and acknowledges that any information relating to malfunctions, bugs, errors, or vulnerabilities in the Supported Products constitutes confidential information of Aruba, and Customer will refrain from using such information for any purpose other than obtaining Support Services from Aruba, and will not disclose such information to any third party. Customer will be charged at Contractor’s then current GSA time and material rates for the services rendered by Contractor through Aruba if Aruba determines that no Error exists.

4. **CUSTOMER RESPONSIBILITIES.** As a condition to all of Aruba’s obligations under this Attachment A, Customer will provide the following:

1. **Trained Personnel.** Customer will ensure that all of its personnel who use the Supported Products in the course of their employment are familiar with the Supported Product to the extent necessary for them to operate the Supported Product with reasonable competence. Without limiting the generality of the foregoing, Customer will cause all Customer Technical Personnel to complete such training and instruction as Aruba may reasonably require from time to time. Upon the appointment of any new Customer Technical Personnel, Customer will take reasonable steps to expeditiously train the new individual to appropriate standards of technical competence.

2. **General Cooperation.** Customer will cooperate with Aruba to the extent that such cooperation would facilitate Aruba’s provision of Support Services hereunder. Without limiting the foregoing, at Aruba’s request, Customer will (i) provide Aruba with reasonable access to appropriate personnel, records, network resources, maintenance logs, physical facilities, and equipment; (ii) refrain from undertaking any operation that would directly or indirectly block or slow down any maintenance service operation; (iii) promptly inform Aruba of the physical location of the Supported Products and any changes thereto; and (iii) comply with Aruba’s instructions regarding the use and operation of the Supported Products, including ensuring that all equipment is safeguarded by adequate surge protection and backed up with a universal power supply. Customer agrees and acknowledges that Aruba’s obligations under this Agreement are limited to the Supported Products, and that Aruba is not responsible for the operation and general maintenance of Customer’s operating environment. Without limiting the foregoing, Customer will keep a detailed operations log for the Supported Products and will document any Errors that arise.

5. **RESERVED**

6. **RESERVED**
7. **LIMITED WARRANTY.**

Contractor warrants only to Customer that the Support Services will be performed with at least the same degree of skill and competence normally practiced by Aruba-trained technical support engineers performing the same or similar services. Customer’s remedy, and Contractor’s entire liability, for any breach of the foregoing warranty shall be for Contractor through Aruba to re-perform, in a conforming manner, any nonconforming Support Services that are reported to Contractor by Customer in writing within sixty (60) days after the date of completion of such Services. In the event of a breach of warranty, the U.S. Government reserves all rights and remedies under the contract, the Federal Acquisition Regulations, and the Contract Disputes Act, 41 U.S.C. 7101-7109. EXCEPT AS EXPRESSLY SET FORTH IN THE PRECEDING PARAGRAPH OR AS OTHERWISE REQUIRED BY APPLICABLE LAW, THE SUPPORT SERVICES AND ALL MATERIALS FURNISHED TO CUSTOMER UNDER THIS ATTACHMENT A ARE PROVIDED “AS IS” WITHOUT WARRANTY OF ANY KIND. CONTRACTOR AND ITS SUPPLIERS AND LICENSORS DISCLAIM ANY AND ALL OTHER REPRESENTATIONS AND WARRANTIES, GUARANTEES, AND CONDITIONS, WHETHER EXPRESS, IMPLIED, OR STATUTORY, WITH RESPECT TO THE SUPPORT SERVICES AND ANY MATERIALS FURNISHED HEREUNDER, INCLUDING THE WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NONINFRINGEMENT, ACCURACY, AND QUIET ENJOYMENT. CUSTOMER ACKNOWLEDGES THAT IT HAS NOT ENTERED INTO THIS ATTACHMENT A IN RELIANCE UPON ANY WARRANTY OR REPRESENTATION OTHER THAN THOSE SET FORTH IN THE PRECEDING PARAGRAPH.

Global Parts Advance Replacement Schedule (target arrival time)

**ArubaCare Same-Day**
For Customers who purchase ArubaCare Same-Day or ArubaCare Same-Day Onsite (where available) replacement parts will arrive within four (4) hours of Contractor through Aruba’s determination that the Supported Product is defective, provided that Customer has promptly informed Aruba of the physical location of the Supported Products. Customers agree that in some locations Aruba may need up to ninety (90) days from the delivery of the initial Support Products purchased by Customer to establish spare depots and identify and train technicians capable of offering on-site services. During this 90 day window, if a part is not available to be delivered same day, Aruba will make commercially reasonable efforts to deliver the replacement part as quickly as possible from the closest parts depot.

**ArubaCare Next-Day**
For Customers who purchase ArubaCare Next-Day, replacement parts will arrive next business day of Contractor through Aruba's determination that the Support Product is defective, provided that Customer has promptly informed Aruba of the physical location of the Supported Products. ArubaCare Next-Day is supported in all countries where Aruba is approved to sell product. Customers agree that in some locations Aruba may need up to ninety (90) days from the delivery of the initial Support Products purchased by Customer to establish spare depots. During this 90 day window, if a part is not available to be delivered next day, Aruba will make commercially reasonable efforts to deliver the replacement part as quickly as possible from the closest parts depot.

Calls must be received by the following times for next business day parts arrival based on region:

- 14:00 PST for United States and Latin America
- 14:00 EST for Canada
- 14:00 CET for EMEA
- 14:00 Singapore Time for APAC

1. **Scope.** This Rider and the attached Attivo Networks, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

w) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

x) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

y) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included in the contract signed by the Government.

z) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

aa) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

bb) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

cc) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

dd) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

ee) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

ff) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.232-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

gg) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is
triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

**hh) Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

**ii) Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

**jj) Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

**kk) Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

**ll) Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

**mm) Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

**nn) Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

**oo) Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

**pp) Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

**qq) Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

**rr) Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

ATTIVO NETWORKS, INC.

ATTIVO NETWORKS, INC. LICENSE, WARRANTY AND SUPPORT TERMS

1. License Grant.
Attivo Networks grants to you (“Ordering Activity”) a nonexclusive, non-transferable, perpetual license to use the Software solely as part of the Product with which the Software is delivered and solely for Ordering Activity’s internal business purposes. If Ordering Activity purchases the Product for use by any Ordering Activity Affiliate (defined herein), Ordering Activity will provide each such Ordering Activity Affiliate with a copy of this Agreement and will ensure that each such Ordering Activity Affiliate complies with the terms and conditions of this Agreement. Ordering Activity will be responsible for any breach by any such Ordering Activity Affiliate of this Agreement. For purposes of this Agreement, “Ordering Activity Affiliate” means any entity that controls, or is controlled by, or is under common control with Ordering Activity, and “Control” means ownership, directly or indirectly of 50% or more of the voting interest of Ordering Activity. In addition, “Software” means the Botsink software which also includes a release of the Software or patch thereto which may include any add-on release or an error fix, or contains any improvement or new functionality that is provided to Ordering Activity as part of a separate maintenance and support agreement. Attivo’s IRES software is sold separate from the Botsink software. If you have purchased a license for the IRES software, the term “Software” also includes the IRES software. IRES is licensed on a term basis and the term of your IRES license shall start on the date of your purchase order for such software, which has been accepted by Attivo. All rights not expressly granted to Ordering Activity are reserved by Attivo Networks.

2. Restrictions.
Ordering Activity shall maintain the Software in strict confidence and shall not sell, resell, distribute, transfer, publish, disclose, rent, lend, lease or sublicense the Software or make the functionality of the Software available to any other party through any means, including, without limitation, by uploading the Software to a network or file sharing service or through any hosting, application services provider, service bureau or other type of services. Ordering Activity shall not modify, translate or create derivative works based on the Software, in whole or in part, or permit or authorize a third party to do so. Ordering Activity acknowledges and agrees that portions of the Software, including, without limitation, the source code and the specific design and structure of individual modules or programs, constitute or contain trade secrets of Attivo Networks and its suppliers. Accordingly, Ordering Activity shall not disassemble, decompile, reverse compile, reverse engineer or otherwise attempt to derive the source code of the Software, in whole or in part, or permit or authorize a third party to do so, except to the extent such activities are expressly permitted by law notwithstanding this prohibition. Ordering Activity shall not disclose, publish or otherwise make publicly available any benchmark, performance or comparison tests that Ordering Activity runs (or has run) on the Software. Ordering Activity shall not study the Software for the purposes of developing a product which is similar to or competitive with the Software. Ordering Activity shall not copy the Software except for making a reasonable number of archival or backup copies; provided that Ordering Activity reproduces on such copies the copyright, trademark and other proprietary notices or markings that appear on the original copy of the Software as delivered to Ordering Activity.

3. Ownership.
The Software is licensed, not sold. Attivo Networks and its suppliers retain ownership of the Software, including all intellectual property rights therein. Ordering Activity will not delete or in any manner alter the copyright, trademark or other proprietary rights notices or markings that appear on the Software as delivered to Ordering Activity.

Ordering Activity acknowledges that the Software consists of “commercial computer software” and “commercial computer software documentation” as such terms are defined in the Code of Federal Regulations. Use, duplication, reproduction, release, modification, disclosure or transfer of the Software is restricted in accordance with the terms of this Agreement.

5. Reserved.

Attivo Networks warrants that the (a) Product hardware will be free from defects in material and workmanship for three (3) months from the date of shipment; and (b) the Software will perform substantially in accordance with Attivo Networks’ standard specifications for three (3) months from the date of shipment. As Ordering Activity’s sole and exclusive remedy and Attivo Networks’ and its suppliers’ sole and exclusive liability for any breach of this warranty, Attivo Networks shall, at its option and expense, repair or replace the Product or correct the Software, as applicable. All warranty claims must be made on or before the expiration of the warranty period specified herein. Replacement Products may consist of new or remanufactured parts that are equivalent to new. All Products that are replaced become the property of Attivo Networks. Attivo Networks shall not be responsible for Ordering Activity’s or any third party’s software, firmware, information, or memory data contained in, stored on, or integrated with any Product returned to Attivo Networks for repair, whether under warranty or not.

7. Exclusions.
Attivo Networks will not have any obligation to the extent any failure of a Product to comply with the limited warranty set forth under “Limited Warranty” above results from or is otherwise attributable to: (i) repair, maintenance or modification of the Product by persons other than Attivo Networks-authorized personnel; (ii) accident, negligence, abuse or misuse of a Product; (iii) use of the Product other than in accordance with Attivo Networks’ specifications; (iv) improper installation or site preparation or any failure by Ordering Activity to comply with environmental and storage requirements for the Product specified by Attivo Networks, including, without limitation, temperature or humidity ranges; or (v) causes external to the Product such as, but not limited to, failure of electrical systems, fire or water damage. Attivo Networks and its suppliers do not warrant that the operation of the Product will be uninterrupted or error free.

8. Disclaimer.
EXCEPT FOR THE WARRANTIES EXPRESSLY STATED UNDER “LIMITED WARRANTY” ABOVE, ATTIVO NETWORKS AND ITS SUPPLIERS MAKE NO OTHER WARRANTIES, AND EXPRESSLY DISCLAIM ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT, AND ANY WARRANTIES ARISING OUT OF COURSE OF DEALING OR USAGE OF TRADE.
9. Reserved.

10. Reserved.

11. Export Control.
Ordering Activity agrees to comply fully with the U.S. Export Administration Regulations, and any other export laws, restrictions, and regulations to ensure that the Product (hardware, software, any technical data related thereto, and any direct product thereof) is not exported or re-exported directly or indirectly in violation of, or used for any purposes prohibited by such laws and regulations.

12. Reserved.

GNU GENERAL PUBLIC LICENSE
Version 3, 29 June 2007
Copyright (C) 2007 Free Software Foundation, Inc. <http://fsf.org/>
Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

GNU General Public License Terms and Conditions

0. Definitions
"This License" refers to version 3 of the GNU General Public License.
"Copyright" also means copyright-like laws that apply to other kinds of works, such as semiconductor masks.
"The Program" refers to any copyrightable work licensed under this License. Each licensee is addressed as "you". "Licensees" and "recipients" may be individuals or organizations.
To "modify" a work means to copy from or adapt all or part of the work in a fashion requiring copyright permission, other than the making of an exact copy. The resulting work is called a "modified version" of the earlier work or a work "based on" the earlier work.
A "covered work" means either the unmodified Program or a work based on the Program.
To "propagate" a work means to do anything with it that, without permission, would make you directly or secondarily liable for infringement under applicable copyright law, except executing it on a computer or modifying a private copy. Propagation includes copying, distribution (with or without modification), making available to the public, and in some countries other activities as well.
To "convey" a work means any kind of propagation that enables other parties to make or receive copies. Mere interaction with a user through a computer network, with no transfer of a copy, is not conveying.
An interactive user interface displays "Appropriate Legal Notices" to the extent that it includes a convenient and prominently visible feature that (1) displays an appropriate copyright notice, and (2) tells the user that there is no warranty for the work (except to the extent that warranties are provided), that licensees may convey the work under this License, and how to view a copy of this License. If the interface presents a list of user commands or options, such as a menu, a prominent item in the list meets this criterion.

1. Source Code
The "source code" for a work means the preferred form of the work for making modifications to it. "Object code" means any non-source form of a work.
A "Standard Interface" means an interface that either is an official standard defined by a recognized standards body, or, in the case of interfaces specified for a particular programming language, one that is widely used among developers working in that language. The "System Libraries" of an executable work include anything, other than the work as a whole, that (a) is included in the normal form of packaging a Major Component, but which is not part of that Major Component, and (b) serves only to enable use of the work with that Major Component, or to implement a Standard Interface for which an implementation is available to the public in source code form. A "Major Component", in this context, means a major essential component (kernel, window system, and so on) of the specific operating system (if any) on which the executable work runs, or a compiler used to produce the work, or an object code interpreter used to run it. The "Corresponding Source" for a work in object code form means all the source code needed to generate, install, and (for an executable work) run the object code and to modify the work, including scripts to control those activities. However, it does not include the work's System Libraries or general-purpose tools or generally available free programs which are used unmodified in performing those activities but which are not part of the work. For example, the Corresponding Source includes interface definition files associated with source files for the work, and the source code for shared libraries and dynamically linked subprograms that the work is specifically designed to require, such as by intimate data communication or control flow between those subprograms and other parts of the work. The Corresponding Source need not include anything that users can regenerate automatically from other parts of the Corresponding Source.

2. Basic Permissions
All rights granted under this License are granted for the term of copyright on the Program, and are irrevocable provided the stated conditions are met. This License explicitly affirms your unlimited permission to run the unmodified Program. The output from running a covered work is covered by this License only if the output, given its content, constitutes a covered work. This License acknowledges your rights of fair use or other equivalent, as provided by copyright law.
You may make, run and propagate covered works that you do not convey, without conditions so long as your license otherwise remains in force. You may convey covered works to others for the sole purpose of having them make modifications exclusively for you, or provide you with facilities for running those works, provided that you comply with the terms of this License in conveying all material for which you do not control copyright. Those thus making or running the covered works for you must do so exclusively on your behalf, under your direction and control, on terms that prohibit them from making any copies of your copyrighted material outside their relationship with you.
Conveying under any other circumstances is permitted solely under the conditions stated below. Sublicensing is not allowed; section 10 makes it unnecessary.

3. Protecting Users' Legal Rights from Anti-Circumvention Law
No covered work shall be deemed part of an effective technological measure under any applicable law fulfilling obligations under article 11 of the WIPO copyright treaty adopted on 20 December 1996, or similar laws prohibiting or restricting circumvention of such measures.
When you convey a covered work, you waive any legal power to forbid circumvention of technological measures to the extent such circumvention is effected by exercising rights under this License with respect to the covered work, and you disclaim any intention to limit operation or modification of the work as a means of enforcing, against the work's users, your or third parties' legal rights to forbid circumvention of technological measures.

4. Conveying Verbatim Copies
https://www.immixgroup.com/contract-vehicles/gsa/lt-70/0511T/
You may convey verbatim copies of the Program's source code as you receive it, in any medium, provided that you conspicuously and appropriately publish on each copy an appropriate copyright notice; keep intact all notices stating that this License and any non-permissive terms added in accord with section 7 apply to the code; keep intact all notices of the absence of any warranty; and give all recipients a copy of this License along with the Program.

5. Conveying Modified Source Versions
You may convey a work based on the Program, or the modifications to produce it from the Program, in the form of source code under the terms of section 4, provided that you also meet all of these conditions:

a) The work must carry prominent notices stating that you modified it, and giving a relevant date.

b) The work must carry prominent notices stating that it is released under this License and any conditions added under section 7. This requirement modifies the requirement in section 4 to "keep intact all notices".

c) You must license the entire work, as a whole, under this License to anyone who comes into possession of a copy. This License will therefore apply, along with any applicable section 7 additional terms, to the whole of the work, and all its parts, regardless of how they are packaged. This License gives no permission to license the work in any other way, but it does not invalidate such permission if you have separately received it.

d) If the work has interactive user interfaces, each must display Appropriate Legal Notices; however, if the Program has interactive interfaces that do not display Appropriate Legal Notices, your work need not make them do so.

A compilation of a covered work with other separate and independent works, which are not by their nature extensions of the covered work, and which are not combined with it such as to form a larger program, in or on a volume of a storage or distribution medium, is called an "aggregate" if the compilation and its resulting copyright are not used to limit the access or legal rights of the compilation's user beyond what the individual works permit. Inclusion of a covered work in an aggregate does not cause this License to apply to the other parts of the aggregate.

6. Conveying Non-Source Forms
You may convey a covered work in object code form under the terms of sections 4 and 5, provided that you also convey the machine-readable Corresponding Source under the terms of this License, in one of these ways:

a) Convey the object code in, or embodied in, a physical product (including a physical distribution medium), accompanied by the Corresponding Source for the covered work.

b) Convey the object code in, or embodied in, a physical product (including a physical distribution medium), accompanied by a written offer, valid for at least three years and valid for as long as you offer spare parts or Ordering Activity support for that product model, to give anyone who possesses the object code either (1) a copy of the Corresponding Source for all the software in the product that is covered by this License, on a durable physical medium customarily used for software interchange, for a price no more than your reasonable cost of physically performing this conveying of source, or (2) access to copy the Corresponding Source from a network server at no charge.

c) Convey individual copies of the object code with a copy of the written offer to provide the Corresponding Source. This alternative is allowed only for non-commercial and non-commercially-licensed compilations if you make an additional offer, in accord with subsection 6b.

d) Convey the object code by offering access from a designated place (gratis or for a charge), and offer equivalent access to the Corresponding Source in the same way through the same place at no further charge. You need not require recipients to copy the Corresponding Source along with the object code; instead you could offer access to the Corresponding Source at no charge by the same terms that apply to an offer of equivalent access to the object code. A separate receipt of the Corresponding Source along with the object code is not required. For an executable, a warranty disclaimers as specified in section 15 must also be provided, and a warranty disclaimers that the Corresponding Source must be made available at no charge. You can offer multiple, separate offers, made in good faith, and decide if you accept or decline any one or more of them, provided that you accept or decline solely in response to the particular offer addressed. Any other offer or separation of the object code or Corresponding Source is allowed.

e) Convey the object code using peer-to-peer transmission, provided you inform other peers where the object code and Corresponding Source of the work are being offered to the general public at no charge under subsection 6d.

A separable portion of the object code, whose source code is excluded from the Corresponding Source as a System Library, need not be included in conveying the object code work.

"Installation Information" for a User Product means any methods, procedures, authorization keys, or other information required to install and execute modified versions of a covered work in that User Product from a modified version of its Corresponding Source. The information must suffice to ensure that the continued functioning of the modified object code is in no case prevented or interfered with solely because modification has been made. If you convey an object code work under this section in, or with, or specifically for use in, a User Product, and the conveying occurs as part of a transaction in which the right of possession and use of the User Product is transferred to the recipient in perpetuity or for a fixed term (regardless of how the transaction is characterized), the Corresponding Source conveyed under this section must be accompanied by the Installation Information. But, this requirement does not apply if neither you nor any third party retains the ability to install modified object code on the User Product (for example, the work has been installed in ROM). The requirement to provide Installation Information does not include a requirement to continue to provide support service, warranty, or updates for a work that has been modified or installed by the recipient, or for the User Product in which it has been modified or installed. Access to a network may be denied when the modification itself materially and adversely affects the operation of the network or violates the rules and protocols for communication across the network.

Corresponding Source conveyed, and Installation Information provided, in accord with this section must be in a format that is publicly documented (and with an implementation available to the public in source code form), and must require no special password or key for unpacking, reading or copying.

7. Additional Terms
"Additional permissions" are terms that supplement the terms of this License by making exceptions from one or more of its conditions. Additional permissions that are applicable to the entire Program shall be treated as though they were included in this License, to the extent that they are valid under applicable law. If additional permissions apply only to part of the Program, that part may be used separately under those permissions, but the entire Program remains governed by this License without regard to the additional permissions.

When you convey a copy of a covered work, you may at your option remove any additional permissions from that copy, or from any part of it. (Additional permissions may be written to require their own removal in certain cases when you modify the work.) You may place additional permissions on material, added by you to a covered work, for which you have or can give appropriate copyright permission. Notwithstanding any other provision of this License, for material you add to a covered work, you may (if authorized by the copyright holders of that material) supplement the terms of this License with terms:

a) Disclaiming warranty or limiting liability differently from the terms of sections 15 and 16 of this License; or
b) Requiring preservation of specified reasonable legal notices or author attributions in that material or in the Appropriate Legal Notices displayed by works containing it; or
c) Prohibiting misrepresentation of the origin of that material, or requiring that modified versions of such material be marked in reasonable ways as different from the original version; or
d) Limiting the use for publicity purposes of names of licensors or authors of the material; or
e) Declining to grant rights under trademark law for use of some trade names, trademarks, or service marks; or
f) Requiring indemnification of licensors and authors of that material by anyone who conveys the material (or modified versions of it) with contractual assumptions of liability to the recipient, for any liability that these contractual assumptions directly impose on those licensors and authors.

All other non-permissive additional terms are considered "further restrictions" within the meaning of section 10. If the Program as you received it, or any part of it, contains a notice stating that it is governed by this License along with a term that is a further restriction, you may remove that term. If a license document contains a further restriction but permits relicensing or conveying under this License, you may add to a covered work material governed by the terms of that license document, provided that the further restriction does not survive such relicensing or conveying.

If you add terms to a covered work in accord with this section, you must place, in the relevant source files, a statement of the additional terms that apply to those files, or a notice indicating where to find the applicable terms.

Additional terms, permissive or non-permissive, may be stated in the form of a separately written license, or stated as exceptions; the above requirements apply either way.

8. Reserved
9. Acceptance Not Required for Having Copies

You are not required to accept this License in order to receive or run a copy of the Program. Ancillary propagation of a covered work occurring solely as a consequence of using peer-to-peer transmission to receive a copy likewise does not require acceptance. However, nothing other than this License grants you permission to propagate or modify any covered work. These actions infringe copyright if you do not accept this License. Therefore, by modifying or propagating a covered work, you indicate your acceptance of this License to do so.

10. Automatic Licensing of Downstream Recipients

Each time you convey a covered work, the recipient automatically receives a license from the original licensors, to run, modify and propagate that work, subject to this License. You are not responsible for enforcing compliance by third parties with this License.

An "entity transaction" is a transaction transferring control of an organization, or substantially all assets of one, or subdividing an organization, or merging organizations. If propagation of a covered work results from an entity transaction, each party to that transaction who receives a copy of the work also receives whatever licenses to the work the party's predecessor in interest had or could give under the previous paragraph, plus a right to possession of the Corresponding Source of the work from the predecessor in interest, if the predecessor has it or can get it with reasonable efforts.

11. Patents

A "contributor" is a copyright holder who authorizes use under this License of the Program or a work on which the Program is based. The work thus licensed is called the contributor's "contributor version".

A contributor's "essential patent claims" are all patent claims owned or controlled by the contributor, whether already acquired or hereafter acquired, that would be infringed only by some manner, permitted by this License, of making, using, or selling its contributor version, but do not include claims that would be infringed only as a consequence of further modification of the contributor version. For purposes of this definition, "control" includes the right to grant patent sublicenses in a manner consistent with the requirements of this License.

Each contributor grants you a non-exclusive, worldwide, royalty-free patent license under the contributor's essential patent claims, to make, use, sell, offer for sale, import and otherwise run, modify and propagate the contents of its contributor version.

In the following three paragraphs, a "patent license" is any express agreement or commitment, however denominated, not to enforce a patent (such as an express permission to practice a patent or covenant not to sue for patent infringement). To "grant" such a patent license to a party means to make such an agreement or commitment not to enforce a patent against the party.

If you convey a covered work, knowingly relying on a patent license, and the Corresponding Source of the work is not available for anyone to copy, free of charge and under the terms of this License, through a publicly available network server or other readily accessible means, then you must either (1) cause the corresponding Source to be available, or (2) arrange to deprive yourself of the benefit of the patent license for this particular work, or (3) arrange, in a manner consistent with the requirements of this License, to extend the patent license to downstream recipients. "Knowingly relying" means you have actual knowledge that, but for the patent license, your conveying the covered work in a country, or your recipient's use of the covered work in a country, would infringe one or more identifiable patents in that country that you have reason to believe are valid.

If, pursuant to or in connection with a single transaction or arrangement, you convey, or propagate by procuring conveyance of, a covered work, and grant a patent license to some of the parties receiving the covered work authorizing them to use, propagate, modify or convey a specific copy of the covered work, then the patent license you grant is automatically extended to all recipients of the covered work and works based on it.

A patent license is "discriminatory" if it does not include within the scope of its coverage, prohibits the exercise of, or is conditioned on the non-exercise of one or more of the rights that are specifically granted under this License. You may not convey a covered work if you are a party to an arrangement with a third party that is in the business of distributing software, under which you make payment to the third party based on the extent of your activity or conveying the work, and under which the third party grants, to any of the parties who would receive the covered work from you, a discriminatory patent license (a) in connection with copies of the covered work conveyed by you (or copies made from those copies), or (b) primarily for and in connection with specific products or compilations that contain the covered work, unless you entered into that arrangement, or that patent license was granted, prior to 28 March 2007.

Nothing in this License shall be construed as excluding or limiting any implied license or other defenses to infringement that may otherwise be available to you under applicable patent law.

12. Reserved.

13. Use with the GNU Affero General Public License

Notwithstanding any other provision of this License, you have permission to link or combine any covered work with a work licensed under version 3 of the GNU Affero General Public License into a single combined work, and to convey the resulting work. The terms of this License will continue to apply to the part which is the covered work, but the special requirements of the GNU Affero General Public License, section 13, concerning interaction through a network will apply to the combination as such.

14. Reserved.

15. Disclaimer of Warranty

THERE IS NO WARRANTY FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES PROVIDE THE PROGRAM "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A
PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH YOU. SHOULD THE PROGRAM PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

GNU LESSER GENERAL PUBLIC LICENSE
Version 3, 29 June 2007
Copyright (C) 2007 Free Software Foundation, Inc. <http://fsf.org/>
Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.
This version of the GNU Lesser General Public License incorporates the terms and conditions of version 3 of the GNU General Public License, supplemented by the additional permissions listed below.

0. Additional Definitions
As used herein, "this License" refers to version 3 of the GNU Lesser General Public License, and the "GNU GPL" refers to version 3 of the GNU General Public License.
"The Library" refers to a covered work governed by this License, other than an Application or a Combined Work as defined below.
An "Application" is any work that makes use of an interface provided by the Library, but which is not otherwise based on the Library.
Defining a subclass of a class defined by the Library is deemed a mode of using an interface provided by the Library.
A "Combined Work" is a work produced by combining or linking an Application with the Library. The particular version of the Library with which the Combined Work was made is also called the "Linked Version".
The "Minimal Corresponding Source" for a Combined Work means the Corresponding Source for the Combined Work, excluding any source code for portions of the Combined Work that, considered in isolation, are based on the Application, and not on the Linked Version.
The "Corresponding Application Code" for a Combined Work means the object code and/or source code for the Application, including any data and utility programs needed for reproducing the Combined Work from the Application, but excluding the System Libraries of the Combined Work.

1. Exception to Section 3 of the GNU GPL
You may convey a covered work under sections 3 and 4 of this License without being bound by section 3 of the GNU GPL.

2. Conveying Modified Versions
If you modify a copy of the Library, and, in your modifications, a facility refers to a function or data to be supplied by an Application that uses the facility (other than as an argument passed when the facility is invoked), then you may convey a copy of the modified version:
   a) under this License, provided that you make a good faith effort to ensure that, in the event an Application does not supply the function or data, the facility still operates, and performs whatever part of its purpose remains meaningful, or
   b) under the GNU GPL, with none of the additional permissions of this License applicable to that copy.

3. Object Code Incorporating Material from Library Header Files
The object code form of an Application may incorporate material from a header file that is part of the Library. You may convey such object code under terms of your choice, provided that, if the incorporated material is not limited to numerical parameters, data structure layouts and accessors, or small macros, inline functions and templates (ten or fewer lines in length), you do both of the following:
   a) Give prominent notice with each copy of the object code that the Library is used in it and that the Library and its use are covered by this License.
   b) Accompany the object code with a copy of the GNU GPL and this license document.

4. Combined Works
You may convey a Combined Work under terms of your choice that, taken together, effectively do not restrict modification of the portions of the Library contained in the Combined Work and reverse engineering for debugging such modifications, if you also do each of the following:
   a) Give prominent notice with each copy of the Combined Work that the Library is used in it and that the Library and its use are covered by this License.
   b) Accompany the Combined Work with a copy of the GNU GPL and this license document.
   c) For a Combined Work that displays copyright notices during execution, include the copyright notice for the Library among these notices, as well as a reference directing the user to the copies of the GNU GPL and this license document.
   d) Do one of the following:
      1. Convey the Minimal Corresponding Source under the terms of this License, and the Corresponding Application Code in a form suitable for, and under terms that permit, the user to recombine or relink the Application with a modified version of the Linked Version to produce a modified Combined Work, in the manner specified by section 6 of the GNU GPL for conveying Corresponding Source.
      2. Use a suitable shared library mechanism for linking with the Library. A suitable mechanism is one that (a) uses at run time a copy of the Library already present on the user's computer system, and (b) will operate properly with a modified version of the Library that is interface-compatible with the Linked Version.
   e) Provide Installation Information, but only if you would otherwise be required to provide such information under section 6 of the GNU GPL, and only to the extent that such information is necessary to install and execute a modified version of the Combined Work produced by recombining or relinking the Application with a modified version of the Linked Version. (If you use option 4d0, the Installation Information must accompany the Minimal Corresponding Source and Corresponding Application Code. If you use option 4d1, you must provide the Installation Information in the manner specified by section 6 of the GNU GPL for conveying Corresponding Source.)

5. Combined Libraries
You may place library facilities that are a work based on the Library side by side in a single library together with other library facilities that are not Applications and are not covered by this License, and convey such a combined library under terms of your choice, if you do both of the following:
   a) Accompany the combined library with a copy of the same work based on the Library, uncombined with any other library facilities, conveyed under the terms of this License.
   b) Give prominent notice with the combined library that part of it is a work based on the Library, and explaining where to find the accompanying uncombined form of the same work.

6. Revised Versions of the GNU Lesser General Public License
The Free Software Foundation may publish revised and/or new versions of the GNU Lesser General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns.
Each version is given a distinguishing version number. If the Library as you received it specifies that a certain numbered version of the GNU Lesser General Public License "or any later version" applies to it, you have the option of following the terms and conditions either of that published version or of any later version published by the Free Software Foundation. If the Library as you received it does not specify a version number of the GNU Lesser General Public License, you may choose any version of the GNU Lesser General Public License ever published by the Free Software Foundation.

If the Library as you received it specifies that a proxy can decide whether future versions of the GNU Lesser General Public License shall apply, that proxy's public statement of acceptance of any version is permanent authorization for you to choose that version for the Library.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions
   "License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.
   "Licensee" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.
   "Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity.
   For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.
   "You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.
   "Source" form shall mean the preferred form for making modifications, including but not limited to source code, documentation source, and configuration files.
   "Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.
   "Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).
   "Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship.
   For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.
   "Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems; including printed or electronic copies sent by post; and even if a contributor creates a work of authorship, including modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems; including printed or electronic copies sent by post; and even if a contributor creates a work of authorship, including modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner.
   "Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that you meet the following conditions:
   a) You must give any other recipients of the Work or Derivative Works a copy of this License;
   b) You must cause any modified files to carry prominent notices stating that You changed the files; and
   c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
   d) You must cause any work that You distribute derivative works from to carry a notice which is identical to this License notice.

THIS SOFTWARE IS PROVIDED BY THE COPYRIGHT HOLDERS AND CONTRIBUTORS "AS IS" AND ANY EXPRESS OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE DISCLAIMED. IN NO EVENT SHALL THE COPYRIGHT OWNER OR CONTRIBUTORS BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING, BUT NOT LIMITED TO, PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES; LOSS OF USE, DATA, OR PROFITS; OR BUSINESS INTERRUPTION) HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STRICT LIABILITY, OR TORT (INCLUDING NEGLIGENCE OR OTHERWISE) ARISING IN ANY WAY OUT OF THE USE OF THIS SOFTWARE, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.
d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add your own attribution notices within Derivative Works that you distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License. You may add your own copyright statement to your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of your modifications, or for any such Derivative Works as a whole, provided your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

You may add your own copyright statement to your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of your modifications, or for any such Derivative Works as a whole, provided your use, reproduction, or distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless you explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by you to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NONINFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with your exercise of permissions under this License.

EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Authentic8 (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”).

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be deemed deleted, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The Government Customer is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-2(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(e) and FAR 43.102, the Government Order must be signed by a duly warranted contracting officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are hereby deemed to be deleted. Termination shall be governed by FAR 52.212-4(i) and (m) and the Contract Disputes Act, subject to the following exceptions:

   EC America may request cancellation or termination of the license agreement on behalf of the Manufacturer if such remedy is granted to it after conclusion of the Contracts Disputes Act dispute resolution process or if such remedy is otherwise ordered by a United States Federal Court.

   e) **Choice of Law.** Subject to the Contracts Disputes Act and the Federal Tort Claims Act (28 U.S.C. §1346(b)), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by law, they will not apply to this Rider or the underlying Schedule Contract. All clauses in the Manufacturer Specific Terms referencing equitable remedies are deemed deleted and not applicable to any Government order.

   f) **Force Majeure.** Subject to FAR 52.212-4(f) Excusable delays/FEB 2012), unilateral termination by the Contractor does not apply to a Government Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby deemed to be deleted.

   g) **Assignment.** All clauses regarding assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements. All clauses governing assignment in the Manufacturer Specific Terms are hereby deemed deleted.

   h) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby deemed to be deleted.

   i) **Customer Indemnities.** Unless otherwise permitted by Federal statute, all Manufacturer Specific Terms referencing customer Indemnities are hereby deemed to be deleted.

   j) **Contractor Indemnities.** All Manufacturer Specific Terms that (1) violate DOJ’s jurisdictional statute (28 U.S.C. § 516) and/or (2) require that the Government give sole control over the litigation and/or settlement are hereby deemed to be deleted.

   k) **Renewals.** All Manufacturer Specific Terms that violate the Anti-Deficiency Act ban on automatic renewal are hereby deemed to be deleted.

   l) **Future Fees or Penalties.** All Manufacturer Specific Terms that violate the Anti-Deficiency Act prohibition on the Government paying any fees or penalties beyond the contract amount, unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.), or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412), are hereby deemed to be deleted.

   m) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties.
n) **Third Party Terms.** Subject to the actual language agreed to in the Order by the Contracting Officer, any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby deemed to be deleted.

o) **Installation and Use of the Software.** Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

p) **Dispute Resolution and Venue.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with FAR 52.233-1 Disputes and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

q) **Advertisements and Endorsements.** Unless specifically authorized by an Ordering Activity in writing, use of the name or logo of any U.S. Government entity is prohibited.

r) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

s) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract, the terms of this Rider shall control. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
Legalese can be tedious and heavy. Authentic8 wants to deliver a valuable service, but there are some basic ground rules, which are described below. You need to read the complete document, but basically:

- When you register to use Authentic8, we store the information you give us, including any website credentials that you chose to store with us.
- Should you store your credentials with us, Authentic8 will help you log in to your web-based accounts. Our servers do this automatically, and we will never access your credentials unless you tell us to.
- We can’t always anticipate problems with other websites or web services, and so we can’t be responsible for your relationship with those third parties.
- Please don’t attempt to decompile or otherwise reverse engineer our software.
- Likewise, we take a rather dim view of someone trying to hack or spoof Authentic8 so please don’t try to attack our service.
- Please don’t do anything illegal using Authentic8. We reserve the right to report illegal activities to the appropriate law enforcement or civil authorities.
- If you’re an administrator, you agree that all your users will be bound by these terms.
- We believe in rapid iteration, and so we’re always updating Authentic8, including the App software you install on your computer. We do this to give you access to new features, as well as to constantly improve security. When we make changes, we’ll do our best to inform you.

That is essentially it. The full legal text is below—and you should review it—but we wanted to give you some plain language up front. Thanks for reading.

Authentic8, Inc. (“Authentic8,” “we” or “our”) provides an internet security service through our website, accessible at www.authentic8.com and our Authentic8 App software (together the “Authentic8 Service”). Please read carefully the following terms and conditions (“Terms”) and our Privacy Policy, which may be found at http://www.authentic8.com/privacy/. These Terms govern your access to and use of the Authentic8 Service and constitute a binding legal agreement between the Ordering Activity and Authentic8. If you accept these Terms or use the Authentic8 Service on behalf of a company or other legal entity, you represent and warrant that you have the authority to bind that company or other legal entity to these Terms and, in such event, “you” and “your” will refer and apply to that company or other legal entity. If you have been granted access to and use of the Authentic8 Service by and on behalf of the primary account holder, whether directly or through an administrator, you also agree to abide by these Terms.

YOU ACKNOWLEDGE AND AGREE THAT, BY EXECUTING THIS AGREEMENT IN WRITING, YOU ARE INDICATING THAT YOU HAVE READ, UNDERSTAND AND AGREE TO BE BOUND BY THESE TERMS. IF YOU DO NOT AGREE TO THESE TERMS, THEN YOU HAVE NO RIGHT TO ACCESS OR USE THE AUTHENTIC8 SERVICE.

Acknowledgment and Disclaimer

You acknowledge that the Authentic8 Service may not be in final form or fully functional and may not operate properly or contain errors. You assume all risk arising from use of the Authentic8 Service including, without limitation, the risk of damage to your computer system or the corruption or loss of content or information.

Authentic8 warrants that the Services will be performed substantially in accordance with the SOFTWARE written materials accompanying it. In the event that the Services do not perform in accordance with SOFTWARE written materials accompanying it due to reasons within Authentic8’s control, for a period of sixty (60) days Authentic8 will repair the service in order to bring it into accordance, or provide a refund of subscription fees. Authentic8 Services warrants that the services will, for a period of sixty (60) days from the date of your receipt, will be performed in accordance with the terms and conditions of the GSA Schedule Contract. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, The Authentic8 Service is provided “AS IS,” without warranty of any kind. Authentic8 makes no representations or warranties regarding the suitability of the Authentic8 Service for your intended requirements or purposes or regarding any data or information that you download or access through the use of the Authentic8 Service.

Feedback

You agree that all feedback and comments and suggestions for improvements to the Authentic8 Service (collectively, “Feedback”) provided to Authentic8 will be the sole and exclusive property of Authentic8 and you hereby assign to Authentic8 and agree to assign to Authentic8 all of your right, title, and interest in and to all Feedback, including all intellectual property rights therein. At Authentic8’s request and expense, you will execute documents and take
such further acts as Authentic8 may reasonably request to assist Authentic8 to acquire, perfect and maintain its intellectual property rights and other legal protections for the Feedback.

Eligibility

The Authentic8 Service is intended solely for persons who are 18 or older. Any access to or use of the Authentic8 Service by anyone under 18 is expressly prohibited. By accessing or using the Authentic8 Service you represent and warrant that you are 18 or older.

Registration

Past a trial period designated by Authentic8, you may only use the Authentic8 Service if you have a current, valid subscription. In order to use the Authentic8 Service, you must register to create an Authentic8 user account. During the registration process, you will be required to provide certain information and you will establish a username and a password. You agree to provide accurate, current and complete information during the registration process and to update such information to keep it accurate, current and complete. You are responsible for safeguarding your login credentials. You agree not to disclose your login credentials to any third party and to take sole responsibility for any activities or actions under your user account, whether or not you have authorized such activities or actions, including actions taken by users to whom you have granted access and use of the Authentic8 Service on your behalf, directly or through your account administrators. You will immediately notify Authentic8 of any unauthorized use of your user account.

Third Party Websites – Account Information

As a registered user of the Authentic8 Service, you may have the option of providing Authentic8 with login information and credentials, including but not limited to usernames and passwords, and other account information for your personal accounts with certain third party websites, in order to allow Authentic8 to use, store and submit your credentials on your behalf to access your accounts with such third party websites. By providing Authentic8 with such credentials, you understand and agree that Authentic8 will use, store and submit your credentials on your behalf, in order to provide the Authentic8 Service in accordance with your user account settings. You have the ability to disable the storage and submission of your credentials for your account with any third party website at any time by adjusting your Authentic8 user account settings. PLEASE NOTE THAT YOUR RELATIONSHIP WITH EACH THIRD PARTY WEBSITE IS GOVERNED BY THE AGREEMENT YOU HAVE WITH SUCH THIRD PARTY WEBSITE. ANY RISK OF LOSS RELATING TO THE USE OF SUCH THIRD PARTY WEBSITES REMAINS ENTIRELY WITH YOU. You acknowledge and agree that Authentic8 is not responsible or liable for: (i) the availability or accuracy of such websites or resources; or (ii) the content, products, or services on or available from such websites or resources. You acknowledge sole responsibility for and assume all risk arising from your use of any such websites or resources.

Authentic8 cannot always anticipate technical or other problems with third party websites which may result in service interruptions, a loss of your personalization settings or an inability to submit your credentials on your behalf. Authentic8 cannot assume responsibility for the deletion, non-delivery or failure to store or submit on your behalf any of your credentials, or loss of other information or settings on such third party websites.

Rights You Grant to Authentic8

By submitting your credentials for third party websites to Authentic8, you hereby authorize Authentic8 to use, store and submit such credentials on your behalf, log into such third party websites on your behalf and to configure the Authentic8 Service so that it is compatible with such third party websites. Authentic8 may use, store and submit such credentials on your behalf, but only to the extent necessary to provide the Authentic8 Service to you. You represent and warrant that you are entitled to submit such credentials to Authentic8 for this purpose, without any obligation by Authentic8 to pay any fees or other limitations.

YOU ACKNOWLEDGE AND AGREE THAT WHEN AUTHENTIC8 ACCESSES THIRD PARTY WEBSITES, AUTHENTIC8 IS ACTING AS YOUR AGENT, AND NOT AS THE AGENT OF, OR ON BEHALF OF, ANY THIRD PARTY. You understand and agree that the Authentic8 Service is not sponsored or endorsed by any third party websites which are accessible through the Authentic8 Service.

Software

We reserve the right to add additional features or functions to the Authentic8 Service, including the Authentic8 App. When installed on your computer, the Authentic8 App communicates with our servers. We may require the updating of the Authentic8 App when we release a new version, or when we make new features available. This update may occur automatically or upon prior notice to you and may occur all at once or over multiple sessions. You acknowledge and agree that we have no obligation to make available to you any subsequent versions of the Authentic8 App.

Conditioned upon your compliance with the terms and conditions of these Terms and during the trial period and term of your subscription to use the Authentic8 Service only, Authentic8 grants you a non-exclusive and non-transferable license for a single user to use the executable form of the Authentic8 App on a computer owned or controlled by you, solely for your personal, non-commercial purposes, as described herein. Authentic8 reserves all rights not expressly granted to you in this Agreement. The license to the Authentic8 App granted under these Terms remains in effect unless earlier terminated in accordance with these Terms. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Authentic8 shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

Restrictions

Except as expressly specified in these Terms, you agree not to modify the Authentic8 App, including but not limited to adding new features or otherwise making adaptations that alter its functionality. You agree to not use or allow others to use the Authentic8 application except in conjunction with an authorized subscription from Authentic8. You acknowledge and agree that portions of the Authentic8 Service, including but not limited to the source code and the specific design and structure of individual modules or programs, constitute or contain trade secrets of Authentic8 and its licensors. Accordingly,
you agree not to disassemble, decompile or reverse engineer the Authentic8 Service, in whole or in part, or permit or authorize a third party to do so, except to the extent such activities are expressly permitted by law notwithstanding this prohibition.

Payment Terms

Authentic8 offers new users a free trial to use the Authentic8 Service, which begins on the first day you register to use the Authentic8 Service (the "Trial"). Authentic8 may offer various account levels and subscription terms. A description of the features associated with these account levels, subscription terms and fees are available by contacting sales@authentic8.com. You agree to pay the applicable subscription fees that may accrue in relation to your use of the Authentic8 Service, if any, and you expressly agree that we are authorized to charge your Method of Payment for such amounts. Subscription fees will be payable in advance in accordance with the subscription term and billing cycle designated at enrollment, or subsequently established through your account page or otherwise in writing with Authentic8. Unless you cancel your Account prior to the end of the then current subscription term, your subscription term will automatically renew. For accounts set up on an invoice basis, unless an alternate billing cycle is established, you agree to pay all amounts stated in such invoices within thirty (30) days of receipt of the invoice. For corporate accounts, you will be charged additional fees as additional users are added to your account after the 30 day Trial for each user. All fees are non-refundable and non-transferable except as expressly provided in these Terms. All fees and applicable taxes, if any, are payable in United States dollars. Notwithstanding the terms of the Federal, State, and Local Taxes Clause, the contract price excludes all State and Local taxes levied on or measured by the contract or sales price of the services or completed supplies furnished under this contract. Authentic8 shall state separately on its invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) to the contractor or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

Privacy

See Authentic8's Privacy Policy at http://www.authentic8.com/privacy/ for information and notices concerning Authentic8’s collection and use of your personal information.

Ownership

The Authentic8 Service is protected by copyright, trademark, and other laws of the United States and foreign countries. Except as expressly provided in these Terms, Authentic8 and its licensors exclusively own all right, title and interest in and to the Authentic8 Service, including all associated intellectual property rights. You will not remove, alter or obscure any copyright, trademark, service mark or other proprietary rights notices incorporated in or accompanying the Authentic8 Service.

User Content

Users may have the ability to post, upload, publish, submit or transmit text, graphics, images, information or other materials to be made available through the Service ("User Content"). By making available any User Content through the Service, you hereby grant to Authentic8 a worldwide, irrevocable, perpetual, non-exclusive, transferable, royalty-free license, with the right to sublicense, to use, copy, adapt, modify, distribute, license, sell, transfer, publicly display, publicly perform, transmit, stream, broadcast and otherwise exploit such User Content only on, through or by means of the Service. Authentic8 does not claim any ownership rights in any such User Content and nothing in these Terms will be deemed to restrict any rights that you may have to use and exploit any such User Content.

You acknowledge and agree that you are solely responsible for all User Content that you make available through the Service. Accordingly, you represent and warrant that: (i) you either are the sole and exclusive owner of all User Content that you make available through the Service or you have all rights, licenses, consents and releases that are necessary to grant to Authentic8 the rights in such User Content, as contemplated under these Terms; and (ii) neither the User Content nor your posting, uploading, publication, submission or transmittal of the User Content or Authentic8’s use of the User Content (or any portion thereof) on, through or by means of the Service will infringe, misappropriate or violate a third party’s patent, copyright, trademark, trade secret, moral rights or other intellectual property rights, or rights of publicity or privacy, or result in the violation of any applicable law or regulation.

General Prohibitions

You agree not to do any of the following:

- Post, upload, publish, submit or transmit any text, graphics, images, software, music, audio, video, information or other material that: (i) infringes, misappropriates or violates a third party’s patent, copyright, trademark, trade secret, moral rights or other intellectual property rights, or rights of publicity or privacy; (ii) violates, or encourages any conduct that would violate, any applicable law or regulation or would give rise to civil liability; (iii) is fraudulent, false, misleading or deceptive; (iv) is defamatory, obscene, pornographic, vulgar or offensive; (v) promotes discrimination, bigotry, racism, hatred, harassment or harm against any individual or group; (vi) is violent or threatening or promotes violence or actions that are threatening to any other person; or (vii) promotes illegal or harmful activities or substances.

- Use, display, mirror or frame the Authentic8 Service, or any individual element within, Authentic8’s name, any Authentic8 trademark, logo or other proprietary information, or the layout and design of any page or form contained on a page, without Authentic8’s express written consent;

- Access, tamper with, or use non-user areas of the Authentic8 Service, Authentic8’s computer systems, or the technical delivery systems of Authentic8’s providers;

- Attempt to probe, scan, or test the vulnerability of any Authentic8 system or network or breach any security or authentication measures;
• Avoid, bypass, remove, deactivate, impair, descramble or otherwise circumvent any technological measure implemented by Authentic8 or any of Authentic8's providers or any other third party (including another user) to protect the Authentic8 Service;

• Attempt to access or search the Authentic8 Service or download information or data from the Authentic8 Service through the use of any engine, software, tool, agent, device or mechanism (including spiders, robots, crawlers, data mining tools or the like) other than the software and/or search agents provided by Authentic8 or other generally available third party web browsers;

• Send any unsolicited or unauthorized advertising, promotional materials, email, junk mail, spam, chain letters or other form of solicitation;

• Use any meta tags or other hidden text or metadata utilizing a Authentic8 trademark, logo URL or product name without Authentic8’s express written consent;

• Use the Authentic8 Service for any commercial purpose or the benefit of any third party or in any manner not permitted by these Terms;

• Forge any TCP/IP packet header or any part of the header information in any email or newsgroup posting, or in any way use the Authentic8 Service to send altered, deceptive or false source-identifying information;

• Attempt to decipher, decompile, disassemble or reverse engineer any of the software used to provide the Authentic8 Service;

• Interfere with, or attempt to interfere with, the access of any user, host or network, including, without limitation, sending a virus, overloading, flooding, spamming, or mail-bombing the Authentic8 Service;

• Collect or store any personally identifiable information from Authentic8 Service from other users of the Authentic8 Service without their express permission;

• Impersonate or misrepresent your affiliation with any person or entity;

• Violate any applicable law or regulation; or

• Encourage or enable any other individual to do any of the foregoing.

Authentic8 will have the right to investigate and prosecute violations of any of the above to the fullest extent of the law. Authentic8 may involve and cooperate with law enforcement authorities in prosecuting users who violate these Terms. You acknowledge that Authentic8 has no obligation to monitor your access to or use of the Authentic8 Service or to review or edit any User Content, but has the right to do so for the purpose of operating the Authentic8 Service, to ensure your compliance with these Terms, or to comply with applicable law or the order or requirement of a court, administrative agency or other governmental body.

Recourse against the United States for any alleged breach of this agreement must be made under the terms of the Federal Tort Claims Act or as a dispute under the contract disputes clause (Contract Disputes Act) as applicable. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer.

Copyright Policy

Authentic8 respects copyright law and expects its users to do the same. Please see Authentic8’s Copyright Policy at www.authentic8.com/copyright for further information.

Proprietary Rights Notices

All trademarks, service marks, logos, trade names and any other proprietary designations of Authentic8 used herein are trademarks or registered trademarks of Authentic8. Any other trademarks, service marks, logos, trade names and any other proprietary designations are the trademarks or registered trademarks of their respective parties.

Controlling Law and Jurisdiction

These Terms and any action related thereto will be governed by the Federal laws of the United States without regard to its conflict of laws provisions.

Entire Agreement

These Terms, together with the underlying GSA Schedule Contract, Schedule Pricelist and Purchase Order(s), constitute the entire and exclusive understanding and agreement between Authentic8 and you regarding the Authentic8 Service, and these Terms supersede and replace any and all prior oral or written understandings or agreements between Authentic8 and you regarding the Authentic8 Service.

Assignment

You may not assign or transfer these Terms, by operation of law or otherwise, without Authentic8’s prior written consent. Any attempt by you to assign or transfer these Terms, without such consent, will be null and of no effect. Subject to the foregoing, these Terms will bind and inure to the benefit of the parties, their successors and permitted assigns.

Notices

Any notices or other communications permitted or required hereunder, including those regarding modifications to these Terms, will be in writing and given:
(i) by Authentic8 via email (in each case to the address that you provide) or (ii) by posting to your user account page. For notices made by e-mail, the date of receipt will be deemed the date on which such notice is transmitted.

General

The failure of Authentic8 to enforce any right or provision of these Terms will not constitute a waiver of future enforcement of that right or provision. The waiver of any such right or provision will be effective only if in writing and signed by a duly authorized representative of Authentic8. Except as expressly set forth in these Terms, the exercise by either party of any of its remedies under these Terms will be without prejudice to its other remedies under these Terms or otherwise. If for any reason a court of competent jurisdiction finds any provision of these Terms invalid or unenforceable, that provision will be enforced to the maximum extent permissible and the other provisions of these Terms will remain in full force and effect.

Contacting Authentic8

If you have any questions about these Terms, please contact Authentic8 at support@authentic8.com.
SUBSCRIPTION SERVICES AGREEMENT
This Agreement (this “Agreement”) is entered into between Authentic8, Inc. (“Authentic8”) and the company identified below (“Ordering Activity”) and is effective as of the date signed by Authentic8 below (the “Effective Date”).

TERMS AND CONDITIONS

The following terms and conditions govern the access and use of the cloud-based security service provided by Authentic8 (the “Authentic8 Service”) during the subscription term and any renewal term (the “Subscription Term”), as described in the attached order form to this Agreement (the “Order Form”).

1. AUTHORIZED USERS

1.1 Ordering Activity will determine the access controls for its employees and agents who are authorized to use the Authentic8 Service (“Authorized Users”) in connection with Ordering Activity’s account. The Authentic8 Service may only be accessed and used by Authorized Users from compatible devices and may require login credentials, the use of which will be governed by the access terms in the associated Order Form. Ordering Activity is responsible for the activity occurring under its account by its Authorized Users (and their compliance with this Agreement).

1.2 Ordering Activity may from time to time replace an Authorized User who has terminated or changed their job status or function, or otherwise no longer requires use of the Authentic8 Service. Ordering Activity may add Authorized Users to its account at any time during the Subscription Term. Ordering Activity may only decrease the number of Authorized Users at the end of the Subscription Term (prior to the renewal). Authentic8 shall invoice Ordering Activity for any Authorized Users added during the Subscription Term in excess of the contracted number according to the terms set forth in the applicable Purchase Order.

2. AUTHENTIC8 SERVICE

2.1 Subject to the terms and conditions of this Agreement, Ordering Activity may access and use the Authentic8 Service for its business purposes during the Subscription Term and in accordance with the terms and limitations set forth in the Order Form.

2.2 In order to use the Authentic8 Service, each Authorized User must download the Authentic8 client software application (the “Authentic8 App”) from the Authentic8 website or the applicable app store and install it on each device that will use the Authentic8 Service. Ordering Activity agrees to stay current with latest version of the Authentic8 App, and acknowledges that Authentic8 reserves the right to deprecate older versions of the Authentic8 App subject to notification. Ordering Activity will only allow the installation the Authentic8 App on compatible devices that are supported by Authentic8. Ordering Activity and its Authorized Users may not modify, alter, decompile or reverse engineer the Authentic8 App.

3. USE OF THE AUTHENTIC8 SERVICE

3.1 Ordering Activity, and/or its Authorized Users may provide Authentic8 with certain login and other account information for websites and web-based applications that Authorized Users will access through the Authentic8 Service (“Account Access Information”). Authorized Users may only use the Authentic8 Service to access accounts for which they are authorized by Ordering Activity to access and use. By providing Account Access Information, the account owner (whether Ordering Activity or its Authorized Users) permits Authentic8 to use (and, if elected, store) the Account Access Information on behalf of the account owner. The account owner can remove any Account Access Information stored with the Authentic8 Service at any time. In no event shall Account Access Information associated with Authorized Users personal websites be accessible or made available to Ordering Activity. Authentic8 will maintain administrative and technical safeguards to protect the security and confidentiality of the Account Access Information stored in the Authentic8 Service in accordance with applicable industry standards; however, Ordering Activity, and its Authorized Users are ultimately responsible for taking appropriate steps to maintain the security and confidentiality of its Account Access Information.

3.2 Ordering Activity, and its Authorized Users, agree not to: (1) use the Authentic8 Service or other than as authorized in this Agreement; (2) resell, sublicense, or otherwise make the Authentic8 Service available to any third party; (3) use the Authentic8 Service to support any activity that is illegal or that violates the proprietary rights of others; (4) interfere with or disrupt the integrity or performance of the Authentic8 Service or any websites or web-based applications; (5) deactivate, impair, or circumvent any security or authentication measures of the Authentic8 Service or any websites or web-based applications; (6) access the Authentic8 Service for purposes of monitoring its performance or functionality; or (7) authorize any third parties to do the above.

3.3 Authentic8 is not responsible or liable for: (1) the availability, accuracy, or security of any websites or web-based applications accessed through the Authentic8 Service; (2) the content, products, or services on or available from those websites or web-based applications; or (3) the deletion, non-delivery or failure to store or submit Account Access Information, or a loss of other information or settings on the websites and web-based applications accessed through the Authentic8 Service.

4. SUPPORT AND AVAILABILITY

4.1 During the Subscription Term, Authentic8 will provide technical support for the Authentic8 Service according to the terms set forth in Exhibit A (“Support Terms and Service Availability”). Authentic8 will make the Authentic8 Service available in accordance with Exhibit A and will use reasonable efforts to maintain the Authentic8 Service in a manner that minimizes errors and service interruptions.

5. SUBSCRIPTION FEES

5.1 Authentic8 shall invoice Ordering Activity for the fees or charges for the Authentic8 Service as specified in the Order Form (“Subscription Fees”). All Subscription Fees are quoted in United States dollars. Subscription Fees for the contracted number of Authorized Users will be invoiced and are due within 30 days from the date of invoice, or as otherwise stated in the GSA Schedule Contract or Purchase Order(s). Incremental service fees incurred by adding Authorized Users during the Subscription Term will be invoiced according to the terms set forth in the GSA Schedule Contract and the Purchase Order. All payment obligations are non-cancelable and once paid are nonrefundable.

5.2 Authentic8 shall state separately on invoices taxes excluded from the fees, and the Ordering Activity agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

5.3 Authentic8 reserves the right to modify the Subscription Fees or introduce new fees at its discretion by providing 30 days prior notice to Ordering Activity. Notwithstanding the foregoing, any changes to the Subscription Fees will not apply to Ordering Activity’s current Subscription Term, and will instead take effect at the beginning of the renewal term.

5.4 AUTHENTIC8 SERVICE

6. RESERVED

7. TERMINATION

7.1 When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Authentic8 shall proceed diligently with
performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

7.2 Upon any expiration or termination of this Agreement, Ordering Activity’s right to access and use the Authentic8 Service will automatically terminate, and Ordering Activity may not continue to access or use the Authentic8 Service. Authentic8 will have no liability for any costs, losses, damages, or liabilities arising out of or related to Authentic8’s exercise of its termination rights under this Agreement. Any payment obligations as of the expiration or termination (or that relate to activity during the Subscription Term) will remain in effect. The obligations and provisions of Sections 8 through 12 will survive any expiration or termination of the Agreement.

8. PROPRIETARY RIGHTS

8.1 Authentic8 owns all right, title and interest in and to the Authentic8 Service and the Authentic8 App, including all worldwide intellectual property rights therein (“Authentic8 IP”). This Agreement does not convey any proprietary interest in or to any Authentic8 IP or rights of entitlement to the use thereof except as expressly set forth herein. Ordering Activity grants Authentic8 the right to use its name (and the corresponding trademark or logo) on Authentic8’s website and marketing materials to identify Ordering Activity as a Ordering Activity; provided, however, that any such use must be pre-approved by Ordering Activity, which will not be unreasonably withheld or delayed. 8.2 Authentic8 will be free to use any suggestions, ideas, feedback, or recommendations provided by Customer regarding the Authentic8 Service or the Authentic8 App (“Feedback”), and by providing any Feedback, Customer grants Authentic8 a worldwide, perpetual, irrevocable, fully-paid and royalty-free license to use and exploit that Feedback for any purpose and without any further obligation. Authentic8 acknowledges that the ability to use this Agreement and any Feedback received in advertising is limited by GSAR 552.203-71.

8.3 Each party understands that the other party may need to disclose certain non-public information relating to the disclosing party’s business that is marked or identified as “confidential” at the time of disclosure (“Confidential Information”) in connection with the use and/or performance of the Authentic8 Service. The receiving party agrees to take reasonable precautions to protect such Confidential Information, and to not disclose (without the disclosing party’s prior authorization) to any third person such Confidential Information. Confidential Information does not include any information that the receiving party can show: (1) is or becomes generally available to the public; or (2) was in its possession or was known prior to receipt from the disclosing party; or (3) was rightfully disclosed to it without restriction by a third party; or (4) was independently developed without use of any Confidential Information of the disclosing party. The receiving party may disclose Confidential Information if the disclosure is necessary to comply with a valid court order or subpoena (in which case the receiving party will, unless expressly prohibited by the terms of the court order or subpoena, promptly notify the disclosing party and cooperate with the disclosing party if the disclosing party chooses to contest the disclosure requirement, seek confidential treatment of the information to be disclosed, or to limit the nature or scope of the information to be disclosed). Authentic8 recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as “confidential” by the vendor.

9. DISCLAIMERS

9.1 Authentic8 warrants that the Services will be perform substantially in accordance with the SOFTWARE written materials accompanying it. In the event that the Services do not perform in accordance with SOFTWARE written materials accompanying it due to reasons within Authentic8’s control, for a period of sixty (60) days Authentic8 will repair the service in order to bring it into accordance, or provide a refund of subscription fees. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING The Authentic8 Service and the Authentic8 App are provided “AS IS” and on an “AS AVAILABLE” basis. Authentic8 does not warrant that the Authentic8 Service will be provided without interruption or be completely error free. AUTHENTIC8 DISCLAIMS ANY WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT AND ANY WARRANTIES ARISING OUT OF COURSE OF DEALING OR USAGE OF TRADE.

9.2 Ordering Activity acknowledges that, despite the security features of the Authentic8 Service, no service can provide a complete and error-free security. Authentic8 does not warrant that the Authentic8 Service will be completely error-free or that it will provide protection from security breaches. Authentic8 is not responsible for security breaches caused by circumstances outside its reasonable control. Authentic8 is not responsible for any data or information that Ordering Activity, or its Authorized Users, download or access through the use of the Authentic8 Service. Ordering Activity assumes all risk from the use of the Authentic8 Service including any damage to its computer system or devices or the corruption or loss of its data and information when accessing or using the Authentic8 Service.

10. RESERVED

11. INDEMNIFICATION

11.1 Authentic8 will: (1) defend Ordering Activity against any third party suit, claim, action or demand (a “Claim”) alleging that the Authentic8 Service infringes any copyright or trademark or misappropriates a trade secret of a third party; and (2) indemnify and hold Ordering Activity harmless from any final award of damages or settlement amount arising in connection with any such Claim.

11.2 The indemnity obligations are conditioned on Ordering Activity notifying Authentic8 promptly in writing of any actual or threatened Claim. Ordering Activity giving Authentic8 control of the defense thereof and any related settlement negotiations, and Ordering Activity cooperating and, at Authentic8’s request and expense, assisting in such defense. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516.

12. GENERAL

12.1 The parties are independent contractors, and no branch or agency, partnership, association, joint venture, employee-employer, or franchiser-franchisee relationship is intended or created by this Agreement. This Agreement is intended for the sole and exclusive benefit of the parties and is not intended to benefit any third party. Only the parties to this Agreement may enforce it.

12.2 This Agreement is governed by and construed in accordance with the Federal laws of the United States, without giving effect to the principles of conflict of law. If any portion of this Agreement is found to be void or unenforceable, the remaining provisions of this Agreement will remain in full force and effect.

12.3 Neither party may assign this Agreement, in whole or in part, without the other party’s prior written consent. Any attempt to assign this Agreement other than as permitted above will be null and void.

12.4 All notices required or permitted under this Agreement will be in writing and delivered by confirmed facsimile transmission, by courier or overnight delivery services, or by certified mail, and in each instance will be deemed given upon receipt. All communications will be sent to the addresses set forth above or to such other address as may be specified by either party to the other in accordance with this Section.

12.5 This Agreement, together with the Underlying GSA Schedule Contract, Schedule Pricelist and Purchase Order(s), constitutes the complete and exclusive understanding and agreement between the parties regarding this subject matter and supersedes all prior or contemporaneous agreements or
understandings, written or oral, relating to this subject matter. Any waiver, modification or amendment of any provision of this Agreement will be effective only if in writing and signed by duly authorized representatives of both parties.

[END]

EXHIBIT A:

SUPPORT TERMS AND SERVICE AVAILABILITY

Capitalized terms not defined below will have the meaning ascribed to them in the Agreement. Additional terms used herein are defined below.

1. SUPPORT AND MAINTENANCE

1.1 Technical Support. Ordering Activity will provide direct first tier technical support directly to its Authorized Users. Authentic8 will provide second tier support escalation to Ordering Activity via email and phone during the regular business hours of: 9am-6pm, Pacific Time, Monday-Friday (excluding national holidays).

1.2 Maintenance. Authentic8 will make updates (error corrections, bug fixes, enhancements and/or improvements) to the Authentic8 Service on an ongoing basis. Except in the case of emergencies, Authentic8 will schedule maintenance during appropriate, non-peak usage hours (typically between 10pm on Fridays and 12pm on Sundays, Pacific Time) and to the extent possible will provide advance notice of any planned service disruption.

1.3 Reporting Process. Only Ordering Activity's Account administrator(s) may contact Authentic8's technical support personnel. In connection with submitting a problem report, Ordering Activity must: (i) notify Authentic8 promptly of problems with the Authentic8 Service, and provide Authentic8 with any documentation available regarding the error sufficient to allow Authentic8 to reproduce the error; and (ii) provide Authentic8 with reasonable assistance, as requested, to troubleshoot the problem.

2. SERVICE LEVEL

2.1 Availability. The Authentic8 Service will be available 99.9% of the time per month, except for any scheduled maintenance or Service Interruptions ("Uptime Availability"). The Authentic8 Service (or a portion of the Authentic8 Service) may be unavailable at certain times, for any unanticipated or unscheduled emergency maintenance or unavailability as a result of (i) circumstances beyond Authentic8’s reasonable control, including without limitation, acts of God, acts of government, flood, fire, earthquakes, civil unrest, acts of terror, strikes or other labor problems (other than those involving our employees), or (ii) Internet third party service provider failures, delays, or denial of service attacks ("Service Interruptions").

2.2 Remedies. If the Authentic8 Service does not meet the Uptime Availability in any given calendar month (excluding any scheduled maintenance or Service Interruptions), then Authentic8 will credit Ordering Activity a percentage of the Subscription Fees for that month as follows:

<table>
<thead>
<tr>
<th>Service Availability</th>
<th>Service Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>99.5% - 99.9%</td>
<td>20%</td>
</tr>
<tr>
<td>99% - 99.5%</td>
<td>40%</td>
</tr>
<tr>
<td>&lt;99%</td>
<td>100%</td>
</tr>
</tbody>
</table>

Service credits must be requested in writing within 10 business days after the month following such service level unavailability. This credit will be applied against future Subscription Fees. If the Authentic8 Service does not meet the Uptime Availability for two (2) consecutive months in any three (3) month period; or four (4) times in any twelve (12) month period, Ordering Activity may terminate the Agreement and Authentic8 will refund the unused portion of the Subscription Fees that Ordering Activity had paid for the Authentic8 Service for the remainder of the Subscription Term. This section states Ordering Activity’s sole and exclusive remedy for the unavailability of the Authentic8 Service.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. Scope. This Rider and the attached Barracuda Networks, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. Applicability. Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted to the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) Contracting Parties. The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) Changes to Work and Delays. Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) Contract Formation. Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) Termination. Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) Choice of Law. Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) Equitable remedies. Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) Unilateral Termination. Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) Unreasonable Delay. Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) Assignment. All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) Waiver of Jury Trial. Waivers of Jury Trials are subject to FAR 52.232-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) Government Indemnities. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is
triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504, 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

BARRACUDA NETWORKS

BARRACUDA NETWORKS LICENSE, WARRANTY AND SUPPORT TERMS

Limited Hardware Warranty

1. Contractor warrants that commencing from the date of delivery to Ordering Activity, and continuing for a period of one (1) year: (a) its products (excluding any software) will be free from material defects in materials and workmanship under normal use; and (b) the software provided in connection with its products, including any software contained or embedded in such products will substantially conform to Contractor published specifications in effect as of the date of manufacture. Except for the foregoing, the software is provided as is. In no event does Contractor warrant that the software is error free or that Ordering Activity will be able to operate the software without problems or interruptions. In addition, due to the continual development of new techniques for intruding upon and attacking networks, Contractor does not warrant that the software or any equipment, system or network on which the software is used will be free of vulnerability to intrusion or attack. The limited warranty extends only to Ordering Activity the original buyer of the Barracuda Networks product and is non-transferable.

2. Remedy. Ordering Activity’s remedy and the liability of Contractor under this limited warranty shall be, at Contractor’s or its service centers option and expense, the repair, replacement or refund of the purchase price of any products sold which do not comply with this warranty. Hardware replaced under the terms of this limited warranty may be refurbished or new equipment substituted at Contractor’s option. Contractor obligations hereunder are conditioned upon the return of affected articles in accordance with Contractor then-current Return Material Authorization (“RMA”) procedures. All parts will be new or refurbished, at Contractor’s discretion, and shall be furnished on an exchange basis. All parts removed for replacement will become the property of Contractor. In connection with warranty services hereunder, Contractor may at its discretion modify the hardware of the product at no cost to Ordering Activity to improve its reliability or performance. The warranty period is not extended if Contractor repairs or replaces a warranted product or any parts. Contractor may change the availability of limited warranties, at its discretion, but any changes will not be retroactive.

3. Exclusions and Restrictions. This limited warranty does not apply to Barracuda Networks products that are or have been (a) marked or identified as "sample" or "beta," (b) loaned or provided to Ordering Activity at no cost, (c) sold "as is," (d) repaired, altered or modified except by Contractor, (e) not installed, operated or maintained in accordance with instructions supplied by Contractor, or (f) subject to abnormal physical or electrical stress, misuse, negligence or to an accident.

EXCEPT FOR THE ABOVE WARRANTY, CONTRACTOR MAKES NO OTHER WARRANTY, EXPRESS, IMPLIED OR STATUTORY, WITH RESPECT TO BARRACUDA NETWORKS PRODUCTS, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTY OF TITLE, AVAILABILITY, RELIABILITY, USEFULNESS, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT, OR ARISING FROM COURSE OF PERFORMANCE, DEALING, USAGE OR TRADE. EXCEPT FOR THE ABOVE WARRANTY, BARRACUDA NETWORKS PRODUCTS AND THE SOFTWARE ARE PROVIDED "AS-IS" AND CONTRACTOR DOES NOT WARRANT THAT ITS PRODUCTS WILL MEET ORDERING ACTIVITY’S REQUIREMENTS OR BE UNINTERRUPTED, TIMELY, AVAILABLE, SECURE OR ERROR FREE, OR THAT ANY ERRORS IN ITS PRODUCTS OR THE SOFTWARE WILL BE CORRECTED. FURTHERMORE, CONTRACTOR DOES NOT WARRANT THAT BARRACUDA NETWORKS PRODUCTS, THE SOFTWARE OR ANY EQUIPMENT, SYSTEM OR NETWORK ON WHICH BARRACUDA NETWORKS PRODUCTS WILL BE USED WILL BE FREE OF VULNERABILITY TO INTRUSION OR ATTACK.

Barracuda Networks Software License Terms

1. The software and documentation, whether on disk, in flash memory, in read only memory, or on any other media or in any other form (collectively "Barracuda Software") is licensed, not sold, to Ordering Activity by Contractor for use only under the terms of this Attachment A, and Contractor reserves all rights not expressly granted to Ordering Activity. The rights granted are limited to Contractor's intellectual property rights in the Barracuda Software and do not include any other patent or intellectual property rights. Ordering Activity owns the media on which the Software is recorded but Contractor retains ownership of the Software itself. If Ordering Activity has not completed a purchase of the Software and made payment for the purchase, the software may only be used for evaluation purposes and may not be used in any production capacity. Furthermore the Software, when used for evaluation, may not be secure and may use publicly available passwords.

2. Permitted License Uses and Restrictions. If Ordering Activity has purchased a Barracuda Networks hardware product, this Attachment A allows Ordering Activity to use the Software only on the single Barracuda labeled hardware device on which the software was delivered. Ordering Activity may not make copies of the Software. Ordering Activity may not make a backup copy of the Software. If Ordering Activity has purchased a Barracuda Networks Virtual Machine Ordering Activity may use the software only in the licensed number of instances of the licensed sizes and Ordering Activity may not exceed the licensed capacities. Ordering Activity may make a reasonable number of backup copies of the Software. If Ordering Activity have purchased client software Ordering Activity may install the software only on the number of licensed clients. Ordering Activity may make a reasonable number of back copies of the Software. For all purchases Ordering Activity’s use of the Software shall also be limited by any other restrictions set forth in Ordering Activity’s purchase order or in Contractor’s GSA product catalog, user documentation, or web site, to a maximum number of (a) seats (i.e. users with access to install Software), (b) concurrent users, sessions, ports, and/or issued and outstanding IP addresses, and/or (c) central processing unit cycles or instructions per second. Ordering Activity’s use of the Software shall also be limited by any other restrictions set forth in Ordering Activity’s purchase order or in Contractor’s GSA product catalog, user documentation or Web site for the Software. The BARRACUDA SOFTWARE IS NOT INTENDED FOR USE IN THE OPERATION OF NUCLEAR FACILITIES, AIRCRAFT NAVIGATION OR COMMUNICATION SYSTEMS, LIFE SUPPORT MACHINES, OR OTHER EQUIPMENT IN WHICH FAILURE COULD LEAD
TO DEATH, PERSONAL INJURY, OR ENVIRONMENTAL DAMAGE. ORDERING ACTIVITY EXPRESSLY AGREES NOT TO USE IT IN ANY OF THESE OPERATIONS.

3. Ordering Activity may not transfer, rent, lease, lend, or sublicense the Software or allow a third party to do so. ORDERING ACTIVITY MAY NOT OTHERWISE TRANSFER THE SOFTWARE OR ANY OF ORDERING ACTIVITY'S RIGHTS AND OBLIGATIONS UNDER THIS ATTACHMENT A. Ordering Activity agree that Ordering Activity will have no right and will not, nor will it assist others to: (i) make unauthorized copies of all or any portion of the Software; (ii) sell, sublicense, distribute, rent or lease the Software; (iii) use the Software on a service bureau, time sharing basis or other remote access system whereby third parties other than Ordering Activity can use or benefit from the use of the Software; (iv) disassemble, reverse engineer, modify, translate, alter, decompile or otherwise attempt to discern the source code of all or any portion of the Software; (v) utilize or run the Software on more computers than Ordering Activity has purchased license to; (vi) operate the Software in a fashion that exceeds the capacity or capabilities that were purchased by Ordering Activity.

4. ORDERING ACTIVITY EXPRESSLY ACKNOWLEDGE AND AGREE THAT THE USE OF THE BARRACUDA SOFTWARE IS AT ORDERING ACTIVITY’S OWN RISK AND THAT THE ENTIRE RISK AS TO SATISFACTION, QUALITY, PERFORMANCE, AND ACCURACY IS WITH ORDERING ACTIVITY. THE BARRACUDA SOFTWARE IS PROVIDED "AS IS" WITH ALL FAULTS AND WITHOUT WARRANTY OF ANY KIND, AND CONTRACTOR HEREBY DISCLAIMS ALL WARRANTIES AND CONDITIONS WITH RESPECT TO THE BARRACUDA SOFTWARE, EITHER EXPRESSED OR IMPLIED OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES AND/OR CONDITIONS OF MERCHANTABILITY, OF SATISFACTORY QUALITY, OF FITNESS FOR ANY APPLICATION, OF ACCURACY, AND OF NON-INFRINGEMENT OF THIRD PARTY RIGHTS. CONTRACTOR DOES NOT WARRANT THE CONTINUED OPERATION OF THE SOFTWARE, THAT THE PERFORMANCE WILL MEET ORDERING ACTIVITY'S EXPECTATIONS, THAT THE FUNCTIONS WILL MEET ORDERING ACTIVITY'S REQUIREMENTS, THAT THE OPERATION WILL BE ERROR FREE OR CONTINUOUS, THAT CURRENT OR FUTURE VERSIONS OF ANY OPERATING SYSTEM WILL BE SUPPORTED, OR THAT DEFECTS WILL BE CORRECTED. NO ORAL OR WRITTEN INFORMATION GIVEN BY CONTRACTOR OR AUTHORIZED CONTRACTOR REPRESENTATIVE SHALL CREATE A WARRANTY. SHOULD THE BARRACUDA SOFTWARE PROVE DEFECTIVE, ORDERING ACTIVITY ASSUME THE ENTIRE COST OF ALL NECESSARY SERVICING, REPAIR, OR CORRECTION. FURTHERMORE CONTRACTOR SHALL ASSUME NO WARRANTY FOR ERRORS/BUGS, FAILURES OR DAMAGE WHICH WERE CAUSED BY IMPROPER OPERATION, USE OF UNSUITABLE RESOURCES, ABNORMAL OPERATING CONDITIONS (IN PARTICULAR DEVIATIONS FROM THE INSTALLATION CONDITIONS) AS WELL AS BY TRANSPORTATION DAMAGE. In addition, due to the continual development of new techniques for intruding upon and attacking networks, Contractor does not warrant that the Software or any equipment, system or network on which the Software is used will be free of vulnerability to intrusion or attack. ORDERING ACTIVITY EXPRESSLY ACKNOWLEDGE AND AGREE THAT ORDERING ACTIVITY WILL PROVIDE AN UNLIMITED PERPETUAL ZERO COST LICENSE TO CONTRACTOR FOR ANY PATENTS OR OTHER INTELLECTUAL PROPERTY RIGHTS WHICH ORDERING ACTIVITY EITHER OWN OR CONTROL THAT ARE UTILIZED IN ANY BARRACUDA PRODUCT.

5. Content Restrictions. ORDERING ACTIVITY MAY NOT (AND MAY NOT ALLOW A THIRD PARTY TO) COPY, REPRODUCE, CAPTURE, STORE, RETRANSMIT, DISTRIBUTE, OR BURN TO CD (OR ANY OTHER MEDIUM) ANY COPYRIGHTED CONTENT THAT ORDERING ACTIVITY ACCESS OR RECEIVE THROUGH USE OF THE PRODUCT CONTAINING THE SOFTWARE. ORDERING ACTIVITY ASSUME ALL RISK AND LIABILITY FOR ANY SUCH PROHIBITED USE OF COPYRIGHTED CONTENT. Ordering Activity agrees not to publish any benchmarks, measurements, or reports on the product without Contractor’s written express approval.

6. Trademarks. Certain portions of the product and names used in this Attachment A, the Software and the documentation may constitute trademarks of Barracuda Networks. Ordering Activity is not authorized to use any such trademarks for any purpose.

7. Collection of Data. Ordering Activity agrees to allow Contractor through Barracuda Networks to collect information (“Statistics”) from the Software in order to fight spam, virus, and other threats as well as optimize and monitor the Software. Information will be collected electronically and automatically. Statistics include, but are not limited to, the number of messages processed, the number of messages that are categorized as spam, the number of virus and types, IP addresses of the largest spam senders, the number of emails classified for Bayesian analysis, capacity and usage, websites not categorized, fingerprints of emails, and other statistics. Ordering Activity's data will be kept private and will only be reported in aggregate by Barracuda Networks.

8. Subscriptions. Software updates and subscription information provided by Barracuda Energize Updates or other services may be necessary for the continued operation of the Software. Ordering Activity acknowledge that such a subscription may be necessary. Furthermore some functionality may only be available with additional subscription purchases. Obtaining Software updates on systems where no valid subscription has been purchased or obtaining functionality where subscription has not been purchased is strictly forbidden and in violation of this Attachment A. All initial subscriptions commence at the time of activation and all renewals commence at the expiration of the previous valid subscription. Unless otherwise expressly provided in the documentation, Ordering Activity shall use the Energize Updates Service and other subscriptions solely as embedded in, for execution on, or (where the applicable documentation permits installation on non-Barracuda Networks equipment) for communication with Barracuda Networks equipment owned or leased by Ordering Activity. All subscriptions are non-transferrable. Contractor makes no warranty that subscriptions will continue un-interrupted.

9. Time Base License. If Ordering Activity’s Software purchase is a time based license Ordering Activity expressly acknowledge that the Software will stop functioning at the time the license expires.

10. Support. Telephone, email and other forms of support will be provided to Ordering Activity if you have purchased a product that includes support. The hours of support vary based on country and the type of support purchased. Barracuda Networks Energize Updates typically include Basic support.

11. Changes. Contractor through Barracuda Networks reserves the right at any time not to release or to discontinue release of any Software or Subscription and to alter features, specifications, capabilities, functions, licensing terms, release dates, general availability or other characteristics of any future releases of the Software or Subscriptions.
12. Open Source Licensing. Barracuda Networks products may include programs that are covered by the GNU General Public License (GPL) or other Open Source license agreements, in particular the Linux operating system. It is expressly put on record that the Software does not constitute an edited version or further development of the operating system. These programs are copyrighted by their authors or other parties, and the authors and copyright holders disclaim any warranty for such programs. Other programs are copyright by Contractor. Contractor through Barracuda Networks makes available the source code used to build Barracuda products available at source.barracuda.com. This directory includes all the open source programs that are distributed on the Barracuda products. Obviously not all of these programs are utilized, but since they are distributed on the Barracuda product Contractor through Barracuda is required to make the source code available.

**Barracuda Instant Replacement Service**

Contractor through Barracuda Networks shall provide the instant replacement services described below commencing on the date of delivery of the Barracuda Networks, Inc. product for which the Instant Replacement Service is purchased (Product) to the Ordering Activity, and continuing for a period of one (1) year, three (3) years, or five (5) years depending on the Service purchased (Instant Replacement Service Period). During the Instant Replacement Service Period, Barracuda Networks will use commercially reasonable efforts to ship Ordering Activity a new Product within twenty-four (24) hours if Ordering Activity resides in the United States. For Ordering Activities residing outside the United States, Barracuda Networks will use commercially reasonable efforts to ship Ordering Activity a replacement Product via express mail within one business day.

Upon requesting a replacement Product, Ordering Activity must return the original Product to Barracuda Networks. Ordering Activity must return the original Product to Barracuda Networks within 30 days after shipment of the replacement Product. Barracuda Networks will pay shipping costs to ship the replacement Product to Ordering Activity. The Ordering Activity is responsible for shipping costs back to Barracuda Networks of the covered unit.

This Instant Replacement Service Period is not extended if Contractor through Barracuda Networks replaces a Product. Barracuda Networks may change the availability of Instant Replacement Service programs, at its discretion, but any changes will not be retroactive.

This Instant Replacement Service extends only to the original Ordering Activity of the Product and is non-transferable. Instant Replacement must be purchased within 60 days of initial order of the system to be covered.

Ordering Activity's remedy and the liability of Contractor under this Instant Replacement Service and during the Instant Replacement Service Period will be shipment of a replacement Product within the time period and according to the replacement process set forth above and on the Barracuda Networks Web Site or literature accompanying the Product, or a refund of the purchase price if the Product is returned to Contractor through Barracuda Networks.

Restrictions. This Instant Replacement Service does not apply if (a) the Product has been altered, except by Contractor through Barracuda Networks, (b) the Product has not been installed, operated, repaired, or maintained in accordance with instructions, (c) the Product has been subjected to abnormal physical or electrical stress, misuse, or negligence (d) the Product has an altered or missing serial number; or (e) Contractor has not received payment for the Product or (f) the Product is physically damaged or (g) a Ordering Activity must have current EU to take advantage of IR.

Renewal. At the end of the Instant Replacement Service Period, Ordering Activity may have the option to renew the Instant Replacement Service at then-current GSA price, provided such Instant Replacement Service is available. All initial subscriptions commence at the time of sale of the unit and all renewals commence at the expiration of the previous valid subscription.

**DISCLAIMER OF WARRANTY.** EXCEPT AS SPECIFIED IN THIS INSTANT REPLACEMENT SERVICE, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT, SATISFACTORY QUALITY OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW. TO THE EXTENT AN IMPLIED WARRANTY CANNOT BE EXCLUDED, SUCH WARRANTY IS LIMITED IN DURATION TO THE WARRANTY PERIOD. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY TO ORDERING ACTIVITY. THIS WARRANTY GIVES ORDERING ACTIVITY SPECIFIC LEGAL RIGHTS, AND ORDERING ACTIVITY MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION.

**Barracuda Energize Updates**

Barracuda Energize Updates provide Ordering Activity's Barracuda Networks product with protection from the latest Internet threats. The team at Contractor through Barracuda Central continuously monitors the Internet for new trends in network security threats and develops strategies to mitigate those threats. Energize Updates deliver the latest definitions most appropriate to Ordering Activity's product -- spam, virus, content categories, spyware filter, intrusion prevention, IM protocols, policies, security updates, attacks and document formats. These updates are sent out hourly or more frequently if needed, to ensure that Ordering Activity always have the latest and most comprehensive protection.

Barracuda Energize Updates subscriptions need to be purchased with any Barracuda Networks product to provide complete protection from the latest Internet threats. Subscriptions can be purchased or renewed for hardware appliances for up to 5 years from purchase of product. In addition to definition updates, Energize Updates subscriptions also provide:

- **Basic Support**, which includes email support 24x7 and phone support between the hours of 9 a.m. and 5 p.m. Monday through Friday in the US (Pacific Time). Note that Contractor through Barracuda Networks Technical Support will take and respond to support calls 24x7 from Basic Support customers if we are not helping other customers.

- **Firmware Maintenance** which includes new firmware updates with feature enhancements and bug fixes for up to 4 years from purchase of product.

- **Security Updates to patch or repair any security vulnerabilities for up to 5 years from purchase of product.**

- **Optional participation in the Barracuda Early Release Firmware program.**
EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached BlueCat Federal USA, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereeto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S. C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.21, as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated
June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) Contractor Indemnities. All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) Renewals. All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) Future Fees or Penalties. All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504, 28 U.S.C. § 2412).

o) Taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) Third Party Terms. When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) Dispute Resolution and Standing. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) Advertisements and Endorsements. Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) Alternate Dispute Resolution. The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) Ownership of Derivative Works. Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

BLUECAT FEDERAL USA, INC.

MASTER AGREEMENT

This Master Agreement is entered into by EC America, Inc. ("Contractor") and the Ordering Activity under GSA Schedule contracts ("Customer" or "Ordering Activity"). Contractor and the Ordering Activity placing an order under the GSA Schedule contract that includes this Agreement (any such order being the "Purchase Order") mutually agree to be bound to these terms.

All references to BlueCat in this Agreement should be read as “Contractor acting by and through its supplier, BlueCat.” For avoidance of doubt, nothing herein shall establish privity of contract between BlueCat and the Ordering Activity.

1. DEFINITIONS; PURCHASE ORDERS; SCHEDULES

1.1. Definitions. Capitalized terms not expressly defined in this Agreement have the meaning given to them in Schedule “A”.

1.2. Purchase Orders. All orders of BlueCat Offerings, Professional Services and other ancillary purchases by Customer shall be evidenced by a Purchase Order. The terms of all Purchase Orders, whether issued and accepted before or after the execution of this Agreement, must be consistent with this Agreement, unless specifically stated and agreed to by the Parties. No terms in any form of Customer Purchase Order, other than the identification, price, quantity and license model of the BlueCat Offerings, the Subscription Period, if applicable, the applicable pricing and Active Unique IPs tier, and the address for invoicing and delivery, if applicable, shall be binding on BlueCat, unless specifically stated and agreed to by the Parties. A negotiated purchase order would take precedence as the negotiated purchase order would demonstrate any changes to these terms to meet the ordering activity’s minimum needs.

1.3. Schedules. The following schedules are attached to and form a part of this Agreement:

Schedule “A” – Definitions
Schedule “B” – Additional E-Learning Terms and Conditions
Schedule “C” – Additional Professional Service Terms and Conditions
Schedule “D” – Additional Managed Services Terms and Conditions
Schedule “E” – Additional Hosted External DNS Service Terms and Conditions

2. BLUECAT SOFTWARE PRODUCTS

2.1. Grant of License. BlueCat grants to Customer a non-exclusive, non-transferable, non-assignable, non-sublicensable license to use the Software components of the Software Products identified on any Purchase Order, subject at all times to the terms and conditions set forth in this Agreement.

2.2. Duration of License. Software Products licensed on a Subscription basis are temporary and expire when the Subscription Period for the relevant Software Product(s) expires or is terminated. For Software licensed on a perpetual basis, such licenses will become perpetual (unless terminated as provided herein or as otherwise set out in a Purchase Order) when all payments for such licenses have been received by BlueCat.

2.3. Support; Duration. BlueCat shall provide the standard Support for the applicable Software Product to the extent specified in a Purchase Order. Support shall be provided as a Subscription during the Subscription Period. Once paid, Support fees are non-refundable.

3. BLUECAT CLOUD SERVICES AND DNS FLEX SERVICES

3.1. Access and Use. Subject to the terms and condition of this Agreement, Customer may remotely access and use (i) the Cloud Services on a non-exclusive, non-transferable, non-assignable basis for the applicable Subscription Period identified on a Purchase Order, and (ii) the DNS Flex Services on a non-exclusive, non-transferable, non-assignable basis for the applicable Subscription Period identified on a Purchase Order.

3.2. Service Levels, Sole Remedy. BlueCat will make the Cloud Service and the cloud service portions of the DNS Flex Service, in each case as ordered by Customer, available to Customer in accordance with the applicable Service Level Schedule. BlueCat’s obligations in the Service Level Schedule do not apply to the extent: (a) Customer’s system does not meet the minimum requirements listed in the Documentation to support the applicable BlueCat Offering; (b) reserved; and (c) the Service Availability (as defined in the Service Level Schedule) is impacted by Customer’s failure to incorporate or utilize any recommendations or data produced by the applicable BlueCat Offering (e.g. security recommendations emanating from the applicable BlueCat Offering). The remedies listed in the Service Level Schedule are Customer’s sole remedy and BlueCat’s sole obligation for any failure of the Cloud Service or the cloud service portions of the DNS Flex Service. All other Cloud Services are provided “as is”, per the disclaimer in Section 6.4.

3.3. Security. BlueCat will maintain commercially reasonable administrative, physical and technical safeguards for the protection, confidentiality and integrity of the Cloud Services and cloud service portions of the DNS Flex Services, and Customer Data.

3.4. Access Methods, Authorized Users, Unauthorized Access or Use. Customer agrees that it is responsible for protecting the security and integrity of the Access Methods. Customer shall be fully responsible for any Authorized Users’ breach of this Agreement. Customer agrees that it is liable for any acts or omissions occurring under any Access Methods, whether by Authorized Users or otherwise. Each Party shall notify the other Party immediately of any suspected or known unauthorized access or use of the Cloud Services or DNS Flex Services, will use commercially reasonable efforts to prevent such unauthorized access or use, and will use commercially reasonable efforts to stop said unauthorized access or use.
3.5. Customer Data. Customer hereby grants to BlueCat a non-exclusive, worldwide right to use, process and transmit, the Customer Data via the Cloud Services and DNS Flex Services so that BlueCat may provide the applicable ordered Cloud Services and DNS Flex Services to Customer. Customer agrees that BlueCat does not review, edit, substantiate, determine or otherwise have any responsibility for the accuracy, quality, integrity, legality, reliability, or appropriateness of any Customer Data. **Customer has sole responsibility for, and BlueCat disclaims all liability for, the Customer Data transmitted by Customer to the Cloud Services or DNS Flex Services.**

3.6. Updates and Modifications. Customer acknowledges and agrees that from time to time BlueCat may apply updates to, or otherwise revise, the Cloud Services or DNS Flex Services and that such updates and/or revisions may result in additions, modifications or removal of functionality, features, content or the appearance of the Cloud Services or DNS Flex Services. Any material updates to the Cloud Services or DNS Flex Services that results in the removal of material functionality, considering the overall level of service, shall be considered a material change to this Agreement and shall be presented to Ordering Activity for review and will not be effective unless and until both parties sign a written agreement updating these terms.

3.7. Ancillary Services Software. BlueCat grants to Customer a non-exclusive, non-transferable, non-sublicenseable, revocable and limited license to use the Ancillary Cloud Service Software during the applicable Subscription Period solely for Customer’s internal business purposes. In addition, BlueCat shall provide Support for the Ancillary Service Software during the applicable Subscription Period. Customer’s right to use such software and receive Support for such software ceases when the right to access and use Cloud Services or DNS Flex Services, as applicable, ends. At such time, each copy of the Ancillary Service Software must be promptly uninstalled or BlueCat may disable the Ancillary Service Software.

3.8. APIs. In the event that BlueCat makes available any APIs to Customer as part of the DNS Flex Services or Cloud Services, then Customer may access such APIs on a non-exclusive, non-transferable, non-assignable basis for the applicable Subscription Period identified in a Purchase Order, subject at all times to the terms and conditions of this Agreement. Customer is responsible for making and maintaining all necessary arrangements to access, use and interface with such APIs in accordance with such specifications, restrictions and guidelines as BlueCat may stipulate from time to time. In addition, APIs regarding BlueCat Gateway are subject to the requirements detailed at the following address: `https://quay.io/repository/bluecat/gateway` and Customer agrees to comply with such requirements. BlueCat may from time to time on reasonable notice require Customer at Customer’s own cost to take such steps as are required to integrate any modifications or updates BlueCat makes to APIs. BlueCat reserves the right to restrict Customer access the APIs if BlueCat reasonably determine, in BlueCat sole discretion, that the volume of queries originating from Customer use of the APIs is unduly burdening any API.

3.9. Service Points. Customer acknowledges and agrees that, in order to access and use the DNS Flex Services, Customer must use Service Points and that all Customer’s devices must point directly to a Service Point ("first hop").

### 4. ADDITIONAL TERMS & RESTRICTIONS

4.1. License and Subscription Models. The BlueCat Offerings are provided or made available based on the license or subscription model identified in the applicable Purchase Order. Usage of the BlueCat Offerings may not exceed the maximum allowable licenses, subscriptions or Unique Active IPs or any other usage or scope restrictions. Prior to renewal of any BlueCat Offerings and at BlueCat’s discretion, acting reasonably, at any time during the Subscription Period where Customer’s usage thereof has exceeded such restrictions, Customer will be invoiced for any over usage of the applicable product or service at the then-current list price in accordance with the GSA Schedule Pricelist. If the Ordering Activity exceeds the use amount, both parties will work together to either prevent such overages in the future or will execute a new agreement in writing that encompasses the higher use amount.

4.2. Active Unique IPs. Usage of the DNS Flex Services may not exceed the maximum number of Unique Active IPs per month specified in the applicable Purchase Order for that pricing tier. Where Customer’s usage of the DNS Flex Services has exceeded such restrictions, then Customer will be invoiced for any such over usage, at BlueCat’s discretion, acting reasonably, at any time during the Subscription Period, at the then-current list price in accordance with the GSA Schedule Pricelist.

4.3. Acceptable Use Policy. Customer agrees to, and agrees to ensure that its Authorized Users will, comply with the Acceptable Use Policy. Neither this Agreement nor the Acceptable Use Policy requires that BlueCat take any action against Customer or any Authorized User or other third party for violating the Acceptable Use Policy or this Agreement, but BlueCat is free to take any such action it sees fit, in addition to any other remedies BlueCat may have.

4.4. Suspension of Perpetual Licenses. If Customer is transitioning from an existing BlueCat perpetual license model to the subscription license model of DNS Flex Services, upon delivery of the DNS Flex Services, all perpetual licenses being replaced are suspended during the Subscription Period. To reinstate such perpetual licenses, please contact BlueCat.

4.5. Appliances. Upon payment of additional fees, BlueCat shall provide the Appliances identified in a Purchase Order.

4.6. E-Learning. If Customer orders the E-Learning Cloud Service pursuant to a Purchase Order, the terms and conditions in Schedule “B” will apply in addition to the terms and conditions of this Agreement.

4.7. Professional Services. Upon payment of additional fees, BlueCat shall provide the Professional Services described in the SOW upon the terms and conditions set forth in this Agreement and in Schedule “C”.

4.8. Managed Services. If Customer is a managed provider of DNS services, then the terms and conditions in Schedule “D” will apply in addition to the terms and conditions of this Agreement.

4.9. Hosted Services. If Customer purchases Hosted Services pursuant to a Purchase Order, the terms and conditions in Schedule “E” will apply in addition to the terms and conditions of this Agreement.

### 5. INVOICES, DELIVERY, ACCESS AND PAYMENT
5.1. Invoices. Upon the delivery of any BlueCat Offering or any other BlueCat products or services, BlueCat shall issue Customer an invoice. BlueCat shall state separately on invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

5.2. Payment Terms, No Refund. All invoices are due, and Customer agrees to pay each such invoice, in full thirty (30) days from the date of invoice receipt without deduction or set off. Except as otherwise permitted in this Agreement, once paid, fees are non-refundable. All applicable sales and use taxes shall be identified on the invoice and are the responsibility of the Customer. In the event of payment after the due date, interest shall be payable on the overdue amount at the rate of one and one half (1.5%) percent per month, calculated and compounded monthly, or the maximum rate permitted by law, whichever is less, calculated from the due date to the date of payment. All prepaid fees are non-refundable. Should Customer terminate (or not renew prior to contract end date) annual Support services and subsequently re-instates them, Customer may be subject to the then-current reinstatement fee. The reinstatement fee shall be computed as the sum of the following: (i) amount that would have been paid by the Customer for the past Agreement period(s) had coverage been maintained continuously.

5.3. Delivery, Risk of Loss, Access. (a) For Software Products or Ancillary Service Software provided via Appliances, BlueCat shall arrange for delivery of Appliances to the address indicated in the Purchase Order, provided that all costs related to shipping and insurance of the Appliances are paid by the Customer. Delivery of Appliances and risk of loss will pass to Customer FOB shipping point. (b) For Software Products provided for download and installation on Customer equipment or environment or for any other Ancillary Service Software, BlueCat shall arrange for virtual delivery of such software by making it available for download, such as providing a license key, at which point delivery will be deemed to be complete. (c) For Cloud Services or the cloud services portions of the DNS Flex Services, BlueCat shall arrange for delivery by making such services available for use by providing login credentials to Customer, at which point delivery will deemed complete.

5.4. Appliance Warranty. Any applicable Appliance warranty is described in the BlueCat Customer Care Support Handbook.

5.5. Software and Appliance Remedy. Upon a valid software warranty claim by Customer, BlueCat shall, in its sole discretion: (a) in the case of a defective Appliance, repair or replace the Appliance, (b) in the case of any other Software Product or any Ancillary Service Software, deliver a replacement copy of such Software, or (c) where (a) and (b) are not successful after a reasonable remedy period, refund all fees paid by Customer and attributable to the portion of the period giving rise to the warranty claim. The foregoing remedies are BlueCat’s sole obligation and Customer’s sole remedy in the event of a valid warranty claim under this Section 5.5.

6. LIMITED WARRANTIES FOR SOFTWARE AND APPLIANCES, DISCLAIMER

6.1. Software Product Warranty; Ancillary Service Software Warranty. For a period of sixty (60) days following delivery, all ordered Software Products and Ancillary Service Software shall be free from material defects, free from material errors, free from all known viruses (as identified using commercially reasonable steps and antivirus software) and will perform substantially in accordance with its Documentation. Such warranty does not apply: (a) to any change or service to such software made by any party other than BlueCat or its authorized agent; (b) to the operation of such software with software or hardware not approved by BlueCat, its authorized agent or as specified in the Documentation; (c) if such software was used in a manner other than as contemplated in this Agreement or the Documentation; and (d) to failure by Customer to report a warranty claim within the warranty period specified in this Section 6.1.

6.2. Appliance Warranty. Any applicable Appliance warranty is described in the BlueCat Customer Care Support Handbook.

6.3. Sole Software and Appliance Remedy. Upon a valid software warranty claim by Customer, BlueCat shall, in its sole discretion: (a) in the case of a defective Appliance, repair or replace the Appliance, (b) in the case of any other Software Product or any Ancillary Service Software, deliver a replacement copy of such Software, or (c) where (a) and (b) are not successful after a reasonable remedy period, refund all fees paid by Customer and attributable to the portion of the period giving rise to the warranty claim. The foregoing remedies are BlueCat’s sole obligation and Customer’s sole remedy in the event of a valid warranty claim under this Section 6.3.

6.4. Warranties for Software and Appliances, Disclaimer. EXCEPT AS EXPRESSLY PROVIDED IN THIS SECTION 6 OR SCHEDULE “C”, BLUECAT DOES NOT REPRESENT OR WARRANT THAT THE BLUECAT OFFERINGS, APPLIANCES, MANAGED SERVICES, HOSTED SERVICES OR PROFESSIONAL SERVICES WILL BE UNINTERRUPTED OR ERROR FREE OR THAT ANY OR ALL ERRORS CAN OR WILL BE CORRECTED; NOR DOES IT MAKE ANY WARRANTY AS TO THE RESULTS THAT MAY BE OBTAINED FROM USE OF ANY OF THEM, EXCEPT AS EXPRESSLY PROVIDED IN SECTION 3.2, THIS SECTION 6, AND SCHEDULE "C", THE BLUECAT OFFERINGS, ANCILLARY SERVICE SOFTWARE, APPLIANCES, MANAGED SERVICES, HOSTED SERVICES AND PROFESSIONAL SERVICES ARE PROVIDED “AS IS” AND “AS AVAILABLE”, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, BLUECAT HEREBY DISCLAIMS ALL REPRESENTATIONS, WARRANTIES, CONDITIONS AND GUARANTEES, EXPRESS OR IMPLIED (WHETHER ARISING UNDER COMMON LAW, STATUTE, COURSE OF DEALING OR TRADE, OR OTHERWISE), INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF QUALITY, MERCHANTABILITY, MERCHANTABILITY QUALITY, FITNESS FOR A PARTICULAR PURPOSE OR USE, NON-INFRINGEMENT, CURRENCY, RELIABILITY, SECURITY, OR UNINTERRUPTED USE. NO WRITTEN OR ORAL INFORMATION OR ADVICE GIVEN BY BLUECAT WILL CREATE ANY REPRESENTATION, WARRANTY OR CONDITION. WITHOUT LIMITING THE GENERALITY OF ANY OF THE FOREGOING, BLUECAT EXPRESSLY DISCLAIMS ANY REPRESENTATION, CONDITION OR WARRANTY THAT ANY DATA OR INFORMATION PROVIDED TO CUSTOMER IN CONNECTION WITH CUSTOMER’S USE OF ANY OF THE BLUECAT OFFERINGS, ANCILLARY SERVICE SOFTWARE, APPLIANCES, MANAGED SERVICES, HOSTED SERVICES OR PROFESSIONAL SERVICES IS ACCURATE, OR CAN OR SHOULD BE RELIED UPON BY CUSTOMER FOR ANY PURPOSE WHATSOEVER.

7. CONFIDENTIALITY, NON-DISCLOSURE

7.1. Non-Disclosure. Each of the Parties agrees that it will not: (a) make use of the Confidential Information of the disclosing Party other than to perform its obligations under this Agreement; or (b) in any way disclose any Confidential Information of the disclosing Party to any person or entity, other than its own personnel to the extent necessary to give effect to this Agreement and only to those of its personnel who have agreed to be bound by confidentiality obligations no less protective than those set forth in this Agreement. Each receiving Party shall safeguard the disclosing Party’s Confidential Information using the same standard it employs to safeguard its own confidential information of like kind, but in no event less than a commercially reasonable standard of care.

7.2. Destruction of Confidential Information. Upon the termination of this Agreement, or at any time at the disclosing Party’s request, the recipient Party shall destroy Confidential Information of the disclosing Party in its possession or control except to the extent it would be unreasonably burdensome to destroy such Confidential Information (such as archived records), and such information will continue to be treated as Confidential Information, notwithstanding any termination or expiration of this Agreement. Upon the request of the disclosing Party, the recipient Party shall certify in writing that all materials containing Confidential Information of the disclosing Party have been destroyed and no further Confidential Information of the disclosing Party is in the possession or control of the recipient Party.
7.3. No Rights to Confidential Information. All Confidential Information remains the sole property of the disclosing Party and no license or other rights to Confidential Information is granted or implied by this Agreement.

7.4. Required Disclosure. In the event that Confidential Information has been required to be disclosed in response to a valid order issued by a court, governmental or regulatory body with jurisdiction over the recipient, then such Confidential Information may be disclosed pursuant to such requirement so long as the Party required to disclose the Confidential Information, to the extent possible, provides the other Party with timely prior notice of such requirement and coordinates with the other Party in an effort to limit the nature and scope of such required disclosure. Vendor recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as “confidential” by the vendor.

8. OWNERSHIP, INTELLECTUAL PROPERTY

8.1. Ownership. As between the parties, all ownership and Intellectual Property Rights in and to the BlueCat Offerings, Ancillary Service Software, Appliances, Managed Services, Hosted Services and Professional Services, belong to BlueCat, its Affiliates or its licensors. Customer receives no title or ownership in any of the foregoing. The Software Products and any Ancillary Service Software provided to Customer pursuant to this Agreement are licensed, not sold, and Customer receives no title or ownership in any of the foregoing. BlueCat reserves all rights not expressly granted under this Agreement.

8.2. Service Results. All Intellectual Property Rights in and to the Service Results belong to BlueCat. Customer acknowledges and agrees that BlueCat may monitor and analyze, and that the Service Results may include, information based on the data of BlueCat’s customers, including Customer Data. During and after the Subscription Period, BlueCat may use Customer Data and Service Results for its own internal purposes, such as to develop, test, increase service and product value, and optimize the BlueCat Offerings.

8.3. Customer Data. All ownership rights in and to Customer Data belong to Customer. Customer agrees that BlueCat may use, process and transmit Customer Data to provide the BlueCat Offerings, Ancillary Service Software, Appliances, Managed Services, Hosted Services and Professional Services, in each case in accordance with its Privacy Statement available at https://www.bluecatnetworks.com/privacy/. BlueCat acknowledges that the ability to use this Agreement in advertising is limited by GSAR 552.203-71.

9. INDEMNIFICATION

9.1. BlueCat’s Indemnification Obligations. BlueCat shall indemnify and defend Customer against any and all third party claims or demands that the BlueCat Offerings (or any portion thereof) violate a third party’s Intellectual Property Rights in Canada, the United States or Japan and all amounts required to be paid in a settlement approved by BlueCat or awarded by a court in a final, non-appealable judgement; provided: (a) Customer has promptly notified BlueCat of such claim and BlueCat is not prejudiced by any delay by Customer; (b) BlueCat shall have control over the defense of the claim, provided that any settlement or resolution entered into by BlueCat shall not require any admission of liability or any payment by Customer; (c) Customer has not made any admission against BlueCat’s interests and has not agreed to any settlement of any claim or demand without BlueCat’s consent; and (d) Customer shall cooperate with BlueCat in the defense of the claim, at BlueCat’s expense. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or suit brought against the U.S. pursuant to its jurisdictional statute 28 U.S.C. § 516.

9.2. Exceptions to BlueCat’s Indemnification Obligations. Notwithstanding Section 9.1, BlueCat shall be under no obligation to indemnify or defend Customer if any infringement claim or demand by a third party arises as a result of any: (a) access or use of the BlueCat Offerings in violation of or inconsistent with this Agreement or the Documentation; (b) modification to the BlueCat Offerings by a party other than BlueCat or its authorized agents, which modification has resulted in the claim or demand by the third party; (c) combination of the BlueCat Offerings with any computer program, software, hardware or equipment where such claim of infringement would not exist without such combination; (d) use of a superseded version of the Software or Ancillary Cloud Services Software where use of a then-current version would avoid any claim of infringement; or (e) access to or use of the BlueCat Offerings after BlueCat notifies Customer to discontinue such access or use.

9.3. Additional Infringement Remedies. At BlueCat’s sole expense and discretion, in response to any pending or potential infringement claim, BlueCat may: (a) procure for Customer the right to continue using the offending BlueCat Offering or applicable portion thereof; (b) replace or modify the offending BlueCat Offering or applicable portion thereof so that it is non-infringing; or (c) terminate this Agreement either entirely or only as it relates to the offending BlueCat Offering in question or the applicable portion thereof and upon return of the BlueCat Offering in question or the applicable portion thereof or certification of destruction, refund to Customer the pro rata unused portion of any prepaid fees allocable to such part(s) of the BlueCat Offerings that is (are) terminated. For software licensed on a perpetual basis, such refund shall be based on the unamortized or un-expensed portion of the purchase price allocated to that portion of the Software, based on a three-year straight line amortization.

9.4. Sole Remedy. Sections 9.1 and 9.3 shall constitute Customer’s sole remedy from BlueCat in respect of infringement claims and demands.

9.5. Reserved.

10. LIABILITY, LIMITATIONS AND EXCLUSIONS

10.1. LIMITATIONS. THE LIMITATION OF LIABILITY SET FORTH IN THE UNDERLYING GSA SCHEDULE CONTRACT BETWEEN ORDERING ACTIVITY AND EC AMERICA SHALL APPLY TO CUSTOMER.

11. SUBSCRIPTION PERIODS, AGREEMENT TERM, TERMINATION AND SUSPENSION

11.1. Subscription Periods; Renewal. The Subscription Periods may be renewed for additional successive one (1) year terms by executing a new Purchase Order at the then current GSA Schedule Pricelist fee for the applicable BlueCat Offerings and Professional Services and may not be cancelled with less than sixty (60) days’ notice prior to the expiration of the then-current period. BlueCat will provide (a) Customer, if purchasing direct, or (b) Immix or other channel partner if Customer is purchasing through the channel, with ninety (90) days notice of any renewal of Subscription Period. Customer must
confirm renewal of the subscription period within the ninety (90) day period; otherwise, the subscription period is considered expired and Customer must immediately cease using the Software and Software Products and delete all virtual instances of the Software and all Services shall immediately cease.

11.2. Term of Agreement. This Agreement is effective during the period commencing as of the Effective Date and expires on the date that the last Purchase Order hereunder expires or is terminated, unless this Agreement is terminated earlier in accordance with this Agreement.

11.3. Termination for Breach. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, BlueCat shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

11.4. Suspension of Cloud Services or DNS Flex Services. In the event that BlueCat, acting reasonably, suspects or learns of any of the following described circumstances, then BlueCat may immediately temporarily suspend Customer's access to and use of the Cloud Services and/or DNS Flex Services, in addition to any other remedies BlueCat may have: (a) breach of the Acceptable Use Policy; (b) Customer's failure to cooperate with BlueCat's reasonable investigation of any suspected violation of this Agreement; (c) access or manipulation of the Cloud Services or DNS Flex Services without BlueCat's consent; (d) any circumstance that requires suspension of the Cloud Services or DNS Flex Services in order to protect the BlueCat Offerings, BlueCat, or its customer's data; or (e) suspension required by law.

11.5. Termination Obligations. Upon the earlier of termination of this Agreement, or termination or expiration of any outstanding Purchase Order or Subscription Period, Customer shall (a) delete, return or destroy all instances of Software Products, Ancillary Service Software, Appliances and any Documentation and, upon request, certify to compliance with this Section 11.5(a); (b) cease to access and use the Cloud Services, DNS Flex Services and any Documentation; and (c) upon request, confirm in writing compliance with Section 7.2. With respect to Cloud Services and DNS Flex Services, BlueCat shall make Customer Data available to Customer for download for thirty (30) days following termination and BlueCat shall destroy all Customer Data (except for any aggregated anonymized information based on Customer Data) upon the expiry of such thirty (30) day period. Section 11.5(a) does not apply to Software Products licensed on a perpetual basis in the event that Customer terminates this Agreement pursuant to Section 11.3.

11.6. Survival. Notwithstanding the termination or expiry of this Agreement, all obligations which either expressly or by their nature are to continue after the termination of this Agreement shall survive and remain in effect, including, without limitation, Sections 4.3, 5.1, 5.2, 6.4, 7, 8, 9, 10, 11.5, 11.6 and 12.

12. MISCELLANEOUS PROVISIONS

12.1. Audit; Monitoring. Subject to Government security requirements, BlueCat reserves the right to audit and monitor Customer’s use of the Cloud Services and compliance with this Agreement, including the Acceptable Use Policy.

12.2. Orders through Resellers. Section 5 shall not apply to orders placed through a reseller. All other terms and conditions in this Agreement shall apply to orders placed through a reseller.

12.3. Assignment. Without the prior written consent of BlueCat, Customer may not assign this Agreement or any of its rights or obligations hereunder, except to an Affiliate and provided such Affiliate agrees to be bound by the terms of this Agreement and Customer remains responsible for Affiliate's compliance with this Agreement, including payment of all fees. The Anti-Assignment Act, 41 USC 6305, prohibits the assignment of Government contracts without the Government's prior approval. Procedures for securing such approval are set forth in FAR 42.1204.

12.4. Press Releases, Marketing. BlueCat may refer to Customer for the limited purpose of identifying it as a customer in sales and marketing materials to the extent permitted by the General Services Acquisition Regulation (GSAR) 552.203-71.

12.5. Entire Agreement, Amendment and Headings. This Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), contains the entire understanding of the Parties hereto on the subject matter hereof and supersedes any previous agreements or understandings, written or oral, in effect between the Parties relating to the subject matter hereof. A negotiated purchase order would take precedence as the negotiated purchase order would demonstrate any changes to these terms to meet the ordering activity’s minimum needs. No amendment or modification of this Agreement shall be effective or binding unless agreed to in writing by both Parties. Headings used in this Agreement are for convenience of reference only, and shall not be used to modify the meaning of or to interpret the terms and conditions of this Agreement.

12.6. Waiver, Severability. The waiver of any breach of this Agreement, or the failure of a Party to exercise or enforce any right under this Agreement, shall in no event constitute a waiver of any other breach, whether similar or dissimilar in nature, or prevent the exercise or enforcement of any right under this Agreement. If any provision of this Agreement is deemed contrary to applicable law or unenforceable by a court of competent jurisdiction, the remaining terms and conditions of this Agreement shall be unimpaired and the Parties shall substitute a valid, legal and enforceable provision as close in legal and economic consequence as possible to the provision being struck or considered unenforceable. If the limitation of liability set forth in this Agreement is limited by law, then BlueCat’s liability will be limited to the greatest extent permitted by law.

12.7. No Third Party Beneficiaries. Nothing in this Agreement is intended to confer on any party other than BlueCat, Customer and their permitted assigns any benefits, rights or remedies.

12.8. Rights and Remedies. Except as expressly set out in this Agreement regarding the Service Level Schedule remedies and in Section 6 and Section 9, in the event of any breach of this Agreement, the rights and remedies of the Parties provided for in this Agreement shall not be exclusive or exhaustive, and are in addition to any other rights and remedies available at law.

12.9. Notices. Any notice required or otherwise provided for in this Agreement shall be given to BlueCat or Customer, as the case may be, at the physical or e-mail address set forth on the signature page of this Agreement, or as updated from time to time pursuant to a notice provided pursuant to this Section, with a copy to any individuals with whom the Parties typically communicate.

12.10. Force Majeure. Excusable delays shall be governed by FAR 52.212-4(f).
12.11. **Export Controls.** Customer acknowledges and agrees that the BlueCat Offerings and any Software and Ancillary Service Software are subject to export controls under U.S., Canadian and other export control laws. Customer shall not directly or indirectly, whether to an Affiliate or a third party: (a) export, re-export, transfer, or release (herein referred to as "export") any component of the BlueCat Offering, including any Software and Ancillary Service Software, to any prohibited or restricted destination, person, or entity, or (b) access or use or allow any Authorized User, Affiliate or third party to access or use the BlueCat Offerings in a manner prohibited or restricted by export control laws. Customer shall comply with all applicable export control laws at all times.

12.12. **US Federal and State Government Customers.** The BlueCat Offerings are each a “commercial item” as that term is defined in Federal Acquisition Regulation (“FAR”) 2.101, consisting of “technical data”, “commercial computer software”, “commercial computer software documentation” and/or “commercial services” as such terms are defined in FAR 2.101 or used in FAR 12.211 and 12.212, and is provided to the U.S. Government only as a commercial end item. Government end users acquire only the rights set out in this Agreement for the BlueCat Offerings. Any further use, modification, reproduction, release, performance, display, disclosure, decompiling, or reverse engineering of any of the BlueCat Offerings is prohibited except to the extent expressly permitted by the terms of this Agreement. To the extent allowed by applicable law, this US Government end user provision is in lieu of, and supersedes, any other FAR, DFARS, or other clause or provision that addresses U.S. Government rights in computer software or technical data. Terms and conditions herein that are prohibited by federal law or procurement regulation are not enforceable against the U.S. government.

12.13. **Governing Law.** This Agreement is governed by the federal laws of the United States. The rights and obligations of the Parties under this Agreement shall not be governed by the 1980 U.N. Convention on Contracts for the International Sale of Goods. The Uniform Computer Information Transactions Act, or any version adopted by any state, does not apply to this Agreement.

12.14. **Counterparts; Delivery by E-mail.** This Agreement may be executed in two or more counterparts each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument. Delivery of an executed copy of this Agreement by e-mail transmission will constitute valid and effective delivery of an original executed copy.

**SCHEDULE “A” DEFINITIONS**

In the Agreement, except where the context or subject matter is inconsistent therewith, the following terms shall have the following meanings, and such meanings shall apply to both singular and plural forms of any such terms:

(a) “Access Methods” means the user identifiers and passwords for the Cloud Service or DNS Flex Services issued by Customer to Authorized Users pursuant to this Agreement;

(b) “Acceptable Use Policy” means BlueCat’s acceptable use policy located at https://www.bluecatnetworks.com/license-agreements/, as may be updated by BlueCat from time to time;

(c) “Affiliate” means a Party's direct or indirect parent or subsidiary corporation (or other entity), or any corporation (or other entity) with which the Party is under common control;

(d) “Agreement” means this Master Agreement, all schedules annexed hereto, each Purchase Order, and any other document incorporated by reference herein;

(e) “Ancillary Service Software” means any software provided by BlueCat that is required to be installed and executed in order to facilitate Customer’s use of the DNS Flex Services or Cloud Services, including the Service Points, any software applications made available for download, and any software resident or installed in any Appliance;

(f) “API” means BlueCat owned or licensed application programming interface made available by BlueCat as part of the DNS Flex Services or Cloud Services;

(g) “Appliance” means any physical computer hardware component sold by BlueCat where Software or any Ancillary Service Software is resident or installed;

(h) “Authorized User” means any employees, and agents of Customer, who Customer gives access to the Cloud Services or DNS Flex Services pursuant to this Agreement;

(i) “BlueCat” means:

BlueCat Networks (USA) Inc., located at 1000 Texan Trail, Suite 105, Grapevine, Texas 76051 USA, with respect to Customers located in the United States of America and Japan;

BlueCat Networks, Inc., located at 4100 Yonge Street, 3rd Floor, Toronto, Ontario, M2P 2B5 Canada, with respect to Customers located outside the United States of America and Japan; or

BlueCat Federal USA, Inc. located at 11710 Plaza America Drive, Suite 120, Reston, Virginia 20190 USA, with respect to Federal and State Government Customers located in the United States of America.

(j) “BlueCat Customer Care Support Handbook” means the support handbook available from BlueCat, as may be updated from time to time by BlueCat in its sole discretion. The current BlueCat Customer Care Support Handbook is attached hereto as Exhibit A;

(k) “BlueCat Offerings” means the following products and services or provided or made available by BlueCat: Software Products, Cloud Services and DNS Flex Services and any other products or services made available by BlueCat;

(l) “Cloud Services” means the DNS Edge cloud services made available by BlueCat for subscription by Customer, as well as any Ancillary Service Software and any Support for the Cloud Services, and any BlueCat Master Agreement 2019 March 11
software made available for access and use as part of the Cloud Services. “Cloud Services” exclude DNS Flex Services;

(m) “Confidential Information” means any and all information disclosed by the disclosing Party to the recipient Party pursuant to this Agreement relating to its products, services, customers, marketing, research and development, business and finances, information technology networks, including all technical information, data, documentation, code, security measures and procedures and copies thereof, which is either explicitly marked or noted at the time of disclosure as confidential or which a reasonable party would deem to be non-public and confidential. Non-public features of the Cloud Services and DNS Flex Services shall be considered Confidential Information. In addition, Documentation shall be considered Confidential Information. Confidential information shall not include information which a recipient Party can establish to have: (i) become publicly known through no action on the recipient's part; (ii) been lawfully known by the recipient prior to receipt; (iii) been independently developed by the recipient without reference to any information received from the disclosing Party; or (iv) been approved for public release by the written authorization of the disclosing Party. Specific information received shall not be deemed to fall within the exceptions to Confidential Information set forth above merely because it is embraced by general information within the exception;

(n) “Customer Data” means the IP addresses, hostnames and DNS query logs and any other information that is uploaded or transmitted by Customer to BlueCat through any Cloud Services or the cloud services portion of the DNS Flex Services;

(o) “Documentation” means all standard user guides, on-line user guides, operating manuals and release notes for the operation of the BlueCat Offerings, made available in electronic format from BlueCat, and any revisions, updates and supplements thereto, as such documentation may be amended by BlueCat from time to time or embedded in any BlueCat Offering;

(p) “DNS Flex Services” means the services made available from BlueCat for subscription by Customer, as well as any Ancillary Service Software (including Service Points) and any APIs, any Support for the DNS Flex Services, and any software made available of for access and use as part of the DNS Flex Services. DNS Flex Services exclude any Cloud Services;

(q) “Effective Date” is defined in the first paragraph of this Agreement;

(r) “e-Learning” means BlueCat’s computer based training courses made available to Customer as a Cloud Service;

(s) “first hop” has the meaning given to it in Section 3.9;

(t) “Hosted Services” means the hosted external DNS services available from BlueCat from time to time;

(u) “Intellectual Property Rights” means all intellectual property and other proprietary rights, including all rights provided under trade secret law, patent law, copyright law, trade mark or service mark law, design patent or industrial design law, semi-conductor chip or mask work law, and any other statutory provision or common law principle which may provide a right in either ideas, formulae, algorithms, concepts, inventions or know-how, whether registered or not and including all applications therefor;

(v) “Material Provisions” means Sections 2, 3, 4, 5.1, 7, 8, 12.3, 12.11 and 12.12;

(w) “Party” means either BlueCat or Customer and “Parties” refers to both BlueCat and Customer;

(x) “Professional Services” means professional services provided by BlueCat to its customers in connection with the purchase, configuration and/or implementation of Software Products;

(y) “Purchase Order” means a written agreement signed by both parties, including an order schedule, a sales quote issued by BlueCat, a SOW, or any other document confirming any BlueCat Offerings to be purchased by Customer, any applicable Subscription Period(s), and any Professional Services to be purchased by Customer, in each case, as agreed to by BlueCat and Customer and consistent with the terms and conditions of this Agreement;

(z) “Service Level Schedule” means the service level schedule related to Cloud Service or the cloud services portion of the DNS Flex Services, as may be updated by BlueCat from time to time and published at https://www.bluecatnetworks.com/license-agreements/;

(aa) “Service Point” means the Software that the Customer deploys in their infrastructure that facilitates “first hop” capabilities in their DNS solution;

(bb) “Service Results” means any information, statistics, results, feeds, graphs, analysis and reports computed and generated by and from the DNS Flex Services or Cloud Services;

(cc) “Software” means the then current object code version of the computer program or application licensed by BlueCat to Customer pursuant to this Agreement, as evidenced either on an Appliance or available for download, in each case, as part of a Software Product;

(dd) “Software Products” means any and all software products offered by BlueCat for license, excluding DNS Flex Services. Software Products may include any Software, whether embedded on an Appliance or available for download, as well as any and all Ancillary Service Software and any APIs and Professional Services to be provided by BlueCat to the Customer;

(ee) “SOW” means a statement of work setting out the details of the Professional Services to be provided by BlueCat to Customer;

(ff) “Subscription” means a subscription for the Subscription Period to (i) with respect to Software Products, license and use Software Products, and, to the extent ordered, to receive Support, ordered and paid for by Customer pursuant to one or more Purchase Orders; (ii) with respect to Cloud Services, to access and use the Cloud Services, and to receive Support for such Cloud Services, ordered and paid for by Customer pursuant to one or more Purchase
Orders; and (iii) with respect to DNS Flex Services, to access and use the DNS Flex Services, and to receive Support for such DNS Flex Services, ordered and paid for by Customer pursuant to one or more Purchase Orders;

(gg) "Subscription Period" mean the time period of each Subscription set out in the applicable Purchase Order and commences upon earliest delivery of the applicable BlueCat Offering. If no time period is set out in a Purchase Order, the Subscription Period will be the twelve (12) month period commencing upon delivery of the applicable BlueCat Offering;

(hh) "Support" means (i) for Software Products, the maintenance services relating to updates, upgrades, patches, bug fixes and other improvements to the Software and the technical support services as described in the BlueCat Customer Care Support Handbook and (ii) for Cloud Services or DNS Flex Services, the support services set out in the Service Level Schedule and the BlueCat Customer Care Support Handbook; and

(ii) "Unique Active IP" means a unique IP address in a DNS query that is issued through a Service Point where (i) the number of Unique Active IPs is measured monthly and (ii) the Service Point is placed as the first hop in the Customer’s DNS infrastructure.

SCHEDULE “B”
ADDITIONAL E-LEARNING TERMS AND CONDITIONS

1. e-Learning Services. All e-Learning Services to be provided by BlueCat are made available on a subscription basis per unique user pursuant to a Purchase Order. Each subscription commences on the date a user is provided access to the e-Learning Services and runs for a continuous period of time until the Subscription Period has expired.

2. Unique Users. Subscriptions to the e-Learning Services and instructor-led training courses are personal to each user and are non-transferable. Users may not share logons, passwords or licensed content. Customer is responsible for securing and protecting login and other access information from unauthorized disclosure or use.

3. Content. Licensed content is for internal training purposes only.

SCHEDULE “C”
ADDITIONAL PROFESSIONAL SERVICE TERMS AND CONDITIONS

In addition to the terms and conditions set forth in the BlueCat Master Agreement, which continue to apply to Professional Services to the extent not inconsistent herewith, the following terms and conditions apply specifically to Professional Services provided by BlueCat:

1. Professional Services. All Professional Services to be provided by BlueCat to Customer shall be described in a SOW signed by both parties and referencing the Agreement. Each SOW must be consistent with the terms in this Agreement (including this Schedule "C") unless explicitly stated in the SOW.

2. Time and Materials. Unless explicitly stated in the SOW, all Professional Services are performed on a "time and material" basis. If requested, (a) BlueCat will provide regular updates on the services being performed and (b) BlueCat will not exceed the estimate in the SOW without Customer’s consent.

3. Expenses. Customer agrees to pay any travel expenses in accordance with Federal Travel Regulation (FTR)/Joint Travel Regulations (JTR), as applicable, Ordering Activity shall only be liable for such travel expenses as approved by Ordering Activity and funded under the applicable ordering document.

4. Change Orders. If either Party wishes to make a change to the scope of work set out in a SOW, a change order must be submitted which describes the scope of the Professional Services to be performed, the revised time frame and a cost estimate. Each change order must be accepted by both parties to be binding.

5. Scheduling. Unless explicitly stated in the SOW, Professional Services will be provided between Monday and Friday, from 8:00 am to 5:00 pm local time. Weekend and overtime rates apply outside these days and hours.

6. Delivery Dates. Delivery dates in the SOW are estimates only and are not binding completion dates.

7. Invoices. Unless otherwise agreed, BlueCat will invoice Customer for services performed and expenses incurred on a monthly basis. Payment is due thirty (30) days from invoice receipt.

8. Prepaid. Prepaid service days expire unless used within twelve (12) months of the purchase date as specified in the Purchase Order. No credit or refund shall be due to Customer for expired or unused services.

9. Limited License re. Deliverables. BlueCat is not providing or licensing any software to Customer in connection with the Professional Services, except for specific deliverables identified in the SOW ("Deliverables"). The Deliverables are not “work made for hire” and any Intellectual Property Rights in the Deliverables remain with BlueCat. The Deliverables are licensed to Customer in connection with the Software upon the same terms and conditions as set forth in the Master Agreement.

10. Warranty. For a period of thirty (30) days from the performance of the Professional Services, BlueCat warrants that the Professional Services are performed in a professional manner using qualified and experienced personnel familiar with BlueCat Offerings. Any warranty claims must be reported to BlueCat within thirty (30) days of the related Professional Services.

11. Exceptions to Warranty. The warranty set forth in Section 10 does not apply upon any of the following: (a) any change, addition, deletion or other modification was made to the Deliverables, except as specifically authorized in writing by BlueCat; and (b) failure by Customer to report a deficiency within the specified warranty period.

12. Warranty Remedy. Upon a valid deficiency claim by Customer, BlueCat shall remedy the deficiency within a reasonable period of time and failing that, BlueCat shall refund all Professional Services fees paid by Customer and attributable to the deficiency giving rise to the warranty claim.

13. Independent Contractor. The manner and means used by BlueCat to perform the Professional Services are in the sole discretion and control of BlueCat. BlueCat may make use of subcontractors to perform the Professional Services provided BlueCat shall remain responsible for the performance of its subcontractors.
14. **Expiry.** Unless otherwise agreed, a SOW expires if the project is not commenced within six (6) months.

15. **Reserved.**

**SCHEDULE “D”**

**ADDITIONAL MANAGED SERVICES TERMS AND CONDITIONS**

1. **Managed Services for End Customers.** The Parties acknowledge that the Customer is purchasing certain Software Products in order to manage or host DNS records (“Managed Services”) for its end user customer (“End Customer”). Customer shall obtain in writing each End Customer’s agreement and acknowledgement that the Software Products are for such End Customer’s internal use only. Customer shall use the Software Products only for providing Managed Services to End Customers.

2. **Transfer of License for Managed Services.** In the event of any termination of the relationship between Customer and the End Customer, Customer may transfer to End Customer or if instructed to do so by End Customer, transfer to a replacement provider, this Agreement including the license(s) for the Software. Should Customer’s transfer of the Software Products be to a replacement provider, such replacement provider’s license to the Software Products and/or Services shall be solely and exclusively for use in that replacement provider’s provision of Software and/or Services to End Customer. In order to effect such a transfer, Customer shall provide BlueCat with prior written notice of the transfer and shall execute, and arrange for End Customer to execute, an assignment agreement whereby End Customer and, if applicable, its replacement provider, agree to comply with the terms and conditions of this Agreement.

3. **Restrictions on Use for Managed Services.** If Customer is using any of the Software Products to provide Managed Services, then Customer shall ensure each of its End Customers using Software Products as part of Customer’s Managed Service offering signs and returns the Simplified EUA which is attached here as Exhibit B.

**SCHEDULE “E”**

**HOSTED EXTERNAL DNS SERVICE TERMS AND CONDITIONS**

1. **Hosted External DNS Services.** Subject to payment of Hosted Services fees, BlueCat shall provide the Hosted Services upon and conditions set forth herein.

2. **Term.** Hosted Services may be renewed annually for additional successive one (1) year terms by executing a new Agreement in writing at the then current fee in accordance with the GSA Schedule pricelist.

3. **Monitor of Use.** BlueCat reserves the right to monitor Customer’s use of the Hosted Services to ensure compliance with the terms herein. BlueCat shall invoice Customer for any over-usage of the Hosted Services at BlueCat’s then-current price in accordance with the GSA Schedule pricelist.

4. **Customer Warranties.** Customer represents and warrants that it is the registrant or duly authorized representative with respect to any domain names submitted to BlueCat in connection with the Hosted Services and that it has all right, title and interest to use the data which Customer provides to BlueCat to perform the Hosted Services. Customer further acknowledges and warrants that (a) it is entirely responsible for all content and information directly or indirectly delivered to or passed through BlueCat by the Customer, its customers or end users, and (b) BlueCat exercises no control over and accepts no responsibility for such content or information.

5. **BlueCat Warranty.** BlueCat warrants that the Hosted Services will be delivered substantially as described in the Service Levels identified below. BlueCat does not warrant the Hosted Services against malfunction or cessation of internet services by internet providers or of any of the networks that form the internet which may make the Hosted Services temporarily or permanently unavailable.

6. **Warranty Remedy.** Upon a valid deficiency claim by Customer pursuant to Section 5 above, BlueCat shall provide a credit for future Hosted Services as set forth in Section 8 below.

7. **Reserved.**

8. **Service Level Agreement.**

(a) During the term of the Master Agreement, BlueCat shall provide Customer with access to Resolution Services without any Service Outages each month (the “Performance Objective”). “Resolution Services” means the ability to receive and answer well-formed DNS queries along all IP addresses on standard ports with 100% availability.

(b) “Service Outages” means that the Resolution Services were available less than 100% and shall specifically exclude (i) unavailability of the Resolution Services due to Customer’s misuse of the services, negligent or unlawful acts committed by Customer or its agents, acts or omissions of Customer’s domain name registrar, unavailability of the Customer’s network, and force majeure events; and (ii) suspension of the services by BlueCat in accordance with the terms herein. BlueCat, in its sole and reasonable discretion, shall determine whether an event is considered a Service Outage.

(c) Upon Service Outages lasting, in aggregate, less than four hours during a calendar month, Customer shall be entitled to a credit to be applied towards the next monthly invoice equal to the pro-rated charge for one day of Resolution Services. Upon Service Outages lasting, in aggregate, more than four hours during a calendar month, Customer shall be entitled to a credit to be applied towards the next monthly invoice equal to the pro-rated charge for one week of Resolution Services.

(d) All Service Outages and all claims for credit must be reported by Customer to BlueCat within thirty days of the event giving rise to the claim. Customer shall provide to BlueCat all relevant details and documentation supporting its claim of a Service Outage to allow BlueCat to investigate the claim.

(e) Upon failure by BlueCat to maintain 99.9% uptime (as measured on a monthly basis) of Resolution Services for three consecutive months, Customer may terminate the Hosted Services.

(f) Credits may only be used towards Hosted Services fees. Customer’s sole and exclusive remedy in the event BlueCat fails to meet the Performance Objectives is to receive credits as set forth herein and BlueCat shall have no further liability to Customer.

**EXHIBIT B**
SIMPPLIED EUA
(to be attached in final version)
BlueLight LLC  
1876 Bureau drive  
Fayetteville, NC 28312  

EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)  

1. **Scope.** This Rider and the attached BlueLight LLC (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.  

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et. seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable, and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:  

a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.  

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.  

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind
the Government must be included within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by
the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into
a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges, or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable Federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under Federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any
U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
Software License Agreement

1. Definitions.

“Blue Light” means Blue Light, LLC, a Delaware limited liability company.

“IBM i2 Software” means International Business Machines Corporation’s i2 Products: Enterprise Insight Analysis Core, Enterprise Insight Analysis Premium and the Analyze applications.

“Internal Network” means a private, proprietary network resource accessible only by your employees and individual contractors (i.e., temporary employees). Internal Network does not include portions of the Internet or any other network community open to the public.

“Software” means (a) the object code version of Blue Light’s software known as the Blue Light Management Console software and related explanatory written materials and files (“Documentation”); and (b) any modified versions and copies of, and upgrades, updates and additions to, such software and Documentation, provided to you by Blue Light at any time, to the extent not provided under a separate agreement.

2. Software License. Blue Light grants you a non-transferable, non-exclusive license to use the Software for your internal purposes (and not for the benefit of any third party) solely in connection with your use of the IBM i2 Software. You may install and use one copy of the Software in support of one deployment of the IBM i2 Software. The deployment may include multiple instances of the IBM i2 software used as separate environments in support of the production IBM i2 software (e.g., production, development, training, disconnected operations). You may make a reasonable number of backup copies of the Software, provided your backup copies are not installed or used for other than archival purposes.

3. RESERVED.

4. Intellectual Property Ownership. The Software and any authorized copies that you make are the intellectual property of and are owned by Blue Light. The structure, organization and code of the Software are the valuable trade secrets and confidential information of Blue Light. The Software are protected by law, including but not limited to the copyright laws of the United States and other countries, and by international treaty provisions. Except as expressly stated herein, this agreement does not grant you any intellectual property rights in the Software and all rights not expressly granted are reserved by Blue Light.

5. Restrictions. Any permitted copy of the Software that you make must contain the same copyright and other proprietary notices that appear on or in the Software. You shall not modify, adapt, or translate the Software. You shall not reverse engineer, decompile, disassemble, or otherwise attempt to discover the source code of the Software except to the extent you may be expressly
permitted under applicable law to decompile only in order to achieve interoperability with the Software. The Software is designed and provided to you as a single product to be used as a single product with the IBM i2 Software. You shall not use the Software on a stand-alone basis or with software or products other than the IBM Application Solution. YOU SHALL NOT RENT, LEASE, SELL, SUBLICENSE, ASSIGN, OR TRANSFER YOUR RIGHTS IN THE SOFTWARE, OR THIS AGREEMENT, OR AUTHORIZE ANY PORTION OF THE SOFTWARE TO BE COPIED ONTO ANOTHER INDIVIDUAL OR LEGAL ENTITY'S COMPUTER EXCEPT AS MAY BE EXPRESSLY PERMITTED HEREIN. You shall not use or offer the Software on a service bureau basis.
6. DISCLAIMER. EXCEPT AS EXPRESSLY SET FORTH IN SECTION 7 BELOW, THE SOFTWARE ARE LICENSED TO YOU ON AN AS-IS BASIS, WITHOUT ANY WARRANTIES EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO PERFORMANCE, SECURITY, NON-INFRINGEMENT OF THIRD PARTY RIGHTS, INTEGRATION, MERCHANTABILITY, QUIET ENJOYMENT, SATISFACTORY QUALITY OR FITNESS FOR ANY PARTICULAR PURPOSE. The provisions of Section 6 will survive the termination of this Agreement, howsoever caused, but this shall not imply or create any continued right to use the Software after termination of this Agreement.

7. Express Warranty: The Blue Light Management Console and I2 Software provided herein is warranted by Blue Light to be free from defects in workmanship for a period of ninety (90) days under normal use from the date of actual delivery to buyer. Blue Light’s liability hereunder is limited to remedying any defect or to replacing any of the software that are found defective.

8. Export Rules. You agree that the Software and shall not be shipped, transferred or exported into any country or used in any manner prohibited by the United States Export Administration Act or any other export laws, restrictions or regulations (collectively the “Export Laws”). In addition, if the Software is identified as an export controlled item under the Export Laws, you represent and warrant that you are not a citizen of, or located within, an embargoed or otherwise restricted nation and that you are not otherwise prohibited under the Export Laws from receiving the Software.

9. RESERVED.

10. Reserved.

Software and Blue Fusion Appliance License Agreement

1. Definitions.

“Blue Light” means Blue Light, LLC, a Delaware limited liability company.

“Blue Fusion Appliance” means Blue Light LLC’s hardware server appliance used as a delivery vehicle for the IBM i2 Software and the Blue Light Management Console.

“IBM i2 Software” means International Business Machines Corporation’s i2 Products: Enterprise Insight Analysis Core, Enterprise Insight Analysis Premium and the Intelligence Analysis Portal applications.

“Internal Network” means a private, proprietary network resource accessible only by your employees and individual contractors (i.e., temporary employees). Internal Network does not include portions of the Internet or any other network community open to the public.
"Software" means (a) the object code version of Blue Light’s software known as the Blue Light Management Console software and related explanatory written materials and files ("Documentation"); and (b) any modified versions and copies of, and upgrades, updates and additions to, such software and Documentation, provided to you by Blue Light at any time, to the extent not provided under a separate agreement.

2. **Software License.** Blue Light grants you a non-transferable, non-exclusive license to use the Software for your internal purposes (and not for the benefit of any third party) solely in connection with your use of the IBM i2 Software. You may install and use one copy of the Software in support of one deployment of the IBM i2 Software. The deployment may include multiple instances of the IBM i2 software used as separate environments in support of the production IBM i2 software (e.g., production, development, training, disconnected operations). You may make a reasonable number of backup copies of the Software, provided your backup copies are not installed or used for other than archival purposes.

3. **Appliance License.** Blue Light grants you a non-transferable, non-exclusive license to use the Blue Fusion Appliance for your internal purposes and in the demonstration of the functionality of the associated i2 Software and Blue Light Management Console.

4. **RESERVED.**

5. **Intellectual Property Ownership.** The Software and Blue Fusion Appliance and any authorized copies that you make are the intellectual property of and are owned by Blue Light. The structure, organization, and code of the Software and Blue Fusion Appliance are the valuable trade secrets and confidential information of Blue Light. The Software and Blue Fusion Appliance are protected by law, including but not limited to the copyright laws of the United States and other countries, and by international treaty provisions. Except as expressly stated herein, this agreement does not grant you any intellectual property rights in the Software and all rights not expressly granted are reserved by Blue Light.

6. **Restrictions.** Any permitted copy of the Software that you make must contain the same copyright and other proprietary notices that appear on or in the Software. You shall not modify, adapt, or translate the Software. You shall not reverse engineer, decompile, disassemble or otherwise attempt to discover the source code of the Software except to the extent you may be expressly permitted under applicable law to decompile only in order to achieve interoperability with the Software. The Software is designed and provided to you as a single product to be used as a single product with the IBM i2 Software. You shall not use the Software on a stand-alone basis or with software or products other than the IBM Application Solution. YOU SHALL NOT RENT, LEASE, SELL, SUBLICENSE, ASSIGN, OR TRANSFER YOUR RIGHTS IN THE SOFTWARE, THE BLUE FUSION APPLIANCE OR THIS AGREEMENT, OR AUTHORIZE ANY PORTION OF THE SOFTWARE TO BE COPIED ONTO ANOTHER INDIVIDUAL OR LEGAL ENTITY’S COMPUTER EXCEPT AS MAY BE EXPRESSLY PERMITTED HEREIN. You shall not use or offer the Software on a service bureau basis.

7. **DISCLAIMER.** EXCEPT AS EXPRESSLY SET FORTH IN SECTION 10 BELOW, THE SOFTWARE AND APPLIANCE ARE LICENSED TO YOU ON AN AS-IS BASIS, WITHOUT ANY WARRANTIES EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO PERFORMANCE, SECURITY, NON-INFRINGEMENT OF THIRD PARTY RIGHTS, INTEGRATION,
MERCHANDABILITY, QUIET ENJOYMENT, SATISFACTORY QUALITY OR FITNESS FOR ANY PARTICULAR PURPOSE. The provisions of Sections 6 and Section 7 will survive the termination of this Agreement, howsoever caused, but this shall not imply or create any continued right to use the Software after termination of this Agreement.

8. RESERVED.

9. Export Rules. You agree that the Software and/or Blue Fusion Appliance shall not be shipped, transferred or exported into any country or used in any manner prohibited by the United States Export Administration Act or any other export laws, restrictions or regulations (collectively the “Export Laws”). In addition, if the Software or Blue Fusion Appliance is identified as an export controlled item under the Export Laws, you represent and warrant that you are not a citizen of, or located within, an embargoed or otherwise restricted nation and that you are not otherwise prohibited under the Export Laws from receiving the Software or Blue Fusion Appliance.

10. Express Warranty: The Blue Fusion Appliance provided herein is warranted by Blue Light to be free from defects in workmanship and in material for a period of ninety (90) days under normal use from the date of actual delivery to buyer. Blue Light’s liability hereunder is limited to remedying any defect or to replacing any of the equipment, or the components thereof, that are found defective.

11. RESERVED.

Services Agreement Terms and Conditions

1. Services.

a. Subject to the terms and conditions set forth in this Agreement, the underlying GSA Schedule contract, and the purchase order, BL will provide the Services set forth in the Service Addendum. Defined terms used in this Agreement shall have the meanings ascribed to them in Section 8 hereof if not otherwise defined in this Agreement.

b. BL shall not be responsible for securing any intellectual property rights that may be owned or retained by third parties, unless specifically set forth in the Service Addendum.

c. BL’s personnel will perform their work for Ordering Activity both remotely, and, as agreed by Ordering Activity and BL, on the Ordering Activity’s premises. Ordering Activity agrees to provide necessary working space and facilities, and any other reasonable services and materials BL or its personnel may need in order to perform the work assigned to them. Subject to Government security requirements, Ordering Activity agrees to provide BL support personnel with access to Ordering Activity systems. This may include customer portal access, VPN access, or dialup out-of-band management access to each remote site, in addition to passwords, access codes, or security devices.

d. Ordering Activity acknowledges that BL may require documents, information and cooperation by Ordering Activity in order to properly perform the Services hereunder and that BL is not responsible for
(i) errors, delays, or other consequences arising from the failure of Ordering Activity to provide such documents, information, or cooperation, or (ii) from the inaccuracy or incompleteness of any such documents or information.

2. **RESERVED.**

3. **Reserved.**

4. **Warranty Disclaimer.**
   
a. **EXCEPT AS OTHERWISE EXPRESSLY SET FORTH IN THE SERVICE ADDENDUM, BL DOES NOT MAKE, AND HEREBY DISCLAIMS ANY AND ALL EXPRESS AND IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT. BL DOES NOT WARRANT THAT THE SERVICES (INCLUDING ANY HARDWARE OR SOFTWARE) PROVIDED OR LICENSED HEREUNDER WILL BE UNINTERRUPTED, ERROR-FREE, OR COMPLETELY SECURE.**

5. **RESERVED.**

6. **Reserved.**

7. **Reserved.**

8. **Definitions.** The following defined terms shall apply to capitalized terms in this Agreement.

   **Affiliate:** As to a party, means any entity controlling, controlled by, or under common control with such party, where the term "control" and its correlative meanings, "controlling," "controlled by," and "under common control with," means the legal, beneficial, or equitable ownership, directly or indirectly, of more than fifty percent (50%) of the aggregate of all voting equity interests in an entity. Without limiting the foregoing, but in addition thereto, any Affiliate of, or subsidiary of, BL Technologies, Inc. shall be deemed to be an Affiliate of BL.

   **BL Parties:** BL, its Affiliates and their members, shareholders, managers, officers, directors, employees, contractors, and agents.

   **Customer Parties:** Customer and the Affiliates, owners, officers, directors, employees, contractors, and agents of Customer or of the Affiliates of Customer.

   **Services:** All services, equipment, software and other offerings of any kind set forth in the Service Addendum to be provided or licensed by BL to Ordering Activity pursuant to this Agreement.
EXHIBIT A

Service Addendum

1. Services; Products Sales.

1.1 Services. BL shall perform the professional, support or application services (the “Services”) specified in the applicable purchase order.

1.2 Reserved.

1.3 Support Services.

1.3.1 With respect to Services identified as “support services” in the purchase order (“Support Services”), BL will neither be responsible for nor obligated to provide such Support Services in the event support or maintenance is necessitated by any of the following: (a) faulty electrical systems external to devices not furnished by BL; (b) accident, transportation, neglect, or misuse; (c) repair, damage, or increase in service time resulting from failure to provide a suitable installation environment (including but not limited to failure of or failure to provide adequate or proper electrical power, air conditioning, humidity control, or protection from dust or dirt from the outside or within the building), or from use of supplies or materials not meeting the network specifications set forth in any order accepted by BL for such installation unless such supplies or materials were recommended or used by BL; (d) damage or errors attributable to misuse or use not in accordance with applicable documentation; or (e) such service is necessitated by or the result of malfunctions or other problems of software or hardware other than software or hardware provided by BL.

1.3.2 Ordering Activity shall designate and provide BL with a primary contact for Support Services. Ordering Activity shall not permit persons other than authorized representatives of BL to perform support and maintenance services, adjustment, repairs or modifications to any Components for which Support Services are provided (the “Supported System”) without the prior written consent of BL. Ordering Activity will assist BL in maintaining a remote access connection via the Internet to the Supported Systems at Ordering Activity’s facilities seven (7) days a week, twenty-four (24) hours per day.

1.4 Lease. With respect to any hardware identified in the purchase order as “Leased Hardware”, BL hereby agrees to lease the Leased Hardware to Ordering Activity for the term. Following delivery of the Leased Hardware to Ordering Activity, Ordering Activity shall bear reasonable risks of loss, damage, theft, or destruction to the Leased Hardware, excluding reasonable wear and tear. Ordering Activity shall not repair or maintain the Leased Hardware without BL’s prior written consent. Ordering Activity shall notify BL of any known or threatened damage to, or loss of, the Leased Hardware. BL shall be solely responsible for all Leased Hardware repair and maintenance expenses pre-approved by it in writing. Notwithstanding the foregoing, in the event any damage to or loss of Leased Hardware arises out of the negligence or willful misconduct of Ordering Activity, Ordering Activity shall be solely responsible for all costs and expenses incurred in connection with repairing, maintaining, or replacing such Leased Hardware. Except as set forth below in this Section 1.4, nothing contained in this Agreement shall give or convey to Ordering Activity any right, title or interest in or to
the Leased Hardware. Ordering Activity shall not: (i) not enter into any sublease, loan, or similar arrangement with respect to the Leased Hardware or (ii) transfer, assign, convey, encumber, pledge, or otherwise dispose of the Leased Hardware or any interest therein, and any attempt by Ordering Activity to do any of the foregoing without BL’s prior written consent shall be void. Upon the expiration or termination of this Service Addendum, Ordering Activity shall promptly either: (i) prepare, package, and ship the Leased Hardware in accordance with BL’s reasonable instructions; (ii) provide BL with access to Ordering Activity’s facilities so that BL may prepare, package, and ship the Leased Hardware for return to BL or (iii) purchase the Leased Hardware from BL by issuing a purchase order to BL within thirty (30) days of the date of termination. Any such sale of the Leased Hardware to Customer shall be on an “as-is” basis.

2. Acceptance. Within two business days of BL notifying Ordering Activity via email that Services identified in the purchase order as “Professional Services” are completed (the “Testing Notice”), Ordering Activity shall test the Component deliverables identified as work product (“Work Product”) to determine whether they comply with the specifications set forth in the purchase order. Ordering Activity shall promptly either advise BL that the Work Product is accepted (an “Acceptance Notice”) or deliver to BL a written statement describing in detail the reasons why the Work Product does not comply with such specifications (a “Non-Compliance Notice”). Upon receipt of a Non-Compliance Notice, BL shall correct the Work Product so that the Work Product complies with such specifications, and the foregoing testing procedure shall be repeated until Ordering Activity accepts the Work Product. The foregoing remedies shall be Ordering Activity’s remedies with respect to Work Product for which a non-compliance is claimed. The provision of an Acceptance Notice or the failure to provide a Non-Compliance Notice within two (2) Business Days of the date of the Testing Notice shall constitute acceptance of the Work Product by Ordering Activity. Ordering Activity may not withhold its acceptance of the Work Product as a result of defects therein that do not materially affect the performance or functionality thereof.

3.1 BL Software. Any Software identified in the purchase order as “BL Software” and all associated documentation shall be the sole and exclusive property of BL (the “BL Software”). All rights in and related to the BL Software, including, without limitation, copyrights, trademarks, trade secrets, patents, and all other intellectual property rights or proprietary rights, are hereby exclusively reserved by BL. If the applicable purchase order includes BL Software, Ordering Activity’s sole right to use the BL Software shall be set forth in the above Software License Agreement (the “EULA”) and it is expressly understood that no right (other than pursuant to the EULA) or title to or ownership in or to the BL Software is transferred or granted to Ordering Activity under this Service Addendum.

3.2 Third Party Software. Software provided under this Agreement may include software owned by third parties (“Third Party Software”).

4. Reserved.

5. Reserved.

6. Limited Warranty. BL shall provide the Services in a professional manner consistent with industry standards applicable to the nature of the Services. Any claim for a breach of the foregoing warranty must be made by Ordering Activity within five (5) days following the completion of the applicable
Services. If Ordering Activity fails to provide notice of such claim within such five (5) day period, Ordering Activity shall be deemed to have waived its rights to make a claim for a breach of the foregoing warranty. Ordering Activity’s remedy and BL’s sole obligation for any breach of the foregoing warranty or any other claim regarding the Services or Work Product shall be for BL to re-perform the applicable Service or repair the applicable Work Product. BL will pass through and assign to Customer any third party’s warranty which BL receives in connection with a Component provided to Customer to the extent such pass through and assignment is permitted by such third party. BL does not and cannot warrant, guarantee, or make any representations regarding the performance, use or results of the use of the Components in terms of correctness, accuracy, reliability, currentness, or otherwise.

7. **Reserved.**
1. **License Grant**: Blue Light hereby grants to you a limited, non-exclusive, non-sub-licensable license to access one training module in the Training Program for educational purposes only. You may not, nor cause or permit any other person to, reproduce, download, disseminate, disassemble, decompile, reverse engineer, translate, sell, manufacture, sublicense, distribute, transfer, modify, adapt, creative derivative works from the Training Program.

2. **Ownership**: Blue Light is and remains the exclusive owner of all right, title, and interest (including copyright, patent, trade secret and other proprietary rights) in and to the Training Program. Nothing in this Agreement will be construed as granting you any title or interest in or to the Training Program. You agree not to contest the validity of Blue Light’s rights or to perform any act adverse to Blue Light’s rights.

3. **Online User and User Information / Passwords**: You will be asked to provide certain information to gain access to the Training Program. You agree that the information you provide is true, accurate, and complete and that you will not register under a name of, or attempt to enter or use the Training Program under a name or ID that is not your own. You agree that it is your responsibility to maintain your access to the Training Program and keep your password and other information you provide confidential. You agree to immediately notify Blue Light or the institution reselling your Training Program if there is any known or suspected unauthorized use of your credentials to the Training Program.

4. **RESERVED.**

5. **NO WARRANTY**: BL shall provide the Training in a professional manner consistent with industry standards applicable to the nature of the Services. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, THE TRAINING PROGRAM IS PROVIDED WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF NON-INFRINGEMENT, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING FROM A COURSE OF DEALING, USAGE, OR TRADE PRACTICE.

6. **RESERVED.**

7. **Reserved.**
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Blue Prism Software, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et. seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.21, as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates antideficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable Federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

l) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

BLUE PRISM SOFTWARE, INC.

SOFTWARE LICENSE AND SUPPORT AGREEMENT

Indirect Term License

BY AND BETWEEN

(1) BLUE PRISM SOFTWARE, INC., a Delaware corporation with offices at 1688 Meridian Avenue, Suite 700 Miami Beach, Florida, 33139, USA ("Blue Prism"); and

(2) U.S. GOVERNMENT AGENCIES ("Ordering Activity"). For purposes of clarity, a U.S. Government agency is the "Ordering Activity", defined as an entity authorized to order under GSA contracts as set forth in GSA ORDER OGP 4800.2I, as may be revised from time to time. Ordering Activity License Orders must be signed by a duly warranted contracting officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties.

BACKGROUND

(A) Blue Prism is a supplier of software and support services;
(B) Ordering Activity wishes to use Blue Prism’s software and to receive Blue Prism’s support services on the terms of this Agreement;
(C) Ordering Activity is acquiring Blue Prism’s software via a Reseller; and
(D) By both parties executing this Agreement in writing indicates Ordering Activity’s acceptance of the following terms.

TERMS AGREED

1 Definitions and Interpretation

1.1 In this Agreement, the following terms shall have the following meanings:

Acceptance Ordering Activity’s acceptance of the Software in accordance with Section 2.3

Commencement Date the date specified in a License Order (agreed between Ordering Activity and Reseller and relayed to Blue Prism); the beginning of the term for a given License Order

Confidential Information any and all information (whether oral, written or in some other tangible or permanent form) disclosed by one party (the "Disclosing Party") to the other party (the "Receiving Party") or that is otherwise obtained by the Receiving Party under or in connection with this Agreement and that is marked as confidential, by its nature is confidential or relates to the business or affairs of the Disclosing Party including any License Key. Neither this Agreement nor the pricing terms are confidential information notwithstanding any such markings.

Deliverables any and all software, documents, information, data, ideas, concepts, know-how, techniques and other material, things or items arising from or produced or supplied by Blue Prism in the course of the provision of the Support Services

Documentation the user manuals, help files, release notes and other documentation (excluding marketing materials) published by Blue Prism that is made available to Ordering Activity in connection with the Software

Environment the hardware and/or locations used by Ordering Activity, which must meet the minimum requirements specified by Blue Prism in its installation guide for the relevant version of the Software

Expenses any travel, accommodation, subsistence and other expenses incurred by Blue Prism in providing the Support Services, to the extent provided for in the applicable License Order

Fees the fees payable for the License and Support Services during the applicable Order Term (including Premium Support Fees, if applicable) in accordance with the GSA Pricelist.

Intellectual Property Rights any and all intellectual property rights including patents, trademarks, design rights, copyright, rights in databases, Know-How, Look and Feel, domain names and all similar rights (whether or not registered or capable of registration and whether subsisting in any part of the world), together with any and all goodwill relating or attached thereto and all extensions and renewals thereof

Know-How know-how, confidential information, trade secrets, experience, drawings, designs, production methods, code, notes, flow charts, discoveries, specifications, diagrams, technology, research, methods of formulation, results of tests and field trials, specifications of materials, composites of materials, formulas and processes and technical information including the benefit of all related obligations of confidentiality

License the license in Section 2 which gives Ordering Activity a right to use the Software

License Key a license key generated by Blue Prism that allows Ordering Activity to use the Software subject to the terms and conditions of this Agreement

License Order a document agreed between Ordering Activity and a Reseller for procurement of the Software by Ordering Activity through a Reseller

Look and Feel graphics, website navigation methods, HTML code, meta-tag structures and similar

GS-35F-0511T

https://www.immixgroup.com/contract-vehicles/gsa/lt-70/0511T/
Each party shall:

2.1 Blue Prism hereby grants to Ordering Activity a non-exclusive and non-transferable term license to use the Software (in object code only) during any active Term (defined below), subject to any restrictions set out in this Agreement (including in a License Order), for the purpose of automating and/or modifying Ordering Activity-related business procedures in accordance with the terms and conditions of this Agreement.

2.2 Except as permitted by law or this Agreement, Ordering Activity shall not be entitled to:

2.2.1 copy, translate, reverse engineer, reverse assemble, modify, adapt, create derivative works, decompile, merge, separate, disassemble, determine the source code of or otherwise reduce to binary code or any other human-perceivable form, the whole or any part of the Software;

2.2.2 sublease, lease, assign, sell, sub-license, rent, export, re-export, encumber, permit concurrent use of or otherwise transfer or grant other rights in the whole or any part of the Software;

2.2.3 use or permit use of the whole or any part of the Software to provide a computer services business, business process outsourcing facility or service, service bureau arrangement, network, time-sharing, outsourcing, application service provider, or similar arrangement;

2.2.4 remove, alter, cover or obfuscate any copyright notices or other proprietary rights notices placed or embedded on or in the Software or the Documentation;

2.2.5 provide or otherwise make available the Software in whole or in part in any form to any person, without prior written consent from Blue Prism; or

2.2.6 use or permit the use of the whole or any part of the Software in such a way as to subject the whole or any part of the Software to an open source license or scheme in which there is or could be interpreted to be a requirement that as a condition or consequence of its use or distribution, the Software could be disclosed or distributed in source code form, licensed for the purpose of making derivative works or redistributable at no charge.

2.3 The Software shall be deemed to have been accepted by Ordering Activity on the earlier of:

2.3.1 30 days following delivery of the initial License Key (provided always that Ordering Activity (acting reasonably) has not already notified Blue Prism of any material non-conformity with the Documentation); or

2.3.2 any production use by Ordering Activity.

2.4 Ordering Activity shall be entitled to make such copies of the Software as are necessary for test, development, archive and backup purposes provided that Ordering Activity shall:

2.4.1 ensure that each copy shall include all copyright and proprietary notices included in the Software and on any media on which the Software is delivered to Ordering Activity;

2.4.2 keep a written record of the location and use of each such copy; and

2.4.3 provide a copy of such record to Blue Prism on request and allow Blue Prism to verify the same from time to time on request.

2.5 On the Commencement Date and on each anniversary of the Commencement Date thereafter, a new License Key will be required to activate the Software. For purposes of clarity, License Orders shall not renew automatically for additional terms and may be extended only through Ordering Activity’s issuance of a License Order modification or new License Order for terms beyond those included in the original License Order. The License Key is made available by Blue Prism.

2.6 Blue Prism reserves the right at any time to make any improvement, substitution or modification in the design, manufacture or configuration of the Software provided that any such improvement, substitution or modification shall not result in any material change in the functionality or performance of the Software.

2.7 Reserved.

2.8 Reserved.

2.9 If Ordering Activity wishes to install the Software on Ordering Activity-allotted servers within a third party hosting service (a “Hosting Service”), Blue Prism hereby consents to such use, provided that:

2.9.1 any act or omission of any such Hosting Service shall be deemed to be the act or omission of Ordering Activity;

2.9.2 any such performance and/or exercise shall be solely for the business purposes of Ordering Activity and not for the purpose of providing hosting, bureau or outsourced services to any third party; and

2.9.3 any claim from a Hosting Service shall be brought through Ordering Activity and the exclusions of and caps on liability detailed in this Agreement shall apply in aggregate to all claims brought by Ordering Activity and the Hosting Service.

2.10 If Ordering Activity’s security requirements included in the License Order are met, Blue Prism shall have the right during the term of this Agreement to audit and/or inspect Ordering Activity’s facilities and/or records to verify Ordering Activity’s use of the Software and compliance with this Agreement. Such audits shall be carried out on reasonable notice by Blue Prism and/or its selected external auditor. Ordering Activity shall provide Blue Prism and its audit team with access to its relevant records and facilities. Blue Prism shall comply with Ordering Activity’s standard security and health and safety policies notified in writing a reasonable time in advance of such visit, including any requirements for personnel to be cleared prior to accessing sensitive facilities. Blue Prism will pay the expenses of the audit.

3 Confidentiality

3.1 Each party shall:
3.1.1 keep the other party’s Confidential Information confidential;  
3.1.2 not use the other party’s Confidential Information except for the purposes of this Agreement without the prior written consent of the other party; and  
3.1.3 not divulge the other party’s Confidential Information to any third party except for the purposes of this Agreement and shall procure that each such third party is aware of and complies with these obligations as to confidentiality.  

3.2 The provisions of Section 3.1 shall not apply to any Confidential Information that the Receiving Party can show:  
3.2.1 is in the public domain other than as a result of a breach of this Agreement or any other obligations of confidentiality;  
3.2.2 is or was lawfully received from a third party not under an obligation of confidentiality with respect thereto;  
3.2.3 is required to be disclosed under operation of law, by court order or by any regulatory body of competent jurisdiction (but then only to the extent and for the purpose required); or  
3.2.4 was developed independently of and without reference to any confidential information disclosed by the disclosing party.  

3.3 Nothing in this Section 3 shall prohibit Ordering Activity from disclosing Confidential Information, to the extent such disclosure is required under the Freedom of Information Act, 5 U.S.C. §552.

4 Provision of Support Services  
Blue Prism shall provide the Support Services in accordance with the Blue Prism Maintenance and Support Terms, a current version which is attached herein.

5 Intellectual Property  
5.1 Ordering Activity acknowledges and agrees that title to all portions of the Software, the Deliverables, the Blue Prism Confidential Information and the Intellectual Property Rights therein, including all derivative works, (“Blue Prism Elements”) are and remain owned by Blue Prism or its licensors. Blue Prism reserves all rights not otherwise expressly granted in this Agreement and no licenses are granted by implication, estoppel or otherwise. Ordering Activity agrees that it has no rights or claims of any type (other than the licenses granted under this Agreement) to the Blue Prism Elements and irrevocably waives and releases each and any claim to title and ownership rights thereto. The licenses granted hereunder do not entitle Ordering Activity to use the whole or any part of the Blue Prism Elements or Intellectual Property Rights therein as reference or inspiration for developing or creating any other product based upon them.

5.2 The Process Automations are owned by Ordering Activity. Blue Prism acknowledges and agrees that it has no rights or claims of any type to the Process Automations and irrevocably waives and releases each and any claim to title and ownership rights thereto. All rights in the Process Automations not expressly granted are reserved by Ordering Activity.

5.3 To the extent Ordering Activity provides to Blue Prism any suggestions, ideas, modifications, feedback, error identifications or other information related to the Software or to the use of the Software (“Feedback”), Ordering Activity hereby grants to Blue Prism a fully-paid up, irrevocable, perpetual, worldwide, nonexclusive license, with right to grant sublicenses, to use such Feedback to improve Blue Prism’s products and services and to use, reproduce, perform, display, make, sell and otherwise distribute such products and services. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the Ordering Activity shall receive unlimited rights to use such derivative works at no further cost. Blue Prism acknowledges that the ability to use this Agreement and any Feedback provided as a result of this Agreement in advertising is limited by GSAR 552.203-71.

5.4 Nothing in this Section 5 shall prevent Blue Prism from developing and using any general knowledge, skills, experience, ideas, concepts, techniques or know-how (other than Confidential Information of Ordering Activity) that are acquired or used by Blue Prism during this Agreement.

5.5 Ordering Activity shall not delete or in any manner alter the copyright notices, trademarks, logos or related notices or other proprietary rights notices appearing on Blue Prism Elements.

6 Warranties  
6.1 Ordering Activity warrants that:  
6.1.1 it has full capacity and authority and all necessary consents to enter into and to perform its obligations under this Agreement; and  
6.1.2 it owns or has any license necessary to enable Blue Prism to use any third party materials and/or information provided by Ordering Activity under or in connection with this Agreement.

6.2 Blue Prism warrants that:  
6.2.1 it has full capacity and authority and all necessary consents to enter into and to perform its obligations under this Agreement;  
6.2.2 for a period of sixty (60) days after Acceptance, the Software, when working within the Environment, will, in all material respects have the functionality and performance set out in the Documentation;  
6.2.3 the Support Services shall be provided with reasonable skill and care; and  
6.2.4 it shall use its reasonable endeavors to provide the Support Services in accordance with the Service Levels; and  
6.2.5 it shall use reasonable endeavors to ensure that, as of the date of delivery, no virus, time bomb, trap door or other equipment or disabling device (other than a License Key) is introduced by it into the Software.

6.3 EXCEPT AS EXPRESSLY SET OUT IN THIS AGREEMENT, BLUE PRISM EXCLUDES ALL WARRANTIES, CONDITIONS, TERMS, UNDERTAKING AND OBLIGATIONS IMPLIED BY STATUTE, COMMON LAW, CUSTOM, TRADE USAGE, COURSE OF DEALING OR OTHERWISE TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW. FOR THE AVOIDANCE OF DOUBT, BLUE PRISM DOES NOT WARRANT THAT THE OPERATION OF THE SOFTWARE SHALL BE 100% UNINTERRUPTED OR ERROR FREE, OR THAT ALL ERRORS WILL BE CORRECTED. BLUE PRISM DOES NOT WARRANT THAT THE SOFTWARE WILL MEET ORDERING ACTIVITY’S REQUIREMENTS. BLUE PRISM IS NOT OBLIGATED TO REMEDY ANY SOFTWARE ERROR THAT CANNOT BE REPRODUCED USING THE LATEST UPDATE OF THE SOFTWARE.

6.4 In the event of any breach of the warranties at Sections 6.2.2 or 6.2.5, Ordering Activity’s sole remedy shall be to require Blue Prism to correct the Software.

6.5 In the event of any breach of the warranties at Sections 6.2.3 and 6.2.4, Ordering Activity’s sole remedy shall be to require Blue Prism to re-perform the relevant Support Services.

7 Reserved

8 Term and Termination  
8.1 Reserved.

8.2 Each License Order will have its own duration (“Order Term”), which begins on the applicable Commencement Date for such License Order, and is subject to the terms of this Agreement.

8.3 Ordering Activity may opt to place future License Order through a different Reseller.

8.4 Without prejudice to any other right or remedy of Blue Prism and consistent with FAR 52.212-4 (l) Termination for the Government’s Convenience, and (m) Termination for Cause, termination shall be governed by the FAR 52.212-4 (l) Termination for the Government’s Convenience, and (m) Termination for Cause. The termination of an individual License Order will not terminate any other License Order or this Agreement unless otherwise specified in the written notice of termination.

8.5 Reserved.

8.6 Upon the termination or expiry of this Agreement for whatever reason:
8.6.1 Ordering Activity will immediately cause all copies of the Software to be removed from all computer equipment in its possession or under its control and return to Blue Prism or destroy (if authorized by Blue Prism in writing to do so) all such copies and any other Blue Prism Confidential Information and cause an officer of Ordering Activity to certify in writing that it has done so.

8.6.2 each party's rights, liabilities and obligations under this Agreement (including the License) shall cease, except that each party's rights, liabilities and obligations that have accrued prior to such termination or expiry or that are expressly or by implication intended to come into force upon or remain in force following such termination or expiry shall survive any such termination or expiry; and

8.6.3 any outstanding unpaid invoices rendered by Blue Prism shall be payable by Ordering Activity in accordance with this Agreement and invoices in respect of Fees and Expenses incurred prior to termination but for which an invoice has not been submitted shall be payable in accordance with this Agreement upon submission of an invoice therefor.

9 Reserved
10 Reserved
11 Dispute Resolution
This Agreement is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613). Failure of the parties to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this Agreement shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference.

12 Export Controls and US Government Regulation
12.1 Ordering Activity understands that the Software is subject to export control laws and regulations. Ordering Activity may not download or otherwise export or re-export the Software or any underlying information or technology except in full compliance with all United States, European Union, and other applicable laws and regulations.

12.2 The Software and ancillary services are commercial items as defined by the Federal Acquisition Regulation ("FAR") at FAR 2.101 and are licensed to the government under the applicable terms of FAR Part 12, “Acquisition of Commercial Items”, “Commercial computer software and commercial computer software documentation”. Any use, modification, reproduction, release, performance, display, or disclosure by the US Government shall be governed solely by, and prohibited, except as expressly permitted under, the terms of this Agreement.

13 General
13.1 Nothing contained in this Agreement shall create a relationship of employer and employee, principal and agent or partnership between the parties. Neither party shall be entitled to bind or pledge the credit of the other or sign any document, enter into any agreement or make any promise on behalf of the other or in any way indicate that it is entitled to do so without the prior written consent of the other.

13.2 Blue Prism shall be entitled to subcontract any of its obligations under this Agreement to a third party (with prior written consent) or to affiliates (without prior written consent) provided always that Blue Prism shall remain primarily responsible for the acts or omissions of such third party under this Agreement.

13.3 Ordering Activity and Blue Prism may not assign, transfer, mortgage, charge, sub-contract, sub-license or otherwise dispose of the whole or any part of this Agreement without the prior written consent of the other party.

13.4 Any notice or written communication given under or in relation to this Agreement shall be given in writing and shall be delivered by hand (in which case it shall be deemed to have been given at the time of delivery) or sent by special delivery post (in which case it shall be deemed to have been given on the second day after posting) to the other party at its address set out above or to such other address as it has previously notified to the sending party in writing, or by email (in which case it shall be deemed to have been given when sent, unless a mail non-delivery notification has been received by the sender).

13.5 Except as expressly stated in this Agreement, the remedies available to the parties under this Agreement shall not limit or exclude any other rights that either party may have against the other.

13.6 The failure or delay of either party to enforce or to exercise, at any time or for any period of time, any term of or any right, power or privilege arising pursuant to this Agreement does not constitute and shall not be construed as a waiver of such term or right and shall in no way affect either party's right later to enforce or exercise it, nor shall any single or partial exercise of any remedy, right, power or privilege preclude any further exercise of the same or the exercise of any other remedy, right, power or privilege.

13.7 The invalidity or unenforceability of any provision of or any part of a provision of or any right arising pursuant to this Agreement shall not affect in any way the remaining provisions or rights, which shall be construed as if such invalid or unenforceable part did not exist.

13.8 No variation of or amendment to this Agreement shall be effective unless made in writing and signed by authorized representatives of the parties.

13.9 This Agreement may be entered into in any number of counterparts and by the parties on separate counterparts, all of which taken together will constitute one and the same instrument.

13.10 This Agreement shall be governed by and construed and interpreted in accordance with the Federal laws of the United States. In no event shall this Agreement be governed by the United Nations Convention on Contracts for the International Sale of Goods. To the maximum extent permitted by the governing law, no transactions called for herein shall be governed or affected by any version of the Uniform Computer Information Transactions Act enacted in any jurisdiction.

BLUE PRISM GLOBAL PRODUCT MAINTENANCE AND SUPPORT TERMS

1 SUPPORT SERVICES
Blue Prism provides Support Services in relation to Blue Prism Software. The elements included in the Support Services vary according to the Tier specified in the relevant Agreement. The table below specifies which Support Services are included in each Tier. All Support Services are provided in the English language and are performed as a remote service.

<table>
<thead>

<td>Web portal, telephone and email</td>
<td>Web portal, telephone and email</td>
</tr>
</tbody>
</table>

2. DEFINITIONS
Terms defined in your End User License Agreement for Blue Prism Software have the same meaning when used in these Maintenance and Support Terms except where the context requires otherwise. The following defined terms shall apply to these Maintenance and Support Terms.

**Agreement**
The applicable End User License Agreement, SOW or other agreement under which Blue Prism agrees to provide Support Services.

**Authorised Contact**
Customer personnel who are authorised to log Support Cases with Blue Prism. To be nominated as an Authorised Contact a person must be familiar with the Blue Prism architecture and be capable of understanding the various components and terminology around the Blue Prism Software. They should also have sufficient system privileges to be able to implement any changes or recommendations given by Blue Prism Customer Service.

**Business Hours**
0900 to 1700 Monday to Friday in the Nominated Time Zone, excluding local public holidays.

**Error**
A failure of the Blue Prism Software, due to errors in the code, to perform in accordance with its Specification.

**Maintenance Releases**
New versions, major and minor releases, patches and updates of the Blue Prism Software.

**Nominated Time Zone**
The time zone specified in the Agreement.

**Other Support Case**
A Support Case that is not a P1 Case or P2 Case.

**P1 Case**
The entire Blue Prism Software is unavailable resulting in a critical impact on Customer’s business.

**P2 Case**
Operation of the Blue Prism Software is severely impacted having a critical business impact on multiple automations.

**Service Hours**
The period of time during which Blue Prism Support Services will be available and during which Target response Times and Target Resolution Times (if applicable) will be measured.

**Support Case**
A request for Blue Prism to provide Support Services in relation to a suspected Error.

**Target Response Time**
The period of time from receipt of a Support Case during which Blue Prism will use its reasonable endeavours to acknowledge the initial notification of the Support Case, communicate an incident reference number and allocate a priority level.

**Target Resolution Time**
The period of time from the point at which it is confirmed by Blue Prism that a Support Case is due to an Error during which Blue Prism will use its reasonable endeavours to provide a resolution to the Error. Any period of time during which Blue Prism is unable to progress the Support Case due to any delay in providing information or collaboration by Customer will be excluded from this time. The target resolution may be the provision of a suitable Work Around. Where appropriate Blue Prism will continue to work towards a permanent correction of the Error as soon as reasonably practicable, but measurement of the Target Resolution Time will cease at the point at which a Work Around has been provided.
3. ROLES AND RESPONSIBILITIES (ALL TIERS)
The Blue Prism Support Services are provided for the resolution of Errors in the Blue Prism Software. Customer should consider Blue Prism Support Services as part of its overall support requirements for other relevant types of support, which are not provided by Blue Prism and must be provided or procured by Customer.

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

When requesting Support Services Customer shall:
- log any Support Cases through Blue Prism’s support portal or (where included under the applicable support tier) by email or telephone, providing such information as may be required according to Blue Prism’s case logging procedure including detailed steps to describe and replicate the issue, details of investigations carried out, system event logs and process logs;
- permit Blue Prism at all reasonable times to access and use free of charge such of the Customer's personnel, premises, facilities and assistance as Blue Prism may reasonably require for the provision of the Support Services; and
- provide Blue Prism with such information as Blue Prism may reasonably require for the provision of the Support Services and ensure that all such information shall be provided in a timely manner and shall be complete and accurate.

4. EXCLUDED SERVICES
The following items are not included in the Support Services, and where Blue Prism agrees to provide any of them they will be chargeable according to the GSA Pricelist:
- all work undertaken outside the scope of Support Services as defined in these Maintenance and Support Terms (for example out-of-hours, onsite, provision of training in correct usage of Blue Prism Software); and
- Support Services provided in relation to any Error caused by:
  - o use of the Blue Prism Software otherwise than as permitted or contemplated by the Agreement;
  - o any modification of the Blue Prism Software by any person other than Blue Prism or a person authorised in writing by Blue Prism; o incorrect implementation or configuration of the Blue Prism Software (unless carried out by Blue Prism); o failure to implement any Maintenance Release supplied by Blue Prism to correct the Error;
  - o use of the Blue Prism Software with any software or hardware which could, in the reasonable opinion of Blue Prism, adversely affect the operation of the Blue Prism Software unless such use has been approved in writing in advance by Blue Prism; or
  - o any changes to the operating environment such as, but not limited to, changes to the database configuration.

5. MAINTENANCE RELEASES AND END OF LIFE PROCEDURE
Access to Maintenance Releases is included for all Support Tiers.

Blue Prism will provide notification on its customer portal at least 12 months in advance of withdrawal of Support Services for any version of Blue Prism Software. Blue Prism further undertakes that each version will be supported for a minimum of 3 years from its official release date, as specified in its release note.

Further details are provided in the End of Life Procedure document published by Blue Prism.
1. **Scope.** This Rider and the attached BMC Software Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3501 et. seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   i) **Contracting Parties.** The GSA Customer ("Licensee") is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
   
   u) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
   
   v) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
   
   w) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
   
   x) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
   
   y) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
   
   z) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   aa) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantines, restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
   
   bb) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.
   
   cc) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
   
   dd) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
   
   ee) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific Terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.
   
   ff) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

Future Fees or Penalties. All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

Taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

Third Party Terms. When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

Dispute Resolution and Standing. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

Advertisements and Endorsements. Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

Alternate Dispute Resolution. The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

Ownership of Derivative Works. Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

CONTRACTOR SUPPLEMENTAL PRICE LIST INFORMATION AND TERMS

BMC SOFTWARE INC

BMC SOFTWARE LICENSE, WARRANTY AND SUPPORT TERMS

BMC END USER LICENSE AGREEMENT

This Agreement ("Agreement") is between the entity or individual entering into this Agreement ("Customer") and the BMC Entity for the applicable Region where Customer acquired the License as described in Section 18 ("BMC").

1. GENERAL DEFINITIONS.

Affiliate is an entity that controls, is controlled by or shares common control with BMC or Customer, where such control arises from either (a) a direct or indirect ownership interest of more than 50% or (b) the power to direct or cause the direction of the management and policies, whether through the ownership of voting stock by contract, or otherwise, equal to that provided by a direct or indirect ownership of more than 50%.

"Documentation" means the technical publications relating to the software, such as release notes, license entitlement descriptions, reference, user, installation, systems administrator and technical guidelines, included with the Product.

"Licensed Capacity" is the amount of each Product licensed as specified in the Order.

"Order" is an agreed written or electronic document, subject to the terms of this Agreement that identifies the Products to be licensed and the Licensed Capacity and sets forth the Support to be purchased and the fees to be paid.

"Product" is the object code of the software and all accompanying Documentation delivered to Customer, including all items delivered by BMC to Customer under Support.

"Support" is the support services program as further specified in this Agreement.

"Territory" means the country(ies) where Customer is licensed to install the Product as specified in the Order.

2. SCOPE. Licenses are granted, and Support is obtained, solely by execution of Orders. Each Order is deemed to be a discrete contract, separate from each other Order, unless expressly stated otherwise herein, and in the event of a direct conflict between any Order and the terms of this Agreement, the terms of the Order will control only if the Order is agreed to by each party. Orders may be entered under this Agreement by and between (a) BMC or an Affiliate of BMC; and (b) the Customer or an Affiliate of Customer. With respect to an Order, the terms "BMC" and "Customer" as used in this Agreement will be deemed to refer to the entities that execute that Order, the Order will be considered a two party agreement between such entities, and BMC or its authorized reseller will separately invoice the Customer named in the Order for the associated License fees and Support fees. Neither execution of this Agreement, nor anything contained herein, shall obligate either party to enter into any Orders. In the event an Order is proposed by BMC and is deemed to constitute an offer, then acceptance of such offer is limited to its terms. In the event Customer proposes an Order by submitting a purchase order, then regardless of whether BMC acknowledges, accepts or fully or partially performs under such purchase order, BMC OBJECTS to any additional or different terms in the purchase order.

3. LICENSE. Subject to the terms, conditions, payment requirements and restrictions set forth in this Agreement, BMC grants Customer a non-exclusive, non-transferable, non-sub-licensable perpetual (unless a non-perpetual license is provided on an Order) license to install in the Territory, access and use the Product (i) up to the Licensed Capacity; (ii) for Customer’s and its Affiliates internal business operations, (iii) in accordance with the Documentation and the applicable Order, and (iv) make one copy of the Product for archival purposes only (collectively a "License"). Affiliates may use and access the Products and Support under the terms of this Agreement, and Customer is responsible for its Affiliates compliance with the terms of this Agreement.

4. RESTRICTIONS. Customer will not: (a) copy, operate or use any Product in excess of the applicable Licensed Capacity or other than as set forth in the License above; (b) modify, delete or remove any ownership, title, trademark, patent or copyright notices from any Product, or copy or partial copy of a Product; (c) disassemble or reverse engineer, decompile or otherwise attempt to derive any Product source code from object code, except to the extent expressly permitted by applicable law despite this limitation without possibility of contractual waiver; (d) distribute, rent, lease, sublicense or provide the Product to any third party; (e) use the Products in an outsourcing or service bureau environment on behalf of non-Affiliate third parties, or allow the products to be used by an outsourcing or service bureau provider on Customer’s behalf; (f) provide a third party with the results of any functional evaluation, or performance tests, without BMC’s prior written approval; or (g) attempt to disable or circumvent any of the licensing mechanisms within the Product.

5. PRODUCT PERFORMANCE WARRANTY. BMC warrants that (a) the Product will perform in substantial accordance with its Documentation for a period of one year from the date of the first Order, (b) BMC has used commercially reasonable efforts consistent with industry standards to scan for and remove software viruses, and (c) other than passwords that may be required for the operation of the Product, BMC has not inserted any code that is not addressed in the Documentation and that is designed to delete, interfere with or disable the normal operation of the Product in accordance with the License. This warranty will not apply to any problems caused by hardware, Computers, or software other than the Product, or misuse of the Product, use of the Product other than as provided by the applicable License, modification of the Product, or claims made either outside the warranty period or not in compliance with the notice and access requirements set forth below. No warranty is provided for additional Licensed Capacity, Product provided pursuant to Support or Product provided pursuant to Section 12.

6. LIMITED REMEDIES. BMC’s entire liability, and Customer’s exclusive remedy, for breach of the above warranty is limited to: BMC’s use of commercially reasonable efforts to have the Product perform in substantial accordance with its Documentation, or replacement of the non-conforming Product within a reasonable period of time, or if BMC cannot have the Product perform in substantial accordance with its Documentation replace the Product within such time period, then BMC will refund the amount paid by Customer for the License for that Product. Customer’s rights and BMC’s obligations in this Section are conditioned upon Customer’s providing BMC during the warranty period (a) full cooperation and access to the Product in resolving any claim; and (b) written notice addressed to the BMC Legal Department that includes notice of the claim, a complete description of the alleged defects sufficient to permit their reproduction in BMC’s development or support environment, and a specific reference to the Documentation to which such alleged defects are contrary.

7. DISCLAIMER OF WARRANTIES. EXCEPT FOR THE EXPRESS WARRANTIES IN THIS AGREEMENT, THE PRODUCT IS PROVIDED WITH NO OTHER WARRANTIES WHATSOEVER, AND BMC, ITS AFFILIATES AND LICENSORS DISCLAIM ALL OTHER WARRANTIES, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. BMC DOES NOT WARRANT THAT THE OPERATION OF THE PRODUCT WILL BE UNINTERRUPTED OR ERROR FREE, OR THAT ALL DEFECTS CAN BE CORRECTED.

8. SUPPORT. Customer may acquire BMC support services ("Support") on an Order for the total Licensed Capacity of a Product. Once Support is acquired for a Product, Customer is automatically enrolled in Support on an annual basis for all Licensed Capacity of that Product, unless either party terminates Support on all Licensed Capacity of a Product upon at least 30 days written notice prior to the next Support anniversary date. The annual fee for Support will be agreed upon at the time of each Order. A further description of Support is located at www.bmc.com/support-review-policies, and is incorporated herein by this reference. BMC may change its Support terms to be effective upon Customer’s support anniversary date. BMC reserves the right to discontinue Support for a Product where BMC generally discontinues such services to all licensees of that Product. If Customer terminates Support and then re-enrolls in Support, BMC may charge Customer a reinstatement fee.

9. PAYMENT DELIVERY AND TAXES. If Customer is purchasing directly from BMC, Customer will pay each License fee and/or Support fee upon receipt of invoice. Customer will pay, or reimburse, for any perpetual licenses, issue a refund based upon the applicable line item fees paid, provided all applicable taxes, duties, and fees are remitted. If Customer requests that BMC invoice third parties on Customer's behalf, Customer will pay BMC the applicable invoice amount plus applicable taxes, duties, and fees. If Customer is purchasing from a reseller of BMC's products, Customer will pay the reseller in accordance with the terms and conditions of purchase set forth in the purchase order. If BMC's legal department does not receive prompt, detailed written notice of the Infringement Claim from Customer, (b) BMC is not able to retain sole control of the defense of the Infringement Claim and all negotiations for its settlement or compromise, (c) BMC does not receive all reasonable assistance, or (d) the Infringement Claim is based on (i) the use of Product in combination with products not approved by BMC in the Product's Documentation, (ii) the failure of Customer to use any updates to such Product within a reasonable time after such updates are made available to Customer, or (iii) the failure of Customer to use the Product as permitted by the Order and in accordance with the Documentation. BMC will not bind Customer to a monetary obligation in a settlement or compromise, or make an admission on behalf of Customer, without obtaining Customer’s prior consent. If BMC determines in BMC’s reasonable discretion that use of the Product should be stopped because of an Infringement Claim or potential Infringement Claim, if a court of competent jurisdiction enjoins Customer from using a Product as a result of an Infringement Claim and BMC is unable to have such injunction stayed or overturned, or if BMC settles an Infringement Claim on terms that require Customer to stop using the Product, then BMC will, at its expense and election: (a) modify or replace the Product, (b) procure the right to continue using the Product, or (c) if in BMC’s reasonable judgment, neither (a) nor (b) is commercially reasonable, terminate Customer’s License to the Product and (i) for any perpetual licenses, issue a refund based upon the applicable license fees paid, prorated over 48 months from the date of the Order under which the Products were initially licensed; and (ii) for any non-perpetual licenses, release Customer from its obligation to make future payments for the Product or issue a pro rata refund for any fees paid in advance. This Section contains Customer’s exclusive remedies and BMC’s sole liability for Infringement Claims.

13. INFRINGEMENT CLAIMS. If a third party asserts a claim against Customer asserting that Customer’s use of a Product in accordance with this Agreement violates that third-party’s patent, trade secret or copyright rights (“Infringement Claim”), then BMC will, at its own expense: (a) defend or settle the Infringement Claim; and (b) indemnify Customer for any damages finally awarded against Customer based on infringement by the Product. BMC’s obligations under this Section will not apply if: (a) BMC’s legal department does not receive prompt, detailed written notice of the Infringement Claim from Customer; (b) BMC is not able to retain sole control of the defense of the Infringement Claim and all negotiations for its settlement or compromise, (c) BMC does not receive all reasonable assistance, or (d) the Infringement Claim is based on (i) the use of Product in combination with products not approved by BMC in the Product's Documentation, (ii) the failure of Customer to use any updates to such Product within a reasonable time after such updates are made available to Customer, or (iii) the failure of Customer to use the Product as permitted by the Order and in accordance with the Documentation. BMC will not bind Customer to a monetary obligation in a settlement or compromise, or make an admission on behalf of Customer, without obtaining Customer’s prior consent. If BMC determines in BMC’s reasonable discretion that use of the Product should be stopped because of an Infringement Claim or potential Infringement Claim, if a court of competent jurisdiction enjoins Customer from using a Product as a result of an Infringement Claim and BMC is unable to have such injunction stayed or overturned, or if BMC settles an Infringement Claim on terms that require Customer to stop using the Product, then BMC will, at its expense and election: (a) modify or replace the Product, (b) procure the right to continue using the Product, or (c) if in BMC’s reasonable judgment, neither (a) nor (b) is commercially reasonable, terminate Customer’s License to the Product and (i) for any perpetual licenses, issue a refund based upon the applicable license fees paid, prorated over 48 months from the date of the Order under which the Products were initially licensed; and (ii) for any non-perpetual licenses, release Customer from its obligation to make future payments for the Product or issue a pro rata refund for any fees paid in advance. This Section contains Customer’s exclusive remedies and BMC’s sole liability for Infringement Claims.

14. TERMINATION. Upon thirty days advance written notice, either party may terminate this Agreement for its convenience on a prospective basis; however, such termination will have no effect on Orders placed prior to its effective date and such Orders will remain in full force and effect under the terms of this Agreement. BMC may: (i) terminate an Order and the Licenses to the Products on that Order if Customer fails to pay any applicable fees due under that Order within 30 days after receipt of written notice from BMC of non-payment; (ii) terminate any or all Orders, Licenses to the Products and/or this Agreement, without notice or cure period, if Customer violates the intellectual property rights of BMC, its Affiliates or licensors, or uses the Products outside of the scope of the applicable license(s). Before any termination by either party, the non-breaching party may, at its option, require: (i) correction of the breach within 30 days of receipt of written notice from the breaching party; (ii) payment of all amounts due under this Agreement; (iii) cease further use of the Products and return, at the breaching party’s option, the Product in its original condition together with all related Documentation and copies, or certify its destruction in writing;
15. **AUDIT.** If requested by BMC, and not more than once a year, Customer agrees to deliver to BMC, within 30 days of such request, as specified by BMC either (i) periodic product usage reports generated from specific products or (ii) written periodic product usage reports, to be provided solely when the product does not generate reports. Additionally, if requested by BMC not more than once a year, Customer agrees to allow BMC to perform an audit at the locations where the Products are installed, during normal business hours to ensure compliance with the terms of this Agreement. Customer agrees to cooperate during any such audit and to provide reasonable access to its information and systems. If an audit reveals that Customer has exceeded the Licensed Capacity for a Product, Customer agrees to pay the applicable fees for additional capacity upon receipt of invoice. If the understated capacity exceeds 5% of the Licensed Capacity of the applicable Product, then Customer agrees to also pay BMC’s reasonable costs of conducting the audit.

16. **CONTROL PORTS.** Customer represents and warrants that it: a) will comply with the United States Export Administration Regulations and other U.S. or foreign export regulations; b) no individual accessing or using the Product is a citizen of or from an embargoed country (currently Iran, Syria, Sudan, Cuba and North Korea); c) is not prohibited from receiving the Product under such regulations; d) will not use the Product in contradiction to such regulations; and f) will not use the Product for prohibited uses, including but not limited to nuclear, chemical, missile or biological weapons related end uses. For Product exported from Ireland, EC No. 428/2009 sets up a Community regime for control of exports of dual-use items and technology, and it is declared that this Product is intended for civil purposes only. Therefore, Customer agrees to comply with both the U.S. regulations and those E.U. regulations and will not export in violation of the regulations and without all proper licenses. Any failure to comply with these regulations will result in Customer forfeiting all rights to the Product.

17. **GOVERNING LAW AND DISPUTE RESOLUTION.** A party will provide written notice to the other party of any controversy, dispute or claim arising out of or relating to this Agreement, or to the formation, interpretation, breach, termination, or validity thereof (“Controversy”). The parties shall engage in good faith negotiations to resolve the Controversy. Only if the Controversy is not resolved through good faith negotiations within 15 days of the sending of the written notice of Controversy, the Controversy may be submitted to litigation or binding arbitration, based on the place of incorporation of the parties, as follows: (i) If both parties to this Agreement are entities incorporated under the law of the United States, the Controversy shall be tried in either state or federal court located in Houston, Texas and the laws of the State of Texas shall govern. Both sides hereby submit to the exclusive jurisdiction of the courts in Houston, Texas and waive all defenses based on forum non conveniens. (ii) If both parties to this Agreement are entities incorporated in countries in the Europe, Middle East, or Africa regions, the arbitration shall be held in Amsterdam, Netherlands under the then-applicable rules of the International Chamber of Commerce and the substantive laws of the Netherlands will govern. (iii) If both parties to this Agreement are entities incorporated in countries in the Asia Pacific region, the arbitration shall be held in Singapore under the then-applicable rules of the Singapore International Arbitration Centre and the substantive laws of Singapore will govern. (iv) In all other instances, the arbitration shall be held in New York City, New York, under the then-applicable international rules of the American Arbitration Association and the substantive laws of the State of Texas will govern. For all arbitrations conducted hereunder: (a) the arbitration shall be conducted in English; (b) the relevant arbitral institution shall determine the number of arbitrators, but any controversy in which the amount in dispute is greater than $10 million USD shall be decided by three arbitrators, with each party having the right to select one arbitrator; (c) the costs of such arbitration shall be borne equally, pending the arbitrator’s award; (d) the arbitration award rendered shall be final and binding on the parties, shall not be subject to appeal to any court and shall be enforceable in any court having jurisdiction over the Parties; (e) the arbitration proceedings, award and pleadings shall all be confidential, unless disclosure of particular information is required for purposes of enforcing/challenging the award or to meet local securities law requirements; and (f) the party prevailing in arbitration shall be entitled to recover its reasonable attorneys’ fees and the necessary costs incurred in connection with the arbitration.

The United Nations Convention on Contracts for the International Sale of Goods shall not apply to this Agreement. Nothing in this Agreement shall be deemed as preventing either party from seeking immediate injunctive relief from any court having jurisdiction over the parties and the subject matter of the dispute.

18. **LICENSEES.** The following licensing entities apply to this Agreement:

<table>

19. **ASSIGNMENT AND TRANSFERS.** Customer may not assign or transfer a Product separate from the applicable Agreement and License, and may not assign or transfer an Agreement or a License, except in the event of a merger with or into, or a transfer of all or substantially all of Customer’s assets to, a third party who assumes all of Customer’s liabilities and obligations under the Agreement and License, and expressly agrees in writing to be bound by and comply with all of the terms of the Agreement and License. Except as specifically authorized by writing, any attempt to assign or transfer an Agreement or License in violation of this provision will be null and void and be treated as a violation of BMC’s intellectual property rights or use outside the scope of the License.

20. **DATA PROTECTION.** Data Protection. (a) Customer acknowledges that BMC neither requires nor needs Customer to: (i) send BMC any personal data collected by Customer (“Customer Collected Data”) or (ii) give BMC access to any Customer Collected Data. Consequently, Customer remains responsible for either filtering, making anonymous, encrypting such Customer Collected Data or for having proper procedures in place to prevent Customer Collected Data from being sent to or accessed by BMC. (b) In the course of normal business, BMC may collect and process personal information related to the Customer (mainly contact and related information) in order to perform its obligations under this Agreement and/or under an Order, such information being...
referred to hereinafter as “Customer Contact Information”. Where the Customer Contact Information is to be processed by BMC, BMC will comply with its Controlled Corporate Rules Policy found at http://media.cms.bmc.com/documents/External+Privacy+Binding+Corporate+Rules+Policy+Aug+04.pdf (the “BCR”) with respect to compliance with data protection laws and/or regulations. The BCR policy is incorporated into a BMC corporate wide policy, requiring all BMC employees, employees and third party providers to comply with and respect the BCR policy which is governing the collection, use, access, storage and transfer of personal data among BMC entities and third-party sub-processors. The details of the BCR approval of BMC Software are available at http://ec.europa.eu/justice/data-protection/international-transfers/binding-corporate-rules/bcr-cooperation/index_en.htm. BMC shall in particular: (i) allow Customer to access, modify, correct or erase Customer Contact Information when necessary; (ii) take reasonable technical and organizational security measures to maintain the confidentiality and integrity of Customer Contact Information and to prevent its unauthorized access, use, or disclosure; and (iii) refrain from using Customer Contact Information for any other purpose than performing its obligations under this Agreement and/or any Order.

21. MISCELLANEOUS TERMS. A waiver by a party of any breach of any term of this Agreement will not be construed as a waiver of any continuing or succeeding breach. Should any term of this Agreement be invalid or unenforceable, the remaining terms will remain in effect. The parties acknowledge they have read this Agreement and agree that it is the complete and exclusive statement of the agreement and supersedes any prior or contemporaneous negotiations or agreements between the parties relating to the subject matter of this Agreement. There are no representations, promises, warranties, covenants, or undertakings between the parties other than those expressly set forth in this Agreement. This Agreement may not be modified or rescinded except in writing signed by both parties. Any delay or failure of any party to perform any obligation under this Agreement caused by governmental restrictions, labor disputes, storms or natural disasters, emergency, or other causes beyond the reasonable control of the party, will not be deemed a breach of this Agreement; provided, however, this provision does not apply to the payment of monies or any breach of Section 10. Customer agrees that BMC and its affiliates may refer to Customer as a customer of BMC, both internally and in externally published media. The BMC Products may maintain third party software which is delivered to Customer as part of the Product and may not be taken out of the Product or used separately from the Product and for which additional terms may be included in the Documentation. The Product may contain hyperlinks to websites controlled by parties other than BMC. BMC is not responsible for and does not endorse the content or accept any responsibility for Customer’s use of these websites. Customer should refer to the policies posted by other websites regarding data privacy and other topics before using them. Any additional documents presented to a BMC representative by Customer for signature as a condition for going on a Customer’s site will be governed by this Agreement and to the extent that such document presents additional terms or conflicts with this Agreement, it shall be considered null and void.

22. U.S. FEDERAL ACQUISITIONS. This Section applies only to acquisitions of the commercial Product and Documentation subject to this Agreement by or on behalf of the United States Government, or by any prime contractor or subcontractor (at any tier) under any contract, grant, cooperative agreement or other activity with the United States Government. In the event the Products are delivered to the United States Government, the United States Government hereby agrees that the Products qualify as “commercial items” within the meaning of the Federal Acquisition regulation(s) applicable to this procurement. The terms and conditions of this Agreement shall pertain to the United States Government’s use and disclosure of the Products and shall supersede any conflicting contractual terms and conditions. The following additional statement applies only to acquisitions governed by DFARS Subpart 227.4 (October 1988): “Restricted Rights – Use, duplication and disclosure by the Government is subject to restrictions as set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 (Oct. 1988).”

23. ADDITIONAL TERMS. The following additional terms are incorporated into this Agreement.

a. DEFINITIONS. Terms set forth below have the indicated meaning regardless of whether they are capitalized.  
   • ‘Client’ means a third party whose data is processed by Customer and is only permitted if Customer is an authorized BMC service provider.
   • ‘Cloud Environment’ means a shared pool of configurable computing resources (e.g., networks, servers, storage, applications and services) managed so that the computing resources are pooled; resources are not allotted to a single entity and are shared dynamically with multiple entities.
   • ‘Cloud Service Provider’ is an entity that provides Cloud Services to Clients under agreements pursuant to transactions for which the Cloud Service Provider is compensated.
   • ‘Cloud Services’ means the dynamic provisioning of IT resources as a service, where typically the Cloud infrastructure is shared across multiple tenants, and tenants are billed on a utility/subscription basis for what they use. Examples of Cloud Services include Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS).
   • ‘Computer’ or “Server” has the meaning generally given within the computer industry, which is a single machine, whether a central processing unit, such as a mainframe machine, or a distributed systems machine, such as a Unix or Intel based server. A mainframe machine would be an individual mainframe computer having single or multiple processors or engines. For purposes of distributed systems machines a Computer or Server may be physical or virtual.  
   • ‘Enterprise’ is the environment consisting of all hardware owned or leased by a Customer or by a Client respectively, in the Territory.
   • ‘License Add-on:’ Excludes use of BMC BladeLogic agent for server compliance, remediation, configuration, patching, and provisioning tasks.

b. LICENSE RESTRICTIONS. The following restrictions apply to certain Products.

24. AppSight Products – License Add-on:  
   • BMC AppSight Initial Platform (“AppSight System”) may only be used to support a Customer’s own applications according to the AppSight System configuration licensed for. For this purpose, Customer’s “own” applications are those of which Customer is the ultimate beneficiary or applications developed by Customer as an independent software vendor. Each AppSight System may only be used with the platform designated on the Product Table (Windows/ Net or J2EE) unless a BMC AppSight Additional Platform is licensed for the AppSight System which enables the AppSight System to be used with an additional platform. Each AppSight System may only be used for the Workflow designated on the Product Order Form unless a BMC AppSight Additional Platform is licensed for that AppSight System for an additional Workflow.  
   • BMC AppSight Named User is a license to use the full BMC AppSight System. Customer must provide the domain ID or email ID for each named user. Once designated, the BMC AppSight Named User may only be changed if the individual leaves the Customer or the Team, Group or Division under subscribed. BMC AppSight Named Users may not be transferred from one AppSight System to another.  
   • BMC AppSight QA User is a license to use the AppSight Test Recorder module of the AppSight System.
   • BMC AppSight Level 1 Viewer is a license to use limited-functions of AppSight System that provides a user with the ability to view and replay the visual recording of a Black Box log. The AppSight Level 1 Viewer may be used by the named users provided to BMC.
   • BMC AppSight for Citrix Support User is a license to use the AppSight System for Citrix application support. Only licensed BMC AppSight for Citrix users may use the AppSight System for Citrix support.
   • BMC AppSight Connector for Defect/Incident Tracking may only be used to interface the AppSight System to Customer’s defect/incident tracking application.
   • BMC Desktop Capture, Customer must provide the domain ID or email ID for each named user. The BMC Desktop Capture Player may be used by licensed named users to play back and view BMC Desktop Capture incident recordings. Once designated, a named user may only be changed if the individual leaves the Customer or the Team, Group or Division under subscribed. BMC Desktop Capture and BMC Application Problem Resolution Products.
**License Key.** The Product may require a software license key that limits usage to that provided under the terms of the Agreement and this Product Order Form. Licenses must install and run license manager software provided with the Product at no additional cost. All AppSite Console must be connected to the license manager.

**AppSite Black Box** is the agent portion of the AppSite System. All AppSite Systems include unlimited AppSite Black Boxes which may be installed on any computers of Customer's or Customer's customers. Customer may provide Customer’s customers the limited right to install and to use on behalf of Customer the AppSite Black Boxes (but not any other components of the AppSite System) but only for the sole purpose of providing information, runbooks, and tools to Customer to support Customer’s own software applications, and in no event to support Customer’s own internal software applications.

**Embedded Black Box.** Customer may incorporate the AppSite Black Box into a Customer application, in which case, in addition to the licenses granted above, Customer is hereby granted a worldwide, nonexclusive, perpetual license to (a) incorporate the modified unaltered object code version of the AppSite Black Box into Customer’s designated application (“Customer Application”); (b) reproduce and distribute the AppSite Black Box as incorporated into the Customer Application; and (c) to use in unaltered form the BMC trademarks, service marks or marketing logos (the “BMC Trademarks”) solely to promote the Customer Application, provided Customer obtains BMC’s prior written approval for each new usage. Customer shall ensure that any Customer Application incorporating the AppSite Black Box shall be governed by a license agreement which is at least as protective of BMC’s proprietary rights in the AppSite Black Box as of Customer’s proprietary rights in the Customer Application, but no less protective than this Agreement, including rights and restrictions related to end user's right to make backup and archival copies. In the event Customer incorporates the Black Box into Customer’s Application, Customer shall include in the startup screen, help and/or the About screen in the Customer Application, BMC's logo and the following, “POWERED BY BMC’S APPSIGHT BLACK BOX TECHNOLOGY.” Furthermore, Customer shall visually display the BMC name and the BMC product names and trademarks in the documentation for the Customer Application incorporating the AppSite Black Box, on Customer’s website and in advertising and promotional materials.

**BMC Atrium Orchestrator – Adapters License Add-on.** Restricts license rights to deploy one unique adapter for every unit licensed; also includes unlimited deployment rights to use Light Weight Activity Peers in combination with licensed adapters; test and development license are provided at no additional cost.

- **Adapter** - a system/interfaces/gateways/connections used to talk to external applications.
- **Light Weight Activity Peer** - Slave peers/ servers that can optionally be added to a grid to accommodate network latencies and/or security requirements. Typically deployed in combination with adapters; these peers do not directly add incremental processing power.

**BMC Atrium Orchestrator Automation Pack – Device Endpoint License Add-on.** Restricts license rights to up to five (5) peers in the orchestration environment; and allows of the following runbooks (Continuous Compliance for Network Automation and NetApp Solutions) and supporting base adapters only for the Licensed Capacity.

**BMC Atrium Orchestrator Automation Pack – Server Endpoint License Add-on.** Restricts license rights to up to five (5) peers in the orchestration environment; and allows of the following runbooks (Continuous Compliance for Server Automation, Discovery Synch, and NetApp Solutions) and supporting base adapters only for the Licensed Capacity.

**BMC Atrium Orchestrator – Peer License Add-on.** Restricts license rights to deploy one peer for every unit licensed; a peer can either be a Configuration Distribution Peer or an Application Peer; test and development license are provided at no additional cost.

- **Application Peer** – Server that executes workflows.
- **Configuration Distribution Peer** – Master application that controls all workflows, including load balancing across the grid of Peers.

**BMC Atrium Orchestrator Service Desk Automation Desktop Automation Pack – User License Add-on.** The Product excludes the use of any other BMC developed runbook besides Service Desk Automation and product components (peers, base adapters, and application adapters) for other use cases including but not limited to event triage and remediation where an event management solution, such as BMC TrueSight Operations Management or other third party tool, is the generator of incidents, or closed loop compliance use cases where change requests are generated by a configuration management solution, such as BMC. See the documentation of other third party tool.

**BMC BladeLogic Application Release Automation.** Excludes use of BMC BladeLogic agent for server compliance, remediation, configuration, patching, and provisioning tasks.

**BMC BladeLogic Suite – Base License.**

- Excludes use of the Threat Director capabilities in BladeLogic Portal except for the first 100 enrolled server endpoints.
- Excludes use of BMC Atrium Orchestrator as follows:
  - BMC Atrium Orchestrator Content – The use of any workflow or runbook content other than Management and Utility actions found in the Operations Management module. Excludes the use of any base adapter. Excludes the use of any non-BMC product application adapter.
  - BMC Atrium Orchestrator Platform – The use of additional licensed capacity other than what is listed here: 1 peer, 3 Development Studio named user licenses, and 5 Development Studio user licenses. This entitlement is a 1-time grant across all BMC products that include this access and rights are not cumulative.

**BMC TrueSight Operations Management – Base License or BMC ProactiveNet Performance Management Suite – Base License.**

- Excludes use of BMC Atrium Orchestrator as follows:
  - BMC Atrium Orchestrator Content – The use of any workflow or runbook content other than Management and Utility actions found in the Operations Management module. Excludes the use of any base adapter. Excludes the use of any non-BMC product application adapter.
  - BMC Atrium Orchestrator Platform – The use of additional licensed capacity other than what is listed here: 1 peer, 3 Development Studio named user licenses, and 5 Development Studio user licenses. This entitlement is a 1-time grant across all BMC products that include this access and rights are not cumulative.

**BMC Remedy IT Service Management.**

- Excludes use of BMC Atrium Orchestrator as follows:
  - BMC Atrium Orchestrator Content – The use of any workflow or runbook content other than Management and Utility actions found in the Operations Management module. Excludes the use of any base adapter. Excludes the use of any non-BMC product application adapter.
  - BMC Atrium Orchestrator Platform – The use of additional licensed capacity other than what is listed here: 1 peer, 3 Development Studio named user licenses, and 5 Development Studio user licenses. This entitlement is a 1-time grant across all BMC products that include this access and rights are not cumulative.

**BMC BladeLogic Database Automation.** Excludes the use of the BMC Database Automation agent for multiple operations. Once the agent is registered within the console and a job has been executed against the target, the Product license has been consumed.

**BMC BladeLogic Server Automation – Compliance Module.** Excludes use of BMC BladeLogic agent for server configuration, patching, and provisioning tasks.

**BMC BladeLogic Server Automation – Configuration Module.** Excludes use of BMC BladeLogic agent for server compliance, remediation, and provisioning tasks.

**BMC BladeLogic Server Automation – Provisioning Module.** Excludes use of BMC BladeLogic agent for server configuration, patching, remediation, and provisioning tasks.

**BMC BladeLogic Server Automation Suite.** Excludes the use of BMC BladeLogic agent for the application packaging and deployment of internally built, pre-integrated, and developed code.

**BMC Capacity Management for Mainframes.** Any BMC Capacity Management for Mainframes Product and/or any BMC Performance Analyzer for Mainframes, BMC Performance Predictor for Mainframes, BMC Performance Perceiver for Mainframes, BMC Performance Analyzer for Mainframe...
Applications and other related products that may be released as part of the BMC Capacity Management for Mainframes must be licensed for all environments for which the Product or one of its components will process data or execute functionality on behalf of, regardless of whether the Product or one of its components is specifically installed on that Computer. The Products may be installed on or moved to any Computer(s) included in the licensed environment.

**BMC Capacity Management Products:** Any BMC Capacity Management product for distributed systems environments can be reinstalled over time from one Computer to another provided that no data related to the first Computer remains stored in the Capacity Management Product repositories.

**BMC Cloud Lifecycle Management – Core License Add-on (“CLM Core”):**
- The Product may only be used in a Cloud Environment.
- The Product includes the right to use BMC Network Automation for the network devices in the Cloud Environment as long as the number of supported Network Devices does not exceed the Licensed Capacity. The Product includes the right to use BMC Network Automation only in order to enable the initial provisioning, on-going network operations, and use of the Virtual Data Center feature for Network Devices in the Cloud Environment. The Product does not include the right to use BMC Network Automation for the management of Network Devices that are not in a BMC Network Automation Pod.
- The Product includes the right to use BMC Atrium Orchestrator for the Licensed Capacity, only in order to deliver the process orchestration use cases that are installed out-of-the-box. The Product does not include the right to use any other functional capabilities or product components, including, but not limited to peers, adapters, and runbook content.
- The Product includes the right to use BMC ProactiveNet Performance Management for the Licensed Capacity, only in order to deliver the CPU monitoring capabilities that are installed out-of-the-box. The Product does not include the right to use any other functional capabilities of BMC ProactiveNet Performance Management, including but not limited to, use of the BMC ProactiveNet Performance Management console for operational purposes, monitoring of IT infrastructure beyond what is specified, and any other analytics, diagnostics, event or impact management capabilities.
- The Product includes the right to use BMC TrueSight Capacity Optimizer for Servers for the Licensed Capacity only in order to enable the out-of-the-box Capacity Aware Placement Advice capability as part of the CLM Resource Manager. The Product does not include the rights to use any other functional capabilities of BMC TrueSight Capacity Optimization, including but not limited to, the use of BMC TrueSight Capacity Optimization for capacity planning, virtualization and consolidation; capacity analysis, forecasting, reporting and dashboards; and capacity metering for showback or chargeback.

**BMC Cloud Lifecycle Management – Foundation Standard Pack License Add-on (“CLM Foundation”):**
- The Product may only be used in a Cloud Environment.
- If Customer is also a Cloud Service Provider then Product cannot be used by the Cloud Service Provider for other environments, including but not limited to the Cloud Service Provider’s internal IT environment, or System Integration activities for Clients which are not part of Cloud Services. The Product may not be installed on Client premises or accessed or used directly by Clients.
- The Product includes expanded license rights for BMC Atrium Orchestrator including unlimited peer licenses, use of all generally available Base Adapters, and Development Studio and Operator Control Panel user licenses to support the Licensed Capacity. The Product does not include the right to use any other Application Adapters or Runbook content.
- The Product includes the right to use BMC ProactiveNet Performance Management for the Licensed Capacity, only in order to deliver the CPU monitoring capabilities that are installed out-of-the-box. The Product does not include the right to use any other functional capabilities of BMC ProactiveNet Performance Management, including but not limited to, use of the BMC ProactiveNet Performance Management console for operational purposes, monitoring of IT infrastructure beyond what is specified, and any other analytics, diagnostics, event or impact management capabilities.
- The Product includes the right to use BMC BladeLogic Server Automation (BBSA) for Server Provisioning and Software Deployment functionality only. The Product does not include the right to use any other functionality of BBSA, including, but not limited to, patching, compliance, application release automation, configuration management, discovery, inventory, and nsh-scripting.
- The Product includes the right to use BMC Remedy Service Request Management functionality of the BMC Remedy ITSM product. The Product includes the right to use BMC Remedy Service Request Management for any number of users, to support any service requests that are directly related to the delivery or consumption of Cloud Services, for the Licensed Capacity.
- The Product includes the right to BMC Network Automation for the network devices in the Cloud Environment as long as the number of supported Network Devices does not exceed the Licensed Capacity. The Product includes the right to use BMC Network Automation only in order to enable the initial provisioning, on-going network operations, and use of the Virtual Data Center feature for Network Devices in the Cloud Environment. The Product does not include the right to use BMC Network Automation for the management of Network Devices that are not in a BMC Network Automation Pod.
- The Product includes the right to use BMC ProactiveNet Performance Management for the Licensed Capacity, only in order to deliver the CPU monitoring capabilities that are installed out-of-the-box. The Product does not include the right to use any other functional capabilities of BMC ProactiveNet Performance Management, including but not limited to, use of the BMC ProactiveNet Performance Management console for operational purposes, monitoring of IT infrastructure beyond what is specified, and any other analytics, diagnostics, event or impact management capabilities.
- The Product includes the right to use BMC TrueSight Capacity Optimizer for Servers for the Licensed Capacity only in order to enable the out-of-the-box Capacity Aware Placement Advice capability as part of the CLM Resource Manager. The Product does not include the rights to use any other functional capabilities of BMC TrueSight Capacity Optimization, including but not limited to, the use of BMC TrueSight Capacity Optimization for capacity planning, virtualization and consolidation; capacity analysis, forecasting, reporting and dashboards; and capacity metering for showback or chargeback.

**License Restriction for BMC TrueSight Synthetic Monitor with Borland Silk Performer:** The BMC TrueSight Synthetic Monitor with Borland Silk Performer product may only be used with BMC performance management products and BMC application performance management products.

**Desktop/Mobile Management Product Restrictions for BMC Configuration Management Products:** Each “Desktop/Mobile Management” License is limited for use with one Client Endpoint. “Client Endpoint” means a laptop, desktop or other non-Server Computer.

- **Desktop/Mobile Patch Management Restriction:** A “Desktop/Mobile Patch Management” License may only be used to manage, deploy, update and inventory anti-virus software and security patches on one Client Endpoint.
- **Desktop/Mobile Patch Management Pack Restriction:** The Desktop/Mobile Application Management Product and the Desktop/Mobile Configuration Discovery Product that are shipped with the Desktop/Mobile Patch Management Pack License may only be used to manage, deploy, update and inventory anti-virus software and security patches on one Licensed Client Endpoint, unless Customer has separately licensed the...
Desktop/Mobile Application Management Product and the Desktop/Mobile Configuration Discovery Product. Customer may not use the functionality of any license for any other purpose.

- **BMC Configuration Management Desktop OS Management Restriction**: A "BMC CM Desktop OS Management" License may only be used to manage operating system migration activities on one Client Endpoint. Each BMC CM Desktop OS Management License: (a) may only be used on a licensed Client Endpoint that is licensed for use with both a Desktop/Mobile Application Management License and a Desktop/Mobile Configuration Discovery License; and (b) may not be redeployed or harvested to a different Client Endpoint.

- **Extended Application Management Restriction**: An "Extranet Application Management" License may only be used on one Client Endpoint. The parties must mutually agree on the name of each Single Application and its primary function at the time of Order. Single Application is defined as a service for other Computers or users connected to it via the Internet, extranet, intranet, or other networked technologies.

- **Server Management Product Restrictions for BMC Configuration Management Products**: Each "Server Management License" is limited for use per machine, not per concurrent user. Each "Server Management License" may only be used by Administrators for the project for which it was licensed. An Administrator is defined as an employee with access to or the right to use the administrative components of the Product.

- **BMC Configuration Management Control Center Module Restriction for BMC Configuration Management Products**: Each "BMC CM Control Center License" may only be used by Administrators for the project for which it was licensed. An Administrator is defined as an employee with access to or the right to use the administrative components of the Product.

- **BMC Configuration Management Developers Kit Definition and Restriction for BMC Configuration Management Products**: A "BMC Developers Kit" license allows Customer to embed the "SDK Run Time Code" in an unmodified object code form, into a single software application developed by Customer to create an "SDK Client. " "SDK Run Time Code" means the unmodified object code files in the BMC CM Product that are designated as redistributable. "SDK Client" means a software technology with a principal purpose and functionality substantially different than that of the SDK Run Time Code and that uses only a BMC Desktop/Mobile Management Product, a BMC Device Management Product and/or a BMC Server Management Product, as applicable, to invoke the update functionality of the SDK Run Time Code. An SDK Client may only be used on, or distributed to, licensed Endpoints that are licensed separately by Customer, which licensed Endpoints may be within or outside of Customer’s organization. "Server Endpoint" means a laptop, desktop or other non-Server Computer. "Device Endpoint" means a personal digital assistant or similar computing device. "Endpoint" means a Client Endpoint, a Device Endpoint, a Server Endpoint, or Other Endpoint, as the case may be. "Other Endpoint" means a router, a switch, a hub, or other network device, peripheral or hardware instrument, as the case may be. "Server Endpoint" is any virtual or physical Computer that provides a service for other Computers or users connected to it via the Internet, extranet, intranet, or other networked technologies.

- **Device Management Product Restriction for BMC Configuration Management Products**: Each "Device Management License" is limited for use with one Client Endpoint. A "Device Management License" may only be used by Administrators for the project for which it was licensed. An Administrator is defined as an employee with access to or the right to use the administrative components of the Product.

- **Server Management Product Restrictions**: Each "Server Management License" is limited for use per CPU – Subcapacity.

  - **Server Patch Management Restriction**: A "Server Patch Management" License may only be used to manage, deploy, update and inventory anti-virus software and security patches per CPU – Subcapacity.

  - **Server Configuration Management Pack Restriction**: The Desktop/mobile Application Management Product and the Desktop/mobile Configuration Discovery Product that are shipped with the Server Patch Management License may only be used to manage, deploy, update and inventory anti-virus software and security patches licensed Server Endpoints, unless Customer has separately licensed the Desktop/mobile Application Management Product and the Desktop/mobile Configuration Discovery Product. Customer may not use the functionality of such Products for any other purpose. With respect to the above Server Management Licenses, Customer must comply with any restrictions designated at the time of Order on the maximum number of CPUs that may be included in each Server Endpoint. "Server Endpoint" is any virtual or physical Computer that provides a service for other Computers or users connected to it via the Internet, extranet, intranet, or other networked technologies.

- **CONTROL-M/Assist**: Control-M/Assist may only be used to interface with the third party scheduler and may not be used to schedule or manage batch processes outside of the cross-scheduler dependencies.

- **Control-M Self Service Mobile Integration Kit**: The Control-M Self Service Mobile Integration Kit is governed by the terms and conditions of the license agreement provided with the product.

- **BMC Database Automation – License Add-on**: Excludes the use of the BMC Database Automation agent for multiple operations. Once the agent is registered within the console and a job has been executed against the target, the Product license has been consumed.

- **BMC Decision Support – Database Automation (5 Viewer/Query Licenses)**: Excludes use of Report Authoring module which must be licensed separately.

- **BMC Decision Support – Network Automation (5 Viewer/Query Licenses)**: Excludes use of Report Authoring module which must be licensed separately.

- **BMC Decision Support – Server Automation (5 Viewer, 1 Query License)**: Excludes use of Report Authoring module which must be licensed separately.

- **BMC FootPrints Service Core 5 Named User BASE Software Package**: May be used with no more than three workspaces per instance and by no more than 15 named users.

- **BMC HR Case Management**: The license enables the customer to use up to 300 Named MyIT Self Service users for each BMC HR Case Management licensed named user and up to 750 Named MyIT Self Service users for each BMC HR Case Management licensed concurrent user.

- **BMC Identity Products**: Internal User: If a Product name includes the term "Internal User," that Product can only be used by Customer’s employees (full time and part time) and contractors whose information is being managed using the BMC IDM tools. Information on these users will typically be found in the HR database.

  External User: If a Product name includes the term "External User," that Product can only be used by Customer’s business partners and customers/ prospects whose information is being managed using the BMC IDM tools or Customer’s employees (full or part time) contractors who are licensed to use one or more of the following BMC Identity Management Tools: (1) BMC Identity User Administration (2) BMC Identity Password Management (3) BMC Identity Compliance Manager, provided the users have no more than 2 logons (access points) being managed by the IDM tools.

  Archive User: If a Product name includes the term "Archive User," that Product can only be used by users whose identity information is stored within the IDM system but is not being actively managed; the information could be stored for the purpose of audit/forensics etc.

  Developer User: If a Product name includes the term "Developer User," that Product can only be used by users who create or modify applications using the BMC Directory Management Studio.

- **License Allocation Restriction for BMC Remedy IT Service Management Suite Products**: Notwithstanding anything to the contrary in this Order or the Agreement, and when the Product is licensed (i) on the "per named user" Unit of Measurement, Customer may exchange 5 named user licenses of the Product for 2 licenses of the same Product with the Unit of Measurement of “per concurrent user” or (ii) on the "per concurrent user" Unit of Measurement. Customer may exchange 2 concurrent user licenses for 5 licenses of the same Product with the Unit of Measurement of “per named user”. Customer will not incur additional charges for such exchange of licenses so long as Customer does not exceed the Licensed Capacity of the Product granted to Customer, however, Customer must: (i) notify BMC in writing of its intent to exchange the Product Licenses and (ii) enter into a separate Order to reflect Customer’s new Licensed Capacity and the new Unit of Measurement.

- **License Allocation Restriction for BMC Remedy Service Management Products**: Notwithstanding anything to the contrary in this Order or the Agreement, and when the Product is licensed (i) on the "per named user" Unit of Measurement, Customer may exchange 3 named user licenses of the Product for 1 license of the same Product with the Unit of Measurement of “per concurrent user” or (ii) on the "per concurrent user" Unit of Measurement. Customer may exchange 1 concurrent user license for 3 licenses of the same Product with the Unit of Measurement of “per named user”. Customer will not incur additional charges for such exchange of licenses so long as Customer does not exceed the Licensed Capacity of the Product granted to Customer, however, Customer must: (i) notify BMC in writing of its intent to exchange the Product Licenses and (ii) enter into a separate Order to reflect Customer’s new Licensed Capacity and the new Unit of Measurement.

- **BMC Middleware Management - Performance and Availability and BMC Middleware Management - Transaction Monitoring Products**: If Customer is using Middleware Management version 6. 0 or lower, notwithstanding the Licensed Capacity the number of individual employees or contractors
of Customer to whom access to the Management Console is granted ("End Users") is limited to the lesser of (a) the Licensed Capacity of the Product if priced on a per named user Unit of Measurement, or (b) 250 End Users.

**BMC Middleware and Transaction Management Products**: If Customer is using BMC Middleware Management version 6.0 or lower, when licensed on the per CPU - Subcapacity or per MIPS Unit of Measurement, regardless of the Licensed Capacity, Customer is limited to ten (10) individual employees or contractors to whom access to the Management Console is granted ("End Users"). When licensed on the per named user Unit of Measurement, Customer is limited to the lesser of (a) the Licensed Capacity of the Product, or (b) 250 End Users.

**BMC Mobile Device Management Products**. For BMC Mobile Device Management (MDM) Products, any clickwrap agreement with AirWatch, LLC contained in the Products is void and of no effect. Customer’s use of these Products is governed by the Agreement.

**BMC Monitoring Only Products**: Customer is not entitled to use analytics as further specified in the Documentation.

**BMC myIT Suite**: Each named user shall be licensed for a maximum of three (3) Device Endpoints. "Device Endpoint" means a personal digital assistant or similar computing device. An additional user license is required for every 3 devices registered by a unique named user. For users who register a fourth device and for every multiple of 3 devices registered by a unique user, an additional license is consumed. When a device is unregistered and the total number of devices registered by a unique user falls below 4 or a multiple of 3 devices, a MyIT user license is released for reuse.

**BMC Real End User Experience Monitoring and Analytics - Licensed Add-on Product**: For synthetic transaction monitoring solutions, each instance of the execution server installed should be counted. For real end user transaction monitoring solutions, each instance of the watchdogpointed created should be counted.

**BMC Remedy Products**: Customer may not bypass or delay, in any way, the consumption of a concurrent or named user license to perform an activity that requires a user license (including, without limitation, submitting a ticket to a parallel form and then using workflow to perform the update without a license).

A Remedy instance is defined as a Remedy AR System server or server group sharing a common database. Concurrent user licenses are for use within one Remedy instance and may not be used in more than one instance. Named user licenses cannot be shared between multiple people.

A hot backup license is a replicate of the Remedy production licenses on one backup server. Customer may access that backup server only when the customer server on which the AR System is installed fails or in preparation of that backup server for such situation.

BMC Remedy Smart Reporting component is limited to use with Remedy platform based ITSM applications (both delivered by BMC as well as custom-developed solutions). It may not be used for reporting on non-ITSM applications.

**Development License Restriction for BMC Remedy Products**: If a Product name includes the term "Dev Lsn", Customer will restrict installation, access and use of such Product to a server dedicated to development and testing only, and will not allow any production or commercial activity on that server.

**Load Balanced System Restriction for BMC Remedy Products**: If Customer has multiple servers in a single logical environment pointing to a single AR System database instance, only one Instance of Remedy "per Instance" licenses is required for installation on these servers (except for the AR System, which must be licensed for each server).

**BMC Remedy and myIT Products**: Customer’s perpetual license in the BMC Remedy and/or BMC myIT Products does not include a perpetual license to the Google Maps service that is currently used for the map/location feature within BMC myIT and BMC Remedy with Smart IT. BMC Remedy with Smart IT is available for download with any license of BMC Remedy Products.

**BMC Remedy Service Management Suite**: The license enables the customer to use up to 100 Named myIT Base users for each BMC Remedy Service Management Suite licensed named user and up to 250 Named myIT Base users for each BMC Remedy ITSM Suite licensed concurrent user.

**BMC Remedy Service Desk Product**. The license enables the customer to use up to 100 Named myIT Base users for each BMC Remedy Service Desk licensed named user and up to 250 Named myIT Base users for each BMC Remedy Smarter Service Desk licensed concurrent user.

**BMC Remedy Service Optimization Package**: Each person can have only one user license type (named or concurrent). Each user can have one and only one type of concurrent user license: BMC Remedy Service Management Suite User license, BMC Remedy Service Desk User license or BMC Remedy Service Innovation User license.

**BMC Server Automation - Compliance License Add-on**: Excludes use of BMC BladeLogic agent for server configuration, patching, and provisioning tasks.

**BMC Server Automation - Configuration License Add-on**: Excludes use of BMC BladeLogic agent for the application packaging and deployment of internally built, proprietary, or custom-developed code.

**BMC Server Automation - Patch License Add-on**: Excludes use of BMC BladeLogic agent for server compliance, remediation, and provisioning tasks.

**BMC Server Automation - Provisioning License Add-on**: Excludes use of BMC BladeLogic agent for server compliance, remediation, and provisioning tasks.

**BMC Service Desk Express Products**: No terms in any Business Objects or Crystal license agreement embedded in the Product apply to the Product. Customer may own and operate 2 additional copies of the Product solely for internal pre-production configuration and testing purposes.

**BMC Service Desk Express Suite Restriction for BMC Service Desk Express Products**: When purchasing Concurrent User licenses for the "Service Desk Express" Product, regardless of the number of such licenses purchased and regardless of the number of purchases made (including future purchases), Customer is restricted via license keys to a total of (i) five Concurrent Users conducting a process in the report environment of the Crystal Reports "Web Server" product which is embedded in the "Service Desk Express" Product and (ii) two named users accessing the "Crystal Reports Professional" product which is bundled with the "Service Desk Express" Product.

**Products Installed on Customer’s Amazon Web Services ("AWS") Cloud Environment**: In instances where Customer hosts the Product on Customer’s AWS cloud environment, Customer is responsible for working with AWS to ensure the security of its overall AWS cloud environment and the Product.

**Amazon Machine Image ("AMI")**: An Amazon Machine Image ("AMI") is a special type of pre-configured operating system and virtual application software which is used to create a virtual machine within the Amazon Elastic Compute Cloud ("EC2"). An AMI serves as the basic unit of deployment for services delivered using EC2. In instances where BMC provides Customer with an AMI of a Product to be used on Customer’s AWS cloud environment, Customer is responsible for the security of the Product’s operation and any potential vulnerabilities in a Product AMI’s preconfigured OS stack, Application stack, and/or OS configuration.

**BMC Subsystem Optimizer for IMS Restriction**: The BMC Application Restart Control for IMS product and the MainView Batch Optimizer product that are shipped with the BMC Subsystem Optimizer for IMS (Subzero for IMS) License may only be used to manage, update and access IMS data as part of a Subzero for IMS implementation, unless Customer has separately licensed the BMC Application Restart Control for IMS product and the MainView Batch Optimizer product. Customer may not use the functionality of such Products for any other purpose.

**BMC Subsystem Optimizer for DB2 Restriction**: The BMC Application Restart Control for DB2 product and the MainView Batch Optimizer product that are shipped with the BMC Subsystem Optimizer for DB2 (Subzero for DB2) License may only be used to manage, update and access DB2 data as part of a Subzero for DB2 implementation, unless Customer has separately licensed the BMC Application Restart Control for DB2 product and the MainView Batch Optimizer product. Customer may not use the functionality of such Products for any other purpose.

**c. UNITS OF MEASUREMENT**: The following units of measurement apply to certain Products.

**per adapter**: A license is required for each installation of an adapter that interfaces with the Product.

**per client**: A license is required for each unit of software with the official name of Remote Sys Call Daemon or RSCD Agent that can be deployed on a physical or virtual operating system.

**per application**: A license is required for all unique collection of application component templates and configuration objects used to form a single logical platform defined by the Customer.

**GS-3SF-0511T**
Page 160
per asset: A license is required for every physical or logical Server Endpoint, Client Endpoint, Device Endpoint, Data Center Rack, Data Center IP Sensor, or Group using BMC's standard Computer classification.

per client: A license is required for each Client Endpoint. ‘Client Endpoint’ means a laptop, desktop, or other non-Server Computer.

per concurrent access license: A license is required for the maximum number of simultaneous sessions accessing the Product. Sessions are counted in groups of 5.

per concurrent session: A license is required for the maximum number of simultaneous sessions accessing the Product.

per CPU – Full Capacity: A license is required for the total number of active, physical CPUs in each Computer upon which the Product is installed or which the Product is managing, regardless of whether the CPU is virtual or physical. CPU means a physical processor or central unit in a designated Computer containing the logic circuitry that performs the instructions of a Computer's programs and refers to the “socket” which can contain one or more processor cores.

per CPU – Subcapacity: A license is required for all active, physical CPUs which the Product manages, either remotely or locally. ‘CPU’ means a physical processor or central unit in a designated Computer containing the logic circuitry that performs the instructions of a Computer's programs and refers to the ‘socket’ which can contain one or more processor cores.

per database: A license is required for the total allocated database space per host ID or physical Computer which the Product is managing. The total allocated database capacity cannot be segregated or aggregated into lower or higher ranges.

per deployed robot: A license is required for all PATROL End-to-End Response Timer robots deployed.

per Device Endpoint: A license is required for each Device Endpoint. ‘Device Endpoint’ means a personal digital assistant or similar computing device.

per engine: A license is required for each mainframe general purpose engine on the server upon which the Product is installed and/or managed regardless of whether the engine is virtual or physical. Engine means a virtual or physical device managed by the Product.

per enterprise: A license is required per Customer and per Client each, regardless of the number of times Customer installs the Product in its Enterprise or its Client’s Enterprise. ‘Client’ means a third party whose data is processed by Customer and is only permitted if Customer is an authorized BMC service provider.

per instance: A license is required for the total allocated database space of all Computers on which the Product has been installed or operated.

per gigabyte range: A license is required for the total allocated database space per host ID or physical Computer which the Product is managing. The Product may not be moved to another Computer unless the current Computer is taken out of service. The total allocated database capacity cannot be segregated or aggregated into lower or higher ranges among different Computers. For example: if Customer licenses 26-50 gigabytes, the Customer is only licensed for a maximum of 50 gigabytes in total across all the databases of the licensed Product on one particular Computer.

per installation: A license is required for each Server managed by the Product or one of its components whether locally or remotely. ‘Server’ means a virtual or physical Computer that provides a service for other Computers or users connected to it via the Internet, extranet, intranet, or other networked technologies. For purposes of clarity, a Server Endpoint includes containers.

per licensed asset – device license: A license is required for every Device Endpoint that is monitored, managed, or discovered by the Product(s). 'Device Endpoint' can be any virtual or physical Non-Server Client Computer (e.g. laptop, desktop computer, PDA, smart phone); any Network device (e.g. router, switch, hub) standalone or chassis-based device/card/processor using a unique IP-address (also includes virtual network devices managed through the IP address of its physical host); and independent Storage (e.g. a disk array, a fiber switch, a tape library, a switch director). When applicable, the license must be computed at the appropriate tier level. For example, a license is required for every physical or logical Server Endpoint, Client Endpoint, Device Endpoint, Data Center Rack, Data Center IP Sensor, or Group using BMC's standard Computer classification.

per managed asset – device license: A license is required for each Server Endpoint that is managed, including all Computers coupled in a parallel Sisplex environment, upon which the Product is installed, or which is monitored or managed by the Product. MIPS Rating is the aggregate computing power (expressed in millions of instructions per second) of a Computer, using the MIPS rating set forth in the then current Gartner Group Rating Guide. Computer-specific passwords will be issued for the Product.

per monitored element: A license is required for all remotely monitored elements, such as a Server, database, operating system, URL, firewall, storage, or network device.

per monitored server: A license is required for each Server Endpoint (with a Classification at the appropriate Level, if applicable) which the Product or one of its components is monitoring regardless of whether the Product is monitoring it locally or remotely.

per named user: A license (with a Classification at the appropriate Level, if applicable) is required for each individual employee or contractor of Customer. When user-based interaction is required, a license is required for all individuals for whom access has been granted to the Product on a computer or multiple computers typically via the issuance of a unique ID regardless of whether the individual is actively using the Product at any given time.

per node: A license is required for every Node which the Product manages and/or monitors. ‘Node’ means a laptop, desktop, mobile device or any virtual or physical Computer that provides a service for other Computers or users connected to it via the Internet, extranet, intranet, or other networked technologies.

per port: A license is required for each port. A port is defined as a physical connection point used by a storage device to connect other devices or systems. For the purpose of BMC licensing, all active ports (Fibre Channel, iSCSI, etc.) for all managed devices (storage arrays, filers, tape libraries, etc.) are counted. Ports on hosts, gateways and switches are not to be counted.

per port exceeded: A license is required for each unique port/operating system project, facility or business unit, as the case may be specified at the time of order.

per Protocol: A license is required for each Protocol. ‘Protocol’ means a physical or logical service or protocol.

per Server Endpoint: A license is required for each Server Endpoint. ‘Server Endpoint’ is any virtual or physical Computer which provides a service for other Computers or users connected to it via the Internet, extranet, intranet, or other networked technologies.

per Service Management MIPS: A license is required for the total aggregate number of MIPS for each Computer, including all Computers coupled in a parallel Sisplex environment, upon which the Product is installed, managed or monitored. MIPS Rating is the aggregate computing power (expressed in millions of instructions per second) of the Product's installation on or management of Integrated Facility for Linux (IFL) engines. ‘Network Device’ means a stand-alone or chassis-based network device/card/processor.

per site: A license is required for the physical site at which the Product is installed regardless of the number of times the Product is installed.

per task: For all Control-M Products, except those that run exclusively in the Mainframe environment, a license is required for the maximum number of tasks (as defined below) present in the Control-M ‘Active Jobs’ database in any 24-hour period, regardless of whether the Tasks execute or not. For the Control-M Products that run exclusively in the Mainframe environment, a license is required for the maximum number of Tasks (as defined below)
present in solely the Mainframe environment’s Control-M “Active Jobs” database. Tasks in the Control-M “Active Jobs” databases include all Tasks in all Distributed Systems and/or Mainframe environments in any 24-hour period (including but not limited to development, staging, QA, pre-production, production, and test environments), except that, (i) SMART folders/table and sub-folders/tables which contain scheduling definitions and are listed as tasks in the “Active Jobs” databases are not counted as Tasks, (ii) Tasks that have time zone settings may remain in the “Active Jobs” databases for up to three consecutive days, but are only counted as one Task, (iii) A Task that runs more than once during the day (with the same Order ID) is counted as one Task – this includes Tasks that are rerun and cyclic Tasks, and (iv) Tasks that are provided for by licenses under alternative Units of Measurement (i.e. tier or MIPS) are not considered Tasks under this “per task” unit of measurement. The number of steps or scripts executed within the named Task shall have no bearing upon the number of Tasks licensed. “Task” is interchangeable with “job” and means an executable command containing the name of the JCL, CL, DCL, ECL, script or dummy processes that is scheduled to execute, as well as the scheduling criteria, flow control, and resource usage.

**per third-party software:** A license is required for the total aggregate storage capacity in the Enterprise.

**Attachment A (Continued) - Amendment to the BMC End User License Agreement For US Federal End Users**

This Amendment to End User License Agreement for All BMC Software License Agreements (“Amendment”) is between BMC Software Incorporated (“BMC”), and the End User. In consideration of the mutual promises and covenants contained in this Amendment, the parties agree as follows:

This Agreement agreed to by both parties, applies to any agency or organization (“Ordering Activity”) that places an order under this Agreement. This Amendment together with the End User License Agreement for the applicable BMC Software (such license generally referred to herein as the “License Agreement”), governs the Ordering Activity’s installation and use of such BMC Software. This Amendment only applies to the License Agreements for those BMC Software products sold under this Agreement. Unless expressly stated to the contrary herein, all capitalized terms in this Amendment shall have the meanin

a. Pursuant to Section 12.212 of the Federal Acquisition Regulations (“FAR’”). BMC and GSA agree that the modifications to the License Agreements are appropriate to ensure compliance with federal laws and to meet the U.S. Government’s needs. Accordingly the License Agreement is hereby modified by this Amendment as it pertains to use of BMC’s software by any Ordering Activity pursuant to a task order placed under the GSA Contract.

b. This Amendment only applies to Ordering Activities of the U.S. Government (including agencies and departments from the Executive Branch, the Congress, or the Military) and independent federal agencies that are authorized to purchase IT Schedule 70 goods and services under the GSA Contract. This Amendment shall not apply to prime contractors, state/local government entities, or other entities authorized to make purchases under the GSA contract. In addition, this Amendment shall apply to the Ordering Activity itself, shall only apply to the installation and use of the BMC Software for official government business only on behalf of the Ordering Activity, and shall not apply to any individual who utilizes the BMC Software Products for his or her personal use or for a use.

c. Installation and use of the software shall be in accordance with the License Agreement, unless an Ordering Activity determines that it requires different terms of use and BMC agrees in writing to such terms in a valid task order placed pursuant to the GSA Contract.

1. **Scope:** Any provisions restricting additions or modifications to the License Agreement are hereby superseded by this Amendment to the extent they would preclude this Amendment or any valid task orders placed under the GSA Contract. To the extent the License Agreement conflicts with this Amendment or any relevant task orders, the conflict shall be resolved according to the following order of precedence: (1) Federal law, (2) the FAR, (3) terms of the Schedule Contract, (4) this Amendment, (5) any other amendment that BMC and the Ordering Activity may separately enter into to vary the terms of the License Agreement to accommodate unique license terms under a Task Order, and (6) the License Agreement. This Amendment may only be modified upon written consent of both parties.

2. **Contacting Authority:** Pursuant to FAR 1.601(a) and 43.102, all provisions in the License Agreement which would allow any individual, except for an authorized contracting officer, to bind the U.S. Government to the terms of the License Agreement or any modifications thereto are hereby deleted. Such provisions include the ability of the software manufacturer to unilaterally modify the terms of the License Agreement and any requirement to accept terms by use of means, download, or click-through agreements. Notwithstanding the foregoing, GSA and Ordering Activity expressly agree that when an authorized contracting officer of the Ordering Activity places a task order for the BMC Software pursuant to the GSA Contract, all terms of the License Agreement in the effect at the time the product was added to the GSA Contract shall be legally binding on Ordering Activity and shall be given full and legal effect. In the event that Ordering Activity receives BMC Software through a task order that is not authorized by the Ordering Activity’s authorized contracting officer or Ordering Activity fails to acknowledge in writing to BMC Software that the License Agreement is binding on Ordering Activity, Ordering Activity shall not be deemed to have any license to the BMC Software and BMC reserves all rights, remedies, and enforcement actions and venues available to BMC under state and federal law, including but not limited to all intellectual property laws without regard to the Dispute Resolution Process or Governing Law provisions of this Amendment.

3. **Remedies:** Pursuant to 28 U.S.C.§ 1498, any provisions of the License Agreement providing for equitable remedies against the U.S. Government, including an injunction, in the event of a dispute concerning patent or copyright infringement are hereby deleted (subject to the third sentence of this Section 3). Any provisions of the License Agreement which would preclude continued performance of the contract during resolution of any disputes are hereby deleted, including any provisions requiring the U.S. Government to agree that an injunction is appropriate in the event of a breach of the License Agreement (subject to the third sentence of this Section 3). Notwithstanding the foregoing, any License Agreement clause providing for equitable remedies against the U.S. Government, including an injunction, in the event of a dispute concerning patent or copyright infringement or any other breach of the License Agreement shall continue to apply if an equitable remedy is available under United States Federal Law. If the Ordering Activity breaches one of the following (a) reverse engineers, decompiles, disassembles, or otherwise attempts to discover the source code of the software, (b) unbundles the constituent component parts of the software, or (c) provides use of the software in a computer service business, third party outsourcing facility or service, service bureau arrangement, or time sharing basis, BMC may terminate the License Agreement; however prior to terminating this License Agreement, BMC shall infor

4. **Payments and Deliveries:** Pursuant to the Anti-Deficiency Act, 31 U.S.C. § 1341(a)(1)(B), the U.S. Government does not agree to commit to pay any future maintenance or support costs or fees under the License Agreement or this Amendment. Any provisions of the License Agreement providing for automatic renewal absent some action by the U.S. Government are hereby deleted.

5. **Public Access to Information:** BMC agrees that this License Agreement and Amendment contain no confidential or proprietary information and acknowledges and the License Agreement and this Amendment will be available to the public, provided however, that GSA and BMC agree that other items identified in the License Agreement (such as, without limitation, source code and other technical data) provided to the Ordering Activity is confidential and proprietary information and shall not be disclosed.

GS-3SF-0511T  https://www.iminxgroup.com/contract-vehicles/fga/t-70/0511T/  Page 162
Advertisements and Endorsements: Any provisions allowing BMC to use the name or logo of GSA or any Ordering Activity to advertise or to imply an endorsement of BMC’s products or services are hereby deleted. Unless specifically authorized by an Ordering Activity, such use of the name or logo any U.S. Government entity is prohibited.

6. DISCLAIMER OF DAMAGES; LIMITS ON LIABILITY: Any limitation of liability in the License Agreement is hereby deleted and the following provisions shall apply:

Neither BMC nor an Ordering Activity shall be liable for any indirect, incidental, special, or consequential damages, or any loss of profits, revenue, data, or data use. Further, neither BMC nor an Ordering Activity shall be liable for punitive damages except to the extent this limitation is prohibited by applicable law. This clause shall not impair the U.S. Government’s right to recover for fraud or crimes arising out of or related to this Contract under federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733.

Dispute Resolution and Venue: Any provisions in the License Agreement requiring the U.S. Government to follow a specific procedure to raise claims or to resolve disputes are hereby deleted. Any provisions in the License Agreement selecting a particular judicial forum or form of alternative dispute resolution for resolving claims relating to the License Agreement are hereby deleted. Any disputes relating to the License Agreement and to this Amendment shall be resolved in accordance with FAR and the Contract Disputes Act 41 U.S.C. §§ 601-613, GSA and Ordering Activity expressly acknowledge that BMC shall have standing to bring such claim under the Contract Disputes Act.

7. Termination: Termination of the License Agreement and this Amendment shall be governed by the FAR and the Contracts Disputes Act, 41 U.S.C. §§ 601-613, and any provisions of the License Agreement relating to termination are hereby deleted, including any provision permitting BMC to unilaterally terminate the License Agreement subject the following exceptions:

a. BMC is entitled to cancel or terminate the License Agreement if such remedy is granted to it after conclusion of the Contract Disputes Act dispute resolution processed in Section 6 above or if such remedy is otherwise available to BMC under United States federal law.

b. BMC is entitled to cancel or terminate the License Agreement if one of the events identified in Section 3 above apply.

8. Audit: Any provision in the License Agreement permitting BMC to audit, inspect, or monitor use of the software for compliance with the License Agreement shall be binding on Ordering Activity but is contingent upon reasonable notice to the Ordering Activity and adherence to reasonable security measures the Ordering Activity deems reasonably appropriate, including any requirements for personnel to be cleared prior to accessing sensitive facilities if clearances are required.

9. Governing Law: The License Agreement and this Amendment shall be governed by the laws of the United States, unless there is no applicable law of the United States which would apply, in which case the laws of the State of Texas shall apply. Any provisions in the License Agreement stating that the License Agreement shall only be governed by the law of any particular U.S. State or U.S. Territory or district, or foreign nation, is hereby deleted.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. Scope. This Rider and the attached Brandes Associates, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. Applicability. Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions shall be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3301 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1408 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) Contracting Parties. The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.21, as may be revised from time to time.

b) Changes to Work and Delays. Subject to GSAAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) Contract Formation. Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) Termination. Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) Choice of Law. Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) Equitable remedies. Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) Unilateral Termination. Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) Unreasonable Delay. Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) Assignment. All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) Waiver of Jury Trial. Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) Government Indemnities. This is an obligation in advance in an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) Contractor Indemnities. All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) renewals. All manufacturer specific terms that provide for automatic renewals violate the anti-deficiency act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the gsa customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a government contract, and not when the clause is triggered.

n) future fees or penalties. All manufacturer specific terms that require the government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the prompt payment act (31 U.S.C. § 3901 et seq.) or equal access to justice act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the gsa customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) third party terms. When the end user is an instrumentality of the u.s., no license terms bind the gsa customer unless included verbatim (not by reference) in the eula, and the eula is made an attachment to the underlying gsa schedule contract. all terms and conditions affecting the gsa customer must be contained in a writing signed by a duly warranted contracting officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All manufacturer specific terms that incorporate third party terms by reference are hereby superseded.

q) dispute resolution and standing. Any disputes relating to the manufacturer specific terms or to this rider shall be resolved in accordance with the far, the underlying gsa schedule contract, any applicable gsa customer purchase orders, and the contract disputes act. The ordering activity expressly acknowledges that EC America as contractor, on behalf of the manufacturer, shall have standing to bring such claim under the contract disputes act.

r) advertisements and endorsements. Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All manufacturer specific terms that allow the contractor to use the name or logo of a Government entity are hereby superseded.

s) public access to information. EC America agrees that the attached manufacturer specific terms and this rider contain no confidential or proprietary information and acknowledges the rider shall be available to the public.

1) confidentiality. Any provisions in the attached manufacturer specific terms that require the ordering activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the manufacturer’s specific terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the manufacturer’s specific terms or the Schedule Contract to the contrary, the gsa customer may retain such confidential information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained confidential information will continue to be subject to the confidentiality obligations of this Rider, the manufacturer’s specific terms and the Schedule Contract.

u) Alternate Dispute Resolution. The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c), GSA has not issued any because it co...

v) ownership of derivative works. Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the gsa customer shall receive unlimited rights to use such derivative works at no further cost.

3. order of precedence/conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable gsa customer purchase order, the terms of the gsa schedule contract or any specific, negotiated terms on the gsa customer purchase order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS
BRANDES ASSOCIATES, INC.

BRANDES ASSOCIATES, INC. LICENSE, WARRANTY AND SUPPORT TERMS

1. DEFINITIONS.

1.1 AET is an operating Division of Brandes Associates, Inc., a California Corporation.

1.2 “Affiliate” means, for either Party, any entity which directly or indirectly controls, is controlled by, or is under common control with that Party, where “control” means the power to direct the management and policies of an entity, whether through majority ownership of voting securities, by contract, or otherwise.

1.3 “Authorized User” will have the meaning set forth in Section 6.3.

1.4 “Confidential Information” means any material or information relating to a Party’s research, development, products, product plans, services, licensees, licensee lists, markets, software, developments, inventions, processes, formulas, technologies, designs, drawings, marketing, finances, or other business information or trade secrets that such disclosing Party treats as proprietary or confidential. Without limiting the foregoing, the Licensed Software and any other software or databases (including any data models, structures, non-Licensee specific data and aggregated statistical data contained therein) of AET will constitute Confidential Information of AET.

1.5 “Cover Page” means AET standard form of cover page to which these Master Terms are attached.

1.6 “Delivery Date” has the meaning set forth in Section 8.1.

1.7 “Demonstration Version” means a version of the Licensed Software, so identified, to be used only to review, demonstrate and evaluate the Licensed Software for a limited time period.

1.8 “Documentation” means the user documentation related to the use and operation of the Licensed Software, but only to the extent that AET, in its sole discretion, makes such documentation generally available for commercial distribution. All Documentation will be provided in English.

1.9 “Licensed Software” or “Software” will mean the object code version of any AET software, including any third-party code contained therein, and related documents. JavaScript in the channel transformers is also considered object code for the purposes of this paragraph.

1.10 “Marks” means the trade names, trade dress, trademarks, service marks, commercial symbols, domain names, brands, designs, logos and/or any other marks used by AET to denote AET as the source of its products and services.

1.11 Reserved.

1.12 “Pre-commercial Release or Beta Version” means test copies of the software, so identified, released prior to the fully tested version ready for commercial use.

1.13 “Services Agreement” means any addendum to this Agreement, if any, and may include, without limitation, an Order, AET standard form of Maintenance and Support Services Agreement, and/or Professional Services Agreement.

2. GENERAL.

These Master Terms, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), contain the general terms and conditions governing the general legal relationship between AET and Operating Activity relating to the mutual covenants and obligations of the Parties set forth in the attached. AET provision of licenses to its proprietary software and the provision of services related to such licenses are subject to the terms and conditions contained in this Agreement. However, Ordering Activity acknowledges and understands that these Master Terms do not, absent fee payment of any applicable fees described herein impose any obligation upon AET to provide any such licenses or services other than those set forth in these Master Terms.

3. LICENSE.

Subject to the terms and conditions of this Agreement, the underlying GSA schedule contract, schedule pricelist and compliance with the terms and conditions of the applicable order, AET hereby grants Ordering Activity a limited, non-exclusive, worldwide, non-transferable, license (for so long as Ordering Activity is in compliance with the terms of this Agreement, including, without limitation, the order) to use for internal business purposes the executable code version of the Licensed Software, provided any copy of the Licensed Software must contain all of the original proprietary notices, in accordance with the terms and conditions contained herein. Ordering Activity may not modify the Licensed Software or disable any licensing or control features of the Licensed Software. Subject to the terms and conditions of this Agreement, the underlying GSA schedule contract, schedule pricelist and applicable order AET hereby grants to Ordering Activity a non-exclusive, non-transferable, non-sublicenseable right and license during the term of this Agreement to make copies of the Documentation provided by AET, solely for Ordering Activity’s internal use in connection with the exercise of rights granted in Section 3. Ordering Activity acknowledges that no right is granted to modify, adapt, translate, publicly display, publish, create derivative works or distribute the Documentation.

4. ADDITIONAL LICENSE PROVISIONS

4.1 General Restrictions. Except as otherwise expressly provided in this Agreement, Ordering Activity will not copy, modify, create derivative works of, or translate the Licensed Software, in whole or in part, nor resell, license, lend, grant a security interest in, or distribute the Licensed Software to third parties.

4.2 Reverse Engineering. No license is given to Ordering Activity for the source code to the Licensed Software. Ordering Activity agrees that it, directly or indirectly, will not reverse engineer, decompile, modify, or prepare derivative works of the Licensed Software.

4.3 Authorized Use. Subject to the terms and conditions of this Agreement, the underlying GSA schedule contract, schedule pricelist and applicable order, AET hereby grants, and Ordering Activity accepts, the right and license to install and use the Licensed Software on one computer. Such installation is called an “instance”. Ordering Activity acknowledges and agrees that, as between Ordering Activity and AET, Ordering Activity will be responsible for all acts and omissions of its Users, and any act or omission by an Authorized User, which, if undertaken by Ordering Activity, would constitute a breach of this Agreement.

4.4 Sublicenses. Without the prior written consent of AET, Ordering Activity will not sublicense or permit the sublicense of any of the rights granted to Ordering Activity by AET in this Agreement.

GS-35F-0511T  https://www.immixgroup.com/contract-vehicles/gsa/lt-70/0511T/  Page 166
During the term of this Support Agreement, the maintenance and support services (“Maintenance and Support Services”) to be provided by AET in its sole discretion from time to time.

The Contact will be a member of Ordering Activity’s technical staff designated to carry out all contacts with AET pursuant to this Support Agreement.

This Support Agreement applies only to the software product (“AET Software”), which has been licensed by AET to Ordering Activity pursuant to the License Agreement and incorporated by reference herein.

AET MAINTENANCE AND SUPPORT SERVICES AGREEMENT STANDARD TERMS AND CONDITIONS

1: PRODUCT:
This Support Agreement applies only to the software product (“AET Software”), which has been licensed by AET to Ordering Activity pursuant to the Master License and Services Agreement (the “License Agreement”).

2: ORDERING ACTIVITY CONTACTS
2.1. The address for Ordering Activity and Ordering Activity’s “Contact” person are provided by Ordering Activity to AET at the time of entering into the License Agreement and incorporated by reference herein. The Contact will be a member of Ordering Activity’s technical staff designated to carry out all contacts with AET pursuant to this Support Agreement.

3: RESERVED

4: MAINTENANCE AND SUPPORT SERVICES
During the term of this Support Agreement, the maintenance and support services (“Maintenance and Support Services”) to be provided to Ordering Activity under this Support Agreement are:

4.1. Incident Reporting. AET will have technical support personnel available as specified herein. Ordering Activity will receive an initial response to inquiries as specified herein. An “Incident” is a failure of the AET Software to conform in all material respects to its functional specifications as then published by AET, provided that a reported Incident will not be deemed to be an Incident unless: (i) AET is able to reproduce it under the same or similar conditions with reasonable effort on a supported platform; (ii) it does not result from misuse or improper use of the AET Software by Ordering Activity; and (iii) the AET Software has not been modified.

4.2. Error Correction. AET will use commercially reasonable efforts to create Error Corrections as specified herein. An “Error Correction” is defined as a software modification or addition, which when made or added to the AET Software or its documentation establishes material conformity of the AET Software with its functional specifications. Error Corrections include, without limitation, changes in the documentation, procedures or routines that when used in the regular operation of the AET Software eliminates the practical adverse effect on Ordering Activity of the nonconformity.

4.3. Enhancements. An “Enhancement” is defined as extensions and other changes that are logical improvements to the AET Software and that AET makes generally available to Ordering Activities receiving Maintenance and Support Services. Each Enhancement will include any Error Corrections issued since the previous Enhancement. Enhancements do not include (i) new software products that are generally made available as a separate, price-listed option or additions to the AET Software or upgrades to new platforms or (ii) custom program modifications or requests for new functionality that are not made generally available to Ordering Activities receiving Maintenance and Support Services. AET will notify the Contact by e-mail when any Enhancements to the AET Software are made available to customers receiving Maintenance and Support Services. On request, AET will ship or FTP one copy of the Enhancement to the Contact at no additional cost, provided however, that AET reserves the right to require instead that the Contact download any or all Enhancements from AET's designated website.

4.5. Technical Support. During the term of this Support Agreement, AET will provide Ordering Activity with support to provide assistance with technical issues relating to the installation, operation and functionality of the AET Software as specified within. This support specifically, but without limitations, does not include assistance with Ordering Activity’s input errors, issues related to any training content of the AET Software, issues related to Ordering Activity’s hardware, or other problems related to deployment of the AET Software in conjunction with other software or operating systems.

5: LIMITATION ON MAINTENANCE AND SUPPORT SERVICES

5.1. AET is obligated to provide Maintenance and Support Services only with respect to Releases (as defined below) as specified herein. AET may refuse to provide Maintenance and Support Services if Ordering Activity fails to install all Error Corrections or Enhancements within sixty (60) days of receipt of the Error Correction or Enhancement.

5.2. AET will have no obligation to provide any Maintenance and Support Services with respect to AET Software modified by Ordering Activity.

5.3. This Support Agreement, specifically but without limitation, does not obligate AET to provide: (i) project management; (ii) personnel management; (iii) application design or development; (iv) performance of Maintenance and Support Services on-site; (v) consulting, training or other support services relating to software other than the AET Software; (vi) support or maintenance services relating to any hardware or peripheral devices; (vii) recreation or recovery of data lost for any reason whatsoever; (viii) performance of the generalized duties of a software developer engaged to create miscellaneous software applications at Ordering Activity’s discretion; or (ix) delivery of improvements to AET Software requested by Ordering Activity prepared on a customized basis for Ordering Activity.

6: RELEASES AND OWNERSHIP

6.1 All rights, titles and interests in and to any programs, systems, data or materials used or produced by AET in the performance of Maintenance and Support Services, including but not limited to, Error Corrections, Enhancements or other releases (“Releases”), will remain the sole property of AET. All Releases received by Ordering Activity from AET will become part of the AET Software and will be governed by the terms of the License Agreement. AET reserves the right to define the addition of new functionality or other elements as a new product and not a Release. AET is under no obligation to develop new Releases. All Releases, including all copyright interests and intellectual property, will remain the sole property of AET regardless of whether Ordering Activity or its employees or contractors will have contributed to the conception or the Release, joined in the effort of its development or paid AET for creation of it.

7: LIMITATION OF WARRANTY

7.1 AET warrants that the MAINTENANCE AND SUPPORT SERVICES will, for a period of sixty (60) days from the date of your receipt, perform substantially in accordance with MAINTENANCE AND SUPPORT SERVICES written materials accompanying it, EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, AET MAKES AND ORDERING ACTIVITY RECEIVES, NO WARRANTY, EXPRESS OR IMPLIED, CONCERNING THE MAINTENANCE AND SUPPORT SERVICES TO BE RENDERED OR THE RELEASES TO BE RECEIVED HEREUNDER, AND ALL SUCH WARRANTIES, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NONINFRINGEMENT ARE EXPRESSLY EXCLUDED; ALL RELEASES ARE PROVIDED “AS IS.” AET DOES NOT WARRANT THAT THE MAINTENANCE AND SUPPORT SERVICES HEREUNDER WILL MEET THE NEEDS OF ORDERING ACTIVITY OR PERMIT THE AET PROGRAMS TO OPERATE WITHOUT PROBLEMS, ERRORS OR INTERRUPTIONS.

8: RESERVED

APPENDIX A: AET SERVICE LEVEL DESCRIPTION

Terminology and Definitions

Response Time: Response time is defined, as the time required for the assigned AET support person to call the initiator of the Incident and begin work on the recorded Incident.

Resolution Time: AET will use its best efforts to provide a workaround or fix once the Incident has been reproduced by AET or a AET Software defect has been identified. The time required to accomplish this is defined as Resolution Time.

Incident Class: Incident classes are identified below:

Level 1: The AET Software is down or severely impacted, or Ordering Activity’s data is lost or destroyed.
No reasonable workaround is currently available (for example, system crashes or panics, or corrupted data).

Level 2: The AET Software is moderately affected. No workaround is currently available or the workaround is unreasonably cumbersome to use.

Level 3: The issue with the AET Software is not critical and the issue does not hinder normal operation, or a reasonable workaround is available. Level 3 also includes: general questions, comments or errors in documentation, which should be recorded but has no impact on daily work. Notwithstanding the foregoing, if an Incident is reported to AET via email, the Incident will be classified as Level 3.

Product Manager: AET's Product Manager will be the primary contact for Ordering Activity for new business requests and the facilitation of service support performance reviews. AET reserves the right to change the Manager at any time without notice.

Service Levels

AET standard support services program includes the following:

1. Standard Support Hours are Monday through Friday from 8:00 AM to 8:00 PM (EST), excluding holidays and weekends.
2. AET is available to open new support cases by telephone, email, or online helpdesk during the Standard Support Hours.
3. For the most current Releases of the AET Software, AET provides Error Correction or workarounds required for the AET Software to conform to functional specifications as defined in the “APPENDIX B: AET SOFTWARE LIFECYCLE AND SUPPORT” below.
4. AET provides new Releases and Enhancements for the AET Software covered under Ordering Activity’s maintenance agreement at no additional fee.
6. AET provides training for new features covered under Ordering Activity’s maintenance agreement for a fee at the Licensee’s Site or AET Site.

Response and Resolution Times

Incident Class Response Resolution
Level 1 2 hours

Upon confirmation of receipt, AET begins continuous work on the Incident, provided that a Ordering Activity resource must be available at any time to assist with problem determination. AET will use its best efforts to provide a workaround or fix within 48 hours, once the Incident has been reproduced by AET or a AET Software defect has been identified. AET may at its sole discretion incorporate any fix(es) in future release(s) of the AET Software.

Level 2 8 business hours

Upon confirmation of receipt, AET will use its best efforts to provide a workaround or fix within 7 business days, once the Incident has been reproduced by AET or a AET Software defect is identified. AET may at its sole discretion incorporate any fix(es) in future Release(s) of the AET Software.

Level 3 24 business hours

AET will use its best efforts to provide a workaround or fix within 10 business days, once the Incident has been reproduced by AET or a AET Software defect is identified. AET may at its sole discretion incorporate any fix(es) in future Release(s) of the AET Software.

Key Licensee Processes

Incident Reporting

All incidents related to support can be logged by contacting technical support.

Technical Support can be contacted via the following methods:
1. Phone 1-888-326-8048
2. Email support@syndeogateway.com

When contacting AET Technical Support via phone, email, or the online AET Helpdesk, a case is created with an associated priority. If a support case is created via the online helpdesk or over the telephone, customers may specify the case priority. If a case is created via email, the case priority will default to Level 3.

AET reserves the right to change the contact information described above at any time.

Escalation

If an incident is not resolved to Ordering Activity’s reasonable satisfaction, the Incident may be escalated. Incident issues are to be escalated first to Product Manager, secondly to the Software Development Manager, and finally to the CTO.

TECHNICAL SUPPORT ESCALATION LIST

1. Phone 1-888-326-8048
2. Email support@syndeogateway.com

First Level Escalation: Kenneth Taylor, Product Manager
Kenneth.Taylor@brandesassociates.com
AET reserves the right to change the contact information described above at any time.

New Business Introduction

To initiate a request for a new service or new product feature, please contact the Product Manager. The Product Manager will document the high-level requirements, develop a cost estimate for delivering the system functionality or service, and develop a timeline for system’s implementation.

APPENDIX B AET SOFTWARE LIFECYCLE AND SUPPORT

SOFTWARE RELEASE TERMINOLOGY

<table>
<thead>
<tr>
<th>Term</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Release Numbering</td>
<td>AET uses a three-place numbering system to designate Releases of software. The format is XX.YY.ZZZ, where X indicates a major release, Y indicates a minor release, and Z indicates a maintenance release. An example would be release 3.2.19. Often in referring to general product versions and releases, the maintenance release is omitted. For example, both 3.2.19 and 3.2.20 may sometimes be referred to as release 3.2.</td>
</tr>
<tr>
<td>Maintenance Release</td>
<td>For the purpose of this support policy, a maintenance release is considered part of the main release. For example, 3.2.19 is supported as part of the 3.2 release.</td>
</tr>
<tr>
<td>Current Release (GA)</td>
<td>The most recent General Availability (GA) major and minor release combination of AET software is commonly known as the ‘current release’.</td>
</tr>
<tr>
<td>GA-1 Release</td>
<td>The latest major/minor release combination to become generally available (GA) prior to the current release. For example, if the current release is 3.2, then GA-1 is 3.1.</td>
</tr>
<tr>
<td>GA-2 Release</td>
<td>The latest major/minor release combination to become generally available prior to the GA-1 release. Continuing the example above, if GA-1 is 3.1, then GA-2 is 3.0.</td>
</tr>
</tbody>
</table>
| Full Support          | Full support is provided to Ordering Activity based on the terms and conditions of the Maintenance and Support Agreement. This includes:  
                        | Error Corrections as defined in Section 4.2  
                        | Enhancements as defined in Section 4.3  
                        | Workarounds  
                        | Other modifications provided at no charge at AET sole discretion. |
| Limited Support       | As a Release enters limited support (as described below), the following guidelines apply:  
                        | New enhancements, error corrections, and/or workarounds will not be made to the Release. AET will direct customers to existing enhancements, error corrections and workarounds applicable to the reported case. AET may develop fixes for problems of high technical impact or business exposure for the customer at AET sole discretion. AET may direct customers to upgrade to a more current Release of the AET Software. |

No Support

Product Releases that are no longer supported will not have any Error Correction or Enhancements added. Ordering Activity must upgrade to at least a Full Support Release to bring the subscription current in order to receive support under this Maintenance Agreement.

AET SOFTWARE LIFECYCLE AND SUPPORT

AET provides the following support for various releases of software:
AET Software Release  Level of Support
Current Release (GA)  Full Support
GA-1, GA-2  Limited Support
Releases prior to GA-2  No Support

APPENDIX C: AET PROFESSIONAL SERVICES AGREEMENT

1. ADDITIONAL DEFINITIONS. Certain capitalized terms used in this Professional Services Agreement, not otherwise defined above, shall have the meanings set forth or cross-referenced below. Capitalized terms used in this Professional Services Agreement that are not otherwise defined in this Professional Services Agreement have the meaning set forth in the Master Terms.

1.1 “Professional Services” has the meaning set forth in Section 2.1.

1.2 “Statement of Work” has the meaning set forth in Section 2.2.

2. PROFESSIONAL SERVICES

2.1 Professional Services. The parties anticipate that Ordering Activity may desire to engage AET to perform certain services in connection with the licenses or access rights granted to Ordering Activity by AET under separate Exhibits to this Agreement, including, by way of example, installation, configuration and/or training services. Subject to the terms and conditions set forth in this Professional Services Agreement, the underlying GSA schedule contract, schedule pricelist and applicable order, AET shall use commercially reasonable efforts to perform the services as set forth in Statements of Work (as defined below) separately executed by the parties (the “Professional Services”). AET shall perform the Professional Services in a professional manner in accordance with industry standards.

2.2 Issuance of Statements of Work. Ordering Activity may request that AET perform services by requesting proposed Professional Services. AET shall prepare draft statements of work as an exhibit to this Professional Services Agreement (each, a “Statement of Work”). Such Statement(s) of Work shall describe the fees, costs, and expenses payable by Ordering Activity in connection with the performance of such services. Ordering Activity shall promptly notify AET of its acceptance or rejection of such Statement of Work. Until the acceptance in writing of the proposed Statement of Work, AET shall have no obligation to perform the proposed Professional Services, provided that this Professional Services Agreement shall remain in full force and effect in accordance with Section 4.

2.3 Modifications. Ordering Activity may at any time request a modification to the Professional Services to be performed pursuant to any particular Statement of Work by written request to AET specifying the desired modifications. AET shall, within a reasonable time following receipt of such request, submit an estimate of the cost for such modifications and a revised estimate of the time for performance of the Professional Services pursuant to the Statement of Work. If accepted in writing by Ordering Activity, such modifications in the Statement of Work shall be performed under the terms of this Professional Services Agreement. Modifications in any Statements of Work shall become effective only when a written change request is executed by authorized representatives of both parties.

3. PERSONNEL

3.1 Suitability. AET shall assign employees and subcontractors with qualifications suitable for the work described in the relevant Statement of Work. AET may replace or change employees and subcontractors in its sole discretion with other suitably qualified employees or subcontractors.

3.2 Ordering Activity Responsibilities. Subject to Government security requirements, Ordering Activity shall make available in a timely manner at no charge to AET all technical data, computer facilities, programs, files, documentation, test data, sample output, or other information and resources of Ordering Activity required by AET for the performance of the Professional Services. Ordering Activity shall be responsible for, and assumes the risk of, any problems resulting from, the content, accuracy, completeness and consistency of all such data, materials and information supplied by Ordering Activity. Ordering Activity shall provide, at no charge to AET, office space, services and equipment (such as copiers, fax machines and modems) as AET reasonably requires to perform the Professional Services.

3.3 Nonsolicitation. Ordering Activity acknowledges and agrees that the employees and consultants of AET who perform the Professional Services are a valuable asset to AET and are difficult to replace. Accordingly, Ordering Activity agrees that, for a period of one (1) year after the termination or expiration of this Professional Services Agreement, it shall not knowingly solicit for hire (whether as an employee, independent contractor or consultant) any AET employee or consultant who performs any of the Professional Services. Such prohibitions shall not apply to employees or consultants who answer public advertisements, or who apply for employment with Ordering Activity without any solicitation.

4. PROPRIETARY RIGHTS. Unless otherwise expressly agreed in any particular Statement of Work, except to the extent that the same constitutes or embodies Ordering Activity’s Confidential Information, ownership of all work product, developments, inventions, technology or materials provided under this Professional Services Agreement shall be solely owned by AET, subject to the usage rights granted to Ordering Activity under the relevant Statement of Work.

5. LIMITATION OF WARRANTIES AND LIABILITY. AET makes no representations or warranties under this Professional Services Agreement, and Ordering Activity acknowledges that this Professional Services Agreement is subject to all disclaimers and limitations or liability set forth in the Master Terms.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. Scope. This Rider and the attached BravoSolution ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS (70/0511T) contract number GS-35F-0511T (the "Schedule Contract"). Installation and user of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. Applicability. Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et. seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) Contracting Parties. The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) Changes to Work and Delays. Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) Contract Form. Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) Termination. Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) Choice of Law. Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) Equitable remedies. Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) Unilateral Termination. Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) Unreasonable Delay. Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) Assignment. All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) Waiver of Jury Trial. Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) Government Indemnities. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) Contractor Indemnities. All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) Renewals. All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA
Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

GENERAL TERMS AND CONDITIONS.

1. RESERVED.

2. PROPRIETARY RIGHTS.

2.1 Proprietary Rights. Contractor owns all right, title and interest (including but not limited to all copyrights, patents, trademarks, trade names and trade secrets and other proprietary rights) in and to the Licensed Software and Documentation, but excluding Content. Ordering Activity agrees to reproduce and not to remove the copyright, trademark and other proprietary notices contained on or in the Licensed Software and Documentation as delivered to Ordering Activity on all copies of such Licensed Software. Ordering Activity shall not take any action to jeopardize, limit or interfere with such ownership of and rights with respect to the Licensed Software and Documentation. Contractor reserves all rights not explicitly granted in the Agreement. Ordering Activity shall not sublicense, sell or otherwise transfer the Licensed Software without the express written permission of Contractor.

2.2 Ownership of Inventions. The parties do not anticipate that they will undertake any development work under this Agreement, and any such development work shall be the subject of a separate written agreement between the parties. Notwithstanding the foregoing, and except as expressly set forth in an applicable written agreement, Contractor owns all right, title and interest (including but not limited to all copyrights, patents, trademarks, trade names and trade secrets and other proprietary rights) in and to all Inventions and all components or any reproductions thereof, in whole and in part. No Intellectual Property Rights in or to any Inventions is conveyed to Ordering Activity under this Agreement other than any limited grants of access rights or licenses specifically granted herein. Ordering Activity agrees not to remove any copyright, trademark or other proprietary notice contained on or in the Inventions as delivered to Ordering Activity. Contractor shall own all modifications to the Licensed Software and Documentation made by Contractor pursuant to any Services provided hereunder. Subject to the foregoing, and except as set forth in a Statement of Work, Ordering Activity shall be the sole owner of, and shall have the sole and exclusive right, title and interest in the deliverables, specifications, programs, records or other data or materials specifically developed by Contractor, its employees, agents or subcontractors in the course of Contractor’s performance of this Agreement (hereinafter and herebyinbefore, “Work Product”).

2.3 Other Property of the Parties. Subject to Schedule I, Section 2.2, each party acknowledges and agrees that all software, information and related materials (including all Intellectual Property Rights thereto) owned by a party prior to this Agreement shall remain the sole and exclusive property of such party. Each party further agrees and acknowledges that such party or its employees, representatives or agents, have not acquired or will not acquire any proprietary interest in or right to, such materials. Notwithstanding the foregoing, Ordering Activity acknowledges and agrees that Contractor may use (including, without limitation, in future products) without restriction all ideas, suggestions, feedback, improvements, data, reports or the like concerning the Licensed Software or Services that may be communicated to Contractor or BravoSolution by Ordering Activity, as defined in GSA Order ADM4800.2H and revised from time to time.

9.3 Reserved.

9.4 Reserved.

9.5 Reserved.

9.6 Compliance with Applicable Laws. Ordering Activity, at its own expense, will comply with all applicable laws and regulations regarding its activities and obligations related to this Agreement.

9.7 Compliance with U.S. Export Laws. Ordering Activity acknowledges that the laws and regulations of the United States, including, without limitation, the United States Export Administration Act of 1979, as amended, may restrict the export and re-export of commodities and technical data of United States origin, including the Licensed Software in any medium. Ordering Activity agrees that it will not export or re-export the Licensed Software in any form without the appropriate United States and foreign government licenses. Additionally, use of the Licensed Software may include the routing of Content to one or more countries other than the United States; therefore Ordering Activity must ensure that the Content does not contain any data that is subject to export restrictions by the U.S. or other applicable governments.

9.8 Notice that there are third party licensors of software products embedded in, deployed or bundled with the Licensed Software.

10. DEFINITIONS.
10.1 “Agreement” means the terms and conditions herein.
10.2 “Content” means any all Ordering Activity sourcing materials and proposal components, data, files, and information collected, received, transmitted, interpreted or created by or through the Licensed Software, including, but not limited to, Ordering Activity designs, trademarks, logos, text, images, graphics, clips, and other material.
10.3 “Commencement Date” means the date on which the Licensed Software is first accessible by the Ordering Activity.
10.4 “Confidential Information” means any and all proprietary or non-public information disclosed by one party (the “Discloser”) to the other party (the “Recipient”) pursuant to this Agreement, which is in written, graphic, machine readable or other tangible forms, or oral, perceived or intangible information, which the Discloser designates as being confidential or proprietary or which, under the circumstances surrounding disclosure, the Recipient knows or has reason to know should be treated as confidential, including without limitation, the terms and conditions of this Agreement.
10.5 “Documentation” means standard manuals, data models, flow charts and other materials regarding the use of the Licensed Software and generally supplied by Contractor to Ordering Activity, whether in printed or electronic format, as well as complete or partial copies of the foregoing.
10.6 “Error” means a reproducible programming error or bug in the Licensed Software that results in the failure of the Licensed Software to comply substantially with the Documentation, including any known computer viruses, Trojan horses, worms, trap doors, time bombs, or other code designed to be harmful.
10.7 “Hosting Services” shall have the meaning set forth under the section with the heading Hosting Services.
10.8 “Hosting Term” means the period of time that Contractor through BravoSolution shall provide Hosting Services to Ordering Activity, which shall commence upon the Commencement Date and continue for the period set forth on the applicable Order Form.
10.9 “Intellectual Property” means any and all trade secrets, patents, copyrights, trademarks, service marks, trade names, domain names, trade dress, URLs, brand features, know-how and similar rights of any type under the laws of any applicable governmental authority, including, without limitation, all applications and registrations relating to any of the foregoing.
10.11 “Inventions” means, collectively and without limitation, any and all inventions (of any type), ideas, discoveries, software, methods, developments, concepts, processes, improvements, and all other works of authorship, in whole or in part, whether or not patentable or copyrightable, conceived or made by BravoSolution or BravoSolution personnel pursuant to any this Agreement, any SOW or in the course of BravoSolution’s performance of any Services provided hereunder or regardless of any participation, assistance or cooperation by Ordering Activity or its personnel in connection therewith; provided, however, that Inventions shall exclude (i) the Licensed Software and other pre-existing BravoSolution Intellectual Property, (ii) any pre-existing intellectual property owned by Ordering Activity, and (iii) Ordering Activity’s Confidential Information.
10.12 “Licensed Software” means (i) the proprietary software product which is developed and owned or licensed by Contractor (including any Third Party Software incorporated therein) identified on an applicable Order Form (ii) any Documentation for the Licensed Software, and (iii) any Updates delivered to Ordering Activity pursuant to this Agreement.
10.13 “License Term” means the period of time the license of the Licensed Software granted hereby shall be in effect which shall commence upon the Commencement Date and continue for the period set forth on an applicable Order Form.
10.14 “Maintenance Services” shall have the meaning set forth in Section 3.1 hereof under the heading Support Terms below.
10.15 “Maintenance Term” shall mean the period of time Contractor shall render the Maintenance Services to Ordering Activity, which shall commence upon the Commencement Date and continue for the period set forth on the applicable Order Form.
10.16 “Order Form” means one or more documents that are executed by the parties in connection with this Agreement.
10.17 “Services” means the software implementation, consulting and other professional services that may be provided by Contractor to Ordering Activity under this Agreement as described in one or more SOWs.
10.18 “Source Code” means the source code version of the Licensed Software.
10.19 “SOW” means a Statement of Work that is executed by the parties in connection with this Agreement. Each fully executed SOW shall be deemed an attachment to the Agreement and incorporated by reference hereto.
10.20 “Term” shall mean the period of time this Agreement shall be in effect, which shall commence upon the Effective Date and continue until the end date listed on the Order Form.
10.21 “Third Party Software” means certain software licensed by Contractor and included or embedded in the Licensed Software.
10.22 “Update” means (a) subsequent releases of the Licensed Software (not including any Third Party Software) that (i) add new features, functionality, and/or improved performance or, (ii) operate on new or other databases, operating systems, or client or server platforms; and (b) Error fixes, patches, workarounds, and maintenance releases; provided, however that Updates shall not include new or separate products. Contractor shall not provide any Updates to Third Party Software.

SUBSCRIPTION SOFTWARE LICENSE TERMS AND CONDITIONS

1. LICENSE.
1.1 Grant of Rights. Subject to all of these terms and conditions, Contractor grants to Ordering Activity a limited term, worldwide, non-exclusive, non-transferable, license (i) to access, use, display and perform the Licensed Software in object code form solely in accordance with the Documentation; (ii) for any web based functionality provided within the Licensed Software, to allow authorized participants to use the Licensed Software for the purpose of accessing and using the Licensed Software via a standard Internet Explorer web browser in the manner and to the extent provided by the Documentation; and (iii) to use the Documentation solely for the purposes of supporting Ordering Activity’s use of the Licensed Software in accordance with the terms of the Documentation. All rights not specifically granted shall be reserved to Contractor.
1.2 Restrictions. Ordering Activity shall not directly or indirectly (i) download, use or otherwise copy all or any portion of the Licensed Software or Documentation, except as stated in these terms; (ii) cause or permit the reverse engineering, modification, disassembly or decompilation of the Licensed Software or any portion thereof; (iii) modify or change the Licensed Software (except to configure the Licensed Software by means of the user-enabled features of the Licensed Software); (iv) create any derivative works of the Licensed Software or Documentation; (v) sublicense, rent, loan, lease, transfer, grant access to or otherwise distribute the Licensed Software to any other person or entity, except as stated otherwise in these terms; or (vi) use the Licensed Software or Documentation to provide services to third parties in a time-sharing, service bureau or application service provider arrangement.

2 LICENSED SOFTWARE WARRANTY.
2.1 Scope of Warranty. Contractor warrants that during the License Term the Licensed Software will be substantially free from Errors. In the event that the Ordering Activity determines that the Licensed Software contains Errors during such period, then Ordering Activity shall promptly report such Errors to Contractor in writing. Ordering activity shall report such Errors in the form reasonably requested by Contractor so as to enable Contractor to reproduce, verify, diagnose and correct each Error. Contractor’s sole obligation and Ordering Activity’s sole and exclusive remedy for Errors will be that Contractor will use commercially reasonable efforts to provide a correction or workaround for each Error in the Licensed Software reported by Ordering Activity to Contractor during the License Term.
2.2 Exclusion. Contractor will have no obligation under this Agreement with respect to Errors caused by (i) a malfunction of computer hardware or software other than the Licensed Software, (ii) any modification of or change to the Licensed Software that is made by Ordering Activity, or (iii) any combination, operation or use of the Licensed Software with systems or other software other than those described herein or the Documentation, or that may otherwise be approved by Contractor.

3 MAINTENANCE SERVICES.

GS-35F-0511T
https://www.immixgroup.com/contract-vehicles/gsa/lt-70/0511T/
3.1 Subject to Ordering Activity's payment of any Maintenance Fees set forth on the Order Form, during a Maintenance Term Contractor will provide the following Maintenance Services:

3.2 Updates for the Licensed Software as such Updates are made generally available by Contractor to Ordering Activity

3.3 Commercially reasonable efforts to effectuate prompt resolution of Errors in the Licensed Software in accordance with generally accepted industry standards ("Software Support") see the specific terms in the section below entitled Software Support. Contractor will communicate the problem status, and will be available to Contractor for ongoing clarifications.

3.4 Reserved.

3.5 Excluded Services. Except as otherwise provided herein, the Maintenance Services do not apply to or include: (i) Software Support required as a result of use or maintenance of Licensed Software other than in accordance with these terms herein; (ii) Software Support required as a result of database errors, content or other inputs; (iii) user education and training, except as described herein; (iv) correction of or assistance regarding problems caused by operator errors, including but not limited to the entry of incorrect data and improper procedures; (v) hardware problems experienced by Ordering Activity; or (vi) correction of errors attributable to software other than the Licensed Software (collectively "Excluded Services").

3.6 Reserved.

3.7 Contact Person(s). Ordering Activity shall appoint one (1) person as the principal point of contact for the communication of Errors to Contractor and for the receipt of Error fixes, work-arounds, patches and Updates, if any. Additionally, Ordering Activity may appoint another person as a back up for the principal contact. Contractor will provide an account manager who will service Ordering Activity and will monitor Ordering Activity’s support needs.

4. DISCLAIMER.

4.2 LIMITED WARRANTY FOR MAINTENANCE SERVICES

4.3 CONTRACTOR WARRANTS THAT THE MAINTENANCE SERVICES WILL BE (I) PERFORMED IN COMPLIANCE WITH ALL APPLICABLE LAWS, REGULATIONS AND RULES; (II) PROVIDED IN A PROFESSIONAL AND WORKMANLIKE MANNER IN ACCORDANCE WITH GENERALLY ACCEPTED INDUSTRY STANDARDS AND (III) PERFORMED BY PERSONNEL QUALIFIED TO PERFORM THE TASKS NECESSARY FOR PROVIDING THE MAINTENANCE SERVICES. CONTRACTOR’S SOLE OBLIGATION, AND ORDERING ACTIVITY ORDERING ACTIVITY’S SOLE AND EXCLUSIVE REMEDY IN THE CASE OF A BREACH OF SUCH WARRANTIES WILL BE FOR CONTRACTOR TO RE-PERFORM SUCH MAINTENANCE SERVICES IN CONFORMANCE WITH SUCH APPLICABLE LAWS, GENERALLY ACCEPTED INDUSTRY STANDARDS OR USING QUALIFIED PERSONNEL, AS APPLICABLE. EXCEPT AS SET FORTH HEREIN, CONTRACTOR EXPRESSLY DISCLAIMS ANY AND ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NONINFRINGEMENT OF THIRD PARTY RIGHTS RELATING TO THE MAINTENANCE SERVICES FURNISHED OR OTHERWISE PROVIDED HEREBUNDER.

SOFTWARE SUPPORT TERMS

Contractor provides thorough 24x7x365 global Software Support, capable of handling all functional and technical problems.

Software Support is available to all users, buyers and suppliers.

Software Support contact information:

Domestic / Toll Free Phone: 1-877-528-2947
International / Toll Free Phone: +00-800-2255-4626
Email: support@bravosolution.com

Software Support Hours of Operation (Staffed):

24x5 staffed support: Sundays 2100 hours thru Fridays 2000 hours Eastern Prevailing Time

For urgent assistance after staffed support hours, support specialists carry cellular phones and will return calls within one hour of receipt.

The Error will be routed to BravoSolution development resources within 30 minutes of Ordering Activity support notification and resolution efforts will be on going until the Error is resolved. The target time-to-resolution is 24 hours from the time Ordering Activity support notifies development of the Error.

The Error will be routed to BravoSolution development resources within 1 hour of Ordering Activity support notification and resolution efforts will be scheduled according to priorities set by Ordering Activity Support, Product Management and Development. The target time-to-resolution is 1 business day from the time Ordering Activity support and development is notified of the Error.

The Error will be routed to development within 24 hours of Ordering Activity support notification and resolution efforts will be scheduled according to priorities set by Ordering Activity Support, Product Management and Development. The repair may be scheduled for the next product release and is determined by Ordering Activity Support, Product Management and Development collectively.

Used for Documentation Errors, Enhancement Requests, and other minor issues or concerns.

### PROFESSIONAL SERVICES TERMS AND CONDITIONS

1. SERVICES.
   1. Subject to these terms and conditions, Ordering Activity hereby engages Contractor to provide the Services. Unless otherwise specified in a SOW, the Services shall be performed at the facilities and location designated by Contractor. The parties shall each designate an account director or project manager who shall work together to manage the timely and successful implementation of the Services. Subject to these terms and the applicable SOW Contractor may subcontract some or all of the Services to be performed hereunder. In performing the Services, Contractor shall use commercially reasonable efforts to adhere to any timetables set forth in an SOW.
   2. Contractor warrants that the Services to be provided hereunder will be provided when and as required by this Agreement and shall be performed in a professional and workmanlike manner, in accordance with prevailing standards in the industry.
   3. Ordering activity shall assist Contractor in the performance of the Services by making available to Contractor on a timely basis all equipment, software, documentation, information, office and working space, Internet connectivity and personnel reasonably requested by Contractor from time to time. Ordering Activity shall also ensure that the Ordering Activity personnel so made available to Contractor are familiar with Ordering Activity requirements and have the expertise and capabilities necessary to so assist Contractor.
   4. Contractor warrants that the Services to be provided hereunder will be provided when and as required by this Agreement and shall be performed in a professional and workmanlike manner, in accordance with prevailing standards in the industry. BRAVOSOLUTION MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, THIS CLAUSE DOES NOT LIMIT OR DISCLAIM ANY OF THE WARRANTIES SPECIFIED IN THE GSA SCHEDULE 70 CONTRACT UNDER FAR 52.212-4(o). IN THE EVENT OF A BREACH OF WARRANTY, THE U.S. GOVERNMENT RESERVES ALL RIGHTS AND REMEDIES UNDER THE CONTRACT, THE FEDERAL ACQUISITION REGULATIONS, AND THE CONTRACT DISPUTES ACT, 41 U.S.C. 7101-7109.

2. RESERVED.

3. RESERVED.

4. SERVICES WARRANTY.
   1. Contractor warrants that the Services to be provided hereunder will be provided when and as required by this Agreement and shall be performed in a professional and workmanlike manner, in accordance with prevailing standards in the industry. BRAVOSOLUTION MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY. THIS CLAUSE DOES NOT LIMIT OR DISCLAIM ANY OF THE WARRANTIES SPECIFIED IN THE GSA SCHEDULE 70 CONTRACT UNDER FAR 52.212-4(o). IN THE EVENT OF A BREACH OF WARRANTY, THE U.S. GOVERNMENT RESERVES ALL RIGHTS AND REMEDIES UNDER THE CONTRACT, THE FEDERAL ACQUISITION REGULATIONS, AND THE CONTRACT DISPUTES ACT, 41 U.S.C. 7101-7109.

### HOSTING TERMS AND CONDITIONS

1. HOSTING SERVICES.
   1. In consideration for Ordering Activity's payment of the Hosting Fee(s) set forth in the Order Form and commencing as of the date Contractor begins hosting the Licensed Software on BravoSolution controlled servers, Contractor shall provide the Hosting Services to Ordering Activity as specified herein.
   2. Hosting on BravoSolution Servers. BravoSolution shall make available one or more BravoSolution controlled servers for purposes of hosting the Licensed Software and the Content in accordance with the details set forth on an applicable Order Form. Contractor shall be responsible for installing the Licensed Software on such servers. At all times, BravoSolution or its subcontractor shall retain ownership of the BravoSolution servers, together with any associated equipment, hardware, software and other infrastructure components utilized by BravoSolution in providing services to Ordering Activity hereunder.

2. DISCLAIMER.
   1. By performing the Hosting Services, Contractor through BravoSolution is providing Ordering Activity with access to the Licensed Software via the Internet. Ordering Activity hereby acknowledges that (i) the Internet is not owned, operated, managed by or in any way affiliated with Contractor or BravoSolution
or any of its Affiliates; (ii) the Internet is a separate network of computers independent of Contractor and BravoSolution; (iii) Ordering Activity's use of the Internet is solely at Ordering Activity's own risk and is subject to all applicable laws, rules and regulations; and (iv) access to the Internet and the Licensed Software may be dependent on numerous factors, technologies and systems, many of which are beyond Contractor's authority and control and for which Contractor and BravoSolution shall not be liable hereunder. Ordering Activity agrees that Contractor shall not be held responsible in any way for outages or downtime resulting from causes beyond the control of Contractor or BravoSolution (e.g., telecommunications disruptions, packet loss un-attributable to a specific cause, or other internet outages of any kind).

2.2 This Agreement shall not impair nor prejudice the U.S. Government's right to express remedies provided in the GSA Schedule Contract (e.g., clause 52.238-75—Price Reductions, clause 52.212-4(h)—Patent Indemnification, and GSAR 552.215-72—Price Adjustment—Failure to Provide Accurate Information.

3. Usage of the Licensed Software.

3.1 Contractor reserves the right to, from time to time, monitor the Licensed Software hosted on its servers only for the purposes of providing the services. Ordering Activity hereby acknowledges and agrees that Contractor and BravoSolution exercises no control whatsoever over the material transmitted or received on or through the Licensed Software by Ordering Activity. Ordering Activity shall ensure that all materials that transmitted or received on or through the Licensed Software comply with all applicable laws, rules and regulations. Without limiting the foregoing sentence, Ordering Activity hereby acknowledges that it will not violate any of the following policies respecting usage of the Licensed Software:

3.1.1 The transmission of spam (unsolicited commercial messages or communications in any form) on or through the Licensed Software is prohibited;

3.1.2 The transmission of any material on or through the Licensed Software in violation of any applicable laws or regulations is prohibited. This includes, but is not limited to, unauthorized transmission of copyrighted material, material protected by trade secret, or material that is otherwise deemed to be proprietary, as well as transmission of material that is legally judged to be threatening or obscene or that, in Contractor's reasonable business discretion, is deemed inappropriate or improper;

3.1.3 Intentionally omitting, deleting, forging or misrepresenting transmission information (including, without limitation, headers, return addressing information and Internet Protocol addresses) or taking any other actions intended to misrepresent or hide Ordering Activity's or any user's identity or contact information is prohibited.

3.2 Reserved.

4.1 Contractor represents and warrants that BravoSolution has implemented and maintains the Hosting Services at reputable third party Internet service providers and hosting facilities and that it shall use commercially reasonable technical, physical and procedural controls at least as rigorous as accepted industry practices to protect Ordering Activity's Content and Confidential Information against destruction, loss, alteration, unauthorized disclosure to third parties or unauthorized access by employees or contractors to Ordering Activity's systems and Content, whether by accident or otherwise. The parties acknowledge, however, that Contractor and BravoSolution cannot, given the nature of current computer systems and networks, guarantee absolute security of the Licensed Software, or any activity occurring on or through it.

5. Performance.

5.1 Manner of Performance. Contractor may subcontract with third parties for the purpose of performance of the Hosting Services; provided, however, that Contractor shall remain responsible for ensuring its subcontractors comply with the terms and conditions of this Agreement. BravoSolution shall have the right to relocate the Licensed Software, the BravoSolution controlled servers or any of BravoSolution's operations at any time.

5.2 Cooperation and Assistance. Ordering Activity shall provide Contractor with reasonable cooperation and assistance in connection with performance of its obligations hereunder.

6. Ordering Activity Content.

6.1 Ownership. Contractor acknowledges and agrees that the Content and any intellectual property rights in or relating thereto are and shall continue to be the sole and exclusive property of Ordering Activity or its third-party licensors. Contractor acknowledges that it shall not, by virtue of this Agreement, acquire any ownership interest in the Content or any intellectual property rights in or relating thereto. Ordering Activity reserves all rights to the Content not expressly granted to Contractor hereunder. Ordering Activity represents and warrants that the Content shall not include any personally identifiable information.

License Grant. During the Hosting Services term, Ordering Activity hereby grants to BravoSolution through Contractor a non-exclusive, royalty-free, worldwide right and license to use, reproduce, display, perform and transmit the Content solely on or in conjunction with the Licensed Software, as contemplated hereunder, subject to and in accordance with the terms, conditions and provisions of this Agreement. Backups. Contractor shall make daily, incremental backups five times a week and one complete weekly backup of the Content. Should the need arise, Contractor shall use commercially reasonable efforts to reconstruct the Content from its backup.

Hosting Service Levels.

Availability and Maintenance. Contractor shall make the Licensed Software available for access twenty-four (24) hours per day, seven (7) days per week, excluding times for scheduled maintenance to be performed by or on behalf of Contractor ("Scheduled Maintenance"). Scheduled Maintenance shall take place between 2200 hours Friday and 1600 hours Sunday, Eastern Prevailing Time, or such other time as required.

Section - Service Levels.

Availability. Contractor will provide no less than 98% Total Time of Availability, which will be calculated on a monthly basis, as follows: Scheduled Maintenance will not be included as downtime in calculation of monthly availability. When the application is unavailable due to causes beyond Contractor's reasonable control, such as Internet outages, weather, acts of God, Ordering Activity system issues, or utility system outages, Contractor will strive to minimize any unavailability. Unscheduled and Emergency Maintenance will be included as downtime in monthly availability calculation. The availability of the system is calculated in the following way:

\[
\text{Total Time of Availability} = \text{Total Time (24/7) - Scheduled Maintenance - Uncontrollable Outages}
\]

% Availability = \((\text{Total Time of Availability} - \text{Unscheduled/Emergency Maintenance}) * 100 / \text{Total Time of Availability}\)

Maintenance Notifications. Contractor will communicate with the Ordering Activity's Designated Company Administrator(s) in the event that unscheduled maintenance or emergency maintenance is required. An email or phone call (including voice mail) will constitute sufficient notification of impending maintenance of any type. Unscheduled and Emergency maintenance windows may involve maintenance/repairs for which advance notification is not possible. Contractor will employ best efforts to notify client of Unscheduled and Emergency maintenance windows at the earliest possible time.

Maintenance Scheduling and duration. Total Scheduled Maintenance will not exceed 72 hours in any given month.

Section - Backups/Recovery Actions.

Redundant RAID for all data storage of Ordering Activity data.

Incremental file system backups nightly and shall perform full file system backups weekly.

Maintain journaling of database transactions.

Perform database exports nightly, prior to scheduled file system backups.

Perform cold database backups at regular intervals.

transport tapes of file systems and data backups off-site to a secure storage location on a weekly basis.

Section - Monitoring.

Application monitoring. BravoSolution shall employ a transaction monitoring system in order to verify application functionality for uptime reporting purposes and for the purpose of providing notification in the event of failures. BravoSolution shall check the application at least four times per hour for functionality.

System Level monitoring. BravoSolution shall employ a monitoring system in order to gather system level metrics that relate to utilization and performance.
1. **Scope.** This Rider and the attached *Brocade Communications Systems, Inc. ("Manufacturer")* product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms or the ‘Attachment A Terms’) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.**Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying Schedule Contract, and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

   j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

   k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

   l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

   m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 8301), since the GSA

---

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

n) Future Fees or Penalties. All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) Taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) Third Party Terms. When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) Dispute Resolution and Standing. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) Advertisements and Endorsements. Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary; the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) Alternate Dispute Resolution. The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

v) Ownership of Derivative Works. Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
1. DEFINITIONS.

a) “Hardware” which includes any Brocade hardware products, and any related documentation and manuals.

b) “Software” which includes any Brocade software licensed by Contractor to Ordering Activity in the form of any bundled firmware, or standalone software products, or other software, any backup copies of such software, and any related documentation and manuals provided therewith; and shall include any Upgrades (as defined below) or modified versions of such software provided to Ordering Activity by Contractor.

c) “Products” which includes, either an individual component of Brocade Hardware and/or Software or any combination thereof.

d) “Support” which includes maintenance and/or support services for the chosen Products.

2. SOFTWARE SPECIFIC TERMS.

2.1 LICENSE GRANT. EACH SOFTWARE PRODUCT MAY HAVE DIFFERENT LICENSING GRANTS AND RESTRICTIONS DEPENDING ON THE NATURE OF THE SOFTWARE. THE SPECIFIC LICENSING TERMS, MODEL AND RESTRICTIONS RELATED THERETO FOR EACH SOFTWARE PRODUCT SHALL BE SET FORTH IN THE RELEVANT CONTRACTOR QUOTATION. TO THE EXTENT THAT NO SUCH LICENSING TERMS EXIST, THE FOLLOWING LICENSE GRANT SHALL BE APPLICABLE: SUBJECT TO THE TERMS AND CONDITIONS OF THIS AGREEMENT AND PAYMENT OF THE APPLICABLE LICENSE FEES, BROCADE AND ITS SUPPLIERS GRANT TO CUSTOMER A NON-EXCLUSIVE, NON-TRANSFERABLE LICENSE TO USE THE APPLICABLE SOFTWARE IN OBJECT CODE FORM SOLELY FOR INTERNAL PURPOSES AND SOLELY FOR THE PURPOSES SET FORTH IN THE BROCADE PRODUCT DOCUMENTATION.

2.2 ADDITIONAL SOFTWARE TERMS. THE FOLLOWING TERMS SHALL APPLY TO ALL SOFTWARE PROVIDED PURSUANT TO THIS AGREEMENT. NOTWITHSTANDING ANYTHING TO THE CONTRARY, ANY AND ALL SOFTWARE DELIVERED HEREUNDER IS LICENSED, NOT SOLD. ORDERING ACTIVITY SHALL HAVE NO RIGHT, AND ORDERING ACTIVITY SPECIFICALLY AGREES NOT TO, AND NOT TO PERMIT THIRD PARTIES TO: (I) MODIFY, ADAPT, CHANGE, ENHANCE OR CREATE DERIVATIVE WORKS BASED UPON THE SOFTWARE; (II) COPY, OR OTHERWISE REPRODUCE THE SOFTWARE IN WHOLE OR IN PART; (III) DECOMPILE, TRANSLATE, REVERSE ENGINEER, DISASSEMBLE OR OTHERWISE REDUCE THE SOFTWARE TO HUMAN-READABLE FORM; (IV) USE THE SOFTWARE ON ANY APPLIANCES/HARDWARE IN EXCESS OF THE NUMBER OF APPLIANCES/HARDWARE FOR WHICH IT IS LICENSED; (V) REMOVE, MODIFY OR OTHERWISE TAMPER WITH ANY NOTICE OR LEGEND ON ANY LABELING ON ANY PHYSICAL MEDIA CONTAINING THE SOFTWARE OR (VI) USE THE SOFTWARE FOR PROVIDING SERVICE BUREAU OR OTHER RELATED SERVICES TO THIRD PARTIES. ORDERING ACTIVITY’S RIGHTS IN THE SOFTWARE WILL BE LIMITED TO THOSE EXPRESSLY GRANTED HEREIN, AND ORDERING ACTIVITY SHALL HAVE NO RIGHT TO SUBLICENSE THE SOFTWARE. BEFORE DECOMPILING THE SOFTWARE FOR THE PURPOSES OF OBTAINING THE INTERFACE INFORMATION, ORDERING ACTIVITY WILL REQUEST CONTRACTOR THROUGH BROCADE TO PROVIDE IT WITH THIS INFORMATION. CONTRACTOR WILL CHARGE ORDERING ACTIVITY FOR ITS CORRESPONDING SERVICES AT THE APPLICABLE GSA RATES.

2.3 NUCLEAR, AVIATION OR LIFE SUPPORT APPLICATION. CONTRACTOR SPECIFICALLY DISCLAIMS LIABILITY FOR USE OF THE PRODUCTS IN CONNECTION WITH THE DESIGN, CONSTRUCTION, MAINTENANCE AND/OR OPERATION OF ANY (I) NUCLEAR FACILITY, (II) AIRCRAFT, AIRCRAFT COMMUNICATION OR AIRCRAFT GROUND SUPPORT SYSTEM, OR (III) SAFETY OR HEALTH CARE CONTROL SYSTEM, INCLUDING WITHOUT LIMITATION, LIFE SUPPORT SYSTEM.

2.4 OPEN SOURCE SOFTWARE. CERTAIN COMPONENTS OF THE SOFTWARE, INCLUDING SOFTWARE DESIGNED TO INTEROPERATE WITH THE SOFTWARE, MAY INCORPORATE OR BE BASED ON “OPEN SOURCE” SOFTWARE. SUCH SOFTWARE IS SUBJECT TO THE APPLICABLE OPEN SOURCE LICENSE (E.G., GNU GENERAL PUBLIC LICENSE) AND IS NOT SUBJECT TO THIS AGREEMENT. TO OBTAIN A COPY OF THE SOURCE CODE AND APPLICABLE LICENSING TERMS FOR THE OPEN SOURCE SOFTWARE USED BY BROCADE, PLEASE SEE HTTP://WWW.BROCADE.COM/SUPPORT/OSCD.JSP, AS MAY BE AMENDED FROM TIME TO TIME. CONTRACTOR DISCLAIMS ANY AND ALL LIABILITY AND WARRANTIES WITH RESPECT TO SUCH OPEN SOURCE SOFTWARE.

2.5 RESTRICTED RIGHTS. THE SOFTWARE AND ANY ACCOMPANYING DOCUMENTATION PROVIDED UNDER THIS AGREEMENT INCORPORATE COMMERCIAL COMPUTER SOFTWARE AND COMMERCIAL COMPUTER SOFTWARE DOCUMENTATION DEVELOPED EXCLUSIVELY AT PRIVATE EXPENSE, AND IS IN ALL RESPECTS PROPRIETARY PROPERTY BELONGING SOLELY TO CONTRACTOR OR ITS LICENSORS. IF ORDERING ACTIVITY IS ACQUIRING THE SOFTWARE ON BEHALF OF ANY PART OF THE UNITED STATES GOVERNMENT, THE FOLLOWING PROVISIONS APPLY: THE OBJECT CODE AND ACCOMPANYING DOCUMENTATION ARE DEEMED TO BE “COMMERCIAL COMPUTER SOFTWARE” AND “COMMERCIAL COMPUTER SOFTWARE DOCUMENTATION”, RESPECTIVELY, PURSUANT TO DFAR SECTION 227.7202 AND FAR 12.212(B), AS APPLICABLE. ANY USE, MODIFICATION, REPRODUCTION, RELEASE, PERFORMANCE, DISPLAY OR DISCLOSURE OF THE OBJECT CODE AND/OR THE ACCOMPANYING DOCUMENTATION BY THE U.S. GOVERNMENT OR ANY OF ITS AGENCIES SHALL BE GOVERNED SOLELY BY THE TERMS OF THIS AGREEMENT AND SHALL BE PROHIBITED EXCEPT TO THE EXTENT EXPRESSLY PERMITTED BY THE TERMS OF THIS AGREEMENT. ANY TECHNICAL DATA PROVIDED THAT IS NOT COVERED BY THE ABOVE PROVISIONS IS DEEMED TO BE “TECHNICAL DATA COMMERCIAL ITEMS” PURSUANT TO DFAR SECTION 225.227.7015(A), ANY USE, MODIFICATION, REPRODUCTION, RELEASE, PERFORMANCE, DISPLAY OR DISCLOSURE OF SUCH TECHNICAL DATA SHALL BE GOVERNED BY THE TERMS OF DFAR SECTION 225.227.7015(B).
**2.6 AUTHORIZED LICENSES FOR USERS.** ORDERING ACTIVITY'S USE OF THE SOFTWARE AND THE APPLICABLE FEES RELATED THERETO ARE BASED UPON A SPECIFIC LICENSING MODEL, E.G., CONCURRENT USERS, NAMED USERS, PER TERABYTE USED, OR RIGHTS LIMITED TO SPECIFIC NETWORKING SWITCHES, SERVERS OR PLATFORMS (“AUTHORIZED LICENSES”). THE APPLICABLE LICENSING MODEL AND THE NUMBER OF AUTHORIZED LICENSES WILL BE SET FORTH IN CONTRACTOR'S QUOTATION OR IN THE BROCAD DOCUMENTATION FOR SUCH SOFTWARE. FOR CERTAIN SOFTWARE, ORDERING ACTIVITY MAY HAVE THE RIGHT TO INCREASE THE NUMBER OF AUTHORIZED LICENSES FOR THE APPLICABLE SOFTWARE PROVIDED THAT ORDERING ACTIVITY PAYS CONTRACTOR THE ADDITIONAL LICENSE AND SUPPORT FEES, AND SUCH FEES SHALL BE PAID TO CONTRACTOR PRIOR TO INITIATING SUCH INCREASES. ORDERING ACTIVITY AGREES TO WORK IN GOOD FAITH WITH CONTRACTOR TO ACCURATELY COUNT THE AUTHORIZED LICENSES. ORDERING ACTIVITY CONSENTS TO AND SHALL TAKE ALL ACTIONS NECESSARY FOR THE INSTALLATION AND USE OF CERTAIN USER AUTHORIZATION SOFTWARE TO VERIFY THE LOCATION AND NUMBER OF ORDERING ACTIVITY'S AUTHORIZED LICENSES.

3. SUPPORT OBLIGATIONS.

3.1 GENERAL SUPPORT OBLIGATIONS.

A) TECHNICAL SUPPORT. PROVIDED THAT ORDERING ACTIVITY HAS PAID THE APPLICABLE SUPPORT FEES AND SUBJECT TO THE TERMS AND CONDITIONS SET FORTH BELOW, CONTRACTOR, THROUGH BROCAD, WILL PROVIDE REMEDIAL TELEPHONE, EMAIL, ONLINE AND/OR ON-SITE ASSISTANCE FOR THE PRODUCTS LISTED ON A CONTRACTOR SUPPORT QUOTATION (“COVERED HARDWARE” AND “COVERED SOFTWARE”, RESPECTIVELY OR “COVERED PRODUCT(S)” COLLECTIVELY) BASED ON THE APPLICABLE SUPPORT PLAN SELECTED BY ORDERING ACTIVITY. WHENEVER ORDERING ACTIVITY SUBMITS A SUPPORT ISSUE TO CONTRACTOR, THROUGH BROCAD RELATD TO THE COVERED PRODUCTS (“PROBLEM”), CONTRACTOR, THROUGH BROCAD, WILL CLASSIFY THE PROBLEM ACCORDING TO THE ORDERING ACTIVITY “SEVERITY” LEVEL THAT DEFINES THE PROBLEM, BASED ON THE ORDERING ACTIVITY SEVERITY LEVEL DESCRIPTIONS LOCATED IN THE SUPPORT PLAN POLICIES DOCUMENT AT BROCAD’S WEBSITE, WHICH DOCUMENT MAY BE UPDATED FROM TIME TO TIME IN BROCAD’S DISCRETION. ADDITIONAL CHARGES MAY APPLY IF ORDERING ACTIVITY CONTACTS BROCAD WHEN IT IS LATER DETERMINED THAT THE CAUSE WAS NOT RELATED TO THE COVERED PRODUCTS. CONTRACTOR, THROUGH BROCAD, WILL ONLY PROVIDE SUPPORT FOR THE BASELINE LICENSED SOFTWARE, AND WILL NOT SUPPORT ANY CUSTOMIZATIONS OR UNIQUE IMPLEMENTATIONS OF THE SOFTWARE UNDER ITS GENERAL SUPPORT OBLIGATIONS, AND ANY SUCH ASSISTANCE WILL BE PROVIDED ON A TIME AND MATERIAL BASIS.

B) SUPPORT TERM AND RENEWAL. THE INITIAL TERM APPLICABLE TO EACH SUPPORT QUOTATION WILL BEGIN (I) IN THE CASE OF NEWLY ACQUIRED PRODUCTS, ON THE DATE OF SHIPMENT; OR (II) IN THE CASE OF PREVIOUSLY SHIPPED PRODUCTS, ON THE EFFECTIVE DATE SPECIFIED ON CONTRACTOR’S QUOTATION, AND SUCH SERVICES SHALL CONTINUE THROUGH THE TERM STATED ON THE QUOTATION. THEREAFTER, SUCH SUPPORT WILL ONLY BE RENEWED BASED ON CONTRACTOR'S RENEWAL QUOTATION TO ORDERING ACTIVITY AND RECEIPT OF ORDERING ACTIVITY'S CORRESPONDING PURCHASE ORDER. FOR THE FIRST RENEWAL PERIOD, SUPPORT MAY BE RENEWED FOR THE NEXT TERM AT THE SAME RATE AS THE INITIAL SUPPORT TERM.

C) COVERED PRODUCTS. PROVIDED THAT ORDERING ACTIVITY HAS PAID THE APPLICABLE FEES, CONTRACTOR, THROUGH BROCAD, WILL PROVIDE SUPPORT FOR THE COVERED PRODUCTS, AS DESCRIBED IN A CONTRACTOR QUOTATION. ANY CHANGES TO THE COVERED PRODUCTS SHOULD BE REPORTED TO CONTRACTOR, THROUGH BROCAD, PRIOR TO MAKING ANY SUCH CHANGES, AND SUCH CHANGES COULD RESULT IN MODIFICATIONS TO CONTRACTOR’S OBLIGATIONS AND THE APPLICABLE SUPPORT FEES. ORDERING ACTIVITY IS RESPONSIBLE FOR ACTIVATING THE SUPPORT PLAN FOR ALL COVERED PRODUCTS, INCLUDING CHANGES MADE TO THE COVERED PRODUCT LIST, VIA BROCAD’S WEBSITE UNDER “SUPPORT”.

D) RECERTIFICATION OF PRODUCTS. FOR ANY PRODUCTS WHERE ORDERING ACTIVITY REQUESTS SUPPORT ON PRODUCTS PREVIOUSLY SUPPORTED BY ANOTHER PARTY OR FOR WHICH SUPPORT SERVICES HAVE Lapsed, CONTRACTOR MAY REQUIRE THAT THE PRODUCT BE RECERTIFIED. UPON RECEIPT OF PURCHASE ORDER, CONTRACTOR, THROUGH BROCAD, WILL COMMENCE MAINTENANCE IN ACCORDANCE WITH THE START DATE ON THE QUOTATION AND WILL SCHEDULE THE RECERTIFICATION ACTIVITY. SHOULD A REQUEST FOR REMEDIAL MAINTENANCE BE RECEIVED PRIOR TO THE COMPLETION OF THE RECERTIFICATION, SUCH SERVICE MAY BE DELAYED (INCLUDING RELATED RESPONSE TIME COMMITMENTS) UNTIL SUCH TIME AS THE RECERTIFICATION IS COMPLETED. SHOULD CONTRACTOR, THROUGH BROCAD DEEM THAT THE PRODUCTS ARE UNSUPPORTABLE, ORDERING ACTIVITY WILL BE NOTIFIED ACCORDINGLY AND A CREDIT OR REFUND PROVIDED FOR ANY APPLICABLE PREPAID SUPPORT FEES.

E) THIRD PARTY PRODUCT INTEROPERABILITY. DUE TO INTEROPERABILITY REQUIREMENTS, ORDERING ACTIVITY AGREES THAT THE USE OF ANY THIRD PARTY PRODUCTS, INCLUDING BUT NOT LIMITED TO, OPTICAL TRANSCIEVER COMPONENTS, WHICH HAVE NOT BEEN RECOMMENDED OR CERTIFIED BY BROCAD MAY CAUSE ERRORS IN THE OPERATION OF THE PRODUCTS OR MAY CAUSE ADDITIONAL RESOLUTION TIME FOR CONTRACTOR, THROUGH BROCAD UNDER ITS SUPPORT OBLIGATIONS HEREUNDER. ORDERING ACTIVITY ACKNOWLEDGES THAT USE OF ANY SUCH THIRD PARTY PRODUCTS SHALL REQUIRE CONTRACTOR FROM THE PERFORMANCE OF CONTRACTOR’S SUPPORT OBLIGATIONS RELATED THERETO, AND ORDERING ACTIVITY AGREES TO PAY CONTRACTOR FOR ANY TIME SPENT DIAGNOSING SUCH PROBLEMS WHICH SHALL BE BILLED AT CONTRACTOR’S HOURLY GSA RATE. CONTRACTOR MAY BE PREPARED IN ITS DISCRETION TO PROVIDE ADDITIONAL PROFESSIONAL SERVICES TO RESOLVE ANY SUCH PROBLEMS IN SUCH CIRCUMSTANCES, BUT SHALL NOT BE OBLIGED TO DO SO.

F) CANCELLATION. ORDERING ACTIVITY MAY CANCEL SUPPORT SERVICES AT ANY TIME ON THIRTY (30) DAYS PRIOR WRITTEN NOTICE TO CONTRACTOR, IN SUCH EVENT, CONTRACTOR, THROUGH BROCAD, SHALL REFUND ANY SUPPORT FEES PREPAID FOR THE PERIOD AFTER SUCH TERMINATION, LESS ANY PREPAYMENT OR MULTI-YEAR DISCOUNT TO WHICH ORDERING ACTIVITY IS NO LONGER ENTITLED. NOTWITHSTANDING THE FOREGOING, WITH RESPECT TO PREMIER AND PREMIER PLUS SUPPORT SERVICES, CHARGES APPLICABLE TO THE SUPPORT ACCOUNT MANAGER (“SAM”) AND ON-SITE ENGINEER (“OSE”) ARE NON-REFUNDABLE IN THE EVENT THAT SUPPORT SERVICES ARE CANCELLED BY ORDERING ACTIVITY.

3.2 SOFTWARE SPECIFIC SUPPORT TERMS.
A) UPGRADES. SUBJECT TO PAYMENT OF THE APPLICABLE FEES, CONTRACTOR, THROUGH BROCADE, WILL USE REASONABLE EFFORTS TO PROVIDE A PATCH FOR ANY MATERIAL DEVIATION BETWEEN THE CURRENT RELEASE OF THE COVERED SOFTWARE AND ITS SPECIFICATIONS WHICH IS REPORTED BY ORDERING ACTIVITY TO BROCADE AND IS REPRODUCIBLE BY BROCADE. ADDITIONALLY, CONTRACTOR, THROUGH BROCADE, MAY PROVIDE ORDERING ACTIVITY WITH MAINTENANCE RELEASES, FEATURE RELEASES AND PLATFORM RELEASES OF THE COVERED SOFTWARE, ON AN “IF AND WHEN AVAILABLE” BASIS, THAT BROCADE GENERALLY MAKES AVAILABLE TO OTHER BROCADE CUSTOMERS AT NO CHARGE BEYOND THE FEES FOR SUPPORT. AS USED HEREIN: (I) “PLATFORM RELEASE” MEANS A PLATFORM, OPERATING SYSTEM OR SOFTWARE ARCHITECTURE CHANGE AND/OR THE ADDITION OF A MAJOR NEW APPLICATION OR FUNCTION; (II) “FEATURE RELEASE” MEANS A MAJOR NEW FEATURE OR AN ENHANCEMENT IN OPERATING PERFORMANCE THAT DOES NOT ALTER THE BASIC FUNCTIONALITY; (III) “MAINTENANCE RELEASE” MEANS A REGULARLY SCHEDULED UPDATE WHICH MAY INCLUDE DEFECT FIXES AND LIMITED PLATFORM-SPECIFIC IMPROVEMENTS; AND (IV) “PATCH” MEANS A TEMPORARY SOLUTION TO A ORDERING ACTIVITY-REPORTED CRITICAL DEFECT (ALL COLLECTIVELY REFERRED TO AS “UPGRADES”).

B) LICENSING TERMS. ALL UPGRADES ARE SUBJECT TO THE ORIGINAL LICENSE TERMS AND CONDITIONS FOR THE BASELINE SOFTWARE. SUPPORT RELATED TO SUCH BASELINE SOFTWARE AND ALL UPGRADES WILL BE SUBJECT TO THE ADDITIONAL TERMS AND CONDITIONS CONTAINED IN THIS ATTACHMENT A.

C) SOFTWARE SUPPORT POLICY. CONTRACTOR, THROUGH BROCADE, WILL PROVIDE SOFTWARE SUPPORT FOR THE THEN CURRENT FEATURE RELEASE AND THE GREATER OF (I) THE TWO IMMEDIATELY PRECEDING FEATURE RELEASES, OR (II) ALL FEATURE RELEASES MADE AVAILABLE WITHIN THE PRECEDING 12 MONTHS. AS A GENERAL RULE, UPGRADES MUST BE INSTALLED SEQUENTIALLY THROUGH ALL FEATURE RELEASES AND PLATFORM RELEASES (E.G., TO UPGRADE FROM RELEASE 5.1 TO 6.0, ALL FEATURE RELEASES AND PLATFORM RELEASES AFTER 5.1 WILL BE ADDED AS PART OF THE UPGRADE PROCESS).

D) CONDITIONS AND LIMITATIONS OF SOFTWARE SUPPORT. SUPPORT SERVICES DOES NOT COVER AND CONTRACTOR DISCLAIMS ANY RESPONSIBILITY FOR PROBLEMS ARISING OUT OF ORDERING ACTIVITY’S FAILURE TO IMPLEMENT ALL UPGRADES ISSUED HEREUNDER, CHANGES TO THE COMPUTING ENVIRONMENT, ALTERATIONS OR MODIFICATIONS OF THE SOFTWARE PERFORMED BY PARTIES OTHER THAN BROCADE, ACCIDENT, NEGLIGENCE, OR MISUSE OF THE SOFTWARE. ADDITIONAL INFORMATION RELATED TO THE VARIOUS SOFTWARE PRODUCTS, INCLUDING WITHOUT LIMITATION ADDITIONAL SUPPORT SERVICE DESCRIPTIONS, ESCALATION PROCEDURES, PRODUCT DEVELOPMENT GUIDELINES, AND OTHER GENERAL PROCEDURES MAY BE INCLUDED ON THE BROCADE SITE, AS MAY BE AMENDED FROM TIME TO TIME.

3.3 HARDWARE SPECIFIC SUPPORT TERMS.

A) GENERAL DESCRIPTION. FOR ALL PROBLEMS IDENTIFIED BY BROCADE RELATED TO COVERED HARDWARE AND PROVIDED THAT ORDERING ACTIVITY HAS PAID THE APPLICABLE SUPPORT FEES, CONTRACTOR, THROUGH BROCADE, WILL PROVIDE HARDWARE SUPPORT IN ACCORDANCE WITH THE TERMS HEREIN AND IN ACCORDANCE WITH THE SUPPORT PLANS AT BROCADE’S WEBSITE, WHICH MAY BE UPDATED FROM TIME TO TIME IN BROCADE’S DISCRETION. CONTRACTOR MAY REQUIRE UP TO THIRTY (30) DAYS FROM RECEIPT OF ORDER TO PROVIDE SPARES AND ONSITE LABOR REQUIRED TO FULFILL THE SUPPORT PLAN SELECTED.

B) MALFUNCTIONING COVERED HARDWARE. IF ANY COVERED HARDWARE MALFUNCTIONS, CONTRACTOR, THROUGH BROCADE, WILL REPAIR OR REPLACE SUCH COVERED HARDWARE. OR ANY PARTS OF THE COVERED HARDWARE AS PROVIDED IN THE APPLICABLE SUPPORT PLAN. ANY ITEM CONTRACTOR REPLACES WILL BECOME BROCADE’S PROPERTY, AND THE REPLACEMENT ITEM WILL BECOME ORDERING ACTIVITY’S PROPERTY. THE REPLACEMENT ITEMS MAY NOT BE NEW, BUT WILL BE IN GOOD WORKING ORDER AND AT LEAST FUNCTIONALLY EQUIVALENT TO THE ITEM REPLACED. BEFORE CONTRACTOR EXCHANGES ANY HARDWARE, ORDERING ACTIVITY MUST REMOVE ALL FEATURES, PARTS, OPTIONS, ALTERATIONS, ENCUMBRANCES, AND ATTACHMENTS NOT PROVIDED BY BROCADE. ORDERING ACTIVITY ALSO AGREES TO ENSURE THAT THE ITEM IS FREE OF ANY LEGAL OBLIGATIONS, ENCUMBRANCES, OR RESTRICTIONS THAT COULD PREVENT ITS EXCHANGE. BASED ON THE SUPPORT PLAN SELECTED BY ORDERING ACTIVITY, ORDERING ACTIVITY MAY BE RESPONSIBLE FOR ONE-WAY SHIPPING COSTS RELATED TO ANY SUCH RETURNS.

C) ORDERING ACTIVITY RESPONSIBILITIES. FOR USDX AND EDGE PRODUCTS, ORDERING ACTIVITY IS RESPONSIBLE FOR PROVIDING REMOTE ACCESS VIA BROCADE-PROVIDED DIAL-IN MODEM TO ENABLE REMOTE DIAGNOSTICS, TROUBLESHOOTING AND SOFTWARE UPGRADES.

D) EXCLUSIONS. SUPPORT DOES NOT COVER SERVICING OF COVERED HARDWARE DAMAGED BY MISUSE, ACCIDENT, ACT OF GOD, IMPROPER INSTALLATION, MISAPPLICATION, MODIFICATION, UNSUITABLE PHYSICAL OR OPERATING ENVIRONMENT, ABNORMAL PHYSICAL OR ELECTRICAL STRESS, IMPROPER MAINTENANCE (UNLESS BY BROCADE), REMOVAL OR ALTERATION OF SWITCH OR PART IDENTIFICATION LABELS, OR FAILURE CAUSED BY A PRODUCT FOR WHICH CONTRACTOR IS NOT RESPONSIBLE. CONTRACTOR MAY CHARGE ORDERING ACTIVITY SEPARATELY FOR ANY SERVICES PROVIDED BY BROCADE RELATED TO SUCH DAMAGED HARDWARE.

4. HARDWARE SPECIFIC TERMS.

4.1 RMA PROCEDURE. ORDERING ACTIVITY SHALL NOT RETURN ANY PRODUCT, WHICH ORDERING ACTIVITY DETERMINES TO BE DEFECTIVE, WITHOUT A RETURN MATERIAL AUTHORIZATION NUMBER (“RMA”) ISSUED BY BROCADE. FOR EVERY PRODUCT RETURNED BY ORDERING ACTIVITY SUBJECT TO THIS AGREEMENT: (A) ORDERING ACTIVITY MUST PROVIDE CONTRACTOR WITH THE SERIAL NUMBER OF THE PRODUCT; (B) CONTRACTOR, THROUGH BROCADE, SHALL VERIFY WHETHER OR NOT PRODUCT IS WITHIN THE APPLICABLE WARRANTY PERIOD OR ORDERING ACTIVITY IS OTHERWISE ENTITLED TO REPAIR OR REPLACEMENT OF PRODUCT WITHOUT CHARGE; (C) (I) IF ORDERING ACTIVITY IS ENTITLED TO RETURN PRODUCT FOR REPAIR/REPLACEMENT WITHOUT CHARGE, THEN BROCADE SHALL ISSUE TO ORDERING ACTIVITY AN RMA; AND (II) IF PRODUCT IS NOT UNDER WARRANTY, THEN ORDERING ACTIVITY MUST ISSUE A PURCHASE ORDER FOR SERVICE TO CONTRACTOR, THROUGH BROCADE, UPON RECEIPT OF WHICH BROCADE WILL ISSUE AN RMA TO ORDERING ACTIVITY; (D) ORDERING ACTIVITY SHALL SHIP THE PRODUCT TOGETHER WITH THE RMA INFORMATION TO THE ADDRESS PROVIDED BY BROCADE; AND (E) CONTRACTOR, THROUGH BROCADE, SHALL REPAIR OR REPLACE PRODUCT AND WILL PAY ACTUALSHIPMENT COSTS FOR RETURN OF PRODUCT. ORDERING ACTIVITY AGREES TO PAY CONTRACTOR, THROUGH BROCADE, TO NOT BE DEFECTIVE. THE REPAIR LEAD TIME IS THIRTY (30) DAYS FROM RECEIPT OF THE RETURNED PRODUCT AT BROCADE’S REPAIR FACILITY.

5. WARRANTIES AND DISCLAIMERS.

5.1 SOFTWARE WARRANTY. CONTRACTOR WARRANTS TO ORDERING ACTIVITY FOR A PERIOD OF NINETY (90) DAYS FROM THE DATE OF SHIPMENT TO ORDERING ACTIVITY THAT THE SOFTWARE WILL PERFORM SUBSTANTIALLY IN ACCORDANCE WITH THE PUBLISHED LICENSING TERMS.
5.2 HARDWARE WARRANTY. CONTRACTOR WARRANTS TO ORDERING ACTIVITY, FOR THE WARRANTY PERIOD SET FORTH IN CONTRACTOR'S QUOTATION FOR THE APPLICABLE HARDWARE THAT EACH UNIT OF HARDWARE SHALL BE FREE OF DEFECTS IN ANY MATERIAL RESPECT IN MATERIALS AND Workmanship AND SHALL SUBSTANTIALLY CONFORM TO THE SPECIFICATIONS FOR SUCH HARDWARE. THIS WARRANTY DOES NOT APPLY TO THOSE UNITS OF HARDWARE WHICH: (i) HAVE BEEN SERVICED OR ALTERED, EXCEPT AS EXPRESSLY AUTHORIZED BY CONTRACTOR; (ii) HAVE NOT BEEN INSTALLED, OPERATED, REPAIRED, OR MAINTAINED IN ACCORDANCE WITH ANY INSTALLATION, HANDLING, MAINTENANCE OR OPERATION INSTRUCTIONS SUPPLIED BY CONTRACTOR; (iii) HAVE BEEN SUBJECTED TO UNUSUAL PHYSICAL OR ELECTRICAL STRESS, MISUSE, NEGLIGENCE OR ACCIDENT; (iv) HAVE BEEN DAMAGED AS A RESULT OF ACCIDENT, MISUSE OR TRANSPORTING; OR (v) INTEROPERATE WITH THIRD PARTY PRODUCTS, SUCH AS OPTICAL TRANSCIEVER COMPONENTS, WHICH HAVE NOT BEEN RECOMMENDED OR CERTIFIED BY CONTRACTOR. CONTRACTOR'S SOLE OBLIGATION AND ORDERING ACTIVITY'S EXCLUSIVE REMEDY FOR FAILURE OF THE HARDWARE(S) TO CONFORM TO THE WARRANTY SET FORTH IN THIS SECTION SHALL BE, AT CONTRACTOR'S EXPENSE, TO REPAIR/REPLACE SUCH DEFECTIVE HARDWARE WITHIN THE NORMAL MANUFACTURING LEAD TIMES APPLICABLE TO SUCH HARDWARE AND TO RETURN SUCH REPAIRED HARDWARE TO ORDERING ACTIVITY OR TO REFUND THE APPLICABLE PORTION OF THE FEES PAID BY ORDERING ACTIVITY TO CONTRACTOR. "SPECIFICATION" MEANS THE WRITTEN SPECIFICATIONS THAT ACCOMPANY EACH PRODUCT WHEN SOLD OR LICENSED, AS THE CASE MAY BE, PURSUANT TO THIS AGREEMENT.

5.3 NO OTHER WARRANTIES. EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE PRODUCTS, AND SUPPORT ARE DELIVERED "AS IS" AND NEITHER CONTRACTOR NOR ITS SUPPLIERS MAKES ANY WARRANTIES, EXPRESS, IMPLIED OR OTHERWISE, WITH RESPECT TO THE PRODUCTS, ANY RELATED DOCUMENTATION OR SERVICES.

6. PROPRIETARY RIGHTS. BROCADE OWNS AND RETAINS FOR ITSELF ALL RIGHT, TITLE AND INTEREST IN AND TO ALL DESIGNS, ENGINEERING DETAILS, AND OTHER DATA AND MATERIALS PERTAINING TO THE PRODUCTS OR, SUPPORT SUPPLIED BY CONTRACTOR AND TO ALL DISCOVERIES, INVENTIONS, PATENTS AND OTHER PROPRIETARY RIGHTS ARISING OUT OF THE WORK DONE BY CONTRACTOR, THROUGH BROCADE, IN CONNECTION WITH THE PRODUCTS AND SUPPORT OR WITH ANY AND ALL PRODUCTS DEVELOPED BY BROCADE AS A RESULT THEREOF, INCLUDING THE SOLE RIGHT TO MANUFACTURE ANY AND ALL SUCH PRODUCTS. ORDERING ACTIVITY WARRANTIES THAT IT WILL NOT DIVULGE, DISCLOSE, OR IN ANY WAY DISTRIBUTE OR MAKE USE OF SUCH BROCADE PRODUCTS OR RELATED INFORMATION, AND THAT IT WILL NOT MANUFACTURE OR ENGAGE TO HAVE MANUFACTURED SUCH PRODUCTS.

6.1 NO IMPLIED LICENSES. NOTHING CONTAINED IN THIS AGREEMENT SHALL BE CONSTRUED AS CONFERRING ANY RIGHTS BY IMPLICATION, OR OTHERWISE, UNDER ANY INTELLECTUAL PROPERTY RIGHT, OTHER THAN THE RIGHTS EXPRESSLY GRANTED IN THIS AGREEMENT.

Brocade Professional Services Terms and Conditions

1. Working Hours. Except for any Professional Services with explicitly stated extended work hours, all Professional Services shall be performed during normal business hours. Ordering Activity (herein also referred to as “Customer”) shall inform Contractor through Brocade in advance if any off-shift services will be required.

2. Facilities. Professional Services may be performed on Customer’s site. Customer agrees to provide the facilities reasonably necessary for Brocade to perform the Professional Services, including a safe and suitable workspace for the Brocade employees or contractors performing the Professional Services, as well as appropriate access to Product and third party hardware, software and/or services. For security and safety reasons, a Customer representative shall be available on-site whenever Brocade employees or contractors are performing the Professional Services at such facilities.

3. Prerequisites. Prior to the commencement of the Professional Services, Customer agrees to take all prerequisite steps identified by Contractor through Brocade, including without limitation, (i) ensuring that all manufacturers’ labels (such as serial numbers) are in place, accessible, and legible, (ii) obtaining authorization to have Brocade service a Product that Customer does not own, (iii) licensing, purchasing and/or paying licensing fees and installation charges, and obtaining a license or appropriate permission for Brocade to access and use such software, and (iv) testing all hardware and software necessary to perform the Professional Services, and all such hardware and software documentation shall be made available to Brocade, and (v) any other prerequisites identified by Brocade. Customer acknowledges that any failure to perform the prerequisites may result in voiding the warranty, a delay in performance or additional costs for the particular service. IT IS CUSTOMER’S RESPONSIBILITY TO ENSURE THAT CUSTOMER HAS COMPLETE BACKUPS OF ALL DATA PRIOR TO COMMENCEMENT OF ANY SERVICES. CONTRACTOR OR BROCADE ASSUMES NO RESPONSIBILITY FOR LOST DATA. Contractor or Brocade will not be responsible for Customer’s failure to obtain such permissions and licenses.

4. Scheduling Professional Services. Promptly following receipt of Customer’s order, Contractor through Brocade shall contact Customer’s representative to schedule the Professional Services. All Professional Services must be scheduled to begin within one hundred eighty (180) days of the date of the order.

5. Cancellation. Unless otherwise quoted by Contractor, Customer may cancel the Professional Services at any time on thirty (30) days prior written notice to Contractor through Brocade. In such event, Customer shall pay Contractor for all Professional Services performed through the date of termination and reimburse Contractor for all expenses incurred and billable pursuant to the Customer’s order. Contractor will credit or refund any prepaid fees applicable to cancelled Professional Services not performed on the date of termination, less any volume or other discount taken to which Customer is no longer entitled.

6. Rights in the Software Deliverables. The following terms shall apply for any Software deliverables provided by Contractor through Brocade as part of the Professional Services. Subject to the terms and conditions of this Attachment A and payment of the applicable license fees, Brocade and its third party licensor, if applicable, grant to Customer a non-exclusive, non-transferable license to use the applicable Software deliverables in object code form solely for internal purposes and solely the purposes set forth in the relevant Brocade product documentation. Customer shall have no right to sublicense such Software deliverables or any rights related thereto.
7. **Acceptance Procedures.** Upon completion of the Professional Services, Customer shall have ten (10) days (or such other time period specified in the quotation) following the date of delivery to evaluate such Professional Services. On or before the tenth (10th) day following such delivery, Customer shall provide Contractor with either (i) a written acceptance of the Professional Services; or (ii) written notice of rejection describing in detail the deficiency that is the basis for the rejection. A deficiency is a material non-conformity of the Professional Services to the acceptance criteria stated in the applicable Contractor’s quotation or in the absence of such criteria, a material non-conformity to the description of the Professional Services set forth in the quotation. In the event that Customer rejects the Professional Services in accordance with the afore-described procedure, Contractor will use diligent efforts to correct the deficiency promptly. The Professional Services and any associated deliverables that are re-performed or re-delivered shall be subject to Customer’s acceptance in accordance with this provision. In the event Customer fails to accept or reject the Professional Services within 10 days after Contractor’s completion of the applicable Professional Services, or accept or reject re-performed Professional Services within 10 days after Contractor’s completion of the applicable Professional Services, the Professional Services shall be deemed accepted by Customer, and Customer shall have no further right to reject the Professional Services.

8. **Right to Instruct.** Brocade consultants deployed to perform any services for Customer under this Attachment A are under the exclusive supervision and instruction of Brocade. Brocade reserves the exclusive right to instruct its consultants, in particular with respect to work hours and the scope and manner of services to be performed under this Attachment A. Customer has no rights to instruct Brocade’s consultants whatsoever.

9. **Professional Services Warranty.** Contractor warrants for a period of thirty (30) days: (i) following the completion of the Professional Services, in the case where no acceptance procedure is applicable, and (ii) following acceptance of the Professional Services, otherwise, that all Professional Services will be performed in a professional and workman-like manner by appropriately trained personnel, using generally accepted industry standards and practices. As Contractor’s liability and Customer’s remedy for a breach of this warranty, if the Professional Services are not provided as warranted, Contractor will, at its sole discretion, either: (i) correct any material non-conformances in the Professional Services deliverables; (ii) re-perform the Professional Services; or (iii) credit Customer for the amount paid for the nonconforming Professional Services. This warranty does not apply to the extent any non-conformity relates to (i) any specifications, code, diagnostic or other tools, or any other materials provided by Customer; (ii) the integration, operation, modification, or use of the Professional Services or any deliverables in any manner not authorized by Contractor; and (iii) any changes to the network environment after the services were rendered. EXCEPT AS EXPRESSLY SET FORTH IN THIS ATTACHMENT A, THE PROFESSIONAL SERVICES ARE DELIVERED “AS IS” AND NEITHER CONTRACTOR NOR ITS THIRD PARTY SUPPLIERS MAKES ANY OTHER WARRANTIES, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT.

10. **Proprietary Rights.** Brocade owns and retains for itself all right, title and interest in and to all designs, engineering details, and other data and materials pertaining to the Professional Services supplied by Brocade and to all discoveries, inventions, patents and other proprietary rights arising out of the work done by Brocade in connection with the Professional Services or with any and all products developed by Brocade as a result thereof, including the sole right to manufacture any and all such Products; however, Customer shall have perpetual unlimited rights to all designs, engineering details and other data and materials pertaining to the Professional Services. Customer warrants that it will not divulge, disclose, or in any way distribute or make use of such Brocade Professional Services or related information, and that it will not manufacture or engage to have manufactured such Products.

11. **Security and Conduct.** Customer shall maintain industry standard security policies, practices and procedures, and shall comply with all applicable laws and regulations and with all applicable health, safety and security rules, programs and procedures. Contractor and Brocade shall comply with all such Customer security policies, practices and procedures to the extent applicable and to the extent Brocade is made aware of such policies, practices and procedures.

12. **Background Checks and Drug Free Workplace.** Contractor through Brocade has certain procedures in place to perform background checks and to ensure a drug free workplace for its employees and contractors performing Professional Services. Upon request, Brocade will provide information related to such procedures. Customer acknowledges that certain jurisdictions do not allow or limit such checks, and Brocade will not perform such checks in these jurisdictions or for employees from these jurisdictions.
ATTACHMENT A – PRIMEKEY, INC.

General Terms and Conditions for Appliance Delivery

By both parties executing this Agreement in writing, These General Terms and Conditions shall apply to all offers and agreements under which PrimeKey Solutions AB (the “PrimeKey”) supplies Appliances or Product (as defined below) to the undersigned Ordering Activity under GSA Schedule contracts ("Customer" or "Ordering Activity"). No deviations from these General Terms and Conditions shall be valid unless expressly agreed in writing.

Definitions

Unless the context or circumstances clearly indicate otherwise, the following words and phrases shall have the meanings specified below:

Agreement: The agreement, including appendices, entered into between the parties.

Appliance Hardware: The physical hardware Appliance unit(s) to be delivered in accordance with the Agreement.

Appliance Software: The Appliance Software Products agreed to be included in the Appliance including any Updates developed by PrimeKey and provided under a Support and Maintenance Agreement between Customer and PrimeKey Support AB.

Appliance Software Product: Each software product/module agreed to be delivered in accordance with the Agreement.

Firmware: Any software embedded in the Appliance Hardware

Appliance: The Appliance Hardware security platform unit including EJBCA, SignServer, or third party applications The Appliance consists of Appliance Hardware and Appliance Software.

Product: The Appliance Hardware and/or the Appliance Software Products.

1. SCOPE OF DELIVERY

A. Quantity

Customer shall purchase and PrimeKey shall deliver the quantity of Appliances and with the content of the Appliance Software as specified in the Agreement.

B. Purchase Order(s)

Additional purchase orders shall not be binding on PrimeKey unless and until PrimeKey has accepted the purchase order by a written acknowledgement. A Purchase Order shall be a separate Agreement, unless otherwise agreed. These General Terms and Conditions shall apply on such purchase order. A negotiated Government Purchase Order, signed by both parties, shall supersede the terms of the Agreement.

C. Standard Products

The Products shall be PrimeKey’s standard products. Unless specifically stated in a separate agreement between PrimeKey and Customer, PrimeKey shall have no obligation to create special or customized versions of any such product, or to ensure that the Products operate with Customer’s equipment, software, or systems. PrimeKey reserves the right, without prior approval from or notice to Customer, to make changes to any Product (i) to meet published specifications; (ii) that do not adversely affect the performance of the Product below any published specification; or (iii) when required for purposes of safety. PrimeKey also reserves the right to make changes to any Product without any obligation to make the same changes to Products previously ordered by or sold to Customer.

D. Serial number

PrimeKey will specify applicable serial number for the delivered Appliance.

2. PRICE AND PAYMENT TERMS

A. Prices

The price(s) for the Appliances to be delivered in accordance with the Agreement are stated in the Agreement in accordance with the GSA Schedule Pricelist. The price for additional Purchase order(s) is to be specified in PrimeKey’s written acknowledgement in accordance with the GSA Schedule Pricelist. If only a fixed price is given for the Appliance it includes purchase price for the Appliance Hardware and license fee for the Appliance Software. Otherwise a price is given for the Appliance Hardware and license fee for each Appliance Software Product. Under a line of GAO (U.S. Government Accountability Office) cases based on the Supremacy Clause of the US Constitution, the Government is exempt from state and local taxes whose “legal incidence” falls on the Federal-al Government. The applicability of a particular tax to the Government is a case by case determination for the contracting officer. Further, FAR 52.212-4(k) provides that the contract price includes all applicable Federal, state and local taxes and duties.

B. Payment terms

PrimeKey will invoice the Customer at the time of each shipment of Appliances, or Product as the case may be, to the Customer. Payment terms for all invoiced amounts shall be thirty (30) days from the receipt date of invoice(s), or PrimeKey ship the Appliances to Customer freight collect according to Section 3 B. Customer shall make all
payments due to PrimeKey WITHOUT ANY OFFSET OR DEDUCTION WHATSOEVER, and without regard to whether Customer has made or may make inspections of the Appliances delivered to Customer. If deliveries are authorized in installments, each shipment shall be paid for when due without regard to other scheduled deliveries.

Any invoiced amount which is not paid when due shall bear late interest at the rate governed by the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CFR 1315.

3. DELIVERY TERMS
A. Shipping Schedule - delay
PrimeKey shall use its reasonable efforts to ship Appliances to Customer in accordance with the shipment sched-ule provided by PrimeKey to Customer. Delivery dates proposed by Customer in its purchase order or other doc-umentation shall not be binding on PrimeKey. If there is a delay in delivery caused by PrimeKey for more than 30 days, the Customer may cancel the delayed shipment through written notice to PrimeKey. Excusable delays shall be governed by FAR 52.212-4(f). The delivery schedule shall be extended automatically by a period of time equal to the time lost because of any such delay. If PrimeKey has requested a bank guarantee in the Agreement a shipment is conditioned on that PrimeKey has received the requested bank guarantee.

B. Shipment
All deliveries of the Appliances shall be Ex works PrimeKey’s facility, in accordance with the INCOTERMS 2010 of the International Chamber of Commerce.

C. Shipment Appliance Software
The Appliance Software Product will either be installed by PrimeKey on the Appliance Hardware as specified in the Agreement and shipped in accordance to clause A in this Section 3 or made available for electronic down load and installation in accordance with Section 5 A. In the latter case Customer will be responsible for accessing PrimeKey’s site and downloading the Appliance Software Product. Delivery term shall be as set forth in clause B in this Section 3.

4. TITLE TO APPLIANCE HARDWARE
A. Transfer of Title
Title to the Appliance Hardware shall pass to Customer upon payment in full of the price for the Appliance. Not-withstanding any provision herein to the contrary, Customer shall take no title to any Firmware.

5. LICENSE TO APPLIANCE SOFTWARE
A. License to Appliance Software
PrimeKey grants to the Customer a perpetual, non-exclusive, non-transferable right to use the Appliance Soft-ware Product in the object code only on the number of Appliance Hardware that Customer bought a license for and only to install and use the Appliance Software Product on the hardware delivered under the Agreement (the Appliance Hardware) and to the extent that may be stipulated in other documents in the Agreement. For an Appliance Software Product that is a third party product, there may be third party supplier’s license conditions different from those of this Agreement. Nothing herein shall bind the Ordering Activity to any Appliance Software Product Third Party terms unless the terms are provided for review and agreed to in writing by all parties.

B. Restrictions
Customer agrees: (a) not to use the Appliance Software Product on any other hardware than on the Appliance Hardware except for the backup license referred to in C below, (b) not to transfer or sublicense the Appliance Software Product to any third party, (c) not to copy the Appliance Software Product except for the backup license referred to in C below and (d) to comply with the restrictions set forth in Section 6 B.

C. Back up license
If a Hardware Appliances is not used by the Customer and provided that it or part of it is subject to repair or re-placement by PrimeKey under the warranty provisions clause 7 or maintenance services under a valid Mainte-nance agreement with PrimeKey, Customer will have after prior written notice to PrimeKey a temporary license to use the Appliance Software Product on another hardware appliance as long as such non-working Hardware Appliances is not working subject to the license conditions in these General Terms and Conditions. PrimeKey will make the Appliance Software Product available to the Customer for electronic down load according to clause C Section 9 or permit the Customer to make the necessary copy of the Appliance Software Product.

6. INTELLIGENT PROPERTY RIGHTS
A. Rights
All rights, title, ownership and interest in and to Appliance Software and derivative works thereof to the Firm-ware including, but not limited to, all intellectual property rights therein, are and shall remain the property of PrimeKey and/or its PrimeKey except the rights expressly contained herein.

B. Restrictions
Except to the extent permitted by applicable law, Customer shall not reverse engineer, decompile, disassemble or otherwise translate or modify, alter or otherwise change the Appliance Software and derivative works thereof and to the Firmware.

C. Trademarks
Customer shall not alter or remove from the Products (or their packaging or documentation), or alter, any of PrimeKey’s or its suppliers’ trademarks, trade names, logos, patent or copyright notices, or other notices or markings, or add any other notices or markings to the Products (or their packaging or documentation).

7. LIMITED WARRANTIES – APPLIANCE HARDWARE
A. Express Warranty for the Appliance Hardware
Subject to the provisions of this Section 7 and Section 10, PrimeKey expressly warrants that, for a period of twelve (12) months (the "Warranty Period"), all components of the Appliance Hardware shall be free from faulty workmanship and defective materials under normal use and service. The Warranty Period shall commence on the date the Appliance Hardware is shipped from PrimeKey’s facility (as evidenced by PrimeKey’s packing slip or other receipt. The warranty stated by PrimeKey in this Section 7(A) is the only express warranty provided by PrimeKey. This express warranty may be modified only by express written agreement between the parties, and may not be modified or amended by any course of dealing between the parties, or custom and practice in the industry.

Customer’s remedies and PrimeKey’s aggregate liability with respect to the warranty provided by PrimeKey in this Section 7(A) are set forth in and limited by this Section 7 and Section 10. PrimeKey’s warranty does not apply to consumable items (e.g. batteries).

B. Warranty Remedy
If an Appliance Hardware fails under normal use and service during the Warranty Period due to a defect in mate-rials or faulty workmanship ("defect"), PrimeKey’s sole obligation shall be to repair or replace the Appliance Hardware, at PrimeKey’s option. Following repair or replacement, the Warranty Period shall expire at the end of the original period. Appliance Hardware and components that are replaced by PrimeKey shall become PrimeKey’s property.

C. Warranty Conditions
PrimeKey’s express warranty is strictly for the benefit of Customer and does not extend to any third party PrimeKey’s express warranty is contingent upon Customer’s payment of the purchase invoice and proper use of the Appliance Hardware, in accordance with any instructions or manuals provided by or available from PrimeKey. PrimeKey shall have no obligation under this express warranty unless Customer promptly reports the claim. PrimeKey’s obligations under this warranty are subject to PrimeKey’s examination of the Appliance Hardware and PrimeKey’s determination to its reasonable satisfaction that the claimed defect or fault actually exists and is not excluded from PrimeKey’s warranty under this Section 7. If PrimeKey determines that the Appliance Hard-ware is not defective or faulty within the terms of the express warranty, Customer shall pay for all costs of handling, transportation and repairs at PrimeKey’s then prevailing repair rates.

D. Warranty Exclusions
PrimeKey’s express warranty shall not apply if the defect or fault is caused by any of the following after delivery by PrimeKey: accident, unusual physical, electrical or electromagnetic stress, neglect, misuse, failure of electric power or environmental controls, rough handling during transportation, Customer’s failure to maintain the Product in accordance with PrimeKey’s specifications, abuses to the Product other than ordinary use, modifications by Customer, alterations or repairs by a party other than PrimeKey (unless specifically authorized by PrimeKey in writing). This express warranty will be rendered void if PrimeKey’s serial numbers, warranty data or quality assurance decals on the Product are removed or altered.

E. Disclaimer
THE EXPRESS WARRANTIES OF PRIMEKEY STATED IN SECTION 7(A) ARE IN PLACE OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT OF THIRD PAR-TY RIGHTS. THE EXPRESS OBLIGATION OF PRIMEKEY STATED IN SECTION 7(B) REPLACES ANY OTHER LIABILITY OR OBLIGATION OF PRIMEKEY ARISING OUT OF OR IN CONNECTION WITH THE DELIVERABLES, USE OR PERFORMANCE OF THE Appliance Hardware. PRIMEKEY DOES NOT INSURE THE SECURITY PROVIDED BY THE Appliance Hardware, NOR DOES IT WARRANT AGAINST IMPROVEMENTS IN THE TECHNICAL ARTS THAT MAY RENDER THE PRODUCTS INEFFECTIVE OR OBSOLETE.

8. APPLIANCE SOFTWARE - “LIMITED WARRANTY”

A. PrimeKey Support AB and the Customer shall enter into a Support and Maintenance Agreement. The rectification and liability for any defects in the Appliance Software shall be solely regulated and governed by the Maintenance Agreement. PrimeKey Support AB warrants that the Appliance Software will, for a period of sixty (60) days from the date of your receipt, perform substantially in accordance with Appliance Software written materials accompany-ing it. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, Customer may not in any case make any claims against PrimeKey for any defects or problems with the Appliance Software under the Agreement. Notwithstanding this, if there is a major defect in the Appliance Software that is reported in writing within 30 days from the delivery of the Appliance Software and the defect has not been rectified according to the Support and Maintenance Agreement within 60 days from the report, the Customer may, in writing, set a reasonable final deadline for rectification. If the material defect has not been rectified when the deadline has expired and it is of substantial significance for the Customer’s use of the concerned Appliance and PrimeKey knew or should have known of this, the Customer shall be entitled after the expiry of the deadline to notify the supplier in writing of the cancellation of the Agreement for the applicable Appliance. If the Customer cancels the Agreement for the concerned Appliance the Customer shall be entitled to refund of the paid price for that Appliance, which shall be the exclu-sive remedy for the cancellation and with no right to damages for Customer.

B. PrimeKey makes no warranty regarding the Appliance Software, expressed or implied, including but not limited to any implied warranties of merchantability and fitness for particular purpose, other than that the Appliance Soft-ware will operate in combination with the software and hardware in the Appliance. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW IN NO CASE WILL PRIMEKEY BE OBLIGED TO COMPENSATE THE CUSTOMER FOR DAMAGE, BE IT DIRECT OR INDIRECT, CAUSED BY MALFUNCTIONS OF THE APPLICA-TION SOFTWARE OR THE CUSTOMER’S USE OF IT, NOR IS PRIMEKEY RESPONSIBLE FOR DAMAGE.
WHICH MAY OCCUR AS A CONSEQUENCE OF THE CUSTOMER'S USE OF THE APPLIANCE SOFTWARE SUCH AS LOSS OF DATA, SALES, PRODUCTION OR PROFITS OR ANY DAMAGE TO A THIRD PARTY.

9. INFRINGEMENT
   A. PrimeKey undertake to defend, at its own expense, the Customer against any claim, suit or proceeding brought against any of them based on the allegation that the use of any Appliance Software within EU or United States furnished by PrimeKey under the Agreement constitutes an infringement of any intellectual property rights or applications thereof or an unauthorized use of know-how, trade secrets or other proprietary rights. PrimeKey shall furthermore indemnify the customer against any costs or damages that the Customer may become liable to pay as a result of a judgment or settlement. The obligation of PrimeKey only applies if the Customer has notified PrimeKey without undue delay in writing of such claim, suit or proceeding and PrimeKey given authority, infor-mation, and assistance to settle the claim or control the defense of any suit or proceeding. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or suit brought against the U.S. pursuant to its jurisdictional statute 28 U.S.C. § 516.
   B. In the event that the Appliance Software or any part thereof is in such suit held to constitute an infringement and/or its further use is enjoined, PrimeKey shall promptly, at its own expense and at its option, and to the extent it is commercial reasonable either: (a) replace the infringing Appliance Software with non-infringing software pro-grams and documentation of equivalent function and performance; or (b) modify the Appliance Software so that they become non-infringing without detracting from function or performance. If it is not commercial reasonable for PrimeKey to fulfill its obligations pursuant to the above within a reasonable time, the customer shall be entitled to a reduction of the price corresponding to the reduced value of the Appliance resulting from the infringement but not for longer period than five years from its delivery date.
   C. PrimeKey’s liability for infringements of the Appliance Software does not cover any third party products or infringements caused by Customer. PrimeKey’s entire liability for infringements is limited to what is set forth in this section 9.

10. LIMITATIONS OF LIABILITY AND EXCLUSIONS OF DAMAGES
   A. Notwithstanding anything herein to the contrary, PrimeKey shall not be liable to Customer, or to any third party claiming through Customer, for the failure of performance of any obligation of PrimeKey except as specifically set forth herein, or otherwise agreed to in writing.
   B. PRIMEKEY’S AGGREGATE LIABILITY ARISING OUT OF THE SALE OF A APPLIANCE TO CUSTOMER, REGARDLESS OF THE FORM OF ACTION GIVING RISE TO SUCH LIABILITY (WHETHER IN CONTRACT, TORT OR OTHERWISE), SHALL NOT EXCEED THE PURCHASE PRICE FOR THE APPLIANCE PAID BY CUSTOMER TO PRIMEKEY.
   C. IN NO EVENT SHALL PRIMEKEY BE LIABLE FOR SPECIAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR TORT DAMAGES, INCLUDING, WITHOUT LIMITATION, ANY DAMAGES RESULTING FROM LOSS OF USE, LOSS OF DATA, LOSS OF PROFITS, LOSS OF ANTICIPATED PROFITS, OR LOSS OF BUSINESS ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, THE PERFORMANCE OF THE PRIMEKEY PROD-UCTS OR PRIMEKEY’S PERFORMANCE OF SERVICES OR OF ANY OTHER OBLIGATIONS RELATING TO THIS AGREEMENT OR THE PRIMEKEY PRODUCTS. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor’s negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.
   D. Excusable delays shall be governed by FAR 52.212-4(f).
   E. The limitations of liability contained herein are a fundamental part of the bargain, and Customer acknowledges that PrimeKey would not sell Appliance absent these limitations.

11. SECRECY
   A. During a period of three years from the actual delivery date, neither party may, without the approval of the other party, use or otherwise divulge to a third party information concerning the internal affairs of the other party which may be regarded as a business or professional secret or information which, according to law, is covered by a duty of confidentiality. The duty of confidentiality does not extend to information which a party can show has become known to the other party otherwise than in connection with the execution or performance of the Agreement, or which is in the public domain. Nor shall the duty of confidentiality apply where a party is obligated to disclose such infor-mation by law, court or government order or binding stock exchange regulations. Where a party is required to disclose information in such way, it shall notify the other party to this effect prior to disclosure. PrimeKey recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that cer-tain information be released, despite being characterized as “confidential” by the vendor.
   B. A party shall, through confidentiality undertakings with personnel or other appropriate measures, ensure compliance with the above duty of confidentiality. A party shall also ensure that retained subcontractors and their em-ployees sign corresponding confidentiality undertaking.

12. APPLICABLE LAW, DISPUTES
   A. This Agreement shall be governed by and construed in accordance with the Federal laws of the United States.
   B. Reserved.

13. EXPORT –COMPLIANCE WITH LAW
A. PrimeKey is responsible for obtaining and maintaining any export licenses required for delivery of appliance to the agreed destination to The Customer. Prior the execution of this agreement, PrimeKey is responsible to provide the relevant export control commodity numbers (the “ECCN codes”) of products according to US and EU export administration regulations or the corresponding data according to other applicable regulations. This information shall be updated on an ongoing basis every time a non-insignificant update is provided or when new regulations come into effect.

B. Customer shall comply with all applicable laws, including export controls imposed by the Federal Government of the United States. Without limiting the generality of the foregoing, Customer agrees that it shall not export or re-export any PrimeKey Products to any country without first obtaining all necessary and required licenses, consents, and approvals. Customer acknowledges that shipments of the PrimeKey Products may be subject to export laws and that such laws could delay or preclude delivery of PrimeKey Products in the future. Customer shall, at its sole cost and expense, obtain and maintain in effect all permits, licenses and other consents necessary to the conduct of its activities hereunder.

14. GENERAL PROVISIONS
A. The Agreement, including the schedules and exhibits hereto, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), sets forth the entire agreement and understanding of the Parties with respect to the subject matter hereof, and supersedes all prior oral and written agreements and understandings relating thereto.
B. For purposes of the Agreement, the term "written" means anything reduced to a tangible form by a party, including a printed or handwritten document, e-mail or other electronic format.
C. No waiver, alteration, modification, or cancellation of any of the provisions of this Agreement shall be binding unless made in writing and signed by both PrimeKey and Customer. The failure of either PrimeKey or Customer at any time or times to require performance of any provision hereof shall in no manner affect the right at a later time to enforce such provision.
D. All notices to be given in connection with this Agreement shall be effective upon receipt, shall be made in writing and shall be sufficiently given if personally delivered or if sent by facsimile transmission, e-mail, courier or other express mail, postage prepaid, addressed to the party entitled or required to receive such notice at the address for such party set forth below. Either party may by such notice to the other change such address.
E. The Agreement shall be binding upon, and inure to the benefit of, PrimeKey and Customer and their respective legal representatives, successors and permitted assigns. The parties shall not assign, sublicense or otherwise transfer any of its duties, hereunder, in whole or in part, without the prior written consent of the other Party.
F. In the event that any provisions contained in this Agreement or any part thereof shall for any reason be held invalid, illegal or unenforceable in any respect by a court of competent jurisdiction, to such extent such provision shall be deemed null and void and severed from this Agreement, the remainder of this Agreement shall remain in full force and effect, and the invalid provision shall be replaced with a valid provision which most closely approximates the intent and economic effect of the invalid provision.
G. The headings appearing at the beginning of the several sections contained in this Agreement have been inserted for identification and reference purposes only and shall not be used in the construction and interpretation of this Agreement.

General Terms and Conditions for Support/Maintenance of Appliance

These General Terms and Conditions shall apply to all on support and maintenance provided by PrimeKey Solutions AB (“PrimeKey”) for Appliances or Product (as defined below) to the Customer. No deviations from these General Terms and Conditions shall be valid unless expressly agreed in writing. A negotiated Government Purchase Order, signed by both parties, shall supersede the terms of the Agreement. PrimeKey and Customer are also referred to herein individually as a “Party” and collectively as the “Parties”.

Definitions
Unless the context or circumstances clearly indicate otherwise, the following words and phrases shall have the meanings specified below:

**Appliance**: The Appliance Hardware security platform unit including EJBCA, SignServer, or third party applica-tions
**Appliance Hardware**: The physical hardware Appliance unit(s) to be supported and maintained in accordance with the Support and Maintenance Agreement.
**Appliance Software Product**: Each software product/module agreed to be supported and maintained by PrimeKey in accordance with the Support and Maintenance Agreement including any Releases provided by PrimeKey under the Support and Maintenance Agreement.
**Firmware**: Any software embedded in the Appliance Hardware
**Product**: The Appliance Hardware and/or the Appliance Software Products.
**Services**: The services to be provided by PrimeKey under the Support and Maintenance Agreement.
Support and Maintenance Agreement: The Support and Maintenance agreement, including appendices, entered into between the parties
Any definition in the main document or other appendices of the Support and Maintenance Agreement shall also apply in this document.

1. PRIMEKEYS SERVICES OBLIGATIONS
PrimeKey shall from the Effective Date for a Product provide to Customer the support and maintenances in accordance with the terms and conditions set out in Appendix DMSHW Description of Maintenance/Support service for Appliances.
PrimeKey shall maintain an organization with employees that are appropriate, qualified and competent to perform services. The Supplier shall perform the Services in a professional manner.
The Services will be provided during the Business Hours as defined in Appendix DMSHW unless otherwise agreed.

2. THIRD PARTY SOFTWARE
The Services does not apply to third-party Software.

3. DEFAULT REPORTING – CUSTOMER OBLIGATIONS
The Customer shall to the Support Center as specified in Appendix DMSHW of any fault in a Product within a reasonable time from the point in time at which Customer becomes aware of the fault in question.
The Customer shall provide the assistance as set forth in Appendix DMSHW.

4. END OF LIFE - APPLIANCE HARDWARE
A. Repairs
Repar for End of Life Products will be performed only if components are reasonably available and replacements will be provided only as long as inventory is reasonably available.

B. Support
PrimeKey will provide best efforts to support an EOL Product but will be under no obligation to provide Major, Minor, or Maintenance Releases with respect to any product during its EOL state. PrimeKey will continue to provide Web-based, e-mail and telephone support to the extent reasonably practicable without providing Major Releases, Minor Releases or Maintenance Releases, and PrimeKey provides no guarantee that a problem with a Product supported on an End of Life basis can or will be resolved.

5. FEES
The annual fees for the Services are set forth in Appendix PSMSHW, Price Schedule in accordance with the GSA Schedule Pricelist, and shall be paid in the currency expressed in the Price Schedule. The annual support and maintenance fee is fixed for the initial terms of this Support and Maintenance Agreement.

6. PAYMENT
A. The annual support and maintenance fee will be invoiced and paid annually, in the first instance as of the Effective Date and every six (6) months thereafter, payable thirty (30) days after receipt of the invoice by Customer.

B. PrimeKey shall state separately on invoices taxes excluded from the fees, and the [Customer] agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

C. Reserved.

7. OWNERSHIP AND LICENSE
The Customer’s rights and obligations regarding releases of Appliance Software Product and work performed during the Services are the same as its rights and obligations regarding the original version of the Appliance Software Product under the Delivery Agreement. Any release will be a part of the original Delivery Agreement. PrimeKey will only be responsible for any Releases provided under the Support and Maintenance Agreement according to the conditions in the Delivery Agreement.

8. CONFIDENTIAL INFORMATION
A. Definitions
Confidential Information means any and all information relating in any way (directly or indirectly) to either parties business, finances, products, processes or employees and includes any information obtained by the other party in the course of accessing the other parties computers or networks, including passwords and security procedures ("Confidential Information").
Each party shall maintain the confidentiality of such Confidential Information and shall not disclose such Confidential Information except to those of its agents and employees who need to know such information in order to perform the Services. Both during and after the term of this Support and Maintenance Agreement, such agents and employees
shall hold all disclosures by the other party in strict confidence and shall not use the Confidential Information for any purpose other than in connection with the transactions contemplated in this Support and Maintenance Agreement.

B. Restrictions
During the term of this Support and Maintenance Agreement and for a period of five (5) years thereafter, the recipient shall not use the Confidential Information, except as necessary to complete the Services and shall not disclose the Confidential Information to any third party.

C. Exclusions
Confidential Information does not include information that: (a) is or becomes generally known to the public through no fault or breach of this Agreement by the recipient; (b) is known to the receiving party at the time of disclosure without an obligation of confidentiality; (c) is independently developed by the receiving party without use of the Confidential Information; (d) is obtained by the recipient from a third party without obligation of confidentiality; or (e) is disclosed with the prior written approval of the disclosing party. recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be re-leased, despite being characterized as "confidential" by the vendor.

9. LIMITATION OF LIABILITY AND EXCLUSION OF DAMAGES
A. Notwithstanding anything herein to the contrary, PrimeKey shall not be liable to Customer, or to any third party claiming through Customer, for the failure of performance of any obligation of PrimeKey except as specifically set forth herein, or otherwise agreed to in writing.

B. PRIMEKEY'S AGGREGATE LIABILITY ARISING OUT OF THE PERFORMANCE OF SERVICES, REGARDLESS OF THE FORM OF ACTION GIVING RISE TO SUCH LIABILITY (WHETHER IN CONTRACT, TORT OR OTHERWISE), SHALL EXCEED THE TOTAL CONTRACT PRICE, INCLUDING AGGREGATE FEES FOR THE RELEVANT PRODUCT OR APPLIANCE, PAID BY CUSTOMER TO PRIMEKEY.

C. IN NO EVENT SHALL PRIMEKEY BE LIABLE FOR SPECIAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR TORT DAMAGES, INCLUDING, WITHOUT LIMITATION, ANY DAMAGES RESULTING FROM LOSS OF USE, LOSS OF DATA, LOSS OF PROFITS, LOSS OF ANTICIPATED PROFITS, OR LOSS OF BUSINESS ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, PRIMEKEY'S PERFORMANCE OF SERVICES OR OF ANY OTHER OBLIGATIONS RELATING TO THIS SUPPORT AND MAINTENANCE AGREEMENT. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor's negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

D. Excusable delays shall be governed by FARS 52.212-4(f).
E. The limitations of liability contained herein are a fundamental part of the bargain, and Customer acknowledges that PrimeKey would not provide the Services absent these limitations.

10. PREMATURE TERMINATION
When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, PrimeKey shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

11. GENERAL PROVISIONS
A. No Assignment
A Party may not assign this Support and Maintenance Agreement without the other Party's prior written approval.

B. Notices
Notice of termination and/or any other notices shall be sent by courier, registered post or electronic message to the other party's Coordinator at the address specified by such party. The other party shall be deemed to have received such notice:
(i) At the time of delivery, if delivered by courier;
(ii) 5 days after dispatch, if sent by regular post;
(iii) At the time of arrival at the recipient's electronic address, if sent by electronic message

C. Invalid Provisions
If any provision of this Support and Maintenance Agreement is held invalid or prohibited, such provision shall be invalid only to such extent without invalidating the remainder of this Support and Maintenance Agreement.

D. Modification of Support and Maintenance Agreement
This Support and Maintenance Agreement may not be modified nor may any provision hereof be waived except by a written document, duly executed by an authorized representative of each of the parties hereto, that specifically references this Support and Maintenance Agreement. No delay or omission by any party to exercise or de-tect any right or power shall impair any such right or power or be construed to be a waiver thereof. A waiver of any provision of this Support and Maintenance Agreement on any occasion or occasions shall not constitute a waiver of such provision on any succeeding occasion.

E. Entire Agreement
This Support and Maintenance Agreement any Customer purchase order(s) issued with respect to this Support and Maintenance Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist, embody the entire
understanding of the parties and shall supersede any and all previous oral agreements, understand-ings, letters, documents, letters of understanding, memoranda, memoranda of understanding, representations, discussions, proposals and quotes between the parties relating to the subject matter of this Agreement.

F. Counterparts
This Support and Maintenance Agreement may be executed in one or more counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument.

G. Coordinators
Parties will each appoint and advise the other in writing of the name and address of a Coordinator. The only offi-cial channel for communications between the parties shall be through their respective Coordinators, except as may be otherwise authorized in writing by the parties. Each party shall promptly advise the other in writing of the name and address of the successor any Coordinators which may be appointed hereunder. Changes or modifica-tions to the terms and conditions of this Support and Maintenance Agreement are not within the duties or authori-ty of the Coordinators.

12. APPLICABLE LAW, DISPUTES
This Support and Maintenance Agreement shall be governed by and construed in accordance with the Federal laws ofthe United States.

Description of Maintenance/ Support services for PrimeKey Appliances

Definitions:
Unless the context or circumstances clearly indicate otherwise, the following words and phrases shall have the meanings specified below:

Business Hours: are the hours between 9am and 5pm CEST, Monday through Friday excluding legal holidays.

Major Release: mean major enhancements to the Appliance Software Product and is marked by the first digit in the Release digits i.e Release 1.2.3. A Major Release does not include enhancements/ new functionality that is sold as a separate module.

Minor Release: mean minor enhancements to the Appliance Software Product and is marked by the second digit in the Release digits i.e Release 1.2.3.

Maintenance Release: mean defect corrections and flaws in the finish to the Appliance Software Product and is marked by the third digit in the Release digits i.e Release 1.2.3.

Second Line support
Third Line support
The definitions in the main document and other appendices to the Support and Maintenance Agreement shall also apply in this document.

1. GENERAL
A. Telephone support
Telephone support means that where there is a fault, or suspected fault, in the Appliance, PrimeKey shall assist the Customer by replying to question from persons specifically appointed by the Customer, provided the time required to answer them is reasonable. Telephone Support is made only in English. Telephone support will be provided during the Business Hours.
Telephone Support does NOT include general system infrastructure, network design or troubleshooting, installa-tion assistance, or configuration support for third party components.

B. Problem Reporting and Tracking Procedures
Customer may use the services described herein only by making reference to the authorized Support and Maintenance Agreement number.

C. Services not included
Customer agrees that it will not expect PrimeKey to handle routine support and maintenance issues that are typi-cally the responsibility of a Product end-user and which were explained in reasonable detail in the provided prod-uct documentation, or during the training conducted by PrimeKey for Customer technical personnel as part of the installation and acceptance testing of the PrimeKey Products. Specifically PrimeKey support does not include any of the following:

a) custom programming services;
b) on-site support, including installation of hardware or software;
c) support of any software not constituting part of the Appliance Software;
d) training;

D. Supported Releases of the Appliance Software
PrimeKey will provide support for the current Major or Minor Release and the Major or Minor Release preceding the current Release, unless otherwise is specified in the next paragraph.
If PrimeKey offers a new Major Release, then PrimeKey will support the preceding Minor Release for 12 months. After this time, PrimeKey shall have no further responsibility for supporting and maintaining the prior releases, but may continue to do so in PrimeKey's sole discretion. PrimeKey shall notify the Customer if a Major Release is not compatible with the Appliance Hardware that is a service object under the Support and Maintenance Agreement.

E. Third party software
PrimeKey's undertaking does not apply to an Appliance Software Product that is a third party product.

F. Incompatibilities (Exception from PrimeKey's obligations)
PrimeKey assumes no responsibility for the correctness of, performance of, or any resulting incompatibilities with, current or future releases of the Appliance Software Product, if Customer has made unauthorized changes to the Appliance Hardware or Appliance Software Product configuration in effect as of the effective date this Agreement, or to the operational environment approved by PrimeKey in writing and were made without prior notification and written approval by PrimeKey.

G. Customer assistance
Customer shall provide all reasonable assistance requested by PrimeKey and PrimeKey shall not be responsible for any delays or failures to support or maintain the Appliance Software and Appliance Hardware if and to the extent such failure is a result of Customer's failure to provide reasonable assistance to PrimeKey or otherwise perform its obligations under the Agreement.

Customer shall provide a description of the commands and procedures that reveal a fault.

H. Second Line support
If it is stated in the main document to the Support and Maintenance Agreement that Customer shall perform Second Line support, Customer shall perform the Second Line support and PrimeKey's shall only perform Third Line support.

2. SUPPORT SERVICES
A. Support Service Plans
If Customer reports an error in the Appliance Hardware or PrimeKey diagnose establishes that the incident is related to an Appliance Hardware defect section 4 Hardware repair services shall apply. Different support service plans related to Appliance Software and Hardware Products are provided by PrimeKey.

Support Center HOTLINE
PrimeKey will make available support contacts to request servicing of the Products. The initial support contacts are:

a) Issue Tracker at https://jira.primekey.se/, or
b) email at support@primekey.com, or
c) telephone number at +46 8 522 11 660 or (888) 832-0111.

i. Standard Support Service Plan
The Support Center HOTLINE for Standard Support is available during Business Hours.

ii. Premium Support Service Plan
The Support Center HOTLINE for Premium Support is available twenty-four (24) hours a day, seven (7) days a week, three-hundred-sixty-five (365) days a year.

iii. Service Response Times

B. Severities
Upon receipt by PrimeKey through the Support Center HOTLINE of an error, defect, malfunction or nonconformity in the Products, PrimeKey shall respond as provided below.

i. Severity 1: Produces an emergency situation in which the PrimeKey Product is inoperable, produces incorrect results, or fails catastrophically. Service Response: PrimeKey will provide a response by a qualified member of its staff to begin to diagnose and to correct a Severity 1 problem as soon as reasonably possible, but in any event a response via telephone will be provided within the SLA period stated in Table A. The resolution will be delivered as a work-around, emergency software. If PrimeKey delivers an acceptable work-around, the severity classification will drop to a Severity 2.
ii. **Severity 2**: Produces a detrimental situation in which performance (throughput or response) of the PrimeKey Products degrades substantially under reasonable loads, such that there is a severe impact on use; the PrimeKey Software is usable, but materially incomplete; one or more mainline functions or commands is inoperable; or the use is otherwise significantly impacted.

**Service Response**: PrimeKey will provide a response by a qualified member of its staff to begin to diagnose and to correct a Severity 2 problem as soon as reasonably possible, but in any event a response via telephone will be provided within the SLA period stated in Table A. The resolution will be delivered in the same format as Severity 1 problems. If PrimeKey delivers an acceptable work around for a Severity 2 problem, the severity classification will drop to a Severity 3.

iii. **Severity 3**: Produces an inconvenient situation in which Appliance Software is usable, but does not provide a function in the most convenient or expeditious manner, and the user suffers little or no significant impact.

**Service Response**: PrimeKey will use reasonable commercial efforts to resolve Severity 3 problems in the next Maintenance Release.

iv. **Severity 4**: Produces a noticeable situation in which the use is affected in some way that is reasonably correctable by a documentation change or by a future, regular release from PrimeKey.

**Service Response**: PrimeKey will provide, if agreed by PrimeKey, as a fix or fixes for Severity 4 problems in future Maintenance Release.

C. **Support Incident**

PrimeKey, in its reasonable discretion, will determine what constitutes a support Incident. Typically, a support Incident is a situation where Customer needs remedial support focusing on one aspect of the Appliance Software Product Severity Levels 1, 2 and 3. Note that Severity Level 4 from is not considered as a support Incident. One support Incident may involve multiple emails, phone consultations, and off-line research.

A Support Incident has reached resolution when Customer receives one of the following:

a) Information that resolves the issue;

b) Information on how to obtain a software solution that will resolve the issue, or information that identifies the issue as being resolved by upgrading to a new Release of the Appliance Software Product;

c) Notice that the issue is caused by a previously known, unresolved issue or an incompatibility issue with the Appliance Software;

d) Information that isolates issue to a third-party product, not supported by PrimeKey.

3. MAINTENANCE APPLIANCE SOFTWARE AND FIRMWARE

PrimeKey will maintain the Products by providing Appliance Software Products and Firmware with Major Releases, Minor releases and Maintenance Releases as the same are offered by PrimeKey to its licensees of the Appliance Software Product under maintenance generally. Releases will be provided on an as-available basis and include the items listed below:

a) Bug fixes;

b) Enhancements to keep current with the Appliance Hardware delivered under the same Delivery Agreement as the Appliance Software Products; and

c) Performance enhancements to the PrimeKey Software;

Releases do not include:

a) Platforms not included in Appliance;

b) new functions such as new applications/modules.

Releases will be provided in object code or update archives and updates to related documentation will be made available for electronic download. All such deliveries shall be made by a single communication to the Agreement Coordinator. Duplication, distribution and installation of Releases are the responsibility of Customer. PrimeKey will not be responsible for incompatibilities as set forth in section 1.F above.

4. APPLIANCE HARDWARE REPAIR SERVICE

A. **Repair Service**

During the maintenance period, PrimeKey will repair or replace an Appliance Hardware that fails due to error, provided the Customer has obtained a valid PrimeKey RMA (Return merchandise authorization (RMA) from PrimeKey. PrimeKey will pay return shipping expenses. PrimeKey shall state separately on invoices taxes excluded from the fees, and the [Customer] agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3. The replacement device or part may be reconditioned or new. Reconditioned equipment is tested, certified, and carries the remainder of the original equipment’s warranty.

B. **Maintenance Service Plans**

Different maintenance service plans related to Appliance Hardware Repair are provided by PrimeKey.

i. **Standard Maintenance Service Plan**

Defect devices or parts will be repaired or replaced within 5 working days of receipt of the product. (Turn-around times do not include shipping time)

ii. **Premium Maintenance Service Plan**

Defect devices or parts will be repaired or replaced within 2 working days of receipt of the product. (Turn-around times do not include shipping time)

iii. **Premium Maintenance Service Plan with HW+ Option**
In addition to the Premium Maintenance Service Plan, HW+ offers Customers the option for an advance replacement of defect devices or parts without charges. Upon an RMA approval, PrimeKey will ship a replacement part before receiving the defective part. Customer is responsible for return of the equipment within 30 days and return shipping charges. Unreturned equipment will be invoiced at then current list price.

C. Excluded items
PrimeKey’s obligations and the stated fees do not include the following, unless otherwise follows from the Specification:

a) Procurement of add-ons, consumables and other equipment;

b) Maintenance of consumables, add-ons and other equipment

5. END OF LIFE – APPLIANCE HARDWARE

The need to End-of-Life (EOL) a product occurs from time-to-time as technology advances make earlier versions obsolete, as components and parts become no longer available for manufacture or repair and as the resulting ability to provide acceptable support becomes severely constrained and costly. PrimeKey, at its discretion, will from time-to-time declare a Product to be in an EOL state.

EOL announcements will be made to customers that will include dates for last time buy, upgrade or migration path options, and dates when changes to support coverage take effect.

Repairs for End of Life Products will be performed only if components are reasonably available and replacements will be provided only as long as inventory is reasonably available.

PrimeKey will provide best efforts to support an EOL Product but will be under no obligation to provide Major, Minor, or Maintenance Releases with respect to any product during its EOL state.

PrimeKey will continue to provide support to the extent reasonably practicable without providing Major Releases, Minor Releases or Maintenance Updates, and PrimeKey provides no guarantee that a problem with a Product supported on an End of Life basis can or will be resolved.
PrimeKey License Conditions for Software

These license conditions shall apply to all offers and Agreements under which PrimeKey Solutions AB (the “PrimeKey”) supplies Software (as defined below) to the Customer. No deviations from these License Conditions shall be valid unless expressly agreed in writing. A negotiated Government Purchase Order, signed by both parties, shall supersede the terms of the Agreement.

Definitions

Unless the context or circumstances clearly indicate otherwise, the following words and phrases shall have the meanings specified below:

**Agreement**: The agreement, including appendices, entered into between the parties regarding the license of Software.

**Software** means the enterprise version of EJBCA, SignServer and other PrimeKey Software. The Software includes software programs and releases provided under the Supports and Maintenance Agreement regarding the Software.

1. LICENSE

A. License grant

Subject to these PrimeKey’s license conditions PrimeKey grants to Customer a non-exclusive, non-transferable right, perpetual right to use the Software in object code form for internal purposes and not as a part of service provided to third parties.

B. Restrictions

Customer agrees that Customer shall not: (a) modify, reverse engineer or decompile, disassemble or otherwise translate the Software or alter or make derivative works thereof, unless permitted according to mandatory law; (b) remove any of PrimeKey’s proprietary notices or legends, including any PrimeKey Trademark contained in or on the Software or the documentation, without the specific prior written consent of PrimeKey; (c) make any copies of the Software or the documentation except for back up purposes; (d) sublicense, assign or otherwise transfer its rights under this Article 1.

2. SCOPE OF DELIVERY

A. Purchase Order(s)

Additional purchase orders shall not be binding on PrimeKey unless and until PrimeKey has accepted the purchase order by a written acknowledgement. These General Terms and Conditions shall apply on such purchase order. A negotiated Government Purchase Order, signed by both parties, shall supersede the terms of the Agreement.

B. Standard Software

The Software shall be PrimeKey’s standard Software. Unless specifically stated in a separate agreement between PrimeKey and Customer, PrimeKey shall have no obligation to create special or customized versions of any such product, or to ensure that the Software operate with Customer’s equipment, software, or systems. PrimeKey reserves the right, without prior approval from or notice to Customer, to make changes to any Product (i) to meet published specifications; (ii) that do not adversely affect the performance of the Product below any published specification; or (iii) when required for purposes of safety. PrimeKey also reserves the right to make changes to any Product without any obligation to make the same changes to Software previously ordered by or sold to Customer.

3. PRICE AND PAYMENT TERMS

A. Prices

The price(s) for the Software to be delivered in accordance with the Agreement are stated in the Agreement in accordance with the GSA Schedule Pricelist. The price for additional Purchase order(s) is to be specified in PrimeKey’s written acknowledgement in accordance with the GSA Schedule Pricelist.PrimeKey shall state separately on invoices taxes excluded from the fees, and the [Customer] agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

B. Payment terms

PrimeKey will invoice the Customer at the time of delivery of the Software to the Customer. Payment terms for all invoiced amounts shall be thirty (30) days from the receipt date of invoice(s). Customer shall make all payments due to PrimeKey WITHOUT ANY OFFSET OR DEDUCTION WHATSOEVER, and without regard to whether Customer has made or may make inspections of the Software delivered to Customer. Any invoiced amount which is not paid when due shall bear interest at the interest rate governed by the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CFR 1315.

4. DELIVERY TERMS

A PrimeKey will deliver the Software on electronic media, or make the Software available for electronic download within 5 working days from the date of the accepted Purchase Order. In the latter case Customer will be responsible for accessing PrimeKey’s site and downloading the Software.

B The delivery term for the Software shall be Ex works PrimeKey’s facility INCOTERMS 2010. If PrimeKey has requested a bank guarantee in the Agreement a delivery is conditioned on that PrimeKey has received the requested bank guarantee.

5. INTELLECTUAL PROPERTY RIGHTS

A. Rights
All rights, title, ownership and interest in and to Software and derivative works thereof but not limited to, all intellectual property rights therein, are and shall remain the property of PrimeKey and/or its PrimeKey except the rights expressly contained herein.

B. Trademarks
Customer shall not alter or remove from the Software (or their packaging or documentation), or alter, any of PrimeKey’s or its suppliers’ trademarks, trade names, logos, patent or copyright notices, or other notices or markings, or add any other notices or markings to the Software (or their packaging or documentation).

6. SOFTWARE - "LIMITED WARRANTY"
A. PrimeKey and the Customer shall enter into a Support and Maintenance Agreement. The rectification and liability for any defects in the Software shall be solely regulated and governed by the Maintenance Agreement. PrimeKey warrants that the Appliance Software will, for a period of sixty (60) days from the date of your receipt, perform substantially in accordance with Appliance Software written materials accompanying it. EXCEPT AS EXPRESS-LY SET FORTH IN THE FOREGOING, Customer may not in any case make any claims against PrimeKey for any defects or problems with the Software under the Agreement. Notwithstanding this, if there is a major defect in the Software that is reported in writing within 30 days from the delivery of the Software and the defect has not been rectified according to the Support and Maintenance Agreement within 60 days from the report, the Customer may, in writing, set a reasonable final deadline for rectification. If the material defect has not been rectified when the deadline has expired and it is of substantial significance for the Customer’s use of the concerned Software and PrimeKey knew or should have known of this, the Customer shall be entitled after the expiry of the deadline to notify the supplier in writing of the cancellation of the Agreement for the applicable Software. If the Customer cancels the Agreement for the concerned Software the Customer shall be entitled to refund of the paid price for that Software, which shall be the exclusive remedy for the cancellation and with no right to damages for Custom-er.
B. PrimeKey makes no warranty regarding the Software, expressed or implied, including but not limited to any implied warranties of merchantability and fitness for particular purpose. TO THE MAXIMUM EXTENT PERMIT-TED BY APPLICABLE LAW IN NO CASE WILL PRIMEKEY BE OBLIGED TO COMPENSATE THE CUSTOMER FOR DAMAGE, BE IT DIRECT OR INDIRECT, CAUSED BY MALFUNCTIONS OF THE SOFTWARE OR THE CUSTOMER’S USE OF IT, NOR IS PRIMEKEY RESPONSIBLE FOR DAMAGE WHICH MAY OCCUR AS A CONSEQUENCE OF THE CUSTOMER’S USE OF THE SOFTWARE SUCH AS LOSS OF DATA, SALES, PRODUCTION OR PROFITS OR ANY DAMAGE TO A THIRD PARTY.

7. INFRINGEMENT
A. PrimeKey undertake to defend, at its own expense, the Customer against any claim, suit or proceeding brought against any of them based on the allegation that the use of any Software within EU or United States furnished by PrimeKey under the Agreement constitutes an infringement of any intellectual property rights or applications thereof or an unauthorized use of know-how, trade secrets or other proprietary rights. PrimeKey shall furthermore indemnify the Customer against any costs or damages that the Customer may become liable to pay as a result of a judgment or settlement. The obligation of PrimeKey only applies if the Customer has notified PrimeKey without undue delay in writing of such claim, suit or proceeding and PrimeKey given authority, information, and assis-tance to settle the claim or control the defense of any suit or proceeding. Nothing contained herein shall be con-strued in derogation of the U.S. Department of Justice’s right to defend any claim or suit brought against the U.S. pursuant to its jurisdictional statute 28 U.S.C. § 516.
B. In the event that the Software or any part thereof is in such suit held to constitute an infringement and/or its further use is enjoined within EU or United States, PrimeKey shall promptly, at its own expense and at its option, and to the extent it is commercial reasonable either: (a) replace the infringing Software with non-infringing soft ware programs and documentation of equivalent function and performance; or (b) modify the Software so that they become non-infringing without detracting from function or performance. If it is not commercial reasonable for PrimeKey to fulfill its obligations pursuant to the above within a reasonable time, the Customer shall be entitled to a reduction of the price corresponding to the reduced value of the Software resulting from the infringement but not for longer period than five years from its delivery date.
C. PrimeKey’s liability for infringements of the Software does not cover any third party software or infringements caused by Customer. PrimeKey’s entire liability for infringements is limited to what is set forth in this section 7.

8. LIMITATIONS OF LIABILITY AND EXCLUSIONS OF DAMAGES
A. Notwithstanding anything herein to the contrary, PrimeKey shall not be liable to Customer, or to any third party claiming through Customer, for the failure of performance of any obligation of PrimeKey except as specifically set forth herein, or otherwise agreed to in writing.

B. PRIMEKEY’S AGGREGATE LIABILITY ARISING OUT OF THE SALE/LICENSE OF A SOFTWARE TO CUSTOMER, REGARDLESS OF THE FORM OF ACTION GIVING RISE TO SUCH LIABILITY (WHETHER IN CONTRACT, TORT OR OTHERWISE), SHALL NOT THE PRICE FOR THAT SOFTWARE PAID BY CUSTOMER TO PRIMEKEY.
C. IN NO EVENT SHALL PRIMEKEY BE LIABLE FOR SPECIAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR TORT DAMAGES, INCLUDING, WITHOUT LIMITATION, ANY DAMAGES RESULTING FROM LOSS OF USE, LOSS OF DATA, LOSS OF PROFITS, LOSS OF ANTICIPATED PROFITS, OR LOSS OF BUSINESS ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, THE PERFORMANCE OF THE SOFTWARE OR OF ANY OTHER OBLIGATIONS RELATING TO THIS AGREEMENT OR THE SOFTWARE. The foregoing limitation of
liability shall not apply to (1) personal injury or death resulting from Licensor’s negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

D. Excusable delays shall be governed by FAR 52.212-4(f).

E. The limitations of liability contained herein are a fundamental part of the bargain, and Customer acknowledges that PrimeKey would not sell Software absent these limitations.

9. AUDIT

At PrimeKey’s request Customer shall at least annually provide a signed certification verifying that the Software is being used pursuant to the provisions of the Agreement and a listing of the numbers of the systems on which the Software is run. In addition, PrimeKey shall be entitled periodically audit the Customer’s use of the Software to ensure that Customer are using the Software in accordance with the provisions of the Agreement. If an audit reveals that a Customer has used or permitted the use of the software in excess of the amount of licenses pur-chased, PrimeKey shall obtain payment from the Customer for the excessive use.

10. SECRECY

A. During a period of three years from the actual delivery date, neither party may, without the approval of the other party, use or otherwise divulge to a third party information concerning the internal affairs of the other party which may be regarded as a business or professional secret or information which, according to law, is covered by a duty of confidentiality. The duty of confidentiality does not extend to information which a party can show has become known to the party otherwise than in connection with the execution or performance of the Agreement, or which is in the public domain. Nor shall the duty of confidentiality apply where a party is obligated to disclose such infor-mation by law, court or government order or binding stock exchange regulations. Customer further undertakes without limitation in time to keep the Software and any and documentation and other information related to the Software strictly confidential, and not to disclose the Software to any third party, without the prior written consent of Licensor. PrimeKey recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as “confidential” by the ven-dor.

B. A party shall, through confidentiality undertakings with personnel or other appropriate measures, ensure compli-ance with the above duty of confidentiality. A party shall also ensure that retained subcontractors and their em-employees sign corresponding confidentiality undertaking.

11. APPLICABLE LAW, DISPUTES

A. This Agreement shall be governed by and construed in accordance with the Federal laws of the United States.

B. Reserved.

12. EXPORT –COMPLIANCE WITH LAW

A. PrimeKey is responsible for obtaining and maintaining any export licenses required for delivery of Software to the agreed destination to the Customer. Prior the execution of this agreement, PrimeKey is responsible to provide the relevant export control commodity numbers (the “ECCN codes”) of Software according to US and EU export ad-ministration regulations or the corresponding data according to other applicable regulations. This information shall be updated on an ongoing basis every time a non-insignificant update is provided or when new regulations come into effect.

B. Customer shall comply with all applicable laws, including export controls imposed by the Federal Government of the United States. Without limiting the generality of the foregoing, Customer agrees that it shall not export or re-export any PrimeKey Software to any country without first obtaining all necessary and required licenses, consents and approvals. Customer acknowledges that shipments of the PrimeKey Software may be subject to export laws and that such laws could delay or preclude delivery of PrimeKey Software in the future. Customer shall, at its sole cost and expense, obtain and maintain in effect all permits, licenses and other consents necessary to the conduct of its activities hereunder.

13. GENERAL PROVISIONS

A. The Agreement, including the schedules and exhibits hereto, together with the underlying GSA Schedule Con-tract, Schedule Pricelist, Purchase Order(s), sets forth the entire agreement and understanding of the Parties with respect to the subject matter hereof, and supersedes all prior oral and written agreements and understandings relating thereto.

B. For purposes of the Agreement, the term “written” means anything reduced to a tangible form by a party, includ-ing a printed or hand written document, e-mail or other electronic format.

C. No waiver, alteration, modification, or cancellation of any of the provisions of this Agreement shall be binding unless made in writing and signed by both PrimeKey and Customer. The failure of either PrimeKey or Customer at any time or times to require performance of any provision hereof shall in no manner affect the right at a later time to enforce such provision.

D. All notices to be given in connection with this Agreement shall be effective upon receipt, shall be made in writing and shall be sufficiently given if personally delivered or if sent by facsimile transmission, e-mail, courier or other express mail service, postage prepaid, addressed to the party entitled or required to receive such notice at the address for such party set forth below. Either party may by such notice to the other change such address.

E. The Agreement shall be binding upon, and inure to the benefit of, PrimeKey and Customer and their respective legal representatives, successors and permitted assigns. The parties shall not assign, sublicense or otherwise transfer any of its duties, hereunder, in whole or in part, without the prior written consent of the other Party.
F. In the event that any provisions contained in this Agreement or any part thereof shall for any reason be held invalid, illegal or unenforceable in any respect by a court of competent jurisdiction, to such extent such provision shall be deemed null and void and severed from this Agreement, the remainder of this Agreement shall remain in full force and effect, and the invalid provision shall be replaced with a valid provision which most closely approximates the intent and economic effect of the invalid provision.

G. The headings appearing at the beginning of the several sections contained in this Agreement have been inserted for identification and reference purposes only and shall not be used in the construction and interpretation of this Agreement.
Description of Maintenance/ Support services for PrimeKey Software

Definitions:
Unless the context or circumstances clearly indicate otherwise, the following words and phrases shall have the meanings specified below:

**Business Hours:** are the hours between 9am and 5pm CEST, Monday through Friday excluding legal holidays.

**Major Release:** mean major enhancements to the Software Product and is marked by the first digit in the Re-lease digits i.e Release 1.2.3. A Major Release does not include enhancements/ new functionality that is sold as a separate module.

**Minor Release:** mean minor enhancements to the Software Product and is marked by the second digit in the Release digits i.e Release 1.2.3.

**Maintenance Release:** mean defect corrections and flaws in the finish to the Software and is marked by the third digit in the Release digits i.e Release 1.2.3.

**Second Line support**

**Third Line support**

The definitions in the main document and other appendices to the Support and Maintenance Agreement shall also apply in this document.

1. GENERAL

A. Telephone support

Telephone support means that where there is a fault, or suspected fault, in the Software, PrimeKey shall assist the Customer by replying to question from persons specifically appointed by the Customer, provided the time required to answer them is reasonable. Telephone Support is made only in English. Telephone support will be provided during the hours between 9am and 5pm CEST, Monday through Friday excluding legal holidays (“Business Hours”).

Telephone Support does NOT include general system infrastructure, network design or troubleshooting, installation assistance, or configuration support for third party components.

B. Problem Reporting and Tracking Procedures

Customer may use the services described herein only by making reference to the authorized Support and Maintenance Agreement number. A twenty-four (24) hour Support Center HOTLINE is provided for problem reporting, including reporting of problems outside of normal business hours.

C. Services not included

Customer agrees that it will not expect PrimeKey to handle routine support and maintenance issues that are typi-cally the responsibility of a Product end-user and which were explained in reasonable detail during the training conducted by PrimeKey for Customer technical personnel as part of the installation and acceptance testing of the PrimeKey Products. Specifically PrimeKey support does not include any of the following:

a) custom programming services;

b) on-site support, including installation of hardware or software;

c) support of any software not constituting part of the Software;

d) training;

D. Supported Releases of the Software

PrimeKey will provide support for the current Major and Minor Release and the Major or Minor Release preceding the current Release. If Prime Key offers a Major Release PrimeKey will support the last Release in the preceding Minor Release 12 months after notice to the Customer that the support of the Major Release will cease. After this time, PrimeKey shall have no further responsibility for supporting and maintaining the prior releases, but may continue to do so in PrimeKey's sole discretion.

PrimeKey shall notify the Customer if a Major Release is not compatible with the Software Hardware that is a service object under the Support and Maintenance Agreement.

E. Third party software

PrimeKey’s undertaking does not apply to a Software that is a third party product.

F. Incompatibilities (Exception from PrimeKey’s obligations)

PrimeKey assumes no responsibility for the correctness of, performance of, or any resulting incompatibilities with, current or future releases of the Software, if Customer has made changes to the Software Hardware or Software configuration in effect as of the effective date this Agreement or to the it environment approved by PrimeKey in writing and were made without prior notification and written approval by PrimeKey.

G. Customer assistance

Customer shall provide all reasonable assistance requested by PrimeKey and PrimeKey shall not be responsible for any delays or failures to support or maintain the Software if and to the extent such failure is a result of Customer’s failure to provide reasonable assistance to PrimeKey or otherwise perform its obligations under the Agreement. Customer shall provide a description of the commands and procedures that reveal a fault.

H. Second Line support

If it is stated in the main document to the Support and Maintenance Agreement that Customer shall perform Second Line support, Customer shall perform the Second Line support and PrimeKey’s shall only perform Third Line support.
2. SUPPORT SERVICES
A. Support Service Plans
Support Center HOTLINE
PrimeKey will make available support contacts to request servicing of the Products. The initial support contacts are:
   a) Issue Tracker at https://jira.primekey.se/, or
   b) email at support@primekey.com, or
   c) telephone number at +46 8 522 11 660 or (888) 832-0111.

i. Standard Support Service Plan
   The Support Center HOTLINE for Standard Support is available during Business Hours.

ii. Premium Support Service Plan
   The Support Center HOTLINE for Premium Support is available twenty-four (24) hours a day, seven (7) days a week, three-hundred-sixty-five (365) days a year.

B. Severities
Upon receipt by PrimeKey through the Support Center HOTLINE of an error, defect, malfunction or nonconformity in the Products, PrimeKey shall respond as provided below.

i. Severity 1: Produces an emergency situation in which the PrimeKey Product is inoperable, produces incorrect results, or fails catastrophically.
   **Service Response:** PrimeKey will provide a response by a qualified member of its staff to begin to diagnose and to correct a Severity 1 problem as soon as reasonably possible, but in any event a response via telephone will be provided within the SLA period stated in Table A. The resolution will be delivered as a work-around, emergency software. If PrimeKey delivers an acceptable work-around, the severity classification will drop to a Severity 2.

ii. Severity 2: Produces a detrimental situation in which performance (throughput or response) of the PrimeKey Products degrades substantially under reasonable loads, such that there is a severe impact on use; the PrimeKey Software is usable, but materially incomplete; one or more mainline functions or commands is inoperable; or the use is otherwise significantly impacted.
   **Service Response:** PrimeKey will provide a response by a qualified member of its staff to begin to diagnose and to correct a Severity 2 problem as soon as reasonably possible, but in any event a response via telephone will be provided within the SLA period stated in Table A. The resolution will be delivered in the same format as Severity 1 problems. If PrimeKey delivers an acceptable work-around for a Severity 2 problem, the severity classification will drop to a Severity 3.

iii. Severity 3: Produces an inconvenient situation in which Software is usable, but does not provide a function in the most convenient or expeditious manner, and the user suffers little or no significant impact.
   **Service Response:** PrimeKey will use reasonable commercial efforts to resolve Severity 3 problems in the next Maintenance Release.

iv. Severity 4: Produces a noticeable situation in which the use is affected in some way which is reasonably correctable by a documentation change or by a future, regular release from PrimeKey.
   **Service Response:** PrimeKey will provide, if agreed by PrimeKey, as a fix or fixes for Severity 4 problems in future Maintenance Release.

C. Support Incident
PrimeKey, in its reasonable discretion, will determine what constitutes a support Incident. Typically, a support Incident is a situation where Customer needs remedial support focusing on one aspect of the Software Product Severity Levels 1, 2 and 3. Note that Severity Level 4 from is not considered as a support Incident. One support Incident may involve multiple emails, phone consultations, and off-line research.

A Support Incident has reached resolution when Customer receives one of the following:
   a) Information that resolves the issue;
   b) Information on how to obtain a software solution that will resolve the issue, or information that identifies the issue as being resolved by upgrading to a new Release of the Software Product;
   c) Notice that the issue is caused by a previously known, unresolved issue or an incompatibility issue with the Software;
   d) Information that isolates issue to a third-party product, not supported by PrimeKey.

3. MAINTENANCE
PrimeKey will maintain the Software by providing Major Releases, Minor releases and Maintenance Releases as the same are offered by PrimeKey to its licensees of the Software under maintenance generally. Releases will be provided on an as-available basis and include the items listed below:

a) Bug fixes;

b) Enhancements to keep current with the Software Hardware delivered under the same Delivery Agreement as the Software; and

c) Performance enhancements to the PrimeKey Software; but Releases do not include:

a) Platforms not included in Software;

b) new functions such as new applications/modules.

Releases will be provided in object code or update archives and updates to related documentation will be made available for electronic download. All such deliveries shall be made by a single communication to the Agreement Coordinator. Duplication, distribution and installation of releases are the responsibility of Customer. If requested, PrimeKey will provide assistance in the installation of Releases on a time and materials basis, plus expenses. PrimeKey will not be responsible for incompatibilities as set forth in section 1.F above.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Catbird Networks, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-Of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrument of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claims under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
ARTICLE 1: DEFINITIONS

“Catbird” means Catbird Networks Inc., 1800 Green Hills Road Suite 113, Scotts Valley, CA 95066.

“Catbird Control Center” is a web-based management console for managing one or more Catbird Virtual Machine Appliances (as defined below).

“Catbird Virtual Machine Appliance” is software that provides security by connecting to physical or virtual network switches.

“Catbird Virtual Security Professional” or “CVSP” is a suite of training materials comprising curricula and software.

“Catbird vSecurity® Application” comprises two components: the Catbird Virtual Machine Appliance and the Catbird Control Center. The Catbird Virtual Machine Appliance operates in existing virtual infrastructures or as a standalone virtual machine using a virtual machine player technology. The Catbird Control Center provides management, data correlation, data analysis, logging and integration with other vendor products.

“Seat” means a named individual user of CVSP.

“Socket” means a CPU slot on a printed circuit board (PCB) that is designed to house a CPU (also called a microprocessor). CPU sockets are found on the motherboard of server computers.

“Software” means the Catbird vSecurity® Application and CVSP, including (a) all of the contents of the files, download packages delivered to Ordering Activity or hosted by Catbird or its distributors, resellers, OEM/MSP partners, or other business partners (collectively “Authorized Partner(s)”) and accessed by Ordering Activity, including but not limited to (i) Catbird or third party computer information or software; (ii) related explanatory materials in printed, electronic, or online form, including information on the term of Ordering Activity license ("Documentation"); and (b) upgrades, modified or subsequent versions and updates of the Software, if any, licensed to Ordering Activity by Catbird or an authorized partner as part of a maintenance contract or service subscription.

“Use” or “Using” means to access, install, download, copy or otherwise benefit from the Software.

ARTICLE 2: LICENSE GRANTS

Section 2.1 Catbird Control Center License. Contractor hereby grants Ordering Activity, as defined in GSA Order ADM4800.2H and revised from time to time, a worldwide, perpetual, nonexclusive, nonsublicensable, nonassignable license to download, install and use Catbird Control Center on Ordering Activity computer(s), for the sole purpose of managing Catbird Virtual Machine Appliances. Ordering Activity license is for the number of Seats set forth in the most recently-issued license certificate delivered to Ordering Activity by Contractor.

Section 2.2 Catbird Virtual Machine Appliance License. Contractor hereby grants Ordering Activity a worldwide, perpetual, nonexclusive, nonsublicensable, nonassignable license to download, install, and Use the Catbird Virtual Machine Appliance software on Ordering Activity computer(s), for the sole purpose of implementing network security controls and virtual infrastructure monitoring within Ordering Activity network. Ordering Activity license is for the number of Seats set forth in the most recently-issued license certificate delivered to Ordering Activity by Contractor.

Section 2.3 CVSP License. Contractor hereby grants Ordering Activity a worldwide, perpetual, nonexclusive, nonsublicensable, nonassignable license to download, install and Use CVSP for the sole purpose of Using the Catbird vSecurity® Application. Ordering Activity’s license is for the number of Seats set forth in the most recently-issued license certificate delivered to Ordering Activity by Contractor.

Section 2.4 Feedback License. Ordering Activity hereby grant to Catbird through Contractor a royalty-free, worldwide, irrevocable, perpetual license to make any and all use of any and all suggestions, enhancement requests, recommendations or other feedback provided by Ordering Activity or on Ordering Activity’s behalf relating to the Software, any portion thereof, or any Documentation and training materials associated therewith.

ARTICLE 3: USE OF THE SOFTWARE

Section 3.1 No Third-Party Grants. Ordering Activity will not sell, assign, rent, lease, distribute, export, import, act as an intermediary or provider, or otherwise grant rights to third parties with regard to the Software or any portion thereof.

Section 3.2 No Improper Use. Ordering Activity will not (i) permit any third party to access the Software or make the Software available for access by any third party unless expressly agreed to in writing by Catbird, (ii) copy, frame or mirror any part or content of the Software, (iii) access the Software in order to build a competitive product or service, (iv) copy any features, functions or graphics of the Software, (v) Use the Software to store or transmit infringing, libelous, or otherwise unlawful or tortious material, or to store or transmit material in violation of third-party privacy rights, (vi) Use the Software to store or transmit malicious code or software, (vii) interfere with or disrupt the integrity or performance of the Software or third-party data contained therein, (viii) attempt to gain unauthorized access to the Software or its related systems or networks, or (ix) Use the Software, alone or in combination with other components, to infringe the intellectual property rights of any third party.

Section 3.3 No Reverse Engineering. Ordering Activity will not undertake, cause, permit or authorize the modification, creation of derivative works, translation, reverse engineering, decompiling, disassembling or hacking of the Software or any portion thereof. Any source code, ideas, know-how, techniques, algorithms, procedures, and any other concepts derived from any act performed in violation of this Section 3.3 shall constitute intellectual property of Catbird to which Catbird shall retain all exclusive right, title, and interest, and to which the terms of Section 4.1 shall apply.
Section 3.4 No Unlawful Use. Ordering Activity will Use the Software solely for lawful purposes. In this respect, Ordering Activity may not, without limitation (a) intercept or monitor any equipment that is not Ordering Activity’s; (b) use any type of spider, virus, worm, trojan-horse, time bomb or any other codes or instructions that are designed to distort, delete, damage or disassemble the Software; (c) Use the Software to cause or intend to cause embarrassment or distress to, or to threaten, harass any third party.

Section 3.5 Consent. If Ordering Activity Use of the Software is dependent upon the use of a processor and bandwidth owned or controlled by a third party, Ordering Activity acknowledge and agree that Ordering Activity license to Use the Software is subject to Ordering Activity obtaining consent from the relevant third party for such use. Ordering Activity represent and warrant that by accepting this Agreement and using the Software, Ordering Activity have obtained such consent.

ARTICLE 4: EXCLUSIVE OWNERSHIP

Section 4.1 Owned by Catbird. As between Ordering Activity and Catbird, Catbird shall own all right, title, and interest in and to the Software and any associated Documentation and training materials, including all related intellectual property rights (“IP Rights”). Nothing in this Agreement shall be construed to transfer any such IP Rights to, or to vest any such IP Rights in, Ordering Activity. Ordering Activity will not take any action to jeopardize, limit or interfere with Catbird’s IP Rights. Any unauthorized use of Catbird’s IP Rights is a material breach of this Agreement as well as a violation of intellectual property laws and treaties, including without limitation copyright laws and trademark laws. For the avoidance of doubt, Ordering Activity possession, installation, or Use of the Software does not transfer to Ordering Activity any title to the intellectual property in the Software, and Ordering Activity will not acquire any rights to the Software except as expressly set forth in this Agreement. Any copy of the Software and Documentation authorized to be made hereunder must contain the same proprietary notices that appear on and in the Software and Documentation.

Section 4.2 No Removal of Notices. Ordering Activity will not remove, obscure, make illegible or alter any notices or indications of the IP Rights and/or Catbird’s rights in the Software or any associated documentation and Training Materials and ownership thereof, whether such notice or indications are affixed on, contained in or otherwise connected to any materials.

ARTICLE 5: UPGRADES AND UPDATES

Section 5.1 Upgrades. Contractor, in its sole discretion, reserves the right to add additional features or functions, or to provide programming fixes, updates and upgrades, to the Software. Contractor has no obligation to make available to Ordering Activity any subsequent versions of the Software.

Section 5.2 Updates. Contractor, in its sole discretion, reserves the right to updates security information to the Catbird vSecurity® Application. Contractor has no obligation to make available to Ordering Activity any subsequent updates to the security information contained within the Catbird vSecurity® Application.

ARTICLE 6: RESERVED

ARTICLE 7: INDEMNIFICATION, WARRANTY DISCLAIMER AND LIMITATIONS OF LIABILITY

Section 7.1 Reserved.

Section 7.2 Warranty Disclaimer. CONTRACTOR MAKES NO WARRANTY AS TO ITS USE OR PERFORMANCE. EXCEPT FOR ANY WARRANTY, CONDITION, REPRESENTATION OR TERM THE EXTENT TO WHICH CANNOT BE EXCLUDED OR LIMITED BY APPLICABLE LAW, CONTRACTOR, ITS SUPPLIERS, AND AUTHORIZED PARTNERS MAKE NO WARRANTY, CONDITION, REPRESENTATION, OR TERM (EXPRESS OR IMPLIED, WHETHER BY STATUTE, COMMON LAW, CUSTOM, USAGE OR OTHERWISE) AS TO ANY MATTER INCLUDING, WITHOUT LIMITATION, NONINFRINGEMENT OF THIRD PARTY RIGHTS, SATISFACTORY QUALITY, OR INTEGRATION. WITHOUT LIMITING THE FOREGOING PROVISIONS, CONTRACTOR MAKES NO WARRANTY THAT THE SOFTWARE WILL BE ERROR-FREE OR FREE FROM INTERRUPTIONS OR OTHER FAILURES. THIS CLAUSE DOES NOT LIMIT OR DISCLAIM ANY OF THE WARRANTIES SPECIFIED IN THE GSA SCHEDULE 70 CONTRACT UNDER FAR 52.212-4(o). IN THE EVENT OF A BREACH OF WARRANTY, THE U.S. GOVERNMENT RESERVES ALL RIGHTS AND REMEDIES UNDER THE CONTRACT, THE FEDERAL ACQUISITION REGULATIONS, AND THE CONTRACT DISPUTES ACT, 41 U.S.C. 7101-7109.

Section 7.3 Reserved.

ARTICLE 8: TERMINATION

Section 8.1 Reserved.

Section 8.2 Reserved.

Section 8.3 Consequences of Termination. Upon termination of this Agreement:
(a) all licenses and rights to Use the Software shall immediately terminate; (b) Ordering Activity will immediately cease any and all Use of the Software; and (c) Ordering Activity will immediately remove the Software from all hard drives, networks and other storage media and destroy all copies of the Software in Ordering Activity’s possession or under Ordering Activity’s control.

ARTICLE 9: MISCELLANEOUS

Section 9.1 Export Controls. Ordering Activity are advised that the Software is of United States origin and subject to the United States Export Administration Regulations; diversion contrary to United States law and regulation is prohibited. Ordering Activity agree not to directly or indirectly export, import, download or transmit the Software to any country, end user or for any Use that is prohibited by applicable United States regulation or statute (including but not limited to those countries embargoed from time to time by the United States government). Additionally, Ordering Activity agree not to directly or indirectly export, import or transmit the Software contrary to the laws or regulations of the United States.
Section 9.2 Government End Users. The Software and accompanying Documentation are deemed to be “commercial computer software” and “commercial computer software documentation,” respectively, pursuant to DFAR Section 227.7202 and FAR Section 12.212, as applicable. Any Use, modification, reproduction, release, performance, display or disclosure of the Software and accompanying Documentation by the United States Government shall be governed solely by the terms of this Schedule Contract and shall be prohibited except to the extent expressly permitted by the terms of this Schedule Contract.

Section 9.3 Reserved.

Section 9.4 Reserved.

Section 9.5 No Waiver. No waiver of any term or condition of this Agreement will be valid or binding on either Party unless the same will have been mutually assented to in writing by an officer of both Parties. The failure of either Party to enforce at any time any of the provisions of this Agreement, or the failure to require at any time performance by the other Party of any of the provisions of this Agreement, will in no way be construed to be a present or future waiver of such provisions, nor in any way affect the ability of either Party to enforce each and every such provision thereafter.

Section 9.6 Partial Invalidity. If any provision of this Agreement is held to be invalid or unenforceable by a court of competent jurisdiction, then the remaining provisions will nevertheless remain in full force and effect, and the Parties shall negotiate in good faith a substitute, valid, and enforceable provision that most nearly reflects the Parties' intent in entering into this Agreement.

Section 9.7 Catbird Customer Contact. If Ordering Activity have any questions concerning this Agreement, or if Ordering Activity would like to contact Catbird for any other reason, please call (831) 440-8149, fax (831) 461-1611, or write: Catbird Networks, Inc., Attention: Customer Service, 1800 Green Hills Road, Suite 113, Scotts Valley, California 95066
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. Scope. This Rider and the attached Centrify Corporation ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. Applicability. Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) Contracting Parties. The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) Changes to Work and Delays. Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) Contract Formation. Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included in the contract signed by the Government.

d) Termination. Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) Choice of Law. Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) Equitable remedies. Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) Unilateral Termination. Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) Unreasonable Delay. Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) Assignment. All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) Waiver of Jury Trial. Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) Government Indemnities. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the
clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

CENTRIFY CORPORATION

CENTRIFY CORPORATION LICENSE, WARRANTY AND SUPPORT TERMS

GRANT. Contractor hereby grants to Ordering Activity (herein also referred to as “You” or “Your”) as licensee, a personal, nonexclusive, nontransferable license, without right of sublicense, to install, use and execute, Centrify DirectControl, together with any updates and modifications to the foregoing, if any, provided to you by Contractor (collectively "Software"). The Software is licensed solely in machine readable object code format. You may install, use and execute the component(s) of the Software on that number and type of applications and computers for which you have paid Contractor a GSA license fee. The manner of calculating the type and number of applications and computers shall be determined by the operation and configuration of the Software, the terms of the Documentation, and/or Centrify’s standard practices, unless otherwise agreed in a fully executed agreement between you and Contractor. Contractor further grants you a personal, nonexclusive, nontransferable license to install, use, execute and modify the Group Policies supplied, in their source code form, as part of the Software, solely for the purpose of modifying the Group Policies and Reports to meet your specific needs (“Modified Group Policies and Reports”). Except as provided herein, the Modified Group Policies and Reports shall be deemed to be Software hereunder.

RESTRICTIONS. The rights granted herein are subject to the following restrictions: (i) you may not copy (except for back-up purposes), modify, port, adapt, translate, localize, reverse engineer, de-compile, disassemble or otherwise attempt to discover the source code of the Software, except and only to the extent that it is expressly permitted by the law in effect in the jurisdiction in which you are located notwithstanding this limitation; (ii) you may not create derivative works based on the Software; (iii) you may not remove any patent, trademark, copyright, trade secret or other proprietary notices or labels on the Software or Documentation; (iv) you may not transfer, lease, assign, sublicense, pledge, rent, share or distribute the Software or make it available for timesharing, service bureau or on-line use, unless previously agreed to in writing by Contractor; and (v) you may not disclose the results of any performance, functional or other evaluation or benchmarking of the Software to any third party without the prior written permission of Contractor.

SOFTWARE. If you receive your first copy of the Software electronically, and a second copy on physical media, the second copy may be used for archival purposes only. This Attachment A does not grant you any right to receive, or any license to, any enhancement or update of the Software, or any other Centrify software.

TITLE. The Software and Documentation are confidential and proprietary information of Contractor and/or its suppliers. Title, ownership rights, and intellectual property rights in and to the foregoing shall remain with Contractor and/or its suppliers. The Software and Documentation are protected by the copyright laws of the United States and international copyright treaties. Title, ownership rights, and intellectual property rights in and to the content accessed through the Software are the property of the applicable content owner and may be protected by applicable copyright or other law. This license gives you no rights to such content. This license does not convey to you an interest in or to the Software, but only grants you a limited right of use, which may be revocable in accordance with the terms of this Attachment A.

MAINTENANCE AND TECHNICAL SUPPORT. Subject to your payment of applicable GSA fees, Contractor through Centrify will provide maintenance and support services in accordance with Centrify’s standard support policies. You understand that Centrify may update the software at any time. Such updates may be provided to you in due course, but Centrify has no obligations to provide such updates to you. You may decide whether to install updates to the Software unless Contractor, through Centrify expressly notifies you that a particular update is mandatory.

DISCLAIMER OF WARRANTIES. THE SOFTWARE IS PROVIDED TO YOU AS IS AND THERE ARE NO WARRANTIES, CLAIMS OR REPRESENTATIONS MADE BY CONTRACTOR OR ITS SUPPLIERS, EITHER EXPRESS, IMPLIED, OR STATUTORY, WITH RESPECT TO THE SOFTWARE, INCLUDING WARRANTIES OR CONDITIONS OF TITLE, QUALITY, PERFORMANCE, NONINFRINGEMENT, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE, NOR ARE THERE ANY WARRANTIES CREATED BY COURSE OF DEALING, COURSE OF PERFORMANCE, OR TRADE USAGE. CONTRACTOR AND ITS SUPPLIERS DO NOT WARRANT THAT THE SOFTWARE WILL MEET YOUR NEEDS OR BE FREE FROM ERRORS, OR THAT THE OPERATIONS OF THE SOFTWARE WILL BE UNINTERRUPTED. CONTRACTOR AND ITS SUPPLIERS DO NOT WARRANT THE ACCURACY OF THE REPORTS GENERATED. THE FOREGOING EXCLUSIONS AND DISCLAIMERS ARE AN ESSENTIAL PART OF THIS ATTACHMENT A AND FORMED THE BASIS FOR DETERMINING THE PRICE CHARGED FOR THE PRODUCTS. SOME STATES DO NOT ALLOW EXCLUSION OF AN IMPLIED WARRANTY, SO THIS DISCLAIMER MAY NOT APPLY TO YOU.

U.S. GOVERNMENT RESTRICTED RIGHTS. If the Software is being acquired by or on behalf of the U.S. Government or by a U.S. Government prime contractor or subcontractor (at any tier), in accordance with 48 C.F.R. 227.7202-4 (for Department of Defense (DOD) acquisitions) and 48 C.F.R. 2.101 and 12.212 (for non-DOD acquisitions), the government's rights in Software and Documentation, including its rights to use, modify, reproduce, release, perform, display or disclose the Software or Documentation, will be subject in all respects to the commercial license rights and restrictions provided in this Attachment A.

EXHIBIT A – CENTRIFY SUPPORT PACKAGES

Support Packages

Contractor through Centrify offers two customer support packages, Standard and Premium, to provide the right level of support to fit your organization’s specific needs.

Standard Support
- Support by phone and email.
- Access to Centrify’s secure Online Customer Support Portal, which includes Knowledge Base articles, case submission and tracking, and product and documentation downloads
- Two designated support contacts.
- An escalation process to ensure your issues are addressed in a timely manner.

Online product updates and patch downloads.

https://www.immixgroup.com/contract-vehicles/gsa/lt-70/0511T/
Premium Support
- All Standard Support features, plus …
- 24 x 7 x 365 support.
- Two additional designated support contacts (for a total of four).
- Eligible for extended version and platform support.

After hours Incident Support
- Pre-purchased Premium incidents for Standard Support customers
- Expires 90 days from purchase.

How to Contact Support
Contractor through Centrify Support is accessible through multiple channels.

Online
Centrify’s secure Online Customer Support Portal provides 24-hour access to Knowledge Base articles, case submission and tracking, and product and documentation downloads. Visit: www.centrify.com/support

Phone & Email
North America (and all other areas excluding EMEA)
Phone: +1 408 542 7500
Monday – Friday 9 a.m. to 6 p.m. in your North America time zone (GMT -5 to GMT -8)
Email: support.us@centrify.com
Response times vary based on your support package and the priority level of the issue.

Europe, Middle East and Africa (EMEA)
Phone: +44 118 965 7887
Monday – Friday 9:00 to 18:00 Central European Time (GMT +1)
9:00 to 18:00 UK (GMT)
Email: support.emea@centrify.com
Response times vary based on your support package and the priority level of the issue.

Priority Levels & Response Times
The Centrify Support team understands that you require a timely response to your requests. The following table shows the different issue priority levels, their descriptions, and the guaranteed response time. With Premium Support, you may report a critical issue at any time, night or day, and expect a Technical Support Engineer to begin working on your case based on the priority level of the case.

<table>
<thead>
<tr>
<th>Priority Level</th>
<th>Standard</th>
<th>Premium</th>
</tr>
</thead>
<tbody>
<tr>
<td>Level 1: Production System Down</td>
<td>4 Business Hours</td>
<td>2 Business Hours</td>
</tr>
<tr>
<td>Level 2: Development System Down</td>
<td>6 Business Hours</td>
<td>4 Business Hours</td>
</tr>
<tr>
<td>Level 3: Serious Software Problem</td>
<td>8 Business Hours</td>
<td>4 Business Hours</td>
</tr>
<tr>
<td>Level 4: General Usage Problem</td>
<td>24 Business Hours</td>
<td>24 Business Hours</td>
</tr>
<tr>
<td>Level 5: Feature Request</td>
<td>24 Business Hours</td>
<td>24 Business Hours</td>
</tr>
</tbody>
</table>

Note: These are standard case response times and not case resolution times. A response means that we will contact you to 1) acknowledge receiving your issue report and 2) get any additional information that we will need in order to assist you.

Escalation Procedures
Every issue report is tracked from the time you contact us until we jointly agreed that the issue has been resolved. Based on the priority of an issue, Contractor through Centrify Support escalates customer cases through our organization to ensure your business-critical issues receive a quick resolution.

In general, if you are not satisfied with the responsiveness of our Support staff, the issue can be escalated to your Regional Sales Representative. If you are still not satisfied, the issue can be further escalated to the Vice President of Support.

Product Updates
Purchasing either Standard or Premium Support entitles you to product updates at no additional charge during the term and type of the maintenance contract for all Centrify products licensed and covered by maintenance.

You can obtain the latest versions of Centrify software through our Online Customer Support Portal: www.centrify.com/support
End User License Agreement

RECITALS:

A. CBT Nuggets is engaged in the business of creating and selling information technology training materials, including, but not limited to, applications and platforms, individual videos within a series, entire series, series packages, supplemental materials, Learner resources, quiz questions, proprietary instances of the virtual lab and/or access to any portions thereof (the “CBT Content”).

B. Specific to this Agreement, CBT Nuggets offers a streaming subscription to access the CBT Content offered by CBT Nuggets through its website located at http://www.cbtnuggets.com (the “Website”), the CBT Nuggets mobile applications (“Apps”), as well as other learning resources and team coaching services (collectively the “Services”).

C. The Ordering Activity under GSA Schedule contracts identified in the Purchase Order, Statement of Work, or similar document (“Government Customer” or “Ordering Activity”) desires to access the CBT Content and, as applicable, to make the CBT Content and Services available to Government Customer’s employees and contractors (individually “End User” and collectively the “End Users”), and CBT Nuggets desires to provide the same pursuant to the terms and subject to the conditions of this End User License Agreement (“Agreement”).

AGREEMENT:

The Parties agree as follows:

1. GRANT OF LICENSE.

1.1 While Government Customer has an active subscription to access the CBT Content through the Website, CBT Nuggets grants Government Customer non-transferrable, non-royalty bearing, non-assignable (except as explicitly permitted herein), non-exclusive, non-sublicensable licenses to access, view and to use the CBT Content. The licenses are solely for use by Government Customer and its End Users.

1.2 Government Customer may not copy, reproduce, reverse engineer, translate, port, modify or make derivative works of the CBT Content in whole or in part. Government Customer may not rent, sell, assign, lease, sublicense, market, publish, display, distribute or transfer the CBT Content in any manner not expressly authorized by this Agreement without the consent of CBT Nuggets. Government Customer shall communicate to all End Users the restrictions and limitations of the license as set forth in this Paragraph 1.

1.3 Each license is a single user license and the single user license must be connected to a named End User. The email address attached to license must be specifically associated solely with that individual End User. Government Customer may reassign to a new End User any single user license that has been held by another End User for at least thirty (30) days prior to any such assignment.

1.4 Upon Government Customer’s discovery and/or the request of CBT Nuggets, Government Customer agrees to promptly remedy any violation of this Paragraph 1 and to provide CBT Nuggets with sufficient evidence that Government Customer is in compliance with this Paragraph 1.

1.5 WHEN THE END USER IS AN INSTRUMENTALITY OF THE U.S., RE COURSE AGAINST THE UNITED STATES FOR ANY ALLEGED BREACH OF THIS AGREEMENT MUST BE MADE AS A DISPUTE UNDER THE CONTRACT DISPUTES CLAUSE (CONTRACT DISPUTES ACT). DURING ANY DISPUTE UNDER THE DISPUTES CLAUSE, CBT NUGGETS SHALL PROCEED DILIGENTLY WITH PERFORMANCE OF THIS AGREEMENT, PENDING FINAL RESOLUTION OF ANY REQUEST FOR RELIEF, CLAIM, APPEAL, OR ACTION ARISING UNDER THE AGREEMENT, AND COMPLY WITH ANY DECISION OF THE CONTRACTING OFFICER.

1.6 End Users connected to a valid license may access additional training resources, as provided by CBT Nuggets, including Accountability Coaching, access to the Learner Community, and other training offerings. Access to such resources
are as available and dependent upon an End User’s professionalism and decorum while engaging such resources, CBT Nuggets staff, and/or other End Users through such resources or the Services.

1.7 Access to and use of the CBT Nuggets Content and Services is inextricably linked to the processing of personal data, as outlined in the CBT Nuggets Privacy Policy available at https://www.cbtnuggets.com/privacy.

2. Limited Warranty. Each party warrants to the other party that it has all necessary authority to enter into and perform its obligations under this Agreement. CBT Nuggets further warrants that: (i) any Services provided under this Agreement and the Order Form will be performed in a professional manner in accordance with the prevailing industry standards; (ii) the Services will be performed substantially in accordance with any applicable CBT Nuggets documentation under normal use and circumstances; and (iii) the functionality and accessibility of the CBT Content will not be materially decreased during the term of this Agreement. Government Customer’s exclusive remedy for any breach of these warranties shall be to terminate this Agreement pursuant to Paragraph 5 herein.

3. Disclaimer of Warranties. Except as expressly provided in Paragraph 3 of this Agreement, the CBT Content and Services are provided to Government Customer on an “AS IS” and “WITH ALL FAULTS” basis. The CBT Content and Services are complex and may contain nonconformities, defects or errors. CBT Nuggets does not warrant that the CBT Content and Services will be error free. **CBT Nuggets does not make any warranty, express or implied, and hereby disclaims any and all warranties, including but not limited to, warranties of merchantability and fitness for a particular purpose.**

4. Intellectual Property. All right, title and interest in and to the CBT Content and Services, and the content, materials, and data contained therein, including any applicable statutory or common law trademarks and/or copyrights expressly reserved by CBT Nuggets. No portion of the CBT Content may be copied, reproduced, distributed, displayed, transferred or assigned without the express written consent of CBT Nuggets.

5. TERM AND TERMINATION.

5.1 Term. The term of Government Customer’s subscription period for accessing the CBT Content and the related services shall commence on the Effective Date and shall continue for the duration stated on the Order Form. Unless the Parties otherwise agree in writing, through the execution of a renewal or extension of this Agreement (“Renewal Order Form”), once any applicable subscription period has concluded, the licenses granted by this Agreement shall immediately terminate and Government Customer shall have no further right to access, review or use in any manner any CBT Nuggets content, including the CBT Content. When the End User is an instrumentality of the United States, recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the Contract Disputes Act. During any dispute under the Disputes Clause, CBT Nuggets shall proceed diligently with performance of this Agreement, pending final resolution for relief, claim, appeal, or action arising under this Agreement, and comply with any decision of the Contracting Officer.

5.2 Termination for Cause. When the End User is an instrumentality of the United States, recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the Contract Disputes Act. During any dispute under the Disputes Clause, CBT Nuggets shall proceed diligently with performance of this Agreement, pending final resolution for relief, claim, appeal, or action arising under this Agreement, and comply with any decision of the Contracting Officer. Upon expiration of Government Customer’s subscription authorized under the Order Form or, as applicable, the Renewal Order Form, Government Customer shall immediately discontinue all access and use of the CBT Content. Neither Party shall be liable for any damages resulting from a termination of this Agreement in accordance with this Paragraph 5. Those sections of this Agreement, which by their nature should survive, shall survive.

6. Governing Law and Venue. In the event of any dispute or claim relating to or arising out of this Agreement shall be governed by, and construed and interpreted in accordance with United States Federal law, and any action seeking legal or equitable relief will be brought and adjudicated only in the courts of the United States.

7. MISCELLANEOUS PROVISIONS.

7.1 Notices. Notices may be provided by either electronic or physical mail as provided in the Order From. If no email address is stated, then physical mail shall be the only method of providing notice. The person(s)/department(s) identified in the Order Form will receive notices on behalf of their respective party. Each
Party may change the person(s)/department(s) to which notices shall be sent by providing written notice to the other Party.

7.2 **Force Majeure.** Excusable delays shall be governed by FAR 52.212-4(f).

7.3 **Entire Agreement.** This Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s) and the CBT Nuggets Privacy Policy sets forth the entire understanding between CBT Nuggets and Government Customer with respect to the subject matter hereof, and supersedes any and all prior negotiations, discussions, agreements, and understandings between the parties. No other rights are granted hereunder except as expressly set forth in this Agreement.

7.4 **Order of Precedence, Conflicting Terms.** In the event of any conflict between the terms contained in the Agreement and the Order Form, the terms of the Order Form shall take precedence.

7.5 **Compliance with Laws.** Both Parties agree to comply with all applicable local, state, national and foreign laws, rules and regulations including, but not limited to, all applicable export and import laws and regulations, in connection with their performance, access and/or use of the CBT Content under this Agreement to the extent permitted by United States Federal law and does not limit the sovereignty of the United States.

7.6 **STANDARD TERMS.**

7.6.1 Nothing contained herein shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or suit brought against the U.S. pursuant to its jurisdictional statute 28 U.S.C. § 516.

7.6.2 Notwithstanding the terms of the Federal, State, and Local Taxes Clause, the contract price excludes all State and Local taxes levied on or measured by the contract or sales price of the services or completed supplies furnished under this contract. The vendor shall state separately on its invoices taxes excluded from the fees, and the Government Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) to the contractor or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

7.6.3 The Anti-Assignment Act, 41 USC 6305, prohibits the assignment of Government contracts without the Government's prior approval. Procedures for securing such approval are set forth in FAR 42.1204.

7.6.4 The vendor recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as “confidential” by the vendor. When the end user is an instrumentality of the U.S. Government, neither this Agreement, the Order Form, nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Check Point Software Technologies, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law. Where any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach of the contract, it must file a claim with the Contracting Officer in writing as soon as it is reasonably possible after the occurrence of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   e) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   f) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   g) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

   h) **Waivers of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

   i) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the
Clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renews.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of any appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at the future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federal-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR § 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
CHECK POINT SOFTWARE LICENSE, WARRANTY AND SUPPORT TERMS

1. DEFINITIONS:

“Licensed Configuration” means to the extent applicable, as indicated on the License Key, the choice of features and the maximum number of users, devices or nodes (an internal computing device with an IP address) on the trusted side of the network or that is trying to traverse the firewall, and the numbers of cores, or the maximum throughput capacity stated, or the code generated from the master installation, or any other hardware or software specifications, as declared by You in Your purchase order, or request for License Key, and upon which the licensing fee was based. If the Product purchased by You does not come with a License Key then the Licensed Configuration shall be the minimum configuration allowed for the Product by Check Point upon which the licensing fee was based.

“Licensed-server” means the server or appliance (defined by the host ID identified by You to Contractor through Check Point when obtaining the License Key) which enables the Product to operate in accordance with the Licensed Configuration. “License Key” means the code provided to You by Contractor through Check Point, which enables the Product to operate on the Licensed-server or appliance for the specified Licensed Configuration.

“Product” means the object code copy of the software program, including Third Party Software, provided to You, together with the associated original electronic media and/or associated hardware devices (“Hardware Products”) and all accompanying manuals and other documentation, if available, and together with all enhancements, upgrades, and extensions thereto that may be provided by Contractor through Check Point to You from time to time.

“Standard User” means You indicated in Your purchase order or in requesting the License Key that You intend to use the Products on Your own behalf, or You obtained the products from a Managed Service Provider, reseller, vendor or any other intermediate supplier.

“Third Party Software” means any software programs provided by third parties contained in the Product.

“Third Party Software Provider” means the third party that has the right to provide and grant licenses for the use of Third Party Software.

“You” or “Your” means Ordering Activity.

2. LICENSE AND RESTRICTIONS:

License. Contractor hereby grants only to You, a non-exclusive, non-sublicensable, non-transferable perpetual license (with the exception of (i) the license shall not be perpetual if the Product is designated for a limited time period only, in which case the license shall terminate at the expiration of the applicable period; and (ii) with regards to any Hardware Product, the license shall be valid only as part of and for the life of the originally designated Hardware Product) to install and use the copy of the Product in accordance with the applicable statutory law, as described in the accompanying documentation for which You have paid the applicable fees to Contractor, and only within the designated limits of Your Product license for which You have purchased and provided to users, according to the restricted, maximum, authorized number of users, computer instances (means a computing unit individuated by an instance of an operation system), or copies of the Product (as the case may be) that can be used and installed at any given time. No Product, nor any portion thereof, may be used by or on behalf of, accessed by, re-sold to, rented to, or distributed to any other party.

Standard User Restrictions. If You are a Standard User, the Products are licensed to You solely for use by You to provide policy management for Your own operations. To the extent applicable, You may reproduce and include the copyright notice and any other notices that appear on the original Product on any back up copy. You agree not to allow others to use the Product and You will not use the Product for the benefit of third parties. You acknowledge that the source code of the Product, and the underlying ideas or concepts, are valuable intellectual property of Check Point and You agree not to, except as expressly authorized and only to the extent established by applicable statutory law, attempt to (or permit others to) decipher, reverse translate, decompile, disassemble or otherwise reverse engineer or attempt to reconstruct or discover any source code or underlying ideas or algorithms or file formats or programming or interoperability interfaces of the Products by any means whatsoever. You will not develop methods to enable unauthorized parties to use the Product, or to develop any other product containing any of the concepts and ideas contained in the Product not independently developed by You. You will not (and will not direct any third party to) modify Product or incorporate any portion of Product into any other software or create a derivative work of any portion of the Product. You will not (and will not direct any third party to) remove any copyright or other proprietary notices from the Product. Your use of the Product may require the purchase of separate licenses to use particular features, functionalities, operations, or capabilities.

Specific Restrictions. The Product is licensed to You based on the applicable Licensed Configuration purchased, as set forth in the Licensed Configuration definition in Section 1. The License permits the use of the Product only in accordance with the Product specifications as declared by You in Your purchase order, or request for License Key, and upon which the licensing fee was based. It is a violation to create, set-up or design any hardware, software or system which alters the number of readable IP addresses, users, number of cores or exceeds the maximum throughput capacity presented to the Product with the intent, or resulting effect, of circumventing the Licensed Configuration.

Disabled License-server. The License Key You obtain from Contractor through Check Point enables the Licensed-server which enables You to use the Licensed Configuration of the Product. If your Licensed-server is disabled for any reason, Check Point may, at its sole discretion, issue You another License Key which will enable You to operate this Product on a substitute Licensed-server. In this event, You agree not to use the Product on the original

Licensed-server nor its License Key.

**Customization for Product with VPN Functionality.** For a Product with VPN functionality, customization is permitted to allow the inclusion of a bitmap on the left side of the authentication challenge/response dialog, and the insertion of text in the authentication success and authentication failure dialog boxes; provided, however, that the Product is used to communicate with a Check Point VPN-1 gateway licensed to the entity using the Product and the customization may not contain any reference to a competitive gateway or to Check Point products or services without Contractor’s prior written approval.

**Check Point Data Loss Prevention (“DLP”) Blade, DLP-1 Product Family and Document Security Product Family.** If you are using any of these products, in many countries you may be required to advise users that their data, actions taken on the data, and web traffic may be inspected. Please consult the Check Point user guide and local laws as applicable.

**Third Party Violation.** In purchasing a Product, You are acknowledging that Contractor through Check Point may need to make a determination for You on the potential effect the identified programs may have on Your system. You agree that the Product may automatically delete and/or restrict access to certain programs and/or provide to You the customized ability to delete and/or restrict access to certain programs. The deletion and/or restriction of access to any of these programs may be in violation with other license agreements that You have knowingly or unknowingly agreed to. The deletion and/or restriction of these programs and the potential violation of a third party license is Your responsibility. Check Point has no ability to verify what, if any, third party agreements You may have agreed to.

**Inspecting Encrypted Traffic.** Certain Check Point products and/or features may enable the inspection of encrypted traffic. The ability to define the inspection rules is provided to You and You may define it based on your organizational needs. However, it shall be your sole responsibility to comply with all applicable laws and regulations in defining Your inspection rules and privacy regulations. You understand that this feature enables decrypting the traffic at the gateway in order to inspect it, after which it is re-encrypted before it is sent to the server.

3. **TITLE AND INTELLECTUAL PROPERTY:**

   All right, title, and interest in and to the Product shall remain with Check Point and its licensors. The Product is protected under international copyright, trademark and trade secret and patent laws. The license granted herein does not constitute a sale of the Product or any portion or copy of it.

4. **LIMITED WARRANTY, WARRANTY DISCLAIMERS:**

   **Limited Software Warranty.** Contractor warrants to You that the encoding of the software program on the media on which the Product is furnished will be free from defects in material and workmanship, and that the Product shall substantially conform to its user manual, as it exists at the date of delivery, for a period of ninety (90) days. Contractor's liability and Your remedy under this warranty shall be, at Contractor's option, either: (i) return of the price paid to Contractor for the Product, resulting in the termination of the purchase order, or (ii) repair or replacement of the Product or media that does not meet this limited warranty. EXCEPT FOR THE LIMITED WARRANTIES SET FORTH IN THIS SECTION, THE PRODUCT AND ANY SERVICES ARE PROVIDED “AS IS” WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED. CONTRACTOR DOES NOT WARRANT THAT THE PRODUCT WILL MEET YOUR REQUIREMENTS OR THAT ITS OPERATION WILL BE UNINTERRUPTED OR ERROR FREE. CONTRACTOR DISCLAIMS ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. Some jurisdictions do not allow the exclusion of implied warranties or limitations on how long an implied warranty may last, so the above limitations may not apply to You. This warranty gives You specific legal rights.

5. **PRE-RELEASE VERSIONS:**

   **License Grant.** With respect to any pre-release version of a Check Point product, including a Beta or an Early Availability product (all collectively referred to herein as a “Beta Product”) that may be provided to You by Contractor through Check Point from time to time, at its sole discretion, Contractor grants You a non-transferable and non-exclusive license to use the Beta Product for evaluation purposes only. The license is designed to provide You with early operational experience with the Beta Product and to provide Check Point with specified information regarding Your experiences with the installation and operation of the Beta Product. The license shall be in effect for a limited period as determined by Check Point and certain other restrictions may apply. You may be asked to sign a separate agreement pertaining to the Beta Product.

   **No Obligations.** Contractor has no obligation to provide support, maintenance, upgrades, modifications, or new releases for a Beta Product. Owing to the experimental nature of the Beta Product, You are advised not to rely exclusively on the Beta Product for any reason. YOU AGREE THAT THE BETA PRODUCT AND RELATED DOCUMENTATION ARE BEING DELIVERED “AS IS” WITHOUT WARRANTIES OF ANY KIND, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT WILL CONTRACTOR BE LIABLE TO YOU OR ANY OTHER PERSON FOR DAMAGES, DIRECT OR INDIRECT, OF ANY NATURE OR EXPENSES INCURRED BY YOU IN CONNECTION WITH THE BETA TESTING. YOUR REMEDY SHALL BE TO TERMINATE THE BETA TEST AND THIS LICENSE BY WRITTEN NOTICE TO CONTRACTOR.

**EXHIBIT A – CHECK POINT HARDWARE WARRANTY:**

1. **LIMITED HARDWARE WARRANTY:**

   Contractor warrants that the hardware components of its Hardware Product shall be free from material defects in design, materials, and workmanship and will function, under normal use and circumstances, in accordance with the documentation provided, for a period of one (1) year from the date of activation of the Hardware Product. If the Hardware Product has not been activated, the warranty will be valid for fifteen (15) months from the date of Contractor’s shipment of the Hardware Product (“Warranty Period”).

   After the Warranty Period, certain return material authorization (“RMA”) services, as provided by Contractor through Check Point (which are not covered under this warranty), are available for all Hardware Products pursuant to a purchased and active Check Point support agreement.

   Ordering Activity’s (herein also referred to as “You” or “Your”) remedy, and Contractor’s liability for defective hardware components, shall be that Contractor through Check Point, upon confirmation of a defect or failure of a hardware component to perform as warranted, shall at its sole option, either repair or replace the nonconforming hardware component or return of the price paid for the Hardware Product. All replacement parts furnished to you...
under this warranty shall be refurbished and equivalent to new, and shall be warranted as new for the remainder of the original warranty period. If a hardware failure occurs in the first 30 days from the product’s software activation, Contractor through Check Point will replace it with new part or full unit as may be needed. All defective parts, which have been replaced, shall become the property of Check Point. All defective parts that have been repaired shall remain Your property. This warranty gives You specific legal rights.

2. EXCLUSIONS:

The foregoing warranties and remedies shall be void as to any Hardware Products damaged or rendered unserviceable by one or more of the following: (1) improper or inadequate maintenance by anyone other than Contractor or Contractor’s authorized agents, (2) software or interfacing supplied by anyone other than Contractor, (3) modifications, alterations or additions to the Hardware Products by personnel not certified by Contractor or Contractor’s authorized agents to perform such acts, or other unauthorized repair, installation or opening or other causes beyond Contractor’s control, (4) unreasonable refusal to agree with engineering change notice programs, (5) negligence by any person other than Contractor or Contractor's authorized agents, (6) misuse, abuse, accident, electrical irregularity, theft, vandalism, fire, water or other peril, (7) damage caused by containment and/or operation outside the environmental specifications for the Hardware Products, (8) alteration or connection of the Hardware Products to other systems, equipment or devices (other than those specifically approved by Contractor) without the prior approval of Contractor, or (9) any use that is inconsistent with the user manual supplied with the Hardware Product. The warranty period is not extended if Contractor through Check Point repairs or replaces a warranted product or any parts. Contractor may change the availability of limited hardware warranties, at its discretion, but any changes will not be retroactive.

3. HARDWARE RETURN PROCEDURES:

If a Hardware Product or one of its component parts does not function as warranted during the warranty period, and such nonconformance can be verified by Contractor through Check Point, Check Point, at its election, will provide either return and replacement service or replacement with a refurbished part/unit for the Hardware Product under the type of warranty service Check Point designates for that Hardware Product. A defective Hardware Product or one of its component parts may only be returned to Check Point upon Check Point’s prior written approval. Any such approval shall reference an RMA number issued by an authorized Check Point service representative. To request an RMA number, you or your local Check Point Certified Solution Provider (“CCSP/CSP/ACSP”) must contact Check Point’s Technical Assistance Center (“TAC”) and open a Service Request. You should always register the Hardware Product in your Check Point User Center account. If you do not register the Hardware Product with Check Point, you may be required to present proof of purchase as evidence of your entitlement to warranty service. The Hardware Product’s identification number will be required for all RMA cases.

Transportation costs, if any, incurred in connection with the return of a defective Hardware Product to Contractor through Check Point shall be borne by You. Any transportation costs incurred in connection with the redeelivery of a repaired or replacement item to You by Check Point shall be borne by Check Point; provided, however, that if Check Point determines, in its sole discretion, that the allegedly defective item is not covered by the terms and conditions of the warranty or that a warranty claim is made after the warranty period, the cost of the repair by Check Point, including all shipping expenses, shall be reimbursed by You.

4. HARDWARE REPLACEMENT PROCEDURES:

Contractor through Check Point will attempt to diagnose and resolve your problem over the phone or web. Upon determination of the hardware issue is related to a malfunction of one of the Hardware Product components, an RMA process will be initiated by Check Point’s TAC. Check Point’s TAC will either issue a replacement of the faulty part (like Power Supply, Fan, Hard Disk, etc.) or a full Unit Replacement.

For Warranty Replacement service, it is required that you deliver the faulty unit to a location Contractor through Check Point designates, and provide courier name and tracking number to Check Point’s TAC. After the faulty unit is returned to Check Point, Check Point will use commercially reasonable efforts to ship the replacement hardware within seven (7) business days. Actual delivery times may vary depending on Your location. Check Point’s TAC will send the required hardware to the Hardware Product’s physical location, as it appears in your User Center and as verified with You when opening the Support Service Request.

For Hardware Advanced Replacement, support options Standard, Standard Onsite, Premium, and Premium Onsite are available for customers who have purchased the Hardware Product support plan with Contractor.

5. HARDWARE RETURN PROCEDURES:

If a defective Hardware Product covered under warranty fails to operate within thirty (30) days from its activation, but no more than one hundred and twenty (120) days from the date of Contractor’s shipment of the Hardware Product, Contractor through Check Point will provide expedited replacement of a new unit within two (2) business days from Check Point fulfillment hub, following confirmation of any such failure. Customers outside of the fulfillment hub region should allow for additional transit time due to international customs clearance.

6. ADDITIONAL RESPONSIBILITIES:

You agree:

- Before Contractor or its partner exchanges a Hardware Product or part, to remove all features, parts, options, alterations, data and attachments not under warranty service and ensure that the Hardware Product is free of any legal obligations or restrictions that prevent its exchange.

- To obtain authorization from the owner to have Contractor or its partner service a Hardware Product that you do not own.

- Where applicable, before service is provided:
  - Follow the service request procedures that Contractor or its partner provides;

Backup and secure all programs and data in the Hardware Product;
Inform Contractor or its partner of changes in the Hardware Product physical location.

- To provide Contractor or its partner with sufficient and safe access to your facilities to permit Contractor to fulfill its obligations.
- To ship back the faulty Hardware Product (or replaceable unit) suitably packaged according to the guidelines as Contractor through Check Point specified in the letter shipped with the RMA, to the Check Point designated location.
- You shall ship the faulty Hardware Product once TAC approves the RMA and provide the courier name and tracking number to TAC before Contractor through Check Point processes the RMA.
- If you are a customer who has purchased the support plan with Contractor covering Advanced Replacement Service, You will ship the faulty Hardware Product within five (5) business days of the arrival of the RMA.

To securely erase from any Hardware Product you return to Contractor through Check Point for any reason all programs and data not provided by Check Point with the Hardware Product. You acknowledge that in order to perform its responsibilities under this Limited Hardware Warranty, Check Point may ship all or part of the Hardware Product or its software to third party locations around the world, and you authorize Check Point to do so.

EXHIBIT B - CHECK POINT DIRECT SUPPORT PROGRAM:

a. DEFINITIONS:

“Advance Hardware Replacement” means a Hardware replacement service for Ordering Activities who have purchased Hardware Support, whereby after Check Point TAC approves an RMA, Check Point delivers a replacement to Ordering Activity’s Site before returns the faulty hardware to Check Point.

“ACE Partner” means an authorized Check Point partner who is staffed with Check Point Certified Professionals and Appliance Certified Experts (ACE) in accordance with Check Point ACE Partner requirements.

“Activation Date” means the date a License Key is registered for activation of Software within the Check Point User Center.

“Appliance” shall have the meaning set forth herein for the term “Hardware”.

“Business Day” means normal working day in the time zone where the Ordering Activity is located.

“Certified Professional” means an individual who has passed the appropriate current Check Point Certification Test(s) to demonstrate technical competency. The current minimum requirement of a Certified Professional is a Check Point Certified Security Expert (CCSETM) for the current Major Release of Network Software, Check Point Certified End Point Expert (CCEPE) for End Point Software and Check Point Appliance Certified Expert (CCSE ACE) for current Major Release of Hardware.

“Check Point” means Check Point Software Technologies, Inc.

“Ordering Activity” means the party identified as the purchasing organization.

“Designated Contacts” means Ordering Activity named contacts, engineering resource individuals, who are established person-specific email addresses in the User Center account associated with the Customer Support contract. It is expected that these contacts will be Check Point Certified Professionals.

“Device Number” means a unique identifier of a hardware device, which can be located in a label on a Hardware Product. Check Point uses Media Access Control (MAC) Address, Serial Number (SN), or Service Tag Number (STN) as a Device Number, depending on the type of Hardware.

“Documentation” means user and technical manuals provided by Check Point for use with the Software and Hardware.

“Endpoint Security Product(s)” means Check Point product(s) with an Endpoint device security focus.

“Enhancement” means all Software changes, including new releases, new versions, product improvements, system modifications, updates, upgrades, Service Packs, Feature Packs, field modifications, and all Hardware changes, including official Check Point Hardware product enhancements and accessories.

“Error” means an Error in the product, which degrades the product as defined by the Severity definitions, as compared to Check Point published functionality and performance specifications.

“Hardware” means a computing device and/or its component with a specific function and limited configuration ability. The Hardware is sold by Check Point for the purpose of executing the specific Check Point Software supplied with it.

“Information” means any idea, data, program, technical, business, or other intangible information, however conveyed.

“Intellectual Property” means Patents, copyrights, trademarks, and/or trade secrets whose owners have rights at law or in equity to exclude others from exploiting such property.
“Severity 1” means 
(a) an Error with a direct security impact on the product; 
(b) an Error isolated to Software or Appliance that substantially degrades the performance of the product or materially restricts business; e.g., major system impact, temporary system hanging; 
(c) a reported defect in the licensed product that does not substantially restrict the use of one or more features of the licensed product to perform necessary business functions; or 
(d) inability to use the licensed product or a critical impact on operation requiring an immediate solution.

“Severity 2” means 
(a) an Error isolated to Software or the Appliance that substantially degrades the performance of the product or materially restricts business; e.g., major system impact, temporary system hanging; 
(b) a reported defect in the licensed product, which restricts the use of one or more features of the licensed product to perform necessary business functions but does not completely restrict use of the licensed product; or 
(c) ability to use the licensed product, but an important function is not available, and operations are severely impacted.

“Severity 3” means 
(a) an Error isolated to the Software or Appliance that causes only a moderate impact on the use of the product; e.g., moderate system impact, performance/operational impact; 
(b) a reported defect in the licensed product that restricts the use of one or more features of the licensed product to perform necessary business functions, while the defect can be easily circumvented; or 
(c) an Error that can cause some functional restrictions but it does not have a critical or severe impact on operations.

“Severity 4” means 
(a) a reported anomaly in the licensed product that does not substantially restrict the use of one or more features of the licensed product to perform necessary business functions; this is a minor problem and is not significant to operation; or 
(b) an anomaly that may be easily circumvented or may need to be submitted to Check Point Research and Development as a request for enhancement.

“Severity” Definitions for Endpoint Security product(s):

“Severity 1” means 
(a) an Error with a direct security impact on the product; or
(b) an Error isolated to Software, for which there is no reasonable Workaround, which renders the end-point devices to fail catastrophically, affecting more than 1000 end point devices or 35% of deployed client base (in any case more than 100 affected end-point devices) within a production environment (not pre-deployment or staging) where end-point devices have been interrupted and not recovered; e.g., severe and general deployment wide system impact, systems are down, making end-point devices unable to perform (even with reduced performance) necessary business operations even after a change of, and/or addition of procedures, configurations, applications, tools and/or data.

“Severity 2” means
(a) an Error isolated to Software, for which there is a reasonable Workaround, which substantially degrades the usability of the end-point devices, restricting the usage of one or more features of the licensed product with minor impact of necessary business functions. The Error can cause some functional restrictions but it does not have a critical or severe impact on operations, e.g., the endpoint device is operational but may experience performance or operational limitations; or
(b) an Error isolated to Software only affecting one or a limited number of individual end-point devices, that is not common for the installed end-point device population; it may, or may not, be possible to circumvent the error, e.g., an individual end-point device(s) is encountering issues not common for deployed end-point device client base.

“Severity 3” means
(a) an Error isolated to Software, for which there is a reasonable Workaround, or an Error that causes only a minor impact on the end-point client. Restriction in usage of one or more features of the licensed product with minor impact of necessary business functions. An anomaly may be easily circumvented, e.g., a product cosmetic anomaly or documentation flaw; end-point devices and/or Software may have been interrupted but recovered.

“Site” means the physical location where System(s) are installed as specified by Ordering Activity in Ordering Activity’s User Center account.

“Software” means the object code version of the intangible information constituting one or more computer or apparatus programs and the informational content of such programs, together with any Documentation supplied in conjunction with, and supplementing such programs, the foregoing being provided to Ordering Activity by way of electronic transmission or by being fixed in media furnished to Ordering Activity.

“Software Subscription” means registered access to modifications, corrections, and/or updates to Software; including Hot Fix Accumulators (HFAs), security fixes, Feature Packs, and/or major upgrades, provided to Ordering Activity by unlimited web download access or by mail upon Ordering Activity’s request. Software Subscription is a deliverable for all Support Contracts.

“Shelf Spare Unit(s)” means Check Point Hardware unit(s) that is stored at Ordering Activity’s Site and which is reserved for Hardware replacement usage only in case of failure of Ordering Activity’s Hardware which is covered under Check Point On-Site Hardware Support Plan.

“Support” means the technical Support and Hardware replacement services provided by Check Point directly to Ordering Activity as set forth in this Agreement.

“System(s)” means the Hardware, Software and Documentation that have been provided to Ordering Activity by Check Point or Check Point’s authorized resellers/partners.

“TAC” means Check Point Technical Assistance Center, which is staffed by Check Point Support personnel providing assistance with diagnosis and resolution of defects and/or failures in Check Point products.

“Workaround” means a change in the followed procedures or data to avoid error without substantially impairing use of the product.

b. CHECK POINT SUPPORT OBLIGATIONS:

Upon Contractor’s acceptance of a valid purchase order, and corresponding payment for that Support offering selected, Ordering Activity will be entitled to receive Support according to the features and benefits provided under that offering, subject to these terms and conditions.

i. Technical Support:

For Ordering Activities covered under a valid Check Point Support offering, technical Support will be provided pursuant to the terms of this Section “TECHNICAL SUPPORT.” Contractor through Check Point agrees to provide Support, where appropriate, to Ordering Activity, which may include but is not limited to, the following actions:

(a) Provide Ordering Activity with access to product update releases, related Documentation and knowledge articles, upon general commercial release;

(b) Provide Ordering Activity with access to TAC Technical Representatives, who will work with Ordering Activity to diagnose issues, and provide Problem Resolutions, including escalating the issue through TAC management as needed.
ii. Hardware Replacement. For Ordering Activities covered under Hardware Support, Contractor through Check Point will use commercially reasonable efforts to provide Hardware replacement in accordance with the terms set forth in the Section “HARDWARE REPLACEMENT.”

iii. On-site Hardware Support. For those Ordering Activities whose Hardware Support level includes an on-site service feature, upon Ordering Activity’s request, after TAC determines that the hardware issue is related to a malfunction of one of the Hardware components, and after a repair action plan has been defined. Contractor through Check Point will use commercially reasonable efforts to dispatch a Check Point Certified Onsite Technician or ACE Partner to the Site in accordance with the terms and timeframes of such plan as set forth on Exhibit A. Provision of on-site support is subject to the following limitations:

(a) On-site Hardware Support is limited to Advance Hardware Replacement only; it does not include on-site service for Software troubleshooting or any Software related issues.

(b) On-site Hardware Support service may not dispatch a certified technician on-site to help set up the RMA unit outside of Check Point’s normal on-site service areas (http://www.checkpoint.com/services/onsite-availability.html). Under those situations, Check Point may provide a Shelf Spare solution under specific conditions to ensure a rapid unit replacement at the Ordering Activity’s site. Ordering Activity will need to sign up for this service under a separate Shelf Spare Replacement Agreement.

(c) On-site service response times may be dependent upon the Ordering Activity’s Site address for the Hardware, the timely arrival of replacement parts at Ordering Activity’s Site, and accessibility to the Site. On-site Hardware Support is effective one (1) month from the day it was purchased.

iv. On-site Software Support for Critical Severity 1 Issues. For those Ordering Activities covered under Elite Support, the Ordering Activity shall contact Check Point TAC directly by telephone. After TAC confirms that the matter is a Severity 1 issue, TAC and the Ordering Activity will work diligently, with highly skilled, experienced engineers to resolve the critical situation and to restore operation. In the case the criticality of the issue remains or no progress is made, after four (4) hours, Contractor through Check Point will use commercially reasonable efforts to dispatch a local engineer to Ordering Activity’s Site. If no local resources are available, travel arrangements will be made for the next available flight to the Ordering Activity’s Site. The engineer will remain on-site until the issue is no longer defined as critical (an acceptable resolution or workaround was achieved) or up to three (3) days, with travel and expense included. Provision of on-site critical Severity 1 case support under Elite Support is subject to the following limitations:

(a) An Elite Ordering Activity is entitled up to three (3) visits on-site a year as required to resolve critical Severity 1 cases.

(b) On-site critical case Support is limited to Software Support only, and does not include on-site service for Hardware issues and Hardware replacement.

(c) On-site critical case Support may not be available for some Check Point Software products or in some geographic regions, and may require a set-up period before it can be made available to Ordering Activities.

(d) For Elite support service for critical issues, which requires fast arrival to the site, Contractor through Check Point will cover all locations which are accessible within 12 hour elapsed commercial travel time from G7 countries hubs (US (mainland), UK, Germany, Italy, France, Japan, and Canada). In some remote locations, entry certifications requirements might add additional time to the engineer arrival on site.

(e) It is necessary that Elite Ordering Activities commit the necessary resources around the clock (24x7) in working with Check Point TAC and/or the engineer towards Problem Resolution of Severity 1 Errors.

v. Support Lifecycle.

(a) Contractor through Check Point provides Support on the then-current Major Release and the Previous Sequential Release of all the Software products covered under a valid Software support plan. Check Point will also provide commercially reasonable technical assistance on all Software Products for a minimum of four (4) years, starting from the general availability date of the product’s Major Release version. General availability date is defined as the date on which a product is officially made available for purchase, but Problem Resolution may be limited to the current Major Release of the product.

(b) Contractor through Check Point usually ends Software Support for a Major Release version only when the second subsequent major version has been released, or at least four (4) years have elapsed since the release of the major version in question. Check Point will provide End of Support notification for discontinued Software to Ordering Activity through an announcement posted on the Check Point Software Support Timeline website at URL: http://www.checkpoint.com/services/lifecycle/support_periods.html.

(c) Contractor through Check Point provides a comprehensive support lifecycle for its Hardware. Check Point TAC is available for Technical Assistance for up to five (5) years after Check Point’s new appliance availability announcement. The supported version includes the combination of the exact Hardware model number and the specification with the Check Point Software installed on it.

(d) For Software or Operating System installed on Check Point Hardware:

   a. The then-current Major Release of the Software that was installed on the Hardware is fully supported until one (1) year after Check Point’s new appliance availability announcement.

   b. Maintenance releases/bug fixes are supplied for up to three (3) years after new appliance availability announcement. These fixes may require a Software upgrade by the Ordering Activity.
c. Fixes and Software upgrades will be supplied to handle support issues for up to five (5) years after Check Point’s new appliance availability announcement. New Software releases may require the purchase of Hardware upgrades by the Ordering Activity.

(e) Contractor through Check Point provides Hardware Replacement for up to five (5) years after Check Point’s new appliance availability announcement. Hardware shall be repaired or replaced with same or similar products when needed, at Check Point’s discretion.

(f) Contractor through Check Point will provide the date of Check Point’s new appliance availability announcement and End of Support notification for discontinued Hardware to Ordering Activity through an announcement posted on the Check Point Appliance Support Timeline website at URL: http://www.checkpoint.com/services/lifecycle/appliance support.html.

(g) Contractor through Check Point reserves the right to modify Support Lifecycle policy at any time; notifications regarding changes in policy will be posted on the websites.

vi. Nonconformance. If Contractor through Check Point determines the problem is due to nonconformance to published specifications of a Software version, or another substantial Check Point related problem, then under Check Point’s Support plan, Check Point shall provide any Software fix for the reported nonconformance that may be available at the time the problem is reported. If no such fix is available, Check Point will use commercially reasonable efforts to remedy such nonconformance, which may include a Workaround or other temporary fix to the Software.

vii. Exclusions.

Support does not include the following items or actions:

(a) Step-by-step installation of Software or Service Packs;

(b) Onsite services (unless Ordering Activity’s level of Support, as purchased, includes this feature), Professional Services, or Educational Services;

(c) Modification of software code, security-policy configuration, audits, or security design.

Contractor through Check Point shall have no obligation to Support:

(a) An altered, damaged, or modified product or any portion of the product incorporated with or into other software, hardware, or products not specifically approved by Contractor through Check Point;

(b) Product problems caused by Ordering Activity negligence, misuse, misapplication, or use of the product other than as specified in the Check Point user manual, or any other causes beyond the control of Contractor through Check Point;

(c) Product installed on any computer hardware that is not supported by Contractor through Check Point;

(d) Product not purchased from the Contractor’s then-current GSA Price List;

(e) Products subjected to unusual physical or electrical stress, misuse, negligence or accident, or used in ultra-hazardous activities;

(f) Products that are past their End-of-Support date.

Contractor through Check Point shall have no obligation to Support Ordering Activity if:

(a) Appropriate payment for Support has not been received by Contractor; or

(b) Ordering Activity’s annual Support term has expired without renewal.

viii. Reporting Non-Check Point Errors to Ordering Activity. Upon working the Service Request under normal processes, and with appropriate management review, if at that point Contractor through Check Point believes that a problem reported by Ordering Activity may not be due to an error in the Check Point product, Check Point will notify Ordering Activity. At that time, Ordering Activity may: (a) instruct Check Point to proceed with problem determination at Ordering Activity’s possible expense as set forth herein; or (b) instruct Check Point that Ordering Activity does not wish the problem to be pursued at Ordering Activity’s possible expense.

If Ordering Activity requests that Contractor through Check Point proceed with problem determination at Ordering Activity’s possible expense and Check Point determines that the error was not due to the error in the product, Ordering Activity shall pay Contractor, at the Contractor’s Check Point then-current GSA rates, for all work performed in connection with such determination, plus reasonable related expenses incurred therewith. Ordering Activity shall not be liable for:

(a) problem determination or repair to the extent the problems are due to anomalies in the Check Point product; or

b) work performed after Ordering Activity has notified Contractor through Check Point that it no longer wishes problem determination to be continued at Ordering Activity’s possible expense (such notice shall be deemed given when actually received by Check Point).

If Ordering Activity instructs Contractor through Check Point that it does not wish the problem pursued at Ordering Activity’s possible expense or such determination requires effort in excess of Ordering Activity instructions, Check Point may, at its sole discretion, investigate the anomaly with no liability thereof.
c. ORDERING ACTIVITY OBLIGATIONS:

i. Staffing. All Ordering Activity personnel contacting Contractor through Check Point for Support must be fully trained on both the Major Release of the Check Point Software and/or Hardware and the current issue for which Ordering Activity requires assistance.

ii. Named Designated Contacts. Ordering Activity agrees that contact with Contractor through Check Point will be through the specified number of Designated Contacts. Ordering Activity is responsible for specifying and updating valid Designated Contacts in the Check Point User Center with person-specific email addresses. Ordering Activity agrees that access to any Support deliverable, Software Subscription downloads and SecureKnowledge will be through these Designated Contacts, not any alias. The ability to add additional contacts may be purchased per the prevailing Support Plan program guidelines.

iii. Network Access. To the extent possible, and as requested by Contractor through Check Point, Ordering Activity understands that it may be necessary to provide Check Point or its authorized Technical Representative access to the affected network environment for any Severity 1 issue, or when Check Point determines that its Technical Representative needs to access Ordering Activity’s network in order to remotely diagnose an issue. Ordering Activity understands that if access is not provided as requested by Check Point, problem determination will be slower or impaired.

iv. Configuration Files. Ordering Activity agrees to maintain a backup of the configuration that can be used to restore the Hardware.

v. System Information. Ordering Activity must provide to Contractor through Check Point information for each System under a Support Plan by registering all products in the Ordering Activity’s User Center Account with accurate details:

   (a) Product License Key or Device Number;

   (b) Physical Site location of the Hardware product; and

   (c) Site contact person.

If Ordering Activity physically moves any Hardware from the original Site to another location, Ordering Activity must inform Contractor through Check Point of such change immediately with updated Site location and contact. It is Ordering Activity’s responsibility to update such change in the Ordering Activity’s User Center Account. Prior to Check Point’s receipt of such notification from Ordering Activity, Check Point shall not be liable for any lapses in service coverage or Hardware delivery delays with respect to such Hardware.

vi. Backup and Removal of Data. To reconstruct lost or altered Ordering Activity files, data, or programs, Ordering Activity must maintain a separate backup system or procedure that is not dependent on the Software or Hardware products under Support.

Where applicable, before receiving Hardware Replacement Services or before disposal or return of Hardware to Contractor through Check Point, Ordering Activity agrees to:

   (a) backup and secure all programs and data contained in the Hardware;

   (b) securely erase all programs and data not provided by Contractor through Check Point with the Hardware product. Ordering Activity acknowledges that, to perform its responsibilities under this Replacement Service, Check Point may ship all or part of the Hardware product or its Software to third party locations around the world, and Ordering Activity authorizes Check Point to do so; and

   (c) remove all features, parts, options, alterations, and attachments not provided by Contractor through Check Point with the Hardware product, and ensure that the Hardware is free of any legal obligations or restrictions that prevent its exchange.

vii. On-site Access. Where applicable, Ordering Activity agrees to provide Contractor through Check Point or its authorized partner with sufficient and safe access to Ordering Activity’s facilities in order to permit Check Point to fulfill its obligations.

viii. Shelf Spare Units. In the event that Ordering Activity has purchased Hardware Support with a Shelf Spare Replacement solution, Ordering Activity agrees that Contractor through Check Point shall, at all times, remain the sole owner of the Shelf Spare Unit(s) stored at the Ordering Activity’s premises. Ordering Activity agrees that each Shelf Spare Unit stored at Ordering Activity’s on-site location is to be used ONLY in case of Hardware failure approved by Check Point’s TAC. Each Shelf Spare Unit’s on-site location will be required to take an inventory of Hardware physically in stock on a quarterly basis and provide the results to the Check Point Logistics at logistics-reports@checkpoint.com. If it has been determined that the Shelf Spare Unit on-site location does not have the relevant Check Point inventory in stock and the missing inventory cannot be found or accounted for, or if the inventory is damaged as result of Ordering Activity’s practices, the item shall be considered lost, and Check Point shall have the right to seek reimbursement from the Ordering Activity at the standard Check Point list price.

In the case that Contractor through Check Point will certify a local ACE Partner or subcontractor to provide the on-site Replacement Service, Check Point shall have the right to ask the Ordering Activity to send, at Check Point’s expense, the Shelf Spare Unit from the Ordering Activity premises to the relevant partner at any time. In case this Support Plan is not renewed, Ordering Activity agrees to send the Shelf Spare Unit back to Check Point, or pay the full Check Point list price of a new unit.

d. HARDWARE REPLACEMENT:

i. Hardware Return Procedure. If a Hardware product or one of its component parts does not function during the Hardware Support period, and such nonconformance can be verified by Contractor through Check Point, Check Point, at its election, will provide Advance Hardware Replacement service with a refurbished part/unit for the Hardware under the type of Hardware Support Plan Check Point designates for that Hardware. A defective Hardware product or one of its component parts may only be returned to Check Point upon Check Point’s prior written approval. Any such approval shall reference a Returned Material Authorization (“RMA”) number issued by an authorized Check Point service representative. To request an RMA number, Ordering Activity must contact Check Point TAC and open a Service Request. Ordering Activity
should always register the Hardware Product in Ordering Activity’s Check Point User Center account. If Ordering Activity does not register the Hardware Product with Check Point, Ordering Activity may be required to present proof of purchase as evidence of entitlement to Hardware Support service. The Hardware Product’s Device Number will be required for all RMA cases.

ii. Hardware Replacement Procedure. For Order Activities who have purchased Support for their Hardware, Contractor through Check Point will attempt to diagnose and resolve problem over the phone or web. Upon determination that the Hardware issue is related to a malfunction of one of the Hardware components, an RMA process will be initiated by Check Point TAC. Check Point TAC will either issue a replacement of the faulty part (like Power Supply, Fan, Hard Disk, etc.) or a full Unit Replacement. Check Point will send the required hardware to the Site location, as it appears in Order Activity’s User Center and as verified with Order Activity when opening the Support Service Request, in accordance with the Hardware Support Plan Check Point designates for that Hardware.

Order Activity must ship back the faulty Hardware product (or replaceable unit) suitably packaged according to the guidelines, as specified by Contractor through Check Point in the RMA letter shipped with the replacement, to a location that Check Point designates; return shipment of the faulty Hardware should be made within five (5) business days of the arrival of the replacement or approval of the RMA for Shelf Spare Unit usage.

e. TECHNICAL SUPPORT:

i. Web-based Support. Check Point web-based Support available at URL: https://support.checkpoint.com provides the Ordering Activity access to:

(a) Documentation, containing product documentation, release notes, troubleshooting guides and technical white papers about Check Point Software and Hardware products, as releases become generally commercially available.

(b) SecureKnowledgeSM, a self-service knowledge base, restricted repository of thousands of technical documents as well as tools covering everything from planning installation and upgrades, to understanding error messages and fixing specific known issues. Technical solutions, how-to’s, and troubleshooting documents written by Check Point engineers and technical staff are added daily. Ordering Activity may have Advanced or Expert Access in accordance with their Support level and the specifications of this Agreement. When a solution is identified to solve an issue, Check Point TAC may share this solution with Ordering Activity via email or verbal communication.

(c) Software Subscription Downloads, restricted download site for the sole use of the Supported Ordering Activity; includes latest product upgrades, Hot Fix Accumulators (HFAs), Feature Packs, security fixes, tools, and utilities for the contract term. Software Subscription guarantees that Check Point solutions are kept as current as possible through the latest product enhancements and capabilities.

For Major Product releases, Ordering Activity may request Contractor through Check Point to ship a Media Kit that includes Software upgrade package.

(d) Product Forums, containing shared knowledge of Check Point products and solutions within an online community of customers, partners and employees, as well as news on Check Point products and technologies. Support Ordering Activity can view and post on the discussion threads in all Forums.

ii. Contact TAC. Ordering Activity’s access to TAC should be either by telephone, by web request, or by live chat.

(a) By Telephone: Contact the nearest TAC (refer to URL: http://www.checkpoint.com/services/contact/index.html.) An Automatic Call Distribution System will prompt Ordering Activity to select appropriate Support Plan options. After Ordering Activity is directed to a TAC Technical Representative, Ordering Activity’s email address must be provided. Once TAC verified Ordering Activity is a Designated Contact and account has a valid Support contract, TAC will inquire information about the issue and create a Service Request in the Check Point database.

(b) By Web Request: Log into User Center, under the “Support” Tab, select the “Create Service Request” link. Complete the request form with all of the appropriate information about the issue and submit the request. A Service Request will be generated in the Check Point database.

PLEASE NOTE: DO NOT submit a Service Request for a Severity 1 issue via the Web request form. For a Severity 1 case, please contact Contractor through Check Point by telephone and select the appropriate options for your support.

(c) By Live Chat: Log into User Center, under the “Support” Tab, select “Live Chat” icon. Live Chat is for quick and simple questions about Check Point products and services. Any issue requires troubleshooting must be submitted by telephone or by web request.

(d) By Email: Contractor through Check Point does not allow opening a Service Request via email. All requests should be opened by Telephone or by web request. Correspondence on an open Service Request may be made via email, as long as the Ordering Activity Designated Contact writes a reply to emails received from Check Point TAC.

Availability and accessibility of TAC is in accordance with the specifications of this Agreement, subject to the situations set forth in Section 8.1 Force Majeure.

iii. Technical Support Procedures. Under Check Point's Software support plan, Check Point TAC utilizes a multi-tier support model for Problem Resolution. When initial contact with TAC is made, a Technical Representative or Web Service Request Tool will validate Ordering Activity information, contract information, Device Number, and gather details relevant to the question or issue. A unique Service Request (SR) number will be assigned and delivered to the Ordering Activity Designated Contact, either verbally, via Web request, or via email. This SR number will be used to track any given issue from initial contact to final Problem Resolution. If appropriate, an issue will be reproduced in the Check Point Test Lab. Additional testing and problem duplication may take place in a network laboratory environment. Further investigation, including additional troubleshooting or debugging activity may be required. Based on the results of the Test Lab investigation, an issue may be resolved, or, if an anomaly is identified, elevated to the appropriate Check Point Team for final Problem Resolution.

Contractor through Check Point agrees to use commercially reasonable efforts to work with the Ordering Activity for Problem Resolution for an issue in accordance with the specifications of these terms. Timely efforts must be made by all parties involved. If communication from Ordering Activity ceases without notice, after five (5) business days, Check Point may, upon notice, close a Service Request due to inactivity on the part of the Ordering Activity. A Service Request may be reopened within thirty (30) consecutive days of closure. Once a Service Request is closed for thirty (30) consecutive days, this issue will be considered permanently closed, and cannot be reopened. If further work is necessary, a new Service Request will be opened, and all pertinent materials may need to be resubmitted before work can continue.

iv. Severity Level Response Time and Resource Commitment. Contractor through Check Point agrees to use commercially reasonable efforts to respond to Ordering Activity requests based on the Severity of the issue as follows:

<table>
<thead>
<tr>
<th>Severity Level</th>
<th>Response Time (in accordance with Support Plan)</th>
<th>Commitment</th>
</tr>
</thead>
<tbody>
<tr>

</tbody>
</table>

Check Point and Ordering Activity will commit the necessary resources around the clock for Problem Resolution to obtain workaround or reduce the severity of the Error.

Check Point and Ordering Activity will commit full-time resources during normal business hours for Problem Resolution to obtain workaround or reduce the severity of the Error and alternative resources during non Standard Business Hours.

Check Point and Ordering Activity will commit full-time resources during normal business hours for Problem Resolution, to obtain workaround or reduce the severity of the Error.

Check Point and Ordering Activity will provide Resources during normal business hours for Problem Resolution.

Note: Contractor through Check Point does not guarantee the resolution of a problem within the times specified.

For Severity definitions for Network Security Product(s) or Endpoint Security Product(s), refer to the Section “DEFINITIONS,” “Severity” Definitions for Network Security Product(s) and “Severity” Definitions for Endpoint Security product(s).

The response times set forth in this Section constitute targeted goals of the Technical Support to be provided by Contractor through Check Point to Ordering Activity, and it is understood that Check Point shall use commercially reasonable efforts to respond to Ordering Activity requests within the target times set for the relevant Severity level. The parties acknowledge the potentially idiosyncratic nature of any issue, and agree that any sporadic failure to meet targeted times shall not constitute a breach of Check Point Support obligations under this Agreement.

(a) Ordering Activity-initiated Escalation: Under Check Point's Support plan, some work items (especially those associated with critical situations) may need to be expedited. When this becomes the case, Ordering Activity shall notify Check Point TAC of the critical situation. If TAC determines that sufficient information has been provided by Ordering Activity and the escalation is accepted, Check Point will work with Ordering Activity on providing the appropriate solution. The escalation begins in accordance to Check Point standard business practices. Upon request, Check Point may provide an action plan to Ordering Activity that may include (but is not limited by): problem statement, next action items to resolve the issue and time estimates on these action items.

(b) Check Point Internal Escalation Process: When TAC determines an issue needs internal escalation, the issue receives a combination of increasing levels of engineering expertise and managerial attentions in accordance with Check Point standard business practice. Except for the case of a Ordering Activity-initiated Escalation in accordance with Section 5.5 (c) below, that issue need not be escalated to a higher managerial level until the Severity of the issue increases or progress toward resolution ceases or is unduly delayed.

(c) Management Escalation: If Ordering Activity feels that the issue is not moving forward in an appropriate timeframe to closure, and/or an issue requires managerial attention, for immediate escalation, Ordering Activity can either request Technical Representative to connect the Ordering Activity to a Team Leader or contact the Team Leader of the Technical Representative handling the case directly. Team Leader’s contact details are located at the bottom of the Service Request email. Regardless of the total elapsed time of an outstanding Service Request, the point of escalation shall be initiated at the Technical Representative level, escalated to the Team Leader(s), followed by TAC Manager(s), the TAC Director(s), and then the TAC Vice President. For the most current list of Check Point TAC Escalation Management contacts, refer to Escalation Management link in Service Request Web tool in the User Center.

e. CHECK POINT DIRECT SUPPORT PLAN DESCRIPTIONS
i. **Check Point Support Offerings.** In order to meet the needs of its enterprise Ordering Activities, Contractor through Check Point offers its Enterprise Support program for the support of Check Point Software products. This provides a total support service solution directly to enterprise/business customers. Below, are the program levels available under Check Point’s direct Enterprise Support program:

<table>
<thead>
<tr>
<th>Direct Enterprise Support</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Enterprise Software Subscription</td>
</tr>
<tr>
<td>• Enterprise Standard</td>
</tr>
<tr>
<td>• Enterprise Premium</td>
</tr>
<tr>
<td>• Enterprise Elite</td>
</tr>
</tbody>
</table>

ii. **Support Plan Descriptions.**

a. **Enterprise Software Subscription:** Enterprise Software Subscription ensures uninterrupted security and protection for all Check Point products, with access to critical hot fixes, service packs, and major upgrades for a full year. Take advantage of the latest security features as soon as they're available, protecting your business and your investment while maximizing your ROI with Check Point solutions.
   - Ensure continuous security with access to critical hot fixes and service packs
   - Maximize ROI and investment with access to major upgrades and enhancements

b. **Enterprise Standard Support:** Check Point Enterprise Standard Support delivers all the benefits of Enterprise Software Subscription with comprehensive, unlimited support from our experienced and certified security experts. With online tools and extensive resources devoted to Check Point security, you can count on Check Point to resolve your mission-critical issues quickly and efficiently:
   - Software Subscription - Access critical hot fixes, service packs, and major upgrades
   - Protect your business with unlimited, comprehensive support from experienced engineers
   - Ensure business continuity with 5x12 business day Web, Chat and Phone support and 4 hour committed response
   - Free use of Check Point support center tools – Sophisticated tools to initiate, manage, collaborate, and track Service Requests online including active notifications via mail or SMS
   - Reduce support time and costs with Advanced Access to SecureKnowledge, get auto notification on new materials posted in your subject area.
   - Appliance Support
     i. Replacement units shipped same business day; delivery usually within 2-3 business days
     ii. Efficient hardware diagnosis using advanced tools
   - Optional Upgrade to Standard Onsite Support
     i. 5x8x Next Business Day onsite service
     ii. Delivery and basic installation of replacement hardware by a certified engineer
     iii. Available in over 250 locations world wide

c. **Enterprise Premium Support:** Check Point Enterprise Premium Support delivers all the benefits of Enterprise Software Subscription with comprehensive, 24x7x365 unlimited support from our experienced and certified security experts. With online tools, global 24x7x365 service centers, and committed 30 minute response times, you can count on Check Point to resolve your mission-critical issues quickly and efficiently:
   - Software Subscription - Access critical hot fixes, service packs, and major upgrades
   - Protect your business with unlimited, comprehensive support from experienced engineers and 30 minute response with Fast Path to premium desk
   - Ensure mission-critical support with 7x24 support and 30 minute committed TAC response for severity 1 issues and 2 hour response for severity 2
   - Free use of Check Point support center tools – Sophisticated tools to initiate, manage, collaborate upon, and track Service Requests online including active notifications via mail or SMS
   - Reduce support time and costs with Advanced Access to SecureKnowledge, get auto notification on any new material which posted in your subject area.
   - Appliance Support
     i. Replacement units are shipped by Next Flight-Out/ Express Delivery (in mainland US and European Union), Appliances are shipped during normal business hours and could arrive during off hours or next business day until 9AM.
     ii. Efficient hardware issue diagnosis using advanced tools
     iii. Return Materials Authorization (RMA) process by Check Point TAC (Technical Assistance Center) Hardware experts
   - Optional upgrade to Premium On-site Support
     i. 7x24 hours onsite service
     ii. Delivery and basic installation of replacement hardware by a certified engineer
     iii. Available in over 250 locations world wide

d. **Enterprise Elite Support:** Check Point Elite delivers 7 x 24 x 365 support plus on-demand expert care wherever you need it. With committed response times, advanced self-help tools and priority handling. Elite Support will minimize business downtime and keep your network running.
   - 24-hour on-demand onsite engineer to resolve critical software cases
   - Fastest Response Times – 30 minutes for Priority 1 and 2 cases
   - Priority case handling and fast path escalations
   - Increased productivity and uptime with expert knowledge transfer, tools and techniques
   - Appliance Support
     i. Next flight out hardware replacement service
     ii. Enhanced Return Material Authorization (RMA) processing

---

- Elite Onsite Support
  i. Extends the benefits of Elite Support with 4-hour RMA onsite hardware care for the fastest logistics. Check Point provides the delivery and basic installation of replacement hardware by a certified engineer with 4 hours following RMA determination.

e. **Direct Enterprise Support Price Calculation:** The cost of Enterprise Support is calculated using the account rate multiplied by the sum of product list price within the included account(s). Product list price is determined based on the product value in the current Check Point Price List. The account rate is based on the sum of product list price for all products included under the Enterprise Support contract. The applicable GSA discount will then be applied to the Ordering Activity:

* Next Flight Out/Express Delivery is available in the European Union and mainland US. Appliances are shipped during normal business hours and may arrive during off hours or next business day until 9AM.

** Onsite services are provided worldwide by Check Point certified technicians. For available locations click here.

*** Emergency engineer dispatch for critical software issues for more info click here

For other locations contact Check Point Onsite services.

Note: Onsite Hardware Support becomes effective one (1) month from the day it was purchased.

Note: All other Check Point appliances that do not appear in the Appliance Classification table receives regular account rate and no onsite service is available.

Note: customers may upgrade support for specific appliances based on their operational needs regardless to the customer's User Account Service Level Agreement.

* On-site services for SG82 & SG86 include only product replacement (w/o a technician).
- The above special support-rates apply to Software Blades based Appliances with 3 blades (and above), NGX based UTM-1 Total Security and Power-1 Appliances only.
- For NGX UTM-1 non Total-Security Appliances, please use the regular account rate.
- UTM-1 Edge RMA is shipped Next Business Day for all SLAs.
- Regular account rates apply to all other Check Point appliances that do not appear in the above table (e.g. UTM-1 Edge) and no on-site services are available (excluding 2 Blade appliances or NGX non Total Security).
- For IAS (Integrated Appliance Solutions) support offering and rates contact Check Point Onsite Services.
- For UTM-1 xx50 series, you can purchase only Premium/Standard/Elite Support, On-site Services are not available (unless it is on-site renewal).
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Checkmarx, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer ("Licensee") is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.21, as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

   j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
1. DEFINITIONS.

1.1. “Affiliate” means, with respect to a Party, any entity that, directly or indirectly, controls, is controlled by, or is under common control with such Party, and “control” means the direct or indirect possession of the power to direct or to cause the direction of the management and policies of the entity.

1.2. “Effective Date” means the date this Agreement is fully executed by both Parties.

1.3. “Intellectual Property Rights” means all intangible legal rights, title and interests including without limitation: all inventions, patents, patent applications, trademarks, service marks, trade dress, logos, trade names, and corporate names, domain names, any work of authorship, copyrights, trade secrets, and all other proprietary rights in whatever form or medium, in each case on a worldwide basis; together with all revisions, extensions, reexaminations, translations, adaptations, derivations, and combinations thereof and including all goodwill associated therewith.

1.4. “Fees” means the Service fees charged by Licensor to Customer, as set forth in the Quote and applicable purchase order in accordance with the GSA Price List.

1.5. “Named User” means the license is tied to a specific individual named user so that the license may only be used by that individual named user.

1.6. “Quote” means the quotation document provided by Licensor setting out the quantity and type of Service licenses purchased by Customer.

1.7. “Service” means the Codebashing e-learning cloud-based interactive application security tutorial service.

1.8. “Term” means the term of this Agreement, as further forth in Section 6.1.

2. LICENSE GRANTS AND RESTRICTIONS.

2.1. License Grants. Licensor grants the Ordering Activity under GSA Schedule contracts (“Customer” or “Ordering Activity”) a limited, non-exclusive, non-transferable, non-sublicensable, revocable license during the Term and according to the number of Named User licenses set out in the Quote and applicable purchase order, to permit licensed users to access the Service and to view and use the reports generated by the Service for Customer’s internal business purposes. It is hereby clarified that the license does not grant any rights whatsoever to the source code of the Service. The Named User license is activated upon the first log-in of the Named User and may not be transferred thereafter to another Named User.

2.2. Title; Intellectual Property Rights. The Service is licensed, not sold, and this Agreement does not convey any right, title or ownership in the Service to Customer other than the limited rights and licenses set out herein. The Service and its associated documentation shall remain the sole property of Licensor. All Intellectual Property Rights evidenced by or embodied in or related to the Service, and to any customizations, modifications, enhancements or derivatives thereof, are and shall be owned solely by Licensor. Licensor reserves all rights not expressly granted hereunder.

2.3. Restrictions. Customer may not: (a) use the Service in excess of the number of Named User licenses authorized by Licensor (for paid use, according to the number of Named User licenses purchased, as set out in the purchase order); (b) work around any technical limitations in the Service or attempt to circumvent any licensing restrictions; (c) reverse engineer, decompile, disassemble or create derivative works of the Service; (d) attempt to derive the source code of the Service; (e) reproduce, publish, distribute, transfer, publicly display, resell, rent, lease, sublicense, loan, or lend access to the Service to any third party, including Customer’s Affiliates; (f) transfer, assign or permit the sharing of license keys or product codes to a third party, including Customer's Affiliates; (g) attempt to access the Service outside of the interfaces provided by Licensor; (h) in any manner access the Service or any part thereof or use the Service to Customer other than the limited rights and licenses set out herein.  Licensor shall have the exclusive right to control the use of the Service and all goodwill associated therewith.

2.4. Additional Terms and Restrictions. Customer agrees that: (a) all use of the Service shall be in compliance with all applicable laws; (b) the Service is being supplied only for Customer's internal use; (c) Customer is prohibited from granting any sublicenses to use the Service; and (d) Customer may not copy, transfer or communicate the Service or any part thereof to any third party, including Customer’s Affiliates, or the public in violation of this Agreement.

3. DATA USAGE.

3.1. Data Usage. The Service collects usage data, analytics data, and the usernames and email addresses of the users of the Service (the “Data”). Licensor and its authorized third party service providers will use the Data for the purpose of providing the Service to Customer. Licensor may also use the Data to improve the Service and for the internal business purposes of Licensor and its Affiliates.

4. SUPPORT.

4.1. Description of Support. Service availability and uptime is set out in Exhibit A. Licensor will provide support for the Service during the Term in accordance with the service level agreement attached hereto as Exhibit B.

5. RESERVED.

6. TERM AND TERMINATION

6.1. Term. This Agreement shall be effective during the license term set out in the purchase order, unless renewed by written agreement of the Parties or earlier terminated according to the termination provisions set out in the underlying GSA Schedule Contract.

6.2. Reserved.

6.3. Effect of Termination. Customer’s access to the Service shall immediately terminate upon expiration of the Service Term or the termination of this Agreement, and any reports or data generated in connection with the Service will no longer be available for viewing/downloading. Customer is solely responsible for ensuring that any reports or data have been downloaded prior to termination of the Service. Licensor shall have no liability due to the Customer’s inability to access or use the Service after expiration of the Service Term or termination of this Agreement.
6.4. **Survival of Certain Provisions.** The Parties’ rights and obligations contained in Sections 2.2 (“Title; Intellectual Property Rights”); 6.3 (“Effect of Termination”); and 8.0 (“General Provisions”); as well as any obligations to make payments of Fees or other amounts accrued or due hereunder prior to termination, shall survive any termination of this Agreement.

7. **DISCLAIMER OF WARRANTIES.**

7.1. **LIMITED WARRANTY.** Licensor warrants that the Service will, for a period of sixty (60) days from the date Customer is first provided access to the Service, perform substantially in accordance with Service written materials accompanying it subject to Customer’s use of the Service in accordance therewith. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, THE SERVICE IS MADE AVAILABLE BY LICENSOR ON AN “AS IS” AND “AS AVAILABLE” BASIS. ALL WARRANTIES, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE ARE EXPRESSLY DISCLAIMED, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. LICENSOR DOES NOT WARRANT THAT THE SERVICE WILL MEET CUSTOMER’S REQUIREMENTS, OR THAT THE OPERATION OF THE SERVICE WILL BE UNINTERRUPTED AND/OR ERROR FREE. LICENSOR DOES NOT REPRESENT OR WARRANT THAT THE USE OF THE SERVICE WILL BE FREE FROM ERRORS OR SAFE FROM INTRUSIONS OR ANY OTHER SECURITY EXPOSURES. NOTHING IN THE FOREGOING Restricts THE EFFECT OF WARRANTIES OR CONDITIONS WHICH MAY NOT BE EXCLUDED, RESTRICTED OR MODIFIED AS A MATTER OF LAW.

7.2. **RESERVED.**

7.3. **EXCLUSIVITY OF WARRANTIES.** CUSTOMER ACKNOWLEDGES THAT THE WARRANTY DISCLAIMERS SET OUT IN THIS SECTION SHALL EXCLUSIVELY GOVERN CUSTOMER’S USE OF THE SERVICE AND ANY CLAIM ARISING OUT OF OR IN RELATION TO THIS AGREEMENT.

8. **GENERAL PROVISIONS.**

8.1. **Exclusions.** The United Nations Convention Relating to a Uniform Law on the International Sale of Goods, or any similar or successor convention or law, shall not apply to this Agreement. The Parties expressly agree that the Uniform Computer Information Transactions Act shall not apply to this Agreement and, to the extent that it is applicable, the parties agree to opt-out of its applicability pursuant to its provisions.

8.2. **Headings and Wording.** Section and/or paragraph headings used in this Agreement are for reference purposes only and shall not be used in the interpretation hereof. No provision of this Agreement shall be construed against either Party as the drafter thereof.

8.3. **Assignment.** This Agreement may not be assigned, delegated or transferred by either party without the other party’s written consent, and any attempt to take such action shall be void and without effect.

8.4. **Restricted Parties.** Customer represents and warrants that it is not a “Restricted Party,” which shall be deemed to include any person or entity: (a) located in or a national of Iran, Lebanon, Libya, North Korea, Sudan, Syria, or any other countries subject to U.S. or Israeli embargo or trade restrictions; (a “Prohibited Territory”) or (b) on the U.S. Department of Commerce Denied Person’s List, Entity List, or Unverified List; the U.S. Department of the Treasury’s list of Specially Designated Nationals and Blocked Persons; or the U.S. Department of State’s list of Debarred Parties. Customer shall not distribute, transfer or permit access to any Licensor software or service to any Restricted Party or any person or entity in a Prohibited Territory without the prior, express written authorization from Licensor and, as appropriate, any relevant government agency.

8.5. **Entire Agreement.** This Agreement, including any Exhibits, Quotes, and purchase orders incorporated by reference, and the underlying GSA Schedule Contract constitute the entire agreement between Licensor and Customer, and any and all written or oral agreements relating to the license of Licensor’s Software existing between Licensor and Customer, including but not limited to any Software evaluation license agreement, shall not be supplemented, modified or otherwise contained in this Agreement.

8.6. **No Waiver.** The failure of either Party to enforce at any time, or for any period of time, the provisions of this Agreement shall not be interpreted to be a waiver of such provisions or of the right of such Party to enforce each and every such provision.

8.7. **Partial Invalidation.** In the event that any provision of this Agreement shall be held by law, or found by a court or other tribunal of competent jurisdiction to be unenforceable, the unenforceable provision shall be severed and the remaining provisions of this Agreement shall remain in full force and effect. In such an event, Licensor and Customer agree to negotiate in good faith a substitute provision that most nearly reflects the intent of the severed provision.

8.8. **Relationship of Parties.** The Parties hereto are independent contractors. Nothing contained herein or done in pursuance of this Agreement shall create a principal-agent, partner, or other relationship between the Parties for any purpose or in any sense whatsoever, or create any form of joint enterprise whatsoever between the Parties.

8.9. **No Third Party Beneficiaries.** This Agreement is entered into solely for the benefit of Licensor and Customer. No third party shall be deemed to be a beneficiary of this Agreement, and no third party shall have the right to make any claim or assert any right under this Agreement.

8.10. **Amendment.** This Agreement may only be modified or supplemented by a written document executed by an authorized representative of each Party.

8.11. **Contracting Entity.** For Customers located in the United States of America, “Licensor” is defined as Checkmarx, Inc.

---

**Exhibit A**

**SERVICE LEVEL AGREEMENT – UPTIME AND AVAILABILITY**

**Service Level Standard:** Licensor will provide no less than ninety-nine point five percent (99.5%) Services Availability, as calculated on an annual basis, subject to the Exclusions below.

“Availability” shall mean the portion (in percentage terms) of Uptime that the Hosted Services are Available for Use (as defined below):

\[
\text{Uptime} = \left\{ \frac{\text{Total Time} (24/7)}{\text{Scheduled Maintenance Windows}} \right\}
\]

% Availability = (Uptime – Time Unavailable) / Uptime

“Available for Use” shall mean that all of the supported functions and features of the Services are capable of sending and receiving data to and from the Internet. “Service Level Period” means 24x7: 24 hours a day, 7 days a week, 365 days a year.

“Time Unavailable” shall mean any period of time during the applicable Service Level Period that the Services are not Available for Use, except for the Exclusions set forth below. **Time Unavailable - Exclusions**

Time Unavailable shall not include the aggregate amount of time during which the Services are not Available for Use due to:
1. **DEFINITIONS.**

   (a) “**Bug**” means an error condition that causes the Service to fail to operate.

   (b) “**Normal Business Hours**” means Monday through Friday, 09:00 – 17:00, Customer’s local time, excluding public holidays.

   (c) “**Resolution Time**” means the time elapsed until a Workaround or permanent solution to a Bug has been provided in accordance with the resolution timelines set out below, according to the severity classification.

   (d) “**Workaround**” means a temporary error correction or change in operating procedure allowing Customer to continue to use the Service until a long-term solution has been provided.

All capitalized terms not defined above shall have the meaning set forth in the main body of the license Agreement, which is incorporated herein by reference.

2. **SUPPORT.**

   During the Term of the Agreement and subject to Customer’s payment of applicable Fees:

   (a) Licensor will provide technical support and assistance with respect to the Service, including: (i) clarification of functions and features; and (ii) technical support and assistance in the operation of the Service.

   (b) Licensor shall provide support during Normal Business Hours via telephone and email to Customer’s Support Contact Designee.

   (c) Licensor shall not be responsible for providing support for matters not directly involving problems with the Service, such as Customer network connectivity issues, interfaces with other systems, and third party products (software and/or hardware).

3. **RESPONSE AND RESOLUTION SCHEDULE.**

   Customer will initially classify each Bug in the Service based on the following schedule, and thereafter report such Bug or error to Licensor for correction. Licensor shall perform problem management in accordance with the priority level initially determined by Customer; however, the final classification of the priority level will be determined by Licensor in accordance with the table below:

<table>
<thead>
<tr>
<th>PRIORITY LEVEL</th>
<th>CRITERIA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Priority 1</td>
<td>Fatal: Bug preventing all use of the Service.</td>
</tr>
<tr>
<td>Priority 2</td>
<td>Severe Impact: Bug disabling major functions from being performed. This condition exists when the Service is partially inoperative, but is still usable by Customer and the impact is one of inconvenience.</td>
</tr>
<tr>
<td>Priority 3</td>
<td>Minimal Impact: Includes all other Bugs. This condition generally exists when the Service is usable and the problems consist of inconveniences or minor failures involving individual components of the system.</td>
</tr>
</tbody>
</table>

   Upon receipt of Customer’s service ticket initially classifying the priority of the problem, Licensor shall use commercially reasonable efforts to promptly contact Customer to confirm the priority level of the service call, and shall use commercially reasonable efforts to respond to, restore or resolve Bug related error reports and service calls according to the following schedule:

<table>
<thead>
<tr>
<th>PRIORITY LEVEL</th>
<th>RESOLUTION TIME</th>
</tr>
</thead>
<tbody>
<tr>
<td>Priority 1</td>
<td>1 to 2 business days</td>
</tr>
<tr>
<td>Priority 2</td>
<td>3 to 6 business days</td>
</tr>
</tbody>
</table>
4. CUSTOMER'S OBLIGATIONS DURING THE SERVICE TERM PERIOD.

(a) Customer shall notify Licensor of any Bugs and errors by sending an email to support@checkmarx.com.
(b) Customer shall appoint one support contact designee who will be Licensor’s single point of contact for support requests.
(c) Customer shall provide Licensor with all reasonably requested reasonable cooperation and assistance as required to provide support in accordance with the response times set out above. Licensor shall not be responsible for failure to meet its service level obligations to the extent caused by Customer’s failure to provide reasonable cooperation, support and assistance to Licensor.
(d) All support services are provided remotely. If Customer requires the use of specific remote connectivity software, it is customer's responsibility to license and operate such software. Remote Customer support shall be provided via WebEx or other mutually agreed means.

CHECKMARS OPEN SOURCE ANALYSIS (“OSA”) AGREEMENT

This Checkmarx Open Source Analysis Agreement (the “Agreement”) is made by and between the applicable Checkmarx entity identified below (“Licensor”), and the customer entity identified above (“Customer”) (as defined herein, each a “Party”, and collectively the “Parties”).

1. DEFINITIONS.

1.1. “Affiliate” means, with respect to a Party, any entity that, directly or indirectly, controls, is controlled by, or is under common control with such Party, and “control” means the direct or indirect possession of the power to direct or to cause the direction of the management and policies of the entity.

1.2. “Intellectual Property Rights” means all intangible legal rights, title and interests including without limitation: all inventions, patents, patent applications, trademarks, service marks, trade dress, logos, trade names, and corporate names, domain names, any work of authorship, copyrights, trade secrets, and all other proprietary rights in whatever form or medium, in each case on a worldwide basis; together with all revisions, extensions, reexaminations, translations, adaptations, derivations, and combinations thereof and including all goodwill associated therewith.

1.3. “OSA Solution” means the cloud-based open source management solution provided to users of the licensed Checkmarx software by Licensor and its designated third party service provider(s). Depending on the configuration licensed by Customer, the OSA Solution may consist of a cloud-based open source management solution accessed using the licensed Checkmarx software (“CxOSA”), or CxOSA together with a standalone solution operated by the OSA Service Provider (“CxOSA-WS”).

1.4. “Quote” means the quotation document provided by Licensor setting out the quantity and type of OSA Solution licenses purchased by Customer.

2. LICENSE GRANTS AND RESTRICTIONS.

2.1. License Grants. Subject to Customer’s compliance with these OSA Terms, Licensor grants Customer a limited, non-exclusive, nontransferable, non-sublicensable, revocable license during the OSA Term and according to the number and type of OSA Solution licenses as set out in the Quote and applicable purchase order, to: (a) for CxOSA, to permit licensed users of the Checkmarx software to access the object code form of the OSA Solution through the applicable Checkmarx software interfaces; (b) for CxOSA-WS, to additionally access the object code form of the OSA Solution through the applicable OSA Service Provider interfaces; and (c) for either CxOSA or CxOSA-WS (as applicable) to view and use the reports generated by the OSA Solution for Customer’s internal business purposes. It is hereby clarified that the license does not grant any rights whatsoever to the OSA Solution source code.

2.2. Title; Intellectual Property Rights. The OSA Solution is licensed, not sold, and these OSA Terms do not convey any right, title or ownership in the OSA Solution to Customer other than the limited rights and licenses set out herein. The OSA Solution and documentation shall remain Licensor’s or the OSA Service Provider’s property, as applicable. All Intellectual Property Rights evidenced by or embodied in or related to the OSA Solution, and to any customizations, modifications, enhancements or derivatives thereof, are and shall be owned solely by Licensor and the OSA Service Provider, as applicable. Licensor reserves all rights not expressly granted hereunder.

2.3. Restrictions. Customer may not: (a) use the OSA Solution in excess of the number and type of licenses authorized by Licensor (for paid use, as set out in the Quote); (b) work around any technical limitations in the OSA Solution or attempt to circumvent any licensing restrictions; (c) reverse engineer, decompile, disassemble or create derivative works of the OSA Solution; (d) attempt to derive the source code of the OSA Solution; (e) reproduce, publish, distribute, transfer, publicly display, resell, rent, lease, sublicense, loan, or lend access to the OSA Solution to any third party; (f) use the OSA Solution to provide code scanning or audit services to a third party, or make the OSA Solution available in a service bureau or any similar commercial time-sharing arrangement; (g) transfer, assign or permit the sharing of license keys or product codes to a third party; (h) make available to any third party any analysis of the results of the operation of the OSA Solution, including benchmarking results, without the express written consent of Licensor; (i) attempt to access the OSA Solution outside of the software interfaces provided by Licensor and/or the OSA Service Provider; or (j) provide access to the OSA Solution or the output generated by the OSA Solution to any individual who does not hold a valid license to use the OSA Solution.

3. DATA USAGE.

3.1. Data Usage. The OSA Solution transmits technical data to the OSA Service Provider as required to provide the OSA Solution to Customer (the “Data”). No source code of the Customer is sent to the OSA Service Provider. For CxOSA-WS, Customer must provide a customer ID and email addresses to the OSA Service Provider for authentication purposes.

3.2. OSA Service Provider. The cloud-based open-source analysis service powering the OSA Solution is operated by a third party service provider under contract to Licensor (the “OSA Service Provider”). The OSA Service Provider is contractually obligated to handle all Data on a confidential basis and to use the Data only in connection with providing the OSA Solution to Customer. Licensor reserves the right to change OSA Service Providers from time to time.

4. SUPPORT.
4.1. **Description of Support.** Licensor will assist with basic e-mail (Level 1) support to assist Customer with its use of the OSA Solution. Advanced (Level 2 and Level 3) support for the OSA Solution shall be provided by the OSA Service Provider. All support shall be provided in accordance with the support level agreement entered into between Licensor and the Customer in connection with the licensed Checkmarx software.

5. **RESERVED.**

6. **TERM AND TERMINATION.**

6.1. **Term.** These OSA Terms shall be effective during the OSA Solution term set out in the Quote and applicable purchase order (the “Term”), unless renewed by agreement of the Parties or earlier terminated according to the termination provisions set out in the underlying GSA Schedule Contract.

6.2. **Reserved.**

6.3. **Effect of Termination.** Customer’s access to the OSA Solution shall immediately terminate upon expiration of the Term or the termination of these OSA Terms in accordance with the Contract Disputes Act, and any reports or data generated in connection with the OSA Solution will no longer be available for viewing/downloading. Customer is solely responsible for ensuring that any reports or data have been downloaded prior to termination of the OSA Solution. Licensor shall have no liability due to the Customer’s inability to access or use the OSA Solution after termination of these OSA Terms or expiration of the Term. In the event of termination, Customer’s sole and exclusive remedy shall be the refund of any unused OSA Fees remaining as of the date of termination.

7. **DISCLAIMER OF WARRANTIES.**

7.1. **WARRANTY DISCLAIMERS.** THE OSA SOLUTION IS MADE AVAILABLE BY LICENSOR ON AN "AS IS" AND "AS AVAILABLE" BASIS. ALL WARRANTIES, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE ARE EXPRESSLY DISCLAIMED, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. LICENSOR DOES NOT WARRANT THAT THE OSA SOLUTION WILL MEET CUSTOMER’S REQUIREMENTS, OR THAT THE OPERATION OF THE OSA SOLUTION WILL BE UNINTERRUPTED AND/OR ERROR FREE. LICENSOR DOES NOT REPRESENT OR WARRANT THAT THE USE OF THE OSA SOLUTION WILL BE FREE FROM ERRORS OR SAFE FROM INTRUSIONS OR ANY OTHER SECURITY EXPOSURES. NOTHING IN THE FOREGOING RESTRICTS THE EFFECT OF WARRANTIES OR CONDITIONS WHICH MAY NOT BE EXCLUDED, RESTRICTED OR MODIFIED AS A MATTER OF LAW.

7.2. **RESERVED.**

7.3. **EXCLUSIVITY OF WARRANTIES AND LIMITATIONS OF LIABILITY.** CUSTOMER ACKNOWLEDGES THAT THE WARRANTY DISCLAIMERS SET OUT IN THIS SECTION SHALL EXCLUSIVELY GOVERN CUSTOMER’S USE OF THE OSA SOLUTION AND ANY CLAIM ARISING OUT OF OR IN RELATION TO THESE OSA TERMS.

8. **GENERAL PROVISIONS.**

8.1. **Governing Law and Venue.** These OSA Terms shall be governed by and interpreted in accordance with the Federal laws of the United States. The United Nations Convention Relating to a Uniform Law on the International Sale of Goods, or any similar or successor convention or law, shall not apply to these OSA Terms. The Parties expressly agree that the Uniform Computer Information Transactions Act shall not apply to these OSA Terms and, to the extent that it is applicable, the parties agree to opt-out of its applicability pursuant to its provisions.

8.2. **Miscellaneous Terms.** Should any provision of these OSA Terms be held to be invalid, such provision shall be replaced with a valid provision implementing the intent of the parties at the time of the signing of these OSA Terms. These OSA Terms, together with the underlying GSA Schedule Contract, Schedule Pricelist, and Purchase Order(s) supersedes any previous agreements or representations, either oral or written regarding the OSA Solution. Customer acknowledges that it has not relied upon any representations or warranties other than those expressly contained in these OSA Terms. These OSA Terms may be amended only by an instrument in writing signed by both parties. Customer or Licensor may not transfer or assign its rights or obligations under these OSA Terms to any third party without the prior written approval of the other party, and any such purported assignment shall be null and void. All notices given under these OSA Terms shall be in writing and shall be deemed to have been duly given: when delivered, if delivered by messenger during normal business hours of the recipient; when sent, if transmitted by facsimile transmission (receipt confirmed and with a confirmation copy sent by post) during normal business hours of the recipient; or on the third business day following posting, if posted by international courier service (FedEx, UPS, DHL).

8.3. **Contracting Entity.** For Customers located in the United States of America, “Licensor” is defined as Checkmarx, Inc.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Chef Software, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultants orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2L, as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.
j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federallycompatible agreements, if any.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA
Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
Attachment A – Chef Software Inc.

MASTER LICENSE AND SERVICES AGREEMENT

This Master License and Services Agreement ("Agreement") is entered into by and between the Ordering Activity purchasing under the GSA Schedule Contract ("Customer" or "Ordering Activity"), and Chef Software Inc., a Delaware corporation ("Chef").

1) Definitions. Capitalized terms used herein have the following definitions:

   a) "Affiliate" means any entity that is controlled by or under common control with Customer, where "control" means the ability whether directly or indirectly to direct the affairs of another by means of ownership, contract or otherwise.

   b) "Chef Proprietary Item" means any Software Usage and Technical Support Data, work, materials, or other tangible or intangible property used by Chef in the course of its performance under this Agreement or any Order Form that is (i) not a Deliverable; or (ii) developed by Chef independently of this Agreement. Inclusion of any Chef Proprietary Item in a Deliverable does not change its character as a Chef Proprietary Item.

   c) "Confidential Information" means any proprietary information received by the other party during or prior to entering into, this Agreement that is identified as confidential at the time of disclosure or that a party reasonably should know is confidential or proprietary based on the circumstances surrounding the disclosure including, without limitation, the Software and any non-public technical and business information. Confidential Information does not include information that (i) is or becomes generally known to the public through no fault of or breach of this Agreement by the receiving party; (ii) is rightfully known by the receiving party at the time of disclosure without an obligation of confidentiality; (iii) is independently developed by the receiving party without use of the disclosing party's Confidential Information; or (iv) the receiving party rightfully obtains from a third party without restriction on use or disclosure.

   d) "Documentation" means any on-line help files, instruction manuals, operating instructions and user manuals created and provided by Chef that describe the use of the Software and either accompany the Software or are available at https://docs.chef.io and https://www.habitat.sh/docs/overview

   e) "Habitat Supervisor" means a process manager in Chef Habitat™ that (i) starts and monitors the child app service defined in a package; and (ii) receives and acts upon configuration changes from other Habitat Supervisors to which it is connected.

   f) "Intellectual Property Rights" means patent rights (including without limitation patent applications and disclosures), copyrights (including without limitation rights in audiovisual works and moral rights), trade secrets, trademarks, know-how, moral rights, and any other intellectual property rights recognized in any country or jurisdiction in the world.

   g) "License Fee" means fees paid to Chef from Customer in exchange for Customer's right to use the Software as provided in this Agreement.

   h) "License Term" means the term during which Customer is permitted to use the Software, as described in the applicable Order Form.

   i) "License Unit" means a specific type of numeric quantity used in an Order Form to establish the extent and amount of Customer's license to Software. "License Unit" includes Node, Resource, and Service Instance.

   j) "Node" means each individual component of Customer's system - physical or virtual (i.e., server, workstation, IP router, Virtual Machine, or other device or component) that is assessed, installed, configured, updated, scanned and/or managed through the use of Chef Infra.

   k) "Order Form" means a separate document that references this Agreement and is signed by both Parties.

   l) "Professional Services" means any professional services performed by Chef for Customer pursuant to any Order Form.

   m) "Target" means each instance of infrastructure, software, configuration, or other technical resource that is the compliance target of one or more Chef Inspec profiles used by Customer.

   n) "Service Instance" means each single instance of an application service that has been packaged by Chef Habitat and is deployed to any environment, including but not limited to application services that are (a) managed by Habitat Supervisors, or (b) downstream of a pipeline that integrates the Habitat Builder service.

   o) "Services" means, collectively, Professional Services and Support Services.

   p) "Software" means the applicable software made available by Chef and referenced on an Order Form, including all updates, libraries, gems, databases, plug-ins, messaging services, authentication sub-functions, certificate management, and environments provided by Chef to Customer during the applicable License Term.

   q) "Support Services" means the technical support services described at https://www.chef.io/service-level-agreement/ or in any Order Form.
2) **License Grant and Support.** During the applicable License Term, and subject to Customer’s compliance with the terms and conditions of Sections 4, 6, 13, 16, and 18, Chef grants to Customer a worldwide, non-exclusive, non-transferable, non-sublicensable license to (i) install and use the Software only for the internal use of Customer ("License"), (whether on premises or in the cloud, and including any information technology infrastructure for the benefit of Customer’s customers) and limited to the number of License Units for which Customer is current in the payment of the applicable License Fee and, (ii) to use the Documentation only for its internal operation and use.

   a) **Support.** During the applicable License Term, Chef will provide Customer Support Services for the Software as listed at https://www.chef.io/service-level-agreement at the "Standard" level, or as otherwise described in the applicable Order Form.

   b) **Third Party Support.** Customer may also elect, at its discretion, to obtain separate support by a third party for all or some of its licensed Software ("Administered License Units").

      i) Customer agrees that it will provide Chef the following information in connection with all Administered License Units for all periods that it is using a third party to support Administered License Units during the applicable License Term:

         1) Customer identification number/name with third party

         2) Number of Administered License Units for the prior month as of the 10th day of each following Month

      ii) The License Term for the Software is independent of any support term for Administered License Units that Customer may elect with a third party.

      iii) Failure by Customer to provide the information in this Section 2(b) will be a material breach of this Agreement.

3) **Third Party Software.** The Software includes components under license from third parties, including open source licenses (the "Third Party Components"). Third Party Components are subject to the terms of their accompanying open source licenses. Please see https://www.chef.io/3rd-party-licenses/ for more details. For avoidance of doubt, Chef’s warranty of the Software includes all Third Party Components to the extent embedded in, and used by, the Software.

4) **Restrictions.** The License is limited. Except as otherwise expressly permitted in this Agreement, Customer will not: (a) copy or use the Software in any manner except as expressly permitted in this Agreement; (b) use or deploy the Software in excess of the License Units for which Customer has paid the applicable License Fee; (c) transfer, sell, rent, lease, commercialize, lend, distribute, or sublicense the Software to any third party; (d) reverse engineer, disassemble, or decompile the Software (except to the extent such restrictions are prohibited by law); (e) alter or remove any proprietary notices in the Software; (f) make available to any third party the functionality of the Software or any license keys used in connection with the Software; or (g) use the Software for any purpose that is unlawful or prohibited by this Agreement or otherwise. If Customer does not comply with the License terms or the foregoing restrictions, Chef may terminate the applicable License in accordance with the contract Disputes Clause (Contract Disputes Act).

5) **Proprietary Rights.**

   a) **Software and Documentation.** Other than the License granted in Section 2, Chef and its licensors retain all right, title and interest in and to the Software and Documentation and all components thereof, including all patent, copyright, trademark, and trade secret rights, whether such rights are registered or unregistered, and wherever in the world those rights may exist and in any derivatives, modifications and enhancements thereto (collectively, the "Chef Rights"). Customer will not commit any act or omission or permit or induce any third party to commit any act or omission inconsistent with the Chef Rights. Chef or its licensors own all graphics, user and visual interfaces, images, code, applications, and text, as well as the design, structure, selection, coordination, expression, "look and feel", and arrangement of the Software and its content, and the trademarks, service marks, proprietary logos and other distinctive brand features found in the Software (collectively, the "Chef Marks"). This Agreement does not permit Customer to distribute any product or service using the Chef Marks, including in connection with any Third Party Components. Chef will retain title to all copies of the Software provided to Customer or made by Customer. There are no implied rights or licenses in this Agreement. All rights are expressly reserved by Chef.

   b) **Proprietary Items.** Customer will have or obtain no rights in Chef Proprietary Items (or in any modifications or enhancements to them or any derivative work within the meaning of the US Copyright Act) except that, to the extent the Chef Proprietary Items are incorporated into a Deliverable, Chef will grant Customer a License in such Chef Proprietary Items to use them as part of (but not unbundled from) the Deliverable. All other Intellectual Property Rights in and to the Chef Proprietary Items will remain in and/or are hereby assigned to Chef.

6) **Fees and Payment Terms:**

   a) **License Fee.** An Order Form will state the specific License Fee and the number of License Units licensed to deploy or use the Software. License Fees are based on Software purchased, not actual usage (subject always to Section 15). The number of License Units purchased cannot be decreased during the relevant License Term. License Fees will be paid in accordance with any different billing frequency stated in the applicable Order Form.

   b) **Professional Services Fee.** For Professional Services fees designated as "fixed fee", Chef will invoice Customer upon execution of the applicable Order Form. For Professional Services not designated as fixed fee, Chef will invoice monthly in arrears based on actual hours worked during the preceding month. Unless the applicable Order Form provides otherwise, Professional Services Fees designated as “fixed fee.”
c) **Costs and Expenses.** Ordering Activity Licensee agrees to pay any travel expenses in accordance with Federal Travel Regulation (FTR)/Joint Travel Regulations (JTR), as applicable, Ordering Activity shall only be liable for such travel expenses as approved by Ordering Activity and funded under the applicable ordering document.

d) **Payments.** Unless otherwise provided in an Order Form, all payments of fees or charges payable to Chef under this Agreement will be made in United States dollars and are due in full within thirty (30) days from the invoice receipt date. Customer will provide complete and accurate billing and contact information to Chef and will notify Chef of any changes to such information.

e) **Late payments.** Late payments (other than amounts disputed in good faith by Customer) will bear interest at the rate indicated by the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CFR 1315. All fees payable under this Agreement are net amounts and are payable in full.

f) **Taxes.** Chef shall state separately on invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

7) **Delivery and Acceptance.**

a) **Acceptance.** Chef will make the Software available to Customer electronically. Software will be deemed to be delivered to Customer's billing address unless Customer provides written notice of an alternative delivery address. The Software will be deemed accepted immediately upon delivery. Acceptance (if any) of Deliverables will be specified in an Order Form.

8) **Term and Renewal; Termination.**

a) **Term of Agreement.** The term of this Agreement (the “Term”) will commence on the Effective Date and will continue until terminated as provided herein. Except as otherwise provided in Section 8(c) below, termination of this Agreement will not affect any outstanding Order Form, and this Agreement will remain in effect until all Professional Services and Deliverables to be provided thereunder have been completed and/or the applicable License Term has expired per the terms of such Order Form.

b) **Early Termination.** When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Chef shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

c) **Effect of Termination.**

i) Upon termination of this Agreement, Customer will discontinue all representations that it is a Customer of Chef. Termination of the Agreement will not terminate an Order Form unless the basis for termination also prevents full performance under such Order Form and the non-breaching party includes notice of termination of such Order Form in its notice of termination of the Agreement.

ii) Upon termination of an Order Form, the following will apply in respect of that specific Order Form only:

1. the parties will cooperate to affect an orderly, efficient, effective and expeditious termination of the parties’ obligations under that Order Form;
2. Chef will have no obligation to perform any Services under the terminated Order Form after the effective date of the termination;
3. Customer will pay to Chef any fees, allowed reimbursable expenses, compensation or other amounts payable for Services performed under the terminated Order Form prior to the effective date of the termination;
4. all licenses granted by Chef thereunder will automatically cease as of the effective date of termination of such Order Form, and if Customer has no other applicable Software License, Customer must uninstall any installed Software, cease using all Software and destroy or return all copies of the Software to Chef; and certify in writing that all known copies thereof, including backup copies, have been destroyed or disabled in all forms and types of media as of the effective date of termination; and
5. upon Customer’s termination of an Order Form as provided in Section 8(b), Chef will, subject to Section 10 and Section 11 of this Agreement, pay to Customer the following:
   a) a pro rata portion of applicable License Fees following the effective date of termination through the expiration of the applicable License Term; and
   b) Professional Services fees designated as “fixed fee” that have not been performed as of the effective date of termination.

iii) Upon termination of this Agreement and completion, termination or expiration of all outstanding Order Forms, each party will promptly return to the other all of the other party’s Confidential Information within its possession or control and will certify in writing that it has complied with its obligations to return all such Confidential Information.

iv) The following shall survive termination of this Agreement for any reason: any and all liabilities accrued before the effective date of termination; and the provisions of this Agreement concerning proprietary rights, indemnity, disclaimers of warranty, limitation of liability, payment of fees and governing law.

9) **Professional Services.** Chef will perform the Professional Services detailed in any Order Form. Order Forms will set forth a description of the work to be performed, fees, time schedules and other special terms and conditions applicable to the particular project. Each Order
Form will become effective only upon acceptance by both parties hereto as evidenced by signature of an authorized representative of each party on the applicable Order Form. Chef will perform the Professional Services using its employees, subcontractors or agents, as Chef in its sole discretion deems appropriate. Chef will remain responsible to Customer for the actions of its employees, subcontractors or agents when so used.

a) **Customer Responsibilities.** Customer understands its business needs and has determined independently that the Deliverables and Professional Services will meet its needs.

b) **Intellectual Property Ownership.** Should the Professional Services set forth in an Order Form result in any reports, work product or other tangible items identified in an Order Form as a deliverable ("Deliverables"), unless otherwise provided in an Order Form, Chef grants to Customer a worldwide, non-exclusive, non-transferable, non sub-licensable license to use the Deliverables for Customer's internal use. Other than the limited license to the Deliverables contained herein or as otherwise set forth in an Order Form, Chef will own and retain all right, title and interest, express or implied, in and to any Deliverables created during the course of providing the Professional Services and to all other works of authorship of any kind or nature prepared, created or conceived by Chef in the performance of the Professional Services, exclusive of any Confidential Information of Customer incorporated therein. Chef will not own or have any right, title or interest in or to the Confidential Information of Customer, whether by assignment, license or otherwise.

c) **Residuals/Items of General Knowledge.** Chef may use its general knowledge, skills and experience, and any ideas, concepts, know-how, and techniques within the scope of its professional services practice in the course of providing the Professional Services, including information publicly known or available or that could reasonably be acquired in similar work performed for another customer of Chef. In no event will Chef be precluded from developing for itself, or for others, materials that are competitive with the Deliverables, irrespective of their similarity to the Deliverables, provided this is done without use of Customer's Confidential Information.

10) **Warranty.**

a) **Software Warranty.** Chef warrants that the Software will perform in all material respects as specified in its accompanying Documentation under normal use for the duration of the Warranty Period. This warranty extends only to Customer. To the maximum extent permitted by applicable law, Customer’s exclusive remedy for a breach of this limited warranty is to return any allegedly defective Software, and Chef, at its option, will replace it or refund any fee paid for the Software, provided that Customer gives Chef written notice of the noncompliance within the Warranty Period. Chef's sole obligation under the limited warranty set forth in this Section 10(a) is to use its reasonable efforts to correct or replace any non-conforming Software once Chef has been made aware of such non-conformance or, in Chef's sole discretion, to terminate this Agreement (in which event, Customer will immediately stop using the Software) and refund the License Fees paid by Customer to Chef up through the effective date of such termination.

b) **Services Warranty.** Chef warrants to Customer for a period of sixty 60 days after Customer acceptance of Services or Deliverables or initial receipt of or access to the Software, as applicable (the "Warranty Period") that: (i) the Services will be performed in a good and workmanlike manner; and (ii) the Deliverables will conform in all material respects to applicable specifications identified in an Order Form. Chef's sole obligation under the limited warranty set forth in this Section 10(b) is to use commercially reasonable efforts to correct any Services or Deliverables that do not comply with the warranties set forth in this Section 10(b) (e.g., by reperformance of any noncomplying Services or modifying any noncomplying Deliverables); provided that Customer gives Chef written notice of the noncompliance within the Warranty Period. If, after the expenditure of commercially reasonable efforts, Chef is unable to correct the noncompliance, Chef may choose to refund an equitable portion (e.g., based upon the value of Customer's actual use of, or any benefits received by Customer) of the fee paid by Customer for such Deliverables or Services, whereupon the same will be deleted from the Deliverables or Services and no longer considered a part thereof.

c) **Exclusions.** The warranties under Sections 10(b) and 10(a) do not apply to any noncompliance resulting from any: (i) use not in accordance with this Agreement or any applicable Order Form, including Customer operation or use of the Software or Deliverables other than in accordance with applicable documentation or design or on hardware not recommended, supplied or approved by Chef; (ii) modification, damage, misuse or other action of Customer or any third party; (iii) combination with any goods, services or other items provided by Customer or any third party; or (iv) combination of the Software with any distribution or binary not provided by Chef, even if the distribution or binary is derived from the same source code as the Chef Software. Further, Chef does not warrant that the Software or Deliverables or any other items furnished by Chef under this Agreement or any Order Form are free from non-material bugs, errors, defects or deficiencies.

d) **Disclaimer.** **EXCEPT FOR THE LIMITED WARRANTY IN SECTIONS 10(a) AND 10(b) ABOVE, THE SOFTWARE, DELIVERABLES, AND ANY SERVICES PROVIDED UNDER THIS AGREEMENT ARE PROVIDED “AS IS”, WITHOUT ANY WARRANTIES OF ANY KIND, INCLUDING BUT NOT LIMITED TO, WARRANTIES CONCERNING THE USE, INTEROPERABILITY, OR PERFORMANCE OF THE SOFTWARE. CHEF DISCLAIMS ANY AND ALL WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND/OR NON-INFRINGEMENT. CHEF DOES NOT WARRANT THAT THE SOFTWARE, DELIVERABLES, OR SERVICES WILL MEET CUSTOMER’S REQUIREMENTS OR THAT THE OPERATION THEREOF WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT ERRORS WILL BE CORRECTED.**

11) **Indemnification.**

a) **Indemnification by Chef.** Chef will indemnify Customer and will pay any costs or damages that may be finally awarded in respect of any third party claims, proceedings, costs or damages, including actual attorneys' fees and court costs and expenses in any such third party
action, proceeding or case, and agreed settlements to the extent that the Software or Deliverables infringe any United States patent, or any copyright, trademark or other proprietary right of such third party; provided that Customer: (i) promptly notifies Chef of the claim; (ii) gives Chef all necessary information regarding the claim; (iii) reasonably cooperates with Chef; and (iv) allows Chef to control the defense and all related settlement negotiations; provided that, if any settlement requires a non-monetary obligation of an indemnified party (other than ceasing use of the Software or Deliverables), then such settlement will require the Customer’s prior written consent, which consent will not be unreasonably withheld. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or suit brought against the U.S. pursuant to its jurisdictional statute 28 U.S.C. § 516.

b) Exclusions. Chef will have no liability for any infringement claim (a) based on modifications to the Software or Deliverables made by a party other than Chef or third party acting on behalf of Chef, if a claim would not have occurred but for such modifications, (b) based on the use of other than the then-current, unaltered version or release of the Software or Deliverables, unless the infringing portion is also in the then-current, unaltered version or release; (c) based on the use, operation or combination of the Software or Deliverables with non-Chef programs, data, equipment or documentation if such infringement would have been avoided but for such use, operation or combination; (d) attributable to any Third Party Components; (e) based on Customer's use of the Software or Deliverables other than in accordance with this Agreement or the applicable Documentation; or (f) based on combination of the Software with any distribution or binary not provided by Chef, even if the distribution or binary is derived from the same source code as the Chef Software.

d) Sole Remedy. THE TERMS OF THIS SECTION 11 CONSTITUTE THE ENTIRE LIABILITY OF CHEF, AND CUSTOMER’S SOLE AND EXCLUSIVE REMEDY WITH RESPECT TO ANY INDEMNIFICATION CLAIMS OF ANY KIND.

e) Reserved.

12) Limitation of Liability.

a) Indirect Damages. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EXCEPT AS OTHERWISE PROVIDED SPECIFICALLY IN THIS AGREEMENT, IN NO EVENT WILL EITHER PARTY BE LIABLE TO THE OTHER PARTY OR TO ANY THIRD PARTY FOR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL OR EXEMPLARY DAMAGES OR FOR THE COST OF PROCURING SUBSTITUTE PRODUCTS OR SERVICES ARISING OUT OF OR IN ANY WAY RELATING TO OR IN CONNECTION WITH THIS AGREEMENT OR THE USE OF OR INABILITY TO USE THE SOFTWARE, DOCUMENTATION, DELIVERABLES, OR THE SERVICES PROVIDED BY CHEF HEREUNDER INCLUDING, WITHOUT LIMITATION, DAMAGES OR OTHER LOSSES FOR LOSS OF USE, LOSS OF BUSINESS, LOSS OF GOODWILL, WORK STOPPAGE, LOST PROFITS, LOSS OF DATA, COMPUTER FAILURE OR ANY AND ALL OTHER COMMERCIAL DAMAGES OR LOSSES EVEN IF ADVISED OF THE POSSIBILITY THEREOF AND REGARDLESS OF THE LEGAL OR EQUITABLE THEORY (CONTRACT, TORT OR OTHERWISE) UPON WHICH THE CLAIM IS BASED.

b) Aggregate Liability. IN NO EVENT WILL EITHER PARTY'S AGGREGATE LIABILITY, FROM ALL CAUSES OF ACTION AND UNDER ALL THEORIES OF LIABILITY, EXCEED THE TOTAL AMOUNTS PAID BY CUSTOMER TO CHEF UNDER THIS AGREEMENT.

c) General. THESE LIMITATIONS APPLY EVEN IF THIS SECTION 12 IS FOUND TO HAVE FAILED OF ITS ESSENTIAL PURPOSE. SOME JURISDICTIONS MAY NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR OTHER DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY. IN SUCH EVENT, THE LIABILITY OF THE PARTIES WILL BE LIMITED TO THE GREATEST EXTENT PERMITTED BY APPLICABLE LAW.

da) Exclusion - Violations of Law. The limits in Section 12(a) and Section 12(b) above do not apply to damages incurred by a party due to the other party’s violation of applicable laws. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor’s negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

13) Confidentiality and Privacy. Customer and Chef will maintain the confidentiality of Confidential Information. The receiving party of any Confidential Information of the other party agrees not to use such Confidential Information for any purpose except as necessary to fulfill its obligations and exercise its rights under this Agreement. The receiving party will protect the secrecy of and prevent disclosure and unauthorized use of the disclosing party's Confidential Information using the same degree of care that it takes to protect its own confidential information and in no event will use less than reasonable care. The terms of this Confidentiality section will survive termination of this Agreement. Upon termination or expiration of this Agreement, the receiving party will, at the disclosing party's option, promptly return or destroy (and provide written certification of such destruction) the disclosing party's Confidential Information, save once copy for archival and dispute resolution purposes.

14) Data Protection. If the General Data Protection Regulation (“GDPR”) applies to Customer then the following terms will apply:
a) Definitions: In this Section 14, the following terms will have the following meanings:

i) “Affiliate” means any entity that directly or indirectly controls, is controlled by, or is under common control with the subject entity. “Control,” for purposes of this definition, means direct or indirect ownership or control of more than 50% of the voting interests of the subject entity.

ii) “Controller”, “Processor”, “Data Subject”, “Personal Data”, “Processing” (and “Process”) and “Special Categories of Personal Data” will have the meanings given in Applicable Data Protection Law;

iii) “Applicable Data Protection Law” will mean: (i) prior to 25 May 2018, the EU Data Protection Directive (Directive 95/46/EC); and (ii) on and after 25 May 2018, the EU General Data Protection Regulation (Regulation 2016/679).

iv) “Standard Contractual Clauses” means the contractual clauses set out in Exhibit 1 to this Agreement.

b) Processing of Data:

i) Applicability. This Section 14 will apply only to the extent Customer is established within the EEA or Switzerland and/or to the extent Chef processes Personal Data of Data Subjects located in the European Economic Area (“EEA”) or Switzerland on behalf of Customer.

ii) Relationship of the parties: The Customer (the “Controller”) appoints Chef as a processor to Process the Personal Data that is the subject of the Agreement (the “Data”) for the purposes described in this Agreement and any Order Form (or as otherwise agreed in writing by the parties) (the “Permitted Purpose”). Chef will comply with the obligations that apply to it under Applicable Data Protection Law. The Ordering Activity is not bound by the GDPR.

iii) Prohibited data: The Customer will not disclose any Special Categories of Data to Chef for processing.

iv) Purpose Limitation: Chef will process the Data as a Processor as necessary to perform its obligations under this Agreement and any Order Form, and in accordance with the documented instructions of Customer (the “Permitted Purpose”), except where otherwise required by any EU (or any EU Member State) law applicable to Chef. The duration of the Processing, the nature and purpose of the Processing, the types of Data and categories of Data Subjects Processed under this Agreement are further specified in Appendix 1 to the Standard Contractual Clauses.

v) International transfers: Chef will not transfer the Data (nor permit the Data to be transferred) outside of the EEA unless it has taken such measures as are necessary to ensure the transfer is in compliance with Applicable Data Protection Law. Such measures may include (without limitation) transferring the Data to a recipient in a country that the European Commission has decided provides adequate protection for personal data, to a recipient that has achieved binding corporate rules authorization in accordance with Applicable Data Protection Law, or to a recipient that has executed standard contractual clauses adopted or approved by the European Commission. The following transfer mechanisms listed below will apply, in the following order of precedence, to any transfers of Data under this Agreement from the European Union, the European Economic Area and/or their member states, Switzerland and the United Kingdom to countries which do not ensure an adequate level of data protection within the meaning of Data Protection Laws and Regulations of the foregoing territories, to the extent such transfers are subject to such Data Protection Laws and Regulations; (1) EU-U.S. and Swiss-U.S. Privacy Shield Framework self-certifications (if applicable); (2) The Standard Contractual Clauses set forth in Exhibit 1 to this Agreement.

vi) Confidentiality of Processing: Chef will ensure that any person it authorizes to process the Data (an “Authorized Person”) will protect the Data in accordance with Chef's confidentiality obligations under this Agreement.

vii) Security: Taking into account the state of the art, the costs of implementation and the nature, scope, context and purposes of Processing as well as the risk of varying likelihood and severity for the rights and freedoms of natural persons, Chef will implement technical and organizational measures to protect the Data (1) from accidental or unlawful destruction, and (2) loss, alteration, unauthorized disclosure of, or access to the Data (a "Security Incident").

viii) Sub-Processing: The Customer consents to Chef engaging third party sub processors to process the Data for the Permitted Purpose provided that: (1) Chef maintains an up-to-date list of its sub processors; (2) Chef imposes data protection terms on any sub processor it appoints that require it to protect the Data to the standard required by Applicable Data Protection Law; and (3) Chef remains liable for any breach of this Clause that is caused by an act, error or omission of its sub processor. The Customer may object to Chef's appointment or replacement of a sub processor, provided such objection is based on reasonable grounds relating to data protection. In such event, Chef will use reasonable efforts to make available to Customer a change in the Services or recommend a commercially reasonable change to Customer's configuration or use of the Services to avoid Processing of Personal Data by the objected-to new Sub-processor without unreasonably burdening the Customer. If Chef is unable to make available such change within a reasonable period of time, which will not exceed thirty (30) days, Customer may terminate the applicable Order Form(s) with respect only to those Services which cannot be provided by Chef without the use of the objected-to new Sub-processor by providing written notice to Chef. Chef will refund Customer any prepaid fees covering the remainder of the term of such Order Form(s) following the effective date of termination with respect to such terminated Services, without imposing a penalty for such termination on Customer.

ix) Cooperation and Data Subjects’ Rights: Customer is not required to respond to any request from a Data Subject under any Applicable Data Protection Law unless required by a Federal
Law of the United States. Chef will provide reasonable and timely assistance to the Customer to enable the Customer to respond to: (1) any request from a Data Subject to exercise any of its rights under Applicable Data Protection Law (including its rights of access, correction, objection, erasure and data portability, as applicable); and (2) any other correspondence, inquiry or complaint received from a Data Subject, regulator or other third party in connection with the processing of the Data. In the event that any such request, correspondence, enquiry or complaint is made directly to Chef, Chef will promptly inform the Customer providing full details of the same.

x) **Data Protection Impact Assessment:** If Chef believes or becomes aware that its processing of the Data is likely to result in a high risk to the data protection rights and freedoms of Data Subjects, it will inform the Customer and provide reasonable cooperation to the Customer (at the Customer's expense) in connection with any data protection impact assessment that may be required under Applicable Data Protection Law.

xi) **Security Incidents:** If Chef becomes aware of a confirmed Security Incident (as defined in Section 14(b)(vii) above), it will inform the Customer without undue delay and will provide reasonable information and cooperation to the Customer so that the Customer can fulfill any data breach reporting obligations it may have under (and in accordance with the timescales required by) Applicable Data Protection Law. Chef will further take such any reasonably necessary measures and actions to remedy or mitigate the effects of the Security Incident and will keep the Customer of all material developments in connection with the Security Incident.

xii) **Deletion or Return of Data:** Upon termination or expiration of the Agreement, Chef will (at the Customer's election) destroy or return to the Customer all Data in its possession or control. This requirement will not apply to the extent that Chef is required by applicable law to retain some or all of the Data, or to Data it has archived on back-up systems, which Data Chef will securely isolate and protect from any further processing except to the extent required by such law.

xiii) **Audit:** The Customer acknowledges that Chef is regularly audited by independent third party auditors. Upon request, Chef will supply a summary copy of its audit report(s) to the Customer, which reports will be subject to the confidentiality provisions of this Agreement. Chef will also respond to any written audit questions submitted to it by the Customer, provided that the Customer will not exercise this right more than once per year.

15) **Software Usage Tracking.**

a) If and when Customer adds additional License Units to its License, Customer will pay to Chef for such additional License Units added to any License. Upon Chef's request (such request not to be made more than twice during any 12 month period without good cause), Customer agrees to promptly deliver to Chef (i) any usage files and reports generated by the Software to permit Chef to verify the number of License Units actually used by Customer during the applicable License Term; and/or (ii) a certification signed by one of Customer's officers regarding the number of License Units actually used by Customer during the applicable License Term. Notwithstanding the foregoing, Customer agrees to reasonably cooperate with Chef to verify the number of License Units actually used by Customer during the applicable License Term. If Chef confirms that Customer has exceeded the number of License Units for the applicable License Term, in addition to any other remedies available under this Agreement or applicable law, Customer agrees to pay the then-current License Fees in accordance with the GSA Schedule Pricelist for the additional License Units used by Customer. If the Ordering Activity exceeds the use amount, both parties will work together to either prevent such overages in the future or will execute a new agreement in writing that encompasses the higher use amount.

b) Unless Customer chooses to disable telemetry features in the Software, Customer consents to Chef receiving data and information directly from the Software for the sole purpose of providing information regarding Customer's use of the Software (i.e., when Customer installs an update or upgrade), as well as any Software bugs, errors, and other similar technical support issues. Chef will only use such data and information ("Software Usage and Technical Support Data") for its own business purposes, including but not limited to the purposes of (i) providing the Support Services; and (ii) to gather information about how Customer uses the Software, which may be combined with information about how others use the Software, in order to help Chef better understand trends and Customers' needs in order to better consider new features, and (iii) improving the Software and Customer's user experience. Chef will use Software Usage and Technical Support Data solely in aggregate, anonymized form and solely for Chef's own business purposes. For instructions on how to disable Chef's access to the Software Usage and Technical Support Data, please refer to the Software Documentation or contact Chef Support.

16) **Export Compliance.** As required by the laws of the United States and other countries, Customer represents and warrants that Customer: (a) understands that the Software and its components may be subject to export controls under the U.S. Commerce Department's Export Administration Regulations ("EAR"); (b) not located in a prohibited destination country under the EAR or U.S. sanctions regulations; (c) will not export, re-export, or transfer the Software to any prohibited destination or persons or entities on the U.S. Bureau of Industry and Security Denied Parties List or Entity List, or the U.S. Office of Foreign Assets Control list of Specially Designated Nationals and Blocked Persons, or any similar lists maintained by other countries, without the necessary export license(s) or authorization(s); (d) will not use or transfer the Software in connection with any nuclear, chemical or biological weapons, missile technology, or military end-uses where prohibited by an applicable arms embargo, unless authorized by the relevant government agency by regulation or specific license; and (e) understands that countries including the United States may restrict the import, use, or export of encryption products (which may include the Software and the components) and agrees that Customer will be solely responsible for compliance with any such import, use, or export restrictions.

17) **FCPA, and No Unlawful Payments.** Neither the Customer nor any of its subsidiaries nor, to the Customer's knowledge, any other person associated with or acting on behalf of the Customer or any of its subsidiaries, including, without limitation, any director, officer, agent, employee or affiliate of the Customer or any of its subsidiaries ("Representatives") has (a) used any corporate funds for any unlawful contribution, gift, entertainment or other unlawful expense relating to political activity or to influence official action; (b) made any direct or indirect unlawful payment to any foreign or domestic government official or employee from corporate funds; (c) made any bribe, rebate, payoff, influence payment, kickback or other unlawful payment; (d) violated or is in violation of any provision of the U.S. Foreign Corrupt Practices Act of 1977,
as amended, and the rules and regulations thereunder; or (e) Reserved. Further, Customer will, and will cause its Representatives to, comply with, as applicable the FCPA, including maintaining and complying with all policies and procedures to ensure compliance with these laws.

18) **Additional Obligations.** Each Party will comply with all applicable local, state, national, and international laws and regulations with respect to its rights and obligations under this Agreement. Customer further agrees that its purchase under this Agreement is neither contingent on the delivery of any future functionality or features nor dependent on any oral or written public comments made by Chef regarding future functionality or features of the Software.

19) **U.S. Government.** The Software is “Commercial Computer Software” as defined under FAR 52.227-14. For all other government entities, use, duplication, or disclosure of the Software and Documentation by the U.S. Government is subject to restrictions set forth in 52.227-14, as applicable.

20) **General.**

   a) Excusable delays shall be governed by FAR 52.212-4(f).

   b) Neither party may assign this Agreement except upon the advance written consent of the other party, except that either party may assign this Agreement in connection with a merger, reorganization, acquisition or other transfer of all or substantially all of such party’s voting securities or the assets governed by this Agreement in accordance with the procedures for securing such approval are set forth in FAR 42.1204. Any attempt to assign this Agreement, without such consent, will be null and of no effect. Subject to the foregoing, this Agreement will bind and inure to the benefit of each party’s successors and permitted assigns.

   c) Customer consents to Chef’s use of the Customer name for marketing purposes to the extent permitted by the General Services Acquisition Regulation (GSAR) 552.203-71.

   d) If for any reason a court of competent jurisdiction finds any provision of this Agreement invalid or unenforceable, that provision of the Agreement will be enforced to the maximum extent permissible and the other provisions of this Agreement will remain in full force and effect.

   e) The failure by either party to enforce any provision of this Agreement will not constitute a waiver of future enforcement of that or any other provision. All waivers must be in writing and signed by both parties.

   f) All notices permitted or required under this Agreement will be in writing and will be delivered in person, by confirmed facsimile, overnight courier service or mailed by first class, registered or certified mail, postage prepaid. Such notice will be deemed to have been given upon receipt.

   g) This Agreement will be governed by the Federal laws of the U.S.A.

   h) The parties expressly agree that the UN Convention for the International Sale of Goods (CISG) or the Uniform Computer Information Transactions Act (UCITA) will not apply.

   i) Any amendment or modification to the Agreement must be in writing signed by both parties.

   j) In the event of a conflict between this Agreement and other applicable documents between the Parties, such documents will apply in the following descending order of precedence: (i) Order Form; (ii) this Agreement; (iii) other applicable agreements. In the event of a conflict between any terms of this Agreement or terms of an Order Form and the terms and conditions attached to or otherwise forming part of any Purchase Order issued by Customer (collectively, “Purchase Order Terms”), the terms of the negotiated Purchase Order will control or supersede the Agreement and/or Order Form. This Agreement supersedes the terms of any shrinkwrap or click-through license agreement included in any package or downloadable version of the Software.

   k) Each of the parties has caused this Agreement to be executed by its duly authorized representatives as of the Effective Date.

   l) Except as expressly set forth in this Agreement, the exercise by either party of any of its remedies under this Agreement will be without prejudice to its other remedies under this Agreement or otherwise.

   m) The parties to this Agreement are independent contractors and this Agreement will not establish any relationship of partnership, joint venture, employment, franchise, or agency between the parties. Neither party will have the power to bind the other or incur obligations on the other’s behalf without the other’s prior written consent.

   n) This Agreement may be executed in counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.
General Limitations.

Unless otherwise expressly provided in the Documentation or any applicable Supplemental License Agreement, Customer shall use Customer's license to use the Software shall be limited to, and Customer shall not use the Software in excess of, a single hardware chassis or card or such other limitations as are set forth in the applicable Supplemental License Agreement or in the applicable purchase order for which Customer has paid the required license fees to an Approved Source. "Documentation" means written information (whether contained in user or technical manuals, training materials, specific internal design and structure of individual programs and associated interface information, except as otherwise expressly provided under the Agreement, Customer specifically agrees not to:

(i) transfer, assign or sublicense its license rights to any other person or entity (other than in compliance with any CirrusWorks relicensing/transfer policy then in force), or use the Software on CirrusWorks equipment not purchased by the Customer from an Approved Source or on secondhand CirrusWorks equipment, and Customer acknowledges that any attempted transfer, assignment, sublicense or use shall be void;

(ii) modify, adapt, or otherwise modify or adapt the Software or create derivative works based upon the Software, or permit third parties to do the same;

(iii) reverse engineer or decompile, decrypt, disassemble or otherwise reduce the Software to human-readable form, except to the extent otherwise expressly permitted under applicable law notwithstanding this restriction or except to the extent that CirrusWorks is legally required to permit such specific activity pursuant to any applicable open source license;

(iv) publish any results of benchmark tests run on the Software;

(v) use or permit the Software to be used to perform services for third parties, whether on a service bureau or time sharing basis or otherwise, without the express written authorization of CirrusWorks; or
To the extent required by applicable law, and at Customer's written request, CirrusWorks shall provide Customer with the interface information needed to achieve interoperability between the Software and another independently created program, on payment of CirrusWorks’ applicable fee, if any. Customer shall observe strict obligations of confidentiality with respect to such information and shall use such information in compliance with any applicable terms and conditions upon which CirrusWorks makes such information available.

Software, Upgrades and Additional Copies. NOTWITHSTANDING ANY OTHER PROVISION OF THE AGREEMENT: (1) CUSTOMER HAS NO LICENSE OR RIGHT TO MAKE OR USE ANY ADDITIONAL COPIES OR UPGRADES UNLESS CUSTOMER, AT THE TIME OF MAKING OR ACQUIRING SUCH COPY OR UPGRADE, ALREADY HOLDS A VALID LICENSE TO THE ORIGINAL SOFTWARE AND HAS PAID THE APPLICABLE FEE TO AN APPROVED SOURCE FOR THE UPGRADE OR ADDITIONAL COPIES; (2) USE OF UPGRADES IS LIMITED TO CIRRUSWORKS’ EQUIPMENT SUPPLIED BY AN APPROVED SOURCE FOR WHICH CUSTOMER IS THE ORIGINAL END USER PURCHASER OR LESSEE OR OTHERWISE HOLDS A VALID LICENSE TO USE THE SOFTWARE WHICH IS BEING UPGRADED; AND (3) THE MAKING AND USE OF ADDITIONAL COPIES IS LIMITED TO NECESSARY BACKUP PURPOSES ONLY.

Proprietary Notices. Customer agrees to maintain and reproduce all copyright, proprietary, and other notices on all copies, in any form, of the Software in the same form and manner that such copyright and other proprietary notices are included on the Software. Except as expressly authorized in the Agreement, Customer shall not make any copies or duplicates of any Software without the prior written permission of CirrusWorks.

Term and Termination. The Agreement and the license granted herein shall remain effective until terminated. Customer may terminate the Agreement and the license at any time by destroying all copies of Software and any documentation provided with the Software.

Documentation. Customer's rights under the Agreement will terminate immediately without notice from CirrusWorks if Customer fails to comply with any provision of the Agreement. Upon termination, Customer shall destroy all copies of Software and Documentation in its possession or control. All confidentiality obligations of Customer, all restrictions and limitations imposed on the Customer under the section titled “General Limitations” and all limitations of liability and disclaimers and restrictions of warranty shall survive termination of this Agreement.

Customer Records. Customer grants to CirrusWorks and its independent accountants the right to examine Customer's books, records and accounts during Customer's normal business hours to verify compliance with this Agreement. In the event such audit discloses non-compliance with this Agreement, Customer shall promptly pay to CirrusWorks the appropriate license fees, plus the reasonable cost of conducting the audit.

Export, Re-Export, Transfer and Use Controls. The Software, Documentation and technology or direct products thereof (hereafter referred to as Software and Technology), supplied by CirrusWorks under the Agreement are subject to export controls under the laws and regulations of the United States (“U.S.”) and any other applicable countries' laws and regulations. Customer shall comply with such laws and regulations governing export, re-export, import, transfer and use of CirrusWorks Software and Technology and will obtain all required U.S. and local authorizations, permits, or licenses. CirrusWorks and Customer each agree to provide the other information, support documents, and assistance as may reasonably be required by the other in connection with securing authorizations or licenses.

Third Party Code. Certain portions of the Software may include software code which is subject to "open source" or "free software" licenses (“Third Party Code”). The Third Party Code is not subject to the terms and conditions of this Agreement, except for Sections regarding Disclaimers, Limitation of Liability. Instead, each item of Third Party Code is licensed under the terms of the license that accompanies such Third Party Code. Nothing in this Agreement limits Customer's rights under, or grants Customer rights that supersede, the terms and conditions of any applicable license for the Third Party Code, including any rights to copy, modify, or distribute Third Party Code under the applicable license. If CirrusWorks makes modifications to such Third Party Code and if the applicable license requires that such modifications be made available and CirrusWorks does not already publish such modifications via the applicable Third Party Code community, then CirrusWorks will make its modifications available.

Limited Warranty
Subject to the limitations and conditions set forth herein, CirrusWorks warrants that commencing from the date of shipment to Customer (but in case of resale by an Approved Source other than CirrusWorks, commencing not more than ninety (90) days after original shipment by CirrusWorks), and continuing for a period of the longer of (a) one year or (b) the warranty period (if any) expressly set forth as applicable specifically to software in the warranty card accompanying the product of which the Software is a part (the "Product") (if any): (a) the media on which the Software is furnished will be free of defects in materials and workmanship under normal use; and (b) the Software substantially conforms to the Documentation. The date of shipment of a Product by CirrusWorks is set forth on the packaging material in which the Product is shipped. Except for the foregoing, the Software is provided "AS IS". This limited warranty extends only to the Software purchased from an Approved Source by a Customer who is the first registered end user. Customer's sole and exclusive remedy and the entire liability of CirrusWorks and its suppliers under this limited warranty will be (i) replacement of defective media and/or (ii) at CirrusWorks’ option, repair, replacement, or refund of the purchase price of the Software, in both cases subject to the condition that any error or defect constituting a breach of this limited warranty is reported to the Approved Source supplying the Software to Customer, within the warranty period. CirrusWorks or the Approved Source supplying the Software to Customer may, at its option, require return of the Software and/or Documentation as a condition to the remedy. In no event does CirrusWorks warrant that the Software is error free or that Customer will be able to operate the Software without problems or interruptions. In addition, due to the continual development of new techniques for improving upon and attacking networks, CirrusWorks does not warrant that the Software or any equipment, system or network on which the Software is used will be free of vulnerability to intrusion or attack.

Restrictions. This warranty does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by CirrusWorks or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by CirrusWorks, (c) has been subjected to abnormal physical or electrical stress, abnormal environmental conditions, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, testing or demonstration purposes. The Software warranty also does not apply to (e) any temporary Software modules; (g) any Software for which an Approved Source does not receive a license fee; and (h) Software supplied by any third party which is not an Approved Source.
DISCLAIMER OF WARRANTY

EXCEPT AS SPECIFIED IN THIS WARRANTY SECTION, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY CIRRUSWORKS, ITS SUPPLIERS AND LICENSORS. TO THE EXTENT THAT ANY OF THE SAME CANNOT BE EXCLUDED, SUCH IMPLIED CONDITION, REPRESENTATION AND/OR WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD REFERRED TO IN THE "LIMITED WARRANTY" SECTION ABOVE. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY IN SUCH STATES. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION. This disclaimer and exclusion shall apply even if the express warranty set forth above fails of its essential purpose.

Disclaimer of Liabilities-Limitation of Liability. ALL LIABILITY OF CIRRUSWORKS, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO ANY APPROVED SOURCE FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT, THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT).

Disclaimer of Liabilities-Waiver of Consequential Damages and Other Losses. IN NO EVENT WILL CIRRUSWORKS OR ITS SUPPLIERS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CIRRUSWORKS OR ITS SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

Customer acknowledges and agrees that CirrusWorks has set its prices and entered into the Agreement in reliance upon the disclaimers of warranty and the limitations of liability set forth herein, that the same reflect an allocation of risk between the parties (including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same form an essential basis of the bargain between the parties.

Controlling Law, Jurisdiction. The Agreement and warranties ("Warranties") are controlled by and construed under the laws of the State of Virginia, United States of America, notwithstanding any conflicts of law provisions; and the state and federal courts of Virginia shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties.

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS
CIRRUSWORKS SOFTWARE

CIRRUSWORKS SOFTWARE LICENSE, WARRANTY AND SUPPORT TERMS

FOR PURPOSES OF THE AGREEMENT, "SOFTWARE" SHALL MEAN COMPUTER PROGRAMS, INCLUDING Firmware AND COMPUTER PROGRAMS EMBEDDED IN CIRRUSWORKS EQUIPMENT, AS PROVIDED TO ORDERING ACTIVITY BY AN APPROVED SOURCE, AND ANY UPGRADES, UPDATES, BUG FIXES OR MODIFIED VERSIONS THERETO (COLLECTIVELY, "UPGRADES"), ANY OF THE SAME WHICH HAS BEEN RELICENSED UNDER THE CIRRUSWORKS SOFTWARE TRANSFER AND RE-LICENSING POLICY OR BACKUP COPIES OF ANY OF THE FOREGOING.

License. Conditioned upon compliance with the terms and conditions of the Agreement and the applicable ordering document, CirrusWorks grants to Ordering Activity a nonexclusive and nontransferable license to use for Ordering Activity's internal business purposes the Software and the Documentation for which Ordering Activity has paid the required license fees to an Approved Source. "Documentation" means written information (whether contained in user or technical manuals, training materials, specifications or otherwise) pertaining to the Software and made available by an Approved Source with the Software in any manner. In order to use the Software, Ordering Activity may be required to input a registration number or product authorization key and register Ordering Activity's copy of the Software online at CirrusWorks' website to obtain the necessary license key or license file. Ordering Activity's license to use the Software shall be limited to, and Ordering Activity shall not use the Software in excess of, a single hardware chassis or card or such other limitations as are set forth in the applicable applicable ordering document which has been accepted by an Approved Source.

Unless otherwise expressly provided in the Documentation or ordering document, Ordering Activity shall use the Software solely as embedded in, for execution on, or for communication with CirrusWorks equipment owned or leased by Ordering Activity and used for Ordering Activity's internal business purposes. No other licenses are granted by implication, estoppel or otherwise.

General Limitations. This is a license, not a transfer of title, to the Software and Documentation, and CirrusWorks retains ownership of all copies of the Software and Documentation. Ordering Activity acknowledges that the Software and Documentation contain trade secrets of CirrusWorks or its suppliers or licensors, including but not limited to the specific internal design and structure of individual programs and associated interface information. Except as otherwise expressly provided under the Agreement, Ordering Activity shall only use the Software in connection with the use of CirrusWorks equipment purchased by the Ordering Activity from an Approved Source and Ordering Activity shall have no right, and Ordering Activity specifically agrees not to:

(i) transfer, assign or sublicense its license rights to any other person or entity (other than in compliance with any CirrusWorks relicensing/transfer policy then in force), or use the Software on CirrusWorks equipment not purchased by the Ordering Activity from an Approved Source or on secondhand CirrusWorks equipment, and Ordering Activity acknowledges that any attempted transfer, assignment, sublicense or use shall be void;
(ii) make error corrections to or otherwise modify or adapt the Software or create derivative works based upon the Software, or permit third parties to do the same;
(iii) reverse engineer or decompile, decrypt, disassemble or otherwise reduce the Software to human-readable form, except to the extent otherwise expressly permitted under applicable law notwithstanding this restriction or except to the extent that CirrusWorks is legally required to permit such specific activity pursuant to any applicable open source license;
(iv) publish any results of benchmark tests run on the Software;
(v) use or permit the Software to be used to perform services for third parties, whether on a service bureau or time sharing basis or otherwise, without the express written authorization of CirrusWorks;
(vi) disclose, provide, or otherwise make available trade secrets contained within the Software and Documentation in any form to any third party without the prior written consent of CirrusWorks. Ordering Activity shall implement reasonable security measures to protect such trade secrets.

To the extent required by applicable law, and at Ordering Activity's written request, CirrusWorks shall provide Ordering Activity with the interface information needed to achieve interoperability between the Software and another independently created program. Ordering Activity shall observe strict obligations of confidentiality with respect to such information and shall use such information in compliance with any applicable terms and conditions upon which CirrusWorks makes such information available.

Software, Upgrades and Additional Copies. NOTWITHSTANDING ANY OTHER PROVISION OF THE AGREEMENT: (1) ORDERING ACTIVITY HAS NO LICENSE OR RIGHT TO MAKE OR USE ANY ADDITIONAL COPIES OR UPGRADES UNLESS ORDERING ACTIVITY, AT THE TIME OF MAKING OR ACQUIRING SUCH COPY OR UPGRADE, ALREADY HOLDS A VALID LICENSE TO THE ORIGINAL SOFTWARE AND HAS PAID THE APPLICABLE FEE TO AN APPROVED SOURCE FOR THE UPGRADE OR ADDITIONAL COPIES; (2) USE OF UPGRADES IS LIMITED TO CIRRUSWORKS' EQUIPMENT SUPPLIED BY AN APPROVED SOURCE FOR WHICH ORDERING ACTIVITY IS THE ORIGINAL END USER PURCHASER OR LESSEE OR OTHERWISE HOLDS A VALID LICENSE TO USE THE SOFTWARE WHICH IS BEING UPGRADED; AND (3) THE MAKING AND USE OF ADDITIONAL COPIES IS LIMITED TO NECESSARY BACKUP PURPOSES ONLY.

Proprietary Notices. Ordering Activity agrees to maintain and reproduce all copyright, proprietary, and other notices on all copies, in any form, of the Software in the same form and manner that such copyright and other proprietary notices are included on the Software. Except as expressly authorized in the Agreement, Ordering Activity shall not make any copies or duplicates of any Software without the prior written permission of CirrusWorks.

Ordering Activity Records. In accordance with applicable security requirements, Ordering Activity grants to CirrusWorks and its independent accountants the right to examine Ordering Activity's books, records and accounts during Ordering Activity's normal business hours to verify compliance with this Agreement.
Export, Re-Export, Transfer and Use Controls. The Software, Documentation and technology or direct products thereof (hereafter referred to as Software and Technology), supplied by CirrusWorks under the Agreement are subject to export controls under the laws and regulations of the United States ("U.S.") and any other applicable countries' laws and regulations. Ordering Activity shall comply with such laws and regulations governing export, re-export, import, transfer and use of CirrusWorks Software and Technology and will obtain all required U.S. and local authorizations, permits, or licenses. CirrusWorks and Ordering Activity each agree to provide the other information, support documents, and assistance as may reasonably be required by the other in connection with securing authorizations or licenses.

Third Party Code. Certain portions of the Software may include software code which is subject to “open source” or “free software” licenses ("Third Party Code"). The Third Party Code is not subject to the terms and conditions of this Agreement. Instead, each item of Third Party Code is licensed under the terms of the license that accompanies such Third Party Code. Nothing in this Agreement limits Ordering Activity's rights under, or grants Ordering Activity rights that supersede, the terms and conditions of any applicable license for the Third Party Code, including any rights to copy, modify, or distribute Third Party Code under the applicable license. If CirrusWorks makes modifications to such Third Party Code and if the applicable license requires that such modifications be made available and CirrusWorks does not already publish such modifications via the applicable Third Party Code community, then CirrusWorks will make its modifications available.

Limited Warranty
Subject to the limitations and conditions set forth herein, CirrusWorks warrants that commencing from the date of shipment to Ordering Activity (but in case of resale by an Approved Source other than CirrusWorks, commencing not more than ninety (90) days after original shipment by CirrusWorks), and continuing for a period of the longer of (a) one year or (b) the warranty period (if any) expressly set forth as applicable specifically to software in the warranty card accompanying the product of which the Software is a part (the "Product") (if any): (a) the media on which the Software is furnished will be free of defects in materials and workmanship under normal use; and (b) the Software substantially conforms to the Documentation. Except for the foregoing, the Software is provided "AS IS". This limited warranty extends only to the Software purchased from an Approved Source by a Ordering Activity who is the first registered end user. Ordering Activity’s remedy and the liability of CirrusWorks and its suppliers under this limited warranty will be (i) replacement of defective media and/or (ii) at CirrusWorks’ option, repair, replacement, or refund of the purchase price of the Software, in both cases subject to the condition that any error or defect constituting a breach of this limited warranty is reported to the Approved Source supplying the Software to Ordering Activity, within the warranty period. CirrusWorks or the Approved Source supplying the Software to Ordering Activity may, at its option, require return of the Software and/or Documentation as a condition to the remedy. In no event does CirrusWorks warrant that the Software is error free or that Ordering Activity will be able to operate the Software without problems or interruptions. In addition, due to the continual development of new techniques for intruding upon and attacking networks, CirrusWorks does not warrant that the Software or any equipment, system or network on which the Software is used will be free of vulnerability to intrusion or attack.

Restrictions. This warranty does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by CirrusWorks or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by CirrusWorks, (c) has been subjected to abnormal physical or electrical stress, abnormal environmental conditions, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, testing or demonstration purposes. The Software warranty also does not apply to (e) any temporary Software modules; and (f) Software supplied by any third party which is not an Approved Source.

DISCLAIMER OF WARRANTY
EXCEPT AS SPECIFIED IN THIS WARRANTY SECTION, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY CIRRUSWORKS, ITS SUPPLIERS AND LICENSORS. TO THE EXTENT THAT ANY OF THE SAME CANNOT BE EXCLUDED, SUCH IMPLIED CONDITION, REPRESENTATION AND/OR WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD REFERRED TO IN THE "LIMITED WARRANTY" SECTION ABOVE. THIS WARRANTY GIVES ORDERING ACTIVITY SPECIFIC LEGAL RIGHTS, AND ORDERING ACTIVITY MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION. This disclaimer and exclusion shall apply even if the express warranty set forth above fails of its essential purpose.

CirrusWorks and the CirrusWorks logo are trademarks or registered trademarks of CirrusWorks.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Cisco Systems, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the
clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS
CISCO SYSTEMS, INC.

CISCO SYSTEMS, INC. LICENSE, WARRANTY AND SUPPORT TERMS

IMPORTANT: PLEASE READ THIS END USER LICENSE AGREEMENT CAREFULLY. IT IS VERY IMPORTANT THAT YOU CHECK THAT YOU ARE PURCHASING CISCO SOFTWARE OR EQUIPMENT FROM AN APPROVED SOURCE AND THAT YOU, OR THE ENTITY YOU REPRESENT (COLLECTIVELY, THE "CUSTOMER") HAVE BEEN REGISTERED AS THE END USER FOR THE PURPOSES OF THIS CISCO END USER LICENSE AGREEMENT. IF YOU ARE NOT REGISTERED AS THE END USER YOU HAVE NO LICENSE TO USE THE SOFTWARE AND THE LIMITED WARRANTY IN THIS END USER LICENSE AGREEMENT DOES NOT APPLY. ASSUMING YOU HAVE PURCHASED FROM AN APPROVED SOURCE, DOWNLOADING, INSTALLING OR USING CISCO OR CISCO-SUPPLIED SOFTWARE CONSTITUTES ACCEPTANCE OF THIS AGREEMENT. CISCO SYSTEMS, INC. OR ITS AFFILIATE LICENSING THE SOFTWARE ("CISCO") IS WILLING TO LICENSE THIS SOFTWARE TO YOU ONLY UPON THE CONDITION THAT YOU PURCHASED THE SOFTWARE FROM AN APPROVED SOURCE AND THAT YOU ACCEPT ALL OF THE TERMS CONTAINED IN THIS END USER LICENSE AGREEMENT PLUS ANY ADDITIONAL LIMITATIONS ON THE LICENSE SET FORTH IN A SUPPLEMENTAL LICENSE AGREEMENT ACCOMPANYING THE PRODUCT, MADE AVAILABLE AT THE TIME OF YOUR ORDER, OR POSTED ON THE CISCO WEBSITE AT www.cisco.com/qe/terms (COLLECTIVELY THE "AGREEMENT"), TO THE EXTENT OF ANY CONFLICT BETWEEN THE TERMS OF THIS END USER LICENSE AGREEMENT AND ANY SUPPLEMENTAL LICENSE AGREEMENT, THE SUPPLEMENTAL LICENSE AGREEMENT SHALL APPLY.

BY DOWNLOADING, INSTALLING, OR USING THE SOFTWARE, YOU ARE REPRESENTING THAT YOU PURCHASED THE SOFTWARE FROM AN APPROVED SOURCE AND BINDING YOURSELF TO THE AGREEMENT. IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND. OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM AN APPROVED SOURCE, AND APPLIES ONLY IF YOU ARE THE ORIGINAL AND REGISTERED END USER PURCHASER. FOR THE PURPOSES OF THIS END USER LICENSE AGREEMENT, AN "APPROVED SOURCE" MEANS (A) CISCO; OR (B) A DISTRIBUTOR OR SYSTEMS INTEGRATOR AUTHORIZED BY CISCO TO DISTRIBUTE / SELL CISCO EQUIPMENT SOFTWARE AND SERVICES WITHIN YOUR TERRITORY TO END USERS; OR (C) A RESELLER AUTHORIZED BY ANY SUCH DISTRIBUTOR OR SYSTEMS INTEGRATOR IN ACCORDANCE WITH THE TERMS OF THE DISTRIBUTOR'S AGREEMENT WITH CISCO TO DISTRIBUTE / SELL THE CISCO EQUIPMENT, SOFTWARE AND SERVICES WITHIN YOUR TERRITORY TO END USERS.

THE FOLLOWING TERMS OF THE AGREEMENT GOVERN CUSTOMER'S USE OF THE SOFTWARE (DEFINED BELOW), EXCEPT TO THE EXTENT: (A) THERE IS A SEPARATE SIGNED CONTRACT BETWEEN CUSTOMER AND CISCO GOVERNING CUSTOMER'S USE OF THE SOFTWARE, OR (B) THE SOFTWARE INCLUDES A SEPARATE "CLICK-ACCEPT" LICENSE AGREEMENT OR THIRD PARTY LICENSE AGREEMENT AS PART OF THE INSTALLATION OR DOWNLOAD PROCESS GOVERNING CUSTOMER'S USE OF THE SOFTWARE. TO THE EXTENT OF A CONFLICT BETWEEN THE PROVISIONS OF THE FOREGOING DOCUMENTS, THE ORDER OF PRECEDENCE SHALL BE (1) THE SIGNED CONTRACT, (2) THE CLICK-ACCEPT AGREEMENT OR THIRD PARTY LICENSE AGREEMENT, AND (3) THE AGREEMENT. FOR PURPOSES OF THE AGREEMENT, "SOFTWARE" SHALL MEAN COMPUTER PROGRAMS, INCLUDING Firmware AND COMPUTER PROGRAMS EMBEDDED IN CISCO EQUIPMENT, AS PROVIDED TO CUSTOMER BY AN APPROVED SOURCE, AND ANY UPDATES, BUG FIXES OR MODIFIED VERSIONS THERETO COLLECTIVELY, "UPGRADES"), ANY OF THE SAME WHICH HAS BEEN RELICENSED UNDER THE CISCO SOFTWARE TRANSFER AND RELICENSING POLICY (AS MAY BE AMENDED BY CISCO FROM TIME TO TIME) OR BACKUP COPIES OF ANY OF THE FOREGOING.

License
Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to Customer a nonexclusive and nontransferable license to use for Customer's internal business purposes the Software and the Documentation for which Customer has paid the required license fee to an Approved Source. "Documentation" means written information (whether contained in user or technical manuals, training materials, specifications or otherwise) pertaining to the Software and made available by an Approved Source with the Software in any manner (including on CD-Rom, or on-line). In order to use the Software, Customer may be required to input a registration number or product authorization key and register Customer's copy of the Software online at Cisco's website to obtain the necessary license key or license file.

Customer's license to use the Software shall be limited to, and Customer shall not use the Software in excess of, a single hardware chassis or card or such other limitations as are set forth in the applicable Supplemental License Agreement or in the applicable purchase order which has been accepted by an Approved Source and for which Customer has paid to an Approved Source the required license fee (the "Purchase Order").

Unless otherwise expressly provided in the Documentation or any applicable Supplemental License Agreement, Customer shall use the Software solely as embedded in, for execution on, or (where the applicable Documentation permits installation on non-Cisco equipment) for communication with Cisco equipment owned or leased by Customer and used for Customer's internal business purposes. No other licenses are granted by implication, estoppel or otherwise.

For evaluation or beta copies for which Cisco does not charge a license fee, the above requirement to pay license fees does not apply.

General Limitations. This is a license, not a transfer of title, to the Software and Documentation, and Cisco retains ownership of all copies of the Software and Documentation. Customer acknowledges that the Software and Documentation contain trade secrets of Cisco or its suppliers or licensors, including but not limited to the specific internal design and structure of individual programs and associated interface information. Except as otherwise expressly provided under the Agreement, Customer shall only use the Software in connection with the use of Cisco equipment purchased by the Customer from an Approved Source, and Customer shall have no right, and Customer specifically agrees not to:
Customer Records. Customer grants to Cisco and its independent accountants the right to examine Customer's books, records and

Term and Termination

NOTWITHSTANDING ANY OTHER PROVISION OF THE AGREEMENT: (1) CUSTOMER HAS NO LICENSE OR RIGHT TO MAKE OR USE ANY ADDITIONAL COPIES OR UPGRADES UNLESS CUSTOMER, AT THE TIME OF MAKING OR ACQUIRING SUCH COPY OR UPGRADE, ALREADY HOLDS A VALID LICENSE TO THE ORIGINAL SOFTWARE AND HAS PAID THE APPLICABLE FEE TO AN APPROVED SOURCE FOR THE UPGRADE OR ADDITIONAL COPIES; (2) USE OF UPGRADES IS LIMITED TO CISCO EQUIPMENT SUPPLIED BY AN APPROVED SOURCE FOR WHICH CUSTOMER IS THE ORIGINAL END USER PURCHASER OR LESSEE OR OTHERWISE HOLDS A VALID LICENSE TO USE THE SOFTWARE WHICH IS BEING UPGRADED; AND (3) THE MAKING AND USE OF ADDITIONAL COPIES IS LIMITED TO NECESSARY BACKUP PURPOSES ONLY.

Proprietary Notices

Customer agrees to maintain and reproduce all copyright, proprietary, and other notices on all copies, in any form, of the Software in the same form and manner that such copyright and other proprietary notices are included on the Software. Except as expressly authorized in the Agreement, Customer shall not make any copies or duplicates of any Software without the prior written permission of Cisco.

Export, Re-Export, Transfer and Use Controls

The Software, Documentation and technology or direct products thereof (hereafter referred to as Software and Technology), supplied by Cisco under the Agreement are subject to export controls under the laws and regulations of the United States ("U.S.") and any other applicable countries' laws and regulations. Customer shall comply with such laws and regulations governing export, re-export, import, transfer and use of Cisco Software and Technology and shall obtain all required U.S. and local authorizations, permits, or licenses. Cisco and Customer each agree to provide the other information, support documents, and assistance as may reasonably be required by the other in connection with securing authorizations or licenses. Information regarding compliance with export, re-export, transfer and use may be located at the following URL: www.cisco.com/web/about/doing_business/legal/global_export_trade/general_export/contract_compliance.html

U.S. Government End User Purchasers

The Software and Documentation qualify as "commercial items," as that term is defined at Federal Acquisition Regulation ("FAR") (48 C.F.R.) 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in FAR 12.212. Consistent with FAR 12.212 and DoD FAR Supp. 227.7202-1 through 227.7202-4, and notwithstanding any other FAR or other contractual clause to the contrary in any agreement between Cisco and the Government, Customer may provide to Government end user or, if the Agreement is direct, Government end user will acquire, the Software and Documentation with only those rights set forth in the Agreement. Use of either the Software or Documentation or both constitutes agreement by the Government that the Software and Documentation are "commercial computer software" and "commercial computer software documentation," and constitutes acceptance of the rights and restrictions herein.

Identified Components; Additional Terms

The Software may contain or be delivered with one or more components, which may include third-party components, identified by Cisco in the Documentation, readme.txt file, third-party clickaccept or elsewhere (e.g. on www.cisco.com) (the "Identified Component(s)") as being subject to different license agreement terms, disclaimers of warranties, limited warranties or other terms and conditions (collectively, "Additional Terms") than those set forth herein. You agree to the applicable Additional Terms for any such Identified Component(s).

Limited Warranty

GS-35F-0511T  https://www.immixgroup.com/contract-vehicles/gsa/it-70/0511T/  Page 259
Subject to the limitations and conditions set forth herein, Cisco warrants that commencing from the date of shipment to Customer (but in case of resale by an Approved Source other than Cisco, commencing not more than ninety (90) days after original shipment by Cisco), and continuing for a period of the longer of (a) ninety (90) days or (b) the warranty period (if any) expressly set forth as applicable specifically to software in the warranty card accompanying the product of which the Software is a part (the "Product") (if any): (a) the media on which the Software is furnished will be free of defects in materials and workmanship under normal use; and (b) the Software substantially conforms to the Documentation. The date of shipment of a Product by Cisco, and not the date of receipt of the Product by the first registered end user as reflected on the invoice for the Product or the invoice for the Product issued by the Approved Source who is the first registered end user. If the Software is provided "AS IS". This limited warranty extends only to the Software purchased from an Approved Source by a Customer who is the first registered end user. Customer's sole and exclusive remedy and the entire liability of Cisco and its suppliers under this limited warranty will be (i) replacement of defective media and/or (ii) at Cisco's option, repair, replacement, or refund of the purchase price of the Software, in both cases subject to the condition that any error or defect constituting a breach of this limited warranty is reported to the Approved Source supplying the Software to Customer, within the warranty period. Cisco or the Approved Source supplying the Software to Customer may, at its option, require return of the Software and/or Documentation as a condition to the remedy. In no event does Cisco warrant that the Software is error free or that Customer will be able to operate the Software without problems or interruptions. In addition, due to the continual development of new techniques for intrusive upon and attacking networks, Cisco does not warrant that the Software or any equipment, system or network on which the Software is used will be free of vulnerability to intrision or attack.

Restrictions
This warranty does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by Cisco or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Cisco, (c) has been subjected to abnormal physical or electrical stress, abnormal environmental conditions, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, testing or demonstration purposes. The Software warranty also does not apply to (e) any temporary Software modules; (f) any Software not posted on Cisco's Software Center; (g) any Software that Cisco expressly provides an "AS IS" basis on Cisco's Software Center; (h) any Software for which an Approved Source does not receive a license fee; and (i) Software supplied by any third party which is not an Approved Source. Cisco's option

DISCLAIMER OF WARRANTY
EXCEPT AS SPECIFIED IN THIS WARRANTY SECTION, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING LIMITATIONS, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY CISCO, ITS SUPPLIERS AND LICENSORS. TO THE EXTENT THAT ANY OF THE SAME CANNOT BE EXCLUDED, SUCH IMPLIED CONDITION, REPRESENTATION AND/OR WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD REFERRED TO IN THE "LIMITED WARRANTY" SECTION ABOVE. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY IN SUCH STATES. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION.

This disclaimer and exclusion shall apply even if the express warranty set forth above fails of its essential purpose. Disclaimer of Liabilities-Limitation of Liability.

IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, CANADA, JAPAN OR THE CARIBBEAN, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY, TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO ANY APPROVED SOURCE FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT). IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO CISCO FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT). NOTHING IN THE AGREEMENT SHALL LIMIT (I) THE LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS TO CUSTOMER FOR PERSONAL INJURY OR DEATH CAUSED BY THEIR NEGLIGENCE, (II) CISCO'S LIABILITY FOR FRAUDULENT MISREPRESENTATION, OR (III) ANY LIABILITY OF CISCO WHICH CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

Disclaimers of Liabilities-Waiver of Consequential Damages and Other Losses, IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, THE CARIBBEAN OR CANADA, REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO OR ITS SUPPLIERS BE LIABLE FOR ANY LOSS REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ANY APPROVED SOURCE OR THEIR SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT APPLY TO YOU. IF YOU ACQUIRED THE SOFTWARE IN JAPAN, EXCEPT FOR LIABILITY ARISING OUT OF OR IN CONNECTION WITH DEATH OR PERSONAL INJURY, FRAUDULENT MISREPRESENTATION, AND REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS BE LIABLE FOR ANY LOSS REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ANY APPROVED SOURCE OR THEIR SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS, BE LIABLE FOR ANY LOSS REVENUE, LOST PROFIT, OR LOST

OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR
PUNITIVE DAMAGES, HOWEVER ARISING, INCLUDING, WITHOUT LIMITATION, IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR
WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE, EVEN IF, IN EACH CASE, CISCO, ITS AFFILIATES,
OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS, HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH
DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL
DAMAGES, THE ABOVE LIMITATION MAY NOT FULLY APPLY TO YOU. THE FOREGOING LIMITATION SHALL NOT APPLY TO ANY LIABILITY
 ARISING OUT OF OR IN CONNECTION WITH: (I) DEATH OR PERSONAL INJURY, (II) FRAUDULENT MISREPRESENTATION, OR (III) CISCO'S
LIABILITY IN CONNECTION WITH ANY TERMS THAT CANNOT BE EXCLUDED UNDER APPLICABLE LAW.

Customer acknowledges and agrees that Cisco has set its prices and entered into the Agreement in reliance upon the
disclaimers and the limitations of liability set forth herein, that the same reflect an allocation of risk between the parties
(including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same
form an essential basis of the bargain between the parties.

Controlling Law, Jurisdiction. If you acquired, by reference to the address on the purchase order accepted the
Approved Source, the Software in the United States, Latin America, or the Caribbean, the Agreement and warranties
("Warranties") are controlled by and construed under the laws of the State of California, United States of America,
notwithstanding any conflicts of law provisions; and the state and federal courts of California shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in Canada,
unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of the Province of Ontario,
Canada, notwithstanding any conflicts of law provisions; and the courts of the Province of Ontario shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in Europe, the Middle East, Africa, Asia or Oceania (excluding Australia), unless
expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of England, notwithstanding any
conflicts of law provisions; and the English courts shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. In addition,
if the Agreement is controlled by the laws of England, no person who is not a party to the Agreement shall be entitled to enforce or take the benefit of any
of its terms under the Contracts (Rights of Third Parties) Act 1999. If you acquired the Software in Japan, unless expressly prohibited by local law, the,
Agreement and Warranties are controlled by and construed under the laws of Japan, notwithstanding any conflicts of law provisions; and the Tokyo
District Court of Japan shall have exclusive jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in
Australia, unless expressly prohibited by local law, the Agreement and Warranties are controlled by and construed under the laws of the State of New
South Wales, Australia, notwithstanding any conflicts of law provisions; and the state and federal courts of New South Wales shall have exclusive
jurisdiction over any claim arising under the Agreement or Warranties. If you acquired the Software in any other country, unless expressly prohibited by
local law, the Agreement and Warranties are controlled by and construed under the laws of the State of California, United States of America,
notwithstanding any conflicts of law provisions; and the state and federal courts of California shall have exclusive jurisdiction over any claim arising
under the Agreement or Warranties.

For all countries referred to above, the parties specifically disclaim the application of the UN Convention on Contracts for the International Sale of Goods.
Notwithstanding the foregoing, either party may seek interim injunctive relief in any court of appropriate jurisdiction with respect to any alleged breach of
such party's intellectual property or proprietary rights. If any portion hereof is found to be void or unenforceable, the remaining provisions of the
Agreement and Warranties shall remain in full force and effect. Except as expressly provided herein, the Agreement constitutes the entire agreement
between the parties with respect to the license of the Software and Documentation and supersedes any conflicting or additional terms contained in any
Purchase Order or elsewhere, all of which terms are excluded. The Agreement has been written in the English language, and the parties agree that the
English version will govern.

SUPPLEMENTAL END USER LICENSE AGREEMENT

THIS SUPPLEMENTAL END USER LICENSE AGREEMENT (THIS “AGREEMENT”) SUPPLEMENTS AND AMENDS THE TERMS OF THE CISCO SYSTEMS, INC. ("CISCO") END USER LICENSE AGREEMENT AVAILABLE AT THE FOLLOWING WEB ADDRESS: http://www.cisco.com/go/eula (THE "EULA"). THIS AGREEMENT FORMS A LEGALLY BINDING AGREEMENT BETWEEN YOU AND MERAKI LLC AND ITS AFFILIATES, INCLUDING CISCO, IT’S PARENT COMPANY (“MERAKI”) AND GOVERNS YOUR ACQUISITION AND USE OF MERAKI PRODUCTS. PLEASE READ THIS AGREEMENT CAREFULLY. THIS AGREEMENT GOVERNS THE TERMS UNDER WHICH YOU MAY USE OUR FREE WEB AND MOBILE APPS, PURCHASE HARDWARE FROM US OR OUR AUTHORIZED RESELLERS, AND PURCHASE A LICENSE TO USE OUR PROPRIETARY WEB-BASED HOSTED SOFTWARE PLATFORM THAT INTERACTS WITH OUR HARDWARE. YOU ACKNOWLEDGE THAT YOU HAVE READ, UNDERSTOOD, AND AGREE TO BE BOUND BY THIS AGREEMENT AND TO USE OUR PRODUCTS IN COMPLIANCE WITH THIS AGREEMENT. IF YOU DO NOT AGREE TO THE TERMS OF THIS AGREEMENT, PLEASE DO NOT USE OUR PRODUCTS.

The terms “Customer,” “you,” “your,” and “yours” refer to you, the end GSA customer, the authorized entity permitted to use the Products, whether obtained directly from Meraki or through one of our authorized resellers. The terms “Meraki” "we," "us," and "our" refer to Meraki, LLC, a Delaware limited liability company with offices at 500 Terry Francois Street, San Francisco, California, 94158. For any material modifications to this Agreement, such modifications will be effective if they are stated in a writing, signed by both parties.

ARTICLE 1 DEFINITIONS

For purposes of this Agreement, the following terms have the corresponding definitions listed below.

‘Agent Software’ means Meraki’s downloadable software client that is installed on a computer or mobile device as part of the Systems Manager application.

‘Apps License’ has the meaning given to it in Section 3.2, below.

‘Customer Content’ means content prepared by you for use with the Products, whether or not provided to Meraki, including logos, splash pages, network configurations, and preferences.

‘Device Management Functionality’ means the actions that may be performed by Customer or by Meraki on a mobile device or other device (e.g., a laptop computer) managed by our Systems Manager product, including: (i) list, access, copy, move, and delete files; (ii) track and record device location over time; (iii) take and record screenshots (on computers only); (iv) set and enforce policies; and (v) install and remove apps (on mobile devices only).

‘Documentation’ means any user instructions, manuals, Specifications, or other documentation provided by Meraki, at http://meraki.cisco.com that relates to the use of the Products, including any Modifications.

‘Distributor’ has the meaning given to it in Section 3.7, below

‘End Users’ means those persons who obtain access to your Network.

‘Feedback’ has the meaning given to it in Section 5.1, below.

‘Firmware’ means our proprietary software embedded in or otherwise running on the Hardware.

‘Firmware License’ has the meaning given to it in Section 3.1, below.

‘Governing Documents’ has the meaning given to it in Section 8.1, below.

‘Hardware’ means the Meraki hardware products listed on an Order.

‘Hosted Software’ means our proprietary, web-based software platform, including the interface known as the “Dashboard” and any Agent Software, but specifically excluding the Web Apps.

‘Hosted Software License’ has the meaning given to it in Section 3.1, below.

‘Intellectual Property Rights’ means all (a) rights associated with works of authorship throughout the world, including but not limited to copyrights, trademarks, service marks, trade name and logo rights, and similar rights, (b) trade secrets and other rights in inventions, know-how and confidential or proprietary information, (d) patent rights, (e) domain names and Internet keywords, (f) other intellectual property or other proprietary rights, whether arising by operation of law, contract, license, or otherwise, and (g) registrations, initial applications, renewals, extensions, provisions, continuations, divisions or reissues thereof now or hereafter in force (including any rights in any of the foregoing).

‘Licenses’ means, collectively, the Firmware License, the Hosted Software License, and the Apps License.

‘Mobile Apps’ means the Agent Software for mobile devices.

‘Modification’ or “Modifications” means all changes incorporated into or used with the Software or Documentation, including enhancements, standard releases, and patches.

‘Network’ means your local area network, created in whole or in part by use of our Products.

‘Order’ means a purchase order submitted by you either directly to Meraki or to one of our authorized resellers with respect to the purchase of the hardware products, software products, and related licenses listed on such Order.

‘Products’ means, collectively, the Hardware, the Software, the Documentation, and the Support Services.

‘Purchase Price’ means the aggregate price you paid for the Products listed on the applicable Order.

‘RMA’ has the meaning given to it in Section 7.2, below.

‘Service Level Agreement’ means the Service Level Agreement included as Attachment 1, which governs the terms of the Service Level Warranty.

‘Service Level Warranty’ has the meaning given to it in Section 7.1, below.

‘Software’ means, collectively, the Firmware, the Hosted Software, and the Web Apps.

‘Specifications’ has the meaning given to it in Section 4.1, below.

‘Systems Manager’ means the Web App currently known as Systems Manager.

‘Systems Manager Data’ means the data collected through the Device Management Functionality and otherwise through Systems Manager.

‘Support Services’ means the customer support services described below in Attachment 2.

‘Term’ means the term of the Hosted Software License(s) indicated on the Order or as subsequently modified in connection with the purchase of additional Hosted Software Licenses so that the Term with respect to all such licenses expires at the same time in accordance with the provisions of Section 6.1, below.
“Traffic Information” means, collectively, information about devices that connect to the Network, such as MAC address, device type, operating system, geolocation information, and information transmitted by devices when attempting to access or download data or content (e.g., hostnames, protocols, port numbers, and IP addresses) via the Network.

“Warranty Period” means, with respect to any item of Hardware, the greater of one year or the warranty period set forth in the applicable Specifications, commencing, in either case, on the date the applicable Hardware is shipped to Customer in fulfillment of the Order.

“Web Apps” means the web-based applications (available to you at http://meraki.cisco.com) currently known as “Mapper,” “Stumbler,” and “Systems Manager.”

ARTICLE 2 SERVICES

2.1. Meraki Responsibilities. If you have purchased a Hosted Software License, we will provide you with access to the Hosted Software commencing as of the date your Order ships through the expiration of the Term, subject to the terms of this Agreement.

2.2. Customer Responsibilities. You are responsible for your use of the Products in full compliance with this Agreement and for all activities engaged in by you and your End Users while using your Network, including without limitation: (i) promptly updating the registration information of the primary account holder for the Hosted Software if it changes or is no longer current, accurate and complete; (ii) using commercially reasonable efforts to prevent unauthorized access to, or use of, the Hosted Software, and notifying Meraki promptly of such unauthorized access or use; (iii) being responsible for the accuracy, quality, integrity, legality, reliability, and appropriateness of all activities of your End Users and providing any support services your End Users may need; (iv) obtaining and maintaining all Hardware and other communications equipment needed to access the Hosted Software or Web Apps and for paying all required third-party access charges; (v) being responsible for, and assuming the risk of, any problems resulting from the content, completeness, accuracy, and consistency of all Customer Content; and (vi) complying with all applicable local, state, federal, and foreign laws in using the Hosted Software, or Web Apps.

ARTICLE 3 LICENSES

3.1. Firmware License and Hosted Software License. Subject to the terms and conditions of this Agreement, Meraki grants you a non-sub licensable, non-transferable (except as otherwise provided herein) and non-exclusive license, for the duration of the Term, to (i) use the Firmware only for internal purposes, in object code form, as embedded in, or for execution on, the Hardware (the “Firmware License”), and (ii) access the Hosted Software via a web browser and use the Hosted Software solely for internal business purposes (the “Hosted Software License”).

3.2. Apps License. If you access any of the Web Apps, including the download and/or installation of any related Agent Software, or download any Mobile App, then, subject to the terms and conditions of this Agreement, Meraki grants you an individual, personal, non-sub licensable, non-exclusive, and non-transferable (except as otherwise provided herein) license to use the Web Apps or Mobile App, as applicable, for your personal or internal business purposes (the “Apps License”).

3.3. Reserved.

3.4. Modifications. If, during the Term, Meraki integrates any Modifications into the Firmware, Hosted Software, or Web Apps, each such Modification and all related Documentation, will be deemed to be part of the Firmware, Hosted Software, or Web Apps, and made available to the Government only under the terms of the applicable Firmware License, Hosted Software License, or Apps License.

3.5. License to Customer Content. You hereby grant us a non-sub licensable and non-exclusive license to reproduce, distribute, or use any Customer Content for the duration of the License(s) applicable to the Products you are using in connection with our delivery of the Products and services contemplated by this Agreement. You understand and agree that Meraki may use and disclose, in an aggregated format only, any and all data that is derived or collected from your use of the Products for the purpose of generally improving the Products and to otherwise operate, manage, maintain, improve, or promote Meraki’s products and services, provided that such aggregated data would not reasonably be identifiable as originating with or associated with you or any End User.

3.6. Restrictions. In exchange for the grant of the applicable license or licenses set forth above, you agree you will not, and will not permit others to, whether directly or indirectly: (i) reverse engineer, decompile, disassemble, or otherwise attempt to discover the source code or underlying ideas or algorithms of the Software; (ii) modify, translate, or create derivative works based on the Software; (iii) rent, lease, distribute, sell, resell, assign, or otherwise transfer rights to the Software; (iv) use or attempt to use the Firmware on third party hardware components; or (v) remove any proprietary notices or labels on the Software.

3.7. Special Terms Regarding Apple. Mobile Apps may be distributed by Meraki via a third party (“Distributor”), including Apple, Inc. You acknowledge that this Agreement is entered into solely between you and Meraki. This Agreement is not intended to provide for usage rules for Mobile Apps that are less restrictive than the Usage Rules set forth for Licensed Applications in, or that otherwise conflict with, the App Store Terms of Service as of the date that you accept the App Store Terms of Service (which you acknowledge you have had the opportunity to review).

ARTICLE 4 HARDWARE

4.1. Use. The specifications for any Hardware you have purchased are set forth on the relevant Meraki data sheets (which can be found on http://meraki.cisco.com) (the “Specifications”). You will use the Hardware only in accordance with the Specifications and subject to the terms of this Agreement, including this ARTICLE 4.

4.2. Restrictions. You will not, and will not permit others to, whether directly or indirectly: (i) disassemble or attempt to reverse engineer the Hardware; (ii) remove or erase the Firmware from the Hardware, or otherwise try to disable or alter the Firmware functionality; (iii) load any other software onto the Hardware; (iv) make any alterations, updates, enhancements, additions or improvements to the Hardware without the prior written approval of Meraki; or (v) remove any logo, trademark, or service mark of Meraki from any item of Hardware. Any alterations, updates, enhancements, additions, or improvements so approved will be the sole property of Meraki. If any alterations, updates, enhancements, additions or improvements interfere with the normal operation, maintenance, or support of the Hardware (including by increasing the cost of maintenance or support or creating a safety hazard), you will promptly remove the same and restore the Hardware to its normal condition.

ARTICLE 5 OWNERSHIP

5.1. Meraki Property. Except as provided in Section 5.2, below, as between you and Meraki, Meraki owns (i) all right, title, and interest, including all Intellectual Property Rights therein, in and to the Software and Documentation, and (ii) all Intellectual Property Rights in the Hardware. Nothing in this Agreement will be construed as transferring or changing our Intellectual Property Rights or interests in the Products in any respect. In addition, we will own any and all right, title, and interest in and to any feedback, suggestions, information, or materials you convey to us will be controlled by applicable provisions of the Copyright Act, 17 U.S.C. § 103 and the FAR clause at 52.227-14 related to the Products in connection with your use of the Products (“Feedback”). You hereby assign to Meraki all right, title, and interest in such Feedback and will execute any documents and take any additional actions Meraki deems necessary to evidence, record, or perfect the foregoing assignment.
5.2. Customer Property. Except as provided in Section 3.5, above, as between you and Meraki, you own the Customer Content and all Intellectual Property Rights therein. Nothing in this Agreement will be construed as transferring or changing your ownership rights or interests in the Customer Content in any respect.

5.3. Reservation of Rights. Other than the rights expressly granted to you in this Agreement, we reserve all rights with respect to the Products and any and all related rights, including any derivative works and any media, mode, or method of distribution or transmission of the Products, whether available now or to be developed in the future.

5.4. Privacy and Data Collection. Our Privacy Policy hereby incorporated into this Agreement as Attachment 3. Please read the Privacy Policy carefully for information relating to our collection, use, and disclosure of personal information. We collect Traffic Information and may from time to time make available functionality that allows the Government to limit or restrict the types of Traffic Information we collect. Additionally, for devices with Agent Software installed, we transmit certain geolocation information about those devices and the networks on which they are running to Google Inc. ("Google"), which provides us with related geolocation information that we store and make available to network administrators as described in our Privacy Policy. Google's Privacy Policy, and not Meraki's, governs Google's handling of the information that we provide to Google. We use Traffic Information and any related information only to you regarding, and to allow you to exercise certain controls with respect to, the traffic on your Network. We use Systems Manager Data to provide support and conduct product development activities. You represent and warrant to us that you have obtained or will obtain valid consent from each End User to add that End User's device to the Network, to permit you and Meraki to collect, use, and disclose Traffic Information as described in this Section 5.4, and, to the extent you use Systems Manager, to use Systems Manager as described above (including, without limitation, accessing and deleting files on devices) and to permit you and Meraki to collect, use, and disclose Systems Manager Data as described in this Section 5.4. You hereby consent to our collection, use, and disclosure of Traffic Information and, to the extent you use Systems Manager, to our use of the Device Management Functionality and its collection, use, and disclosure of Systems Manager Data, in each case as described in this Section 5.4.

5.5. Publicity. Neither we, nor you, will use the other's name, trademark, or trade name without the prior written consent of the other party.

ARTICLE 6 TERM AND TERMINATION

6.1. Term. This Agreement will be effective with respect to your use of the Products until the expiration of the License(s) applicable to the Products you purchase, unless earlier terminated under the FAR. To the extent that you purchase additional Hosted Software License(s) subsequent to the date of the first Order, the duration of each Hosted Software License you have purchased will be adjusted such that all of your Hosted Software Licenses will expire on the same date.

The new co-termination date is calculated as a function of (i) the remaining time on your existing Hosted Software License(s) at the time of purchase, (ii) the duration of the Hosted Software License(s) purchased, and (iii) the one-year list price of each such Hosted Software License. This function produces a time value attributable to each Hosted Software License purchased, that, when added together with the time value attributable to all new Hosted Software Licenses in a given purchase, yields what we call the "Incremental Dollar Days" associated with the new purchase. In addition, based on the one-year list price of all Hosted Software Licenses in your Network and the number of each type of Hosted Software License purchased, we determine the amount of Hosted Software License value that your Network consumes each day, what we call the "Daily License Usage Rate." By dividing the Incremental Dollar Days by the Daily License Usage Rate, and adding the resulting number of days to the remaining time on your existing Hosted Software Licenses, we arrive at the adjusted co-termination date following any new purchase. For further information regarding our licensing and co-termination policies please visit http://meraki.cisco.com/support/#policies/licensing.

6.2. Termination. Termination may only be effected by the procedures set forth in the FAR.

6.3. Effect of Termination. Upon the termination of this Agreement for any reason, your access to and right to use the Products will terminate, and all Licenses will terminate. Upon expiration of a Hosted Software License, your Apps License will survive and you may continue to access and use the Web Apps and Mobile Apps, subject to the terms and conditions of this Agreement. Upon termination of this Agreement, each party will return (or destroy) any Confidential Information of the other party in its possession. The following provisions of this Agreement will survive any termination of the Agreement: Sections 5.1, 5.2, 5.3, 5.4, and 6.3, and ARTICLE 8.

ARTICLE 7 MERAKI WARRANTIES

7.1. Service Warranties. Meraki will make reasonable efforts to provide the Hosted Software and Web Apps available in accordance with the service level warranty set forth in the Service Level Agreement included as Attachment 1 (the “Service Level Warranty”). . The remedy set forth in the Service Level Agreement is your sole and exclusive remedy with respect to the subject matter of the Service Level Agreement, and our sole and exclusive liability, in contract, tort, or otherwise, for any breach of the Service Level Warranty.

7.2. Hardware Warranties. We represent and warrant to you, the entity who obtained the Hardware from Meraki or its authorized reseller, but not to any End User or third parties, as follows: (i) for the Warranty Period, the Hardware will be free from material defects in materials and workmanship; (ii) all items of Hardware are new or refurbished unless otherwise indicated on the face of the Order; and (iii) we have good title to the Hardware, free and clear of any liens, claims, or encumbrances. Hardware not meeting the warranties set forth above will be, at our option, (a) repaired, (b) replaced, or (c) Meraki will refund to you the depreciated amount of the Purchase Price allocable to the defective Hardware, calculated on a straight-line, five-year basis. All Hardware repaired or replaced under warranty will be warranted for the remainder of the Warranty Period. For any return permitted under Meraki’s return policy as provided in Attachment 4, you will request a Return Materials Authorization (“RMA”) number in writing with the reasons for the return request. The remedies described above are our sole liability and your sole remedy for any breach of the warranties contained in this Section 7.2. Meraki is not responsible for any Customer Content or any other non-Meraki data or information stored on any Hardware returned to Meraki for repair, whether under warranty or not.

ARTICLE 8 MISCELLANEOUS

8.1. Integration. This Agreement, the EULA, the Order, and the Service Level Agreement (collectively, the “Governing Documents”) constitute the entire agreement between Meraki and Customer with respect to the subject matter of the Governing Documents and supersedes all prior agreements, understandings, and arrangements, oral or written, between Meraki and Customer. No agreement or representations, oral or otherwise, express or implied, with respect to the subject matter of the Governing Documents have been made either by Meraki or Customer which is not expressly set forth in the Governing Documents. If there is a conflict between the terms of this Agreement and the EULA, the terms of this Agreement will apply.

8.2. Force Majeure. Neither you nor Meraki will be liable under this Agreement by reason of any failure or delay in the performance of its obligations on account of strikes (other than strikes of a party’s own employees), shortages, riots, insurrection, fires, flood, storm, explosions, acts of God, war, governmental action, labor conditions (other than with respect to a party’s own employees), earthquakes, material shortages or any other causes that are beyond the reasonable control of such party so long as the parties will use commercially reasonable efforts, including the implementation of business continuity measures, to mitigate the effects of such force majeure.

8.3. Reserved.

8.4. Severability. If any portion of this Agreement is held invalid by a court of competent jurisdiction, then such portion will be deemed to be of no force or effect, and this Agreement will be construed as if such portion had not been included herein.
8.5. Assignment. Neither this Agreement nor any rights under this Agreement may be assigned or otherwise transferred by either party, in whole or in part, without the prior written consent of the other party, in accordance with the provisions of the Anti-Assignment Act, 41 U.S.C.§ 6305, and approval procedures set forth at FAR42.1204. Any attempted assignment in violation of this Section 8.5 will be void and without effect. Subject to the foregoing, this Agreement will be binding upon and will inure to the benefit of the parties and their respective successors and assigns.
IMPORTANT: READ CAREFULLY

Dear Customer,

Supplemental End User License Agreement

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this agreement is a contract with the U.S. government and becomes effective when signed by the GSA Schedule Holder and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this agreement as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a government employee or person acting on behalf of the government in his or her personal capacity.

YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

SUPPLEMENTAL LICENSE AGREEMENT FOR CISCO SYSTEMS NETWORK MANAGEMENT SOFTWARE: Cisco Network Active Abstraction

Additional Licensing Instructions:
Client Licensing: To activate additional users for the licenses purchased please contact your Cisco Account Manager or Sales Representative or send email to ask-ana-licensing@cisco.com with the requested information below:
1. GSA Customer Purchase Order
2. Your Contact Information
3. Your Cisco Sales Representative Name

NOTE: This alias is used only for license activation. For any questions or support issues, contact your Cisco Account Manager or representative.

Installation and Use
This license strictly prohibits Customer and any user from utilizing this Software for more than a single Customer network management environment. Reproduction and Distribution Customer may not reproduce nor distribute software

2. DESCRIPTION OF OTHER RIGHTS AND LIMITATIONS
Please refer to the attached Cisco Systems, Inc. End User License Agreement
Dear Customer,

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on the Government’s access and use of the Software, you agrees to comply at all times with the terms and conditions provided in this SEULA. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a government employee or person acting on behalf of the government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, THE GOVERNMENT MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

If you have licensed Cisco Workplace Portal, the following additional terms apply:
Cisco Workplace Portal is licensed for use with end user and workplace-related services including non-server computers, computer accessories, PDAs and handhelds, desktop software, mobility, unified communications, end user applications, email management, access to printing or files, office and wireless phones, voicemail, calling cards, video conferencing facilities and other workplace-related services for employees, agents, consultants and/or independent contractors of the Government.
Cisco Service Connectors and Adapters are not for use with the Cisco Workplace Portal. If you licensed Cisco Cloud Portal, the following additional terms apply:
Cisco Cloud Portal is licensed for use with cloud computing and data center-related services including computing, storage, networking, IaaS, PaaS, application hosting, database services, application development & maintenance, application installations & upgrades, dedicated application hosting, disaster recovery, network administration, application testing, and systems monitoring.
Cisco Cloud Portal is licensed for use only in the management of service catalogues and provisioning of computing and SW components that relate to a cloud computing and orchestration infrastructure maintained and managed by the licensee. Cisco Service Connector is licensed for the following functions: Core Functions Adapter, Windows Adapter (a single instance for the Windows server hosting the Cisco Process Orchestrator (CPO) Engine), email adapter, single instance of Active Directory (AD) Adapter (a single instance for the domain in which the server is installed), Core Automation Pack, Common Activities Automation Pack, and the Tasks Automation Pack.
CPO elements included in Cisco Service Connector can only be used with the licensed components listed below: Cisco Service Connector Web Service Adapter -- Limited to 5 connections to Web Services for newScale Request Center for Cloud and third-party Orchestrators.
Cisco Service Connector Terminal Adapter -- Limited to 1 terminal or UNIX/Linux target for inbound synchronization of VMware objects to newScale Request Center for Cloud.
Cisco Service Connector VMware Adapter -- Limited to 5 connections to VMware vCenter for inbound synchronization of VMware objects to newScale Request Center for Cloud.
Cisco Service Connector Microsoft Community Adapter -- Limited to 1 Windows target for inbound synchronization of VMware objects to newScale Request Center for Cloud.
Cisco Service Connector Database Adapter -- Limited to 1 database target for the database of newScale Request Center for Cloud. If additional licenses are required beyond these quantities, a separate purchase and installation of CPO is required. Cisco Service Connector and Adapters are restricted to use with Cisco Cloud Portal.
IMPORTANT: READ CAREFULLY
Dear Customer,
This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on the Government’s access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this agreement is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this agreement as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a government employee or person acting on behalf of the government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, THE GOVERNMENT MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

1. ADDITIONAL LICENSE RESTRICTIONS
   Software Upgrades, Major and Minor Releases
   Cisco may provide Cisco Configuration Engine software updates. The software update and new version releases can be purchased through Cisco or a recognized partner or reseller. The customer should purchase one software update for each Configuration Engine installation. If the customer is eligible to receive the software update or new version release through a Cisco extended service program, the customer should request to receive only one software update or new version release per valid service contract. Reproduction and Distribution. Customer may not reproduce nor distribute software.

2. DESCRIPTION OF OTHER RIGHTS AND LIMITATIONS
   Please refer to the attached Cisco Systems, Inc. End User License Agreement.
Important: Read Carefully

Dear Customer,

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

END USER LICENSE AGREEMENT FOR THE TIDAL SOFTWARE PRODUCTS:

For purposes of this Supplement, the Software covered under this SEULA includes the following and each of their respective associated components and modules:

- Tidal Enterprise Scheduler
- Cisco Process Orchestrator
- Tidal Performance Analyzer
- Cisco Intelligent Automation for Compute
- Cisco Intelligent Automation for Cloud
- Cisco Intelligent Automation For Cloud Starter Edition
- Cisco Server Provisioner
- Cisco Intelligent Automation for SAP Definitions

For purposes of this Supplement, the following defined terms will apply:

Designated System shall mean the designated platform for which Customer originally licenses the Software from Cisco for installation and use. Such designated platform may include for instance, but is not limited to, a designation of the specific number of CPUs or system description or name as approved by Cisco. Movement and Usage Fees shall mean fees applicable as set solely by Cisco for the transfer and installation of Software on a system that is not a Designated System. Total Deployment Size shall mean the designated configuration for which The Cisco Intelligent Automation For Cloud Starter Edition Solution's total deployment size cannot exceed 160 blades collectively across a customer's installation. Other Terms and Conditions, Movement and Usage. With respect to the license granted to Customer in the Agreement, such license is applicable only to the Designated System. Movement of Software to another system requires Customer providing prior written notice to obtain updated keys, and additional fees may apply. A fee schedule is available upon Customer's written request to Cisco. License. For the avoidance of doubt, the license granted to Customer for the Software in the license section shall be perpetual if designated as such by Cisco at time of Order for the Designated System, subject to payment of any applicable fees, including, but not limited to, any Movement and Usage fees described above. Total Deployment Size. For avoidance of doubt, no customer shall deploy the Cisco Intelligent Automation for Cloud Starter Edition Solution in a configuration that exceeds 160 blades in total deployment size across the enterprise.
IMPORTANT: READ CAREFULLY

Dear Customer,

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on the Government's access and use of the Software, the Government agrees to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this agreement is a contract with the U.S. Government and becomes effective when signed by the Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this agreement as a term of the contract. This SEULA shall bind the Government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MUST RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

SUPPLEMENTAL END USER LICENSE AGREEMENT FOR CISCO SYSTEMS SOFTWARE IMPORTANT READ CAREFULLY: This Supplemental End User License Agreement (SEULA) contains additional terms and conditions for the Software licensed under the End User License Agreement (EULA) between the Government and Cisco (collectively, the Agreement). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence. In addition to the limitations set forth in the EULA on the Government access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MUST RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. ACCORDING TO THE TERMS OF THE UNDERLYING GSA SCHEDULE CONTRACT.

ADDITIONAL LICENSE RESTRICTIONS
Device Restricted Versions: The Customer may install and run the Software on a single server to manage up to the cumulative device limit. If a large number of devices or to meet certain performance criteria, one additional copy of Cisco Prime LMS may be installed on a secondary server. The cumulative total number of devices supported cannot exceed 5,000 per serial license key. Device support beyond 5,000 unique cumulative devices will require additional licenses and copies of Cisco Prime LMS to be purchased pursuant to a newly executed GSA Customer Purchase Order.

Installation and Use
The Software components are provided to Customer solely to install, update, supplement, or replace existing functionality of the applicable Network Management Software product. Some license terms, such as device count and proof of preexisting licenses may be electronically enforced. Customer may install and use the following Software components: Cisco Prime LAN Management Solution (Cisco Prime LMS): May be installed on one (1) server in Customer's network environment. Installing the Software and applying a single serial license key to two (2) servers are supported in the 5,000 and 10,000 device restricted versions, but the cumulative total number of devices supported cannot exceed 5,000 and 10,000 respectively per serial license key. When two servers are used to host Cisco Prime LMS, each server should have a copy of the original license key installed on it. Customers should not modify the license file.

Additional Information for 5,000 Device Restricted Version for LMS 4.2
Users of Cisco Prime LMS 4.2 with 5,000 device restricted licensing may require Cisco Prime LMS to be run on separate servers in order to support a large number of devices or to meet certain performance criteria. One additional copy of Cisco Prime LMS may be installed on a secondary server provided the customer has purchased and registered the 5,000 device restricted version of the Cisco Prime LMS software. When installed on a secondary server, the cumulative total number of devices supported cannot exceed 5,000 per serial license key. Device support beyond 5,000 unique cumulative devices will require additional licenses and copies of Cisco Prime LMS to be purchased pursuant to a newly executed GSA Customer Purchase Order.

Additional Information for 10,000 Device Restricted Version for LMS 4.2
Users of Cisco Prime LMS 4.2 with 10,000 device restricted licensing often require Cisco Prime LMS to be run on separate servers in order to support a large number of devices or to meet certain performance criteria. One additional copy of Cisco Prime LMS may be installed on a secondary server provided the customer has purchased and registered the 10,000 device restricted version of the Cisco Prime LMS software. When installed on a secondary server, the cumulative total number of devices supported cannot exceed 10,000 per serial license key. Device support beyond 10,000 unique cumulative devices will require additional licenses and copies of Cisco Prime LMS to be purchased pursuant to a newly executed GSA Customer Purchase Order.
Additional Information for RHEL
RHEL distribution that comes along with Cisco Prime LMS 4.2 is solely intended for use by Cisco Prime LMS application alone and customers may not use this for other purposes.

Reproduction and Distribution
Customer may not reproduce nor distribute software except to make copies to authorized employees, agents, and contractors for backup purposes only.

DESCRIPTION OF OTHER RIGHTS AND LIMITATIONS
Please refer to the attached Cisco Systems, Inc. Software License Agreement
IMPORTANT: READ CAREFULLY

Dear Customer,

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on the Government’s access and use of the Software, the Government agrees to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this agreement is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this agreement as a term of the contract. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND. OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND ACCORDING TO THE TERMS OF THE UNDERLYING GSA SCHEDULE CONTRACT.

Cisco Prime Central requires a license to connect to and/or interoperate with other Cisco and third party systems or components, and is further subject to the limitations set forth below. Please see the Additional Information section of this document for any licenses which are included with your specific product purchase. If your requirements exceed the scope of any license expressly included with your product, you must purchase additional licenses from Cisco pursuant to a newly executed GSA Customer Purchase Order.

The following restrictions apply:
- Cisco Prime Central Tier 1 and Tier 2 Gateway may not be used to connect Cisco Prime Central to third party systems, such as third party trouble ticketing systems, except as expressly set forth in the Additional Information section or through a separately purchased license.
- Cisco Prime Central Tier 1 and Tier 3 Data Service Adapter instances may only be used to connect to other Cisco applications or components embedded within Cisco applications, and in addition, only if expressly licensed as set forth in the Additional Information section or through a separately purchased license.
- Cisco Prime Central may not be integrated with an OSS system(s) using MTOSI interface except as expressly licensed as set forth in the Additional Information section or through a separately purchased license.
- Cisco Prime Central may not be integrated with Cisco Domain Manager(s) except as expressly licensed as set forth in the Additional Information section or through a separately purchased license.

Rights Included for Cisco Prime Central MTOSI License
Cisco Prime Central MTOSI license includes the right to use one (1) MTOSI instance to integrate Cisco Prime Central to an OSS system using the MTOSI interface.
Reproduction and Distribution
Customer may not reproduce nor distribute software. DESCRIPTION OF OTHER RIGHTS AND LIMITATIONS Please refer to the Cisco Systems, Inc. Software License Agreement.
IMPORTANT: READ CAREFULLY

Dear Customer,

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

If you have licensed Cisco Workplace Portal, the following additional terms apply:
Cisco Workplace Portal is licensed for use with end user and workplace-related services including non-server computers, computer accessories, PDAs and handhelds, desktop software, mobility, unified communications, end user applications, email management, access to printing or files, office and wireless phones, voicemail, calling cards, video conferencing facilities and other workplace-related services for the end users, employees, agents, consultants and/or independent contractors.

CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

Cisco Service Connectors and Adapters are not for use with the Cisco Workplace Portal. If you have licensed Cisco Cloud Portal, the following additional terms apply:

Cisco Cloud Portal is licensed for use with cloud computing and orchestration infrastructure maintained and managed by the customer. Cisco Service Connector is licensed for the following functions: Core Functions Adapter, Windows Adapter (a single instance for the Windows server hosting the Cisco Process Orchestrator (CPO) Engine), email adapter, single instance of Active Directory (AD) Adapter (a single instance for the domain in which the server is installed), Core Automation Pack, Common Activities Automation Pack, and the Tasks Automation Pack.

CPO elements included in Cisco Service Connector can only be used with licensed components listed below:

- Cisco Service Connector Terminal Web Service Adapter -- Limited to 5 connections to Web Services for newScale Request Center for Cloud and third-party Orchestrators.
- Cisco Service Connector VMware Adapter -- Limited to 1 terminal or UNIX/Linux target for inbound synchronization of VMware objects to newScale Request Center for Cloud.
- Cisco Service Connector Microsoft Community Adapter -- Limited to 1 Windows target for inbound synchronization of VMware objects to newScale Request Center for Cloud.
- Cisco Service Connector Database Adapter -- Limited to 1 database target for the database of newScale Request Center for Cloud. If additional licenses are required beyond these quantities, a separate purchase and installation of CPO is required. Cisco Service Connector and Adapters restricted to use with Cisco Cloud Portal.

**Cisco Tidal Intelligent Automation**

**DOC-31651**

**IMPORTANT: READ CAREFULLY**

**Dear Customer,**

**Supplemental End User License Agreement**

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

**IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.**

**END USER LICENSE AGREEMENT FOR THE TIDAL SOFTWARE PRODUCTS IMPORTANT: READ CAREFULLY**

**Software**

For purposes of this Supplement, the Software covered under this SEULA includes the following and each of their respective associated components and modules:

- Tidal Enterprise Scheduler
- Tidal Horizon
- Tidal Intelligent Automation
- Tidal Enterprise Orchestrator
- Tidal Intersperse
- Tidal Performance Analyzer
- Tidal Transaction Analyzer
- Tidal Intelligent Reporting
- Tidal Enterprise Reporter
- Cisco Intelligent Automation Cloud Automation

**Definitions**

For purposes of this Supplement, the following defined terms will apply:

- **Designated System** shall mean the designated platform for which Customer originally licensed the Software from Cisco for installation and use. Such designated platform may include, but is not limited to, a designation of the specific number of CPUs or system descriptions or names as approved by Cisco.
- **Movement and Usage Fees** shall mean fees applicable as set solely by Cisco for the transfer and installation of Software on a system that is not a Designated System.
- **NFR** means not for resale, to be used for nonproduction, demonstration use only. Other Terms and Conditions

**Movement and Usage**. With respect to the license granted to the Customer in the Agreement, such license is applicable only to the Designated System. Movement of Software to another system requires Customer providing Cisco with prior written notice to obtain updated keys, and pursuant to a new GSA Customer Purchase Order. Additional fees may apply. A fee schedule is available upon Customer’s written request to Cisco.

**License**. The license granted to the Software in the license section shall be perpetual if designated as such by Cisco at time of Customer order for the Designated System, subject to payment of any applicable fees, including, but not limited to, any Movement and Usage fees described above.

**NFR Software**. With respect to the License granted in the Agreement as to the use of any Software sold to Customer as NFR Software, the purchase of such Software is subject to the following additional restrictions:

1. **NFR purchases are available to all Cisco registered partners (categories include Select, Premier, Silver and Gold level partners). Cisco authorized training partners may also participate, but use is limited to instructional purposes only. Cisco has the sole discretion to define a registered partner and status.**
2. **Purchase limit is one NFR kit per operational installation for demonstration, proof of concept or internal nonproduction use.**
3. **Software cannot be resold, traded, copied, transferred, sublicensed, or used in any manner other than as NFR**
IMPORTANT: READ CAREFULLY

Dear Customer,

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the Government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

(This section shall replace the "License" section in the EULA)

License. Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to Customer a nonexclusive and nontransferable license to use for the purpose of delivering Managed Services, the Software and the Documentation for which Customer has paid the required license fees. "Managed Services" means the performance by Customer of providing services for third parties (Subscribers) which will require communicating with and managing Cisco equipment not owned or leased by the Customer. "Documentation" means written information (whether contained in user or technical manuals, training materials, specifications or otherwise) pertaining to the Software that Cisco makes available with the Software in any manner (including on CD Rom, or on line). In order to use the Software, Customer may be required to input a registration number or product authorization key and register Customer's copy of the Software online at Cisco's website to obtain the necessary license key or license file.

Customer's license to use the Software shall be limited to, and Customer shall not use the Software in excess of, a single hardware chassis or card. Unless otherwise expressly provided in the Documentation or any applicable Supplemental License Agreement, Customer shall use the Software solely as embedded in, for execution on, or (where the applicable Documentation or the applicable Supplemental License Agreement permits installation on non Cisco equipment) for communication with Cisco equipment not owned or leased by Customer in connection with Customer's provision of Managed Services to Subscriber. No other licenses are granted by implication, estoppel or otherwise. Upon termination of Managed Services to Subscriber, Customer is required to remove all deployed Software deployed by Customer to Subscriber's network and servers. Customer's license to use the Software is contingent upon Customer deploying or otherwise making available the Software and any Documentation in compliance with and subject to the Software Subscriber License Responsibilities listed below.

Software Subscriber License Responsibilities

The following license terms and responsibilities, substantially as stated here, will be accepted and agreed to, in writing or as otherwise provided in the EULA, by the Subscribers of Managed Services:

Subscriber agrees to be bound by the following terms and conditions. In the absence of a signed agreement, use of the Software by Subscriber or by Customer on Subscriber's behalf, or receipt by Subscriber of any direct or indirect benefit derived therefrom, shall constitute acceptance by Subscriber of the following terms:

1. Subscriber is granted a limited license from Cisco and its suppliers and licensors to use the Software solely in connection with the Managed Services and to the extent such Software is deployed by Customer on Subscriber's network or servers. 2. Upon termination of services to Subscriber, Customer is required to remove, and cooperate with Customer's efforts to remove, all deployed Software from the Subscriber's network and servers.

3. Subscriber may use the Software only in connection with the receipt of Managed Services from Customer, and for the purposes described in the Software's supporting Documentation if any.

4. Subscribers may only use the Software pursuant to these terms and Customer's license with Cisco and its suppliers and licensors, and Subscriber agrees to be governed by such terms and license including without limitation, the General Terms Applicable to the Limited Warranty Statement and End User License Agreement:

5. Subscriber may receive, or have deployed on its network or servers, updates, patches, error corrections or new or modified versions of the Software (collectively referred to as "Releases") from time to time. Releases are deemed part of the Software subject to the terms herein and the license with Cisco and its suppliers and licensors.

6. Subscribers acknowledge that all right, title and interest in and to the Software, the ideas and expressions contained therein, all updates and enhancements, all physical forms, regardless of where resident, whether permanent or transient, including authorized and unauthorized copies, any and all modifications made by Cisco, its suppliers and licensors, the software's supporting documentation, and all copyrights, patents, trademarks, service marks or other intellectual property or proprietary rights relating to the above are, and shall remain with Cisco and its suppliers and licensors. Subscriber is granted only a limited right of use as set forth herein:

7. Subscribers will not distribute, provide or make available, either directly or indirectly, to any person, organization or entity, any part of the Software, including but not limited to the code and the software's supporting documentation in any form except as directed by Customer in support of the delivery of Managed Services. 8. Subscribers will not place any portion of the Software into the public domain; And,
9. Subscribers will not copy, alter, translate, decompile, disassemble, reverse engineer or create derivative works of the Software, except that the Subscriber may make copies as required for the authorized use of the Software, may make copies of the supporting documentation as needed, and may make one additional copy of the Software for backup or archival purposes.

SUPPLEMENTAL LICENSE AGREEMENT

SUPPLEMENTAL LICENSE AND SERVICES AGREEMENT FOR CISCO SYSTEMS’ MAGENTO MANAGED SERVICES (“MAGENTO SERVICES”) AND MAGENTO SOFTWARE (“MAGENTO SOFTWARE”).

IMPORTANT—READ CAREFULLY: THIS SUPPLEMENTAL LICENSE AND SERVICES AGREEMENT (“SLSA”) CONTAINS ADDITIONAL LIMITATIONS RELATING TO THE MAGENTO SERVICES AND MAGENTO SOFTWARE PROVIDED TO CUSTOMER UNDER THE END USER LICENSE AGREEMENT (“EULA”) BETWEEN CUSTOMER AND CISCO. CAPITALIZED TERMS USED IN THIS SLSA AND NOT OTHERWISE DEFINED HEREIN SHALL HAVE THE MEANINGS ASSIGNED IN THE EULA. TO THE EXTENT THERE IS A CONFLICT BETWEEN THIS SLSA AND THE EULA OR ANY OTHER TERMS AND CONDITIONS APPLICABLE TO THE MAGENTO SERVICES OR MAGENTO SOFTWARE, THE TERMS AND CONDITIONS IN THIS SLSA SHALL TAKE PRECEDENCE.

CUSTOMER’S RIGHT TO USE THE MAGENTO SERVICES IS LIMITED SOLELY TO THOSE SKU COMPONENTS OF THE MAGENTO SERVICES PURCHASED BY CUSTOMER PURSUANT TO A VALID PURCHASE ORDER. CUSTOMER MAY USE THE MAGENTO SERVICES ONLY DURING THE PERIOD FOR WHICH SERVICES WERE PURCHASED BY CUSTOMER UNDER THE APPLICABLE SKU PURSUANT TO A VALID PURCHASE ORDER. ALL OTHER USES ARE STRICTLY PROHIBITED. When the end user is an instrumentality of the U.S. Government, this agreement is a contract with the U.S. government and becomes effective when signed by The Schedule Holder and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this agreement as a term of the contract. This SLSA shall bind the Government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.”

IF CUSTOMER DOES NOT AGREE TO BE BOUND BY SUCH TERMS AND CONDITIONS, CUSTOMER MAY NOT INSTALL, DOWNLOAD, OR OTHERWISE USE THE MAGENTO SERVICES OR MAGENTO SOFTWARE.

LICENSE; ADDITIONAL RESTRICTIONS

License. Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to Customer a limited, nonexclusive, non-transferable, worldwide license to access and use the Magento Services and the Documentation to provide the Network Services its customers, subject to the production server and development server limitations set forth in the Purchase Order. The foregoing license does not transfer or convey to Customer or any third party any right, title or interest in or to Magento Services, the Magento Software or Documentation or any associated intellectual property rights, but only a limited right of use revocable in accordance with the terms of the Agreement.

Restricted Use. Customer is purchasing the rights to access and use the then-current version of the Magento Software. Customer’s license specifically excludes any subsequent Major Releases of the Magento Software. No other updates, upgrades, or other Magento Software releases are licensed by Cisco to Customer hereunder.

Major Release means a release of Magento Software that provides additional software functions. Cisco designates Major Releases as a change in the ones digit of the Magento Software version number [x.x.x]. Cisco does not warrant Major Releases will be compatible with prior software releases. Minor Release means an incremental release of Magento Software that provides maintenance fixes and additional Magento Software functions. Cisco designates Minor releases as a change in the tenths digit of the Magento Software version number [x.(x).x].

CUSTOMER RESPONSIBILITIES

(a) In performing the Magento Services, Cisco may instruct the Customer to perform certain tasks or checks relating to Customer’s network. Customer will, at its expense, perform all such checks and tests. Customer will also provide Cisco, or its authorized representative, reasonable access, at no cost to Cisco, to Customer’s networking equipment in connection with the Magento Services. Customer shall not be required to furnish specialized equipment or know-how. Any rework or additional work resulting from modification of the Magento Services requested by Customer (and accepted by Cisco) or any act or omission of Customer, including providing inaccurate information to Cisco will only occur pursuant to the parties executing a new Purchase Order. (b) Customer is responsible for obtaining all approvals required by any third parties in order for Cisco to perform any Magento Service under this Agreement. Cisco will not be responsible or otherwise liable for any failure to perform the Magento Services to the extent caused by Customer’s failure to obtain such third party approvals or if any third party otherwise prevents Cisco from performing the Magento Services.

(c) Customer will not resell the Magento Software or Magento Services or create or offer derivative versions of the Magento Software or Magento Services, either directly or indirectly through a third party.

(d) Customer will be responsible for its compliance with all privacy, data control or use laws and regulations relating to its use of the Magento Services, including without limitation any data contained in any reports provided by Cisco hereunder. Customer acknowledges the potential privacy and other issues associated with the collection and use of such data. Customer warrants and covenants that it will comply with all laws (including, without limitation, copyright laws, privacy laws and import and export laws) applicable to Customer or its use of the Magento Services. In addition, Customer is responsible for obtaining any permits or approvals relating to its use of the Magento Services, including without limitation any permits or approvals relating to transactions requiring its customer’s credit card information or other personally identifiable information.

(e) Customer will not use the Magento Services to send spam, viruses or malware.

(f) Customer understands the Magento Services are hosted by Cisco via a network utilized by Customer and other Cisco customers; Customer will not intentionally or unintentionally access data not owned by Customer or otherwise related to Customer’s use of the Magento Services, or log into, or attempt to log into, a server or account which Customer is not authorized to access.

(g) Customer will not attempt to probe, scan or test the vulnerability of a system or breach security or authentication measures without proper authorization.
(h) Customer will be responsible for handling all communication, technical support and business relations with its customers, including without limitation responding to inquiries and technical questions.

(i) Customer will be responsible for determining whether or not any reported defects or issues may be replicated and that they are isolated to the Magento Services or Magento Software.

(j) Customer is responsible for any catastrophic security events that result from any unauthorized configuration of the Magento Service components by Customer’s personnel.

The failure of Customer to comply with Customer’s responsibilities set forth above may be deemed a material breach of. Any termination shall be in accordance with FAR 12.302(b) and 52.233-1.

Customer Warranties. Customer represents, warrants and covenants that (i) it shall only use the Magento Services and Magento Software to provide Magento Services to its End Users only as permitted by any Capacity limitations set forth in the Purchase Order. If Customer wishes to utilize the Magento Software beyond the Capacity set forth in the Purchase Order, Customer shall be obligated to place a new Purchase Order with Cisco to procure such additional required Capacity as soon as is reasonably practical.

Content. Customer is and shall be solely responsible for the creation, renewal, updating, deletion, editorial content, control and all other aspects of any files, software, scripts, multimedia images, graphics, audio, video, text, data or other objects, including any third party content or materials, originating or transmitted from any location owned or operated by Customer, and/or uploaded or routed to, passed through and/or stored on or within the Magento Services, or otherwise provided to Cisco in any medium or transmitted or routed using the Magento Services (“Customer Content”). Customer owns all right, title, and interest in the Customer Content, or possesses or shall possess all legally valid rights in the Customer Content necessary for the uses of the Customer Content contemplated herein. Customer shall not transmit or route to Cisco or the Magento Services, or otherwise direct via the MagentoServices, any Customer Content that (a) infringes any copyright, trade secret, or other intellectual property right, (b) contains libelous, defamatory, or obscene material under any applicable law, or (c) otherwise violates any federal laws or regulations relating to content or content distribution. Customer shall be responsible for utilizing Magento Services in accordance with the Documentation. If Customer has actual knowledge that any Customer Content infringes the intellectual property or other rights of a third party or violates any applicable federal laws or regulations (including, without limitation, laws and regulations relating to indecency or obscenity), Customer shall remove such Customer Content from Cisco’s origin server. Customer shall be solely responsible for maintaining the availability of its networks, web site(s) and any other medium for the delivery of online video services, and all Customer Content, IP addresses, domain names, hyperlinks, databases, applications and other resources as necessary for Customer to operate and maintain its services to meet Customer’s purposes and objectives. During the Term, Customer grants to Cisco a limited, non-exclusive license to use the Customer Content solely for Cisco to perform the Magento Services as contemplated hereunder. In the case where at no material fault of Cisco, the Magento Services or Magento Software, a third party software component, including but not limited to, WMDRM Server or Windows Media Player (“WMP”) or Microsoft PlayReady creates a digital rights management (DRM) security breach due to a failure or hacking of such component, Cisco shall notify Customer as soon as is practical after receiving a confirmed notice from the provider of such components or discovering such a DRM security breach itself. If, after receiving such DRM breach notice, Customer continues to allow its content to be accessed with any software or services operated in conjunction with the MagentoServices or Magento Software during the period where there is no fix for such DRM security breach, or Customer decides not to implement such fix (which may require restricting End Users to using certain versions of third party applications), then Customer acknowledges and agrees Cisco will not have any liability to Customer for any costs, damages or legal fees related to a DRM security breach. Neither this SLSA nor any rights or obligations under this SLSA shall be assigned by a party without the other’s prior written consent, in accordance with the provisions of the Anti-Assignment Act 41 USC 6305 and FAR 42.1204.

ADDITIONAL SERVICES
During the period Customer has purchased Magento Services, Cisco’s Software Application Support (SAS) service obligations are provided in Attachment 5. Customer is not eligible to receive Software Application Support Plus Upgrades (SASU) services, if any, included on such URL. Professional Services relating to the Magento Services or Magento Software purchased by Customer pursuant to a Purchase Order will be set forth in a separate document to be mutually agreed upon by the parties.
IMPORTANT: READ CAREFULLY

Dear Customer,

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software product that is used with Cisco’s Unified Communications products, including features, functionality and solutions enabled in such Software (collectively, “Software Product”) licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA, but not defined, will have the meaning assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence. In addition to the limitations set forth in the EULA on the Government’s access and use of the Software Product, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. Government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the Government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE PRODUCT TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE PRODUCT, AND (B) YOU MAY RETURN THE SOFTWARE PRODUCT (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE PRODUCT AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

For the purpose of this SEULA, we define the following terms:

“Cisco UC Product” means the following products:

**Call Processing and System Management Applications**
Cisco Unified Communications Manager
Cisco Unified Communications Manager – IM & Presence
Cisco Unified Communications Manager – Basic Paging Server
Cisco Unified Communications Manager – Session Manager Edition
Cisco Emergency Responder
Cisco Unified Attendant Consoles
Cisco Unified Communications Management Suite (including Operations Manager, Service Manager, Service Statistics Monitor and Provisioning Manager)
Cisco Prime Collaboration Suite
Cisco Survivable Remote Site Telephony Manager
Cisco InterCompany Media Engine
**Messaging and Presence Applications**
Cisco Unity
Cisco Unity Connection
Cisco Unified Presence
**Contact Center Applications**
Cisco Unified Contact Center Express (including Work Force Management, Work Force Optimization, Quality Management, Compliance Recording)
Cisco Unified IP IVR
Cisco Unified Contact Center Enterprise (including Packaged Contact Center Enterprise and Email/Web Interaction Manager)
Cisco Unified Intelligence Center
Cisco Unified Contact Center Management Portal
Cisco Unified Customer Voice Portal
Cisco MediaSense
Cisco SocialMiner
Cisco Remote Expert Solution
(including Remote Expert Manager and Interactive Experience Manager)

**Conferencing, Collaboration and Social**
Cisco Webex
Cisco Unified MeetingPlace
Cisco TelePresence and Tandberg suites
Cisco Video Communications Server
Cisco Quad

Additionally, any bundled solutions including the applications listed above, including without limitation, Cisco Unified Communications Manager Business Edition 6000, are also licensed to run with the virtual machines.

“Software Product” includes the following two products: Cisco UC Virtualization Hypervisor and Cisco UC Virtualization Foundation.

In addition to the Agreement, the following supplemental terms apply:

1. You may use the VMware Products solely to operate and run in conjunction with the applicable CISCO UC Product or approved third party applications; they cannot be used in any manner independently from the CISCO UC Product or such third party applications. For purposes of this SEULA, “Approved Third Party Applications” include applications from Vendors enrolled in the “Collaboration” or “Complementary to Collaboration” categories within Cisco Solutions Plus or Cisco Developer Network Programs that are not listed in the Cisco Business Edition 6000 Co-residency Policy Document available at: http://www.cisco.com/en/US/products/ps11369/prod_white_papers_list.html All use shall terminate and cease when the use of the Cisco UC Product or Approved Third Party Applications terminates.
IMPORTANT: READ CAREFULLY

Dear Customer,

Supplemental End User License Agreement

This Supplemental End User License Agreement (“SEULA”) contains additional terms and conditions for the Software Product licensed under the End User License Agreement (EULA) between you (“GSA Customer”) and Cisco (collectively, the “Agreement”). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on the Government’s access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. Government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the Government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND. OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

SUPPLEMENT TO CISCO END USER LICENSE AGREEMENT (“EULA”) FOR SW UNIFIED COMMUNICATIONS SYSTEM 7.1(3) NOT FOR RESALE

This package contains a bundle of Cisco Unified Communications products (the “Cisco UC NFR Bundle”) made available under these terms only to qualified Cisco resellers and channel partners. In addition to the EULA terms set forth in Attachment 8 and any other Supplemental End User License Agreement (“SEULA”) terms (collectively, the EULA and the SEULA terms are referred to as the “Software Agreement”) accompanying or otherwise applicable to the software products enclosed (the “Software”), the following additional supplemental SEULA terms apply to the Software and are hereby incorporated as part of the Software Agreement:

The Cisco UC NFR Bundle Software is provided to you as a Cisco reseller or channel partner for your internal demonstration and testing purposes only. The Cisco UC NFR offering may only be used in internal lab or demonstration environments by the acquiring reseller or partner. The Software is not intended for and should never be used in production and may not be resold. You agree that Cisco and its suppliers shall not be held liable for any damages arising from use of the Software. If a new release of a Software product included with the Cisco UC NFR Bundle is made available by Cisco and/or as a version of the included Software products is announced by Cisco to be at end of life, your license to use for testing and demonstration purposes of that product will terminate. Components of this Software are “NFR” or not for resale. You agree not to distribute the Software to a third party. The NFR Software does not include support and is not eligible for upgrades.

You are not obligated to provide Cisco with comments or suggestions regarding this Software. However, should you provide any comments or suggestions for the modification, correction, improvement or enhancement of the Software (“Feedback”) then you (including the company or companies you represent) grant to Cisco a non exclusive, irrevocable, worldwide, royalty free, fully paid up license in and to any and all intellectual property rights in the Feedback, including the right to sublicense to Cisco licensees and customers (with the right to grant further sublicenses), the right to use and disclose such Feedback in any manner Cisco choose to display, perform, copy, have copies, make, have made, use, sell, offer to sell, export and otherwise distribute or dispose of products embodying such Feedback but without any obligation to reference or disclose the source of such Feedback.
IMPORTANT: READ CAREFULLY

Dear Customer,

Supplemental End User License Agreement

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. Government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the Government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

SUPPLEMENT TO CISCO END USER LICENSE AGREEMENT ("AGREEMENT") FOR SW UNIFIED COMMUNICATIONS SYSTEM 7.1(2) NOT FOR RESALE

In addition to the Software Agreement, the following supplemental terms ("Supplement") apply to the Software licensed to you and are hereby incorporated as part of the Agreement: The Software is provided for your internal demonstration and testing purposes only. The Software is not intended for and should never be used in production. You agree that Cisco and its suppliers shall not be held liable for any damages arising from use of the Software in a production environment. For the avoidance of doubt, components of this Software are NFR or not for resale. At no time does the license herein permit you to distribute the Software to a third party. You are not obligated to provide Cisco with comments or suggestions regarding this Software. However, should you provide any comments or suggestions for the modification, correction, improvement or enhancement of the Software ("Feedback") then you (including the company or companies you represent) grant to Cisco a non exclusive, irrevocable, worldwide, royalty free, fully paid up license in and to any and all intellectual property rights in the Feedback, including the right to sublicense to Cisco licensees and customers (with the right to grant further sublicenses), the right to use and disclose such Feedback in any manner Cisco choose and to display, perform, copy, have copies, make, have made, use, sell, offer to sell, export and otherwise distribute or dispose of products embodying such Feedback but without any obligation to reference or disclose the source of such Feedback. In the event of a conflict between this Supplement and the Agreement, the Supplement shall control.
IMPORTANT: READ CAREFULLY

Dear Customer,

Supplemental End User License Agreement

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

For the purpose of this SEULA, we define the following terms:

"Authorized Service Provider" is a service provider that has an agreement with Cisco that explicitly authorizes support for the Restricted Features.

"Intra-company Use" is a use of the Software Product which occurs within the same company/entity and which traverses a service provider network for the purpose of interconnecting and communicating to endpoints within the same companies/entities. "Inter-company Use" is a use of the Software Product which occurs between two or more companies/entities and which traverses a service provider network for the purpose of interconnecting and communicating to other companies/entities. A use may include functionality that is accessed before, during or after a Cisco TelePresence meeting. Inter-company Use also includes providing features of the Software Product in a commercially available service offering. "Restricted Features" means one or more of the following features: (i) Inter-company Multipoint encryption; and (ii) Intercompany HD/SD Inter-Operability.

In addition to the Agreement, the following supplemental terms apply:

1. The Restricted Features are available or potentially enabled in this Software Product but may only be used for Intra-company Use. THE RESTRICTED FEATURES CANNOT BE USED FOR THE PURPOSES OF INTER-COMPANY USE UNLESS SUCH USE IS PERMITTED BY AN AUTHORIZED SERVICE PROVIDER. IF YOU WERE TO USE THE RESTRICTED FEATURES FOR INTER-COMPANY USE, YOUR USE OF THE RESTRICTED FEATURES PRIOR TO SUCH AUTHORIZATION WOULD CONSTITUTE A BREACH OF THE AGREEMENT. Unless your use is through an Authorized Service Provider, you are not authorized to use the Restricted Features for Inter-company Use until the Restricted Features have been noted as a generally available feature set in the updated release notes for the Software Product, as posted by Cisco on cisco.com. Notwithstanding the foregoing, your Intra-company Use of the Restricted Features shall not be restricted by this paragraph.

2. The CTS-Manager calendaring feature for scheduling TelePresence calls may only be used for Intra-company Use. The CTS-Manager calendaring feature may not be used with more than one calendaring application. Customers in a shared office space with multiple tenants using their own calendaring solution must deploy one CTS-Manager per tenant.

3. The Commercial Express product contains software provided by VMware, Inc. or its affiliates, and use of VMware software is subject to the terms of the VMware ESX/ESXi End User License Agreement Attachment 10.

YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

Definitions

CPU means a central processing unit that encompasses part of a Server.

Evaluation Term means a sixty-day period during which the Software may be used solely for trial or evaluation purposes, free of additional charge.

Instance means a single copy of the Software. Each copy of the Software loaded into memory constitutes a single Instance. License Term means the period of time during which you are authorized to use the Software to deliver information technology services to your internal or external customers. The License Term varies depending on the license fee paid.

Server means a single physical computer or device on a network that manages or provides network resources for multiple users. Each Server must meet or exceed the following CPU requirements: Intel Nehalem, AMD Barcelona and a clock frequency of 1.8GHz.

Software means the CSR 1000V, successor versions, or other virtual software products that Cisco determines shall be governed under this SEULA. To run, the Software requires VMWare ESXi version 5.0 or higher.

Term means the License Term and any Evaluation Term.

Virtual Machine means a software container that can run its own operating system and execute applications like a Server. Service Provider means a company that provides information technology services to external end user customers.

Additional License Terms and Conditions

1. Cisco hereby grants You the right to install and use a single Instance of the Software during the Term. Upon expiration of the License Term, an Evaluation Term commences unless and until You renew the License Term by payment of the required license fees. Following expiration of the Evaluation Term, the Software communication interfaces shut down until all functionality ceases.

2. The Software may be deployed on a Server in a Virtual Machine. Each unique Instance of the Software requires payment of the applicable license fees. You may not run multiple Instances of the Software without payment of the applicable license fees.

3. Subject to the terms and conditions herein and payment of applicable license fees, You may use the Software as a Service Provider or to deliver hosted information technology services to your employees, agents, consultants and/or independent contractors, or to employees and contractors of your affiliated companies.

Description of Other Rights and Obligations. Please refer to the Cisco Systems, Inc. End User License Agreement.
Cisco End User License Agreement, AnyConnect
Secure Mobility Client, Release 3.0

IMPORTANT: PLEASE READ THIS END USER LICENSE AGREEMENT CAREFULLY. DOWNLOADING, INSTALLING OR USING CISCO OR CISCO-SUPPLIED SOFTWARE CONSTITUTES ACCEPTANCE OF THIS AGREEMENT. CISCO SYSTEMS, INC. OR ITS SUBSIDIARY LICENSING THE SOFTWARE INSTEAD OF CISCO SYSTEMS, INC. ("CISCO") IS WILLING TO LICENSE ITS SOFTWARE TO YOU, ("GSA CUSTOMER") ONLY UPON THE CONDITION THAT YOU ACCEPT ALL OF THE TERMS CONTAINED IN THIS END USER LICENSE AGREEMENT PLUS ANY ADDITIONAL LIMITATIONS ON THE LICENSE SET FORTH IN A SUPPLEMENTAL LICENSE AGREEMENT ACCOMPANYING THE PRODUCT (COLLECTIVELY THE "AGREEMENT"). TO THE EXTENT OF ANY CONFLICT BETWEEN THE TERMS OF THIS END USER LICENSE AGREEMENT AND ANY SUPPLEMENTAL LICENSE AGREEMENT, THE SUPPLEMENTAL LICENSE AGREEMENT SHALL APPLY.

When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

THE FOLLOWING TERMS OF THE AGREEMENT GOVERN CUSTOMER'S ACCESS AND USE OF EACH CISCO OR CISCO-SUPPLIED SOFTWARE ("SOFTWARE").

License
Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to Customer a nonexclusive and nontransferable license to use for Customer's internal business purposes the Software and the Documentation for which Customer has paid the required license fees. "Documentation" means written information (whether contained in user or technical manuals, training materials, specifications or otherwise) pertaining to the Software and made available by Cisco with the Software in any manner (including on CD-ROM, or on-line). In order to use the Software, Customer may be required to input a registration number or product authorization key and register Customer's copy of the Software online at Cisco's website to obtain the necessary license key or license file. Customer's license to use the Software shall be limited to, and Customer shall not use the Software in excess of, a single hardware chassis or card or such other limitations as are set forth in the applicable Supplemental License Agreement or in the applicable Purchase Order which has been accepted by Cisco and for which Customer has paid to Cisco the license fee as required by the "GSA Customer Purchase Order").

Unless otherwise expressly provided in the Documentation or any applicable Supplemental License Agreement, Customer shall use the Software solely as embedded in, for execution on, or (where the applicable Documentation permits installation on non-Cisco equipment) for communication with Cisco equipment owned or leased by Customer and used for Customer's internal purposes. No other licenses are granted by implication, estoppel or otherwise. For evaluation or beta copies for which Cisco does not charge a license fee, the above requirement to pay license fees does not apply.

General Limitations
This is a license, not a transfer of title, to the Software and Documentation, and Cisco retains ownership of all copies of the Software and Documentation. Customer acknowledges that the Software and Documentation contain trade secrets of Cisco or its suppliers or licensors, including but not limited to the specific internal design and structure of individual programs and associated interface information. Except as otherwise expressly provided under the Agreement, Customer shall have no right, and Customer specifically agrees not to:

(i) transfer, assign, sublicense its license rights to any other person or entity (other than in compliance with any Cisco relicensing/transfer policy then in force), or use the Software on unauthorized or secondhand Cisco equipment, and Customer acknowledges that any attempted transfer, assignment, sublicense or use shall be void;

(ii) make error corrections to or otherwise modify or adapt the Software or create derivative works based upon the Software, or permit third parties to do the same;

(iii) reverse engineer or decompile, decrypt, disassemble or otherwise reduce the Software to human-readable form, except to the extent otherwise expressly permitted under applicable law notwithstanding this restriction;

(iv) publish any results of benchmark tests run on the Software;

(v) use or permit the Software to be used to perform services for third parties, whether on a service bureau or time sharing basis or otherwise, without the express written authorization of Cisco; or

(vi) disclose, provide, or otherwise make available trade secrets contained within the Software and Documentation in any form to any third party without the prior written consent of Cisco. Customer shall implement reasonable security measures to protect such trade secrets.

To the extent required by applicable law, and at Customer's written request, Cisco shall provide Customer with the interface information needed to achieve interoperability between the Software and another independently created program, on payment ofCisco's applicable fee, if any. Customer shall observe strict obligations of confidentiality with respect to such information and shall use such information in compliance with any applicable terms and conditions upon which Cisco makes such information available.

Software, Upgrades and Additional Copies
For purposes of the Agreement, "Software" shall include (and the terms and conditions of the Agreement shall apply to) computer programs, including firmware, as provided to Customer by Cisco or an authorized Cisco reseller, and any upgrades, updates, bug fixes or modified versions thereto (collectively, "Upgrades") or backup copies of any of the foregoing. NOTWITHSTANDING ANY OTHER PROVISION OF THE AGREEMENT: (1) CUSTOMER HAS NO LICENSE OR RIGHT TO MAKE OR USE ANY ADDITIONAL COPIES OR UPGRADES UNLESS
CUSTOMER, AT THE TIME OF MAKING OR ACQUIRING SUCH COPY OR UPGRADE, ALREADY HOLDS A VALID LICENSE TO THE ORIGINAL SOFTWARE AND HAS PAID THE APPLICABLE FEE FOR THE UPGRADE OR ADDITIONAL COPIES; (2) USE OF UPGRADES IS LIMITED TO CISCO EQUIPMENT FOR WHICH CUSTOMER IS THE ORIGINAL END USER PURCHASER OR LESSEE OR OTHERWISE HOLDS A VALID LICENSE TO USE THE SOFTWARE WHICH IS BEING UPGRADED; AND (3) THE MAKING AND USE OF ADDITIONAL COPIES IS LIMITED TO NECESSARY BACKUP PURPOSES ONLY. NOTHING CONTAINED HEREIN SHALL RESTRICT THE CUSTOMER'S RIGHT TO PROVIDE COPIES TO ITS DUTY AUTHORIZED EMPLOYEES, AGENTS, CONSULTANTS AND/OR INDEPENDENT CONTRACTORS SOLELY FOR BACKUP PURPOSES.

Proprietary Notices
Customer agrees to maintain and reproduce all copyright and other proprietary notices on all copies, in any form, of the Software in the same form and manner that such copyright and other proprietary notices are included on the Software. Except as expressly authorized in the Agreement, Customer shall not make any copies or duplicates of any Software without the prior written permission of Cisco. NOTHING CONTAINED HEREIN SHALL RESTRICT THE GOVERNMENT’S RIGHT TO PROVIDE COPIES TO ITS DUTY AUTHORIZED EMPLOYEES, AGENTS, CONSULTANTS AND/OR INDEPENDENT CONTRACTORS SOLELY FOR BACKUP PURPOSES.

Term and Termination
The Agreement and the license granted herein shall remain effective until terminated. The parties may terminate the Agreement only in accordance with the procedures set forth in the FAR. Upon termination, Customer shall destroy all copies of Software and Documentation in its possession or control. All confidentiality obligations of Customer and all limitations of liability and disclaimers and restrictions of warranty shall survive termination of this Agreement. In addition, the provisions of the sections titled "U.S. Government End User Purchasers" and "General Terms Applicable to the Limited Warranty Statement and End User License Agreement" shall survive termination of the Agreement.

Government Records
Customer grants to Cisco and its independent accountants the right to examine Customer's books, records and accounts during Cisco's normal business hours to verify compliance with this Agreement as long as Cisco complies with Customer's security requirements. In the event such audit discloses non-compliance with this Agreement, the parties shall negotiate a new GSA Customer Purchase Order to bring the Customer into compliance.

Export, Re-Export, Transfer and Use Controls
The Software, Documentation and technology or direct products thereof (hereafter referred to as Software and Technology), supplied by Cisco under this Agreement are subject to export controls under the laws and regulations of the United States (U.S.) and any other applicable countries' laws and regulations. Customer shall comply with such laws and regulations governing export, re-export, transfer and use of Cisco Software and Technology and will obtain all required U.S. and local authorizations, permits, or licenses. Cisco and Customer each agree to provide the other information, support documents, and assistance as may reasonably be required by the other in connection with securing authorizations or licenses. Information regarding compliance with export, re-transfer, transfer and use may be located at the following URL: http://www.cisco.com/web/about/doing_business/legal/global_export_trade/general_export/contract_compliance.html and is provided for informational purposes only.

U.S. Government End User Purchasers
The Software and Documentation qualify as "commercial items," as that term is defined at Federal Acquisition Regulation ("FAR") (48 C.F.R.) 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in FAR 12.212. Consistent with FAR 12.212 and DoD FAR Supp. 227.7202-1 through 227.7202-4, and notwithstanding any other FAR or other contractual clause to the contrary in any agreement into which the Agreement may be incorporated, Customer may provide to Government end user or, if the Agreement is direct, Government end user will acquire, the Software and Documentation with only those rights set forth in the Agreement. The Government agrees that the Software and Documentation are "commercial computer software" and "commercial computer software documentation," and accepts the rights and restrictions herein.

Limited Warranty
Subject to the limitations and conditions set forth herein, Cisco warrants that commencing from the date of shipment to Customer (but in case of resale by an authorized Cisco reseller, commencing not more than ninety (90) days after original shipment by Cisco), and continuing for a period of the longer of (a) ninety (90) days or (b) the warranty period (if any) expressly set forth as applicable specifically to software in the warranty card accompanying the product of which the Software is a part (the "Product") (if any); (a) the media on which the Software is furnished will be free of defects in materials and workmanship under normal use; and (b) the Software substantially conforms to the Documentation. The date of shipment of a Product by Cisco is set forth on the packaging material in which the Product is shipped. Except for the foregoing, the Software is provided "AS IS". This limited warranty extends only to the Customer who is the original licensee, Customer's sole and exclusive remedy and the entire liability of Cisco and its suppliers under this limited warranty will be (i) replacement of defective media and/or (ii) at Cisco's option, repair, replacement, or refund of the purchase price of the Software, in both cases subject to the condition that any error or defect constituting a breach of this limited warranty is reported to Cisco or the party supplying the Software to Customer, if different than Cisco, within the warranty period. Cisco or the party supplying the Software to Customer may, at its option, require return of the Software and/or Documentation as a condition to the remedy. In no event does Cisco warrant that the Software is error free or that Customer will be able to operate the Software without problems or interruptions. In addition, due to the continual development of new techniques for intruding upon and attacking networks, Cisco does not warrant that the Software or any equipment, system or network on which the Software is used will be free of vulnerability to intrusion or attack.

Restrictions
This warranty does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by Cisco or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Cisco, (c) has been subjected to abnormal physical or electrical stress, abnormal environmental conditions, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, testing or demonstration purposes. The Software warranty also does not apply to (e) any temporary Software modules; or (f) any Software for which Cisco does not receive a license fee.

Disclaimer Of Warranty

Non-Endpoint means a computer, smartphone or other mobile device used in conjunction with any of the Software. Network Access For purposes of this SEULA, the following definitions

Definitions

If you acquired the Software in the United States, the Agreement and Hardware and Software warranties ("Warranties") are controlled by and construed under the Federal laws of the United States of America, notwithstanding any conflicts of law provisions. For all countries referred to above, the parties specifically disclaim the application of the UN Convention on Contracts for the International Sale of Goods. If any portion hereof is found to be void or unenforceable, the remaining provisions of the Agreement and Warranties shall remain in full force and effect. Except as expressly provided herein, the Agreement constitutes the entire agreement between the parties with respect to the license of the Software and Documentation. The Agreement has been written in the English language, and the parties agree that the English version will govern.

Supplemental End User License Agreement for Cisco Systems AnyConnect Secure Mobility and other SSL VPN-related Client Software

IMPORTANT: READ CAREFULLY

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between You ("You") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, the Government agrees to comply with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND. OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

For purposes of this SEULA, the Product name and the Product description You have ordered is any of the following ("Software"): • Cisco AnyConnect Secure Mobility Client

• Cisco AnyConnect Client

• Cisco AnyConnect Profile Editor

• Cisco AnyConnect Host Scan (HostScan)

• Cisco AnyConnect Diagnostics and Reporting Tool (DART)

• Cisco SSL VPN Client

• Cisco VPN Client

• Cisco Secure Desktop

• Smart Tunnels

• Port Forwarding

• Additional SSL VPN delivered applets

Definitions

For purposes of this SEULA, the following definitions apply:

"Endpoint" means a computer, smartphone or other mobile device used in conjunction with any of the Software. "Network Access Manager Module" means a separate module in the Cisco AnyConnect Secure Mobility Client with IEEE 802.1X authentication functionality to manage wired and wireless network connections.

"Non-personal Information" means technical and related information that is not personally identifiable, including, but not limited to, the operating system type and version, origin and nature of identified malicious system threats, and the Software modules installed on an Endpoint device.
“Personal Information” means any information that can be used to identify an individual, including, but not limited to, an individual's name, user name, email address and any other personally identifiable information.

“Telemetry Module” means a separate module in the Cisco AnyConnect Secure Mobility Client to provide Personal Information and Non-personal Information from Endpoint devices to Cisco's web security infrastructure.

“Web Security Module” means a separate module in the Cisco AnyConnect Secure Mobility Client with functionality that redirects web traffic to the Cisco ScanSafe hosted web security infrastructure, for customers that have subscribed to Secure Mobility for ScanSafe and used in conjunction with Cisco ScanSafe Web Filtering and/or Cisco ScanSafe Web Security services.

Additional License Terms and Conditions

1. Installation and Use on Unlimited Number of Endpoint Devices
Cisco hereby grants You the right to install and use any of the Software listed above in this SEULA on an unlimited number of Endpoint devices, provided that, except with respect to the Network Access Manager Module as described in Section 2 below, each of those Endpoint devices must use the Software only to connect to Cisco equipment. These license grants are subject to export restrictions in the EULA and to the network equipment license restrictions in Section 3 below. You may make one copy of the Software for each such Endpoint device and a reasonable number of backup copies for the purpose of installing the Software on that Endpoint device.

2. Cisco AnyConnect Network Access Manager Module
The Network Access Manager Module, as described in the Cisco AnyConnect Secure Mobility Client Administrator Guide, may be used by You in conjunction with non-Cisco wired and wireless equipment for the purpose of connecting to non-Cisco network equipment. Support services (including Technical Assistance or TAC support) are only available if You have an active support contract for Cisco Products used in conjunction with the Network Access Manager Module. Support services will not be provided directly to your end users by Cisco.

3. Cisco Network Equipment and Hosted Service License Entitlements and Restrictions
Your use of the Software or specific features thereof with Cisco network equipment shall be subject to license entitlements and restrictions for the applicable Cisco network equipment or hosted services. Please consult Your administrator guide for the applicable Cisco network equipment or hosted services for the relevant license entitlements and restrictions.

4. Distribution to Third Party Business Partners and Customers
You may copy and distribute the Software to your duly authorized employees, agents, consultants, and/or independent contractors (collectively referred to as "employees") solely and exclusively for the purposes of accessing your Cisco equipment, provided that You shall remain responsible for compliance with the EULA and this SEULA by such employees. Each such distribution of the Software to a third party must be accompanied by a copy of the EULA and this SEULA.

5. No Support to Third Party Business Partners or Customers
Cisco will not provide end-user support (including Technical Assistance or TAC support) to any third party business partner or customer that receives the Software in accordance with Section 4 hereof. You shall be responsible for providing all support to each such third party.

6. Effect of Termination on Third Party Business Partners or Customers
In the event of termination of the Agreement, if applicable, You must use commercially reasonable efforts to notify the third party business partner or customer to whom You have distributed the Software that their rights of access and use of the Software have also ceased.

7. Data, Information and Privacy
   • Telemetry Module—If you install the Telemetry Module, You consent to Cisco's collection, use, processing and storage of Personal Information and Non-personal Information as described below. This Personal Information and Non-personal Information is transferred to Cisco, including the transfer of such information to the United States and/or another country outside the European Economic Area, so Cisco can determine how users are interacting with our products and for the purpose of providing You technical networking support and improving our products and services. Cisco may share this information with select third parties in an anonymous aggregated form. None of this Personal Information and Non-personal Information will be used to identify or contact You, and use of the Personal Information and Non-personal Information shall be subject to Cisco's Privacy Statement, Attachment 6. You may withdraw this consent to collection, use, processing and storage of Personal Information and Non-personal Information at any time either by turning the Telemetry Module off or by uninstalling the Telemetry Module. Configuration and uninstallation instructions for the Telemetry Module are available in Your Cisco AnyConnect Secure Mobility Client Administrator Guide.
   • Web Security Module—If You agree to this Agreement and install and utilize the Web Security Module to communicate with the Cisco ScanSafe Web Filtering and/or Cisco ScanSafe Web Security Services, You consent to Cisco's collection, use, processing and storage of Personal Information as described below. This Personal Information is transferred to Cisco, including the transfer of such information to the United States and/or another country outside the European Economic Area, so Cisco can determine how users are interacting with our products and for the purpose of providing You technical networking support and improving our products and services. None of this Personal Information will be used to identify or contact You, and use of the Personal Information shall be subject to Cisco's Privacy Statement, Attachment 6. You may withdraw this consent to collection, use, processing and storage of Personal Information at any time by configuring the Cisco ScanSafe Web Filtering Service to anonymize Your end user data. Configuration instructions for the Cisco ScanSafe Web Filtering Service are available in Your Cisco ScanSafe Web Filtering Service Administrator Guide.
IMPORTANT: READ CAREFULLY

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, the Government agrees to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

SUPPLEMENTAL END USER LICENSE AGREEMENT FOR CISCO SYSTEMS ASA CX SOFTWARE: IMPORTANT: READ CAREFULLY

This Supplemental End User License Agreement (SEULA) contains additional terms and conditions for the Software licensed under the End User License Agreement (EULA) between you and Cisco (collectively, the Agreement). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

Software shall include Cisco’s ASA CX Application Visibility and Control and ASA CX Web Security Essentials software and services. In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentation of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

1. License. Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to Customer a nonexclusive, nontransferable and sublicensable (to Customer’s end users) license to use for Customer’s internal business purposes the Software and Documentation for which Customer has paid the required license and/or subscription fee. The license shall be a term-based subscription license to the service indicated as a SKU in the GSA Customer’s Purchase Order. The length of the license term (or subscription) shall be as indicated in the GSA Customer’s Purchase Order. Documentation means information (whether contained in user or technical manuals, training materials, specifications, videos or otherwise) pertaining to the Software and made available by Cisco with the Software in any manner (including on CD Rom, or online). In order to use the Software, Customer may be required to input a registration number or product authorization key and register Customer’s copy of the Software online at Cisco’s website to obtain the necessary license key or license file.
Supplemental End User License Agreement

IMPORTANT: READ CAREFULLY

Dear Customer,

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

SUPPLEMENTAL END USER LICENSE AGREEMENT FOR CISCO SYSTEMS ASA CX SOFTWARE: IMPORTANT: READ CAREFULLY

This Supplemental End User License Agreement (SEULA) contains additional terms and conditions for the Software licensed under the End User License Agreement (EULA) between you ("GSA Customer") and Cisco (collectively, the Agreement). Capitalized terms used in this SEULA, but not defined, will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence. Software shall include Cisco’s ASA CX Application Visibility and Control and ASA CX Web Security Essentials software and services. In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

1. License. Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to Customer a nonexclusive, nontransferable and sublicenseable (to Customer’s end users) license to use for Customer’s (and/or Customer’s end users’) internal business purposes the Software and Documentation for which Customer has paid the required license and/or subscription fee. The license shall be a term based subscription license to the service indicated as a SKU in your ordering documents. The length of the license term (or subscription) shall be as indicated in your ordering documents. Product Name
L-ISE-ADS5Y-W-100= Cisco ISE 100 Endpoint 5 Year Wireless Subscription License

Identity Services Engine (ISE) Wireless License

The Cisco Identity Services Engine (ISE) Wireless Package License entitles the user to use the Base and Advanced features and services for Wireless Endpoints only and to receive updates as made available during the term of the subscription, provided that you holds a valid license for the application software and there is a valid Cisco SMARTnet or SASU contract on the supporting ISE platform.

Features and Functionality

The Identity Services Engine Wireless License Package provides features that require a valid license to operate. These features are supported on Cisco Identity Services Engine hardware and software platforms.

Licensing

A valid ISE Wireless license allows a wireless endpoint (e.g. laptop) to be supported by the Identity Services Engine platform. This license entitles the user to support up to number of wireless endpoints that is equal to the license quantity purchased, i.e. the quantity of wireless endpoints supported is limited to the quantity of licenses ordered. (e.g. 1,000 licenses will support 1,000 wireless endpoints).

Additional licenses can be purchased to support more wireless endpoints. The purchased license quantity will be listed in the sales order. The Identity Services Engine Wireless Package License is a 5 year subscription license and subject to the termination provisions stated in the FAR. In order to be able to deploy the ISE across different types of endpoints or access technologies (wired, wireless and vpn), customers have to purchase the Wireless Upgrade license. The Wireless Upgrade license allows for the ISE to be deployed with wired, wireless and vpn endpoints. The pre-requisite for installing the Wireless Upgrade license is having the Wireless license installed on the ISE.

The endpoint count of the Wireless Upgrade license has to be the same as the pre-installed Wireless license.

Support

Cisco Support Services, either SMARTnet for the hardware instance or SASU for the virtual instance, provide Cisco Identity Service Engine customers with the necessary support services when using the Base license. For the SMARTnet option, the ISE software is considered the operating system so updates include the following: maintenance releases, minor updates and major updates.
Supplemental End User License Agreement

IMPORTANT: READ CAREFULLY

Dear Customer,

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, THE GOVERNMENT MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

Product Name
L-ISE-ADV3Y-50K= Cisco ISE 50000 EndPoint 3Year Advanced Subscription License

Identity Services Engine (ISE) Advanced Package License

The Cisco Identity Services Engine (ISE) Advanced Package License entitles the Government to use the Advanced Package features, services, and to receive updates as made available during the term of the Subscription, provided that the Government holds a valid license for the application software and there is a valid Cisco SMARTnet or SASU contract on the supporting ISE platform.

Features and Functionality

The Identity Services Engine Advanced Software Package provides features that require a valid license to operate. These features are supported on Cisco Identity Services Engine hardware and software platforms.

Licensing

A valid ISE Advanced license allows an endpoint (e.g. laptop) to be supported by the Identity Services Engine platform. This license entitles the Government to support up to the number of endpoints that is equal to the license quantity purchased, i.e. the quantity of endpoints supported with advanced features is limited to the quantity of licenses ordered. (e.g. 1,000 licenses will support 1,000 endpoints). Additional licenses can be purchased to support more endpoints. The purchased license quantity will be listed in the Government Purchase Order. The Identity Services Engine Advanced Package license is subscription based and has either a 3 or 5 year term. The license is valid with proper purchase for the duration of the term. License subscriptions must be renewed before the expiration date for continued use of software Features and Services. After the expiration date has occurred without renewal, Advanced Package Features and Services may cease operation. The purchased license term is listed on the sales order.

The Government's subscription term begins 24 hours after the PAK file is transmitted to the user. The PAK file will be transmitted electronically within 24 hours of Cisco's receipt of the Government Purchase Order. The term expires after the duration specified in the Government Purchase Order has been reached. Support Cisco Support Services, either SMARTnet for the hardware instance or SASU for the virtual instance, provide Cisco Identity Service Engine customers with the necessary support services when using Advanced Subscription Licenses. For the SMARTnet option the ISE software is considered the operating system so updates include the following: maintenance releases, minor updates and major updates. Please note that a Cisco ISE customer must have an active SMARTnet or SASU contract when using Advanced Subscription Licenses.
Security Cisco ISE Migration DOC-7

Supplemental End User License Agreement

IMPORTANT: READ CAREFULLY

Dear Customer,

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on the Government’s access and use of the Software, the Government agrees to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND. OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

Product Name
L-ISE-ADV-250-M= Cisco ISE 250 EndPoint Advanced + Base Migration License

Identity Services Engine (ISE) Advanced Package License

The Cisco Identity Services Engine (ISE) Advanced Package License entitles the Government to use the Advanced Package features, services, and to receive updates as made available during the term of the Subscription, provided that you holds a valid license for the application software and there is a valid Cisco SMARTnet or SASU contract on the supporting ISE platform.

Features and Functionality

The Identity Services Engine Advanced Software Package provides features that require a valid license to operate. These features are supported on Cisco Identity Services Engine hardware and software platforms.

Licensing

A valid ISE Advanced license allows an endpoint (e.g. laptop) to be supported by the Identity Services Engine platform. This license entitles the user to support up to the number of endpoints that is equal to the license quantity purchased, i.e. the quantity of endpoints supported with advanced features is limited to the quantity of licenses ordered. (e.g. 1,000 licenses will support 1,000 endpoints). Additional licenses can be purchased to support more endpoints. The purchased license quantity will be listed in the GSA Customer Purchase Order. The Identity Services Engine Advanced Package license is subscription based and has either a 3 or 5 year term. The license is valid with proper purchase for the duration of the term. License subscriptions must be renewed before the expiration date for continued use of software Features and Services. After the expiration date has occurred without renewal, Advanced Package Features and Services may cease operation. The purchased license term is listed on the GSA Customer Purchase Order.

Your subscription term begins 24 hours after the PAK file is transmitted to the user. The PAK file will be transmitted electronically within 24 hours of Cisco’s receipt of the GSA Customer Purchase Order. The term expires after the duration specified in the GSA Customer Purchase Order. Support Cisco Support Services, either SMARTnet for the hardware instance or SASU for the virtual instance, provide Cisco Identity Service Engine customers with the necessary support services when using Advanced Subscription Licenses. For the SMARTnet option the ISE software is considered the operating system, so updates include the following: maintenance releases, minor updates and major updates. Please note that a Cisco ISE customer must have an active SMARTnet or SASU contract when using Advanced Subscription Licenses.
Supplemental End User License Agreement for Cisco ISE All-in-One

IMPORTANT: READ CAREFULLY

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the software product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence. In addition to the limitations set forth in the EULA on the Government's access and use of the Software, the Government agrees to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. Government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the Government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

Product Name
For purposes of this SEULA, the Product name you have ordered is any of the following:
- Cisco ISE 1 Year Wireless Subscription License
- Cisco ISE 3 Year Wireless Subscription License
- Cisco ISE 5 Year Wireless Subscription License
- Cisco ISE 1 Year Wireless Upgrade Subscription License
- Cisco ISE 3 Year Wireless Upgrade Subscription License
- Cisco ISE 5 Year Wireless Upgrade Subscription License
- Cisco ISE 1 Year Advance Subscription License
- Cisco ISE 3 Year Advance Subscription License
- Cisco ISE 5 Year Advance Subscription License
- Cisco ISE Advance Migration Licenses

Identity Services Engine Term Licenses
Provided that you holds a valid license for the application software and that there is a valid Cisco SMARTnet or SASU contract on the supporting ISE platform, you are entitled to use the following Cisco Identity Services Engine (ISE) features and services depending on the Product you have ordered:

Cisco ISE Wireless Licenses
For the Cisco ISE Wireless Subscription License: you are entitled to use the Base and Advance features and services for Wireless Endpoints only and to receive updates as made available during the term of the subscription. A valid ISE Wireless Subscription License allows a wireless endpoint (e.g. laptop) to be supported by the Identity Services Engine platform. This license entitles the GSA Customer to support up to the number of wireless endpoints that is equal to the license quantity purchased, i.e. the quantity of wireless endpoints supported is limited to the quantity of licenses ordered (e.g. 1,000 licenses will support 1,000 wireless endpoints).

Cisco ISE Wireless Upgrade Licenses
For the Cisco ISE Wireless Upgrade Subscription License: you are entitled to use the Base and Advance features and services for all Endpoints (not just limited to Wireless Endpoints only), and to receive updates as made available during the term of the subscription. A valid ISE Wireless Upgrade Subscription License allows any type of endpoint wired, wireless and vpn endpoint to be supported by the Identity Services Engine Platform. The pre-requisite to install this ISE Wireless Upgrade Subscription License is the ISE Wireless Subscription License. AISE Endpoint Wireless Upgrade Subscription License entitles the user to support up to number of wired, wireless and vpn endpoints that is equal to the license quantity purchased, i.e. the quantity of endpoints supported is limited to the quantity of licenses ordered (e.g. 1,000 licenses will support 1,000 endpoints). The endpoint count of the ISE Endpoint Wireless Upgrade Subscription License has to be the same as the pre-installed ISE Endpoint Wireless Subscription; or Cisco ISE Advance Licenses.
For the Cisco ISE Advance Subscription License: you are entitled to use the Advance Package features, services, and to receive updates as made available during the term of the Subscription. The ISE Advance Subscription License allows all endpoints (e.g. laptop) to be supported by the Identity Services Engine platform. This license entitles the GSA Customer to support up to number of endpoints that is equal to the license quantity purchased, i.e. the quantity of endpoints supported with Advance features is limited to the quantity of licenses ordered (e.g. 1,000 licenses will support 1,000 endpoints).

Cisco ISE Advance Migration Licenses
For the Cisco ISE Advance Migration Licenses: you are entitled to use the Base and Advance features and services, and to receive updates as made available during the term of the Subscription. The ISE Advance Migration License allows all endpoints (e.g. laptop) to be supported by the Identity Services Engine platform. The Cisco ISE Advance Migration License includes a perpetual ISE Base License with a perpetual term and an ISE Advance License with a 3-year term. This license entitles the GSA Customer to support up to number of endpoints that is equal to the license quantity purchased, i.e. the quantity of endpoints supported with Base and Advance features is limited to the quantity of licenses ordered (e.g. 1,000 licenses will support 1,000 endpoints).
Additional licenses
Additional ISE Licenses can be purchased to support more endpoints. The purchased license quantity will be listed in the GSA Customer Purchase Order.

Term
The ISE Term Licenses are subscription-based, and have either a 1-year, 3-year, or 5-year term, except that: (a) the term of the ISE Wireless Upgrade License will expire at the same time as the pre-installed ISE Wireless License; and (b) the ISE Advance Migration License includes a perpetual ISE Base License with a perpetual term and a ISE Advance License with a 3-year term. The ISE Term Licenses are subject to the termination provisions contained in the FAR. License subscriptions must be renewed before the expiration date for continued use of software Features and Services. After the expiration date has occurred without renewal, Features and Services may cease operation.

Features and Functionality
The ISE License provides features that require a valid license to operate. These features are supported on Cisco ISE hardware and software platforms.
Supplemental End User License Agreement for Cisco Systems Content Security Software

IMPORTANT: READ CAREFULLY

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software product licensed under the End User License Agreement ("EULA") between You ("GSA Customer" as used herein means You and its duly authorized employees, agents, consultants and/or independent contractors and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. Government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the Government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

For purposes of this SEULA, the Product name and the Product description you have ordered is any of the Following Cisco Systems Email Security Appliance ("ESA"), Cisco Systems Web Security Appliance ("WSA") and Cisco Systems Security Management Application ("SMA") (collectively, "Content Security") and their Virtual Appliance equivalent ("Software"): Cisco AsyncOS for Email Cisco AsyncOS for Web Cisco AsyncOS for Management Cisco Email Anti-Spam, Sophos Anti-Virus Cisco Email Outbreak Filters Cloudmark Anti-Spam Cisco Image Analyzer Intel Security Public Sector, Inc. Anti-Virus Cisco Intelligent Multi-Scan Cisco RSA Data Loss Prevention Cisco Email Encryption Cisco Email Delivery Mode Cisco Web Usage Controls Cisco Web Reputation Sophos Anti-Malware Cloudmark Anti-Malware Intel Security Public Sector, Inc. Anti-Malware Cisco Email Reporting Cisco Email Message Tracking Cisco Email Centralized Quarantine Cisco Web Reporting Cisco Web Policy and Configuration Management Cisco Advanced Web Security Management with Splunk Email Encryption for Encryption Appliances Email Encryption for System Generated Bulk Email Email Encryption and Public Key Encryption for Encryption Appliances Large Attachment Handling for Encryption Appliances Secure Mailbox License for Encryption Appliances

Definitions

For purposes of this SEULA, the following definitions apply:

“GSA Customer Service” means the GSA Customer’s email, Internet, security management services provided to employees and End Users for the purposes of conducting the GSA Customer’s internal business.

“End User” means: (1) for the WSA and SMA, the employee, agent, consultant and/or independent contractor or other agent authorized by the GSA Customer to access the Internet and the SMA via the GSA Customer’s Service; and (2) for the ESA, the email boxes of the employees, consultants, independent contractors, or other agents authorized by the GSA Customer to access or use the email services via the GSA Customer’s Service.

“GSA Customer Purchase Order” means the purchase agreement, evaluation agreement, beta, pre-release agreement or similar agreement between the GSA Customer and Cisco or the GSA Customer and a Cisco reseller, or the valid terms of any GSA Customer Purchase Order accepted by Cisco in connection therewith, containing the purchase terms for the Software license granted by this Agreement.

“Personally Identifiable Information” means any information that can be used to identify an individual, including, but not limited to, an individual’s name, user name, email address and any other personally identifiable information.
"Server" means a single physical computer or devices on a network that manages or provides network resources for multiple users. "Services" means Cisco Software Subscription Services. "Telemetry Data" means samples of the GSA Customer’s email and web traffic, including data on email message and web request attributes and information on how different types of email messages and web requests were handled by the GSA Customer’s Cisco hardware products. Email message metadata and web requests included in Telemetry Data are anonymized and obfuscated to remove any Personally Identifiable Information. "Term" means the length of the Software subscription you purchased, as indicated in the GSA Customer’s Purchase Order. "Virtual Appliance" means the virtual version of Cisco’s email security appliances, web security appliances, and security management appliances. "Virtual Machine" means a software container that can run its own operating system and execute applications like a Server.

Additional License Terms and Conditions

LICENSE GRANTS AND CONSENT TO TERMS OF DATA COLLECTION

License of Software.
The GSA Customer agrees to be bound by the terms of this Agreement, and so long as the GSA Customer is in compliance with this Agreement, Cisco hereby grants to The GSA Customer a nonexclusive, non-sublicensable, non-transferable, worldwide license during the Term to use the Software only on Cisco's hardware products, or in the case of the Virtual Appliances, on a Virtual Machine, solely in connection with the provision of the GSA Customer's Service to End Users. The number of End Users licensed for the use of the Software is limited to the number of End Users specified in the Ordering Documents. In the event that the number of End Users in connection with the provision of the Company Service exceeds the number of End Users specified in the Ordering Documents, Company shall contact an Approved Source to purchase additional licenses for the Software. The duration and scope of this license(s) is further defined in the Ordering Document. The GSA Customer Purchase Order supersedes the EULA with respect to the term of the Software license. Except for the license rights granted herein, no right, title or interest in any Software is granted to the GSA Customer by Cisco. Cisco's resellers or their respective licensors. The GSA Customer’s entitlement to Upgrades to the Software is subject to any separate support contract that the GSA Customer may execute. This Agreement and the Services are co-terminus.

Consent and License to Use Data.
Subject to the Cisco Privacy Statement, Attachment 6. The Government hereby consents and grants to Cisco a license to collect and use Telemetry Data from the Company. Cisco does not collect or use Personally Identifiable Information in the Telemetry Data. Cisco may share aggregated and anonymous Telemetry Data with third parties to assist us in improving the GSA Customer’s user experience and the Software and other Cisco security products and services. The GSA Customer may terminate Cisco's right to collect Telemetry Data at any time by disabling SenderBase Network Participation in the Software. Instructions to enable or disable SenderBase Network Participation are available in the Software configuration guide.

Description of Other Rights and Obligations
Please refer to the Cisco Systems, Inc. End User License Agreement and Privacy Statement, Attachments 8 and 6.
SUPPLEMENTAL END USER LICENSE AGREEMENT FOR CISCO SYSTEMS VIRTUAL SOFTWARE PRODUCTS:

IMPORTANT: READ CAREFULLY
This Supplemental End User License Agreement (“SEULA”) contains additional terms and conditions for the Software licensed under the End User License Agreement (“EULA”) between you (“GSA Customer”) and Cisco (collectively, the “Agreement”). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA.

To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on the GSA Customer’s access and use of the Software, the GSA Customer agrees to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND.
YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

Definitions
“CPU” means a central processing unit that encompasses part of a Server.
“Failover Pair” means a primary Instance and a standby Instance with the same Software configuration where the standby Instance can take over in case of failure of the primary Instance.
“Instance” means a single copy of the Software. Each copy of the Software loaded into memory is an Instance.
“Server” means a single physical computer or device on a network that manages or provides network resources for multiple users.
“Virtual Machine” means a software container that can run its own operating system and execute applications like a Server.
“Service Provider” means a company that provides information technology services to external end user customers.

Additional License Terms and Conditions
1. Cisco hereby grants you the right to install and use the Software listed above in this SEULA on single or multiple Cisco or non-Cisco Servers or as a Virtual Machine.
2. A unit license fee to Cisco or an authorized Cisco reseller shall be due for each Cisco or non-Cisco Server CPU on which the Software is installed, per Virtual Machine run by the Software, or per Instance, as determined by Cisco. Cisco also reserves the right to offer, in its sole discretion, versions of the Software that may not be subject to a unit license fee.
3. For the Adaptive Security Appliance 1000V Cloud Firewall Software, You are licensed to the number of Instances of the Software equal to the number of CPUs covered by the unit license fee, and if You deploy a Failover Pair, for an additional standby Instance for each primary Instance.

Description of Other Rights and Obligations
Please refer to the Cisco Systems, Inc. End User License Agreement, Attachment 8.
SUPPLEMENTAL END USER LICENSE AGREEMENT FOR CISCO SYSTEMS INTEGRATED SECURITY APPLIANCE
SOFTWARE:

IMPORTANT: READ CAREFULLY

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

Definitions
For purposes of this SEULA, the following definitions apply:

"Non-personal Information" means technical and related information that is not personally identifiable, including, but not limited to, the operating system type and version, origin and nature of identified malicious system threats, and the Software modules installed on an endpoint device.

"Personal Information" means any information that can be used to identify an individual, including, but not limited to, an individual's name, user name, email address and any other personally identifiable information.

Additional License Terms and Conditions

Term License
The Software is licensed for the one (1) or three (3) year license term, as set forth in the Software purchase order documentation.

Version 1.0

Data, Information and Privacy
If You agree to this Agreement, You consent to Cisco's collection, use, processing and storage of Personal Information and Non-personal Information, and the transfer of Personal Information and Non-personal Information to Cisco, including the transfer of such information to the United States and/or another country outside the European Economic Area, as described in Cisco's Privacy Statement included as Attachment 6.
Supplemental End User License Agreement for Access Control System

IMPORTANT: READ CAREFULLY

This Supplemental End User License Agreement (“SEULA”) contains additional terms and conditions for the Software Product licensed under the End User License Agreement (“EULA”) between you ("GSA Customer") and Cisco (collectively, the “Agreement”). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence. In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE; OR (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, THE GOVERNMENT MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

Product Name

For purposes of this SEULA, the Product the Government has ordered is any of the following:

ACS 1121 Appliance With 5.x SW And Base license
ACS 1121 Appliance And 5.x SW Upgrade from Previous Versions
ACS application & BASE license for SNS-3415-K9 appliance
Upgrade to ACS application on SNS-3415-K9 appl. w/ BASE license
ACS 5.2 VMWare Software And Base License
ACS 5.2 VMWare SW + Base License Upgrade from Previous Versions
ACS 5.2 VMWare SW + Base License (Electronic Delivery)
ACS 5.2 VMWare SW Upgrade (Electronic Delivery)
ACS 5.3 VMWare Software And Base License
ACS 5.3 VMWare SW + Base License Upgrade from Previous Versions
ACS 5.3 VMWare SW + Base License (Electronic Delivery)
ACS 5.3 VMWare SW Upgrade (Electronic Delivery)
ACS 5.4 VMWare Software And Base License
ACS 5.4 VMWare SW + Base License Upgrade from Previous Versions
ACS 5.4 VMWare SW + Base License (Electronic Delivery)
ACS 5.4 VMWare SW Upgrade (Electronic Delivery)

1. ADDITIONAL LICENSE RESTRICTIONS

Installation and Use of Cisco Secure Access Control System: The Cisco Secure Access Control System ("ACS") Software component of the Cisco Hardware Platform is preinstalled. CDs containing tools to restore this Software to the Hardware are provided to you for installation purposes only. You may only run the supported Cisco Secure Access Control System Software product on the Cisco Hardware Platform designed for its use. No unsupported software product or component may be installed on the Cisco Hardware Platform. Each Cisco Secure Access Control System is shipped with a Product Activation Key ("PAK") that must be registered with Cisco to obtain an appropriate base license file. The PAK and associated license file are intended for use on one and only one Cisco Secure Access Control System. Installation and Use of Cisco Secure Access Control System Software for Virtual Machine: The Cisco Secure Access Control System ("ACS") Software for Virtual Machine can run and is supported only on versions of Virtual Machine specified in the product documentation. Each copy of Cisco Secure ACS Software for Virtual Machine is shipped with a Product Activation Key ("PAK") that must be registered with Cisco to obtain an appropriate base license file. The PAK and associated license file are intended for use on one and only one running Instance of Cisco Secure ACS Software.

2. DEFINITIONS

“Instance” means a single copy of the Software. Each copy of the Software loaded into memory is an Instance. “Server” means a single physical computer or device on a network that manages or provides network resources for multiple users. “Virtual Appliance” means the virtual version of Cisco’s email security appliances, web security appliances, and security and identity management appliances. "Virtual Machine" means a software container that can run its own operating system and execute applications like a Server.
IMPORTANT: READ CAREFULLY

Dear Customer,

Supplemental End User License Agreement

This Supplemental End User License Agreement (“SEULA”) contains additional terms and conditions for the Software Product licensed under the End User License Agreement (“EULA”) between you (“GSA Customer”) and Cisco (collectively, the “Agreement”). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. Government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the Government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

For the purpose of this SEULA, we define the following terms:

“Intragovernmental Features” are those features that are deployed within an enterprise and do not traverse a service provider network for the purpose of interconnecting and communicating to other enterprises. This does not include transport provided for communication within the enterprise allowing it to communicate to itself.

“Inter-company Features” are those features that provide support for communications between enterprises through a service provider network.

In addition to the Agreement, the following supplemental terms apply to Inter-company Features. Multipoint encryption for Inter-company feature is available in the Software Product but you are not authorized to use it until you have been permitted to do so upon notice from Cisco.
| TelePresence | Cisco TelePresence Manager | DOC-14958 DOC-29311 |
| TelePresence | Cisco TelePresence Express Multipoint Switch | DOC-14958 DOC-29311 |

Please see the SEULAs starting above for (DOC-29311) and for (DOC-14958) for the SEULAs applicable to these offerings.
IMPORTANT: READ CAREFULLY

Dear Customer,

Supplemental End User License Agreement

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, THE GOVERNMENT MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND.

For the purpose of this SEULA, we define the following terms:

"Authorized Service Provider" is a service provider that has an agreement with Cisco explicitly authorizing support for the Restricted Features.  "Intra- Governmental Use" is a use of the Software Product which occurs within the government and which traverses a service provider network for the purpose of interconnecting and communicating to endpoints within the same companies/entities.  "Inter company Use" is a use of the Software Product which occurs between two or more companies/entities and which traverses a service provider network for the purpose of inter connecting and communicating to other companies/entities. A use may include functionality that is accessed before, during or after a Cisco TelePresence meeting. Inter company Use also includes providing features of the Software Product in a commercially available service offering. "Restricted Features" means one or more of the following features: (i) Inter company Multipoint encryption; and (ii) Inter company HD/SD Inter Operability.

In addition to the Agreement, the following supplemental terms apply:

1. The Restricted Features are available or potentially enabled in this Software Product but may only be used for Intra-Governmental Use. THE RESTRICTED FEATURES CANNOT BE USED FOR THE PURPOSES OF INTERGOVERNMENTAL USE UNLESS SUCH USE IS PERMITTED BY AN AUTHORIZED SERVICE PROVIDER.  You are not authorized to use the Restricted Features for Inter-Governmental Use until the Cisco notifies the GSA Customer Restricted Features are generally available feature sets in the updated release notes for the Software Product. Notwithstanding the foregoing, your Intra-Governmental. Use of the Restricted Features shall not be restricted by this paragraph.

2. The CTS Manager calendaring feature for scheduling TelePresence calls may only be used for Intra-Governmental Use. The CTS Manager calendaring feature may not be used with more than one calendaring application. Customers in a shared office space with multiple tenants using their own calendaring solution must deploy one CTS Manager per tenant.
IMPORTANT: READ CAREFULLY

Dear Customer,

Supplemental End User License Agreement

This Supplemental End User License Agreement (“SEULA”) contains additional terms and conditions for the Software Product licensed under the End User License Agreement (“EULA”) between you (“GSA Customer”) and Cisco (collectively, the “Agreement”). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on the Government’s access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

“Authorized Service Provider” is a service provider that has an agreement with Cisco that explicitly authorizes support for the Restricted Features. “Intra-Governmental Use” is a use of the Software Product which occurs within the same Government entity and which traverses a service provider network for the purpose of interconnecting and communicating to endpoints within the same entities. “Inter-Governmental Use” is a use of the Software Product which occurs between two or more Government entities and which traverses a service provider network for the purpose of interconnecting and communicating to other entities. A use may include functionality that is accessed before, during or after a Cisco TelePresence meeting. Inter-Governmental Use also includes providing features of the Software Product in a commercially available service offering. “Restricted Features” means one or more of the following features: (i) Inter-Governmental Multipoint encryption; and (ii) Inter-Governmental HD/SD Inter-Operability.

In addition to the Agreement, the following supplemental terms apply:

The Restricted Features are available or potentially enabled in this Software Product, but may only be used for Intra-Governmental Use. THE RESTRICTED FEATURES CANNOT BE USED FOR THE PURPOSES OF INTER-GOVERNMENTAL USE UNLESS SUCH USE IS PERMITTED BY AN AUTHORIZED SERVICE PROVIDER. The Government is not authorized to use the Restricted Features for Inter-Governmental Use until Cisco notifies the GSA Customer that the Restricted Features are available feature sets. Notwithstanding the foregoing, the GSA Customer’s Intra-Governmental Use of the Restricted Features shall not be restricted by this paragraph.
IMPORTANT: READ CAREFULLY

Dear Customer,

This Supplemental End User License Agreement (“SEULA”) contains additional terms and conditions for the Software Product licensed under the End User License Agreement (“EULA”) between you (“GSA Customer”) and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND. OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

SUPPLEMENTAL LICENSE AGREEMENT

The GSA Customer's right to use the Software is limited solely to those products components of the Software (including but not limited to the Video Back Office, Video Control Plane, CDN Analytics, CDN Provisions Manager Components) purchased by GSA Customer pursuant to a valid GSA Customer Purchase Order. All other uses are strictly prohibited.

With respect to the software licensed under this SLA, (a) "Services" will apply solely to Cisco's Performance of services relating to the Software; and (b) the term "Network" relating to the Cisco Severity and Escalation Guidelines, will be defined to apply solely to the Software.

When the end user is an instrumentality of the U.S. Government, this agreement is a contract with the U.S. Government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the Government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF GSA CUSTOMER DOES NOT AGREE TO BE BOUND BY SUCH TERMS AND CONDITIONS, CUSTOMER MAY NOT INSTALL, DOWNLOAD, OR OTHERWISE USE THE SOFTWARE.

License; Additional Restrictions. License. Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to GSA Customer a nonexclusive, non-transferable, worldwide, royalty-free license to use the Software and the Documentation to provide the delivery of online video services ("Video Services") to End Users, subject to the capacity limitations set forth in the description of the product associated with the product SKU (collectively, "Capacity") set forth in the GSA Customer Purchase Order. The foregoing license does not transfer or convey to GSA Customer or any third party any right, title or interest in or to the Software or Documentation or any associated intellectual property rights, but only a limited right of use, revocable in accordance with the terms of the Agreement.

Restricted Version and Use. GSA Customer may install and use the Software only within the Territory specified in the Agreement solely for the purpose of operating GSA Customer's service for the management and delivery of Video Services to End Users. GSA Customers are purchasing the rights to the then-current Major Release of the Software and its associated Minor Releases and GSA Customer's license specifically excludes any subsequent Major Releases of the Software. No other Updates, upgrades, or other Software releases are licensed by Cisco to GSA Customer hereunder.

Major Release means a release of Software that provides additional software functions. Cisco designates Major Releases as a change in the ones digit of the Software version number [x(x)x].

Minor Release means an incremental release of Software that provides maintenance fixes and additional Software functions.

Cisco designates Minor releases as a change in the tenths digit of the Software version number [x(x)x].

Customer Warranties

GSA Customer represents, warrants and covenants that (i) it shall only use the Software to provide Video Services to its End Users only as permitted by any Capacity limitations set forth in the GSA Customer Purchase Order. If GSA Customer wishes to utilize the Software beyond the Capacity set forth in the GSA Customer Purchase Order, GSA Customer shall be obligated to place a new GSA Customer Purchase Order with Cisco to procure such additional required Capacity as soon as is reasonably practical.
As between Cisco and GSA Customer, GSA Customer is and will be solely responsible for the creation, renewal, updating, deletion, editorial content, control, maintaining any and all backup, and all other aspects of any files, software, scripts, multimedia images, graphics, audio, video, text, data or other objects, including any third party content or materials, originating or transmitted from any location owned or operated by GSA Customer, in any medium, which is transmitted or delivered by GSA Customer using the Software ("GSA Customer Content"). GSA Customer owns all right, title, and interest in the GSA Customer Content, or possesses or will possess all legally valid rights in the GSA Customer Content necessary to use the GSA Customer Content. Customer shall be solely responsible for maintaining the availability of its networks, web site(s) and any other medium for the delivery of online video services, and all GSA Customer Content, IP addresses, domain names, hyperlinks, databases, applications and other resources as necessary for GSA Customer to operate and maintain its services to meet GSA Customer's business purposes and objectives.

ADDITIONAL SERVICES
Professional Services and/or Support Services relating to the Software purchased by GSA Customer pursuant to a Purchase Order will be set forth in a separate document to be mutually agreed by the parties.

**IMPORTANT: READ CAREFULLY**

**Dear Customer,**

**Supplemental End User License Agreement**

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software Product licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agrees to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

**IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND. OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.**

**SUPPLEMENTAL LICENSE AGREEMENT**

SUPPLEMENTAL LICENSE AGREEMENT FOR CISCO SYSTEMS VIDEOSCAPE MEDIA SUITE SOFTWARE ("VMS SOFTWARE"): CMS, ENTITLEMENT, PUBLISHER, MEDIA STREAMING PLAYER, MEDIA DOWNLOAD APPLICATION

IMPORTANT-READ CAREFULLY: THIS SUPPLEMENTAL LICENSE AGREEMENT ("SLA") CONTAINS ADDITIONAL LIMITATIONS ON THE LICENSE TO THE VMS SOFTWARE PROVIDED TO GSA CUSTOMER UNDER THE END USER LICENSE AGREEMENT ("EULA") BETWEEN GSA CUSTOMER AND CISCO. CAPITALIZED TERMS USED IN THIS SLA AND NOT OTHERWISE DEFINED HEREIN SHALL HAVE THE MEANINGS ASSIGNED IN THE EULA. TO THE EXTENT THERE IS A CONFLICT BETWEEN THIS SLA AND THE EULA OR ANY OTHER TERMS AND CONDITIONS APPLICABLE TO THE VMS SOFTWARE, THE TERMS AND CONDITIONS IN THIS SLA SHALL TAKE PRECEDENCE.

GSA CUSTOMER’S RIGHT TO USE THE VMS SOFTWARE IS LIMITED SOLELY TO THOSE SKU COMPONENTS OF THE VMS SOFTWARE (INCLUDING BUT NOT LIMITED TO THE CMS, ENTITLEMENT, PUBLISHER, STREAMING PLAYER OR DOWNLOAD APPLICATION COMPONENTS) PURCHASED BY GSA CUSTOMER PURSUANT TO A VALID GSA CUSTOMER PURCHASE ORDER. ALL OTHER USES ARE STRICTLY PROHIBITED. WITH RESPECT TO THE VMS SOFTWARE LICENSED UNDER THIS SLA, (A) "SERVICES" WILL APPLY SOLELY TO CISCO’S PERFORMANCE OF SERVICE RELATING TO THE VMS SOFTWARE, INCLUDING ANY SERVICES PROVIDED BY CISCO PURSUANT TO EXHIBIT C; AND (B) THE TERM "NETWORK" RELATING TO THE CISCO SEVERITY AND ESCALATION GUIDELINES, WILL BE DEFINED TO APPLY SOLELY TO THE VMS SOFTWARE.

IF CUSTOMER DOES NOT AGREE TO SUCH TERMS AND CONDITIONS, CUSTOMER MAY NOT INSTALL, DOWNLOAD, OR OTHERWISE USE THE VMS SOFTWARE.

**LICENSE; ADDITIONAL RESTRICTIONS**

**License.** Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to GSA Customer a perpetual, nonexclusive, non-transferable, worldwide, royalty-free license to use the VMS Software and the Documentation to provide the delivery of online video services ("Video Services") to End Users, subject to the User Capacity, Transaction Capacity or Title Capacity (collectively, "Capacity") limitations set forth in the GSA Customer Purchase Order. The foregoing license does not transfer or convey to GSA Customer any right, title or interest in or to the VMS Software or Documentation or any associated intellectual property rights, but only a limited right of use, revocable in accordance with the terms of this Agreement.

**Restricted Version and Use.** GSA Customer may install and use the VMS Software only within the Territory specified in the Agreement solely for the purpose of operating GSA Customer's service for the management and delivery of Video Services to End Users. GSA Customers are purchasing the rights to the then-current Major Release of the VMS Software and its associated Minor Releases and GSA Customer's license specifically excludes any subsequent Major Releases of the VMS Software. No other Updates, upgrades, or other VMS Software releases are licensed by Cisco to GSA Customer hereunder. Major Release means a release of VMS Software that provides additional software functions. Cisco designates Major Releases as a change in the ones digit of the VMS Software version number [x].x.x.

Minor Release means an incremental release of VMS Software that provides maintenance fixes and additional VMS Software functions. Cisco designates Minor releases as a change in the tenths digit of the VMS Software version number [x.(x).x].

**GSA Customer Warranties.** GSA Customer represents, warrants and covenants that (i) it shall only use the VMS Software to provide Video Services to its End Users only as permitted by any Capacity limitations set forth in the GSA Customer Purchase Order. If GSA Customer wishes to utilize the VMS Software beyond the Capacity set forth in the Purchase Order, GSA Customer shall be obligated to place a new GSA Customer Purchase Order with Cisco to procure such additional required Capacity as soon as is reasonably practicable.

Content. As between Cisco and GSA Customer, GSA Customer is and will be solely responsible for the creation, renewal, updating, deletion, editorial content, control, maintaining any and all backup, and all other aspects of any files, software, scripts, multimedia images, graphics, audio, video, text, data or other objects, including any third party content or materials, originating or transmitted from any location owned or operated by GSA Customer, in any medium, which is transmitted or delivered by GSA Customer using the VMS Software ("GSA Customer Content").

GSA Customer owns all right, title, and interest in the GSA Customer Content, or possesses or will possess all legally valid rights in the GSA Customer Content necessary to use the GSA Customer Content. GSA Customer shall be solely responsible for maintaining the availability of its networks, web site(s) and any other medium for the delivery of online video services, and all GSA Customer Content. IP addresses, domain names, hyperlinks, databases, applications and other resources as necessary for GSA Customer to operate and maintain its services to meet GSA Customer's purposes and objectives. In the case where at no material fault of Cisco or the VMS Software, a third party software component, including but not limited to, WMDRM Server or Windows Media Player ("WMP") or Microsoft PlayReady creates a digital rights management (DRM) security breach due to a failure or hacking of such component, Cisco shall notify GSA Customer as soon as is practical after receiving a confirmed notice from the provider of such components or discovering such a DRM security breach itself. In such case, Cisco shall notify GSA Customer of such breach as soon as possible. If, after receiving such DRM breach notice, GSA Customer continues to allow its content to be accessed with any software or services operated in conjunction with the VMS Software during the period where there is no fix for such DRM security breach, or GSA Customer decides not to implement such fix (which may require restricting End Users to using certain versions of third party applications), then GSA Customer acknowledges and agrees Cisco will not have any liability to GSA Customer for any costs, damages or legal fees related to a DRM security breach.

ADDITIONAL SERVICES
Professional Services and/or Support Services relating to the VMS Software purchased by GSA Customer pursuant to a Purchase Order will be set forth in a separate document to be mutually agreed by the parties.
SUPPLEMENTAL END USER LICENSE AGREEMENT FOR CISCO WEBEX MEETINGS SERVER SOFTWARE:

IMPORTANT: READ CAREFULLY

This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software licensed under the End User License Agreement ("EULA") between you ("GSA Customer") and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. Government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the Government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED USB DRIVE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

1. Cisco WebEx Meetings Server (the "Software") is a software-based enterprise conferencing product that integrates audio, video and web conferencing in a single, on-premises solution.

2. License. Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to GSA Customer a nonexclusive, nontransferable and sublicensable (to GSA Customer's end users) license to use for GSA Customer's and/or GSA Customer's end users' internal business purposes the Software and Documentation for which GSA Customer has paid the required license and/or subscription fee. The server component of the Software may be installed only on Cisco hardware that is: (a) operated by GSA Customer, or (b) operated by a third party under the GSA Customer's direct control. GSA Customer may copy and distribute the component client of the Software to its duly authorized agents, consultants and/or independent contractors solely and exclusively in connection with allowing such third parties to attend meetings hosted by GSA Customer using the Software, provided that GSA Customer shall remain responsible for such third parties' compliance with the Agreement. "Documentation" means information (whether contained in user or technical manuals, training materials, specifications, videos or otherwise) pertaining to the Software and made available by Cisco with the Software in any manner (including on USB Drive or online). In order to use the Software, GSA Customer may be required to input a registration number or product authorization key and register GSA Customer's copy of the Software online at Cisco's website to obtain the necessary license key or license file. Version 1.0

3. User Licenses.

"Employees" are the full and part-time employees, agents, consultants and/or third-party independent contractors of GSA Customer. Employees may include third-party contractors, only if (a) GSA Customer allows the third-party contractor to use the Software only for the benefit of GSA Customer, (b) GSA Customer does not charge the third-party contractor for the use of the Software, and (c) GSA Customer takes full liability for the actions of the third-party contractor, including, but not limited to the third-party contractor's misuse of the Software. "User" is a GSA Customer Employee assigned an account by GSA Customer to use the Software to host meetings. A User may host an unlimited number of meetings ("Meeting(s)") using the Software; provided that a User may only host one (1) Meeting at a time. Each Meeting must be hosted by a User and is limited to the maximum number or participants as determined by the capacity of the Software licensed by GSA Customer.

4. Limited User Licenses. GSA Customer's license to use the Software shall be limited to, and GSA Customer shall not use the Software in excess of, such limitations as are set forth in the SEULA or in the applicable GSA Customer Purchase Order which has been accepted by Cisco and for which GSA Customer has paid to Cisco the required fee (the "GSA Customer Purchase Order"). GSA Customer may only have as many Users as allowed under any and all applicable GSA Customer Purchase Orders. GSA Customer understands and agrees that the Software will perform internal checks to compare the number of Users using the Software with the number of Users licensed by GSA Customer, and if it repeatedly finds more Users than authorized, Cisco will provide notice to the GSA Customer and provide the GSA Customer with the opportunity to negotiate additional GSA Customer Purchase Orders to bring the GSA Customer into compliance.

5. Content. GSA Customer agrees that it is solely responsible for the content of all visual, written or audible communications, files, documents, videos, recordings and any other material ("Content") used, displayed, uploaded, exchanged or transmitted on or through the Software. Under no circumstances will Cisco be liable to GSA Customer for any loss or damages: (i) arising from any Content, or Content related errors or omissions; or (ii) incurred as a result of the use of, access to, or denial of access to the Content.

6. Privacy. GSA Customer understands and agrees that, as part of Cisco providing support to GSA Customer, Cisco may request access to and use of technical or diagnostic information (e.g., server logs) that may contain Personal Information and Non-personal Information of GSA Customer and/or GSA Customer's meeting invitees ("Server Data"). If you provide such Server Data to Cisco, you consent to Cisco's collection, use, processing and storage of Personal Information and Non-personal Information as described below. This Personal Information and Non-personal Information is transferred to Cisco, including the transfer of such information to the United States and/or another country outside the European Economic Area, so Cisco can determine how users are interacting with our products and for the purposes of providing GSA Customer support and improving our products and services. Cisco may share this information with select third parties in an anonymous aggregated form. None of this Personal Information and Non-personal Information will be used to identify or contact individual users, and use of the Personal Information and Non-personal Information shall be subject to Cisco's Privacy Statement, included as Attachment.

7. GSA Customer may withdraw this consent to collection, use, processing and storage of Personal Information and Non-personal Information at any time by not providing Cisco access to the Server Data. Active steps are required each time by the System Administrator to provide Cisco access to the Server Data.
7. GSA Customer agrees that it will not use the Software to send unsolicited email outside GSA Customer's company or organization (e.g., "spam") in violation of applicable law, falsify any email header information when sending emails (e.g., "spoofing"), or attempt to acquire sensitive information such as usernames, passwords and credit card details by masquerading as a trustworthy entity (e.g., "phishing"). GSA Customer further agrees not to use the Software to communicate any message or material that is harassing, libelous, threatening, obscene, or that would violate the intellectual property rights of any party, give rise to civil liability, constitute a criminal offense, or is otherwise unlawful under any applicable law or regulation.

8. The Software may not be appropriate for use in all countries. GSA Customer agrees that GSA Customer will comply with all applicable laws and regulations in connection with GSA Customer's use of the Software, including, but not limited to: (a) with respect to personally identifiable information sent or received by GSA Customer, all applicable privacy laws and regulations, (b) laws relating to the recording of communications, including, when required, advising all participants in a recorded WebEx Meetings Server meeting or event that the meeting or event is being recorded, and (c) laws relating to the use of VoIP-based services, if applicable. It is the sole responsibility of GSA Customer to ensure it has the right to use all features of the Software. Cisco may modify or not make available the Software and/or certain Software features to comply with applicable laws and regulations. The Software is subject to U.S. and local export control laws and regulations. GSA Customer shall comply with such laws and regulations governing use, export, re-export, and transfer of the Software and will obtain all required U.S. authorizations, permits, or licenses. The export obligations under this clause shall survive the expiration or termination of the Agreement.

9. The Software contains certain third party database products ("Third Party Database Products") that may impose additional restrictions on GSA Customer's use. GSA Customer shall not install or configure the Third Party Database Products separately and independently from the Software. GSA Customer shall not navigate the underlying data schema of the Third Party Database Products. GSA Customer shall not access the Third Party Database Products or Version 1.0 establish the transfer of data without Cisco Application Programmer Interfaces APIs. GSA Customer shall not upgrade the Third Party Database Products separately, but only as a component of Third Party Database Products.

10. Oracle Java SE Terms and conditions. (i) Trademarks and Logos. This SEULA does not authorize an end user licensee to use any Oracle America, Inc. name, trademark, service mark, logo or icon. The GSA Customer acknowledges that Oracle owns the Java trademark and all Java-related trademarks, logos and icons including the Coffee Cup and Duke ("Java Marks"). and agrees to: (a) comply with the Java Trademark Guidelines included as Attachment 7; (b) not do anything harmful to or inconsistent with Oracle's rights in the Java Marks; and (c) assist Oracle in protecting those rights, including assigning to Oracle any rights acquired by Customer in any Java Mark. (ii) Third Party Code. Additional copyright notices and license terms applicable to portions of the Oracle Java SE software are set forth in the THIRDPARTYLICENSESREADME.txt file. (iii) Commercial Features. Use of the Commercial Features for any commercial or production purpose require a separate license from Oracle.

SUPPLEMENTAL END USER LICENSE AGREEMENT FOR CISCO SYSTEMS WEBEX SOCIAL SOFTWARE:

IMPORTANT: READ CAREFULLY

This Supplemental End User License Agreement (“SEULA”) contains additional terms and conditions for the Software licensed under the End User License Agreement (“EULA”) between you (“GSA Customer”) and Cisco (collectively, the “Agreement”). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. When the end user is an instrumentality of the U.S. Government, this SEULA is a contract with the U.S. Government and becomes effective when signed by Cisco and the GSA Contracting Officer as an addendum to the Contract. If this is an ID/IQ contract or Schedule Contract, Ordering Activities placing orders against the ID/IQ or Schedule Contract are subject to this SEULA as a term of the contract. This SEULA shall bind the Government, subject to federal law. This agreement shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND. OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

1. WebEx Social Software is an enterprise collaboration platform that may provide different functionality including, but not limited to: content/documents (content development, content management, portals, and Intranets); communication (voice/video, instant messaging, conferencing, and email); business process (business applications, vertical applications, customer care, and workflow); and social networking (profiles, teams, communities, networks).

2. License. Conditioned upon compliance with the terms and conditions of this Agreement, Cisco grants to GSA Customer a nonexclusive, nontransferable and sublicensable (to GSA Customer’s end users) license to use for GSA Customer’s (and/or GSA Customer’s end users’) internal business purposes the Software and Documentation for which GSA Customer has paid the required license and/or subscription fee. “Documentation” means information (whether contained in user or technical manuals, training materials, specifications, videos or otherwise) pertaining to the Software and made available by Cisco with the Software in any manner (including on CD-Rom, or online). In order to use the Software, GSA Customer may be required to input a registration number or product authorization key and register GSA Customer’s copy of the Software online at Cisco’s website to obtain the necessary license key or license file.

3. GSA Customer’s license to use the Software shall be limited to, and GSA Customer shall not use the Software in excess of, such limitations as are set forth in the SEULA or in the applicable GSA Customer Purchase Order which has been accepted by Cisco and for which GSA Customer has paid to Cisco the required fee (the “GSA Customer Purchase Order”).

4. Content. GSA Customer agrees that it is solely responsible for the content of all visual, written or audible communications and any other material (“Content”) displayed, uploaded, exchanged or transmitted on or through the Software. Under no circumstances will Cisco be liable to GSA Customer for any loss or damages: (i) arising from any Content, or Content related errors or omissions; or (ii) incurred as a result of the use of, access to, or denial of access to the Content.

5. Third Party Offerings. Certain uses of Software may allow Customer to evaluate and use third-party applications and/or services (“Third Party Offerings”). Third Party Offerings may involve the exchange of data with the Software. Cisco is not responsible for Customer’s data outside of the Software or for modifications or deletions of Customer’s data made by third parties or their Third Party Offerings.

6. Use of Twitter Services. GSA Customer’s use of Twitter Services is governed by and Twitter Terms of Services.

7. WebEx Social Software contains certain Oracle database products (“Oracle Products”) that impose additional restrictions on GSA Customer’s use. GSA Customer shall not install or configure Oracle Products separately and independently from WebEx Social Software. Except for Enterprise Manager, GSA Customer shall not access Oracle Products directly or through other database tools, but rather only through WebEx Social Software. GSA Customer shall not navigate the underlying data schema of Oracle Products. GSA Customer shall not access Oracle Products or establish the transfer of data without Cisco APIs. GSA Customer shall not upgrade Oracle Products separately, but only as a component of Oracle Products.

8. WebEx Social Software contains IBM Licensed Materials. Copyright IBM Corporation 2009. IBM Licensed Materials or their modifications may not be used for any purpose other than to enable WebEx Social Software.
Attachment 1

This Service Level Agreement (this "Agreement") sets forth Cisco Meraki’s obligations and our customers’ rights with respect to the performance of Cisco Meraki’s Hosted Software. All capitalized terms used but not otherwise defined in this Agreement have the meanings given to them in the End Customer Agreement above (the Meraki SEULA), or as otherwise entered into between Cisco Meraki and Customer (the "Customer Agreement").

1. Definitions. For purposes of this Agreement, the following terms have the meaning ascribed to each term below:

   "Downtime" means if the Hosted Software is unavailable to Customer due to failure(s) in the Hardware, Firmware, or Hosted Software, as confirmed by both Customer and Cisco Meraki.

   "Monthly Uptime Percentage" means the total number of minutes in a calendar month minus the number of minutes of Downtime suffered in a calendar month, divided by the total number of minutes in a calendar month.

   "Service Credit" means the number of days that Cisco Meraki will add to the end of the Term, at no charge to Customer.

2. Service Level Warranty. During the Term, the Hosted Software will be operational and available to Customer at least 99.99% of the time in any calendar month (the "Service Level Warranty"). If the Monthly Uptime Percentage does not meet the Service Level Warranty in any calendar month, and if Customer meets its obligations under this Agreement, then Customer will be eligible to receive Service Credit as follows:

<table>
<thead>
<tr>
<th>Uptime Days Credited</th>
<th>3</th>
<th>7</th>
<th>15</th>
</tr>
</thead>
<tbody>
<tr>
<td>&lt; 99.99% - 99.9%</td>
<td>3</td>
<td></td>
<td></td>
</tr>
<tr>
<td>&lt; 99.9% - 99.0%</td>
<td>7</td>
<td></td>
<td></td>
</tr>
<tr>
<td>&lt; 99.0%</td>
<td>15</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

3. Customer Must Request Service Credit. In order to receive any of the Service Credits described above, Customer must notify Cisco Meraki within 30 days from the time Customer becomes eligible to receive a Service Credit. Failure to comply with this requirement will forfeit Customer’s right to receive a Service Credit.

4. Maximum Service Credit. The aggregate maximum amount of Service Credit to be issued by Cisco Meraki to Customer for all Downtime that occurs in a single calendar month will not exceed 15 days. Service Credit may not be exchanged for, or converted into, monetary amounts.

5. Exclusions. The Service Level Warranty does not apply to any services that expressly exclude this Service Level Warranty (as stated in the documentation for such services) or any performance issues (i) caused by Force Majeure on the terms set forth in Section 9.3 of the Agreement, (ii) that resulted from Customer’s equipment or third party equipment, or both (not within the primary control of Cisco Meraki), or (iii) that otherwise resulted from Customer’s violation of Sections 3.5 or 4.2 of the Agreement.

6. Exclusive Remedy. This Agreement states Customer’s sole and exclusive remedy for any failure by Cisco Meraki to meet the Service Level Warranty.
Attachment 2

Meraki Support Overview:

**Enterprise support at no additional cost**
Cisco Meraki's simple, all-inclusive pricing includes enterprise-class phone support. We will help you deploy your first network or troubleshoot global network issues and other unforeseen emergencies at no additional cost.

**Deep expertise and fanatical service**
Our support engineers have deep expertise in enterprise networking and wireless design. The Cisco Meraki support team sits alongside the engineers who build Cisco Meraki products, providing a wealth of expertise.

**Real time cloud-based support tools**
Cisco Meraki support engineers use real time web-based tools to securely and quickly diagnose and troubleshoot your network, providing the speed and service of an on-site visit without the hassle.

**The best support call is the one you don't have to make**
Cisco Meraki self-provisioning hardware, automatic firmware updates, automatic network optimization, intuitive user interface and built-in contextual help dramatically reduce support incidents, providing reliable and hassle free enterprise networking.

**Meraki Support Includes**
Access to knowledge base
Case-based support viewable in dashboard
Firmware and software upgrades and updates
24×7 telephone support based out of San Francisco, London, Sydney technical assistance centers

**Contact Support**

Log in to submit cases.

Starting on January 1, 2014, you will need your Cisco Meraki account number in order to access telephone support. This number is available on the help tab of the Meraki dashboard.
Meraki Privacy Policy

This privacy policy (this "Policy") describes the collection of personal information and certain other information by Meraki, LLC, a Delaware limited liability company and a wholly owned subsidiary of Cisco Systems, Inc. ("Meraki," "we," or "us") from users of our Web site at meraki.cisco.com (the "Website") as well as all applications, widgets, software, tools, and other services provided by us and on which a link to this Policy is displayed (collectively, together with the Website, our "Services"). This Policy also describes our use and disclosure of such information. By using our Services, you consent to the collection, use, and disclosure of information in accordance with this Policy. This Policy is incorporated by reference into the Meraki Terms of Use and the Meraki End Customer Agreement and is subject to the provisions of the Meraki Terms of Use and the Meraki End Customer Agreement. The terms "you," "your," and "user" refer to the user visiting the Website or accessing or using the Services. Other capitalized terms used but not defined in this Privacy Policy have the meanings given to them in the Terms of Use.

Meraki has received TRUSTe's Privacy Seal signifying that this privacy policy and our practices have been reviewed for compliance with the TRUSTe program viewable on the validation page available by clicking the TRUSTe seal. If you have an unresolved privacy or data use concern that we have not addressed satisfactorily, please contact TRUSTe.

The TRUSTe certification covers our collection, use and disclosure of information we collect through our Services. The use of information collected through our Services shall be limited to the purpose of providing the service for which the customer has engaged Meraki.

Meraki complies with the U.S. – E.U. Safe Harbor framework and the U.S. - Swiss Safe Harbor framework as set forth by the U.S. Department of Commerce regarding the collection, use, and retention of personal data from European Union member countries and Switzerland. Meraki has certified that it adheres to the Safe Harbor Privacy Principles of notice, choice, onward transfer, security, data integrity, access, and enforcement. To learn more about the Safe Harbor program, and to view Meraki’s certification included under Cisco Systems Inc.’s company certification, please visit http://www.export.gov/safeharbor.

Personal Information

"Personal Information," as used in this Policy, is information that specifically identifies an individual, such as an individual’s name, address, telephone number, or e-mail address. Personal Information also includes information, such as demographic information (e.g., date of birth, gender, geographic area, and preferences), when any of this information is linked to Personal Information that identifies that individual.

Personal Information does not include "aggregate" or other non-personally identifiable information. Aggregate information is information that we collect about a group or category of products, services, or users that is not personally identifiable from which individual identities are removed. We may use and disclose aggregate information, and other non-personally identifiable information, for various purposes at our sole discretion and without notice or liability to you.

Collection of Information

Collection of Voluntarily-Provided Information

We collect Personal Information that our users provide to us in a variety of ways on our Services. These include the following:

- **E-mail Newsletters.** We may offer e-mail newsletters from time to time on our Services. If you sign up to receive a newsletter from us, we collect your e-mail address.

- **User Accounts and Profiles.** Our Services may give you the ability to register for an account or to create and update a user profile. If we offer user account or profile functionality on the Services, we will collect the Personal Information that you provide to us in the course of registering for an account or creating or updating a user account or profile. This information may include, for example, name, postal address, telephone number, e-mail address, and related demographic information about you. We may indicate that some Personal Information is required for you to register for the account or to create the profile, while some is optional.

- **Logging into Networks.** Certain networks using our Services may require users to establish or use login credentials. In connection with supporting this log-on functionality, we may collect information such as email addresses, telephone numbers, or user or administrator-created usernames, along with user-created or administrator-created passwords, to facilitate such log-on functionality and otherwise to provide our Services.

- **Correspondence.** If you contact us by e-mail, using a contact form on the Services, or by other means, we collect the Personal Information contained within, and associated with, your correspondence.

- **Contests and Sweepstakes.** We and other business partners may conduct or sponsor special contests, sweepstakes, and other promotions. Users may enter or otherwise participate in our Contests and Sweepstakes. Certain of these promotions may be co-branded with one of our advertisers or other business partners. In these instances, the collection of your Personal Information may occur directly by the third-party partner on its website or other online service and may be shared with us. The promotion will state the privacy policy or policies governing the collection of such personal information.

- **Testimonials.** We display testimonials of satisfied customers on our site in addition to other endorsements. With your consent we may post your testimonial along with your name.

- **Information Related to Data Collected for our Customers.** Meraki collects information under the direction of its customers, and has no direct relationship with the individuals whose personal data it processes. If you are an individual who makes use of services offered by one of our customers and would no longer like to be contacted by that customer, please contact the customer that you interact with directly. We may transfer personal information to companies that help us provide our Services. Transfers to subsequent third parties are covered by the service agreements with our customers.

Passive Information Collection

When you use or visit our Services, some information is collected automatically. For example, when you access our Services, we automatically collect your browser’s Internet Protocol (IP) address, your browser type, the nature of the device from which you are visiting the Services (e.g., a personal computer or a mobile device), identifiers for any handheld or mobile device that you may be using, the Web site that you visited immediately prior to accessing any Web-based Services, the actions you take on our Services, and the content, features, and activities that you access and engage with on our Services. We also may collect information regarding your interaction with e-mail messages from Meraki, such as whether you opened, clicked on, or forwarded a message.

We may collect this information passively using technologies such as standard server logs, cookies, and clear GIFs (also known as "Web beacons"). We use passively-collected information to administer, operate, maintain and improve our Services and our other services and systems and to provide content that is tailored to you.

If we link or associate any information gathered through passive means with Personal Information, or if applicable laws require us to treat any information gathered through passive means as Personal Information, we treat the combined information as Personal Information under this Policy.

Otherwise, we use and disclose information collected by passive means in aggregate form or otherwise in a non-personally identifiable form. Please be
aware that in the course of your use of the Services, websites or other services provided by third parties ("Third-Party Services"), including marketing or website optimization vendors, may set cookies on your hard drive or use other means of passively collecting information about your use of their Third-Party Services or other content. To do this, they may use first-party cookies (which are set by the same domain your browser is receiving data from) or third-party cookies (which are set by a different domain). Meraki also may make non-personally identifiable information available to Third-Party Services, and these Third-Party Services may collect such information, to assist such parties in understanding our users' activities and usage patterns on the Services. If desired, you may use the Google Analytics Opt-out Browser Add-on to opt-out of having information collected by Google Analytics.

We do not have access to, or control over, the actions of Third-Party Services. Each provider of Third-Party Services uses information that it collects in accordance with its own privacy and security policies.

Additionally, please be aware that Google and other third-party vendors may place or recognize one or more unique cookies on your computer when you use the Services, and may record information to these cookies based upon your activities on our Services and on third-party websites and other Third-Party Services. Google and these other third-party vendors may use information about those activities to inform, optimize, and serve advertisements. In particular, we may use Google and other third-party vendors to engage in “remarketing,” in which advertisements you see on third-party websites may be based on your prior visits to our Services.

To learn more about these practices, and to opt-out from Google's and other vendors' use of information collected on the Services through cookies for advertising purposes, you may visit Google's Ads Preferences Manager, TRUSTe's Privacy Manager, or the Network Advertising Initiative opt-out page. Please note that opting-out will not prevent advertisements from being served to you on the Internet; it will only result in advertisements that utilize cookies to serve advertisements on the specified advertising networks from which you opt-out no longer being targeted. We are not responsible for the activities of other parties that may not comply with your opt-out requests.

We also use Google Conversion Tracking, which tracks whether users engage in certain activities (e.g., filling out a form to receive more information about our products or services) after they view one of our advertisements on a Third-Party Service. Google uses cookies to track conversions and to report that information to us.

Finally, please also be aware that we use the Google Maps API as a source of maps, geographic data, and geolocation information for purposes of providing location-based information regarding terminal devices connected to networks managed by our Services and for providing related reporting and analysis. Google may collect information, including personal information, from those who view content provided through the Google Maps API, and Google handles such information in accordance with the Google Privacy Policy.

Network Usage Information Collected by Our Services
Some of our Services collect information from terminal devices connected to networks that are managed by those Services. Those Services also collect information regarding the performance of, and certain other information regarding, such networks. This information includes, for example, MAC address, device type, operating system, geolocation information, and network traffic information (e.g., hostnames, protocols, port numbers, and IP addresses). This information is made available to administrators of networks managed by our Services through an online interface that we call the "dashboard".

Additionally, if a Meraki customer elects to use our device management tool currently known as Systems Manager ("Systems Manager") and installs its software on, or configures the profile of, a mobile device or other device (e.g., a laptop computer) managed by Systems Manager, the customer or Meraki may undertake certain actions on the device, such as the following: (i) list, access, copy, move, and delete files; (ii) track and record device location over time; (iii) take and record screenshots; (iv) manage the device through remote desktop functionality; (v) set and enforce policies; and (vi) install/remove apps. Finally, for devices with Systems Manager installed or devices that utilize Global Positioning System (GPS) technology, we transmit certain geolocation information about those devices and the network(s) on which they are running to Google, which provides us with related geolocation information that we store and make available to network administrators through our dashboard as described above in this paragraph. Google handles the information that we provide to it in accordance with the Google Privacy Policy.

Information from Other Sources
We may receive information about you, including Personal Information, from affiliated and unaffiliated third parties, and may combine this information with other Personal Information we maintain about you in order to ensure we have accurate information. If we do so, this Policy governs any combined information that we maintain in personally identifiable format.

Use of Information
We use Personal Information and other information we collect to do any of the following: provide services to our customers; provide information and otherwise respond to your requests, including sales inquiries, email requests, and shipping requests; enhance, improve, operate, maintain, and debug the Website, our other Services, and our other programs, services, Web sites, and systems; improve the effectiveness of our Website as a marketing tool and for performance of the Website and our other Services; prevent fraudulent use of our Services and other systems; to prevent or take action against activities that are, or may be, in violation of the Meraki End Customer Agreement, the Meraki Terms of Use, or applicable law; to tailor content and other aspects of your experience on and in connection with the Services; maintain a record of our dealings with you; for other administrative purposes; and for any other purposes that we may disclose to you at the point at which we request your Personal Information, and pursuant to your consent.

We may also use Personal Information you provide to contact you regarding products, services, and offers, both from ourselves and third parties, that we believe you may find of interest. We allow you to opt-out from receiving marketing communications from us as described in the "Choice" section below.

Disclosure of Information
Except as described in this Policy, we will not disclose your Personal Information that we collect on the Services to third parties without your consent. We may disclose information to third parties if you consent to us doing so, as well as in the following circumstances:

Service Providers
We may disclose Personal Information to third-party service providers (e.g., payment processing and data storage and processing facilities) that assist us in our work. We limit the Personal Information provided to these service providers to that which is reasonably necessary for them to perform their functions, and we require them to agree to maintain the confidentiality of such Personal Information.

Business Transfers
Information about our users, including Personal Information, may be disclosed and otherwise transferred to an acquirer, successor, or assignee as part of any merger, acquisition, debt financing, sale of company assets, or similar transaction, as well as in the event of an insolvency, bankruptcy, or receivership in which Personal Information is transferred to one or more third parties as one of our business assets. To Affiliated Companies
We may disclose Personal Information and other information to our parent company and to other corporate affiliates of ours. These affiliated third-party companies may use and disclose Personal Information and other information that we disclose to them in accordance with their privacy policies and procedures.

To Channel Partners
We may disclose Personal Information and other information to channel partners, such as resellers, of ours. These third parties may use such Personal Information and other information that we disclose to them for purposes such as marketing our products and services to you.
To Protect our Interests
We also may disclose Personal Information and other information if we believe that doing so is legally required or is in our interest to protect our property or other legal rights (including, but not limited to, enforcement of our agreements) or the rights or property of others, or otherwise to help protect the safety or security of our Services or other users of the Services.

Choices Regarding Promotional Communications
If you request access to your account including deletion requests on any other Party Services, you may unsubscribe at any time by following the instructions contained in the e-mail. You may also opt-out from receiving commercial e-mail from us, and any other promotional communications that we may send to you from time to time (e.g., by postal mail) by sending your request to us by e-mail at privacy@meraki.com or by writing to us at the address given at the end of this policy. Additionally, if we offer user account functionality on the Services, we may allow you to view and modify settings relating to the nature and frequency of promotional communications that you receive from us.

Please be aware that if you opt-out of receiving commercial e-mail from us, it may take up to ten business days for us to process your opt-out request, and you may receive commercial e-mail from us during that period. Additionally, even after you opt-out from receiving commercial messages from us, you will continue to receive administrative messages from us regarding our Services.

Your California Privacy Rights
You may choose to opt-out of the sharing of your personal information with third parties for their direct marketing purposes at any time by e-mailing us at opt-out@meraki.com. Once we receive your opt-out request, we will no longer disclose your Personal Information to third-parties for their direct marketing purposes. Please be aware that this opt-out does not prohibit disclosures of Personal Information or other information made for non-direct marketing purposes.

Access
If we offer the ability to create user accounts or profiles on our Services, you may have the ability to access and update certain categories of Personal Information that you provide to us by logging in to your account and accessing your account settings. If you wish to access, amend, or delete any other Personal Information we hold about you, you may contact us at privacy@meraki.com.

If you request access to your account including deletion requests on any of our Services (via a user settings page, by email, or otherwise) including requests to remove testimonials that contain Personal Information, we will respond to your access requests within 30 days. Please note that we may need to retain some of your Personal Information in order to satisfy our legal obligations, or where we reasonably believe that we have a legitimate reason to do so.

Please note that Meraki has no direct relationship with the individuals whose personal data we process on behalf of our customers. An individual who seeks access, or who seeks to correct, amend, or delete inaccurate data should direct his or her query to our customer (the data controller). If the customer requests Meraki to remove the data, we will respond to their request within 30 days. We will retain personal data we process on behalf of our customers for as long as needed to provide services to our customer. Meraki will retain and use this personal information as necessary to comply with our legal obligations, resolve disputes, and enforce our agreements.

Links
The Services may contain links to other Web sites or other Third-Party Services that we do not own or operate. If you choose to visit or use any Third-Party Services or products or services available on or through such Third-Party Services, please be aware that this Policy will not apply to your activities or any information you disclose while using those Third-Party Services or any products or services available on or through such Third-Party Services. We are not responsible for the privacy practices of these Third-Party Services or any products or services on or through them. Additionally, the Services may contain links to Web sites and services that we operate but that are governed by different privacy policies. We encourage you to carefully review the privacy policies applicable to any Web site or service you visit other than the Services before providing any Personal Information on them.

Children
Children’s safety is important to us, and we encourage parents and guardians to take an active interest in the online activities of their children. Our Services are not directed to children under the age of 13, and we do not knowingly collect Personal Information from children under the age of 13 without obtaining parental consent. If we learn that we have collected Personal Information from a child under the age of 13 on our Services, we will delete that information as quickly as possible. If you believe that we may have collected any such Personal Information on our Services, please notify us at privacy@meraki.com.

International Visitors
Many of our servers and data centers are located in the United States. If you choose to use the Services from outside the U.S., then you should know that you may be transferring your Personal Information outside of your region and into the U.S. for storage and processing. By providing your Personal Information to us through your use of the Service, you agree to that transfer, storage, and processing in the U.S. Also, we may transfer your data from the U.S. to other countries or regions in connection with storage and processing of data, fulfilling your requests, and operating the Services. You should know that each region can have its own privacy and data security laws, some of which may be less stringent as compared to those of your own region.

Security
We use certain security measures in an effort to protect Personal Information from accidental loss, disclosure, misuse, and destruction. The security of your Personal Information and our customers’ information is important to us. When you enter sensitive information (such as login credentials) we encrypt the transmission of that information using secure socket layer technology (SSL). Please be aware, however, that no data security measures can be guaranteed to be completely effective. Consequently, we cannot ensure or warrant the security of any information that you provide to us. You transmit information to us at your own risk.

If Meraki learns of a security systems breach, then we may attempt to notify you electronically so that you can take appropriate protective steps. Meraki may post a notice through the Services if a security breach occurs. Depending on where you live, you may have a legal right to receive notice of a security breach in writing. To receive a free written notice of a security breach, you should notify us at privacy@meraki.com.

Meraki Return Policy

**Warranty Returns**
If you are experiencing hardware issues, please contact Cisco Meraki support by signing in to dashboard (Help > File a Ticket) or by calling us. If you require advance replacement, please call Cisco Meraki technical support. Advance replacement orders will ship within 1 business day. Cisco Meraki stands behind its products. Hardware products come with either a one year or lifetime warranty, as specified on the relevant Cisco Meraki data sheet. To request a return materials authorization (RMA), please complete our RMA request form. If your RMA request is approved, Cisco Meraki will email you an RMA number and a return shipping label free of charge. We will ship replacement units within five business days of receiving your defective units. If no trouble is found, we will contact you before taking further action.

Additional information about Cisco Meraki’s hardware warranty can be found in *Cisco Meraki’s End Customer Agreement*.

**Free Trial Returns**
If you would like to return units from a free trial, please go to your free trial webpage (using the link your rep provided you with) and go to the returns tab to fill out the RMA request form. If your free trial hardware was shipped to the US, Canada, or an EU member country you will also be able to print a return shipping label and ship the product back to Cisco Meraki at no charge to you.

**Refund Requests**
If you are dissatisfied with your Cisco Meraki purchase for any reason, you may return your order for a full refund. All returns must meet the following criteria:

1. You purchased the product through an authorized Cisco Meraki reseller or direct from Cisco Meraki
2. You are the original purchaser of the product
3. You submit your refund request within 30 days of purchase
4. The product is in new condition, including all accessories in the original packaging

To request a refund, please complete our RMA request form. If your refund request is approved, Cisco Meraki will email you an RMA number. In order for the refund to be accepted and processed, Meraki must receive the hardware you are returning no later than 30 days following the date the RMA number is issued. Once we have received and inspected the units, we will process your return. If you purchased through a Cisco Meraki reseller, your refund will be issued by that reseller. If you purchased directly from Cisco Meraki, we will issue a refund, typically within 15 days of receiving the return. (If you paid by credit card we will credit the original credit card. If you paid by any other method, we will send you a check.)

From time to time Cisco Meraki offers special refund terms. If your return is covered by special terms, please reference those terms on your RMA request.

Please contact Cisco Meraki directly for all returns, including product purchased through distributors or resellers.

**Shipment Preparation**

- Please return units in their entirety. That is, include all power supplies, antennas, and other components along with the original product box.
- Please use the original shipping carton and packaging material. If this is not possible, use another shipping carton with padding to protect the units from damage during shipping. DO NOT ship a product without a carton.
- The customer will be charged for product that is damaged due to insufficient packaging.
- Once you have received your RMA number from Cisco Meraki via email, write this RMA number in large letters on the exterior of the shipping carton. Shipments to Cisco Meraki without an RMA approval will not be processed.
- If Cisco Meraki approves your RMA request, you will receive a confirmation email containing an RMA number within two business days. The address to which the product should be sent will also be included in that email.
- Cisco Meraki will pay for warranty replacement return shipments and free trial return shipments from the US and Canada. For all other returns it is your responsibility to pay for return shipping back to Cisco Meraki using the carrier of your choice. Cisco Meraki recommends that the return package has a tracking number and is insured for the proper value of its contents. Cisco Meraki is not responsible for packages lost by carriers.
Attachment 5

This document describes Cisco's Software Application. All capitalized terms in this description have the meaning ascribed to them in the Glossary of Terms. Direct Sale from Cisco. If you have purchased these Services directly from Cisco, this document is incorporated into your Master Services Agreement (MSA) with Cisco. In the event of a conflict between this Service Description and your MSA, this Service Description shall govern.

Sale via Cisco-Authorized Reseller. If you have purchased these Services through a Cisco-Authorized Reseller, this document is for description purposes only; it is not a contract between you and Cisco. The contract, if any, governing the provision of this Service will be the one between you and your Cisco Authorized Reseller.

SAS

Cisco Responsibilities:

• Cisco Technical Assistance Center (TAC) access 24 hours per day, 7 days per week to assist by telephone, fax, electronic mail or the internet with Application Software use, configuration and troubleshooting issues. Cisco will respond within one Business Hours and (1) hour for all calls received during Standard Business Hours. For Severity 1 and 2 calls received outside Standard Business Hours. For Severity 3 and 4 calls received outside Standard Business Hours, Cisco will respond no later than the next Business Day.

• Manage problems according to the Cisco Severity and Escalation Guideline.

• Access to Cisco.com. This system provides Customer with helpful technical and general information on Cisco Products as well as access to Cisco's on-line Software Center library. Please note that access restrictions identified by Cisco from time to time may apply.

• Work-around solutions or patches to reported Application Software problems using reasonable commercial efforts. For an Application Software patch, a Maintenance Release for the Application Software experiencing the problem will be provided as follows: (a) download from Cisco.com (as available), or (b) shipment of Application Software on media such as CDROM using a nominated carrier. Requests for alternative carriers will be at Customer’s expense.

• Minor and Maintenance Releases. The Application Software releases and supporting Documentation are available on the Cisco.com Software Center (www.cisco.com/sofware) or on media such as CDROM, through the Cisco Product Upgrade Tool (PUT) (www.cisco.com/upgrade). Applicable supporting Documentation, if available, is on Cisco.com and is limited to one copy per release. Additional copies may be purchased.

SASU

Cisco Responsibilities:

• Cisco-provided deliverables, as specified above in SAS.

• Cisco-provided, on request, Major Application Software Releases. Such Updates are limited to Application Software releases that have been validly licensed and paid for and that are covered under a current SASU contract. The Application Software releases and supporting Documentation will be made available on the Cisco.com Software Center (www.cisco.com/sofware) or on media such as CDROM, through the Cisco PUT (www.cisco.com/upgrade). Applicable supporting Documentation, if available, is available on Cisco.com and is limited to one copy per licensed Software. Additional copies may be purchased.

Customer Responsibilities:

The provision of the Service options assumes that Customer will:

• Provide a severity level as described in the Cisco Severity and Escalation Guideline for all the calls Customer places.

• Provide, at Customer’s expense, reasonable access to the Product through the Internet or via modem to establish a data communication link between Customer and the Cisco TAC engineer and systems passwords so that problems may be diagnosed and, where possible, corrected remotely.

• Provide thirty (30) days Notice to Cisco of any requested addition(s) to your Equipment List.

• Notify Cisco, using Cisco.com, of Product on the Equipment List which Customer has moved to a new location within thirty (30) days of such relocation. Please be aware that the Services will be provided to Customer beginning thirty (30) days after receipt of your notification. Cisco will also need Customer to notify Cisco of any modification to the Product and configuration including upgrades or changes to FRUs not in the original configuration within five (5) days of such modification.

• Provide current shipment contact information as follows: contact name, title, address, telephone number, e-mail address, and fax number.

• Provide valid and applicable serial numbers for all Product problems and issues reported to Cisco or where Customer is seeking information from Cisco in connection with Product use. Cisco may also require Customer to provide additional information in the form of location of the Product, city location details and zip code information.

• When requested, provide Cisco with a list of all personnel that Customer has authorized to contact Cisco or access Cisco.com for Services and to download Software from Cisco.com or ordered via Cisco’s PUT. Customer is responsible for reviewing the list on an annual basis and adding or removing personnel as necessary.

• Verify any in-transit damage of the media for the SAS or SASU Application Software Updates.

• Update to the latest Application Software release and latest third-party Software release, if required by Cisco to correct a reported Application Software problem.

• Pay all engineering time, travel, and out-of-pocket expenses if Customer request performance of onsite Services or Services outside the scope of Service options described in this document.

• Provide any Hardware required to perform fault isolation.

• Receive Services on Cisco Application Software for which Customer has:

  • Purchased a valid and current license for the latest Major and Minor release or is renewing support for a valid supported license revision.

  • Make all reasonable efforts to isolate the Application Software problem prior to requesting support from Cisco.

• Acquire, install, configure and provide technical support for all:

  • Third-party Products, including upgrades required by Cisco or related Services; and
  • Network infrastructure, including, but not limited to, local and wide-area data Networks and equipment required by Cisco for operation of Application Software.

• Maintain Customer’s entire Application Software implementation for configurable Application Software currently in use under the same Service option for Cisco to provide Services for any portion of Customer’s Application Software implementation.
Cisco Online Privacy Statement
Cisco Systems, Inc. and its subsidiaries (collectively "Cisco") are committed to protecting your privacy and ensuring you have a positive experience on our websites and in using our products and services ("Solution" or "Solutions"). This Privacy Statement applies to Cisco websites that link to this Statement but does not apply to those Cisco websites that have their own privacy statement. Our personal information handling practices are described below, in the supplements on the right, and in notices at the point of collection.

TRUSTe Certification
Cisco Systems, Inc. has been awarded TRUSTe's Privacy Seal signifying that this privacy policy and practices have been reviewed by TRUSTe for compliance with TRUSTe's program requirements, including transparency, accountability and choice regarding the collection and use of your personal information. The TRUSTe program only covers information that is collected through the websites www.cisco.com, www.webex.com, and www.theflip.com, and does not cover information that may be collected through any software downloaded from these websites.

TRUSTe's mission, as an independent third party, is to accelerate online trust among consumers and organizations globally through its leading privacy trustmark and innovative trust solutions. If you have questions or complaints regarding our privacy policy or practices, please contact us at privacy@cisco.com. If you are not satisfied with our response, you can contact TRUSTe here.

Cisco complies with the U.S. - E.U. Safe Harbor framework and the U.S. - Swiss Safe Harbor framework as set forth by the U.S. Department of Commerce regarding the collection, use, and retention of personal data from European Union member countries and Switzerland. Cisco has certified that it adheres to the Safe Harbor Privacy Principles of notice, choice, onward transfer, security, data integrity, access, and enforcement. To learn more about the Safe Harbor program, and to view Cisco’s certification, please visit http://www.export.gov/safeharbor/

Collection of Your Personal Information
We will inform you of the purpose for collecting personal information when we collect it from you and keep it to fulfill the purposes for which it was collected, as required by applicable laws or for legitimate purposes. "Personal Information" is any information that can be used to identify an individual, and may include name, address, email address, phone number or payment card number. We collect Personal Information (and engage third parties to collect Personal Information to assist us) for a variety of reasons, such as processing your order, providing you with a newsletter subscription, enabling the use of certain features of our Solutions, personalizing your experience, managing a job application, or during the testing admissions process when a computer based certification test is administered to you (for more information about online testing, [http://pearsonvue.com/Cisco]). We and the third parties we engage may combine the information we collect from you over time and across our websites with information obtained from other sources to help us improve its accuracy and completeness, and to help us better tailor our interactions with you.

If you choose to provide third party Personal Information (such as name, email and phone number), we will assume that you have the third party's permission to provide us the information. Examples include forwarding reference material to a friend or job referrals. This information will not be used for any other purpose.

In some instances, Cisco may collect non-personal (aggregate or demographic) data through cookies, web logs, web beacons and other similar applications. This information is used to better understand and improve the usability, performance, and effectiveness of the website. Please read the "Cookies" section below for more information. In addition, by using some of our Solutions, anonymous network information may be transmitted to us such as the performance of the Solution and types of devices attached to the network. With this information we can determine how users are interacting with the Solution, to assist us with improving it, to manage your network, and to provide alerts via the Solution of available software updates/upgrades.

Uses of Your Personal Information
We will only use your Personal Information in the way we specified when it was collected. We will not subsequently change the way your Personal Information is used without first asking for your permission. Some of the ways we may use Personal Information include to deliver a Solution that you have requested, support our Solutions, contact you for customer satisfaction surveys, personalize websites and newsletters to your preferences, administer and process your certification exams, or communicate for marketing purposes. You can edit your preferences at any time (see Your Choices and Selecting Your Communication Preferences below).

Access to and Accuracy of Your Personal Information
We need your help in keeping your Personal Information accurate and up to date so please notify us of any changes to your Personal Information. To update your Personal Information and communication preferences, you can contact privacy@cisco.com. In addition, you may have the ability to view or edit your personal information online, including:

- Cisco.com – You can access and update your profile using the Cisco Profile Management Tool. You may also make these updates or request deactivation of your website profile by sending an email to web-help@cisco.com.
- Home.cisco.com (formerly Linksysbycisco.com) – You can access and update your profile by signing into your Online Account at http://home.cisco.com/. You may also make these updates or request deactivation of your website profile by sending an email to privacy@linksys.com.
- Webex.com - You can access and update your profile by signing into your user online account at http://try.webex.com/mk/get/profile. You may also make these updates or request deactivation of your website profile by sending an email to privacy@webex.com.
- TheFlip.com - You can access and update your profile by signing into your user online account at http://puredigital2.custhelp.com/cgibin/puredigital2.cfg/php/enduser/ask.php. You may also make these updates or request deactivation of your website profile by sending an email to remove@theflip.com.

We make good faith efforts to honor your reasonable request to access and correct your data if it is inaccurate or delete the data if we are not required to retain it by law or for legitimate purposes. We will respond to your request to access within 30 days. For a list of Cisco entities that may be considered data controllers from time to time and where you can exercise your rights of access and request corrections or deactivations under applicable data protection laws, click here.

Your Choices and Selecting Your Communication Preferences
We give you the choice of receiving a variety of information that complements our Solutions. You can manage your communication preferences and unsubscribe using one of the following methods:

- Each promotional email from us includes instructions on how you can unsubscribe from that particular mailing.
- Sending a message via email at privacy@cisco.com or via mail to Cisco Systems, Inc., Legal Department, 170 West Tasman Dr., San Jose, CA 95134, USA. Please be sure to include your name, email address and specific relevant information about the material that you no longer wish to receive. These choices do not apply to the receipt of mandatory service communications that are considered part of certain Solutions, which you may receive periodically unless you cancel the Solution in accordance with its terms and conditions.

Sharing Your Personal Information

We do not sell or share your Personal Information to third parties for marketing purposes unless you have granted us permission to do so. We will ask for your consent before we use or share your information for any purpose other than the reason you provided it or as otherwise provided by this Privacy Statement. We may share Personal Information in the following ways:

- Within Cisco or with any of our worldwide subsidiaries for purposes of data processing or storage.
- With business partners, service vendors, authorized third-party agents or contractors to provide a requested service or transaction, including processing orders and credit card transactions, hosting websites, hosting seminar registration and providing customer support. We only provide these third parties with the minimum amount of Personal Information necessary to complete/provide the requested service or transaction. We do not allow third parties to use your Personal Information for a different purpose.
- To comply with the law or legal process (such as responding to subpoenas or court orders) and to exercise our legal rights or defend against legal claims.
- To investigate, prevent, or take action regarding illegal activities, suspected or potential fraud, brand protection matters (such as gray market sales or use of Cisco's trademark without a license), situations involving potential threats to the physical safety of any person, violations of Cisco's terms of use, or as otherwise required by law.

Security of Your Personal Information

We are committed to protecting the Personal Information you share with us and utilize a combination of industry-standard security technologies, procedures, and organizational measures to help protect your Personal Information from unauthorized access, use or disclosure. We recommend you to take every precaution in protecting your Personal Information when you are on the Internet. For example, change your passwords often, use a combination of letters and numbers when creating passwords, and make sure you use a secure browser. When you enter sensitive information on our forms, we encrypt this data using SSL or other technologies. Please visit our Learning Center for more tips for using security features when connected to the Internet using a router.

Retention of Personal Information

We will only retain your Personal Information to fulfill the purposes for which it was collected or as required for legitimate purposes or permitted by law.

Use of Cookies and other Web Technologies

Like many websites, Cisco uses automatic data collection tools, such as cookies, embedded web links and web beacons. These tools collect certain standard information for your browser and website such as your user name and the address of the website from which you lived at our website. They may also collect information about your Internet Protocol (IP) address (a number automatically assigned to your computer whenever you are surfing the Web, allowing Web servers to locate and identify your computer, which is a unique address assigned to your PC by your Internet Service Provider or Information Systems Department on a TCP/IP network) and clickstream behavior (for example, the pages you view and the links you click). These tools help make your visit to our website easier, more efficient and more valuable by providing you with a customized experience and recognizing you when you return. To learn more, read Cisco's Use of Automatic Data Collection Tools.

Our website includes widgets, which are interactive mini-programs that run on our site to provide specific services from another company (e.g. displaying the news, opinions, music, etc.). Personal information, such as your email address, may be collected through the widget. Cookies may also be set by the widget to enable it to function properly. Information collected by this widget is governed by the privacy policy of the company that created it. Our widget may have an import contacts feature to help you email your contacts. At your request, we will search your email address book to help you import your contacts to our website.

Some web browsers may let you enable a "do not track" feature that sends signals to the websites you visit, indicating that you do not want your online activities tracked. This is different than blocking or deleting cookies, as browsers with a "do not track" feature enabled may still accept cookies. There is currently no industry standard for how companies should respond to "do not track" signals, although one may develop in the future. We do not respond to "do not track" signals at this time. If we do so in the future, we will update how we use this cookie. More information about "do not track" is available at www.donottrackproject.org.

Linked Websites

We may provide links to other third-party websites and services which are outside our control and not covered by this Privacy Statement. We encourage you to review the privacy statements posted on those websites (and all websites) you visit.

Forums/Chat Rooms

If you participate in a discussion forum or chat room on a Cisco website, you should be aware that the information you provide there will be made broadly available to others, and can be read, collected or used by other users of these forums, potentially inside or outside Cisco, who have access to that discussion forum or chat room. This information could also be used to send you unsolicited messages. Also, please recognize that individual forums and chat rooms may have additional rules and conditions. Each participant's opinion on a forum or chat room is his or her own and should not be considered as reflecting the opinion of Cisco. We are not responsible for the Personal Information or any other information you choose to submit in these forums.

Children's Privacy

Cisco does not knowingly collect Personal Information from children under the age of 13. If we learn that we have collected Personal Information of a child under the age of 13, we will delete that data from our systems. Please note that the Personal Information collected by Cisco Networking Academy (NetAcad) is subject to the privacy statement posted on the NetAcad websites along with any applicable privacy supplement.

Cisco encourages parents and guardians to go online with their children. Here are a few tips to help make a child's online experience safer:

- Teach children never to give Personal Information (such as name, address, phone number, school, etc.) unless supervised by a parent or responsible adult.
- Know the sites your children are visiting and which sites are appropriate.
- Look for website privacy policies and know how your child's information is treated.

For more tips on protecting children's privacy online, please see Cisco's Online Privacy Portal here or FTC's website here.

Consent to Transfer, Processing and Storage of Personal Information

As Cisco is a global organization, we may transfer your Personal Information to Cisco in the United States of America, to any Cisco subsidiary worldwide, or to third parties acting on our behalf, for the purposes of processing or storage. By providing any Personal Information to us, you fully understand and unambiguously consent to the transfer, processing and storage of such information outside of your country of residence where data protection standards may be different. Our Privacy Statement and our practices are designed to provide a globally consistent level of protection for Personal Information all over the world. This means that even in countries whose laws provide for less protection for your information, Cisco will still handle your information in the manner described here.

Your California Privacy Rights

Residents of the State of California, under California Civil Code § 1798.83, have the right to request from companies conducting business in California a list of all third parties to which the company has disclosed Personal Information during the preceding year for direct marketing purposes. Alternatively, the law provides that if the company has a privacy policy that gives either an Opt-out or Opt-in choice for use of your Personal Information by third parties.
parties (such as advertisers) for marketing purposes, the company may instead provide you with information on how to exercise your disclosure choice options.
Cisco qualifies for the alternative option. We have a comprehensive privacy statement, and provide you with details on how you may either Opt-out or Optin to the use of your Personal Information by third parties for direct marketing purposes. Therefore, we are not required to maintain or disclose a list of the third parties that received your Personal Information for marketing purposes during the preceding year.
If you are a California resident and request information about how to exercise your third party disclosure choices, please send a request to privacy@cisco.com.

How to Contact Us
We value your opinions. Should you have any privacy-related questions or comments related to this Privacy Statement, please send an email to privacy@cisco.com.

Updates to this Cisco Privacy Statement
We may update this Privacy Statement at any time, so please review it frequently. If we change our Privacy Statement, we will post the revised version here, with an updated revision date. If we make significant changes to our Privacy Statement, we may also notify you by other means prior to the changes taking effect, such as sending an email or posting a notice on our website.
REVISED AND POSTED AS OF: FEBRUARY 3, 2014. Please note this version does not substantively change the way we treat personal information compared to the previous version of the privacy statement available here.
Third Party Usage Guidelines for Oracle Trademarks

Oracle Trademarks
Oracle's trademarks and service marks ("Oracle trademarks") are valuable assets that Oracle needs to protect. We ask that you help us by properly using and crediting Oracle trademarks in accordance with these guidelines. For information about proper use of Oracle logos, logotypes, signatures, and design marks, please review the Third Party Usage Guidelines for Oracle Logos.

Permissible Use
You may generally use Oracle trademarks to refer to the associated Oracle products or services. For instance, an authorized reseller can note in its advertisements that it is selling the Oracle application server. Similarly, an Oracle customer may issue a press release stating that it has implemented Oracle software.

Relationship of Products or Services
You may indicate the relationship of your products or services to Oracle products or services by using accurate, descriptive tag lines such as "for Oracle database," "for use with Oracle E-Business Suite applications," and "works with Oracle software" in connection with your product or service name. Within text or body copy, such tag lines may appear in the same type as your product or service name. On product, packaging, advertising and other collateral where your product or service name is displayed apart from body copy, make sure that the tag line appears in significantly smaller type than your name. You should also distinguish the tag line from your mark by using a different font or color. However, Oracle or the tag line should never appear in the Oracle red color. This is important to avert any implication that your product or service is produced or endorsed by Oracle.

Titles
Oracle permits use of its marks in single volume book titles (not magazines or periodicals) where such use is descriptive or referential. To avoid misleading the public as to Oracle sponsorship, affiliation or endorsement, the Oracle mark must not appear more prominently than the rest of the title, and do not use Oracle logos on the cover. In addition, we request that you include a disclaimer of association with Oracle on the copyright page.

Open Source Software
Most open source licenses do not grant, and many exclude, a license of trademark rights. Do not assume you can use the name of a source code base in the name of your distribution developed from that code base. Without a license or permission, you may not incorporate Oracle trademarks in the name of your distribution or other products that incorporate open source elements. Truthful statements incorporating a trademark are generally allowed (for example, in the format "MyImplementation, derived from Trademarked ProductName"), but you should check the terms of the license for the original source code or any posted trademark guidelines for the project.

User Groups
Oracle generally permits use of its marks in groups names that include phrases such as "user group," "special interest group," "lobby," etc., that clarify the relationship between Oracle and the group and do not create confusion about the source of products. This applies only to user groups that are not formally doing business as commercial entities. If you are administering a user group that includes an Oracle trademark in its name, do not claim any trademark rights in the name or attempt to register the name or your logo with a trademark office, and do not register the name as a trade name or business name, or conduct any business under the name.

Prohibited Use
You may not use Oracle trademarks in a manner which could cause confusion as to Oracle sponsorship, affiliation or endorsement. Take particular care not to use Oracle marks as set out below.

Company, Product or Service Names
Do not use Oracle trademarks or potentially confusing variations as all or part of your company, product or service names. If you wish to note the relationship of your products or services to Oracle products or services, please use an appropriate tag line as detailed above. For example, "XYZ for Oracle database" not "OraXYZ or XYZ Oracle"

Logos
For more information regarding use of Oracle logos, please review the Third Party Usage Guidelines for Oracle Logos.

Trade Dress
You must not imitate Oracle trade dress, type style or logos. For instance, do not copy Oracle packaging for use with your product or display your product name in the distinctive logotype associated with the Oracle logo.

Domain Names
Do not use Oracle trademarks or potentially confusing variations in your Internet domain name. This helps prevent Internet users from being confused as to whether you or Oracle is the source of the Web site.

Correct Use
Proper use of Oracle trademarks reinforces their role as brands for our products and services, and helps prevent them from becoming generic names that can be used by anyone. Examples of former trademarks that became generic terms are "aspirin," "cellophane," and "escalator." By adhering to the following rules, you help protect Oracle's investment in its trademarks.

Use a Generic Term
Use a generic term in association with each Oracle trademark the first time the mark appears in text, and as often as possible after that. You need not include generic names in headlines, package titles and documentation titles. For example, "Oracle iLearning software", "Oracle On Demand services", and "Oracle database."

Use as Adjectives
Oracle trademarks are adjectives and should not be used as nouns, or in the possessive or plural form. For example, "Oracle database's benefits." not "Oracle's benefits..."

**Avoid Variations**
Do not vary Oracle trademarks by changing their spelling or abbreviating them. For example, "Oracle Collaboration Suite" not "CollabSuite."

**Trademark Symbols and Credit Lines**
Proper trademark attribution through trademark symbols and credit lines helps make the public aware of our trademarks, and helps prevent them from becoming generic terms. Credit lines also help clarify that they belong to Oracle. Accordingly, Oracle would appreciate you attributing ownership of Oracle trademarks to Oracle Corporation by using trademark symbols (™ or SM or ®) and credit lines as detailed below.

**Trademark Symbols**
Use the ® symbol with the most prominent appearance of the "Oracle" mark on products, packaging, manuals, advertisements, promotional materials and Web pages (for example, in the headline of an advertisement), and the first use of the mark in text or body copy. This includes situations where "Oracle" is a part of a product or service name (for example, Oracle® Collaboration Suite, Oracle® PartnerNetwork). You do not need to use trademark symbols with other Oracle trademarks.

Example: XYZ Develops New Product for Oracle® Database XYZ Corporation, a member of the Oracle® PartnerNetwork program, has developed the ABC software cartridge for use with the industry leading Oracle database. The ABC software cartridge is one of numerous products XYZ has developed that complement leading Oracle offerings. "Oracle" receives a trademark symbol in the headline because this is the most prominent appearance, and when it appears as part of the "Oracle PartnerNetwork" name because this is the first appearance in text. While there is no trademark symbol after "Oracle" when it appears in front of the term "products" and "offerings" since we already used a symbol the first time that the term "Oracle" appeared in body copy. It is always acceptable to continue using the ® after "Oracle" throughout the document.

**Credit Line**
All products, packaging, manuals, advertisements, promotional materials and Web pages bearing Oracle trademarks should include the following trademark credit line. "Oracle and Java are registered trademarks of Oracle and/or its affiliates. Other names may be trademarks of their respective owners."

The credit line may appear anywhere on the collateral, but typically is displayed on a copyright page, the back of a package or at the end of a document or web page.

**"Oracle" As a Trade Name**
Trade names are the actual business names of companies. Trademarks and trade names are not the same, even though many companies use their trade names as trademarks. If you are using "Oracle" as a substitute for Oracle Corporation, you are using it as a trade name. Because they are nouns, trade names can be used in the possessive and do not require a generic term or a trademark symbol. Thus, you should not use a ® after "Oracle" when it appears as part of the full corporate name or as a trade name.

**Examples**
Corporate Name: This software was developed by Oracle Corporation.
Trade Name: This software was developed by Oracle.
Trade Name: Oracle's latest software developments are outstanding.
Trademark: The Oracle® database leads the industry.
CISCO END USER LICENSE AGREEMENT (EULA)

Cisco EULA

IMPORTANT: PLEASE READ THIS END USER LICENSE AGREEMENT CAREFULLY. IT IS VERY IMPORTANT THAT YOU CHECK THAT YOU ARE PURCHASING CISCO SOFTWARE OR EQUIPMENT FROM AN APPROVED SOURCE AND THAT YOU, OR THE ENTITY YOU REPRESENT (COLLECTIVELY, THE "CUSTOMER") HAVE BEEN REGISTERED AS THE END USER FOR THE PURPOSES OF THIS CISCO END USER LICENSE AGREEMENT. CISCO SYSTEMS, INC. OR ITS AFFILIATE LICENSING THE SOFTWARE ("CISCO") IS WILLING TO LICENSE THIS SOFTWARE TO YOU ONLY UPON THE CONDITION THAT YOU PURCHASED THE SOFTWARE FROM AN APPROVED SOURCE AND THAT YOU ACCEPT ALL THE TERMS CONTAINED IN THIS END USER LICENSE AGREEMENT. YOU ACKNOWLEDGE THAT A SUPPLEMENTAL LICENSE AGREEMENT MAY ACCOMPANY THE PRODUCT. THE SOFTWARE MAY CONTAIN OPEN SOURCE SOFTWARE THAT IS SUBJECT TO ITS OWN TERMS AND NOT CONTROLLED BY CISCO. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM AN APPROVED SOURCE, AND APPLIES ONLY IF YOU ARE THE ORIGINAL AND REGISTERED END USER PURCHASER. FOR THE PURPOSES OF THIS END USER LICENSE AGREEMENT, AN "APPROVED SOURCE" MEANS (A) CISCO; OR (B) A DISTRIBUTOR OR SYSTEMS INTEGRATOR AUTHORIZED BY CISCO TO DISTRIBUTE / SELL CISCO EQUIPMENT, SOFTWARE AND SERVICES WITHIN YOUR TERRITORY TO END USERS; OR (C) A RESELLER AUTHORIZED BY ANY SUCH DISTRIBUTOR OR SYSTEMS INTEGRATOR IN ACCORDANCE WITH THE TERMS OF THE DISTRIBUTOR'S AGREEMENT WITH CISCO TO DISTRIBUTE / SELL THE CISCO EQUIPMENT, SOFTWARE AND SERVICES WITHIN YOUR TERRITORY TO END USERS.

THE FOLLOWING TERMS OF THE AGREEMENT GOVERN CUSTOMER'S USE OF THE SOFTWARE (DEFINED BELOW), EXCEPT TO THE EXTENT: (A) THERE IS A SEPARATE SIGNED CONTRACT BETWEEN CUSTOMER AND CISCO GOVERNING CUSTOMER'S USE OF THE SOFTWARE. FOR PURPOSES OF THE AGREEMENT, "SOFTWARE" SHALL MEAN COMPUTER PROGRAMS, INCLUDING Firmware AND COMPUTER PROGRAMS EMBEDDED IN CISCO EQUIPMENT, AS PROVIDED TO CUSTOMER BY AN APPROVED SOURCE, AND ANY UPDATES, BUG FIXES OR MODIFIED VERSIONS THERETO (COLLECTIVELY, "UPGRADES"), ANY OF THE SAME WHICH HAS BEEN RELICENSED UNDER THE CISCO SOFTWARE TRANSFER AND RE-LICENSEING POLICY (AS MAY BE AMENDED BY CISCO FROM TIME TO TIME) OR BACKUP COPIES OF ANY OF THE FOREGOING.

License. Conditioned upon compliance with the terms and conditions of the Agreement, Cisco grants to Customer a nonexclusive and nontransferable license to use for Customer's internal business purposes the Software and the Documentation for which Customer has paid the required license fees to an Approved Source. "Documentation" means written information (whether contained in user or technical manuals, training materials, specifications or otherwise) pertaining to the Software and made available by an Approved Source with the Software in any manner (including on CD-Rom, or on-line). In order to use the Software, Customer may be required to input a registration number or product authorization key and register Customer's copy of the Software online at Cisco's website to obtain the necessary license key or license file. Customer's license to use the Software shall be limited to, and Customer shall not use the Software in excess of, a single hardware chassis or card or such other limitations as are set forth in the applicable Supplemental License Agreement or in the applicable purchase order which has been accepted by an Approved Source and for which Customer has paid to an Approved Source the required license fee (the "Purchase Order"). Unless otherwise expressly provided in the Documentation or any applicable Supplemental License Agreement Customer shall use the Software solely as embedded in, for execution on, or (where the applicable Documentation permits installation on non-Cisco equipment) for communication with Cisco equipment owned or leased by Customer and used for Customer's internal business purposes. No other licenses are granted by implication, estoppel or otherwise. For evaluation or beta copies for which Cisco does not charge a license fee, the above requirement to pay license fees does not apply.

General Limitations. This is a license, not a transfer of title, to the Software and Documentation, and Cisco retains ownership of all copies of the Software and Documentation. Customer acknowledges that the Software and Documentation contain trade secrets of Cisco or its suppliers or licensors, including but not limited to the specific internal design and structure of individual programs and associated interface information. Except as otherwise expressly provided under the Agreement Customer shall only use the Software in connection with the use of Cisco equipment purchased by the Customer from an Approved Source and Customer shall have no right, and Customer specifically agrees not to:

(i) transfer, assign or sublicense its license rights to any other person or entity (other than in compliance with any Cisco relicensing/transfer policy then in force), or use the Software on Cisco equipment not purchased by the Customer from an Approved Source or on secondhand Cisco equipment, and Customer acknowledges that any attempted transfer, assignment, sublicense or use shall be void;
(ii) make error corrections to or otherwise modify or adapt the Software or create derivative works based upon the Software, or permit third parties to do the same;
(iii) reverse engineer or decompile, decrypt, disassemble or otherwise reduce the Software to human-readable form, except to the extent otherwise expressly permitted under applicable law notwithstanding this restriction or except to the extent that Cisco is legally required to permit such specific activity pursuant to any applicable open source license;
(iv) publish any results of benchmark tests run on the Software;
(v) use or permit the Software to be used to perform services for third parties, whether on a service bureau or time sharing basis or otherwise, without the express written authorization of Cisco; or
(vi) disclose, provide, or otherwise make available trade secrets contained within the Software and Documentation in any form to any third party without the prior written consent of Cisco. Customer shall implement reasonable security measures to protect such trade secrets. To the extent required by applicable law, and at Customer's written request, Cisco shall provide Customer with the interface information needed to achieve interoperability between the Software and another independently created program, on payment of Cisco's applicable fee, if any. Customer shall observe strict obligations of confidentiality with respect to such information and shall use such information in compliance with any applicable terms and conditions upon which Cisco makes such information available. Notwithstanding the above, Customer may disclose confidential information in accordance with law or court order.

Software, Upgrades and Additional Copies. NOTWITHSTANDING ANY OTHER PROVISION OF THE AGREEMENT: (1) CUSTOMER HAS NO LICENSE OR RIGHT TO MAKE OR USE ANY ADDITIONAL COPIES OR UPGRADES UNLESS CUSTOMER, AT THE TIME OF MAKING OR ACQUIRING SUCH COPY OR UPGRADE, ALREADY HOLDS A VALID LICENSE TO THE ORIGINAL SOFTWARE AND HAS PAID THE APPLICABLE FEE TO AN APPROVED SOURCE FOR THE UPGRADE OR ADDITIONAL COPIES; (2) USE OF UPGRADES IS LIMITED TO CISCO EQUIPMENT SUPPLIED BY AN APPROVED SOURCE FOR WHICH CUSTOMER IS THE ORIGINAL END USER PURCHASER OR LESSEE OR OTHERWISE HOLDS A VALID LICENSE TO USE THE SOFTWARE WHICH IS BEING UPGRADED; AND (3) THE MAKING AND USE OF ADDITIONAL COPIES IS LIMITED TO NECESSARY BACKUP PURPOSES ONLY. NOTHING
CONTAINED HEREIN SHALL LIMIT THE GOVERNMENT’S RIGHT TO PROVIDE COPIES TO ITS DUTY AUTHORIZED EMPLOYEES, AGENTS, CONSULTANTS AND/OR INDEPENDENT CONTRACTORS SOLELY FOR BACKUP PURPOSES.

Proprietary Notices. Customer agrees to maintain and reproduce all copyright, proprietary, and other notices on all copies, in any form, of the Software in the same form and manner that such copyright and other proprietary notices are included on the Software. Except as expressly authorized in the Agreement, Customer shall not make any copies or duplicates of any Software without the prior written permission of Cisco. Proprietary notices shall include Cisco's Trademarks and Copyright Notice. These notices shall be reproduced on all copies. Customer shall use all Proprietary Notices in all copies of the Software in the same form and manner as they appear on the Software itself.

Export, Re-Export, Transfer and Use Controls. The Software, Documentation and technology or direct products thereof (hereafter referred to as Software and Technology), supplied by Cisco under the Agreement are subject to export controls under the laws and regulations of the United States ("U.S.") and any other applicable countries’ laws and regulations. Customer shall comply with such laws and regulations governing export, re-export, import, transfer and use of Cisco Software and Technology and will obtain all required U.S. and local authorizations, permits, or licenses. Cisco and Customer each agree to provide the other information, support documents, and assistance as may reasonably be required by the other in connection with securing authorizations or licenses. Information regarding compliance with export, re-export, transfer and use may be located at the following URL: www.cisco.com/web/about/doing_business/legal/global_export_trade/general_export/contract_compliance.html

U.S. Government End User Purchasers. The Software and Documentation qualify as "commercial items," as that term is defined at Federal Acquisition Regulation ("FAR") (48 C.F.R.) 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in FAR 12.212. Consistent with FAR 12.212 and DoD FAR Supp. 227.7202-1 through 227.7202-4, and notwithstanding any other FAR or other contractual clause to the contrary in any agreement into which the Agreement may be incorporated, Customer may provide to Government end user or, if the Agreement is direct, Government end user will acquire, the Software and Documentation with only those rights set forth in the Agreement.

Limited Warranty. Subject to the limitations and conditions set forth herein, Cisco warrants that commencing from the date of shipment to Customer (but in case of resale by an Approved Source other than Cisco, commencing not more than ninety (90) days after original shipment by Cisco), and continuing for a period of the longer of (a) ninety (90) days or (b) the warranty period (if any) expressly set forth as applicable specifically to software in the warranty card accompanying the product of which the Software is a part (the "Product") (if any): (a) the media on which the Software is furnished will be free of defects in material and workmanship under normal use; and (b) the Software substantially conforms to the Documentation. The date of shipment of a Product by Cisco is set forth on the packaging material in which the Product is shipped. Except for the foregoing, the Software is provided "AS IS." This limited warranty extends only to the Software purchased from an Approved Source by a Customer who is the first registered end user. Customer's sole and exclusive remedy and the entire liability of Cisco and its suppliers under this limited warranty will be (i) replacement of defective media and/or (ii) at Cisco's option, repair, replacement, or refund of the purchase price of the Software, in both cases subject to the condition that any error or defect constituting a breach of this limited warranty is reported to the Approved Source supplying the Software to Customer, within the warranty period. Cisco or the Approved Source supplying the Software to Customer may, at its option, require return of the Software and/or Documentation as a condition to the remedy. In no event does Cisco warrant that the Software is error free or that Customer will be able to operate the Software without problems or interruptions. In addition, due to the continual development of new techniques for intruding upon and attacking networks, Cisco does not warrant that the Software or any equipment, system or network on which the Software is used will be free of vulnerability to intrusion or attack.

Restrictions. This warranty does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by Cisco or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Cisco, (c) has been subjected to abnormal physical or electrical stress, abnormal environmental conditions, misuse, negligence, or accident; or (d) is licensed for beta, evaluation, testing or demonstration purposes. The Software warranty also does not apply to (e) any temporary Software modules; (f) any Software not posted on Cisco's Software Center; (g) any Software that Cisco expressly provides on an "AS IS" basis on Cisco's Software Center; (h) any Software for which an Approved Source does not receive a license fee; and (i) Software supplied by any third party which is not an Approved Source.

DISCLAIMER OF WARRANTY

EXCEPT AS SPECIFIED IN THIS WARRANTY SECTION, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT, SATISFACTORY QUALITY, NON-INFRINGEMENT, ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY CISCO, ITS SUPPLIERS AND LICENSORS. TO THE EXTENT THAT ANY OF THE SAME CANNOT BE EXCLUDED, SUCH IMPLIED CONDITION, REPRESENTATION AND/OR WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD REFERRED TO IN THE "LIMITED WARRANTY" SECTION ABOVE. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY IN SUCH JURISDICTIONS. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION.

This disclaimer and exclusion shall apply even if the express warranty set forth above fails of its essential purpose. Disclaimer of Liabilities-Limitation of Liability.

IF YOU ACQUIRED THE SOFTWARE IN THE UNITED STATES, LATIN AMERICA, CANADA, JAPAN OR THE CARIBBEAN, NOTWITHSTANDING ANYTHING ELSE IN THE AGREEMENT TO THE CONTRARY, ALL LIABILITY OF CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS COLLECTIVELY TO CUSTOMER, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), BREACH OF WARRANTY OR OTHERWISE, SHALL NOT EXCEED THE PRICE PAID BY CUSTOMER TO ANY APPROVED SOURCE FOR THE SOFTWARE THAT GAVE RISE TO THE CLAIM OR IF THE SOFTWARE IS PART OF ANOTHER PRODUCT, THE PRICE PAID FOR SUCH OTHER PRODUCT. THIS LIMITATION OF LIABILITY FOR SOFTWARE IS CUMULATIVE AND NOT PER INCIDENT (I.E. THE EXISTENCE OF TWO OR
Disclaimer of Liabilities—Waiver of Consequential Damages and Other Losses.

IF YOU ACQUIRED THE SOFTWARE IN EUROPE, THE MIDDLE EAST, AFRICA, ASIA OR OCEANIA, EXCEPT FOR LIABILITY ARISING OUT OF OR IN CONNECTION WITH DEATH OR PERSONAL INJURY, FRAUDULENT MISREPRESENTATION, AND REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ITS SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT APPLY TO YOU. IF YOU ACQUIRED THE SOFTWARE IN JAPAN, EXCEPT FOR LIABILITY ARISING OUT OF OR IN CONNECTION WITH DEATH OR PERSONAL INJURY, FRAUDULENT MISREPRESENTATION, AND REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE, IN NO EVENT WILL CISCO, ITS AFFILIATES, OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, SUPPLIERS AND LICENSORS BE LIABLE FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF CISCO OR ANY APPROVED SOURCE OR THEIR SUPPLIERS OR LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

Customer acknowledges and agrees that Cisco has set its prices and entered into the Agreement in reliance upon the disclaimers of warranty and the limitations of liability set forth herein, that the same reflect an allocation of risk between the parties (including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same form an essential basis of the bargain between the parties. Customer and the Agreement and warranties ("Warranties") are controlled by and construed under the federal laws of the United States of America, notwithstanding any conflicts of law provisions. The parties specifically disclaim the application of the UN Convention on Contracts for the International Sale of Goods. If any portion hereof is found to be void or unenforceable, the remaining provisions of the Agreement and Warranties shall remain in full force and effect. Except as expressly provided herein, the Agreement, constitutes the entire agreement between the parties with respect to the license of the Software and Documentation. The Agreement has been written in the English language, and the parties agree that the English version will govern. Cisco and the Cisco logo are trademarks or registered trademarks of Cisco and/or its affiliates in the U.S. and other countries. To view a list of Cisco trademarks, go to this URL:  www.cisco.com/go/trademarks. Third-party trademarks mentioned are the property of their respective owners. The use of the word partner does not imply a partnership relationship between Cisco and any other company. (1110R)
Attachment 10

VMware End User License Agreement
Effective August 27, 2012, VMware is eliminating the vRAM restriction on licenses to VMware vSphere. The removal of the vRAM limit from VMware vSphere licenses applies retroactively to any past and existing users of VMware vSphere, in addition to any new users of VMware vSphere. This new policy replaces and supersedes any conflicting terms in any license agreement previously agreed upon between VMware and any licensee of VMware vSphere. This change does not apply to VMware vSphere users under the VMware Service Provider Program.

PLEASE NOTE THAT THE TERMS OF THIS END USER LICENSE AGREEMENT SHALL GOVERN YOUR USE OF THE SOFTWARE, REGARDLESS OF ANY TERMS THAT MAY APPEAR DURING THE INSTALLATION OF THE SOFTWARE.

IMPORTANT-READ CAREFULLY: BY DOWNLOADING, INSTALLING, OR USING THE SOFTWARE, YOU (THE INDIVIDUAL OR LEGAL ENTITY) AGREE TO BE BOUND BY THE TERMS OF THIS END USER LICENSE AGREEMENT ("EULA"). IF YOU DO NOT AGREE TO THE TERMS OF THIS EULA, YOU MUST NOT DOWNLOAD, INSTALL, OR USE THE SOFTWARE, AND YOU MUST DELETE OR RETURN THE UNUSED SOFTWARE TO THE VENDOR FROM WHICH YOU ACQUIRED IT WITHIN THIRTY (30) DAYS AND REQUEST A REFUND OF THE LICENSE FEE, IF ANY, THAT YOU PAID FOR THE SOFTWARE.

EVALUATION LICENSE. If You are licensing the Software for evaluation purposes, Your use of the Software is only permitted in a non-production environment and for the period limited by the License Key. Notwithstanding any other provision in this EULA, an Evaluation License of the Software is provided “AS-IS” without indemnification, support or warranty of any kind, expressed or implied.

1. DEFINITIONS.

1.1 “Affiliate” means, with respect to a party at a given time, an entity that then is directly or indirectly controlled by, is under common control with, or controls that party, and here “control” means an ownership, voting or similar interest representing fifty percent (50%) or more of the total interests then outstanding of that entity.

1.2 “Documentation” means that documentation that is generally provided to You by VMware with the Software, as revised by VMware from time to time, and which may include end user manuals, operation instructions, installation guides, release notes, and on-line help files regarding the use of the Software.

1.3 “Guest Operating Systems” means instances of third-party operating systems licensed by You, installed in a Virtual Machine and run using the Software.

1.4 “Intellectual Property Rights” means all worldwide intellectual property rights, including without limitation, copyrights, trademarks, service marks, trade secrets, know how, inventions, patents, patent applications, moral rights and all other proprietary rights, whether registered or unregistered.

1.5 “License” means a license granted under Section 2.1 (General License Grant).

1.6 “License Key” means a serial number that enables You to activate and use the Software.

1.7 “License Term” means the duration of a License as specified in the Order.

1.8 “License Type” means the type of License applicable to the Software, as more fully described in the Order.

1.9 “Open Source Software” or “OSS” means software components embedded in the Software and provided under separate license terms, which can be found either in the open_source_licenses.txt file (or similar file) provided within the Software or at www.vmware.com/download/open_source.html.

1.10 “Order” means a purchase order, enterprise license agreement, or other ordering document issued by You to VMware or a VMware authorized reseller that references and incorporates this EULA and is accepted by VMware as set forth in Section 4 (Order).

1.11 “Product Guide” means the current version of the VMware Product Guide at the time of Your Order, copies of which are found at www.vmware.com/download/eula.

1.12 “Support Services Terms” means VMware’s then-current support policies, copies of which are posted at www.vmware.com/support/policies.

1.13 “Software” means the VMware Tools and the VMware computer programs listed on VMware’s commercial price list to which You acquire a license under an Order, together with any software code relating to the foregoing that is provided to You pursuant to a support and subscription service contract and that is not subject to a separate license agreement.

1.14 “Territory” means the country or countries in which You have been invoiced; provided, however, that if You have been invoiced within any of the European Economic Area member states, You may deploy the corresponding Software throughout the European Economic Area.

1.15 “Third Party Agent” means a third party delivering information technology services to You pursuant to a written contract with You.

1.16 “Virtual Machine” means a software container that can run its own operating system and execute applications like a physical machine.
1.17 “VMware” means VMware, Inc., a Delaware corporation, if You are purchasing Licenses or services for use in the United States and VMware International Limited, a company organized and existing under the laws of Ireland, for all other purchases.

1.18 “VMware Tools” means the suite of utilities and drivers, Licensed by VMware under the “VMware Tools” name, that can be installed in a Guest Operating System to enhance the performance and functionality of a Guest Operating System when running in a Virtual Machine.

2. LICENSE GRANT.

2.1 General License Grant. VMware grants to You a non-exclusive, non-transferable (except as set forth in Section 12.1 (Transfers; Assignment)) license to use the Software and the Documentation during the period of the license and within the Territory, solely for Your internal business operations, and subject to the provisions of the Product Guide. Unless otherwise indicated in the Order, licenses granted to You will be perpetual, will be for use of object code only, and will commence on either delivery of the physical media or the date You are notified of availability for electronic download.

2.2 Third Party Agents. Under the License granted to You in Section 2.1 (General License Grant) above, You may permit Your Third Party Agents to access, use and/or operate the Software on Your behalf for the sole purpose of delivering services to You, provided that You will be fully responsible for Your Third Party Agents’ compliance with terms and conditions of this EULA and any breach of this EULA by a Third Party Agent shall be deemed to be a breach by You.

2.3 Copying Permitted. You may copy the Software and Documentation as necessary to install and run the quantity of copies licensed, but otherwise for archival purposes only.

2.4 Benchmarking. You may use the Software to conduct internal performance testing and benchmarking studies. You may only publish or otherwise distribute the results of such studies to third parties as follows: (a) if with respect to VMware’s Workstation or Fusion products, only if You provide a copy of Your study to benchmark@vmware.com prior to distribution; (b) if with respect to any other Software, only if VMware has reviewed and approved of the methodology, assumptions and other parameters of the study (please contact VMware at benchmark@vmware.com to request such review and approval) prior to such publication and distribution.

2.5 VMware Tools. You may distribute the VMware Tools to third parties solely when installed in a Guest Operating System within a Virtual Machine. You are liable for compliance by those third parties with the terms and conditions of this EULA.

2.6 Open Source Software. Notwithstanding anything herein to the contrary, Open Source Software is licensed to You under such OSS’s own applicable license terms, which can be found in the open_source_licenses.txt file, the Documentation or as applicable, the corresponding source files for the Software available at www.vmware.com/download/open_source.html. These OSS license terms are consistent with the license granted in Section 2 (License Grant), and may contain additional rights benefiting You. The OSS license terms shall take precedence over this EULA to the extent that this EULA imposes greater restrictions on You than the applicable OSS license terms. To the extent the license for any Open Source Software requires VMware to make available to You the corresponding source code and/or modifications (the “Source Files”), You may obtain a copy of the applicable Source Files from VMware’s website at www.vmware.com/download/open_source.html by sending a written request, with Your name and address to: VMware, Inc., 3401 Hillview Avenue, Palo Alto, CA 94304, United States of America. All requests should clearly specify: Open Source Files Request, Attention: General Counsel. This offer to obtain a copy of the Source Files is valid for three years from the date You acquired this Software.

3. RESTRICTIONS; OWNERSHIP.

3.1 License Restrictions. Without VMware’s prior written consent, You must not, and must not allow any third party to: (a) use Software in an application services provider, service bureau, or similar capacity for third parties, except that You may use the Software to deliver hosted services to Your Affiliates; (b) disclose to any third party the results of any benchmarking testing or comparative or competitive analyses of VMware’s Software done by or on behalf of You, except as specified in Section 2.4 (Benchmarking); (c) make available Software in any form to anyone other than Your employees or contractors reasonably acceptable to VMware and require access to use Software on behalf of You in a matter permitted by this EULA, except as specified in Section 2.2 (Third Party Agents); (d) transfer or sublicense Software or Documentation to an Affiliate or any third party, except as expressly permitted in Section 12.1 (Transfers; Assignment); (e) use Software in conflict with the terms and restrictions of the Software’s licensing model and other requirements specified in Product Guide and/or VMware quote; (f) except to the extent permitted by applicable mandatory law, modify, translate, enhance, or create derivative works from the Software, or reverse engineer, decompile, or otherwise attempt to derive source code from the Software, except as specified in Section 3.2 ( Decompilation); (g) remove any copyright or other proprietary notices on or in any copies of Software; or (h) violate or circumvent any technological restrictions within the Software or specified in this EULA, such as via software or services.

3.2 Decompilation. Notwithstanding the foregoing, decompiling the Software is permitted to the extent the laws of the Territory give You the express right to do so to obtain information necessary to render the Software interoperable with other software; provided, however, You must first request such information from VMware, provide all reasonably requested information to allow VMware to assess Your claim, and VMware may, in its discretion, either provide such interoperability information to You, impose reasonable conditions, including a reasonable fee, on such use of the Software, or offer to provide alternatives to ensure that VMware’s proprietary rights in the Software are protected and to reduce any adverse impact on VMware’s proprietary rights.

3.3 Ownership. The Software and Documentation, all copies and portions thereof, and all improvements, enhancements, modifications and derivative works thereof, and all Intellectual Property Rights therein, are and shall remain the sole and exclusive property of VMware and its licensors. Your rights to use the Software and Documentation shall be limited to those expressly granted in this EULA and any applicable Order. No other rights with respect to the Software or any related Intellectual Property Rights are implied. You are not authorized to use (and shall not
permit any third party to use) the Software, Documentation or any portion thereof except as expressly authorized by this EULA or the applicable Order. VMware reserves all rights not expressly granted to You. VMware does not transfer any ownership rights in any Software.

3.4 Guest Operating Systems. Certain Software allows Guest Operating Systems and application programs to run on a computer system. You acknowledge that You are responsible for obtaining and complying with any licenses necessary to operate any such third-party software.

4. ORDER. Your Order is subject to this EULA. No Orders are binding on VMware until accepted by VMware. Orders for Software are deemed to be accepted upon VMware's delivery of the Software included in such Order. Orders issued to VMware do not have to be signed to be valid and enforceable.

5. RECORDS AND AUDIT. During the License Term for Software and for two (2) years after its expiration or termination, You will maintain accurate records of Your use of the Software sufficient to show compliance with the terms of this EULA. During this period, VMware will have the right to audit Your use of the Software to confirm compliance with the terms of this EULA. That audit is subject to reasonable notice by VMware and will not unreasonably interfere with Your business activities. VMware may conduct no more than one (1) audit in any twelve (12) month period, and only during normal business hours. You will reasonably cooperate with VMware and any third party auditor and will, without prejudice to other rights of VMware, address any non-compliance identified by the audit by promptly paying additional fees. You will promptly reimburse VMware for all reasonable costs of the audit if the audit reveals either underpayment of more than five (5%) percent of the Software fees payable by You for the period audited, or that You have materially failed to maintain accurate records of Software use.

6. SUPPORT AND SUBSCRIPTION SERVICES. Except as expressly specified in the Product Guide, VMware does not provide any support or subscription services for the Software under this EULA. You have no rights to any updates, upgrades or extensions or enhancements to the Software developed by VMware unless you separately purchase VMware support or subscription services. These support or subscription services are subject to the Support Services Terms.

7. WARRANTIES.

7.1 Software Warranty, Duration and Remedy. VMware warrants to You that the Software will, for a period of ninety (90) days following notice of availability for electronic download or delivery ("Warranty Period"), substantially conform to OR THAT IT WILL MEET YOUR REQUIREMENTS. LICENSORS DO NOT WARRANT THAT THE SOFTWARE WILL OPERATE UNINTERRUPTED OR THAT IT WILL BE FREE FROM DEFECTS ARISING BY STATUTE, OPERATION OF LAW, COURSE OF DEALING OR PERFORMANCE, WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NONINFRINGEMENT, AND ANY WARRANTY ARISING BY STATUTE, OPERATION OF LAW, COURSE OF DEALING OR PERFORMANCE, OR USAGE OF TRADE. VMware and its licensors do not warrant that the Software will operate uninterrupted or that it will be free from defects or that it will meet your requirements.

7.2 Software Disclaimer of Warranty. Other than the warranty above, and to the maximum extent permitted by applicable law, VMware and its suppliers make no other express warranties under this EULA, and disclaim all implied warranties of merchantability, fitness for a particular purpose, title and non-infringement, and any warranty arising by statute, operation of law, course of dealing or performance, or usage of trade. VMware and its licensors do not warrant that the software will operate uninterrupted or that it will be free from defects or that it will meet your requirements.

8. INTELLLECTUAL PROPERTY INDEMNIFICATION.

8.1 Defense and Indemnification. Subject to the remainder of this Section 8 (Intellectual Property Indemnification), VMware shall defend You against any third party claim that the Software infringes any patent, trademark or copyright of such third party, or misappropriates a trade secret (but only to the extent that the misappropriation is not a result of Your actions) under the laws of: (a) the United States and Canada; (b) the European Economic Area; (c) Australia; (d) New Zealand; (e) Japan; or (f) the People's Republic of China, to the extent that such countries are part of the Territory for the License ("Infringement Claim") and indemnify You from the resulting costs and damages finally awarded against You to such third party by a court of competent jurisdiction or agreed to in settlement. The foregoing obligations are applicable only if You: (i) promptly notify VMware in writing of the Infringement Claim; (ii) allow VMware sole control over the defense for the claim and any settlement negotiations; and (iii) reasonably cooperate in response to VMware requests for assistance. You may not settle or compromise any Infringement Claim without the prior written consent of VMware.

8.2 Remedies. If the alleged infringing Software become, or in VMware's opinion be likely to become, the subject of an Infringement Claim, VMware will, at VMware's option and expense, do one of the following: (a) procure the rights necessary for You to make continued use of the affected Software; (b) replace or modify the affected Software to make it non-infringing; or (c) terminate the License to the affected Software and discontinue the related support services, and, upon Your certified deletion of the affected Software, refund: (i) the fees paid by You for the License to the affected Software, less straight-line depreciation over a three (3) year useful life beginning on the date such Software was delivered; and (ii) any pre-paid service fee attributable to related support services to be delivered after the date such service is stopped. Nothing in this Section 8.2 (Remedies) shall limit VMware's obligation under Section 8.1 (Defense and Indemnification) to defend and indemnify You, provided that You replace the allegedly infringing Software upon VMware's making alternate Software available to You and/or You discontinue using the allegedly infringing Software upon receiving VMware's notice terminating the affected License.

8.3 Exclusions. Notwithstanding the foregoing, VMware will have no obligation under this Section 8 (Intellectual Property Indemnification) or otherwise with respect to any claim based on: (a) a combination of Software with non-VMware products (other than non-VMware products that are listed on the Order and used in an unmodified form); (b) use for a purpose or in a manner for which the Software was not designed; (c) use of any version of the Software when use of a newer VMware version would have avoided the infringement; (d) any modification to the Software made without VMware's express written approval; (e) any claim that relates to open source software or freeware technology or any derivatives or other adaptations thereof that is not embedded by VMware into Software listed on VMware's commercial price list; or (f) any...
Software provided on a no charge, beta or evaluation basis. THIS SECTION 8 (INTELLECTUAL PROPERTY INDEMNIFICATION) STATES YOUR SOLE AND EXCLUSIVE REMEDY AND VMWARE'S ENTIRE LIABILITY FOR ANY INFRINGEMENT CLAIMS OR ACTIONS.

9. LIMITATION OF LIABILITY.

9.1 Limitation of Liability. TO THE MAXIMUM EXTENT MANDATED BY LAW, IN NO EVENT WILL VMWARE AND ITS LICENSORS BE LIABLE FOR ANY LOST PROFITS OR BUSINESS OPPORTUNITIES; LOSS OF USE, LOSS OF REVENUE, LOSS OF GOODWILL, BUSINESS INTERRUPTION, LOSS OF DATA, OR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES UNDER ANY THEORY OF LIABILITY, WHETHER BASED IN CONTRACT, TORT, NEGLIGENCE, PRODUCT LIABILITY, OR OTHERWISE. BECAUSE SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF LIABILITY FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE PRECEDING LIMITATION MAY NOT APPLY TO YOU. VMWARE'S AND IT'S LICENSORS' LIABILITY UNDER THIS EULA WILL NOT, IN ANY EVENT, REGARDLESS OF WHETHER THE CLAIM IS BASED IN CONTRACT, TORT, STRICT LIABILITY, OR OTHERWISE, EXCEED THE GREATER OF THE LICENSE FEES YOU PAID FOR THE SOFTWARE GIVING RISE TO THE CLAIM OR $5000. THE FOREGOING LIMITATIONS SHALL APPLY REGARDLESS OF WHETHER VMWARE OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND REGARDLESS OF WHETHER ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE.

9.2 Further Limitations. VMware's licensors shall have no liability of any kind under this EULA and VMware's liability with respect to any third party software embedded in the Software shall be subject to Section 9.1 (Limitation of Liability). You may not bring a claim under this EULA more than eighteen (18) months after the cause of action arises.

10. TERMINATION.

10.1 EULA Term. The term of this EULA begins on the notice of availability for electronic download or delivery of the Software and continues until this EULA is terminated in accordance with this Section 10.

10.2 Termination for Breach. VMware may terminate this EULA effective immediately upon written notice to You if: (a) You fail to pay any portion of the fees under an applicable Order within ten (10) days after receiving written notice from VMware that payment is past due; or (b) You breach any other provision of this EULA and fail to cure within thirty (30) days after receipt of VMware’s written notice thereof.

10.3 Termination for Insolvency. VMware may terminate this EULA effective immediately upon written notice to You if You: (a) terminate or suspend your business; (b) become insolvent, admit in writing Your inability to pay Your debts as they mature, make an assignment for the benefit of creditors; or become subject to control of a trustee, receiver or similar authority; or (c) become subject to any bankruptcy or insolvency proceeding.

10.4 Effect of Termination. Upon VMware’s termination of this EULA: (a) all Licensed rights to all Software granted to You under this EULA will immediately cease; and (b) You must cease all use of all Software, and return or certify destruction of all Software and License Keys (including copies) to VMware, and return, or if requested by VMware, destroy, any related VMware Confidential Information in Your possession or control and certify in writing to VMware that You have fully complied with these requirements. Any provision will survive any termination or expiration if by its nature and context it is intended to survive, including Sections 1 (Definitions), 2.6 (Open Source Software), 3 (Restrictions; Ownership), 5 (Records and Audit), 7.2 (Software Disclaimer of Warranty), 9 (Limitation of Liability), 10 (Termination), 11 (Confidential Information) and 12 (General).

11. CONFIDENTIAL INFORMATION.

11.1 Definition. “Confidential Information” means information or materials provided by one party (“Discloser”) to the other party (“Recipient”) which are in tangible form and labelled “confidential” or the like, or, information which a reasonable person knew or should have known to be confidential. The following information shall be considered Confidential Information whether or not marked or identified as such: (a) License Keys; (b) information regarding VMware’s pricing, product roadmaps or strategic marketing plans; and (c) non-public materials relating to the Software.

11.2 Protection. Recipient may use Confidential Information of Discloser; (a) to exercise its rights and perform its obligations under this EULA; or (b) in connection with the parties’ ongoing business relationship. Recipient will not use any Confidential Information of Discloser for any purpose not expressly permitted by this EULA, and will disclose the Confidential Information of Discloser only to the employees or contractors of Recipient who have a need to know such Confidential Information for purposes of this EULA and who are under a duty of confidentiality no less restrictive than Recipient’s duty hereunder. Recipient will protect Confidential Information from unauthorized use, access, or disclosure in the same manner as Recipient protects its own confidential or proprietary information of a similar nature but with no less than reasonable care.

11.3 Exceptions. Recipient’s obligations under Section 11.2 (Protection) with respect to any Confidential Information will terminate if Recipient can show by written records that such information: (a) was already known to Recipient at the time of disclosure by Discloser; (b) was disclosed to Recipient by a third party who had the right to make such disclosure without any confidentiality restrictions; (c) is, or through no fault of Recipient has become, generally available to the public; or (d) was independently developed by Recipient without access to, or use of, Discloser’s Information. In addition, Recipient will be allowed to disclose Confidential Information to the extent that such disclosure is required by law or by the order of a court of similar judicial or administrative body, provided that Recipient notifies Discloser of such required disclosure promptly and in writing and cooperates with Discloser, at Discloser’s request and expense, in any lawful action to contest or limit the scope of such required disclosure.

11.4 Data Privacy. You agree that VMware may process technical and related information about Your use of the Software which may include internet protocol address, hardware identification, operating system, application software, peripheral hardware, and non-personally identifiable Software usage statistics to facilitate the provisioning of updates, support, invoicing or online services and may transfer such information to

GS-35F-0511T  https://www.immixgroup.com/contract-vehicles/gsa/it-70/0511T/  Page 335
other companies in the VMware worldwide group of companies from time to time. To the extent that this information constitutes personal data, VMware shall be the controller of such personal data. To the extent that it acts as a controller, each party shall comply at all times with its obligations under applicable data protection legislation.

12. GENERAL.

12.1 Transfers; Assignment. Except to the extent transfer may not legally be restricted or as permitted by VMware’s transfer and assignment policies, in all cases following the process set forth at [VMware.com Support Policies/Licensing Policies](https://www.vmware.com/support/policies/licensingpolicies.html), You will not assign this EULA, any Order, or any right or obligation herein or delegate any performance without VMware’s prior written consent, which consent will not be unreasonably withheld. Any other attempted assignment or transfer by you will be void. VMware may use its Affiliates or other sufficiently qualified subcontractors to provide services to you, provided that VMware remains responsible to You for the performance of the services.

12.2 Notices. Any notice delivered by VMware to You under this EULA will be delivered via mail, email or fax.

12.3 Waiver. Failure to enforce a provision of this EULA will not constitute a waiver.

12.4 Severability. If any part of this EULA is held unenforceable, the validity of all remaining parts will not be affected.

12.5 Compliance with Laws; Export Control; Government Regulations. Each party shall comply with all laws applicable to the actions contemplated by this EULA. You acknowledge that the Software is of United States origin, is provided subject to the U.S. Export Administration Regulations, may be subject to the export control laws of the applicable territory, and that diversion contrary to applicable export control laws is prohibited. You represent that (1) you are not, and are not acting on behalf of, (a) any person who is a citizen, national, or resident of, or who is controlled by the government of any country to which the United States has prohibited export transactions; or (b) any person or entity listed on the U.S. Treasury Department list of Specially Designated Nationals and Blocked Persons, or the U.S. Commerce Department Denied Persons List or Entity List; and (2) you will not permit the Software to be used for, any purposes prohibited by law, including, any prohibited development, design, manufacture or production of missiles or nuclear, chemical or biological weapons. The Software and accompanying documentation are deemed to be “commercial computer software” and “commercial computer software documentation”, respectively, pursuant to DFARS Section 227.7202 and FAR Section 12.212(b), as applicable. Any use, modification, reproduction, release, performing, displaying or disclosing of the Software and documentation by or for the U.S. Government shall be governed solely by the terms and conditions of this EULA.

12.6 Construction. The headings of sections of this EULA are for convenience and are not to be used in interpreting this EULA. As used in this EULA, the word ‘including’ means “including but not limited to”.

12.7 Governing Law. This EULA is governed by the laws of the State of California, United States of America (excluding its conflict of law rules), and the federal laws of the United States. To the extent permitted by law, the state and federal courts located in Santa Clara County, California will be the exclusive jurisdiction for disputes arising out of or in connection with this EULA. The U.N. Convention on Contracts for the International Sale of Goods does not apply.

12.8 Third Party Rights. Other than as expressly set out in this EULA, this EULA does not create any rights for any person who is not a party to it, and no person who is not a party to this EULA may enforce any of its terms or rely on any exclusion or limitation contained in it.

12.9 Order of Precedence. In the event of conflict or inconsistency among the Product Guide, this EULA and the Order, the following order of precedence shall apply: (a) the Product Guide, (b) this EULA and (c) the Order. With respect to any inconsistency between this EULA and an Order, the terms of this EULA shall supersede and control over any conflicting or additional terms and conditions of any Order, acknowledgement or confirmation or other document issued by You.

12.10 Entire Agreement. This EULA, including accepted Orders and any amendments hereto, and the Product Guide contain the entire agreement of the parties with respect to the subject matter of this EULA and supersede all previous or contemporaneous communications, representations, proposals, commitments, understandings and agreements, whether written or oral, between the parties regarding the subject matter hereof. This EULA may be amended only in writing signed by authorized representatives of both parties.

12.11 Contact Information. Please direct legal notices or other correspondence to VMware, Inc., 3401 Hillview Avenue, Palo Alto, California 94304, United States of America, Attention: Legal Department. - See more at: [VMware.com Support Policies/Licensing Policies](https://www.vmware.com/support/policies/licensingpolicies.html)
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Cisco WebEx, LLC (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1489 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Office in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

   j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

   k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the...
clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) Contractor Indemnities. All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) Renewals. All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) Future Fees or Penalties. All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) Taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) Third Party Terms. When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) Dispute Resolution and Standing. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such a claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) Advertisements and Endorsements. Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) Alternate Dispute Resolution. The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it co...

v) Ownership of Derivative Works. Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
WebEx Terms and Conditions

1. **WebEx Services.** These WebEx Terms and Conditions (“Agreement”) govern the use by the Subscriber of any services (the “Services”) ordered by Subscriber from WebEx and set forth in one or more Order Forms. “Services” in this Agreement does not refer to or include any professional services. Professional services ordered by Subscriber, if any, will be as set forth in a statement of work governed by separate terms and conditions.

2. **Order Forms.** An “Order Form” is a form signed by Subscriber that identifies the type and quantity of Services being ordered and the associated fees. The Order Form includes a link to the Service Description(s). An Order Form is effective only when signed by Subscriber and either signed or provisioned by WebEx. Subscriber may be required to provide information in order to register for and/or use certain Services. Subscriber warrants that all such information is accurate.

3. **Changes to Services.** WebEx may, at its sole discretion and from time to time, enhance and/or expand the features of a Service at no additional cost to Subscriber. WebEx may also, at its sole discretion and from time to time, make available additional features and/or functionalities to a Service which may, but are not required to, be added to a Service by Subscriber at an additional cost (“Cost Feature”). If Subscriber elects to add a Cost Feature, it may do so by contacting its local WebEx sales representative or WebEx directly at http://www.webex.com/go/contact_sales in order to receive a quote for the Cost Feature. Further, WebEx may elect to discontinue the availability of a Service, provided that such discontinuance will be effective no earlier than expiration of the then-current Initial or Renewal Term as specified in the applicable Order Form. Subscriber agrees that WebEx is free to use and incorporate into WebEx products and services any suggestions, ideas, recommendations, bug reports, or other feedback that Subscriber provides to WebEx without payment of compensation to Subscriber.

4. **Beta Services.** WebEx may, at its sole discretion, make available to Subscriber a “beta” version of any of the Services (the “Beta Services”) for purposes of evaluation and feedback. Subscriber acknowledges that the Beta Service(s) Subscriber is evaluating may contain bugs, errors and other problems and is provided to Subscriber “AS-IS.” WebEx disclaims any warranty or liability obligations to Subscriber of any kind with respect to the Beta Services. Subscriber further acknowledges the importance of communication between WebEx and Subscriber during WebEx’s use of the Beta Services and hereby agrees to receive related correspondence and updates from WebEx. In the event Subscriber requests to opt-out from such communications, Subscriber’s participation in the Beta Services will also be canceled. Subscriber also hereby acknowledges that WebEx has not made any representations, promises or guarantees that the Beta Services will ever be announced or made available to anyone in the future and that WebEx has no express or implied obligation to Subscriber to announce or introduce the Beta Services. During the WebEx Beta program, Subscriber will be asked to provide feedback regarding Subscriber’s use of the Beta Service(s). Subscriber agrees that WebEx is free to use and incorporate into WebEx products and services any suggestions, ideas, recommendations, bug reports, or other feedback (including, but not limited to, feedback on any Beta Services) that Subscriber provides to WebEx without payment of compensation to Subscriber. WebEx may suspend or terminate access to Beta Services (and delete any Content or data provided to WebEx with respect to such Beta Service(s)) at any time, without notice and without any liability to Subscriber.

5. **Fee Adjustments.** WebEx may, upon at least forty-five (45) days prior written notice and effective at the end of the then-current Initial or Renewal Term, adjust the fees paid by Subscriber for the Services, provided that Subscriber shall have the option, within thirty (30) days of receiving such notice from WebEx, to either (i) modify the quantity or type of Services utilized by Subscriber by a mutual written amendment between the parties, or (ii) terminate the affected Order Forms upon written notice, either of which will become effective at the end of the then current Initial or Renewal Term.

6. **WebEx Training and Support.** Online training and online support will be provided by WebEx at no additional cost, and is specified in the service descriptions included on the applicable Order Form.

7. **Payment.** Subscriber will pay invoices for the Services when due, and in accordance with the Payment Terms set forth on the Order Form. WebEx reserves the right to charge interest at the lower of 1.5% per month or the highest rate permitted by law on any monthly payment (not being reasonably disputed by Subscriber) that is not received when due. Subscriber must notify WebEx in writing of any disputed fees within fifteen (15) days of the invoice date. WebEx may suspend the Services ten (10) business days following WebEx’s written notice to Subscriber that Subscriber’s payment of undisputed fees is ten (10) or more business days delinquent. Additionally, WebEx is entitled to recover any reasonable sums expended in connection with the collection of sums not paid when due. Subscriber shall pay all taxes (exclusive of taxes based on the net income of WebEx), levies, or charges imposed by any governmental authority of any kind whatsoever applicable to any of the materials, goods, Services or related components provided by WebEx to Subscriber.

8. **Term and Termination.**
   a. **Term and Termination of Order Forms.** The “Initial Term” of an Order Form will be for the number of months set forth on the Order Form, commencing on the date the Service is available for use by Subscriber. Each “Renewal Term” will begin at the end of the preceding (Initial or Renewal) Term and continue as set forth on the Order Form. Either party may terminate any Order Form at the end of any (Initial or Renewal) Term by providing the other party written notice of termination at least thirty (30) days prior to the end of such term.
   b. **Term and Termination of Agreement.** This Agreement will commence on the date Subscriber signs its first Order Form and may be terminated by written notice effective upon the termination of all of Subscriber’s Order Forms. Each party may terminate any Order Form(s) and/or this Agreement by written notice to the other party if the other party is in material breach of its obligations under this Agreement and such breach is not cured within thirty (30) days after written notice thereof from the terminating party.
   c. **Surviving Provisions.** The following provisions will survive the expiration or termination of this Agreement: Sections 7 and any payment provisions set forth in the Order Form (as to amounts due and owing as of this Agreement’s expiration or termination date), 9, 10, 11, and 12. Upon any termination of this Agreement, Subscriber must cease any further use of the Services and destroy any copies of associated software within its possession and control (to the extent not prohibited by applicable law).

9. **Subscriber Responsibilities.**
a. Account Number/Password. Except when Subscriber’s account number/password is obtained by a third party as a result of a material breach of WebEx’s physical or computer system security arising from circumstances within WebEx’s control, Subscriber agrees that Subscriber is solely responsible for the confidentiality of Subscriber’s username, account number and passwords and solely responsible for any unauthorized use. Subscriber agrees to immediately notify WebEx of any unauthorized use of Subscriber’s account of which Subscriber becomes aware.

b. Content. Except when Subscriber’s account is accessed by a third party as a result of a material breach of WebEx’s physical or computer system security arising from circumstances within WebEx’s control, Subscriber agrees that it is solely responsible for the content of all visual, written or audible communications, files, documents, videos, recordings, and any other material ("Content") displayed, posted, uploaded, stored, exchanged or transmitted on or through the Service. Under no circumstances will WebEx be liable to Subscriber for any loss or damages: (i) arising from any Content, or Content related errors or omissions; or (ii) incurred as a result of the use of, access to, or denial of access to the Content. Subscriber understands and agrees that by displaying, posting, uploading, storing, exchanging or transmitting Content while using the Services or otherwise providing Content to a WebEx website or space (“Site”), Subscriber automatically grants (and warrants and represents it has a right to grant) to WebEx, solely for the purpose of offering the Sites and/or the Services to Subscriber, a world-wide, royalty-free, sublicensable (so WebEx affiliates, contractors, resellers and partners can deliver the Services) license to use, modify, publicly perform, publicly display, reproduce and distribute the Content, during the course of this Agreement and any delivery of Services. If at any time Subscriber objects to any material on a Site, Subscriber’s sole remedy is to cease using it (to the extent not prohibited by applicable law). WebEx does not endorse and has no control over what Subscribers or other users of the Service ("Users") post or submit to a Site. Subscriber shall contact WebEx Customer Support at 866-229-3239 if Subscriber becomes aware of misuse of the Services by any person. WebEx cannot guarantee the accuracy of any information submitted by any User or Content, nor any identity information about any User. WebEx may without notice or liability investigate any complaints and violations or suspected violations of this Agreement that come to its attention and may take any action that it believes is appropriate, including, but not limited to, to rejecting, refusing to post or removing any profile, posting Content, or other data, or restricting, suspending, or terminating Subscriber or any User's access to a Site or Services. However, because situations and interpretations vary, WebEx also reserves the right not to take any action.

c. Communications. Subscriber agrees that Subscriber will not use the Services to send unsolicited email outside Subscriber’s company or organization (e.g., “spam”) in violation of applicable law, falsify any email header information when sending emails (e.g., “spoofing”), or attempt to acquire sensitive information such as usernames, passwords and credit card details by masquerading as a trustworthy entity (e.g., “phishing”). Subscriber further agrees not to use the Services to communicate any message or material that is harassing, libelous, threatening, obscene, or that would violate the intellectual property rights of any party, give rise to civil liability, constitute a criminal offense, or is otherwise unlawful under any applicable law or regulation. Subscriber agrees to indemnify, defend and hold harmless WebEx from any and all third party claims, liability, damages and/or costs (including, but not limited to, attorneys’ fees) arising from Subscriber’s violation of this Section 9.

d. Privacy. Subscriber acknowledges and agrees that WebEx acts as a passive conduit and it will not monitor or disclose Content, except as needed to provide the Services, as instructed by Subscriber, or as otherwise required by law. Use of the Sites and the Services constitutes consent by Subscriber to WebEx’s and/or its affiliates’ collection and use of such information and, for European Economic Area (EEA) customers, to the transfer of such information to a location outside the EEA, as well as to other countries deemed to have adequate data protection laws. Use of Sites and/or Services is also subject to the Cisco Systems, Inc. Terms of Use located at http://www.cisco.com/web/sites/assets/legal/privacy.html, which is incorporated into this Agreement by reference. The foregoing notwithstanding, WebEx may contact Subscriber via e-mail or otherwise with information relevant to Subscriber’s use of the Services and payment obligations, if any, regardless of whether Subscriber has opted out of receiving such notices. Subscriber also agrees to have Subscriber’s name and/or email address listed in the header of certain communications Subscriber initiates through the Services.

10. Warranty Disclaimer. SUBSCRIBER UNDERSTANDS AND AGREES THAT THE SERVICES, SITES, AND ANY ASSOCIATED SOFTWARE, ARE PROVIDED “AS IS” AND “AS AVAILABLE.” TO THE EXTENT NOT PROHIBITED BY APPLICABLE LAW, WEBEX, AND ITS SUPPLIERS, RESELLERS AND AFFILIATES, EXPRESSLY DISCLAIM ALL WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. WEBEX, AND ITS SUPPLIERS, RESELLERS AND AFFILIATES, MAKE NO WARRANTY OR REPRESENTATION REGARDING THE SERVICES, ANY INFORMATION, MATERIALS, GOODS OR SERVICES OBTAINED THROUGH THE SERVICES OR THE SITES, OR THAT THE SERVICES WILL MEET ANY SUBSCRIBER REQUIREMENTS, OR BE UNINTERRUPTED, TIMELY, SECURE OR ERROR FREE. Without limiting the foregoing, the Services are not designed or licensed for use in environments requiring fail-safe controls, including without limitation operation of nuclear facilities, aircraft navigation/communication systems, air traffic control, and life support or weapons systems, and WebEx, its suppliers, resellers and affiliates, specifically disclaim any express or implied warranty of fitness for such purposes.

11. Limitation of Liability. IN NO EVENT WILL WEBEX, OR ITS SUPPLIERS, RESELLERS OR AFFILIATES, BE LIABLE FOR ANY SPECIAL, INCIDENTAL, PUNITIVE, INDIRECT, EXEMPLARY OR CONSEQUENTIAL DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, PROCUREMENT OF SUBSTITUTE GOODS AND/OR SERVICES, OR ANY OTHER PECUNIARY LOSS) INCLUDING BUT NOT LIMITED TO CLAIMS ARISING OUT OF OR RESULTING FROM THE USE OF OR INABILITY TO USE THE SERVICES, THE SITE(S) OR ASSOCIATED SOFTWARE, WHETHER ARISING IN TORT (INCLUDING NEGLIGENCE), CONTRACT OR ANY OTHER LEGAL THEORY, EVEN IF WEBEX HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN ANY CASE, WEBEX’S (AND ITS SUPPLIERS’, RESELLERS’ AND AFFILIATES’) MAXIMUM CUMULATIVE LIABILITY AND SUBSCRIBER’S EXCLUSIVE REMEDY FOR ANY CLAIMS ARISING OUT OF OR RELATED TO THIS AGREEMENT WILL BE LIMITED TO THE AMOUNT ACTUALLY PAID BY SUBSCRIBER, IF ANY, FOR THE SUBSCRIPTION SERVICE FEES IN THE PREVIOUS TWELVE (12) MONTHS PRECEDING THE EVENT OR CIRCUMSTANCES GIVING RISE TO SUCH CLAIMS EVEN IF ANY REMEDIES FAIL OF THEIR ESSENTIAL PURPOSE. THIS LIMITATION IS CUMULATIVE AND NOT PER INCIDENT (I.E., THE EXISTENCE OF TWO OR MORE CLAIMS WILL NOT ENLARGE THIS LIMIT). Because some states and jurisdictions do not allow the exclusion or limitation of liability, the above limitation may not apply to Subscriber.

a. Proprietary Rights. Excluding Subscriber Marks and Content, WebEx and/or its suppliers, as applicable, retain ownership of all proprietary rights in the Services and Sites and in all trade names, trademarks, service marks, logos, and domain names (“WebEx Marks”) associated or displayed with the Services. Subscriber may not frame or utilize framing techniques to enclose any WebEx Marks, or other proprietary information (including
images, text, page layout, or form) of WebEx without WebEx's express written consent. Subscriber may not use any meta tags or any other "hidden text" utilizing WebEx Marks without WebEx's express written consent.

b. **Use of Subscriber's Name and Logo.** Subscriber agrees that WebEx may use Subscriber's name, logo and other trademarks or service marks of Subscriber (collectively "Subscriber's Trademarks") to create a co-branded Services website as part of delivery of the Services. Nothing in this Agreement transfers to WebEx any right, title or interest in or to the Subscriber's Trademarks, and all goodwill arising from use of the Subscriber's Trademarks will inure to the Subscriber's benefit.

c. **Copyright Policy.** Subscriber retains copyright and any other rights it already holds in Content which Subscriber submits, stores, posts or displays on or through, the Services. Subscriber may not post, store, modify, distribute, or reproduce in any way copyrighted material, trademarks, rights of publicity or other proprietary rights without obtaining the prior written consent of the owner of such proprietary rights. WebEx may deny access to the Sites or the Services to any User who is alleged to infringe another party's copyright. If Subscriber believes that WebEx or any of its affiliates or any user of WebEx has violated a copyright, please contact us at: DMCAgent@cisco.com for details on how to properly notify us of a potential copyright infringement or other intellectual property rights issue. In the event Subscriber's content is removed pursuant to this process, Subscriber will receive information on how to file a counter-notification. Notices and counter-notices are legal notices distinct from regular Service activities or communications. As such, they are not subject to WebEx's Privacy Policy. This means WebEx may publish or share them with third parties at WebEx's discretion, and WebEx may produce them pursuant to a legal discovery request.

d. **Assignment.** Neither party may assign or delegate their respective obligations under this Agreement either in whole or in part, without the prior written consent of the other party. Notwithstanding the foregoing, either party may assign their rights and obligations under this Agreement as the result of a merger, consolidation, acquisition or the sale of all or substantially all of the assets of the assigning party and WebEx may assign its rights and delegate its obligations in whole or in part to an affiliate. Either party may terminate this Agreement upon ten (10) days notice, if the assignee can be reasonably considered a competitor of the non-assigning party.

e. **Interpretation and Conflicting Terms.** This Agreement will be interpreted fairly in accordance with its terms and without any strict construction in favor of or against either party. This Agreement has been prepared in the English Language and such version shall be controlling in all respects and any non-English version of this Agreement is solely for accommodation purposes. This Agreement, including all Attachments and Service-specific Supplemental Terms (if any), constitutes the entire agreement between the parties with respect to the subject matter hereof, and supersedes and replaces all prior or contemporaneous understandings or agreements, written or oral, regarding such subject matter. To the extent that any provision of this Agreement and any Order Form conflict, the terms of the Order Form shall control. However, WebEx and Subscriber shall not be bound by terms additional to or different from those in this Agreement that appear in Subscriber's or WebEx's acknowledgements, purchase orders, quotations, prior understandings, or in any other communications between the parties, unless such terms are expressly agreed to by amendment to this Agreement, and are executed by both Subscriber and WebEx.

f. **Force Majeure.** Neither party will be responsible for failure of performance due to causes beyond its control. Such causes include (without limitation) accidents, acts of God, labor disputes, actions of any government agency, shortage of materials, acts of terrorism, or the stability or availability of the Internet or a portion thereof.

g. **Waivers.** The waiver of any one breach, default or right granted under this Agreement will not constitute the waiver of any subsequent breach, default or right granted. Any provision of this Agreement held to be illegal or unenforceable will be deemed amended to conform to applicable laws or regulations, or if it cannot be so amended without materially altering the intention of the parties, it will stricken and the remainder of this Agreement will continue in full force and effect.

h. **Use of the Services.** Subscriber may use the Services only as permitted under the terms and conditions of this Agreement or other written agreements between Subscriber and WebEx. Subscriber will not resell, distribute, use on a timeshare or service bureau basis, or otherwise directly or indirectly generate income from the Services. Subscriber will not modify, make derivative works of, disassemble, decompile or reverse engineer the Sites, Services or any component thereof (except to the extent expressly permitted by law). For meeting Services, Subscriber may use the Services only for sessions or meetings in which an active participant.

i. **Software.** Subscriber may be required to download and install WebEx software ("Software"). In that event, WebEx agrees to provide Subscriber with a limited, personal, non-exclusive, non-transferable, non-sublicensable license to use the Software in accordance to the terms of this Agreement. Subscriber may not use the Software for anything other than as intended by WebEx in connection with Subscriber's use of the Services. Subscriber may not use the Software with any device, program or service designed to circumvent technological measures employed to control access to, or the rights in, a content file or other work protected by copyright laws. All rights not expressly granted by WebEx are hereby reserved. Subscriber agrees not to take any action to interfere with WebEx's or its supplier's ownership of or rights in the Software. Subscriber agree that, unless otherwise permitted in this license or by law, Subscriber will not: (i) reproduce, republish, display, frame, download, distribute, or transmit the Software; (ii) to the extent permitted under applicable law redistribute, encumber, sell, rent, lease, loan, sublicense, assign, or otherwise transfer rights to the Software; (iii) modify or create any derivative works based on the Software, including customization, translation, or localization; (iv) copy, reproduce, reuse in another product or service, modify, alter, or display in any manner any software or files, or parts thereof, included as part of the Software; (v) except to the extent expressly permitted by law, decompile, disassemble, reverse engineer, or otherwise attempt to derive the source code of the Software, or in any way ascertain, decipher, or obtain the communications protocols for accessing the Software, or the underlying ideas or algorithms of the Software; (vi) create or use any software other than as authorized by WebEx to access the Software; (vii) attempt to gain unauthorized access to the Software or to any account, application, platform, computer system or network associated with the Software; (viii) use the Software in any way that violates this Agreement, or any other agreements between Subscriber and WebEx or its affiliates, or any law; and (ix) remove or alter any trademark, logo, copyright or other proprietary notices, legends, symbols or labels in or on the Software or associated with the Services.

j. **Legal Compliance.** Subscriber agrees that Subscriber will comply with all applicable laws and regulations in connection with Subscriber's use of the Services, including, but not limited to: (a) with respect to personally identifiable information sent or received by Subscriber, all applicable privacy laws and regulations, (b) laws relating to the recording of communications, including, when required, advising all participants in a recorded WebEx meeting or event that the meeting or event is being recorded, and (c) laws relating to the use of VoIP-based services, if applicable. It is the sole responsibility of Subscriber to ensure it has the right to use all features of the Services in Subscriber's jurisdiction. WebEx may modify or not make available Services or Service features to comply with applicable laws and regulations. Subscriber represents that Subscriber is not an individual less
than 18 years of age, or an emancipated minor, or over the age of 13 and possess legal parental or guardian consent to register for and use the Sites and Services. WebEx products, technology and the Services are subject to U.S. and local export control laws and regulations. Subscriber shall comply with such laws and regulations governing use, export, reexport, and transfer of products, technology and Services and will obtain all required U.S. and local authorizations, permits, or licenses. Subscriber certifies that Subscriber and any third parties Subscriber invites will not use the Service from within an embargoed country. Subscriber certifies that they are not on the U.S. Department of Commerce’s Denied Persons List or affiliated lists, on the U.S. Department of Treasury’s Specially Designated Nationals List or on any U.S. Government export exclusion lists. The export obligations under this clause shall survive the expiration or termination of this Agreement.

k. **Governing Law.** Subscriber’s use of the Services is subject to Subscriber entering into the Agreement with the WebEx entity specified below based on where Subscriber or its business is located. Choice of law and the location for resolving disputes with such WebEx entity for Subscriber’s region/country is also specified below. The validity, interpretation, and performance of this Agreement shall be controlled by and construed under those applicable laws.

i. For North America and South America, the WebEx entity is Cisco WebEx LLC. The websites for this region are webex.com (US and Canada), webex.com.mx (for Latin America) and webex.com.br (for Brazil). Governing law for this region is the laws of the State of California, United States of America, as if performed wholly within the state and without giving effect to the principles of conflicts of law. The State and Federal courts of California shall have exclusive jurisdiction over any claim.

ii. For Europe, Africa and the Middle East, the following shall apply. For the United Kingdom, the WebEx entity is WebEx Communications UK, Ltd. and the website is webex.co.uk. For France, the WebEx entity is WebEx Communications France SARL and the website is webex.co.fr. For Germany, the WebEx entity is WebEx Communications Deutschland GmbH and the website is webex.co.de. For the rest of Europe, Africa and the Middle East, the WebEx entity is WebEx Communications B.V. and the websites vary by location, please check webex.com for links to specific local country websites, including webex.es (for Spain). Governing law for these regions/countries is the laws of England. The English Courts shall have exclusive jurisdiction over any claim arising under this Agreement. No person who is not a party to this Agreement shall be entitled to enforce or take the benefit of any of its terms under the Contracts (Rights of Third Parties) Act 1999.

iii. For Japan, the WebEx entity is WebEx Communications Japan, K.K. The website for Japan is webex.co.jp. Governing law is the laws of Japan. The Tokyo District Court shall have exclusive jurisdiction over any claim arising under this Agreement. iv. For Australia, New Zealand, Oceania, China, India and the rest of Asia, the following shall apply. For Australia, New Zealand and Oceania, the WebEx entity is WebEx Australia Pty Ltd. and the website is webex.com.au. For India, the WebEx entity is WebEx Communications India Private Limited and the website is webex.co.in. For China, the WebEx entity is WebEx (China) Software Ltd. Co. and the website is webex.com.cn. For the rest of Asia, the WebEx entity is WebEx Asia Limited and the websites include webex.com.hk (for Hong Kong) and webex.co.kr (for South Korea). Governing law for these regions/countries is the laws of the State of New South Wales, Australia, as if performed wholly within the state and without giving effect to the principles of conflicts of law. The State and Federal Courts of New South Wales shall have exclusive jurisdiction over any claim arising under this Agreement.

v. Notwithstanding the foregoing, either party shall at all times have the right to commence proceedings in any other court of its choice for interim injunctive relief in the event of threatened or actual breach of intellectual property rights. vi. The parties specifically disclaim the application of the UN Convention on Contracts for the International Sale of Goods to the interpretation or enforcement of this Agreement.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Citrix Systems, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1982 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3301 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the
clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All and terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it co

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited right to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A**

**CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**CITRIX SYSTEMS, INC.**

1. **GRANT OF LICENSE.** This PRODUCT contains software that provides services on a computer called a server (“Server Software”) and contains software that allows a computer to access or utilize the services provided by the Server Software (“Client Software”). This PRODUCT is licensed under a concurrent user, user, or device model. For purposes of this license, i) “ Concurrent User” is single client device connected to the Server.
Software; ii) "User" is an individual authorized by Ordering Activity to use any device(s) to access instances of the Server Software through Ordering Activity's assignment of a single user ID, regardless of whether or not the individual is using the PRODUCT at any given time; and iii) a "Device" is a device authorized by Ordering Activity to be used by any individual(s) to access instances of the Server Software (locally or over a network) through Ordering Activity's assignment of the device identity to a Device log, regardless of whether or not the device is being used at any given time. Server Software is activated by licenses that allow use of the Server Software in increments defined by the license model ("Licenses"). Under this license model, Ordering Activity may develop and market new or different computer programs or editions of the Software; iii) "Device" is a device authorized by Ordering Activity to be used by any individual(s) to access instances of the Server Software (locally or over a network) through Ordering Activity's assignment of the device identity to a Device log, regardless of whether or not the device is being used at any given time. Server Software is activated by licenses that allow use of the Server Software in increments defined by the license model ("Licenses"). Under this license model, Ordering Activity may develop and market new or different computer programs or editions of the Software.

Ordering Activity acknowledge that CONTRACTOR may develop and market new or different computer programs or editions of the Software. Unused Incidents and other entitlements expire at the end of each annual term. An Incident may require multiple telephone calls and offline research to achieve final resolution. The management of the issue will occur only if the issue is reproducible and severe. A, an Update shall mean a generally available release of the same SOFTWARE. To extend an Annual License, Ordering Activity must acquire and assign a License to each User or Device that accesses Ordering Activity's instances of the Server Software directly or indirectly, frequently or infrequently. Client Software is not activated by Licenses but will not operate in conjunction with the Server Software without the Server Software being activated. Licenses for other CITRIX PRODUCTS or other editions of the same PRODUCT may not be used to increase the allowable use for the PRODUCT. Licenses are version specific for the PRODUCT. They must be the same version or later than the Server Software being accessed. CONTRACTOR grants to Ordering Activity the following worldwide, non-exclusive rights to the Server Software and Client Software and accompanying documentation (collectively called the "SOFTWARE"):

a. Server Software. Ordering Activity may install and use the Server Software on one or more computers ("Server(s)"). Each License may be installed and used on a single license server within Ordering Activity's production environment and a single license server within Ordering Activity's disaster recovery environment. The Server Software may be used only to support up to the allowable number of Concurrent Users, Users or Devices based on Ordering Activity's total purchases of Licenses. Ordering Activity may use the Server Software to provide application services to third parties ("Hosting"). Each License that is installed in both a production and disaster recovery environment may be used only in one of the environments at any one time, except for duplicate use during routine testing of the disaster recovery environment. If Ordering Activity purchased the Enterprise or Platinum editions of this PRODUCT, each License may be used only to support use of any one or more of the edition features for the same Concurrent User, User or Device. Ordering Activity's use of Application Streaming to include with XenApp is limited to support of Concurrent Users, Users or Devices using XenApp hosted applications, and not other users Ordering Activity's use of EasyCall voice services included with XenApp is limited to support of Concurrent Users, Users or Devices using XenApp hosted applications, and not other users. Ordering Activity's use of Profile management included with XenApp Enterprise or Platinum Edition is limited to support of Concurrent Users, Users or Devices using XenApp Enterprise and Platinum Edition applications, and not other users. Ordering Activity's use of Provisioning services included with the XenApp Edition is limited to provisioning the XenApp Edition workload. Ordering Activity's use of Single Sign-On with XenApp Enterprise Edition is limited to support of Concurrent Users, Users or Devices using XenApp Enterprise hosted applications, and not other users. If multiple Licenses are delivered for the various features of the edition, they should be treated as a single License. If Ordering Activity received this PRODUCT as a component of XenDesktop Enterprise or Platinum Edition, the Server Software may be used either to provide presentation services to physical or virtual machines running in the XenDesktop environment or directly to client devices.

b. Client Software. Under the Concurrent User or User model, the Client Software may be installed and used on an unlimited number of client devices. Under the Device Model, the Client Software may be installed and used only on Devices. Ordering Activity may use Client Software only to access instances of the Server Software.

c. Perpetual License. If the SOFTWARE is "Perpetual License SOFTWARE," the SOFTWARE is licensed on a perpetual basis and includes the right to receive Subscription Advantage (as defined in Section 2 below).

d. Annual License. If the SOFTWARE is "Annual License SOFTWARE," Ordering Activity's license is for one (1) year and includes the right to receive Updates for that period (but not under Subscription Advantage as defined in Section 2 below). For the purposes of this ATTACHMENT A, an Update shall mean a generally available release of the same SOFTWARE. To extend an Annual License, Ordering Activity must purchase and install an additional Annual License prior to the expiration of the current Annual License. Note that if a new Annual License is not purchased and installed, Annual SOFTWARE disables itself upon the expiration of the then-current Annual License period.

e. Archive Copy. Ordering Activity may make one (1) copy of the SOFTWARE in machine-readable form solely for backup purposes, provided that Ordering Activity reproduce all proprietary notices on the copy.

2. SUBSCRIPTION RIGHTS. Ordering Activity's subscription for the SOFTWARE ("Subscription") shall begin on the date the Licenses are delivered to Ordering Activity by email. Should Licenses be delivered to Ordering Activity on a tangible license card, Subscription shall instead begin on the date Ordering Activity request that the Licenses be allocated to Ordering Activity through mycitrix.com. Subscription shall continue for a one (1) year term subject to Ordering Activity's purchase of annual renewals (the "Subscription Term"). During the initial or a renewal Subscription Term, CONTRACTOR may, from time to time, generally make Updates available for licensing to the public. Upon general availability of Updates during the Subscription Term, CONTRACTOR shall provide Ordering Activity with Updates for covered Licenses. Any such Updates so delivered to Ordering Activity shall be considered SOFTWARE under the terms of this ATTACHMENT A, except they are not covered by the Limited Warranty applicable to SOFTWARE, to the extent permitted by applicable law. Subscription Advantage may be purchased for the SOFTWARE until it is no longer offered in accordance with the CITRIX PRODUCT Support Lifecycle Policy posted at www.citrix.com. This website reference is for informational purposes only.

Ordering Activity acknowledge that CONTRACTOR may develop and market new or different computer programs or editions of the SOFTWARE that use portions of the SOFTWARE and that perform all or part of the functions performed by the Server Software. Ordering Activity may develop and market new or different computer programs or editions of the SOFTWARE. Unused Incidents and other entitlements expire at the end of each annual term. An Incident may require multiple telephone calls and offline research to achieve final resolution. The management of the issue will occur only if the issue is reproducible and severe. A, an Update shall mean a generally available release of the same SOFTWARE. To extend an Annual License, Ordering Activity must purchase and install an additional Annual License prior to the expiration of the current Annual License. Note that if a new Annual License is not purchased and installed, Annual SOFTWARE disables itself upon the expiration of the then-current Annual License period.

Ordering Activity acknowledge that CONTRACTOR may develop and market new or different computer programs or editions of the SOFTWARE that use portions of the SOFTWARE and that perform all or part of the functions performed by the SOFTWARE. Nothing contained in this ATTACHMENT A shall give Ordering Activity any rights with respect to such new or different computer programs or editions. Ordering Activity also acknowledge that CONTRACTOR is not obligated under this ATTACHMENT A to make any Updates available to the public. Any deliveries of Updates shall be Ex Works CITRIX (Incoterms 2000).

3. SUPPORT. Ordering Activity may buy SUPPORT for the SOFTWARE. SUPPORT shall begin on the date of SUPPORT activation by CONTRACTOR THROUGH CITRIX and shall run for a one (1) year term subject to Ordering Activity's purchase of annual renewals. SUPPORT is sold including various combinations of Incidents, technical contacts, coverage hours, geographic coverage areas, technical relationship management coverage and infrastructure assessment options. An "Incident" is defined as a single SUPPORT issue and reasonable effort(s) needed to resolve it. An Incident may require multiple telephone calls and offline research to achieve final resolution. The Incident severity will determine the response levels for the SOFTWARE. Unused Incidents and other entitlements expire at the end of each annual term. SUPPORT may
be purchased for the SOFTWARE until it is no longer offered in accordance with the CITRIX PRODUCT Support Lifecycle Policy posted at www.citrix.com. This website reference is for informational purposes only. SUPPORT will be provided remotely from CONTRACTOR THROUGH CITRIX to your locations. Where on-site visits are mutually agreed, Ordering Activity will be billed for reasonable travel and living expenses in accordance with Ordering Activity’s travel policy. CONTRACTOR THROUGH CITRIX’ performance is predicated upon the following responsibilities being fulfilled by Ordering Activity: (i) Ordering Activity will designate a Customer Support Manager (“CSM”) who will be the primary administrative contact; (ii) Ordering Activity will designate Named Contacts (including a CSM), preferably each CITRIX certified, and each Named Contact (excluding CSM) will be supplied with an individual service ID number for contacting SUPPORT; (iii) Ordering Activity agree to perform reasonable problem determination activities and to perform reasonable problem resolution activities as suggested by CONTRACTOR THROUGH CITRIX. Ordering Activity agrees to cooperate with such requests; (iv) Ordering Activity is responsible for implementing procedures necessary to safeguard the integrity and security of SOFTWARE and data from unauthorized access and for reconstructing any lost or altered files resulting from catastrophic failures; (v) Ordering Activity is responsible for procuring, installing, and maintaining all equipment, telephone lines, communications interfaces, and other hardware at Ordering Activity’s site and providing CONTRACTOR THROUGH CITRIX with access to Ordering Activity’s facilities and systems required to operate the SOFTWARE and perform the service called for by this ATTACHMENT A; and (vi) Ordering Activity is required to implement all currently available and applicable hotfixes, hotfix rollout packs, and service packs or their equivalent to the SOFTWARE in a timely manner. CONTRACTOR THROUGH CITRIX is not required to provide any SUPPORT relating to problems arising out of: (i) Ordering Activity’s customization to the operating system or environment that adversely affects the SOFTWARE; (ii) any alterations or additions to the SOFTWARE performed by parties other than CONTRACTOR THROUGH CITRIX; (iii) use of the SOFTWARE on a processor and peripherals other than the processor and peripherals for which such SOFTWARE was designed and licensed for use on; or (iv) SOFTWARE that has reached End-of-Life. In situations where CONTRACTOR THROUGH CITRIX cannot provide a satisfactory resolution to Ordering Activity’s critical problem through normal SUPPORT methods, CONTRACTOR THROUGH CITRIX may engage its product development team to create a private fix. Private fixes are designed to address Ordering Activity’s specific situation and may not be distributed by Ordering Activity outside Ordering Activity’s organization without written consent from CONTRACTOR. CONTRACTOR retains all right, title, and interest in and to all private fixes. Any hotfixes or private fixes are not SOFTWARE under the terms of this ATTACHMENT A and they are not covered by the Limited Warranty applicable to SOFTWARE, to the extent permitted by applicable law. With respect to infrastructure assessments or other consulting services, all intellectual property rights in all reports, preexisting works and derivative works of such preexisting works, as well as installation scripts and other deliverables and developments made, conceived, created, discovered, invented, or reduced to practice in the performance of the assessment are and shall remain the property of CONTRACTOR, subject to a worldwide, nonexclusive License to Ordering Activity for internal use.

4. DESCRIPTION OF OTHER RIGHTS, LIMITATIONS, AND OBLIGATIONS. Unless expressly permitted by applicable law, Ordering Activity may not transfer, rent, timeshare, or lease the SOFTWARE. Under the User or Device model, Ordering Activity may permanently reassign a License from one User to another or from one Device to another, and Ordering Activity may temporarily assign a License to a temporary worker while the User is absent or a License to a loaner device while the Device is out of service. If Ordering Activity purchased Licenses for the SOFTWARE to replace other CITRIX Licenses for other CITRIX SOFTWARE and such replacement is a condition of the transaction, Ordering Activity agrees to destroy those other CITRIX Licenses and retain a copy after installation of the new Licenses and SOFTWARE. Ordering Activity shall provide the serial numbers of such replaced Licenses and corresponding replacement Licenses to the reseller, and upon request, directly to CONTRACTOR for license tracking purposes. Except as specifically licensed herein, Ordering Activity may not modify, translate, reverse engineer, decompile, disassemble, create derivative works based on, or copy (except for backup as permitted above) the SOFTWARE, except to the extent such foregoing restriction is expressly prohibited by applicable law. Ordering Activity may not remove any proprietary notices, labels, or marks on any SOFTWARE. Notwithstanding the foregoing, this ATTACHMENT A shall not prevent or restrict Ordering Activity from exercising additional or different rights to any free, open source code, documentation and materials contained in or provided with the SOFTWARE in accordance with the applicable free, open source license for such code, documentation, and materials.

ORDERING ACTIVITY MAY NOT USE, COPY, MODIFY, OR TRANSFER THE SOFTWARE OR ANY COPY IN WHOLE OR IN PART, OR GRANT ANY RIGHTS IN THE SOFTWARE OR ACCOMPANYING DOCUMENTATION, EXCEPT AS EXPRESSLY PROVIDED IN THIS ATTACHMENT A. ALL RIGHTS NOT EXPRESSLY GRANTED ARE RESERVED BY CONTRACTOR OR ITS SUPPLIERS.

5. LIMITED WARRANTY AND DISCLAIMER. CONTRACTOR warrants that for a period of ninety (90) days from the date of delivery of the SOFTWARE to Ordering Activity, the SOFTWARE will perform substantially in accordance with the CITRIX PRODUCT documentation published by CITRIX and included with the PRODUCT. CONTRACTOR and its suppliers’ liability and Ordering Activity’s remedy under this warranty (which is subject to Ordering Activity returning the SOFTWARE to CONTRACTOR or an authorized reseller) will be, at the option of CONTRACTOR and subject to applicable law, to replace the media and/or SOFTWARE or to refund the purchase price and terminate this ATTACHMENT A. CONTRACTOR will provide the SUPPORT requested by Ordering Activity in a professional and workmanlike manner, but CONTRACTOR cannot guarantee that every question or problem raised by Ordering Activity will be resolved or resolved in a certain amount of time. TO THE EXTENT PERMITTED BY APPLICABLE LAW AND EXCEPT FOR THE ABOVE LIMITED WARRANTY FOR SOFTWARE, CONTRACTOR AND ITS SUPPLIERS MAKE AND ORDERING ACTIVITY RECEIVE NO WARRANTIES OR CONDITIONS, EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE; AND CONTRACTOR AND ITS SUPPLIERS SPECIFICALLY DISCLAIM WITH RESPECT TO SOFTWARE, UPDATES, SUBSCRIPTION ADVANTAGE, AND SUPPORT ANY CONDITIONS OF QUALITY, AVAILABILITY, RELIABILITY, SECURITY, LACK OF VIRUSES, BUGS, OR ERRORS, AND ANY IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF TITLE, QUIET ENJOYMENT, QUIET POSSESSION, MERCHANTABILITY, NONINFRINGEMENT, OR FITNESS FOR A PARTICULAR PURPOSE. THE SOFTWARE IS NOT DESIGNED, MANUFACTURED, OR INTENDED FOR USE OR DISTRIBUTION WITH ANY EQUIPMENT THE FAILURE OF WHICH COULD LEAD DIRECTLY TO DEATH, PERSONAL INJURY, OR SEVERE PHYSICAL OR ENVIRONMENTAL DAMAGE. ORDERING ACTIVITY ASSUMES THE RESPONSIBILITY FOR THE SELECTION OF THE SOFTWARE AND HARDWARE TO ACHIEVE ORDERING ACTIVITY’S INTENDED RESULTS, AND FOR THE INSTALLATION OF, USE OF, AND RESULTS OBTAINED FROM THE SOFTWARE AND HARDWARE.

6. PROPRIETARY RIGHTS. No title to or ownership of the SOFTWARE is transferred to Ordering Activity. CONTRACTOR and/or its licensors own and retain all title and ownership of all intellectual property rights in and to the SOFTWARE, including any/adaptations or copies. Ordering Activity acquires only a limited License to use the SOFTWARE.

Software” and that the use, duplication, and disclosure of the SOFTWARE by the U.S. Government or any of its agencies is governed by, and is subject to, all of the terms, conditions, restrictions, and limitations set forth in this ATTACHMENT A. In the event that, for any reason, Sections 12.212, 227.7202-1 or 227.7202-3 are deemed not applicable, Ordering Activity hereby acknowledge that the Government’s right to use, duplicate, or disclose the SOFTWARE are “Restricted Rights” as defined in 48 CFR Section 52.227-19(c)(1) and (2) (June 1987), or DFARS 252.227-7014(a)(14) (June 1995), as applicable. Manufacturer is Citrix Systems, Inc., 851 West Cypress Creek Road, Fort Lauderdale, Florida, 33309.

EXHIBIT A – ORDERING ACTIVITY RETURN POLICY

Limited Warranty. Contractor warrants to Ordering Activity for each Product that the Hardware delivered as part of an Appliance shall be free from defects in material and workmanship in normal use for a period of one (1) year from the date of purchase. Ordering Activity’s remedy and the liability of Contractor, its licensors, and suppliers under this warranty. This warranty extends only to the original Ordering Activity and may not be assigned. Ordering Activity’s remedy and the liability of Contractor, its licensors and suppliers under this limited warranty (which is subject to Ordering Activity returning the Hardware to Contractor or an authorized reseller) will be, at the discretion of Contractor, to replace the Hardware or refund the purchase price. This warranty does not cover any loss or damage which occurs in shipment or which is due to any of the following: (1) improper installation, maintenance, adjustment, repair or modification by Ordering Activity or a third party; (2) misuse, neglect, or any other cause other than ordinary use, including without limitation, accidents or acts of God; (3) improper environment, excessive or inadequate heating or air conditioning, electrical power failures, surges, or other irregularities; or (4) third party software or software drivers. Ordering Activity’s maintenance agreement as detailed in Exhibit B hereunder with Contractor will superseded this Ordering Activity Return Policy.

Warranty Returns. Ordering Activity may return to Contractor through Citrix any defective Product subject to the limited warranty above. Prior to such return, Ordering Activity shall verify that the Product is defective and shall obtain from Citrix a Return Material Authorization ("RMA") number. Ordering Activity shall request each RMA number from Citrix in accordance with Citrix’s RMA procedures including providing the part number, serial number and reason for return, an explanation of all failure symptoms and other relevant information. Citrix shall use commercially reasonable efforts to send to Ordering Activity an RMA form and RMA number within five (5) business days of Ordering Activity’s request. Within five (5) business days after receiving an RMA number for the Product, Ordering Activity shall package the Product in its original packing material or equivalent, write the RMA number on the outside of the package and return the Product, at Contractor’s cost, shipped properly insured, freight prepaid, DDP (Incoterms 2000) Citrix’s designated facility. Ordering Activity shall reserve the returned Product the applicable RMA form, and any other documentation or information requested by Citrix. Ordering Activity shall assume any and all risk of loss of or damage to the Product during shipping. Ordering Activity may elect to repair or replace the Product using new or reconditioned parts (of better or equivalent quality) at Citrix’s discretion, and shall pay the shipping costs to return the Product to the location from which it was returned by Ordering Activity. Any Product that has been returned, but that Citrix determines not to be defective, or that is not otherwise covered under the limited warranty above, shall be returned to Ordering Activity at Ordering Activity’s expense and risk. Title to any Product returned under warranty shall at all times remain with Ordering Activity unless and until Citrix either replaces the Product or pays Ordering Activity the Price of the Product in lieu of repair or replacement, at which time title shall pass to Citrix. The warranty period for any repaired or replaced Product shall be the longer of (a) ninety (90) calendar days from Citrix’s return shipment of the Product or (b) the original warranty period for the Product. Citrix shall not be responsible for any software, firmware, information, memory, data or the like of Ordering Activity or other’s contained in, stored on or integrated with any Product returned to Citrix for repair, whether or not under warranty.

EXHIBIT B – CITRIX APPLIANCE MAINTENANCE & TECHNICAL SUPPORT

1. SERVICES PROVIDED BY CITRIX.

Contractor through Citrix offers a range of maintenance programs for its Products (including standard Products and optional Products) as described below and as summarized in the below Citrix Appliance Maintenance Program Overview (the “Program Overview”). Ordering Activity shall be entitled to receive the following services to the extent Ordering Activity has ordered and paid in full the Annual GSA Fee for the applicable service. Ordering Activity must purchase maintenance services for its optional Products where Ordering Activity has maintenance services in place for the corresponding standard Product. Ordering Activity may purchase maintenance services for its optional Products only where it has maintenance services in place for the corresponding standard Product. Ordering Activity may also purchase optional installation and/or consulting services as offered by Contractor through Citrix.

Extended hardware Warranty D includes the following:

Except as otherwise provided in this Attachment A, Contractor warrants to Ordering Activity that the Hardware (as defined below) shall be free from material defects in materials and workmanship during the term of this Attachment A. Contractor’s liability and Ordering Activity’s remedy under this warranty shall be limited to repair or replacement of, or refund of the price paid for, the non-conforming Product at Contractor’s option. For purposes of this Attachment A, “Hardware” shall mean that portion of the Product that is not the Software. For purposes of this Attachment A, “Software” shall mean the Product software, in machine-readable form, and accompanying user documentation licensed to Ordering Activity by Contractor pursuant to an applicable purchase order between Ordering Activity and Contractor for such license.

Software Subscription Service D includes the following:

Software Updates.

Ordering Activity’s subscription for Software (“Subscription Advantage”) shall be effective during the term of this Attachment A, subject to Ordering Activity’s purchase of annual renewals (the “Subscription Term”). During the Subscription Term, Contractor may, from time to time, generally make Updates available for licensing to the public. For the purposes of this Attachment A, an Update shall mean a generally available release of the same Software. Upon general availability of Updates during the Subscription Term, Ordering Activity may obtain Updates by downloading the Update from Contractor through Citrix’s server via the Internet. Any such Updates so delivered to Ordering Activity shall be considered Software under the terms of this Attachment A, except they are not covered by the Limited Warranty applicable to Software, to the extent permitted by applicable law. Subscription Advantage may be purchased for the Software until it is no longer offered in accordance with the Citrix Product Support Lifecycle Policy posted at www.citrix.com. This website reference is for informational purposes only.

Ordering Activity acknowledges that Contractor through Citrix may develop and market new or different computer programs or editions of the Software that use portions of the Software and that perform all or part of the functions performed by the Software. Nothing contained in this Attachment A shall give Ordering Activity any rights with respect to such new or different computer programs or editions. Ordering Activity also acknowledge that Contractor

is not obligated under this Attachment A to make any Updates available to the public. Any deliveries of Updates shall be Ex Works Citrix (Incoterms 2000).

**Bronze/Silver/Gold Maintenance**

**Bronze Maintenance** includes all of the services set forth above under Extended Warranty Program and Software Subscription Service, plus each of the following:

**Telephone Support.** During the term of this Attachment A, Contractor through Citrix shall provide Ordering Activity technical telephone support for the Product through the Citrix support line during designated business hours. Citrix Appliance Support Coverage hours are indicated in the Program Overview. Citrix support technicians shall only be obligated to respond to Ordering Activity’s designated contacts.

**Support Service Level.** Contractor through Citrix shall respond within twenty four (24) hours of receiving an inquiry from Ordering Activity if received during a business day (or if received on a day other than a business day, within twenty four (24) hours of the opening of business on the succeeding business day) regarding use or installation of the Product, and use diligent efforts to answer questions and resolve problems.

**Returns.** During the term of this Attachment A, Ordering Activity shall have the right to return to Contractor through Citrix any defective Product subject to the limited warranty set forth in the Extended Warranty Program above. Prior to such return, Ordering Activity shall verify that said Product is defective and shall obtain from Citrix a Return Material Authorization (“RMA”) number. Ordering Activity shall request each RMA number from Citrix in accordance with Citrix’s RMA procedures including providing the part number, serial number, quantity and reason for return, an explanation of all failure symptoms and other relevant information. Citrix shall ship via a recognized express courier service a replacement Product to Ordering Activity no later than ten (10) business days after Citrix’s issuance of an RMA number (or longer in countries where regulation requires export approval documentation in advance of RMA shipment). The replacement Product may be a new or reconditioned Product (of better or equivalent quality) at Citrix’s discretion. Citrix shall pay the shipping costs to ship the replacement Product to Ordering Activity. Within five (5) business days after Citrix issues an RMA number for the defective Product, Ordering Activity shall package said Product in its original packing material or equivalent, write the RMA number on the outside of the package and return said Product, at Ordering Activity’s cost, shipped properly insured, freight prepaid, DDP (Incoterms 2000) Citrix’s designated facility. Ordering Activity shall enclose with the returned Product the applicable RMA form, and any other documentation or information requested by Citrix. Citrix shall assume any and all risk of loss of or damage to such Product during shipping. Title to the defective Product shall pass to Citrix upon Citrix’s receipt thereof. When a replacement Product is provided and Ordering Activity fails to return the defective Product to Citrix within ten (10) business days after Citrix issues an RMA number for the defective Product, Contractor may charge Ordering Activity, and Ordering Activity shall pay for the replacement Product at the then current GSA price. The warranty period of any replacement Product shall be the longer of (a) ninety (90) calendar days from Citrix’s shipment of said Product or (b) the remainder of the applicable warranty period for said Product pursuant to the Extended Warranty Program.

**Silver Maintenance** includes all of the services set forth above under Extended Warranty Program and Software Subscription Service plus each of the following:

**Telephone Support.** During the term of this Attachment A, Contractor through Citrix shall provide Ordering Activity technical telephone support for the Product through the Citrix support line during designated business hours. Citrix Appliance Support Coverage hours are indicated in the Program Overview. Citrix support technicians shall only be obligated to respond to Ordering Activity’s designated contacts.

**Support Service Level.** Contractor through Citrix shall respond within twelve (12) hours of receiving an inquiry from Ordering Activity if received during a business day (or if received on a day other than a business day, within twelve (12) hours of the opening of business on the succeeding business day) regarding use or installation of the Product, and use diligent efforts to answer questions and resolve problems.

**Returns.** During the term of this Attachment A, Ordering Activity shall have the right to return to Contractor through Citrix any defective Product subject to the limited warranty set forth in the Extended Warranty Program above pursuant to the Advance Return provisions set forth below.

**Gold Maintenance** includes all of the services set forth above under Extended Warranty Program and Software Subscription Service plus each of the following:

**Telephone Support.** During the term of this Attachment A, Contractor through Citrix shall provide Ordering Activity technical telephone support for the Product through the Citrix support line twenty-four (24) hours per day, three hundred sixty-five (365) days per year. Citrix’s support technician shall only be obligated to respond to Ordering Activity’s designated contacts.

**Support Service Level.** Contractor through Citrix shall respond within two (2) hours of receiving an inquiry from Ordering Activity regarding use or installation of the Product, and use diligent efforts to answer questions and resolve problems.

**Returns.** During the term of this Attachment A, Ordering Activity shall have the right to return to Contractor through Citrix any defective Product subject to the limited warranty set forth in the Extended Warranty Program above pursuant to the Advance Return provisions set forth below.

**Advance Return**

Prior to any return as to which Advance Return applies, Ordering Activity shall first verify that said Product is defective and shall obtain from Contractor through Citrix a Return Material Authorization (“RMA”) number. Ordering Activity shall request each RMA number from Citrix in accordance with Citrix’s RMA procedures including providing the part number, serial number, quantity and reason for return, an explanation of all failure symptoms and other relevant information. Citrix shall ship via a recognized express courier service a replacement Product to Ordering Activity no later than one (1) business day after Citrix’s issuance of an RMA number, except in countries where regulation requires export approval documentation in advance of RMA shipment (current list shown in the table below). The replacement Product may be a new or reconditioned Product (of better or equivalent quality) at Citrix’s discretion. Citrix shall pay the shipping costs to ship the replacement Product to Ordering Activity. Within five (5) business days after Citrix issues an RMA number for the defective Product, Ordering Activity shall package said Product in its original packing material or equivalent, write the RMA number on the outside of the package and return said Product, at Citrix’s shipping expense to Citrix’s designated facility. Title to the defective Product shall pass to Citrix upon Citrix’s receipt thereof. When a replacement Product is provided and Ordering Activity fails to return the defective Product to Citrix within ten (10) business days after Citrix issues an RMA number for the defective Product, Contractor may charge Ordering Activity. The warranty period of any Product returned by Ordering Activity that is determined by Citrix to be not defective shall be restored to the extent such Product is not further used or installed and is returned in the same condition as upon delivery.

**Advance Return applies, Ordering Activity shall first verify that said Product is defective and shall obtain from Contractor through Citrix a Return Material Authorization (“RMA”) number. Ordering Activity shall request each RMA number from Citrix in accordance with Citrix’s RMA procedures including providing the part number, serial number, quantity and reason for return, an explanation of all failure symptoms and other relevant information. Citrix shall ship via a recognized express courier service a replacement Product to Ordering Activity no later than one (1) business day after Citrix’s issuance of an RMA number, except in countries where regulation requires export approval documentation in advance of RMA shipment (current list shown in the table below). The replacement Product may be a new or reconditioned Product (of better or equivalent quality) at Citrix’s discretion. Citrix shall pay the shipping costs to ship the replacement Product to Ordering Activity. Within five (5) business days after Citrix issues an RMA number for the defective Product, Ordering Activity shall package said Product in its original packing material or equivalent, write the RMA number on the outside of the package and return said Product, at Citrix’s shipping expense to Citrix’s designated facility. Title to the defective Product shall pass to Citrix upon Citrix’s receipt thereof. When a replacement Product is provided and Ordering Activity fails to return the defective Product to Citrix within ten (10) business days after Citrix issues an RMA number for the defective Product, Contractor may charge Ordering Activity. The warranty period of any Product returned by Ordering Activity that is determined by Citrix to be not defective shall be restored to the extent such Product is not further used or installed and is returned in the same condition as upon delivery.
replacement Product shall be the longer of (a) ninety (90) calendar days from Citrix’s shipment of said Product or (b) the remainder of the applicable warranty period for said Product pursuant to the Extended Warranty Program.

*Current list of countries requiring export approval documentation before shipment of replacement Product:

4-hour Advance Return
Where available, and upon payment of the applicable GSA fees, Ordering Activities receiving Gold Maintenance may select an optional expedited Advance Return service. The features of the 4-hour Advance Return are the same as the standard Advance Return above, except that Contractor through Citrix shall ship via a recognized express courier service a replacement Product to Ordering Activity no later than four (4) hours after Citrix’s issuance of an RMA number.

Onsite Support
This Attachment A does not include onsite support. In critical situations, Ordering Activity may request onsite support as a separate and distinct billable service, subject to a separate purchase order between Contractor and Ordering Activity. Onsite support is subject to Contractor through Citrix resource availability, and the tasks performed will vary based on the situation, environment, and business impact of the problem.

Product Development Support
In situations where Contractor through Citrix cannot provide a satisfactory resolution to Ordering Activity’s critical problem through normal support methods, Citrix may engage its product development team to create a Ordering Activity-specific solution (a “Private Fix”) to the Products. Privates Fixes are designed to address a specific Ordering Activity situation and may not be distributed by Ordering Activity outside the Ordering Activity organization without written consent from Citrix. Private Fixes and hotfixes are provided ‘as-is’, without warranty of any kind applicable to Software pursuant to this Attachment A to the extent permitted by applicable law. Citrix retains all right, title and interest in and to all Private Fixes.

Technical Relations Management
Ordering Activity may select an optional Technical Relations Manager (TRM) to enhance the technical support relationship between Ordering Activity and Contractor through Citrix. The TRM provides high-level technical expertise and proactive services, and also serves as the point of information delivery and feedback to Citrix product groups, research and development teams, and other Citrix groups. These services include:

- Orientation Session. At the start of this service, an initial orientation session will be scheduled for the TRM to introduce the Ordering Activity to Citrix Technical Support contact information and processes.
- Escalation Management. In cases where issues need engineering assistance, the TRM will act as the Ordering Activity’s advocate and function as point-of-contact to assist in rapid resolution of the incident.
- Implementation and Informational Reviews. The TRM will be a resource for the Ordering Activity to assist with product information and recommendations for integration of Citrix products in the Ordering Activity environments.
- Incident Tracking and Status Reporting Sessions. TRM will provide the Ordering Activity on a regular basis, reports summarizing Ordering Activity account information such as incidents opened and status updates.

TRM services can only be used in a single geographical region. Ordering Activities wishing to use TRM services in more than one region must purchase 200 hour blocks in each region. All TRM purchased hours are valid for 12 months from date of purchase; unused TRM hours do not roll over into a subsequent purchase order term. Citrix regions are as follows: (a) Americas – North America, Latin America, and the Caribbean; (b) EMEA – Europe, Middle East and Africa; (c) Asia Pac – Asia, New Zealand and Australia and (d) Japan. Ordering Activities should contact Contractor through Citrix Technical Support to determine TRM service availability in their region.

2. ORDERING ACTIVITY RESPONSIBILITIES.

a. Ordering Activity Assistance. Contractor through Citrix’s performance is predicated upon the following responsibilities being fulfilled by Ordering Activity: (i) Ordering Activity agrees to provide Citrix reasonable access to all necessary personnel to answer questions or resolve problems reported by Ordering Activity regarding the Products; (ii) Ordering Activity agrees to perform reasonable problem determination activities and to perform reasonable problem resolution activities as suggested by Citrix. Ordering Activity agrees to cooperate with such requests; (iii) Ordering Activity is responsible for implementing procedures necessary to safeguard the integrity and security of Software and data from unauthorized access and for reconstructing any lost or altered files resulting from catastrophic failures;
(iv) Ordering Activity is responsible for procuring, installing, and maintaining all equipment, telephone lines, communications interfaces, and other hardware at Ordering Activity’s site; (v) Ordering Activity is required to implement all currently available and applicable Updates and error corrections provided by Citrix under this Attachment A in a timely manner, including hotfixes, hotfix rollup packs, and service packs or their equivalent; and (vi) Ordering Activity shall allow Citrix access as needed to the Products via the Internet for the purpose of providing support services and shall permit Citrix to perform the support services called for by this Attachment A. Ordering Activity shall maintain Citrix supported versions of required third party software, if any.

b. Named Contacts. Ordering Activity shall appoint at least two (2) named contacts within Ordering Activity’s organization to serve as contacts between Ordering Activity and Contractor through Citrix and to receive support through Citrix’s telephone support center. Ordering Activity’s contacts shall have been adequately trained on the Software and shall have sufficient technical expertise, training and experience.

3. EXCLUSIONS.

Notwithstanding anything in this Attachment A to the contrary, Contractor through Citrix shall have no obligation or responsibility to provide any support services relating to problems arising out of or related to (i) Ordering Activity’s failure to implement all updates to the Software which are made available to Ordering Activity under this Attachment A; (ii) the failure to provide a suitable installation environment; (iii) Ordering Activity’s customization to the operating system or environment that adversely affects the Software; (iv) any alteration, modification, enhancement or addition to the Products performed by parties other than Citrix; (v) use of the Products in a manner, or for a purpose, for which it was not designed; (vi) accident, abuse, neglect, unauthorized repair, inadequate maintenance or misuse of the Products; (vii) operation of the Products outside of environmental specifications; (viii) interconnection of the Software with other software products not supplied by Citrix; (ix) use of the Software on any systems other than the specified hardware platform for such Software; or (x) introduction of data into any database used by the Software by any means other than the use of the Software. Notwithstanding anything else contained in this Attachment A to the contrary, Citrix shall only be obligated to provide support for eligible Products as indicated in the Citrix Appliance End of Life Policy available www.citrix.com. This website reference is for informational purposes only.

4. OWNERSHIP AND USE; WARRANTY DISCLAIMER.

a. Ownership and Use. All Updates and other changes, improvements, bug fixes or other modifications to the Software provided under this Attachment A shall be deemed to be included within the Software and shall be subject to the terms and conditions of this Attachment A except that they are not covered by the warranty. With respect to installation and consulting services relating to the Product purchased from Contractor, all intellectual property rights in all reports, preexisting works and derivative works of such preexisting works, as well as installation scripts and all other deliverables and developments made, conceived, created, discovered, invented, or reduced to practice in the performance of the consulting services are and shall remain the property of Contractor, subject to a worldwide, nonexclusive license to Contractor for internal use.

b. Warranty and Warranty Disclaimer. Contractor shall use all reasonable commercial efforts to provide the support, installation and consulting services requested by Ordering Activity under this Attachment A in a professional and workmanlike manner, but Contractor cannot guarantee that every question or problem raised by Ordering Activity shall be resolved. OTHER THAN THE EXPRESS LIMITED WARRANTIES MADE BY CONTRACTOR, CONTRACTOR MAKES, AND ORDERING ACTIVITY RECEIVES, NO WARRANTIES, REPRESENTATIONS OR CONDITIONS OF ANY KIND, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE ARISING IN ANY WAY OUT OF, RELATED TO, OR UNDER THIS ATTACHMENT A OR THE PROVISION OF MATERIALS OR SERVICES HEREUNDER, AND CONTRACTOR HEREBY SPECIFICALLY DISCLAIMS ALL OTHER EXPRESS, IMPLIED, STATUTORY AND OTHER WARRANTIES, REPRESENTATIONS AND CONDITIONS INCLUDING WITHOUT LIMITATION THOSE ARISING FROM A COURSE OF DEALING, LAW, USAGE OR TRADE PRACTICE AND THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT AND SATISFACTORY QUALITY.

HOW TO CONTACT CITRIX TECHNICAL SUPPORT

If Ordering Activity purchased maintenance for Citrix products, Ordering Activity can contact Citrix Technical Support either by phone or via the Internet. In order to contact Citrix Technical Support each individual named contact must have a valid support agreement number in place. If Ordering Activity purchased maintenance and Ordering Activity have been designated a named contact, Ordering Activity should have received Ordering Activity’s individual agreement number via email. However, if Ordering Activity has not received Ordering Activity’s agreement number, please send an email to Contractor through Citrix (addresses provided below) with your name, company name, phone number and serial number of the unit.

Phone

- From North America, Latin America, and the Caribbean, please dial: 1-800-424-8749 or (954) 267-2599
- From EMEA (Europe, Middle East, Africa), please dial: 00353-1-805-5000
- From APAC (Australia, New Zealand and Asia), please dial: +61-2 8870 0899
- From Japan, please contact your distributor directly.

Ordering Activity may also find Ordering Activity’s country specific toll free phone number by going to the following website address: www.citrix.com/English/ss/supportContacts.asp

Internet

- Log on to www.mycitrix.com
- Navigate to the Toolbox and select “My Support”. This will direct Ordering Activity to the eService Self Service Homepage. This view provides links with associated descriptions in a user friendly web-based format. These links will include Service Requests, Agreements and Returns / Exchange Orders. Ordering Activity can find more details as you navigate through each link.

Email
• From North America, Latin America and the Caribbean, please use techsupport_na@citrix.com
• From EMEA (Europe, Middle East, & Africa), please use techsupport_emea@citrix.com
• From APAC (Australia, New Zealand and Asia), please use techsupport_apac@citrix.com
• From Japan, please contact your distributor directly.

CITRIX APPLIANCE MAINTENANCE PROGRAM OVERVIEW

As an Ordering Activity, Ordering Activity is entitled the following services as described in this document to the extent Ordering Activity has ordered and paid in full the Annual Fee for the applicable service.

Ordering Activity puts confidence in Contractor through Citrix when Ordering Activity installed products in Ordering Activity’s network infrastructure. Citrix wants that confidence to last, and is committed to making sure Ordering Activity’s Citrix Appliance is successfully implemented and continues to work to provide a robust solution for Ordering Activity’s applications. The Citrix Appliance Maintenance Program has been designed to help sustain, grow and enhance our products within Ordering Activity’s infrastructure, so Ordering Activity can be assured of their performance every step of the way.

The levels of maintenance that are available for the Citrix products are:

Bronze (not currently available for Citrix Access Gateway)
- Unlimited incidents during each one-year term
- Standard business hours (see technical support coverage hours below)
- One year of software updates and bug fixes
- 2 named contacts
- Standard replacement for materials (ships within 10 business days after issuing the RMA number*)

Silver
- Unlimited incidents during each one-year term
- Standard business hours (see technical support coverage hours below)
- One year of software updates and bug fixes
- Assigned Support Account Manager for non-technical Relations Management Services
- 4 named contacts
- Advanced replacement for materials (ships within 1 business day after issuing the RMA number*)

Gold
- Unlimited incidents during each one-year term
- 24 x 7 coverage hours
- One year of software updates and bug fixes
- Assigned Support Account Manager for non-technical Relations Management Services
- 6 named contacts
- Advanced replacement for materials (ships within 1 business day after issuing the RMA number*)

* Please note that in countries where regulation requires export approval documentation in advance of RMA shipment, the time for shipment may be longer.

*Ordering Activities in Japan should contact their local distributor for technical support coverage.

Contractor through Citrix’s tiered Citrix Appliance Maintenance Program allows Ordering Activity to select the level of service that is best for Ordering Activity. Citrix’s goal is to continue to earn Ordering Activity’s confidence and to exceed Ordering Activity’s expectations. If Ordering Activity has not already chosen a Citrix Appliance Maintenance Program, please review the levels above.
ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

CODE42 SOFTWARE, INC.
CODE42 SOFTWARE, INC. LICENSE, WARRANTY AND SUPPORT TERMS

By both parties executing this agreement in writing you agree to this Master Services Agreement ("Agreement"). If you do not agree to this Agreement, you must not use any of the Offerings. "You" or "Ordering Activity" means the undersigned Ordering Activity under GSA Schedule contracts. "Code42" means Code42 Software, Inc. This Agreement governs your use of all of the Offerings in your Order and is effective as of the date you first use any of the Offerings. This Agreement expires at the end of the last Subscription Term for the Order under which you accepted this Agreement.

1. DEFINITIONS

1.1 "Affiliate" means, for a party at a given time, an entity that is directly controlled by, under common control with, or controls that party, where "control" means an ownership, voting or similar interest representing more than 50% of the total interests then outstanding of that entity.

1.2 "Authorized Users" means (A) you, (B) your Affiliates, and (C) your and your Affiliate’s employees, contractors and service providers.

1.3 "Cloud Services" means the cloud-based service offerings that Code42 provides to you.

1.4 "Customer Data" means any data that you provide to Code42 through the Software or Cloud Services.

1.5 "Documentation" means the information about using the Software or Cloud Services that Code42 makes available at https://support.code42.com/Administrator and https://support.code42.com/CrashPlan.

1.6 "Intellectual Property Rights" means all worldwide intellectual property rights, including copyrights, trademarks, service marks, trade secrets, patents, patent applications and moral rights, whether registered or unregistered.

1.7 "Offerings" means all products and services that Code42 provides to you under this Agreement.

1.8 "Offering Description" means the terms applicable to an Offering available at https://support.code42.com/Terms_and_conditions/Code42_customer_support_resources/Code42_enterprise_support_policy, https://support.code42.com/Terms_and_conditions/Code42_customer_support_resources/Code42_University_policies or https://www.code42.com/professional-services/.

1.9 "Order" means an ordering document, signed Quote or online submission that you issue to Code42, or a Code42 authorized reseller, in response to a Quote.

1.10 "Service Level Agreement" means the service level agreement available at https://support.code42.com/Terms_and_conditions/Legal_terms_and_conditions/Cloud_storage_service_level_agreement.

1.11 "Software" means the commercial software (including updates and upgrades provided through support) in object code format that Code42 provides to you.

1.12 "Subscription Term" means the term during which you may use the Offerings.

1.13 "Technical Services" means the standard service offerings described at https://www.code42.com/professional-services/.

1.14 "Quote" means Code42’s written or website description of the Offerings and applicable terms.

2. CUSTOMER USE OF THE OFFERINGS.

2.1 Authorized Users. You may allow your Authorized Users to use the Cloud Services and Software as "you" under this Agreement. You are responsible for your Authorized Users’ compliance with this Agreement.

2.2 Software and Cloud Services. Code42 grants you a nonexclusive, non-sublicensable, non-transferable (except as set forth in section 12.1 (General: Assignment)), worldwide license to use the Software, Cloud Services and Documentation during the Subscription Term solely for your internal business purposes. You must only use the Software and Cloud Services for up to the number of users or devices listed on your Quote and in accordance with the Documentation. You may copy the Software and Documentation as necessary to install and run the Software, and for backup and archiving. Code42 will provide the Cloud Services in accordance with the applicable Documentation and Service Level Agreement. You will reasonably cooperate with Code42 to resolve any issues relating to your use of the Software and Cloud Services. To use the Cloud Services, you must create login credentials (e.g. a username and password). You are responsible for all activity occurring under your login credentials and will notify Code42 as soon as possible if you believe there has been any unauthorized use of your login credentials.

2.3 Other Offerings. If you purchase other Offerings, including support, appliance maintenance, hardware and education services, Code42 will provide those Offerings in accordance with the Offering Description.

2.4 Restrictions. You will not (A) permit anyone other than your Authorized Users to use the Offerings; (B) use the Offerings for the benefit of any third party other than your Authorized Users; (C) use the Offerings except as permitted under this Agreement; (D) decompile, reverse engineer, modify or create a derivative work of the Offerings (to the extent this restriction is not prohibited by law); (E) attempt to test the vulnerability of, gain unauthorized access to, or circumvent limitations on the use of, the Offerings or their related systems or networks; (F) interfere with the performance of the Offerings; or (G) remove any copyright or other proprietary notices in the Offerings.

2.5 Evaluation Use. Code42 may make an Offering or a new feature or functionality available to you on an evaluation or beta basis ("Evaluation Offering"). Each Evaluation Offering is provided “AS IS” without indemnification, Service Level Agreement, support or warranty of any kind. You must only use an Evaluation Offering in a non-production environment for evaluation purposes during the evaluation period set by Code42.

3. INTELLECTUAL PROPERTY

3.1 Customer Ownership. As between you and Code42, you retain all right, title and interest in and to the Customer Data and all related Intellectual Property Rights. You grant Code42 a royalty-free, non-exclusive, non-transferable (except as set forth in section 12.1 (General: Assignment)), sublicensable, worldwide right to use Customer Data solely to provide the Offerings to you under this Agreement. Code42’s rights to use the Customer Data are only those expressly granted in this Agreement.
3.2 Code42 Ownership. As between you and Code42, Code42 retains all right, title and interest in and to the Offerings and all related Intellectual Property Rights. Your rights to use the Offerings are only those expressly granted in this Agreement. All Software is licensed and not sold, even if Code42 uses words like “sale” or “purchase” in sales materials.

3.3 Feedback. If you provide any suggestions to Code42 regarding the Offerings, you grant Code42 a royalty-free, non-exclusive, transferable, sublicensable, worldwide, perpetual, irrevocable license to use the suggestions and incorporate them into the Offerings. Code42 acknowledges that the ability to use the Agreement and any Feedback provided as a result of this Agreement in advertising is limited by GSAR 552.203-71.

3.4 Open Source Compliance. “Open Source Software” means the software components that Code42 provides in the Software under separate license terms that are found either in the open_source_licenses.txt file (or similar file) provided within the Software or at http://support.code42.com/Terms_And_Conditions/Open_Source_Licenses. Open Source Software is licensed to you under its own applicable license terms. These license terms are consistent with the license granted in section 2.2 (Customer Use of the Offerings: Software and Cloud Services) and take precedence over this Agreement to the extent that this Agreement imposes greater restrictions on you. If required, Code42 makes the Open Source Software source code and modifications (the “Source Files”) available to you on the Code42 website or on written request. You will send requests with your name and address to Code42 at the address in section 12.6 (General: Notice) specifying: Attention: General Counsel - Open Source Files Request. This offer to obtain a copy of the Source Files is valid for three years from the date you acquired the Software containing the Open Source Software.

4. SECURITY AND DATA PROCESSING

4.1 Code42 Obligations. Code42 will provide the Software and Cloud Services in accordance with the Information Security Addendum at https://support.code42.com/Terms_and_conditions/Legal_terms_and_conditions/Information_security_addendum. Code42 will process your Customer Data in accordance with the Data Processing Addendum at https://support.code42.com/Terms_and_conditions/Legal_terms_and_conditions/Data_processing_addendum. Following the expiration of your Subscription Term, Code42 will delete any Customer Data in accordance with the applicable Documentation. If you request, Code42 will provide written certification that Code42 deleted your Customer Data.

4.2 Customer Obligations. You are responsible for providing notices, obtaining consents, and satisfying any other requirements for Code42 to use the Customer Data to perform its obligations under this Agreement. You will not provide Code42 with any data that is regulated by the United States Health Insurance Portability and Accountability Act unless you have entered into a business associate agreement with Code42.

4.3 Code42 Data. (A) Code42 collects de-identified information and aggregated information about the use and performance of the Software and Cloud Services (“Service Data”). Service Data may include information about the frequency of feature usage, technical performance metrics, product configuration, and file usage patterns. Service Data never includes Customer Data. Code42 owns the Service Data and uses it to improve the Offerings and create new products. (B) Code42 also collects account-related data during your purchase and use of the offerings (“Administrative Data”). Administrative Data never includes Customer Data. Code42 owns the Administrative Data and uses it to provide the Offerings, bill you for the Offerings, advise you of new Code42 products and service, and comply with Code42’s contractual obligations and applicable law. Code42 is an independent controller of the Administrative Data and will process the Administrative Data under the Code42 privacy policy available at: https://www.code42.com/privacy-policy.

5. ORDERING AND PAYMENT

5.1 Orders. You may purchase Offerings directly from Code42 or through a Code42 authorized reseller. If you purchase through a Code42 authorized reseller, sections 5.2 (Ordering and Payment: Affiliate Orders), 5.3 (Ordering and Payment: Payment), 5.5 (Ordering and Payment: Disputed Payments), 5.6 (Ordering and Payment: Taxes) and 5.7 (Ordering and Payment: Delivery) will not apply to that purchase. A negotiated Government Purchase Order, signed by both parties, shall supersede the terms of this Section. The Subscription Term is a continuous and non-cancelable commitment for the full duration of the Subscription Term. Except as required by applicable law and regulations, all Orders are non-refundable and non-cancelable except as expressly provided in this Agreement.

5.2 Affiliate Orders. Your Affiliates whom you identify in an email sent to Code42 at PO@code42.com may submit Orders as “you” to Code42 under this Agreement. You will place Orders with Code42 or its Affiliate as indicated on the Quote. If you place an Order with a Code42 Affiliate, then that Affiliate will act as “Code42” for sections 5.3 (Ordering and Payment: Payment), 5.5 (Ordering and Payment: Disputed Payments), 5.6 (Ordering and Payment: Taxes) and 5.7 (Ordering and Payment: Delivery). Each party is responsible for its Affiliate’s compliance with this Agreement.

5.3 Payment. Code42 will invoice you for the fees stated on your Quote in accordance with the GSA Schedule Pricelist after accepting your Order. You will pay all applicable and valid fees in the amount and currency specified on your invoice within 30 days of the invoice receipt date. You will pay any delinquent amounts within 30 days of Code42’s written notice identifying a delinquency.

5.4 Money Back Guarantee. This section does not apply to any CrashPlan for Small Business offering. If you are not completely satisfied with your initial purchase of Software or Cloud Service offering for compliance for convenience by providing written notice to Code42 during the first 60 days of the Subscription Term, Code42 will promptly refund you the amount that Code42 received for the unused portion of the Subscription Term for the terminated Software or Cloud Services offering. This termination right only applies to your initial purchase of a specific Software or Cloud Service offering (and not to any renewal, staggered deployment or expansion order) and only if you purchased Code42’s deployment services available for the offering.

5.5 Reserved.

5.6 Taxes. Code42 shall state separately on invoices taxes excluded from the fees, and the Ordering Activity agrees either to pay the amount of the taxes (based on the current value of the Offerings) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

5.7 Delivery. When Code42 accepts your Order, Code42 will make cloud services available to you and deliver license keys to you by email to the address associated with your account. Code42 will provide any physical goods to the carrier listed on the Quote for shipment to you. Shipping and delivery terms for physical goods are Ex Works Code42’s regional fulfillment facility (INCOTERMS 2010). You are the importer of record if Code42 ships physical goods to you in a country in which Code42 does not have a physical presence.

6. MODIFICATIONS. This Agreement incorporates by reference all of the documents that this Agreement identifies as applicable to your ordered Offerings (“Ancillary Documents”). Ancillary Documents may include the Documentation, Service Level Agreement, Information Security Addendum, Data Processing Addendum and Offering Descriptions. Because the Offerings are continually evolving, Code42 may update any of the Ancillary Documents from time to time so long as the update is not material (as defined in 48 CFR § 552.212-4(w)(1)(vi)), and the Ancillary Document applicable at any time is the then-current version. Code42 will notify you in writing if any update to an Ancillary Document is material, and in that case you and Code42 may amend the Agreement to incorporate the change or you may elect in writing to terminate the affected Offering. If you terminate the Offering, Code42 will refund the portion of the fees applicable to the unused portion of the Subscription Term for the terminated Offering.

7. WARRANTIES

7.1 Software and Cloud Services Warranty. Code42 warrants that the Software and Cloud Services will substantially conform to the applicable Documentation for a period of 120 days following notice of availability for electronic download or access (“Warranty Period”). This warranty only applies if the Software and Cloud Services were properly installed and used in unmodified form in accordance with the Documentation. For any reproducible error identified in writing during the Warranty Period, Code42 will either replace that Software or Cloud Service or correct the error. If Code42 determines
that it cannot correct the error or replace the Software or Cloud Service, Code42 will refund to you the amount that Code42 received for the unused portion of the Subscription Term after the date you notified Code42 of the breach for that Software or Cloud Services offering, in which case your rights to use that Software or Cloud Service will terminate. Code42 will do this at its own expense and as its sole obligation and your sole remedy for breach of this Software and Cloud Services warranty.

7.2 Technical Services Warranty. Code42 warrants that it will perform Technical Services in a workmanlike manner in accordance with the standards of the industry. You may provide written notice to Code42 within 10 business days after any alleged breach of this warranty. Code42 will correct that breach or terminate that Technical Service and refund to you the amount that Code42 received for that Technical Service. Code42 will do this at its own expense and as its sole obligation and your sole remedy for breach of this Technical Services warranty.

7.3 Disclaimer. The express warranties set forth in section 7 (Warranties) are in lieu of all other warranties. To the extent permitted by law, Code42 disclaims all other warranties, whether express, implied or statutory (including any implied warranties of merchantability, fitness for a particular purpose, title or noninfringement), and any warranties arising from usage of trade, course of dealing or course of performance. Code42 does not warrant that the Offerings will meet your requirements or that they will be accurate or operate without interruption or error.

8. INDEMNIFICATION

8.1 Code42 Indemnification.
(A) Subject to the remainder of section 8.1 (Indemnification: Code42 Indemnification), Code42 will defend you against any unaffiliated third party claim that the Software or Cloud Services infringe any patent, trademark or copyright, or misappropriate a trade secret, of that third party under the laws of (1) the United States, (2) Canada, (3) the United Kingdom, (4) Australia, and (5) any European Economic Area member state ("Infringement Claim").

(B) Code42 will indemnify you from the resulting costs and damages finally awarded against you to that third party by a court of competent jurisdiction or agreed to in settlement. Code42’s obligations only apply if you: (a) promptly notify Code42 of the Infringement Claim in writing, (b) allow Code42 sole control over the defense for the claim and any settlement negotiations, and (c) reasonably cooperate in response to Code42’s requests for assistance.

You may not settle or compromise any Infringement Claim without Code42’s prior written consent. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or suit brought against the U.S. pursuant to its jurisdictional statute 28 U.S.C. § 516.

(B) If Software or Cloud Service become, or in Code42’s opinion is likely to become, the subject of an Infringement Claim, Code42 will at its option and expense do one of the following: (1) procure the rights necessary for you to make continued use of the affected Software or Cloud Service; (2) replace or modify the affected Software or Cloud Service to make it non-infringing; or (3) terminate your right to use the affected Software or Cloud Service, and upon your certified deletion of any affected Software, refund you the portion of the fees applicable to the unused portion of the Subscription Term. Code42 will indemnify you from the resulting costs and damages finally awarded against you to that third party by a court of competent jurisdiction or agreed to in settlement. Code42’s obligations under section 8.1(A) (Indemnification: Code42 Indemnification) to defend and indemnify you, provided that you replace any allegedly infringing Software upon Code42’s making alternate Software available to you and you discontinue using any allegedly infringing Software upon receiving Code42’s notice terminating your license to use the Software.

(C) Code42 will not have any obligation under section 8.1(A) (Indemnification: Code42 Indemnification) with respect to any claim based on (1) a combination of Software or Cloud Services with non-Code42 products or Customer Data; (2) continued use of an infringing version of the Software after Code42 has provided you a non-infringing version under section 8.1(B) (Mutual Indemnification: Code42 Indemnification); (3) any modification to the Software by anyone other than Code42; or (4) any Software or Cloud Services provided on a no charge, beta or evaluation basis.

(D) This section 8.1 (Indemnification: Code42 Indemnification) is your sole exclusive remedy and Code42’s entire liability for any infringement claims or actions.

8.2 Reserved.

9. LIMITATIONS OF LIABILITY

9.1 Exclusion of Damages. Neither Code42 nor you are liable for any lost profits or business opportunities, loss of use, business interruption, or any indirect, special, incidental or consequential damages under any theory of liability. This exclusion applies regardless of whether Code42 or you have been advised of the possibility of those damages and regardless of whether any remedy fails of its essential purpose.

9.2 Cap on Monetary Liability. The maximum aggregate liability for Code42 or you for claims under this Agreement will not exceed an amount equal to the contract price, including total fees paid or payable to Code42 for your use of the Offerings.

9.3 Reserved.

9.4 Exclusions. The exclusions and limitations in section 9 (Limitations of Liability) will not apply to: (A) either party’s violation of the other party’s or its licensor’s Intellectual Property Rights; (B) either party’s obligations in section 8 (Mutual Indemnification); (C) your payment obligations under section 5 (Orders and Payment); (D) either party’s liability for death or personal injury caused by its negligence; (E) Fraud; or (F) any liability that cannot be excluded under applicable law.

10. CONFIDENTIAL INFORMATION

10.1 Obligations. “Confidential Information” means non-public information provided in connection with this Agreement that is labeled “confidential” or the like, or is provided under circumstances reasonably indicating its confidentiality. Code42’s Confidential Information includes product roadmaps. Your Confidential Information includes your Customer Data. A party ("recipient") may use Confidential Information of the other party (“discloser”) solely to exercise its rights and perform its obligations under this Agreement. Code 42 and you will each protect the other party’s Confidential Information in the same manner as it protects its own Confidential Information of a similar nature, but in any event with not less than reasonable care.

10.2 Disclosure. The recipient’s obligations under section 10.1 (Confidential Information: Obligations) will terminate with respect to any Confidential Information that the recipient can show: (A) was already rightfully known to the recipient without any obligation of confidentiality at the time of disclosure; (B) was disclosed to the recipient by a third party who had the right to make the disclosure without any confidentiality restrictions; (C) was at the time of disclosure, or through no fault of the recipient has become, generally available to the public; or (D) was independently developed by the recipient without access to or use of the discloser’s Confidential Information. Code42 recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as “confidential” by Code42.

10.3 Permitted Disclosures. The recipient may disclose Confidential Information only to its employees, professional advisors, service providers or contractors who have a need to know the Confidential Information and who are under a similar duty of confidentiality. The recipient may also disclose Confidential Information to the extent required by law or regulation, in which case the recipient will notify the discloser as soon as practicable and if permitted by law or regulation. At the disclosing party’s request and expense, the recipient will take reasonable steps to contest and to limit the scope of any required disclosure.

10.4 Reserved.

11. TERM AND TERMINATION

11.1 Term. This Agreement will remain in effect until the later of (A) the end of the period identified in the preamble or (B) the termination or expiration of all Orders. Either party may terminate this Agreement before the end of the Term in accordance with the Contract Disputes Act and Federal Acquisition Regulation if expressly permitted by this Agreement. The Subscription Term and any renewal is described in the applicable Quote. If you place an Order after the start date stated on your Quote, Code42 may adjust your start date as described in the Quote, in which case your Subscription Term will be described on your invoice.
11.2 **Termination.** When you are an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Code42 shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

11.3 **Effect of Expiration or Termination.** Upon termination or expiration of an Order, you will stop using and Code42 will stop providing the applicable Software or Cloud Services. Upon termination or expiration of this Agreement, Code42 and you will each delete any Confidential Information of the other party.

11.4 **Survival.** The following sections will survive termination or expiration of this Agreement: 3 (Intellectual Property); 4 (Security and Data Processing); 5.3 (Ordering and Payment Payment); 7.3 (Warranties: Disclaimer); 8 (Mutual Indemnification); 9 (Limitations of Liability); 10 (Confidentiality); 11 (Term and Termination); and 12 (General).

12. **GENERAL.**

12.1 **Assignment.** Neither party may assign its rights or obligations under this Agreement or any Order, by operation of law or otherwise, without the prior written consent of the other party. But either party may assign this Agreement without consent to its Affiliates or to any successor or assign that has acquired substantially all of its business relating to this Agreement. This Agreement will bind and inure to the benefit of the parties, their respective successors and permitted assigns. Any purported assignment in violation of this section is void.

12.3 **Compliance with Laws.** Each party will comply with any statutes and regulations that apply to it in its performance under this Agreement.

12.4 **Export Compliance.** The Offerings are of United States origin, are provided subject to the U.S. Export Administration Regulations, and may be subject to export control laws. You are not, and are not acting on behalf of: (A) any person who is a citizen, national, or resident of, or who is controlled by, the government of any country to which the United States has prohibited export transactions; or (B) any person or entity listed on the U.S. Treasury Department list of Specially Designated Nationals and Blocked Persons, or the U.S. Commerce Department Denied Persons List or Entity List. You are not subject, either directly or indirectly, to any order issued by any agency of the United States government revoking or denying, in whole or in part, your United States export privileges.

12.5 **U.S. Government Rights.** Code42 offers the Offerings, including related software and technology, for ultimate federal government end use solely in accordance with the following: Government technical data and software rights related to the Offerings include only those rights customarily provided to the public as defined in this Agreement. This customary commercial license is provided in accordance with FAR 12.211 (Technical Data) and FAR 12.212 (Software). If a government agency has a need for rights not granted under these terms, it must negotiate with Code42 to determine if there are acceptable terms for granting those rights, and a mutually acceptable written addendum specifically granting those rights must be included in any applicable agreement.

12.6 **Notice.** All notices will be in writing and deemed given the second business day after mailing if sent by a recognized overnight courier (receipt requested). Code42 will send notices to you at the address in your Quote. You will send notices to Code42 at: Code42 Software, Inc., 100 Washington Ave., 20th Floor, Minneapolis, MN 55401, United States of America, Attention: General Counsel. Except for notices of termination or indemnification, notices may also be delivered by email and are effective the business day after sending. Code42 will email billing-related notices to the billing contact that you designate. Code42 will email Offering-related notices to the system administrator that you designate. You will email all notices to Code42 at legal@code42.com.

12.7 **Force Majeure.** Excusable delays shall be governed by FAR 52.212-4(f).

12.8 **Entire Agreement.** The Agreement as it may be modified from time to time by both parties in writing, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), is the entire agreement of the parties regarding its subject matter. The Agreement supersedes all prior or contemporaneous communications, understandings and agreements, whether written or oral, between the parties regarding its subject matter. In the event of a conflict, the descending order of precedence is: (A) the Quote, (B) the Agreement, and (C) the applicable Ancillary Document. A negotiated Government Purchase Order, signed by both parties, shall supersede the terms of the Agreement.

12.9 **Counterparts.** Each party may sign this agreement using an electronic or handwritten signature, which are of equal effect, whether on original or electronic copies.

12.10 **Waiver and Amendment.** The waiver of any breach of any provision of the Agreement will not constitute a waiver of any other provision or any later breach. Any modification of this Agreement must be in writing and signed by the party against whom the modification will be enforced.

12.11 **Relationship of the Parties.** The parties are independent contractors. Nothing in this Agreement creates a partnership, joint venture or agency relationship. Neither party has any authority to assume or create any obligation of any kind in the name of or on behalf of the other party.

12.12 **Third Party Rights.** Other than as expressly provided in this Agreement, the Agreement does not create any rights for any person who is not a party to it, and no person who is not a party to the Agreement may enforce any of its terms or rely on any exclusion or limitation contained in it.

12.13 **Severability.** If any provision of the Agreement is held to be invalid or unenforceable, the remaining provisions of the Agreement will remain in force to the maximum extent feasible or permitted by law.

12.14 **Construction.** The Offerings will be provided in the English language. The word “including” means “including but not limited to.” Section headings are for convenience only and are not to be used in interpreting this Agreement.

*End of Agreement*
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached CommVault Systems, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

pp) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2i, as may be revised from time to time.

qq) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

rr) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included in the contract signed by the Government.

ss) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

tt) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

uu) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

vv) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

ww) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

xx) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

yy) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

zz) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the
3.  Order of Precedence/Conflict

aaa) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

bbb) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

ccc) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

ddd) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

eee) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

fff) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

ggg) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

hhh) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

iii) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

jjj) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

kkk) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works of Licensor’s existing software or enhancements to the Licensor’ software shall remain with Commvault, however of any ownership in GSA Customer preexisting material shall remain independently with the GSA Customer. The parties agree that such ownership rights are in agreement with the those set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost for its own internal business.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
End User License and Limited Warranty Agreement

This END USER LICENSE AGREEMENT ("EULA") IS A LEGAL AGREEMENT BETWEEN the Ordering Activity under GSA Schedule contracts ("YOU" or "Ordering Activity") AND COMMVAULT SYSTEMS, INC. ("COMMVAULT") FOR SERVICES PROVIDED BY COMMVAULT, AS WELL AS THE ABOVE-REFERENCED SOFTWARE PRODUCT(S), WHICH INCLUDES COMPUTER SOFTWARE AND MAY INCLUDE ASSOCIATED HARDWARE, MEDIA, AND "ONLINE" OR ELECTRONIC DOCUMENTATION ("SOFTWARE"). BY BOTH PARTIES EXECUTING THIS AGREEMENT IN WRITING YOU AGREE TO BE BOUND BY THE TERMS OF THIS EULA.

This EULA grants You, the user, a non-exclusive license to use the Software (and including any hardware appliance, if applicable) under the terms and conditions stated herein. You agree that all updates, enhancements, maintenance releases, patches, bug-fixes or other modifications to the Software provided to You, on a when and if available basis, shall be governed by the terms and conditions, including the limited warranty, exclusive remedies and limitations of liability provisions, contained in this EULA. Except as otherwise provided herein, the license granted herein shall be perpetual provided You comply with the terms hereof. This EULA shall be in effect until terminated pursuant to the Contract Disputes Act except as expressly otherwise provided hereunder. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Commvault shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer. Upon termination, You must destroy all copies of Software in Your possession or control.

In the event You license the Software on a temporary, term or subscription basis (the "license period"), Your license to use the Software shall not be perpetual, notwithstanding any conflicting language contained in this EULA. In the event of any such license, Your license shall expire at the end of the license period which shall be as set forth on the applicable ordering document. If no license period is stated, then Your license shall continue on a month to month basis, unless terminated by either You or Commvault pursuant to the Contract Disputes Act. You may be required to periodically re-apply license keys during such license period, which shall be provided by Commvault. Following the license period, You may use a limited recovery version of the Software solely for recovering data stored using the Software during the license period. Maintenance and support services shall only be provided during the license period.

You may: (i) use the Software, with the same or lower version number identified herein, in numbers equal to the number of licenses purchased for all items, or in the event You are licensing the Software on a capacity basis, up to the maximum capacity purchased; (ii) make copies of the Software, documentation or other user information accompanying the Software solely for back-up purposes, provided such back-up copies are only utilized as a replacement for the original copy on the same computer that the Software was previously installed and; (iii) make a copy of or print documentation provided in electronic form for Your internal use only, and You may use Commvault trademarks solely for these purposes, but You must incorporate all applicable disclaimers; and, (iv) make a copy of any of the Software for any purpose not explicitly permitted herein; (v) provide commercial hosting services, sell, sublicense, rent, loan or lease the Software to another party, without the prior written consent of Commvault; (vi) use the Software in violation of applicable local, federal or other laws or regulations; (vi) use the Software for any purpose other than as permitted in this EULA; or, (vii) remove, destroy, erase, alter or otherwise modify Commvault's trademarks.

Unless this software is provided to You for beta, demonstration, test, or evaluation purposes or is labeled "Not for Resale" as further described herein, You agree to use the Software solely for Your internal data center operations and to restrict any access to the Software, documentation, or other user information accompanying the Software only to those of your employees having a demonstrable need to have such access for your internal data processing operations. You agree that you shall not permit any access to the Software, documentation, or other user information accompanying the Software to any person engaged in product research, development, support, sales, marketing, or other functions not directly related to your internal data processing operations. You also agree not to use the Software, documentation, or user information accompanying the Software to assist, directly or indirectly, in the development or design of any computer hardware or software program including, but not limited to, a program that provides or is intended to provide or include a similar feature or functionality as the Software, or any conversion utility or aid relating to the Software intended to enable or facilitate a user's conversion from the use of the Software to an alternative program. Any software Commvault and/or its licensors may provide You as part of maintenance and support services are governed by this EULA, unless separate terms are provided. This EULA does not obligate Commvault and/or its licensors to provide any maintenance and support services or to support any Software provided as part of those services. If support services are provided, they shall be provided subject to the terms of this EULA and in accordance with Commvault’s attached Global Customer Support Services Guide. In the event You elect to purchase maintenance and support services, You must purchase such maintenance and support services for all of the licensed Software in Your entire environment. Such maintenance and support services shall begin on the date Software is shipped to You. Personal health information, personal financial information, or any other personally identifiable information is not necessary for Commvault's provision of services. You agree that You will not provide any such information to Commvault.

You agree that Commvault and/or its licensors may, for business purposes, collect, process, and use technical information gathered as part of any product maintenance and support services provided to You related to the Software and any other technical information You provide to Commvault provided that such information does not personally identify You. By providing data or information to Commvault, including personal data or information, You hereby consent to Commvault’s use, storage or processing of such data or information in the United States (or in any other country in which we operate) for purposes of providing products and/or services to You.

All title and intellectual property rights in and to the Software, and any copies You are permitted to make hereunder, are owned by Commvault and/or its licensors and is protected by United States and other country patent, copyright, trade secret, and other laws and by international treaty provisions. This Software is licensed, not sold. The purchase of a license to the Software is final and non-refundable except as expressly provided for herein under a
warranty or through an indemnification. Acceptance of the Software occurs upon shipment by Commvault or its licensors. No rights are granted to You other than the license to use the Software upon the terms expressly set forth in this EULA. The structure, sequence, organization and source code of the Software are valuable trade secrets of Commvault and/or its licensors. The export of the Software may be restricted by the export control laws of the United States of America and other countries. You agree to comply strictly with all such regulations and acknowledge that You have the responsibility to obtain licenses to export, re-export, or import Software. This EULA shall be governed by the Federal laws of United States. Commvault is not subject to any terms in any purchase order or other document unless Commvault executes a written agreement to such term. No advertisements, catalogues or other publications or statements, whether written or oral, regarding the performance of the Software licensed under this EULA shall form part of this EULA. If any provision of this EULA is held to be invalid or unenforceable by a court of competent jurisdiction, the remaining provisions of this EULA shall remain in full force and effect.

In the event You license the Software on a capacity basis, if you exceed the maximum capacity purchased, the Software may cease to operate normally and/or performance may be impaired; provided however that reducing Your usage to the purchased capacity level or purchasing additional capacity will return the Software to its normal operation. Any excess capacity usage above the purchased maximum shall entitle Commvault to invoice You for licensed capacity and maintenance and support amounts owed and customer will pay within thirty (30) days of receipt of invoice. You shall provide Commvault with any usage reports upon request within a reasonable period of time (and You shall not interfere with any automated reporting features) in order to enable Commvault to verify Your capacity usage.

In the event that You license the Software by virtue of Your purchase or use of a hardware appliance, this license is limited to the hardware appliance on which the Software was originally shipped, and the Software may not be used on or transferred to any other hardware or appliance. If you have purchased the Commvault hardware appliance, by agreeing to this EULA, you are also acknowledging that you have received, read and agree to accept the attached hardware warranty terms.

To ensure compliance with this EULA, You agree that upon reasonable notice, and applicable Government security requirements, Commvault or Commvault’s authorized representative shall have the right to inspect and audit Your installation and use of the Software. Any such inspection or audit shall be conducted during regular business hours at your facilities or electronically. Any information obtained during the course of such audit will be used by Commvault solely for the enforcement of Commvault’s rights under this EULA and applicable law. If such audits disclose that you have installed, accessed, used, or otherwise permitted access to the Software in a manner that is not permitted by the terms of this EULA, then Commvault will promptly invoice Ordering Activity for any unpaid license fees. Nothing in this section shall be deemed to limit any legal available to Commvault for violation of this EULA or applicable law.

Any reports regarding Your use of the Software and any other usage information, results, comments, or suggestions provided by You to Commvault regarding the Software (collectively, the “Feedback”) shall be deemed non-confidential to You. By providing Feedback, You grant and assign to Commvault, under Your intellectual property rights and any other exclusive ownership, with the right to sublicense to Commvault licensees and customers, the rights to use and disclose the Feedback in any manner Commvault chooses, and to display, perform, copy, make, have made, use, sell, and otherwise dispose of Commvault’s products embodying the Feedback in any manner and via any media Commvault or its licensees choose, without obligation to You to the extent permitted by the General Services Acquisition Regulation (GSAR) 52203-71. You also acknowledge that the Software may automatically provide certain reports and survey information, including the generation and collection of geolocation data, regarding its use to Commvault and its third-party licensors, and which reporting features You may disable at any time. Any such report or information shall be used in a manner that does not identify you or shall be kept confidential and used solely by Commvault or its third party licensors for internal purposes.

Your agreement to this EULA serves as Your consent to the generation and collection of such reports and information by Commvault provided that collection of such reports and information is handled in accordance with applicable Government security and privacy requirements. To the extent that You may acquire by operation of law or equity, any right, title, or interest, including any intellectual property rights, in or to the Feedback, or any modifications, or developments related thereto, ownership of these should be as set forth in the copyright statute, 17 USC 103, and the FAR clause at 52.227-14, as may be modified by mutual written agreement between the licensor and the ordering activity at the task order level. The above provisions and rights granted regarding title and intellectual property rights associated with the Software and the Feedback shall survive termination of this EULA. You agree that any information provided to You by Commvault, including the Software and related Documentation, shall be considered confidential information. You shall not disclose such confidential information without the prior written consent of Commvault. Commvault recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as “confidential” by the vendor.

If the Software is provided to You electronically, You may not request, and Commvault is under no obligation to provide, physical delivery of any Software or media. Notwithstanding the terms of the Federal, State, and Local Taxes Clause, the contract price excludes all State and Local taxes levied on or measured by the sale of the Software. Under this contract, Commvault shall sell or lease the Software and/or services at the fixed price stated in this contract. Customer is responsible for any state and local taxes levied on or measured by the sale of the Software.

**Disclaimer**

Page 359
COMMVAULT DOES NOT WARRANT THAT THE SOFTWARE WILL OPERATE UNINTERRUPTED OR ERROR FREE. THE LIMITED WARRANTIES PROVIDED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES. COMMVAULT AND ITS LICENSORS DISCLAIM ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, EITHER IN FACT OR BY OPERATION OF LAW, STATUTORY OR OTHERWISE, AND COMMVAULT AND ITS LICENSORS EXPRESSLY EXCLUDE AND DISCLAIM ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, LACK OF VIRUSES OR NON-INFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS. THE PROVISIONS SET FORTH ABOVE STATE COMMVAULT’S AND ITS LICENSORS’ ENTIRE RESPONSIBILITY AND YOUR SOLE AND EXCLUSIVE REMEDY WITH RESPECT TO ANY BREACH OF ANY WARRANTY.

Limitation of Liability
NEITHER COMMVAULT, NOR ANY OF ITS LICENSORS, WILL, UNDER ANY CIRCUMSTANCES, BE LIABLE TO YOU OR ANY OTHER PARTY, FOR COSTS OF PROCUREMENT OF SUBSTITUTE PRODUCTS OR SERVICES, LOST PROFITS, LOSS OF INFORMATION OR DATA OR ANY OTHER SPECIAL, INCIDENTAL, PUNITIVE, INDIRECT OR CONSEQUENTIAL DAMAGES WHATSOEVER OR DAMAGE TO PHYSICAL PROPERTY OR ENVIRONMENTAL DAMAGES, REGARDLESS OF THE FORM OF ACTION, EVEN IF COMMVAULT HAS BEEN NOTIFIED OF THE POSSIBILITY OF SUCH DAMAGES AND NOTWITHSTANDING ANY FAILURE OF AN ESSENTIAL PURPOSE OF THIS LIMITED WARRANTY. IN THE EVENT COMMVAULT OR ITS LICENSORS ARE SUBJECT TO ANY LIABILITY IN CONNECTION WITH THE SOFTWARE PRODUCTS OR ANY SERVICES FOR ANY REASON WHATSOEVER, WHETHER ARISING FROM NEGLIGENCE, BREACH OF CONTRACT OR OTHERWISE, NEITHER COMMVAULT’S LIABILITY NOR THE LIABILITY OF ITS LICENSORS SHALL EXCEED THE CONTRACT PRICE. THIS LIMITATION SHALL APPLY EVEN IF COMMVAULT OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED WARRANTY.

These terms and conditions, warranties, limitations and remedies contain an allocation of risk between You and Commvault. Accordingly, Commvault’s prices reflect such allocation of risk. Because some jurisdictions restrict the ability to exclude implied warranties, limit or exclude incidental or consequential damages or limit liability, the foregoing limitations and exclusions may not apply to You. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor’s gross negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

.a.1.1 United States Government and DOD
This article applies to all acquisitions of this Software by or for the Federal Government. By accepting delivery of this Software, You hereby agree that this Software qualifies as “commercial computer software” as that term is used in the acquisition regulation(s) applicable to this procurement. The terms and conditions of this EULA shall pertain to the Government’s use and disclosure of this Software, and shall supersede any conflicting contractual terms and conditions except that a Negotiated Purchase Order shall take precedence over this EULA. If this EULA fails to meet the Government’s minimum needs or is inconsistent in any respect with Federal procurement law, the Government agrees to return this software, unused, to Commvault.

All Software provided to the U.S. Government pursuant to solicitations issued on or after December 1, 1995 is provided with the commercial license rights and restrictions described elsewhere herein. All Software provided to the U.S. Government pursuant to solicitations issued prior to December 1, 1995 is provided with “Restricted Rights” as provided for in FAR, 48 CFR 52.227-14 (JUNE 1987) or DFAR, 48 CFR 252.227-7013 (OCT 1988), as applicable.

The following paragraph is applicable only to Commvault 1-Touch products containing Microsoft Windows Pre-Installation Environment (WinPE) software: (i) the license for the Commvault 1-Touch product is limited to its use as a boot, diagnostic, disaster recovery, setup, restoration, emergency services, installation, test and/or configuration utilities program and not for use as a general purpose operating system or a fully functional version of any operating system product; (ii) the WinPE software is provided “as is”; (iii) the 1-Touch products, by virtue of the inclusion of WinPE, contain a security feature that will cause the computer system to reboot without prior notification to You after 24 hours of continuous use; (iv) neither Microsoft nor any Microsoft affiliate shall have any liability related to the 1-Touch or the WinPE products; and (v) all customer support issues will be handled solely by Commvault.

The Software may contain certain software licensed by Microsoft from Commvault. This Software incorporates Microsoft SQL Server 2014 Standard Edition. Ordering Activity acknowledges there may be another End-User License Agreement with terms and conditions applicable to the Microsoft SQL Server 2014 Standard Edition. You acknowledge that any copies of Microsoft software that You receive from Commvault as a result of licensing the Software do not entitle You to maintain on Your computer systems any more copies of Microsoft software than you may have previously licensed from Microsoft or other third parties.

If You license or otherwise use any Lucidworks software (the “Lucidworks Software”), then the Ordering Activity acknowledges that additional terms and conditions apply may apply with respect to the Lucidworks Software.

The Ordering Activity acknowledges that the Software may contain certain software licensed by third parties to Commvault.

Welcome to Commvault Customer Support Services!

NOTE: Not all services are available for all products or customers. Customers with OEM-based or CASP level support may have different features offered through their primary Support contact.

Commvault's Customer Support Services options help you make the most of your investment in the Commvault software suite. We want you to get the most from your products throughout their life. Commvault offers different Support options based on your business requirements in order to enhance the value of your support investment and meet the needs of your business. You also receive access to a variety of other services that are valuable throughout the life of your products:

Product Updates
- Service Pack and Hot Fix availability
- New update notifications through the Support Notification Service

Online Services
- Access to the Commvault eSupport Portal ('Maintenance Advantage') with features specially-designed for our Support customers
- Access to Mobile Advantage App for iOS and Android with the ability to control your Support experience
- Online Knowledge Base
- Online Forum for real time discussion with Commvault experts and Commvault end-users
- Online documentation and FAQs for each product
- Notification of changes in open support service requests
- Support that is available 24/72, whenever a problem may occur
- Unlimited number of calls to Commvault Customer Support
- Regular updates on the status of open incidents
- Support engineers who are certified with high-skill security qualifications
- Remote debugging and re-configuration tools for rapid fault resolution
- Proactive site monitoring through the Commvault Metrics service

Other Features
- Telephone access to skilled engineers
- Product Upgrade Validation Automation Tools
- Commvault Support Log Upload Management
- Product Compatibility and Interoperability Matrices
- Cloud Metrics Reporting

1 New release version upgrades may be made available by Commvault

2 For customers with Premium-based Maintenance Contracts
Support Offerings

2.1 Commvault Customer Support Programs

Commvault provides multiple support options for our customers; each is designed to meet the needs and requirements of a wide range of customers. These plans maximize your productivity, letting you focus on your core business.

2.2 Support Programs

As a Commvault customer, you rely on us to deliver the best software and support so that you can manage your data with the utmost results. To that end, we listen to your needs and anticipate your future requirements. We take this knowledge and design the best support programs to meet your needs at any level, to maximize your productivity and lower your costs.
2.2.1 Standard Support

The Standard Support offering provides broad business hours coverage with direct access to the Commvault Technical Assistance Center and is designed to support the majority of customer's needs. This package includes:

- Access to the Commvault Technical Assistance Center on business days (Monday - Friday), excluding statutory holidays, between the hours of 7 AM to 7 PM (local time\(^3\)) for the location where the software is installed
- 24x7 access to the Maintenance Advantage self-help website
- Notification of critical software update fixes
- Web E-Support such as Incident Management, Knowledge Database, Commvault Books Online and the Commvault Forums
- Support Account History Reports provided upon request

2.2.2 Premium Support

The Premium Support offering provides live access customer support over a comprehensive 24x7 coverage period. Premium Support includes:

- Around-the-clock access to the Commvault Technical Assistance Center (including holidays)
- 24x7 access to the Maintenance Advantage self-help website
- Notification of critical software updates product enhancements and new releases (when available)\(^4\)
- Web E-Support such as Incident Management, Knowledge Database, Commvault Books Online and the Commvault Forums
- Support Account History Reports provided upon request

2.2.3 Proactive Support

Proactive Support is an enhanced Commvault support offering that includes all of the benefits of Premium Support and additional value added services associated with mission critical data management operations. These services include:

- 15 minute Service Level Response Target for Severity 0 incidents
- Inclusive Premium Operations Management Reporting for all internet-connected CommServes
- Support Account Management Service. This service team:
  - Monitors open issues to ensure there is continued activity towards prompt resolution
  - Communicates directly with customer management to update and prioritize on high severity issues
  - Directs issue escalation to ensure continued ownership
- Monthly Technical Reviews with Support Account Management

---

\(^3\) Standard Coverage Support for Commvault's Japanese Customers is 7am to 6pm in the time zone in which the CommServe resides.

\(^4\) New release version upgrades may be made available by Commvault
2.2.4 Technical Account Manager
The Technical Account Manager (TAM) is an enhanced support offering that allows the customer to have a localized resource (onsite and remote) who aligns a strategic business plan with a customer’s business objectives and the technology to accomplish those objectives.

These Services include (but are not limited to):
- Fulfill the role of “voice of the customer” in Commvault meetings, and the technical “voice of Commvault” in customer meetings (ongoing)
- Communicate proactive monitoring metrics to customer, including if thresholds met or exceeded and the potential impact on the business (Quarterly)
- Identify risks in the environment as it relates to data management operations
- Help executing the technical business plan in accordance with customer policies and procedures
- Fractional TAM Options (20% or 50%): Onsite/Remote presence with the customer (to be scheduled with the TAM, max number of days as per fraction purchased, dependent on agreed requirements)
- Dedicated TAM Option: Full time technical consultant to ensure the operational stability and value realization of your Commvault environment
- Escalated Critical Ticket Management – work with development directly on critical issues which are affecting business operations
- Work in tandem with the SAM on any support needs

Note: The TAM (TAM-20) is typically assigned five customers and can dedicate up to 20% of service time (throughout the service contract) to each customer. This service time is reviewed with assigned customers on a regular basis in order to determine the frequency and type of coverage (onsite or remote) needed to ensure the customer receives the maximum value out of the TAM Program. Please note that the 20% service time is a guideline and doesn’t imply that the customer is guaranteed 20% time nor can customers accumulate service time from month to month. If the customer desires guaranteed focus for a specified time from a TAM, beyond what is included with the base offering, they can purchase options for a fully or partially dedicated (i.e., 100% or 50%) TAM.

2.2.5 Enterprise Support Program (ESP)
Commvault’s Enterprise Support Program is Commvault’s most comprehensive support offering and is designed to provide strategic World Class Technical Management for all aspects of our customers’ Enterprise Data Management Solutions. We partner fully with our customers to enable success, and to provide business stakeholders with the highest level of customer satisfaction, all while safeguarding technology investments and intellectual property.

Severity Level Agreement Targets
Resources work towards the achievement of SLAs as per the targets outlined below in section 2.2.6
- Severity 0 (Zero) designed to support Enterprise Data Centers

Customer Support Engineer (CE)
The CE works to provide answers, solutions or a work-around for Enterprise Support Program customer Commvault issues.
The CE:
- Takes responsibility to accept, analyze, resolve or escalate new issues
- Manages issues using Enterprise Support Program Service Level Agreements
- Prioritizes all ESP issues before all non-ESP clients
- Keeps a current issue status and advises client and SAM of regular updates to the status

Support Account / Technical Account Manager (SAM / TAM)
The Enterprise Support Program is a joint collaboration with the Support Account Manager (SAM) and Technical Account Manager (TAM). The following are the roles and responsibilities for each under the ESP to ensure continued success:

Support Account Manager (SAM)
The SAM works to ensure SLA success, provide reporting, and manage escalation and critical care instances.
- Single point of contact owning the overall support experience
- Overall management of support status – includes all tickets and metrics associated with ticket history
- Hosts Weekly Support Calls and provides status updates
- Deliver Quarterly Business Reviews – metrics/business reviews
- Working with the customer to understand the business requirements and stated Service Level Agreements (SLAs) (Reviewed for both Commvault and customer's internal SLAs to ensure they are achievable metrics for success)
- Generation and Review of support ticket history and analysis during the Quarterly Business Reviews
- Yearly Briefings – Executive and/or Technical. Work with TAM on strategic agenda
- Work closely with the TAM for any onsite technical requirements/assistance
- Work closely with the TAM to identify training opportunities for customer personnel

Technical Account Manager (TAM)
The ESP includes assignment of a TAM (20% percent coverage) to partner with our customers to understand the customer’s business objectives. The TAM provides proactive and reactive guidance to mitigate risk and reduce time to resolution by aligning key technologies and resources to those objectives. The ESP TAM is a TAM-20, typically assigned five customers and may dedicate up to 20% of service time (throughout the service contract) to each customer. This service time is reviewed with assigned customers on a regular basis in order to determine the frequency and type of coverage (onsite or remote) needed to ensure the customer receives the maximum value out of the Enterprise Support Program. Please note that the 20% service time is a guideline and doesn’t imply that the customer is guaranteed 20% time nor can customers accumulate service time from month to month. If the customer desires guaranteed focus for a specified time from a TAM, beyond what is included with Enterprise Support, they can purchase options for a fully or partially dedicated (100% or 50%) TAM as described in the TAM Offering.
- Fulfill the role of “voice of the customer” in Commvault meetings, and the technical “voice of Commvault” in customer meetings (ongoing)
- Communicate proactive monitoring metrics to customer, including if thresholds are met or exceeded and the potential impact on the business (Quarterly)
- Identify risks in the environment as it relates to data management operations
- Help executing the technical business plan in accordance with customer policies and procedures
- Fractional TAM Options (20% or 50%): Onsite/Remote presence with the customer (to be scheduled with the TAM, max number of days as per fraction purchased, dependent on agreed requirements)
- Dedicated TAM Option: Full time technical consultant to ensure the operational stability and value realization of your Commvault environment
- Escalated Critical Ticket Management – work with development directly on critical issues which are affecting business operations
- Work in tandem with the SAM on any support needs

Enterprise Service Credits

• Service credit for Commvault Services. E.g. Professional Services, RSE, Training, Personalization, etc.
• Credits can be used by customer or SAM (with customer agreement) during the period of the Enterprise contract. ESP Credits must be used in the same country as the location of the designated, main (named) location / home region.
• Availability of credits allows for prompt co-ordination to meet additional customer requirements, reducing procurement overhead at a time when speed may be critical
• Service credits are reset upon renewal, expire in 12 months from the date of purchase and not transferable between contract periods

Reporting
Working with the Enterprise Support Program’s Customer’s fiscal or operation calendar, the SAM will present data on quarterly activity:
• Commvault Cloud Metrics Reporting configured to provide customer with an overview of the CommCells(s) within your environment
• Weekly conference call with customer principals to discuss issue status and path to resolution
• Compiles and reports to customer management with the Monthly Executive Summary
  • Demonstrates SLA response and resolution success
  • Provides data trending
  ▪ Job counts*
  ▪ CommCell Health*
  ▪ License Usage and Forecasting*
• Reports on quarterly success for SLA response and resolution, and overall CommCell® trends*
• Provides a Quarterly Executive Summary (summary can be conducted onsite or remote, to meet the needs of the customers distributed global teams)

*Ability to enable ‘CommCell Diagnostics and Usage’ on your CommServe(s) required / Requires CommServe connectivity to port 443 for access and connectivity to the cloud.commvault.com hosted infrastructure.

Enterprise Metrics Reporting
Enterprise Metrics Reporting allows you to monitor the performance of all CommCell computers, gauge the storage capacity for backups, and predict the cost of data protection in your organization. Available reports include the Activity Report, Monthly Chargeback Report, CommCell Growth Report, and the Health Report.
Enterprise Support Customers receive access to Premium Metric Reports with no requirement to purchase additional Metrics licensing to access these reports. These reports are available for download from Commvault Cloud site. For more information, please contact your assigned Support Account Manager.

### 2.2.7 Customer Support Quality Assurance

Commvault is committed to providing best in class technical support, and we drive our customer satisfaction through a variety of metrics to guide us to achieve that goal. Industry standard measurements of time to respond, first contact resolution and time to solve are cornerstones of our support model. Outside of internal objectives we proactively solicit feedback from our user base for each incident logged with Commvault support in the form of a survey. This survey includes a brief questionnaire along with a comments section to add remarks about our service quality. Each survey response is reviewed by support management and, in the event of an unsatisfactory survey response; we initiate an investigation into the source of customer’s dissatisfaction with the support experience. Support management will initiate a call with the customer to cover satisfaction issues that were brought to light in the survey. The outcome of that conversation is reviewed against existing support processes and adjustments are made, as needed. Commvault is committed to improving our products, and we are always open to customer suggestions and requests of ways we can best accomplish this. By providing reports regarding customer’s use of the software, including results, comments or suggestions to Commvault (collectively, the “Feedback”), customer agrees that Commvault may use and disclose the Feedback in any manner Commvault chooses, provided that Commvault ensures the confidentiality of customer’s identity at all times. Commvault acknowledges that the ability to use this Agreement and any Feedback provided as a result of this Agreement in advertising is limited by GSAR 552.203-71. Commvault shall own all intellectual property rights related to the Feedback and its use. For those customers that request to opt out of this product improvement process, Commvault notes this in each such customer’s Support Account.
3 Contacting Customer Support

Prior to contacting support, it is highly recommended that customers search for possible solutions via the Web on our Support Portal, “Maintenance Advantage” and/or load the latest service pack and updates. If the problem persists, collecting log files, along with having the latest Service Pack and updates installed, will help expedite the resolution of your issue. If these steps are not taken by you, this can cause longer resolution times.

Please be aware that Commvault Technical Support Management reserves the right to close a service call if repeated attempts to contact the end user over the course of three (3) business days have failed to yield a response without reason. If necessary, these Support Incidents can be referenced if a new call for the original incident is required.

Commvault offers three different methods of support:
1. Web Support – Self Service (Forum, Knowledge Base, Chat, Solution Engine, and more)
2. Web Support Submission
3. Telephone Support

3.1 Web Support – Self Service

Commvault’s Web Support is provided via our Support Portal called Maintenance Advantage (ma.commvault.com). Maintenance Advantage is provided to customers who have a current and active maintenance contract. If you meet this requirement and you do not have a Maintenance Advantage login and password please send an email to support@commvault.com and provide your CommCell-ID along with your contact information and you will be notified via email of your login and password within 24 - 48 hours.

Maintenance Advantage contains a set of powerful tools to enable Commvault software customers to optimize and maintain their deployments. The section includes:

- Knowledge Base
- Solution Engine
- Commvault’s Customer Forum
- Service Packs and Hotfix Update Downloads, when and if available
- Technical FAQs
- Tips and Techniques to achieve better performance
- Configuration and deployment guidelines
- Supported hardware and software compatibility matrixes
- Troubleshooting Guides, and other valuable resources
- Enterprise Support Dashboard
- Commvault Support Chat
3.2 Web Support Submission

Customers can submit an incident via the internet by logging into Maintenance Advantage and clicking on the Incident Management link. From this location customers can view, update, and close incidents.

Web-Submitted incidents are responded to using the following guidelines:

- **Severity 0 (CATASTROPHIC)* and Severity 1 - (CRITICAL)** incidents cannot be opened via the Maintenance Advantage website
- **Severity 2 (SEV2)** – 2 Hour Response
- **Severity 3 (SEV3)** – 3 Hour Response
- **Severity 4 (SEV4)** – Next Business Day
  *Only available to Proactive or Enterprise Support customers

Once the online form is submitted, a ticket will automatically be generated as well as email notification that will include the Ticket number and a link to upload logs via the HTTP Log up-loader. In the majority of the support cases, logs will be required in order to troubleshoot and analyze the problem reported. Uploading logs in a timely manner will help expedite the troubleshooting process.

3.3 Commvault Chat

Customers may leverage Chat and access quick information about their support accounts, an incident, and more. Chat is found on the Common Portal of Maintenance Advantage. Chat is utilized for the following:

- Documentation or Product Supportability questions
- Hardware Compatibility questions
- Questions on Reporting
- Questions regarding Commvault licensing
- Problems with Maintenance Advantage Sub Account Creation
- Contact information for your Commvault Sales Representative
- Incident Escalation
- Incident Follow up
- Incident Re-Assignment
- Questions about Log and Database uploads

If your subject is of a break fix or technical nature please create an incident or, for Critical Incidents, please contact Customer Support using your local Technical Support hotline number.
### 3.4 Telephone Support

Commvault has four Main Global Customer Support locations; Tinton Falls, New Jersey; Reading, UK; Sydney, Australia; and Beijing, China. The Commvault Technical Assistance Centers are staffed by highly skilled professionals who are available 24 hours a day / 7 days a week (based on your warranty and contract support hours).

#### 3.4.1 Submitting an Incident

When contacting support, customers should be prepared to provide the following information. Failure to provide this information can result in delays in the processing of your incident.

- User name and Contact Information
- CommCell ID
- Company Name
- Description of the problem
- Agent type, Version and Update Level
- Any other pertinent information such as failure reason and time of failure

Severity levels are mutually agreed upon between customer and support representative. (See: Severity Level Definitions in section 3.7). For Severity 1-Critical issues, customer must provide valid business case reason for a Severity 1-Critical call classification.
3.4.2 **Language Support**
Commvault provides its primary support activities in English with support assistance available for both localized support within our Support Centers and translation support for phone and remote support activities. Elements of Commvault's Web Support infrastructure include localized language views for non-English speaking customers. Customers should designate their preferred language on their Maintenance Advantage profile. Chinese speaking customers are serviced locally by our Beijing Support Center in native language.

3.4.3 **Solution Engine**

All incidents submitted to Commvault Support are ingested into our solution engine which will return results based on classification and text content. Our solution engine seeks to return results that have a 90% or greater chance of solving your problem. The results will come in several forms such as recommended hotfix, knowledge base article, documentation etc.

Results for the Solution Engine are returned in two different methods depending on how the incident is logged with support.

**Web-submitted:** Solution Engine results are presented after the incident details have been filled out and submitted via our online incident form. Each result will include “Did this solve your issue? **Yes** or **No**” response links which can be clicked there or upon returning to the open incidents page.

**Hotline/Phone submission:** Solution Engine results are sent via email after the incident details have been collected by our Frontline Engineer with a subject of ‘Possible Solution detected for incident’. At the conclusion of creating your incident our Frontline Engineer will inform you that a possible solution(s) has been detected and to please follow the steps provided within our email. Included in that message is solution content and “Did this solve your issue? **Yes** or **No**” response links which can be clicked there or upon returning to your open incidents page.

**Note:** If a solution is detected that incident will be placed into a status of “Waiting for result feedback” for a period of 24 hours or until a Yes/No response has been submitted. If at any point within that time the No option is selected, that incident will be immediately routed to an engineer for service under the SLA guidelines determined by severity. If Yes has been selected, that incident will be closed and the corresponding solution noted as its resolution.

3.5 **Service Packs and Hotfix Updates**

Customers can download Service packs and hotfixes via Maintenance Advantage. Our Service Packs are a roll up of all released updates up to the release date of the most current Service Pack. Hotfixes are fully certified updates that are not part of the last Service Pack. Commvault notes that these updates are offered on a “if-and-when available” basis only and do not follow any specific release schedule.

3.6 **Alerts and Notifications**

In order for customers to receive alerts they must edit their Maintenance Advantage user profile. There are two methods to receive alerts, one manual via ad hoc alerts sent by Technical Support or automated alerts via setting in your user profile.

**Manual Alert Notifications:** You can subscribe yourself to these alerts by selecting **Yes** on the Receive Update Alert Messages portion of the profile. Once you choose to receive alerts please make sure the Alert Distribution email field contains the email to which you wish to send these reports. We recommend creating an alias distribution address so that more than one person can be notified such as a primary and a backup.

**Automated Alert Notifications:** The automated alert notification feature will automatically send notifications on what you selected. You can select to receive Critical Alerts, Service Pack Alerts and/or Critical Updates only. You will then need to select the frequency either weekly or monthly and the day of the week you wish to receive those alerts. These alerts will send notification on updates posted since the last notification.

3.7 **Severity Level Definitions**

**Severity Level Definitions and Examples:**

<table>
<thead>
<tr>
<th>Severity Level</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-Catastrophic</td>
<td>This severity level is reserved solely for Commvault Enterprise Support or Proactive Support Customers. This severity is used to indicate that all Commvault components are inoperable and no data movement operations are possible. Examples of SEV0-Catastrophic incidents are:</td>
</tr>
<tr>
<td>Proactive &amp; Enterprise Only</td>
<td>Complete outage to CommServe. Multiple Server outages/rebuilds issues.</td>
</tr>
<tr>
<td></td>
<td>Disaster Recovery Event (not a DR Test)</td>
</tr>
<tr>
<td>1-Critical</td>
<td>This severity should be used to indicate that a major component is down or having a serious problem that it is impacting business. Examples of SEV1-Critical incidents are:</td>
</tr>
<tr>
<td></td>
<td>CommServe® is not functioning, and server backups or restores are not possible</td>
</tr>
<tr>
<td></td>
<td>Mission Critical Database Restores (Exchange, SQL, Oracle, Informix etc.) impacting customers’ business</td>
</tr>
<tr>
<td></td>
<td>Mission Critical Server Restore/Rebuild impacting customers business</td>
</tr>
<tr>
<td>2-High</td>
<td>This severity should be used to indicate that a major component has problems that degrade the ability to meet the needs of the business. Examples of SEV2-High incidents are:</td>
</tr>
<tr>
<td></td>
<td>Critical Server Backup failures</td>
</tr>
<tr>
<td></td>
<td>Directory/Folder and File level Restore failures</td>
</tr>
<tr>
<td>3-Medium</td>
<td>This severity should be used to indicate intermittent problems that do not impact the immediate production needs of the business. Examples of SEV3-Medium incidents are:</td>
</tr>
<tr>
<td></td>
<td>Client installation issues</td>
</tr>
<tr>
<td></td>
<td>Media Management issues</td>
</tr>
<tr>
<td></td>
<td>Operational problems</td>
</tr>
<tr>
<td>4-Low</td>
<td>This severity is used to report a defect or inconsistency in the product or request an enhancement to the product.</td>
</tr>
</tbody>
</table>

3.8 **Problem Escalation:**

This section describes the actions that will be taken towards a resolution of Severity 1-Critical issues that are not resolved, and/or where no progress is being made nor a workaround provided within the response target goal time:

- A Tier 2 Engineer will be assigned to manage and coordinate efforts to work towards a resolution. Managers from the following departments will be notified: Technical Support, Engineering, Sales and Regional Technical Services.
- The Tier 2 Engineer will coordinate a conference call with the user and all necessary personnel from Support and Engineering departments to discuss the viability of providing a workaround until a permanent solution can be achieved. Regular updates on the progress of the issue will be provided to the user. All reasonable efforts to resolve the issue remotely will be taken, such as remote access to the problem site, replication of the problem in a support lab, or utilization of information gathered through the installation of diagnostic updates. The majority of problems are resolved remotely using phone support along with remote access tools.
- If all remote troubleshooting attempts are deemed unsuccessful, then an on-site engineer can be provided until the problem is resolved. The on-site engineer fees would comprise of the current daily billable rates in accordance with the GSA Pricelist. Ordering Activity Licensee agrees to pay any travel expenses for the on-Site engineer in accordance with Federal Travel Regulation (FTR)/Joint Travel Regulations (JTR), as applicable. Ordering Activity shall only be liable for such travel expenses as approved as by Ordering Activity and funded under the applicable ordering document.

3.9 Incident Escalation:
While Commvault support makes every effort to meet our customer’s expectations, occasionally a situation may arise where an incident may need to be expedited, or criticality may have changed. In cases where you feel additional attention or further escalation is required, any of the following processes may be followed:

- Escalate Online: From our Maintenance Advantage Support Portal’s Active Incidents list, open the incident and select the Update Activity with ‘Yes, please ask management to review my incident’.
- Escalate via Email Link: Click on the Support Management Escalation link in your incident’s email footer.
- Escalate via Mobile Advantage App: From the Open Incidents view, select the incident and click Mgmt. Review.
- Escalate via Phone: Contact the Customer Support Hotline providing your incident-id number and ask to have the incident escalated. Please provide the reason for escalation so that the incident can be handled accordingly by our engineers.
- You may also request to speak with a Supervisor or Manager. In most cases a Supervisor or Manager will return your call within one hour. You will have the opportunity to explain the situation currently being faced and we will assist in getting the situation rectified.

Please refer to section 3.4 Telephone Support or online, for a list of Toll Free numbers to contact your local Support Center.
https://ma.commvault.com/Support/TelephoneSupport
4 Product Updates

Keeping Your Products Current
A current Commvault Maintenance Agreement entitles you to the latest versions\(^5\) of your licensed Commvault products, Service Packs, Maintenance Packs, hotfixes, and more.

Download Software Packages
Commvault makes all of its software packages available online. To access Commvault’s Software Suite, log into the Maintenance Advantage website and click Electronic Software Distribution, Service Pack or Additional Platform Support Packages under the Downloads and Packages tab. Different release versions are accessed by selecting the appropriate Software Version.

Download Software Updates
Commvault constantly enhances its products for resiliency and performance. Regular updates to your deployed Commvault environment ensures optimized operating efficiency for your CommCell(s) and minimizes the possibility of encountering an issue that has already been addressed in the Service or Maintenance Pack.

To check for available software updates (loose updates, Service Pack), log into the Maintenance Advantage website and click Software Updates under the Product Support tab. You can sort the list of Updates by Major Release and Product family.

Weekly Update Alert Notice
The Weekly Update Alert Notice delivers to you via email product information, update and upgrade notifications, as well as critical alerts that may require immediate attention. This information helps you get the most out of your Commvault investment by keeping you up to date. For more information, visit the URL noted below and update your User Profile for alerting:
https://ma.commvault.com/Profile/Editor

\(^5\) Release version upgrades are available per the terms of your active Maintenance Agreement
5 Support Entitlement and Maintenance Renewals

5.1 Support Entitlement

In order to receive maintenance and support services, including updates and upgrades, Customers must maintain the same level of active maintenance and support on all software licenses within their software configuration. Customers who do not have a maintenance agreement with Commvault will have limited access to technical resources. Commvault will respond on a Time & Material basis with "commercially reasonable effort", only upon receipt of email acceptance of payment by (Credit Card or Purchase Order) based off of the current billable rates on the GSA Pricelist.

5.1.1 Maintenance Renewals

Maintenance Agreements are renewed on an annual basis. Any changes to a Maintenance agreement must be made in writing. Contract change requests can be submitted via e-mail for the following locations:

US: servicecontracts@Commvault.com
Canada: servicecontractscan@Commvault.com
EMEA: servicecontractsemea@Commvault.com
APJ: apiservicecontracts@Commvault.com

5.1.2 Product Obsolescence

Commvault is committed to providing all customers with one (1) year advanced notification of the obsolescence date of any Commvault product. At the time a product is declared obsolete, Commvault will also notify all customers of any specific maintenance arrangements associated with any products that have been declared obsolete. Customers can view the list of obsolete products on the Web at https://ma.commvault.com/Support/ProductSupport
6 Product License Registration

6.1 Product Registration

After a successful installation of Commvault software, the Customer has thirty (30) days to notify Commvault and request a permanent License Key. If the Permanent License Key is not ordered within the 30 day period following installation, the Commvault software will cease to function. This occurs because the License Key used during the new Commvault Pilot deployment was temporary. The following outlines the processes required to request a Permanent License Key:

E-mail prodreg@Commvault.com for US and APAC-based Customers, prodreg-canada@Commvault.com, or Licensekey@Commvault.com for EMEA and India-based customers and provide the following:

- Company Name
- Contact Name with email and phone number
- CommCell-ID – This information can be obtained from the License Administration Window
- License Summary Report
- WINNTHOSTID – 8 character Hexadecimal version of the CommServe® IP address. (This information is necessary to ensure the correct IP address is obtained especially if multiple NIC cards are installed in the server)

Alternatively, the license activation process may be completed online at the following URL:
https://ma.commvault.com/Support/ProductRegistration

If for any reason the received Permanent License Key fails to apply, please check the following:

- If the number of licenses in the license key corresponds to the installed items in the license summary report
- If the WINNTHOSTID output corresponds with the CommServe ID of the license key.

If the above checks do not resolve the issue, please contact via email the appropriate license alias listed above with the following information:

- Company Name, Contact Name and Contact info
- CommCell-ID
- License summary report of the licenses used
- Was a pilot key used for installing the software (Y/N)
- Screenshot of the failure message at the moment the Permanent License Key is applied

EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Coupa Software, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et. seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order GPG 4800.2I, as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

   j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates antideficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the AntiDeficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 9901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

Page 379
MASTER SUBSCRIPTION AGREEMENT

This Master Subscription Agreement ("Agreement") is between Coupa Software Inc. ("Coupa") and the Ordering Activity ("Customer"). This Agreement incorporates the Subscription Schedule, attached as Exhibit A, which describes the following operational matters of the Hosted Applications (as defined below): (1) technical support & update process; (2) service level agreement; and (3) data security measures.

1. DEFINITIONS

1.1. ‘Affiliate’ means any entity which directly or indirectly controls, is controlled by, or is under common control with the subject entity; and "control" for the purposes of this definition means direct or indirect ownership or control of more than 50% of the voting interest of the subject entity, provided that any such Affiliate shall be deemed an Affiliate only for so long as such control lasts.

1.2. "Confidential Information" means all confidential and proprietary information of a disclosing party or any of its Affiliates disclosed by or on behalf of such party to the receiving party, whether orally or in writing, that is designated as confidential or that reasonably should be understood to be confidential given the nature of the information and the circumstances of disclosure, including Customer Data, business and marketing plans, technology and technical information, product designs, and business processes. Notwithstanding anything to the contrary, the Hosted Applications and Coupa Platform are deemed to be Confidential Information of Coupa. Confidential Information shall not include any information that: (i) is or becomes generally known to the public without breach of any obligation owed to the disclosing party; (ii) was known to the receiving party without restriction prior to its disclosure by the disclosing party and without breach of any obligation owed to the disclosing party; (iii) was independently developed by the receiving party without either use of or reference to any Confidential Information or breach of any obligation owed to the disclosing party; or (iv) is received from a third party without restriction and without breach of any obligation owed to the disclosing party.

1.3. "Coupa Platform" means any software and hardware that enables Coupa to provide Customer with access to and use of the Hosted Applications as contemplated by this Agreement.

1.4. "Customer Data" means any data, information or material provided or submitted by Customer or on behalf of Customer to the Coupa Platform in the course of using the Hosted Applications.

1.5. "Documentation" means the Coupa product documentation relating to the operation and use of the Hosted Applications, including technical program or interface documentation, operating instructions, update notes, and support knowledge base, as made available and updated from time to time by Coupa.

1.6. "Hosted Application(s)" means applications and associated content (as identified on an Order Form) to be provided by Coupa to Customer as a subscription service and made accessible on a website designated by Coupa.

1.7. "Order Form" means a purchase order mutually executed by the parties evidencing the purchase of subscriptions to the Hosted Applications specifying, among other things, the Subscription Term, the number of Users, the applicable fees, and the billing period as agreed to between the parties. Each Order Form, once mutually executed, shall be governed by and become part of this Agreement, and is hereby incorporated by this reference.

1.8. "Protected Health Information" has the meaning given to it in the Health Insurance Portability and Accountability Act ("HIPAA").

1.9. "Regulated Information" means, where applicable, (a) from the perspective of EU law: special categories of data as defined in Article 8 of EU Directive 95/46/EC or Article 9 of the GDPR; and/or (b) from the perspective of US law: an individual’s first name and last name (or first initial and last name) in combination with any one or more of the following data elements that relate to such individual: (i) Social Security number; (ii) driver’s license number or stateissued identification card number; or (iii) financial account number, or credit or debit card number, with or without any required security code, access code, personal identification number or password, that would permit access to an individual’s financial account.

1.11. "Subscription Term" means the period(s) during which Customer is authorized to use the Hosted Applications pursuant an Order Form.

1.12. "Support" means the Coupa technical support as specified on the Order Form in accordance with the terms in Exhibit A.

1.13. "Updates" means Coupa’s updates of the Hosted Applications for repairs, enhancements or new features applied by Coupa to Customer’s instances, including updates to the Documentation as a result of such updates, at no additional fee during the Subscription Term. Updates shall not include additional functionality or upgrades to the Hosted Applications that Coupa requires a separate charge from the Customer for customers generally.

1.14. "Users" means employees of Customer and its Affiliates and their representatives, consultants, contractors, subcontractors, or agents who are authorized to use the Hosted Applications and have been supplied unique user identifications and passwords by Customer.

2. COUPA’S OBLIGATIONS

2.1. Provision of the Hosted Applications. Coupa will make available to Customer, and Customer is authorized to use, the Hosted Applications during the Subscription Term as set forth in an applicable Order Form for its and its Affiliates’ internal business purposes in accordance with the Documentation.

2.2. Support, Uptime & Updates. Coupa shall: (i) provide the level of support specified in the Order Form in accordance with Exhibit A; (ii) provide Updates at no additional charge as part of Customer’s subscription during the Subscription Term in accordance with Exhibit A; and (iii) make the Hosted Applications available in accordance with Exhibit A.

2.3. Security. Coupa shall maintain a written information security program of policies, procedures and controls ("Security Program") governing the processing, storage, transmission and security of Customer Data. The Security Program as of the Effective Date is set forth in Exhibit A. The Security Program shall include industry standard practices designed to protect Customer Data from unauthorized access, acquisition, use, disclosure, or destruction. Coupa may periodically review and update the Security Program to address new and evolving security technologies, changes to industry standard practices, and changing security threats, provided that any such update does not materially reduce the overall level of security provided to Customer as described herein.

2.4. Breach Notification. Unless notification is restricted by law, Coupa shall report to Customer’s support contacts designated in Coupa’s customer support portal ("Support Portal") any unauthorized acquisition, access, use, disclosure or destruction of Customer Data ("Breach") promptly without undue delay after Coupa determines that a Breach has occurred. Unless prohibited by law, Coupa shall share information about the nature of the Breach that is reasonably requested by Customer to notify affected individuals, government agencies and/or credit bureaus. Customer has sole control over the content of Customer Data that it enters into.
the Coupa Platform and is responsible for determining whether to notify impacted individuals and the applicable regulatory bodies or enforcement commissions and for providing such notice.

2.5. Audit Report. During the Subscription Term, except as stated otherwise on the Order Form, Coupa shall engage at its expense, an independent accounting firm to conduct an audit of Coupa’s operations with respect to the Hosted Applications in accordance with the Statement on Standards for Attestation Engagements No. 18 (the "SSAE 18"), and have such accounting firm issue SSAE 18, SOC 1 Type 2 and SOC 2 Type 2 reports (or substantially similar report of a successor auditing standard in the event the SSAE 18 auditing standard is no longer an industry standard) (the "Auditor’s Report"), which shall cover Coupa’s security policies, procedures, and controls. Upon Customer’s request, Coupa shall provide Customer and its external auditors with a current copy of such Auditor’s Report, provided that such report shall be deemed Confidential Information of Coupa.

2.6. Insurance. Coupa shall maintain during the term of this Agreement: (a) Commercial General Liability Insurance with minimum limits of US$1,000,000 combined single limit and combined bodily injury and property damage per occurrence and US$3,000,000 dollars in the aggregate; (b) Commercial Automobile Liability Insurance providing coverage for owned, hired, and non-owned vehicles used in connection with this Agreement in an amount of not less than US$1,000,000 per accident combined single limit for bodily injury and property damage; (c) Umbrella Liability providing excess liability coverage in the minimum amount of US$5,000,000.00 per occurrence, to supplement the primary coverage provided in the policies listed above; (d) Professional Liability Insurance (Errors and Omissions Insurance) with minimum limits of US$5,000,000.00; (e) Workers Compensation Insurance covering Coupa employees pursuant to applicable state laws, and at the maximum limits statutorily required for each such state; and (f) Commercial Crime Insurance including coverage for loss or damage resulting from theft committed by the Coupa’s employees, acting alone or in collusion with others, and coverage for computer crime, with a minimum per event and annual aggregate limit of US$2,000,000. Upon request, Coupa shall promptly furnish Customer with a certificate evidencing the coverages set forth above.

3. CUSTOMER’S USE OF THE HOSTED APPLICATIONS

3.1. User Accounts. Customer is responsible for activity occurring under its User accounts and shall ensure that it and its Users abide by all local, state, national and foreign laws, treaties and regulations applicable to Customer’s use of the Hosted Applications. Customer shall: (i) notify Coupa promptly of any unauthorized use of any password or account or any other known or suspected breach of security; (ii) notify Coupa promptly and use reasonable efforts to promptly stop any unauthorized use, copying, or distribution of the Hosted Applications that is known or suspected by Customer or its Users; (iii) not impersonate another Coupa user or provide false identification information to gain access to or use the Hosted Applications or Coupa Platform; and (iv) restrict each User account to only one User at a time.

3.2. Restrictions. Customer shall not (i) license, sublicense, sell, resell, transfer, rent, lease, assign (except as provided in Section 11.3 (Assignment)), distribute, disclose, or otherwise commercially exploit or make available to any third party the Hosted Applications; (ii) modify, copy or make derivative works based upon the Hosted Applications; (iii) “frame” or “mirror” the Hosted Applications on any other server or device; (iv) access the Hosted Applications for any benchmarking or competitive purposes or use the Hosted Applications for application service provider, timesharing or service bureau purposes, or any purpose other than its own internal use, (v) decompile, disassemble, reverse engineer or attempt to discover any source code or underlying ideas or algorithms of the Hosted Applications, except to the extent reverse engineering restrictions are prohibited by applicable reverse engineering restrictions are prohibited by applicable law), (vi) remove, obscure or modify a copyright or other proprietary rights notice in the Hosted Applications; (vii) use the Hosted Applications to send or store infringing, obscene, threatening, libelous, or otherwise unlawful material, including material that violates third party privacy rights; (viii) use the Hosted Applications to create, use, send, store, or run material containing software viruses, worms, Trojan horses or otherwise engage in any malicious or disrupt the security, integrity or operation of the Hosted Applications or the Coupa Platform; (ix) attempt to gain or permit unauthorized access to the Hosted Applications or its related systems or networks; (x) use the Hosted Applications other than in compliance with all applicable laws and regulations or (xi) permit or assist any other party (including any User) to do any of the foregoing.

3.3. User Reassignment. User subscriptions are for designated Users and cannot be shared or used by more than one User but may be reassigned to new Users replacing former Users who no longer require use of the Hosted Applications. Unless otherwise specified in the relevant Order Form, the replacement User shall be under the same Subscription Term of the original User.

3.4. Additional Users. Additional Users may be purchased pursuant to the parties signing an Order Form and unless otherwise specified in the relevant Order Form, the Subscription Term of additional Users shall be concurrent with the Subscription Term in effect at the time the additional Users are added.

3.5. Protected Information. The intended purpose of the Hosted Applications is to optimize Customer’s corporate spend management processes and Customer acknowledges and agrees that use of the Hosted Applications does not require Customer to provide any Protected Information to or through the Hosted Applications or Coupa Platform. Protected Information should not be stored by any Hosted Applications or Coupa Platform, and Coupa shall have no liability to Customer or its suppliers, Users or any other party related to any Protected Information. Customer shall not (and shall ensure that its suppliers and Users do not) upload, provide or submit any Protected Information to the Hosted Applications or Coupa Platform.

3.6. Third Party Interactions.

(a) No Supplier Fees. Each party agrees that it shall not charge Customer’s suppliers for the right to interact with Customer through the Coupa Platform.

(b) Supplier Interactions. During the Subscription Term, Customer may enter into correspondence with and purchase goods and/or services from suppliers on or through the Hosted Applications. Any such activities and associated terms are solely between Customer and the applicable third party supplier. Customer agrees that Coupa shall have no liability, obligation or responsibility for any such correspondence or purchase between Customer and any such third party supplier.

4. RESERVED

5. PROPRIETARY RIGHTS

5.1. Coupa’s Intellectual Property Rights. As between Coupa and Customer, all rights, title, and interest in and to all intellectual property rights in the Hosted Applications and Coupa Platform (including all modifications and enhancements thereof) are and shall be owned exclusively by Coupa notwithstanding any other provision in this Agreement or Order Form. This Agreement is not a sale and does not convey to Customer any rights of ownership in or related to the Hosted Applications or Coupa Platform. The Coupa name, logo and product names associated with the Hosted Applications or Coupa Platform are trademarks of Coupa, and no right or license is granted to use them. All rights not expressly granted to Customer are reserved by Coupa. Coupa alone shall own all rights, title and interest in and to any 2 and SOC 2 Type 2 reports (or substantially similar report of a successor auditing standard in the event the SSAE 18 auditing standard is no longer an industry standard) (the “Auditor’s Report”), which shall cover Coupa’s security policies, procedures, and controls. Upon Customer’s request, Coupa shall provide Customer and its external auditors with a current copy of such Auditor’s Report, provided that such report shall be deemed Confidential Information of Coupa.

5.2. Customer Data. As between Customer and Coupa, Customer exclusively owns all rights, title and interest in and to all Customer Data. Customer shall have sole responsibility for the accuracy, quality, integrity, legality, reliability, appropriateness, and intellectual
property ownership of and right to use all Customer Data, and hereby warrants that that it has and will have all rights and consents necessary to allow Coupa to use all such data as contemplated by this Agreement. Customer hereby grants to Coupa a royalty-free, fully-paid, non-exclusive, non-transferable (except as set forth in Section 11.3 (Assignment)), sub-licensable, worldwide right to use and process Customer Data solely for the purpose of providing to Customer the Hosted Applications and any other activities expressly agreed to by Customer in a written document signed by both parties.

6. CONFIDENTIAL INFORMATION

6.1. Receiving party shall not disclose or use any Confidential Information of the disclosing party for any purpose outside the scope of this Agreement, except with the disclosing party’s prior written permission. Each party agrees to protect the confidentiality of the Confidential Information of the other party in the same manner that it protects the confidentiality of its own proprietary and confidential information of like kind (but in no event using less than reasonable care). If the receiving party is compelled by law to disclose Confidential Information of the disclosing party, it shall provide the disclosing party with prior written notice of such compelled disclosure (to the extent legally permitted) and reasonable assistance, at disclosing party’s cost, if the disclosing party wishes to contest the disclosure, and any information so disclosed shall continue to be treated as Confidential Information for all other purposes.

6.2. Reserved.

6.3. Use of Aggregate Data. Customer agrees that Coupa may collect, use and disclose quantitative data derived from the use of the Hosted Applications for industry analysis, benchmarking, analytics, marketing, and other business purposes. All data collected, used, and disclosed will be in aggregate form only and will not identify Customer or its Users.

7. WARRANTIES

7.1. Coupa’s Obligations. Coupa warrants that during the Subscription Term (i) Customer’s production instances of the Hosted Applications shall materially conform to the Documentation and (ii) that the functionality of the Hosted Applications at the time of the Order Form shall not materially decrease during the Subscription Term.

7.2. Procedure. To submit a warranty claim under this Section, Customer shall (1) reference this Section; and (2) submit a support request to resolve the non-conformity as provided in the Subscription Schedule. If the non-conformity persists without relief more than thirty (30) days after written notice of a warranty claim provided to Coupa under this Section, then Customer may terminate the affected Hosted Applications and Coupa, as its sole liability in connection with a breach of this warranty, shall refund to Customer any prepaid subscription fees covering the remaining of the Subscription Term of the affected subscription after the effective date of termination. Notwithstanding the foregoing, this warranty shall not apply to any non-conformity due to any modification of or defect in the Hosted Applications that is made or caused by someone other than Coupa (or someone acting at Coupa’s direction).

8. INDEMNIFICATION

8.1. Coupa’s Obligations. Subject to this Agreement, Coupa shall: (i) defend Customer, its officers, directors and employees against any third party suit, claim, or demand (each a “Claim”) that alleges the Hosted Applications used in accordance with this Agreement and the applicable Order Form infringe any issued patent, copyright, trademark or misappropriation of any trade secret of, such third party; and (ii) pay any court-ordered award of damages or settlement amount which may include any expense, liability, loss, damage, costs or reasonable attorneys’ fees, each to the extent payable to a third party, to the extent arising from such Claims. Notwithstanding the foregoing, if Coupa reasonably believes that Customer’s use of any portion of the Hosted Applications is likely to be enjoined by reason of any Claims then Coupa may, at its expense and in its sole discretion: (i) procure for Customer the right to continue using the Hosted Applications; (ii) replace the same with other products of substantially equivalent functions and efficiency that are not subject to any Claims of infringement; or (iii) modify the applicable Hosted Applications so that there is no longer any infringement, provided that such modification does not materially and adversely affect the functional capabilities of the Hosted Applications as set out herein or in the applicable Order Form. If (i), (ii), and (iii) above are not available on commercially reasonable terms in Coupa’s judgment, Coupa may terminate the affected Hosted Applications and refund to Customer the fees paid by Customer covering the remaining portion of the applicable Subscription Term for the affected Hosted Applications after the date of termination. The foregoing indemnification obligation of Coupa shall not apply: (1) if the Hosted Application is modified by any party other than Coupa (or someone acting at Coupa’s direction), but solely to the extent the alleged infringement is related to such modification; (2) the Hosted Application is combined with other non-Coupa products, applications, or processes not authorized by Coupa, but solely to the extent the alleged infringement is related to such combination; (3) to the extent the Claim arises in connection with any unauthorized use of the Hosted Application, or use that is not in compliance with all applicable laws and related Documentation; (4) to any third party products, processes or materials that are not provided by Coupa; or (5) to any Claims arising as a result of the content of the Customer Data. THIS SECTION SETS FORTH COUPA’S SOLE LIABILITY AND CUSTOMER’S SOLE AND EXCLUSIVE REMEDY WITH RESPECT TO ANY CLAIM OF INTELLECTUAL PROPERTY INFRINGEMENT. Nothing contained in this Agreement shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

8.2. Reserved.

8.3. Process. Coupa’s indemnity obligations are subject to the following: (i) Customer shall promptly notify Coupa in writing of any Claims; and (ii) Customer shall cooperate fully to the extent necessary at Coupa’s cost in such defense and settlement.

9. DISCLAIMER

9.1. DISCLAIMER OF WARRANTIES. EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, COUPA DOES NOT MAKE ANY OTHER REPRESENTATION, WARRANTY, OR GUARANTY, AS TO THE RELIABILITY, TIMELINESS, QUALITY, SUITABILITY, AVAILABILITY, ACCURACY OR COMPLETENESS OF THE SERVICES PROVIDED OR OFFERED HEREUNDER. EXCEPT AS EXPRESSLY SET FORTH HEREIN, THE SERVICES PROVIDED TO CUSTOMER HEREUNDER ARE PROVIDED STRICTLY ON AN “AS IS” BASIS AND ALL CONDITIONS, REPRESENTATIONS AND WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NON-INFRINGEMENT OF THIRD PARTY RIGHTS OR ANY WARRANTIES ARISING FROM USAGE OF TRADE, COURSE OF DEALING OR COURSE OF PERFORMANCE ARE HEREBY DISCLAIMED TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW.

10. TERM; TERMINATION

10.1. Term. The Agreement commences on the Effective Date and continues until all Order Forms subject to this Agreement have expired or terminated, unless this Agreement is earlier terminated in accordance with this Section 10. User subscriptions commence on the subscription start date specified in the relevant Order Form and continue for the Subscription Term specified therein.

10.2. Reserved.

10.3. Transition Services. Upon termination of the Agreement, at Customer’s election, Coupa shall provide transition services to facilitate the orderly and complete transfer of the Customer Data to Customer or to any replacement provider designated by Customer (“Transition Services”), provided that the scope and fees of the Transition Services shall be mutually agreed to by the parties in an Order Form prior
to commencing Transition Services. Notwithstanding the provisions of this subsection, in no event shall Coupa be required to disclose any of its Confidential Information or provide a license under any of its intellectual property to Customer or any third party as part of the Transition Services. For the avoidance of doubt, Customer shall continue to pay the subscription fees for the use of the Hosted Applications during the transition period set forth in an applicable Order Form.

10.4. Survival. Upon expiration or termination of the Agreement, Sections 1 (Definitions), 3.2 (Restrictions), , 5 (Proprietary Rights), 6 (Confidential Information), 8 (Indemnification), 9 (Disclaimer), 10 (Term; Termination), and 11 (General Provisions) of this Agreement shall survive.

11. GENERAL PROVISIONS
11.1. Compliance with Laws and Export Control. Each party shall comply with all applicable laws and government regulations, including the export laws and regulations of the United States and other applicable jurisdictions, in connection with providing and using the Hosted Applications and/or Coupa Platform. Without limiting the foregoing, (i) each party represents that it is not named on any government list of persons or entities prohibited from receiving exports, and (ii) Customer shall not, and shall ensure that Users do not violate any export embargo, prohibition, restriction or other similar law in connection with this Agreement.

11.2. Assignment. Neither party may assign any of its rights or obligations hereunder, whether by operation of law or otherwise, without the prior written consent of the other party (not to be unreasonably withheld). Subject to the foregoing, this Agreement shall bind and inure to the benefit of the parties, their respective successors and permitted assigns.

11.4. Reserved.
11.5. Entirety. The Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist and applicable Order Forms, comprises the entire agreement between Customer and Coupa and supersedes all prior or contemporaneous negotiations, discussions or agreements, whether written or oral, between the parties regarding the subject matter contained herein. In the event of any conflict between this Agreement and the Order Form, the Order Form shall govern. If any provision of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, then such provision(s) shall be construed, as nearly as possible, to reflect the intentions of the invalid or unenforceable provision(s), with all other provisions remaining in full force and effect. Customer agrees that Customer’s purchase of any subscription is neither contingent upon the delivery of any future functionality or features nor dependent upon any oral or written comments made by Coupa with respect to future functionality or features. No joint venture, partnership, employment, or agency relationship exists between Customer and Coupa as a result of the Agreement or use of the Hosted Applications or Coupa Platform. The failure of a party to enforce any right or provision in this Agreement shall not constitute a waiver of such right or provision.

11.6. Force Majeure. This Agreement is subject to FAR 52.212-4 (f) Excusable delays. (JUN 2010).

EXHIBIT A - SUBSCRIPTION SCHEDULE

EXHIBIT A-1: TECHNICAL SUPPORT
The following describes the technical support services ("Technical Support") Coupa shall provide for the support level purchased by Customer ("Support Level") as stated on the Order Form. The following terms may be updated from time to time, however, for each Order Form, the terms effective as of the execution of the Order Form shall apply for the duration of the applicable Subscription Term.

1. Scope. The purpose of Technical Support is to address defects in the Hosted Applications that prevent them from performing in substantial conformance with the applicable Documentation. A resolution to such a defect may consist of a fix, workaround or other relief reasonably determined by Coupa’s Technical Support staff.

2. Online Support Portal. The Support Portal includes an online knowledge base, best practices for use of the Hosted Applications, and a portal for the Designated Support Contacts (as defined below) to submit support tickets.

3. Live Phone Support. Coupa personnel is available to provide Technical Support to Customer, depending on the Support Level (as defined below) purchased by Customer.

4. Severity Levels. Each support ticket shall be categorized by Customer into one of the following severity levels.

<table>
<thead>
<tr>
<th>Severity</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Level 1</td>
<td>Severe error that results in the Hosted Applications experiencing complete unavailability and halting transactions with no workaround.</td>
</tr>
<tr>
<td>Level 2</td>
<td>Serious error that results in a major function of the Hosted Applications suffering a reproducible problem causing either major inconvenience to Users or consistent failure in a common functionality.</td>
</tr>
<tr>
<td>Level 3</td>
<td>Error that results in a common functionality experiencing an intermittent problem or a consistent failure in a less common functionality.</td>
</tr>
<tr>
<td>Level 4</td>
<td>Service requests such as sandbox refreshes, SSO setups, and other how-to type of questions.</td>
</tr>
</tbody>
</table>

5. Support Levels

6. **Customer Responsibilities**

(a) Customer shall designate no more than the number of Coupa Platform administrators ("Designated Support Contacts") set forth above who may contact and interact with Coupa in connection with Technical Support requests. Customer’s Designated Support Contacts shall answer questions and resolve issues as needed when they arise from other Users of the Hosted Applications. Customer’s Designated Support Contacts enter support request tickets, work through Technical Support issues with Coupa, and take action as needed to implement the resolution to the issue. Customer agrees that Coupa may communicate, and follow instructions to make changes to Customer Data and/or Customer’s instances, with its Designated Support Contacts via email, phone or through the Support Portal.

(b) Customer shall ensure that Customer’s Designated Support Contacts are trained on the use and administration of the Hosted Applications.

(c) Customer shall ensure that the name, contact and other information for these Designated Support Contacts are current in the Support Portal. Customer may replace Designated Support Contacts by updating the applicable information in the Support Portal, provided that at no time may Customer have more than the number of Designated Support Contacts permitted based on its Support Level.

7. **Support Exclusions**

Coupa is not required to provide resolutions for immaterial defects or defects due to modifications of the Hosted Applications made by anyone other than Coupa (or anyone acting at Coupa’s direction). Technical Support does not include professional services for implementation, configuration, integration or customization of a Hosted Application or custom software development, training or assistance with administrative functions.

8. **Update Process**

Coupa shall use commercially reasonable efforts to (1) monitor the Hosted Applications and related infrastructure for opportunities to address performance, availability and security issues; and (2) at Coupa’s discretion, deliver functionality enhancements to address customer and market requirements to improve such Hosted Applications based on Coupa innovation.

Coupa’s update and release process, as updated from time to time, is described at https://success.coupa.com/Success/Release_Management/01_Release_Types ("Update Process"). Customer shall upon notice comply with the Update Process and understands that not all Technical Support may be available if Customer does not comply with the Update Process and only the latest release of the Coupa Platform and Hosted Applications contains the most current features, availability, performance and security, including software fixes. Coupa is not responsible for product defects or security issues affecting the Hosted Applications or failure to meet the Uptime SLA (defined in Exhibit A-2) for Hosted Applications when Customer is not in compliance with the Update Process.

---

**EXHIBIT A-2: SERVICE LEVEL AGREEMENT (SLA)**

1. If service outages result in a failure of any production instance of a Hosted Application to meet an uptime availability requirement of 99.8% over a calendar month ("Uptime SLA"), Customer’s sole and exclusive remedy shall be a service credit equal to the greater of:

   (a) Ten percent (10%) of the subscription fees set forth in the applicable Order Form for the applicable Hosted Application for that calendar month; or

   (b) The actual unavailability rate for that calendar month (as an example, if the Hosted Application has an uptime availability of 85% during a calendar month, then the service credit shall be fifteen percent (15%) of the applicable subscription fees for that calendar month).

2. The following events shall be excluded in calculating Uptime SLA:

   (a) Planned maintenance windows, which are described at https://success.coupa.com/Success/Release_Management/03_Maintenance_Windows; and

   (b) Emergency maintenance required to address an exigent situation with the Hosted Application or Coupa Platform that if not addressed on an emergency basis could result in material harm to the Hosted Application or Coupa Platform. Coupa shall provide advance notice of emergency maintenance via the Support Portal to the extent practicable.

   (c) Any unavailability caused by circumstances beyond Coupa’s reasonable control, including without limitation, unavailability due to Customer or its Users’ acts or omissions, a Force Majeure Event, Internet service provider failures or delays, failure or malfunction of equipment or systems not belonging to or controlled by Coupa.

Items (a) – (c) collectively, “Excused Downtime”.

---

[Link to the document]
Coupa reserves the right to perform planned maintenance outside the target periods above if circumstances require, and Coupa shall provide prior notice to Customer via the Support Portal before doing so.

3. Uptime SLA is calculated as follows:

\[ \frac{(x - y - z)}{(x - z)} \times 100 \]

- \( x \) = total number of minutes in a calendar month
- \( y \) = downtime that is not excluded
- \( z \) = Excused Downtime (as defined above)

4. Customer must request all service credits in writing to Coupa within thirty (30) days of the end of the month in which the Uptime SLA was not met, including identifying the period Customer’s production instance of the Hosted Applications was not available. Coupa shall apply the service credit during Customer’s next billing cycle unless the service credit is reasonably disputed by Coupa, in which case Customer and Coupa shall work together in good faith to resolve such dispute in a timely manner. The total amount of service credits for any month may not exceed the applicable monthly subscription fee for the affected Hosted Applications, and has no cash value (unless a service credit is owed at the termination or expiration of this Agreement without a renewal order, in which case, such service credit shall be paid to Customer within ninety (90) days of the end of the Subscription Term). Uptime and other system performance metrics can be found on trust.coupa.com.

. EXHIBIT A-3: DATA SECURITY MEASURES

The following terms may be updated from time to time, however, for each Order Form, terms effective as of execution of the Order Form shall apply for the duration of the applicable Subscription Term.

(A) ORGANIZATIONAL ACCESS CONTROL

(i) Control Environment. Coupa employees are required to sign a written acknowledgement form documenting their receipt and understanding of the employee handbook and their responsibility for adhering to the policies and procedures therein. Employees are also required to sign a confidentiality agreement agreeing not to disclose proprietary or confidential information, including client information, to unauthorized parties.

(ii) Access Administration. Coupa employees do not have direct access to Customer Data, except where necessary for Technical Support, system management, maintenance, backups and other purposes separately authorized by Customer in writing. Access to Customer Data is further restricted to technical and customer support staff on a need-to-know basis. When an employee or contractor no longer has a business need for these privileges, his or her access is revoked in a timely manner, even if he or she continues to be an employee or contractor of Coupa. Coupa’s policies require Coupa personnel to report any known security incidents to Coupa management, including the Coupa Security Officer, for investigation and action.

(iii) Personnel Screening. Criminal background checks are performed for employees with access to Customer Data as a component of the hiring process.

(iv) Security Awareness and Training. Coupa maintains a security awareness program that includes appropriate training of Coupa personnel on Coupa’s security program. Training is conducted at the time of hire and periodically in accordance with the Coupa Information Security Policy.

(v) Subprocessors and Data Transfer. Coupa may engage Subprocessors and other Third-Party Suppliers (each as defined below) to perform some of its obligations under the Agreement. Coupa shall ensure that Subprocessors only access and use Customer Data in accordance with the terms of the Agreement and that they are bound by written obligations to protect Customer Data. At the written request of Customer, Coupa shall provide additional information regarding Third Party Suppliers and their locations. Customer may send such requests to Data Privacy Officer at legalnotices@coupa.com. "Third-Party Suppliers" means third-party contractors and suppliers engaged by Coupa in the context of the provision of the Hosted Applications or Coupa Platform. "Subprocessors" means those Coupa Affiliates and Third-Party Suppliers that have access to, and process, Customer Data. As part of providing the Hosted Applications or Coupa Platform, Coupa may transfer, store and process Customer Data in the Europe Economic Area, United States of America, and India or any other country in which Coupa and its Subprocessors maintain facilities.

(vi) Business Continuity Management Process. Coupa shall maintain a business continuity plan (BCP) that defines the processes and procedures for the company to follow in the event of a disaster and shall review and regularly test Coupa’s disaster recovery plan to ensure that it is capable of recovering Coupa assets and continuing key Coupa business processes in a timely manner.

(B) PHYSICAL ACCESS CONTROL

(i) Physical Protection of the Data Centers. Physical access to data centers is strictly controlled by the cloud infrastructure provider (“IaaS Provider”) both at the perimeter and at building ingress points by security staff. Authorized staff must pass a two-factor authentication to access data center floors which are monitored by cameras. All visitors and contractors are required to present identification and are signed in and continually escorted by authorized staff. The IaaS Provider only provides data center access and information to employees and contractors who have a legitimate business need for such privileges. When an employee or contractor no longer has a business need for these privileges, his or her access is immediately revoked, even if he or she continues to be an employee or contractor of the IaaS Provider. All physical access to data centers is logged and audited routinely.

(ii) Availability. Data centers are built in various global regions. All data centers are online and serving customers; no data center is “cold.” In case of failure, automated processes move Customer Data traffic away from the affected area.

(iii) Disaster Recovery. Coupa shall create a disaster recovery plan designed to provide appropriate technical and operational controls to deliver a recovery time objective (RTO) of no more than 1 hour and a recovery point objective (RPO) of availability with data loss of no more than 1 hour for the Hosted Applications.

(iv) Fire Detection and Suppression. Automatic fire detection and suppression equipment has been installed to reduce risk and damage to data center environments.
(v) **Power.** The data center electrical power systems are designed to be fully redundant and maintainable without impact to operations, 24 hours a day, and seven days a week. Data center facilities have power backup and environmental protection systems in the event of an electrical failure for critical and essential loads in the facility.

(vi) **Climate and Temperature.** Data centers are conditioned to maintain atmospheric conditions at optimal levels. Personnel and systems monitor and control temperature and humidity at appropriate levels.

(vii) **Monitoring.** The IaaS Provider monitors electrical, mechanical, and life support systems and equipment so that any issues are immediately identified. Preventative maintenance is performed to maintain the continued operability of equipment.

(C) **TECHNICAL SECURITY MEASURES**

(i) **Database Protection.** Database infrastructure is completely segregated from the application servers and the Internet via firewalls.

(ii) **Encryption.** All communications are encrypted between the data exporter and the data centers using high-grade encryption (AES-256). Access to Coupa’s on-demand applications and services is only available through secure sessions (https) and only available with an authenticated login and password. Passwords are never transmitted or stored in their original form.

(iii) **Intrusion Protection.** The application infrastructure is protected against intrusion by industry standard firewalls at the network, host, and application levels, and intrusion detection systems across all servers. Customer is prohibited from performing its own penetration on any system of Coupa or its supplier.

(iv) **Instance Isolation.** Different IaaS instances are hosted on the same physical machine and are isolated from each other through the hypervisor layer. All packets pass through this layer, so that another instance has no more access to Customer’s instance than any other host on the Internet – the instances look like they are on separate physical hosts. Customer instances in the IaaS infrastructure have no access to raw disk devices, but instead are presented with virtualized disks.

(v) **Malicious Software Protection.** Coupa and the IaaS Provider shall ensure that the Hosted Applications and the Coupa Platform include reasonably up-to-date versions of system security agent software which shall include reasonably current and tested malware protection, patches and anti-virus protection.

(D) **RETURN OF CUSTOMER DATA**

Customer will have a period of 30 days after the effective date of termination of the Agreement ("Transition Period") to download any available data produced by the Hosted Applications ("Transactional Data") based on Customer Data. Customer may seek assistance from Coupa during the Transition Period to download large files of the Transactional Data. Upon such request, Coupa will promptly make Transactional Data available for download in comma separated value (.csv) format along with attachments in their native format. For clarity, such Transactional Data will not include system generated log files or Coupa specific configuration data. After such Transition Period, Coupa shall have no obligation to maintain or provide any Customer Data and may thereafter, unless legally prohibited, delete all Customer Data in its systems or otherwise in its possession or under its control.

(E) **EXCLUSIONS**

If Customer installs, uses, or enables third party services that interoperate with the Hosted Applications then the Hosted Applications may allow such third party services to access, use, or otherwise process and transmit Customer Data. Coupa’s Security Program does not apply to any processing, storage, or transmission of any such Customer Data, and Coupa is not responsible for the security practices (or any acts or omissions) of such third party service providers with respect to data transmitted to and from such third party services. The Security Program excludes: (i) data or information shared with Coupa that is not stored in the applicable Coupa Platform; (ii) data in Customer’s virtual private network (VPN) or a third party network other than one that is under a subcontract with Coupa to assist Coupa in fulfilling its obligations in the Agreement; or (iii) any data used, processed, stored or transmitted by Customer or Users in violation of this Agreement.

***
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached CyberSponse Federal, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer ("Licensee") is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
