h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.
3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA

---

**Policy**

- **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

- **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

- **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

- **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

- **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

- **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

- **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All equal access to justice act. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

- **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

- **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

- **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

- **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

- **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

- **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
This On Premise Service Agreement (the “Agreement”) sets forth the terms and conditions governing CyberSponse’s provision to Customer of a On Premise incident response solution.

ON PREMISE SERVICE AGREEMENT

1. DEFINITIONS.
   a. “Affiliate” means, with respect to a party, any entity which directly or indirectly controls, is controlled by, or is under common control with such party (where “control” means ownership or control, directly or indirectly, of more than 50% of the voting interests of the subject entity).
   c. “Deliverable” is any work developed or created by CyberSponse during the course of providing support or Professional Services to Customer. A Deliverable does not include any Customer Data or Customer Confidential Information.
   d. “Documentation” means the description of the software contained in the then current software datasheet, a copy of which will be provided by CyberSponse to Customer upon request.
   e. “On Premise Service” means CyberSponse software provided, under a limited license, for Customer use on Customer systems.
   f. “Mobile SDK” means CyberSponse's mobile/tablet Software Development Kits.
   g. “Professional Services” means the activation, implementation, training, and other consulting and professional services provided by CyberSponse to Customer as specified in a Statement of Work.
   h. “Schedule” means an ordering document for the On Premise Service that is signed by CyberSponse and Customer. Each Schedule will reference and be subject to this Agreement. The initial Schedule entered into under this Agreement is attached as Schedule A-1.
   i. “Statement of Work” or “SOW” means the document that describes the Professional Services provided by CyberSponse to Customer. Each Statement of Work will reference and be subject to this Agreement.
   j. “Subscription Fees” mean the fees paid by Customer for the right to access and use the On Premise Service and receive Support during the applicable Term.
   k. “Transaction” has the meaning specified in the applicable Schedule.
   l. “Users” means Customer’s employees, agents, contractors, and consultants who are authorized by Customer to use the On Premise Service.

2. PREREQUISITES OF THE ON PREMISE SERVICE
   a. Availability and Use of the On Premise Service. CyberSponse will make the On Premise Service available to Customer in accordance with each Schedule entered into by the parties and the then current Documentation. Customer’s use of the On Premise Service is limited to its internal business purposes solely for the scope and use limitations specified in the applicable Schedule.
   b. Software Provided for Use with the On Premise Service.
      i. The Application. Subject to the terms and conditions set forth in this Agreement, CyberSponse grants Customer the nonexclusive, non-transferable, worldwide, internal use only license during the Term to use the application and its component parts.
   c. Support for the On Premise Service. CyberSponse will provide Customer with the support described in CyberSponse’s then current technical support policy, a copy of which is attached to this Agreement as Exhibit A.

3. CUSTOMER RESPONSIBILITIES RELATING TO USE OF ON PREMISE SERVICE
   a. Access to the On Premise Service. Customer is responsible for (i) all activities conducted under its User logins; and (ii) obtaining and maintaining any hardware, software and network infrastructure (“Customer Equipment”) and any ancillary services needed to connect to, access or otherwise use the On Premise Service, and ensuring that the Customer Equipment and ancillary services comply with the configuration requirements specified in the Documentation.
   b. Use of the On Premise Service. Customer agrees to use the On Premise Service solely for its internal business purposes. Customer will not: (i) resell, sublicense, lease, time-share or otherwise make the On Premise Service to any third party; (ii) send or store infringing or unlawful material; (iii) attempt to gain unauthorized access to, or disrupt the integrity or performance of, the On Premise Service or the data contained therein; (iv) modify, copy or create derivative works based on the On Premise Service; (v) reverse engineer the On Premise Service; (vi) access the On Premise Service for the purpose of building a competitive product or service or copying its features or user interface; (vii) use the On Premise Service, or permit its use, for purposes of product evaluation, benchmarking or other comparative analysis intended for publication without CyberSponse's prior written consent; or (viii) permit access to the On Premise Service, by a direct competitor of CyberSponse.

4. RESERVED.

5. INTELLECTUAL PROPERTY OWNERSHIP RIGHTS.
   a. By CyberSponse. CyberSponse retains all ownership rights in the On Premise Service (including Cybersponse software and other software utilized to provide the Service), including all intellectual rights in any of the foregoing. CyberSponse grants Customer the nonexclusive, paid-up right to use Deliverables solely for its internal business purposes in connection with its use of the On Premise Service.
   b. By Customer. Customer retains all ownership rights in the Customer Data, including all intellectual rights in the Customer Data. Customer grants CyberSponse the nonexclusive, paid-up right to use the Customer Data to provide the On Premise Service to Customer, including to monitor and improve the Services.
   c. No Other Rights. Except as expressly set forth in this Agreement, neither party grants any rights to the other including any license, right or interest in any Cybersponse or Customer trademark, copyright, trade name or service mark.

6. RESERVED.

7. WARRANTIES.
   a. Mutual Warranties. Each party represents and warrants that (i) it has the legal power to enter into and perform under this Agreement; and (ii) it will comply with all other applicable laws in its performance hereunder. b. By CyberSponse.
      i. “AS IS” SERVICE. A. DISCLAIMER. The CyberSponse warrants that the SOFTWARE will, for a reasonable period from the date of your receipt, perform substantially in accordance with CyberSponse; SOFTWARE PRODUCT written materials accompanying it. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, THE SOFTWARE AND SERVICES PROVIDED ARE PROVIDED ON AN “AS IS” BASIS. CYBERSPONSE
AND ITS LICENSORS DISCLAIM ANY AND ALL WARRANTIES, EXPRESS OR IMPLIED, RELATING TO THE ON PREMISE SERVICE, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND NON-INFRINGEMENT, OR ARISING FROM A COURSE OF DEALING, USAGE OR TRADE PRACTICE. CYBERSPONSE SPECIFICALLY DISCLAIMS ANY WARRANTY THAT THE OPERATION OF THE SERVICE WILL BE UNINTERRUPTED OR ERROR FREE. FURTHER, CYBERSPONSE MAKES NO ADDITIONAL REPRESENTATIONS OR WARRANTIES WHATSOEVER, AND SHALL HAVE NO LIABILITY WHATSOEVER, WITH RESPECT TO THE ACCURACY, DEPENDABILITY, PRIVACY, SECURITY, AUTHENTICITY OR COMPLETENESS OF DATA TRANSMITTED OVER THE INTERNET, OR ANY INTRUSION, VIRUS, DISRUPTION, LOSS OF COMMUNICATION, LOSS OR CORRUPTION OF DATA, OR OTHER ERROR OR EVENT CAUSED OR PERMITTED BY OR INTRODUCED THROUGH THE INTERNET OR THE SERVERS UPON WHICH THE ON PREMISE SERVICE IS PROVIDED. CUSTOMERS ARE SOLELY RESPONSIBLE FOR IMPLEMENTING ADEQUATE FIREWALL, PASSWORD AND OTHER SECURITY MEASURES TO PROTECT CUSTOMER SYSTEMS, DATA AND APPLICATIONS FROM UNWANTED INTRUSION, WHETHER OVER THE INTERNET OR BY OTHER MEANS.

B. **NO LEGAL ADVICE.** NOTHING CONTAINED WITHIN THE ON PREMISE SERVICE IS TO BE CONSTRUED AS LEGAL ADVICE. CUSTOMER EXPRESSLY AGREES TO CONSULT WITH ITS OWN INDEPENDENT COUNSEL AND TO NOT RELY ON ANYTHING CONTAINED WITHIN ANY OF CYBERSPONSE’S SYSTEMS, SOFTWARE, SERVICES, OR ANY OTHER COMMUNICATIONS FOR LEGAL MATTERS. ANY REFERENCE WITHIN THE SERVICES OR SOFTWARE TO LAWS OR REGULATIONS ARE FOR GENERAL REFERENCE ONLY. CUSTOMER UNDERSTANDS THAT IT HAS THE OPPORTUNITY AT ANY TIME DURING THE USE OF THE SERVICES TO REVIEW ALL POTENTIAL COURSES OF ACTION WITH ITS OWN COUNSEL AND AGREES TO TAKE FULL RESPONSIBILITY FOR ITS OWN COMPLIANCE WITH ALL APPLICABLE LEGAL, REGULATORY, AND CONTRACTUAL REQUIREMENTS.

ii. **Warranty for Professional Services**, CyberSponse warrants (i) it will provide the Professional Services in a professional and workmanlike manner consistent with good industry standards and practices; and (ii) that for a period of three months after completion the Professional Services will conform to the applicable Statement of Work. In the event of any breach of the foregoing warranty, CyberSponse will re-perform the Professional Services or, if CyberSponse is unable to do so, return the fees paid to CyberSponse for the nonconforming Services.

8. **RESERVED.**

11. **RESERVED.**
12. **RESERVED.**

**EXHIBIT A TO**

**ON PREMISE SERVICE AGREEMENT**

. **CyberSponse Support Policies**

CyberSponse provides support for the On Premise Service as described in this Exhibit. **Communication**

Issues or problems (for convenience, each is referred to as an “issue”) with the On Premise Service are reported via the web-based customer support tool. In the event the web-based customer support tool is unavailable, the path outlined in the Escalation Section may be used to seek assistance from CyberSponse.

**Severity Level Definitions / Response Time Targets / Resolution** Resolution of reported issues with the On Premise Service will depend upon a complete understanding of the variables unique to each situation. CyberSponse will provide routine updates on resolution efforts.

<table>
<thead>
<tr>
<th>Level / Impact</th>
<th>Definition</th>
<th>Initial Response Target</th>
</tr>
</thead>
<tbody>
<tr>
<td>Severity 1 –</td>
<td>On Premise Service is down, business component is inoperable or critical interface has failed. Customer unable to use, or benefit from the On Premise Service resulting in a critical financial impact on Customer operation. The customer has gone through their internal troubleshooting process to eliminate any and all issues with customer-supplied infrastructure (hardware, network, etc). The condition requires immediate resolution.</td>
<td>Within two hours</td>
</tr>
<tr>
<td>Critical</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Severity 2 –</td>
<td>An issue other than a Severity 1 issue in which the condition makes use or continued use of any one or more functions of the On Premise Service difficult and which Customer, or CyberSponse on Customer’s behalf, cannot reasonably circumvent or avoid on a temporary basis without expenditure of significant time or effort.</td>
<td>Within four business hours</td>
</tr>
<tr>
<td>Significant</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Severity 3 –</td>
<td>An issue other than a Severity 1 or Severity 2 issue which is not critical in that no loss of data occurs and which Customer, or CyberSponse on Customer’s behalf, cannot reasonably circumvent or avoid on a temporary basis without the expenditure of significant time or effort.</td>
<td>Within one business day</td>
</tr>
<tr>
<td>Moderate</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Severity 4 –</td>
<td>A non-critical function or component of the On Premise Service is malfunctioning causing minimal impact on Customer’s business.</td>
<td>Within two business days</td>
</tr>
</tbody>
</table>
After CyberSponse completes its initial investigation of the issue, CyberSponse will label it with one of the following categories and responses:

- **Known Defect**
  - Fix or workaround is provided to circumvent or correct the issue.
  - If no workaround is available and it is determined that one is required, CyberSponse will work with Customer to find the best feasible workaround.
  - CyberSponse will advise Customer when the issue is resolved and ticket closed.

- **New Defect**
  - If CyberSponse determines the defect has not been reported before, resolution efforts will be logged into the web-based customer support tool.
    - If the defect is deemed to be high impact, a code fix will be created, tested and released in the On Premise Service. CyberSponse will advise Customer on how soon the fix will be implemented.
    - If the defect is determined to be of lesser impact not requiring immediate implementation of a fix, then CyberSponse may defer the fix. In that event, Customer will be apprised accordingly.
    - Once a plan is created for a future fix, CyberSponse will work as appropriate to resolve the issue.
  - If it is determined that the issue is not related to the On Premise Service, the problem resolution will be Customer’s responsibility. NOTE: Professional Services are available (per an executed Statement of Work) to assist Customer in resolving the issue.
  - Ticket will be closed.

**Escalation**

- Escalation may be initiated from either CyberSponse or Customer (via the following escalation path):
  - Online Support
  - E-mail Support
  - Phone escalation

- CyberSponse Escalation Criteria:
  - Severity 1 issue – If not resolved within 4 hours and no material progress has been made, the issue is escalated within CyberSponse for additional action and resources as needed. Executive management monitors the issue closely until it is resolved.
  - Severity 2 issues – escalated after one business day.
  - Severity 3 issues – escalated after three business days.
  - Severity 4 issues – escalated after five business days.

**Requests for Enhancements**

Customers are required to use the web-based support tool to submit recommendations or suggestions for enhancements to the On Premise Service. Using the tool for submitting enhancements assists CyberSponse in evaluating and prioritizing the suggestion.

**Releases to the On Premise Service**

CyberSponse provides and manages all software releases to maintain the On Premise Service at the latest version. **CyberSponse does not support versions older than 6 months.** Some resolutions may require an upgrade to the most recent release.

**Disaster Recovery**

Customer is solely responsible for all Disaster Recovery and Business Continuity plans and operations. CyberSponse cannot make any guarantees for Customer systems.

**Data Storage**

Customer is solely responsible for configuring appropriate backups and redundant systems. CyberSponse cannot make any guarantees for Customer data storage.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Cyviz, LLC (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 43.102(a), generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing waiver of jury trial are superseded and not applicable to any GSA Customer order.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the
clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

i) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

CYVIZ, LLC

CYVIZ LICENSE, WARRANTY AND SUPPORT TERMS

I. Return to Factory (RTF) Warranty

All Cyviz solutions come with a two-year return to factory (RTF) hardware and software warranty included in the price of the solution. While under RTF warranty, all defective components will be replaced via advanced parts replacement. If the Ordering Activity operates in a 24/7 environment, 24/7 kits will need to be purchased separately. There are separate 24/7 kits, which cover the color wheels and the fans.

II. Start of the RTF Warranty Period
The hardware and software RTF warranty period starts when the Cyviz Solution Architect (SA) obtains a system sign-off from the Ordering Activity. This normally happens at the completion of the installation of the Cyviz solution. The start of the SLA period will also coincide with the start of the RTF warranty period.

III. Extension of the RTF Warranty Period
After the included two-year RTF Warranty for hardware and software, the Ordering Activity may purchase additional warranties in one-year increments up to a total of three (3) additional years. Therefore, the maximum time for the RTF Warranty period for hardware and software is five (5) years. However, certain conditions must be met. The ability to extend the RTF warranty after the initial purchase is an exclusive benefit from the Contractor, through Cyviz.

IV. Conditions to Extend the RTF Warranty Period
During the initial two-year RTF warranty period, it is strongly encouraged for the Ordering Activity to have an SLA in place for preventative maintenance. Starting with the 3rd year, the customer can extend the warranty through hardware and software of the Cyviz solution for up to three (3) additional years, for a maximum of 5 years of RTF warranty. For each of the three additional years, it is strongly encouraged to also have an active SLA.

V. Factory Location for the Warranty
The return to factory (RTF) location is Cyviz Houston, 5555 San Felipe, Suite 1700, Houston, TX 77056 (unless otherwise noted). The Ordering Activity is responsible for shipping defective equipment to the RTF location, and then Contractor, through Cyviz will pay the shipping back to the Ordering Activity. Cyviz will ship ground, but if an Ordering Activity wishes to expedite shipping, then they will have to incur the additional shipping charges. All RTF shipments must have an RMA number!

VI. Ordering Activity Support During RTF Warranty
An Ordering Activity should e-mail support@cyviz.com as a first step to document any issue(s). A telephone call can also be made to support at (CTC Houston) 713-350-6700 after the initial e-mail.

VII. Covered Items Under the RTF Warranty
During the initial two-year RTF warranty period, if Contractor, through Cyviz, determines a product to be defective in material or workmanship, Cyviz will replace the defective part with a similar or like new part. If the issue is determined to be a manufacturing defect, then Cyviz will replace the product with a similar or like new product.

When a hardware and software warranty is in place, the Ordering Activity will receive advance parts replacement in the form of an equipment swap for such products as the Cyviz scalar, XR301 video processor, XPO cards, Xéd Blending Cards, Cyviz Touch Panel, Cyviz CDC computer, and CDC software BEFORE the defective equipment is shipped back to Cyviz. This will ensure minimal downtime of a Cyviz solution.

The Cyviz projectors and flat panel monitors are not covered under advance parts replacement. They would need to be sent back to the RTF site FIRST where they would need to be repaired or possibly replaced. It is highly recommended to those Ordering Activities who have a mission critical Cyviz solution to purchase one or more Cyviz spares kits. All LCD/LEDs must be shipped on a pallet (ideally in original packaging) and in a vertical position.

VIII. Equipment Swap During RTF Warranty
It is the Ordering Activity’s responsibility to swap out the defective components with the replacement components during the hardware and software warranty period. If an SLA is in place, and the Ordering Activity can wait, then Contractor, through a Cyviz Solution Architect (SA) or an authorised Cyviz reseller engineer, will visit at the normal SLA interval to swap out the equipment.

If the Ordering Activity does not have the ability to swap out possible defective equipment and cannot wait for the next SLA visit, then the Ordering Activity may purchase a Cyviz Emergency Site Visit (CESV). The Ordering Activity can also receive training on how to perform the equipment swap.

IX. Cyviz Emergency Site Visit (CESV)
For Ordering Activities who purchase a CESV, the response time is 72 business hours. For example, if the Emergency Call happens on a Monday afternoon, one of the Cyviz SA’s would be on-site at the Ordering Activity facility by Friday morning of the same week. If the CESV is not used within a one-year period, it will expire. The CESV cannot be converted to a regular SLA or any portion of an SLA.

X. Innovative Cyviz Technical Certification Training
Ordering Activities who wish to learn how to swap out or replace components may attend the Innovative Cyviz Technical Certification (ICTC) Training Level 1 at a separate cost. In order for a Ordering Activity to become certified at the ICTC Training Level 1, the Ordering Activity must attend a one and one-half day training class at one of the Cyviz Technology Centers (CTC). It is the Ordering Activity’s responsibility to pay for travel and expenses for the training. A more advanced, ICTC Training Level 2 is held in Stavanger, Norway each year.

XI. Service Level Arrangement (SLA)
The Cyviz (SLA) includes full preventative maintenance of the complete Cyviz solution, and will cover 'regular use' issues that might arise. A SLA is designed as one (1), two (2) or four (4) visits per year. An SLA4 coincides with a 24/7 environment. Contractor, through Cyviz, will initiate contact with the Ordering Activity and find a mutually agreeable time to schedule the next SLA visit. However, the Ordering Activity must take ultimate responsibility for scheduling the SLA visit.

If an Ordering Activity has more than eight (8) total channels of a Cyviz solution at each distinct location (i.e. a location separated by a reasonable distance), then a Cyviz SLA – Extra Channel charge may apply beyond 8 channels. The parties will discuss and determine if there will be an extra channel charge.

The SLA is not a replacement for the RTF (return to factory) warranty on Cyviz projectors, flat panels or on other Cyviz components.
XII. Work Performed During an SLA Visit
Contractor, through a Cyviz solution architect, a Cyviz certified partner, or a Ordering Activity who has been certified at the Intermediate Cyviz Technical Certification (ICTC) Level 2, may perform the tasks associated with the SLA.

On the SLA visit, the following will happen, (1) Check lamp performance and replace lamps if necessary\(^1\), (2) replace any malfunctioning component\(^2\), (3) Fine adjustment of projector alignment, projector or flat panel monitor calibration of colors and brightness, (4) Upgrade of projector or flat panel monitor firmware if needed, (5) Source set up of additional Cyviz components if needed\(^3\), (6) Upgrade of Cyviz Display Control Software\(^4\), (7) Adjustment of the Cyviz flexible screen, and (8) Possible re-configuration of the complete system to its original state if the system has been changed/bridled.

Note\(^1\) – Extra lamps or projector bulbs must be purchased separately and will need to be delivered to the Ordering Activity PRIOR to the SLA visit.

Note\(^2\) – It is the Ordering Activity’s responsibility to inform Cyviz of any malfunctioning equipment. If the Ordering Activity would like an equipment swap to be performed at the next Cyviz SLA visit, then Cyviz will either send the equipment prior to the SLA visit or have the Cyviz SA bring the equipment to the next SLA visit.

Note\(^3\) – If the Ordering Activity would like to add additional secondary sources such as monitors, TV tuners, DVD or Blu-ray player, etc., (i.e. non-Cyviz components), then this service will need to be communicated to the Contractor. Additional Cyviz Installation charges may apply.

Note\(^4\) – During the time of an SLA visit, the Ordering Activity’s CDC software may be upgraded to the latest version. Unless the Ordering Activity has purchased a Cyviz Multi-touch monitor, it is possible certain versions of the CDC software will not compatible with a non-Cyviz personal computer system for controlling the Cyviz solution.

XIII. Failure to Purchase an SLA
If the Ordering Activity decides not to purchase an SLA at the time of the equipment purchase, then two things will happen: (a) the maximum RTF warranty period for hardware and software maintenance will be two (2) years, and (b) it will be the Ordering Activity’s responsibility to perform preventative maintenance.

XIV. Equipment Outside of the RTF Warranty Period
An Ordering Activity’s RTF may expire at the end of two-years, three-years, four-years or at the end of five-years. At the time of the expired Cyviz RTF warranty, it is the Ordering Activity’s responsibility to send defective equipment back to Contractor, through Cyviz, at the Ordering Activity’s cost for possible repair or replacement. Cyviz will determine if said equipment is repairable, and if so, how much to invoice the Ordering Activity before equipment is sent back. All LCD/LEDs must be shipped on a pallet (ideally in original packaging) and in a vertical position.

XV. Cyviz Spares Kits
For Ordering Activities who have multiple projectors or multiple flat panels, it is recommended to purchase one or more Cyviz Spares Kits. A Cyviz Spares Kit for Viz3D includes; 1 EVO-2 projector, an extra set of glass filters, 10 pair of stereo glasses, and 2 replacement bulbs. The Cyviz Spares Kit for Bizwall, Vizwall or Clusterwall includes; 1 F32 series projector, 4 replacement bulbs, an XPO.3 or XPO.4 card (if applicable), a Cyviz Scalar, and an edge blending card (if applicable). A Cyviz Spares Kit for Flat Panel Monitor includes 1 46” or 55” LCD/LED with redundant power supply, an XPO.3 or XPO.4 card (if applicable), 5 dynamic CDC clients, and a Cyviz Scalar.

XVI. Other Warranty and SLA Items
(a) The RTF warranty and SLA is non-transferrable, (b) The Ordering Activity should have all serial numbers of projectors, flat panel monitors, electronic components and software handy for smoother support. (c) the Contractor reserves the right to refuse RTF warranty coverage to a Ordering Activity who is not current on his or her warranty payments. (d) the Contractor does not make any claims express or otherwise listed outside of this RTF Warranty and SLA document.
ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS
CYXTERA FEDERAL GROUP, INC.

CYXTERA FEDERAL GROUP, INC. LICENSE, WARRANTY AND SUPPORT TERMS

Cyxtera End User License Agreement for the AppGate SDP Software (Government)

These terms are the standard EULA used by Cyxtera Federal Group, Inc. for the AppGate SDP Software which EC America has adopted for the purposes of this Agreement. All references to “Contractor” in this EULA refer to EC America, Inc.

This End User License Agreement (Government) (this “EULA”) governs Contractor's provision and use of the AppGate SDP Software, Hardware, Hosted Services, Professional Services, and Support, as the same may be described in an Order Form.

USE OF ANY APPGATE SDP SOFTWARE PRODUCTS (“PRODUCTS”), OR ANY OF THEIR COMPONENTS, IS EXPRESSLY SUBJECT TO AND GOVERNED BY THIS EULA. IF YOU DO NOT AGREE WITH ANY OF THE TERMS OF THIS EULA, YOUR SOLE AND EXCLUSIVE REMEDY IS TO DISCONTINUE USE OF THE PRODUCTS. Contractor and the Ordering Activity placing an order under a GSA Schedule contract that includes this EULA (any such order being the “Order Form”) mutually agree to be bound to these terms. For avoidance of doubt, nothing herein shall establish privity of contract between Cyxtera Federal Group, Inc. and the Ordering Activity.

1. Definitions. Capitalized terms used and not otherwise defined in this EULA have the following meanings: 1.1. “Agreement” means this EULA, together with any applicable Order Form.

1.2. “Authorized User” means the Licensee employees or agents who may be authorized to use the Products. 1.3. “Cyxtera” means the Contractor acting by and through its supplier, Cyxtera Federal Group, Inc.

1.4. “Deliverables” means the tangible results or output that Cyxtera delivers to Licensee in connection with the provision of Professional Services pursuant to an SOW. Deliverables do not include Technical Elements that may be embedded in or delivered with Deliverables.

1.5. “Documentation” means the then-current user manuals, training materials and technical manuals relating to the Products provided or made available to Licensee pursuant to this Agreement.

1.6. “Effective Date” is the earliest of: (a) the date specified as the “Effective Date” in the Order Form, (b) the License Start Date, or (c) Delivery of the applicable Products.

1.7. “Hardware” means the hardware specified on an Order Form and purchased by Licensee with the Software.

1.8. “Hosted Services” means the system whereby Software is made available for access on servers owned or controlled by Cyxtera and accessed by Licensee via the Internet as a service.

1.9. “License Start Date” is the date specified in the Order Form for when the Term. If no specific License Start date is specified, then the License Start Date will be the Effective Date.

1.10. “Licensee” is the entity identified on an Order Form as a purchaser of Products. 1.11. “Order Form” means all written order forms or other ordering documentation entered into by Contractor and Licensee, referencing this EULA and specifying the license type, pricing, license term, delivery and other specific terms and conditions applicable to the Products purchased thereunder. Order Form may include, as applicable, an SOW or a “quote” that is signed by the Licensee. Such Order Form would be entered into as an Ordering Activity.

1.12 “Ordering activity” means an entity authorized to order under GSA Schedule contracts as defined in GSA Order OGP 4800.21, as may be revised from time to time.

1.12. “Products” means, as applicable, Software, Hardware, Hosted Services, Professional Services, and Support.

1.13. “Professional Services” means services provided by Cyxtera pursuant to this Agreement other than Support and services incidental to the Hosted Services. Professional Services may be specified in an Order Form or SOW referencing this EULA.

1.14. “Software” means the AppGate SDP software, as the same may be specified in an applicable Order Form.

1.15. “SOW” means a Statement of Work entered into by the Parties that references this EULA.

1.16 “Support” means the maintenance and support services specified in the Support Terms.

1.17. “Support Terms” means Cyxtera’s current maintenance and support terms which are attached hereto as Exhibit A.

1.18. “Technical Elements” means such tools, templates, know-how, data, modules, components, designs, utilities, subsets, objects, program listings, models, methodologies, programs, systems, analysis frameworks, leading practices, or specifications (including, without limitation, “Cyxtera Business Models”) that are used by Cyxtera while performing Services. For the avoidance of doubt, Technical Elements includes refinements, changes, enhancements or modifications to Technical Elements made as a result of performing Services for Licensee.

2. License Grant

2.1. Cyxtera hereby grants to Licensee, and Licensee hereby accepts from Cyxtera, the nonexclusive, nontransferable, non-sublicensable right during the Term to install, display, operate and use the Products for Licensee’s internal business purposes.

2.2. The license type(s) for the Products will be designated on the applicable Order Form. If the Order Form does not specify license types, the following rules apply:

(a) All Products are licensed for Licensee’s internal business use only.

(b) Authorized Users are limited to a reasonable number, consistent with this Agreement. Authorized Users may be limited to a set number of registered or named users.

(c) Term licenses are for 1 year only.

2.3. Licensee will ensure that all Authorized Users and any others provided access to the Products abide by the terms of this Agreement. Licensee will be and remain fully responsible for the actions or omissions of such users with respect to the Products. Cyxtera may deploy the Products with license key or other technology that prohibits use of the Products beyond the applicable license term or license parameters.
2.4. Except as expressly provided in this Agreement, Licensee will not: (a) make any copies, modifications or derivative works of the Products, (b) remove, alter, obscure or fail to reproduce in any way any proprietary notices of Cyxtera and its suppliers (including copyright and trademark notices) on any of the Products, (c) reverse engineer, decompile, disassemble or otherwise attempt to derive the source code for the Software or Hosted Services or (d) directly or indirectly distribute, disclose, sub-license, market, rent, outsource, use on a service bureau basis, lease or transfer to any third party the Products. Except as expressly provided in this Section 2, Licensee is granted no rights or licenses whatsoever in or to the Products or any other Cyxtera products, intellectual, proprietary or personal rights. All rights and licenses not expressly granted in this Agreement are reserved by Cyxtera.

3. Ownership of Products
3.1. Cyxtera and its licensors are, and at all times will remain, the sole and exclusive owners of all right, title and interest, throughout the world (including all intellectual proprietary rights), in and to all Products, and any modifications, or copies thereof, whether made by or on behalf of Cyxtera or Licensee. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the Ordering Activity shall receive limited and restricted rights as defined at the FAR clause at 52.227-14 and in line with the limitations of use on the Software as specified in the applicable Order Form to use such derivative works at no further cost. Licensee receives or otherwise obtains no right, title or interest of any kind in the Products under this Agreement, other than the limited license rights expressly set forth in Section 2. Except for Hardware, Licensee obtains only a limited license right to the Products and, notwithstanding of any use of the words “Purchase”, “sale” or like terms in connection with this Agreement, no ownership rights are conveyed to Licensee under this Agreement.

3.2. If Licensee provides any comments, criticisms, or other feedback relating to the Products to Cyxtera (collectively, “Feedback”), such Feedback will be deemed non-confidential and non-proprietary information for purposes of this Agreement. Cyxtera acknowledges that the ability to use this Agreement and any Feedback provided as a result of this Agreement in advertising is limited by GSAR 552.203-71. Cyxtera will have no obligation to Licensee or any third party with respect to such Feedback, and will be free to use and exploit such Feedback in any form or manner and for any purpose and without payment of any consideration to the extent permitted by the General Services Acquisition Regulation (GSAR) 552.203-71.

4. Delivery and Installation
4.1. Delivery of Products (“Delivery”) is complete on the earliest date that: (a) the Products are made available to Licensee for use, (b) the Products are used by Licensee, or (c) physical delivery of the Products to Licensee, when applicable.

4.2. Unless otherwise specified in an Order Form, Cyxtera has no responsibility for installation or instruction on use of the Products.

5. Cyxtera Support
5.1. Cyxtera will provide Support for the Products as set forth on an Order Form and in accordance with the Support Terms.

5.2. Cyxtera has no obligation to provide Support except as specified in an Order Form. Unless otherwise specified in an Order Form, all Hosted Services include Support at no additional charge during the applicable Term.

6. Service Level Agreement (SLA)
6.1. For Hosted Services only, and unless otherwise agreed in an Order Form, Cyxtera provides a Service Level Agreement as set out in Exhibit B.

7. Hardware
7.1. Cyxtera is not the manufacturer of the Hardware. Any support provided in connection with the Hardware is provided as a convenience only, and Cyxtera will pass through applicable warranties from the Hardware manufacturers, as such manufacturers may permit. In no event will any such warranty survive more than 1 year from Delivery.

8. Professional Services
8.1. If specified and agreed to in an Order Form or SOW, Cyxtera may provide certain Professional Services to Licensee. In the absence of a specific, separate written agreement governing such Professional Services in the Order Form or SOW, the terms set out in this Section 8 will apply. After execution of an Order Form or SOW for Professional Services, any change in the scope or fees for the same must be agreed upon in writing by the parties.

8.2. The fee for the Professional Services is as set forth in the Order Form or SOW in accordance with the GSA Schedule Pricelist. In addition, if set forth on the Order Form or SOW, Ordering Activity Licensee agrees to pay any travel expenses (“Expenses”) incurred by Cyxtera’s applicable employees, agents and contractors (collectively, “Cyxtera Personnel”) while traveling to and from Licensee facilities to perform Professional Services in accordance with Federal Travel Regulation (FTR)/Joint Travel Regulations (JTR), as applicable, Ordering Activity shall only be liable for such travel expenses as approved by Ordering Activity and funded under the applicable ordering document. Unless otherwise agreed in the Order Form or SOW, Fees for Professional Services and reasonable Expenses in accordance with the FTR/JTR will be billed monthly, or after the conclusion of the Professional Services.

8.3. Upon Licensee’s request, Cyxtera Personnel may perform Professional Services at Licensee’s facilities. In all such cases, Cyxtera will seek to minimize disruptions in the continuity and identity of Cyxtera Personnel assigned to work with Licensee. In addition, upon Licensee’s request and for reasonable cause, Cyxtera will remove any Cyxtera Personnel from Licensee’s premises. While performing Professional Services at non-Cyxtera locations as directed by Licensee, Cyxtera Personnel will comply with Licensee’s applicable codes of conduct and procedures (including policies regarding occupational health and safety requirements, building access, and physical and information security) which are provided in writing in advance by Licensee. In addition, Cyxtera will cooperate, as reasonably requested by Licensee, with Licensee’s other contractors or suppliers in providing services related to Professional Services. 8.4. Licensee must use reasonable efforts to: (a) provide Cyxtera Personnel with such information, cooperation and support as may reasonably be required for Cyxtera to provide the Professional Services, (b) permit Cyxtera Personnel to access such of Licensee’s systems, networks, premises and property as is necessary to perform the Professional Services, and ensure that Cyxtera is granted sufficient authorization to use any third party systems, programs, or networks necessary to provide the Professional Services, (c) ensure that all necessary consents, authorizations and licenses have been obtained so that Cyxtera’s provision of the Professional Services does not breach any statutory or regulatory provisions (of whatever jurisdiction) relating to the use of and access to personal data, and (d) ensure the health and safety of Cyxtera Personnel engaged in providing the Professional Services at Licensee’s premises.

8.5. Each Order Form or SOW may specify the Deliverables to be provided by Cyxtera. Deliverables made for Licensee as part of the engagement will become the property of Licensee at the moment such item is fixed in a tangible medium, and all rights, title and interest therein will vest in Licensee and will be deemed to be a “work made for hire” (as defined in the Copyright Act of 1976). As between Cyxtera and Licensee, Cyxtera retains all rights to the Technical Elements, provided, however, Cyxtera hereby grants to Licensee a perpetual, worldwide, nontransferable, non-exclusive, royalty-free, fully paid-up license to use, copy, modify and prepare derivative works of the Technical Elements provided to Licensee in connection with Professional Services for the limited purpose of Licensee being able to use the Deliverables for its internal purposes in connection with the related Products.

9. Fees and Payment
9.1. Following execution of an Order Form or SOW, Cyxtera may issue an invoice to Licensee that incorporates by reference the accepted Order Form and reflects the Fees to be paid by Licensee. Licensee must pay to Cyxtera the license fees (“License Fees,” which may be for Software or Hosted Services), hardware fees (“Hardware Fees”), fees for Professional Services (“PS Fees”), and Support fees (the “Support Fees”, and, together with the License Fees, Hardware Fees, and PS Fees, the “Fees”) set forth on the applicable Order Form in accordance with the GSA Schedule PriceList to the address designated on the invoice. Licensee must pay all Fees in accordance with the terms of the Order Form and in each instance within 30 days following receipt of the invoice. Licensee may not set off any amounts owing to Licensee against any payments owing to Cyxtera. 9.2. Excluding taxes based on Cyxtera’s net income, Licensee is liable and responsible for paying all applicable taxes, and all duties and customs fees relating to Licensee’s receipt or use of the Products, whether or not Cyxtera invoices Licensee for such taxes, duties or customs fees, unless Licensee timely provides Cyxtera with a valid tax exemption or direct pay certificate showing Licensee is exempt from such payments. If Cyxtera is required to pay any such taxes, duties or customs fees, Licensee will reimburse Cyxtera for such amounts in accordance with Section 9.1, and Licensee will indemnify, defend and hold harmless Cyxtera for any such taxes, duties and customs fees and any related costs, interest and penalties paid or payable by Cyxtera with respect thereto. Ordering Activity shall provide Cyxtera with a US tax exemption Form: SF 1094.

10. Term and Termination
10.1. Unless otherwise set forth on an Order Form, the term of this Agreement commences on the Effective Date and continues for 1 year after the License Start Date, (the “Term”). Any renewals or extensions must be agreed in writing by the parties.
10.2. Licensee may terminate this Agreement in accordance with the Federal Acquisition Regulation (FAR).
10.3. Upon termination of this Agreement for any reason: (a) all payment obligations to Cyxtera will become immediately due and owing and Ordering Activity agrees to pay valid payment obligations within thirty (30) days of invoice receipt date; (b) Licensee must immediately cease using the Software and Hosted Services and return all Documentation to Cyxtera, and (c) Licensee must also return to Cyxtera or destroy all copies of Cyxtera’s Confidential Information in every form. Licensee must certify in writing to Cyxtera that it has performed the foregoing obligations. Sections 3, 7, 8, 10.3, 11, 12, 13, 14, 15, and 16 will survive any termination hereunder.
10.4. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the Contract Disputes Act 41 USC 71 and the Disputes Clause in the applicable prime contract. During any dispute under the Disputes Clause, Contractor shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement.

11. Representations and Warranties
11.1. Each party represents and warrants to the other party that: (a) it has all necessary right, power and authority to enter into this Agreement and to perform its obligations hereunder, (b) the execution and delivery of this Agreement, and the performance of its obligations hereunder, do not conflict with and will not result in a breach of any other agreement to which it is a party or by which its assets are bound, and (c) this Agreement, constitutes the legally valid and binding obligation of such party enforceable against it in accordance with its terms, except as such enforcement may be limited by applicable law.
11.2. Contractor further represents and warrants to Licensee that the Software will function substantially in accordance with the Documentation for 60 days from delivery to Licensee when used in accordance the Documentation and terms of this Agreement. Contractor’s obligation, and Licensee’s remedy, for a breach of the warranty contained in this Section 11.2 will be for Contractor, in its sole discretion, to: (a) repair or replace the Software so that it substantially conforms to the Documentation, or (b) in the event Contractor is unable to repair or replace the Software after exercising commercially reasonable efforts to do so, provide Licensee with a pro-rata refund of the fees paid to Contractor for the Software that did not substantially conform to the Documentation.
11.3. The warranty in Section 11.2 will not apply: (a) if the Products are not used in accordance with the Documentation and the terms of this Agreement, (b) if any modification is caused in whole or in part by a modification to, or combination of, the Products by any party other than Cyxtera, (c) if any nonconformance is caused in whole or in part by Licensee's failure to use any new or corrected version of the Software made available by Cyxtera, and (d) to the Hardware, if applicable.
11.4. EXCEPT AS EXPRESSLY PROVIDED IN THIS SECTION 11, PRODUCTS ARE PROVIDED “AS IS” AND CYXTERA MAKES NO REPRESENTATIONS OR WARRANTIES OF ANY KIND, WHETHER EXPRESS OR IMPLIED (EITHER IN FACT OR BY OPERATION OF LAW), WITH RESPECT TO PRODUCTS OR ANY OTHER PRODUCTS OR SERVICES PROVIDED PURSUANT TO OR IN CONNECTION WITH THIS AGREEMENT. CYXTERA EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES OR CONDITIONS, WHETHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. ALL WARRANTIES ARISING FROM CONDUCT, COURSE OF DEALING OR CUSTOM OF TRADE, AND ALL WARRANTIES OF TITLE AND NON-INFRINGEMENT. CYXTERA DOES NOT WARRANT THAT PRODUCTS ARE OR WILL BE ERROR-FREE OR THAT THE USE OR OPERATION OF THE PRODUCTS WILL BE UNINTERRUPTED OR THAT ALL ERRORS OR ISSUES WITH PRODUCTS CAN OR WILL BE CORRECTED.

12. Confidentiality
12.1. Each party will retain in confidence all non-public information and know-how disclosed pursuant to this Agreement, whether oral or in writing, that is either designated as proprietary or confidential or, by the nature of the circumstances surrounding disclosure, should in good faith be treated as proprietary or confidential (“Confidential Information”), using at least the same standard of care used by it to protect its own confidential information, but in no event less than a reasonable standard of care. The receiving party will use the Confidential Information and copy it only to the extent required to accomplish the intent of this Agreement, and disclosure will be restricted to those individuals who have a need to know and have been made aware of and consent in writing to be bound by similar restrictions as those contained herein. For purposes of clarity, Cyxtera Confidential Information will include the Products and the Documentation.
12.2. The parties’ obligations of non-disclosure under this Agreement will not apply to Confidential Information which the receiving party can demonstrate: (a) is or becomes a matter of public knowledge through no fault of the receiving party, (b) was rightfully in the receiving party’s possession prior to disclosure by the disclosing party, (c) subsequent to disclosure, is rightfully obtained by the receiving party from a third party in lawful possession of such Confidential Information, or (d) is independently developed by the receiving party without reference to Confidential Information. Furthermore, the receiving party will be allowed to disclose Confidential Information of the disclosing party if that party is required by law or court order to disclose such Confidential Information, provided that, to the extent permitted by applicable law, the party disclosing any Confidential Information pursuant to a legal duty provides advance written notice of such disclosure to the party whose Confidential Information may be disclosed. Cyxtera recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which, subject to applicable exemptions, requires that certain information be released, despite being characterized as “confidential” by the vendor.

13. Indemnification
13.1. Subject to applicable law, Cyxtera will indemnify Licensee against claims, demands, suits or actions (each, a “Claim”) brought against Licensee by any third party alleging that Licensee’s use of the Products in accordance with the terms of this Agreement constitutes a direct infringement or misappropriation of such third party’s patent claims, copyright or trade secret rights, and Cyxtera will pay damages finally awarded against Licensee with respect to such Claims. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516.

13.2. Cyxtera’s obligations set forth in Section 13.1 will not apply if the alleged infringement or misappropriation results, in whole or in part, from: (a) modifications made to the Products by anyone other than Cyxtera, (b) use of the Products other than in accordance with the Documentation and the terms of this Agreement, (c) Licensee’s failure to use any new or corrected version of the Products made available by Cyxtera, (d) any Third Party Components, (e) any Licensee content or other specific materials that Licensee uses or uploads into the Products, (f) use of the Products in combination with any third party hardware, software, database or materials, or (g) Licensee’s negligence or willful misconduct.

13.3. In the event of a Claim under this Section 13, Cyxtera will have the option at its expense to: (a) procure for Licensee the right to continue to use the Software that is the subject matter of the Claim, (b) replace or modify the Software that is the subject matter of the Claim to make them non-infringing, or (c) if the foregoing remedies are not commercially practical, seek to suspend or terminate access to the infringing Software. In case of such suspension or termination, Cyxtera will provide a pro rata refund of any prepaid Fees with respect to usage of Products so suspended or terminated.

13.4. Licensee must promptly notify Cyxtera of a Claim after Licensee becomes aware thereof, and Cyxtera will have the right to control the defense or settlement of the Claim. Cyxtera will have no obligation to indemnify Licensee for any amounts paid in settlement of any Claim if such settlement is affected without Cyxtera’s prior consent. Licensee’s failure to deliver prompt notice to Cyxtera after Cyxtera becomes aware of such matter will relieve Cyxtera of any liability to Licensee under this Section 13. Licensee will cooperate fully with Cyxtera and its legal representatives in the investigation of any potential Claim.

13.5. This Section 13 states Cyxtera’s sole obligation, and Licensee’s sole and exclusive remedy, with respect to any intellectual property infringement arising from, or related to, Licensee’s use of the Products.

14. Reserved.

15. Audits

Subject to the Licensee’s security requirements, during the Term and for a period of 2 years thereafter, Contractor may audit Licensee’s facilities, records and use of the Products to determine Licensee’s compliance with the terms and conditions of this Agreement. Such audits will occur during regular business hours, upon reasonable notice, consistent with Licensee’s applicable security measures and must be conducted in a manner designed to limit disruption to Licensee’s business. In the event an audit reveals that Licensee has underpaid any fees or charges owing to Contractor, or that Licensee is using the Products in an unauthorized manner, Contractor will promptly invoice Ordering Activity additional license fees sufficient to cover the unauthorized use revealed by the audit and Ordering Activity agrees to pay such valid fees within thirty (30) days of the receipt date of invoice.

16. Miscellaneous

16.1. Governing Law. This Agreement will be interpreted and construed in accordance with the Federal laws of the United States, without regard to conflict of law principles, but excluding (a) the Uniform Computer Information Transactions Act, and (b) the United Nations Convention on Contracts for the Sale of Goods. Nothing contained in this Section 16.1 will prevent either party from seeking injunctive relief from any court of competent jurisdiction.

16.2. Force Majeure. Excusable delays shall be governed by FAR 52.212-4(f).

16.3. Complete Agreement. This Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s) is the complete and exclusive statement of the agreement between Licensee and Contractor relating to the use of the Products. Any purchase order or other document issued by Licensee in connection with Licensee’s purchase of the Products (a “Purchase Order”) will be placed pursuant to, and subject to, this Agreement. A negotiated Government Purchase Order, signed by both parties, shall supersede the terms of the Agreement.

16.4. Separate Signed Agreements. Notwithstanding Section 16.3, if Licensee has entered into a separate, written agreement signed by Contractor for use of the Products, the terms and conditions of such other agreement will prevail over any conflicting terms or conditions in this Agreement.

16.5. Assignment. Neither this Agreement nor any rights under this Agreement may be assigned or otherwise transferred by Licensee, in whole or in part, whether voluntarily or by operation of law, without the prior written consent of Contractor in its sole discretion in each and every instance. Subject to the foregoing, this Agreement will be binding upon and will inure to the benefit of the parties and their respective successors and assigns. Any assignment in violation of the foregoing will be null and void.

16.6. Independent Contractors. Nothing in this Agreement may be construed to create an agency, joint venture, partnership or other form of business association between the parties. Neither party has the right or authority to make any contract, representation or binding promise of any nature on behalf of the other party, and neither party may hold itself out as having such right or authority.

16.7. Commercial Items. The Products and Professional Services are “commercial items” as that term is defined at FAR 2.101. Contractor provides the Products, including any related documentation, technical data, and/or professional services in accordance with FAR 12.211 (Technical Data) and FAR 12.212 (Computer Software), only those rights in technical data and software customarily provided to the public as defined in this Agreement. In addition, DFARS 252.227-7015 (Technical Data – Commercial Items) applies to technical data acquired by DoD agencies. Any Federal Legislative Agency or Federal Judicial Agency shall obtain only those rights in technical data and software customarily provided to the public as set forth in this Agreement. If any Federal Legislative Agency, Federal Judicial Agency or Federal Legislative Agency has a need for rights not conveyed under the terms described in this Section, it must negotiate with Contractor to determine if there are acceptable terms for transferring such rights, and a mutually acceptable written addendum specifically conveying such rights must be included in any applicable contract or agreement to be effective. The terms of this Section regarding U.S. Government Rights are in lieu of, and supersede, any other FAR, DFARS, or other provision, or supplemental regulation that addresses Government rights in computer software or technical data under this Agreement. All other use is prohibited.

16.8. Restricted Rights. The Products are classified as “Commercial Computer Products” and “Commercial Computer Documentation” developed at private expense, contain confidential information and trade secrets of Contractor and its licensors, and are subject to “Restricted Rights” as that term is defined in the Federal Acquisition Regulations. Manufacturer is: Cyxtera Federal Group, Inc., 2333 Ponce De Leon Boulevard, Suite 900, Coral Gables, Florida 33134 Attention: Legal Counsel.

16.9. No Waiver. The failure on the part of either party to exercise any right or remedy hereunder will not operate as further waiver of such right or remedy in the future or any other right or remedy.

16.10. Headings. The headings in this Agreement are for purposes of reference only and are not intended to affect the meaning or interpretation of this Agreement.

16.11. Severability. In the event that any provision of this Agreement is held invalid or unenforceable in any circumstances by a court of competent jurisdiction, the remainder of this Agreement, and the application of such provision in any other circumstances, will not be affected thereby.

16.12. Counterparts. Other forms of this Agreement may be executed in one or more counterparts, including facsimile, PDF, and other electronic copies, each of which will be deemed to be an original instrument and all of which together with this EULA will constitute a single agreement.
16.13. Notices. All official notices (including any notices regarding breach, termination, renewal, etc.) required or permitted hereunder must be in writing and must be delivered personally or sent by certified, registered mail or next day express mail or courier, postage prepaid. Any such notice will be deemed given: (a) when so delivered personally, (b) the day after, when sent by next day express mail or courier, or (c) 3 days after, when sent by certified or registered mail, to the address set forth on the applicable Order Form.

16.14. No Third-Party Beneficiaries. This Agreement is made and entered into for the sole protection and benefit of the parties hereto, and no other person or entity will be a direct or indirect beneficiary of, or will have any direct or indirect cause of action or claim in connection with, this Agreement.

16.15. Regulatory Matters. The Products are subject to the export control laws of various countries, including without limit the laws of the United States. Licensee may not submit the Products to any government agency for licensing consideration or other regulatory approval without the prior written consent of Contractor, and will not export the Products to countries, persons or entities prohibited by such laws. Licensee will also be responsible for complying with all applicable governmental regulations of the country where Licensee is registered, and any foreign countries with respect to the use of the Products by Licensee or its Authorized Users.

16.16. Dispute Resolution. In the event of a dispute between the parties, the Federal Government end user referred to as Licensee in this Agreement agrees that Contractor shall have standing and direct privity of contract to bring a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Contractor shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement. The parties agree that this Agreement is subject to 41 U.S.C. chapter 71, Contract Disputes. Failure of the parties to this Agreement to reach resolution on any dispute or request for equitable adjustment, claim, appeal or action arising under or relating to this Agreement shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference.

EXHIBIT A
SUPPORT TERMS

Cyxtera Support Terms

IMPORTANT NOTICE: THESE SUPPORT TERMS (THESE “TERMS”) APPLY TO THE LICENSED USE OF PRODUCTS (AS DEFINED BELOW) UPON PURCHASE OF SUPPORT (AS DEFINED BELOW). THE EULA (AS DEFINED BELOW) GOVERNS ANY USE OF THE PRODUCTS; ANY CAPITALIZED TERMS NOT DEFINED IN THESE TERMS WILL HAVE THE MEANINGS ASCRIBED TO THEM IN THE EULA.

1. Overview. These Terms describe the policies under which Cyxtera provides maintenance and technical support services (“Support”) for its proprietary software services and products (“Software”) and related hardware (“Hardware,” and together with Software, “Products”) to its customers (each, a “Licensee”).

Support is provided for the Software pursuant to the separate license agreement under which Licensee has purchased Support (the “EULA,” including any applicable Order Forms) and is subject to the terms and conditions of that EULA and the terms of these Support Terms. Support is provided for the term specified herein, or for the period otherwise specified in the EULA.

2. Definitions

2.1. “Cyxtera” means Contractor acting by and through its supplier, Cyxtera.

2.2. “Customer Technical Personnel” means a qualified individual, knowledgeable in Licensee’s systems and business and who has been trained in use of the Products by product training (self-study or instructor-led). Each Customer Technical Personnel must have a login for the support portal using his or her valid company domain email address.

2.3. “Documentation” means the user guide, help information or other documentation generally provided by Cyxtera to Licensees.

2.4. “Evaluation Versions” means any Products provided on a no-charge or evaluation basis.

2.5. “Incident” means each individual issue with the Products reported to Cyxtera.

2.6. “Previous Version” means upon a commercially available release of the Products (“New Version”), any previously released version(s) of the Products will be deemed a Previous Version. Licensee may replace the Previous Version (including all installed copies) with the New Version. Licensee may not use the New Version of the Products and the Previous Version of the Products at the same time in a Production Environment.

2.7. “Production Environment” is the Licensee’s production instance of the Products.

2.8. “Update” means error corrections, patches, or modifications to the Products made generally available by Cyxtera at no additional fee (other than shipping charges if applicable) to its customers contracted to receive applicable Support during the Support Term. Updates may include “Maintenance Releases,” “Minor Releases,” or “Major Releases.”

3. Scope of Support

3.1. In General

Support consists of the following: (a) web-based submissions of Incidents submitted by up to the number of designated Customer Technical Personnel specified in these Support Terms, (b) Updates of the Products, (c) access to an online secure site that contains license keys and latest product downloads, and (d) the provision of guidance and troubleshooting to Licensee in connection with questions and issues arising from the following Licensee activities with respect to the Products of the following nature:

(a) Installation and Downloads: Support for installation includes providing guidance and troubleshooting in connection with Licensee’s downloading and installing of the Software.

(b) Basic Configuration Issues: Support for configuration includes troubleshooting Licensee’s configuration settings for existing installations on Supported Platforms (as defined below) to ensure proper operation and connectivity.

(c) Usage Issues: Cyxtera qualified personnel will answer Licensee’s “how to” questions related to standard Products usage.

(d) New Version Issue: Support for issues regarding replacing a Previous Version with a New Version of the Products.

3.2. SLA for Hosted Services

For Hosted Services only, and unless otherwise agreed in an Order Form, Cyxtera provides a Service Level Agreement (SLA) as set out in Exhibit B to the EULA.

3.3. Efforts to Correct the Products

Cyxtera will make commercially reasonable efforts to correct bugs or other errors in the Products. Cyxtera is not required to correct every bug, error, or problem with the Products reported to Cyxtera. Except for AppGate SDP Support issues, reported issues will only be progressed during normal working hours (unless otherwise agreed in an Order Form).

3.4. Support Exclusions

The following are excluded from Cyxtera’s Support obligations: (a) Products that are used on or in conjunction with hardware or software other than as specified in the applicable Documentation, (b) altered or modified Products, unless altered or modified by Cyxtera, (c) defects in the Products due to accident, hardware malfunction, abuse or improper use, (d) defects in the Products which have been corrected in a New Version of the Products made available to Licensee, (e) any version of the Products for which Support have been discontinued by Cyxtera, (f) Evaluation Versions of the Products or other Products provided at no charge, (g) training, customization, integration and any issues arising from non-standard usage of the Products, and (h) any on-site services or remote access services (unless Cyxtera requests remote access to assist Cyxtera in understanding an issue). In all cases, Cyxtera only provides Support in connection with Products purchased from Cyxtera or an authorized reseller.

Cyxtera has no obligation to accept calls or messages from, or otherwise interact with, personnel other than the designated Customer Technical Personnel.

3.5. Product Versions Covered

Cyxtera will provide Support only for the Products as specified in an Order Form. Cyxtera’s Support obligations do not cover third-party hardware, operating systems, networks, or software.

3.6. Platforms Supported

Cyxtera supports use of the Products only on the platforms specified in the Product technical specification supplied by Cyxtera with the Products (the “Supported Platforms”).

4. Submitting Incidents

4.1. Who May Submit Incidents

Licensee must designate authorized Customer Technical Personnel at time of Purchase (at least one), unless otherwise specified, who will be the person registering the license. That individual may submit change requests to the list of authorized Customer Technical Personnel in writing through the channel(s) specified for the plan selected. Unless specified in an Order Form, Licensee may have no more than 5 Customer Technical Personnel at once. Licensee may substitute Customer Technical Personnel in its discretion.

4.2. How to Submit Incidents

To ensure the fastest response to an Incident, Customer Technical Personnel should use the Support Portal located at https://cyxtera.service-now.com/csm. The Support Portal provides access to Cyxtera’s self-help knowledge base, download services as well as viewing and creation of new support cases.

Requests can also be logged by sending email to appgatesdp.support@cyxtera.com. AppGate SDP Support Licensees can also contact Cyxtera via the support hotline after opening an electronic ticket request.

Once an incident has been submitted, the ‘initial response’ is defined as the period in which initial investigations into the problem are made and resolution details or a plan of action are defined. Response time is deemed to commence from when the Cyxtera Helpdesk has been notified of any issue within normal working hours or from the commencement of normal working hours following receipt of an issue.

4.3. Escalation of Incidents

If Licensee requests escalation of an existing Incident, the Customer Technical Personnel should:

- Call the Support Phone number on the Cyxtera website,
- State that this is an escalation of an existing Incident and provide the case number and support agent responsible if possible, and
- Provide Licensee name and contact details.

In the unlikely event that the Support team does not respond, the Customer Technical Personnel should get in touch with the dedicated Customer Account Manager to assist with the escalation. If a Licensee needs to escalate an ongoing incident, the Customer Technical Personnel should email supportmanagers.appgate@cyxtera.com as well as the Account Manager with a clear subject: Escalation.

The escalation response expectations are:

- During Business Hours: Response within 2 hours of the acknowledged escalation request, and
- After Business Hours: For Production Down escalations, an initial response should be expected within 4 elapsed hours of the acknowledged escalation request. For all other severity levels and questions, 1 business day of the acknowledged escalation request.

5. Support Response and Incident Resolution

5.1. Cyxtera Incident Response

For each Incident reported by Licensee in accordance with these procedures, Cyxtera will:

(a) Confirm receipt of the reported Incident within the acknowledgement time specified in these Support Terms.

(b) Set a Severity Level for the Incident in accordance with the terms below.

(c) Use commercially reasonable efforts to respond to the Incident within the time specified in these Support Terms.

(d) Analyze the Incident and, as applicable, verify the existence of the problem(s) resulting in the Incident, which may include requesting that Licensee provide additional information, logs, and re-execution of commands to help identify the root cause and dependencies of the reported issue.

(e) Give Licensee direction and assistance in resolving the Incident.

(f) Keep a record of ongoing communications with Licensee.

(g) Use commercially reasonable efforts to resolve the Incident in accordance with the target response times set forth in these Support Terms.

(h) Upon request of Licensee, discuss Severity Level and ongoing communication time frame.

Cyxtera may modify the Incident settings.

6. Severity Levels
Cyxtera will prioritize Incidents according to the following criteria:
(a) “Production Down” cases are the highest priority and receive first attention. In such cases, the Products are either completely inoperable or inaccessible to all of Licensee’s users.
(b) “High Severity” cases indicate an issue has severely impacted the performance of the Product’s intended use and is causing a material and adverse impact to the majority of Licensee’s users.
(c) “Medium Severity” cases reflect an issue that has an impact on the performance or functionality of the Products as documented but it is impacting the minority of the Licensee’s users.
(d) “Low Severity” cases reflect an issue that has a minimal impact on the performance or functionality of the Products or is a recommendation for future development or product improvement.

7. Resolution and Closure of Incidents

Incidents will be closed in the following manner:
(a) For solvable issues, depending on the nature of the issue, the resolution may take the form of an explanation, recommendation, usage instructions, workaround instructions, or advising Licensee of an available software fix.
(b) In the event that custom or unsupported plug-ins or modules are used, Cyxtera may ask, in the course of attempting to resolve the issue, that the Licensee remove any unsupported plug-ins or modules. If the problem disappears upon removal of an unsupported plug-in or module, then Cyxtera may consider the issue to be resolved. Supported plug-ins or modules are defined as those listed and defined as supported in in the Cyxtera Documentation.
(c) For issues outside of scope of Support, Cyxtera may also close issues by identifying the Incident as outside the scope of the Support or arising from a version, platform, or usage case which is excluded from these Support Terms.
(d) Cyxtera may close a case if the Customer Technical Personnel has not responded to two attempts or more made by Cyxtera to collect additional information required to solve the incident.
(e) Licensee may request Incidents be re-opened. At Cyxtera sole discretion, Incidents will be reopened for further investigation if the Incident is deemed to be solvable.

[END OF EXHIBIT A TEXT – EXHIBIT B FOLLOWS]
EXHIBIT B TO CYXTERA EULA
Service Level Agreement (Hosted Services Only) For Hosted Services only, and unless otherwise agreed in an Order Form, Cyxtera provides a Service Level Agreement as follows:

1. Service Level Agreement
1.1. Subject to the terms of this Exhibit B, the Hosted Services will be available 99% of the Scheduled Uptime Minutes, measured on a monthly basis (the “SLA Commitment”). If Cyxtera fails to meet the SLA Commitment, Licensee will be eligible for a credit (an “SLA Credit”) calculated as set out below.
1.2. Contractor will issue SLA Credits to Licensee, as applicable, as follows: (a) Within 60 days of the end of the applicable month, Licensee must note the SLA failure and request a credit in writing (email suffices), providing appropriate supporting information. (b) Contractor will confirm the SLA failure and issue SLA Credits based on the actual Availability Percentage and the credit table set out below.
1.3. All SLA Credits are based upon a monthly calculation of Availability Percentage applied to applicable Amount Subject to Service Level Credits. (a) SLA Credit Formulation and Table:

Availability Percentage = Scheduled Uptime Minutes - Unscheduled Outage Minutes / Scheduled Uptime Minutes

<table>
<thead>
<tr>
<th>Availability Percentage</th>
<th>SLA Credit Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>98% to &lt;99%</td>
<td>10%</td>
</tr>
<tr>
<td>Below 98%</td>
<td>25%</td>
</tr>
</tbody>
</table>

1.4. SLA Definitions:
(a) “Amount Subject to Service Level Credits” means the monthly amount due (or the calculated pro rata equivalent) for the month subject to the SLA Commitment.
(b) “Availability Percentage” means that percentage of time, measured monthly, calculated in accordance with the formula set out above.
(c) “Normal Business Hours” means M-F 5:00am – 5:00pm Eastern US time (excluding US bank holidays).
(d) “Scheduled Uptime Minutes” means the total minutes during Normal Business Hours in the applicable month.
(e) “Unscheduled Outage Minutes” means minutes during Normal Business Hours during which Cyxtera does not meet the SLA Commitment for reasons other than scheduled maintenance or due to a Force Majeure event.
1.5. General Rules with respect to the SLA Commitment:
(a) Hosted Services will be deemed available unless:
   (i) a User gets an error response to an attempt to access the Hosted Services during two or more consecutive 90-second intervals, or (ii) data stored in the Hosted Services becomes inaccessible.

(b) Cyxtera will use best efforts to complete all scheduled maintenance outside of Normal Business Hours. Scheduled maintenance during Normal Business Hours must be (a) limited to no more than 15 minutes per incident, and no more than 2 incidents per month, and (b) upon no less than 3 days’ advance written notice to Licensee. If scheduled maintenance does not meet these criteria, the applicable time will be counted as Unscheduled Outage Minutes. (c) Emergency maintenance can occur when jointly agreed to by Licensee and Cyxtera. Cyxtera will provide maximum practical notice for such maintenance. Licensee’s agreement to such request may not be unreasonably withheld. (d) Contractor will not be liable to Licensee, or provide any SLA Credits for any failure to meet the SLA Commitment to the extent that such failure is attributable to the following: (a) acts, omissions or errors of Licensee or a third party, (b) breaches of the Agreement by Licensee, (c) failure of Licensee’s or a User’s software, hardware, systems or connections, or (d) Force Majeure.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Dataiku, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law, including but not limited to GSAR 552.212-4 Contract Terms and Conditions-Commercial Items. To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.21, as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

EC America Rider to Product Specific License Terms and Conditions (for U.S. Government End Users)

1. **Scope.** This Rider and the attached Dataiku, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law, including but not limited to GSAR 552.212-4 Contract Terms and Conditions-Commercial Items. To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.21, as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.
j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the
ATTACHMENT A

DATAIKU SOFTWARE LICENSE AND MAINTENANCE AGREEMENT

This Software License and Maintenance Agreement and its Exhibits ("Agreement") apply to an order that incorporates these terms and conditions entered into by and between GSA Multiple Award Schedule Contractor acting by and through its supplier, Dataiku Inc. ("Dataiku"), and the Ordering Activity purchasing from the GSA Schedule contract ("Customer" or "Ordering Activity"). This Agreement, the GSA Schedule contract, Schedule pricelist, and all applicable Ordering Documents ("ODs") represent the complete agreement governing the use of Software provided by Dataiku to Customer. In general, the ODs set forth specific configuration and usage details for the Software. In the event of a conflict, an OD prevails over this Agreement.

1. Definitions. Capitalized terms not otherwise defined in this Agreement are defined as follows:

   “Affiliate” means an entity Controlling, Controlled by, or under common Control with another entity, where “Control” and its variants means the possession, directly or indirectly, of the power to direct or cause the direction of management or policies of an entity through ownership of securities or partnership or other ownership interests, by contract or otherwise.

   “Documentation” means end user or technical documentation provided with the Software.

   “Intellectual Property Rights” means patent rights (including, without limitation, patent applications and disclosures), copyrights, trade secrets, moral rights, know-how, and any other intellectual property rights recognized in any country or jurisdiction.

   “Internal Business Purposes” means use of the Software solely for Customer or Customer Affiliates' internal business projects, and deploying such projects in production mode. This definition does not include providing services using the Software to third parties.

   “License Term” means the License Term identified on an OD, including renewals. If no term is specified, the License Term is 1 year.

   “Maintenance Releases” takes its meaning from the Support and Maintenance Exhibit A attached below and incorporated by reference.

   “Software” means the object code of Dataiku’s proprietary computer programs or modules identified in an OD, backup copies, Maintenance Releases, and modifications to any of the aforementioned.

   “User(s)” means any individual authorized by Customer to use the Software.

2. Software Use and License Grant

2.1 Software; Delivery. The Software is an offering provided by Dataiku and is subject to support and maintenance as specified in Exhibit A. Customer will receive electronic license keys enabling activation of the Software after an OD becomes effective.

2.2 License. For the duration of the License Term, Dataiku grants to Customer and Users a non-exclusive, non-transferable, and non-sublicensable license to: (i) install the Software on computers owned or controlled by Customer; and (ii) use the Software to process data owned, licensed, or controlled by Customer or Customer Affiliates for Internal Business Purposes in accordance with the Documentation, this Agreement, and any applicable OD. Customer may maintain a reasonable number of copies of the Software on its systems only for backup purposes.

2.3 Affiliates. Both Dataiku Affiliates and Customer Affiliate may enter into ODs. When a Customer Affiliate enters into an OD, it will be deemed to have made the purchase directly, and be bound by the terms and conditions of this Agreement as a "Customer."

2.4 Restrictions. Customer and Users will not (and will not permit any third party to): (i) copy or use the Software other than allowed by this Agreement or an applicable OD; (ii) use the Software with unauthorized equipment or products; (iii) modify the Software, create derivative works based upon the Software, reverse engineer, decompile, decrypt, disassemble, or otherwise reduce the Software to human-readable form; (iv) create programs similar or identical to the Software; (v) use the Software in violation of any applicable laws; (vi) distribute, sell, license or otherwise provide the Software to unauthorized third parties; (vii) install the Software on systems not under control by Customer or Customer Affiliates, or use or permit the Software to be used to perform services for third parties, including as a service bureau, SaaS, time sharing basis or otherwise; (viii) disclose the results of any performance or functional evaluation of the Software including benchmark results or competitive analyses; or (ix) alter or remove proprietary notices or legends contained on or in the Software.

No implied licenses are granted by Dataiku under this Agreement. Customer is responsible for all use of the Software by anyone accessing the Software using User credentials.

3. Reserved.

4. Ownership. The Software is licensed and not sold or for perpetual use. Dataiku and its licensors own and retain all title, Intellectual Property Rights, and interest in and to the Software and all copies or portions thereof. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the Ordering Activity shall receive unlimited rights to use such derivative works at no further cost. Suggestions or feedback provided by Customer to Dataiku relating to the Software will be Dataiku's property and deemed Confidential Information of Dataiku, and Customer consents to assignment of suggestions and feedback to Dataiku.

5. Warranties; Disclaimer.

5.1 Mutual Warranties. Each party represents and warrants that: (i) it has full power to enter into this Agreement; and (ii) this Agreement does not conflict with any other agreement with any third party.

5.2 Limited Software Warranty. Dataiku warrants that the Software will materially conform to specifications described in the Documentation under normal use and circumstances.

5.3 Malicious Code. Dataiku will use standard industry practices to test the Software for “Malicious Code” and remove any “Malicious Code” discovered prior to delivery of the Software. “Malicious Code” means viruses, worms, time bombs, Trojan horses, and any

GS-35F-0511T
https://www.immixgroup.com/contract-vehicles/gsa/it-70/0511T/
other harmful code, files, scripts, agents, or programs which may cause harm to Customer's files or systems. Malicious Code does not include standard routines in the Software intended to delete data and implicit in the standard functionality of the Software, or any software bugs or errors handled through Support and Maintenance Services specified in Exhibit A, or any license key or other equivalent code which may limit the functionality or scope of use of the Software to the Customer's specific license.

5.4 Restrictions. The warranties specified above do not apply if the Software or any portion: (i) has been altered, except by Dataiku or an authorized representative; (ii) has not been used, installed, operated, repaired, or maintained in accordance with this Agreement and the Documentation; or (iii) is licensed for beta, evaluation, or testing purposes. These warranties only apply to the original licensee who provides notice within the warranty period and does not apply if any bug, defect, or error is attributable to products or services not supplied by Dataiku.

5.5 Disclaimers; Exclusion of Implied Warranties. Except for the warranties specified above, the Software and Support and Maintenance Services are provided “as is.” Customer and Customer Affiliates assume sole responsibility for any results obtained from using the Software. Dataiku disclaims any and all warranties, conditions or representations (whether express or implied, oral or written), including without limitation any implied warranties of title, non-infringement, information, merchantability or fitness for any particular purpose (whether or not Dataiku knows or has reason to know of such purpose), whether arising by law, custom, usage in trade or by course of dealing. Dataiku and its licensors do not warrant the results of any use of the Software, or that it is bug or error free, or that its use will be uninterrupted. Dataiku does not warrant that the Software or any equipment, system, or network on which the Software is used will be free of vulnerability to intrusion or attack. Dataiku will in no way be held liable for any inability of, error, or fault of Customer or any third party appointed by Customer to install the Software. Data uploaded to the Software and any third-party databases, software, hardware, or services connecting from or to the Software (collectively, “Third Party Materials”) are not the responsibility of Dataiku and Dataiku does not make any warranties or promises with respect to the Third-Party Materials.

6. General

6.1 Open Source. The Software may contain or be provided with components subject to third party open source software licenses (“Open Source Software”). A list of current Open Source Software is provided at https://doc.dataiku.com/dss/latest/thirdparty.html. To the extent necessary, the license accompanying the Open Source Software will apply in lieu of the terms of this Agreement specifically with respect to such Open Source Software.

6.12 Reserved.

6.13 Export. The Software and Documentation, including technical data, may be subject to U.S. export control laws, including the U.S. Export Administration Act and its associated regulations, or other export or import laws and regulations in other jurisdictions. Customer agrees to comply with all applicable laws and regulations.

6.14 Usage Information. The Software contains a usage data tool that collects limited information about use of the Software. Customer agrees that Dataiku may use usage data for development and support purposes relating to the Software. Dataiku does not require, and Customer undertakes not to transmit any personal data to Dataiku.

6.15 Data Privacy. Each party undertakes to process personal data in accordance with all applicable laws and regulations. Dataiku undertakes to process personal data in accordance with Regulation (EU) 2016/679 of the European Parliament and of the Council of April 27 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such personal data. The obligations of the GDPR shall not apply to the Ordering Activity.

Exhibit A
Support and Maintenance

“Support and Maintenance Services” are provided to all customers paying fees for licensed usage of the Software.

1. Maintenance. Dataiku shall provide access to all generally available Maintenance Releases. “Maintenance Releases” means Maintenance Updates (defined below) and Major Versions (defined below) that are generally released during the License Term free of charge to Dataiku customers receiving Support and Maintenance Services. “Maintenance Update” means error corrections, bug fixes, patches, workarounds, or minor enhancements to the Software designated by a change to the 3rd version digit (e.g. version 3.4.1 to 3.4.2). “Major Version” means a revision to the Software containing new functionalities, major improvements, and generally designated by a change into the 1st or 2nd version digit (e.g. a change from version 3.0 to 4.0 or from 4.1 to 4.2). “Business Day” means a day (other than Saturday or Sunday or U.S. Federal holidays) on which financial institutions are normally open for business in the United States. “Business Hour” means an hour between 9am and 5pm (EST) on any Business Day.
2. **Support.** *(i)** Self Service Support Portal (Preferred method).* Customers submit cases online, update existing tickets, and track case status 24 x 7 x 365 through a web-based support ticket system including self-service access to an extensive knowledge base. Available at https://support.dataiku.com. *(ii)* Email. Available at support@dataiku.com. Service levels and response times do not apply to questions submitted by email.

3. **Error Correction.** Customer may submit suspected errors or malfunctions to Dataiku’s case tracking system, or via email, and cooperate with Dataiku in any investigation. Dataiku will acknowledge with a ticket number (“Ticket”) and make commercially reasonable efforts to assign appropriate assets to resolve the issue according to the response expectation table below. Customer may use the ticket number to track the status of any confirmed failure of the Software to meet Dataiku specifications (“Confirmed Error”). If a Confirmed Error is discovered, the Customer will provide a description to Dataiku’s support team and co-operate with Dataiku to classify the error. Failure by Customer to respond to Dataiku’s requests within 5 business days may result in Dataiku closing the Ticket. Customer may add a new Ticket at any time.

4. **Classifications of Errors; Service Levels.** Dataiku offers the service levels and response times as shown in the table below. Classification of Confirmed Errors will be determined by Dataiku based on factors including input obtained from Customer.

5. **Limitations.** Dataiku shall be responsible for any Confirmed Error. However, Dataiku shall not be responsible for errors that cannot be reproduced by Dataiku on unmodified Software, for software, firmware, or hardware not supplied by Dataiku, or for information or data contained in, stored on or integrated with any Software returned to Dataiku. Support and Maintenance Services do not include support for any failure, defect, or damage of the Software caused by Customer or User(s) through unauthorized use, accident, abuse, or misuse of the Software, or if the Software has not been used or maintained conformance with the Documentation or the Agreement, or if Software is used by Customer or User(s) on an unsupported platform or hardware, beyond the licensed capacity, or altered or modified by Customer or User(s). Service or repair of the Software by anyone other than Dataiku (or an authorized representative) will void Dataiku’s obligations under this Support and Maintenance Exhibit. Dataiku’s support and maintenance obligations for the Software are applicable to: (a) the latest Major Version; and (b) any Major Version publicly released during the past 1 year for Enterprise Server modules and the past 6 months for Team server modules; so long as the latest Maintenance Update for that Major Version has been installed. Support and Maintenance Services do not include on-site support, consulting (including custom work on Customer's network) and system design, coding, project or facility management, or support for incompatible or third-party supplier products. If Dataiku agrees to remedy any errors or problems not covered as Support and Maintenance Services, Dataiku will perform such work after receiving Customer’s instruction to proceed at Dataiku’s then-current standard time and material rates.

6. **Customer Obligations.** Customer will appoint up to 2 individuals knowledgeable in the operation of the Software as primary contacts to initiate support calls with Dataiku (“Designated Support Contacts”). Dataiku shall only be responsible for providing Designated Support Contacts with Support and Maintenance Services. Customer may change Designated Support Contacts at any time with written notification to Dataiku or appoint additional primary contacts by paying additional fees. Customer may not share login credentials or other benefits of Support and Maintenance Services with any other persons unless Customer has purchased additional services. If necessary, Customer will provide Dataiku with administrative access to the Software components (including remote access to end points and console).

7. **Changes.** Dataiku may make changes at any time to this Exhibit with written notice to Customer; provided the changes do not materially degrade the support and maintenance services to which Customer is entitled.

<th>P2</th>
<th>P3</th>
<th>P4</th>
</tr>
</thead>
<tbody>
<tr>
<td>Description</td>
<td>Critical error. &quot;System is down&quot; or Software is completely inoperative, or a condition severely and significantly impacting the API nodes, design nodes, or automation nodes. No procedural work around exists. For example, all API nodes crash, or the design or automation node crashes and the Software does not restart after the crashes.</td>
<td>Serious or high-impact business condition affecting substantial number of users. The Software operates in a severely restricted/reduced capacity causing significant impact to portions of the Customer’s business. No procedural work around exists.</td>
<td>Medium to low-impact problem. Involves partial non-critical functionality loss. May be a minor issue with limited or no loss of functionality or impact to the Customer’s operation for which there is a workaround available. For example, a data transformation function does not work as expected, and a workaround in code is required.</td>
<td>Software is functional. Relates only to proposed feature enhancements or proposed modifications. No material impact on quality, performance or functionality of Software. For example, errors in Documentation, or a proposed feature enhancement.</td>
</tr>

ATTACHMENT A

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

DELL TECHNOLOGIES, INC.

DELL ENTERPRISE LICENSE AGREEMENT

1. General. This Enterprise License Agreement (“ELA”) sets forth the legal agreement between and its affiliates who are legally bound by these terms (“Customer”) and Dell Technologies, Inc. and Dell’s licensors and suppliers, retains all right, title, and interest in and to the Software in whole or in part. Dell, Dell's licensor(s) and/or supplier(s) retain ownership of the Software itself and all related intellectual property rights. Customer is not granted any rights to any trademarks or service marks of Dell. This ELA does not apply to any third party software that is not included as DELL CONFIDENTIAL part of the Software or addressed in Exhibit A. The use of any other software, including any software package or file, whether licensed to Customer by Dell or by a third party, is subject to the terms and conditions that come with or are associate with such software.

4. Rights Reserved. THE SOFTWARE IS LICENSED, NOT SOLD. Except for the license expressly granted in this ELA, Dell, on behalf of itself and its licensors and suppliers, retains all right, title, and interest in and to the Software and in all related content, materials, copyrights, trade secrets, patents, trademarks, derivative works and any other intellectual and industrial property and proprietary rights, including registrations, applications, renewals, and extensions of such rights (the "Works"). The rights in these Works are valid and protected in all forms, media and technologies existing now or hereinafter developed and any use other than as contemplated herein, including the reproduction, modification, distribution, transmission, adaptations, translation, display, republication or performance of the Works, except as specifically permitted herein, is strictly prohibited. Dell, on behalf of itself and its licensors and suppliers, retains all rights not expressly granted herein.

5. Restrictions. Except as otherwise provided herein or expressly agreed by Dell, Customer may not, and will not allow a third party to: (A) sell, lease, license, sublicense, assign, distribute or otherwise transfer or encumber in whole or in part the Software; (B) provide, make available to, or permit the use of the Software in whole or in part by, any third party, including contractors, without Dell’s prior written consent, unless such use by the third party is subject to the terms and conditions of this ELA and Customer is liable for any breach of this ELA by such third party; (C) copy, reproduce, republish, upload, post, transmit or distribute the Software in any way; (D) decompile, disassemble, reverse engineer, or otherwise attempt to derive source code (or underlying ideas, algorithms, structure or organization) from the Software program, in whole or in part; (E) modify or create derivative works based upon the Software; (F) use the Software on a service bureau, rental or managed services basis or permit other individuals or entities to create Internet "links" to the Software or "frame" or "mirror" the Software on any other server or wireless or Internet-based device; or (G) use the Software to create a competitive offering. Customer may not, and will not allow a third party to, use the Software program in excess of the number of licenses expressly authorized by Exhibit A. In addition, Customer may not share the results of any benchmarking activities without Dell’s prior written consent.

6. Compliance. Customer will certify in writing, upon reasonable request by Dell, Customer’s compliance with the terms of this ELA, indicating the number of Software licenses deployed at that time. Customer grants Dell or an agent selected by Dell, the right to perform an audit of Customer’s compliance with this ELA during normal business hours. Customer agrees to cooperate and provide Dell with all records reason.

7. Support and Subscription Services Not Included. Dell does not provide any maintenance or support services under this ELA. Maintenance and support services, if any, are provided under a separate agreement. Additionally, this ELA, in and of itself, does not entitle Customer to any Updates at any time in the future.

8. Termination. Dell may terminate this ELA immediately and without prior notice if Customer fails to comply with any term or condition of this ELA or if Customer fails to timely pay for the licenses to the Software. In addition, Dell may terminate any license associated with Software distributed for free at any time in its sole discretion. In the event of termination of this ELA, all licenses granted hereunder shall automatically terminate and Customer must immediately cease use of the Software and return or destroy all copies of the Software. The parties recognize and agree that their obligations under Sections 4, 5, 11, 12, 13, 15, 16, 18 and 19 of this ELA, as well as obligations for payment, survive the cancellation, termination, and/or expiration of this ELA and/or the license granted hereunder.

9. Export, Import and Government Restrictions. Customer is advised that the Software is subject to U.S. export laws as well as the laws of the country where it is delivered or used. Customer agrees to abide by these laws. Under these laws, the Software may not be sold, leased, or transferred to restricted countries (currently Cuba, Iran, North Korea, Sudan and Syria), restricted end-users, or for restricted end-uses. Customer specifically agrees that the Software will not be used for activities related to weapons of mass destruction, including but not limited to, activities related to the design, development, production or use of nuclear materials, nuclear facilities, or nuclear weapons, missiles or support of missile projects, or chemical or biological weapons. Customer understands that certain functionality of the Software, such as encryption or authentication, may be subject to import restrictions in the event Customer transfers the Software from the country of delivery and Customer is responsible for complying with applicable restrictions.

10. Limited Warranty. Dell has the right to grant the licenses to the Software, and such Software will substantially conform in material respects to the functional specifications and current documentation provided by Dell with the Software. This limited warranty is not transferable and extends only for thirty (30) days from the date of delivery of the Software. This limited warranty does not cover damages, defects, malfunctions or failures caused by any unauthorized modification by Customer, or Customer’s agents, of the Software; any abuse, misuse or negligent acts of Customer; modification by Customer of any interfaces or any software or hardware interfacing with the Software; or any failure by Customer to follow Dell’s installation, operation or maintenance instructions.

EXCEPT FOR THE PRECEDING EXPRESS LIMITED WARRANTY, DELL MAKES, AND CUSTOMER RECEIVES, NO OTHER WARRANTIES RELATED TO THE SOFTWARE WHETHER EXPRESS, IMPLIED OR STATUTORY, AND DELL SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. DELL DOES NOT WARRANT THAT THE FUNCTIONS OF THE SOFTWARE WILL MEET CUSTOMER’S REQUIREMENTS OR THAT OPERATION OF THE SOFTWARE WILL BE UNUNINTERRUPTED OR ERROR FREE. CUSTOMER ASSUMES RESPONSIBILITY FOR SELECTING THE SOFTWARE AND THE RESULTS ACHIEVED. CUSTOMER’S SOLE AND EXCLUSIVE REMEDY, AND DELL’S ENTIRE LIABILITY FOR BREACH OF THE WARRANTIES PROVIDED HEREIN, IS FOR DELL, AT ITS SOLE DISCRETION, TO EITHER USE COMMERCIALLY REASONABLE EFFORTS TO REMEDY ANY NON-COMPLIANCE OR TO PROVIDE A REFUND OF THE LICENSE FEES PAID BY CUSTOMER TO DELL FOR THE SOFTWARE. THIS DISCLAIMER OF LIABILITY MAY NOT BE VALID IN SOME JURISDICTIONS AND CUSTOMER MAY HAVE WARRANTY RIGHTS UNDER LAW WHICH MAY NOT BE WAIVED OR DISCLAIMED -- ANY SUCH WARRANTY EXTENDS ONLY FOR THIRTY (30) DAYS FROM THE DATE OF DELIVERY OF THE SOFTWARE.

11. Limitation of Liability. DELL WILL NOT BE LIABLE FOR ANY INCIDENTAL, INDIRECT, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES, ARISING OUT OF OR IN CONNECTION WITH THIS ELA AND/OR THE SOFTWARE. DELL SHALL HAVE NO LIABILITY FOR THE FOLLOWING: (A) LOSS OF REVENUE, INCOME, PROFIT, OR SAVINGS, (B) LOST OR CORRUPTED DATA OR SOFTWARE, LOSS OF USE OF SYSTEM(S) OR NETWORK(S), OR THE RECOVERY OF SUCH, (C) LOSS OF BUSINESS OPPORTUNITY, (D) BUSINESS INTERRUPTION OR DOWNTIME, (E) LOSS OF GOODWILL OR REPUTATION, OR (F) SOFTWARE NOT BEING AVAILABLE FOR USE OR THE PROCUREMENT OF SUBSTITUTE SOFTWARE OR GOODS. NOTWITHSTANDING ANYTHING TO THE CONTRARY SET FORTH IN THIS ELA, DELL’S TOTAL LIABILITY FOR ANY AND ALL CLAIMS ARISING OUT OF OR IN CONNECTION WITH THIS ELA AND/OR THE SOFTWARE SHALL NOT EXCEED THE TOTAL AMOUNT RECEIVED BY DELL FOR THE PARTICULAR SOFTWARE GIVING RISE TO SUCH CLAIM(S). THIS PARAGRAPH SHALL NOT LIMIT CUSTOMER’S PAYMENT OBLIGATIONS OR LIABILITY FOR MISAPPROPRIATION OR INFRINGEMENT OF DELL’S INTELLECTUAL PROPERTY. DELL SHALL NOT BE LIABLE TO CUSTOMER FOR ANY CLAIM BROUGHT MORE THAN TWO YEARS AFTER THE CAUSE OF ACTION FOR SUCH CLAIM FIRST AROSE.

The foregoing limitations, exclusions and disclaimers shall apply regardless of whether the claim for such damages is based in contract, warranty, strict liability, negligence, tort or otherwise, for any claim. Insofar as applicable law prohibits any limitation on liability herein, the parties agree that such limitation will be automatically modified, but only to the extent so as to make the limitation compliant with applicable law. The parties agree that the limitations on liabilities set forth herein are agreed allocations of risk and such limitations will apply notwithstanding the failure of essential purpose of any limited remedy and even if a party has been advised of the possibility of any such liability.

12. Indemnification. Dell shall defend and indemnify Customer against any third-party claim or action that the Software (specifically excluding third-party and open source software) infringes or misappropriates that third party’s patent, copyright, trade secret, or other intellectual property rights (“Indemnified Claims”). In addition, if Dell receives prompt notice of an Indemnified Claim that, in Dell’s reasonable opinion, is likely to result in an adverse ruling, then Dell shall at its sole discretion, (A) obtain a right for Customer to continue using such Software; (B) modify such Software; (C) replace such Software with a noninfringing substitute; or (D) provide Customer with the right to return the allegedly infringing Software. Notwithstanding the foregoing, Dell shall have no obligation under this Section for Indemnified Claims resulting or arising from: (i) modifications of the Software that were not performed by or on behalf of Dell; (ii) the operation, use, or combination with a third-party product, software or service (the combination of which causes the claimed infringement) of the Software; or (iii) Dell’s compliance with Customer’s specifications or directions, including the incorporation of any software or other materials or processes provided by or requested by Customer (collectively, “Excluded Indemnified Claims”). Dell’s duty to indemnify and defend is contingent upon: (a) Customer providing Dell with prompt written notice of the third-party claim or action, (b) Dell having the right to solely control the defense and settlement of such claim or action, and (c) Customer’s cooperation with Dell in defending and resolving such claim or action. When section states Customer’s exclusive remedies for any third-party intellectual property claim or action, and nothing in this ELA or elsewhere will obligate Dell to provide any greater indemnity to Customer. Customer, at Customer’s expense, shall defend and indemnify Dell against any claim, action or proceeding brought against Dell which arises from or is in any manner connected with Excluded Indemnified Claims.

13. Confidentiality. Customer agrees to: (A) refrain from using Confidential Information except as necessary to exercise the rights herein and (B) use best efforts to preserve and protect the confidentiality of the Confidential Information. "Confidential Information" means any oral, written, graphic or machine-readable information disclosed by Dell that is (i) identified as confidential; (ii) designated in writing to be confidential or proprietary; or (iii) should be reasonably understood to be confidential. Confidential Information includes the Software and its trade secrets, including but not limited to source code, the development status of the Software, the appearance, content and flow of the user interface of the Software, and the content and documentation of the Software. Confidential Information does not include information that is (a) publicly available other than through a breach of this ELA; (b) known to Customer prior to such disclosure; or (c) subsequently lawfully obtained by Customer from a third party that has no obligations of confidentiality. Customer agrees that, without Dell’s prior written consent, Customer will not grant access to any Dell Confidential Information to any persons or entities except for Customer’s employees and agents who have a business need to have such access and who are obligated to maintain the confidentiality thereof as set forth herein. In some, limited circumstances, Dell may need to engage a third party to fulfill its obligations to Customer under this license. By using this software Customer agrees that Dell may provide Customer’s information to such third party for that purpose. Any feedback or information that is collected from Dell customers shall be considered Confidential Information and this feedback shall be treated by Dell on a non-confidential and unrestricted basis, and Dell shall have all rights, title and ownership of such feedback.

14. Open Source and Third Party Software. A portion of the Software may contain or consist of open source or third party software, which Customer may use under the terms and conditions of the specific license under which the open source or third party software is distributed. THIS
OPEN SOURCE AND THIRD PARTY SOFTWARE IS PROVIDED “AS IS” WITHOUT ANY WARRANTY, EXPRESS, IMPLIED, OR OTHERWISE, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT. AS IT RELATES TO ANY AND ALL CLAIMS ARISING OUT OF OR IN CONNECTION WITH THIS OPEN SOURCE OR THIRD PARTY SOFTWARE, DELL SHALL HAVE NO LIABILITY FOR ANY DIRECT, INDIRECT, INCIDENTAL, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES. Under certain open source software licenses, Customer is also entitled to obtain the corresponding source files. Customer may find corresponding source files for the Software at http://opensource.dell.com or other locations that may be specified to Customer by Dell.

Jurisdiction/Injunction. This ELA is governed by the laws of the State of Texas, U.S.A. without regard to conflict of law principles. The United Nations Convention for the International Sale of Goods shall not apply. Customer agrees that money damages would be an inadequate remedy for Dell in the event of a breach or threatened breach by Customer of the provisions set forth in this ELA; therefore, in the event of a breach or threatened breach of any such provisions, Dell may, in addition to any other remedies afforded to it by law or equity, immediately obtain and enforce an injunction from any court of law or equity prohibiting Customer from breaching such provisions. All rights and remedies afforded Dell by law shall be cumulative and not exclusive. THE PARTIES HEREBY UNCONDITIONALLY WAIVE THEIR RESPECTIVE RIGHTS TO A JURY TRIAL OF ANY CLAIM OR CAUSE OF ACTION ARISING DIRECTLY OR INDIRECTLY OUT OF, RELATED TO, OR IN ANY WAY CONNECTED WITH THE PERFORMANCE OR BREACH OF THIS ELA, AND/OR THE RELATIONSHIP THAT IS BEING ESTABLISHED AMONG THEM.

No Waiver. No waiver of breach or failure to exercise any option, right, or privilege under the terms of this ELA on any occasion shall be construed to be a waiver of a subsequent breach or right to exercise any option, right, or privilege.

No Assignment. Customer may not assign or transfer Customer’s interests, rights or obligations under this ELA by written agreement, merger, consolidation, operation of law or otherwise, without the prior written consent of an authorized executive officer of Dell. Any attempt to assign this ELA by Customer shall be null and void.

Entire Agreement. Unless Customer has entered into another written agreement with respect to the Software which has been signed by Customer and an authorized representative of Dell and which conflicts with the terms of this ELA, Customer agrees that this ELA supersedes all prior written or oral agreements, warranties or representations, including any and all other click-wrap, shrink-wrap or similar licenses or agreements, with respect to the Software. No amendment to or modification of this ELA, in whole or in part, will be valid or binding unless it is in writing and executed by authorized representatives of both parties. If any term of this ELA is found to be invalid or unenforceable, the remaining provisions will remain effective. Customer agrees that any principle of construction or rule of law that provides that an agreement shall be construed against the drafter shall not apply to the terms and conditions of this ELA. Customer represents that it has read this ELA, has had the opportunity to review it with local counsel, understands it, and agrees to be bound by all terms and conditions stated herein.

Notices. Notice to Dell under this ELA must be in writing and sent to the address below or to such other address (including facsimile or e-mail) as specified in writing and will be effective upon receipt.

Dell Inc., Attn: Dell Legal
One Dell Way, Round Rock, Texas 78682

Exhibit A Description of Licensed Software

1. Operating, diagnostics and other software for Dell-branded information technology products, including, but not limited to the following named Dell product lines:
   - AppAssure
   - Compellent
   - EqualLogic
   - Force 10
   - KACE
   - SonicWall
   - Wyse

2. Use of the software is subject to the terms and conditions of the Dell Enterprise License Agreement to which this Exhibit A is attached ("ELA").

3. Purchase of the software is subject to the terms and conditions of Exhibit B of the ELA.

Exhibit B Terms & Conditions Applicable to the Purchase or Use of Licensed Software by the U.S. Government

1. This Section applies whenever the Customer is the U.S. Federal Government, or any prime contractor or subcontractor (at any tier) under any contract, grant, cooperative agreement, or other activity with the U.S. Federal Government. In such case, the terms and conditions of this Exhibit B pertain to the Customer’s use and disclosure of the Software and Documentation, and shall supersede any conflicting contractual terms or conditions. To the extent that it is held by a court or board of competent jurisdiction that any part of any provision of the ELA is invalid or unenforceable under applicable law, said part shall be ineffective to the extent of such invalidity or unenforceability only, without in any way affecting the remaining parts of said provision or the remaining provisions of said license agreement.

2. The software and documentation are "commercial items" as that term is defined at 48 C.F.R. 2.101; consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in 48 C.F.R. 12.212. Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4, all U.S. Government end users acquire the software and documentation with only those rights set forth herein. Sections 13 and 16 of this ELA shall not apply to the U.S. Federal Government but shall continue to apply to prime contractors and subcontractors of the U.S. federal government. Disputes with the U.S. Federal Government shall be subject to resolution pursuant to the Contract Disputes Act of 1978, as amended. All other provisions of this ELA remain in effect as written.

3. Purchase of Software licenses is subject to the terms and conditions of (a) U.S. General Services Administration Multiple Award Schedule 70 Contract GS-35F-4076D; or (b) other such U.S. Government Federal Acquisition Regulation Part 12 Commercial Item prime and/or subcontract in which the Dell Enterprise License Agreement to which this Exhibit B is attached is incorporated either in its entirety or by reference, and all Delivery Orders and Task Orders issued thereunder which include the Exhibit B software.

4. Use of the software is subject to the terms and conditions of the Dell Enterprise License Agreement to which this Exhibit B is attached.

5. Changes to the Dell Enterprise License Agreement applicable to the purchase of licensed Software by the United States Government.

ELA Section
1. General. The definition of “Company” is Dell Products L.P. on behalf of Dell Marketing L.P and / or Dell Federal Systems L.P.

5. Restrictions. In subsection (B), the phrase “and Customer is liable for any breach of this ELA by such third party” is deleted. The Government has no liability to third-parties under this ELA.

6. Compliance. Any auditor selected by Dell or an agent of Dell is subject to approval of the Government, which shall not be unreasonably withheld. In the event the audit finds a deficiency of greater than five percent (5%) in the licensee fees paid, then such shall be considered a change and resolved under the Changes clause of the applicable contract. And in the event such a change cannot be negotiated in a commercially reasonable time, the same shall be considered under Contract Disputes Act of 1978, as amended (“CDA”).

8. Termination. The termination provision is deleted and replace with the following: “This ELA and the license granted to Customer to use the Software hereunder shall be terminated (i) by Company, if such remedy is granted after conclusion of the Contract Disputes Act dispute resolution process referenced in Section 10 or if such remedy is otherwise available to Company under United States federal law; or (ii) by Customer, at its option in accordance with FAR 52.212-4. Upon any termination, Customer shall promptly return the Software and any copies thereof in any form. Company will not have any obligation to refund any portion of any license fee upon the termination of this ELA if the End User materially breached any provision of this ELA. Sections 4, 5, 11, 12, 13, 15, 16, 18, 19 of this ELA, as well as Exhibit A payment obligations, shall survive termination, cancellation, and/or expiration of this ELA and/or the license granted hereunder.”

11. Limitation of Liability. The language in this Section 11 is deleted and replaced with the following: “IN NO EVENT SHALL COMPANY BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR SIMILAR DAMAGES OF ANY KIND ARISING UNDER OR IN ANY WAY RELATED TO THE SOFTWARE OR THIS ELA. EXCEPT AS IT RELATES TO INDEMNIFICATION FOR INFRINGEMENT REFERENCED IN SECTION 13, IN NO EVENT SHALL COMPANY’S AGGREGATE LIABILITY ARISING UNDER OR IN ANY WAY RELATED TO THE SOFTWARE OR THIS ELA EXCEED THE AGGREGATE LICENSE FEES PAID FOR THE LICENSE GRANTED HEREUNDER. THE FOREGOING LIMITATIONS SHALL APPLY REGARDLESS OF THE FORM OF ANY CLAIM HEREUNDER, WHETHER FOR BREACH OF ANY WARRANTY, FOR BREACH OR REPUDIATION OF ANY OTHER TERM OR CONDITION OF THIS AGREEMENT OR ANY RELATED WRITING, FOR NEGLIGENCE, ON THE BASIS OF STRICT LIABILITY, OR OTHERWISE. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to Company’s Multiple Award Schedules Contract under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733.”

12. Indemnification. This section does not apply to the Government, but shall apply to prime and subcontractors to the Government. Disputes with the Government shall be subject to resolution pursuant to the CDA.

15. Jurisdiction/Injunction. This section does not apply to the Government, but shall apply to prime and subcontractors to the Government. Disputes with the Government shall be subject to resolution pursuant to the CDA.

17. No Assignment. This paragraph is deleted and number 17 is marked “Reserved.”

18. Entire Agreement. The language in this Section 18 is deleted and replaced with the following: “This ELA (a) constitutes the entire agreement between the parties with respect to the licensing of the Software and supersedes any prior negotiations, proposals, representations and agreements relating specifically thereto; (b) may only be changed by a writing signed by the parties specifically referencing this ELA; (c) shall be interpreted in accordance with the federal laws of the United States of America; and (d) is not assignable, in whole or in part, by either party. Any prohibited assignment is null and void. Failure by either party to enforce any term hereof shall not be deemed a waiver. All claims arising out of or relating to this ELA shall be resolved in accordance with the Contracts Disputes Act of 1978. In the event any provision of this EULA is declared invalid, the remainder shall continue in binding effect.”
DELTA BRAVO MASTER AGREEMENT

This Master Agreement (the “Agreement”) is by and between the undersigned Ordering Activity under GSA Schedule contracts customer identified in an Order that references this Agreement (the “Customer” or “You” or “Ordering Activity”) and Dynamic Data Management, Inc. d/b/a Delta Bravo (“Dynamic Data Management” or “Delta Bravo” or “We” or “Us”). This Agreement governs your use of our service offering and its related documentation (collectively, the “Service”) and any related software and/or other technology that we provide you for use in conjunction with the Service, including any updates, modifications or enhancements thereto (collectively, the “Software”). Certain Software is required to access the Service.

1. LICENSE

1.1. Grant of License. Subject to the terms of this Agreement, including any usage restrictions set forth in the applicable Order and the restrictions in your service tier, Delta Bravo grants you a limited, revocable, non-exclusive and non-transferable right and license during the Term to do the following, in each case solely in accordance with documentation or instructions that may be provided by Delta Bravo for such purposes: (a) install, integrate, perform and use the Software on the number of instances set forth in your Order solely to access and use the Service; and (b) access the features and functions of the Service. To the extent Delta Bravo provides you with any updates or upgrades to the Software or Service, such updates and upgrades shall be deemed to constitute part of the Software or Service and shall be subject to all terms and provisions set forth in this Agreement, including, without limitation, terms and provisions related to licenses, use restrictions and ownership of the Software or Service. By both parties executing this Agreement in writing, any download or use of the Software will be governed by this Agreement. 1.2. Access. We will provide or make available to you the Software and any necessary passwords, protocols, or other relevant procedures, as may be necessary to allow: (a) administrative users authorized by you to create accounts for server instances and users; and (b) your users to access the Service. User accounts may only be created for individuals (e.g., team or departmental accounts are prohibited). Use of the Service will be subject to the service limitations based on the service tier set forth in your Order. You must ensure that all information associated with each user account remains complete and accurate. You shall ensure your users keep these passwords and protocols to themselves and do not share them with anyone else, and you shall let us know if there is any breach of the confidentiality of these passwords and protocols. You are solely responsible for any and all use of your user accounts and all activities that occur under or in connection with your passwords and protocols. Each user must provide his or her full legal name, a valid email address, and any other information requested during the account signup process in order to obtain an account.

1.3. Availability. We will use commercially reasonable efforts to make the Service available during any calendar month (excluding planned maintenance and force majeure events). If such availability drops below 85% in two (2) consecutive calendar months (excluding planned maintenance or force majeure events), you may, as your sole and exclusive remedy for such unavailability, terminate the Service upon 10 days prior written notice with no penalty. If you choose to terminate the Service due to unavailability, you will receive a prorated refund for any unused portion of the Term for which you have prepaid. We consider our Service to be available if you can log into our Service and access Usage Data (as defined in Section 2.1 below).

1.4. Restrictions. Unless otherwise agreed in writing by us, you will not: (a) assign, sublicense, market, sell, lease, rent, distribute, convey or otherwise transfer the Software to any third party; (b) use the Software for any purposes other than accessing and using the Service; (c) adapt, alter, modify, translate or create derivative works of the Software; (d) use the Software or Service in any manner not in compliance with applicable laws; (e) decompile, disassemble, reverse engineer or otherwise attempt to obtain or perceive the source code from which the Software or any software component of the Service are compiled or interpreted, and you acknowledge that nothing in this Agreement will be construed to grant you any right to obtain such code; (f) allow third parties to gain access to the Service or use the Software or data for any purpose other than as a service bureau; (g) access or attempt the access the Software or Service by any means other than what Delta Bravo provides or expressly allows; or (h) interfere with or disrupt the integrity or performance of the Service or the data contained therein. You shall only use the Software and Service for your internal purposes, and you agree that you will not use the Software or Service in the provision of services to any third party without the express written permission by Delta Bravo.

1.5. Open Source Software. The Software may contain certain components that are subject to “open source” or “free software” licenses (“Open Source Software”). Some of the Open Source Software is owned by third parties. The Open Source Software is not subject to the terms and conditions of Section 1.1. Nothing herein shall bind the Ordering Activity to any Third Party Open Source Software terms unless the terms are provided for review and agreed to in writing by all parties. Nothing in this Agreement limits your rights under, or grants you rights that supersede, the terms and conditions of any applicable end user license for the Open Source Software. If required by any license for particular Open Source Software, Delta Bravo makes such Open Source Software, and its modifications to that Open Source Software, available by submitting a request to support@deltabravo.ai.

1.6. Retained Rights. Except for the rights granted you in this Agreement, Delta Bravo retains all right, title and interest in and to the Software and Service, and you acknowledge that you neither own nor acquire any additional rights in and to the Software or the Service not expressly granted by this Agreement. You further acknowledge that Delta Bravo retains the right to use the Software and Service for any purpose in Delta Bravo’s sole discretion. Delta Bravo may choose to modify the Service to enhance a previously purchased capability, add capabilities to, or otherwise improve the functions of the Software, including any portions of the Service as we update our offerings and add more features.

2. USE

2.1. Data. To provide the Service, Delta Bravo will collect data about your databases, infrastructure, networks and applications (“Usage Data”) and you hereby authorize such collection. You own such Usage Data, but grant Delta Bravo the right to make use of such Usage Data in order to provide the Service. You also grant us the perpetual right to use, reproduce, adapt, aggregate and otherwise exploit the Usage Data in an anonymized, aggregated format to enhance and improve the licensed Delta Bravo products and services. No Usage Data may be disclosed to or utilized for the benefit of any third party if such disclosure or use would allow a third party to identify Customer from the Usage Data.
2.2. Feedback. We may send you questionnaires or surveys on a periodic basis in written or electronic form. You acknowledge and agree that any comments, ideas and/or reports you provide to Delta Bravo regarding installation, product experience, functionality, performance, accuracy, consistency and ease of use of the Software or Service (“Feedback”) will be considered Delta Bravo proprietary and confidential information, and you hereby irrevocably transfer and assign to Delta Bravo all intellectual property rights embodied in or arising in connection with such Feedback, and any other rights or claims that you may have with respect to any such Feedback. Delta Bravo, in its sole discretion, may freely use, sell, distribute, or otherwise make use of the Feedback, whether written or oral, furnished by you to by Delta Bravo. Vendor acknowledges that the ability to use this Agreement and any Feedback provided as a result of this Agreement in advertising is limited by GSAR 552.203-71.

2.3. Excluded Countries. You may not use, export, import or transfer the Software or Service except as authorized by U.S. law, the laws of the jurisdiction in which you obtained the Software or Service and any other applicable laws. In particular, but without limitation, the Software or Service may not be exported or re-exported (a) into any United States embargoed countries, or (b) to anyone of the U.S. Treasury Department’s list of Specially Designated Nationals or the U.S. Department of Commerce’s Denied Person’s List or Entity List. By using the Software or Service, you represent and warrant that (i) you are not located in a country that is subject to a U.S. Government embargo, or that has been designated by the U.S. Government as a “terrorist supporting” country and (ii) you are not listed on any U.S. Government list of prohibited or restricted parties. You also will not use the Software or Service for any purpose prohibited by U.S. law, including the development, design, manufacture or production of missiles, nuclear, chemical or biological weapons. You acknowledge and agree that products, services or technology provided by Delta Bravo are subject to the export control laws and regulations of the United States. You shall comply with these laws and regulations and shall not, without prior U.S. government authorization, export, re-export, or transfer the Software or Service, or any portion thereof, either directly or indirectly, to any country in violation of such laws and regulations. If you are found using the product from these countries, your account will be subject to immediate termination.

3. LIMITED WARRANTY; LIMITATION OF LIABILITIES

3.1. General Disclaimer. Delta Bravo warrants that the SOFTWARE AND SERVICE will, for a period of sixty (60) days from the date of your receipt, perform substantially in accordance with SOFTWARE AND SERVICE written materials accompanying it. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, YOU AGREE THAT THE SOFTWARE AND SERVICE ARE PROVIDED “AS IS” AND “WITH ALL DEFECTS.” DELTA BRAVO DISCLAIMS ANY AND ALL PROMISES, REPRESENTATIONS AND WARRANTIES, EXPRESS, IMPLIED OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, DATA ACCURACY, TITLE, NON-INFRINGEMENT, NON-INTERFERENCE AND/OR QUIET ENJOYMENT. THE SOFTWARE AND SERVICE MAY BE SUBJECT TO LIMITATIONS, DELAYS, AND OTHER PROBLEMS INHERENT IN THE USE OF THE INTERNET AND ELECTRONIC COMMUNICATIONS. DELTA BRAVO IS NOT RESPONSIBLE FOR ANY DELAYS, DELIVERY FAILURES, OR OTHER DAMAGE RESULTING FROM SUCH PROBLEMS.

3.2. Exclusions of Remedies; Limitation of Liability. IN NO EVENT WILL DELTA BRAVO BE LIABLE TO YOU FOR ANY INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES, REGARDLESS OF THE NATURE OF THE CLAIM, INCLUDING, WITHOUT LIMITATION, LOSS OF PROFITS, COSTS OF DELAY, ANY FAILURE OF DELIVERY, BUSINESS INTERRUPTION, LOSS OF USE, LOSS OF DATA OR DOCUMENTATION OR LIABILITIES TO THIRD PARTIES ARISING FROM ANY SOURCE, EVEN IF DELTA BRAVO HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL DELTA BRAVO BE LIABLE FOR THE LOSS OF DATA OR THE PROCUREMENT OF SUBSTITUTE SERVICES. EXCEPT FOR LIABILITY ARISING FROM SECTION 7 (INDEMNIFICATION), THE CUMULATIVE LIABILITY OF DELTA BRAVO FOR ALL CLAIMS ARISING FROM OR RELATING TO THIS AGREEMENT, INCLUDING, WITHOUT LIMITATION, ANY CAUSE OF ACTION SOUNDING IN CONTRACT, TORT, OR STRICT LIABILITY, WILL NOT EXCEED THE CONTRACT PRICE PAID TO DELTA BRAVO BY YOU UNDER THIS AGREEMENT.

3.3. No Professional Advice. All information, materials, content and/or advice in the Service is for informational purposes only and should not replace or substitute for any professional advice. Delta Bravo expressly disclaims, and you expressly release Delta Bravo from and against any liability concerning any diagnosis, treatment, or action arising from the information or advice provided in or through the Service.

3.4. Essential Basis of Agreement. You acknowledge and agree that the disclaimers, exclusions and limitations of liability set forth in this Section 3 form an essential basis of this Agreement, and that, absent any of such disclaimers, exclusions or limitations of liability, the terms of this Agreement, including, without limitation, the economic terms, would be substantially different.

4. TERM; SUSPENSION; TERMINATION

4.1. Term. The term of this Agreement (“Term”) will commence on the date an Order between you and Delta Bravo is executed and continue as long as such Order remains in effect.

4.2. Suspension. We reserve the right to temporarily suspend Service at any time at our discretion and without notice if you use the Service in a manner that would cause legal liability to Delta Bravo or otherwise disrupt the Service.

4.3. Termination. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement may be had as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Delta Bravo shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Service, and comply with any decision of the Contracting Officer. 4.4. Effect of Termination. Upon the expiration or any termination of this Agreement, the license and all rights granted to you under this Agreement will immediately terminate, and you will promptly purge and destroy all copies of the Software in your possession. Termination of your account includes: (a) removal of access to all offerings within the Service; (b) deletion of your password and all related information; and (c) barring of further use of the Service. The provisions of Sections 1.6, 2.1, 2.2, 3, 5, 7 and 9 will survive termination or expiration of this Agreement. Any Usage Data generated through the Service will be permanently lost upon termination of this Agreement. Delta Bravo will not have any liability whatsoever to you for any temporary suspension or termination pursuant to the Contract Disputes Act, including for deletion of your Usage Data. All provisions of these Terms, which by their nature should survive, shall survive termination of Services, including without limitation ownership provisions, warranty disclaimers and limitations of liability.

5. CONFIDENTIALITY. We and you acknowledge that, in the course of performance of this Agreement, either may obtain information from the other party which it knows or has reason to know is of a confidential and/or proprietary nature (“Confidential Information”). Without limiting the above, the Software, documentation, the Feedback, and any product roadmap is our Confidential Information and Usage Data is your Confidential Information. Except as expressly stated in this Agreement, during the Term and at all times thereafter, neither party may disclose any such Confidential Information to any third party, nor may either party use such Confidential Information of the other party for any purpose, other than as permitted herein. Confidential Information will not
include any information which: (i) are or become readily available to the trade or public through no fault of the recipient of the Confidential Information; (ii) is subsequently lawfully and in good faith obtained by a party from an independent third party without breach of this Agreement; (iii) the recipient can establish that the information was in its possession prior to the date of disclosure of such Confidential Information; or (iv) is developed independently by the recipient without reference to any Confidential Information of the other party. Notwithstanding the foregoing, each party may disclose Confidential Information to the limited extent such disclosure is required by applicable law, a court of competent jurisdiction or a governmental agency, provided that such party promptly notifies the other party to the extent legally permitted of such disclosure and provides the other party an opportunity to object to such disclosure and seek a protective order or other appropriate relief. Delta Bravo recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as “confidential” by the vendor.

6. FEES; TAXES. In consideration for the Service and license to the Software, Customer will pay Delta Bravo the fees (“Fees”) set forth in the Order in accordance with the GSA Schedule Pricelist. All Fees will be billed at the frequency specified in the Order and are due within thirty (30) days of receipt of invoice by Customer. Any unpaid and uncontested balance due and owing will incur late interest at the rate governed by the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CFR 1315. Delta Bravo shall state separately on invoices taxes excluded from the fees, and the Ordering Activity agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

7. INDEMNIFICATION.

7.1. Reserved.

7.2. By Delta Bravo. Delta Bravo will defend Customer from any claim brought by a third party that any use of, or access to, the Service or Software by Customer violates, infringes or misappropriates, as applicable, any third-party intellectual property right. Notwithstanding the foregoing, Delta Bravo shall have no obligation or liability to the extent that the alleged infringement or misappropriation arises from Customer’s use of the Services or Software other than in accordance with this Agreement. Upon the occurrence of any claim for which indemnification is or may be due under this Section, or in the event that Delta Bravo believes that such a claim is likely, Delta Bravo may, at its option (i) modify the Service or Software so that it becomes non-infringing but functionally similar, or substitute a functionally similar alternative; (ii) obtain a license to the applicable third-party intellectual property at no cost to Customer; or (iii) terminate the applicable Order on written notice to Customer and refund any unused, pre-paid fees. Nothing contained herein shall be construed or quoted in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516. 7.3. Procedures. The indemnifying party shall pay all damages finally awarded or paid in settlement of any such Claims. The indemnified party must notify the indemnifying party of any Claim promptly in writing. Any delay or failure by either party to this Agreement to exercise any of its rights hereunder will not affect the enforceability of such provision under other circumstances and in other jurisdictions, or of the remaining provisions under all circumstances. Any delay or failure by either party to this Agreement to exercise any of its rights hereunder will not constitute or be deemed a waiver or forfeiture of such rights. Neither party will assign this Agreement, whether voluntarily or by operation of law, nor will either party delegate its duties hereunder without consent from the other party and any attempt to do so will be null and void. This Agreement will be construed and enforced in accordance with the Federal laws of the United States. The Software and any software components of the Service are a “commercial item” as that term is defined at 48 C.F.R. 2.101, consisting of “commercial computer software” and “commercial computer software documentation” as such terms are used in 48 C.F.R. 12.212. Consistent with 48 C.F.R. 12.212, all U.S. Government end users acquire the Software and Service with only those rights set forth therein. For contractual purposes, you (i) consent to receive communications from us in an electronic form; and (ii) agree that all terms and conditions, agreements, notices, documents, disclosures, and other communications (“Communications”) that we provide to you electronically satisfy any legal requirement that such Communications would satisfy if it were in writing. Your consent to receive Communications and do business electronically, and our agreement to do so, applies to all of your interactions and transactions with us.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. Scope. This Rider and the attached Docker, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. Applicability. Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et.seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 17101 et seq.) To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract; and Whereas, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et.seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 17101 et seq.) To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) Contracting Parties. The GSA Customer ("Licensee") is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) Changes to Work and Delays. Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) Contract Formation. Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) Termination. Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) Choice of Law. Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) Equitable remedies. Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) Unilateral Termination. Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) Unreasonable Delay. Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) Assignment. All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

j) Waiver of Jury Trial. Waivers of Jury Trials are subject to FAR 52.233-1(a) (JAN 1995). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) Government Indemnities. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract.
and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

---

**ATTACHMENT A**

**CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**DOCKER, INC.**
Docker’s products and services to U.S. Government agencies, including any “Ordering Activity”, defined as an entity authorized to order under GSA contracts as set forth in GSA ORDER 4800.2H ADM (the “Customer”). Unless otherwise indicated herein, any capitalized terms which are defined in the Enterprise Agreement shall the same meaning where used in this Supplement.

The Enterprise Agreement and this Supplement cover the use of Supported Software or Subscription Services by any Ordering Activity. Notwithstanding anything to the contrary, the use of Software or Services from Docker by an Ordering Activity does not constitute that Ordering Activity’s assent or acceptance of the Enterprise Agreement. Docker agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. 3701, et seq., Contract Work Hours and Safety Standards Act; 41 U.S.C. 51-58, Anti-Kickback Act of 1986; 41 U.S.C. 265 and 10 U.S.C. 2409 relating to whistleblower protections; and 41 U.S.C. 423 relating to procurement integrity. This Supplement modifies the terms and conditions of the Enterprise Agreement for U.S. Government agencies as follow:

1.0 Enterprise Agreement – Preamble

The following is modified from Enterprise Agreement Preamble “BETWEEN DOCKER, INC., LOCATED AT 475 BRANNAN STREET, SUITE 330, SAN FRANCISCO, CA 94107 (“DOCKER”) AND THE INDIVIDUAL OR LEGAL ENTITY” and is replaced with the following: “BETWEEN DOCKER, INC., LOCATED AT 475 BRANNAN STREET, SUITE 330, SAN FRANCISCO, CA 94107 (“DOCKER”) AND THE LEGAL ENTITY”.

The following is deleted from Enterprise Agreement Preamble “OR IS USING THE APPLICABLE SOFTWARE MADE AVAILABLE BY DOCKER”.

2.0 Enterprise Agreement Section 1.0 Definition:

The following is modified from Enterprise Agreement Section 1.11 “Subscription Services means standard support and maintenance services and software updates provided by Docker for the Supported Software, as set forth at: https://www.docker.com/legal/subscription-services/” and is replaced with Enterprise Agreement Section 1.11 “Subscription Services means standard support and maintenance services and software updates provided by Docker for the Supported Software, as set forth at: https://www.docker.com/support/”.

3.0 Enterprise Agreement Section 2.0, License:

The following is deleted from Section 2.3, License Keys: “Customer acknowledges and agrees that any attempt to exceed the use of the Licensed Software beyond the limits configured into the Key will automatically and immediately terminate the licenses granted under this Agreement”.

4.0 Enterprise Agreement Section 6.0 Records and Audit:

The following is modified from Enterprise Agreement Section 6.0 Records and Audit “Upon prior notice, Docker or its representative may inspect such records to confirm Customer’s compliance with the terms of this Agreement” and is replaced with Enterprise Agreement Section 6.0 Records and Audit “Upon prior notice and in accordance with Customer’s security requirements, Docker or its representative may inspect such records to confirm Customer’s compliance with the terms of this Agreement”.

The following is deleted from Enterprise Agreement Section 6.0 Records and Audit “Prompt adjustments shall be made by Customer as directed by Docker to compensate for any errors or breach discovered by such audit, such as underpayment of the Subscription Fee, with the applicable late payment interest. Additionally, if Customer has underpaid Docker or its authorized reseller by more than 5% of the total amount owed hereunder, the cost of the audit shall be borne by Customer,” and is replaced with Enterprise Agreement Section 6.0 Records and Audit “During the term of this Agreement and for one (1) year thereafter: (a) If Customer’s security requirements are met, Docker or its designated agent may inspect Customer’s facilities and records to verify Customer’s compliance with this Agreement. Any such inspection will take place only during Customer’s normal business hours and upon no less than ten (10) days prior written notice from Docker. Docker will give Customer written notice of any non-compliance, including without limitation the number of underreported units of Supported Software or Subscription Services (“Notice”); or (b) If Customer security requirements are not met and upon Docker's request, Customer will run a self assessment with tools provided by and at the direction of Docker (“Self Assessment”) to verify Customer’s compliance with this Agreement. Within thirty (30) days from Docker’s request, Customer will finalize the Self Assessment and provide Docker with the results in the form of a written report certified by Customer’s authorized officer including the number of underreported Units of Software or Services (the "Report"). In either event, after providing Notice(s) or Report(s) and receipt of an invoice, Customer will make payment to Docker or its authorized channel partner for any errors or breach discovered by such audit, such as underpayment of the Subscription Fee. Notwithstanding the foregoing, nothing in this section prevents the Government from disputing any invoice in accordance with the Contract Disputes Act (41 U.S.C. §§7101-7109).”

5.0 Enterprise Agreement Section 7.0 Term:

The following is deleted from Enterprise Agreement Section 7.0 Term “Either party may terminate this Agreement and any Order Form incorporating the terms of this Agreement (if Docker is a party to such Order Form) if the other party materially breaches this Agreement and fails to cure such breach within 30 days of receiving written notice thereof.” and is replaced with Enterprise Agreement Section 7.0 Term “Recourse against the Customer for any alleged breach of this Agreement must be made under the terms of the Federal Tort Claims Act or as a dispute under the contract disputes clause (Contract Disputes Act) as applicable. Docker shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer”.

6.0 Enterprise Agreement Section 9.0 Confidentiality:

The following is deleted from Enterprise Agreement Section 9.0 Confidentiality sub-section 9.5 Injunctive Relief is deleted in its entirety.

The following section heading is deleted from Enterprise Agreement Section 9.0 Confidentiality sub-section 9.6 Return of Confidential Information is replaced with Enterprise Agreement Section 9.0 Confidentiality sub-section 9.5 Return of Confidential Information.

7.0 Enterprise Agreement Section 10. Warranties:
The following section heading is modified from Enterprise Agreement Section 10.0 No Warranties is replaced with Enterprise Agreement Section 10. Limited Warranties.

The following is deleted from Enterprise Agreement Section 10.0 Limited Warranties “CUSTOMER EXPRESSLY UNDERSTANDS AND AGREES THAT ALL USE OF THE SUPPORTED SOFTWARE IS AT CUSTOMER’S SOLE RISK AND THAT THE SUPPORTED SOFTWARE AND SUPPORT SERVICES ARE PROVIDED “AS IS” AND “AS AVAILABLE.”” is replaced with Enterprise Agreement Section 10. Limited Warranties “DOCKER WARRANTS THAT (a) THE SUPPORTED SOFTWARE WILL, FOR A PERIOD OF SIXTY (60) DAYS FROM THE DATE OF CUSTOMER’S RECEIPT, PERFORM SUBSTANTIALLY IN ACCORDANCE WITH DOCKER’S WRITTEN MATERIALS ACCOMPANYING IT, AND (b) ANY SUPPORT SERVICES PROVIDED BY DOCKER SHALL BE SUBSTANTIALLY AS DESCRIBED IN APPLICABLE WRITTEN MATERIALS PROVIDED TO CUSTOMER BY DOCKER. EXCLUDING THE FOREGOING…”

8.0 Enterprise Agreement Section 11. Indemnification:

The following is deleted from Enterprise Agreement Section 11. Indemnification sub-section 11.1 By Docker “(b) tenders to Docker sole control of the defense and settlement of the claim, and” is replaced with Enterprise Agreement Section 11. Indemnification sub-section 11.1 By Docker “(b) tenders to Docker control of the defense and settlement of the claim to the extent permitted by 28 USC 516, and”.

9.0 Enterprise Agreement Section 12. Limitation of Liability:

The following section is deleted from Enterprise Agreement Section 12. Limitation of Liability sub-section 12.2 Liability Cap. “THE GREATER OF USD $100 OR”.

10.0 Enterprise Agreement Section 13. Export Restrictions:

The following section is deleted from Enterprise Agreement Section 13. Export Restrictions. “Customer will defend, indemnify, and hold harmless Docker and its suppliers and licensors from and against any violation of such laws or regulations by Customer or any of its agents, officers, directors or employees.”.

11.0 Enterprise Agreement Section 14. Miscellaneous:

The following section is deleted from Enterprise Agreement Section 14. Miscellaneous “Agreement will be governed by the laws of the State of California without reference to conflict of law principles.” is replaced with Enterprise Agreement Section 14. Miscellaneous “Agreement will be governed by the Federal laws of the United States without reference to conflict of law principles.”.

The following section is deleted from Enterprise Agreement Section 14. Miscellaneous “Each party agrees to submit to the exclusive jurisdiction of the courts located within the county of San Francisco, California to resolve any legal matter arising from this Agreement. Neither party may assign any of its rights or obligations under this Agreement, whether by operation of law or otherwise, without the prior written consent of the other party (not to be unreasonably withheld). Notwithstanding the foregoing, Docker may assign the entirety of its rights and obligations under this Agreement, without consent of the Customer, to its affiliate or in connection with a merger, acquisition, corporate reorganization, or sale of all or substantially all of its assets.”.

The following section is deleted from Enterprise Agreement Section 14. Miscellaneous “Together with any Order Forms, this is the entire Agreement between the parties relating to the subject matter hereof.” is replaced with Enterprise Agreement Section 14. Miscellaneous “Together with any Order Forms, this is the entire Agreement between the parties relating to the subject matter hereof, namely the licensing of the Supported Software.”.

The following section is modified from Enterprise Agreement Section 14. Miscellaneous after “…signed by both parties and clearly understood by both parties to be an amendment or waiver.” is replaced with Enterprise Agreement Section 14. Miscellaneous “…signed by both parties and clearly understood by both parties to be an amendment or waiver. The terms of this Agreement shall not supersede the terms of the underlying GSA Schedule Contract”.
ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

DUO SECURITY, INC.

AGREEMENT
(Government Customers – GSA Multiple Award Schedule Contract) This agreement ("Agreement") is entered into effective as of __________, 20__ (the "Effective Date") between Cisco Systems, Inc., on behalf of itself and for the benefit of its affiliates, including, without limitation, Duo Security, Inc., a Delaware corporation with a registered address at 123 N. Ashley Street, Ann Arbor, MI 48104 ("Duo Security"), and the Federal Customer purchasing from the GSA Multiple Award Schedule (MSA) contract ("Customer"). This Agreement, including the Terms and Conditions containing, among other things, warranty disclaimers, liability limitations and use limitations, includes and is effective for the Order Form and any subsequent renewals, purchase orders or Order Forms (submitted in written or electronic form) related to Customer's subscribing to the Services unless different or additional terms are expressly agreed to in writing and signed by both parties. There will be no force or effect given to any different or additional terms contained in any purchase order or similar form issued by either party, even if signed by the parties unless such terms are included in an amendment in accordance with the terms of Section 14.3 of this Agreement. Each party’s acceptance of this Agreement was and is expressly conditional upon the other's acceptance of the terms contained in this Agreement to the exclusion of all other terms. Capitalized terms shall have the meanings ascribed to them in the Terms and Conditions.

TERMS AND CONDITIONS

1. DEFINITIONS
1.1 "Customer" means the U.S. Government customer that has placed an order with for the Services and thereby signed up for the Services and agreed to the terms of this Agreement under the GSA MAS contract. The Department of Veterans Affairs shall not be a Customer and cannot purchase from Duo Security under the GSA MAS contract.
1.2 "Customer Data" means any information or data about Customer or Users (and its and their staff, customers or suppliers, as applicable), that is supplied to Duo Security by or on behalf of Customer or any User in connection with the Services, or which Duo Security is required to access, generate, process, store or transmit pursuant to this Agreement, including (but without limitation) information about Customer’s and Users' respective devices, computers and use of the Services.
1.3 "Customer Personal Data" means any Customer Data that is personal data (as defined under the DPA).
1.4 "Data Protection Laws" means the DPA, EC Directive 95/46/EEC, EC Directive 2002/58/EC, the UK Privacy and Electronic Communications (EC Directive) Regulations 2003 and any other applicable data protection laws, regulations and legally binding codes of practice from time to time in force applicable to the performance of a party's obligations under this Agreement.
1.5 "Documentation" means guides, instructions, policies and reference materials provided to Customer by Duo Security in connection with the Services, including the documentation located at https://www.duosecurity.com/docs, which may be amended from time to time.
1.6 "DPA" means the UK Data Protection Act of 1998.
1.7 "Duo Mobile Software" means all Duo Security proprietary mobile applications (available on iPhone, Android, Palm, BlackBerry, Windows Mobile and other supported mobile devices) used in providing the Services, and any updates, fixes and/or patches developed from time to time.
1.8 "Fees" means the applicable fees as set forth on the Order Form.
1.9 "Hardware Tokens" mean hardware security tokens purchased by Customer under an Order Form.

1.10 GSA Approved 3-Dec-19
1.11 "Integration Software" means (a) Duo Security proprietary software and (b) open source software used in providing the Services which integrates with Customer's network or application, including SSL or other VPN, Unix operating system, Microsoft application, and/or web application, as provided in the Documentation and any updates, fixes and/or patches developed from time to time.
1.12 "Intellectual Property Rights" means all patents, registered designs, unregistered designs, design rights, utility models, semiconductor topography rights, database rights, copyright and other similar statutory rights, trade mark, service mark and any know how relating to algorithms, drawings, tests, reports and procedures, models, manuals, formulae, methods, processes and the like (including applications for any of the preceding rights) or any other intellectual or industrial property rights of whatever nature in each case in any part of the world and whether or not registered or registered, for the full period and all extensions and renewals where applicable.
1.13 "Order Form(s)" means the order forms through which the Government customer purchases the Duo Security Services from Duo Security under the GSA MAS contract for the initial order for the Service, and any subsequent order forms issued to Duo Security, specifying, among other things, the maximum number of Users, the initial Term, the purchase of any Hardware Tokens, the Fees, telephony credits (if any), and such other charges and terms as agreed between the parties.
1.14 "Performance Data" means data with respect to usage and other aggregate measures of the Services' performance that Duo Security may collect from time to time.
1.15 "Service Level Agreement" or "SLA" means the description of support provided to Customers and its Users and of the availability of the Services attached to this document as Appendix A.
1.16 "Software" means the Integration Software and Duo Mobile Software.
1.17 "Telephony Credits" mean credits for Customer's Users to provide authentication by telephone or SMS.
1.18 "Term" means the subscription term indicated on the Order Form and any subsequent renewal terms.
1.19 "User" means any user of the Services who Customer may authorize to enroll to use the Services under the terms of this Agreement.
2. SERVICES FOR CUSTOMER; DUO SECURITY OBLIGATIONS

2.1 Subject to and conditioned on the GSA MAS Contractor’s receipt of payment of the Fees and in any event, subject to full compliance with all other terms and conditions of this Agreement, Duo Security grants Customer and Users a non-exclusive, non-sublicensable, non-transferable license to access and use the Services, along with such Documentation as Duo Security may make available during the Term.

2.2 The Services and SLA are subject to modification from time to time at Duo Security’s sole discretion, provided the modifications do not materially diminish the functionality of the Services provided by Duo Security. If the modifications continue to perform according to the description of the Services specified in Section 2.3 in all material aspects. Customer shall have the right to terminate the Agreement pursuant to Section 10.2 without any penalty if (i) a material modification to the Services or the SLA is made which materially diminishes the functionality of the Services or materially diminishes the SLA, (ii) Duo Security has not obtained Customer’s consent for such modifications and (iii) Duo Security does not provide a remedy in the cure period stated in Section 10.2.

2.3 Duo Security will make the Services available and the Services will perform substantially in accordance with the description of the services found at http://www.duosecurity.com/editions. Notwithstanding the foregoing, Duo Security reserves the right to suspend Customer’s (or any of its Users’) access to the Services; (i) for scheduled or emergency maintenance, or (ii) as it deems reasonably necessary to respond to any actual or potential security concerns.

2.4 Subject to full compliance with the terms and conditions of this Agreement, Duo Security will use commercially reasonable efforts to provide support to Customer as described in the Service Level Agreement. In the event that Customer earns 15 days of service credits, determined in accordance with the terms of the Service Level Agreement, in each of three consecutive months, Customer may notify Duo Security of its intention to terminate the Services and may terminate its Agreement with Duo Security for the provision of the Services to Customer and, as the sole and exclusive remedy, Customer will receive a refund of any pre-paid subscription Fees paid for Services not rendered as of the termination date.

2.5 Duo Security collects certain information about Customer and its Users as well as their respective devices, computers and use of the Services. Duo Security uses, discloses and protects this information as described in this Agreement and Duo Security’s Privacy Policy (the “Privacy Policy”) dated March 24, 2016, attached to this document as Appendix B.

3. CUSTOMER RESPONSIBILITIES

3.1 Customer may only use the Services in accordance with the Documentation and as explicitly set forth in this Agreement. Customer will cooperate with Duo Security in connection with the performance of this Agreement as may be necessary, which may include making available such personnel and information as may be reasonably required to provide the Services or support. Customer is solely responsible for determining whether the Services are sufficient for its purposes, including but not limited to, whether the Services satisfy Customer’s legal and/or regulatory requirements.

3.2 Use of the Services may require Users to install Duo Mobile Software on their mobile devices. In addition, third party terms may apply with respect to third party products and software accessible via the Services and with respect to devices using third party operating systems or software or in the event that Duo Mobile Software is downloaded from third party sites (collectively, “Third Party Services”). Customer’s access and use of Third Party Services is governed solely by the terms and conditions of such Third Party Services. Duo Security does not endorse, nor is responsible or liable for, makes no representations or warranties and provides no indemnification with respect to any aspect of the Third Party Services, notwithstanding anything in this Agreement to the contrary. Duo Security is not liable for any damage or loss caused or alleged to be caused by or in connection with enablement, access or use of any such Third Party Services, or Customer’s reliance on the privacy practices, data security processes or other policies of such Third Party Services. Duo Security does not provide customer support or assistance with respect to the Third Party Services. Users may be required to register for or log into such Third Party Services on their respective websites or apps.

3.3 Customer acknowledges that the Services will require the Users to share with Duo Security certain information for the purposes of providing the Services, such as user names, password and other login information. This information may include personal information (such as email address, and/or phone number) regarding the Users, and Duo Security will use such information for the purposes of providing the Services to Customer and Users. Prior to authorizing an individual to become a User, Customer is fully responsible for obtaining the consent of that individual, in accordance with all applicable laws, to the use of his/her information by Duo Security for purposes of providing the Services, which use shall be governed by the terms of the Privacy Policy. Customer represents and warrants that all such consents have been or will be obtained prior to authorizing any individual to become a User.

3.4 Customer will be fully responsible for Users’ compliance with this Agreement. Any breach of this Agreement or such other terms by a User shall be deemed to be a breach by Customer. Customer is solely responsible for determining whether the Services are sufficient for Customer’s purposes.

3.5 There will be no force or effect given to any different or additional terms contained in any purchase order or similar form issued by either party, even if signed by the parties after the date hereof unless such terms are included in an amendment in accordance with the terms of Section 14.3 of this Agreement. Each party’s acceptance of this Agreement was and is expressly conditional upon the other’s acceptance of the terms contained in the Agreement to the exclusion of all other terms.

4. RESTRICTIONS

Customer will not, and will not permit any of its Users nor any third party to: reverse engineer, decompile, disassemble or otherwise attempt to discover the source code, object code or underlying structure, ideas or algorithms of the Services, Software, Hardware Tokens or any data related to the Services (except to the extent such prohibition is contrary to applicable law that cannot be excluded by the agreement of the parties); modify, translate, or create derivative works based on the Services or Software; share, rent, lease, loan, resell, sublicense, distribute, use or otherwise transfer the Services or Software for timesharing or service bureau purposes or for any purpose other than its own use; or use the Services or Software other than in accordance with this Agreement and in compliance with all applicable laws and regulations (including but not limited to any European privacy laws and intellectual property laws).

5. PAYMENT OF FEES

5.1 Customer will pay the GSA MAS Contractor and the GSA MAS Contractor will pay Duo Security the Fees plus all applicable sales, use and other purchase related taxes (or provide Duo Security with a valid certificate of exemption from the requirement of paying sales, use or other purchase related taxes) in accordance with the Prompt Payment Act and the Order Form. Except as otherwise indicated in the applicable Order Form, all fees and expenses shall be in U.S. dollars. Duo Security will not charge users any fees for their use of the Services or Duo Mobile Software without Customer’s authorization. Customers’ carriers or service providers may charge fees for data usage, messaging, phone calls or other services that are required for them to use the Services.

5.2 Customer’s Order Form will indicate an initial allotment of Telephony Credits, if applicable. Customer may purchase additional Telephony Credits separately via the billing section of Customer’s administrative interface or by contacting a sales representative. U.S. and international rates for telephony can be found at https://www.duosecurity.com/docs/telephony_rates.
At any time during the Term, and unless otherwise agreed to in writing by the parties, any increase or overage in the maximum number of Users specified in the Order Form will be treated in accordance with this Section 5.3 (a “Subscription Upgrade”). The maximum number of Users shall be increased as follows:

For Subscription Upgrades (i) for Customers where the maximum number of Users on the Order Form is fewer than 500 Users, the maximum number of Users will be increased automatically in increments equal to 50 Users, (ii) for Customers where the maximum number of Users on the Order Form is 500 to 1000 Users, the maximum number of Users will be increased automatically in increments equal to 100 Users, and (iii) for Customers where the maximum number of Users on the Order Form is 1001 or greater, the maximum number of Users will be increased automatically in increments equal to 250 Users. Duo Security shall invoice Customer for the increase in the maximum number of Users at the subscription rate and payment terms specified in the most recent Order Form, which will be prorated for the remainder of the then applicable subscription term. For any future subscription Term, the number of Users and applicable Fees will reflect any Subscription Upgrades.

6. CONFIDENTIALITY

6.1 Each party (the “Receiving Party”) hereby acknowledges that the other party (the “Disclosing Party”) has disclosed or may disclose information relating to the Receiving Party’s technology, Users or business (hereinafter referring to “Confidential Information” of the Disclosing Party).

The Receiving Party agrees: (i) not to disclose the Confidential Information to any third person other than those of its employees, investors and potential acquirers with a need to have access thereto and who have entered into non-disclosure and non-use agreements; (ii) to disclose the Confidential Information only in such manner as may be reasonably required in connection with the Services and/or this Agreement; and (iii) to return or destroy all Confidential Information in its possession at the expiration or earlier termination of this Agreement.

6.2 The Receiving Party shall not use the Confidential Information for any purpose other than to perform its obligations under this Agreement, and, unless the parties specifically agree otherwise, Duo Security may reasonably presume that any unrelated information received from Customer is not Confidential Information and will not be subject to any confidentiality restrictions or obligations.

7. INTELLECTUAL PROPERTY RIGHTS; OWNERSHIP

Except as expressly set forth herein, Duo Security shall retain all Intellectual Property Rights relating to the Services or Software or any suggestions, ideas, enhancement requests, feedback, recommendations or other information provided by Customer or any third party relating to the Services and/or the Software, which are hereby assigned to Duo Security. Customer will not copy, distribute, reproduce or use any of the foregoing except as expressly permitted under this Agreement. As between the parties, Duo Security will own all Performance Data, all other forms of aggregated information, and all de-identified data relating to any User and/or the Services. This Agreement is not a sale and does not convey to Customer any rights of ownership in or related to the Services or Software, or any Intellectual Property Rights.

US Government Rights. The Services and Software are “commercial items” as that term is defined at FAR 2.101. If Customer is the US Federal Government (Government) Executive Agency (as defined in FAR 2.101), Duo Security provides the Services and Software, including any related technical data, and/or professional services in accordance with the following: If acquired by or on behalf of any Executive Agency (other than an agency within the Department of Defense (DoD), the Government acquires, in accordance with FAR 2.101 (Technical Data) and FAR 2.121 (Computer Software), only those rights in technical data and software customarily provided to the public as defined in this Agreement. If acquired by or on behalf of any Executive Agency, the Government acquires, in accordance with DFARS 227.7202-3 (Rights in commercial computer software or commercial computer software documentation), only those rights in technical data and software customarily provided in this Agreement. In addition, DFARS 227.7202-3 (Rights in technical data and computer software) applies to technical data acquired by DoD agencies. Any Federal Legislative or Judicial Agency shall obtain only those rights in technical data and software customarily provided to the public as defined in this Agreement. If any Federal Legislative, Executive, or Judicial Agency has a need for rights not conveyed under the terms described in this Section, it must negotiate with Duo Security to determine if there are acceptable terms for transferring such rights, and a mutually acceptable written addendum specifically conveying such rights must be included in any applicable contract or agreement to be effective. If this Agreement fails to meet the Government’s needs or is inconsistent in any way with Federal law, and the parties cannot reach a mutual agreement on terms for this Agreement, the Government agrees to terminate its use of the Services and return the Software, unused, to Duo Security. This U.S. Government Rights clause in this Section is in lieu of, and supersedes, any other FAR, DFARS, or other clause, provision, or supplemental regulation that addresses Government rights in computer software or technical data under this Agreement.

8. DATA PROTECTION

8.1 In this Section 8, the terms “personal data”, “data processor”, “data subject”, “process and processing” and “data controller” shall be as defined in the DPA.

8.2 For the purposes of the Data Protection Laws, as between Customer and Duo Security, the parties agree that Customer shall at all times be the data controller and Duo Security shall be the data processor with respect to the processing of Customer Personal Data in connection with this Agreement.

8.3 By entering into this Agreement, Customer agrees that Duo Security may collect, retain and use certain Customer Personal Data (which may include, without limitation, names, mobile telephone numbers, IP addresses and email addresses of Users) in connection with the Services. As the data controller of such Customer Personal Data, Customer shall be responsible for ensuring that, and warrants and represents to Duo Security that it shall ensure that any processing of Customer Personal Data in connection with the Services shall comply with the Data Protection Laws. This shall include (without limitation) ensuring that Customer: (a) has given adequate notice and made all appropriate disclosures to the data subjects regarding Customer’s and/or Duo Security’s use and disclosure of Customer Personal Data, including (but without limitation) for the provision of the Services; and (b) has and/or obtains all necessary rights, and where applicable, all appropriate and
valid consents from the data subjects to share such personal data with Duo Security and to permit use of Customer Personal Data by Duo Security for the purposes of the provision of the Services and performing its obligations under this Agreement or as may be required by applicable law ("Purpose"), including (but without limitation) notifying the data subject of the transfer of Customer Data outside of the European Economic Area to countries whose laws they have acknowledged may provide a lower standard of data protection than exists in the European Economic Area ("EEA").

8.4 At the request of Customer, Duo Security and Customer shall negotiate a separate data processing agreement, setting forth each Party's obligations in respect of any processing of Customer Personal Data, which agreement will be incorporated herein by reference once executed by the Parties.

8.5 Customer acknowledges that Duo Security is reliant on Customer for direction as to the extent to which Duo Security is entitled to use and process Customer Data. Consequently, Duo Security will not be liable for any claim brought by a data subject to the extent that such action or omission resulted directly from Customer's instructions. Customer undertakes to comply in all respects with any applicable laws, regulations, standards and guidelines applicable to personal data and shall use all reasonable endeavors to where possible anonymize personal data sent to Duo Security.

9. INDEMNIFICATION.

For Customers enrolled in one of the editions of Services requiring purchase, Duo Security shall indemnify and hold Customer harmless from liability to third parties resulting from infringement by the Services of any United States or United Kingdom patent or any copyright or misappropriation of any trade secret, provided Duo Security is promptly notified of any and all threats, claims and proceedings related thereto and given reasonable assistance and the opportunity (subject to the requirements of 28 USC §516, if applicable) to assume sole control over defense and settlement; Duo Security will not be responsible for any settlement it does not approve. The foregoing obligations do not apply with respect to portions or components of the Services (i) not created by Duo Security, (ii) resulting in whole or in part from Customer specifications, (iii) that are modified after delivery by Duo Security, (iv) combined with other products, processes or materials where the alleged infringement relates to such combination, (v) where Customer continues allegedly infringing activity after being notified thereof or after being informed of modifications that would have avoided the alleged infringement, or (vi) where Customer's use of Services is not strictly in accordance with this Agreement and all related Documentation. If Duo Security receives information about an actual or alleged infringement or misappropriation claim that would be subject to indemnification rights set forth in this Section 9, Duo Security shall have the option, at its expense, to (i) modify the Software to be non-infringing; or (ii) obtain for Customer a license to continue using the Software. If Duo Security determines it is not commercially reasonable to perform either of the above options, then Duo Security may at its option elect to terminate the license for the Services and refund the unearned portion of any pre-paid subscription Fees, pro-rated on a monthly basis. THIS SECTION STATES CUSTOMER'S SOLE AND EXCLUSIVE REMEDY FOR INFRINGEMENT, MISAPPROPRIATION AND/OR CLAIMS ALLEGING INFRINGEMENT OR MISAPPROPRIATION.

10. TERM; TERMINATION

10.1 Subject to earlier termination as expressly provided for in this Agreement, the initial Term of this Agreement shall be for the Term specified in the Order Form, or in the event of multiple Order Forms, until the Term of all Order Forms has expired. Each Order Form and this Agreement shall terminate upon expiration or termination in accordance with this Section 10 unless Customer provides at least forty-five (45) days written notice to Duo Security that it wishes to renew or to have Duo Security renew the Services through GSA MAS contract. The Fees per User for each renewal Term will be in accordance with the GSA MAS contract or, if renewed directly with Duo Security, equal to the Fees per User for the immediately prior Term plus a price increase to be agreed upon by Duo Security and Customer. Any price increase will not exceed seven percent (7%) per year, unless the pricing was designated in the applicable Order Form as promotional or one-time; provided, however, the Fees for each renewal Term shall not exceed the list price as of the start date of such renewal Term.

10.2 In the event of any material breach of this Agreement, the GSA MAS Contractor, on behalf of Duo Security, shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while continuing performance as set forth in GSAR 52.212-4(d).

10.3 The Sections of this Agreement which by their nature should survive termination or expiration of this Agreement, including but not limited to Sections 3.1 and 4 through 14 (inclusive), will survive termination or expiration of this Agreement. No refund of Fees shall be due in any amount on account of termination by Duo Security pursuant to this Section 10. In the event of termination by Customer pursuant to this Section 10, Customer shall be entitled as its sole and exclusive remedy, to receive a refund of any pre-paid subscription Fees paid by Customer to Duo Security for Services not rendered as of the termination date. When this Agreement expires or terminates, Duo Security shall cease providing the Service to Customer.

11. WARRANTIES AND DISCLAIMER OF ADDITIONAL WARRANTIES

11.1 For Customers enrolled in one of the editions of Services requiring purchase, Duo Security represents and warrants that it will not knowingly include, in any Duo Security software released to Users and provided to Customer hereunder, any computer code or other computer instructions, devices or techniques, including without limitation those known as disabling devices, trojans, or time bombs, that intentionally disrupt, disable, harm, infect, defraud, damage, or otherwise impede in any manner, the operation of a network, computer program or computer system or any component thereof, including its security or User data. If, at any time, Duo Security fails to comply with the warranty in this Section 11.1, Customer may promptly notify Duo Security in writing of any such noncompliance. Duo Security will, within thirty (30) days of receipt of such written notification, either correct the noncompliance or provide Customer with a plan for correcting the noncompliance. If the noncompliance is not corrected or if a reasonably acceptable plan for correcting them is not established during such period, Customer may terminate this Agreement and receive a refund of any pre-paid but unearned subscription Fees, pro-rated on a monthly basis, as its sole and exclusive remedy for such noncompliance.

11.2 For Customers that have purchased Hardware Tokens as part of the Services, Duo Security warrants to Customer only that Hardware Tokens will be free of defects in material and workmanship at the time of sale and for a period of six (6) months thereafter. This limited warranty is limited to replacement of defective Hardware Tokens. This limited Hardware Token warranty is Customer's exclusive remedy for defective Hardware Tokens.

11.3 EXCEPT FOR THE EXPRESS WARRANTIES PROVIDED IN THIS SECTION 11, THE SERVICES AND DUO SECURITY CONFIDENTIAL INFORMATION AND ANYTHING PROVIDED IN CONNECTION WITH THIS AGREEMENT ARE PROVIDED "AS-IS," WITHOUT ANY WARRANTIES OF ANY KIND. DUO SECURITY HEREBY DISCLAIMS FOR ITSELF AND ITS SUPPLIERS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ALL IMPLIED WARRANTIES, TERMS OR CONDITIONS OF MERCHANTABILITY, FITNESS FOR A PURPOSE OR A PARTICULAR PURPOSE, SATISFACTORY QUALITY, TITLE, AND NON-INFRINGEMENT.

12. LIMITATION OF LIABILITY

12.1 NOTHING IN THIS AGREEMENT (OR ANY ORDER FORM) SHALL LIMIT OR EXCLUDE EITHER PARTY'S LIABILITY FOR (A) DEATH OR PERSONAL INJURY CAUSED BY ITS NEGLIGENCE, OR THE NEGLIGENCE OF ITS EMPLOYEES, AGENTS OR

SUBCONTRACTORS; (B) FRAUD OR FRAUDULENT MISREPRESENTATION; OR (C) ANY OTHER LIABILITY THAT CANNOT BE EXCLUDED OR LIMITED BY LAW.

12.2 SUBJECT TO SECTION 12.1, IN NO EVENT WILL DUO SECURITY OR ITS SUPPLIERS BE LIABLE TO CUSTOMER (OR ANY PERSON CLAIMING UNDER OR THROUGH CUSTOMER) FOR ANY INDIRECT, PUNITIVE, INCIDENTAL, SPECIAL, OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR IN ANY WAY CONNECTED WITH THE USE OF THE SERVICES OR ANYTHING PROVIDED IN CONNECTION WITH THIS AGREEMENT OR THE DELAY OR INABILITY TO USE THE SERVICES OR ANYTHING PROVIDED IN CONNECTION WITH THIS AGREEMENT OR OTHERWISE ARISING FROM THIS AGREEMENT, INCLUDING WITHOUT LIMITATION, (I) LOSS OF REVENUE OR ANTICIPATED PROFITS (WHETHER DIRECT OR INDIRECT) OR (II) LOST BUSINESS OR (III) LOST SALES, WHETHER BASED IN CONTRACT, TORT (INCLUDING ACTIVE AND PASSIVE NEGLIGENCE AND STRICT LIABILITY) BREACH OF STATUTORY DUTY OR OTHERWISE, EVEN IF DUO SECURITY HAS BEEN ADVISED OF THE POSSIBILITY OF DAMAGES.

12.3 SUBJECT TO SECTION 12.1, THE TOTAL LIABILITY OF DUO SECURITY FOR ANY CLAIM, WHETHER BASED IN CONTRACT, TORT (INCLUDING ACTIVE AND PASSIVE NEGLIGENCE AND STRICT LIABILITY) OR OTHERWISE, WILL NOT EXCEED, IN THE AGGREGATE, THE FEES PAID OR TO BE PAID TO DUO SECURITY HEREUNDER IN THE TWELVE MONTH PERIOD ENDING ON THE DATE THAT SUCH CLAIM IS FIRST ASSERTED, PROVIDED, HOWEVER THAT THE MAXIMUM LIABILITY OF DUO SECURITY FOR ALL CLAIMS SHALL BE THE THEN CURRENT ANNUALIZED VALUE OF THE APPLICABLE ORDER FORM. THE FOREGOING LIMITATIONS WILL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY.

13. U.S. GOVERNMENT MATTERS
Notwithstanding anything else, Customer may not provide to any person or export or re-export or allow the export or re-export of the Services or any software or anything related thereto or any direct product thereof, in violation of any restrictions, laws or regulations of the United States Department of Commerce, the United States Department of Treasury Office of Foreign Assets Control, or any other United States or foreign agency or authority.

14. MISCELLANEOUS
14.1 Severability. If any provision of this Agreement is found to be unenforceable or invalid, that provision will be limited or eliminated to the minimum extent necessary so that this Agreement will otherwise remain in full force and effect and enforceable.

14.2 Assignment. This Agreement is not assignable, transferable or sublicensable by either party except with the other party’s prior written consent, which shall not be unreasonably withheld. This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective permitted successors and permitted assigns.

14.3 Entire Agreement; Amendment. Both parties agree that this Agreement and the GSA MAS Contract into which the Agreement is incorporated is the complete and exclusive statement of the mutual understanding of the parties and supersedes and cancels all previous written and oral agreements, communications and other understandings relating to the subject matter of this Agreement, and that all waivers, amendments and modifications must be in a writing signed by both parties and specifically reference the provision of this Agreement being waived, amended or modified, except as otherwise provided herein. No agency, partnership, joint venture, or employment is created as a result of this Agreement and Customer does not have any authority of any kind to bind Duo Security in any respect whatsoever.

14.4 Notices. All notices under this Agreement will be in writing and will be deemed to have been duly given when received, if personally delivered; when receipt is electronically confirmed, if transmitted by facsimile or e-mail; and upon receipt, if sent by certified or registered mail (return receipt requested), postage prepaid. Duo Security may provide notice using the information provided in the most recent Order Form and Customer may provide notice using the contact information provided on duosecurity.com.

14.5 Force Majeure. Any delay or failure in the performance of any duties or obligations of either party (except the payment of money owed) will not be considered a breach of this Agreement if such delay or failure is due to a labor dispute, fire, earthquake, flood or any other event beyond the reasonable control of a party, provided that such party promptly notifies the other party thereof and uses reasonable efforts to resume performance as soon as possible.

14.6 Governing Law; Arbitration. This Agreement will be governed by the Federal law.

14.7 Publicity. Upon the Customer’s prior written consent, Duo Security may mention Customer’s name in press announcements, case studies, trade shows, or other marketing or advertising materials.
Appendix A

Service Level Agreement

Duo Security SLA During the term of your Duo Security license (the “Agreement”, the Duo web admin interface and web services will be operational and available to Customer at least 99.9% of the time in any calendar month (the “Duo Security SLA”). If Duo Security does not meet the Duo Security SLA, and if Customer meets its obligations under this Duo Security SLA, Customer will be eligible to receive the Service Credits described below. This Duo Security SLA states Customer’s sole and exclusive remedy for any failure by Duo Security to meet the Duo Security SLA.

Definitions The following definitions shall apply to the Duo Security SLA.

- “Downtime” means when there is more than a five percent user error rate across all of a Customer’s users. Downtime is measured based on server side error rate.
- “Service” means the Duo Security multifactor authentication service.
- “Monthly Uptime Percentage” means total number of minutes in a calendar month minus the number of minutes of Downtime suffered in a calendar month, divided by the total number of minutes in a calendar month.
- “Service Credit” means the number of days of Service to be added to the end of the Service term, at no charge to Customer calculated as follows:

<table>
<thead>
<tr>
<th>Uptime</th>
<th>Days Credited</th>
</tr>
</thead>
<tbody>
<tr>
<td>&lt; 99.9% - ≤ 99.0%</td>
<td>3</td>
</tr>
<tr>
<td>&lt; 99.0% - ≤ 95.0%</td>
<td>7</td>
</tr>
<tr>
<td>&lt; 95.0%</td>
<td>15</td>
</tr>
</tbody>
</table>

Customer Must Request Service Credit In order to receive any of the Service Credits described above, Customer must notify Duo Security within thirty days from the time Customer becomes eligible to receive a Service Credit. Failure to comply with this requirement will forfeit Customer’s right to receive a Service Credit. Customer may check whether Duo Security’s systems are operational by visiting https://status.duo.com.

Maximum Service Credit The aggregate maximum number of Service Credits to be issued by Duo Security to Customer for all Downtime that occurs in a single calendar month shall not exceed fifteen days of Service (or the value of 15 days of Service in the form of a monetary credit to a monthly-billing Customer’s account). Service Credits may not be exchanged for, or converted to, monetary amounts.

Duo Security SLA Exclusions The Duo Security SLA does not apply to any services that expressly exclude this Duo Security SLA (as stated in the documentation for such services) or any performance issues: (i) caused by “Force Majeure” or (ii) that resulted from one or more of Customer’s equipment or third party equipment not within the primary control of Duo Security.

Duo Security reserves the right to modify this Service Level Agreement at any time by updating the terms on https://www.duo.com/legal sla.
Appendix B
Privacy Policy

PRIVATE POLICY
Last updated: March 24, 2016

Who We Are
Duo Security, Inc. is a company incorporated under the laws of the State of Delaware, USA and whose principal office is located at 123 North Ashley Street, Suite #200, Ann Arbor, Michigan 48104, USA.

In this Privacy Policy when we refer to “Duo Security” or “we”, “us” or “our”, we mean either Duo Security Inc. or the relevant Duo Security group company which provides you with our services and mobile and web-based applications, (including Duo Security UK Limited) as more completely described on our Website (collectively, the “Services”). Duo Security is committed to protecting the privacy of individuals who visit our websites, including, but not limited to https://www.duo.com (collectively, the “Website”) and the customers and users of our services and mobile and web-based applications.

Terms not otherwise defined in this Privacy Policy have the meanings assigned to them in Duo Security’s Service Terms and Conditions. When you access and use the Services, the Service Terms and Conditions and this Privacy Policy apply.

If you have any questions about how we collect, store and use personal information, or if you have any other privacy-related questions, please contact us by any of the following means:

By post: Duo Security, Inc., 123 North Ashley Street, Suite #200, Ann Arbor, MI 48104, USA
By facsimile: 1-866-760-4247
By email: security@duosecurity.com

Introduction

This Privacy Policy describes how we collect, use, and share Personal Information (as defined below) created, inputted, submitted, posted, transmitted, stored or displayed by individuals who interact with and use the Duo Security Website and Services. This Privacy Policy does not apply to Personal Information (as defined below) we obtain in our capacity as an employer; employment related data is covered under separate policies and/or notices.

This Privacy Policy covers information we collect online, not offline.

Any Personal Information we collect through the Services will be used only in a manner consistent with this Privacy Policy. When you sign up for, access the Services, including blog updates or newsletters, or when you email us for information, you expressly agree to the use of your information for the purposes described in this Privacy Policy.

If you do not agree with the use of personal information as described in this Privacy Policy or any changes to it, you should not sign up for, use or access the Services or any features of the Services.

Changes to Our Privacy Policy

We may revise this Privacy Policy from time to time. The most current version of this Privacy Policy will govern your use of your Personal Information. If we decide to change our Privacy Policy, we will post the updated Privacy Policy on the Website and update the Privacy Policy modification date. Please check back regularly to review any changes to this Privacy Policy. By continuing to use the Service after those changes become effective, you agree to be bound by the revised Privacy Policy.

Personal Information

“Personal Information” is defined slightly differently across the world, but we define “Personal Information” as any information that could be used to identify you or another individual, such as (but not limited to) an individual’s name, email address, or telephone number, and that is not otherwise publicly available. Personal Information may include other types of information as well, such as some of the information referred to under the subheadings “Device-Specific Information” and “Service Log Information.”

We also collect non-personal information that does not, on its own, identify any individual person. When non-personal information is combined with other information so that it does identify an individual person, we treat that information as Personal Information.

What Information do we collect?

When you use the Services we may collect, store and process certain information about you, including:

Contact Information.
Duo Security may collect, store and process the following contact information in order to provide the Services:

For Organization Users: If your user profile is created by or at the request of an organization (an “Organization”) of which you are an employee, contractor, member, agent or other participant (each such user referred to as an “Organization User”) your “Organization’s Administrator” may provide us with certain Personal Information, such as your name, email address, and telephone number. We also collect your Organization name and assign you an account name based on your Organization name. Prior to authorizing you to become a user of the Services, your Organization is responsible for notifying you and/or obtaining your consent to the collection of such information, in accordance with applicable laws. Even though your Organization has notified you and/or received your consent to provide us with your Personal Information, when you begin using the Services, you are also providing your consent to the terms in this Privacy Policy and our Service Terms and Conditions.

For Personal Edition Users: If you establish a “Personal Edition” account (as compared to an Organization account), and/or if you sign up for our newsletters and email updates we may collect your name, email address, and telephone number.

For Organization Administrators: for each Organization account we may collect the name, email address, and telephone number of any Organization Administrators, or similar points of contact, within the Organization in order to be able to provide you and the Organization with the Services and to manage your account.

We also collect your email address when you email us for information or sign up for our newsletters and email updates. You can unsubscribe from our newsletters and updates by clicking “Unsubscribe” at the bottom of the newsletter or email update or by emailing mop@duosecurity.com.

Public Forums: We collect other information, including Personal Information that you submit to our Website or as you participate in certain interactive features of our Services (such as the publicly accessible blogs or community forums). You should be aware that any information (including Personal Information) you provide in these areas may be read, collected, and used by others who access them. To request...
removal of your Personal Information from our blog or community forum, contact us at security@duosecurity.com. In some cases, we may not be able to remove your Personal Information, in which case we will let you know if we are unable to do so and why.

Testimonials/Reviews/Feedback: We may post customer testimonials on our Website, which may contain Personal Information. We do obtain the customer’s consent via email prior to posting the testimonial to post their name along with their testimonial. If you want your testimonial removed, please contact us at security@duosecurity.com.

Surveys: We may provide you the opportunity to participate in contests or surveys. If you participate, we will request and collect certain Personal Information from you at the time of the survey. Participation in these surveys or contests is completely voluntary and you have a choice whether or not to disclose this information. The requested information typically includes contact information, such as email or phone number.

When you use the Service we may collect, store and process certain information collected by us from your web browser or from interactions with the Services, including:

Device-Specific Information. We also collect device-specific information (e.g. mobile and desktop) from you in order to provide the Services. Device-specific information includes:

- attributes (e.g. hardware model, operating system, web browser version, as well as unique device identifiers and characteristics (such as, whether your device is “jailbroken,” whether you have a screen lock in place and whether your device has full disk encryption enabled));
- connection information (e.g. name of your mobile operator or ISP, browser type, language and time zone, and mobile phone number); and
- device locations (e.g. internet protocol addresses and Wi-Fi).

We may need to associate your device-specific information with your Personal Information on a periodic basis in order to confirm you as a user and to check the security on your device.

Service Log Information. When you use the Services, we may automatically collect and store certain information in server logs. This may include which users (by reference to certain Personal Information such as the user's: username; email address; name; and other information that may be included in open textual fields) are accessing the Services, how users are accessing the Services (including the device-specific information referenced above and type of integration (i.e. application) being protected), the dates and times you are accessing the Services, from where you are accessing the Services (by internet protocol address) and device event information such as crashes, system activity, and hardware settings. We may need to associate this information with other information we collect about you on a periodic basis in order to confirm you as a user and to check the security on your device. We may also do this to improve the Services that we offer you.

Social Media Widgets: Our website includes plugins of social media platforms, such as facebook.com of Facebook Inc., 1601 S. California Ave, Palo Alto, CA 94304, USA; Twitter: som of Twitter Inc., 795 Folsom St., Suite 600, San Francisco CA 94107, USA; and google+ of Google Inc., 1600 Amphitheatre Parkway Mountain View, California, 94043, USA. Social Media Features and Widgets are either hosted by a third party or hosted directly on our websites.

- You can generally identify the plugins by the respective network's logo, for instance in combination with a pictogram of a clenched hand with a raised thumb or the addition of a “recommendation”, “like” or “comment.”

Details about purpose and extent of data collection as well as processing and usage of the data by the social media networks can be obtained by reading the privacy policies of Facebook [https://www.facebook.com/policy.php], Twitter [http://twitter.com/privacy] and Google [https://www.google.com/policies/privacy/].

How do we use the Information We Collect?

Information we collect may be used for the following purposes:

- to provide the Services;
- for billing purposes;
- to personalize the Services and improve your experience;
- improving our products, technology and services;
- for analytical purposes, including use of “Performance Data”. Performance Data includes aggregate, de-identified usage information and other aggregate measures of the Services’ performance. We may share aggregated, de-identified Performance Data with third parties to help us better understand our customers’ needs and improve the Services;
- for marketing and advertising purposes, including sending you promotional email messages about our products and services and registering you for our events. If you do not want us to use your data in this way, please opt out here: https://go.duosecurity.com/UnsubscribePage.html or send an email to mops@duosecurity.com. For more information about how to change your preferences and to unsubscribe from promotional materials, then please see the section headed “Choice and Consent”. Duo Security does not market or advertise to Organization Users;
- to prevent, detect, identify, investigate, respond and protect against potential or actual claims, liabilities, prohibited behavior, and criminal activity;
- to comply with and enforce applicable legal requirements, agreements and policies;
- to perform other activities consistent with this Privacy Policy;
- to improve the Services and where you have agreed, to provide you updates on how we are improving the Services based on any feedback you might have given; and
- with respect to Organization Users, to provide you and the Organization with the Services and to manage your account.

Data Retention

The time periods for which we retain your Personal Information depend on the purposes for which we use it. We will retain your information for as long as your account is active or as needed to provide you the Services, unless we are required by law to dispose of it earlier or to
keep it longer. We will also retain and use your information as necessary to comply with our legal obligations, resolve disputes, and enforce our agreements. Please contact us as provided in the Notice section below if you have any questions about the information we collect and/or how we use the information we collect.

Sharing of Personal Information Collected
Duo Security does not sell, rent, or trade and, except as described in this Privacy Policy, does not share any Personal Information with third parties for their promotional purposes. Duo Security may transmit or share Personal Information as follows:

- We may share Personal Information, with our authorized third party vendors, consultants, service providers and hosting partners (currently Amazon Web Services) who perform services for Duo Security (including hardware, software, networking, storage, and other technology and services required to operate, maintain and provide support related to the Services) based on Duo Security’s instructions. These third parties may only use or disclose such Personal Information obtained from Duo Security to perform the Services on Duo Security’s behalf or comply with legal obligations.

- If you have an Organization account, we may also share Personal Information and/or Device-Specific Information with your Organization and/or your Organization’s third party vendors (with your employer’s consent) in order to operate and maintain the Services. Your device may be subject to your Organization’s policies and practices, which are separate from this Privacy Policy. We have no control over your Organization and your Organization’s third party vendors’ privacy practices, so please read their applicable privacy policies. Our Privacy Policy does not apply to, and Duo Security is not responsible for, use of your Personal Information by these other companies.

- We may share your Personal Information with third parties to send emails on our behalf, and/or for sponsored marketing and promotional events (such as conference events) offered in conjunction with another company or companies. If you register for or participate in such marketing and promotional events, both Duo Security and such other companies may receive information collected in conjunction with the co-branded and/or co-sponsored marketing and promotional events. Our Privacy Policy will apply to you with respect to our use of your Personal Information. We have no control over any other companies’ privacy practices, so please read their applicable privacy policies before providing any Personal Information. Our Privacy Policy does not apply to, and Duo Security is not responsible for, use of your Personal Information by these other companies.

- Duo Security may share information internally with other members of the Duo Security family of companies, including Duo Security UK Limited (a company registered in England and Wales) for the purposes described in this Privacy Policy.

- We may also disclose Personal Information; (i) if we are required to do so by law or legal process; (ii) to respond to subpoenas, court orders, or legal process, or to establish or exercise our legal rights or defend against legal claims; (iii) as may be required for the purposes of national security; (iv) when we believe disclosure is necessary and appropriate to prevent physical, mental, financial or other harm, injury or loss; (v) in connection with an investigation of suspect or actual illegal or inappropriate activity or exposure to liability. We may also share such information if we believe it is necessary in order to investigate, prevent, or take action regarding illegal activities, suspected fraud, situations involving potential threats to the physical safety of any person, violations of our Service Terms and Conditions and any other agreements, or as otherwise required by law or to comply with any legal obligation.

When we share Personal Information with a third party, they must contractually agree to comply with privacy and security standards at least as stringent as Duo Security’s when it is handling similar data. When you provide data directly to the third party, the processing is based on their standards (which may or may not be the same as Duo Security’s) and your own independent relationship with that provider.

By accessing, signing up for or using the Services, sending us email, or by signing up for email updates, you provide your express consent to our disclosure of your Personal Information to our third party service providers (such as credit card processors, managed hosting service providers, sub-processors of service data, and technology partners) in order to supply our Services. We do not permit our service providers to use your Personal Information for their own marketing purposes or for any other purpose than in connection with the services they provide to us.

Credit Card Information
Some of our customers use credit cards, debit cards or other means of payment for our Services. We do not collect credit card, debit card or personal financial account information through our Website. We use a third party vendor, currently Recurly, Inc., to process our subscription billing. When you provide payment information to pay for the Services, you provide it directly to Recurly, and not to Duo Security. You will automatically be routed to the Recurly website to provide the information Recurly requires to process your transaction. Recurly is a third party vendor and has its own privacy policy, which may be different from this Privacy Policy. This Privacy Policy does not cover information collected by Recurly and Duo Security is not covered by, or responsible for, Recurly’s privacy practices or policy. To learn about Recurly’s privacy practices, please read their privacy policy at http://recurly.com/legal/privacy.

Accessing and Updating Your Personal Information
You can modify your account information at any time by using the Service administrative interface available at https://admin.duosecurity.com or by emailing our customer support at support@duosecurity.com. We will respond to your request to access promptly and within no more than 30 days.

Cookies and other Tracking Technologies
When you visit our Website or use our Services, we use “cookies” and other tracking technologies like “web beacons” to allow us to remember your user preferences, to maximize the performance of our Website and Services, enhance and personalize your experience and provide marketing communications. They also help ensure that advertisements you see while you are on our Website are more relevant to your interests.

For further information about cookies and the other tracking technologies we use, along with information about how to disable or block cookies, please see our Cookie Policy at https://www.duo.com/legal/cookies.

Security of Information
Duo Security maintains and uses reasonable administrative, organizational, technical and physical safeguards to protect your information from loss, destruction, misuse, unauthorized access or disclosure as required by applicable law. These technologies help ensure that your data is safe, secure, and only available to you and to those you provided authorized access (e.g., your users). For example, when you enter confidential information (such as login credentials or information submitted from within the Service), we encrypt the transmission of that information using secure socket layer technology (SSL). SSL technology is designed to prevent you from inadvertently revealing personal information using an insecure connection. However, no electronic transmission over the Internet or information storage technology can be guaranteed to be 100% secure, so you should take care in deciding what information you send us in this way. If you have any questions about security on our Website, you can contact us at security@duosecurity.com.
Cookies do not typically identify you as an individual, just the device you are using. For further information on cookies, visit our Privacy Policy. Cookies may include but are not limited to the following:

1. **Cookies** are small files that are sent to your browser or hard drive when you visit a website. They help the website remember information about you, such as your preferences and your login status. Cookies can also help a website provide a better user experience by remembering your preferences and remembering what you have done on a website.

2. **Session Cookies** are temporary cookies that are stored in your browser until you close your browser. They are used to maintain your login status and other temporary information.

3. **Persistent Cookies** are stored on your computer or device with an expiry date. They are used to remember information about you, such as your preferences and your login status.

4. **Cookies** can also help a website to track your usage of the site, including how to see what cookies have been set on your device and how to manage and delete them. For more information, please review our Privacy Policy.
What Cookies Do We Use And Why?

When you visit our Website or use our Services, we use cookies, web beacons and other technologies for a variety of purposes, such as, to allow us to remember your user preferences; to maximize and analyze the performance of our Website and Services; and to analyze our performance. We also use cookies to provide, enhance and personalize certain aspects of the Services. Cookies are also used for targeting purposes as described below.

There are four different types of cookies we use:

**Essential cookies.** These are cookies that are required for the operation of our Services. For example, when you download certain online technologies, a cookie is set that identifies the software, version, and when it expires. We may use this information to alert you that a newer version of such software is available and/or if your subscription is going to expire. These cookies are necessary for the Services to operate properly. Without these cookies, services that you have asked for cannot be provided. We want you to understand these essential cookies, and why we use them, but we don’t need to get your consent to use them on our Services as we use these cookies only to provide you with services that you have requested.

**Functionality cookies.** These cookies allow our Services to remember choices you make, such as: remembering your username, preferences and settings; remembering if you’ve filled in a survey or taken part in a poll or contest or otherwise reacted to something on or through the Services, so you’re not asked to do it again; remembering if you’ve used any of our Services before; restricting the number of time you are shown a particular advertisement; remembering your location; and enabling social media components like Facebook or Twitter. The aim of these cookies is to provide you with a more personal experience so that you don’t have to reset your preferences each time you use our Services. We also use functionality cookies to enable you to comment on an article or provide enhanced services such as enabling you to view a video through the Services. As described below, you may disable any of these functional cookies; but if you do so, then various functions of our Services may be unavailable to you or may not work the way you want them to.

**Analytical/Customization cookies.** These cookies collect information about how visitors use and interact with our Services, for instance which pages they go to most often. These cookies also enable us to personalize content, greet you by name, and remember your preferences (e.g., your choice of language, country, or region). These cookies help us improve the way our websites work and provide a better, personalized user experience. Some of our analytical/customization cookies are managed for us by third parties. However, we don’t allow the third party to use the cookies for any purpose other than those listed above.

**Advertising/ targeting cookies.** These cookies record your visit to our websites, the pages you have visited, and the links you have clicked. They gather information about your browsing habits and remember that you have visited a website. We (and third-party advertising platforms or networks) may use this information to make our websites, content, and advertisements displayed on them more relevant to your interests (this is sometimes called “behavioral” or “targeted” advertising). These types of cookies are also used to limit the number of times you see an advertisement as well as to help measure the effectiveness of advertising campaigns.

To find out more about interest-based ads and your choices, visit these sites: Digital Advertising Alliance, the Network Advertising Initiative, and the Interactive Advertising Bureau (IAB) Europe and these links: http://www.allaboutcookies.org or http://www.youronlinechoices.com.

**What Specific Cookies Do We Use In the Website and the Services?**

Some of the cookies we commonly use are listed in our cookies chart below. This list is not exhaustive, but it is intended to illustrate primary reasons for certain types of cookies set by Duo Security and third parties on our Website and Services. Third parties may also set certain cookies on your device when you use our Services. In some cases, the third party has been hired to provide certain services on Duo Security’s behalf (e.g., website analytics).

**Google Analytics**

We use Google Analytics, a web analysis tool of Google Inc., 1600 Amphitheatre Parkway Mountain View, California, 94043, USA, ("Google"). Google Analytics uses “cookies” to track visitor interactions, which are text files being saved to your computer to help us analyze visits of our Website and how our Services are used. For example, by using cookies, Google can tell us which pages our users view, which are most popular, what time of day our websites are visited, whether visitors have been to our websites before, what website referred the visitor to our websites, and other similar information.

For more information about Google analytic cookies, please see Google’s help pages and privacy policy:
- Google Privacy Policy: https://www.google.com/policies/privacy/
- Google Analytics Help: https://developers.google.com/analytics/devguides/collection/analyticsjs/cookieusage
If you do not want your usage of our Website and Services to be analyzed by Google, you can disable Google Analytics by using an add-on in your Internet browser. You can download and install the add-on at: https://tools.google.com/dlpage/gaoptout?hl=fr.

**Google AdWords**

We use Google AdWords Remarketing to advertise Duo Security. AdWords Remarketing will display relevant ads tailored to you based on what parts of the Duo Security website you have viewed by placing a cookie on your machine. This cookie does not identify you or give access to your computer. The cookie is used to identify you as a visitor to certain of our web pages and enables use to show you ads relating to that page.

**Google AdWords Remarketing**

Remarketing allows us to tailor our marketing to better suit your needs and only display ads that are relevant to you. If you do not wish to participate in our Google AdWords Remarketing, you can opt out by visiting Google’s Ads Preferences Manager. You can also opt out of any third-party vendor’s use of cookies by visiting http://www.networkadvertising.org/choices/ or http://www.youronlinechoices.com. Another way to opt out is to use a Google browser plugin: https://tools.google.com/dlpage/gaoptout/

If you wish to opt-out of Google Advertising, you may visit https://www.google.com/settings/ads and under “Ads on Google” and/or under “Google Ads Across the Web,” and click the “Opt out” link.

**Targeting**

We give you the option to share our stories on social networks such as Facebook and Twitter. To deliver this service we link to the third party websites AddThis and Shareaholic. If you use our share buttons, you will be directed to a website controlled by AddThis and Shareaholic. We have no control over the cookies that AddThis and Shareaholic set when you use its services. You can opt out of AddThis cookies at http://www.addthis.com/privacy/opt-out and Shareaholic cookies at https://shareaholic.com/privacy/choices.

**Additional Third Party Cookies**

We occasionally link to external websites or other third party content. If you click on external links, you will be directed to a website controlled by a third-party. We have no control over the cookies that the third-party sets when you use its service.

**How to Delete And Block Our Cookies**

You can disable and/or delete cookies by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block all cookies (including essential cookies), you may not be able to access all or parts of our Website. Unless you have adjusted your browser setting so that it will refuse cookies, our system will issue cookies as soon as you visit our Website.

These settings are usually found in the “options” or “preferences” menu of your internet browser. In order to understand these settings, the following links may be helpful. Otherwise you should use the “Help” option in your Internet browser for more details. The following links provide information on how to modify the cookie settings on some popular browsers.

- **Firefox**: https://support.mozilla.org/en-US/kb/cookies-information-websites-store-on-your-computer
- **Chrome**: https://www.google.com/policies/technologies/managing/
- **Safari**: http://support.apple.com/kb/HT1677

**Can I Withdraw My Consent?**

If you wish to withdraw your consent at any time, you will need to delete your cookies using your Internet browser settings. For further information about deleting or blocking cookies, please visit: http://www.aboutcookies.org and http://www.youronlinechoices.com. While many companies involved in using advertising cookies and serving online behavioral advertising appear at the above links, not all do. Therefore, even if you choose to turn off cookies used by all of the companies listed, you may still receive some advertising cookies and some tailored advertisements from other companies.

You can also manage this type of cookie in the privacy settings on the web browser you are using. Please see above for more information.

**Your Consent**

By continuing to use the Website or the Services, you are agreeing to our placing cookies on your computer or other device in order to analyze the way you use the Website and in order for us to provide the Services. Please read this cookie policy carefully for more details about the information we collect when you use this Website and the Services.

If you do not wish to accept cookies in connection with your use of this Website or Services, you must stop using our Website and Services.

**Information About Cookies**

- **All About Cookies**: Useful information about cookies can be found at: http://www.allaboutcookies.org
- **Internet Advertising Bureau**: A guide to behavioral advertising and online privacy has been produced by the Internet advertising industry, which can be found at: http://www.youronlinesites.com

**Our use of Web Beacons**

We may also use electronic images known as web beacons on our Services - sometimes called “clear GIFs,” “single-pixel GIFs,” or “web bugs.” Web beacons are used to deliver cookies on our Services, count clicks/users/visitors, and deliver co-branded content or services. We may include web beacons in our promotional email messages or newsletters to determine whether messages have been opened and acted upon. The Services may also contain web beacons from third parties to help us compile aggregated statistics regarding the effectiveness of our promotional campaigns or other website operations. These web beacons may allow the third parties to set or read cookies on your device.

**Other Similar Technologies**

In addition to the aforementioned cookies and web beacons, our Website also uses other technologies to store and retrieve data from your device. This may be done to maintain your preferences or to improve speed and performance by storing certain files locally.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Eccentex ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations is enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the
clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) Contractor Indemnities. All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) Renewals. All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) Future Fees or Penalties. All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) Taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) Third Party Terms. When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) Dispute Resolution and Standing. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) Advertisements and Endorsements. Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) Alternate Dispute Resolution. The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) Ownership of Derivative Works. Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

ECCENTEX LICENSE, WARRANTY AND SUPPORT TERMS
This Agreement describes the terms and conditions that will apply to (i) subscription of Eccentex’s proprietary platform, applications templates, or software products that Ordering Activity purchases from time to time as set forth in an applicable order (the “Subscription Schedule”), (ii) maintenance and support services relating to such products as described in Schedule B (referred to herein collectively as the “Services”).

1. Privacy & Security. For informational purposes only, Eccentex’s privacy and security policies may be viewed at http://www.eccentex.com. Eccentex reserves the right to modify its privacy and security policies in its reasonable discretion from time to time. Eccentex occasionally may need to notify all licensees of its products and services of important announcements regarding the operation of the products and services.

2. License Grant & Restrictions
   a. Eccentex hereby grants Ordering Activity a non-exclusive, non-transferable (except as permitted under Section 23), worldwide right for the number of Users paid for by Ordering Activity to use Eccentex’s proprietary platform, applications templates, or software identified on the applicable Subscription Schedule (the “Licensed IP”), solely for Ordering Activity’s own internal business purposes set forth on the applicable Subscription Schedule, and subject to the terms and conditions of this Agreement, including those provided in the applicable Subscription Schedule. As used herein, “User” means a designated employee or contractor of Ordering Activity who is authorized by Ordering Activity to use the Licensed IP. Access to the Licensed IP will be via a web portal or platform provided by Eccentex and provided under a license as a Service (the “Software Service”).
   b. The license granted herein does not include the right to sublicense without the prior written consent of Eccentex, except Ordering Activity may sublicense to an Affiliate of Ordering Activity and to one or more independent contractors retained by Ordering Activity, but solely for the benefit of Ordering Activity.
   c. The license granted above is based on a per User, per case, and per environment subscription basis. Therefore, if Ordering Activity desires for additional employees or contractors beyond the number of authorized Users, cases, and/or environments stated in the Subscription Schedule, Ordering Activity must purchase additional subscriptions for such individuals, cases, and environments.
   d. Ordering Activity acknowledges that the Licensed IP contains valuable trade secrets of Eccentex and its suppliers. Accordingly, except as expressly permitted under this Agreement, Ordering Activity shall not: (i) license, sublicense, sell, resell, transfer, assign, distribute, timeshare, outsource, lease, rent, or otherwise commercially exploit or make available to any third party the Licensed IP or any data, information, graphics, materials, or other content provided to Ordering Activity through the use of the Licensed IP (the “Content”) in any way; (ii) modify or make derivative works based upon the Licensed IP or the Content or merge the Licensed IP or the Content with other software or data; (iii) create Internet “links” to the Licensed IP or “frame” or “mirror” any Content on any other server or wireless or Internet-based device; or (iv) reverse engineer, decompile, or access the Licensed IP or any Content in order to (a) build a competitive product or service, (b) build a product using similar ideas, features, functions or graphics of the Licensed IP, or (c) copy any ideas, features, functions or graphics of the Licensed IP.
   e. User’s Content can only be shared or used by more than one individual User but may be reassigned from time to time to new Users who are replacing former Users who have terminated employment or otherwise changed job status or function and no longer use the Licensed IP. Ordering Activity will ensure that each username and password issued to a User will be used only by that individual. Ordering Activity is responsible for maintaining the confidentiality of all Users’ usernames and passwords and is solely responsible for all activities that occur under these usernames.
   f. Ordering Activity may use the Licensed IP only for Ordering Activity’s internal business purposes and shall not: (i) send spam or otherwise duplicative or unsolicited messages in violation of applicable laws; (ii) use, send, or store infringing, obscene, threatening, libelous, or otherwise unlawful or tortuous material, including material harmful to children or violate third party privacy rights; (iii) send or store material containing software viruses, worms, Trojan horses or other harmful computer code, files, scripts, agents or programs; (iv) interfere with or disrupt the integrity or performance of the Licensed IP or the data contained therein; (v) attempt to gain unauthorized access to the Licensed IP or its related systems or networks; or (vi) otherwise use the Licensed IP to carry out any infringing or unlawful activities.

3. Maintenance and Support. Eccentex will provide the maintenance and support services for the Licensed IP to Ordering Activity as set forth in Schedule B.

4. Ordering Activity Responsibilities
   a. Ordering Activity is responsible for all activities occurring under Ordering Activity’s User accounts and shall abide by all applicable local, state, national and foreign laws, treaties and regulations in connection with Ordering Activity’s use of the Licensed IP, including those related to data privacy, international communications and the transmission of technical or personal data. Ordering Activity shall: (i) notify Eccentex immediately of any unauthorized use of any password or account or any other known or suspected breach of security; (ii) report to Eccentex immediately and use reasonable efforts to stop immediately any copying or distribution of Content that is known or suspected by Ordering Activity or Ordering Activity’s Users; and (iii) not impersonate another Eccentex user or provide false identity information to gain access to or use the Licensed IP.
   b. To the extent Ordering Activity is licensed to use Eccentex’s proprietary platform and/or applications templates to develop or configure a customized application (“Ordering Activity Application”), Ordering Activity acknowledges that it shall be responsible for the accuracy, quality, integrity and legility of the Ordering Activity Application, content and data and for the quality and configuration of the Ordering Activity Application and the performance of the Ordering Activity Application.

5. Account Information and Data
   a. Eccentex does not own any data, information or material that Ordering Activity submits to Eccentex in the course of using the Software Service (“Ordering Activity Data”). Eccentex will not modify the Ordering Activity Data or disclose the Ordering Activity Data; provided however, Eccentex may retain, use, and disclose to any third parties Ordering Activity Data if Ordering Activity Data is aggregated with similar data collected from other Ordering Activitys and does not disclose Ordering Activity as the source of the Ordering Activity Data.
   b. Ordering Activity, not Eccentex, shall have sole responsibility for the accuracy, quality, integrity, legality, reliability, appropriateness, and intellectual property ownership or right to use of all Ordering Activity Data, and Eccentex shall not be responsible or liable for the deletion, correction, destruction, damage, loss or failure to store any Ordering Activity Data.
   c. During the term of this Agreement and upon termination, Eccentex will make available to Ordering Activity a file of the Ordering Activity Data within 30 days of Ordering Activity’s written request. Ordering Activity agrees and acknowledges that Eccentex has no obligation to retain the Ordering Activity Data, and may delete such Ordering Activity Data, if this Agreement is terminated, unless Ordering Activity requests to receive a copy of the Ordering Activity Data at the time of termination and pays for all outstanding fees owed to Eccentex.
   d. Upon request and issuance of an order, Eccentex will work with Ordering Activity to design custom reports designed to give access to all Ordering Activity Data. The design and estimated cost of the custom reports will be covered in a time and materials professional services statement of work.

6. Intellectual Property Ownership. Eccentex alone (and its licensors, where applicable) shall own all right, title and interest, including all related patent rights, copyright rights, trademark rights, trade secret rights, moral rights, and any other intellectual property or proprietary rights of any kind or nature (collectively, “Intellectual Property Rights”), in and to all Licensed IP and any other software, applications templates, websites, systems, and related technology used to provide the Software Services (the “Eccentex Technology”), the Content, and any suggestions, ideas, enhancement requests, feedback, recommendations or other information provided by Ordering Activity or any other party to Eccentex relating to the Licensed IP or the Software Services (“Suggestions”), and Ordering Activity hereby assigns all right, title and interest in and to all Suggestions, and all Intellectual Property Rights therein, to Eccentex, not a sale. Furthermore, Ordering Activity is not waiving any rights to the use of the Eccentex Technology or the Intellectual Property Rights therein owned by Eccentex. There are no implied licenses granted under this Agreement. The Eccentex name, the Eccentex logo, and the product names associated with the Licensed IP and Software Services are trademarks of Eccentex or third
parties, and no right or license is granted to use them. For the avoidance of doubt, and subject to the ownership rights of Eccentex in its Licensed IP, including proprietary platform applications templates, software, and any other Eccentex Technology, any Ordering Activity Application shall be owned by Ordering Activity.

7. **Reserved.**

8. **Reserved.**

9. **Excess Data Storage Fees.** The maximum disk storage space provided to Ordering Activity at no additional charge is 1 (One) GB per User and disk storage space between Users may be shared to the extent that total storage space required for Ordering Activity does not exceed maximum space for all Users combined. Eccentex will use reasonable efforts to notify Ordering Activity when the average storage used per license reaches approximately 90% of the maximum.

10. **Reserved.**

11. **Reserved.**

12. **Reserved.**

13. **Reserved.**

14. **Representations & Warranties.** Each party represents and warrants that it has the legal power and authority to enter into this Agreement. Eccentex represents and warrants that: (a) it has the right to grant to Customer the rights to the Licensed IP granted herein; (b) it will provide the Services in a manner consistent with general industry standards reasonably applicable to the provision thereof; and (c) the Software Services will perform substantially in accordance with the online Eccentex help documentation under normal use and circumstances. As Customer’s exclusive remedy, and Eccentex’s sole and exclusive liability for any breach of the foregoing representations and warranties by Eccentex, Eccentex will promptly repair or replace the non-conforming Licensed IP or Services at no additional charge.

15. **Reserved.**

16. **Disclaimer of Warranties.** EXCEPT AS PROVIDED IN SECTION 14, ECCENTEX AND ITS LICENSORS MAKE NO REPRESENTATION, WARRANTY, OR GUARANTY AS TO THE RELIABILITY, TIMELINESS, QUALITY, SUITABILITY, TRUTH, AVAILABILITY, ACCURACY OR COMPLETENESS OF THE LICENSED IP, THE SERVICES INCLUDING THE SOFTWARE SERVICES, OR ANY CONTENT PROVIDED HEREUNDER. EXCEPT AS PROVIDED IN SECTION 14, ECCENTEX AND ITS LICENSORS DO NOT REPRESENT OR WARRANT THAT (A) THE USE OF THE LICENSED IP OR THE SERVICES INCLUDING THE SOFTWARE SERVICES WILL BE SECURE, TIMELY, UNINTERRUPTED OR ERROR-FREE OR OPERATE IN COMBINATION WITH ANY OTHER HARDWARE, SOFTWARE, SYSTEM OR DATA, (B) THE LICENSED IP OR THE SERVICES, INCLUDING THE SOFTWARE SERVICES WILL MEET ORDERING ACTIVITY’S REQUIREMENTS OR EXPECTATIONS, (C) ANY STORED DATA WILL BE ACCURATE OR RELIABLE, (D) ALL ERRORS OR DEFECTS WILL BE CORRECTED, OR (F) THE LICENSED IP, THE SOFTWARE SERVICES OR THE SERVER(S) THAT MAKE THE SOFTWARE SERVICES AVAILABLE ARE FREE OF VIRUSES OR OTHER HARMFUL COMPONENTS. EXCEPT AS PROVIDED IN SECTION 14, THE LICENSED IP, THE SERVICES (INCLUDING THE SOFTWARE SERVICES) AND ALL CONTENT ARE PROVIDED TO ORDERING ACTIVITY STRICTLY ON AN “AS IS” BASIS. EXCEPT AS PROVIDED IN SECTION 14, ALL CONDITIONS, REPRESENTATIONS AND WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF TITLE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT OF THIRD PARTY RIGHTS, AND IMPLIED INDEMNIFICATION ARE HEREBY DISCLAIMED TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW BY ECCENTEX AND ITS LICENSORS.

17. **Internet Delays.** THE SOFTWARE SERVICES MAY BE SUBJECT TO LIMITATIONS, DELAYS, AND OTHER PROBLEMS INHERENT IN THE USE OF THE INTERNET AND ELECTRONIC COMMUNICATIONS. ECCENTEX IS NOT RESPONSIBLE FOR ANY DELAYS, DELIVERY FAILURES, OR OTHER DAMAGE RESULTING FROM SUCH PROBLEMS.

18. **Reserved.**

19. **Reserved.**

20. **Reserved.**

21. **Reserved.**

22. **Government Use.** The Licensed IP is a "commercial item," as that term is defined at 48 C.F.R. 2.101 (Oct 1995), consisting of "commercial computer software" and "commercial computer software documentation," as such terms are used in 48 C.F.R. 12.212 (Sep 1995) and is provided to the U.S. Government only as a commercial end item. Any technical data provided with such Licensed IP is commercial technical data as defined in 48 C.F.R. 12.211 (Sep 1995). Consistent with 48 C.F.R. 12.211 through 12.212, 48 C.F.R. 227.7202-1 through 227.7202-4 (Jun 1995), and 48 C.F.R. 252.227-7015 (Nov 1995), all U.S. Government End Users acquire the Licensed IP with only those rights set forth herein. Reserved.
Ordering Activity desires to receive a subscription to certain proprietary platform known as AppBase or application developed by or for Eccentex using such platform. All capitalized terms used herein that are not defined herein have the meanings given to them in the Agreement.

2. Usage Rights: Ordering Activity may use the Licensed IP only on the following terms:

a. License to Platform and/or Applications Templates:
   
   **PaaS Service.** If Ordering Activity desires to access the Platform and/or Applications Templates through the Software Services, subject to the terms and conditions of the Agreement, Eccentex hereby grants Ordering Activity during the Term (defined below), a non-transferable (except as permitted under the Agreement), limited, non-exclusive, license for the number of Users stated above to (i) access and use the Platform and/or Applications Templates solely for purposes of configuring and customizing a Ordering Activity Application (described below) based on the Platform and/or Applications Templates according to the user guide provided by Eccentex, and (ii) access and use the Ordering Activity Application for internal business purposes only. Ordering Activity authorizes Eccentex (directly or through a contractor) to host, copy, transmit, display and otherwise use the Ordering Activity Application solely as necessary for Eccentex to provide the Software Services in accordance with the Agreement.

b. License to Application:
   
   License to Application: If Ordering Activity desires to access an Application through the Software Services, subject to the terms and conditions of the Agreement, Eccentex hereby grants Ordering Activity during the Term a non-transferable (except as permitted under the Agreement), limited, non-exclusive, license for the number of Users stated above to access the Application and use the Application for internal business purposes only.

3. Service Level Agreement: Eccentex will host the Licensed IP and use commercially reasonable efforts to provide the Software Services in accordance with the Service Level Agreement provided on Attachment 1.

### Schedule 1

**Service Level Agreement**

1. **Definitions.** As used in this Service Level Agreement, the following capitalized terms shall have the meanings ascribed thereto:
   
i. “Eligible Credit Period” is a single calendar month, and refers to the monthly billing cycle in which the most recent Unavailable event for a particular Subscription included in the SLA claim occurred.

   ii. “Monthly Uptime Percentage” is calculated by dividing each hour into five minute periods, and then determining during which, if any, of those five minute periods, the Subscription was Unavailable, subtracting that number from the total number of such minute periods in the Subscription Month during which the Subscription was scheduled to be available (the “Scheduled Availability Number”) and dividing that number by the Scheduled Availability Number. If Ordering Activity has been using the Subscription for less than a full calendar month, the Subscription Month is still the preceding calendar month but any days in such month that are prior to the commencement of use of the Subscription will be deemed to have had 100% availability. Monthly Uptime Percentage measurements exclude downtime resulting from a Subscription Suspension.

   iii. “SLA” means a Monthly Uptime Percentage of at least 99% during each Subscription Month.

   iv. “Subscription” means the provision of the Instance to Ordering Activity on the terms described in the applicable order.

   v. “Subscription Month” means each applicable calendar month in which the Subscription is contracted to be provided.

   vi. “Subscription Suspension” means the unavailability of a Subscription: (a) during weekends or on weekdays between 11:00 p.m. and 5:00 a.m. EST with at least 3 days’ notice (provided via email or on Eccentex’ web site) for scheduled downtime to permit Eccentex to conduct maintenance or make modifications to the Subscription; (c) at any time in the event of a denial of service attack or other event that Eccentex reasonably determines may create a risk to the applicable Subscription; or (d) at any time in the event that Eccentex reasonably determines that suspension is necessary for legal or regulatory reasons.

   vii. “Unavailable” or “Unavailability” means that all of the running Instances are unresponsive during a five minute period and Ordering Activity is unable to launch replacement Instances.

2. **Software Service Levels.** Eccentex will use commercially reasonable efforts to make each Subscription available within the SLA. If the Monthly Uptime Percentage is less than 90% in more than three (3) months during any twelve (12) months period, Ordering Activity may terminate this Agreement for material breach.

3. **Suspension of Subscription**

   a. Ordering Activity acknowledges that Ordering Activity’s access to and use of a Subscription may be suspended for the duration of any unanticipated or unscheduled downtime for any reason, including as a result of power outages, system failures or other interruptions outside of Eccentex’s reasonable control.

   b. Eccentex will have no liability for any damage, liabilities, or other losses that Ordering Activity may incur as a result of any Subscription Suspension. Eccentex will use reasonable efforts to provide Ordering Activity email notice of any Subscription Suspension and updates regarding resumption of the Subscription following any such suspension.

4. **Security**

   a. Eccentex agrees that it will use commercially reasonable efforts to adhere to the security protocols described on Attachment 2.

   b. Other than the Eccentex security protocols described on Attachment 2, Ordering Activity acknowledges that it is responsible for security, protection and backup of its content, data and Ordering Activity Applications. Eccentex strongly encourages Ordering Activity, where available and appropriate, to (a) use encryption technology to protect Ordering Activity’s content and data from unauthorized access, and (b) routinely archive Ordering Activity’s content and data. Ordering Activity is fully responsible for all Ordering Activity Applications running on, and traffic originating from, each Instance. Ordering Activity should protect its authentication keys and security credentials. Actions taken using Ordering Activity’s credentials will be deemed to be actions taken by Ordering Activity and will be the responsibility of Ordering Activity.

### Security Protocols

a. **Access Control:** Implement access control measures restricting access to applications, data, and software to only those entities that have a

requirements of the security policies required by the Ordering Activity (HIPAA, SOX, and/or others as required). Access to the controlled systems shall be locked down by subnet, port, protocol, server, role, and user to allow only the access required for the business function.

b. Audit Controls: Implement audit control mechanisms to record, monitor, and examine system activity, including data access activities. Maintain full logs of monitored activities for at least three years trailing.

c. Authorization Control: Implement a mechanism for controlling the authorization of individuals, organizations, and roles to access applications, data, and software. Integrate with Ordering Activity’s existing identity management solution where one exists to enable single sign-on and centralized identity management. Ensure supervision of personnel performing technical systems maintenance activities by authorized, knowledgeable persons. Ensure that system users, including technical maintenance personnel are trained in system security.

d. Data Authentication: Create audit trail providing corroboration that data has not been altered or destroyed in an unauthorized manner.

e. Entity Authentication: Implement entity authentication technologies, including automatic logout and unique user identification through a password or equivalent system. Passwords or other user tokens shall be required to follow robust, documented policy requirements including:
   a. Periodic reset/renewal every six months or less (Password ageing)
   b. Complexity and length requirements in the case of passwords
      i. No dictionary words
      ii. No dates
      iii. Mixed character types (at least three of lowercase, uppercase, numerals, and punctuation)
   c. Lockouts after five unsuccessful authentication attempts

f. Encryption at Rest: Sensitive data shall be encrypted whenever stored in the database or in persisted memory using the highest possible encryption in compliance by the specific country.

g. Encryption in Flight: Communications over a network containing sensitive data shall be encrypted through SSL

h. Business Continuity: Implement and document business continuity and disaster recovery procedures, including but not limited to incremental data backups taken daily and stored for three weeks trailing, and full data backups taken weekly and stored for three years trailing.

i. Audits and Policy Compliance: Documentation and implementation of security policy shall be prepared and supplied to the Ordering Activity on demand for ALL of the following policy components:
   a. A data backup plan
   b. A disaster recovery plan
   c. An emergency mode operation plan
   d. Testing and revision procedures
   e. Access authorization policies and procedures
   f. Security testing
   g. Virus checking
   h. Security incident response procedures
   i. Personnel clearance procedures

j. Assigned Security Responsibility: Assign and document the assignment of security responsibility to a specific individual or role within the Software Service provider organization. This responsibility would include the management and supervision of the use of security measures and the conduct of personnel.

k. Physical Security: Implement and document physical access controls (limited access) governing the Software Service provider's location(s) that are used to access Ordering Activity's applications, data, and software.

Schedule B

Maintenance and Support Terms

1. General. Eccentex includes support and maintenance services with the Software Services. Support and maintenance services are as described below.

2. Maintenance and Support Services. Maintenance and Support Services include:
   (i) Maintenance Releases and Upgrades: During the term, Eccentex agrees to deliver to Ordering Activity without charge any upgrades containing error corrections or enhancements to the Licensed IP (“Upgrades”).
   (ii) Standard Telephone Support: Subject to Section 3 below, Eccentex will implement commercially reasonable efforts to provide Ordering Activity live telephone and email support during normal business hours of Eccentex (Monday – Friday, 8:00 a.m. to 6:00 p.m. Pacific Standard Time, excluding Eccentex holidays, or at such other hours as the parties may mutually agree to, for (a) configuration issues, (b) questions regarding the usability and specific functions of the Licensed IP, (c) problem diagnosis, and (d) provision of workarounds where feasible.
   (iii) Critical Telephone Support: Subject to Section 3 below, Eccentex will implement commercially reasonable efforts to provide Ordering Activity live telephone support 24 hours per day, 7 days a week for problems where there is a complete loss of Licensed IP or a mission-critical system is down or sufficiently impaired and usability is severely affected.
   (iv) Support Liaisons: Eccentex will coordinate with up to four Ordering Activity employees designated as support liaisons to manage support calls to Eccentex.

3. Technical Support. Eccentex offers the Ordering Activity a single point of contact for all product support questions. Ordering Activity will call the technical support number and the call coordinator will work to address Ordering Activity issues, with response and escalation based on the severity of the problem.

Eccentex shall use commercially reasonable efforts to respond to problems in accordance with the “Priority Codes” set forth below. The Priority Codes below depict the priority level to be assigned by Eccentex to each issue or problem phoned in by Ordering Activity.

“A Priority” - Licensed IP is completely inoperable. Resources assigned within two (2) hours after notice.

“B Priority” - Licensed IP is inoperable but not as critical as an “A Priority”. Resources assigned within four (4) hours after notice during standard support hours.

“C Priority” - Ordering Activity has a problem with a module of the Licensed IP but there is a known workaround which does not seriously impair the operation of the Licensed IP. Resources assigned within eight (8) hours after notice during standard support hours.

“D Priority” - Minor problems which Eccentex plans, or will plan to incorporate into a future release of the Licensed IP, to be resolved in connection with the general commercial availability of such future release.

4. Data Backup. Eccentex provides ongoing data backup of configuration data as well as general user-generated data. Eccentex will keep a rolling backup of a full data snapshot per day for a timeframe minimum of 2 days.

5. Conditions. Maintenance and support apply to the standard Licensed IP made generally available by Eccentex to Ordering Activity, and not to modifications delivered as part of any professional services. Eccentex reserves the right to address defects in the next release of the Licensed.
Eccentex will not be responsible to provide service or support when the problem is the result of faulty hardware or software that (i) Eccentex did not provide or (ii) Eccentex has not contracted with Ordering Activity to support under this Agreement. Maintenance services are not on-site services.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Elasticesearch Federal, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

   j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS
This SHIELD SOFTWARE LICENSE AGREEMENT (this “Agreement”) is entered into by and between Elasticsearch Federal, Inc. ("Elasticsearch") and the Federal Ordering Activity ("You") that has downloaded Elasticsearch’s Shield software to which a Federal Ordering Activity has issued an applicable ordering document to acquire the Shield Software subject to this Agreement. This Agreement is effective as of the earlier of the date You downloaded the Shield Software or the date an applicable ordering document ("Order Form") is entered into by Elasticsearch and You (the “Effective Date”).

1. SOFTWARE LICENSE AND RESTRICTIONS

1.1 LICENSE GRANTS.

(a) 30 Day Free Trial License. Subject to the terms and conditions of this Agreement, Elasticsearch agrees to grant, and does hereby grant to You for a period of thirty (30) days from the Effective Date (the “Trial Term”), solely for Your internal business operations, a limited, non-exclusive, non-transferable, fully up, right and license (without the right to grant or authorize sublicenses) to: (i) install and use the code object version of the Shield Software; (ii) use, and distribute internally a reasonable number of copies of the Documentation, if any, provided with the Shield Software ("Documentation"), provided that You must include on such copies all Elasticsearch trademarks, trade names, logos and notices present on the Documentation as originally provided to You by Elasticsearch; and (iii) permit third party contractors performing services on Your behalf to use the Shield Software and Documentation as set forth in (i) and (ii) above, provided that such use must be solely for Your benefit, and You shall be responsible for all acts and omissions of such contractors in connection with their use of the Shield Software. This U.S. Government Rights clause, consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202 is in lieu of, and supersedes, an otherwise provided with the applicable Software or Documentation. A hard copy of the Open Source licenses is provided to U.S. Government Licensees and End-Users.

(b) Fee-Bearing Production License. Subject to the terms and conditions of this Agreement and complete payment of any and all applicable fees, Elasticsearch agrees to grant, and does hereby grant to You during the term and for the restricted scope of this Agreement, solely for Your internal business operations, a limited, non-exclusive, non-transferable right and license (without the right to grant or authorize sublicenses) to: (i) install and use the code object version of the Shield Software in connection with the number of nodes for which You have purchased support services from Elasticsearch; (ii) use, and distribute internally a reasonable number of copies of the Documentation, if any, provided with the Shield Software, provided that You must include on such copies all Elasticsearch trademarks, trade names, logos and notices present on the Documentation as originally provided to You by Elasticsearch; (iii) permit third party contractors performing services on Your behalf to use the Shield Software and Documentation as set forth in (i) and (ii) above, provided that such use must be solely for Your benefit, and You shall be responsible for all acts and omissions of such contractors in connection with their use of the Shield Software.

1.2 Reservation of Rights; Restrictions. The Shield Software is a Commercial Item as that term is defined in the Federal Acquisition Regulation (“FAR”), Subpart 2.101 (48 C.F.R. 2.101), and specifically is commercial computer software and commercial computer software documentation. As between Elasticsearch and You, Elasticsearch owns all right title and interest in and to the Shield Software and any derivative works thereof, and except as expressly set forth in Section 1.1 above, no other license to the Shield Software is granted to You by implication, estoppel or otherwise. You agree not to: (i) prepare derivative works from, modify, copy or use the Shield Software in any manner except as expressly permitted in this Agreement or applicable law; (ii) transfer, sell, rent, lease, distribute, sublicense, loan or otherwise transfer the Shield Software in whole or in part to any third party; (iii) use the Shield Software for providing time-sharing services, any software-as-a-service offering (“SaaS”), service bureau services or as part of an application services provider or other service offering; (iv) alter or remove any proprietary notices in the Shield Software; or (v) make available to any third party any analysis of the results of operation of the Shield Software, including benchmarking results, without the prior written consent of Elasticsearch.

1.3 Open Source. The Shield Software may contain or be provided with open source libraries, components, utilities and other open source software (collectively, “Open Source”), which Open Source may have applicable license terms as identified on a website designated by Elasticsearch or otherwise provided with the applicable Software or Documentation. A hard copy of the Open Source licenses is provided to U.S. Government Licensees and End-Users. Reserved.

2. RESERVED.

3. DISCLAIMER OF WARRANTIES

TO THE MAXIMUM EXTENT PERMITTED UNDER APPLICABLE LAW, THE SHIELD SOFTWARE IS PROVIDED “AS IS” WITHOUT WARRANTY OF ANY KIND, AND ELASTICSEARCH AND ITS LICENSORS MAKE NO WARRANTIES WHETHER EXPRESSED, IMPLIED OR STATUTORY REGARDING OR RELATING TO THE SHIELD SOFTWARE OR DOCUMENTATION. TO THE MAXIMUM EXTENT PERMITTED UNDER APPLICABLE LAW, ELASTICSEARCH AND ITS LICENSORS SPECIFICALLY DISCLAIM ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT WITH RESPECT TO THE SHIELD SOFTWARE AND DOCUMENTATION, AND WITH RESPECT TO THE USE OF THE FOREGOING. FURTHER, ELASTICSEARCH DOES NOT WARRANT RESULTS OF USE OR THAT THE SHIELD SOFTWARE WILL BE ERROR FREE OR THAT THE USE OF THE SHIELD SOFTWARE WILL BE UNINTERRUPTED.

4. RESERVED.

5. GOVERNMENT RIGHTS.

5.1 The Shield Software product is “Commercial Computer Software,” as that term is defined in 48 C.F.R. 2.101, and as the term is used in 48 C.F.R. Part 12, and is a Commercial Item comprised of “commercial computer software” and “commercial computer software documentation”. If acquired by or on behalf of a civilian agency, the U.S. Government acquires this commercial computer software and/or commercial computer software documentation subject to the terms of this Agreement, as specified in 48 C.F.R. 12.212 (Computer Software) and 12.211 (Technical Data) of the Federal Acquisition Regulation (“FAR”) and its successors. If acquired by or on behalf of any agency within the Department of Defense (“DOD”), the U.S. Government acquires this commercial computer software and/or commercial computer software documentation subject to the terms of this Agreement as specified in 48 C.F.R. 227.702-3 and 48 C.F.R. 227.702-4 of the DOD FAR Supplement (“DFARS”) and its successors, and consistent with 48 C.F.R. 227.7202. This U.S. Government Rights clause, consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202 is in lieu of, and supersedes, any other FAR, DFARS, or other clause or provision that addresses Government rights in the Shield Software, associated commercial computer software documentation and commercial technical data, in any contract or Subcontract under which this commercial computer software and commercial computer software documentation is acquired or licensed.

6. EXPORT CONTROL.
You acknowledge that the goods, software and technology acquired from Elasticsearch are subject to U.S. export control laws and regulations, including but not limited to the International Traffic In Arms Regulations ("ITAR") (22 C.F.R. Parts 120-130 (2010)); the Export Administration Regulations ("EAR") (15 C.F.R. Parts 730-774 (2010)); the U.S. antiboycott regulations in the EAR and U.S. Department of the Treasury regulations; the economic sanctions regulations and guidelines of the U.S. Department of the Treasury, Office of Foreign Assets Control, and the USA Patriot Act (Title III of Pub. L. 107-56, signed into law October 26, 2001), as amended. You are now and will remain in the future committed to, with regard to each such export control, to comply with, the ITAR, EAR, antiboycott regulations and will not export, re-export, otherwise transfer any Elasticsearch goods, software or technology or disclose any Elasticsearch software or technology to any person contrary to such laws or regulations. You acknowledge that remote access to the Shield Software may in certain circumstances be considered a re-export of Shield Software, and accordingly, may not be granted in contravention of U.S. export control laws and regulations.

MARVEL SOFTWARE LICENSE AGREEMENT

This MARVEL SOFTWARE LICENSE AGREEMENT (this "Agreement") is entered into by and between Elasticsearch Federal, Inc. ("Elasticsearch") and the Federal Ordering Activity ("You") that has downloaded Elasticsearch's Marvel software to which this Agreement is attached ("Marvel Software"), or in the case of a Federal Ordering Activity, has issued a Purchase Order or similar contractual document to acquire the Marvel Software subject to this Agreement. This Agreement is effective as of the date an applicable ordering document ("Order Form") is entered into by Elasticsearch and You, or, if no Order Form applies, the date you download the Marvel Software (the "Effective Date").

1. SOFTWARE LICENSE AND RESTRICTIONS

1.1 License Grants. Subject to the terms and conditions of this Agreement and complete payment of any and all applicable fees (provided that no fee shall be required for use of the Marvel Software for other than production purposes), Elasticsearch agrees to grant, and does hereby grant to You during the term and for the restricted scope of this Agreement, solely for Your internal business operations, a limited, non-exclusive, non-transferable right and license (without the right to grant or authorize sublicenses) to: (i) install and use the object code version of the Marvel Software in connection with the number of nodes for which You have purchased a license or support services, as applicable, from Elasticsearch; (ii) use, and distribute internally a reasonable number of copies of the documentation, if any, provided with the Marvel Software ("Documentation"), provided that You must include on such copies all Elasticsearch trademarks, trade names, logos and notices present on the Documentation as originally provided to You by Elasticsearch; (iii) permit third party contractors performing services on Your behalf to use the Marvel Software and Documentation as set forth in (i) and (ii) above, provided that such use must be solely for Your benefit, and You shall be responsible for all acts and omissions of such contractors in their connection with the use of the Marvel Software.

1.2 Reservation of Rights; Restrictions. Marvel Software is a Commercial Item as that term is defined in the Federal Acquisition Regulation ("FAR"), Subpart 2.101 (48 C.F.R. 2.101), and specifically is commercial computer software and commercial computer software documentation. As between Elasticsearch and You, Elasticsearch owns all right title and interest in and to the Marvel Software and any derivative works thereof, and except as expressly set forth in Section 1.1 above, no other license to the Marvel Software is granted to You by implication, estoppel or otherwise. You agree not to: (i) prepare derivative works from, modify, copy or use the Marvel Software in any manner except as expressly permitted in this Agreement or applicable law; (ii) transfer, sell, rent, lease, distribute, sublicense, loan or otherwise transfer the Marvel Software in whole or in part to any third party; (iii) use the Marvel Software for providing time-sharing services, any software-as-a-service offering ("SaaS"), service bureau services or as part of an application services provider or other service offering; (iv) alter or remove any proprietary notices in the Marvel Software; or (v) make available to any third party any analysis of the results of operation of the Marvel Software, including benchmarking results, without the prior written consent of Elasticsearch. The Marvel Software may contain or be provided with open source libraries, components, utilities and other open source software (collectively, "Open Source Software"), which Open Source Software may have applicable license terms. The full license terms and conditions of Open Source Software contained in or provided with the Marvel Software are set forth on a website designated by Elasticsearch or otherwise provided with the Marvel Software or Documentation. A hard copy of the Open Source Software licenses is provided to U.S. Federal Government Licensees and End-Users.

1.3 Cluster Metadata. You understand and agree that once deployed, and on a daily basis, the Marvel Software provides metadata to Elasticsearch about Your cluster statistics and associates that metadata with Your IP address. However, no other information is provided to Elasticsearch by the Marvel Software, including any information about the data You process or store in connection with your use of the Marvel Software. At no time does this feature provide access to the data You process or store, or to your network. Instructions for disabling this feature are contained in the Marvel Software, however leaving this feature active enables Elasticsearch to gather cluster statistics and provide an improved level of support to You.

2. RESERVED.

3. DISCLAIMER OF WARRANTIES

TO THE MAXIMUM EXTENT PERMITTED UNDER APPLICABLE LAW, THE MARVEL SOFTWARE IS PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND, AND ELASTICSEARCH AND ITS LICENSORS MAKE NO WARRANTIES WHETHER EXPRESSED, IMPLIED OR STATUTORY REGARDING OR RELATING TO THE MARVEL SOFTWARE OR DOCUMENTATION. TO THE MAXIMUM EXTENT PERMITTED UNDER APPLICABLE LAW, ELASTICSEARCH AND ITS LICENSORS SPECIFICALLY DISCLAIM ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT WITH RESPECT TO THE MARVEL SOFTWARE AND DOCUMENTATION, AND WITH RESPECT TO THE USE OF

2 THE FOREGOING. FURTHER, ELASTICSEARCH DOES NOT WARRANT RESULTS OF USE OR THAT THE MARVEL SOFTWARE WILL BE ERROR FREE OR THAT THE USE OF THE MARVEL SOFTWARE WILL BE UNINTERRUPTED.

4. RESERVED.

5. GOVERNMENT RIGHTS.

The Marvel Software product is "Commercial Computer Software," as that term is defined in 48 C.F.R. 2.101, and as the term is used in 48 C.F.R. Part 12, and is a Commercial Item comprised of "commercial computer software" and "commercial computer software documentation". If acquired by or on behalf of a civilian agency, the U.S. Government acquires this commercial computer software and/or commercial computer software documentation subject to the terms of this Agreement, as specified in 48 C.F.R. 12.212 (Computer Software) and 12.211 (Technical Data) of the Federal Acquisition Regulation ("FAR") and its successors. If acquired by or on behalf of any agency within the Department of Defense ("DOD"), the U.S. Government acquires this commercial computer software and/or commercial computer software documentation subject to the terms of the Elasticsearch Software License Agreement as specified in 48 C.F.R. 227.702-3 and 48 C.F.R. 227.702-4 of the DOD FAR Supplement ("DFARS") and its successors, and consistent with 48 C.F.R. 227.702. This U.S. Government Rights clause, consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.702 is in lieu of, and supersedes, any other FAR, DFARS, or other clause or provision that addresses Government rights in the Marvel Software, associated commercial computer software documentation and commercial technical data, subject to this
Agreement and in any Subcontract under which this commercial computer software and commercial computer software documentation is acquired or licensed.

6. **EXPORT CONTROL.**
You acknowledge that the goods, software and technology acquired from Elasticsearch are subject to U.S. export control laws and regulations, including but not limited to the International Traffic in Arms Regulations (“ITAR”) (22 C.F.R. Parts 120-130 (2010)); the Export Administration Regulations (“EAR”) (15 C.F.R. Parts 730-774 (2010)); the U.S. antiboycott regulations in the EAR and U.S. Department of the Treasury regulations; the economic sanctions regulations and guidelines of the U.S. Department of the Treasury, Office of Foreign Assets Control, and the USA Patriot Act (Title III of Pub. L. 107-56, signed into law October 26, 2001), as amended. You are now and will remain in the future compliant with all such export control laws and regulations, and will not export, re-export, otherwise transfer any Elasticsearch goods, software or technology or disclose any Elasticsearch software or technology to any person contrary to such laws or regulations. You acknowledge that remote access to the Marvel Software may in certain circumstances be considered a re-export of Marvel Software, and accordingly, may not be granted in contravention of U.S. export control laws and regulations.

7. **RESERVED.**
8. **RESERVED.**
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Elemental Technologies (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3301 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government, either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

   j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

   k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer agrees to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Dispute Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflicts.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

---

**ATTACHMENT A**

**CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**ELEMENTAL TECHNOLOGIES**

**ELEMENTAL TECHNOLOGIES LICENSE, WARRANTY AND SUPPORT TERMS**

**End User License Agreement**

1. **DEFINITIONS:**
1.1 "Product" means the Elemental software program, in object code only, provided to Ordering Activity under this Agreement; all related images, animations, video, audio, and other content incorporated in such software program; all accompanying manuals and other documentation (the "Documentation"); and all enhancements, upgrades, and extensions thereto that may be provided by Elemental to Ordering Activity from time to time.

1.2 "Licensed Configuration" means, to the extent applicable, the choice of features or any other hardware or software specifications, as selected or ordered by Ordering Activity in an Order Form, and upon which the licensing fee was based.

1.3 "License Key" means either (a) the software key code or (b) the physical USB key provided to you by Elemental (or its reseller) (a "USB License Key"), which enables the Product to operate on the Licensed Hardware for the specified Licensed Configuration, if applicable to the Product(s).

1.4 “Licensed Hardware” means the single unit of hardware (workstation, encoder, or otherwise) designated by Ordering Activity for use of the Product.

1.5 "Order Form" means a purchase order or other written or electronic document in which you specify the Licensed Hardware, specific modules and/or choice of features, and any other applicable hardware or software requirements and restrictions.

2. LICENSE AND RESTRICTIONS:

2.1 License. Subject to the terms and conditions of this Agreement, Elemental grants Ordering Activity a non-exclusive, non-transferable, limited license to use the Product, solely in machine-readable form, only on the Licensed Hardware, only for the Licensed Configuration, and only if all related license fees have been paid. Your use is further subject to any limitations set forth in the Order Form. You may use the Product for your own internal benefit and for providing goods or services to your customers; provided that such customers have no access to the Product.

2.2 General Restrictions. You may not copy the Product, in whole or in part, except that you may make and retain a reasonable number of copies solely for back-up purposes in order to re-install the Product. You also shall not use or allow the use of the Product for any of the following purposes: a) by persons not employed by or under an independent contractor relationship with you that will bind such persons to the terms of this Agreement; or b) as essential equipment in the operation of any nuclear facility, aircraft navigation, medical or communications systems or air traffic control machines, or any other use in which the failure of the Product could lead to death, personal injury or severe physical or environmental damage.

2.3 Intellectual Property. Ordering Activity acknowledge that the Product, and the underlying source code, algorithms, data structures, methods, processes, screen formats, report formats, ideas and concepts are valuable intellectual property owned by Elemental and its licensors, including all associated patent, copyright, trade secret, trademark, and other intellectual property rights. You agree not to, except as expressly authorized and only to the extent established by applicable statutory law, attempt to (or permit others to) decompile, disassemble or otherwise reverse engineer or attempt to reconstruct or discover any source code, underlying ideas, algorithms or file formats of the Product by any means. You will not develop methods to enable unauthorized parties to use the Product or any copy thereof, or to use the Product or any product containing any of the concepts and ideas contained in the Product. You will not modify the Product or incorporate any portion of the Product into any other software or create a derivative work of any portion of the Product. You will not remove any copyright or other proprietary notices from the Product or any copies thereof. Elemental reserves all rights not expressly granted hereunder. The license granted herein does not constitute a sale of the Product or any portion or copy of it.

2.4 Upgrades. This Agreement entitles you to receive any future maintenance releases, which includes any bug fixes but does not include any updates or upgrades, releases offered as a separate product or releases subject to a separate license agreement. You may use any previously-installed release of the Product at any time during the term of this Agreement for the remaining term. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT: (1) YOU HAVE NO LICENSE OR RIGHT TO USE ANY ADDITIONAL COPIES OR UPGRADES UNLESS YOU, AT THE TIME OF ACQUIRING SUCH COPY OR UPGRADE, ALREADY HOLD A VALID LICENSE TO THE ORIGINAL PRODUCT AND HAVE PAID THE APPLICABLE FEE FOR THE UPGRADE, IF ANY; (2) IF INSTALLED IN ELEMENTAL EQUIPMENT, USE OF UPGRADES IS LIMITED TO ELEMENTAL EQUIPMENT FOR WHICH YOU ARE THE ORIGINAL END USER PURCHASER OR LESSEE OR YOU OTHERWISE HOLD A VALID LICENSE TO USE THE PRODUCT WHICH IS BEING UPGRADED; AND (3) THE MAKING AND USE OF ADDITIONAL COPIES IS LIMITED TO NECESSARY BACKUP PURPOSES ONLY.

3. MAINTENANCE AND SUPPORT. Elemental shall have no obligation to provide maintenance and support for the Product under this Agreement. Any such maintenance and support shall be provided in accordance with a separate maintenance agreement between the parties.

6. NOTICE TO U.S. GOVERNMENT END USERS: The Product is a “Commercial Item,” as that term is defined at 48 C.F.R. §2.101, consisting of “Commercial Computer Software” and “Commercial Computer Software Documentation,” as such terms are used in 48 C.F.R. §12.212 or 48 C.F.R. §227.7202, as applicable. Consistent with 48 C.F.R. §12.212 or 48 C.F.R. §252.227-7014, as applicable, the Commercial Computer Software and Commercial Computer Software Documentation are being licensed to U.S. Government end users (a) only as Commercial Items and (b) with only those rights as are granted to all other end users pursuant to this Agreement. Should the foregoing clauses be amended after December, 2007, then their comparable replacements or revisions shall be incorporated herein and automatically apply.

7. LIMITED WARRANTY, WARRANTY DISCLAIMERS AND LIMITATION OF LIABILITY:

7.1 Limited Warranty. Elemental warrants that the media on which the Product is furnished will be free from defects in material and workmanship, and that the Product shall substantially conform to its Documentation, as it exists at the date of delivery, for a period of sixty (60) days from the date you receive the original License Key. Elemental’s entire liability and your exclusive remedy shall be, at Elemental’s option, either: (i) return of the license fee paid to Elemental for the Product, resulting in the termination of this Agreement, or (ii) repair or replacement of the Product or media that does not meet this limited warranty. This offer is void if the media defect results from negligence, accident, abuse, or misapplication.

7.2 Disclaimer. EXCEPT FOR THE LIMITED WARRANTIES SET FORTH IN SECTION 7.1, THE PRODUCT AND ANY SERVICES ARE PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND, BOTH EXPRESSED AND IMPLIED. ELEMENTAL, ITS SUPPLIERS AND LICENSORS DO NOT WARRANT THAT THE PRODUCT WILL MEET YOUR REQUIREMENTS OR THAT ITS OPERATION WILL BE UNINTERRUPTED OR ERROR FREE. ELEMENTAL, ITS SUPPLIERS AND LICENSORS DISCLAIMS ANY AND ALL WARRANTIES, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NON-INFRINGEMENT, SATISFACTORY QUALITY OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE TO THE EXTENT ALLOWED BY APPLICABLE LAW. TO THE EXTENT AN IMPLIED WARRANTY CANNOT BE EXCLUDED, SUCH WARRANTY IS LIMITED IN DURATION TO THE WARRANTY PERIOD. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW
LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION. This disclaimer and exclusion shall apply even if the express warranty set forth above fails of its essential purpose.

8. GOVERNMENT REGULATION: Ordering Activity agree that the Product and any related technical data will not be shipped, transferred, or exported into any country or used in any manner prohibited by the United States Export Administration Act or any other export law. Ordering Activity will comply with all laws, regulations, permits, orders and other restrictions to the extent that they are applicable to the import or export of the Product and related technical data.

9. HIGH RISK APPLICATIONS: THE PRODUCT IS NOT DESIGNED, MANUFACTURED, OR INTENDED FOR USE IN ENVIRONMENTS REQUIRING FAULT TOLERANCE OR FAIL-SAFE PERFORMANCE, SUCH AS IN THE OPERATION OF NUCLEAR FACILITIES, AIRCRAFT NAVIGATION OR COMMUNICATION SYSTEMS, AIR TRAFFIC CONTROL, DIRECT LIFE SUPPORT MACHINES, OR WEAPON SYSTEMS, IN WHICH THE FAILURE OF THE PRODUCT COULD LEAD DIRECTLY TO DEATH, PERSONAL INJURY, OR SEVERE PHYSICAL OR ENVIRONMENTAL DAMAGE (“HIGH RISK APPLICATIONS”). Elemental and its suppliers specifically disclaim any express or implied warranty of fitness for High Risk Applications.

MCLEAN, VA 22102

EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached EMC Corporation ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3701 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 2.121(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government, whether its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

(Software Use Rights, Basic/Enhanced/Premium Support Terms, Warranty/Limited Warranty/Maintenance Terms)
1. DEFINITIONS.
A. “DEFINITIONS.” means the then-current, generally available, written user manuals and online help and guides for Products provided by LICENSOR.
B. “PRODUCTS” mean “EQUIPMENT” (which is the hardware delivered by LICENSOR to Customer) and/or “SOFTWARE” (which is any programming code provided by LICENSOR to Customer as a standard product, also including microcode, firmware and operating system software).
C. “LICENSE” means the notice by which LICENSOR informs Customer of product-specific use rights and restrictions, warranty periods, warranty upgrades and maintenance (support) terms. Product Notices may be delivered in an LICENSOR quote, otherwise in writing and/or a posting on the applicable LICENSOR website, currently located at http://www.emc.com/products/warranty_maintenance/index.jsp
D. “SOFTWARE RELEASE” means any subsequent version of Software provided by LICENSOR after initial Delivery of Software, but does not mean a new Product.
E. “Eligible Ordering Activities” are those activities authorized under FAR 238-78 Scope of Contract (Eligible Ordering Activities) and GSA Order ADM 4800.2G, February 16, 2011, to use GSA Schedule 70. An Eligible Ordering Activity is a “Customer.” Eligible Ordering Activities that are Executive agencies (as defined in FAR Subpart 2.1), including non-appropriated fund activities as prescribed in 41 CFR 101-26.000, are referred to as “Executive Customers.” All other Eligible Ordering Activities are referred to as “Other Customers.”

2. LICENSE TERMS.
A. General License Grant. LICENSOR grants to Customer a nonexclusive and nontransferable (except as otherwise permitted herein) license (with no right to sublicense) to use (i) the Software for Customer’s internal business purposes; and (ii) the Documentation related to Software for the purpose of supporting Customer’s use of the Software. Licenses granted to Customer shall, unless otherwise indicated on the LICENSOR quote, be perpetual and commence on Delivery of the physical media or the date Customer is notified of electronic availability, as applicable.
B. Licensing Models. Software is licensed for use only in accordance with the commercial terms and restrictions of the Software’s relevant licensing model, which are stated in the Product Notice and/or LICENSOR quote. For example, the licensing model may provide that Software is licensed for use solely (i) for a certain number of licensing units; (ii) on or in connection with certain equipment, or a CPU, network or other hardware environment; and/or (iii) for a specified amount of storage capacity. Microcode, firmware or operating system software required to enable the Equipment with which it is shipped to perform its basic functions, is licensed for use solely on such Equipment.
C. License Restrictions. All Software licenses granted herein are for use of object code only. Customer is permitted to copy the Software as necessary to install and run it in accordance with the license, but otherwise for back-up purposes only. Customer may copy Documentation insofar as reasonably necessary in connection with Customer’s authorized internal use of the Software. Customer shall not, without LICENSOR’s prior written consent (i) use Software in a service bureau, application service provider or similar capacity; or (ii) disclose to any third party the results of any comparative or competitive analyses, benchmark testing or analyses of LICENSOR Products performed by or on behalf of Customer; (iii) make available Software in any form to any other person other than Customer’s employees or contractors; or (iv) transfer Software to an Affiliate or a third party.
D. Software Releases. Software Releases shall be subject to the license terms applicable to Software.
E. Audit Rights. LICENSOR shall have the right to audit Customer’s usage of Software to confirm compliance with the agreed terms. Such audit is subject to reasonable advance notice by LICENSOR and shall not unreasonably interfere with Customer’s business activities. Customer will provide LICENSOR with the support required to perform such audit and will, without prejudice to other rights of LICENSOR, address any non-compliant situations identified by LICENSOR pursuant to this Audit Right.
F. Disputes. For a EULA with an Executive Customer LICENSOR shall comply with FAR 52.212-4 (d) Disputes for requests for equitable adjustment, claims, appeals or actions arising under this EULA, including Executive Customer breaches of the terms governing use of the Software. EULA’s with Other Customers are not subject FAR 52.212-4 (d) Disputes.
G. Reserved Rights. All rights not expressly granted to Customer are reserved. In particular, no title to, or ownership of, the Software is transferred to Customer. Customer shall reproduce and include copyright and other proprietary notices on and in any copies of the Software. Unless expressly permitted by applicable mandatory law, Customer shall not modify, enhance, supplement, create derivative works from, reverse assemble, reverse engineer, decompile or otherwise reduce to human readable form the Software without the manufacturer’s prior written consent, nor shall Customer permit any third party to do the same.
H. Other License Terms. Some Products are provided with a “clickwrap” agreement included as part of the installation and/or download process, or a “shrinkwrap” agreement included in the packaging for the Product. (i) For Products for which the LICENSOR is the licensor, the terms of this EULA shall prevail over conflicting terms in a clickwrap or shrinkwrap agreement. (ii) With regard to Products for which the LICENSOR is not the licensor, the terms of such “shrinkwrap” agreement or “clickwrap” agreement shall prevail over any other terms or conditions on or in connection with the Software. Provided the customer’s Contracting Officer in written form as an attachment to individual quotations for review and approval. Subject to Contracting Officer approval, the clickwrap or shrinkwrap agreement shall prevail over conflicting terms in the EULA with regard to Products for which the LICENSOR is not the licensor.

3. PRODUCT WARRANTY.
A. Software Warranty. LICENSOR warrants that Software will substantially conform to the applicable Documentation for such Software and that any media will be free from manufacturing defects in materials and workmanship until the expiration of the warranty period. LICENSOR does not warrant that the operation of Software shall be uninterrupted or error free, that all defects can be corrected, or that Software meets Customer’s requirements, except if expressly warranted by LICENSOR in its quote. Support Services for Software are available for separate purchase and the Support Options are identified at the Product Notice.
B. Warranty Duration. Unless otherwise stated on the LICENSOR quote, the warranty period for Products shall be as set forth at the Product Notice. Equipment warranty commences upon Delivery. Software warranty commences upon Delivery of the media or the date Customer is notified of electronic availability, as applicable. Equipment upgrades are warranted from Delivery until the end of the warranty period for the Equipment into which such upgrades are installed.
C. Customer Remedies. LICENSOR’s entire liability and Customer’s exclusive remedies under the warranties described in this section shall be for LICENSOR, at its option, to remedy the non-compliance or to replace the affected Product. If LICENSOR is unable to effect such within a reasonable time, then LICENSOR shall refund the amount paid by Customer for the Product concerned as depreciated on a straight line basis over a five (5) year period, upon return of such Product to LICENSOR. All replaced Products or portions thereof shall be returned to and become the property of LICENSOR. If such replacement is not so returned, Customer shall pay LICENSOR’s then current spare parts price therefore. If the Customer is an Executive Customer, LICENSOR claims for non-returned Products are subject to paragraph 2.F. Disputes. LICENSOR shall have no liability hereunder after expiration of the applicable warranty period.
D. Warranty Exclusions. Warranty does not cover problems that arise from (i) accident or neglect by Customer or any third party; (ii) any third party items or services with which the Product is used or other causes beyond LICENSOR’s control; (iii) installation, operation or use not in accordance with LICENSOR’s instructions or the applicable Documentation; (iv) use in an environment, in a manner or for a purpose for which the Product was not designed;
(v) modification, alteration or repair by anyone other than LICENSOR or its authorized representatives; or (vi) in case of Equipment only, causes not attributable to normal wear and tear. LICENSOR has no obligation whatsoever for Software installed or used beyond the licensed use, for Equipment which was moved from the Installation Site without LICENSOR’s consent or whose original identification marks have been altered or removed. Removal or disablement of Equipment's remote support capabilities during the warranty period requires reasonable notice to LICENSOR. Such removal or disablement, or improper use or failure to use applicable Customer Support Tools shall be subject to a surcharge in accordance with LICENSOR’s then current standard rate.

E. No Further Warranties. Except for the warranty set forth in this EULA, LICENSOR (INCLUDING ITS SUPPLIERS) MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES, WRITTEN OR ORAL. INSOFAR AS PERMITTED UNDER APPLICABLE LAW, ALL OTHER WARRANTIES ARE SPECIFICALLY EXCLUDED, INCLUDING WARRANTIES ARISING BY STATUTE, COURSE OF DEALING OR USAGE OF TRADE.

4. INDEMNITY. LICENSOR shall (i) defend Customer against any third party claim that a Product or Service infringes a patent or copyright enforceable in a country that is a signatory to the Berne Convention; and (ii) pay the resulting costs and damages finally awarded against Customer by a court of competent jurisdiction or the amounts stated in a written settlement negotiated by LICENSOR. The foregoing obligations are subject to the following: Customer (a) notifies LICENSOR promptly in writing of such claim; (b)(i) if Customer is an entity for which the Department of Justice (DoJ) has the statutory right to exercise sole control over the defense, DoJ shall have that right, provided that DoJ shall consult appropriately with LICENSOR and/or EMC Corporation, and LICENSOR and/or EMC Corporation shall have the right to intervene through its own counsel and at its own expense; and (b)(2) for all other Customers, Customer grants LICENSOR sole control over the defense and settlement thereof; (c) reasonably cooperates in response to an LICENSOR request for assistance; and (d) is not in material breach of this EULA. Should any such Product or Service become, or in LICENSOR’s opinion be likely to become, the subject of a claim, LICENSOR may, at its option and expense, (1) procure for Customer the right to make continued use thereof; (2) replace or modify such so that it becomes non-infringing; (3) request return of the Product and, upon receipt thereof, refund the price paid by Customer, less straight-line depreciation based on a five (5) year useful life for Products; or (4) discontinue the Service and refund the portion of any prepaid Service fee that corresponds to the period of Service discontinuation. LICENSOR shall have no liability to the extent that the alleged infringement arises out of or relates to: (A) the use or combination of a Product or Service with third party products or services; (B) use for a purpose or in a manner for which the Product or Service was not designed; (C) any modification made by any person other than LICENSOR or its authorized representatives; (D) any modifications to a Product or Service made by LICENSOR pursuant to Customer’s specific instructions; (E) any technology owned or licensed by Customer from third parties; or (F) use of any older version of the Software when use of a newer Software Release made available to Customer would have avoided the infringement. THIS SECTION STATES CUSTOMER’S SOLE AND EXCLUSIVE REMEDY AND LICENSOR’S ENTIRE LIABILITY FOR THIRD PARTY INFRINGEMENT CLAIMS.

5. LIMITATION OF LIABILITY.

A. Limitation on Direct Damages. EXCEPT WITH RESPECT TO CLAIMS ARISING UNDER SECTION 4 ABOVE, LICENSOR’S TOTAL LIABILITY AND CUSTOMER’S SOLE AND EXCLUSIVE REMEDY FOR ANY CLAIM OF ANY TYPE WHATSOEVER, ARISING OUT OF PRODUCT OR SERVICE PROVIDED HEREUNDER, SHALL BE LIMITED TO PROVEN DIRECT DAMAGES CAUSED BY LICENSOR’S SOLE NEGLIGENCE IN AN AMOUNT NOT TO EXCEED US$1,000,000. FOR DAMAGE TO REAL OR TANGIBLE PERSONAL PROPERTY; AND (ii) THE PRICE PAID BY CUSTOMER TO LICENSOR FOR THE SPECIFIC SERVICE (CALCULATED ON AN ANNUAL BASIS, WHEN APPLICABLE) OR PRODUCT FROM WHICH SUCH CLAIM ARISES, FOR DAMAGE OF ANY TYPE NOT IDENTIFIED IN (i) ABOVE OR OTHERWISE EXCLUDED HEREUNDER.

B. No Indirect Damages. EXCEPT WITH RESPECT TO CLAIMS REGARDING VIOLATION OF LICENSOR’S INTELLECTUAL PROPERTY RIGHTS OR CLAIMS ARISING UNDER SECTION 4 ABOVE, NEITHER CUSTOMER NOR LICENSOR SHALL HAVE LIABILITY TO THE OTHER FOR ANY SPECIAL, CONSEQUENTIAL, EXEMPLARY, INCIDENTAL, OR INDIRECT DAMAGES (INCLUDING, BUT NOT LIMITED TO, LOSS OF PROFITS, REVENUES, DATA AND/OR USE), EVEN IF ADVISED OF THE POSSIBILITY THEREOF.

C. Regular Back-ups. As part of its obligation to mitigate damages, Customer shall take reasonable data back-up measures. In particular, Customer shall provide for a daily back-up process and back-up the relevant data before LICENSOR performs any remedial, upgrade or other works on Customer’s production systems. To the extent LICENSOR’s liability for loss of data is not anyway excluded under this EULA, LICENSOR shall in case of data losses only be liable for the typical effort to recover the data which would have accrued if Customer had appropriately backed up its data.

D. Limitation Period. Unless otherwise required by applicable federal law, the limitation period for claims for damages shall be eighteen (18) months after the cause of action accrues, unless statutory law provides for a shorter limitation period.

E. Suppliers. The foregoing limitations shall also apply in favor of LICENSOR’s suppliers.

6. EXPORT CONTROL. The Products, Services and the technology included therein provided under this EULA are subject to governmental restrictions on (i) exports from the U.S.; (ii) exports from other countries in which such Products and technology included therein may be produced or located; (iii) disclosures of technology to foreign persons; (iv) exports from abroad of derivative products thereof; and (v) the importation and/or use of such Products and technology included therein outside of the United States or other countries (collectively, “Export Laws”). Customer shall comply with all Export Laws. Diversion contrary to U.S. law or other Export Laws is expressly prohibited.

7. TERM AND TERMINATION. This EULA takes effect on the Effective Date and continues until terminated in accordance with the following:

A. EULAs with Executive Customers may be (i) terminated for cause pursuant to FAR 52.212-4(m) or (ii) for convenience pursuant to FAR 52.212-4 (l).

B. For EULAs with Other Customers LICENSOR may terminate licenses for cause if Customer breaches the terms governing use of the Software and fails to cure within thirty (30) days after receipt of LICENSOR’s written notice thereof. Upon termination of a license, Customer shall cease all use and return or certify destruction of the applicable Software (including copies) to LICENSOR. Any provision that by its nature or context is intended to survive any termination or expiration, including but not limited to provisions relating to payment of outstanding fees, confidentiality and liability, shall so survive.

8. MISCELLANEOUS.

A. References. LICENSOR may identify Customer for reference purposes unless and until Customer expressly objects in writing.

B. Notices. Any notices hereunder shall be in writing.

C. Entire Agreement. This EULA, GSA IT Schedule 70, and each purchase order issued pursuant to GSA IT Schedule 70 (i) comprise the complete statement of the agreement of the parties with regard to the subject matter thereof; and (ii) may be modified only in writing. All terms of any purchase order or similar document provided by Customer, including but not limited to any pre-printed terms thereon and any terms that are inconsistent or conflict with this EULA and/or LICENSOR quote, shall be null and void and of no legal force or effect, even if LICENSOR does not expressly reject to such terms when accepting a purchase order or similar document provided by Customer; however, terms in such document deviating from a LICENSOR quote do become binding upon the parties when expressly accepted by LICENSOR in writing in an order acknowledgment or similar document.

D. Force Majeure. Except for payment of fees, neither party shall be liable under this EULA because of a failure or delay in performing its obligations due to any force majeure event, including strikes, riots, insurrection, terrorism, fires, natural disasters, acts of God, war, governmental action, or any other cause which is beyond the reasonable control of such party.
E. Assignment. Customer shall not assign this EULA or a purchase order or any right herein or delegate any performance without LICENSOR’s prior written consent, which consent shall not be unreasonably withheld. LICENSOR may use LICENSOR Affiliates or other sufficiently qualified subcontractors to provide Services to Customer, provided that LICENSOR shall remain responsible to Customer for the performance thereof.

F. Governing Law. To the extent not preempted by federal law or regulation, this EULA is governed by the laws of the Commonwealth of Massachusetts. To the extent permitted by law, the courts of the Commonwealth of Massachusetts shall be exclusively competent to rule on disputes arising out of or in connection with this EULA and all purchase orders. The U.N. Convention on Contracts for the International Sale of Goods does not apply.

G. Waiver. No waiver shall be deemed a waiver of any prior or subsequent default hereunder.

**EMC CORPORATION**

WARRANTY AND MAINTENANCE PRICING TERMS

EMC Corporation provides a variety of warranty and maintenance support offerings for all EMC products. Maintenance terms are set forth in the EMC Product Warranty and Maintenance Table that is incorporated in the GSA Schedule. The following is a general summary of those terms.  

**EMC Product Support Availability.** EMC’s product support lifecycle is designed to help customers effectively manage their technology investments. EMC’s product lifecycle policy specifies the support duration (the “Primary Support” period) and End-of-Primary-Support (EOPS) date for most EMC products. EMC intends, subject to change at EMC’s discretion, to offer product support under EMC’s standard product maintenance terms and conditions during a product’s Primary Support period. Once a product reaches its EOPS date, EMC may, at its discretion, offer Extended Support for certain software releases or hardware models. Additional information on EMC’s support lifecycle policy and Extended Support for EMC hardware and software products can be found on the specific EMC product page, located by searching within the [Support by Product](https://www.emc.com/support) section of the EMC Online Support site. This information is subject to change at EMC’s discretion.

<table>
<thead>
<tr>
<th>Primary Support</th>
<th>Extended Support</th>
</tr>
</thead>
<tbody>
<tr>
<td>Primary support begins when a product is Generally Available (GA).</td>
<td>Extended Support may be available for certain releases of EMC software products and hardware models, at EMC’s discretion.</td>
</tr>
<tr>
<td>For some EMC software products that are independent of EMC hardware releases, it is EMC’s intention, subject to change at EMC’s discretion, to support the current and immediately prior software release for the period of three (3) years from the release’s GA date. EMC endeavors to publish the applicable EOPS date(s) at GA. This three-year period is referred to as the Primary Support period for the applicable release.</td>
<td>Extended Support, when available, is generally sold in six- (6) month increments and consists of a reduced level of support. Specific terms and conditions for Extended Support will vary by product.</td>
</tr>
<tr>
<td>For some EMC hardware products, it is EMC’s intention, subject to change at EMC’s discretion, to make available EMC’s standard support for the period of five (5) years after the applicable End-of-Life (EOL) date of the hardware. The EOL date refers to the date that EMC has discontinued a model number of EMC hardware or software as a product offering, and has removed such model number from EMC’s pricing/quoting systems.</td>
<td>Extended Support requires a current EMC maintenance contract to be in place for the associated product.</td>
</tr>
<tr>
<td>For some platform software products, it is EMC’s intention to support the current and immediately prior software release for a period that is coterminous with the related hardware.</td>
<td></td>
</tr>
</tbody>
</table>

**EMC End-of-Service Life Notification.** If Extended Support is not available or purchased, End-of-Service Life (EOSL) of a product occurs on the End-of-Primary-Support date. EMC endeavors to give customers notice of a product’s End of Service Life to enable them to plan for the retirement of their EMC products. This provides customers with the opportunity to smoothly transition to a more advanced and/or currently supported EMC product. Additional information on EOSL and EOSL dates for EMC products can be found by searching for the specific EMC product within the [Support by Product](https://www.emc.com/support) section of the EMC Online Support site.

**Equipment Warranty.** Most EMC equipment (hardware) is sold with warranties for periods of one to three years depending on the product. Certain EMC equipment products are sold with limited warranties.

**Software Warranty.** The software warranty covers the media only for ninety (90) days from the date of shipment, or the date of electronic availability, as applicable. The warranty duration for Core Software (the programming or microcode firmware sometimes included by EMC with equipment, at no extra charge, to enable the equipment to perform is basic functions) is the same as the warranty duration of the equipment with which the Core Software is included. Certain EMC software products are sold with limited warranties.

**Support Levels.** EMC offers three support levels: Basic, Enhanced, and Premium. The descriptions of the Basic, Enhanced, and Premium support options that are incorporated in the GSA schedule along with the support levels for each product, warranty durations, response times, extent of coverage, response times, severity levels and other information can be found in the EMC Product Warranty and Maintenance Table. Not all support levels are available for every product.

**Warranty Upgrade.** With the original purchase of EMC products, customers have the option to increase the support level for some (not all) products by purchasing a Warranty Upgrade. For example, there are options to increase warranty coverage from Basic to Enhanced; Basic to Premium; or Enhanced to Premium. Warranty Upgrades provide the right to receive an upgraded level of support for the entire warranty period, are invoiced in advance, and prepaid. Warranty Upgrades cannot be prorated.

---

6 This is a general description of EMC warranty and maintenance offerings only. This general description does not modify EMC Warranty or Maintenance terms that are incorporated in the GSA schedule. Please consult the [EMC Product Warranty and Maintenance Table](https://www.emc.com/support) for details.

7 Certain terms, limitations and exclusions apply to EMC’s support lifecycle policy. In some cases, resolution of an issue may be addressed by requiring a move to a more recent release.

8 For GSA orders Extended Support is available on an Open Market Basis Only. If Extended Support is not available or purchased, End-of-Service Life (EOSL) of a product occurs on the End-of-Primary-Support date.

**Equipment Maintenance.** If purchased, equipment maintenance begins upon expiration of the equipment warranty period. For products with limited warranty, maintenance begins at the same time as the warranty begins. Equipment maintenance can be purchased at the time of original product purchase. **Software Maintenance.** Software maintenance is sold as a product and provides the right to new software releases as made generally available by EMC for the period of software maintenance coverage purchased. Software Maintenance is invoiced at the time of purchase and prepaid. **Maintenance Renewals.** For products that have not reached EOSL, EMC may provide customers with the option to renew maintenance, both equipment and software, at the same support level (Basic, Enhanced, or Premium) originally purchased. Once a product reaches EOSL, support will no longer be available and maintenance may not be renewed.

**Equipment Maintenance Renewals.** When the original warranty or original equipment maintenance period ends, EMC may provide GSA customers with the option to purchase continued equipment support through the maintenance renewal process, until the EOSL date. **Software Maintenance Renewals.** When the initial period of prepaid software maintenance ends, software maintenance may be renewed on a prepaid basis only, until the EOSL date. **Equipment Upgrades.** Warranty and maintenance for equipment upgrades will be priced at the same support level (Basic, Enhanced, or Premium) that applies to the system in which the upgrade equipment is installed. The applicable warranty or maintenance period will be co-terminus with the warranty or maintenance period that applies to the system in which the upgrade equipment is installed. Annual maintenance prices are prorated on a monthly basis to conform to the co-terminus end date.

**Warranty Prices.** Except for Warranty Upgrades, warranty is not currently separately priced and applicable warranty support is currently included in the purchase price of the products.

**Maintenance, Warranty Upgrade, and Maintenance Renewal Pricing.**

The maintenance list price for EMC equipment and software maintenance, warranty upgrades, and equipment and software maintenance renewals is priced as a percentage of (not discount off) the product commercial list price. As set forth in the tables below, the percentages vary by Component Type within each major Product and Product Family. A limited number of components are priced on a fixed dollar basis as indicated in Table 2, Table 3, and Table 4 attached.

The maintenance list price rates in Table 2, Table 3, and Table 4 are for 12 months of support. The total maintenance list price for system configuration is determined as follows:

1. The commercial list price of each component product is multiplied by the quantity of the product (extended component list price).
2. The extended component list price is multiplied by the applicable list price rate (percentage) from the rate tables attached for the desired level of support (maintenance list price).
3. The maintenance list price is multiplied by the number of years of support required.
4. The individual component maintenance list prices are summed using an aggregating model number.
5. The GSA net price for maintenance is calculated by applying the GSA discount (discount off maintenance list) to the total maintenance list price. The GSA discounts are set forth in Table 1 below.

For Enterprise Content Division (ECD) Products (Documentum and Captiva):

Annual Maintenance List Pricing can be considered to be 19% of product list price for Basic Support (available only for Pixtools), 23% of product list for Enhanced Support and 27% of product list for Premium Support. Initial year Maintenance Pricing incorporates the product discount by applying the percentages (19% for Basic Support, 23% for Enhanced support, and 27% for premium support) to the net price.

The maintenance renewal price for system configurations for the EMC ECD Products (Documentum and Captiva) products is determined as follows:

1. The previous year’s maintenance is increased by 3%.
2. The individual component maintenance list prices are summed using an aggregating model number.

When circumstances require, annual prices can be pro-rated to the actual term of support.

The sum of component level maintenance pricing will appear on the quote under one of several aggregating model numbers that include (but are not limited to) the following examples:

<table>
<thead>
<tr>
<th>Aggregating Model Number</th>
<th>General Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>M-ENHHW-001</td>
<td>Sum of Enhanced Hardware Support</td>
</tr>
<tr>
<td>M-PREHW-001</td>
<td>Sum of Premium Hardware Support</td>
</tr>
<tr>
<td>WU-PREHW-001</td>
<td>Sum of Premium Hardware Warranty Upgrade</td>
</tr>
<tr>
<td>M-PRESW-001</td>
<td>Sum of Premium Software Support</td>
</tr>
<tr>
<td>M-ENHSW-001</td>
<td>Sum of Enhanced Software Support</td>
</tr>
</tbody>
</table>

Because these model numbers only serve to sum up and aggregate component maintenance list prices on a quote, these model numbers do not represent any intrinsic, discreet service or have a unique list price. Aggregating model numbers do not appear on the GSA schedule price list. These models are not open market items because they only serve to sum individual maintenance prices for products that are included on the GSA schedule. Other maintenance aggregating model numbers are used in the quoting system. EMC reserves the right to change maintenance aggregating model numbers without notice.

**Prepaid Maintenance Pricing.** Also referred to as point-of-sale maintenance, this maintenance is purchased in the initial order and is calculated within the EMC quoting systems. The EMC reseller can provide an EMC “Product Warranty and Maintenance Schedule” for each quote to validate the maintenance calculations substantially in the form of the following illustration. This illustration does not represent actual list prices or discounts.
Maintenance Renewal Pricing. Maintenance renewal pricing is offered for previously purchased systems and products installed in specific customer locations. Renewal quotes are based on information from EMC installed base systems, as well as customer provided information. Because maintenance renewal quotes are highly individualized for particular installations of EMC products, renewal quotes are supported by detailed spreadsheets provided with the renewal quote. The “Product Warranty and Maintenance Schedule” is not available for maintenance renewal quotes, and aggregating model numbers are not used in quoting.

End-of-Life (EOL) Date. The EOL date refers to the date that EMC has discontinued a model number of EMC hardware or software as a product offering, and has removed such model number from EMC’s pricing/ quoting systems. Products that have reached their EOL date are no longer available for purchase, but are eligible for maintenance renewal until the End-of-Primary Support date (see table above). To distinguish products that are eligible for maintenance renewal only the following note is attached to the product description: “MAINTENANCE AVAILABLE ONLY. PRODUCT NOT AVAILABLE FOR SALE.”

Extended Support. EMC may, at its discretion, offer Extended Support for certain products (see table above), at different terms and pricing than standard support. Extended support is not included in the GSA Schedule and is offered on an Open Market Basis only.

End-of-Service Life (EOSL) Date. Products that have reached their EOSL date are permanently removed from the GSA Schedule price list.

</table>

EMC Maintenance List Price Rates are set forth in Table 2, Table 3, and Table 4 that follow.
For ECD Products (Documentum and Captiva):

Annual Maintenance List Pricing can be considered to be 19% of product list price for Basic Support (available only for Pixtools), 23% of product list for Enhanced Support and 27% of product list for Premium Support. Initial year Maintenance Pricing incorporates the product discount by applying the percentages (19% for Basic Support, 23% for Enhanced support, and 27% for premium support) to the net price.

The maintenance renewal price for system configurations for the EMC ECD Products (Documentum and Captiva) products is determined as follows:
1. The previous year’s maintenance is increased by 3%.
2. The individual component maintenance list prices are summed using an aggregating model number.

EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Expert Choice, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A (the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER OGP 4800.21 (July 2016), as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSA and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Contractor are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23,
Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer's Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer's Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer's Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
5. Ownership and Proprietary Rights Notices.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

EXPERT CHOICE, INC.

EXPERT CHOICE, INC., LICENSE, WARRANTY AND SUPPORT TERMS

1. Definitions.

1.1 "Active Decision Project" means a Decision Project (a) that is published or otherwise made available to users for the purpose of entering measurable data and/or judgments into such Decision Project; and (b) into which measurable data and/or judgments have been entered. A Decision Project becomes an "Active Decision Project" immediately upon the first time a user enters measurable data and/or a judgment into such Decision Project; provided, however, that a Decision Project will not be considered an "Active Decision Project" during any time period where such Decision Project is inactivated through the archiving feature of the Product.

1.2 "Confidential Information" means all non-public information, whether in oral, written or other tangible or intangible form, that a Party designates as being confidential or which, under the circumstances surrounding disclosure, the receiving Party knows or has reason to know should be treated as confidential, including, without limitation, the Software, and any Ordering Activity data. Notwithstanding the foregoing, Confidential Information does not include information that the receiving Party can establish: (i) is or becomes generally available to the public other than (a) as a result of a disclosure by the receiving Party or its employees or any other person who directly or indirectly receives such information from the receiving Party or its employees or (b) in violation of a confidentiality obligation to the disclosing Party known to the receiving Party; (ii) is or becomes available to the receiving Party on a non-confidential basis from a Third Party which is entitled to disclose it to the receiving Party; or (iii) was developed by employees or agents of the receiving Party independently of, and without reference to, any information communicated to the receiving Party by the disclosing Party.

1.3 "Decision Project" means the Web-based decision-making analytic tool generated by Ordering Activity using the Software and/or the Hosted Services that is designed to elicit data and judgments from users with respect to the business objectives and/or alternatives for which the Decision Project is created.

1.4 "Delivery" means the sooner of the date that Expert Choice: (i) delivers the Software on a CD to Ordering Activity; (ii) delivers the Software on a CD to a common carrier for shipment to Ordering Activity; or (iii) makes the Hosted Services available to Ordering Activity for its access and use, as the case may be.

1.5 "Documentation" means the then-current, generally available, written instructions, user guides, and user manuals for the Products, if applicable, whether in electronic, paper or other equivalent form, provided by Expert Choice and in connection with any updates, modifications and improvements to the Software, regardless of form or media.

1.6 "Hosted Services" means the provision of access over the Internet to the functionality of the Software.

1.7 "Intellectual Property Rights" means, collectively, all rights under patent, trademark, copyright and trade secret laws, and any other intellectual property or proprietary rights recognized in any country or jurisdiction worldwide, including moral rights and similar rights.

1.8 "Named User" means the employees, agents or authorized representatives of Ordering Activity that may be specifically named in the Order Form who are authorized to use the Products. Named Users may include Ordering Activity contractors performing work on Ordering Activity's behalf.

1.9 "Order Form" means the ordering documents, including a Government Purchase Order, representing the initial purchase of the Products as well as any subsequent purchases agreed to between the Parties submitted by Ordering Activity and agreed to by Expert Choice that specify, among other things, the Products purchased, the license type and license grant, the number of Named Users and the fees.

1.10 "Products" means one or more of the following products purchased by Ordering Activity as set forth in an Order Form: the Hosted Services, the enterprise version of the Software and/or the desktop version of the Software.

1.11 "Software" means the means the machine-readable, object-code version of Expert Choice's proprietary software, including all related Documentation.

1.12 "Third Party" means any department or division of Ordering Activity not specifically identified herein, or any person, entity or Party other than the Parties, regardless of relation or affiliation with either Party.

2. Reserved.

3. Reserved.

4. Audit Rights. The terms of this Section 4 only apply if Ordering Activity has purchased the desktop and/or enterprise version of the Software.

4.1 Audit. During the Term and subject to Government security requirements, Expert Choice may periodically conduct onsite audits of Ordering Activity's usage of the desktop and/or enterprise version of the Software licensed by Ordering Activity under each applicable Order Form. These audits will be conducted during regular business hours, and Ordering Activity agrees to permit Expert Choice and its representatives, subject to Government security requirements, reasonable access to the premises, facilities, data, and networks necessary to conduct such audits. Expert Choice will use reasonable efforts not to interfere unduly with Ordering Activity's regular business activities. At Expert Choice's option, Ordering Activity shall complete a self-audit questionnaire in a form Expert Choice may provide.

4.2 Additional Licenses. Expert Choice will promptly invoice Ordering Activity additional license fees sufficient to cover the unauthorized use revealed by the audit.

5. Ownership and Proprietary Rights Notices.

5.1 Title. Ordering Activity acknowledges and agrees that title to and ownership of the Products, including all corrections, enhancements, or other modifications to the Software, whether made by Expert Choice or any Third Party, and all Intellectual Property Rights therein, are and shall at all times be deemed the sole and exclusive property of Expert Choice.

5.2 Proprietary Rights Notices. Ordering Activity shall not delete, alter, cover, or distort any copyright, trademark, or other proprietary rights notice placed by Expert Choice on or in the Products, and shall ensure that all such notices are reproduced on all copies thereof.

6.1 Assumption of Responsibility. Ordering Activity assumes all responsibility for the selection of, use of, and results obtained from the Software. All warranties, express or implied, extend solely to Ordering Activity and not to any Third Parties.

6.2 DISCLAIMER. Expert Choice warrants that the software will, for a period of sixty (60) days from the date of your receipt (“Warranty Period”), perform substantially in accordance with the software documentation accompanying it. If the software fails to perform substantially in accordance with the documentation during the Warranty Period, Expert Choice shall use commercially reasonable efforts to repair or replace the nonconforming software to make it perform in accordance with the documentation. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, THE PRODUCTS ARE PROVIDED “AS IS,” WITHOUT ANY WARRANTY OF ANY KIND, WHETHER EXPRESS, IMPLIED, OR STATUTORY, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NON-INFRINGEMENT OR NON-MISAPPROPRIATION OF INTELLECTUAL PROPERTY RIGHTS OF A THIRD PARTY, CUSTOM, TRADE, QUIET ENJOYMENT, ACCURACY OF INFORMATIONAL CONTENT OR RESULTS, OR SYSTEM INTEGRATION, OR ANY WARRANTIES ARISING UNDER ANY OTHER LEGAL REQUIREMENT. EXPERT CHOICE makes no warranty THAT THE SOFTWARE WILL RUN PROPERLY ON ALL HARDWARE, that the SOFTWARE OR THE HOSTED SERVICES WILL MEET the REQUIREMENTS of the ORDERING ACTIVITY OR USERS, WILL OPERATE IN THE COMBINATIONS WHICH MAY BE SELECTED FOR USE BY THE ORDERING ACTIVITY OR USERS, OR THAT THE HOSTED SERVICES OR OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR FREE, OR THAT ALL ERRORS WILL BE CORRECTED.

7. Reserved.

8. Reserved.

9. Term and Termination.

9.1 Term. This Agreement shall commence upon the Effective Date and shall continue for the period set forth in the applicable Order Form (“Term”), unless earlier terminated.

9.2 Obligations Upon Termination. Upon the termination or expiration of this Agreement: (i) Ordering Activity shall promptly pay in full all outstanding payments to Expert Choice; (ii) all licenses granted hereunder (if any) will immediately terminate and Ordering Activity shall immediately cease all use of the Products; (iii) Ordering Activity shall remove all copies of the Software from its computer systems and shall return or destroy (at Expert Choice's option) all such copies to Expert Choice; and (iv) the receiving Party shall promptly return all Confidential Information of the disclosing Party in its the possession or control. With respect to (iii) and (iv) of the preceding sentence, Ordering Activity shall certify to Expert Choice in writing within ten (10) days of the date on which termination or expiration is effective that it has made no other copies, or has completely destroyed all copies, including backup or archive copies, of the Software or any portion thereof, and that no copies of any portion of the Software are in existence on any network, system, or equipment ever owned or used by Ordering Activity. The expiration or termination of this Agreement does not relieve either Party of any obligations that have accrued on or before the effective date of the termination or expiration.

10. General.

10.1 Export Restrictions. Ordering Activity acknowledges and agrees that the Software is subject to the export control laws and regulations of the United States, including but not limited to the Export Administration Regulations ("EAR"), and sanctions regimes of the U.S. Department of the Treasury, Office of Foreign Asset Controls. Ordering Activity will comply with these laws and regulations. Ordering Activity shall not without prior U.S. Government authorization, export, re-export, or transfer any goods, software, or technology subject to this Agreement, either directly or indirectly, to any country subject to a U.S. trade embargo (currently Cuba, Iran, North Korea, Sudan, and Syria) or to any resident or national of any such country, or to any person or entity listed on the "Entity List" or "Denied Persons List" maintained by the U.S. Department of Commerce or the list of "Specifically Designated Nationals and Blocked Persons" maintained by the U.S. Department of the Treasury.

SERVICE LEVEL AGREEMENT

Expert Choice bases its service level agreement on ‘issues.’ An ‘issue’ is defined as an unplanned interruption to Expert Choice Comparison® or Expert Choice Riskion® that causes an interruption or disruption in the Ordering Activity’s ability to use either product for its intended purpose. Problems with customer internet service, connections, firewalls, networks, hardware, operating system software, browser software, or other foundational software are not covered under this SLA.
### Issue Triage

<table>
<thead>
<tr>
<th>Priority</th>
<th>Criteria</th>

- **Hours of Support Operation**: Actively Monitored Monday – Friday 8:30 am to 5:00 pm Eastern U.S. time
- **After Hours**: Triaged Next Business Day Triaged by an On-Call Person

1. Expert Choice considers all email-submitted issues as Medium.
2. Expert Choice requires five business day notice to support any issues that may result from client-initiated business practice changes, e.g. using the software in a different way.
EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Extreme Networks, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3301 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1488 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 2.121(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.232-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government, failures of its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
1) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and those of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A**

**CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**EXTREME NETWORKS, INC.**

1. **DEFINITIONS.** “Affiliates” means any person, partnership, corporation, limited liability company, or other form of enterprise that directly or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with the party specified. “Server Application” shall refer to the License Key for software installed on one or more of Your servers. “Client Application” shall refer to the application to access the Server Application. “Licensed Materials” shall collectively refer to the licensed software (including the Server Application and Client Application), Firmware, media embodying the software, and the documentation. “Concurrent User” shall refer to any of Your individual employees who You provide access to the...
Server Application at any one time. “Firmware” refers to any software program or code imbedded in chips or other media. “Licensed Software” refers to the Software and Firmware collectively.

2. RESERVED.

3. GRANT OF SOFTWARE LICENSE. Extreme will grant You a non-transferable, non-exclusive license to use the machine-readable form of the Licensed Software and the accompanying documentation if You agree to the terms and conditions of this Agreement. You may install and use the Licensed Software as permitted by the license type purchased as described below in License Types. YOU MAY NOT USE, COPY, OR MODIFY THE LICENSED MATERIALS, IN WHOLE OR IN PART, EXCEPT AS EXPRESSLY PROVIDED IN THIS AGREEMENT.

4. LICENSE TYPES.
   - Single User, Single Computer. Under the terms of the Single User, Single Computer license, the license granted to You by Extreme when You install the License Software authorizes You to use the Licensed Software on any one, single computer only, or any replacement for that computer, for internal use only. A separate license, under a separate Software License Agreement, is required for any other computer on which You or another individual or employee intend to use the Licensed Software. A separate license under a separate Software License Agreement is also required if You wish to use a Client license (as described below).
   - Client. Under the terms of the Client license, the license granted to You by Extreme will authorize You to install the License Key for the Licensed Software on your server and allow the specific number of Concurrent Users shown on the relevant invoice issued to You for each Concurrent User that You order from Extreme or Your dealer, if any, to access the Server Application. A separate license is required for each additional Concurrent User.

5. RESERVED. RESTRICTION AGAINST COPYING OR MODIFYING LICENSED MATERIALS. Except as expressly permitted in this Agreement, You may not copy or otherwise reproduce the Licensed Materials. In no event does the limited copying or reproduction permitted under this Agreement include the right to decompile, disassemble, electronically transfer, or reverse engineer the Licensed Software, or to translate the Licensed Software into another computer language. The media embodying the Licensed Software may be copied by You, in whole or in part, into printed or machine readable form, in sufficient numbers only for backup or archival purposes, or to replace a worn or defective copy. However, You agree not to have more than two (2) copies of the Licensed Software in whole or in part, including the original media, in your possession for said purposes without Extreme’s prior written consent, and in no event shall You operate more copies of the Licensed Software than the specific licenses granted to You. You may not copy or reproduce the documentation. You agree to maintain appropriate records of the location of the original media and all copies of the Licensed Software, in whole or in part, made by You. You may modify the machine-readable form of the Licensed Software for (1) your own internal use or (2) to merge the Licensed Software into other program material to form a modular work for your own use, provided that such work remains modular, but on termination of this Agreement, You are required to completely remove the Licensed Software from any such modular work. Any portion of the Licensed Software included in any such modular work shall be used only on a single computer for internal purposes and shall remain subject to all the terms and conditions of this Agreement. You agree to include any copyright or other proprietary notice set forth on the label of the media embodying the Licensed Software on any copy of the Licensed Software in any form, in whole or in part, or on any modification of the Licensed Software or any such modular work containing the Licensed Software or any part thereof.

6. TITLE AND PROPRIETARY RIGHTS
   (a) The Licensed Materials are copyrighted works and are the sole and exclusive property of Extreme, any company or a division thereof which Extreme controls or is controlled by, or which may result from the merger or consolidation with Extreme (its “Affiliates”), and/or their suppliers. This Agreement conveys a limited right to operate the Licensed Materials and shall not be construed to convey title to the Licensed Materials to You. There are no implied rights. You shall not sell, lease, transfer, sublicense, dispose of, or otherwise make available the Licensed Materials or any portion thereof, to any other party.

7. PROTECTION AND SECURITY.
   You agree not to deliver or otherwise make the Licensed Materials or any part thereof, including without limitation the object or source code (if provided) of the Licensed Software, to any party other than Extreme or its employees, except for purposes specifically related to your use of the Licensed Software on a single computer as expressly provided in this Agreement, without the prior written consent of Extreme. You agree to use your best efforts and take all reasonable steps to safeguard the Licensed Materials to ensure that no unauthorized person shall have access thereto and that no unauthorized copy, publication, disclosure, or distribution, in whole or in part, in any form shall be made, and You agree to notify Extreme of any unauthorized use thereof. You acknowledge that the Licensed Materials contain valuable confidential information and trade secrets, and that unauthorized use, copying and/or disclosure thereof are harmful to Extreme or its Affiliates and/or its suppliers.

8. MAINTENANCE AND UPDATES. Updates and certain maintenance and support services, if any, shall be provided to You pursuant to the terms of an Extreme Service and Maintenance Agreement (Exhibit A). Except as specifically set forth in such agreement, Extreme shall not be under any obligation to provide Software Updates, modifications, or enhancements, or Software maintenance and support services to You.

9. RESERVED.

10. EXPORT REQUIREMENTS. You are advised that the Software is of United States origin and subject to United States Export Administration Regulations; diversion contrary to United States law and regulation is prohibited. You agree not to directly or indirectly export, import or transmit the Software to any country, end user or for any Use that is prohibited by applicable United States regulation or statute (including but not limited to those countries embargoed from time to time by the United States government); or contrary to the laws or regulations of any other governmental entity that has jurisdiction over such export, import, transmission or Use.

11. UNITED STATES GOVERNMENT RESTRICTED RIGHTS. The Licensed Materials (i) were developed solely at private expense; (ii) contain “restricted computer software” submitted with restricted rights in accordance with section 52.227-14 RESTRICTED RIGHTS and its successors, and (iii) in all respects is proprietary data belonging to Extreme and/or its suppliers. For Department of Defense units, the Licensed Materials are considered commercial computer software in accordance with DFARS section 227.7202-3 and its successors, and use, duplication, or disclosure by the U.S. Government is subject to restrictions set forth herein.

12. LIMITED WARRANTY AND LIMITATION OF LIABILITY. The only warranty Extreme makes to You in connection with this license of the Licensed Materials is that if the media on which the Licensed Software is recorded is defective, it will be replaced without charge, if Extreme in good faith
determines that the media and proof of payment of the license fee are returned to Extreme or the dealer from whom it was obtained within ninety (90) days of the date of payment of the license fee.

NEITHER EXTREME NOR ITS AFFILIATES MAKE ANY OTHER WARRANTY OR REPRESENTATION, EXPRESS OR IMPLIED, WITH RESPECT TO THE LICENSED MATERIALS, WHICH ARE LICENSED "AS IS". THE LIMITED WARRANTY AND REMEDY PROVIDED ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WHICH ARE EXPRESSLY DISCLAIMED, AND STATEMENTS OR REPRESENTATIONS MADE BY ANY OTHER PERSON OR FIRM ARE VOID. ONLY TO THE EXTENT SUCH EXCLUSION OF ANY IMPLIED WARRANTY IS NOT PERMITTED BY LAW, THE DURATION OF SUCH IMPLIED WARRANTY IS LIMITED TO THE DURATION OF THE LIMITED WARRANTY SET FORTH ABOVE. YOU ASSUME ALL RISK AS TO THE QUALITY, FUNCTION AND PERFORMANCE OF THE LICENSED MATERIALS. IN NO EVENT WILL EXTREME OR ANY OTHER PARTY WHO HAS BEEN INVOLVED IN THE CREATION, PRODUCTION OR DELIVERY OF THE LICENSED MATERIALS BE LIABLE FOR SPECIAL, DIRECT, INDIRECT, RELIANCE, INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING LOSS OF DATA OR PROFITS OR FOR INABILITY TO USE THE LICENSED MATERIALS. TO ANY PARTY EVEN IF EXTREME OR SUCH OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT SHALL EXTREME OR SUCH OTHER PARTY'S LIABILITY FOR ANY DAMAGES OR LOSS TO YOU OR ANY OTHER PARTY EXCEED THE LICENSE FEE YOU PAID FOR THE LICENSED MATERIALS.

Some states do not allow limitations on how long an implied warranty lasts and some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation and exclusion may not apply to You. This limited warranty gives You specific legal rights, and You may also have other rights which vary from state to state. The foregoing exclusion/limitation of liability shall not apply to (1) personal injury or death resulting from Extreme’s negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

13. RESERVED.

14. Reserved.

EXHIBIT A

ExtremeWorks Support Program

Extreme Networks, Inc. ("Extreme") agrees to provide the ExtremeWorks Support Program and related Support Plans to you pursuant to the following terms and conditions.

1. Definitions. In addition to the terms defined elsewhere in this Agreement, the following terms have the following meanings:

1.1 "Authorized Users" means those individuals authorized by Ordering Activity to use the Services on behalf of Ordering Activity.

1.2 "Authorized Resellers" means those companies (a) authorized by Extreme to resell, promote or deliver the ExtremeWorks Support Program to the marketplace, and (b) through which Ordering Activity has purchased the ExtremeWorks Support Program.

1.3 "Defect" means a failure of any Product to operate in accordance with Extreme's technical specifications as set forth in the End User Documentation.

1.4 "End User" means a purchaser of the Services who acquires such Services for ordinary business usage and not for purposes of further distribution or resale.

1.5 "End User Documentation" means Product documentation, Product specifications and other related materials.

1.6 "Intellectual Property Rights" means any and all current and future (i) rights associated with works of authorship; including but not limited to copyrights, moral rights, and mask-work rights; (ii) patent rights, rights of priority, and design rights; (iii) trade secret rights, (iv) trademark rights (including service mark rights) and trade dress rights; (v) all other intellectual and industrial property rights of every kind and nature which may exist anywhere in the world, whether registered or unregistered; and (vi) any and all applications and registrations, renewals, extensions, provisional, continuations, continuations-in-part, divisions, reissues or reexaminations of any of the foregoing.

1.7 Reserved.

1.8 "Products" mean Extreme commercial networking products as identified in the Price List, including (i) hardware products with embedded Software, (ii) Software Products in object code form, (iii) End User Documentation, and (iv) other materials related to the foregoing, if any, supplied to you in a commercial package.

1.9 "Releases" mean Updates and Upgrades, collectively. No Alpha or Beta or non-production versions shall be considered Releases.

1.10 "Services" mean the services provided by Extreme under the ExtremeWorks Support Program, Premier Services Program (PSP) Foundation Services or any other end user services provided by Extreme under this Agreement in accordance with the applicable program guide.

1.11 "Software" or "Software Products" mean Extreme software products in object code form which are either sold separately or embedded into Extreme hardware products.

1.12 "Trademarks" mean "Extreme Networks" and the applicable Product trademarks as listed in Extreme's usage guidelines, subject to revision from time to time in Extreme's sole discretion.

1.13 "Update" means a new version of a Software Product that includes defect corrections, bug fixes and/or minor enhancements that operate within the framework of the specifications for the current Upgrade of the Software Product, but does not include substantive features or functions not performed by the prior Release of the Software Product.
1.14 “Upgrade” means a new version of a Software Product that includes substantive features or functions not performed by the prior Release of the Software Product.

2. Services. The scope of the Services provided to Ordering Activity hereunder is based on the support plan purchased by Ordering Activity for each unit of the Product purchased. Certain on-site Services may not be available in some geographic regions or may require a “phase-in” period before they can be made available to Ordering Activity. Extreme shall not be obligated to use subcontractors to perform any Services unless they have been approved by Extreme, and then only one (1) copy of a Release for each Product under an active contract for Services, and Ordering Activity is prohibited from installing Releases on any Product which is not covered under an active contract for Services.

2.2 Corrections. Extreme shall use commercially reasonable efforts to provide a correction or workaround for any reported and reproducible Defect in any Product for which Services have been purchased with a level of effort commensurate with the severity level, provided that Extreme shall have no obligation to correct all Defects in the Products. Ordering Activity shall notify Extreme of the nature and severity of such Defect and the specific serial number of the applicable Product, and provide Extreme with enough information to locate and reproduce the Defect. Extreme shall not be responsible for correcting any Defect not attributable to Products or any Defect listed under Section 3 (“Exclusions”).

3. Exclusions. The Services provided by Extreme hereunder will not include support and maintenance of any third party software or hardware not provided by Extreme. Extreme is not required to provide any services for problems arising out of: (i) Ordering Activity’s failure to implement all Updates issued under the Services; (ii) alterations of or additions to the Products performed by parties other than Extreme; (iii) accident, natural disasters, terrorism, negligence, or misuse of the Products (such as, without limitation, operation outside of environmental specifications or in a manner in which the Products were not designed); (iv) interconnection of the Products with other products not supplied by Extreme; or (v) certain components, including but not limited to the following: spare fan trays, blank panels, cables, cable kits, rack mount kits, brackets, antennas, GBICs and miniGBICs. Extreme shall only be obligated to support the then-current revision of the Products and the immediately prior revision.

4. Ordering Activity Obligations.

4.1 Ordering Activity Assistance. Ordering Activity agrees to provide Extreme with reasonable access to the Products for which problems are reported and all back-ups and Ordering Activity information services, technical personnel, facilities, and premises as required in connection with the performance of the Services as long as Extreme complies with all of Ordering Activity’s security requirements. To efficiently resolve problems and perform local hardware diagnostics, Ordering Activity shall provide modem level access for all Ordering Activity sites. Ordering Activity may provide passwords and/or activate the modem when needed. Ordering Activity shall be responsible for any and all cables, hardware or software not provided by Extreme. Ordering Activity’s failure to provide such access or information may delay the Services and/or result in Extreme's inability to perform the Services; in such cases, Extreme shall not be liable for any consequences relating to or resulting from such delay or failure to perform.

4.2 Contact People. Ordering Activity shall appoint at least two (2) individuals who have been trained and are knowledgeable on Extreme products within Ordering Activity's organization to serve as the primary contacts between Ordering Activity and Extreme and to receive support as provided herein. Ordering Activity shall provide and shall update as appropriate contact information for the primary contacts, including address, phone number and email address. All of Ordering Activity’s support inquiries shall be initiated through these primary contacts.

4.3 Restrictions on Copying and Reverse Engineering. As a material consideration for this Agreement, Ordering Activity expressly agrees not to translate, disassemble, reverse compile or reverse engineer the Products, including the Software Products, in whole or in part, except to the extent such prohibition is restricted by applicable law. Ordering Activity will not copy, modify, create derivative works, rent, lease, loan or use for timesharing or service bureau purposes any Products, including Software Products, in whole or in part without the prior written approval of Extreme, which approval may be withheld in Extreme's sole discretion.

4.4 No Removal of Markings. Ordering Activity agrees to comply with all legends that appear on or in the Products and not to remove or destroy any patent, copyright, logo, trademark, trade name, proprietary marking, or confidentiality legend placed upon or contained within Products, containers or End User Documentation supplied by Extreme.

5. Reserved.

6.1 Product End of Life. In the event Extreme discontinues or otherwise ceases to make available to its customers a particular Product model number, Extreme will continue to offer Services for such Product in accordance with its then-current End of Life Policy available at www.extremenetworks.com/libraries/services/EndofLifePolicy.pdf. The Services shall remain in effect with respect to other Products, if any, then covered.

6.2 Support Plan End Of Life. Extreme reserves the right to discontinue any Support Plan in its sole discretion upon sixty (60) days’ notice, by email, notification on Extreme’s website, or any other method permitted under this Agreement, to Ordering Activity; however, Extreme will continue to provide services under such discontinued Support Plan through the end of any prepaid support period.

7. RESERVED. 8. Return Process. If Ordering Activity is returning a Product to Extreme, Ordering Activity must first obtain a Return Material Authorization (“RMA”) number from Extreme. Ordering Activity must return the entire contents of the defective Product and dated End User proof of purchase for the defective Product, if requested by Extreme, marked with the RMA number, to a receiving point designated by Extreme. Shipping carts that are not marked with RMA numbers will be rejected by Extreme and returned to Ordering Activity. Extreme will pay the transportation charges (excluding taxes, duties and customs) in accordance with the Support Plan purchased for such Product. Notwithstanding the foregoing, Ordering Activity
retains sole responsibility for risk of loss or damage to Products during shipment to and from Extreme. Products returned to Extreme may be repaired or replaced by Extreme at Extreme’s sole discretion. Replacement Products may be new or refurbished Products.

9.1 Intellectual Property Rights. Ordering Activity acknowledges that the Products are proprietary to Extreme and its suppliers, and that Extreme and its suppliers retain exclusive ownership of all Intellectual Property Rights in and to the Products, including in and to any Software Products and Trademarks. Ordering Activity will take all reasonable measures to protect Extreme’s Intellectual Property Rights in any Product. Except as expressly provided herein, Ordering Activity is not granted any right to any Intellectual Property Rights with respect to any Product.

9.2 License. All Releases provided under the Services are licensed subject to the terms and conditions of the then-current Software license agreement for such Software Product in effect at the time the Release is provided.

10. Warranty. All Updates provided hereunder are warranted for the remaining warranty period of the original Software Product, if any, as specified in the warranty card which shipped with the original Software Product. All Upgrades are warranted as set forth in the warranty card for such Upgrade. Replacement Products provided under the Services are warranted for the remaining warranty period of the original Product, if any, as specified in the warranty card which shipped with the original Product. Nothing in the Services shall be construed as expanding or adding to the warranty set forth on the warranty card. Extreme will use all reasonable commercial efforts to provide the support requested by Ordering Activity under this Agreement in a professional and workmanlike manner. In the event that Extreme fails to meet this warranty, Extreme may reperform the Services, but Extreme cannot guarantee that every question or problem raised by Ordering Activity will be resolved.

EXTREME WARRANTS THE SERVICES ONLY TO ORDERING ACTIVITY AS THE END USER PURSUANT TO THE TERMS AND CONDITIONS OF THIS AGREEMENT. EXCEPT AS SET FORTH ABOVE, EXTREME MAKES, AND ORDERING ACTIVITY RECEIVE, NO OTHER WARRANTIES OF ANY KIND. EXTREME EXPRESSLY DISCLAIMS ALL WARRANTIES, TERMS AND CONDITIONS, WHETHER EXPRESS, IMPLIED (in fact or by operation of law), STATUTORY OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY, TERM OR CONDITION OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, CORRESPONDENCE WITH DESCRIPTION, ABSENCE OF HIDDEN DEFECTS, ANY WARRANTY OF NON-INFRINGEMENT, AND ANY WARRANTY, TERM OR CONDITION THAT MAY ARISE BY REASON OF USAGE OF TRADE, CUSTOM, COURSE OF DEALING OR COURSE OF PERFORMANCE.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Forcepoint LLC. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted to the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3501 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:
   
a) **Contracting Parties.** The GSA Customer ("Licensee") is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.
   
b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.
   
c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.
   
d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.
   
e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.
   
f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.
   
g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.
   
h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government, beyond its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
   
i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.
   
j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.
   
k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the government give sole control over the litigation and/or settlement to the contractor are hereby superseded. Nothing contained in the manufacturer’s specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S.; pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All and terms and conditions affecting the GSA must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA customer purchase orders, and the contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The ordering activity expressly acknowledges that EC America as contractor, on behalf of the manufacturer, shall have standing to bring such claim under the Contracts Dispute Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the ordering activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. government, neither this Rider, the manufacturer’s specific terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the manufacturer’s specific terms or the Schedule Contract to the contrary, the GSA customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the manufacturer’s specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA customer purchase order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA customer purchase order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A**

**CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**FORCEPOINT, LLC.**

**FORCEPOINT, LLC. LICENSE, WARRANTY AND SUPPORT TERMS**

THE PRODUCTS ARE PROVIDED ONLY ON THE CONDITION THAT LICENSEE AGREES TO THE TERMS AND CONDITIONS IN THIS LICENSE AGREEMENT AND THE MATERIALS REFERENCED HEREIN (“AGREEMENT”) BETWEEN LICENSEE AND FORCERIGHT. IF YOU ARE PURCHASING LICENSES FROM THE GSA SCHEDULE, YOUR PURCHASE ORDER MUST REFERENCE GSA SCHEDULE # GS-35F-0511T. OTHERWISE, IF YOU ARE AN EMPLOYEE OF THE FEDERAL, STATE, OR LOCAL GOVERNMENT, OR THE SOFTWARE IS OTHERWISE FOR USE BY A FEDERAL, STATE OR LOCAL GOVERNMENT, YOU MUST EITHER STATE IN YOUR PURCHASE

ORDER THAT THE TERMS OF THIS AGREEMENT SHALL GOVERN YOUR ORDER AND WILL SUPERSEDE ANY TERMS AND CONDITIONS CONTAINED IN YOUR PURCHASE ORDER OR ATTACH THESE TERMS TO AN EXECUTED CONTRACT.

1. Definitions.
   “Databases” means proprietary database(s) of URL addresses, email addresses, Malware, applications and other valuable information.
   “Database Updates” means changes to the content of the Databases.
   “Device” or “Seat” means (i) each computer (whether physical or virtual), electronic appliance or device that is authorized to access or use the Products, directly or indirectly; or (ii) for SaaS Email a separate email address or account that receives electronic messages or data within Licensee’s email system or network. For SaaS Email, up to 5 aliases may be considered one Device. (For example: A default email address of john.doe@acme.com with an alias of jdoe@acme.com counts as a single Device).
   “Documentation” means the Product installation instructions, user manuals, setup posters, release notes, and operating instructions prepared by Forcepoint, in any form or medium, as may be updated from time to time by Forcepoint and made generally available to Licensee.
   “Error” means the failure of a Product to perform a specified function or to meet its System Performance Goals, which is reported by Licensee and replicable by Forcepoint.
   “Forcepoint” means, as the context requires: (i) Forcepoint LLC, a Delaware limited liability company with its principal place of business at 10900-A Stonelake Blvd., 3rd Floor, Austin, TX 78759, USA; or (ii) Forcepoint International Technology Limited, with a principal place of business at Minerva House, Simmonscourt Road, Dublin 4, Ireland; or (iii) Forcepoint Federal LLC, with a principal place of business at 12950 Worldgate Drive, Suite 600, Herndon, VA 20170; or (iv) a corporation or entity controlling, controlled by or under the common control of Forcepoint with whom an Order has been placed referencing this Agreement.
   “GSA Customer Purchase Order” (“Order”) means a purchase commitment mutually agreed upon between Forcepoint or a Forcepoint authorized reseller(s) and the GSA Customer for ordering supplies or services pursuant to FAR part 8.4.
   “License” means the limited, personal, non-sublicensable, non-exclusive, non-transferable right to use the Software (including the Database, if any) for the term set forth in the Order, and in accordance with this Agreement and the Order.
   “License Fees” means the agreed upon license fees for the Software (including the Database, if any) included in an Order based on the GSA Schedule Price List.
   “Licensee” means the ordering activity authorized to place an Order against the GSA Schedule Contract GS-35F-0511T on which the Products are included.
   “Maintenance” means a limited-term, non-exclusive, non-sublicensable, non-transferable right to: (a) receive the technical support described in Section 5, (b) receive Software Upgrades, if any, (c) receive and use the Database Updates, if any, and (d) use SaaS Email and SaaS Web (when set forth in the Order), in accordance with this Agreement and the Order.
   “Maintenance Term” means the agreed upon time period for the provision of Maintenance in an Order. “Permitted Capacity” means the number of Devices, Seats, Users, or other license metrics as set forth in the Order.
   “Products” means Software, Databases, Database Updates, Software Upgrades, together with applicable Documentation and media, and if purchased pursuant to an Order, SaaS and Forcepoint packaged service offerings.
   “SaaS” “Software as a Service” means Forcepoint’s software-as-a-service offerings, including SaaS Web and/or SaaS Email.
   “Software” means Forcepoint’s proprietary software applications, in object code only.
   “Software Upgrades” means certain modifications or revisions to the Software, but excludes new products for which Forcepoint generally charges a separate fee.
   “User” means (i) any person utilizing Licensee’s network with access to the Products directly or indirectly, who is an employee, temporary employee, agent, consultant and/or independent contractor (collectively referred to as “personnel,” hereinafter), or guest of Licensee (ii) for SaaS Email a separate email address or account that receives electronic messages or data within Licensee’s email system or network. For SaaS Email, up to 5 aliases may be considered one User. (For example: A default email address of john.doe@acme.com with an alias of jdoe@acme.com counts as a single User).
   “Virus” or “Malware” means computer software or program code that is designed to damage or reduce the performance or security of a computer program or data.

SaaS Email Definitions

“Average Emails Per Seat” or “Average Emails Per User” means the total number of emails processed in performance of SaaS Email divided by the number of Devices, Seats, or Users in the Order.

“Bulk Mail” means a large number of email messages with similar content sent or received in a single operation or a series of related operations.

“SaaS Email” means the online, Web-based Product (or Product component) provided by Forcepoint when set forth in the Order, including any associated offline components.

“Open Relay” means an email server configured to receive email from an unauthorized third party and that forwards the email to other recipients who are not part of the server’s email network.

“Spam” means a large number of unsolicited email messages (typically over 500 per month) with similar content sent or received in a single operation or a series of related operations.

SaaS Web Definitions

“Average Bandwidth Per Seat” or “Average Bandwidth Per User” means the total bandwidth used in the performance of SaaS Web divided by the number of Devices, Seats, or Users in the Order.

“Web Content” means any data and requests for data processed by SaaS Web including, but not restricted to that accessed using the Internet protocols HTTP and FTP.

“SaaS Web” means the online, Web-based Product (or Product component) provided by Forcepoint when set forth in the Order, including any associated offline components.

2. Software License. Subject to the provisions contained in this Agreement, and timely payment of the applicable Fees, Forcepoint hereby grants Licensee a License to use the Software, and Software Upgrades provided pursuant to Maintenance, identified in the Order solely for Licensee’s internal business purposes up to the Permitted Capacity set forth in the Order. Provided Licensee pays the Maintenance Fees, Forcepoint will provide Licensee with Maintenance. Subject to compliance with the terms of this Agreement, Licensee may relocate or transfer the on-premise Product for use on a different server within its location. Licensee shall not, and shall not permit anyone else to copy the on-premise Products, other than copies made solely for data backup and testing purposes. Any source code provided to Licensee by Forcepoint is subject to the terms of this Agreement. Licensee understands that its right to use the Products is limited by the Permitted Capacity purchased, and Licensee’s use may in no event exceed the Permitted Capacity authorized under the applicable Order. The Permitted Capacity provided in the Order(s) represents minimum amounts that Licensee has
committed to for the Maintenance Term. If Licensee’s use exceeds the Permitted Capacity, Forcepoint will provide immediate notice to the GSA Customer of the alleged deficiency and may invoice the GSA Customer for the number of licenses required to bring it into compliance under this Agreement.

3. **Provision of SaaS.**

3.1 Forcepoint will use commercially reasonable efforts to provide SaaS for the Maintenance Term. The then-current Service levels for SaaS are attached as Exhibit B for information purposes. Forcepoint makes no service level commitments for email that is determined by Forcepoint to be Bulk Mail.

3.2 If Forcepoint determines that the security or proper function of SaaS would be compromised due to third-party, hacking, denial of service attacks or other activities originating from or directed at Licensee’s network, Forcepoint may immediately suspend SaaS until the problem is resolved. Forcepoint will promptly notify and work with Licensee to resolve the issues.

3.3 If SaaS is suspended or terminated, Forcepoint will reverse all configuration changes made during SaaS enrollment. It is Licensee’s responsibility to make the server configuration changes necessary to reroute email for SaaS Email and reroute Web Content for SaaS Web.

3.4 Forcepoint may modify, enhance, replace, or make additions to the Products. Forcepoint may use Malware, Spam, and other information passing through the Products for the purposes of developing, analyzing, maintaining, reporting on, and enhancing the Forcepoint Products and services.

3.5 Licensee must not use SaaS Email as an Open Relay.

3.6 Licensee must not use the Products to distribute Spam or Malware.

3.7 If in any one (1) calendar month the Average Emails per Device, Seat or Average Emails Per User is greater than ten thousand (10,000), Licensee will make reasonable efforts to implement and maintain an accurate list of all valid email addresses belonging to Licensee for which SaaS Email scans inbound or outbound emails. Licensee’s Average Emails Per Seat or Average Emails Per User must not be greater than thirty thousand (30,000) in any one (1) calendar month.

3.8 Licensee’s Average Bandwidth Per Seat or Average Bandwidth Per User must not be greater than 0.02Mbps in any one (1) calendar month.

4. **Licensee Obligations.**

4.1 Licensee will (a) comply with all applicable federal laws, statutes and regulations, (b) only use the Products for legitimate business purposes which may include sending and receiving business and personal email or Web Content by its personnel, and (c) not use the Products to transmit Spam, Malware, or excessive email as defined in section 3.7.

4.2 Licensee must (a) have the authority, rights, or permissions to use all domains registered to the Products, and (b) obtain any legally required consents from its personnel, and (c) not use the Products to filter, screen, manage or censor Internet content for consumers without permission from the affected consumers and Websense’s express prior written approval.

4.3 Forcepoint will not be liable for any claims, demands, suits, or proceedings ("Claims") made or brought against Forcepoint by a third party alleging or related to Licensee’s (i) violation of its obligations in this Section 4; (ii) infringement of intellectual property rights; (iii) civil or criminal offenses; (iv) transmission or posting of obscene, indecent, or pornographic materials; (v) transmission or posting of any material which is slanderous, defamatory, offensive, abusive, or menacing or which causes annoyance or needless anxiety to any other person; or (vi) transmission of information through the Products.

5. **Technical Support.**

5.1 Product technical support includes (i) standard technical support, Error corrections or workarounds so that the Software operates in substantial conformance with the Documentation, and (ii) the provision of Database Updates and Software Upgrades, if and when available, all of which are provided under Forcepoint’s Technical Support Policies which are provided for informational purposes as Exhibit A and can be found https://www.forcepoint.com/technical-support-terms-service-and-description. Standard technical support includes online website and portal access, and telephone support during business hours. Database Updates and Software Upgrades will be provided to Licensee only if Licensee has paid the appropriate Maintenance Fees for the Permissible Capacity. Forcepoint may require Licensee to install Software Upgrades up to and including the latest release. Enhanced support offerings are only available pursuant to the execution of a new or modified Order and are also subject to the terms of this Agreement.

5.2 Forcepoint’s obligation to provide technical support is limited to: (i) a Product that has not been altered or modified by anyone other than Forcepoint or its licensors; (ii) a release for which technical support is provided; (iii) Licensee’s use of the Product in accordance with the Documentation and without errors and faults caused by systems or programs supplied by Forcepoint. If an Error has been corrected or is not present in a more current version of the Product, Forcepoint will provide the more current version via technical support, but will not have any obligation to correct such Error in prior versions.

5.3 Technical support for on-premise Products may be limited to the most current release and the most recent previous sequential major release of the Product. Forcepoint reserves the right to terminate the Maintenance or increase the associated fees upon 60 days prior written notice should Licensee not stay current with a supported release in accordance with this Section.

6. **Intellectual Property Rights.** The Products and all related intellectual property rights are the exclusive property of Forcepoint or its licensors. All right, title and interest in and to the Products, and all applicable rights in patents, copyrights, trade secrets, trademarks and all intellectual property rights in the Products remain exclusively with Forcepoint or its licensors. The Products are valuable, proprietary, and unique, and Licensee agrees to be bound by and observe the proprietary nature of the Products. The Products contain material that is protected by patent, copyright and trade secret law, and by international treaty provisions. The Products include software products licensed from third parties. Such third parties have no obligations or liability to Licensee under this Agreement Licensee may not assign more than twenty (20) administrators to administer Forcepoint products. All rights not granted to Licensee in this Agreement are reserved to Forcepoint. No ownership of the Products passes to Licensee. Forcepoint may make changes to the Products at any time without notice. Except as otherwise expressly provided, Forcepoint grants no express or implied right under Forcepoint patents, copyrights, trademarks, or other intellectual property rights. Licensee may not remove any proprietary notice of Forcepoint or any third party from the Products or any copy of the Products, without Forcepoint’s prior written consent.

7. **Protection and Restrictions.**

7.1 Each party (the “Disclosing Party”) may disclose to the other (the “Receiving Party”) certain confidential technical and business information which the Disclosing Party desires the Receiving Party to treat as confidential. "Confidential Information" means any information disclosed by either party to the other party, either directly or indirectly, in writing, orally, electronically or by inspection of tangible objects (including without limitation documents, prototypes, equipment, technical data, trade secrets and know-how, product plans, Products, services, suppliers, customer lists and customer information, markets, software, databases, developments, inventions, processes, formulas, technology, employee
information, designs, drawings, engineering, hardware configuration information, marketing, licenses, finances, budgets and other business information), which is designated as "Confidential," "Proprietary" or some similar designation at or prior to the time of disclosure, or which should otherwise reasonably be considered confidential by the Receiving Party. Confidential Information may also include information disclosed to a Disclosing Party by third parties that is designated as confidential. When the end user is an instrumentality of the U.S. Government, neither this Agreement nor the Schedule Price List shall be deemed "Confidential" notwithstanding marking to that effect. Notwithstanding anything in this Agreement to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Agreement.

Confidential Information shall not, however, include any information which the Receiving Party can document (i) was publicly known and made generally available prior to the time of disclosure by the Disclosing Party or an authorized third party; (ii) becomes publicly known and made generally available after disclosure through no action or inaction of the Receiving Party in violation of any obligation of confidentiality; (iii) is already in the possession of the Receiving Party at the time of disclosure; (iv) is lawfully obtained by the Receiving Party from a third party without a breach of such third party's obligations of confidentiality; or (v) is independently developed by the Receiving Party without use of or reference to the Disclosing Party's Confidential Information. Each party agrees that all Confidential Information of the other party will be treated by the Receiving Party as non-public confidential information and will not be disclosed to any person other than Disclosing Party and Receiving Party's personnel on a need to know basis and that Receiving Party will protect the confidentiality of such Confidential Information in the same manner that it protects the confidentiality of its own proprietary and confidential information, but in no event with less than a reasonable standard of care. Furthermore, each party agrees to only use the Confidential Information of the other party for purposes of carrying out its rights and obligations under this Agreement. Forcepoint recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as "confidential" by the vendor.

7.2 Licensee will take all reasonable steps to safeguard the Products to ensure that no unauthorized person has access and that no unauthorized copy, publication, disclosure or distribution, in any form is made. The Products contain valuable, confidential information and trade secrets and unauthorized use or copying is harmful to Forcepoint. Licensee may use the Products only for its internal business purposes. Licensee will not itself, or through its personnel or other third party: (i) sell, resell, distribute, host, lease, rent, license or sublicense, in whole or in part, the Products; (ii) decipher, decompile, disassemble, reverse assemble, modify, translate, reverse engineer or otherwise attempt to derive source code, algorithms, tags, specifications, architecture or other elements of the Products, in whole or in part, for competitive purposes or otherwise; (iii) allow access to, provide, divulge or make available the Products to any user other than Licensee's personnel who have a need for such access and who shall be bound by nondisclosure obligations that are at least as restrictive as the terms of this Agreement; (iv) write or develop any derivative works based upon the Products; (v) modify, adapt, translate or otherwise make any changes to the Products or any part thereof; (vi) use the Products to provide processing services to third parties, or otherwise use the same on a 'service bureau' basis; (vii) disclose or publish, without Forcepoint's prior written consent, performance or capacity statistics or the results of any benchmark test performed on the Products; (viii) otherwise use or copy the Products except as expressly permitted herein; (ix) use third party software included in the Products independently from the Products; and (x) sublicense, in whole or in part, the Products; (ii) decipher, decompile, disassemble, reverse assemble, modify, translate, re-engineer or otherwise attempt to derive source code, algorithms, tags, specifications, architecture or other elements of the Products, in whole or in part, for competitive purposes or otherwise; (iii) allow access to, provide, divulge or make available the Products to any user other than Licensee's personnel who have a need for such access and who shall be bound by nondisclosure obligations that are at least as restrictive as the terms of this Agreement; (iv) write or develop any derivative works based upon the Products; (v) modify, adapt, translate or otherwise make any changes to the Products or any part thereof; (vi) use the Products to provide processing services to third parties, or otherwise use the same on a 'service bureau' basis; (vii) disclose or publish, without Forcepoint's prior written consent, performance or capacity statistics or the results of any benchmark test performed on the Products; (viii) otherwise use or copy the Products except as expressly permitted herein; (ix) use third party software included in the Products independently from the Products; and (x) sublicense, in whole or in part, the Products.

9.3 Licensee's requirements, (iii) operate without interruption or error, (iv) always locate or block transmission or file that should potentially be located or blocked; or (B) that data contained in the Databases will be (i) appropriately categorized or (ii) that the algorithms used in the Products will be complete or accurate. 9.2 Licensee must promptly notify Forcepoint during the Warranty Period in writing of a breach of warranty claim. Provided that such claim is reasonably determined by Forcepoint to be Forcepoint's responsibility, Forcepoint shall, within thirty (30) days of its receipt of Licensee's written notice, (i) correct the Error or provide a workaround; (ii) provide Licensee with a plan reasonably acceptable to Licensee for correcting the Error; or (iii) if the Error cannot be corrected by Forcepoint, then Forcepoint may terminate the affected Product License and Licensee will be entitled to a refund of the Fees paid for the affected Product. This paragraph sets forth Licensee's sole and exclusive remedy and Forcepoint's entire liability for any breach of warranty related to the Products. 9.3 This warranty is void and Forcepoint is not obligated to provide technical support if a claimed breach of the warranty is caused by: (i) any unauthorized modification of the Products or tampering with the Products; (ii) use of the Products inconsistent with the accompanying Documentation; (iii) Licensee's failure to use any new or corrected versions of the Product made available by Forcepoint; or (iv) related breach of this Agreement.

4.4 THE WARRANTIES SET FORTH IN THIS SECTION 9 ARE IN LIEU OF, AND NO FORECAST, EXPRESSLY DISCLAIMS TO THE MAXIMUM EXTENT PERMITTED BY FEDERAL LAW, ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, NONINFRINGEMENT, TITLE OR FITNESS FOR A PARTICULAR PURPOSE, AND FREEDOM FROM PROGRAM ERRORS, VIRUSES OR ANY OTHER MALICIOUS CODE WITH RESPECT TO THE PRODUCTS AND SERVICES PROVIDED UNDER THIS AGREEMENT.

10. Limitation of Liability. NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS AGREEMENT, FORCEPOINT, ITS AFFILIATES, ITS LICENSEES OR RESELLERS WILL NOT BE LIABLE FOR (I) LOST PROFITS; (II) LOSS OF BUSINESS; (III) LOSS OF GOODWILL, OPPORTUNITY, OR REVENUE; NOR (IV) ANY INDIRECT, CONSEQUENTIAL, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT WHETHER FORESEEABLE OR UNFORESEEABLE INCLUDING, BUT NOT LIMITED TO CLAIMS FOR USE OF THE PRODUCTS, INTERRUPTION IN USE OR AVAILABILITY OF DATA, STOPPAGE OF OTHER WORK OR IMPAIRMENT OF OTHER ASSETS, PRIVACY, ACCESS TO OR USE OF ANY ADDRESSES, EXECUTABLES OR FILES THAT SHOULD HAVE BEEN LOCATED OR BLOCKED, NEGLIGENCE, BREACH OF CONTRACT, TORT OR OTHERWISE AND THIRD PARTY CLAIMS, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL FORCEPOINT'S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT EXCEED THE TOTAL AMOUNT ACTUALLY RECEIVED BY FORCEPOINT FOR THE APPLICABLE PRODUCTS AND SERVICES OVER THE ONE YEAR PERIOD PRIOR TO THE EVENT OUT OF WHICH THE CLAIM AROSE FOR THE PRODUCTS OR SERVICES.
11. **Indemnification.** In the event of a third-party claim, suit or proceeding against Licensee asserting that use of the Product as permitted in this Agreement infringes a third-party's patent, copyright, or trademark right recognized in any jurisdiction where the Product is used, Forcepoint will defend Licensee and indemnify Licensee against costs, expenses (including reasonable attorneys' fees), and damages payable to any third party in any such suit or cause of action that are directly related to that claim to the extent permitted under 28 U.S.C. 516. Forcepoint’s obligation under this Section is contingent upon Licensee providing Forcepoint with: (a) prompt written notice of the suit or claim; (b) the right to control and direct the defense of the claim as set forth in 28 U.S.C. 516; and (c) reasonable cooperation with Forcepoint. Forcepoint will have no liability for any claim of infringement resulting from: (i) modification of the Products by anyone other than Forcepoint; (ii) a combination of the Products with other hardware or software not provided by Forcepoint; or (iii) failure by Licensee to implement Software Upgrades and Database Updates. In the event the Products, in Forcepoint’s opinion, are likely to or do become the subject of a claim of infringement, Forcepoint may at its sole option and expense: (x) modify the Products to be non-infringing while preserving equivalent functionality; (y) obtain a license for Licensee’s continued use of the Products; or (z) terminate this Agreement and the license granted hereunder, accept return of the Products and refund to Licensee the unused pre-paid Maintenance Fees paid for the affected Product applicable to the balance of the then current Maintenance Term. SUBJECT TO FAR 52.212-4 (h), THIS SECTION SETS FORTH FORCEPOINT’S ENTIRE LIABILITY AND OBLIGATION AND LICENSEE’S SOLE AND EXCLUSIVE REMEDY FOR ANY INFRINGEMENT OR CLAIMS OF INFRINGEMENT BY THIRD PARTIES REGARDING THE PRODUCTS AND SERVICES.

12. **Term and Termination.**

12.1 This Agreement continues in full force and effect until the expiration or termination of the Order(s), unless otherwise terminated earlier as provided in the FAR, the underlying GSA Schedule Contract and/or any applicable Order. Upon termination or expiration of the Maintenance Term, Licensee’s right to receive Maintenance to the Products ends.

12.2 Product evaluation subscriptions are available for a period of up to thirty (30) days and are subject to the terms and conditions of this Agreement, except however that (i) evaluation subscriptions may only be used to evaluate and facilitate Licensee’s decision to purchase a license to the products, and (ii) evaluation subscriptions are provided by Forcepoint on an AS IS and AVAILABLE basis without warranties of any kind. At the end of the evaluation period, Licensee must execute an Order for a new License. Licensee’s continued use of the Products after executing a new order is subject to this Agreement. For purposes of clarification, Licensee is not entitled to a refund of any pre-paid fees or waiver of any fees owed prior to termination of this Agreement or an Order.

12.3 When the end user is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Forcepoint shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer. Upon expiration or notification of termination, Licensee must uninstall any Products, cease using and destroy or return all copies of the Products to Forcepoint, and to certify in writing that all known copies thereof, including backup copies, have been destroyed. Sections 1, Definitions, 6, Intellectual Property Rights, 7, Protection and Restrictions, 8, Financial Terms, 9, Limited Warranty: Remedies; Disclaimer, 10, Limitation of Liability, 11, Indemnification, 12, Term and Termination, 14, Government Restricted Rights, 15, Export, 16, Compliance and 17, General survive the termination of this Agreement.

13. **Compliance with Laws.** Each party will comply with all applicable laws and regulations that may apply concerning the protection of personal data, and anti-bribery. Licensee must obtain any required employee consents addressing the interception, reading, copying or filtering of emails and their attachments. Neither party will use any data obtained via the Products for any unlawful purpose.

14. **Rights of Government Licensees.** The Products meet the definition of “commercial item” in Federal Acquisition Regulation (“FAR”) 2.101, were developed entirely at private expense, and are provided to Government Licensees exclusively under the terms of this Agreement. Software, including Software Upgrades, is “commercial computer software” and applicable Documentation and media are “commercial computer software documentation,” as those terms are used in FAR 12.212 and DFARS 227.7202. Use of the Products by the U.S. Government constitutes acknowledgment of Forcepoint’s proprietary rights therein, and of the exclusive applicability of this Agreement.

15. **Export.** The Products are subject to export controls of the United States (“Export Controls”). Export or diversion contrary to U.S. law is prohibited. U.S. law prohibits export or re-export of the software or technology to specified countries or to a resident or national of those countries (“Prohibited Country” or “Prohibited Countries”). It also prohibits export or re-export of the software or technology to any person or entity on the U.S. Department of Commerce Denied Persons List, Entities List or Unverified List; the U.S. Department of State Debarred List; or any of the lists administered by the U.S. Department of Treasury, including lists of Specially Designated Nationals, Specially Designated Terrorists or Specially Designated Narcotics Traffickers (collectively, the “Lists”). U.S. law also prohibits use of the software or technology with chemical, biological or nuclear weapons, or ballistic missiles (“Prohibited Uses”). Licensee represents and warrants that it will not use the software or technology for any Prohibited Uses; and that it will comply with Export Controls.

16. **Compliance.** Subject to Government security requirements, Forcepoint has the right to monitor the Licensee’s systems to confirm its authorized use of the Products. Upon Forcepoint’s request Licensee will document and certify that its use of the Products is in full conformity with the use rights granted under this Agreement and the applicable Order. Licensee acknowledges that the Products may include a license manager component to track usage of the Products and agrees not to impede, disable or otherwise undermine such license manager’s operation.

17. **General.** For the purposes of customer service, technical support, and as a means of facilitating interactions with its end-users, Forcepoint may periodically send Licensee messages of an informational or advertising nature via email Licensee may choose to “opt-out” of receiving these messages or information sharing by sending an email to optoutlegal@forcepoint.com requesting the opt-out. Licensee acknowledges and agrees that by sending such email and “opting out” it will not receive emails containing messages concerning upgrades and enhancements to Products. However, Forcepoint may still send emails of a technical nature. Licensee acknowledges that Forcepoint may use Licensee's company name only in a general list of Forcepoint customers, subject to the restrictions contained in GSA 552.203-71 regarding publicity. Forcepoint may use any suggestions, ideas, enhancement requests, feedback, or recommendations provided by Licensee or its personnel relating to the Products. Forcepoint may use non-identifying and aggregate usage and statistical information related to Licensee’s and its personnel’s use of the Products for its own purposes outside of the Agreement. Licensee may not transfer any of Licensee’s rights to use the Products or assign this Agreement to another person or entity, without first obtaining prior written

GS-3SF-0511T  https://www.immixgroup.com/contract-vehicles/gsa/it-70-0511T/  Page 477
approval from Forcepoint. Assignment by Forcepoint is subject to FAR 52.232-23 “Assignment of Claims” (Jan. 1986) and FAR subpart 42.12 “Novation and Change-of-Name Agreements” (Sep. 2013).

Any notice required or permitted under this Agreement or required by law must be in writing and must be (i) delivered in person, (ii) sent by first class registered mail, or air mail, as appropriate, or (iii) sent by an internationally recognized overnight air courier, in each case properly posted. Notices sent to Forcepoint must be sent to the attention of the General Counsel at 10900-A Stonelake Blvd., 3rd Floor, Austin, TX 78759 USA. Notices are deemed given at the time of actual delivery in person, two (2) business days after deposit in the mail as set forth above, or one (1) day after delivery to an overnight air courier service. Either party may change its contact person for notices and/or its address for notice by means of notice to the other party given in accordance with this paragraph. Any dispute arising out of or relating to this Agreement or the breach thereof shall be governed by the federal laws of the United States. Pursuant to FAR 52.212-4(f), neither party will be liable for any delay or failure in performance to the extent the delay or failure is caused by events beyond the party’s reasonable control, including acts of God, or the public enemy, acts of Government in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather and delays of common carriers. This Agreement, the underlying GSA Schedule Contract GS-35F-0296R, the Schedule Price List and any applicable GSA Customer Purchase Order constitute the entire agreement between the parties regarding the subject matter herein and the parties have not relied on any promise, representation, or warranty, express or implied, that is not stated therein. This Agreement, however shall take precedence, to the maximum extent allowed by law, over the terms of the underlying GSA Schedule Contract or any specific, negotiated terms on the GSA Customer’s Purchase Order with Forcepoint. Any waiver or modification of this Agreement is only effective if it is in writing and signed by both parties. Licensee agrees that its purchases hereunder are neither contingent on the delivery of any future functionality or features nor dependent on any oral or written comments made by Forcepoint regarding future functionality or features. If any part of this Agreement is found invalid or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby. Forcepoint is not obligated under any other agreements unless they are in writing and signed by an authorized representative of both parties.
EXHIBIT A

FORCEPOINT TECHNICAL SUPPORT

Forcepoint Technical Support combines people, process and technology in support of our Licensees’ use of Forcepoint Products. Licensees are enrolled in one of six Forcepoint Technical Support programs: (1) Standard Support; (2) Premium Support; (3) Premium Priority Support; (4) Mission Critical Support; (5) Mission Critical Support Global; (6) Mission Critical Support Elite. Standard Support, Premium Support, and Mission Critical Support offerings are additional charge support options, and are only provided after Licensee has paid the associated fees for participation in one of these five support options.

1. **Forcepoint Standard Support:** Through the combination of available resources, Licensee can submit new cases and manage case status, access the latest security features and download software, upgrades, updates and patches, as well as review technical documentation. With Standard Support, Licensees receive access to:
   - 24x7x365 online support located at: Support
   - the Knowledgebase and Documentation
   - the Customer Forum
   - Tech Alerts Maintenance
   - download software updates and patches
   - submit and track support cases
   - Five (5) incidents per Maintenance year for telephone and online access to technical support engineers during normal business hours for the region where Licensee is located

The Forcepoint support team has received technical training in the Forcepoint Products and related supported applications. Forcepoint will:

   - Address Licensee open cases in a timely, professional and courteous manner
   - Assign a trouble case number used to track status and as a reference for Licensee inquiries
   - Communicate the status of open cases
   - Log the support activity and provide status updates

2. **Forcepoint Premium Support:** Forcepoint Premium Support includes all the benefits of Standard Support on a 24x7 basis, including weekends and holidays for Severity 1 & 2 issues. In addition to those benefits included in Standard Support, Premium Support includes:

   - 24/7 support for Severity Level 1 & 2 issues
   - No limit on the number of incidents per Maintenance year for telephone and online access to technical support engineers
   - Priority access to technical support engineers
   - Priority support
   - Severity three and four issues will be worked during regular business hours only

These benefits are described in more detail on Support at: Global Technical Support Programs

3. **Forcepoint Premium Priority Support:** Forcepoint Premium Priority Support includes all the benefits of Premium Support, and also includes:

   - An assigned Escalation Manager who is responsible for ensuring consistent workflow of technical support cases and timely progression of Licensee’s technical issues
   - Premium Priority access to technical support engineers
   - Premium Priority support

4. **Forcepoint Mission Critical Support:** Forcepoint Mission Critical Support combines all the benefits of Premium Priority Support with a technical account manager (TAM) who is assigned to the account, and who proactively works with the Licensee to support performance, reliability and availability of the Forcepoint Products. Upon gaining an understanding of Licensee’s environment, the TAM will work with Licensee to:

   - Provide strategic support planning around Licensee’s use of the Forcepoint Products
   - Perform architecture reviews, migration planning assistance, training recommendations and periodic account reviews

With Mission Critical Support, Licensee receives access to:

   - Technical Account Manager:
     - Expedited case handling and escalation path
     - Account related inquiries and assistance
     - Available for an annual on-site visit
     - Collaborative strategic support planning

These benefits are described in more detail at: Global Technical Support Programs

5. **Forcepoint Mission Critical Support Global:** Forcepoint Mission Critical Support Global combines all the benefits of Premium Priority Support with regionally assigned Technical Account Managers (TAMs) who are assigned to the Licensee in each of the three Forcepoint business regions.

---

9 An “incident” is any assisted support where a case is opened and a case number assigned by Forcepoint. Multi-year maintenance holders may aggregate and use the allotted incidents at any time during the then-current Maintenance Term. Incidents do not rollover to a renewal Maintenance Term. Assisted support for SaaS support will not count as an incident.
The TAMs proactively work with the Licensee to support performance, reliability and availability of the Forcepoint Products. In addition to regional TAM coverage the Licensee will also be provided with a Global Account Manager (GAM) who oversees and organizes the actions and activities of the regional TAMs for the Licensee on a global level. Upon gaining an understanding of Licensee’s environment, the GAM and regional TAMs will work with Licensee to:

- Provide strategic support planning around Licensee’s use of the Forcepoint Products
- Perform architecture reviews, migration planning assistance, training recommendations and periodic account reviews

With Mission Critical Support Global, Licensee receives access to:

- Technical Account Manager:
  - Expedited case handling and escalation path
  - Account related inquiries and assistance
  - Collaborative strategic support planning

These benefits are described in more detail at: Global Technical Support Programs

6. **Forcepoint Mission Critical Support Elite**:

Forcepoint Mission Critical Support Elite combines all the benefits of Mission Critical Support’s Technical Account Manager (TAM) with increased levels of technical engagement and assistance consisting of the TAM being made available to work with Licensee for:

- On-site upgrade assistance (up to 1 per year, 2 days maximum)
- On-site issue resolution assistance (up to 1 per year, 2 days maximum)
- Quarterly health check review via remote sessions
- Custom training (up to 4 – Two (2) hour sessions per year) delivered remotely
- Advanced architectural planning (disaster recovery and high availability)

These benefits are described in more detail at: Global Technical Support Programs

7. **Forcepoint Hardware Support**:

Hardware support for Forcepoint appliances is available to licensees with current Maintenance for Forcepoint software applications running on the hardware. Support for hardware is available only during the Maintenance Term and under a valid hardware support contract.

Hardware support includes:

- Parts replacement of defective hardware materials and workmanship including internal peripherals
- “Retain your hard drive” option in the event of hard drive failure and replacement
- Phone-based troubleshooting
- Severity One level on-site parts replacement provided by a Forcepoint authorized service technician at Licensee’s business location on record (see Section 10, Licensee Responsibilities)

These benefits are described in more detail at: www.websense.com

For non-Forcepoint branded hardware, Licensee must contact the hardware manufacturer directly in order to obtain any available warranty assistance.

8. **Forcepoint Technical Support Targeted Response Times**:

Forcepoint follows a tiered support process. Tiered support is a controlled escalation environment, employed to deliver multiple levels of support as deemed appropriate for the support request. Response times are dependent on the severity of the issue reported. A support case is generated for the Licensee by a member of the Forcepoint Technical Support team or by the Licensee online at Support.

Technical Support requests which are not resolved during the first telephone contact are assigned a Severity Level based on the descriptions in the chart below:
<table>

9. **Service Level Guidelines: Response Time and Request Resolution**:

- **Service Level Compliance**: Forcepoint strives to provide compliance of 80% (90% for Mission Critical Support) for the service levels set forth in the following response times:
  - Service response levels: o Target response time for inbound telephone calls made during business hours is based on the Severity of the issue (Please see chart); resolution time for 30% of the issues is generally within one business day.
  - o Business hours are Monday through Friday, during the hours set forth in the region where Licensee resides as set forth at: [Contact Support (“Business Hours”)](https://www.immixgroup.com/contact-support/)
  - o For calls to the 24x7 Support Line that occur after hours, the target response time for inbound telephone calls is within one hour for entitled Licensees.

- **Escalation response levels**: If it is determined that the Forcepoint Technical Support team cannot resolve the support case, the issue will be escalated to the Forcepoint Engineering team. The technical support engineer updates Licensee on the plan of action and provides timely status updates. Such an action plan may include, but shall not be limited to, a call disposition or issue resolution.

- **Support for hardware**: Response times for hardware parts replacement applies after phone-based troubleshooting has concluded and will vary by country. Service availability and response times are available at: [Target Response Times](https://www.immixgroup.com/contact-support/)

10. **Licensee Responsibilities**: In order to efficiently resolve problems, it is important that there be clear and effective communications between Licensee and Forcepoint. The first step of the process requires an accurate reporting of the problem by Licensee. Licensee will need to provide Forcepoint Technical Support with at least the following information to initiate the process outlined in this document:

- Licensee name

---

11 Service levels are applicable for the software configurations described at [Certified Product Matrix](https://www.immixgroup.com/certified-product-matrix). Action requests involving non-included configurations may require more time to resolve, Forcepoint will make commercially reasonable efforts to resolve technical support calls in the aforementioned service level time frame.
• Maintenance Key information
• Support PIN of the day for Licensee’s Cloud security account
• Technical contact information including: name, telephone number and email address
• Preliminary assessment of the scope and severity of the problem, including the number of affected users/Seats
• Additional details and files as requested by Forcepoint needed to resolve the issue

A case number will be assigned and provided to you. Licensee should retain and use this case number in order to facilitate future communications regarding the matter.

In order to receive on-site parts replacement for a hardware Severity One problem, Licensee must keep a current record with Forcepoint of the business location on record for the physical location of the hardware. Failure to keep current the business location on record will result in service interruption until Forcepoint and its OEM receive and process the information for the updated location.

• Licensee must notify Forcepoint of hardware transferred to alternate business locations, 10 days prior to the transfer, within or outside the country of purchase to ensure response time coverage and country registration
• Updates to a physical location must be completed prior to dispatching of authorized technicians
• Licensee or Licensee’s authorized representative must be available when the service technical arrives, or the service technician will not be able to service the hardware
• Missed service calls due to Licensee’s unavailability may result in additional charges for the follow-up service call

be provided where:

• Hardware is repurposed or modified from its original configuration
• Hardware has missing or altered serial numbers or Service Tags
• Hardware has been serviced by someone other than a Forcepoint-authorized service provider
• Premium or Mission Critical Support maintenance has expired

11. Technical Support Channels: There are two ways for Licensees to engage support:

• Open a case online at: Support
• Open a case via telephone: Contact Support

12. Support Escalation Channels: If after following the procedures for creation of a technical support case Licensee desires to escalate a support issue, the following escalation path to a Technical Support Manager in Licensee’s region is available using the numbers listed below:

Note: Please ask for a support delivery manager when calling during supported business hours for immediate attention to your concerns.

Escalation contacts are available 24 hours a day, 7 days a week to service Licensee’s Severity 1 business needs.

12 A service technician will only be dispatched after Forcepoint and Licensee have concluded phone-based troubleshooting and determined that a Severity One problem exists.
13 Registrations may take up to 10 business days to complete.
14 In the event that Licensee is not available, the technician will leave a card as indication that the technician was there and the visit will be rescheduled. Toll-free numbers are provided for Licensees of Premium and Mission Critical Support in some geographies.
Security Service Level Agreement

1. Terms and Conditions

Forcepoint™ is a premier provider of SaaS security services. Forcepoint provides these SLAs in order to demonstrate its ongoing commitment to provide top-quality SaaS security service offerings for world class organizations and businesses.

1.1 Forcepoint provides these SLAs subject to the terms and conditions of the then current Forcepoint Subscription Agreement at Subscription Agreement. The defined terms therein shall have the same meaning when used in this SLA. The current version of these SLAs can be found at Forcepoint SaaS Security Service Level Agreement.

1.2 In order to receive a Service Credit under any of these SLAs, the Subscriber must make a credit request in writing within thirty (30) days of the occurrence of the breach in service levels (or earlier if specifically set forth below). The Subscriber must also promptly provide Forcepoint with evidence as reasonably requested by Forcepoint of the SLA violation subject to the Service Credit request. A “Service Credit” entitles the Subscriber to the free use of the affected SaaS security service for the time period set forth in the applicable SLA.

1.3 Credits for any Subscriber problems with Forcepoint SaaS Security services will be provided under a single SLA for a single claim, with the SLA that the claim is based upon determined by the Subscriber. One claim cannot result in Service Credits under multiple SLAs.

1.4 The SLAs will not apply to situations where:

- The SaaS Security service is unavailable for an hour or less, and the Subscriber fails to report the unavailability in writing to Forcepoint within five (5) days thereafter.
- The SaaS Security service is incorrectly configured by the Subscriber.
- The Subscriber provides incorrect configuration information to Forcepoint.
- Forcepoint is performing scheduled or routine maintenance of the SaaS Service, where the Subscriber has been notified of the maintenance no less than five (5) days in advance.
- The Subscriber’s applications or equipment or Internet connection has failed.
- For SaaS Email Security, where an account is not configured to use two or more co-location sites (clusters).
- The Subscriber has acted as an open relay or open proxy, or has been using the service to send spam or viruses, or otherwise is using the SaaS Security service in violation of the Forcepoint Subscription Agreement.
- The Subscriber has used the SaaS Security service for thirty (30) days or less.
- The Subscriber is a trial or evaluation customer.
- The failure of the SLA is based on reasons beyond Forcepoint’s reasonable control as set out in the Forcepoint Subscription Agreement.

1.5 The remedies set forth in these SLAs are the Subscriber’s sole and exclusive remedy for any failure by Forcepoint to comply with the SLAs. Further information regarding remedies is set forth in the Forcepoint Subscription Agreement.

2. SLAs for SaaS Email Security

2.1 Message Tracking

- For 95% of all emails processed, the following will be available for review in the Message Center within five (5) minutes of receipt of an email: Detailed SMTP logs and all emails that are quarantined (including those that failed a content filtering rule, were classified as spam or were infected with a virus).
- If more than 5% of email logs or quarantined emails processed in any calendar month are not available for review within 5 minutes when the Subscriber is using the portal and following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one day’s Service Credit for each email log or quarantined email that did not meet this service level, subject to a maximum credit of five (5) days in any one month.

2.2 Service Availability

- The SaaS Email Security service will be available 99.999% of the time.
- SaaS Email Security “Service Unavailability” means the inability of the email filtering service to receive and process email in substantial conformance with Forcepoint’s published documentation for the email filtering service, as may be updated by Forcepoint from time to time, on behalf of the Subscriber and measured during any given calendar month.
- In the event of Service Unavailability for more than 0.001% of any calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber account with one day’s Service Credit for each two (2) hour period of Service Unavailability, subject to a maximum credit of five (5) days in any one month.

2.3 Service Management

- For 99% of all non-spam emails less than 2 Mega Bytes in size, the time required to process an email will be less than sixty (60) seconds.
- If in any one calendar month, 1% or more of all processed non-spam emails less than 2 Mega Bytes in size takes sixty (60) seconds or longer for Forcepoint to process (following receipt, ready for processing, to attempted delivery), following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one day’s Service Credit for each email that takes sixty (60) seconds or longer to receive, process and attempt to deliver, subject to a maximum credit of five (5) days in any one month.
- This SLA applies only to legitimate business email (non-bulk email) and does not apply to emails 2 Mega Bytes or larger in size, denial of service (DOS) attacks, or email loops.

2.4 Spam Detection Rates

- Spam will be detected at a rate of 99% or above during each calendar month for Subscriber’s use of the antispam service.
- The spam SLA does not apply to emails using a majority of Asian language (or other non-English or non-European language) or emails sent to invalid mailboxes.
- In the event the spam detection rate drops below 99% for a period of more than five (5) days in any one calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one (1) month’s Service Credit.

2.5 Virus Detection

- For Subscribers subscribing to the anti-virus service, Forcepoint will protect the Subscriber from infection by 100% of all Known Viruses contained inside email that has passed through the SaaS Email Security service. This excludes links (URLs) inside email messages that take the Subscriber to a website where Viruses can be downloaded.
- A “Known Virus” means a Virus which has already been identified and a Virus definition has been made available by one of the anti-virus services whose technology is used within Forcepoint’s SaaS Email Security service, at least thirty (30) minutes before the time the email was processed by the SaaS Email Security service. This SLA does not apply to forms of email abuse that are not classified as viruses or malware, such as phishing, adware, spyware and spam.
- In the event that Forcepoint identifies a Known Virus but does not stop the infected email, Forcepoint will use commercially reasonable efforts to promptly notify the Subscriber, providing information to enable the Subscriber to identify and delete the Virus-infected email. If such action prevents the
infection of the Subscriber’s systems, then the remedy defined in this Section 2.5 shall not apply. Subscriber’s failure to promptly act on such information will also result in the remedy defined in this Section 2.5 being inapplicable.

- In the event that one or more Known Viruses in any calendar month passes through the email filtering service undetected and infects the Subscriber’s systems, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one month’s Service Credit, subject to the Subscriber providing evidence acceptable to Forcepoint that the SaaS Email Security service failed to detect the Known Virus within five (5) working days of the Virus infection.

- The Virus Detection SLA for SaaS Email Security will not apply if (a) the Virus was contained inside an email that could not be analyzed by the email filtering service, such as an encrypted email or a password-protected file, (b) the Virus infection occurred because an email which had been identified as containing a Virus was released by Forcepoint on the request of the Subscriber, or by the Subscriber through the email filtering portal, or (c) there is deliberate self-infection by the Subscriber or its authorized user.

### 3. SLAs for SaaS Web Security

#### 3.1 Service Availability

- The SaaS Web Security service will be available 99.999% of the time.

- SaaS Web Security “Service Unavailability” means the SaaS Web Security service being unable to receive, process and forward Web Content in substantial conformance with Forcepoint’s published documentation as may be updated by Forcepoint from time to time, on behalf of the Subscriber and measured during any given calendar month.

- In the event of Service Unavailability for 0.01% or more of any calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will provide the Subscriber a credit of one day’s Service Credit for each day’s Service Unavailability, subject to a maximum credit of five (5) days in any one calendar month.

#### 3.2 Virus Detection

- Forcepoint will protect the Subscriber from infection by 100% of all Known Viruses contained inside Web Content that has passed through the SaaS web protection service module of the SaaS Web Security service.

- A “Known Virus” means a Virus which has already been identified and a Virus definition has been made available by one of the anti-virus services whose technology is used within Forcepoint’s SaaS Web Security service, at least thirty (30) minutes before the time the Web Content was processed by the web filtering service. This SLA does not apply to forms of Web Content abuse that are not classified as viruses or malware, such as phishing, adware, spyware and spam.

- In the event that Forcepoint identifies a Known Virus but does not stop the infected Web Content, Forcepoint will use commercially reasonable efforts to promptly notify the Subscriber, providing information to enable the Subscriber to identify and delete the Virus-infected Web Content. If such action prevents the infection of the Subscriber’s systems, then the remedy defined in this Section 3.2 shall not apply. Subscriber’s failure to promptly act on such information will also result in the remedy defined in this Section 3.2 being inapplicable.

- In the event that one or more Known Viruses in any calendar month passes through the SaaS Web Security service undetected and infects the Subscriber’s systems, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one month’s Service Credit, subject to the Subscriber providing evidence that the SaaS Web Security service failed to detect the Known Virus within five (5) working days of the Virus infection.

- The Virus Detection SLA for web security will not apply if (a) the Virus was contained inside Web Content that could not be analyzed by the web security service, such as HTTPS or a password-protected file, (b) the user bypassed the web security service when downloading the Web Content, (c) the Subscriber configured the service to not filter the web content, or (d) there is deliberate self-infection by the Subscriber or its authorized user.

### 4. SLAs for Email Archiving

#### 4.1 Service Availability

- The SaaS email archiving service will be available 99.99% of the time over a calendar month.

- SaaS email archiving “Service Unavailability” means the inability of the email archiving server to receive and transmit Subscriber’s requests to store and retrieve archived email in conformance with Forcepoint’s published documentation, as may be updated by Forcepoint from time to time, and measured over a full calendar month.

- In the event of Service Unavailability for more than 0.01% for any calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber account with one day’s Service Credit for each calendar month where Service Unavailability exceeds 0.
. FORCEPOINT LICENSE AGREEMENT

THE PRODUCTS ARE PROVIDED ONLY ON THE CONDITION THAT LICENSEE AGREES TO THE TERMS AND CONDITIONS IN THIS LICENSE AGREEMENT AND THE MATERIALS REFERENCED HEREIN ("AGREEMENT") BETWEEN LICENSEE AND FORCEPOINT. IF YOU ARE PURCHASING LICENSES FROM THE GSA SCHEDULE, YOUR PURCHASE ORDER MUST REFERENCE GSA SCHEDULE # GS-35F-0511T. OTHERWISE, IF YOU ARE AN EMPLOYEE OF THE FEDERAL, STATE, OR LOCAL GOVERNMENT, OR THE SOFTWARE IS OTHERWISE FOR USE BY A FEDERAL, STATE OR LOCAL GOVERNMENT, YOU MUST EITHER STATE IN YOUR PURCHASE ORDER THAT THE TERMS OF THIS AGREEMENT SHALL GOVERN YOUR ORDER AND WILL SUPERSEDE ANY TERMS AND CONDITIONS CONTAINED IN YOUR PURCHASE ORDER OR ATTACH THESE TERMS TO AN EXECUTED CONTRACT.

1. Definitions.

"Databases" means proprietary database(s) of URL addresses, email addresses, Malware, applications and other valuable information.

"Database Updates" means changes to the content of the Databases.

"Device" or “Seat” means (i) each computer (whether physical or virtual), electronic appliance or device that is authorized to access or use the Products, directly or indirectly; or (ii) for SaaS Email a separate email address or account that receives electronic messages or data within Licensee’s email system or network. For SaaS Email, up to 5 aliases may be considered one Device. (For example: A default email address of john.doe@acme.com with an alias of jdoe@acme.com counts as a single Device).

"Documentation" means the Product installation instructions, user manuals, setup posters, release notes, and operating instructions prepared by Forcepoint, in any form or medium, as may be updated from time to time by Forcepoint and made generally available to Licensee.

"Error" means a material failure of the Product to conform to the Documentation, which is reported by Licensee and replicable by Forcepoint.

"Forcepoint" means, as the context requires: (i) Forcepoint LLC, a Delaware limited liability company with its principal place of business at 10900-A Stonelake Blvd., 3rd Floor, Austin, TX 78759, USA; or (ii) Forcepoint International Technology Limited, with a principal place of business at Minerva House, Simmonscourt Road, Dublin 4, Ireland; or (iii) Forcepoint Federal LLC, with a principal place of business at 12950 Worldgate Drive, Suite 600, Herndon, VA 20170; or (iv) a corporation or entity controlling, controlled by or under the common control of Forcepoint with whom an Order has been placed referencing this Agreement.

"GSA Customer Purchase Order" ("Order") means a purchase commitment mutually agreed upon between Forcepoint or a Forcepoint authorized reseller(s) and the GSA Customer for ordering supplies or services pursuant to FAR part 8.

"License" means the limited, personal, non-sublicensable, non-exclusive, nontransferable right to use the Software (including the Database, if any) for the term set forth in the Order, and in accordance with this Agreement and the Order.

"License Fees" means the agreed upon license fees for the Software (including the Database, if any) included in an Order based on the GSA Schedule Price List.

"Licensee" means the ordering activity authorized to place an Order against the GSA Schedule Contract GS-35F-0511T on which the Products are included.

"Maintenance" means a limited-term, non-exclusive, non-sublicensable, nontransferable right to: (a) receive the technical support described in Section 5, (b) receive Software Upgrades, if any, (c) receive and use the Database Updates, if any, and (d) use SaaS Email and SaaS Web (when set forth in the Order), in accordance with this Agreement and the Order.

"Maintenance Term" means the agreed upon time period for the provision of Maintenance in an Order. “Permitted Capacity” means the number of Devices, Seats, Users, or other license metrics as set forth in the Order.

"Products" means Software, Databases, Database Updates, Software Upgrades, together with applicable Documentation and media, and if purchased pursuant to an Order, SaaS and Forcepoint packaged service offerings.

"SaaS" or "Software as a Service" means Forcepoint’s software-as-a-service offerings, including SaaS Web and/or SaaS Email.

"Software" means Forcepoint’s proprietary software applications, in object code only.

"Software Upgrades" means certain modifications or revisions to the Software, but excludes new products for which Forcepoint generally charges a separate fee. “User” means (i) any person utilizing Licensee’s network with access to the Products directly or indirectly, who is an employee, temporary employee, agent, consultant and/or independent contractor (collectively referred to as “personnel,” hereinafter), or guest of Licensee (ii) for SaaS Email a separate email address or account that receives electronic messages or data within Licensee’s email system or network. For SaaS Email, up to 5 aliases may be considered one User. (For example: A default email address of john.doe@acme.com with an alias of jdoe@acme.com counts as a single User).

"Virus" or “Malware” means computer software or program code that is designed to damage or reduce the performance or security of a computer program or data.

SaaS Email Definitions

"Average Emails Per Seat" or “Average Emails Per User” means the total number of emails processed in performance of SaaS Email divided by the number of Devices, Seats, or Users in the Order.

"Bulk Mail" means a large number of email messages with similar content sent or received in a single operation or a series of related operations.

"SaaS Email" means the online, Web-based Product (or Product component) provided by Forcepoint when set forth in the Order, including any associated offline components.

"Open Relay" means an email server configured to receive email from an unauthorized third party and that forwards the email to other recipients who are not part of the server’s email network.

"Spam" means a large number of unsolicited email messages (typically over 500 per month) with similar content sent or received in a single operation or a series of related operations.

SaaS Web Definitions

"Average Bandwidth Per Seat" or “Average Bandwidth Per User” means the total bandwidth used in the performance of SaaS Web divided by the number of Devices, Seats, or Users in the Order.

"Web Content" means any data and requests for data processed by SaaS Web including, but not restricted to that accessed using the Internet protocols HTTP and FTP.

"SaaS Web" means the online, Web-based Product (or Product component) provided by Forcepoint when set forth in the Order, including any associated offline components.

2. Software License. Subject to the provisions contained in this Agreement, and timely payment of the applicable Fees, Forcepoint hereby grants Licensee a License to use the Software, and Software Upgrades provided pursuant to Maintenance, identified in the Order solely for Licensee’s internal
business purposes up to the Permitted Capacity set forth in the Order. Provided Licensee pays the Maintenance Fees, Forcepoint will provide Licensee with Maintenance. Subject to compliance with the terms of this Agreement, Licensee may relocate or transfer the on-premise Product for use on a different server within its location. Licensee shall not, and shall not permit anyone else to copy the on-premise Products, other than copies made solely for data backup and testing purposes. Any source code provided to Licensee by Forcepoint is subject to the terms of this Agreement. Licensee understands that its right to use the Products is limited by the Permitted Capacity purchased, and Licensee’s use may in no event exceed the Permitted Capacity authorized under the applicable Order. The Permitted Capacity provided in the Order(s) represents minimum amounts that Licensee has committed to for the Maintenance Term. If Licensee’s use exceeds the Permitted Capacity, Forcepoint will provide immediate notice to the GSA Customer of the alleged deficiency and may invoice the GSA Customer for the number of licenses required to bring it into compliance under this Agreement.

3. ** Provision of SaaS.**

   3.1 Forcepoint will use commercially reasonable efforts to provide SaaS for the Maintenance Term. The then-current Service levels for SaaS are attached Exhibit B for information purposes. Forcepoint makes no service level commitments for email that is determined by Forcepoint to be Bulk Mail.

   3.2 If Forcepoint determines that the security or proper function of SaaS would be compromised due to third-party, hacking, denial of service attacks or other activities originating from or directed at Licensee’s network, Forcepoint may immediately suspend SaaS until the problem is resolved. Forcepoint will promptly notify and work with Licensee to resolve the issues.

   3.3 If SaaS is suspended or terminated, Forcepoint will reverse all configuration changes made during SaaS enrollment. It is Licensee’s responsibility to make the server configuration changes necessary to reroute email for SaaS Email and reroute Web Content for SaaS Web.

   3.4 Forcepoint may modify, enhance, replace, or make additions to the Products. Forcepoint may use Malware, Spam, and other information passing through the Products for the purposes of developing, analyzing, maintaining, reporting on, and enhancing the Forcepoint Products and services.

   3.5 Licensee must not use SaaS Email as an Open Relay.

   3.6 Licensee must not use the Products to distribute Spam or Malware.

   3.7 If in any one (1) calendar month the Average Emails per Device, Seat or Average Emails Per User is greater than ten thousand (10,000), Licensee will make reasonable efforts to implement and maintain an accurate list of all valid email addresses belonging to Licensee for which SaaS Email scans inbound or outbound email. Licensee’s Average Emails Per Seat or Average Emails Per User must not be greater than thirty thousand (30,000) in any one (1) calendar month.

   3.8 Licensee’s Average Bandwidth Per Seat or Average Bandwidth Per User must not be greater than 0.02Mbps in any one (1) calendar month.

4. ** Licensee Obligations.**

   4.1 Licensee will (a) comply with all applicable federal laws, statutes and regulations, (b) only use the Products for legitimate business purposes which may include sending and receiving business and personal email or Web Content by its personnel, and (c) not use the Products to transmit Spam, Malware, or excessive email as defined in section 3.7.

   4.2 Licensee must (a) have the authority, rights, or permissions to use all domains registered to the Products, and (b) obtain any legally required consents from its personnel, and (c) not use the Products to filter, screen, manage or censor Internet content for consumers without permission from the affected consumers and Websense’s express prior written approval.

   4.3 Forcepoint will not be liable for any claims, demands, suits, or proceedings ("Claims") made or brought against Forcepoint by a third party alleging or related to Licensee’s (i) violation of its obligations in this Section 4; (ii) infringement of intellectual property rights; (iii) civil or criminal offenses; (iv) transmission or posting of obscene, indecent, or pornographic materials; (v) transmission or posting of any material which is defamatory, slanderous, defamatory, offensive, abusive, or menacing or which causes annoyance or needless anxiety to any other person; or (vi) transmission of information through the Products.

5. **Technical Support.**

   5.1 Product technical support includes (i) standard technical support, Error corrections or workarounds so that the Software operates in substantial conformance with the Documentation, and (ii) the provision of Database Updates and Software Upgrades, if and when available, all of which are provided under Forcepoint’s Technical Support Policies which are provided for informational purposes as Exhibit A and can be found https://www.forcepoint.com/technical-support-terms-service and https://www.immixgroup.com/contract-vehicles/gsa/it-70/0511T/ and including the latest release. Database Updates and Software Upgrades will be provided to Licensee only if Licensee has paid the appropriate Maintenance Fees for the Permitted Capacity. Forcepoint may require Licensee to install Software Upgrades up to and including the latest release. Enhanced support offerings are only available pursuant to the execution of a new or modified Order and are also subject to the terms of this Agreement.

   5.2 Forcepoint’s obligation to provide technical support is limited to: (i) a Product that has not been altered or modified by anyone other than Forcepoint or its licensors; (ii) a release for which technical support is provided; (iii) Licensee’s use of the Product in accordance with the Documentation; and (iv) errors and malfunctions caused by systems or programs supplied by Forcepoint. If an Error has been corrected or is not present in a more current version of the Product, Forcepoint will provide the more current version via technical support, but will not have any obligation to correct such Error in prior versions.

   5.3 Technical support for on-premise Products may be limited to the most current release and the most recent previous sequential major release of the Product. Forcepoint reserves the right to terminate the Maintenance or increase the associated fees upon 60 days prior written notice should Licensee not stay current with a supported release in accordance with this Section.

6. **Intellectual Property Rights.** The Products and all related intellectual property rights are the exclusive property of Forcepoint or its licensors. All right, title and interest in and to the Products, and all applicable rights in patents, copyrights, trade secrets, trademarks and all intellectual property rights in the Products remain exclusively with Forcepoint or its licensors. The Products are valuable, proprietary, and unique, and Licensee agrees to be bound by and observe the proprietary nature of the Products. The Products contain material that is protected by patent, copyright and trade secret law, and by international treaty provisions. The Products include software products licensed from third parties. Such third parties have no obligations or liability to Licensee under this Agreement Licensee may not assign more than twenty (20) administrators to administer Forcepoint products. All rights not granted to Licensee in this Agreement are reserved to Forcepoint. No ownership of the Products passes to Licensee. Forcepoint may make changes to the Products at any time without notice. Except as otherwise expressly provided, Forcepoint grants no express or implied right under Forcepoint patents, copyrights, trademarks, or other intellectual property rights. Licensee may not remove any proprietary notice of Forcepoint or any third party from the Products or any copy of the Products, without Forcepoint’s prior written consent.
7. Protection and Restrictions.

7.1 Each party (the “Disclosing Party”) may disclose to the other (the “Receiving Party”) certain confidential technical and business information which the Disclosing Party desires the Receiving Party to treat as confidential. “Confidential Information” means any information disclosed by either party to the other party, either directly or indirectly, in writing, orally, electronically or by inspection of tangible objects (including without limitation documents, prototypes, equipment, technical data, trade secrets and know-how, product plans, Products, services, suppliers, customer lists and customer information, markets, software development plans, software, technology, source code, databases, design drawings, engineering, hardware configuration information, marketing, licenses, finances, budgets and other business information), which is designated as “Confidential,” “Proprietary” or some similar designation at or prior to the time of disclosure, or which should otherwise reasonably be considered confidential by the Receiving Party. Confidential Information may also include information disclosed to a Disclosing Party by third parties that is designated as confidential.

When the end user is an instrumentality of the U.S. Government, neither this Agreement nor the Schedule Price List shall be deemed "confidential information" notwithstanding marking to that effect. Notwithstanding anything in this Agreement to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Agreement. Confidential Information shall not, however, include any information which the Receiving Party can document (i) was publicly known and made generally available prior to the time of disclosure by the Disclosing Party or an authorized third party; (ii) becomes publicly known and made generally available after disclosure through no action or inaction of the Receiving Party in violation of any obligation of confidentiality; (iii) is already in the possession of the Receiving Party at the time of disclosure; (iv) is lawfully obtained by the Receiving Party from a third party without a breach of such third party’s obligations of confidentiality; or (v) is independently developed by the Receiving Party without use of or reference to the Disclosing Party’s Confidential Information. Each party agrees that all Confidential Information of the other party will be treated by the Receiving Party as non-public confidential information and will not be disclosed to any person other than Disclosing Party and Receiving Party’s personnel on a need to know basis and that Receiving Party will protect the confidentiality of such Confidential Information in the same manner that it protects the confidentiality of its own proprietary and confidential information, but in no event with less than a reasonable standard of care. Furthermore, each party agrees to only use the Confidential Information of the other party for purposes of carrying out its rights and obligations under this Agreement. Forcepoint recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as “confidential” by the vendor.

7.2 Licensee will take all reasonable steps to safeguard the Products to ensure that no unauthorized person has access and that no unauthorized copy, publication, disclosure or distribution, in any form is made. The Products contain valuable, confidential information and trade secrets and unauthorized copies, publication, disclosure or distribution, in any form is prohibited. Licensee may use the Products only for its internal business purposes. Licensee will not itself, or through its personnel or other third party: (i) sell, resell, distribute, host, lease, rent, license or sublicense, in whole or in part, the Products; (ii) decipher, decompile, disassemble, reverse assemble, modify, translate, reverse engineer or otherwise attempt to derive source code, algorithms, tags, specifications, architecture, structure or other elements of the Products, in whole or in part, for competitive purposes or otherwise; (iii) allow access to, provide, divulge or make available the Products to any user other than Licensee’s personnel who have a need for such access and who shall be bound by nondisclosure obligations that are at least as restrictive as the terms of this Agreement; (iv) write or develop any derivative works based upon the Products; (v) modify, adapt, translate or otherwise make any changes to the Products or any part thereof; (vi) use the Products to provide processing services to third parties; or otherwise use the same on a service bureau basis; (vii) disclose or publish, without Forcepoint’s prior written consent, performance or capacity statistics or the results of any benchmark test performed on the Products; (viii) otherwise use or copy the Products except as expressly permitted herein; (ix) use any third party software included in the Products independently from the Forcepoint proprietary Products. Subject to the terms of this Agreement, Licensee may allow its personnel to use the Products solely for the benefit of Licensee; provided, however, Licensee remains responsible for its personnel’s compliance with this Agreement. Any other use of the Products by any other entity is prohibited.

8. Reserved.

9. Limited Warranty; Remedies; Disclaimer.

9.1 For ninety (90) days beginning on the date of the Order for the License, Forcepoint warrants that the Products, as updated from time to time by Forcepoint and used in accordance with the Documentation and the Agreement by Licensee, will operate in substantial conformance with the Documentation under normal use (“Warranty Period”). Forcepoint does not warrant that: (A) the Products will (i) be free of defects, (ii) satisfy Licensee’s requirements, (iii) operate without interruption or error, (iv) always locate or block access to or transmission of all desired addresses, emails, Malware, applications and/or files, or (v) identify every transmission or file that should potentially be located or blocked; or (B) that data contained in the Databases will be (i) appropriately categorized or (ii) that the algorithms used in the Products will be complete or accurate.

Licensee must promptly notify Forcepoint during the Warranty Period in writing of a breach of warranty claim. Provided that such claim is reasonably determined by Forcepoint to be Forcepoint’s responsibility, Forcepoint shall, within thirty (30) days of its receipt of Licensee’s written notice, (i) correct the Error or provide a workaround; (ii) provide Licensee with a plan reasonably acceptable to Licensee for correcting the Error; or (iii) if neither (i) nor (ii) can be accomplished with reasonable commercial efforts from Forcepoint at Forcepoint’s discretion, then Forcepoint may terminate the affected Product License and Licensee will be entitled to a refund of the Fees paid for the affected Product. This paragraph sets forth Licensee’s sole and exclusive remedy and Forcepoint’s entire liability for any breach of warranty related to the Products.

9.3 This warranty is void and Forcepoint is not obligated to provide technical support if a claimed breach of the warranty is caused by: (i) any unauthorized modification of the Products or tampering with the Products, (ii) the use of the Products inconsistent with the accompanying Documentation, (iii) Licensee’s failure to use any new or corrected versions of the Product made available by Forcepoint; or (iv) related breach of this Agreement.

9.4 THE WARRANTIES SET FORTH IN THIS SECTION 9 ARE IN LIEU OF, NOT INCLUDE, AND EXPRESSLY DISCLAIM THE MAXIMUM EXTENT PERMITTED BY FEDERAL LAW, ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, TITLE OR FITNESS FOR A PARTICULAR PURPOSE, AND FREEDOM FROM PROGRAM ERRORS, VIRUSES OR ANY OTHER MALICIOUS CODE WITH RESPECT TO THE PRODUCTS AND SERVICES PROVIDED UNDER THIS AGREEMENT.

10. Limitation of Liability. NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS AGREEMENT, FORCEPOINT, ITS AFFILIATES, ITS LICENSORS OR RESELLERS WILL NOT BE LIABLE FOR (I) LOST PROFITS; (II) LOSS OF BUSINESS; (III) LOSS OF GOODWILL, OPPORTUNITY, OR REVENUE; NOR (IV) ANY INDIRECT, CONSEQUENTIAL, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT WHETHER FORESEEABLE OR UNFORESEEABLE INCLUDING, BUT NOT LIMITED TO CLAIMS FOR USE OF THE PRODUCTS, INTERRUPTION IN USE OR AVAILABILITY OF DATA, STOPPAGE OF OTHER WORK OR IMPAIRMENT OF OTHER ASSETS, PRIVACY, ACCESS TO OR USE OF ANY ADDRESSES, EXECUTABLES OR FILES THAT SHOULD HAVE BEEN LOCATED OR BLOCKED. NEGLIGENCE, BREECH OF CONTRACT, TORT OR OTHERWISE AND THIRD PARTY CLAIMS, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL FORCEPOINT’S AGGREGATE LIABILITY ARISING OUT OF OR RELATED
TO THIS AGREEMENT EXCEED THE TOTAL AMOUNT ACTUALLY RECEIVED BY FORCEPOINT FOR THE APPLICABLE PRODUCTS AND SERVICES OVER THE ONE YEAR PERIOD PRIOR TO THE EVENT OUT OF WHICH THE CLAIM AROSE FOR THE PRODUCTS OR SERVICES THAT DIRECTLY CAUSED THE LIABILITY. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor’s negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

11. Indemnification. In the event of a third-party claim, suit or proceeding against Licensee asserting that use of the Product as permitted in this Agreement infringes a third-party’s patent, copyright, or trademark right recognized in any jurisdiction where the Product is used, Forcepoint at its expense will defend Licensee and indemnify Licensee against costs, expenses (including reasonable attorneys' fees), and damages payable to any third party in any such suit or cause of action that are directly related to that claim to the extent permitted under 28 U.S.C. 516. Forcepoint’s obligation under this Section is contingent upon Licensee providing Forcepoint with: (a) prompt written notice of the suit or claim; (b) the right to control and direct the defense of the claim as set forth in 28 U.S.C. 516; and (c) reasonable cooperation with Forcepoint. Forcepoint will have no liability for any claim of infringement resulting from: (i) modification of the Products by anyone other than Forcepoint; (ii) a combination of the Products with other hardware or software not provided by Forcepoint; or (iii) failure by Licensee to implement Software Upgrades and Database Updates. In the event the Products, in Forcepoint’s opinion, are likely to or do become the subject of a claim of infringement, Forcepoint may at its sole option and expense: (x) modify the Products to be non-infringing while preserving equivalent functionality; (y) obtain a license for Licensee’s continued use of the Products; or (z) terminate this Agreement and the license granted hereunder, accept return of the Products and refund to Licensee the unused pre-paid Maintenance Fees paid for the affected Product applicable to the balance of the then current Maintenance Term. SUBJECT TO FAR 52.212-4(h), THIS SECTION SETS FORTH FORCEPOINT’S ENTIRE LIABILITY AND OBLIGATION AND LICENSEE’S SOLE AND EXCLUSIVE REMEDY FOR ANY INFRINGEMENT OR CLAIMS OF INFRINGEMENT BY THIRD PARTIES REGARDING THE PRODUCTS AND SERVICES.

12. Term and Termination.

12.1 This Agreement continues in full force and effect until the expiration or termination of the Order(s), unless otherwise terminated earlier as provided in the FAR, the underlying GSA Schedule Contract and/or any applicable Order. Upon termination or expiration of the Maintenance Term, Licensee’s right to receive Maintenance to the Products ends.

12.2 Product evaluation subscriptions are available for a period of up to thirty (30) days and are subject to the terms and conditions of this Agreement, except however that (i) evaluation subscriptions may only be used to evaluate and facilitate Licensee’s decision to purchase a license to the products, and (ii) evaluation subscriptions are provided by Forcepoint on an AS IS and AS AVAILABLE basis without warranties of any kind. At the end of the evaluation period, Licensee must execute an Order for a new License. Licensee’s continued use of the Products after executing a new Order is subject to this Agreement. For purposes of clarification, Licensee is not entitled to a refund of any pre-paid fees or waiver of any fees owed prior to termination of this Agreement or an Order.

12.3 When the end user is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Forcepoint shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer. Upon expiration or notification of termination, Licensee must uninstall any Products, cease using and destroy or return all copies of the Products to Forcepoint, and to certify in writing that all known copies thereof, including backup copies, have been destroyed. Sections 1, Definitions, 6, Intellectual Property Rights, 7, Protection and Restrictions, 8, Financial Terms, 9, Limited Warranty: Remedies; Disclaimer, 10, Limitation of Liability, 11, Indemnification, 12, Term and Termination, 14, Government Restricted Rights, 15, Export, 16, Compliance and 17, General survive the termination of this Agreement.

13. Compliance with Laws. Each party will comply with all applicable laws and regulations that may apply concerning the protection of personal data, and anti-bribery. Licensee must obtain any required employee consents addressing the interception, reading, copying or filtering of emails and their attachments. Neither party will use any data obtained via the Products for any unlawful purpose.

14. Rights of Government Licensees. The Products meet the definition of “commercial item” in Federal Acquisition Regulation (“FAR”) 2.101, were developed entirely at private expense, and are provided to Government Licensees exclusively under the terms of this Agreement. Software, including Software Upgrades, is “commercial computer software” and applicable Documentation and media are “commercial computer software documentation,” as those terms are used in FAR 12.212 and DFARS 227.7202. Use of the Products by the U.S. Government constitutes acknowledgment of Forcepoint's proprietary rights therein, and of the exclusive applicability of this Agreement.

15. Export. The Products are subject to export controls of the United States (“Export Controls”). Export or diversion contrary to U.S. law is prohibited. U.S. law prohibits export or re-export of the software or technology to specified countries or to a resident or national of those countries (“Prohibited Country” or “Prohibited Countries”). It also prohibits export or re-export of the software or technology to any person or entity on the U.S. Department of Commerce Denied Persons List, Entities List or Unverified List; the U.S. Department of State Debarred List; or any of the lists administered by the U.S. Department of Treasury, including lists of Specially Designated Nationals, Specially Designated Terrorists or Specially Designated Narcotics Traffickers (collectively, the “Lists”). U.S. law also prohibits use of the software or technology with chemical, biological or nuclear weapons, or with missiles (“Prohibited Uses”). Licensee represents and warrants that it will not use the software or technology for any Prohibited Uses; and that it will comply with Export Controls.

16. Compliance. Subject to Government security requirements, Forcepoint has the right to monitor the Licensee’s systems to confirm its authorized use of the Products. Upon Forcepoint’s request Licensee will document and certify that its use of the Products is in full conformity with the use rights granted under this Agreement and the applicable Order. Licensee acknowledges that the Products may include a license manager component to track usage of the Products and agrees not to impede, disable or otherwise undermine such license manager’s operation.

17. General. For the purposes of customer service, technical support, and as a means of facilitating interactions with its end-users, Forcepoint may periodically send Licensee messages of an informational or advertising nature via email Licensee may choose to “opt-out” of receiving these messages or information sharing by sending an email to optoutlegal@forcepoint.com requesting the opt-out. Licensee acknowledges and agrees that by sending such email and “opting out” it will not receive emails containing messages concerning upgrades and enhancements to Products. However, Forcepoint may still send technical support messages to Licensee by email. Licensee acknowledges that Forcepoint may use Licensee’s company name only in a general list of Forcepoint customers, subject to the restrictions contained in GSAR 552.203-71 regarding publicity. Forcepoint may use any suggestions, ideas, enhancement requests, feedback, or recommendations provided by Licensee or its personnel relating to the Products. Forcepoint may use non-identifying and aggregate usage and statistical information related to Licensee’s and its personnel’s use of the Products for its own purposes outside of the Agreement. Licensee
may not transfer any of Licensee’s rights to use the Products or assign this Agreement to another person or entity, without first obtaining prior written approval from Forcepoint. Assignment by Forcepoint is subject to FAR 52.232-23 “Assignment of Claims” (Jan. 1986) and FAR subpart 42.12 “Novation and Change-of-Name Agreements” (Sep. 2013).

Any notice required or permitted under this Agreement or required by law must be in writing and must be (i) delivered in person, (ii) sent by first class registered mail, or air mail, as appropriate, or (iii) sent by an internationally recognized overnight air courier, in each case properly posted. Notices sent to Forcepoint must be sent to the attention of the General Counsel at 10900-A Stonelake Blvd., 3rd Floor, Austin, TX 78759 USA. Notices are deemed given at the time of actual delivery in person, two (2) business days after deposit in the mail as set forth above, or one (1) day after delivery to an overnight air courier service. Either party may change its contact person for notices and/or its address for notice by means of notice to the other party given in accordance with this paragraph. Any dispute arising out of or relating to this Agreement or the breach thereof shall be governed by the federal laws of the United States. Pursuant to FAR 52.212-4(f), neither party will be liable for any delay or failure in performance to the extent the delay or failure is caused by events beyond the party’s reasonable control, including acts of God, or the public enemy, acts of Government in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather and delays of common carriers. This Agreement, the underlying GSA Schedule Contract GS-35F-0296R, the Schedule Price List and any applicable GSA Customer Purchase Order constitute the entire agreement between the parties regarding the subject matter herein and the parties have not relied on any promise, representation, or warranty, express or implied, that is not stated therein. This Agreement, however shall take precedence, to the maximum extent allowed by law, over the terms of the underlying GSA Schedule Contract or any specific, negotiated terms on the GSA Customer’s Purchase Order with Forcepoint. Any waiver or modification of this Agreement is only effective if it is in writing and signed by both parties. Licensee agrees that its purchases hereunder are neither contingent on the delivery of any future functionality or features nor dependent on any oral or written comments made by Forcepoint regarding future functionality or features. If any part of this Agreement is found invalid or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby. Forcepoint is not obligated under any other agreements unless they are in writing and signed by an authorized representative of both parties.
EXHIBIT A

FORCEPOINT TECHNICAL SUPPORT

Forcepoint Technical Support combines people, process and technology in support of our Licensees’ use of Forcepoint Products. Licensees are enrolled in one of six Forcepoint Technical Support programs: (1) Standard Support; (2) Premium Support; (3) Premium Priority Support; (4) Mission Critical Support; (5) Mission Critical Support Global; (6) Mission Critical Support Elite. Standard Support, Premium Support, and Mission Critical Support offerings are additional charge support options, and are only provided after Licensee has paid the associated fees for participation in one of these five support options.

1. **Forcepoint Standard Support:** Through the combination of available resources, Licensee can submit new cases and manage case status, access the latest security features and download software, upgrades, updates and patches, as well as review technical documentation. With Standard Support, Licensees receive access to:
   - 24x7x365 online support located at: Support
   - the Knowledgebase and Documentation
   - the Customer Forum
   - Tech Alerts Maintenance
   - download software updates and patches
   - submit and track support cases
   - Five (5) incidents per Maintenance year for telephone and online access to technical support engineers during normal business hours for the region where Licensee is located

The Forcepoint support team has received technical training in the Forcepoint Products and related supported applications. Forcepoint will:
   - Address Licensee open cases in a timely, professional and courteous manner
   - Assign a trouble case number used to track status and as a reference for Licensee inquiries
   - Communicate the status of open cases
   - Log the support activity and provide status updates

2. **Forcepoint Premium Support:** Forcepoint Premium Support includes all the benefits of Standard Support on a 24x7 basis, including weekends and holidays for Severity 1 & 2 issues. In addition to those benefits included in Standard Support, Premium Support includes:
   - 24/7 support for Severity Level 1 & 2 issues
   - No limit on the number of incidents per Maintenance year for telephone and online access to technical support engineers
   - Priority access to technical support engineers
   - Priority support
   - Severity three and four issues will be worked during regular business hours only

These benefits are described in more detail on Support at: Global Technical Support Programs

3. **Forcepoint Premium Priority Support:** Forcepoint Premium Priority Support includes all the benefits of Premium Support, and also includes:
   - An assigned Escalation Manager who is responsible for ensuring consistent workflow of technical support cases and timely progression of Licensee’s technical issues
   - Premium Priority access to technical support engineers
   - Premium Priority support

4. **Forcepoint Mission Critical Support:** Forcepoint Mission Critical Support combines all the benefits of Premium Priority Support with a technical account manager (TAM) who is assigned to the account, and who proactively works with the Licensee to support performance, reliability and availability of the Forcepoint Products. Upon gaining an understanding of Licensee’s environment, the TAM will work with Licensee to:
   - Provide strategic support planning around Licensee’s use of the Forcepoint Products
   - Perform architecture reviews, migration planning assistance, training recommendations and periodic account reviews

With Mission Critical Support, Licensee receives access to:
   - Technical Account Manager:
     o Expedited case handling and escalation path
     o Account related inquiries and assistance o Available for an annual on-site visit
   - Collaborative strategic support planning

These benefits are described in more detail at: Global Technical Support Programs

5. **Forcepoint Mission Critical Support Global:** Forcepoint Mission Critical Support Global combines all the benefits of Premium Priority Support with regionally assigned Technical Account Managers (TAMs) who are assigned to the Licensee in each of the three Forcepoint business regions (AMER, EMEA and APAC). The TAMs proactively work with the Licensee to support performance, reliability and availability of the Forcepoint Products. In addition to regional TAM coverage the Licensee will also be provided with a Global Account Manager (GAM) who oversees and organizes the actions

---

15 An “incident” is any assisted support where a case is opened and a case number assigned by Forcepoint. Multi-year maintenance holders may aggregate and use the allotted incidents at any time during the then-current Maintenance Term. Incidents do not rollover to a renewal Maintenance Term. Assisted support for SaaS support will not count as an incident.

and activities of the regional TAMs for the Licensee on a global level. Upon gaining an understanding of Licensee’s environment, the GAM and regional TAMs will work with Licensee to:

- Provide strategic support planning around Licensee’s use of the Forcepoint Products
- Perform architecture reviews, migration planning assistance, training recommendations and periodic account reviews

With Mission Critical Support Global, Licensee receives access to:

- Technical Account Manager:
  - Expedited case handling and escalation path
  - Account related inquiries and assistance
  - Collaborative strategic support planning

These benefits are described in more detail at: Global Technical Support Programs

6. **Forcepoint Mission Critical Support Elite**: Forcepoint Mission Critical Support Elite combines all the benefits of Mission Critical Support’s Technical Account Manager (TAM) with increased levels of technical engagement and assistance consisting of the TAM being made available to work with Licensee for:

- On-site upgrade assistance (up to 1 per year, 2 days maximum)
- On-site issue resolution assistance (up to 1 per year, 2 days maximum)
- Quarterly health check review via remote sessions
- Custom training (up to 4 – Two (2) hour sessions per year) delivered remotely
- Advanced architectural planning (disaster recovery and high availability)

These benefits are described in more detail at: Global Technical Support Programs

7. **Forcepoint Hardware Support**: Hardware support for Forcepoint appliances is available to licensees with current Maintenance for Forcepoint software applications running on the hardware. Support for hardware is available only during the Maintenance Term and under a valid hardware support contract.

Hardware support includes:

- Parts replacement of defective hardware materials and workmanship including internal peripherals
- “Retain your hard drive” option in the event of hard drive failure and replacement
- Phone-based troubleshooting
- Severity One level on-site parts replacement provided by a Forcepoint authorized service technician at Licensee’s business location on record (see Section 10, Licensee Responsibilities)

These benefits are described in more detail at: www.websense.com

For non-Forcepoint branded hardware, Licensee must contact the hardware manufacturer directly in order to obtain any available warranty assistance.

8. **Forcepoint Technical Support Targeted Response Times**: Forcepoint follows a tiered support process. Tiered support is a controlled escalation environment, employed to deliver multiple levels of support as deemed appropriate for the support request. Response times are dependent on the severity of the issue reported. A support case is generated for the Licensee by a member of the Forcepoint Technical Support team or by the Licensee online at Support.

Technical Support requests which are not resolved during the first telephone contact are assigned a Severity Level based on the descriptions in the chart below:
For all Forcepoint Products other than Forcepoint SaaS Products:

| Severity Level | Initial Response |  |  |  |  |
|----------------|------------------|------------------|------------------|------------------|
| Severity One (highest severity) Business is severely impacted. - a Forcepoint product is not functioning and no viable workaround is available - Customer environment compromised or at risk for significant data corruption - Mission critical application is down or the majority of users are not able to conduct business | Up to 1 Business Hour | Up to 45 Minutes | Up to 30 Minutes | Up to 30 Minutes | Up to 15 Minutes |
| Severity Two Business is disrupted but functioning. - a Forcepoint product's functionality is severely impacted - Mission critical applications or the majority of users are impacted. | Up to 4 Business Hours | Up to 4 Hours | Up to 3 Hours | Up to 2 Hours | Up to 1 Hour |
| Severity Three Business is not affected but symptoms exist. - a Forcepoint product is functioning in a restricted fashion and a workaround exists - Mission critical applications are functional with some end users affected | Up to 8 Business Hours | Up to 8 Business Hours | Up to 6 Business Hours | Up to 4 Business Hours | Up to 2 Business Hours |
| Severity Four (lowest severity) A request for information. - Request for product information or questions regarding how to use the product Minimal impact to customer business a request for product modification | Up to 2 Business Days | Up to 2 Business Days | Up to 2 Business Days | Up to 1 Business Day | Up to 1 Business Day | Up to 1 Business Day |

9. **Service Level Guidelines: Response Time and Request Resolution**:  

**Service Level Compliance**: Forcepoint strives to provide compliance of 80% (90% for Mission Critical Support) for the service levels set forth in the following response times:

- Service response levels: o Target response time for inbound telephone calls made during business hours is based on the Severity of the issue (Please see chart); resolution time for 30% of the issues is generally within one business day.
- o Business hours are Monday through Friday, during the hours set forth in the region where Licensee resides as set forth at:  
  Contact Support (“Business Hours”) o For calls to the 24x7 Support Line that occur after hours, the target response time for inbound telephone calls is within one hour for entitled Licensees.

**Escalation response levels**: If it is determined that the Forcepoint Technical Support team cannot resolve the support case, the issue will be escalated to the Forcepoint Engineering team. The technical support engineer updates Licensee on the plan of action and provides timely status updates. Such an action plan may include, but shall not be limited to, a call disposition or issue resolution.

**Support for hardware**: Response times for hardware parts replacement applies after phone-based troubleshooting has concluded and will vary by country. Service availability and response times are available at: Target Response Times

10. **Licensee Responsibilities**: In order to efficiently resolve problems, it is important that there be clear and effective communications between Licensee and Forcepoint. The first step of the process requires an accurate reporting of the problem by Licensee. Licensee will need to provide Forcepoint Technical Support with at least the following information to initiate the process outlined in this document:

- Licensee name
- Maintenance Key information

---

17 Service levels are applicable for the software configurations described at Certified Product Matrix. Action requests involving non-included configurations may require more time to resolve, Forcepoint will make commercially reasonable efforts to resolve technical support calls in the aforementioned service level time frame.
• Support PIN of the day for Licensee’s Cloud security account
• Technical contact information including: name, telephone number and email address
• Preliminary assessment of the scope and severity of the problem, including the number of affected users/Seats
• Additional details and files as requested by Forcepoint needed to resolve the issue

A case number will be assigned and provided to you. Licensee should retain and use this case number in order to facilitate future communications regarding the matter.

In order to receive on-site parts replacement for a hardware Severity One problem, Licensee must keep a current record with Forcepoint of the business location on record for the physical location of the hardware.\(^{18}\) Failure to keep current the business location on record will result in service interruption until Forcepoint and its OEM receive and process the information for the updated location.

- Licensee must notify Forcepoint of hardware transferred to alternate business locations, 10 days prior to the transfer, within or outside the country of purchase to ensure response time coverage and country registration\(^{19}\)
- Updates to a physical location must be completed prior to dispatching of authorized technicians
- Licensee or Licensee’s authorized representative must be available when the service technical arrives, or the service technician will not be able to service the hardware\(^{20}\)
- Missed service calls due to Licensee’s unavailability may result in additional charges for the follow-up service call

be provided where:

- Hardware is repurposed or modified from its original configuration
- Hardware has missing or altered serial numbers or Service Tags
- Hardware has been serviced by someone other than a Forcepoint-authorized service provider
- Premium or Mission Critical Support maintenance has expired

11. Technical Support Channels: There are two ways for Licensees to engage support:

- Open a case online at: Support
- Open a case via telephone: Contact Support\(^{8}\)

12. Support Escalation Channels: If after following the procedures for creation of a technical support case Licensee desires to escalate a support issue, the following escalation path to a Technical Support Manager in Licensee’s region is available using the numbers listed below:

Note: Please ask for a support delivery manager when calling during supported business hours for immediate attention to your concerns.

</tr>
</tbody>
</table>

Escalation contacts are available 24 hours a day, 7 days a week to service Licensee’s Severity 1 business needs.

\(^{18}\) A service technician will only be dispatched after Forcepoint and Licensee have concluded phone-based troubleshooting and determined that a Severity One problem exists.

\(^{19}\) Registrations may take up to 10 business days to complete.

\(^{20}\) In the event that Licensee is not available, the technician will leave a card as indication that the technician was there and the visit will be rescheduled. \(^{4}\) Toll-free numbers are provided for Licensees of Premium and Mission Critical Support in some geographies.
EXHIBIT B

Security Service Level Agreement

1. Terms and Conditions

Forcepoint™ is a premier provider of SaaS security services. Forcepoint provides these SLAs in order to demonstrate its ongoing commitment to provide top-quality SaaS security service offerings for world class organizations and businesses.

1.1 Forcepoint provides these SLAs subject to the terms and conditions of the then current Forcepoint Subscription Agreement at Subscription Agreement. The defined terms therein shall have the same meaning when used in this SLA. The current version of these SLAs can be found at Forcepoint SaaS Security Service Level Agreement.

1.2 In order to receive a Service Credit under any of these SLAs, the Subscriber must make a credit request in writing within thirty (30) days of the occurrence of the breach in service levels (or earlier if specifically set forth below). The Subscriber must also promptly provide Forcepoint with evidence as reasonably requested by Forcepoint of the SLA violation subject to the Service Credit request. A “Service Credit” entitles the Subscriber to the free use of the affected SaaS security service for the time period set forth in the applicable SLA.

1.3 Credits for any Subscriber problems with Forcepoint SaaS Security services will be provided under a single SLA for a single claim, with the SLA that the claim is based upon determined by the Subscriber. One claim cannot result in Service Credits under multiple SLAs.

1.4 The SLAs will not apply to situations where:

- The SaaS Security service is unavailable for an hour or less, and the Subscriber fails to report the unavailability in writing to Forcepoint within five (5) days thereafter.
- The SaaS Security service is incorrectly configured by the Subscriber.
- The Subscriber provides incorrect configuration information to Forcepoint.
- Forcepoint is performing scheduled or routine maintenance of the SaaS Security service, where the Subscriber has been notified of the maintenance no less than five (5) days in advance.
- The Subscriber’s applications or equipment or Internet connection has failed.
- For SaaS Email Security, where an account is not configured to use two or more co-location sites (clusters).
- The Subscriber has acted as an open relay or open proxy, or has been using the service to send spam or viruses, or otherwise is using the SaaS Security service in violation of the Forcepoint Subscription Agreement.
- The Subscriber has not used the SaaS Security service for thirty (30) days or less.
- The Subscriber is a trial or evaluation customer.
- The failure of the SLA is based on reasons beyond Forcepoint’s reasonable control as set out in the Forcepoint Subscription Agreement.

1.5 The remedies set forth in these SLAs are the Subscriber’s sole and exclusive remedy for any failure by Forcepoint to comply with the SLAs. Further information regarding remedies is set forth in the Forcepoint Subscription Agreement.

2. SLAs for SaaS Email Security

2.1 Message Tracking

- For 95% of all emails processed, the following will be available for review in the Message Center within five (5) minutes of receipt of an email:
  - Detailed SMTP logs and all emails that are quarantined (including those that failed a content filtering rule, were classified as spam or were infected with a virus).
  - If more than 5% of email logs or quarantined emails processed in any calendar month are not available for review within 5 minutes when the Subscriber is using the portal and following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one day’s Service Credit for each email log or quarantined email that did not meet this service level, subject to a maximum credit of five (5) days in any one month.

2.2 Service Availability

- The SaaS Email Security service will be available 99.999% of the time.
- SaaS Email Security “Service Unavailability” means the inability of the email filtering service to receive and process email in substantial conformance with Forcepoint’s published documentation for the email filtering service, as may be updated by Forcepoint from time to time, on behalf of the Subscriber and measured during any given calendar month.
  - In the event of Service Unavailability for more than 0.001% of any calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber account with one day’s Service Credit for each two (2) hour period of Service Unavailability, subject to a maximum credit of five (5) days in any one month.

2.3 Service Management

- For 99% of all non-spam emails less than 2 Mega Bytes in size, the time required to process an email will be less than sixty (60) seconds.
  - If in any one calendar month, 1% or more of all processed non-spam emails less than 2 Mega Bytes in size takes sixty (60) seconds or longer for Forcepoint to process (following receipt, ready for processing, to attempted delivery), following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one day’s Service Credit for each email that takes sixty (60) seconds or longer to receive, process and attempt to deliver, subject to a maximum credit of five (5) days in any one month. This SLA applies only to legitimate business email (non-bulk email) and does not apply to emails 2 MegaBytes or larger in size, denial of service (DOS) attacks, or email loops.

2.4 Spam Detection Rates

- Spam will be detected at a rate of 99% or above during each calendar month for Subscriber’s use of the antispace service.
  - The spam SLA does not apply to emails using a majority of Asian language (or other non-English or non-Europenan language) or emails sent to invalid mailboxes.
  - In the event the spam detection rate drops below 99% for a period of more than five (5) days in any one calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one (1) month’s Service Credit.

2.5 Virus Detection

- For Subscribers subscribing to the anti-virus service, Forcepoint will protect the Subscriber from infection by 100% of all Known Viruses contained inside email that has passed through the SaaS Email Security service. This includes links (URLs) inside email messages that take the Subscriber to a website where Viruses can be downloaded.
- A “Known Virus” means a Virus which has already been identified and a Virus definition has been made available by one of the anti-virus services whose technology is used within Forcepoint’s SaaS Email Security service, at least thirty (30) minutes before the time the email was processed by the SaaS Email Security service. This SLA does not apply to forms of email abuse that are not classified as viruses or malware, such as phishing, adware, spyware and spam.
  - In the event that Forcepoint identifies a Known Virus but does not stop the infected email, Forcepoint will use commercially reasonable efforts to promptly notify the Subscriber, providing information to enable the Subscriber to identify and delete the Virus-infected email. If such action prevents the infection of the Subscriber’s systems, then the remedy defined in this Section 2.5 shall not apply. Subscriber’s failure to promptly act on such information will also result in the remedy defined in this Section 2.5 being inapplicable.
· In the event that one or more Known Viruses in any calendar month passes through the email filtering service undetected and infects the Subscriber’s systems, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one month’s Service Credit, subject to the Subscriber providing evidence acceptable to Forcepoint that the SaaS Email Security service failed to detect the Known Virus within five (5) working days of the Virus infection.

· The Virus Detection SLA for SaaS Email Security will not apply if (a) the Virus was contained inside an email that could not be analyzed by the email filtering service, such as an encrypted email or a password-protected file, (b) the Virus infection occurred because an email which had been identified as containing a Virus was released by Forcepoint on the request of the Subscriber, or by the Subscriber through the email filtering portal, or (c) there is deliberate self-infection by the Subscriber or its authorized user.

3. SLAs for SaaS Web Security

3.1 Service Availability

· The SaaS Web Security service will be available 99.999% of the time.

· SaaS Web Security “Service Unavailability” means the SaaS Web Security service being unable to receive, process and forward Web Content in substantial conformance with Forcepoint’s published documentation as may be updated by Forcepoint from time to time, on behalf of the Subscriber and measured during any given calendar month.

· In the event of Service Unavailability for 0.001% or more of any calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will provide the Subscriber a credit of one day’s Service Credit for each two (2) hour period of Service Unavailability, subject to a maximum credit of five (5) days in any one calendar month.

3.2 Virus Detection

· Forcepoint will protect the Subscriber from infection by 100% of all Known Viruses contained inside Web Content that has passed through the SaaS web protection service module of the SaaS Web Security service.

· A “Known Virus” means a Virus which has already been identified and a Virus definition has been made available by one of the anti-virus services whose technology is used within Forcepoint’s SaaS Web Security service, at least thirty (30) minutes before the time the Web Content was processed by the web filtering service. This SLA does not apply to forms of Web Content abuse that are not classified as viruses or malware, such as phishing, adware, spyware and spam.

· In the event that Forcepoint identifies a Known Virus but does not stop the infected Web Content, Forcepoint will use commercially reasonable efforts to promptly notify the Subscriber, providing information to enable the Subscriber to identify and delete the Virus-infected Web Content. If such action prevents the infection of the Subscriber’s systems, then the remedy defined in this Section 3.2 shall not apply. Subscriber’s failure to promptly act on such information will also result in the remedy defined in this Section 3.2 being inapplicable.

· In the event that one or more Known Viruses in any calendar month passes through the SaaS Web Security service undetected and infects the Subscriber’s systems, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one month’s Service Credit, subject to the Subscriber providing evidence that the SaaS Web Security service failed to detect the Known Virus within five (5) working days of the Virus infection.

· The Virus Detection SLA for web security will not apply if (a) the Virus was contained inside Web Content that could not be analyzed by the web security service, such as HTTPS or a password-protected file, (b) the user bypassed the web security service when downloading the Web Content, (c) the Subscriber configured the service to not filter the web content, or (d) there is deliberate self-infection by the Subscriber or its authorized user.

4. SLAs for Email Archiving

4.1 Service Availability

· The SaaS email archiving service will be available 99.99% of the time over a calendar month.

· SaaS email archiving “Service Unavailability” means the inability of the email archiving server to receive and transmit Subscriber’s requests to store and retrieve archived email in conformance with Forcepoint’s published documentation, as may be updated by Forcepoint from time to time, and measured over a full calendar month.

· In the event of Service Unavailability for more than 0.01% for any calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber account with one day’s Service Credit for each calendar month where Service Unavailability exceeds 0.
FORCEPOINT NETWORK SECURITY PRODUCTS LICENSE AGREEMENT

THE PRODUCTS ARE PROVIDED ONLY ON THE CONDITION THAT LICENSEE AGREES TO THE TERMS AND CONDITIONS IN THIS LICENSE AGREEMENT AND THE MATERIALS REFERENCED HEREIN ("AGREEMENT") BETWEEN LICENSEE AND FORCEPOINT. IF YOU ARE PURCHASING LICENSES FROM THE GSA SCHEDULE, YOUR PURCHASE ORDER MUST REFERENCE GSA SCHEDULE # GS-35F-0511T. OTHERWISE, IF YOU ARE AN EMPLOYEE OF THE FEDERAL, STATE, OR LOCAL GOVERNMENT, OR THE SOFTWARE IS OTHERWISE FOR USE BY A FEDERAL, STATE OR LOCAL GOVERNMENT, YOU MUST EITHER STATE IN YOUR PURCHASE ORDER THAT THE TERMS OF THIS AGREEMENT SHALL GOVERN YOUR ORDER AND WILL SUPERSEDE ANY TERMS AND CONDITIONS CONTAINED IN YOUR PURCHASE ORDER OR ATTACH THESE TERMS TO AN EXECUTED CONTRACT.

1. Definitions.
   “Database” means proprietary database(s) of IPS rules, URL addresses, email addresses, Malware, applications and other valuable information.
   “Database Updates” means changes to the content of the Database.
   “Device” or “Node” means any kind of computer, electronic appliance, or device capable of processing data, including without limitation diskless workstations, personal computer workstations, networked computer workstations, homeworker/teleworker home-based systems, file and print servers, email servers, Internet gateway devices, storage area network servers (SANs), terminal servers or portable workstations connected or connecting to the server(s) or network that is authorized to access or use the Products, directly or indirectly. In the case of a virtual system, each virtual machine or instance running the Product is considered to be a Device or Node.
   “Documentation” means the Product installation instructions, user manuals, setup posters, release notes, and operating instructions prepared by Forcepoint, in any form or medium, as may be updated from time to time by Forcepoint and made generally available to Licensee.
   “Error” means a material failure of the Product to conform to the Documentation, which is reported by Licensee and replicable by Forcepoint.
   “Forcepoint” means, as the context requires: (i) Forcepoint LLC, a Delaware limited liability company with its principal place of business at 10900-A Stonelake Blvd, 3rd Floor, Austin, TX 78759, USA; or (ii) Forcepoint International Technology Limited, with a principal place of business at Minerva House, Simmscourt Road, Dublin 4, Ireland; or (iii) Forcepoint Federal LLC, with a principal place of business at 12950 Worldgate Drive, Suite 600, Herndon, VA 20170; or (iv) a corporation or entity controlling, controlled by or under the common control of Forcepoint with whom an Order has been placed referencing this Agreement.
   “GSA Customer Purchase Order” (“Order”) means a purchase commitment mutually agreed upon between Forcepoint or a Forcepoint authorized reseller(s) and the GSA Customer for ordering supplies or services pursuant to FAR part 8.4.
   “Hardware” or “Unit” means a single instance of computer hardware purchased from Forcepoint as described in the Order. “License” means the limited, personal, non-sublicensable, non-exclusive, nontransferrable right to use the Software (including the Database) for the term set forth in the Order, in combination with the Hardware (if provided in the Order), and in accordance with this Agreement and the Order.
   “License Fees” means the agreed upon license fees for the Software (including the Database) included in an Order based on the GSA Schedule Price List.
   “Licensee” means the ordering entity authorized to place an Order against the GSA Schedule Contract GS-35F-0511T on which the Products are included.
   “Maintenance” means a limited, non-exclusive, personal, non-sublicensable, nontransferable right to receive during the Maintenance Term: (a) the technical support described in Section 5 (Technical Support), and (b) Software Upgrades, if any.
   “Maintenance Term” means the agreed upon time period for the provision of Maintenance in an Order. “Permitted Capacity” means the number of Devices, Units, Nodes, or other license metrics as set forth in the Order.
   “Products” means Software, Databases, Database Updates, Software Upgrades, together with applicable Documentation and media, and if purchased pursuant to an Order, Hardware, and Forcepoint packaged service offerings.
   “Software” means Forcepoint’s proprietary software applications, in object code only.
   “Software Upgrades” means certain modifications or revisions to the Software and/or the Database, provided solely pursuant to Maintenance, but excludes new products for which Forcepoint generally charges a separate fee.
   “Subscription” means a limited, non-exclusive, personal, non-sublicensable, nontransferrable right during the Subscription Term to: (a) receive and use the Database Updates, and (b) use the Products, in accordance with this Agreement and the Order. “Subscription Fees” means the agreed upon fees in an Order.
   “Subscription Term” means the agreed upon time period in an Order.
   “Virus” or “Malware” means computer software or program code that is designed to damage or reduce the performance or security of a computer program or data.

2. Software License. Subject to the provisions contained in this Agreement, and timely payment of the applicable Fees, Forcepoint hereby grants Licensee a License and if applicable a Subscription to use the Software and Software Upgrades provided pursuant to Maintenance identified in the Order solely for Licensee’s internal business purposes up to the Permitted Capacity. Provided Licensee pays the Maintenance Fees, Forcepoint will provide Licensee with the Software, Databases, Database Updates, Software Upgrades, together with applicable Documentation and media, and if purchased pursuant to an Order, Hardware, and Forcepoint packaged service offerings. Licensee shall not and shall not permit anyone else to copy the Products, other than copies made solely for data backup and backup recovery testing purposes. Except as otherwise set forth in this Agreement, any source code provided to Licensee by Forcepoint is subject to the terms of this Agreement. Licensee understands that its right to use the Products is limited by the Permitted Capacity, and Licensee’s Use combined use may in no event exceed the authorized Permitted Capacity. If Licensee’s use exceeds the Permitted Capacity, Forcepoint will provide immediate notice to the GSA Customer of the alleged deficiency and may invoice the GSA Customer for the number of licenses required to bring it into compliance under this Agreement.

3. Technical Support
   3.1 The support period is defined in the Order, and begins (i) on the date of the Order if a new purchase, or (ii) on the renewal date of the expiration of a previous support period. Product technical support includes standard technical support, Error corrections or workarounds so that the Software operates in substantial conformance with the Documentation provided under Forcepoint’s Technical Support Policies which are provided for informational purposes as Exhibit A and can be found at https://www.forcepoint.com/technical-support-policies. Standard technical support includes online website and portal access, and telephone support during business hours. Maintenance will be provided to Licensee only if Licensee has paid the appropriate Maintenance Fees for the Support Term. Forcepoint may require Licensee to install Software Upgrades up to and including the latest release. Enhanced support offerings are only available for additional cost and are also subject to the terms of this Agreement. In the event Product support expires prior to renewing support Licensee must also purchase technical support to cover the lapsed support period between the date technical support expires and the date it is renewed. In the event technical support has lapsed for one year or more,

3.2 Forcepoint’s obligation to provide technical support is limited to: (i) a Product that has not been altered or modified by anyone other than Forcepoint or its licensors; (ii) a release for which technical support is provided; (iii) Licensee’s use of the Product in accordance with the Documentation; and (iv) errors and malfunctions caused by systems or programs supplied by Forcepoint. If an Error has been corrected or is not present in a more current version of the Product, Forcepoint will provide the more current version via technical support, but will not have any obligation to correct such Error in prior versions.

3.3 Technical support for on-premise Products may be limited to the most current release and the most recent previous sequential major release of the Product. Forcepoint reserves the right to terminate the Maintenance or increase the associated fees upon 60 days prior written notice should Licensee not stay current with a supported release in accordance with this Section.

3.4 For the support period set forth in an Order, the Hardware support covers defects in materials and workmanship in the Hardware. The Hardware support does not cover: (a) software, including the operating system and software added to the Hardware, or the reloading of software; (b) non-Forcepoint products and accessories; (c) problems to the extent they result from (i) external causes such as accident, abuse, misuse, or problems with electrical power, (ii) servicing not authorized by Forcepoint, (iii) usage that is not in accordance with Hardware instructions, (iv) failure to follow the Hardware instructions or failure to perform preventive maintenance, (v) problems caused by using accessories, parts, or components not supplied or directed by Forcepoint; (d) normal wear and tear; and (e) Hardware with missing or altered service tags or serial numbers.

4.1 The Products and all related intellectual property rights are the exclusive property of Forcepoint or its licensors. All right, title and interest in and to the Products and all applicable rights in patents, copyrights, trade secrets, trademarks and all intellectual property rights in the Products remain exclusively with Forcepoint or its licensors. The Products are valuable, proprietary, and unique, and Licensee agrees to be bound by and observe the proprietary nature of the Products. The Products contain material that is protected by patent, copyright and trade secret law, and by international treaty provisions. The Products include software products licensed from third parties. Such third parties have no obligations or liability to Licensee under this Agreement. Licensee may not assign more than twenty (20) administrators to administer Forcepoint products. All rights not granted to Licensee in this Agreement are reserved to Forcepoint and its licensors. No ownership of the Products passes to Licensee. Forcepoint may make changes to the Products at any time without notice. Except as otherwise expressly provided, Forcepoint grants no express or implied right under Forcepoint patents, copyrights, trademarks, or other intellectual property rights. Licensee may not remove any proprietary notice of Forcepoint or any third party from the Products or any copy of the Products, without Forcepoint’s prior written consent. The Products may include programs or code that are licensed under an Open Source Software (“OSS”) license model. OSS programs and code are subject to the terms, conditions and obligations of the applicable OSS license, and are SPECIFICALLY EXCLUDED FROM ALL WARRANTY AND SUPPORT OBLIGATIONS DESCRIBED ELSEWHERE IN THIS AGREEMENT.

4.2 The Hardware is sold by Forcepoint subject to the condition that the sale does not convey any license under any patent claim covering complete equipment, or any assembly, circuit combination, method or process in which any such Hardware are used as components. However, upon sale, title for the Hardware equipment shall pass to Licensee. Forcepoint, its licensors or suppliers retain all proprietary rights in and to any Hardware sold. Forcepoint and its suppliers reserve all rights under such patent claims. Any software supplied with the Hardware is proprietary to Forcepoint or its licensors, and use of the software is subject to the terms of this Agreement.

5. Protection and Restrictions.

5.1 Each party (the “Disclosing Party”) may disclose to the other (the “Receiving Party”) certain confidential technical and business information which the Disclosing Party desires the Receiving Party to treat as confidential. “Confidential Information” means any information disclosed by either party to the other party, either directly or indirectly, in writing, orally, electronically or by inspection of tangible objects (including without limitation documents, prototypes, equipment, technical data, trade secrets and know-how, product plans, Products, services, suppliers, customer lists and customer information, markets, software, databases, developments, inventions, processes, formulas, technology, employee information, designs, drawings, engineering, hardware configuration information, marketing, licenses, finances, budgets and other business information), which is designated as “Confidential,” “Proprietary” or some similar designation at or prior to the time of disclosure, or which should otherwise reasonably be considered confidential by the Receiving Party. Confidential Information may also include information disclosed to a Disclosing Party by third parties that is designated as confidential. When the end user is an instrumentality of the U.S. Government, neither this Agreement nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Agreement to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or contract compliance purposes, or for any purpose for which the GSA Customer is legally required to be retained. Such retention of Confidential Information is subject to the terms and conditions of this Agreement. Confidential Information shall not, however, include any information which the Receiving Party can document (i) was publicly known and made generally available prior to the time of disclosure by the Disclosing Party or an authorized third party; (ii) becomes publicly known and made generally available after disclosure through no action or inaction of the Receiving Party in violation of any obligation of confidentiality; (iii) is already in the possession of the Receiving Party at the time of disclosure; (iv) is lawfully obtained by the Receiving Party from a third party without a breach of such third party's obligations of confidentiality; or (v) is independently developed by the Receiving Party without use of or reference to the Disclosing Party's Confidential Information. Each party agrees that all Confidential Information of the other party will be treated by the Receiving Party as non-public confidential information and will not be disclosed to any person other than Disclosing Party and Receiving Party’s personnel on a need to know basis and that Receiving Party will protect the confidentiality of such Confidential Information in the same manner that it protects the confidentiality of its own proprietary and confidential information, but in no event with less than a reasonable standard of care. Furthermore, each party agrees to only use the Confidential Information of the other party for purposes of carrying out its rights and obligations under this Agreement. Forcepoint recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information may be released, despite being characterized as "confidential" by the vendor. 5.2 Licensee will take all reasonable steps to safeguard the Products to ensure that no unauthorized person has access and that no unauthorized copy, publication, disclosure or distribution, in any form is made. The Products contain valuable, confidential information and trade secrets and unauthorized use or copying is harmful to Forcepoint. Licensee may use the Products only for its internal business use. Licensee will not itself, or through its personnel or other third party: (i) sell, resell, distribute, host, lease, rent, license or sublicense, in whole or in part, the Products; (ii) decipher, decompile, disassemble, reverse assemble, modify, translate, reverse engineer or otherwise attempt to derive source code algorithms, tools, tags, specifications, architecture, structure or other elements of the Products, in whole or in part, for competitive purposes or otherwise; (iii) allow access to, provide, divulge or make available the Products to any user other than Licensee’s personnel who have a need for such access and access who shall be bound by nondisclosure obligations that are at least as restrictive as the terms of this Agreement; (iv) write or develop any derivative works based upon the Products; (v) modify, adapt, translate or otherwise make any changes to the Products or any part thereof; (vi) use the Products to provide processing services to third parties, or otherwise use the same on a 'service bureau' basis; (vii) disclose or publish, without Forcepoint's prior written consent, performance or capacity statistics or the results of any benchmark test performed on the Products; (viii) otherwise use or copy the Products except as expressly permitted herein; (ix) use any third party software included in the Products independently from the Forcepoint proprietary products. Subject to the terms of this Agreement, Licensee may allow its personnel to use the Products independently from the Forcepoint proprietary products. Subject to the terms of this Agreement, Licensee may allow its personnel to use the Products independently from the Forcepoint proprietary products. Subject to the terms of this Agreement, Licensee may allow its personnel to use the Products independently from the Forcepoint proprietary products. Subject to the terms of this Agreement, Licensee may allow its personnel to use the Products independently from the Forcepoint proprietary products.
solely for the benefit of Licensee; provided, however, Licensee remains responsible for its personnel’s compliance with this Agreement. Any other use of the Products by any other entity is prohibited.

6. Reserved.

7. Limited Warranty; Remedies; Disclaimer.

7.1 For ninety (90) days beginning on the date of the Order for the License, Forcepoint warrants that the Products, as updated from time to time by Forcepoint and used in accordance with the Documentation and this Agreement by Licensee, will operate in substantial conformance with the Documentation under normal use (“Warranty Period”). Forcepoint does not warrant that: (A) the Products will (i) be free of defects, (ii) satisfy Licensee’s requirements, (iii) operate without interruption or error, (iv) always locate or block access to or transmission of all desired addresses, emails, Malware, applications and/or files, or (v) identify every transmission or file that should potentially be located or blocked; or (B) that data contained in the Databases will be (i) appropriately categorized or (ii) that the algorithms used in the Products will be complete or accurate.

7.2 Licensee, as promptly notify Forcepoint during the Warranty Period of any breach of warranty claim. Provided that such claim is reasonably determined by Forcepoint to be Forcepoint’s responsibility, Forcepoint shall, within thirty (30) days of its receipt of Licensee’s written notice, (i) correct the Error or provide a workaround; (ii) provide Licensee with a plan reasonably acceptable to Licensee for correcting the Error; or (iii) if neither (i) nor (ii) can be accomplished with reasonable commercial efforts from Forcepoint at Forcepoint’s discretion, then Forcepoint may terminate the affected Product License and Licensee will be entitled to a refund of the Fees paid for the affected Product. This paragraph sets forth Licensee’s sole and exclusive remedy and Forcepoint’s entire liability for any breach of warranty related to the Products.

7.3 This warranty is void and Forcepoint is not obligated to provide technical support if a claimed breach of the warranty is caused by: (i) any unauthorized modification of the Products or tampering with the Products, (ii) use of the Products inconsistent with the accompanying Documentation, (iii) Licensee’s failure to use any new or corrected versions of the Product made available by Forcepoint; or (iv) related breach of this Agreement.

7.4 THE WARRANTIES SET FORTH IN THIS SECTION 7 ARE IN LIEU OF, AND FORCEPOINT EXPRESSLY DISCLAIMS TO THE MAXIMUM EXTENT PERMITTED BY FEDERAL LAW, ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, TITLE OR FITNESS FOR A PARTICULAR PURPOSE, AND FREEDOM FROM PROGRAM ERRORS, VIRUSES OR ANY OTHER MALICIOUS CODE WITH RESPECT TO THE PRODUCTS AND SERVICES PROVIDED UNDER THIS AGREEMENT.

8. Limitation of Liability. NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS AGREEMENT, FORCEPOINT, ITS AFFILIATES, ITS LICENSORS OR RESELLERS WILL NOT BE LIABLE FOR (I) LOST PROFITS; (II) LOSS OF BUSINESS; (III) LOSS OF GOODWILL, OPPORTUNITY, OR REVENUE; NOR (IV) ANY INDIRECT, CONSEQUENTIAL, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT WHETHER FORESEEABLE OR UNFORESEEABLE INCLUDING, BUT NOT LIMITED TO CLAIMS FOR USE OF THE PRODUCTS, INTERRUPTION IN USE OR AVAILABILITY OF DATA, STOPPAGE OF OTHER WORK OR IMPAIRMENT OF OTHER ASSETS AND PROPERTY LOSS OR DAMAGE TO OR USE OF ANY ADDRESSES, EXECUTABLES OR FILES THAT SHOULD HAVE BEEN LOCATED OR BLOCKED, NEGLIGENCE, BREACH OF CONTRACT, TORT OR OTHERWISE AND THIRD PARTY CLAIMS, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL FORCEPOINT’S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT EXCEED THE TOTAL AMOUNT ACTUALLY RECEIVED BY FORCEPOINT FOR THE APPLICABLE PRODUCTS AND SERVICES OVER THE ONE YEAR PERIOD PRIOR TO THE EVENT OUT OF WHICH THE CLAIM AROSE FOR THE PRODUCTS OR SERVICES THAT DIRECTLY CAUSED THE LIABILITY. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor’s negligence; or (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

9. Indemnification. In the event of a third-party claim, suit or proceeding against Licensee asserting that use of the Product as permitted in this Agreement infringes a third-party’s patent, copyright, or trademark right recognized in any jurisdiction where the Product is used, Forcepoint at its expense will defend Licensee and indemnify Licensee against costs, expenses (including reasonable attorneys’ fees), and damages payable to any third party in any such suit or cause of action that are directly related to that claim to the extent permitted under 28 U.S.C. 516. Forcepoint’s obligation under this Section is contingent upon Licensee providing Forcepoint with: (a) prompt written notice of the suit or claim; (b) the right to control and direct the defense of the claim as set forth in 28 U.S.C 516; and (c) reasonable cooperation with Forcepoint. Forcepoint will have no liability for any claim of infringement resulting from: (i) modification of the Products by anyone other than Forcepoint; (ii) a combination of the Products with other hardware or software not provided by Forcepoint; (iii) failure by Licensee to implement Software Upgrades and Database Updates. In the event the Products, in Forcepoint’s opinion, are likely to or do become the subject of a claim of infringement, Forcepoint may at its sole option and expense: (x) modify the Products to be non-infringing while preserving equivalent functionality; (y) obtain a license for Licensee’s continued use of the Products; or (z) terminate this Agreement and the license granted hereunder, accept return of the Products and refund to Licensee the unused pre-paid Maintenance Fees paid for the affected Product applicable to the balance of the then current Maintenance Term. SUBJECT TO FAR 52.212-4 (h), THIS SECTION SETS FORTH FORCEPOINT’S ENTIRE LIABILITY AND OBLIGATION AND LICENSEE’S SOLE AND EXCLUSIVE REMEDY FOR ANY INFRINGEMENT OR CLAIMS OF INFRINGEMENT BY THIRD PARTIES REGARDING THE PRODUCTS AND SERVICES.

10. Term and Termination.

10.1 This Agreement continues in full force and effect until the expiration or termination of the Order(s), unless otherwise terminated earlier as provided in the FAR, the underlying GSA Schedule Contract and/or any applicable Order. Upon termination or expiration of the Maintenance Term, Licensee’s right to receive Maintenance to the Products ends.

10.2 Product evaluation subscriptions are available for a period of up to thirty (30) days and are subject to the terms and conditions of this Agreement, except however that (i) evaluation subscriptions may only be used to evaluate and facilitate Licensee’s decision to purchase a license to the products, and (ii) evaluation subscriptions are provided by Forcepoint on an AS IS and AS AVAILABLE basis without warranties of any kind. At the end of the evaluation period, Licensee must execute an Order for a new license. Licensee’s continued use of the Products after executing a new Order is subject to this Agreement. For purposes of clarification, Licensee is not entitled to a refund of any pre-paid fees or waiver of any fees owed prior to termination of this Agreement or an Order.

10.3 When the end user is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as provided under the Contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Forcepoint shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer. Upon expiration or notification of termination, Licensee must uninstall any Products, cease using and destroy or return all copies of the Products to Forcepoint, and certify in writing that all known copies thereof, including backup copies, have been destroyed. Sections 1 Definitions, 4 Intellectual Property Rights, 5 Protections and Restrictions, 7 Limited Warranty; Remedies; Disclaimer, 8
Limitation of Liability, 9 Indemnification, 10 Term and Termination, 12 Rights of Government Licensees, 13 Export, 14 Compliance, 15 General shall survive the termination of this Agreement.

11. Compliance with Laws. Each party will comply with all applicable laws and regulations that may apply concerning the protection of personal data, and anti-bribery. Licensee must obtain any required employee consents addressing the interception, reading, copying or filtering of emails and their attachments. Neither party will use any data obtained via the Products for any unlawful purpose.

12. Rights of Government Licensees. The Products meet the definition of “commercial item” in Federal Acquisition Regulation (“FAR”) 2.101, were developed entirely at private expense, and are provided to Government Licensees exclusively under the terms of this Agreement. Software, including Software Upgrades, is “commercial computer software” and applicable Documentation and media are “commercial computer software documentation,” as those terms are used in FAR 12.212 and DFARS 227.7202. Use of the Products by the U.S. Government constitutes acknowledgment of Forcepoint’s proprietary rights therein, and of the exclusive applicability of this Agreement.

13. Export. The Products are subject to export controls of the United States (“Export Controls”). Export or diversion contrary to U.S. and E.U. law is prohibited. U.S. and E.U. law prohibits export or re-export of the software or technology to specified countries or to a resident or national of those countries (“Prohibited Country” or “Prohibited Countries”). It also prohibits export or re-export of the software or technology to any person or entity on the U.S. Department of Commerce Denied Persons List, Entities List or Unverified List; the U.S. Department of State Debarred List; or any of the lists administered by the U.S. Department of Treasury, including lists of Specially Designated Nationals, Specially Designated Terrorists or Specially Designated Narcotics Traffickers (collectively, the “Lists”). U.S. law also prohibits use of the software or technology with chemical, biological or nuclear weapons, or with missiles (“Prohibited Uses”). Licensee represents and warrants that it will not use the software or technology for any Prohibited Uses; and that it will comply with Export Controls.

14. Compliance. Subject to Government security requirements, Forcepoint has the right to monitor the Licensee’s systems to confirm its authorized use of the Products. Upon Forcepoint’s request Licensee will document and certify that its use of the Products is in full conformity with the use rights granted under this Agreement and the applicable Order. Licensee acknowledges that the Products may include a license manager component to track usage of the Products and agrees not to impede, disable or otherwise undermine such license manager’s operation.

15. General. For the purposes of customer service, technical support, and as a means of facilitating interactions with its endusers, Forcepoint may periodically send Licensee messages of an informational or advertising nature via email. Licensee may choose to opt-out of receiving these messages or information sharing by sending an email to optoutlegal@forcepoint.com requesting the opt-out. Licensee acknowledges and agrees that by sending such email and “opting out” it will not receive emails containing messages concerning upgrades and enhancements to Products. However, Forcepoint may still send emails of a technical nature. Licensee acknowledges that Forcepoint may use Licensee's company name only in a general list of Forcepoint customers subject to the restrictions contained in GSAR 525.203-71 regarding publicity. Forcepoint may use any suggestions, ideas, enhancement requests, feedback, or recommendations provided by Licensee or its personnel relating to the Products. Forcepoint may use non-identifying and aggregate usage and statistical information related to Licensee's and its personnel's use of the Products for its own purposes outside of the Agreement. Licensee may not transfer any of Licensee's rights to use the Products or assign this Agreement to another person or entity, without first obtaining prior written approval from Forcepoint. Assignment by Forcepoint is subject to FAR 52.232-23 “Assignment of Claims” (May 2014) and FAR subpart 42.12 “Novation and Change-Of-Name Agreements.”. Any notice required or permitted under this Agreement or required by law must be in writing and must be (i) delivered in person, (ii) sent by first class registered mail, or air mail, as appropriate, or (iii) sent by an internationally recognized overnight air courier, in each case properly posted. Notices sent to Forcepoint must be sent to the attention of the General Counsel at 10900-A Stonelake Blvd., 3rd Floor, Austin, TX 78759 USA. Notices are deemed given at the time of actual delivery in person, two (2) business days after deposit in the mail as set forth above, or one (1) day after delivery to an overnight air courier service. Either party may change its contact person for notices and/or its address for notice by means of notice to the other party given in accordance with this paragraph. Any dispute arising out of or relating to this Agreement or the breach thereof shall be governed by the federal laws of the United States. In the absence of specific shipping instructions, Forcepoint will ship Hardware by the method it deems most advantageous using standard commercial packaging. Forcepoint is responsible for obtaining insurance against damage to the Hardware during shipment. At the time Hardware is picked up by the common carrier from a Forcepoint location it is delivered, and title and risk of loss passes to Licensee. Pursuant to FAR 52.212-4(f), neither party will be liable for any delay or failure in performance to the extent the delay or failure is caused by events beyond the party's reasonable control, including, acts of God, or the public enemy, acts of Government in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather and delays of common carriers. This Agreement, the underlying GSA Schedule Contract GS-35F0511T, the Schedule Price List, and any applicable GSA Customer Purchase Order constitute the entire agreement between the parties regarding the subject matter herein and the parties have not relied on any promise, representation, or warranty, express or implied, that is not stated therein. This Agreement, however shall take precedence, to the maximum extent allowed by law, over the terms of the underlying GSA Schedule Contract or any specific, negotiated terms on the GSA Customer’s Purchase Order with Forcepoint. Any waiver or modification of this Agreement is only effective if it is in writing and signed by both parties. Licensee agrees that its purchases hereunder are neither contingent on the delivery of any future functionality or features nor dependent on any oral or written comments made by Forcepoint regarding future functionality or features. If any part of this Agreement is found invalid or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby. Forcepoint is not obligated under any other agreements unless they are in writing and signed by an authorized representative of both parties.
Exhibit A

FORCEPOINT TECHNICAL SUPPORT

Forcepoint Technical Support combines people, process and technology in support of our Subscribers’ use of Forcepoint Products. Subscribers are enrolled in one of six Forcepoint Technical Support programs: (1) Standard Support; (2) Premium Support; (3) Premium Priority Support; (4) Mission Critical Support; (5) Mission Critical Support Global; (6) Mission Critical Support Elite. Standard Support is included with a Subscription upon payment of the associated Subscription Fees. All Premium Support and Mission Critical Support offerings are additional charge support options, and are only provided after Subscriber has paid the associated fees for participation in one of these five support options.

1. **Forcepoint Standard Support:** Forcepoint Standard Support is included with the Subscription. Through the combination of available resources, Subscriber can submit new cases and manage case status, access the latest security features and download software, upgrades, updates and patches, as well as review technical documentation. With Standard Support, Subscribers receive access to:
   - 24x7x365 online support located at: [Support](https://www.immixgroup.com/contract-vehicles/gsa/it-70/0511T/)
   - the Knowledgebase and Documentation
   - the Customer Forum
   - Tech Alerts Subscription
   - download software updates and patches • submit and track support cases
   - Five (5) incidents\(^{21}\) per Subscription year for telephone and online access to technical support engineers during normal business hours for the region where Subscriber is located

The Forcepoint support team has received technical training in the Forcepoint Products and related supported applications. Forcepoint will:
   - Address Subscriber open cases in a timely, professional and courteous manner
   - Assign a trouble case number used to track status and as a reference for Subscriber inquiries
   - Communicate the status of open cases
   - Log the support activity and provide status updates

2. **Forcepoint Premium Support:** Forcepoint Premium Support includes all the benefits of Standard Support on a 24x7 basis, including weekends and holidays for Severity 1 & 2 issues. In addition to those benefits included in Standard Support, Premium Support includes:
   - 24/7 support for Severity Level 1 & 2 issues
   - No limit on the number of incidents per Subscription year for telephone and online access to technical support engineers
   - Priority access to technical support engineers
   - Priority support
   - Severity three and four issues will be worked during regular business hours only

These benefits are described in more detail on Support at: [Global Technical Support Programs](https://www.immixgroup.com/contract-vehicles/gsa/it-70/0511T/)

3. **Forcepoint Premium Priority Support:** Forcepoint Premium Priority Support includes all the benefits of Premium Support, and also includes:
   - An assigned Escalation Manager who is responsible for ensuring consistent workflow of technical support cases and timely progression of Subscriber’s technical issues
   - Premium Priority access to technical support engineers
   - Premium Priority support

4. **Forcepoint Mission Critical Support:** Forcepoint Mission Critical Support combines all the benefits of Premium Priority Support with a technical account manager (TAM) who is assigned to the account, and who proactively works with the Subscriber to support performance, reliability and availability of the Forcepoint Products. Upon gaining an understanding of Subscriber’s environment, the TAM will work with Subscriber to:
   - Provide strategic support planning around Subscriber’s use of the Forcepoint Products
   - Perform architecture reviews, migration planning assistance, training recommendations and periodic account reviews

With Mission Critical Support, Subscriber receives access to:
   - Technical Account Manager:
     - Expedited case handling and escalation path • Account related inquiries and assistance • Available for an annual on-site visit
     - Collaborative strategic support planning

These benefits are described in more detail at: [Global Technical Support Programs](https://www.immixgroup.com/contract-vehicles/gsa/it-70/0511T/)

5. **Forcepoint Mission Critical Support Global:** Forcepoint Mission Critical Support Global combines all the benefits of Premium Priority Support with regionally assigned Technical Account Managers (TAMs) who are assigned to the Subscriber in each of the three Forcepoint business regions (AMER, EMEA and APAC). The TAMs proactively work with the Subscriber to support performance, reliability and availability of the Forcepoint Products. In addition to regional TAM coverage the Subscriber will also be provided with a Global Account Manager (GAM) who oversees and

\(^{21}\) An “incident” is any assisted support where a case is opened and a case number assigned by Forcepoint. Multi-year subscription holders may aggregate and use the allotted incidents at any time during the then-current Subscription Term. Incidents do not rollover to a renewal Subscription Term. Assisted support for SaaS support will not count as an incident.
organizes the actions and activities of the regional TAMs for the Subscriber on a global level. Upon gaining an understanding of Subscriber’s environment, the GAM and regional TAMs will work with Subscriber to:

- Provide strategic support planning around Subscriber’s use of the Forcepoint Products
- Perform architecture reviews, migration planning assistance, training recommendations and periodic account reviews

With Mission Critical Support Global, Subscriber receives access to:

- Technical Account Manager:
  - Expedited case handling and escalation path
  - Account related inquiries and assistance
  - Collaborative strategic support planning

These benefits are described in more detail at: Global Technical Support Programs

6. **Forcepoint Mission Critical Support Elite:** Forcepoint Mission Critical Support Elite combines all the benefits of Mission Critical Support’s Technical Account Manager (TAM) with increased levels of technical engagement and assistance consisting of the TAM being made available to work with Subscriber for:

- On-site upgrade assistance (up to 1 per year, 2 days maximum)
- On-site issue resolution assistance (up to 1 per year, 2 days maximum)
- Quarterly health check review via remote sessions
- Custom training (up to 4 – Two (2) hour sessions per year) delivered remotely
- Advanced architectural planning (disaster recovery and high availability)

These benefits are described in more detail at: Global Technical Support Programs

7. **Forcepoint Hardware Support:** Hardware support for Forcepoint appliances is available to subscribers with a current Subscription for Forcepoint software applications running on the hardware. Support for hardware is available only during the Subscription Term and under a valid hardware support contract.

Hardware support includes:

- Parts replacement of defective hardware materials and workmanship including internal peripherals
- “Retain your hard drive” option in the event of hard drive failure and replacement
- Phone-based troubleshooting
- Severity One level on-site parts replacement provided by a Forcepoint authorized service technician at Subscriber’s business location on record (see Section 10, Subscriber Responsibilities)

These benefits are described in more detail at: www.forcepoint.com

For non-Forcepoint branded hardware, Subscriber must contact the hardware manufacturer directly in order to obtain any available warranty assistance.

8. **Forcepoint Technical Support Targeted Response Times:** Forcepoint follows a tiered support process. Tiered support is a controlled escalation environment, employed to deliver multiple levels of support as deemed appropriate for the support request. Response times are dependent on the severity of the issue reported. A support case is generated for the Subscriber by a member of the Forcepoint Technical Support team or by the Subscriber online at Support.

Technical Support requests which are not resolved during the first telephone contact are assigned a Severity Level based on the descriptions in the chart below:
For all Forcepoint Products other than Forcepoint SaaS Products:

9. Service Level Guidelines: Response Time and Request Resolution:

Service Level Compliance: Forcepoint strives to provide compliance of 80% (90% for Mission Critical Support) for the service levels set forth in the following response times:

- Service response levels: o Target response time for inbound telephone calls made during business hours is based on the Severity of the issue (Please see chart); resolution time for 30% of the issues is generally within one business day.
  - Business hours are Monday through Friday, during the hours set forth in the region where Subscriber resides as set forth at: Contact Support (“Business Hours”)
  - For calls to the 24x7 Support Line that occur after hours, the target response time for inbound telephone calls is within one hour for entitled Subscribers.

Escalation response levels: If it is determined that the Forcepoint Technical Support team cannot resolve the support case, the issue will be escalated to the Forcepoint Engineering team. The technical support engineer updates Subscriber on the plan of action and provides timely status updates. Such an action plan may include, but shall not be limited to, a call disposition or issue resolution.

Support for hardware: Response times for hardware parts replacement applies after phone-based troubleshooting has concluded and will vary by country. Service availability and response times are available at: Target Response Times

10. Subscriber Responsibilities: In order to efficiently resolve problems, it is important that there be clear and effective communications between Subscriber and Forcepoint. The first step of the process requires an accurate reporting of the problem by Subscriber. Subscriber will need to provide Forcepoint Technical Support with at least the following information to initiate the process outlined in this document:

- Subscriber name
- Subscription Key information
- Support PIN of the day for Subscriber’s Cloud security account

---

23 Service levels are applicable for the software configurations described at Certified Product Matrix. Action requests involving non-included configurations may require more time to resolve, Forcepoint will make commercially reasonable efforts to resolve technical support calls in the aforementioned service level time frame.
• Technical contact information including: name, telephone number and email address
• Preliminary assessment of the scope and severity of the problem, including the number of affected users/Seats
• Additional details and files as requested by Forcepoint needed to resolve the issue

A case number will be assigned and provided to you. Subscriber should retain and use this case number in order to facilitate future communications regarding the matter.

In order to receive on-site parts replacement for a hardware Severity One problem, Subscriber must keep a current record with Forcepoint of the business location on record for the physical location of the hardware. Failure to keep current the business location on record will result in service interruption until Forcepoint and its OEM receive and process the information for the updated location.

• Subscriber must notify Forcepoint of hardware transferred to alternate business locations, 10 days prior to the transfer, within or outside the country of purchase to ensure response time coverage and country registration
• Updates to a physical location must be completed prior to dispatching of authorized technicians
• Subscriber or Subscriber’s authorized representative must be available when the service technician arrives, or the service technician will not be able to service the hardware
• Missed service calls due to Subscriber’s unavailability may result in additional charges for the follow-up service call

be provided where:

• Hardware is repurposed or modified from its original configuration
• Hardware has missing or altered serial numbers or Service Tags
• Hardware has been serviced by someone other than a Forcepoint-authorized service provider
• Premium or Mission Critical Support subscription has expired

11. Technical Support Channels: There are two ways for Subscribers to engage support:

• Open a case online at: Support
• Open a case via telephone: Contact Support

12. Support Escalation Channels: If after following the procedures for creation of a technical support case Subscriber desires to escalate a support issue, the following escalation path to a Technical Support Manager in Subscriber’s region is available using the numbers listed below:

Note: Please ask for a support delivery manager when calling during supported business hours for immediate attention to your concerns.

Escalation contacts are available 24 hours a day, 7 days a week to service Subscriber’s Severity 1 business needs.

---

24 A service technician will only be dispatched after Forcepoint and Subscriber have concluded phone-based troubleshooting and determined that a Severity One problem exists.
25 Registrations may take up to 10 business days to complete.
26 In the event that Subscriber is not available, the technician will leave a card as indication that the technician was there and the visit will be rescheduled. Toll-free numbers are provided for Subscribers of Premium and Mission Critical Support in some geographies.
THE PRODUCTS ARE PROVIDED ONLY ON THE CONDITION THAT THE GSA CUSTOMER ("SUBSCRIBER") AGREES TO THE TERMS AND CONDITIONS IN THIS SUBSCRIPTION AGREEMENT AND THE MATERIALS REFERENCED HEREIN ("AGREEMENT") BETWEEN SUBSCRIBER AND FORCEPOINT. IF YOU ARE PURCHASING LICENSES FROM THE GSA SCHEDULE, YOUR PURCHASE ORDER MUST REFERENCE GSA SCHEDULE # GS-35F-0511T. OTHERWISE, IF YOU ARE AN EMPLOYEE OF THE FEDERAL, STATE, OR LOCAL GOVERNMENT, OR THE SOFTWARE IS OTHERWISE FOR USE BY A FEDERAL, STATE OR LOCAL GOVERNMENT, YOU MUST EITHER STATE IN YOUR PURCHASE ORDER THAT THE TERMS OF THIS AGREEMENT SHALL GOVERN YOUR ORDER AND WILL SUPERSEDE ANY TERMS AND CONDITIONS CONTAINED IN YOUR PURCHASE ORDER OR ATTACH THESE TERMS TO AN EXECUTED CONTRACT.

1. Definitions.

"Databases" means proprietary database(s) of URL addresses, email addresses, Malware, applications and other valuable information.

"Database Updates" means changes to the content of the Databases.

"Device" or “Seat” means (i) each computer (whether physical or virtual), electronic appliance or device that is authorized to access or use the Products, directly or indirectly; or (ii) for SaaS Email a separate email address or account that receives electronic messages or data within Subscriber’s email system or netwo rk. For SaaS Email, up to 5 aliases may be considered one Device. (For example: A default email address of john.doe@acme.com with an alias of jdoe@acme.com counts as a single Device).

"Documentation" means the Product installation instructions, user manuals, setup posters, release notes, and operating instructions prepared by Forcepoint, in any form or medium, as may be updated from time to time by Forcepoint and made generally available to Subscriber. "GSA Customer Purchase Order” means the ordering activity authorized to place an Order against the GSA Schedule Contract, GS-35F-0511T on which the Products are included.

"Forcepoint" means, as the context requires: (i) Forcepoint LLC, a Delaware limited liability company with its principal place of business at 10900-A Stonelake Blvd., Suite 400, Austin, TX 78759, USA; or (ii) Forcepoint International Technology Limited, with a principal place of business at Minerva House, Simmonscourt Road, Dublin 4, Ireland; or (iii) Forcepoint Federal LLC, with a principal place of business at 12950 Worldgate Drive, Suite 600, Herndon, VA 20170; or (iv) a corporation or entity controlling, controlled by or under the common control of Forcepoint with whom an Order has been placed referencing this Agreement. "GSA Custom Purchase Order ("Order") means a purchase commitment mutually agreed upon between Forcepoint or a Forcepoint authorized reseller(s) and the GSA Customer for ordering supplies or services pursuant to FAR part 8.4.

"Permitted Capacity” means the number of Devices, Seats, Users, or other license metrics as set forth in the Order. "Products” means Software, Databases, Database Updates, Software Upgrades, together with applicable Documentation and media, and if purchased pursuant to an Order, SaaS, and Forcepoint packaged service offerings. "SaaS" or "Software as a Service” means Forcepoint's software-as-a-service offerings, including SaaS Web and/or SaaS Email.

"Software” means Forcepoint’s proprietary software applications, in object code only.

"Software Upgrades" means certain modifications or revisions to the Software, but excludes new products for which Forcepoint generally charges a separate fee.

"Subscriber” means the ordering activity authorized to place an Order against the GSA Schedule Contract, GS-35F-0511T on which the Products are included.

"Subscription" means a non-exclusive, nontransferable right to use the Products in accordance with this Agreement and the Order.

"Subscription Fees” means the agreed upon fees in an Order based on the GSA Schedule Price List.

"Subscription Term” means the agreed upon time period in an Order.

"User” means (i) any person utilizing Subscriber’s network with access to the Products directly or indirectly, who is an employee, temporary employee, agent, consultant and/or independent contractor (collectively referred to as “personnel,” hereinafter), or guest of Subscriber (ii) for SaaS Email a separate email address or account that receives electronic messages or data within Subscriber’s email system or network. For SaaS Email, up to 5 aliases may be considered one User. (For example: A default email address of john.doe@acme.com with an alias of jdoe@acme.com counts as a single User). "Virus” or “Malware” means computer software or program code that is designed to damage or reduce the performance or security of a computer program or data.

SaaS Email Definitions

"Average Emails Per Seat” or “Average Emails Per User” means the total number of emails processed in performance of SaaS Email divided by the number of Devices, Seats, or Users in the Order.

"Bulk Mail” means a large number of email messages with similar content sent or received in a single operation or a series of related operations.

"SaaS Email” means the online, Web-based Product (or Product component) provided by Forcepoint when set forth in the Order, including any associated offline components.

"Open Relay” means an email server configured to receive email from an unauthorized third party and that forwards the email to other recipients who are not part of the server's email network.

"Spam” means a large number of unsolicited email messages (typically over 500 per month) with similar content sent or received in a single operation or a series of related operations.

SaaS Web Definitions

"Average Bandwidth Per Seat” or “Average Bandwidth Per User” means the total bandwidth used in the performance of SaaS Web divided by the number of Devices, Seats, or Users in the Order.

"Web Content” means any data and requests for data processed by SaaS Web including, but not restricted to that accessed using the Internet protocols HTTP and FTP.

"SaaS Web” means the online, Web-based Product (or Product component) provided by Forcepoint when set forth in the Order, including any associated offline components.

2. Product Subscription. Subject to the provisions contained in this Agreement, and timely payment of the applicable fees, Forcepoint hereby grants Subscriber, for the Subscription Term, a Subscription, to use the Products identified in the Order solely for Subscriber’s internal business purposes up to the Permitted Capacity set forth in the Order. Subject to compliance with the terms of this Agreement, Subscriber may relocate or transfer the on-premise Product for use on a different server within its location. Subscriber shall not, and shall not permit anyone else to copy the on-premise Products, other than copies made solely for data backup and testing purposes. Any source code provided to Subscriber by Forcepoint is subject to the terms of this Agreement. Subscriber understands that its right to use the Products is limited by
the Permitted Capacity purchased, and Subscriber’s use may in no event exceed the Permitted Capacity authorized under the applicable Order. The Permitted Capacity provided in the Order(s) represents minimum amounts that Subscriber has committed to for the Subscription Term. If Subscriber’s use exceeds the Permitted Capacity, Forcepoint will provide immediate notice to the GSA Customer of the alleged deficiency and may invoice the GSA Customer for the number of licenses required to bring it into compliance under this Agreement.

3. **Provision of SaaS.**

3.1 Forcepoint will use commercially reasonable efforts to provide SaaS for the Subscription Term. The then-current Service levels for SaaS are attached as Exhibit B for information purposes. Forcepoint makes no service level commitments for email that is determined by Forcepoint to be Bulk Mail.

3.2 If Forcepoint determines that the security or proper function of SaaS would be compromised due to third-party, hacking, denial of service attacks or other activities originating from or directed at Subscriber’s network, Forcepoint may immediately suspend SaaS until the problem is resolved. Forcepoint will promptly notify and work with Subscriber to resolve the issues.

3.3 If SaaS is suspended or terminated, Forcepoint will reverse all configuration changes made during SaaS enrollment. It is Subscriber’s responsibility to make the server configuration changes necessary to reroute email for SaaS Email and reroute Web Content for SaaS Web.

3.4 Forcepoint may modify, enhance, replace, or make additions to the Products. Forcepoint may use Malware, Spam, and other information passing through the Products for the purposes of developing, analyzing, maintaining, reporting on, and enhancing the Forcepoint Products and services.

3.5 Subscriber must not use SaaS Email as an Open Relay.

3.6 Subscriber must not use the Products to distribute Spam or Malware.

3.7 If in any one (1) calendar month the Average Emails Per Seat or Average Emails Per User is greater than ten thousand (10,000), Subscriber will make reasonable efforts to implement and maintain an accurate list of all valid email addresses belonging to Subscriber for which SaaS Email scans inbound or outbound email. Subscriber’s Average Emails Per Seat or Average Emails Per User must not be greater than thirty thousand (30,000) in any one (1) calendar month.

3.8 Subscriber’s Average Bandwidth Per Seat or Average Bandwidth Per User must not be greater than 0.02Mbps in any one (1) calendar month.

4. **Subscriber Obligations.**

4.1 Subscriber will (a) comply with all applicable federal laws, statutes and regulations, (b) only use the Products for legitimate business purposes which may include sending and receiving business and personal email or Web Content by its personnel, and (c) not use the Products to transmit Spam, Malware, or excessive email as defined in section 3.7.

4.2 Subscriber must (a) have the authority, rights, or permissions to use all domains registered to the Products, and (b) obtain any legally required consents from its personnel, and (c) not use the Products to filter, screen, manage or censor Internet content for consumers without permission from the affected consumers and Websense’s express prior written approval.

4.3 Forcepoint will not be liable for any claims, demands, suits, or proceedings (“Claims”) made or brought against Forcepoint by a third party alleging or related to Subscriber’s (i) violation of its obligations in this Section 4; (ii) infringement of intellectual property rights; (iii) civil or criminal offenses; (iv) transmission or posting of obscene, indecent, or pornographic materials; (v) transmission or posting of any material which is slanderous, defamatory, offensive, abusive, or menacing or which causes annoyance or needless anxiety to any other person; or (vi) transmission of information through the Products.

5. **Technical Support.**

5.1 Product technical support includes (i) standard technical support, Error corrections or workarounds so that the Products operate in substantial conformance with the Documentation, and (ii) the provision of Database Updates and Software Upgrades, if and when available, all of which are provided under Forcepoint’s Technical Support Policies which are provided for informational purposes as Exhibit A and can be found at https://www.forcepoint.com/technicalsupportterms-service-and-description. Standard technical support includes online website and portal access, and telephone support during business hours. Database Updates and Software Upgrades will be provided to Subscriber if Forcepoint may require Subscriber to install Software Upgrades up to and including the latest release. Enhanced support offerings are only available pursuant to the execution of a new or modified Order and are also subject to the terms of this Agreement.

5.2 Forcepoint’s obligation to provide technical support is limited to: (i) a Product that has not been altered or modified by anyone other than Forcepoint or its licensors; (ii) a release for which technical support is provided; (iii) Subscriber’s use of the Product in accordance with the Documentation; and (iv) errors and malfunctions caused by systems or programs supplied by Forcepoint. If an Error has been corrected or is not present in a more current version of the Product, Forcepoint will provide the more current version via technical support, but will not have any obligation to correct such Error in prior versions.

5.3 Technical support for on-premise Products may be limited to the most current release and the most recent previous sequential major release of the Product.

6. **Intellectual Property Rights.** The Products and all related intellectual property rights are the exclusive property of Forcepoint or its licensors. All right, title and interest in and to the Products, and all applicable rights in patents, copyrights, trade secrets, trademarks and all intellectual property rights in the Products remain exclusively with Forcepoint or its licensors. The Products are valuable, proprietary, and unique, and...
Subscriber agrees to be bound by and observe the proprietary nature of the Products. The Products contain material that is protected by patent, copyright and trade secret law, and by international treaty provisions. The Products include software products licensed from third parties. Such third parties have no obligations or liability to Subscriber under this Agreement. Subscriber may not assign more than twenty (20) administrators to administer Forcepoint products. All rights not granted to Subscriber in this Agreement are reserved to Forcepoint. No ownership of the Products passes to Subscriber. Forcepoint may make changes to the Products at any time without notice. Except as otherwise expressly provided, Forcepoint grants no express or implied right under Forcepoint patents, copyrights, trademarks, or other intellectual property rights. Subscriber may not remove any proprietary notice of Forcepoint or any third party from the Products or any copy of the Products, without Forcepoint’s prior written consent.

7. Protection and Restrictions.

7.1 Each party (the “Disclosing Party”) may disclose to the other (the “Receiving Party”) certain confidential technical and business information which the Disclosing Party desires the Receiving Party to treat as confidential. “Confidential Information” means any information disclosed by either party to the other party, either directly or indirectly, in writing, orally, electronically or by inspection of tangible objects (including without limitation documents, prototypes, equipment, technical data, trade secrets and know-how, product plans, Products, services, suppliers, customer lists and customer information, markets, software, databases, developments, inventions, processes, formulas, technology, employee information, designs, drawings, engineering, hardware configuration information, marketing, licenses, finances, budgets and other business information), which is designated as “Confidential,” “Proprietary” or some similar designation at or prior to the time of disclosure, or which should otherwise reasonably be considered confidential by the Receiving Party. Confidential Information may also include information disclosed to a Disclosing Party by third parties that is designated as confidential. When the end user is an instrumentality of the U.S. Government, neither this Agreement nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Agreement to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Agreement.

Confidential Information shall not, however, include any information which the Receiving Party can document (i) was publicly known and made generally available prior to the time of disclosure by the Disclosing Party or an authorized third party; (ii) becomes publicly known and made generally available after disclosure through no action or inaction of the Receiving Party in violation of any obligation of confidentiality; (iii) is already in the possession of the Receiving Party at the time of disclosure; (iv) is lawfully obtained by the Receiving Party from a third party without a breach of such third party's obligations of confidentiality; or (v) is independently developed by the Receiving Party without use of or reference to the Disclosing Party's Confidential Information. Each party agrees that all Confidential Information of the other party will be treated by the Receiving Party as non-public confidential information and will not be disclosed to any person other than Disclosing Party and Receiving Party’s personnel on a need to know basis and that Receiving Party will protect the confidentiality of such Confidential Information in the same manner that it protects the confidentiality of its own proprietary and confidential information, but in no event with less than a reasonable standard of care. Furthermore, each party agrees to only use the Confidential Information of the other party for purposes of carrying out its rights and obligations under this Agreement. Forcepoint recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information may be released, despite being characterized as “confidential” by the vendor. For the avoidance of doubt, Licensee agrees that Licensee’s initial response to any such request to provide Forcepoint Products will be to assert the trade secret exceptions to any disclosure requirements.

7.2 Subscriber will take all reasonable steps to safeguard the Products to ensure that no unauthorized person has access and that no unauthorized copy, publication, disclosure or distribution, in any form is made. The Products contain valuable, confidential information and trade secrets and unauthorized use or copying is harmful to Forcepoint. Subscriber may use the Products only for its internal business purposes. Subscriber will not itself, or through, its personnel or other third party; (i) sell, resell, distribute, host, lease, rent, license or sublicense, in whole or in part, the Products; (ii) decipher, decompile, disassemble, reverse assemble, modify, translate, reverse engineer or otherwise attempt to derive source code, algorithms, tags, specifications, architecture, structure or other elements of the Products, in whole or in part, for competitive purposes or otherwise; (iii) allow access to, provide, divulge or make available the Products to any user other than Subscriber’s personnel who have a need for such access and who shall be bound by nondisclosure obligations that are at least as restrictive as the terms of this Agreement; (iv) write or develop any derivative works based upon the Products; (v) modify, adapt, translate or otherwise make any changes to the Products or any part thereof; (vi) use the Products to provide processing services to third parties, or otherwise use the same on a ‘service bureau’ basis; (vii) disclose or publish, without Forcepoint’s prior written consent, performance or capacity statistics or the results of any benchmark test performed on the Products; (viii) otherwise use or copy the Products except as expressly permitted herein; (ix) use any third party software included in the Products independently from the Forcepoint proprietary Products. Subject to the terms of this Agreement, Subscriber may allow its personnel to use the Products solely for the benefit of Subscriber; provided, however, Subscriber remains responsible for its personnel’s compliance with this Agreement. Any other use of the Products by any other entity is prohibited.

8. Reserved.

9. Limited Warranty; Remedies; Disclaimer.

9.1 For the Subscription Term, Forcepoint warrants that the Products, as updated from time to time by Forcepoint and used in accordance with the Documentation and Agreement by Subscriber, will operate in substantial conformance with the Documentation under normal use. Forcepoint does not warrant that: (A) the Products will (i) be free of defects, (ii) satisfy Subscriber’s requirements, (iii) operate without interruption or error, (iv) always locate or block access to or transmission of all desired addresses, emails, Malware, applications and/or files, or (v) identify every transmission or file that should potentially be located or blocked; or (B) that data contained in the Databases will be (i) appropriately categorized or (ii) that the algorithms used in the Products will be complete or accurate.

9.2 Subscriber must promptly notify Forcepoint in writing of a breach of warranty claim. Provided that such claim is reasonably determined by Forcepoint to be Forcepoint’s responsibility, Forcepoint shall, within thirty (30) days of its receipt of Subscriber’s written notice, (i) correct the Error or provide a workaround; (ii) provide Subscriber with a plan reasonably acceptable to Subscriber for correcting the Error; or (iii) if neither (i) nor (ii) can be accomplished with reasonable commercial efforts from Forcepoint at Forcepoint’s discretion, then Forcepoint may terminate the affected Product Subscription and Subscriber will be entitled to a refund of the unused Subscription Fees paid for the affected Product.
applicable to the balance of the then-current Subscription Term. This paragraph sets forth Subscriber’s sole and exclusive remedy and Forcepoint’s entire liability for any breach of warranty related to the Products.

9.3 This warranty is void and Forcepoint is not obligated to provide technical support if a claimed breach of the warranty is caused by: (i) any unauthorized modification of the Products or tampering with the Products, (ii) use of the Products inconsistent with the accompanying Documentation, (iii) Subscriber’s failure to use any new or corrected versions of the Product made available by Forcepoint; or (iv) related breach of this Agreement.

9.4 THE WARRANTIES SET FORTH IN THIS SECTION 9 ARE IN LIEU OF, AND FORCEPOINT, EXPRESSLY DISCLAIMS TO THE MAXIMUM EXTENT PERMITTED BY FEDERAL LAW, ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, TITLE OR FITNESS FOR A PARTICULAR PURPOSE, AND FREEDOM FROM PROGRAM ERRORS, VIRUSES OR ANY OTHER MALICIOUS CODE WITH RESPECT TO THE PRODUCTS AND SERVICES PROVIDED UNDER THIS AGREEMENT.

10. Limitation of Liability. NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS AGREEMENT, FORCEPOINT, ITS AFFILIATES, ITS LICENSEES, OR RESELLERS WILL NOT BE LIABLE FOR (1) LOST PROFITS; (2) LOSS OF BUSINESS; (3) LOSS OF GOODWILL, OPPORTUNITY, OR REVENUE; OR (4) ANY INDIRECT, CONSEQUENTIAL, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT WHETHER FORESEEABLE OR UNFORESEEABLE INCLUDING, BUT NOT LIMITED TO CLAIMS FOR USE OF THE PRODUCTS, INTERRUPTION IN USE OR AVAILABILITY OF DATA, STOPPAGE OF OTHER WORK OR IMPAIRMENT OF OTHER ASSETS, PRIVACY, ACCESS TO OR USE OF ANY ADDRESSES, EXECUTABLES OR FILES THAT SHOULD HAVE BEEN LOCATED OR BLOCKED, NEGLIGENCE, BREACH OF CONTRACT, TORT OR OTHERWISE AND THIRD PARTY CLAIMS, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL FORCEPOINT’S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT EXCEED THE TOTAL AMOUNT ACTUALLY RECEIVED BY FORCEPOINT FOR THE APPLICABLE PRODUCTS AND SERVICES OVER THE ONE YEAR PERIOD PRIOR TO THE EVENT OUT OF WHICH THE CLAIM AROSE FOR THE PRODUCTS OR SERVICES THAT DIRECTLY CAUSED THE LIABILITY. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensor’s negligence; (2) for fraud; (3) for any other matter for which liability cannot be excluded by law.

11. Indemnification. In the event of a third-party claim, suit or proceeding against Subscriber asserting that use of the Product as permitted in this Agreement infringes a third-party’s patent, copyright, or trademark right recognized in any jurisdiction where the Product is used, Forcepoint at its own expense will defend Subscriber and indemnify Subscriber against costs, expenses (including reasonable attorneys’ fees), and damages payable to any third party in any such suit or cause of action that are directly related to that claim to the extent permitted under 28 U.S.C. 516. Forcepoint’s obligation under this section is contingent upon Subscriber providing Forcepoint with: (a) prompt written notice of the suit or claim; (b) the right to control and direct the defense of the claim as set forth in 28 U.S.C. 516; and (c) reasonable cooperation with Forcepoint. Forcepoint will have no liability for any claim of infringement resulting from: (i) modification of the Products by anyone other than Forcepoint; (ii) a combination of the Products with other hardware or software not provided by Forcepoint; or (iii) failure by Subscriber to implement Software Upgrades and Database Updates. In the event the Products, in Forcepoint’s opinion, are likely to or do become the subject of a claim of infringement, Forcepoint may at its sole option and expense: (x) modify the Products to be non-infringing while preserving equivalent functionality; (y) obtain a license for Subscriber’s continued use of the Products; or (z) terminate this Agreement and the license granted hereunder, accept return of the Products and refund to Subscriber the unused Subscription Fees paid for the affected Product applicable to the balance of the then-current Subscription Term.

SUBJECT TO FAR 52.212-4(h), THIS SECTION SETS FORTH FORCEPOINT’S ENTIRE LIABILITY AND OBLIGATION AND SUBSCRIBER’S SOLE AND EXCLUSIVE REMEDY FOR ANY INFRINGEMENT OR CLAIMS OF INFRINGEMENT BY THIRD PARTIES REGARDING THE PRODUCTS AND SERVICES.

12. Term and Termination.

12.1 This Agreement continues in full force and effect until the expiration or termination of the Order(s), unless otherwise terminated earlier as provided in the FAR, the underlying GSA Schedule Contract and/or any applicable Order. Upon termination or expiration of the Subscription Term, Subscriber’s right to use the Products ends.

12.2 Product evaluation subscriptions are available for a period of up to thirty (30) days and are subject to the terms and conditions of this Agreement, except however that: (i) evaluation subscriptions may only be used to evaluate and facilitate Subscriber’s decision to purchase a subscription to Products; and (ii) evaluation subscriptions are provided by Forcepoint on an AS IS and AS AVAILABLE basis without warranties of any kind. At the end of the evaluation period, Subscriber must execute an Order for a new Subscription. Subscriber’s continued use of the Products after executing a new Order is subject to the terms of this Agreement. For purposes of clarification, Subscriber is not entitled to a refund of any pre-paid fees or waiver of any fees owed prior to termination of this Agreement or an Order.

12.3 When the end user is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Forcepoint shall proceed diligently with performance of this contract; pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer. Upon expiration or notification of termination, Subscriber must uninstall any Products, cease using and destroy or return all copies of the Products to Forcepoint, and certify in writing that all known copies thereof, including backup copies, have been destroyed.

Sections 1, Definitions, 6, Intellectual Property Rights, 7, Protection and Restrictions, 8, Financial Terms, 9, Limited Warranty: Remedies; Disclaimer, 10, Limitation of Liability, 11, Indemnification, 12, Term and Termination, 14, Government Restricted Rights, 15, Export, 16, Compliance and 17, General survive the termination of this Agreement.

13. Compliance with Laws. Each party will comply with all applicable laws and regulations that may apply concerning the protection of personal data, and anti-bribery. Subscriber must obtain any required employee consents addressing the interception, reading, copying or filtering of emails and their attachments. Neither party will use any data obtained via the Products for any unlawful purpose.

14. **Government Restricted Rights.** The Products are provided with "RESTRICTED RIGHTS." Use, duplication, or disclosure by the U.S. Government is subject to restrictions as set forth in FAR 52.227-14 “Rights in Data” (Dec. 2007) and DFARS 252.227-70155 “Technical Data-Commercial Items” or its successors. The U.S. Government acknowledges Forcepoint's proprietary rights in the products and services. Contractor or Manufacturer is Forcepoint.

15. **Export.** The Products are subject to export controls of the United States ("Export Controls"). Export or diversion contrary to U.S. law is prohibited. U.S. law prohibits export or re-export of the software or technology to specified countries or to a resident or national of those countries ("Prohibited Country" or "Prohibited Countries"). It also prohibits export or re-export of the software or technology to any person or entity on the U.S. Department of Commerce Denied Persons List, Entities List or Unverified List; the U.S. Department of State Debarred List; or any of the lists administered by the U.S. Department of Treasury, including lists of Specially Designated Nationals, Specially Designated Terrorists or Specially Designated Narcotics Traffickers (collectively, the "Lists"). U.S. law also prohibits use of the software or technology with chemical, biological or nuclear weapons, or with missiles ("Prohibited Uses"). Subscriber represents and warrants that it will not use the software or technology for any Prohibited Uses; and that it will comply with Export Controls.

16. **Compliance.** Subject to Government security requirements, Forcepoint has the right to monitor the Subscriber’s systems to confirm its authorized use of the Products. Upon Forcepoint’s request, Subscriber will document and certify that its use of the Products is in full conformity with the use rights granted under this Agreement and the applicable Order. Subscriber acknowledges that the Products may include a license manager component to track usage of the Products and agrees not to impede, disable or otherwise undermine such license manager’s operation.

17. **General.** For the purposes of customer service, technical support, and as a means of facilitating interactions with its end-users, Forcepoint may periodically send Subscriber messages of an informational or advertising nature via email. Subscriber may choose to "opt-out" of receiving these messages or information sharing by sending an email to optoutlegal@forcepoint.com requesting the opt-out. Subscriber acknowledges and agrees that by sending such email and "opting out" it will not receive emails containing messages concerning upgrades and enhancements to Products. However, Forcepoint may still send emails of a technical nature. Subscriber acknowledges that Forcepoint may use Subscriber’s company name only in a general list of Forcepoint customers, subject to the restrictions contained in GSAR 552.203-71 regarding publicity. Forcepoint may use any suggestions, ideas, enhancement requests, feedback, or recommendations provided by Subscriber or its personnel relating to the Products. Forcepoint may use non-identifying and aggregate usage and statistical information related to Subscriber’s and its personnel’s use of the Products for its own purposes outside of the Agreement. Subscriber may not transfer any of Subscriber’s rights to use the Products or assign this Agreement to another person or entity, without first obtaining prior written approval from Forcepoint. Assignment by Forcepoint is subject to FAR 52.232-23 "Assignment of Claims" (Jan. 1986) and FAR subpart 42.12 “Novation and Change-of-Name Agreements” (Sep. 2013).

Any notice required or permitted under this Agreement or required by law must be in writing and must be (i) delivered in person, (ii) sent by first class registered mail, or air mail, as appropriate, or (iii) sent by an internationally recognized overnight air courier, in each case properly posted. Notices sent to Forcepoint must be sent to the attention of the General Counsel at 10900-A Stonelake Blvd., 3rd Floor, Austin, TX 78759 USA. Notices are deemed given at the time of actual delivery in person, two (2) business days after deposit in the mail as set forth above, or one (1) day after delivery to an overnight air courier service. Either party may change its contact person for notices and/or its address for notice by means of notice to the other party given in accordance with this paragraph. Any dispute arising out of or relating to this Agreement or the breach thereof shall be governed by the federal laws of the United States. Pursuant to FAR 52.212-4(f), neither party will be liable for any delay or failure in performance to the extent the delay or failure is caused by events beyond the party’s reasonable control, including acts of God, or the public enemy, acts of Government in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather and delays of common carriers. This Agreement, the underlying GSA Schedule Contract GS-35F-0296R, the Schedule Price List and any applicable GSA Customer Purchase Order constitute the entire agreement between the parties regarding the subject matter herein and the parties have not relied on any promise, representation, or warranty, express or implied, that is not stated therein. This Agreement, however shall take precedence, to the maximum extent allowed by law, over the terms of the underlying GSA Schedule Contract or any specific, negotiated terms on the GSA Customer’s Purchase Order with Forcepoint. Any waiver or modification of this Agreement is only effective if it is in writing and signed by both parties. Subscriber agrees that its purchases hereunder are neither contingent on the delivery of any future functionality or features nor dependent on any oral or written comments made by Forcepoint regarding future functionality or features. If any part of this Agreement is found invalid or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby. Forcepoint is not obligated under any other agreements unless they are in writing and signed by an authorized representative of both parties.
FORCEPOINT TECHNICAL SUPPORT

Subscribers are enrolled in one of six Forcepoint Technical Support programs: (1) Standard Support; (2) Premium Support; (3) Premium Priority Support; (4) Mission Critical Support; (5) Mission Critical Support Global; (6) Mission Critical Support Elite. Standard Support is included with a Subscription upon payment of the associated Subscription Fees. All Premium Support and Mission Critical Support offerings are additional charge support options, and are only provided after Subscriber has paid the associated fees for participation in one of these five support options.

1. **Forcepoint Standard Support**: Forcepoint Standard Support is included with the Subscription. Through the combination of available resources, Subscriber can submit new cases and manage case status, access the latest security features and download software, upgrades, updates and patches, as well as review technical documentation. With Standard Support, Subscribers receive access to:

   - 24x7x365 online support located at: Support
   - the Knowledgebase and Documentation
   - the Customer Forum
   - Tech Alerts Subscription
   - download software updates and patches
   - submit and track support cases
   - Five (5) incidents per Subscription year for telephone and online access to technical support engineers during normal business hours for the region where Subscriber is located

   The Forcepoint support team has received technical training in the Forcepoint Products and related supported applications. Forcepoint will:

   - Address Subscriber open cases in a timely, professional and courteous manner
   - Assign a trouble case number used to track status and as a reference for Subscriber inquiries
   - Communicate the status of open cases
   - Log the support activity and provide status updates

2. **Forcepoint Premium Support**: Forcepoint Premium Support includes all the benefits of Standard Support on a 24x7 basis, including weekends and holidays for Severity 1 & 2 issues. In addition to those benefits included in Standard Support, Premium Support includes:

   - 24/7 support for Severity Level 1 & 2 issues
   - No limit on the number of incidents per Subscription year for telephone and online access to technical support engineers
   - Priority access to technical support engineers
   - Priority support
   - Severity three and four issues will be worked during regular business hours only

   These benefits are described in more detail on Support at: Global Technical Support Programs

3. **Forcepoint Premium Priority Support**: Forcepoint Premium Priority Support includes all the benefits of Premium Support, and also includes:

   - An assigned Escalation Manager who is responsible for ensuring consistent workflow of technical support cases and timely progression of Subscriber’s technical issues
   - Premium Priority access to technical support engineers
   - Premium Priority support

4. **Forcepoint Mission Critical Support**: Forcepoint Mission Critical Support combines all the benefits of Premium Priority Support with a technical account manager (TAM) who is assigned to the account, and who proactively works with the Subscriber to support performance, reliability and availability of the Forcepoint Products. Upon gaining an understanding of Subscriber’s environment, the TAM will work with Subscriber to:

   - Provide strategic support planning around Subscriber’s use of the Forcepoint Products
   - Perform architecture reviews, migration planning assistance, training recommendations and periodic account reviews

   With Mission Critical Support, Subscriber receives access to:

   - Technical Account Manager:
     - Expedited case handling and escalation path
     - Account related inquiries and assistance
     - Available for an annual on-site visit
     - Collaborative strategic support planning

   These benefits are described in more detail at: Global Technical Support Programs

5. **Forcepoint Mission Critical Support Global**: Forcepoint Mission Critical Support Global combines all the benefits of Premium Priority Support with regionally assigned Technical Account Managers (TAMs) who are assigned to the Subscriber in each of the three Forcepoint business regions (AMER, EMEA and APAC). The TAMs proactively work with the Subscriber to support performance, reliability and availability of the Forcepoint

---

An “incident” is any assisted support where a case is opened and a case number assigned by Forcepoint. Multi-year subscription holders may aggregate and use the allotted incidents at any time during the then-current Subscription Term. Incidents do not rollover to a renewal Subscription Term. Assisted support for SaaS support will not count as an incident.
Products. In addition to regional TAM coverage the Subscriber will also be provided with a Global Account Manager (GAM) who oversees and organizes the actions and activities of the regional TAMs for the Subscriber on a global level. Upon gaining an understanding of Subscriber’s environment, the GAM and regional TAMs will work with Subscriber to:

- Provide strategic support planning around Subscriber’s use of the Forcepoint Products
- Perform architecture reviews, migration planning assistance, training recommendations and periodic account reviews

With Mission Critical Support Global, Subscriber receives access to:

- Technical Account Manager:
  - Expedited case handling and escalation path
  - Account related inquiries and assistance
  - Collaborative strategic support planning

These benefits are described in more detail at: Global Technical Support Programs

6. Forcepoint Mission Critical Support Elite: Forcepoint Mission Critical Support Elite combines all the benefits of Mission Critical Support's Technical Account Manager (TAM) with increased levels of technical engagement and assistance consisting of the TAM being made available to work with Subscriber for:

- On-site upgrade assistance (up to 1 per year, 2 days maximum)
- On-site issue resolution assistance (up to 1 per year, 2 days maximum)
- Quarterly health check review via remote sessions
- Custom training (up to 4 – Two (2) hour sessions per year) delivered remotely
- Advanced architectural planning (disaster recovery and high availability)

These benefits are described in more detail at: Global Technical Support Programs

7. Forcepoint Hardware Support: Hardware support for Forcepoint appliances is available to subscribers with a current Subscription for Forcepoint software applications running on the hardware. Support for hardware is available only during the Subscription Term and under a valid hardware support contract.

Hardware support includes:

- Parts replacement of defective hardware materials and workmanship including internal peripherals
- “Retain your hard drive” option in the event of hard drive failure and replacement
- Phone-based troubleshooting
- Severity One level on-site parts replacement provided by a Forcepoint authorized service technician at Subscriber’s business location on record (see Section 10, Subscriber Responsibilities)

These benefits are described in more detail at: www.forcepoint.com

For non-Forcepoint branded hardware, Subscriber must contact the hardware manufacturer directly in order to obtain any available warranty assistance.

8. Forcepoint Technical Support Targeted Response Times: Forcepoint follows a tiered support process. Tiered support is a controlled escalation environment, employed to deliver multiple levels of support as deemed appropriate for the support request. Response times are dependent on the severity of the issue reported. A support case is generated for the Subscriber by a member of the Forcepoint Technical Support team or by the Subscriber online at Support.

Technical Support requests which are not resolved during the first telephone contact are assigned a Severity Level based on the descriptions in the chart below:
For all Forcepoint Products other than Forcepoint SaaS Products:

<table>
<thead>
<tr>
<th>Severity Level</th>
<th>Initial Response</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Standard</td>
</tr>
</tbody>
</table>

### Severity One (highest severity)
Business is severely impacted. - a Forcepoint product is not functioning and no viable workaround is available - Customer environment compromised or at risk for significant data corruption - Mission critical application is down or the majority of users are not able to conduct business

<table>
<thead>
<tr>
<th></th>
<th>Standard</th>
<th>Premium</th>
<th>Mission Critical</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Up to 1 Business Hour</td>
<td>Up to 45 Minutes</td>
<td>Up to 30 Minutes</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

### Severity Two
Business is disrupted but functioning. - a Forcepoint product’s functionality is severely impacted - Mission critical applications or the majority of users are impacted.

<table>
<thead>
<tr>
<th></th>
<th>Standard</th>
<th>Premium</th>
<th>Mission Critical</th>
</tr>
</thead>
<tbody>
<tr>

9. Service Level Guidelines: Response Time and Request Resolution:

Service Level Compliance: Forcepoint strives to provide compliance of 80% (90% for Mission Critical Support) for the service levels set forth in the following response times:

- Service response levels: o Target response time for inbound telephone calls made during business hours is based on the Severity of the issue (Please see chart); resolution time for 30% of the issues is generally within one business day. o Business hours are Monday through Friday, during the hours set forth in the region where Subscriber resides as set forth at: Contact Support (“Business Hours”) o For calls to the 24x7 Support Line that occur after hours, the target response time for inbound telephone calls is within one hour for entitled Subscribers.

Escalation response levels: If it is determined that the Forcepoint Technical Support team cannot resolve the support case, the issue will be escalated to the Forcepoint Engineering team. The technical support engineer updates Subscriber on the plan of action and provides timely status updates. Such an action plan may include, but shall not be limited to, a call disposition or issue resolution.

Support for hardware: Response times for hardware parts replacement applies after phone-based troubleshooting has concluded and will vary by country. Service availability and response times are available at: Target Response Times

10. Subscriber Responsibilities: In order to efficiently resolve problems, it is important that there be clear and effective communications between Subscriber and Forcepoint. The first step of the process requires an accurate reporting of the problem by Subscriber. Subscriber will need to provide Forcepoint Technical Support with at least the following information to initiate the process outlined in this document:

- Subscriber name

---

29 Service levels are applicable for the software configurations described at Certified Product Matrix. Action requests involving non-included configurations may require more time to resolve, Forcepoint will make commercially reasonable efforts to resolve technical support calls in the aforementioned service level time frame.
• Subscription Key information
• Support PIN of the day for Subscriber’s Cloud security account
• Technical contact information including: name, telephone number and email address
• Preliminary assessment of the scope and severity of the problem, including the number of affected users/Seats
• Additional details and files as requested by Forcepoint needed to resolve the issue

A case number will be assigned and provided to you. Subscriber should retain and use this case number in order to facilitate future communications regarding the matter.

In order to receive on-site parts replacement for a hardware Severity One problem, Subscriber must keep a current record with Forcepoint of the business location on record for the physical location of the hardware.\textsuperscript{30} Failure to keep current the business location on record will result in service interruption until Forcepoint and its OEM receive and process the information for the updated location.

• Subscriber must notify Forcepoint of hardware transferred to alternate business locations, 10 days prior to the transfer, within or outside the country of purchase to ensure response time coverage and country registration\textsuperscript{31}
• Updates to a physical location must be completed prior to dispatching of authorized technicians
• Subscriber or Subscriber’s authorized representative must be available when the service technical arrives, or the service technician will not be able to service the hardware\textsuperscript{32}
• Missed service calls due to Subscriber’s unavailability may result in additional charges for the follow-up service call

be provided where:

• Hardware is repurposed or modified from its original configuration
• Hardware has missing or altered serial numbers or Service Tags
• Hardware has been serviced by someone other than a Forcepoint-authorized service provider
• Premium or Mission Critical Support subscription has expired

11. Technical Support Channels: There are two ways for Subscribers to engage support:

• Open a case online at: Support
• Open a case via telephone: Contact Support\textsuperscript{8}

12. Support Escalation Channels: If after following the procedures for creation of a technical support case Subscriber desires to escalate a support issue, the following escalation path to a Technical Support Manager in Subscriber’s region is available using the numbers listed below:

Note: Please ask for a support delivery manager when calling during supported business hours for immediate attention to your concerns.

Escalation contacts are available 24 hours a day, 7 days a week to service Subscriber’s Severity 1 business needs.

\textsuperscript{30} A service technician will only be dispatched after Forcepoint and Subscriber have concluded phone-based troubleshooting and determined that a Severity One problem exists.

\textsuperscript{31} Registrations may take up to 10 business days to complete.

\textsuperscript{32} In the event that Subscriber is not available, the technician will leave a card as indication that the technician was there and the visit will be rescheduled.\textsuperscript{8} Toll-free numbers are provided for Subscribers of Premium and Mission Critical Support in some geographies.
1. **Terms and Conditions**

Forcepoint™ is a premier provider of SaaS security services. Forcepoint provides these SLAs in order to demonstrate its ongoing commitment to provide top-quality SaaS security service offerings for world class organizations and businesses.

1.1 Forcepoint provides these SLAs under the terms and conditions of the then current Forcepoint Subscription Agreement at Subscription Agreement. The defined terms therein shall have the same meaning when used in this SLA. The current version of these SLAs can be found at Forcepoint SaaS Security Service Level Agreement .

1.2 In order to receive a Service Credit under any of these SLAs, the Subscriber must make a credit request in writing within thirty (30) days of the occurrence of the breach in service levels (or earlier if specifically set forth below). The Subscriber must also promptly provide Forcepoint with evidence as reasonably requested by Forcepoint of the SLA violation subject to the Service Credit request. A “Service Credit” entitles the Subscriber to the free use of the affected SaaS security service for the time period set forth in the applicable SLA.

1.3 Credits for any Subscriber problems with Forcepoint SaaS Security services will be provided under a single SLA for a single claim, with the SLA that the claim is based upon determined by the Subscriber. One claim cannot result in Service Credits under multiple SLAs.

1.4 The SLAs will not apply to situations where:

- The SaaS Security service is unavailable for an hour or less, and the Subscriber fails to report the unavailability in writing to Forcepoint within five (5) days thereafter.
- The SaaS Security service is incorrectly configured by the Subscriber.
- The Subscriber provides incorrect configuration information to Forcepoint.
- Forcepoint is performing scheduled or routine maintenance of the SaaS Security service, where the Subscriber has been notified of the maintenance in advance.
- The Subscriber’s applications or equipment or Internet connection has failed.
- For SaaS Email Security, where an account is not configured to use two or more co-location sites (clusters).
- The Subscriber has acted as an open relay or open proxy, or has been using the service to send spam or viruses, or otherwise is using the SaaS Security service in violation of the Forcepoint Subscription Service Level Agreement .
- The Subscriber has used the SaaS Security service for thirty (30) days or less.
- The Subscriber is a trial or evaluation customer.
- The failure of the SLA is based on reasons beyond Forcepoint’s reasonable control as set out in the Forcepoint Subscription Agreement .
- The remedies set forth in these SLAs are the Subscriber’s sole and exclusive remedy for any failure by Forcepoint to comply with the SLAs. Further information regarding remedies is set forth in the Forcepoint Subscription Agreement .

2. **SLAs for SaaS Email Security**

2.1 **Message Tracking**

- For 99% of all emails processed, the following will be available for review in the Message Center within five (5) minutes of receipt of an email: Detailed SMTP logs and all emails that are quarantined (including those that failed a content filtering rule, were classified as spam or were infected with a virus).
- If more than 5% of email logs or quarantined emails processed in any calendar month are not available for review within 5 minutes when the Subscriber is using the portal and following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one day’s Service Credit for each email log or quarantined email that did not meet this service level, subject to a maximum credit of five (5) days in any one month.

2.2 **Service Availability**

- The SaaS Email Security service will be available 99.999% of the time.
- SaaS Email Security “Service Unavailability” means the inability of the email filtering service to receive and process email in substantial conformance with Forcepoint’s published documentation for the email filtering service, as may be updated by Forcepoint from time to time, on behalf of the Subscriber and measured during any given calendar month.
- In the event of Service Unavailability for more than 0.001% of any calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber account with one day’s Service Credit for each hour of Service Unavailability, subject to a maximum credit of five (5) days in any one month.

2.3 **Service Management**

- For 99% of all non-spam emails less than 2 Mega Bytes in size, the time required to process an email will be less than sixty (60) seconds.
- If in any one calendar month, 1% or more of all processed non-spam emails less than 2 Mega Bytes in size takes sixty (60) seconds or longer for Forcepoint to process (following receipt, ready for processing, to attempted delivery), following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one day’s Service Credit for each email that takes sixty (60) seconds or longer to receive, process and attempt to deliver, subject to a maximum credit of five (5) days in any one month. This SLA applies only to legitimate business email (non-bulk email) and does not apply to emails 2 Mega Bytes or larger in size, denial of service (DOS) attacks, or email loops.

2.4 **Spam Detection Rates**

- Spam will be detected at a rate of 99% or above during each calendar month for Subscriber’s use of the antispam service.
- The spam SLA does not apply to emails using a majority of Asian language (or other non-English or non-European language) or emails sent to invalid mailboxes.
- In the event the spam detection rate drops below 99% for a period of more than five (5) days in any one calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one (1) month’s Service Credit.

2.5 **Virus Detection**

- For Subscribers subscribing to the anti-virus service, Forcepoint will protect the Subscriber from infection by 100% of all Known Viruses contained inside email that has passed through the SaaS Email Security service. This excludes links (URLs) inside email messages that take the Subscriber to a website where Viruses can be downloaded...
- A "Known Virus" means a Virus which has already been identified and a Virus definition has been made available by one of the anti-virus services whose technology is used within Forcepoint’s SaaS Email Security service, at least thirty (30) minutes before the time the email was processed by the SaaS Email Security service. This SLA does not apply to forms of email abuse that are not classified as viruses or malware, such as phishing, adware, spyware and spam.
- In the event that Forcepoint identifies a Known Virus but does not stop the infected email, Forcepoint will use commercially reasonable efforts to promptly notify the Subscriber, providing information to enable the Subscriber to identify and delete the Virus-infected email. If such action prevents the infection of the Subscriber’s systems, then the remediation defined in this Section 2.5 shall not apply. Subscribers’ failure to promptly act on such information will also result in the remedy defined in this Section 2.5 being inapplicable.
· In the event that one or more Known Viruses in any calendar month passes through the email filtering service undetected and infects the Subscriber’s systems, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one month’s Service Credit, subject to the Subscriber providing evidence acceptable to Forcepoint that the SaaS Email Security service failed to detect the Known Virus within five (5) working days of the Virus infection.

· The Virus Detection SLA for SaaS Email Security will not apply if (a) the Virus was contained inside an email that could not be analyzed by the email filtering service, such as an encrypted email or a password-protected file, (b) the Virus infection occurred because an email which had been identified as containing a Virus was released by Forcepoint on the request of the Subscriber, or by the Subscriber through the email filtering portal, or (c) there is deliberate self-infection by the Subscriber or its authorized user.

3. SLAs for SaaS Web Security

3.1 Service Availability

· The SaaS Web Security service will be available 99.999% of the time.

· SaaS Web Security “Service Unavailability” means the SaaS Web Security service being unable to receive, process and forward Web Content in substantial conformance with Forcepoint’s published documentation as may be updated by Forcepoint from time to time, on behalf of the Subscriber and measured during any given calendar month.

· In the event of Service Unavailability for 0.001% or more of any calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will provide the Subscriber a credit of one day’s Service Credit for each two (2) hour period of Service Unavailability, subject to a maximum credit of five (5) days in any one calendar month.

3.2 Virus Detection

· Forcepoint will protect the Subscriber from infection by 100% of all Known Viruses contained inside Web Content that has passed through the SaaS web protection service module of the SaaS Web Security service.

· A “Known Virus” means a Virus which has already been identified and a Virus definition has been made available by one of the anti-virus services whose technology is used within Forcepoint’s SaaS Web Security service, at least thirty (30) minutes before the time the Web Content was processed by the web filtering service. This SLA does not apply to forms of Web Content abuse that are not classified as viruses or malware, such as phishing, adware, spyware and spam.

· In the event that Forcepoint identifies a Known Virus but does not stop the infected Web Content, Forcepoint will use commercially reasonable efforts to promptly notify the Subscriber, providing information to enable the Subscriber to identify and delete the Virus-infected Web Content. If such action prevents the infection of the Subscriber’s systems, then the remedy defined in this Section 3.2 shall not apply. Subscriber’s failure to promptly act on such information will also result in the remedy defined in this Section 3.2 being inapplicable.

· In the event that one or more Known Viruses in any calendar month passes through the SaaS Web Security service undetected and infects the Subscriber’s systems, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber with one month’s Service Credit, subject to the Subscriber providing evidence that the SaaS Web Security service failed to detect the Known Virus within five (5) working days of the Virus infection.

· The Virus Detection SLA for web security will not apply if (a) the Virus was contained inside Web Content that could not be analyzed by the web security service, such as HTTPS or a password-protected file, (b) the user bypassed the web security service when downloading the Web Content, (c) the Subscriber configured the service to not filter the web content, or (d) there is deliberate self-infection by the Subscriber or its authorized user.

4. SLAs for Email Archiving

4.1 Service Availability

· The SaaS email archiving service will be available 99.99% of the time over a calendar month.

· SaaS email archiving “Service Unavailability” means the inability of the email archiving server to receive and transmit Subscriber’s requests to store and retrieve archived email in conformance with Forcepoint’s published documentation, as may be updated by Forcepoint from time to time, and measured over a full calendar month.

· In the event of Service Unavailability for more than 0.01% for any calendar month, following a request submitted by the Subscriber in accordance with Section 1 above, Forcepoint will credit the Subscriber account with one day’s Service Credit for each calendar month where Service Unavailability exceeds 0.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Fortinet, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3501 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 21.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

w) **Contracting Parties.** The GSA Customer ("Licensee") is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

x) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

y) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

z) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

aa) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

bb) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

c) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

d) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

e) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

f) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

gg) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
hh) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

ii) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

jj) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

kk) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

ll) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

mm) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

nn) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

oo) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

pp) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

qq) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

rr) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

FORTINET, INC.

FORTINET, INC. LICENSE, WARRANTY AND SUPPORT TERMS

1. License Grant.

This is a license, not a sales agreement, between Ordering Activity and Contractor. The term “Software”, as used throughout this Attachment A, includes all Fortinet and third party firmware and software provided to Ordering Activity with, or incorporated into, Fortinet appliances and any stand-alone software provided to Ordering Activity by Contractor, with the exception of any open source software contained in Fortinet's Products which is discussed in detail in section 15 below, and the term “Software” includes any accompanying documentation, any updates and enhancements of the software or firmware provided to Ordering Activity by Contractor, at its option. Contractor grants to Ordering Activity a non-transferable (except as provided in section 5 (“Transfer”) and section 13 (“Open Source Software”) below), non-exclusive, revocable (in the event of your failure to comply with these terms
or in the event Contractor is not properly paid for the applicable Product) license to use the Software solely for Ordering Activity's internal business purposes (provided, if a substantial portion of Ordering Activity's business is to provide managed service provider services to Ordering Activity's end-customers, Ordering Activity may use the Software embedded in FortiGate and supporting hardware appliances to provide those services, subject to the other restrictions in this Attachment A), in accordance with the terms set forth in this Attachment A and subject to any further restrictions in Fortinet documentation, and solely on the Fortinet appliance, or, in the case of blades, CPUs or databases, on the single blade, CPU or database on which Fortinet installed the Software or, for stand-alone Software, solely on a single computer running a validly licensed copy of the operating system for which the Software was designed, or, in the case of blades, CPUs or databases, on a single blade, CPU or database. For clarity, notwithstanding anything to the contrary, all licenses of Software to be installed on blades, CPUs or databases are licensed on a per single blade, solely for one blade and not for multiple blades that may be installed in a chassis, per single CPU or per single database basis, as applicable. The Software is "in use" on any Fortinet appliances when it is loaded into temporary memory (i.e. RAM). Ordering Activity agrees that, except for the limited, specific license rights granted in this section 1, Ordering Activity receive no license rights to the Software.

2. Limitation on Use

Ordering Activity may not attempt to, and, if Ordering Activity is a corporation, Ordering Activity is responsible to prevent Ordering Activity's employees and contractors from attempting to, (a) modify, translate, reverse engineer, decompile, disassemble, create derivative works based on, sublicense, or distribute the Software; (b) rent or lease any rights in the Software in any form to any third party or make the Software available or accessible to third parties in any other manner; (c) except as provided in section 5, transfer assign or sublicense right to any other person or entity, or (d) remove any proprietary notice, labels, or marks on the Software, Products, and containers.

3. Proprietary Rights

All rights, title, interest, and all copyrights to the Software and any copy made thereof by Ordering Activity and to any Product remain with Fortinet. Ordering Activity acknowledges that no title to the intellectual property in the Software or other Products is transferred to Ordering Activity and Ordering Activity will not acquire any rights to the Software or other Products except for the specific license as expressly set forth in section 1 ("License Grant") above.

4. Limited Warranty

Contractor provides this limited warranty for its product only to the single Ordering Activity that originally purchased the Product from Contractor or its authorized reseller or distributor and paid for such Product. The warranty is only valid for Products which are registered on Fortinet's Support Website: https://support.fortinet.com; or on the TalkSwitch support website: http://global.talkswitch.com; or such other website as provided by Contractor. For the below software warranty to start, registration must take place within three hundred sixty-five (365) days from the date the Product was originally shipped from Contractor's facilities or the warranty is null and void and will not be honored. For the hardware warranty, such warranty starts on the earlier of the date of Product registration on Fortinet's Support Website or ninety (90) days from the date that the Product was originally shipped from Contractor's facilities. It is the Contractor distributor's and reseller's responsibility to make clear to the Ordering Activity the date the product was originally shipped from Contractor, and it is the Ordering Activity's responsibility to understand the original ship date from the party from which the end user purchased the product. All warranty claims must be submitted in writing to Contractor before the expiration of the warranty term or such claims are waived in full, i.e. ninety (90) days from the earlier of registration or the automatically started term for hardware and spare parts claims and three hundred sixty-five (365) days from registration within three hundred sixty-five (365) days from shipment for software claims. Contractor provides no warranty for any beta, donation or evaluation Products, for any spare parts not purchased directly from Contractor by the Ordering Activity, for any accessories, or for any stand-alone software.

Contractor warrants that the hardware portion of the Products, including spare parts unless noted otherwise ("Hardware") will be free from material defects in workmanship as compared to the functional specifications for the period set forth as follows and applicable to the Product type ("Hardware Warranty Period"): a three hundred sixty-five (365) day limited warranty for the Hardware excluding spare parts, and, for spare parts, solely a ninety (90) days limited warranty. Contractor's obligation shall be to repair or replace the defective Hardware at no charge to the original owner. This obligation is exclusive of transport fees, labor or installation costs, and any other cost which are not directly associated to the Product. Such repair or replacement will be rendered by Contractor through Fortinet at an authorized Fortinet service facility as determined by Fortinet. The replacement Hardware need not be new or of an identical make, model, or part; Contractor may, in its discretion, replace the defective Hardware (or any part thereof) with any reconditioned Product that Contractor reasonably determines is substantially equivalent (or superior) in all material respects to the defective Hardware. The Hardware Warranty Period for the replacement Hardware shall be for the greater of the remaining Hardware Warranty Period or ninety (90) days from the delivery of the repaired or replacement Hardware. If Contractor determines in its reasonable discretion that a material defect is incapable of correction or that it is not practical to repair or replace defective Hardware, the price paid by the original purchaser for the defective Hardware will be refunded by Contractor upon return to Contractor of the defective Hardware. All Hardware (or part thereof) that is replaced by Contractor, or for which the purchase price is refunded, shall become the property of Contractor upon replacement or refund.

Contractor warrants that the software portion of Hardware Products will substantially conform to Contractor's then current functional specifications for the Software, as set forth in the applicable documentation for a period of ninety (90) days ("Software Warranty Period"), if the Software is properly installed on approved Hardware and operated as contemplated in its documentation. Contractor's obligation shall be to repair or replace the non-conforming Software with software that substantially conforms to Contractor's functional specifications. Except as otherwise agreed by Contractor in writing, the replacement Software is provided only to the original licensee, and is subject to the terms and conditions in this Attachment A of the license granted by Contractor for the Software. The Software Warranty Period shall extend for an additional ninety (90) days after any replacement software is delivered. If Contractor determines in its reasonable discretion that a material non-conformance is incapable of correction or that it is not practical to repair or replace the non-conforming Software, the price paid by the original licensee for the non-conforming Software will be refunded by Contractor; provided that the non-conforming Software (and all copies thereof) is first returned to Contractor. The license granted respecting any Software for which a refund is given automatically terminates immediately upon refund. For purpose of the above hardware and software warranties, the term "functional specifications" means solely those specifications authorized and published by Contractor that expressly state in such specifications that they are the functional specifications referred to in this section 6 of this Attachment A, and, in the event no such specifications are provided to you with the Software or Hardware, there shall be no warranty on such Software.

5. Disclaimer of Other Warranties and Restrictions

EXCEPT FOR THE LIMITED WARRANTY SPECIFIED IN SECTION 4 ABOVE, THE PRODUCT AND SOFTWARE ARE PROVIDED "AS-IS" WITHOUT ANY WARRANTY OF ANY KIND INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY, IMPLIED OR EXPRESS WARRANTY OF MERCHANTABILITY, OR WARRANTY FOR FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. IF ANY IMPLIED WARRANTY CANNOT BE DISCLAIMED IN ANY TERRITORY WHERE A PRODUCT IS SOLD, THE DURATION OF SUCH IMPLIED WARRANTY SHALL BE LIMITED TO NINETY (90) DAYS FROM THE DATE OF ORIGINAL SHIPMENT FROM CONTRACTOR. EXCEPT AS EXPRESSLY COVERED UNDER

The warranty in Section 4 above does not apply if the Software, Product or any other equipment upon which the Software is authorized to be used (a) has been altered, except by Contractor or its authorized representative, (b) has not been installed, operated, repaired, or maintained in accordance with instructions supplied by Contractor, (c) has been subjected to abnormal physical or electrical stress, misuse, negligence, or accident; and (d) is licensed for beta, evaluation, donation, testing or demonstration purposes or for which Contractor does not charge a purchase price or license fee. In the case of beta, testing, evaluation, donation or free Software or Product, the end user acknowledges and agrees that such Software or Product may contain bugs or errors and could cause system failures, data loss and other issues, and the Ordering Activity agrees that such Software or Product is provided "as-is" without any warranty whatsoever, and Contractor disclaims any warranty or liability whatsoever. An Ordering Activity's use of evaluation or beta Software or Product is limited to thirty (30) days from original shipment unless otherwise agreed in writing by Contractor.

The Software and accompanying documentation are deemed to be "commercial computer software" and "commercial computer software documentation," respectively, pursuant to DFAR Section 227.7202 and FAR Section 12.212, as applicable. Any use, modification, reproduction, release, performance, display or disclosure of the Software and accompanying documentation by the United States Government shall be governed solely by the terms of this Attachment A and shall be prohibited except to the extent expressly permitted by the terms of this Attachment A and its successors.

7. Open Source Software.
Fortinet's products may include software modules that are licensed (or sublicensed) to the user under the GNU General Public License, Version 2, of June 1991 ("GPL") or GNU Lesser General Public License, Version 2.1, of February 1999 ("LGPL") or other open source software licenses which, among other rights, permit the user to use, copy, modify and redistribute modules, or portions thereof, and may also require attribution disclosures and access to the source code ("Open Source Software"). The GPL requires that for any Open Source Software covered under the GPL, which is distributed to someone in an executable binary format, that the source code also be made available to those users. For any Open Source Software covered under the GPL, the source code is made available on this CD or download package. If any Open Source Software licenses require that Contractor provide rights to use, copy or modify a Open Source Software program that are broader than the rights granted in this Attachment A, then such rights shall take precedence over the rights and restrictions herein. All open source software modules are licensed free of charge. There is no warranty for these modules, to the extent permitted by applicable law. The copyright holders provide these software modules "AS-IS" without warranty of any kind, either expressed or implied. In no event will the copyright holder for the open source software be liable to you for damages, including any special, incidental or consequential damages arising out of the use or inability to use the software modules, even if such holder has been advised of the possibility of such damages. A full copy of this license, including additional open source software license disclosures and third party license disclosures applicable to certain Fortinet products, may obtained by contacting Contractor through Fortinet's Legal Department at legal@fortinet.com.

EXHIBIT A – FORTICARE/FORTIGUARD SERVICES

DEFINITIONS

1. "Ordering Activity" means any person or entity that has purchased a Service Contract from Contractor.

2. "Defective Unit" means a Product purchased by the Ordering Activity which has ceased to operate in accordance with Fortinet's Product Documentation.

3. "Hardware" means the Fortinet computer peripheral devices excluding all Software incorporated in or bundled with such devices.

4. "No Trouble Found Unit(s)" means a Product that has been returned to Fortinet as a Defective Unit by the Ordering Activity, and is later discovered to be in proper working order.

5. "Product(s)" means any Fortinet Hardware with associated Software or stand-alone Software product which is/are available for sale.

6. "Registration Date" means the date when the Service Contract is registered via Fortinet's website: https://support.fortinet.com.

7. "Renewal Service Contract" means a Service Contract (FortiCare and/or FortiGuard), as identified in Contractor's then current GSA price list, which may be purchased for any hardware that has previously been registered with an accompanying Service Contract at Fortinet's Support site.

8. "Return Material Authorization" or "RMA" means the required number or code obtained from Fortinet prior to returning a Defective Unit for a Replacement Unit.

9. "Replacement Unit" means a Product shipped by Fortinet to replace an Ordering Activity reported Defective Unit for which the Ordering Activity has obtained an RMA.

10. "Service Contract" means the purchase order for the Services purchased by the Ordering Activity as evidenced by their Service Contract Registration Document.

11. "Service Plan Documentation" means the Fortinet issued collateral, product description, or documentation which outlines the Services to be performed by Fortinet.

12. "Service Contract Registration Document" means the electronic document emailed by Fortinet with a contract registration number to the email address provided for in the Order Documentation which contains the Ordering Activity's entitlements.
13. “Services” means any individual or combination of Support and/or Subscription services purchased by the Ordering Activity and evidenced in the Ordering Activity's Service Entitlement Document.

14. “Software” means the Fortinet computer software which is licensed in object code form, including any error corrections, updates and bug fixes provided by Fortinet.

15. “Subscription Services” means Fortinet's FortiGuard suite of services, per Fortinet's current Customer Support Services Reference Guide, which may include one or all of the following: Antivirus, Antispam, IPS, and Web Filtering.

SUPPORT AND SUBSCRIPTION SERVICE CONTRACTS OFFERED

1. Service Contracts Offered. Contractor through Fortinet offers various Support and Subscription Service Contracts ranging in hours of operation and included Services. In addition, Fortinet offers Subscription Services and other Product service offerings to protect Ordering Activity's newly purchased assets.

2. Ordering and Use. Each Service Contract purchased by Ordering Activity is valid for a single unit of Product. For clarity, use of a Service Contract with a replacement unit, or with certain upgraded units identified by Contractor through Fortinet as applicable to the Service Contract, shall not be considered a material breach of this Attachment A.

TERMS OF SERVICE

1. Registration. Ordering Activity must register the Product for which the Service Contract was purchased within three hundred sixty-five (365) days from the date of the original shipment by Contractor through Fortinet of the applicable Product and Service Contract to Ordering Activity. SERVICE CONTRACTS WHICH ARE NOT REGISTERED WITHIN THREE HUNDRED SIXTY-FIVE (365) DAYS FROM THE DATE THE SERVICE CONTRACT WAS ORIGINALLY SHIPPED FROM CONTRACTOR THROUGH FORTINET SHALL BE FORFEITED AND CONTRACTOR SHALL HAVE NO OBLIGATION TO THE ORDERING ACTIVITY REGARDING THIS ATTACHMENT A OR ANY RELATED SUPPORT SERVICES. It is Ordering Activity's responsibility to ensure it knows the deadline to register the Service Contract within the three hundred sixty-five (365) day period. Notwithstanding anything to the contrary, Contractor through Fortinet may register any Renewal Service Contract upon invoicing. Upon renewal of the Service Contract, Ordering Activity authorizes Contractor through Fortinet to automatically register the Renewal Service Contract for subsequent renewal periods for which a purchase order has been placed.

2. Renewal Registration. In order to maintain a continual service period, the effective date of any Renewal Service Contract shall begin as set forth herein, (the "Renewal Service Contract Effective Date"). In the event that registration of a Renewal Service Contract is beyond ten (10) calendar days following the expiration date of the previous Service Contract, such Renewal Service Contract Effective Date will be the later of (a) the calendar day following the expiration date of the Ordering Activity’s previous Service Contract and (b) the date that is one hundred eighty (180) calendar days prior to the actual registration date of the Renewal Service Contract. The above does not apply if Renewal Service Contracts are registered and started within ten (10) calendar days following the expiration date of the Ordering Activity’s previous Service Contract. In such case the start date shall be the date of registration.

For example and for illustration purposes only, in the event a one year Renewal Service Contract is registered ninety (90) days after the expiration date of the Services contract being renewed, the term of such Renewal Service Contract will terminate 275 days (365 – 90) from the date of registration of such Renewal Service Contract. As another example, in the event a one year Renewal Service Contract is registered two-hundred (200) days after the expiration date of the Services contract being renewed, the term of such Renewal Service Contract will terminate 180 days from the date of registration of such Renewal Service Contract.

3. Support Policy. The delivery of all Services shall be subject to and provided in accordance with Contractor through Fortinet's then current Customer Support Services Reference Guide (“Reference Guide”). The Reference Guide details the Service and Support process and any service levels provided by Contractor thorough Fortinet with your specific Fortinet Support Services. The Reference Guide is available at the following link https://support.fortinet.com/Login/UserLogin.aspx. The Reference Guide is subject to change and Fortinet shall post notices of any changes on the support website https://support.fortinet.com/Login/UserLogin.aspx with no less than thirty (30) days notice prior to the effective date of the change. The Ordering Activity hereby agrees and acknowledges that by continuing to accept Services beyond the effective date of the change as provide for in any notification, the Ordering Activity accepts and agrees the changes to the Reference Guide. Furthermore, the Ordering Activity hereby acknowledges and agrees that Ordering Activity is solely responsible for adhering to and monitoring Contractor through Fortinet's support website for updates and changes to the Reference Guide.

4. Product Life Cycle Policy. All Services provided hereunder are subject to Fortinet's Product Life Cycle Policy which is available Fortinet's Support website.

POINT OF CONTACT

Contractor through Fortinet may, at its option, provide the Services directly or indirectly, through any of its FortiPartner, agents, or sub-contractors.

DESCRIPTION OF PROGRAMS

1. Principle Period of Services. Services are provided during the hours described in the Reference Guide.

2. Telephone and Email Support. All telephone and email support will be delivered in accordance with any Service Plan Documentation and Fortinet's Support Policy.

3. Web-based Support. The Fortinet corporate website www.fortinet.com provides access to a variety of information including on-line documentation. To engage Customer Services and Support on an ongoing basis, an account must be created on the Fortinet support website.
### EXCLUSIONS

1. **General.** Ordering Activity acknowledges that software and/or hardware is/are neither perfect nor error-free and that, despite commercially reasonable efforts, Contractor through Fortinet may be unable to provide answers to, or be able to resolve, some or all requests for software or hardware support. The Services provided by Contractor through Fortinet hereunder do not include warranty, support and/or maintenance for any third party software or hardware, whether or not such third party software or hardware is provided by Contractor through Fortinet. Contractor through Fortinet is not required to provide Services for problems arising from: (i) Ordering Activity's failure to implement all maintenance or features issued under this Attachment A; (ii) any alterations of or additions to the Products performed by parties other than Contractor through Fortinet; (iii) accident, negligence, or misuse of the Products (such as, without limitation, operation outside of environmental specifications or in a manner for which the Products were not designed); or (iv) interconnection of the Products with other products not supplied by Contractor through Fortinet.

2. **On-Site Support Not Included.** Support Services are strictly limited to telephone and electronic support.

### LICENSE

All updates or upgrades to Software or Hardware provided for under this Attachment A shall be deemed to be included within the Products and subject to these Attachment A License terms and conditions. Further, Ordering Activity hereby agrees (i) not to create or attempt to create by reverse engineering, disassembly, decompilation or otherwise, the source code, internal structure, hardware design or organization of the Product or support updates or software, or any part thereof, or to aid or to permit others to do so, except and only to the extent as expressly required by applicable law; (ii) not to remove any identification or notices of any copyright restrictions from any Product or support updates or software; (iii) not to copy the Product or support updates or software, modify, translate or, unless otherwise agreed, develop any derivative works thereof or to aid or to permit others to do so, except and only to the extent as expressly required by applicable law; (iv) to keep confidential any software and support updates and not share them with third parties.

### WARRANTY

Except as expressly stated otherwise, maintenance releases, updates and upgrades provided hereunder are warranted that only ordering technology personnel shall have access to the login and password information. Contractor through Fortinet shall use reasonable efforts to ensure web access is available on a 24x7x365 basis, but will not be responsible for internet downtime beyond its reasonable control.

4. **Hardware Support.** If the Customer's Service Contract includes hardware support, the Services shall be delivered as described in the applicable Service Plan Documentation and shall be provided in accordance with Fortinet's Support Policy. Please refer to Fortinet's Support Policy regarding the Hardware Support claim process. For Service Contracts containing Advanced Hardware repair or replacement, Contractor through Fortinet is not responsible for any delays in delivery related to export or customer regulations or processes. For any Service Contract which incorporates four-hour replacement Services, Ordering Activity acknowledges that Contractor through Fortinet shall have 30-days from the date of Product's Registration Date to stage replacement Product in a local depot ("Staging Period"). As such Ordering Activity's four-hour replacement Services shall not commence until the end of such Staging Period.

5. **Software/Firmware Updates.** If Ordering Activity's Service Contract includes software/firmware updates, all official software and firmware maintenance releases and feature updates shall be included in this Attachment A. Ordering Activity may access such updates via password-protected web access. Ordering Activity may install only one (1) copy of the upgrade per product covered by a Service Contract. Support shall be provided on the then-current major release of Product and the previous release of software. At Contractor through Fortinet's option, Fortinet may provide technical assistance on older versions of a registered Product, but such services may be limited and are not guaranteed. Support Services do not include education/training-related services or professional services such as installation or network configuration.

6. **Real-Time Updates.** If the Ordering Activity's Service Contract contains Subscription Services, the Ordering Activity will have access to Contractor through Fortinet's real-time Anti-Virus and Network Intrusion Detection System ("NIDS") updates that will protect the Ordering Activity against some of the latest network-based threats. These updates may either be pushed to properly configured and authorized Products, retrieved manually by the Ordering Activity.

**EC America Rider to Product Specific License Terms and Conditions (for U.S. Government End Users)**

1. **Scope.** This Rider and the attached Fujitsu Network Communications, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.
2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal effect or force in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend a claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.
n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

FUJITSU NETWORK COMMUNICATIONS**

**FUJITSU NETWORK COMMUNICATIONS LICENSE, WARRANTY AND SUPPORT TERMS**

1. **Grant of License.** Upon delivery or access of the Licensed Product to Ordering Activity and payment by Ordering Activity of the applicable annual license fee for base software and individually licensed Software features or other consideration as determined by Contractor, Contractor grants to Ordering Activity a restricted, personal, nontransferable and non-exclusive right-to-use license to the Software that is embedded in, loaded, activated, or downloaded into applicable Fujitsu Network Communications (“FNC”) equipment and use of the Documentation, solely for Ordering Activity’s internal business purposes and only on or for the products Ordering Activity obtains from Contractor.

2. **U.S. Government Rights.** If the Licensed Products are being provided to the United States Government, they are, to the maximum extent permitted under applicable laws and regulations, provided pursuant to the terms, and subject to the limitations, of this Attachment A. At the extent that applicable laws and regulations grant the Government greater rights than provided by this Attachment A, then the Government receives only the minimum rights required by such laws and regulations. Development of the Licensed Products was privately funded and use, reproduction, or disclosure is subject to restrictions set forth in any of the following that are applicable: paragraph (c) of the Commercial Computer Software - Restricted Rights (June 1987) clause at FAR 52.227-19, the Restricted Rights Notice of subparagraph (g)(3) of the Rights in Data - General (June 1987) clause at FAR 52.227-14, DFARS 227.7202-3, and the Technical Data - Commercial Items (Nov. 1995) clause at DFARS 252.227-7015, all as may be amended from time to time.

3. **Restrictions.** Ordering Activity may not: (i) modify, adapt, translate, reverse engineer, disassemble, decode, or otherwise attempt to derive source code from or create or prepare derivative works of or from the Licensed Products, (ii) distribute, sublicense, rent, lease, loan, or make unauthorized copies of any portion of the Licensed Products, (iii) publicly display visual output or publish any test results of the Software, or (iv) use
the Software in inherently high-risk applications such as, but not limited to, aircraft navigation or communications, nuclear facilities, mass transit, or medical emergency communications. Ordering Activity is authorized to make one copy of the Software in any machine-readable medium for backup or archival purposes in support of Ordering Activity’s permitted use hereunder. Ordering Activity may not lend, sublicense, rent or lease the Software, or otherwise make it available to any third party, or transfer or assign this Attachment A or any rights hereunder. Any portion of the Software merged into another software program will continue to be subject to the terms and conditions of this Attachment A. The Software is licensed as a single product with individual Software license features, and it may not be separated for use other than as permitted above.

4. **SOFTWARE ACCESS.** Ordering Activity may obtain the Software by downloading a copy from the FNC website or a CD, or entering the applicable machine line code (“TL1 Command”) on equipment preloaded with the Software.

5. **Ownership of the Licensed Products.** The Licensed Products are licensed, not sold. Ordering Activity agrees that all right, title, and interest, including all copyright, patent, trademark, trade secret and other intellectual property rights in and to the Licensed Products and all complete or partial copies thereof belong exclusively to FNC or its licensors, and this Attachment A does not transfer or assign any such rights. The Licensed Products are protected by copyright and other laws and international treaties. Ordering Activity agrees to mark any copies of the Software with the applicable copyright notice provided by FNC. Except as expressly granted in this Attachment A, no right or license, whether express or implied, by estoppel or otherwise, is granted in any copyright, patent, trademark, trade secret, or other intellectual property of FNC or its licensors.

6. **Warranty Disclaimer and Limitation.** EXCEPT AS PROVIDED IN THE AGREEMENT BETWEEN CONTRACTOR AND ORDERING ACTIVITY, THE LICENSED PRODUCTS ARE LICENSED TO ORDERING ACTIVITY “AS IS”. CONTRACTOR DISCLAIMS ALL WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE OR PURPOSE, AND ANY WARRANTIES CLAIMED TO ARISE FROM PERFORMANCE OR CUSTOM OR USAGE OF TRADE WITH RESPECT TO THE LICENSED PRODUCTS. ORDERING ACTIVITY ASSUMES ALL RISK RELATING TO USE OF THE LICENSED PRODUCTS. IN NO EVENT WILL CONTRACTOR BE LIABLE FOR ANY INDIRECT, SPECIAL, EXEMPLARY, INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING, WITHOUT LIMITATION, DAMAGES ARISING FROM LOST PROFITS, BUSINESS INTERRUPTION, COST OF PROCUREMENT OF SUBSTITUTE GOODS, LOSS OF DATA, OR ANY OTHER LOSS ARISING OUT OF THE USE OF OR INABILITY TO USE THE LICENSED PRODUCTS, EVEN IF CONTRACTOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. Scope. This Rider and the attached GitLab, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. Applicability. Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) Contracting Parties. The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.21, as may be revised from time to time.

b) Changes to Work and Delays. Subject to GSAR Clause 522.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) Contract Formation. Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) Termination. Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) Choice of Law. Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) Equitable remedies. Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) Unilateral Termination. Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) Unreasonable Delay. Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) Assignment. All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) Waiver of Jury Trial. Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) Government Indemnities. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated
March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renews.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

l) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS
GITLAB, INC.

1. LICENSE AND SUPPORT

1.1 Subject to the terms and conditions of this Agreement, GitLab hereby grants to Customer and its Affiliates (as defined below) a limited, non-exclusive, non-transferable, non-sublicensable license for Customer’s and its Affiliates’ employees and contractors to (1) internally (a) use, reproduce,
modify, prepare derivative works based upon, and display the code of GitLab Enterprise Edition at the tier level selected by Customer with the specifications generally promulgated by GitLab from time to time (the “Software”), excluding additional Products for the Enterprise Edition unless listed on the Quote, solely (i) for its internal use in connection with the development of Customer’s and/or its Affiliates’ own software, and (ii) by the number of internal users for which Customer has paid GitLab; and (b) use the documentation, training materials or other materials supplied by GitLab (the “Other GitLab Materials”); and (2) modify the Software and publish patches to the Software, solely by the number of internal users for which Customer has paid GitLab. Notwithstanding anything to the contrary, Customer agrees that GitLab and/or its licensors (as applicable) retain all right, title and interest in and to all Software incorporated in such modifications and/or patches, and all such Software may only be used, copied, modified, displayed, distributed, or otherwise exploited in full compliance with this Agreement, and with a valid GitLab Enterprise Edition subscription for the correct number of user seats. The Software and Other GitLab Materials are collectively referred to herein as the “Licensed Materials.” “Affiliate” means any entity(ies) controlling, controlled by, and/or under common control with a party hereto, where “control” means the ownership of more than 50% of the voting securities in such entity.

1.2 Subject to the terms hereof, GitLab will provide reasonable support to Customer for the Licensed Materials as set forth in the underlying GSA Schedule Contract. 1.2.1 GitLab will use reasonable commercial efforts to respond to support questions by phone or email during the next business day at the latest. The number of support questions is not limited.

2. RESTRICTIONS AND RESPONSIBILITIES

2.1 Except as expressly authorized in Section 1.1, Customer will not, and will not permit any third party to: use the Licensed Materials for any purpose other than as specifically authorized in Section 1.1, or in such a manner that would enable any unlicensed person to access the Licensed Materials; use the Licensed Materials or any other GitLab software for timesharing or service bureau purposes or for any purpose other than its own internal use (including without limitation, sublicensing, distributing, selling, reselling any of the foregoing); except as expressly permitted herein; use the Licensed Materials in connection with any high risk or strict liability activity (including, without limitation, space travel, firefighting, police operations, power plant operation, military operations, rescue operations, hospital and medical operations or the like); use the Licensed Materials or software other than in accordance with this Agreement and in compliance with all applicable laws and regulations (including but not limited to any privacy laws, and laws and regulations concerning intellectual property, consumer and child protection, obscenity or defamation); or use the Licensed Materials in any manner that (1) is harmful, fraudulent, deceptive, threatening, abusive, harassing, tortious, defamatory, vulgar, obscene, or libelous (including without limitation, accessing any computer, computer system, network, software, or data without authorization, breaching the security of another user or system, and/or attempting to circumvent any user authentication or security process), (2) impersonates any person or entity, including without limitation any employee or representative of GitLab, or (3) contains a virus, Trojan horse, worm, time bomb, unsolicited bulk, commercial, or “spam” message, or other harmful computer code, file, or program (including without limitation, password guessing programs, decoders, password gatherers, keystroke loggers, cracking tools, packet sniffers, and/or encryption circumvention programs).

2.2 Customer will cooperate with GitLab in connection with the performance of this Agreement by making available such personnel and information as may be reasonably required, and taking such other actions as GitLab may reasonably request. Customer will also cooperate with GitLab in establishing a password or other procedures for verifying that only designated employees of Customer have access to any administrative functions of the Licensed Materials. Customer shall maintain during the term of this Agreement and through the end of the third year after the date on which the final payment is made under this Agreement, books, records, contracts and accounts relating to the payments due GitLab under this Agreement (collectively, the “Customer Records”). GitLab may, at its sole expense, upon 30 days’ prior written notice to Customer and during Customer’s normal business hours and subject to industry-standard confidentiality obligations, hire an independent third party auditor to audit the Customer Records only to verify the amounts payable under this Agreement.

2.3 Customer will be responsible for maintaining the security of Customer’s account, passwords (including but not limited to administrative and user passwords) and files, and for all uses of Customer account with or without Customer’s knowledge or consent.

3. CONFIDENTIALITY

3.1 Each party (the “Receiving Party”) understands that the other party (the “Disclosing Party”) has disclosed or may disclose information relating to the Disclosing Party’s technology or business (hereinafter referred to as “Proprietary Information” of the Disclosing Party). Without limiting the foregoing, the Licensed Materials are GitLab Proprietary Information.

3.2 The Receiving Party agrees: (i) not to divulge to any third person any such Proprietary Information, (ii) to give access to such Proprietary Information solely to those employees with a need to have access thereto for purposes of this Agreement, and (iii) to take the same security precautions to protect against disclosure or unauthorized use of such Proprietary Information that the party takes with its own proprietary information, but in no event will a party apply less than reasonable precautions to protect such Proprietary Information. The Disclosing Party agrees that the foregoing will not apply with respect to any information that the Receiving Party can document (a) is or becomes generally available to the public without any action by, or involvement of, the Receiving Party, or (b) was in its possession or known by it prior to receipt from the Disclosing Party, or (c) was rightfully disclosed to it without restriction by a third party, or (d) was independently developed without use of any Proprietary Information of the Disclosing Party. Nothing in this Agreement will prevent the Receiving Party from disclosing Proprietary Information pursuant to any judicial or governmental order, provided that the Receiving Party gives the Disclosing Party reasonable prior notice of such disclosure to contest such order. In any event, GitLab may collect data with respect to and report on the aggregate response rate and other aggregate measures of the Licensed Materials’ performance and Customer’s usage of the Licensed Materials; provided that GitLab will not identify Customer as the source of any such data without Customer’s prior written consent. However, courts of competent jurisdiction may require certain information to be released. Federal agencies are subject to the Freedom of Information Act (FOIA) (5USC 552), and some information may be released despite being characterized as confidential by GitLab.

3.3. Both parties will have the right to disclose the existence but not the terms and conditions of this Agreement, unless such disclosure is approved in writing by both Parties prior to such disclosure, or is included in a filing required to be made by a party with a governmental authority (provided such party will use reasonable efforts to obtain confidential treatment or a protective order) or is made on a confidential basis as reasonably necessary to potential investors or acquirers.

4. INTELLECTUAL PROPERTY RIGHTS
4.1 Except as expressly set forth herein, GitLab alone (and its licensors, where applicable) will retain all intellectual property rights relating to the Licensed Materials and any suggestions, ideas, enhancement requests, feedback, code, recommendations or other information provided by or on behalf of Customer or any third party relating to the Licensed Materials, which are hereby assigned to GitLab. Customer will not copy, distribute, reproduce or use any of the foregoing except as expressly permitted under this Agreement. This Agreement is not a sale and does not convey to Customer any rights of ownership in or related to the Licensed Materials, or any intellectual property rights.

4.2 Customer shall not remove, alter or obscure any of GitLab’s (or its licensors’) copyright notices, proprietary legends, trademark or service mark attributions, patent markings or other indicia of GitLab’s (or its licensors’) ownership or contribution from the Licensed Materials. Additionally, Customer agrees to reproduce and include GitLab’s (and its licensors’) proprietary and copyright notices on any copies of the Licensed Materials, or on any portion thereof, including reproduction of the Licensed Materials (“Content”) and the intellectual property rights with respect to that Content. Subject to the foregoing, GitLab may participate in the defense and/or settlement of any applicable Claim with counsel of its choosing at its own expense to the extent permitted by 28 U.S.C. 516.

4.3 GitLab will defend, indemnify and hold Customer harmless from liability and other amounts paid or payable to unaffiliated third parties resulting from (i) the infringement or violation of any intellectual property or proprietary rights by the Licensed Materials or (ii) the violation of applicable law or regulation by GitLab in performance of its obligations hereunder, provided GitLab is promptly notified of any and all threats, claims and proceedings related thereto and given reasonable assistance and the opportunity to assume control over defense and settlement thereof. Subject to the foregoing, Customer may participate in the defense and/or settlement of any claim that is indemnifiable by GitLab with counsel of its choosing at its own expense. The foregoing obligations do not apply with respect to portions or components of the Licensed Materials (i) not created by GitLab, (ii) that are modified after delivery by GitLab, (iii) combined with other products, processes or materials where the alleged infringement relates to such combination, (iv) where Customer continues allegedly infringing activity after being notified thereof or after being informed of modifications that would have avoided the alleged infringement, or (v) where Customer’s use of the Licensed Materials is not strictly in accordance with this Agreement and all related documentation.

5. PAYMENT OF FEES

5.1 Unless and until GitLab and Customer have executed a quote document specifically referencing this Agreement with respect to amounts due on account of the Licensed Materials (a “Quote”, which is hereby incorporated by reference, if applicable), Customer will pay GitLab the applicable fees as set forth at https://about.gitlab.com/pricing/ (the “Pricing”) for the Licensed Materials selected and/or used by Customer (the “Fees”) without any right of set-off or deduction. To the extent applicable, Customer will pay GitLab for additional services, such as integration fees or other consulting fees agreed by both parties hereto in writing (email to suffice). On each anniversary of the Effective Date, GitLab will invoice Customer with respect to any and all additional Customer users of the Licensed Materials beyond those for whom Customer has pre-paid, as of such date (and for whom the Fees due pursuant to such invoice will be the per-year user fee set forth in the Quote or Pricing (as applicable) with respect to the year just ended, and the per-year user fee set forth in the Quote or Pricing (as applicable) with respect to all subsequent years, unless otherwise agreed in writing by both parties (collectively, a “True-Up”). For Customers that have pre-paid all Fees for multi-year subscriptions for Licensed Materials pursuant to a Quote, on each anniversary of the Effective Date during the term of this Agreement, (i) a new license key will be provided, and (ii) a True-Up will be conducted. All additional users purchased shall be coterminal through the end of the original Subscription period.

5.2 All payments and invoice terms will be made in accordance with FAR 52.212-4 and the underlying GSA Schedule Contract. Except as expressly set forth in this Agreement, all Fees paid and/or due hereunder (including any prepaid amounts) are non-refundable, including without limitation if this Agreement is terminated in accordance with Section 6 below. If Customer terminates this Agreement pursuant to Section 6.2 within 45 calendar days from receipt of the initial invoice for the Licensed Materials, GitLab will refund all Fees paid hereunder.

5.3 Payments not received when due shall be governed by the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CCR 1315. Additionally, notwithstanding the terms of the Federal, State, and Local Taxes Clause, the contract price excludes all State and Local taxes levied on or measured by the contract or sales price of the services or completed supplies furnished under this contract. GitLab shall state separately on its invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) to the contractor or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

6. TERMINATION

6.1 When the end user is an instrumentality of the U.S., recourse against the United States for any alleged breach of this agreement must be made as a dispute under the Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Geotab shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer.

6.2 Customer’s rights to the Licensed Materials, and any licenses granted hereunder, shall terminate upon any termination of this Agreement. 7.

WARRANTY; CUSTOMER SOFTWARE SECURITY

GitLab represents and warrants that (i) it has all rights and licenses necessary for it to perform its obligations hereunder, and (ii) it will not knowingly include, in any GitLab software released to the public and provided to Customer hereunder, any computer code or other computer instructions, devices or techniques, including without limitation those known as disabling devices, Trojans, or time bombs, that are intentionally designed to disrupt, disable, harm, infect, defraud, damage, or otherwise impede in any manner, the operation of a network, computer program or computer system or any component thereof, including its security or user data. If, at any time, GitLab fails to comply with the warranty in this Section, Customer may promptly notify GitLab in writing of any such noncompliance. GitLab will, within thirty (30) days of receipt of such written notification, either correct the noncompliance or provide Customer with a plan for correcting the noncompliance.

8. WARRANTY DISCLAIMER
Gitlab warrants that the SOFTWARE will, for a period of sixty (60) days from the date of your receipt, perform substantially in accordance with SOFTWARE written materials accompanying it. Except as just stated, THE LICENSED MATERIALS, SOFTWARE AND GITLAB PROPRIETARY INFORMATION AND ANYTHING PROVIDED IN CONNECTION WITH THIS AGREEMENT ARE PROVIDED "AS-IS," WITHOUT ANY WARRANTIES OF ANY KIND. GITLAB HEREBY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, AND NON-INFRINGEMENT.

9. LIMITATION OF LIABILITY

IN NO EVENT WILL EITHER PARTY OR THEIR LICENSORS BE LIABLE FOR ANY INDIRECT, PUNITIVE, INCIDENTAL, SPECIAL, OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR IN ANY WAY CONNECTED WITH THE USE OF THE LICENSED MATERIALS OR ANYTHING PROVIDED IN CONNECTION WITH THIS AGREEMENT, ANY DELAY OR INABILITY TO USE THE LICENSED MATERIALS OR ANYTHING PROVIDED OR OTHERWISE ARISING FROM THIS AGREEMENT, INCLUDING WITHOUT LIMITATION, LOSS OF REVENUE OR ANTICIPATED PROFITS OR LOSS BUSINESS OR LOSS SALES, WHETHER BASED IN CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, OR OTHERWISE, EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF DAMAGES. THE TOTAL LIABILITY OF EACH PARTY AND ITS LICENSORS, WHETHER BASED IN CONTRACT, TORT (INCLUDING NEGLIGENCE OR STRICT LIABILITY), OR OTHERWISE, WILL NOT EXCEED, IN THE AGGREGATE, THE GREATER OF (i) ONE THOUSAND DOLLARS ($1,000), OR (ii) THE FEES PAID TO GITLAB HEREUNDER IN ONE YEAR PERIOD ENDING ON THE DATE THAT A CLAIM OR DEMAND IS FIRST ASSERTED. THE FOREGOING LIMITATIONS WILL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY.

The foregoing exclusion/limitation of liability shall not apply to (1) personal injury or death resulting from Gitlab’s negligence; (2) for fraud; (3) for any other matter for which liability cannot be excluded by law or (4) express remedies provided under any FAR, GSAR or Schedule 70 solicitation clauses incorporated into the GSA Schedule 70 contract.

10. U.S. GOVERNMENT MATTERS

Notwithstanding anything else, Customer may not provide to any person or export or re-export or allow the export or re-export of the Licensed Materials or any software or anything related thereto or any direct product thereof (collectively “Controlled Subject Matter”), in violation of any restrictions, laws or regulations of the United States Department of Commerce, the United States Department of the Treasury Office of Foreign Assets Control, or any other United States or foreign agency or authority. Without limiting the foregoing Customer acknowledges and agrees that the Controlled Subject Matter will not be used or transferred or otherwise exported or re-exported to any country as to which the United States maintains an embargo (collectively, "Embargoed Countries"), or to or by a national or resident thereof, or any person or entity on the Treasury Department’s List of Specially Designated Nationals or the U.S. Department of Commerce’s Table of Denial Orders (collectively, "Designated Nationals"). The lists of Embargoed Countries and Designated Nationals are subject to change without notice. Use of the Licensed Materials is representation and warranty that the user is not located in, under the control of, or a national or resident of an Embargoed Country or Designated National. The Controlled Subject Matter may use or include encryption technology that is subject to licensing requirements under the U.S. Export Administration Regulations. As defined in FAR section 2.101, any software and documentation provided by GitLab are “commercial items” and according to DFAR section 252.227-7014(a)(1) and (5) are deemed to be “commercial computer software” and “commercial computer software documentation.” Consistent with DFAR section 227.7202 and FAR section 12.212, any use modification, reproduction, release, performance, display, or disclosure of such commercial software or commercial software documentation by the U.S. Government will be governed solely by the terms of this Agreement and will be prohibited except to the extent expressly permitted by the terms of this Agreement.

11. MISCELLANEOUS

If any provision of this Agreement is found to be unenforceable or invalid, that provision will be limited or eliminated to the minimum extent necessary so that this Agreement will otherwise remain in full force and effect and enforceable. This Agreement is not assignable, transferable or sublicensable by either party without the other party’s prior written consent, not to be unreasonably withheld or delayed; provided that either party may transfer and/or assign this Agreement to a successor in the event of a sale of all or substantially all of its business or assets to which this Agreement relates. Both parties agree that this Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist and Purchase Order(s), is the complete and exclusive statement of the mutual understanding of the parties and supersedes and cancels all previous written and oral agreements, communications and other understandings relating to the subject matter of this Agreement, and that all waivers and modifications must be in a writing signed or otherwise agreed to by each party, except as otherwise provided herein. No agency, partnership, joint venture, or employment is created as a result of this Agreement and neither party has any authority of any kind to bind the other in any respect whatsoever. All notices under this Agreement will be in writing and will be deemed to have been duly given when received, if personally delivered; when receipt is electronically confirmed, if transmitted by facsimile or e-mail; and upon receipt, if sent by certified or registered mail (return receipt requested), postage prepaid. GitLab will not be liable for any loss resulting from a cause over which it does not have direct control. This Agreement will be governed by the Federal laws of the United States of America.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

4. **Scope.** This Rider and the attached Globalscape, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”).

5. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be deemed deleted, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The Government Customer is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the Government Order must be signed by a duly warranted contracting officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are hereby deemed to be deleted. Termination shall be governed by FAR 52.212-4(f) and (m) and the Contract Disputes Act, subject to the following exceptions:

   - EC America may request cancellation or termination of the license agreement on behalf of the Manufacturer if such remedy is granted to it after conclusion of the Contracts Disputes Act dispute resolution process or if such remedy is otherwise ordered by a United States Federal Court.

   e) **Choice of Law.** Subject to the Contracts Disputes Act and the Federal Tort Claims Act (28 U.S.C. §1346(b)), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by law, they will not apply to this Rider or the underlying Schedule Contract. All clauses in the Manufacturer Specific Terms referencing equitable remedies are deemed deleted and not applicable to any Government order.

   f) **Force Majeure.** Subject to FAR 52.212-4(f) Excusable delays (FEB 2012), unilateral termination by the Contractor does not apply to a Government Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby deemed to be deleted.

   g) **Assignment.** All clauses regarding assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements. All clauses governing assignment in the Manufacturer Specific Terms are hereby deemed deleted.

   h) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby deemed to be deleted.

   i) **Customer Indemnities.** Unless otherwise permitted by Federal statute, all Manufacturer Specific Terms referencing customer Indemnities are hereby deemed to be deleted.

   j) **Contractor Indemnities.** All Manufacturer Specific Terms that (1) violate DOJ’s jurisdictional statute (28 U.S.C. § 516) and/or (2) require that the Government give sole control over the litigation and/or settlement are hereby deemed to be deleted.

   k) **Renewals.** All Manufacturer Specific Terms that violate the Anti-Deficiency Act ban on automatic renewal are hereby deemed to be deleted.

   l) **Future Fees or Penalties.** All Manufacturer Specific Terms that violate the Anti-Deficiency Act prohibition on the Government paying any fees or penalties beyond the contract amount, unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.), or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412), are hereby deemed to be deleted.

   m) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties.

   n) **Third Party Terms.** Subject to the actual language agreed to in the Order by the Contracting Officer, any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby deemed to be deleted.
o) Installation and Use of the Software. Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

p) Dispute Resolution and Venue. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with FAR 52.233-1 Disputes and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

q) Advertisements and Endorsements. Unless specifically authorized by an Ordering Activity in writing, use of the name or logo of any U.S. Government entity is prohibited.

r) Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

s) Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court.

6. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract, the terms of this Rider shall control. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS
GLOBAL SCAPE, INC.
time. If you wish to increase the number of users after your initial license purchase, upon issuing an order for the additional license fee, you will be issued a new registration serial number that will be used to activate the additional Workspaces licenses purchased and to re-activate the licenses previously purchased.

C. STANDBY OR DEVELOPMENT LICENSE. If you have purchased a license to use the Server Program and/or the Add-On on a non-production basis, then you may use the Server Program and/or Add-On so licensed only as follows:

(i) STANDBY LICENSE: One (1) copy on a standby computer that is not processing traffic or doing work of any kind except in the event that, and only for so long as, the primary production server upon which the Server Program license is associated is offline.

(ii) DEVELOPMENT LICENSE: One (1) copy on a server (and associated desktop personal computers) used solely for testing, evaluation, or API development, so long as such server does not process actual traffic in a production environment.

D. ACTIVATION. You must activate the evaluation or standard license for the Software by entering the evaluation or registration serial number as prompted by the Software and as otherwise instructed by GlobalSCAPE.

E. RESERVED.

3. RIGHT TO COPY OR BACKUP. You may make one copy of the Software or the installation media for the Software solely for back-up or archival purposes at no additional charge.

4. UPGRADES. To use Software identified as an upgrade, or new version, you must first be licensed for the Software identified by GlobalSCAPE as eligible for the upgrade and issue an order for the purchase of the upgrade or new version. After upgrading, you may no longer use the Software that formed the basis for your upgrade eligibility and the license for that Software shall be deemed immediately terminated upon your installation of the upgrade.

5. TRANSFER. You may use the Software solely for your internal business process as contemplated by this Agreement and shall not license, sublicense, sell, re-sell, rent, lease, lend, transfer, assign, distribute, time share or otherwise commercially exploit or make the Software available to any third party, other than as contemplated by this Agreement, without the prior written consent of GlobalSCAPE. You shall not sell, sell access to, or sell use of the Software or utilize the Software as the basis for any software as a service or application service provider solution that You offer for sale or license to third parties. You shall not use the Software in connection with the provision of a service to any third party that includes file transfer or any other service that is a substitute for some or all of the Software’s functions without the prior written consent of GlobalSCAPE. If modifications are made to a SAT Module as permitted herein, such modification may only be used for your internal business purposes and may not be licensed or sublicensed or otherwise provided to any third party. You may, however, make a one-time permanent transfer of all of your license rights to the Software to another party, provided that: (a) the transfer must include all of the Software, including all component parts, programs, media, printed materials, all registration serial numbers, all modules you purchase in conjunction with the Software, and this license in connection with the sale of all or substantially all of the assets for that line of business; (b) you do not retain any copies of the Software, full or partial, including copies stored on a computer or other storage device; (c) the person to whom you transfer the Software agrees to be bound by the terms of this license; and (d) you provide notice to GlobalSCAPE at least 10 days prior to such transfer of the identity and contact information for the transferee and such transferee is not a competitor of GlobalSCAPE as determined by GlobalSCAPE in its sole discretion. If you purchased the license for the Software on a multi-computer basis—that is, one registration serial number valid for the number of computers indicated on your invoice, you may permanently assign your rights under this license to only a single person or entity. Notwithstanding anything else in this Agreement to the contrary, a license for the Software provided on a free, promotional, or “not-for-resale” (NFR) basis may be used only for testing, demonstration or evaluation and may not be sold or transferred to another person in any manner.

6. INFORMATION COLLECTION AND PRIVACY. The Software includes a feature that assigns a unique identifier to your computer based on system information. The Software reports this identifier to GlobalSCAPE either when you install the Software, enter your evaluation serial number, or enter your registration serial number, or upon the occurrence of each of these. During the evaluation period, the Software will contact our registration and activation servers periodically to verify that the Software is still eligible for use on an evaluation basis. The Software may also identify and report to us your Windows language identifier setting, IP address, and the date and time of installation and/or activation. GlobalSCAPE uses this information to count installations, detect piracy of the Software, and develop rough statistical data regarding the geographic location of the Software users. GlobalSCAPE may also use this information to personally identifiable information it has about you. GlobalSCAPE may use any non-proprietary information you provide as part of obtaining support services for GlobalSCAPE’s business purposes, including product support and development.

7. RESTRICTIONS. You may not reduce the Software to human readable (or source code) form, reverse engineer, de-compile, disassemble, merge, adapt, or modify the Software, except and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation. You may not use the Software to perform any unauthorized transfer of information, such as copying or transferring a file in violation of a copyright, in violation of any laws related to the transfer of encrypted data or for any illegal purpose.

8. MAINTENANCE AND TECHNICAL SUPPORT SERVICES. If you purchased a maintenance and support plan (“M & S Plan”), GlobalSCAPE shall provide the support services at the level agreed by you and Contractor in an applicable ordering document and as defined in the GlobalSCAPE Maintenance and Support Guide (Exhibit 1) (the “Guide”). To be eligible for maintenance and support services, the Server Program and the Administrator Interface as well as all associated Add-On Modules must be covered by an active M & S Plan.

9. RESERVED.

10. SECURITY. The Software creates a means for others to gain access to your computer. Although we have taken commercially reasonable measures to prevent unauthorized persons from gaining access to your computer via the Software, we cannot foresee or control the actions of third parties. Therefore, use of the Software will make you vulnerable to security breaches that you might not otherwise face and could result in the loss of your privacy or property. You are responsible for your use of the Software or otherwise. Use of secure passwords and keeping passwords confidential are not the responsibility of GlobalSCAPE or the Software.

11. RESERVED.

12. RESERVED.
13. INTELLECTUAL PROPERTY. You acknowledge that you have only the limited, non-exclusive right to use and copy the Software as expressly stated in this Agreement and that GlobalSCAPE retains title to the Software and all other rights not expressly granted. You agree not to remove or modify any copyright, trademark, patent, or other proprietary notices that appear, on, in or with the Software. The Software and all derivatives thereof, including any modifications made to the SAT Module are protected by United States copyright, patent and trademark law and rights granted by international treaties related to intellectual property rights. The Software is copyright (c) 2004-2015 GlobalSCAPE, Inc. All rights reserved.

14. EXPORT RESTRICTIONS. THE SOFTWARE CONTAINS ENCRYPTION TECHNOLOGY THAT IS CONTROLLED FOR EXPORT BY THE U.S. GOVERNMENT. You agree to comply fully with all relevant export laws and regulations of the United States ("Export Laws") to assure that (i) the Software is not exported, directly or indirectly (including as a result of providing access to the Software to a national or resident of and embargoed or restricted country), in violation of Export Laws, or the applicable laws of any other jurisdiction or (ii) or provided to anyone on the U.S. Treasury Department’s list of Specially Designated Nationals or the U.S. Commerce Department’s Table of Denial Orders or Entity List. Among other things, the Export Laws provide that the Software may not be exported or re-exported to certain countries that are embargoed or restricted, or to certain restricted persons. Embargoed and restricted countries currently include but are not limited to Cuba, Iran, Libya, North Korea, Syria and Sudan. In addition to other restrictions described in this section, you may not use the Software, or export the Software to any destination where you know or have reason to know that the Software may be used, in connection with the proliferation of nuclear, chemical or biological weapons or missiles.

15. WARRANTIES. THE WARRANTY IS LIMITED TO NINETY (90) DAYS FROM YOUR RECEIPT OF A COPY OF THE SOFTWARE. COMPUTER PROGRAMS ARE INHERENTLY COMPLEX, AND THE SOFTWARE MAY NOT BE FREE OF ERRORS. THE SOFTWARE IS PROVIDED WITH ALL FAULTS AND THE ENTIRE RISK AS TO SATISFACTORY QUALITY, PERFORMANCE, ACCURACY AND EFFORT IS WITH YOU. GLOBALSCAPE DISCLAIMS ALL LIABILITY FOR ANY ACTION THAT YOU, YOUR DESIGNEE, OR YOUR AGENTS MIGHT TAKE IN CONNECTION WITH, OR IN RELIANCE UPON, THE TRANSMISSION OR RECEIPT OF ANY MESSAGE USING THE SOFTWARE. SOME STATES DO NOT ALLOW LIMITATIONS ON IMPLIED WARRANTIES SO THESE LIMITATIONS MAY NOT APPLY TO YOU.

16. RESERVED.

17. U.S. GOVERNMENT. The Software is commercial computer software developed solely at private expense. The rights of civilian and non-civilian agencies of the U.S. Government to use, disclose and reproduce the Software are governed by the terms of this Agreement. Publisher is GlobalSCAPE Inc., 4500 Lockhill-Selma, Suite 150, San Antonio, Texas, 78249, USA.

18. RESERVED. Exhibit 1 – Client Support Services Maintenance and Support Guide Meeting Client Needs
Our Client Support Services team is committed to helping you, our trusted partner, be successful! To this end, Globalscape offers world-class client support and product maintenance to help ensure that your Globalscape implementation is a success. We take pride in optimizing the business value of your security solution and realize that one size doesn’t always fit all. That’s why we’ve developed varying levels of technical support to ensure that you get the service your business deserves.

Online services include product updates, user guides, a knowledgebase, online help files, printable documentation, a user community discussion forum and more. In addition to our self-service resources that are available to all customers at the Globalscape website, we offer two Maintenance and Support plans: a Standard Plan and a Platinum Plan. Both plans include the same level of software maintenance protection. The Platinum Maintenance and Support plan provides you with emergency support anytime, 24 hours per day, seven days per week from your assigned support technicians. As part of this commitment, our maintenance and support program includes the following:

World Wide Web Support
Take advantage of the easy-to-use, 24-hour support resources that are available on the Globalscape Support Center Web site at http://support.globalscape.com. Online services include product updates/notifications, user’s guides, a knowledge base, online help files, printable documentation, a user community discussion forum and more.

Email Support
Submit your request via our online submission form available on the Globalscape Support Center Web site at http://www.globalscape.com/support/techsupport.aspx and receive an answer via email or telephone. Our response will include a ticket number and the name of the assigned support professional.

Telephone Support
Standard Support Plan members can call us at 1-210-366-3993, Monday through Friday from 8:00 A.M. to 6:00 P.M. (Central Time) for help with any product-related issue.
Additionally, Platinum Support Plan members can receive emergency after-hours technical support 24 hours per day, seven days per week. After hours Platinum Support services are available only via a special telephone number that will be provided when you purchase a Platinum Support Plan.

Maintenance and Support Plans
Included with your active support plan is software maintenance, which provides all major upgrades and minor updates that are publicly released during the term of the agreement at no additional charge. Free upgrades must be requested or obtained while the maintenance and support plan remains in force.

Globalscape offers both Standard and Platinum Support plans for our enterprise software solutions. Both plans include the same level of software maintenance protection. A Platinum Maintenance and Support plan provides you with emergency access to our support professionals anytime, 24 hours per day, seven days per week.

Troubleshooting and Diagnostics

When contacting the Globalscape Technical Support team, it is important to provide as much detail as possible about the problem. Please gather as much diagnostic and logging information as possible to help us in our diagnosis of the issue. Be prepared to provide us with relevant error logs or messages including server log files, screen shots, and event log reports. At a minimum, please gather the following details. If you are submitting an inquiry via our online submission form, please provide these details with your submission:

- Your name and company name
- Your telephone number and email address
- The name of the program and complete version information (From Help > About)
- Product serial number (From Help > About or Platinum Support Plan membership card)
- Your operating system and specific version information
  - A complete description of the problem including:
  - All of the steps necessary to reproduce the problem
- A description of the environment and the network; useful information includes the data flow, Java runtime version, and database versions

Generally, service tickets are not closed until you and the Globalscape Support Professional both agree that the issue has been satisfactorily resolved. However, Globalscape support may close a service ticket if you have not provided requested information within a reasonable period.

Your Responsibilities

During the course of an issue’s diagnosis and resolution, we ask you to respond to all technical information requests as quickly as possible so that our Technical Support team can resolve your case in a timely manner.

1. After-Hours Acknowledgement: An initial call back to acknowledge our receipt of the issue and to determine the level of severity. The acknowledgement may be combined with the Initial Response.
2. Target Initial Response Time: Globalscape uses commercially reasonable efforts to respond within the target response time but cannot guarantee response times.
3. Resolution: A satisfactory resolution may not be immediately available or provided with the initial response, in which case Globalscape will use commercially reasonable means and effort to provide a resolution within a reasonable period.

Issue Escalation
Our support professionals follow predefined processes to gather information for identification and resolution of issues. For some issues, our support professionals may need to escalate the issue to software development in order to resolve it.

The escalation process allows for wider review of the issue, including technical and management directives for applying additional resources to the problem, and increased levels of communication between your organization and Globalscape.

If at any time you are not satisfied with the level of support that is being provided to you, we encourage you to bring this to the attention of Globalscape's management staff. Please contact one of the Globalscape Support managers listed below. At our discretion, we may assign an account manager, product manager, or problem resolution team to focus on your issue.

Scope of Technical Support
While we are happy to support your use of our products, and will help in overcoming any difficulties you may encounter, there are certain limitations to the technical support that we can provide. □ Technical Support is limited to the reporting and correction of product defects and installation and configuration assistance.
□ Technical Support does not include support for problems related to the failure of your system, network, or environment to comply with the system requirements for the software.
□ Technical Support does not include support for development or consulting issues such as COM or other programmatic development. This includes HTML development and custom script creation.
□ While we constantly strive to assist in any way we can, there can be situations that are outside our control. Technical support does not include support for any other issues not directly related to the workings of our software.
□ Technical support is offered for recent versions of Globalscape software only. Technical support for older versions is available only through our online self-help resources.
It is always recommended that you begin by examining the program help files, knowledgebase articles, and user forums if you are interested in customizing your environment or software beyond the availability of technical support options. You can also engage the services of our Professional Services team, described on our website at http://www.globalscape.com/services/pro-services.aspx.

Globalscape End of Life (EOL) and Support Life Policy
Rapidly changing technologies as well as competitive pressures influence the level, timing, and nature of demand for a particular product or group of products. These factors drive the need to introduce new products and services and to actively plan for end-of-life for older software versions as well as specific product lines. With that in mind, we have provided the Globalscape end-of-life (EOL) policy to help
customers better manage their end-of-life transition and to understand the role that Globalscape can play in helping to migrate to alternative Globalscape technologies. A copy of the policy can be provided upon request.

Support Agreement

The technical support services described in this Guide are provided pursuant to the terms of the License Agreement you entered into as a condition to the installation of the software indicated below.

Please complete the information below and fax or mail to:
GlobalSCAPE, Inc.
4500 Lockhill Selma Rd., Suite 150
San Antonio, Texas 78249-2073
Fax: 1-210-293-8003
EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)

7. **Scope.** This Rider and the attached Guidance Software ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract").

8. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be deemed deleted, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The Government Customer is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the Government Order must be signed by a duly warranted contracting officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referring termination or cancellation are hereby deemed to be deleted. Termination shall be governed by FAR 52.212-4(l) and (m) and the Contract Disputes Act, subject to the following exceptions:

   EC America may request cancellation or termination of the license agreement on behalf of the Manufacturer if such remedy is granted to it after conclusion of the Contracts Disputes Act dispute resolution process or if such remedy is otherwise ordered by a United States Federal Court.

   e) **Choice of Law.** Subject to the Contracts Disputes Act and the Federal Tort Claims Act (28 U.S.C. §1346(b)), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by law, they will not apply to this Rider or the underlying Schedule Contract. All clauses in the Manufacturer Specific Terms referencing equitable remedies are deemed deleted and not applicable to any Government order.

   f) **Force Majeure.** Subject to FAR 52.212-4(f) Excusable delays(FEB 2012), unilateral termination by the Contractor does not apply to a Government Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby deemed to be deleted.

   g) **Assignment.** All clauses regarding assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements. All clauses governing assignment in the Manufacturer Specific Terms are hereby deemed deleted.

   h) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby deemed to be deleted.

   i) **Customer Indemnities.** Unless otherwise permitted by Federal statute, all Manufacturer Specific Terms referencing customer Indemnities are hereby deemed to be deleted.

   j) **Contractor Indemnities.** All Manufacturer Specific Terms that (1) violate DOJ’s jurisdictional statute (28 U.S.C. § 516) and/or (2) require that the Government give sole control over the litigation and/or settlement are hereby deemed to be deleted.

   k) **Renewals.** All Manufacturer Specific Terms that violate the Anti-Deficiency Act ban on automatic renewal are hereby deemed to be deleted.

   l) **Future Fees or Penalties.** All Manufacturer Specific Terms that violate the Anti-Deficiency Act prohibition on the Government paying any fees or penalties beyond the contract amount, unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.), or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412), are hereby deemed to be deleted.

   m) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties.

   n) **Third Party Terms.** Subject to the actual language agreed to in the Order by the Contracting Officer, any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby deemed to be deleted.
o) Installation and Use of the Software. Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

p) Dispute Resolution and Venue. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with FAR 52.233-1 Disputes and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

q) Advertisements and Endorsements. Unless specifically authorized by an Ordering Activity in writing, use of the name or logo of any U.S. Government entity is prohibited.

r) Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

s) Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court.

t) Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract, the terms of this Rider shall control. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

GUIDANCE SOFTWARE LICENSE, WARRANTY AND SUPPORT TERMS

1. DEFINITIONS:

1.1 “Attachment A” means these supplemental Guidance Software License and Maintenance Terms and Conditions.

1.2 “Concurrent User” means one (1) user running one (1) interactive or batch session of any Licensed Product (or one (1) of each of the Licensed Products in a licensed bundle listed on any purchase order, in any combination) on one (1) computer at one given moment.

1.3 “Concurrent Connection” means one (1) Concurrent User connected to one target computer for analysis during an interactive or batch session of any Licensed Product at one given moment. For any license that specifies the number of Concurrent Connections, the Licensed Product must be accessed only from within the site where it is installed.

1.4 “Ordering Activity” means the entity named on any applicable purchase order delivered to Contractor hereunder for the purchase of any particular Licensed Product.

1.5 “Effective Date” means the date that Ordering Activity’s applicable purchase order for the purchase of any particular Licensed Product is accepted by Contractor.

1.6 “Guidance” means Guidance Software, Inc.

1.7 “Licensed Product” means Guidance’s proprietary computer program(s) in object code form (including any accompanying Documentation, manuals, Upgrades, Releases, embedded third party computer program(s), databases, enhancements, and instructions, purchased by delivered to Customer and any copies thereof pursuant to this Attachment A. Licensed Product shall include, without limitation, the EnCase® Enterprise SAFE Server Software, any EnScript® programming language, the EnCase® Examiner Software and the node servlets. Licensed Product shall also include the accompanying computer disks, hardware security device and, if applicable, any hardware computer, hard drive or server delivered to Ordering Activity by Guidance.

1.8 “Standard Support Policy” means Guidance’s then-current Standard Support Policy which is described herein as Exhibit B.

1.9 “Supported Computer(s)” means one or more computers owned or leased by Ordering Activity, and under Ordering Activity’s control, of a manufacturer, model and operating system for which Guidance offers a current version of the Licensed Product. Subject to the restrictions set forth in this Attachment A, the Ordering Activity may at its sole discretion and expense transfer or move the Licensed Product from one Supported Computer to another Supported Computer at any time.

2. LICENSE GRANT:

2.1 General. Subject to the terms and conditions of this Attachment A, Contractor grants and Ordering Activity accepts a nonexclusive, non-sublicensable, non-transferable and perpetual copyright license during the term of this Attachment A, solely for Ordering Activity’s own internal business purposes, to execute one instance of the Licensed Product only on the Supported Computer(s) by employees of Ordering Activity (and/or consultants or contractors of Ordering Activity, provided such consultants or contractors have entered into confidentiality agreement with Ordering Activity containing terms no less restrictive than those set forth in Section 3, below, and provided that Ordering Activity remains responsible for any breach of this Attachment A by such consultants or contractors). The Licensed Product may not be used (i) on a service bureau or time-sharing basis; (ii) for consulting or managed security services provided to third parties; or (iii) in a for-hire engagement for revenue or other consideration on Supported Computer(s) or third party computers. Other than as explicitly set forth in this Attachment A, Ordering Activity shall not permit any use of the Licensed Product other than that set forth herein.

EC America, Inc.

https://www.immixgroup.com/contract-vehicles/gsa/lt-70/0511T/
other person or entity to access or use the Licensed Product. The computer program(s) are provided in and may be used in machine-readable object code form only.

2.2 Copies. The Ordering Activity may make one archival or back-up copy of the software licensed hereunder, provided that such copy is not used simultaneously or concurrently with the original software, and only if Contractor and Contractor's vendors' copyright and proprietary notices on the software are included on such copy.

2.3 Ordering Activity Modifications and Enhancements. Ordering Activity may not make any modifications or enhancements to the Licensed Product, create any derivative works of the Licensed Product, or merge or separate the Licensed Product or any component thereof without Contractor's prior written consent. Ordering Activity acknowledges the Licensed Product contains embedded software programs that Contractor distributes subject to a restricted license. Ordering Activity agrees not to use the embedded software programs except in conjunction with the Licensed Product. Ordering Activity agrees not to decompile, reverse compile, disassemble or otherwise engineer the Licensed Product, or permit, help, or encourage anyone to do so, in order to use the Licensed Software for purposes of competitive analysis of the Licensed Software, the development of a competing software product or service or any other purpose that is to the Contractor's commercial disadvantage. Ordering Activity agrees not to run (or publish the results of) any benchmark tests on the Licensed Product without first obtaining Contractor's approval.

2.4 Proper Use of Licensed Product. The Ordering Activity acknowledges that the continued integrity of the Licensed Product and Contractor's performance of its obligations described in this Attachment A are dependent upon the proper use and maintenance of the Licensed Product by Ordering Activity. Proper use and maintenance means that Ordering Activity will (i) install all Upgrades and Releases delivered to Ordering Activity hereunder, (ii) use the Licensed Product in accordance with the documentation supplied by Contractor through Guidance and the terms and conditions of this Attachment A, and (iii) follow Guidance's instructions for installing new Releases and Upgrades and for correcting and circumventing software bugs.

3. OWNERSHIP AND PROPRIETARY RIGHTS: Title to, ownership of, and all rights in patents, copyrights, trade secrets, trade dress, and all other proprietary rights in all Licensed Product does not transfer to Ordering Activity and shall remain in Contractor and/or Contractor's third party vendors and licensors. In addition, Contractor may furnish Ordering Activity with its (or its third party vendor's or licensor's) proprietary or confidential information ("Confidential Information") in connection with the provision of Licensed Product and support. Ordering Activity shall protect such Confidential Information of Contractor to the same degree it protects its own Confidential Information, but with no less than a reasonable degree of care. Licensed Product licensed hereunder shall also be considered Confidential Information of Contractor and, except as specifically permitted herein, shall not be disclosed to any third party.

4. TRAINING:

Training. Provided that Ordering Activity has purchased Guidance Training Passports ("Passports") for training classes related to the Licensed Product on an applicable purchase order, such classes are subject to availability and must be reserved in advance. Ordering Activity acknowledges that certain classes have prerequisites. Each Passport permits Ordering Activity to send one (1) designated representative to an unlimited number of Guidance training classes given for one year commencing on the Effective Date. Ordering Activity must designate the representative to Contractor either on the applicable purchase order or otherwise in writing prior to reserving a course. No credit or refund will be given for any classes that are not taken and Ordering Activity shall be responsible for all travel and lodging expenses of its personnel to take such classes.

5. TERM OF LICENSES:

5.1 Term. The licenses granted hereunder commence on the Effective Date and remain in effect perpetually (or, if a shorter term is specified on any applicable quote/purchase order, for the length of such term). Upon expiration or termination of a license, Ordering Activity's right to use the Licensed Product licensed thereunder shall immediately end and Ordering Activity shall: (i) promptly return all Licensed Product (including any and all hardware dongles or other Guidance hardware on which the Licensed Product was delivered) and Guidance Confidential Information and all copies thereof to Guidance; (ii) erase all Licensed Product from the memory of its computer(s) and storage devices or render it non-readable; and (iii) upon Contractor through Guidance's request, certify in writing that Ordering Activity has satisfied its obligations hereunder.

6. SOFTWARE MAINTENANCE SERVICE ("SMS"):

6.1 General. If SMS is included or has been elected by Ordering Activity on an applicable purchase order, Contractor through Guidance will provide the services specified in this Section 5 and under Guidance's Standard Support Policy (Exhibit B herein), for the applicable Licensed Product. Guidance will evaluate problems submitted by Ordering Activity and consult with Ordering Activity to determine if it is a Defect.

6.2 Term. The initial SMS term shall commence on the Effective Date of the purchase order and remain in effect for the term purchased by Ordering Activity on any applicable purchase order. If one (1) year of SMS has been purchased, the SMS fee for that year is twenty percent (20%) of the license's single payment amount, and the term of SMS expires on the date one (1) year from the Effective Date. If two (2) years of SMS has been purchased, the SMS fee for that year is eighteen percent (18%) of the license's single payment amount, and the term of SMS expires on the date two (2) years from the Effective Date. If three (3) years of SMS have been purchased, the SMS fee for each year is sixteen percent (16%) of the license's single payment amount, payment for all three (3) years is due on the date specified in any applicable quote/purchase order, and the term of SMS expires on the date three (3) years from the Effective Date. Thereafter, subsequent SMS terms may be agreed upon by the parties, under the then-current Guidance SMS program, provided that: (a) Ordering Activity timely pays or has paid the applicable fees for any products or services from Contractor; (b) Contractor through Guidance continues to offer SMS to its customers generally for the Licensed Product, and (c) Ordering Activity remains in compliance with its obligations hereunder. Contractor through Guidance shall make commercially reasonable efforts to provide Ordering Activity with written notice of the fee for the next subsequent SMS term not less than sixty (60) days prior to the renewal date. Contractor may increase its SMS fees for subsequent SMS terms, but the amount of any such increase shall not exceed (i) if the immediately preceding SMS term was one (1) year, three percent (3%) of the fee applicable to the immediately preceding SMS term, (ii) if the immediately preceding SMS term was two (2) years, six percent (6%) of the fee applicable to the immediately preceding SMS term, or (iii) if the immediately preceding SMS term was three (3) years, nine percent
ENCASE® UNLIMITED COMPONENT LICENSES

EXHIBIT A

SUBJECTED TO UNUSUAL PHYSICAL OR ELECTRICAL STRESS, OR INTERFERENCE FROM APPLICATIONS, DERIVATIVE WORKS, OR REQUIREMENTS. THE WARRANTY SET FORTH IN SECTION 6, ABOVE, WITHOUT INTERRUPTION OR DEFECT FREE, OR THAT THE LICENSED PRODUCT WILL MEET ORDERING ACTIVITY'S PARTICULAR PURPOSE. CONTRACTOR DOES NOT WARRANT THAT THE OPERATION OF THE LICENSED PRODUCT IS IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

"DOCUMENTATION" MEANS THE USER OR SYSTEM MANUALS AND OTHER PUBLISHED MATERIAL DELIVERED WITH THE LICENSED PRODUCT TO ORDERING ACTIVITY, WHICH INCLUDE THE SPECIFICATIONS. "SUITE" IS A COLLECTION OF MODULES. "MODULE" MEANS A VERSION OF THE LICENSED PRODUCT DESIGNED TO INCREASE FUNCTIONALITY FOR CERTAIN SPECIFIC TASKS OR TO SERVE THE REQUIREMENTS OF A SUBSET OF USERS, RATHER THAN BEING OF GENERAL APPPLICABILITY AND IS CONSIDERED OUTSIDE THE SCOPE OF THIS LICENSED PRODUCT LICENSED UNDER THIS AGREEMENT.

6.5 Scope of Services.

6.5.1 Contractor through Guidance shall provide SMS in a manner that is consistent with its Standard Support Policy, as described herein under Exhibit B.

6.5.2 Ordering Activity will receive any available Upgrades so long as Ordering Activity has paid for SMS. Contractor through Guidance will provide instructions and/or revised user Documentation to assist the transition in installing Upgrades.

6.5.3 Ordering Activity will receive any available Releases so long as Ordering Activity has paid for SMS. However, new products, Suites and Modules are not included without charge and will be available only for an additional fee.

6.6 Service Limitations. Contractor through Guidance will support only the current Release of the Licensed Product and the immediately preceding Release. Guidance shall make reasonable efforts to accommodate support questions for all other Releases. All associated computer hardware and operating system software must be maintained at the latest Release and Upgrade levels supported by Guidance. For support issues that are not Defects or, when Guidance determines that requested assistance has exceeded a reasonable level, Guidance may provide some reasonable assistance (determined in Guidance’s sole discretion) to help optimize or enhance Ordering Activity’s use of the Licensed Product.

7. WARRANTY: Contractor warrants, for period of one (1) year from the Effective Date ("Warranty Period"), that each item of Licensed Product shall be free from Defects. To the maximum extent permitted by applicable law, Ordering Activity's remedy and Contractor's obligation shall be to correct or circumvent any Defect reported to Contractor within the Warranty Period which causes and continues to cause a system-critical disruption of the Ordering Activity's business operations; provided, however, that: (i) Ordering Activity shall promptly notify Contractor of any Defects discovered and shall furnish to Contractor adequate supporting documentation and details to substantiate and to assist Contractor in the identification and detection of such Defect; and (ii) the Defect can be reproduced by Contractor on properly functioning equipment controlled by Contractor. In addition, with respect to certain hardware, to the extent the original equipment manufacturer offers its own hardware warranty, Contractor will pass-through such warranty to Ordering Activity.

8. EXCLUSION OF WARRANTIES: EXCEPT FOR THE WARRANTIES SET FORTH IN SECTION 7, ABOVE, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, CONTRACTOR DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. CONTRACTOR DOES NOT WARRANT THAT THE OPERATION OF THE LICENSED PRODUCT IS WITHOUT INTERRUPTION OR DEFECT FREE, OR THAT THE LICENSED PRODUCT WILL MEET ORDERING ACTIVITY’S REQUIREMENTS. THE WARRANTY SET FORTH IN SECTION 6, ABOVE, IS CONTINGENT UPON (A) THE PROPER USE OF THE LICENSED PRODUCT IN ACCORDANCE WITH SECTION 2; AND (B) THE LICENSED PRODUCT NOT BEING SUBJECT TO UNUSUAL PHYSICAL OR ELECTRICAL STRESS, OR INTERFERENCE FROM APPLICATIONS, DERIVATIVE WORKS, OR CONFIGURATIONS PROVIDED BY THIRD PARTIES. THE WARRANTY SET FORTH IN SECTION 6, ABOVE, DOES NOT EXTEND TO DEFECTS IN THE LICENSED PRODUCT THAT RESULT FROM (A) ORDERING ACTIVITY’S FAILURE TO IMPLEMENT ALL UPGRADES AND RELEASES ISSUED BY CONTRACTOR DURING THE WARRANTY PERIOD, OR (B) TO THE EXTENT SUCH MODIFICATIONS WERE MADE BY ORDERING ACTIVITY TO ITS OPERATING ENVIRONMENT.

9. U.S. GOVERNMENT END-USERS: The Licensed Product and accompanying documentation are "Commercial Items" and "Commercial software documentation," as such terms are used in 48 C.F.R. 12.212 (SEPT 1995) and are provided to the Government (i) for acquisition by or on behalf of civilian agencies, consistent with the policy set forth in 48 C.F.R. 12.212; or (ii) for acquisition by or on behalf of units of the Department of Defense, consistent with the policies set forth in 48 C.F.R. 227.7202-1 (JUN 1995) and 227.7203-3 (JUN 1995).

EXHIBIT A – ADDITIONAL SUPPLEMENTAL TERMS AND CONDITIONS

ENCASE® UNLIMITED COMPONENT LICENSES

1. Definition of Unlimited Component License. An EnCase Enterprise Unlimited Component License includes any EnCase Enterprise product shipping as of the date that such Unlimited Component License is purchased by a Ordering Activity, including an unlimited amount of the following components that can be deployed on Ordering Activity’s Sites/Supported Computers (as defined in the Standard Terms):

However, a Unlimited Component License does NOT include:

<p>| | | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>EnCase Forensic</td>
<td>EnCase eDiscovery</td>
<td>EnCase Portable</td>
</tr>
<tr>
<td>EnCase Neutrino</td>
<td>EnCase Cybersecurity</td>
<td>training, services</td>
</tr>
<tr>
<td>hardware</td>
<td>third party products</td>
<td>any other software or hardware that are not shipped with base purchases of EnCase Enterprise</td>
</tr>
</tbody>
</table>

2. Software Maintenance Services ("SMS"). For clarification, the EnCase Enterprise Unlimited Component License purchased by Ordering Activity represents an additional software license (and obligation to pay SMS for such Licensed Products) to those licenses already in place with Ordering Activity. For further clarification, SMS fees for the Licensed Products already licensed by Ordering Activity (i.e. not part of the Unlimited Component License) shall continue to apply in accordance with any agreement applicable to such License.

ENCASE® NODE-BASED LICENSES

1. Definition of Node. Ordering Activity acknowledges and agrees that pricing under this Attachment A is based on Ordering Activity’s representation of the number of Ordering Activity’s Supported Computers which can be both (i) connected to its internal network, and (ii) investigated using the Licensed Product purchased hereunder ("Nodes").

2. Node Restriction. Ordering Activity represents and warrants that the number of Nodes referenced on the Contractor Quote delivered to Ordering Activity or any applicable purchase order delivered by Ordering Activity to Contractor represents all of the Nodes on Ordering Activity’s computer networks, and all of the Nodes on the networks of Ordering Activity’s subsidiaries, parent companies, and affiliates. Ordering Activity agrees that the license granted under the Attachment A is restricted for use on the number of Nodes identified on the Contractor Quote delivered to Ordering Activity. Ordering Activity agrees to provide Node Confirmation Statement, to Contractor within 15 days of each anniversary of the Effective Date of Licensed Product purchase.

3. Annual Node Update or Confirmation. Within fifteen (15) days following each one-year anniversary of the Effective Date ("Anniversary Date"). Ordering Activity shall provide Contractor with one of the following documents:

3.1 Guidance Node Confirmation Statement, to confirm there is no change to the number of Nodes since the Effective Date or last Anniversary Date occurring after the Effective Date; or

3.2 A Guidance Node Update Statement, to account for any increase in the number of Nodes that are capable of being investigated by the Licensed Software Products.

ENCASE® CYBERSECURITY LICENSES

Remediation. As a condition to the license granted to Ordering Activity to use EnCase Cybersecurity pursuant to the Standard Terms, Ordering Activity acknowledges the Licensed Products contain remediation functionalities ("Remediation"), and agrees that the following clause forms an integral part of this Attachment A:

Ordering Activity acknowledges and agrees that the purpose of Remediation is to correct, remediate, delete or wipe data that has been identified as unauthorized, against policy, corrupt or possibly infected by certain computer viruses, contaminants, or disabling devices including, but not limited to, any back door, "time bomb", drop dead device, encrypted imbedded key, node lock, time out or other function, codes, commands or instructions that may have the effect or be used to access, alter, delete, damage or disable software and/or hardware on Ordering Activity’s computer network. It is possible and, indeed probable that utilizing Remediation will delete or destroy data that may otherwise be useful, valuable or important to Ordering Activity. Ordering Activity agrees that it is using Remediation at its own risk and that if it does not assume the risk of a loss of valuable electronic data, it should not use Remediation.

Notwithstanding anything to the contrary in the Attachment A, Contractor through Guidance hereby provides Remediation "AS IS" with all faults and without warranty or guarantee that it will be able to remediate any or all data problems, known or unknown. Ordering Activity hereby releases Contractor from any and all liability as to Ordering Activity or third party data, intellectual property, unauthorized content, privileged and/or confidential material that is destroyed in the process of using software that has Remediation activated.
EXTERNAL INVESTIGATION LICENSES

1. Use Restriction. Licensed Products licensed hereunder may be used by Ordering Activity, in its capacity as a Contractor authorized consultant and/or service provider, in accordance with these Standard Terms: (i) on external networks to analyze data collected from such networks in connection with criminal investigations, provided that all Licensed Products licensed hereunder are removed from external computer networks upon completion of external data collection work on such networks and/or for such client(s).

ENCASE® EDISCOVERY LICENSES

1. Definitions. The following defined terms used in this Exhibit of Attachment A have the following meanings:

   1.1 “Customer Data” means all electronic data or information submitted by Ordering Activity to the Service.

   1.2 “Ingestion” means the process of receiving Customer Data submitted by Ordering Activity and loading such Customer Data into the Service.

   1.3 “Order Forms” means any ordering document(s) (i.e. purchase orders or other similar documentation) setting forth the terms for purchasing Access to the Service entered into between Ordering Activity and Contractor.

   1.4 “Service” means the online, Web-based applications and platform provided by Contractor through Guidance via http://www.CaseCentral.com (the “Website”) and/or other designated by Guidance to Ordering Activity, that are ordered by Ordering Activity under an Order Form, including associated offline components but excluding third party applications.

   1.5 “Storage” means the data storage space on Guidance (or Guidance affiliate/partner) servers allocated to Ordering Activity for the storage of Customer Data uploaded to the Service by Users.

   1.6 “Term” is defined in Section 3.1 below.

   1.7 “Users” means individuals who are authorized by Ordering Activity to Access the Service and have been supplied user identifications and passwords for the Service. Users may include but are not limited to employees, consultants, contractors and agents of Ordering Activity, or third parties which Ordering Activity transacts business.

2. Service

   2.1 License to Access; Restrictions. Pursuant to this Exhibit of Attachment A and an applicable Order Form, Contractor through Guidance shall make the Service available to Ordering Activity for users to access and use (“Access”) the Service during the Term, for Ordering Activity’s internal business purposes only, via the Internet. Contractor through Guidance will host the Service and reserves the right to make changes and updates to the functionality and/or documentation of the Service from time to time. Ordering Activity may Access the Service until the Term expires or is terminated as provided herein. Ordering Activity agrees that its purchases hereunder are neither contingent on the delivery of any future functionality or features nor dependent on any oral or written public comments made by Guidance regarding future functionality or features. The method and means of providing the Service, and Ordering Activity with Access to the Service, shall be under the exclusive control, management, and supervision of Guidance, giving due consideration to the requests of Ordering Activity. Ordering Activity may not alter, resell or sublicense the Service or provide it as a service bureau. Ordering Activity agrees not to reverse engineer the Service or its software or other technology. Ordering Activity will not use or access the Service to: (i) build a competitive product or service, (ii) make or have made a product using similar ideas, features, functions or graphics of the Service, (iii) make derivative works based upon the Service or the Web Site’s content, or (iv) copy any features, functions or graphics of the Service or Web Site. Ordering Activity will not “frame” or “mirror” the Service.

   2.2 User Accounts. The number of Users authorized to Access the Service shall be limited to the number of Users set forth on any applicable Order Form. User subscriptions are for designated Users and cannot be shared or used by more than one User, but may be reassigned to new Users replacing former Users who no longer require ongoing Access. Ordering Activity is responsible for all User actions in violation of these terms and any activities that occur under Ordering Activity’s User accounts. Ordering Activity is responsible for maintaining the security and confidentiality of all User usernames and passwords. Ordering Activity agrees to notify Guidance immediately of any unauthorized use of any Service username or password or account or any other known or suspected breach of the Service’s or Web Site’s security.

   2.3 Terms of Use; Compliance with Law. Guidance reserves the right to remove (but is not obligated to do so), and Ordering Activity and Users may not use the Service to store or transmit, any Customer Data that is infringing, libelous, or otherwise unlawful or tortious material, or any material in violation of third-party privacy rights. Ordering Activity and Users will comply with all applicable laws regarding Customer Data and use of the Service, including laws involving private data or data subject to export control.

   2.4 Ownership. These terms grant no ownership rights to Ordering Activity. No license is granted to Ordering Activity except as to Access of the Service as expressly stated herein. The Guidance name, any Guidance logos, and the product names associated with the Service are trademarks of Guidance or third parties, and they may not be used without Guidance’s prior written consent. Use, resale or exploitation of the Service and/or the Website except as expressly permitted in these Terms is strictly prohibited. Guidance shall have a royalty-free, worldwide, transferable, sublicenseable, irrevocable, perpetual license to use or incorporate into the Service any suggestions, enhancement requests, recommendations or other feedback provided by Ordering Activity and/or Users, relating to the operation of the Service. Subject to the limited rights expressly granted hereunder, Guidance reserves all rights, title and interest in and to the Service and Website, including all related intellectual property rights. No rights are granted to Ordering Activity or Users hereunder other than as expressly set forth herein.

3. Term; Termination.
3.1 Term. Unless terminated in accordance with the terms of the Schedule Contract, the Service shall be provided by Contractor through Guidance commencing on the Effective Date and continuing for twelve (12) months thereafter (or any other period identified on an applicable Order Form)(the "Initial Term").

3.2 Termination.

3.3 Payments Upon Termination. Upon the expiration or termination of the Term for any reason, Ordering Activity shall pay to Contractor all undisputed amounts due and payable hereunder. Upon any termination for cause by Ordering Activity, Contractor shall refund any prepaid Fees covering the remainder of the Term of all subscriptions after the effective date of termination.

3.4 Return of Customer Data. In the event that the Term is terminated (for any reason) or expires, Contractor through Guidance will, within thirty (30) days of a Ordering Activity's request, make available one backup of the Customer Data in Guidance's standard format. Ordering Activity agrees and acknowledges that Contractor through Guidance has no obligation to retain and may delete all Customer Data that remains in Guidance’s possession or control more than 60 days after termination of the Term.

4. Service Level Agreement, Force Majeure.

4.1 SLA. During the Term, Contractor through Guidance shall provide the Service for not less than 99.0% of time during any particular calendar month subject to causes beyond Guidance’s reasonable control and scheduled maintenance. Guidance shall provide prompt maintenance and support seven days per week during regular business hours (9 AM to 9 PM Eastern Time), or within three (3) hours after notification during all other times and on U.S. holidays.

5. Customer Data; Data Security and Backup.

5.1 All Customer Data submitted by Ordering Activity to Contractor through Guidance, whether posted by Ordering Activity or by Users, must be submitted in a format satisfactory to Guidance and will remain the sole property of Customer or such Users to the full extent provided by law.

5.2 Ordering Activity will have sole responsibility for the accuracy, quality, integrity, legality, reliability, appropriateness of and copyright permissions for all Customer Data. Contractor through Guidance will not use the Customer Data for any purpose other than to provide the Service to Customer and for anonymous statistical reporting purposes. Guidance may aggregate anonymous statistical data regarding use and functioning of its system by its various Users. Such aggregated statistical data will be the sole property of Guidance.

5.3 Contractor through Guidance will use commercially reasonable security measures to protect Customer Data against unauthorized disclosure or use. Guidance shall backup all Customer Data at a secure facility operated in accordance with generally accepted industry standards.

6. Disclaimers; Warranties and Limitations

6.1 Warranties. Contractor warrants that the Service shall perform materially in accordance with these terms and the functionality of the Service will not be materially decreased during the Term. For any breach of either such warranty, Ordering Activity’s remedy shall be as provided in the “Payments Upon Termination” section above.

6.2 THE WARRANTIES EXPRESSLY STATED HEREIN ARE THE SOLE AND EXCLUSIVE WARRANTIES OFFERED BY CONTRACTOR. THERE ARE NO OTHER WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, THOSE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. EXCEPT AS EXPRESSLY STATED HEREIN, THE SERVICE AND WEB SITE ARE PROVIDED TO CUSTOMER ON AN “AS IS” AND “AS AVAILABLE” BASIS. ORDERING ACTIVITY ASSUMES ALL RESPONSIBILITY FOR DETERMINING WHETHER THE SERVICE OR THE INFORMATION GENERATED THEREBY IS ACCURATE OR SUFFICIENT FOR CUSTOMER’S PURPOSES. CONTRACTOR DOES NOT WARRANT THAT USE OF THE SYSTEM WILL BE ERROR-FREE OR UNINTERRUPTED. CONTRACTOR IS NOT RESPONSIBLE FOR SOFTWARE INSTALLED OR USED BY ORDERING ACTIVITY OR USERS OR FOR THE OPERATION OR PERFORMANCE OF THE INTERNET.

EXHIBIT B - STANDARD SUPPORT POLICY FOR SOFTWARE MAINTENANCE SERVICES (“SMS”)

1. Definitions
"Defect" means a material error in program logic or documentation attributable to Guidance which prevents the performance of a principle computing function as set forth in Guidance’s published specifications for the Software. "Upgrade" means a revision of the Software with minor changes and/or Defect corrections (e.g. a change in the numbers to the right of the period X.XX). Upgrades generally occur between each Release of the Software. "Release" means a new version of the Software with new features and/or significant enhancements to existing Software products (e.g. a change to the numbers left of the period X.XX). "Documentation" means the user or system manuals and other published material delivered with the Software to Ordering Activity, which include the specifications. "Module" means a version of the Software designed to increase functionality for certain specific tasks or to serve the requirements of a subset of users, rather than being of general applicability and is considered outside the scope of this Software licensed under this Agreement.

2. Software Included in SMS
Ordering Activity will receive any available Upgrades so long as Ordering Activity has paid for SMS. Contractor through Guidance will provide instructions and/or revised user Documentation to assist the transition in installing Upgrades.

Ordering Activity will receive any available Releases so long as Ordering Activity has paid for SMS. However, new products or new Modules are not included.

3. Service Included in SMS
Contractor through Guidance will remedy Defects by using reasonable efforts to (i) provide a bug fix, patch or workaround procedure, and/or (ii) incorporate a permanent Defect correction in the next Upgrade or Release of the Software. If the problem is not a Defect, (a) Guidance will notify Ordering Activity as soon as possible and if determination of the problem cannot be made via phone, email or remote support; (b) Guidance may, in its sole discretion, provide a remedy by the same means as specified in Sections (i) and (ii) above.

4. SMS Service Limitations
Contractor through Guidance will support only the current Release of the Software and the immediately preceding Release. All associated computer hardware and operating system software must be maintained at the latest Release and Upgrade level for proper functioning. Guidance may provide some reasonable assistance (determined in Guidance’s sole discretion and subject to Ordering Activity’s acceptance) to help optimize or enhance Ordering Activity’s use of the Software.

5. Methods of Providing SMS and Response Times

Telephone, Web and Email Support

The Initial acknowledgement represents the maximum length of time allowed for the Support Consultants to acknowledge receipt of your support request, and route the request to the appropriate person for resolution. After Initial Acknowledgment of a Ordering Activity’s support request, Contractor through Guidance will make commercially reasonable attempts to remedy any reported Defects.

Web and E-mail Acknowledgement will include:

- Support Consultant’s name
- Incident ID number
- Status of the problem
- Indication of when you will receive a solution or update

The following table represents the maximum length of time allowed for initial acknowledgement to occur:

<table>
<thead>
<tr>
<th>Communication Type</th>
<th>Initial Acknowledgement</th>
</tr>
</thead>
<tbody>
<tr>
<td>Telephone</td>
<td>90% of Phone Calls during Business Hours will receive immediate voice contact with Support Consultants</td>
</tr>
<tr>
<td>Voice-mail</td>
<td>Ordering Activities who leave a voicemail for support professionals will receive a return call within (2) Business Hours</td>
</tr>
<tr>
<td>Web</td>
<td>Assigned to Support Consultant Within 2 Hours</td>
</tr>
<tr>
<td>E-mail</td>
<td>Assigned to Support Consultant Within 2 Hours</td>
</tr>
</tbody>
</table>

For purposes of this SMS Policy only, “Business Hours” shall mean the following Pacific Standard/Daylight Times: 24 hours a day, Sunday 7:00 p.m. through Friday 6:00 p.m. excluding national holidays in the United States and United Kingdom.

On-Line Support

Guidance’s On-Line Support Center provides the following capabilities:

Access via Web to Solutions Database
Receive Support e-Bulletins via E-mail
Critical Problem Alerts via E-mail
Report Product Defects via Web
Submit Suggestions via the Web
Access Product Documentation
On-Line Patches & Upgrades
Incident Submission via the Web
Incident Submission via E-mail

Guidance software products are managed according to a product life-cycle management program with planned and scheduled updates. Guidance SMS subscribers receive these software Updates and Releases at no charge and will receive notice of such improvements.

Emergency On-site Support

In the case of a critical situation, where an unresolved issue is having extreme impact on your business, emergency on-site assistance is available within 48 hours. You can specifically request on-site assistance, or Contractor through Guidance may determine the need as part of the escalation management process.

Escalation Procedure

If Ordering Activity reasonably believes that the reporting of a Defect has not received the appropriate response from Contractor through Guidance (as stated within this policy), the Ordering Activity may escalate the matter. The following Guidance personnel will be made aware of the matter and respond personally to Ordering Activity, in the following time frame:

- 48 Hours After Reporting Defect: GSI Technical Support Manager
- 96 Hours After Reporting Defect: GSI Vice President, Technical Support

120 Hours After Reporting Defect: GSI Vice President, Worldwide Sales
1. **Scope.** This Rider and the attached *Gupta Technologies* ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3701 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 2.121(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer ("Licensee") is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government, either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
i) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A**

**CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**GUPTA TECHNOLOGIES LICENSE, WARRANTY AND SUPPORT TERMS**

1. **DEFINITIONS**

a) “Application Solution” defined as the Application Solution developed by Ordering Activity with the Software.

b) “Central Processing Unit (CPU)” defined as a computation hardware unit such as a microprocessor that serves as the main arithmetic and logic unit of the computer.
c.) “Developer Seat” defined as a single computer utilized by a single person at any one time to perform the tasks associated with the development of Application Solutions.

d.) “Deployment Software” defined as the Deployment Software specified in Exhibit A and licensed by payment of the proper License Fee.

e.) “Development Software” defined as the Development Software specified in Exhibit A and licensed by payment of the proper License Fee.

f.) “Services” defined as Unify provided Services for Support and Maintenance, Consulting and Training services.

g.) “Software” defined as the Development and Deployment Software, including User Documentation as defined in Exhibit A. Unify reserves the right to discontinue Software at its sole discretion. The Software is protected by applicable intellectual property laws including copyright laws and international treaties.

h.) “User Documentation” defined as the Unify user manual(s) and other materials on the proper installation and use of the Software, which is normally distributed with the Software.

2. LICENSE GRANT AND LIMITATIONS

2.1 License Grant. Pursuant to this Attachment A, Ordering Activity agrees to properly license and pay the appropriate License Fee for the Software (as set forth on Exhibit A and or the Contractor quote), and Contractor agrees to grant Ordering Activity a non-exclusive, non-transferable, non-assignable license to use the Development Software to design, develop, test and maintain the Application Solutions, and to use the Deployment Software to deploy the Application Solutions into a production environment subject to the conditions set forth in this Attachment A.

2.2 Limitations. All rights not expressly granted herein are reserved by Contractor and/or its licensors. Without limiting the generality of the preceding sentence, Ordering Activity agrees: (i) not to modify, port, translate, localize, or create derivative works of the Software; (ii) not to disassemble, decompile, reverse engineer or otherwise reduce the Software to human perceptible form, except as permitted by the 1991 EC Directive; (iii) not to remove, or allow to be removed, any Contractor or its Licensors copyright, trade secret, or other proprietary rights notice from any Software; (iv) not to make copies of the Software except for normal backup purposes; (v) not to transfer, assign, (except as permitted by Section 9.2) re-use or re-license the Software licenses to any third party without the prior written consent of Contractor; and (vi) not to use the Software to develop an Application Solution for re-sale or usage as an Application Service Provider or any other “access fee basis”.

3. GUPTA TECHNOLOGIES SERVICES

3.1 Ordering Activity will purchase Support and Maintenance Services for the first year from Contractor under the terms and conditions set forth in Exhibit B. All items (upgrades and updates) delivered by Contractor through Gupta Technologies shall be deemed to become a part of the applicable Software licensed hereunder and shall be subject to all terms and conditions of this Attachment A.

3.2 Ordering Activity may obtain Consulting Services from Contractor through Gupta Technologies under the terms and conditions as defined in Exhibit C. Ordering Activity may also participate in Gupta Technologies’s standard training programs by contacting info@GuptaTechnologies.com.

4. TITLE

4.1 Title, ownership and all intellectual property rights in and to the Software belong exclusively to Gupta Technologies and its licensors (which licensors shall have third party beneficiary rights to the extent permitted by applicable law). This Attachment A grants Ordering Activity no additional express or implied license, right or interest in any copyright, patent, trade secret, trade name, trademark, invention or other intellectual property right of Gupta Technologies. Ordering Activity will not sell, assign, lease, transfer, encumber or allow any security interest on the Software or take any action that would cause the Software to be placed in the public domain.

5. LIMITED WARRANTIES

5.1 Contractor warrants that (i) it has full right to enter into and perform this Attachment A; (ii) to the best of Contractor’s knowledge, the Software does not violate any intellectual property rights of a third party under applicable patent or copyright laws; (iii) during the first sixty (60) days of normal use from the date Ordering Activity receives the Software from Contractor, the media will be free of defects in materials and workmanship and the Software will perform substantially in accordance with the Documentation or Contractor will replace the defective media without charge if returned to Contractor during this period; and (iv) Contractor warrants that it will perform the work associated with the Services in accordance with professional standards for similar work.

5.2 EXCEPT FOR THESE EXPRESS LIMITED WARRANTIES, ORDERING ACTIVITY ACCEPTS THE SOFTWARE AND SERVICES "AS IS", WITH NO OTHER WARRANTIES OR CONDITIONS OF ANY KIND, WHETHER EXPRESS, OR IMPLIED BY STATUTE, COMMON LAW, OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Contractor has no control over the conditions under which Ordering Activity uses the Software and does not and cannot warrant the results obtained by such use. Additionally, Contractor makes no warranties that the Software will satisfy Ordering Activity’s data processing needs or function without interruption, errors or defects. Contractor makes no warranties regarding the applications developed with the Software or regarding Software which has been modified or altered by any party other than Contractor or to any problems caused by computer hardware or operating systems. The parties further agree that Contractor shall not be liable to Ordering Activity for any delay or failure of Contractor to perform its obligations hereunder if such delay or failure arises from any cause beyond the reasonable control of Contractor, such as acts of God, delays or non-responsiveness of Ordering Activity, or the temporary unavailability of qualified personnel.

EXHIBIT A - Products licensed by this EULA

1. DEFINITIONS

a) “Developer Seat-based” is defined as requiring the Ordering Activity to purchase a license for each computer where the Software is installed and used by a Developer to develop the Application Solutions.
b) “CPU-based” is defined as requiring the Ordering Activity to purchase a license equal to or greater than the number of CPUs in the computer(s) where the deployed Application Solution, including the Software, is installed.

c) “User-based” is defined as any machine or device that executes, utilizes or displays the Software. User would include a server, client, or X-terminal as a hardware device or software emulator, batch processes, interactive users, and connecting devices.

2. SOFTWARE LICENSED:

EXHIBIT B - Software Support & Maintenance Services Terms and Conditions

Contractor through Gupta Technologies is pleased to provide the Annual Software Support and Maintenance Services (the “Support Services”) to Ordering Activity. Gupta Technologies has developed multiple Support Service offerings to meet the individual needs of each of our valued customers. Gupta Technologies agrees to provide the Support Services pursuant to the Attachment A terms and conditions and the additional Support Services terms and conditions below:

1. Annual Software Support and Maintenance Service Programs.

   1.1 Ordering Activity is required to purchase the first year of Support Services for the Software purchased.

   1.2 All updates, patches, fixes and other error corrections pertaining to the Software provided to Ordering Activity shall become a part of the Gupta Technologies Software, which is licensed under the terms and conditions of the Attachment A.

EXHIBIT C - Consulting Services Terms and Conditions

1. Consulting Agreement Terms and Conditions

   1.1 Pursuant to the Attachment A terms and conditions and the additional Consulting Services terms and conditions as follows, Contractor through Gupta Technologies agrees to provide, upon Ordering Activity’s request, the consulting services ("Assignments") described on separately executed assignment orders (the "Assignment Orders").

2. Assignment(s) Scope and Changes

   2.1 Each Assignment Order shall define a specific Assignment authorized by Ordering Activity, the Assignment schedule or term, the applicable rates and charges, and any other specific terms and conditions as required to complete the Assignment. Each Assignment Order shall be governed by the terms and conditions of this Exhibit C and only the terms or conditions set forth herein.

   2.2 Contractor through Gupta Technologies reserves the right to select and assign personnel to each Assignment based on the skill classifications required and available personnel resources. Should an employee be unable to perform the required services because of reasons beyond Gupta Technologies’s reasonable control, Gupta Technologies will replace such person within a reasonable period of time. Gupta Technologies shall have the right to use third parties in performance of its obligations and services hereunder and for purposes of this Consulting Agreement all references to Gupta Technologies or its employees shall be deemed to include such third parties. Gupta Technologies shall insure that all such third parties shall execute confidentiality agreements as may be necessary to comply with Gupta Technologies’s obligations or confidentiality under any confidentiality agreements between the parties.

3. Ownership

   3.1 All development tools, database management programs, programming languages, or programs provided by Contractor through Gupta Technologies which contain any of Gupta Technologies’s proprietary program code or related documentation (the “Gupta Technologies Software”) are not Works Made for Hire and shall belong exclusively to Gupta Technologies and no ownership rights thereto shall accrue in any manner to Ordering Activity. This Attachment A grants no express or implied license, right or interest in any copyright, patent, trade secret, trade name, trademark, invention or other intellectual property right of Gupta Technologies. Ordering Activity will not sell, assign, lease, transfer, encumber or allow any security interest on the Gupta Technologies Software or take any action that would cause the Gupta Technologies Software to be placed in the public domain. Ordering Activity shall not disassemble, decompile, reverse engineer or otherwise reduce the Gupta Technologies Software to human perceptible form.

   3.2 Except as provided in 3.1 above, Contractor through Gupta Technologies agrees that all work undertaken by Gupta Technologies under this Attachment A or any Assignment Order (in whole or in part, either alone or jointly with others) shall be the sole property of Ordering Activity. Ordering Activity shall be the sole owner of all rights in connection therewith. Furthermore, except as provided in section 3.1 above, all works of authorship will be “works made for hire” to the extent allowed by law. Ordering Activity acknowledges that during the term of this Attachment A Gupta Technologies will be acting as a consultant to other entities and, providing Gupta Technologies does not violate these terms and conditions, Ordering Activity shall have no rights in any such work provided by Gupta Technologies to such entities.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Haivision ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

u) **Contracting Parties.** The GSA Customer ("Licensee") is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

v) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4 (f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

w) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

x) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

y) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

z) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefor. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

aa) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

bb) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

c) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

d) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

e) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
f) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

gg) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

hh) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

ii) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. The contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

jj) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components procured separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

kk) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

ll) **Advertisements and Endorsements.** Pursuant to GSAAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

mm) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

nn) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its own document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

oo) **Alternate Dispute Resolution.** The GSA Customer may not be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

pp) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

9. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**HAIVISION NETWORK VIDEO LICENSE, WARRANTY AND SUPPORT TERMS**

1 **DEFINITIONS**

1.1. **Entitlement.** The collective set of applicable documents (e.g., warranty, support and maintenance documents, data sheets, etc.) authorized by Haivision Systems Inc. or its affiliate Haivision (collectively, “Haivision”) evidencing your obligation to pay associated fees (if any) for the license, associated Services, and the authorized scope of use of Product under the applicable Ordering Document.

1.2. **License Fee.** License Fee shall mean the consideration paid to Haivision for use of the Product. The License Fee is part or all of the price paid for the relevant Product in applicable Ordering Document.
1.3. Product. Product shall mean the executable version of Haivision’s computer software, program or code, in object code format (specifically excluding source code), together with any related material including, but not limited to the hardware, Reference Manuals or database schemas provided for use in connection with the Product and including, without limitation, all Upgrades through the date of installation.

1.4. Reference Manuals. Reference Manuals shall mean the most current version of the documentation for use in connection with the Product provided by Haivision to You.

1.5. Third Party Content. Services or materials, which are not proprietary to Haivision or may not be part of the materials of the company, entity or individual using the Product.

1.6. Updates. Updates shall mean any periodic software releases, additions, fixes, and enhancements thereto, release notes for the Product and related Reference Manuals, (other than those defined elsewhere in this section as Upgrades) which have no value apart from their operation as part of the Product and which add minor new functions to the Product, but none so significant as to warrant classification as an Upgrade, which may be provided by Haivision to fix critical or non-critical problems in the Product on a scheduled, general release basis. Updates to the Product (“Version”) are denoted by number changes to the right of the decimal point for a version and revision number (for example, going from 2.0.0 to 2.1.0).

1.7. Upgrades. Upgrades shall mean any modification to the Product made by Haivision, which are so significant, in Haivision’s sole discretion, as to warrant their exclusion when under the current license grant for the Product. Upgrades of Product are denoted by number changes to the left of the decimal point for a release number (for example, going from 2.0 to 3.0).

1.8. You (or Your). The ordering activity specified in the Entitlement, or for evaluation purposes, the entity performing the evaluation.

2 RIGHTS AND RESTRICTIONS

2.1. License to Use. Subject to the terms and conditions set forth herein and subject to the terms of the applicable Ordering Document, Haivision hereby grants to You a non-exclusive, personal, limited and non-transferable right and license to use the Product in accordance with the terms of this Agreement. This license is granted to You and not, by implication or otherwise, to any parent, subsidiary or affiliate of Yours without Haivision’s specific prior written consent. This license is for the limited use of the Product by You for the purpose of creating, managing, distributing and viewing IP Video assets. This license does not grant any license for content whatsoever. All rights not expressly granted to You by this Agreement are reserved by Haivision.

2.2. Restrictions.

(a) Reproduction. You shall not copy, modify, distribute, use or allow access to any of the Product, except as explicitly permitted under this Agreement and only in the quantities designated in the Entitlement. However, You have the right to make copies of the Product solely for archival purposes, but only in quantities necessary and typical for your Organization. You shall not modify, adapt, translate, export, prepare derivative works from, decompile, reverse engineer, disassemble or otherwise attempt to derive source code, hardware designs or other proprietary information from the Product or any internal data files generated by the Product, or use the Product embedded in any third party hardware or software. You shall also not use the Product in an attempt to, or in conjunction with, any device, program or service designed to circumvent technological measures employed to control access to, or the rights in other work protected by copyright laws. You shall not remove, modify, replace or obscure Haivision’s copyright and patent notices, trademarks or other proprietary rights notices affixed to or contained within any Product. No right is granted hereunder for any third party who obtains access to any Product through You to use the Product to perform services for third parties. Most sublicensing arrangements are prohibited under this Agreement.

(b) Ownership. The Product is conditionally licensed and not sold. As between the parties, Haivision and/or its licensors own and shall retain all right, title and interest in and to all of the Product, including all copyrights, patents, trade secret rights, trademarks and other intellectual property rights therein, and nothing in this Agreement shall be deemed to transfer to You any ownership or title to the Product. You agree that you will not remove, alter or otherwise obscure any proprietary rights notices appearing in the Product. All Haivision technical data and computer software is commercial in nature and developed solely at private expense.

3 RESERVED.

4 REPRESENTATIONS, DISCLAIMER

4.1. Limited Warranty. Haivision warrants that: (i) the Product will operate substantially in accordance with the Reference Manuals provided and (ii) any media on which the Product is provided will be free of material damage and defects in materials and workmanship under normal use for a term of ninety (90) days (the “Warranty Period”) after its delivery date. As Your sole and exclusive remedy for any breach of this warranty, Haivision will use its commercially reasonable efforts to correct any failure of the Product to operate substantially in accordance with the Reference Manuals which is not the result of any improper or unauthorized operation of the Product and that is timely reported by You to Haivision in writing within the Warranty Period, provided that in lieu of initiating commercially reasonable efforts to correct any such breach, Haivision may, in its absolute discretion, either: (i) replace the Product with other software or technology which substantially conforms to the Reference Manuals or (ii) refund to You a portion of the fee paid for the relevant license. This warranty shall immediately terminate this warranty shall immediately terminate this Agreement if You or any third party makes or attempts to make any modification of any kind whatsoever to the Product, engages in any improper or unauthorized operation of the Product, including uses prohibited by the Entitlement or installs or uses the Product on or in connection with any hardware or software not specified in the Entitlement or product data sheets.

4.2. Warranty Disclaimers. THE EXPRESS WARRANTIES SET FORTH IN SECTION 4.1 ABOVE IN RESPECT TO THE PRODUCT ARE IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, OR STATUTORY, REGARDING THE PRODUCT, OR ITS OPERATION, FUNCTIONALITY, PERFORMANCE, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT OF THIRD PARTY RIGHTS (ALL OF WHICH ARE DISCLAIMED). HAIVISION DOES NOT WARRANT THAT ANY OF THE PRODUCT(S) WILL MEET ALL OF YOUR NEEDS OR REQUIREMENTS, OR THAT THE USE OF ANY OF THE PRODUCT(S) WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT ALL ERRORS WILL BE DETECTED OR CORRECTED.

4.3. Reserved.

4.5. RESERVED.

6 OTHER PROVISIONS

6.1. Export and Other Restrictions. This Agreement, and all Your rights and Your obligations under this Agreement, are subject to all applicable U.S. Government laws and regulations relating to exports including, but not limited to, the U.S. Department of Commerce Export Administration Act and its associated Regulations and all administrative acts of the U.S. Government thereunder. In the event the Product or the Hardware is exported from the United States or re-exported from a foreign destination, You shall ensure that the distribution and export/re-export of the Product or the Hardware is in compliance with all laws, regulations, orders, or other restrictions of the U.S. Export Administration Act and its associated Regulations. You agree that neither you nor any of your Affiliates will export/re-export any Product, any hardware on which the Product is loaded or embedded, technical data, process, or service, directly or indirectly, to any country for which the United States government (or any agency thereof) requires an export license, other government approvals, or letter of assurance, without first obtaining such license, approval or letter.

6.2. Content. Your data and/or your use of the Product may not: (i) interfere in any manner with the functionality or proper working of the Product; (ii) stream any material that is copyrighted, protected by trade secret or otherwise subject to third party proprietary rights, including privacy and publicity rights, unless You are the owner of such rights or have permissions from the rightful owner to post the material; (iii) constitute, promote, facilitate or permit any illegal activities, including without limitation, activities that might be libelous or defamatory, invasive of privacy or publicity rights, abusive or
otherwise malicious or harmful to any person or entity; (iv) distribute, share or facilitate unauthorized data, malware, viruses, Trojan horses, spyware, worms or other malicious or harmful distributions; or (v) otherwise violate, misappropriate or infringe the intellectual property, privacy, publicity, contractual or other proprietary rights of any third party.

6.3. Consent to Use Data. You agree that Haivision may collect and use technical data and related information, including but not limited to technical information about Your device, system and application software and peripherals, that is gathered periodically to facilitate the provision of software updates, product support and other services to You (if any) related to the Product. Haivision may use this information, as long as it is in a form that does not personally identify You, to improve its products or to provide services or technologies to You.

6.4. Reserved.
6.5. Reserved.
6.6. Reserved.

6.7. Third Party Content. Haivision is not responsible for examining or evaluating the data, accuracy, completeness, timeliness, validity, copyright compliance, legality, decency, quality or any other aspect of any Third Party Content. Haivision does not warrant or endorse and does not assume and will not have any liability or responsibility to You or any other person for any Third Party content.

6.15. US Government Rights. Some Products are commercial computer software, as such, term is defined in 48 C.F.R. §2.101. Accordingly, if You, as the Licensee, is the US Government or any contractor therefor, You shall receive only those rights with respect to the Product and Reference Materials as are granted to all other end users under license, in accordance with:

(a) 48 C.F.R. §227.7201 through 48 C.F.R. §227.7204, with respect to the Department of Defense and their contractors;

or

(b) 48 C.F.R. §12.212, with respect to all other US Government licensees and their contractors.

6.16. Reserved.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Hewlett Packard Enterprises ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3301 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

   j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

   k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately in its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Ordering Activity to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
1. **Orders.** “Order” means the accepted order issued by Customer under the GSA Schedule Contract, including any HPE-branded supporting material which is identified as incorporated either by attachment or reference (“Supporting Material”). Supporting Material may include (as examples) product lists, hardware or software specifications, standard or negotiated service descriptions, data sheets and their supplements and statements of work (SOWs), HPE Care Pack Support Service Agreement, published warranties and service level agreements, and may be available to Customer in hard copy or by accessing a designated HPE website, provided that in the event of inconsistency between the terms of any Supporting Material and the terms of the GSA Schedule Contract (including HPE’s GSA Addendum), the latter shall control to the extent of the inconsistency.

2. **Title.** When HPE delivers to Customer directly, risk of loss or damage and title for hardware products will pass upon delivery to Customer or its designee. Where permitted by law, HPE retains a security interest in products sold until full payment is received.

3. **Installation.** If HPE is providing installation with the product purchase, HPE’s site guidelines (available upon request) will describe Customer requirements. HPE will conduct its standard installation and test procedures to confirm completion.

4. **Support Services.** HPE’s support services will be described in the applicable Supporting Material, which will cover the description of HPE’s offering, eligibility requirements, service limitations and Customer responsibilities, as well as the Customer systems supported.

5. **Software-as-a-Service.** HPE’s online software-as-a-service solution that HPE provides to Customer, including support, and related professional services will be described in the Supporting Material (“SaaS”). The SaaS term is specified in the Supporting Material or HPE quotation (the “SaaS Term”). If Customer previously purchased a perpetual license to the on-premise version of the HPE branded software product (“HPE Software”), the price of SaaS shall reflect such purchase and such pre-existing license shall be deemed to be used in relation to SaaS. During the SaaS Term, Customer may not use such HPE Software installed on Customer infrastructure except in connection with receipt of SaaS.

6. **SaaS Rescheduling.** Customer has the one-time right to reschedule the Order start date without charge (for a date that is no more than three (3) months after the originally scheduled start date) upon no less than three (3) business days’ written notice prior to the date that delivery is scheduled to begin.

7. **Professional Services.** - Reserved

8. **Professional Services Acceptance.** Reserved

9. **Eligibility.** HPE’s service, support and warranty commitments do not cover claims resulting from:
   1. improper use, site preparation, or site or environmental conditions or other non-compliance with applicable Supporting Material;
   2. modifications or improper system maintenance or calibration not performed by HPE or authorized by HPE;
   3. failure or functional limitations of any non-HPE software or product impacting systems receiving HPE support or service;
   4. malware (e.g. virus, worm, etc.) not introduced by HPE; or
   5. abuse, negligence, accident, fire or water damage, electrical disturbances, transportation by Customer, or other causes beyond HPE’s control.

10. **Dependencies.** HPE’s ability to deliver services will depend on Customer’s reasonable and timely cooperation and the accuracy and completeness of any information from Customer needed to deliver the services.

11. **Change Orders.** Reserved

12. **Product Performance.** All HPE-branded hardware products are covered by HPE’s limited warranty statements that are provided with the products or otherwise made available. Hardware warranties begin on the date of delivery or if applicable, upon completion of HPE installation, or (where Customer delays HPE installation) at the latest 30 days from the date of delivery. Non-HPE branded products receive warranty coverage as provided by the relevant third party supplier.

13. **Software Performance.** HPE warrants that its branded software products will conform materially to their specifications and be free of malware at the time of delivery. HPE warranties for software products will begin on the date of delivery and unless otherwise specified in Supporting Material, will last for ninety (90) days. HPE does not warrant that the operation of software products will be uninterrupted or error-free or that software products will operate in hardware and software combinations other than as authorized by HPE in Supporting Material.

14. **Services Performance.** Services are performed using generally recognized commercial practices and standards.

15. **SaaS Performance.** SaaS is provided consistent with generally recognized practices and standards for software-as-a-service. HPE does not warrant that SaaS will be uninterrupted or error free.

16. **Services with Deliverables.** If Supporting Material for services defines specific deliverables, HPE warrants those deliverables will conform materially to their written specifications for 30 days following delivery. If Customer notifies HPE of such non-conformity during the 30 day period, HPE will promptly remedy the impacted deliverables or refund to Customer the fees paid for those deliverables and Customer will return those deliverables to HPE.

17. **SaaS Performance.** SaaS is provided consistent with generally recognized practices and standards for software-as-a-service. HPE does not warrant that SaaS will be uninterrupted or error free.

18. **Services with Deliverables.** If Supporting Material for services defines specific deliverables, HPE warrants those deliverables will conform materially to their written specifications for 30 days following delivery. If Customer notifies HPE of such non-conformity during the 30 day period,
HPE will promptly remedy the impacted deliverables or refund to Customer the fees paid for those deliverables and Customer will return those deliverables to HPE.

19. **Product Warranty Claims.** When we receive a valid warranty claim for an HPE hardware or software product, HPE will either repair the relevant defect or replace the product. If HPE is unable to complete the repair or replace the product within a reasonable time, Customer will be entitled to a full refund upon the prompt return of the product to HPE (if hardware) or upon written confirmation by Customer that the relevant software product has been destroyed or permanently disabled. HPE will pay for shipment of repaired or replaced products to Customer and Customer will be responsible for return shipment of the product to HPE.

20. **Remedies.** This Agreement states all remedies for warranty claims. To the extent permitted by law, HPE disclaims all other warranties.

21. **Intellectual Property Rights.** No transfer of ownership of any intellectual property will occur under these Terms. Customer grants HPE a non-exclusive, worldwide, royalty-free right and license to any intellectual property that is necessary for HPE and its designees to perform the ordered support services. If deliverables are created by HPE specifically for Customer and identified as such in Supporting Material, HPE hereby grants Customer a worldwide, non-exclusive, fully paid, royalty-free license to reproduce and use copies of the deliverables internally.

22. **Intellectual Property Rights Infringement.** For Federal government customers, the Government will control litigation or settlement of any patent infringement claims arising out of the performance of this contract and brought against the government notwithstanding anything to the contrary in a “Patent Indemnity” provision of this contract or other related transaction document. HPE reserves the right to intervene in the proceedings at its own expense through counsel of its choice.

23. **License Grant.** HPE grants Customer a non-exclusive license to use the version or release of the HPE-branded software listed in the Order. Permitted use is for internal purposes only (and not for further commercialization), and is subject to any specific software licensing information that is in the software product or its Supporting Material.

24. **Updates.** Customer may order new software versions, releases or maintenance updates (“Updates”), if available, separately or through an HPE software support agreement. Additional licenses or fees may apply for these Updates or for the use of the software in an upgraded environment. Updates are subject to the license terms in effect at the time that HPE makes them available to Customer.

25. **License Restrictions.** HPE may monitor use/license restrictions remotely and, if HPE makes a license management program available, Customer agrees to install and use it within a reasonable period of time. Customer may make a copy or adaptation of a licensed software product only for archival purposes or when it is an essential step in the authorized use of the software. Customer may use this archival copy without paying an additional license only when the primary system is inoperable. Customer may not copy licensed software onto or otherwise use or make it available on any public external distributed network. Licenses that allow use over Customer’s intranet require restricted access by authorized users only. Customer will also not modify, reverse engineer, disassemble decrypt, decompile or make derivative works of any software licensed to Customer under these Terms unless permitted by statute, in which case Customer will provide HPE with reasonably detailed information about those activities.

26. **License Term and Termination.** Unless otherwise specified, any license granted is perpetual in the case of a limited-term license, upon expiration, Customer will either destroy all copies of the software or return them to HPE, except that Customer may retain one copy for archival purposes only.

27. **License Transfer.** Customer may not sublicense, assign, transfer, rent or lease the software or software license except as permitted by HPE. HPE-branded software licenses are generally transferable subject to HPE’s prior written authorization, and payment to HPE of any applicable fees. Upon such transfer, Customer’s rights shall terminate and Customer shall transfer all copies of the software to the transferee. Transferee must agree in writing to be bound by the applicable software license terms. Customer may transfer firmware only upon transfer of associated hardware.

28. **License Compliance.** HPE may audit Customer compliance with the software license terms. Upon reasonable notice, HPE may conduct an audit during normal business hours (with the auditor’s costs being at HPE’s expense). If an audit reveals underpayments then Customer will pay to HPE such underpayments. If underpayments discovered exceed five (5) percent of the contract price, Customer will reimburse HPE for the auditor costs.

29. **Confidentiality.** Information exchanged under these Terms will be treated as confidential if identified as such at disclosure or if the circumstances of disclosure would reasonably indicate such treatment. Confidential information may only be used for the purpose of fulfilling obligations or exercising rights under these Terms, and shared with employees, agents or contractors with a need to know such information to support that purpose. Confidential information will be protected using a reasonable degree of care to prevent unauthorized use or disclosure for 3 years from the date of receipt or (if longer) for such period as the information remains confidential. These obligations do not cover information that: i) was known or becomes known to the receiving party without obligation of confidentiality; ii) is independently developed by the receiving party; or iii) where disclosure is required by law or a governmental agency.

30. **Personal Information.** Each party shall comply with their respective obligations under applicable data protection legislation. HPE does not intend to have access to personally identifiable information (“PII”) of Customer in providing services. To the extent HPE has access to Customer PII stored on a system or device of Customer, such access will likely be incidental and Customer will remain the data controller of Customer PII at all times. HPE will use any PII to which it has access strictly for purposes of delivering the services ordered. For SaaS purposes, Customer acknowledges that HPE may route, process or store, and could access business contact information and the data that Customer enters into HPE’s SaaS infrastructure, from countries other than the country from which Customer entered such data.
31. **US Federal Government Use.** If software is licensed to Customer for use in the performance of a US Government prime contract or subcontract, Customer agrees that consistent with FAR 12.211 and 12.212, commercial computer software, documentation and technical data for commercial items are licensed under HPE’s standard commercial license.

32. **Global Trade Compliance.** Products and services provided under these Terms are for Customer’s internal use and not for further commercialization. If Customer exports, imports or otherwise transfers products and/or deliverables provided under these Terms, Customer will be responsible for complying with applicable laws and regulations and for obtaining any required export or import authorizations. HPE may suspend its performance under these Terms to the extent required by laws applicable to either party.

33. **Limitation of Liability.** Reserved

34. **Force Majeure.** Neither party will be liable for performance delays nor for non-performance due to causes beyond its reasonable control, except for payment obligations.

35. **General.** These Terms represent our entire understanding with respect to its subject matter and supersede any previous communication or agreements that may exist. Modifications to these Terms will be made only through a written amendment signed by HPE and Customer.

**Aruba Networks, Inc. End-User Software License Agreement (“Agreement”)**

YOU SHOULD CAREFULLY READ THE FOLLOWING TERMS BEFORE INSTALLATION OR USE OF ANY SOFTWARE PROGRAMS FROM ARUBA NETWORKS, INC. AND ITS AFFILIATES OR AIRWAVE WIRELESS (COLLECTIVELY, “ARUBA”). INSTALLATION OR USE OF SUCH SOFTWARE PROGRAMS SHALL BE DEEMED TO CONFIRM YOUR ACCEPTANCE OF THESE TERMS. IF THESE TERMS ARE CONSIDERED AN OFFER, ACCEPTANCE IS EXPRESSLY LIMITED TO THESE TERMS. YOUR RIGHTS UNDER THIS AGREEMENT BEGIN WHEN YOU RECEIVE YOUR LICENSE KEY FROM ARUBA, AND NOT ON THE DATE THAT YOU INSTALL THE SOFTWARE. IT IS UP TO YOU TO INSTALL THE SOFTWARE PROMPTLY UPON RECEIPT OF A LICENSE KEY FROM ARUBA. IF YOU DO NOT AGREE WITH THESE TERMS, YOU MUST PROMPTLY RETURN ALL SUCH SOFTWARE AND HARDWARE PRODUCTS TO ARUBA (OR IF YOU PURCHASED SUCH PRODUCTS FROM A RESELLER, THE RESELLER FROM WHICH YOU PURCHASED SUCH PRODUCTS) AND ANY FEES YOU HAVE PAID FOR SUCH PRODUCTS WILL BE REFUNDED.

1. **LICENSE**

   Subject to your full compliance with all the terms and restrictions set forth in this agreement (“Agreement”), Aruba grants you a non-exclusive, non-transferable (except as expressly permitted below), non-sublicensable license to use the Aruba software programs (“Programs”). Any third party software programs obtained through the use of the Programs are exclusively subject to the terms and conditions accompanying those third party programs (“Third Party Programs”). The Programs may use certificates, provisioning profiles, keys, and other such authorization and management controls that you provide as part of your use of the Programs (“Controls”). Aruba disclaims any responsibility whatsoever for your usage of such Controls as part of the Program(s) and you agree not to hold Aruba responsible for such usage of such Controls.

2. **PROPRIETARY RIGHTS**

   Aruba and its suppliers shall at all times retain title, all ownership rights, and all intellectual property rights in and to the Programs, including any and all rights to error corrections, enhancements, new releases, and other work product that may be created in connection with technical support services that Aruba provides (collectively, “Support Enhancements”). Support Enhancements will be considered Programs for purposes of this Agreement, subject to all of the rights, obligations and restrictions set forth herein. The Programs in source code form remain a confidential trade secret of Aruba and/or its suppliers. The Programs are protected by the copyright and other intellectual property laws of the United States and international treaties. You acknowledge that, in the course of using the Programs, you may obtain or learn information relating to the Programs, which may include, without limitation, information relating to the performance, reliability or stability of the Programs, operation of the Programs, knowhow, techniques, processes, ideas, algorithms, and software design and architecture (“Proprietary Information”). As between the parties, such Proprietary Information shall belong solely to Aruba. During and after the term of this Agreement, you shall hold in confidence and protect, and shall not use

REVISED 04 16 2014
(Except as expressly authorized by this Agreement) or disclose, Proprietary Information to any third party.

3. **RESTRICTIONS ON USE AND TRANSFER**

A. Programs from Aruba may be used solely for the internal use and operation of an Aruba network by you or your organization. All Programs may only be run directly on Aruba’s hardware products or an Aruba-provided virtual machine, except that Programs specifically designed by Aruba to operate on third party hardware platforms may be run on such third party hardware platforms. All Programs may be copied solely for installation and back-up purposes in support of your licensed use. You may not modify the Programs in any manner without the prior written approval of Aruba. You may not perform interoperability testing on the Programs without the prior written approval of Aruba. You may physically transfer the base operating system Programs and this Agreement to another party only if (i) all related hardware products are transferred along with the Programs, (ii) the other party accepts the terms and restrictions of this Agreement, (iii) all copies of Programs and related documentation that are not transferred to the other party are destroyed or returned to Aruba, and (iv) you comply with all applicable laws including any import/export control regulations. Separately licensed Programs which have been loaded onto the hardware to add features or enable functions may not be transferred.

B. You shall not (and you shall not permit others to), directly or indirectly, modify, translate, decompile, disassemble, or reverse engineer the Programs (except to the extent applicable laws specifically prohibit such restriction) or any copy, in whole or in part, or otherwise attempt to discover the source code or underlying ideas or algorithms of the Programs; copy (except for the purposes set forth above), rent, lease, distribute, or otherwise transfer rights to the Programs; or remove any proprietary notices or labels on the Programs.
C. You shall not disclose any Proprietary Information, including any information relating to the performance or operation of the Programs (including any benchmarking or other testing results) to any third party without the express prior written consent of Aruba. You may not engage a third party to perform security testing on the Programs unless that third party enters into a written non-disclosure agreement directly with Aruba.

D. You understand and agree that some of the Programs are designed to automatically communicate certain network parameters and other information about the Programs and their performance back to Aruba. Aruba uses this information (a) to monitor the performance of the Programs; (b) to alert You in the event that upgrades or updates are available; and (c) as necessary to comply with Aruba's legal obligations and to protect Aruba's legal rights. Aruba will not use any information gathered in this manner for any other purpose.

4. LIMITED WARRANTY AND DISCLAIMER

Aruba warrants to you (and only you) that any media on which the Programs are recorded will be free from defects in materials and workmanship under normal use for a period of ninety (90) days from the date the Programs are delivered to you. If a defect in any such media occurs during this 90-day period, the media may be returned to Aruba (or if you received such Programs from a reseller, to such reseller and Aruba, or to the reseller, as applicable, will replace the media without charge to you. Aruba shall have no responsibility to replace media if the failure of media results from accident, abuse or misuse of the media.

ALL THIRD PARTY PROGRAMS ARE PROVIDED AS-IS AND ARUBA EXPLICITLY DISCLAIMS ANY RESPONSIBILITY WHATSOEVER FOR THE PERFORMANCE OR NON-PERFORMANCE OF SUCH THIRD PARTY PROGRAMS.

ARUBA AND ITS SUPPLIERS DO NOT WARRANT THAT THE FUNCTIONS CONTAINED IN THE PROGRAMS WILL MEET YOUR REQUIREMENTS OR THAT THE OPERATION OF THE PROGRAMS WILL BE UNINTERRUPTED OR ERROR-FREE.

EXCEPT FOR THE EXPRESS WARRANTY ABOVE, THE PROGRAMS ARE PROVIDED TO YOU WITH NO WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT. THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION.

5. LIMITATION OF LIABILITY

YOUR EXCLUSIVE REMEDY AND THE ENTIRE LIABILITY OF ARUBA AND ITS SUPPLIERS RELATED TO THE PROGRAMS SHALL BE EXPRESSLY LIMITED TO REPLACEMENT OF MEDIA AS PROVIDED ABOVE. IN NO EVENT WILL ARUBA OR ANYONE ELSE WHO HAS BEEN INVOLVED IN THE CREATION, PRODUCTION, OR DELIVERY OF THE PROGRAMS BE LIABLE FOR ANY INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING WITHOUT LIMITATION, LOST PROFITS OR LOST DATA, EVEN IF THEY HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

6. TERM

This Agreement is effective until terminated, and shall automatically apply to any future upgrades or updates to any Programs or any additional features of any Programs, except as otherwise specified by Aruba. You may terminate this Agreement at any time by destroying all copies of the Programs and related documentation. This Agreement will terminate automatically, with respect to any Program or feature of any Program, at the end of the applicable term of any limited-term license purchased by you, or if you fail to comply with any term or condition of this Agreement, including any failure to pay any associated license and related fees due by you in full and any attempt to transfer a copy of the Programs to another party except as provided in this Agreement. You agree that upon such termination, you will destroy all copies of the Programs and related documentation.

7. U.S. GOVERNMENT

RESTRICTED RIGHTS

If you are acquiring the Programs on behalf of the U.S. Government, the following provisions apply: (i) if the Programs are supplied to the Department of Defense or any related agency of service, the Programs are subject to "restricted rights" as that term is defined in Defense Federal Acquisition Regulations ("DFAR") in Section 252.227-7013(c)(1); and (ii) if the Programs are supplied to any other unit or agency of the United States Government, the Programs are considered "restricted computer software" and the Government's rights in the Programs are set forth in the Federal Acquisition Regulations ("FAR") in Section 52.227-19(c)(2). Use, duplication or disclosure by the Government is subject to the restrictions set forth in such sections. You represent that you are not acquiring the Programs on behalf of a government other than the U.S. Government.

8. GENERAL

You acknowledge that you have read this Agreement, understand it and agree to be bound by its terms and restrictions. You further agree that this license is the complete and exclusive statement of your agreement with Aruba and supersedes any proposal or prior agreement, oral or written, and any other communications relating to the subject matter of this license. This Agreement may only be modified in writing. Any waivers and amendments of this Agreement or any of its terms shall be effective only if made by nonpreprinted agreements clearly understood by both parties to be an amendment or waiver. This Agreement shall be governed by and construed under the laws of the state of California, USA as if made and entered into in that state by two residents thereof and without regard to the United Nations Convention on Contracts for the International Sale of Goods.

If you are located in the People's Republic of China, all disputes arising from or relating to the subject matter of this Agreement must be resolved in Hong Kong by the Hong Kong International Arbitration Centre pursuant to its rules of arbitration then in effect, and the arbitration shall be conducted in English. If you are located outside of the People's Republic of China, all disputes arising from or relating to the subject matter of this Agreement shall be resolved by and you hereby consent to binding arbitration conducted in the English language in San Francisco, California, USA pursuant to California law and the rules of the Judicial Arbitration and Mediation Service (JAMS.) Judgment upon any award so rendered may be entered in any court having jurisdiction or application may be made to such court for judicial acceptance of any award and an order of enforcement, as the case may be.

Notwithstanding the foregoing, each party shall have the right at any time to seek injunctive or other forms of equitable relief from any court of competent jurisdiction. If any provision of this Agreement is held by a court of competent jurisdiction to be illegal, invalid or
unenforceable, that provision shall be limited or eliminated to the minimum extent necessary so that this Agreement shall otherwise remain in full force and effect and enforceable.

IMPORTANT
IDAPTIVE END USER LICENSE AND SERVICES AGREEMENT

THIS END USER LICENSE AND SERVICES AGREEMENT (this "Agreement") constitutes a legal agreement between you, the undersigned Ordering Activity under GSA Schedule contracts ("Customer" or "Ordering Activity") and IDaptive, LLC, a Delaware limited liability company ("Idaptive"), with respect to the Cloud Service identified below. If Customer does not agree to the terms of this Agreement, Idaptive is unwilling to grant Customer any rights to use the Cloud Service. In such event, Customer may not use the Cloud Service, and Customer should promptly cease use of the Cloud Service and accompanying Documentation.

The terms and conditions set forth in this Agreement and in any Schedule issued under this Agreement shall control in the event that there are different, inconsistent or additional terms set forth in any other purchase order submitted by Customer or invoice issued by Idaptive. The terms and conditions of any Schedule shall incorporate the terms and conditions of this Agreement and shall have precedence over any conflicting terms and conditions contained in this Agreement. A negotiated Government Purchase Order, signed by both parties, shall supersede the terms of the Agreement.

1. DEFINITIONS

1.1. "Affiliate" means any entity that, directly or indirectly, through one or more intermediaries, controls, or is controlled by, or is under common control with a party to this Agreement, by way of majority voting stock ownership or the ability to otherwise direct or cause the direction of the management and policies of such party. Customer shall notify Idaptive in writing of the identity of its Affiliates and shall be jointly and severally liable for such Affiliate’s performance of its obligations under this Agreement.

1.2. "Claim" shall have the meaning given to such term in Section 5.1.

1.3. "Cloud Service" means any on-line software service operated by Idaptive and accessible to Customer via the internet, specified on a Schedule.

1.4. "Cloud Service Addendum" means the Cloud Service Addendum attached hereto as Exhibit A, initially as in effect on the Delivery Date and as such document may be modified from time to time thereafter in accordance with its terms.

1.5. "Compute Hour" means access to the Cloud Service for a period of one hour. Any partial hour will be rounded up to the next full hour.

1.6. "Confidential Information" shall have the meaning given to such term in Section 10.1.

1.7. "Consulting Fees" means the fees charged to Customer by Idaptive for Consulting Services.

1.8. "Consulting Materials" shall have the meaning given to such term in Section 3.1.

1.9. "Consulting Services" means installation, consulting, implementation or training services, if any, provided to Customer by Idaptive or its representative under this Agreement.

1.10. "Delivery Date" means the date on which the notification of the start of the Cloud Service ordered under a Schedule is electronically sent by Idaptive to Customer.

1.11. "Distributor" means any independent value added distributor (VAD) authorized by Idaptive to distribute Idaptive software and/or services to Resellers only, unless otherwise provided for in the applicable distribution agreement.

1.12. "Documentation" means Idaptive’s end user documentation made generally available by Idaptive for use with the Cloud Service, whether published on-line or provided in hard copy. Documentation shall include any revisions, enhancements and new versions of Documentation.

1.13. "Idaptive" means IDaptive, LLC, a Delaware limited liability company, or a subsidiary of IDaptive, LLC that provides the Cloud Service or Consulting Services to Customer under this Agreement, as the context requires.

1.14. "Jump Start Service" means a set of pre-packaged services offered by Idaptive that includes training, on-site fixed deliverables and travel costs for a fixed price. The details of these offerings will be provided in a Statement of Work, if applicable.

1.15. "Local Software Components" means the downloadable software components necessary to utilize certain functionality of the Cloud Service that Customer may install on devices such as phones, tablets, PCs or Macs and any revisions, enhancements and new versions of such software components, made generally available by Idaptive for use with the Cloud Service, in each case in its machine-readable object code form.

1.16. "Project Authorization" shall have the meaning given to such term in Section 3.1.

1.17. "Reseller" means any independent value added reseller (VAR) authorized by Idaptive to distribute Idaptive software and/or services to Customer.

1.18. "Schedule" means any addendum, exhibit, quote, schedule or Statement of Work to this Agreement in a form approved by Idaptive.

1.19. "Statement of Work" shall have the meaning given to such term in Section 3.1.
1.20. **Subscription Fee** means the fee charged to Customer by Idaptive for the Cloud Service (including Technical Support) either for the Subscription Term or for the number of Compute Hours purchased. If Customer purchases the Cloud Service from a Reseller, Customer may pay the Subscription Fee to the Reseller and not to Idaptive directly.

1.21. **Subscription Term** means the period during which Customer is subscribed to the Cloud Service as set forth on an applicable Schedule.

1.22. **Technical Support** means the services provided by Idaptive or its representative with each subscription at the level set forth on an applicable Schedule under the Idaptive Technical Support Policy posted at https://support.idaptive.com, as such document may be modified from time to time.

1.23. **Third Party Software** means any software that is not owned by Idaptive that is identified in the Documentation or on www.idaptive.com and related Idaptive websites and user portals.

1.24. **User** means an employee, contractor, client or customer of Customer to whom Customer provides access to the Cloud Service, the number or other limitations of which are set forth on an applicable Schedule.

1.25. **User Account** means electronic credentials a User uses to access to the Cloud Service.

2. **SUBSCRIPTION & LICENSE**

1. **Cloud Service.** Subject to the terms and conditions of this Agreement and the Cloud Service Addendum and Customer’s payment of the applicable Subscription Fee, Idaptive grants Customer a worldwide, non-exclusive, non-transferable right, without the right to sublicense and (except as otherwise provided on a Schedule) solely for its own business operations to use the Cloud Service to manage the number of devices for which Customer has subscribed, and have the number of Users for which Customer has subscribed use the Cloud Service in accordance with the terms of the Documentation and this Agreement. The term of such license shall be the Subscription Term or the number of Compute Hours purchased by Customer.

1.1. **SAP Online Marketplaces.** The terms of this paragraph shall apply to the Cloud Service purchased on SAP Online Marketplaces. Idaptive and Customer acknowledge that Idaptive is solely responsible for providing the Cloud Service and Technical Support services as set forth herein and SAP has no obligation to furnish any such services to Customer. To the maximum extent permitted by applicable law, SAP will have no warranty obligation to Customer with respect to the Cloud Service and any claims, losses, liabilities, damages, costs or expenses attributable to any failure to conform to the warranties set forth in this Agreement shall be Idaptive’s sole responsibility. Idaptive and Customer acknowledge that Idaptive, not SAP, is responsible for addressing any claims of Customer or any third party relating to the Cloud Service or Customer’s possession and/or use of the Cloud Service. In the event of any third party claim that the Cloud Service infringes the third party’s intellectual property rights, Idaptive and Customer acknowledge that Idaptive, not SAP, will be solely responsible for the investigation, defense, settlement and discharge of any such infringement claim subject to Section 5 of this Agreement.

1.2. **Local Software Components.** Subject to the terms and conditions of this Agreement and payment of the applicable Subscription Fee, Idaptive grants Customer a worldwide, non-exclusive, non-transferable license, without the right to sublicense and (except as otherwise provided on a Schedule) solely for its own business operations, to install on and use the Local Software Components to manage the number of devices for which Customer has subscribed, and have the number of Users for which Customer has subscriber use the Local Software Components in accordance with the terms of the Documentation and this Agreement. The term of such license shall be the Subscription Term or the number of Compute Hours purchased by Customer. Customer may reproduce the Local Software Components and Documentation only as necessary to use the Cloud Service. Customer shall ensure that each copy contains all titles, trademarks, and copyright and restricted rights notices as in the original. Customer shall implement all commercially reasonable measures to ensure that its Users comply with the restrictions and limitations of this Agreement.

1.3. **Evaluation Use License.** In the event that the Cloud Service is licensed only for evaluation use, the terms of this paragraph shall apply. Idaptive hereby grants Customer a personal, non-exclusive, non-transferable license, without right of sublicense, to use the Cloud Service commencing upon initial use of the Cloud Service and, unless Customer and Idaptive agree to a different period, will terminate after a period of thirty (30) days (the "Evaluation Period"). Customer may use the Cloud Service for an unlimited number of Users and devices during the Evaluation Period. Cloud Service licensed for evaluation use will automatically disable itself at the end of the Evaluation Period, as it employs a restriction mechanism which restricts the program to a limited working period of time. This restriction mechanism and the manner in which it enforces the restriction is maintained in confidence by Idaptive as a trade secret, and Customer may not publish, disclose or reveal it. Customer agrees not to do anything to circumvent or defeat the restriction mechanism. Notwithstanding anything to the contrary in this Agreement, Sections 5 (Intellectual Property Indemnity), 7.1 (Cloud Service Warranty) and 7.2 (Consulting Services Warranty) shall not apply to evaluation use.

1.4. **Restrictions.** The rights granted in Section 2.1 through 2.3 are subject to the following restrictions: (i) Customer shall not reverse engineer, disassemble, decompile or otherwise attempt to derive or discover the source code of the Local Software Components or the Cloud Service, in whole or in part, except and only to the extent that it is expressly permitted by applicable
law notwithstanding this limitation; (ii) Customer shall not sublicense or use the Cloud Service for commercial time-sharing, rental, outsourcing, application or managed service provision, or service bureau use, or to train persons other than Users, unless previously agreed to in writing by Idaptive; (iii) Customer may not remove any patent, trademark, copyright, trade secret or other proprietary notices or labels on the Cloud Service, Local Software Components or Documentation, (iv) Customer shall not disclose the results of any performance, functional or other evaluation or benchmarking of the Cloud Service to any third party without the prior written permission of Idaptive; (v) Customer may not use the Cloud Service if Customer is a competitor of Idaptive; (vi) Customer shall not modify or create any derivative works of the Cloud Service, Local Software Components or Documentation; and (vii) Customer shall not attempt to gain unauthorized access to, or disrupt the integrity or performance of, the Cloud Service or the data contained therein. In the event that any Third Party Software is required for Customer's use of the Cloud Service, e.g., GoogleMaps for location services, Customer acknowledges that the terms of use applicable to such Third Party Software are different than those of this Agreement.

1.5. **Retention of Rights.** Idaptive reserves all rights not expressly granted to Customer in this Agreement. Without limiting the generality of the foregoing, Customer acknowledges and agrees (i) that Idaptive and its third party licensors retain all rights, title and interest in and to the Cloud Service, Local Software Components and Documentation and (ii) that it does not acquire any rights, express or implied, in or to the foregoing, except as specifically set forth in this Agreement. Any new features, functionality, corrections or enhancements for the Cloud Service or Local Software Components suggested by Customer shall be free from any confidentiality restrictions that might otherwise be imposed upon Idaptive pursuant to Section 10, and may be incorporated into the Cloud Service or Local Software Components by Idaptive. Customer acknowledges that the Cloud Service or Local Software Components incorporating any such new features, functionality, corrections or enhancements shall be the sole and exclusive property of Idaptive.

1.6. **Compute Hour Usage Certification.** The Cloud Service includes functionality that allows Customer to run a report to show the number of Compute Hours used by Customer during a specified period of time. If Customer has subscribed for Compute Hours, Customer will either permit the Cloud Service to automatically send a Compute Hour usage report or provide Idaptive with a Compute Hour usage report within fifteen (15) business days of the end of each calendar quarter. If the report reveals that Customer has used more Compute Hours than Customer has subscribed for, Idaptive shall invoice Customer for the excess Compute Hours used.

2. **CONSULTING SERVICES**

2.1. **Consulting Services.** From time to time, Customer may request, through provision of an executed project authorization in the form required by Idaptive, that Idaptive, or its duly authorized representative perform Consulting Services (a Government purchase order, “Statement of Work” or “Quotation” or, each and collectively, “Project Authorization”). Idaptive shall have no obligation to perform Consulting Services until and unless it accepts a Project Authorization. Customer shall be responsible for providing Idaptive’s representatives with access to qualified Customer employees and Customer-controlled software and hardware, and safe access to Customer’s premises, each as required to allow Idaptive to perform the Consulting Services. Idaptive’s representatives will comply with Government security requirements, including reasonable written rules and regulations of Customer with respect to Customer’s premises, provided that such rules and regulations are provided to Idaptive sufficiently in advance of the scheduled start date of the Consulting Services. All materials and information used or generated by Idaptive in the performance of Consulting Services (“Consulting Materials”), and all intellectual property rights therein, shall be the sole property of Idaptive. Idaptive grants to Customer a perpetual, worldwide, non-exclusive, non-transferable license, without the right to sublicense and solely for its own business operations, to use and have Users use the Consulting Materials provided to Customer under this Agreement, subject to all of the provisions of this Agreement governing Local Software Components and Documentation, as applicable, and any applicable Schedules. The rights to any of Customer’s preexisting proprietary business information, or results of any compilation thereof, which are used in or result from Consulting Services and Consulting Materials, shall remain the sole property of Customer.

3.2. **Cancellation.** In the event that Idaptive notifies Customer of Customer’s failure to perform any of its obligations under a Statement of Work, which failure shall have prevented Idaptive from meeting any deadline, such deadline shall be extended by an amount of time equal to the length of such failure to perform on the part of Customer. Idaptive shall have the right to charge Customer at Idaptive’s then applicable daily rates, in accordance with the GSA Schedule pricelist, to the extent that such delays cause Idaptive to provide additional services or to spend additional time on the project. In the case of extended delays as to which Customer provides reasonable advance written notice regarding the expected duration of the delay, Idaptive shall make a good faith effort to redeploy its resources to other projects to mitigate such additional charges. Idaptive shall have the right to rely upon all decisions and approvals of Customer’s contracting officer.

3. **TERM AND TERMINATION**

3.1. **Term.** The term of this Agreement shall commence on the Delivery Date and shall continue until terminated in accordance with the provisions of this Section 4. Upon expiration or termination of the then-current Subscription Term, Customer’s subscription may be renewed for an additional year by issuing a new purchase order.
3.2. Reserved.

3.3. Reserved.

3.4. Reserved.

3.5. **Effect of Termination.** Except as otherwise set forth herein, termination of this Agreement, any subscription, any Schedule or any Project Authorization shall not limit either party from pursuing other remedies available to it, nor shall such termination relieve Customer of its obligation to pay all fees that have accrued or are otherwise owed by Customer under any Schedule. The parties’ rights and obligations under Sections 2.5 (Restrictions), 2.6 (Retention of Rights), 2.7 (Compute Hour Usage Certification), 4.5 (Effect of Termination), 4.6 (Handling of Software and Confidential Information Upon Termination), 7.3 (Disclaimers), 10 (Nondisclosure) and 11 (Miscellaneous), as well as any obligation to pay fees accrued prior to termination, shall survive termination of this Agreement.

3.6. **Handling of Software and Confidential Information Upon Termination.** Upon termination of this Agreement, any subscription, any Schedule or any Project Authorization, Customer shall (i) cease using the applicable Cloud Service, Local Software Components and Documentation and related Confidential Information of Indaptive, and (ii) certify to Indaptive within thirty (30) days after termination that Customer has destroyed, or has returned to Indaptive, the Local Software Components, Documentation, related Confidential Information of Indaptive, and all copies thereof, whether or not modified or merged into other materials. Following termination of this Agreement, and subject to the Cloud Service Addendum, each party will return or destroy the other party’s Confidential Information and within thirty (30) days following the other party’s written request, the other party shall certify to the requesting party that it has destroyed or returned to the requesting party all Confidential Information of the requesting party, and all copies thereof, whether or not modified or merged into other materials.

4. **INTELLECTUAL PROPERTY INDEMNITY**

5.1. **Generally.** Indaptive will defend, indemnify and hold Customer harmless against any claim brought by a third party to the extent it alleges that the Cloud Service directly infringes any United States patent, copyright or trademark, or misappropriates any trade secret, of that third party (“Claim”), and will pay all costs, damages and expenses (including reasonable legal fees) finally awarded against Customer by a court of competent jurisdiction or agreed to in a written settlement agreement signed by Indaptive arising out of such Claim; provided that: (i) Customer gives Indaptive prompt written notice upon learning of a Claim or potential Claim; (ii) Indaptive may assume control of the defense of such Claim and all related settlement negotiations; and (iii) Customer reasonably cooperates with Indaptive, at Indaptive’s request and expense, in the defense or settlement of the Claim, including the provision of all assistance, information and authority reasonably requested by Indaptive. In no event shall Indaptive enter into any settlement or agree to any disposition, without the prior written consent of Customer, that contains an admission of liability or wrongdoing on the part of Customer, or otherwise prejudices the rights of Customer. Notwithstanding the foregoing, Indaptive shall have no liability for any claim of infringement based on (a) the modification of the Cloud Service by anyone other than Indaptive or its agents, (b) the use of the Cloud Service other than in accordance with the Documentation and this Agreement, (c) the combination of the Cloud Service with other software or hardware not provided by Indaptive, where the combination causes the infringement and not the Cloud Service standing alone, or (d) subscriptions for no fee, including a trial, beta or evaluation license agreement. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or suit brought against the U.S. pursuant to its jurisdictional statute 28 U.S.C. § 516.

5.2. **Additional Remedies.** If the Cloud Service, or any material portion thereof, is held by a court of competent jurisdiction to infringe, or if Indaptive believes that the Cloud Service may be subject to a Claim or held to infringe, Indaptive shall in its commercially reasonable judgment and at its expense (a) replace or modify the Cloud Service so as to be non-infringing, provided that the replacement software or service contains substantially similar functionality; or (b) obtain for Customer the rights to continue using the Cloud Service; or (c) if non-infringing software or the rights to use the Cloud Service cannot be obtained upon commercially reasonable terms, terminate the then-current subscription. Upon any such termination of the then-current subscription, Indaptive shall refund any prepaid and unused amounts paid for the then-current subscription. This Section 5.2 shall not apply to subscriptions for no fee, including a trial, beta or evaluation license agreement.

5.3. **Exclusive Remedy.** This Section 5 sets forth Customer’s exclusive remedy, and Indaptive’s entire liability, with respect to infringement or misappropriation of intellectual property rights of any kind arising out of this Agreement.

6. **RESERVED**

7. **WARRANTIES AND REMEDIES**

7.1. **Cloud Service Warranty.** Indaptive warrants to Customer that, during the Subscription Term, the Cloud Service will perform in material conformity with the functions described in the applicable Documentation. Such warranty period shall not apply to subscriptions for no fee. Indaptive will use commercially reasonable efforts to remedy any material non-conformity with
respect to the Cloud Service at no additional charge to Customer. In the event Idaptive is unable to remedy the non-conformity and such non-conformity materially affects the functionality of the Cloud Service, Customer may promptly terminate the applicable subscription. In the event Customer terminates its subscription pursuant to this Section 7.1. Customer will receive a refund of any prepaid and unused portion of the Subscription Fee. The foregoing shall constitute the exclusive remedy of Customer, and Idaptive's entire liability, with respect to any breach of this Section 7.1.

7.2. Consulting Services Warranty. Idaptive warrants to Customer that the Consulting Services provided by Idaptive will be performed in a professional manner and in accordance with generally prevailing industry standards. Customer must give notice of any breach of this warranty within thirty (30) days from the date that the Consulting Services are completed, as provided in the Project Authorization applicable to the Consulting Services engagement. In such event, at Idaptive’s option, Idaptive shall (a) use commercially reasonable efforts to re-perform the Consulting Services in a manner that conforms to the warranty, or (b) refund to Customer the fees paid by Customer to Idaptive for the non-conforming Consulting Services. The foregoing shall constitute the exclusive remedy of Customer, and Idaptive’s entire liability, with respect to any breach of this Section 7.2.

7.3. Disclaimers. Idaptive does not warrant that (i) the Cloud Service will meet Customer’s requirements, (ii) the Cloud Service will operate in combination with other hardware, software, systems or data not provided by Idaptive (except as expressly specified in the Documentation), (iii) the operation of the Cloud Service will be secure, timely, uninterrupted or error-free, or (iv) all errors in the Cloud Service will be corrected. THE WARRANTIES STATED IN THIS SECTION 7 ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NON-INFRINGEMENT AND QUALITY OF SERVICE. NO WARRANTIES SHALL ARISE UNDER THIS AGREEMENT FROM COURSE OF DEALING OR USAGE OF TRADE.

8. RESERVED

9. RESERVED

10. NONDISCLOSURE

10.1. Confidential Information. Each party may have access to information of the other party that is confidential and/or proprietary (“Confidential Information”). Confidential Information shall include any information that is clearly identified in writing at the time of disclosure as confidential as well as any information that, based on the circumstances under which it was disclosed, a reasonable person would believe to be confidential (whether disclosed in writing, orally or by inspection of tangible objects). Idaptive’s Confidential Information shall include, but not be limited to, the Cloud Service, Local Software Components, Documentation, formulas, methods, know how, processes, designs, new products, developmental work, marketing requirements, marketing plans, customer names, prospective customer names, and the results of any comparative or other benchmarking tests with respect to the Cloud Service, in each case regardless of whether such information is identified as confidential. Confidential Information includes all information received from third parties that either party is obligated to treat as confidential and oral information that is identified by either party as confidential.

10.2. Exceptions. A party’s Confidential Information shall not include information that (i) is or becomes a part of the public domain through no act or omission of the other party; (ii) was in the other party’s lawful possession prior to the disclosure and had not been obtained by the other party either directly or indirectly from the disclosing party; (iii) is lawfully disclosed to the other party by a third party without restriction on disclosure; or (iv) is independently developed by the other party without use of or reference to the other party’s Confidential Information. In addition, Section 10 will not be construed to prohibit disclosure of Confidential Information to the extent that such disclosure is required to by law or valid order of a court or other governmental authority; provided, however, that the responding party shall first have given notice to the other party to enable the disclosing party to seek a protective order or take other appropriate action.

10.3. Restrictions. Unless otherwise required by applicable law, the parties shall not make each other’s Confidential Information available in any form to any third party (except third parties who are Users) or use each other’s Confidential Information for any purpose other than as authorized under this Agreement. Each party shall take all commercially reasonable steps to ensure that Confidential Information is not disclosed or distributed by its employees or agents in breach of this Agreement. The receiving party shall notify the disclosing party immediately upon discovery of any unauthorized use or disclosure of Confidential Information by the receiving party, and will cooperate with the disclosing party in every reasonable way to help the disclosing party regain possession of the Confidential Information and prevent its further unauthorized use. Except as expressly stated in this Agreement, no license or intellectual property right to Confidential Information is granted due to the disclosure by either party to the other party, and each party retains ownership of its Confidential Information. The parties shall hold each other’s Confidential Information in confidence both during the term of this Agreement and for a period of five (5) years after any termination of this Agreement. Idaptive recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as “confidential” by the vendor.
11. MISCELLANEOUS

11.1. Governing Law. This Agreement, and all matters arising out of or relating to this Agreement, shall be governed by the Federal laws of the United States, excluding its conflict of law provisions. The parties agree that the United Nations Convention on Contracts for the International Sale of Goods and the Uniform Computer Information Transactions Act are specifically excluded from application to this Agreement.

11.2. Notices. All notices required to be sent under this Agreement shall be in writing, signed by or on behalf of the party giving it, and shall be deemed to have been given upon (i) the date delivered by recognized overnight courier or by hand delivery or (ii) if by certified mail return receipt requested, on the date received, to the addresses set forth on a purchase order by Customer or invoice from Idaptive and to the attention of “Legal Department” and the signatories of the relevant Schedule, or to such other address or individual as the parties may specify from time to time by written notice to the other party.

11.3. Assignment. Neither party shall sell, lease, assign or otherwise transfer this Agreement or any rights or obligations under this Agreement in whole or in part, and any such attempted assignment shall be void and of no effect without the advance written consent of the other party, such consent not to be unreasonably withheld or delayed; Any permitted assignee will assume all obligations and rights of its assignor under this Agreement (or related to the assigned portion in case of a partial assignment).

11.4. Severability. In the event any provision of this Agreement is held to be invalid or unenforceable, the remaining provisions of this Agreement will remain in full force.

11.5. Waiver. The waiver by either party of any default or breach of this Agreement shall not constitute a waiver of any other or subsequent default or breach. Except for actions for nonpayment or breach of Idaptive’s proprietary rights in the Cloud Service, Local Software Components or Documentation, no action, regardless of form, arising out of this Agreement may be brought by either party more than one year after the cause of action has accrued.

11.6. Force Majeure. This Agreement is subject to FAR 52.212-4 (f) Excusable delays.

11.7. Successors and Assigns; Third Party Beneficiaries. All provisions of the Agreement shall be binding upon, inure to the benefit of and be enforceable by and against the respective successors and permitted assigns of Idaptive and Customer. Except as expressly provided in this Agreement, there are no third party beneficiaries of any of the warranties, rights or benefits of this Agreement.

11.8. Legal and Export Compliance. Customer shall comply fully with all international and U.S. laws and regulations that apply to the Cloud Service, Local Software Components and Documentation and to Customer’s use thereof, including but not limited to the U.S. Export Administration Regulations and other end-user, end-use and destination restrictions issued by U.S. and other governments. Without limiting the generality of the foregoing, Customer expressly agrees that it shall not, and its representatives shall not, directly or indirectly, export, re-export, divert, or transfer the Cloud Service, Local Software Components or Documentation or any direct product or portion thereof, including via remote access, (i) to any country or region so restricted by the U.S. economic sanctions or export controls, including but not limited to applicable regulations of the U.S. Commerce Department, the U.S. Treasury Department, and the U.S. Department of State, to any person or entity controlled by any such country or region, or to any national or resident of any such country or region, other than nationals who are lawfully admitted permanent residents of countries not subject to such restrictions, (ii) to any person or entity on the U.S. Treasury Department’s Specially Designated Nationals and Blocked Persons List, (iii) to any person or entity on the U.S. Commerce Department’s Denied Persons List, or (iv) to any person or entity to which sale is prohibited under the Enhanced Proliferation Control Initiative (“EPCI”). Idaptive shall be entitled to take all actions it deems necessary to ensure compliance with this Section, including but not limited to developing internal compliance practices such as performing checks and implementing use restrictions with respect to the Cloud Service, Local Software Components and Documentation. Customer agrees to the foregoing and represents that Customer is not located in, under the control of, a national or resident of any such country or region, on any such list, or subject to prohibition under EPCI.

11.9. U.S. Government License Rights. The Local Software Components and Documentation covered by this Subscription Agreement are “Commercial Item(s),” consisting of “Commercial Computer Software” and “Commercial Computer Software Documentation,” as these terms are defined in 48 C.F.R. §2.101 and used in 48 C.F.R. §12.212. Consistent with 48 C.F.R. §12.212, if such Local Software Components or Documentation are being acquired by or on behalf of the U.S. Government or by a U.S. Government prime contractor or subcontractor (at any tier), such Commercial Computer Software and Commercial Computer Software Documentation are being licensed to U.S. Government end-users for use by such government, or to any such US Government prime contractors or subcontractors for use by such prime contractors or subcontractors in the performance of work under a US Government prime contract or subcontract or for any other use, (a) only as Commercial Items and (b) with only those rights customarily provided to the public and as are granted to all other, non-government-related, end-users, as such commercial license rights are delineated in the terms and conditions of this Agreement. All rights relating to unpublished materials are hereby reserved under the copyright laws of the United States.
11.10. **Relationship Between the Parties.** Nothing in this Agreement shall be construed to create a partnership, joint venture, employment or agency relationship between the parties.

11.11. **Entire Agreement.** This Agreement, together with the attached Cloud Service Addendum, the underlying GSA Schedule Contract, GSA Schedule Pricelist and any Schedule referring to this Agreement, each of which is incorporated by reference, constitutes the complete agreement between the parties and supersedes all prior or contemporaneous agreements or representations, written or oral, concerning the subject matter of this Agreement and such Cloud Service Addendum and Schedules.

---

**Exhibit A – Cloud Service Addendum**

This Cloud Service Addendum (this “Addendum”) is an addendum to the End User License and Services Agreement (the “Agreement”) between Idaptive, LLC, (“Idaptive”) and the Customer as defined in the Agreement. Capitalized terms used in this Addendum and not otherwise defined below shall have the meanings given to such terms in the Agreement. In the event of a conflict between the terms of this Addendum and the Agreement, the terms of this Addendum shall control.

Customer and Idaptive hereby agree to the following:

1. **Idaptive Obligations**

   1.1. **Availability of Service.** Idaptive uses an industry-leading cloud service provider that provides a monthly uptime availability of at least 99.9% to host the Cloud Service. Idaptive will provide 99.9% availability for the Cloud Service during the cloud service provider’s service availability. Idaptive measures the availability of the Cloud Service, monthly. For purposes of the foregoing, “availability” means that the Cloud Service returned the correct, expected data when queried. Idaptive agrees to use its commercially reasonable efforts to make the Cloud Service generally available 99.9% of the time, 24 hours a day, 7 days a week, except for: (a) planned downtime (of which Idaptive shall give at least two weeks online or e-mail notice to Customer and which Idaptive shall schedule to the extent reasonably practicable during the weekend hours from 11:00 p.m. PT Friday to 12:00 p.m. PT Sunday); or (b) any unavailability caused by circumstances beyond Idaptive’s reasonable control, including the force majeure provisions identified in Section 11.6 of the Agreement and computer, telecommunications, Internet service provider or hosting facility failures or delays involving hardware, software or power systems not within Idaptive’s possession or control, and network intrusions or denial of service attacks. Service availability is documented monthly at www.idaptive.com/trust.

   1.2. **Security.** Idaptive shall maintain commercially reasonable administrative, physical and technical safeguards to maintain and protect Customer’s data that is submitted to the Cloud Service by Customer. Idaptive shall not be responsible for loss of data transmitted on networks not owned or operated by Idaptive, including the Internet. Idaptive shall produce an SSAE 16 (SOC 2) report (or similar alternative report as reasonably selected by Idaptive) on an annual basis, and Customer may request a copy of such report and agrees that such report shall be deemed Idaptive’s Confidential Information under the Agreement.

   1.3. **Ownership of Customer Data.** Except for software that Idaptive licenses to Customer, as between the parties, Customer retains all right, title, and interest in and to Customer Data, as defined in Section 2.4 of this Addendum. Idaptive acquires no rights in Customer Data other than the right to host Customer Data within the Cloud Service, including the right to use and reproduce Customer Data solely as necessary to provide the Cloud Service.

   1.4. **Use of Customer Data.** Idaptive will use Customer Data (other than in aggregate and anonymized form) only to provide Customer with the Cloud Service. This use may include troubleshooting to prevent, find, and fix problems with the operation of the Cloud Service. It may also include improving features for finding and protecting against threats to Users. Idaptive may share aggregated and anonymized Customer Data with business partners for use for their business purposes, but Idaptive de-identifies and aggregates such data so that the data cannot be traced to an individual, a customer, or a device. Idaptive will not use Customer Data or derive information from it for any advertising or other marketing purposes without Customer’s consent.

   1.5. **Third-party requests.** Idaptive will not disclose Customer Data to a third party (including law enforcement, other government entity, or civil litigant, but excluding Idaptive’s subcontractors) except as Customer directs or unless required by law. Should a third party contact Idaptive with a demand for Customer Data, Idaptive will attempt to redirect the third party to request that data directly from Customer. As part of this effort, Idaptive may provide Customer's basic contact information to the third party. If compelled to disclose Customer Data to a third party, Idaptive will promptly notify Customer and provide a copy of the demand, unless legally prohibited from doing so. Customer is responsible for responding to requests by third parties regarding Customer’s use of the Cloud Service, such as requests to take down content under the Digital Millennium Copyright Act.

2. **Customer Obligations**
2.1. **Internet Access.** Customer must have a high speed Internet connection in order to use the Cloud Service. Customer shall procure and maintain the hardware, software and systems that connect Customer’s network to the Cloud Service, and shall implement all reasonable communication and security protocols necessary to use the Cloud Service.

2.2. **Customer Information.** Customer shall provide and maintain with Idaptive accurate and complete information on Customer’s legal business name, address, phone number, email address(es) and other information reasonably requested by Idaptive. Customer agrees that Idaptive may provide any and all communications, reports, statements and notices (other than legal notices under the Agreement) to such email address(es), and may rely on any communications, directions or statements received from such email address(es).

2.3. **Security.** Customer shall maintain commercially reasonable administrative, physical and technical safeguards to prevent unauthorized access to or use of the Cloud Service. Customer is responsible for all activity occurring under its User Accounts, including, but not limited to those that access the Cloud Service, www.idaptive.com and related Idaptive websites and user portals, and for abiding by all applicable local, national and international laws. Customer shall promptly notify Idaptive of any unauthorized access to or use of the Cloud Service and any loss or theft of any User’s username or password of which Customer becomes aware.

2.4. **Customer Data.** Customer is responsible for the legality, quality, accuracy and integrity of any data and other information that Customer submits to Idaptive in the course of using the Cloud Service (“Customer Data”). Idaptive will not be responsible for any corrections, deletions or damage to Customer Data. Customer Data may include documents, images and other digital information that Customer chooses to transmit to and store in the Cloud Service. Customer is solely responsible for ensuring that Customer Data is not offensive, obscene, inappropriate or unlawful and that it does not contain any viruses or harmful content. Any Customer Data that Idaptive determines, in its sole discretion, may be offensive, obscene, inappropriate or unlawful or that may contain viruses or harmful content may be removed from the Cloud Service.

3. **Changes**

3.1. **Changes to the Cloud Service.** Idaptive may make changes to the functionality, user interface, usability of the Cloud Service and related Documentation from time to time. In the event of any material change to the functionality, user interface, usability of the Cloud Service, as Customer’s sole remedy in the event of such change, Customer shall have the right to terminate the Agreement and receive a pro-rata refund of fees paid by Customer for the Cloud Service for the terminated portion of the term.

3.2. **Changes to this Addendum.** Idaptive may make changes to this Addendum from time to time, but will not reduce the level of service for which Customer has paid. In the event of any material change to this Addendum, Idaptive will notify Customer by either sending an email to the email address(es) provided by Customer pursuant to this Addendum, or will post a notice in Customer’s administrator’s account. If Customer does not agree to such change, Customer must notify Idaptive within thirty (30) days of Customer’s receipt of such change, in which case the change will not take effect until the end of the then current Subscription Term.

4. **Suspension and Termination**

4.1. **Reserved.**

4.2. **Suspension for Inappropriate Use.** Idaptive reserves the right to temporarily suspend Customer’s access of the Cloud Service if Idaptive determines that Customer’s use is contrary to law or causing material harm to Idaptive or others. Idaptive will provide reasonable notice of such suspension. Customer agrees that Idaptive will not be liable to Customer, any Affiliate or any third party for any temporary suspension under this Section.

4.3. **Handling of Data on Termination.** In the event of any expiration or termination of Customer’s use of the Cloud Service, upon Customer’s request, Idaptive will export Customer’s data that is stored on the Cloud Service to a mobile storage medium and will return such data to Customer. Alternatively, Customer may request that Idaptive delete all such data. Idaptive may delete all of Customer’s data that is stored on the Cloud Service thirty (30) days following any expiration or termination of Customer’s use of the Cloud Service. Customer agrees that Idaptive will not be liable to Customer, any Affiliate or any third party for any data deleted under this Section 4.3.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. Scope. This Rider and the attached HireVue, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. Applicability. Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

w) Contracting Parties. The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

x) Changes to Work and Delays. Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

y) Contract Formation. Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

z) Termination. Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

aa) Choice of Law. Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

bb) Equitable remedies. Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

c) Unilateral Termination. Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

dd) Unreasonable Delay. Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

ee) Assignment. All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

ff) Waiver of Jury Trial. Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

gg) Government Indemnities. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
hh) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

ii) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

jj) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

kk) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

ll) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

mm) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

nn) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Government to use the name or logo of a Government entity are hereby superseded.

oo) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

pp) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

qq) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

rr) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

10. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

HIREVUE, INC.
1. Definitions.

1.1. “Authorized Users” means those individuals designated by or invited by Buyer, in accordance with this agreement, to use the Services.

1.2. “Buyer Content” means all content created by or provided by Buyer or its Authorized Users and submitted to the Platform.

1.4. “End User” means a user of the Platform that responds to requests from Buyer or its Authorized Users through the Platform.

1.5. “Platform” means the HireVue team acceleration platform including any related mobile applications, used to deliver the Services, features and functionality described in the Documentation.

1.6. “Responses” means all responses to Buyer Content submitted to the Platform by End User.

1.7. “Scheduled Downtime” means the following Scheduled Downtime periods ("Maintenance Windows") currently reserved by HireVue, which may be changed from time to time on notice to Buyer: A maximum of four (4) hours per semi-monthly period between the hours of Midnight (12:00 A.M.) and 4:00 A.M. Mountain Time.

1.8. “Services” means, collectively, the Platform and related services provided hereunder, including the Subscription Services, the features and functionality described in the Documentation, and any other professional services and customer support.

1.9. “Service Order” means the document that specifies the Services to which the Buyer has subscribed, the applicable subscription term(s), and applicable fees. This document may also be referred to as a “Purchase Order”, the form and substance of which must be approved by both Parties in writing.

1.10. “Site Availability” means the percentage calculated by dividing (a) the Site Uptime by (b) the difference between the total amount of clock time and the Scheduled Downtime actually used by HireVue, in a given Month.

1.11. “Site Uptime” shall mean the total time in a month during which all material parts of the HireVue website are operating properly and available for access and use by Authorized Users.

1.12. “Subscription Services” are defined as the HireVue hosted software services to which the Buyer purchases a subscription pursuant to a Service Order.

1.13. “Unscheduled Downtime” means the number of seconds the Services are unavailable in a particular month which are due to (i) force majeure events beyond the reasonable control of HireVue or HireVue’s service providers, or (ii) a general failure of the Internet.

1.14. “Usage Data” means entirely anonymized data not attributable to any Authorized User, End User or Buyer which reflects data points such as volume of interviews and general patterns of use.

2. Ordering, Services and Data.

2.1. Buyer shall order Services by mutual execution of a Service Order which provides, at a minimum, the specific Subscription Services ordered and the price and term for such Subscription Services. The Service Order shall be incorporated into this Agreement by reference and in the event of a conflict between the terms of a Service Order and this Master Service Agreement, the terms of the Service Order shall prevail. Additional Services ordered in any subsequent Service Orders shall be governed by, and incorporated by reference into this Agreement.

2.2. HireVue hereby grants to Buyer permission during the applicable subscription term identified in the applicable Service Order to allow Authorized Users to access and use the features and functions of the HireVue Services for which Buyer has paid all applicable fees via a browser or the HireVue mobile application (“Mobile App”) for Buyer’s internal business use.

2.3. Buyer hereby grants HireVue permission during the Term to (i) reproduce, distribute, display and perform Buyer Content to Authorized Users and End User in connection with providing the Subscription Services on behalf of Buyer; and (ii) to access and use the Responses (“Buyer Data”) to provide the Subscription Services to and on behalf of Buyer.

2.4. Buyer and HireVue acknowledge and agree that, as between Buyer and HireVue, Buyer Data is the property of Buyer. Buyer shall be responsible to ensure the End User has given legally sufficient consent for Buyer’s collection, retention and use of their Responses. HireVue shall provide a mechanism in the Platform to collect such consent.

2.5. HireVue collects and uses Usage Data for its internal research and development purposes and may disclose Usage Data in an aggregated format that in no way identifies Buyer or any particular Authorized User or End User.

2.6. Except for the rights expressly granted herein, no other rights, are granted to Buyer under this Agreement, whether expressly, by implication, estoppel, or otherwise, and all rights not expressly granted herein are reserved by HireVue. All right, title and interest in and to the Services, any software used by HireVue in connection with the Services, and related documentation are and shall remain the exclusive property of HireVue and/or its licensors, and nothing herein grants to Buyer any right to access copies of any such software, whether in source or object code form. Buyer acknowledges and agrees that: (i) the Platform, any software used in connection with the Services and related documentation are protected under U.S. and foreign copyright and other intellectual property laws; (ii) HireVue and its licensors retain all copyrights and other intellectual property rights in the Platform, any software used in connecting with the Platform and related documentation; and (iii) Buyer acquires no ownership in or to the Platform, software, data, or related documentation.

3. Fees and Payment.

3.1. Fees for Subscription Services are invoiced annually in advance, net thirty, or as otherwise expressly agreed and set forth in terms of the GSA Schedule Contract and Service Order or Purchase Order, and payments are due thirty (30) days from date of invoice. If all undisputed invoices are not paid when due, HireVue reserves the right to suspend access to the Services until payment is current. Such suspension shall not extend the expiration date of Services ordered. Except as expressly provided herein all amounts paid hereunder are final and nonrefundable.

3.2. The Contract Price excludes all State and Local taxes levied on or measured by the contract or sales price of the services or completed supplies furnished under this contract. HireVue shall include applicable taxes that will be stated separately on invoices issued to the Customer. Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1.

4. Term, Termination, and Expiration of Agreement and Renewal.
4.1. The term of this Agreement shall commence upon execution of this Agreement (“Effective Date”) and shall continue until the sooner to occur of: (i) expiration of all Service Orders; or (ii) termination per Section 4.2 (“Term”).

4.2. When the licensee is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, HireVue shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

4.3. Upon any expiration or termination of the Agreement, Buyer will cease all use of the Services and destroy all copies Documentation (if any) that are in Buyer's possession or under Buyer's control. Upon termination or expiration of the Agreement or a specific Service Order, Buyer shall have the following options with regard to Buyer Content and Buyer Data related to each of the terminated or expired Services: 1) if Buyer requests in writing, on or prior to the date of such termination or expiration, HireVue shall provide Buyer with a copy of the Buyer Data stored on HireVue servers, and HireVue shall then delete all such Buyer Data from HireVue servers; 2) Buyer may purchase a read-only subscription to the Platform for an annual fee equal to 15% of the last annualized subscription fee for up to three years or as otherwise mutually agreed by Parties; or 3) HireVue shall purge remaining Buyer Content and Buyer Data from the HireVue servers, and HireVue shall have no further responsibility to retain copies of Buyer Data. The parties agree and acknowledge that the foregoing requirement does not apply to Analytical Data to the extent it does not contain or embody Buyer Data in a form that can be attributed to Buyer.

4.4. Unless otherwise stated in a Service Order, the start date for Subscription Services purchased under this Agreement shall be the date Buyer is provided login credentials for the Platform.

5. Restrictions on Use. Buyer shall not, and shall prevent its Authorized Users from using the Platform to: (i) resell, rent, lend, lease, distribute, or timeshare the Platform or otherwise use the Platform on behalf of any third party (including on a “service bureau” or similar basis), or otherwise provide third parties with access or grant third parties rights to the Platform other than as expressly permitted by HireVue, (ii) alter or remove any marks or proprietary legends contained in the Platform; (iii) circumvent or otherwise interfere with any authentication or security measures of the Platform; (iv) interfere with or disrupt the integrity or performance of the Platform; (v) send SPAM or any other form of duplicative and unsolicited messages, other than marketing and promotional messages to End Users as enabled by the intended features of the Platform; (vi) access all or any portion of the Platform by means of any crawler, scraper, bot, spider, or any other similar script or automated process; (vii) transmit through or post on the Platform unlawful, immoral, libelous, tortious, infringing, or defamatory content; (viii) transmit material containing software viruses or other harmful or deleterious computer code, files, scripts, agents, or programs. Buyer shall not reverse engineer, decompile, disassemble or otherwise attempt to discover the object code, source code or underlying ideas or algorithms of the Platform, and shall not modify, translate, or create derivative works based on any element of the Platform.

6.1. Buyer understands and acknowledges that HireVue is solely a technology platform provider and does not participate in the interview, selection, or hiring of candidates, which is Buyer’s sole responsibility, notwithstanding use of the Service as a part of and in connection with such activities. Accordingly, it is Buyer’s sole responsibility to comply with all applicable laws regarding its use of the Service and with the Buyer Content it presents to its Authorized Users and End Users, including without limitation all applicable employment and hiring laws and regulations and all record keeping and data protection regulations in connection with the collection, processing, disclosure, subject access requests, retention, and transfer of personally identifiable data under the laws of the country and any other local jurisdiction in which Buyer is operating or collecting and transferring personal data. HireVue shall have no liability related to the Buyer Content presented to Buyer’s Authorized Users or End Users, or for record keeping requirements and data protection obligations applicable to Buyer unless expressly assumed by HireVue pursuant to this Agreement.

6.2. Buyer is responsible for providing and maintaining adequate facilities, computer equipment, internet connections, connectivity and firewall access required for the use of the Services. Such technical requirements can be viewed at http://hir.vue/15S5OOH.

6.3. Buyer agrees not to ask Respondents for, and to instruct Respondents not to provide, any PHI or SPI in any Responses. Should Buyer become aware that any PHI or SPI is provided by an End Users in any Response, Buyer agrees to promptly notify HireVue and request redaction of such information from the interview or deletion of the interview where redaction is not feasible. As used herein, “PHI” means Protected Health Information as that term is defined in the Health Insurance Portability and Accountability Act of 1996 (HIPAA). “SPI” means Sensitive Personal Information consisting of date of birth, social security number, driver’s license or other state-issued identification number, or financial account information.

6.4. Buyer shall notify HireVue in the event of a subject access request (or equivalent request from Respondents) and provide HireVue direction with regard to correcting or deleting personal data in response to such requests made to Buyer. HireVue shall notify Buyer within five (5) business days if it receives any such subject access requests related to End Users and both parties shall cooperate to provide a response and take action in compliance with applicable legal requirements.

7. Warranty

7.1. HireVue shall provide the Services in a professional and workmanlike manner and in compliance with the Documentation in all material respects. During the subscription term set forth in an applicable Service Order, in the event that Buyer notifies HireVue that the Services do not materially conform to the specifications set forth in such Service Order and the product documentation provided by HireVue, HireVue shall use commercially reasonable efforts to provide Buyer with support to address such non-conformity. EXCEPT AS EXPRESSLY SETFORTH HEREBY, THE SERVICES ARE PROVIDED “AS-IS” AND “WHERE-IS”, AND HIREVUE MAKES NO OTHER REPRESENTATIONS, WARRANTIES, OR CONDITIONS, EXPRESS, IMPLIED, OR STATUTORY, TO BUYER OR ANY OTHER PERSON OR ENTITY AND EXPRESSLY DISCLAIMS TO THE FULLEST EXTENT PERMITTED BY LAW ANY AND ALL SUCH IMPLIED OR STATUTORY WARRANTIES AND CONDITIONS WITH RESPECT TO THE SERVICES, INCLUDING WITHOUT LIMITATION WITH RESPECT TO THE RESPONSES, METRICS, SCORES, AND ANALYTICS, INCLUDING BUT NOT LIMITED TO THOSE AS TO THE ACCURACY, SECURITY, RELIABILITY, PERFORMANCE, RESULTS, TIMELINESS, COMPLETENESS, TITLE, MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OF THE SERVICES, DELIVERABLES OR ANY INFORMATION PROVIDED IN CONNECTION THEREWITH, OR ANY SELECTIONS OR HIRING DECISIONS MADE BY BUYER IN CONNECTION WITH THE USE OF THE SERVICES OR OTHERWISE. HIREVUE DOES NOT WARRANT THAT THE
8. Optional Features. The following terms apply if Buyer enters a subscription for, uses or enables the following HireVue products, features or functionality.

8.1. Direct Access Links. Buyer shall not be permitted to activate Direct Access Links functionality.

8.2. Public Share Links. If Buyer uses HireVue’s Public Share Links feature to publish links to Buyer Content or Buyer Data on social media or other public mediums, Buyer agrees: a) Buyer has all the rights and licenses necessary to publicly share any content made accessible through the Public Share Links (including consent from the End User as applicable); b) Buyer shall not publicly share any content through the Public Share Links which is inappropriate, defamatory, profane, libelous, tortuous or in any way illegal; and c) HireVue shall have the right to remove any Public Share Links to content that violate (a) or (b) as solely determined by HireVue.

8.3. Insights. (otherwise known as "IRIS"). Buyer hereby grants to HireVue permission during the Term to perform (or have a third-party service provider perform) certain processing, certain transcription, transformation, and analytics on the non-personally identifiable information included in Buyer Data and associated therewith (such as text transcripts of audio and visual/audio components, subsequent actions and results, etc.,) alone and together with Usage Data, to derive certain mathematical, derivative, index, scoring, metric, associative, predictive, comparative, statistical, algorithmic, and contextual data therefrom (the "Analytical Data"). Unless otherwise stated in the Service Order, HireVue may use Analytical Data in connection with developing, enhancing, maintaining, supporting, and providing the HireVue Service to Buyer and HireVue’s other customers, provided that HireVue may not disclose Buyer Data to any third party in raw form, or disclose any personal information regarding Authorized Users or End Users, or identify Buyer, Authorized Users or End Users on an individual basis as the source of such Analytical Data. In the event that the applicable Service Order excludes the foregoing rights and the Service Order includes the Insights Service, (a) Analytical Data will only be used to provide the Insights Service to Buyer, and (b) the Insights Service will NOT provide any analytical data derived from any other HireVue customers’ use of the HireVue Service.

9. Publicity. During the term of this Agreement, Buyer hereby agrees that HireVue shall have the right, but not the obligation, to list Buyer as a customer who uses the Services on the HireVue website and/or in presentations and link to Buyer landing pages. HireVue will remove Buyer’s name from any such list within thirty (30) days after any termination of this Agreement or upon Buyer’s request. Neither party may issue any news release concerning this Agreement without the other party’s consent. HireVue acknowledges that advertising is limited by GSA regulations and the Contract Disputes Act.

10. Severability. If any provision of this Agreement is invalid, illegal, or unenforceable under any applicable statute or rule of law, it is to that extent to be deemed omitted. The remainder of the Agreement shall be valid and enforceable to the maximum extent possible.

11. Assignment. This Agreement may not be assigned by either party without the other party’s prior written approval, except that either party may assign this Agreement in connection with any merger, or reorganization or any sale or transfer of all or substantially all of its assets or stock. If the assigning party is Buyer and the merger or acquisition results in the size of the surviving or successor entity being materially larger than the size of Buyer prior to the merger or acquisition, Buyer and HireVue will meet in good faith to determine a commensurate increase in price for the remaining subscription period for any unlimited use subscriptions which will be executed in a new written Service Order and/or Purchase Order. Subject to the foregoing, this Agreement shall be binding upon the parties, and upon their heirs, assignees, agents, contractors, and successors.

12. Indemnification and Limitation of Liability

12.1. HireVue shall indemnify, defend and hold harmless Buyer and its affiliates and their respective officers, directors, employees, agents and contractors, from and against, and pay any costs, expenses and amounts finally awarded or agreed to in settlement of, any and
all third party claims to the extent such claims are based upon (i) the negligence and/or willful misconduct of HireVue in performing this Agreement, (ii) any allegation that the software underlying the Platform, when used as provided and in accordance with the terms and conditions of this Agreement, infringes such third party's intellectual property rights, or (iii) HireVue's violation of applicable laws.

12.2. Resolved

12.3. In all requests for indemnification under Section 12.1 above (i) Buyer shall promptly provide HireVue with written notice thereof and, at HireVue's request and expense, reasonable cooperation, information, and assistance in connection therewith; and (ii) HireVue shall have control and authority with respect to the defense, settlement, or compromise thereof, provided that it shall not settle any such claim without prior written consent of the indemnified party, which consent shall not be unreasonably withheld, conditioned, or delayed. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or suit brought against the U.S. pursuant to its jurisdictional statute 28 U.S.C.§ 516.

12.4. IN NO EVENT WILL EITHER PARTY BE LIABLE TO THE OTHER PARTY UNDER THIS AGREEMENT FOR INDIRECT, SPECIAL, PUNITIVE, CONSEQUENTIAL, OR INCIDENTAL DAMAGES (INCLUDING, BUT NOT LIMITED TO, DAMAGES TO PROPERTY, DAMAGES FOR LOSS OF USE, LOSS OF TIME, LOSS OF PROFITS OR INCOME, LOSS OF DATA, COST OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES) EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN ADDITION, EXCEPT FOR INDEMNIFICATION OBLIGATIONS SET FORTH IN SECTION 12.1 ABOVE, UNDER NO CIRCUMSTANCES WILL EITHER PARTY BE LIABLE FOR ANY AMOUNT IN EXCESS OF THE TOTAL AMOUNT PAID TO THE OTHER PARTY UNDER THIS AGREEMENT.

12.5. THE FOREGOING EXCLUSION/LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM HIREFUVE'S NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

13. Independent Contractors. HireVue and Buyer are independent contractors, and nothing in this Agreement shall be deemed to create any partnership, joint venture, agency, franchise, sales representative, or employment relationship between the Parties. Neither Party is an agent or representative of the other nor is either Party authorized to, and shall not, make any warranties or representations or assume or create any other obligations on behalf of the other.

14. Confidentiality. 14.1. Each party (each a "Discloser") agrees that, in the course of performing its obligations hereunder, either might provide to the other party (each an "Owner") or develop (owner information identified as confidential or that reasonably could be construed as confidential) ("Confidential Information"). HireVue’s Confidential Information shall include, but shall not be limited to, HireVue’s trade secrets, know-how, user manuals and screens, development information, computer programs, marketing plans, financial data, and Buyer’s Confidential Information shall include, but shall not be limited to raw Buyer Data (excluding Analytical Data to the extent not embodying raw Buyer data), billing information, software, and systems. During the Term of this Agreement and at all times thereafter, the Recipient and its employees and agents shall maintain the confidentiality of the Confidential Information and not sell, license, publish, display, distribute, disclose or otherwise make available the Confidential Information to any third party nor use such Confidential Information except, in either case, as authorized by this Agreement or in connection with the performance or enforcement of this Agreement. The Recipient shall not disclose any such Confidential Information to persons not an employee or agent of Recipient nor to its Affiliates without the prior written consent of the Discloser. Any misuse or breach hereof must be reported promptly. Nevertheless and notwithstanding the foregoing statement, each party will attempt to comply with legally executed subpoena served upon such party.

14.2. The non-use and non-disclosure obligations of this Section 14 shall not apply to any information that (a) was already known to the Recipient at the time of disclosure, (b) was already in the public domain at the time of disclosure, or (c) was received or developed by the Recipient independent of any information received from the Discloser. Recipient may disclose information pursuant to a request under applicable law. Unless prohibited by law, if the information requested is Discloser Confidential information, Recipient shall notify Discloser of the request and give Discloser a reasonable opportunity to establish that the Discloser Confidential Information is exempt from disclosure under one or more exemptions under applicable law.

14.3. HireVue recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as "confidential" by the vendor. Notwithstanding the foregoing, the Parties will utilize best efforts to obtain the maximum protection available for HireVue Confidential Information.

15. Compliance with Laws. The parties shall, in the performance of all obligations hereunder, fully comply with all applicable international, Federal, State and local laws, ordinances, treaties, rules, regulations, orders and policies applicable to or binding upon them.

16. E-Business Activities. Either party may use a third party service provider in connection with business activities (e.g., to route or translate EDI or XML messages, or to host web based services). The party contracting with a service provider must require that such service provider (a) use information disclosed to or learned by such service provider in connection with providing services solely for the purpose of providing the applicable services, and (b) not disclose such information to any third party. Each party will be liable for the acts or omissions of its service provider in connection with activities contemplated by this Agreement.

17. Survival. The provisions of this Agreement that are intended to survive termination or expiration of this Agreement in order to achieve the fundamental purposes of this Agreement will survive termination or expiration.

18. Entire Agreement. The parties agree that this Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist Service Order and/or Purchase Order(s), is the complete and exclusive statement of the agreement between the parties, which supersedes and merges all prior proposals, understandings and all other agreements, oral or written, between the parties relating to the subject matter of this Agreement. In no event will contractual terms inserted in a Buyer’s purchase order be incorporated into or made a part of this Agreement.

19. Force Majeure. Except for any obligation to pay amounts due, either Party hereto will be temporarily excused from performance hereunder, in whole or in part, for any period of time that the Party is prevented from performing its obligations as a result of an act of God, governmental regulation or act, war, natural catastrophe, civil disobedience, court order, or other cause beyond the Party's reasonable control. Such non-performance shall constitute grounds for default.

20. Governing Law. This Agreement is made in accordance with and is governed and construed under The Federal Laws of The United States, without reference to conflicts of laws principles.

21. Legal Advice. Buyer acknowledges and agrees that HireVue has not and will not provide Buyer with any legal advice and specifically HireVue has not given legal advice regarding compliance with employment, data privacy, or other relevant laws, rules, or regulations in the jurisdictions in which
Buyer uses the Services nor will Buyer construe any HireVue communications as legal advice. Buyer agrees that it is solely responsible for drafting and approving its own Buyer Content, including legal review as necessary.

22. Reserved.

23. Acknowledgement. Each party acknowledges that it has read and understands this Agreement, expressly agrees the signatory hereto has full power and authority to execute this Agreement, and agrees to be bound by its terms and conditions. Further, it represents that it has consulted, or has had the opportunity to consult with its legal, tax, and financial advisors in connection with the execution and performance of the Agreement. Buyer understands and agrees that except as expressly set forth in Section 4.2 HireVue offers no buy-backs, money back guarantees, or refunds. Buyer acknowledges and agrees that Buyer is not relying upon any verbal or written representations whatsoever, except as expressly set forth in this Agreement. This Agreement can only be modified in writing, signed by the parties, or their duly authorized representatives. Buyer acknowledges and agrees that HireVue does not guarantee or represent that any software or services conveyed or provided hereunder, when or where accessed, used, provided, or installed, will guarantee any results.

By signing below, the signatory expressly acknowledges and agrees he/she has all requisite power and authority to bind HireVue or Buyer, as applicable, to the terms of this Agreement.

EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Infinera Corporation ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3701 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity,” defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

   j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

   k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
l) Contractor Indemnities. All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) Renewals. All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) Future Fees or Penalties. All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) Taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) Third Party Terms. When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) Dispute Resolution and Standing. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) Advertisements and Endorsements. Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or itsbonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) Alternate Dispute Resolution. The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) Ownership of Derivative Works. Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

INFINERA CORPORATION LICENSE, WARRANTY AND SUPPORT TERMS

THIS ATTACHMENT establishes the terms and conditions for use of any Infinera software that is embedded on or supplied with Infinera equipment.

1. Right to Use License; Restrictions. Subject to these terms, the Ordering Activity is hereby granted a personal, non-transferable, non-exclusive license, without right to sublicense, to use the copy and version of Infinera software and any documentation that is supplied therewith (the “Software”) for its own internal business purposes and in object form only. Each license is specific to the release and particular network element with which it is supplied. The license to use the Software does not include and the Ordering Activity shall not, without Infinera’s prior written consent, (i) reproduce (except as expressly set forth herein), modify, translate or create any derivative work of all or any portion of the Software; (ii) sell, rent, lease, loan the Software
otherwise transfer the license granted hereunder; (iii) reverse engineer, reverse assemble or otherwise attempt to gain access to the source code of the Software, (iv) display or disclose the software to any third party other than persons employed by the End User who are using it on the Ordering Activity’s behalf at the Ordering Activity’s premises (v) use the software for third party training, commercial time sharing or service bureau use; (vi) remove, alter, cover or obfuscate any copyright notices, trademark notices or other proprietary rights notices placed or embedded on or in the Software; (vii) unbundle any components of the Software; (viii) remove any Software from any Infinera equipment in which it is embedded; or (ix) cause or permit any third party to do any of the foregoing. Ordering Activity may make one copy of the Software solely for backup and archival purposes. Ordering Activity will include on any copy of the Software it makes all markings, notices and legends affixed to or embedded in the Software. Ordering Activity will maintain a record of the number and location of all copies of Software that it makes, and will make those records available to Infinera on request.

2. Ownership Ordering Activity acknowledges that the license granted under this Agreement does not provide Ordering Activity with title to or ownership of the Software, but only a right of limited use under the terms and conditions of this Agreement. Sole title to the Software and documentation and to any corrections, bug fixes, enhancements, modifications, updates, upgrades, new versions, derivative works and copies of the Software and documentation, and to any associated patents, trademarks, trade secrets, copyrights or other intellectual property rights, remains with Infinera or its licensors.

2. Warranty Disclaimer. EXCEPT AS SET FORTH IN EXHIBIT A, INFINERA MAKES NO OTHER WARRANTY TO THE ORDERING ACTIVITY, EXPRESS, IMPLIED, OR STATUTORY, WITH RESPECT TO THE SOFTWARE, OR ANY PART THEREOF, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTY OF TITLE, AVAILABILITY, RELIABILITY, USEFULNESS, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT, OR ARISING FROM COURSE OF PERFORMANCE, DEALING, USAGE, OR TRADE. INFINERA DOES NOT WARRANT THAT ANY EQUIPMENT, SOFTWARE, OR PART THEREOF WILL MEET ORDERING ACTIVITY’S REQUIREMENTS OR BE UNINTERRUPTED, TIMELY, AVAILABLE, SECURE, OR ERROR-FREE, OR THAT ANY ERRORS IN THE EQUIPMENT OR THE SOFTWARE WILL BE CORRECTED.

3. Reserved.

4. Export Restrictions. Ordering Activity acknowledges that Infinera products are U.S. origin goods and agrees not to export, re-export, transfer or allow third parties to access any Infinera products that it purchases or licenses where such export, re-export, transfer or access is not permitted under the applicable rules and regulations of the United States Government and agencies.

5. Reserved.
### Exhibit A PRODUCT WARRANTY

#### 1.01 Warranty Term

Infinera warrants that during the Hardware Warranty Period or Software Warranty Period, as applicable, the Products shall be free from defects in design, material and workmanship under normal use and service, and shall conform to Infinera’s applicable Specifications. The respective Hardware and Software Warranty Periods for Products are set forth in the table below and commence upon shipment of the Product.

<table>

#### 1.02 Warranty Exceptions

The Parties acknowledge and agree that Infinera shall not be liable pursuant to Section 2.01 for: (i) Products that are abused improperly or improperly handled or stored by any person other than Infinera or its authorized services agents; (ii) Products that are maintained, repaired, modified or altered by any person other than Infinera or its authorized service agents; (iii) damage to Products that occurs from any cause other than ordinary use (such as, for example, acts of nature, accident, fire, lightning, water damage, neglect, misuse, improper installation or testing, or unauthorized attempts to repair, alter or modify); (iv) normal wear and tear or obsolescence; (v) use of the Product not in accordance with the Specifications or any operational materials provided by Infinera; or (vi) use of the Products with third party products not sold by Infinera, e.g., using grey market or third party products not purchased from Infinera with Products without Infinera’s express written consent. In addition, Infinera shall not be responsible for any Products that are installed by companies and/or contractors that are not certified to install the Products.

#### 1.03 Third Party Products

If an Ordering Activity procures or installs a product not developed or manufactured by Infinera (“Third Party Product”), then Infinera makes no warranty with respect to such Third Party Product, and Ordering Activity’s use of such product is at their own risk and may void the warranty for the Products in which such Third Party Product is installed. Further, Infinera shall have no obligation to provide hardware or software support for such Third Party Product.

#### 1.04 Warranty Procedure

During the applicable Hardware Warranty Period or Software Warranty Period, Ordering Activity promptly shall notify Infinera of any warranty claim. If it is determined by Infinera that an item of Product needs to be returned, a return material authorization (“RMA”) number shall be assigned by Infinera.

#### 1.05 Hardware RMA Process

During the Hardware Warranty Period, Infinera shall, within thirty (30) calendar days of receipt of a returned item of Product with a valid RMA number, repair or replace and, if needed, redesign, any such item (hereinafter an “item”) that is defective as to design, workmanship or materials, provided that: written notice of any defect is given to Infinera promptly upon discovery of the claimed defect, such notice is given to Infinera within the Hardware Warranty Period specified above, and the defective item is promptly returned to Infinera. All repaired and replaced parts shall be shipped preloaded with the current version of the Software used by Ordering Activity. Ordering Activity agrees to return such item of Product within thirty (30) days of the date an RMA ticket is opened for such item. All decisions to repair or replace or redesign shall be at Infinera’s option. If Infinera provides an advance replacement Product to Ordering Activity and does not receive the failed Product from Ordering Activity within seven (7) calendar days of the date such replacement Product was sent to Ordering Activity, Ordering Activity agrees to purchase such replacement Product and pay the Purchase Price for the replacement Product provided by Infinera.

Any item repaired or replaced by Infinera pursuant to the terms of this warranty shall continue to be warranted for the longer of the remainder of the original Hardware Warranty Period for such Product or ninety (90) days. Item(s) which are replaced hereunder shall automatically become the property of Infinera and their replacement shall become the property of Ordering Activity. Infinera shall be responsible for the cost of shipping and insuring the items to and from Ordering Activity.

#### 1.06 Software Maintenance Releases

During the Software Warranty Period and during any period for which the Ordering Activity has purchased Software Subscription Services, Infinera agrees to provide to Ordering Activity all applicable maintenance releases for the Software for software bug fixes for a release of Software purchased by Ordering Activity for the shorter of: (i) two (2) years from the initial release date of the Software; or (ii) the release date for the second Software release following such Software release. The Parties agree that Infinera shall have the right to provide such maintenance releases of Software as part of a general release of Software; provided, however, that such provision of a Software release shall not grant Ordering Activity with additional right to use licenses to any additional features included in such release. Notwithstanding anything to the contrary in this Agreement, Infinera makes no warranty with respect to any third party software included with the Products. Ordering Activity’s sole remedy with respect to such third party software shall be pursuant to the original licensor’s warranty, if any, to Ordering Activity, to the extent permitted by the original licensor.
7. **1 EXTENDED WARRANTY SERVICES**

1.1 Extended Hardware Warranty. Ordering Activity shall have the option to purchase annual extensions to the Hardware Warranty Period for the hardware portion of the Product (the “Extended Hardware Warranty”).

1.2 Reserved.

1.3 Reserved.

8. **2 SOFTWARE SUBSCRIPTION/SUPPORT SERVICE**

Ordering Activity may purchase an annual software subscription service (the “Software Subscription Service”) for the Software to the extent eligible for Software Subscription Service, for the first year from the purchase of the Product, for each DTC, OTC, and ATC. For the Infinera DTN-X, this service is called the “Software Support Service”, and the Ordering Activity may purchase an annual software support service for each XTC chassis, as well as for each DTN-X line card (AOLM, AOLX, SOLM, or SOLX). After the first year from the date of purchase of the Product, the Ordering Activity shall have the option to purchase the Software Subscription/Support Service on an annual basis. The Software Subscription/Support Service entities Ordering Activity to all new software releases (on an “if and when available” basis) of the Software. The Software Subscription/Support Service shall be available to Ordering Activity on an annual basis, commencing on the date set forth in the purchase order, and shall apply to each new DTC, OTC, ATC, XTC, or DTN-X line card on the date the Product comprising such DTC, OTC, ATC, XTC, or DTN-X line card has been Accepted by Ordering Activity. The Parties acknowledge and agree that Infinera has no obligation to develop any future Software.

The Infinera Software Subscription/Support Service commences upon Product Acceptance. The Parties acknowledge and agree that the Software Subscription/Support Service shall apply to all DTCs, OTCS, ATCs, XTCs, and DTN-X line cards deployed in Ordering Activity’s network, including any laboratory equipment.

Ordering Activity may elect to discontinue this Software Subscription/Support Service at any time. Upon such discontinuation, Infinera shall remit to Ordering Activity the pro rata portion of pre-paid fees for the Software Subscription/Support Service. In the event that Ordering Activity elects to issue a new purchase order to reinstate coverage under the Software Subscription/Support Service after discontinuing such service, or Ordering Activity elects to purchase the Software Subscription/Support Service at any time after the date any Product is first Accepted by Ordering Activity under this Agreement, Ordering Activity agrees that it shall be obligated to pay a reinstatement fee equal to the fees that Ordering Activity would have paid under the Software Subscription/Support Service for any period of discontinuation.

9. **3. EF&I SERVICES**

Site Survey and Detailed Engineering Package:

- Conduct a site survey of each equipment site location to verify local conditions
- Prepare site issues report
  - Includes conditions requiring remediation prior to install and/or other such items, and their assignments to responsible parties

- Prepare initial Engineering Design Package (EDP)/Engineering Document
  - Includes installer’s SOW, installation notes, list of equipment and installation materials, site access/security requirements, cable running list (power, fiber and data), floor plan, cable run diagram, grounding schematic, rack/cabinet facing diagram, link engineering drawings, node acceptance document, link acceptance document, IP design and commissioning data

- Prepare installation materials per specifications
  - Materials can include, per engineering design: Infinera racks/cabinets; vertical fiber duct to connect existing horizontal duct to fiber management in new/existing equipment rack/cabinet (up to 2 per rack/cabinet); intra-bay power cable and DC power cable runs for the chassis site locations (assuming no intermediary connection points); power, ground, lugs and terminations; intra-shelf/node line side fiber patch cables; intra-node Nodal Control and Timing (NCT) CAT5 Ethernet cabling; and labeling materials. Materials for client side fibers can also be defined, and quoted outside of scope. Breakers and/or fuses for chassis site locations and rack spacer/cable managers are also included, per engineering design, for deployments in the Americas.

- Refine engineering design package (use mutually agreed-upon format)
  - Includes contact list, directions to site (or GPS coordinates), Installer’s SOW, Installer work items and installation notes, list of equipment and installation materials, floor plan drawing and rack elevation drawing, equipment shelf detail drawings, cable running lists (power, fiber and data), cable run diagram, power cable assignment and management information, optical fiber assignment and management information, commissioning data.

- Prepare and furnish final as-built Engineering Design Packages (EDPs)/Engineering Documents
  - Note: Non-NEBS cabinets are provided for standard Turnkey Install within the EMEA and APAC region. NEBS compliant cabinets are available as Out of Scope work. For all other regions, racks are provided for DTN/ATN standard Turnkey Install and NEBS-compliant cabinets are provided for standard DTN-X standard Turnkey Install.

**Materials Planning and Procurement:**

• Procure, stage and deliver to site locations the following materials, as applicable:
  o Infinera equipment rack(s)/cabinet(s) and spacers/cable managers (if DTN-X cabinet is not ordered).
  o Rack/cabinet mounting hardware, anchors and top-support materials for each equipment rack/cabinet
  o Infinera provided PDU/Fuse panel for Infinera OTC/ATC site locations only
• Power cables – Ground cable to connect new rack/cabinet to existing grounding system
  o Ground cable to bond Infinera chassis to rack/cabinet
  o Ground cable to connect new rack to existing grounding system
  o Ground lugs, H-Taps, earth bar connection(s) and all necessary associated materials
  o 2” or 4” Fiber duct or copex equivalent (vertical on rack/cabinet). (Express downspouts that are not required to be cut are included in standard scope of work. Any downspouts that require a cut are Out of Scope work.)
  o Line-side and intra-node fibers
    Consumables (to include velcro, cable ties, labels, waxed cord, etc.)
• Install Site Infrastructure:
  • Accept delivery of Infinera equipment and materials at third-party storage facility
    o For DTN-X it is preferred to drop ship directly to site with inside delivery.
  • Unpack, inventory, inspect and deliver all equipment and installation materials to site location footprint
  • Install new rack/cabinet, or use existing equipment rack/cabinet at each site location footprint
  • Install a fuse panel/PDU into new or existing equipment rack/cabinet at each Infinera OTC/ATC site location
  • Ground all new equipment racks/cabinets to existing ground system
  • Install and terminate DC power cabling (single insulated by default, double insulated if required) from customer Battery Distribution Fuse Bay (BDFB)/Power distribution Panel (PDP) to Infinera equipment shelves and install and terminate power to an appropriate fuse panel in OTC/ATC site locations.
  • Infinera DC power cable sizing is based on Infinera equipment maximum draw @ 55 degrees Celsius. Any other calculations using other than 55 degrees Celsius is Out of Scope.
  • The following table defines the power runs included with the standard Scope of Work. Delivery of power runs beyond the listed specifications is considered Out of Scope Work.

<table>
<thead>
<tr>

</tbody>
</table>

*Cable lengths are measured on the cable ladder, from the middle of the top of the equipment rack to the middle of the top of the BDFB/PDP.

• Label racks/cabinets and power cable according to approved customer standard. If no customer standard is provided, Infinera will label per established Infinera practice.
• ‘Red-Line’ engineering specifications
• Daily site clean-up and disposal of waste
• Supply of all required installation tools

Perform Equipment Installation & Commissioning:
• Unpack, inventory, and inspect all equipment
Install all new chassis’ in the rack/cabinet per the EDP/Engineering Document
Ground (bond) the new chassis’ to the rack(s)/cabinet(s)
• Install modules in the chassis’ per the EDP/Engineering Document
• If required, connect pre-terminated, existing power cables to each Infinera chassis.
• Install, scope, clean, measure insertion loss, test and connect all of the intra-node fiber jumpers and Line side fiber jumpers from equipment to customer line side fiber patch panels. (Standard service provides line side fibers up to 30 meter length, of SC-SC connector type.)
• Install Nodal Control and Timing (NCT) and DCN Ethernet cabling per the EDP/Engineering Document (if required)
• Label equipment shelves and intra node fiber, power cables & data cables per approved customer standard. If no customer standard is provided, Infinera will label per established Infinera practice.
• Perform site quality audit checklist
• Provide ‘Rack Face’ as-build EDP/Engineering Document and intra-node fiber diagram

Commission and Turn Up Equipment:
• Verify DC power and grounding
• Unpack and inspect all circuit packs & chassis backplanes
• Install all circuit packs
• Inspect, clean and install all intra-node fiber cables
• Connect any pre-existing, pre-terminated intra-node and Data Communication Network (DCN) management data cables (if required).
• Commission and configure equipment with pre-furnished network design and DCN/OSC IP Addresses
• Connect pre-installed fiber jumpers to Infinera line side modules per the EDP/Engineering Document (if required)
• Perform span clean up if required
• Install attenuators/pads per EDP/Engineering Document.

Note:  For ATN install, additional manual adjustment of span performance may be required to bring system in line with span engineering design specifications. If such adjustments are necessary because Infinera was provided with inaccurate fiber span information prior to the install project, additional labor fees shall apply for making span performance adjustments. The labor shall be rendered via the Infinera On Site Engineering Service.

Note:  For the Infinera ILS2 Line system, additional manual adjustment of Raman span performance may be required to bring system in line with span engineering design specifications. Such adjustments must be performed via the Infinera On Site Engineering Service.

Note:  For SLTE Activation, additional manual adjustment of span performance may be required to bring system in line with span engineering design specifications. Such adjustments must be performed via the Infinera SLTE Link Activation Service.

Note:  For networks carrying 40GbE and higher transmission rates, additional fees shall apply for testing. These fees shall be charged via the Infinera On Site Engineering Service.

Perform Test, Acceptance, and 24 Hour Bit-Error Rate Test (BERT):
• Alarm clearing on each span and digital link
  Inspect and validate performance for each span and digital link
  Furnish appropriate test equipment for the applicable service types
• Configure and run BERT on a single end to end circuit; standard test period is 24 hours
• Provide BERT results in a mutually agreed upon format
• Provide notification to customer operations for node / network acceptance
• Perform equipment and alarm verification testing
• Provide link design as-build diagram
• Provide node/link acceptance documentation

Program Management and Technical Oversight:
• Identify/assign a dedicated Infinera Program Manager as the single point of contact for all project logistics, schedules and technical issues. Program Manager responsibilities include:
  o Recommend best practices
  o Manage all survey and installation, test and turn up schedules
  o Provide regular updates to customer management within a mutually agreed upon time interval
• Identify/assign a Lead Technical Oversight Engineer or Tech Support Engineer whose responsibilities include, but are not limited to:
  o Prior to deployment, assist customer with technical requirements, i.e. IP Addressing
  o Primary technical interface for Field Teams in all aspects of installation, commissioning, troubleshooting, route validation and testing
  o Interface and assist Ordering Activities with technical issues during the deployment process
  o Span and digital link turn-up, testing and acceptance
Ordering Activities Responsibilities

• Provide Infinera with pre-survey data, which includes:
  o Site address, site contact information, and access information
  o Aisle/bay rack/cabinet assignment(s)
  o Aisle/baybreaker assignments for DC Power (if applicable)
  o Specific DC power requirements – i.e. cable size, cable diversity
  o Aisle/bay/shelf assignments for Outside Plant (OSP) fiber panel(s)
  o Aisle/bay/shelf assignment for DCN management network connectivity (where applicable)
  o Any specific hardware requirements – i.e. specific DC breakers, AC to DC rectifiers, specific fiber jumper manufacturer or requirement, etc.
  o IP Addressing schemes
  o Specific installation standards outside of Telcordia GR-1275
  o Labeling standards
  o Testing requirements and scope – i.e. if testing is beyond the scope described in this document

• Coordination of site access.

• Ensure that authorized staff for operation and maintenance is available during the entire EF&I period to provide assistance with Infinera Customer Support when requested.

Notify Infinera of any additions, relocations or changes to equipment via Infinera program manager and/or sales account team. Do not contact Infinera Support hotline (877-INF-5288) or email <techsupport@infinera.com>

Assumptions and Additional Conditions

Ordering Activity must have all pre-work 100% complete.

• All sites must be accessible by standard vehicles.
• Reasonable site access will be provided to all engineering, installation, and test personnel.
• Provide complete and accurate site location information.

10. ARRIVAL

4. INFINERA SPARES MANAGEMENT- NEXT BUSINESS DAY ARRIVAL

General. Infinera shall provide Ordering Activity with spares management services Next Business Day Arrival (“Spares Management NBD”). Spares Management NBD requires an annual service contract with Infinera that provides, in the event of a hardware failure, an advanced delivery of a replacement module will arrive at the designated Ordering Activity site no later than the following business day after the Return Material Authorization (RMA) request is issued by Infinera. After the replacement module arrives at the site, the defective module must be returned to Infinera within ten (10) calendar days. Infinera will provide delivery of a hardware replacement module by the next business day provided that the RMA number is issued before 2PM local time (PST in North America, or CET in Europe). All RMA's issued after 2PM local time will be processed the next business day and arrive the following business day thereafter.

Scope of Service. Spares Management includes the following:

• Access by Ordering Activity to the Infinera Customer Support Technical Assistance Center (TAC) 24 hours a day, 7 days a week, 365 days a year (24x7x365) to request a spare module.

• Obligation for the spare to arrive at the designated Ordering Activity’s site by the next business day of Infinera’s confirmation of the need for the dispatch with the appropriate spare module.

• Note that Spares Management NBD is available only for those cities mutually agreed upon by the Parties.

Assumptions and Additional Conditions. The provision of the Spares Management by Infinera is subject to each of the following assumptions:

• This Service does not include on-site engineer dispatch service(s). However, this service can be combined with the purchase of an Infinera First Line Maintenance service, which is sold separately.

• For all Ordering Activity laboratory equipment, and unless otherwise mutually agreed upon, this service shall provide Next Business Day Ship replacement service.

• Infinera shall not be obligated to provide Spares Management NBD until 45 days after the issuance and acceptance of a purchase order in accordance with the applicable agreement, and Ordering Activity has provided a complete list of its sites that are to be covered by this Service (addresses/GPS coordinates consistent with the delivery locations for the Product).

• In the event Ordering Activity purchases Spares Management NBD for Product following expiration of the Warranty Period, it must also purchase an Extended Hardware Warranty Service for a concurrent duration for such Product.

• Spares Management must be purchased for Ordering Activity’s entire network.

Ordering Activity Responsibilities. The Ordering Activity shall be responsible for each of the following:

• Cooperate with Infinera to confirm that Infinera has a complete listing of all Products, including serial numbers, in order to properly establish and track service entitlement.

• Provide a site identification or site contact number.

• Ensure that authorized staff for operation and maintenance is available during the entire support period to provide Infinera with information (e.g., model, serial number, current failure symptoms) upon request.

• The defective module is not required to be returned before Infinera delivers a replacement. After the replacement module arrives at the site, the defective module must be returned to Infinera within ten (10) calendar days.

• Notify Infinera of any additions, changes and relocations of equipment covered under this service.

Exclusions. The following items and conditions are excluded from the Spares Management NBD Service (and any calculation of performance penalties):

• RMA/FRU Exchange for Defects or malfunctions caused by:
• Actions of personnel not contracted by the Ordering Activity or Infinera;
• Failure of the Ordering Activity to follow Infinera’s installation, operation, or maintenance instructions;
• Failure of Equipment that is not serviced by Infinera;
• Abuse, misuse, or negligent acts of personnel not contracted by Infinera.
• FRU Defects or malfunctions caused by:
• Modifications made to FRUs by non-Infinera personnel; or
• The attachment to FRUs of Equipment not being supported by Infinera
• Consumable items that are not under maintenance support coverage as described in the FRU list.
• Delivery of documentation

11. INFINERA SPARES MANAGEMENT – 4 HOUR SPARES ARRIVAL

The Infinera Spares Management – 4 Hour Spares Arrival Service requires an annual service contract with Infinera. In the event of a hardware failure, this Service provides advanced delivery of a replacement module to the designated Ordering Activity site within 4 hours from the time the Return Material Authorization (RMA) was issued and approved by Infinera. The defective module is not required to be returned before Infinera delivers a replacement. After the replacement module arrives at the site, the defective module must be returned to Infinera within ten (10) calendar days.

Assumptions and Additional Conditions

• Infinera shall provide Spares Management Service in accordance with an agreed upon schedule once the following occur (i) acceptance of a purchase order for the Spares Management Service and (ii) and the Ordering Activity has provided a complete list of its sites to be covered by this service (addresses/GPS coordinates consistent with the delivery locations for the Product).
• The Infinera Spares Management – 4 Hour Spares Arrival Maintenance Service is available only for those cities and/or zip/postal codes specified on the Infinera then-current service coverage map. Service coverage outside of this range shall be mutually agreed upon on a case-by-case basis.
If the Ordering Activity purchases the Infinera Spares Management - 4 Hour Arrival Maintenance Service for equipment following expiration of the warranty period, it must also purchase an Extended Hardware Warranty for a concurrent duration.
• This Service does not include on-site engineer dispatch service(s).
• The Infinera Spares Management – 4 Hour Spares Arrival Service shall not apply to customer laboratory equipment, unless otherwise mutually agreed upon.
• The Infinera Spares Management – 4 Hour Spares Arrival Service must be purchased for the Ordering Activity’s entire network (excluding customer laboratory equipment), or as otherwise mutually agreed upon.

Ordering Activity Responsibilities

• Provide a site identification or site contact number.
• Ensure that authorized staff for operation and maintenance is available during the entire support period to provide Infinera Customer Support with information (e.g., model, serial number, current failure symptoms) upon request.
• Provide Infinera with a complete listing of all Covered Products and their deployed locations. The information must include the FRU type, serial number, and site location. The Ordering Activity is further responsible for providing Infinera with updates whenever this information changes. Infinera must have up-to-date information on Ordering Activity inventory at all times in order to maintain the 4 Hour arrival SLA provided by this service. Notify Infinera of any additions, relocations or changes to equipment via Infinera support hotline (877-INF-5288) or email techsupport@infinera.com.courses on the Product.

12. INFINERA FIRST LINE MAINTENANCE – 4 HOUR ENGINEER ARRIVAL

The Infinera First Line Maintenance – 4 Hour Engineer Arrival Service provides an on-site Technical Support Engineer (TSE) to remove a defective module and install its replacement, or to facilitate fault isolation that cannot be performed remotely. The TSE will arrive at the Ordering Activity site within 4 hours of Infinera confirmation that a dispatch is required. This Service is available on a 24 hours a day, 7 days a week, 365 days a year (24x7x365) basis. This Service provides:

• Access to the Infinera Orderinig Activity Support Technical Assistance Center (TAC) on a 24x7x365 basis to request dispatch of an engineer. If it is determined by Infinera that a module needs to be returned to Infinera, or that further on-site resolution is required, an Infinera TSE will be dispatched.
• An Infinera TSE will arrive at the designated Ordering Activity site within 4 hours of Infinera’s dispatch confirmation.
Assumptions and Additional Conditions

- Replacement modules are not included with this Service. However, the above Service can be combined with the purchase of an Infinera Spares Management Service, which is sold separately under an additional SOW.
- Infinera shall provide FLM Service in accordance with an agreed upon schedule once the following occur (i) acceptance of a purchase order for the FLM Service and (ii) the Ordering Activity has provided a complete list of its sites to be covered by this service (addresses/GPS coordinates with the delivery locations for the Product).
- The Infinera First Line Maintenance – 4 Hour Engineer Arrival Service is available only for those cities and/or zip/postal codes specified on the Infinera then-current service coverage map. Service coverage outside of this range shall be mutually agreed upon on a case-by-case basis.
- The determination as to whether or not the dispatch of a TSE is necessary will be made by Infinera at its discretion. The Infinera First Line Maintenance - 4 Hour Engineer Arrival Service is subject to geographic restrictions. Please refer to the Infinera 4 hour FLM coverage map for details, or talk with an Infinera Sales Representative.
- The Infinera First Line Maintenance – 4 Hour Engineer Arrival Service must be purchased for the Ordering Activity’s entire network, or as otherwise mutually agreed upon.

Ordering Activity Responsibilities

- Provide Infinera with a complete listing of all products covered by this Service, including serial numbers, in order to properly establish and track service entitlement.
- Provide site identification badge and on-site Ordering Activity staff contact information, for the TSE.
- Ensure that authorized staff for operation and maintenance is available during the entire support period, to provide Infinera with information (e.g., model, serial number, current failure symptoms) upon request.
- Notify Infinera of any additions, changes and relocations of equipment covered under this Service.

13. 7. Infinera Technical Training

The Infinera Learning Experience is a comprehensive suite of training courses and modules to train Ordering Activity personnel in the installation, administration, maintenance, and operations of the Infinera Digital Optical Network. Infinera utilizes the latest in learning technologies and methodologies to create a personalized learning environment, providing timely and relevant information in easily accessible formats.

Infinera offers its training courses in two formats:

- Classroom Learning Format: Infinera offers all of its courses in a classroom learning format with extensive hands-on labs on the latest Infinera equipment. Infinera has classroom locations at headquarters in Sunnyvale (CA, U.S.), London, and Hong Kong. Infinera can also deliver most class types at the Ordering Activity location.
- E-Learning Format: Infinera also offers many courses, videos, and tutorials in e-learning format. Most of our instructor-led courses require pre-requisites which are completed through e-learning. Elearning content is accessed through a compatible web browser to Infinera’s Learning Management System. Ordering Activity can choose to access the content on per course basis or an annual subscription. The annual subscription allows access to all Infinera Customer e-learning content for one year from purchase date.

Learning Management

The Infinera Learning Experience includes customer learning management. Our 24x7 online system is accessible through a compatible browser and will keep track of all aspects of the training experience. Each Ordering Activity and each student will have their own training record where Infinera will maintain training paths, recommended curriculums, completion status, exams, certifications, exams, and feedback. The system will supply the necessary reports for managers to track the progress of their staff.

Training Credits

The Infinera Learning Experience uses a “training units” model. In its simplest form, Ordering Activities buy training units which are good for one year from the date of purchase, then use the training units to purchase various training classes. The primary advantages of buying training units instead of classes directly in USD are flexibility and price protection. There are two types of training units – one type is for eLearning, and the other type is for instructor-led.

Infinera DTN-X Training Course Descriptions – Core Courses

- DTN-X Overview Course – This course is primarily delivered as an e-learning offering and can be completed at the student’s own pace. The course provides an overview of Infinera Digital Optical Network architecture, network applications, and product descriptions. This will include topics such as DTN-X and Optical Line Amplifier system architecture, hardware overview, signal flow, and an overview of the architecture, features, and capabilities of the Infinera Graphical Node Manager (GNM) and Infinera Digital Network Administrator (DNA). This class is also available per request in an instructor – led format. In a classroom, the minimum class size is 4 and maximum class size is 25.
- DTN-X Field Engineering – This three-day hands-on technical training course focuses on field personnel and training them to be able to turn up and test the DTN-X product line. The course will provide an overview describing the procedures to commission a Switching Transport Chassis (XTC). This will include such topics as commissioning a GNE, an SNE, an Expansion Chassis, fiberizing a digital span, provisioning a circuit, and interpreting alarms. This course has a prerequisite requirement of DTN-X Theory and hardware description to be completed via e-learning. This course, combined with the e-learning will prepare a student for field engineering certification exam. The minimum class size is 4 and recommended maximum class size is 8. Because this course is very much hands-on in a lab environment, this course is only available at an Infinera facility in Sunnyvale, London, or Hong Kong.
- DTN-X NOC Engineering – This three-day hands-on technical training course will provide an overview describing the procedures for operations, administration, maintenance, and provisioning of the DTN-X. This will include use of DNA, alarm descriptions,
troubleshooting, circuit pack configuration, querying and provisioning a working network element, understanding performance monitoring and alarm clearing techniques. Students will receive hands-on exercises for three days for OAM&P capabilities of the DTN-X. This course has a prerequisite requirement of DTN-X theory and hardware description to be completed via e-learning. This course, combined with the e-learning will prepare a student for NOC engineering certification exam. The minimum class size is 4 and the maximum class size is 12.

Infinera DTN-X Training Course Descriptions – Additional Courses

• DNA Fundamentals – This two-day hands-on technical training is designed for NOC Engineers who carry out surveillance and troubleshooting of the DTN/DTN-X network using Digital Network Administrator (DNA).

• Network Customer Service – This two-day hands-on technical training is designed for Ordering Activity Technical Support Engineers who rectify customer reported circuit issues on the DTN and DTN-X network.

• DTN-X Provisioning – This two-day hands-on technical training is designed for Service Delivery Engineers who design and provision services in the DTN/DTN-X network.

• DTN-X Deployment – This three-day hands-on technical training is designed for Deployment Engineers performing commissioning and configuration activities from a remote location using Digital Network Administrator (DNA) and Graphical Node Manager (GNM) who adds capacity on the network, confirms power levels, set thresholds, set up cross connects for trib to trib testing and ensure successful deployments of new nodes.

• Site Engineering – This four-day hands-on technical training is designed for Site Engineers who carry out site surveys and create work order packages for field techs to install and commission network elements and module adds. This training course will show the student how to configure a node, including addresses for the DCN, GMPLS and OSC, configure Line Modules and Band Mux Modules (BMMs), make all physical connections and other configuration options as well as performing software upgrades. Hands on exercises are done using Graphical Node Manager (GNM).

• First-Line Maintenance – This two-day hands-on technical training is designed for engineers who carry out first line maintenance activities. This training course will show the student how replace modules, retrieve logs, back up databases and perform other activities when given remote instructions and guidance from the Network Operations Center.

• Network Planning – This two-day hands-on technical training is designed for Network Planners who design the network with Infinera assistance. This training course will show the student how to manage network capacity, how to add and configure Line Modules and Band Multiplexing Modules (BMMs), plan and design node administration such as DCN and GMPLS IP addresses and NTP configuration, read optical power measurements, given an introduction to Digital Network Administrator (DNA) including in depth lessons on critical tools such as Digital Link Viewer (DLV) and Digital Bandwidth Manager (DBM). Students will also be given lectures to fully understand the signal flow through the DTN/DTN-X including explanations on Forward Error Correction (FEC) and Q-Values.

Infinera Training Course Descriptions – Legacy Products (DTN/ATN) DTN and ATN courses are available upon request.

Training Course Recommendations by Role

Infinera recommends the following training courses, by student role:

<table>
<thead>
<tr>
<th>Train Personnel for…</th>
<th>Detailed Description</th>
<th>Recommended Course(s)…</th>
</tr>
</thead>
<tbody>
<tr>
<td>Technical Product Overview Only</td>
<td>For any staff requiring an introductory overview to the Infinera Digital Optical Network system.</td>
<td>Infinera DTN/ATN Product Overview</td>
</tr>
<tr>
<td>Installation and Commissioning</td>
<td>For staff that undertake the installation and commissioning of the equipment.</td>
<td>Infinera DTN/ATN Turn Up and Test</td>
</tr>
<tr>
<td>Maintenance and Field Operations</td>
<td>For staff that undertake maintenance of the equipment. This course needs to cover the details of the methods of operation, routine maintenance tasks, and fault finding</td>
<td>Infinera DTN/ATN Turn Up and Test Certification</td>
</tr>
<tr>
<td></td>
<td>For staff that undertake the operation and maintenance of the transmission equipment on fields, directed by NOC personnel.</td>
<td>Infinera DTN/ATN OAM&amp;P Certification</td>
</tr>
<tr>
<td>Network Management (I.e. NOC)</td>
<td>For staff who undertake the monitoring of the network from a central location, e.g. Network Operating Center (NOC), or similar.</td>
<td>Infinera Management Suite (DNA) Overview + Infinera DTN/ATN Troubleshooting</td>
</tr>
<tr>
<td>-------------------------------</td>
<td>-------------------------------------------------------------------------------------------------</td>
<td>------------------------------------------------------------------</td>
</tr>
<tr>
<td>Configuration Management</td>
<td>For staff that undertake the remote provisioning of equipment using the Network Element Management System.</td>
<td>Infinera DTN/ATN OAM&amp;P Course</td>
</tr>
<tr>
<td>Network Administration</td>
<td>For the network administrator who is in charge of managing servers for backup/restore, defining user’s profiles and password, managing security and connection to the Data communication network; this course includes all applications and features of EMS/NMS</td>
<td>Infinera Management Suite (DNA) Overview</td>
</tr>
<tr>
<td>Network Planning</td>
<td>For network planning staff responsible for network modeling, planning and design.</td>
<td>Infinera Network Planning System Training (available through your Infinera Sales Engineer) + Infinera Management Suite (DNA) Overview</td>
</tr>
</tbody>
</table>

Scheduling Courses
Infinera flexibly schedules and provides its courses based on Ordering Activity request, and therefore there is no “set schedule” for our course offerings. To schedule an Infinera course, simply submit your training request to the Infinera Global Customer Technical Assistance Center (via phone, email, or Infinera Customer Web Portal), and a training specialist will work with you to schedule the appropriate courses.
14. SOFTWARE SUPPORT

Conditions to Provision of Services. During the Software Warranty Period, Infinera shall make available the following services to Ordering Activity for the Software:

15. 1. HELP DESK SUPPORT

Infinera shall provide a service desk (contacted through a telephone help line) to assist Ordering Activity in obtaining a quick response to network faults or troubleshooting questions (the “Technical Assistance Center” or “TAC”). The service desk shall log and track trouble tickets for reported faults within the scope of 3rd Line Support. The TAC help desk will be available 24 hours per day, 7 days per week and every day of the year (24 x 7 x 365). The number for the Infinera’s Technical Assistance Center is:

877-INF-5288 (463-5288) / Main 408-572-5200 email: techsupport@infinera.com fax: 408-572-5343

Additional access phone numbers for Infinera’s Technical Assistance Center:

16. 2. SERVICE ESCALATION PROCEDURES

2.1 Defect Severity Levels. Defects (classified as Critical, Major, or Minor defects) for all Products are defined in this Section. The classification and reclassification of the defect level shall be at the reasonable discretion of Infinera; provided, however, that such classifications and reclassifications shall be in accordance with the definitions set forth in this Section. In the event a defect is subsequently reclassified to a higher severity level, the Service Restoration time period shall begin at the time the defect is reclassified.
(a) Critical Defects. “Critical Defects” means conditions under which the Product is inoperative and Ordering Activity’s inability to use the Product creates an emergency situation with respect to Ordering Activity’s business operations. This condition generally is characterized by a loss of network connectivity or service affecting a major customer or multiple other customers due to Product failure and requires immediate restoration or correction.

(b) Major Defects. “Major Defects” means conditions under which the Product is usable by Ordering Activity, with limited functions, but creates a manageable situation with respect to Ordering Activity’s business operations. The condition is not critical to overall Ordering Activity operations and does not severely restrict such operations.

(c) Minor Defects. “Minor Defects” means conditions under which the Product is usable and the condition does not adversely affect Ordering Activity’s operations. These problems are those resulting in a minor failure that is cosmetic or de minimis in nature.

2.2 Initial Response; Service Restoration; Defect Resolution. With respect to the terms utilized in the table below, the following definitions shall apply:

“Defect Resolution” is the time elapsed from Ordering Activity’s report of a defect to the time Infinera provides a final correction or modification of the Product that corrects the root cause of the defect.

“Initial Response” means the time it takes from Ordering Activity’s initial report of the defect until Ordering Activity speaks with the appropriate Infinera subject matter expert as set forth in the escalation table below. The measurement of Initial Response time does not apply when a Ordering Activity call is related to a previously reported defect.

“Service Restoration” means the time it takes Infinera to apply a functional resolution to the reported defect, meaning Infinera provides Ordering Activity with a temporary fix or workaround that solves a reported defect and that can be used by Ordering Activity with minimal inconvenience and minimal impact on Ordering Activity’s business operations.

Infinera shall exercise continuous and uninterrupted efforts, twenty-four (24) hours a day, seven (7) days a week, to achieve Service Restoration for any Critical Defects as soon as possible after reported by Ordering Activity. Without limiting the generality of the foregoing, the Parties agree that the time frames for Initial Response, Service Restoration and Defect Resolution set forth in the following table represent the estimated time limit for Initial Response, Service Restoration and Defect Resolution and Infinera shall use all reasonable efforts to achieve time frames that are better than the time frames set forth below.

<table>
<thead>
<tr>
<th>Severity Level</th>
<th>Initial Response</th>
<th>Service Restoration / Work Around</th>
<th>Defect Resolution</th>
</tr>
</thead>
<tbody>
<tr>
<td>Critical Defect1</td>
<td>Immediate (15 minutes)</td>
<td>4 hours</td>
<td>20 days for a patch (without hardware/firmware design change); 180 days (with hardware/firmware design change) in next Maintenance Release</td>
</tr>
<tr>
<td>Major Defect</td>
<td>30 minutes</td>
<td>24 hours</td>
<td>45 days for a patch (without hardware/firmware design change); 180 days (with hardware/firmware design change) in next Maintenance Release</td>
</tr>
<tr>
<td>Minor Defect</td>
<td>1 hour</td>
<td>N/A</td>
<td>Next Maintenance Release</td>
</tr>
</tbody>
</table>

1 With respect to all Critical Defects, Infinera shall provide hourly status updates to Ordering Activity until Service Restoration has been achieved.

2.3 Escalation of Unresolved Defects within Infinera. For all defects reported by Ordering Activity, Ordering Activity shall have the right to require Infinera to escalate Ordering Activity’s defect to the next appropriate tier in the applicable Infinera support organization. Such escalation is not intended to and shall not diminish Infinera’s obligations to restore and resolve defects within the applicable time frames. In addition, Infinera shall observe the following management notification procedures with respect to all unrestored Critical Defects:
(a) Service Interruption. Upon Ordering Activity’s report to Infinera of the existence of a Critical Defect, Infinera shall notify Infinera’s Tier 3 Support via an Infinera technical support engineer and any additional Infinera personnel as needed by Product. If Service Restoration with respect to a Critical Defect has not been achieved within thirty (30) minutes after the defect is reported by Ordering Activity to an Infinera technical support manager, as applicable, Infinera shall notify the appropriate Infinera supervisory management of the unrestored condition. If Service Restoration has not been achieved within one (1) hour after the defect is reported, the next higher level of Infinera supervisory management shall be notified of the unresolved condition.

(b) Extended Service Interruption. Upon the occurrence of a Critical Defect that: (i) affects multiple customers and Service Restoration has not been achieved within thirty (30) minutes following Ordering Activity’s report to Infinera of such Critical Defect; or (ii) affects special facilities, such as 911, governmental facilities, military, commercial airports, etc.; or (iii) includes media involvement (an “Extended Service Interruption” or “ESI”), then in addition to the Infinera personnel identified in subsection (a) above, Infinera shall notify Infinera’s Vice President of Service and Support and the Vice President of Hardware Engineering or Vice President of Software Engineering, depending on the nature of the defect, as applicable. Such notification shall be made by means of Infinera’s call center via telephone, facsimile or e-mail commencing within sixty (60) minutes following Ordering Activity’s report to Infinera of the Critical Defect and concluding within thirty (30) minutes thereafter.

Technical and management escalation contact information for the persons set forth in this Section are as follows:

</tbody>
</table>

2.4 Measurement of Response, Restoration and Resolution of Defects. Infinera shall provide to Ordering Activity a report that summarizes the percentage of defects responded to, restored and resolved within the time frames specified in this Section 2.

2.5 Reviews. As part of its ongoing support services, Infinera shall provide Operational reviews and service reports within mutually agreed to time frames (but no less than quarterly), which reports shall include, without limitation: (i) a detailed summary and status of all defects reported by Ordering Activity; (ii) the number of remote accesses by Infinera into Ordering Activity’s systems; (iii) the number of Maintenance and Support Services-related on-site visits; (iv) Maintenance Releases sent and applied to Products; (v) analysis of hardware and Software release schedules; and (vi) an analysis of RMA requests and fulfillment of same by Infinera.
ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

INFOCYTE

Incyte HUNT™ End User License Agreement

This End User License Agreement (“EULA”) is between Incyte and the Ordering Activity that has placed an order for the Incyte HUNT Platform (the “Ordering Activity”). Ordering Activity may not use the Platform unless and until Ordering Activity have consented to be bound by all of the terms, conditions and restrictions of, and have become a party to, this EULA, by signing this EULA if Incyte or its authorized reseller has presented the EULA for signature. The Platform license stated below extends only to the entity that is a party to this EULA and not to that entity’s affiliates.

Capitalized terms used in this EULA are defined in the Section where they are first used or are defined in Section 21 (Definitions) below.

1. **Platform.** The “Platform” is Incyte’s generally available commercial release of Incyte HUNT comprised of: (i) the on-premises HUNT and survey module software to be deployed on the Ordering Activity’s network, (ii) the Incyte-hosted Incyte Cloud Service, and (iii) Documentation, collectively, as it may be updated by Incyte. Ordering Activity may use the Platform for the Subscription Term defined in Ordering Activity’s Order, subject to the terms, conditions, and restrictions stated in this EULA. Ordering Activity’s “Subscription” includes the rights (i) to use the Platform for the Subscription Term and (ii) to receive Support.

2. **Subscription Term.** Ordering Activity may use the Platform for the Subscription Term. The initial Subscription Term is stated in the Order. The Subscription Term begins on the day that Incyte makes the Platform accessible to Ordering Activity by providing Ordering Activity with access codes and other information that enables Ordering Activity to download the HUNT software and remotely access the Incyte Cloud service. Orders do not automatically renew. If Ordering Activity has not purchased a Subscription renewal before the expiration of a Subscription Term, the Order expires and Incyte has no further obligation to provide the Subscription. If Ordering Activity adds Endpoints to Ordering Activity’s Subscription during a Subscription Term, the Subscription Term for the additional Endpoints is coterminous with the then-current initial or renewal Subscription Term of the original Subscription Order.

3. **Payment.** In consideration for the rights granted under Ordering Activity Subscription, Ordering Activity agree to pay all fees specified in Ordering Activity’s Order within 30 days of invoice, or as otherwise specified in the applicable Purchase Order.

4. **Support.** Support includes assistance to Ordering Activity in connection with Ordering Activity’s use of the Platform, and updates to the Platform software to fix bugs, correct errors, or enhance functionality that Incyte releases on a generally available commercial basis to all subscribers of a Platform product without additional charge. Incyte Support plans are limited to correcting errors, bugs or other issues with the Platform and do not extend to any Third Party Products or technologies Ordering Activity use with the Platform, any issues arising from modifications to the Platform not made or authorized by Incyte, or the use of the Platform other than as authorized by this EULA. If Ordering Activity requests Support that is not covered by Ordering Activity’s Support plan, Incyte may invoice Ordering Activity at its then-current GSA Schedule time and materials rates in connection with the request, provided that Incyte informs Ordering Activity that Ordering Activity will incur charges promptly on learning that the request is not covered by Ordering Activity’s Support plan.

5. **Incyte Cloud Service.** The Incyte Cloud Service element of the Platform will generally be available to Ordering Activity 24 hours per day, 7 days per week, except that Incyte may disable access to the Incyte Cloud Service as necessary to perform maintenance. Incyte will use commercially reasonable efforts to perform maintenance after 5:00 p.m. and before 6:00 a.m. or after 5:00 p.m. Friday and before 6:00 a.m. Monday, United States Central time (GMT-6). Incyte will provide Ordering Activity with notice of maintenance start and completion via the customer portal or an email.

6. **Contact Person.** Ordering Activity must designate an employee or agent to act as the contact person for receiving and managing all communications between us related to Ordering Activity’s use of the Platform. Ordering Activity may change Ordering Activity’s contact person upon written notice to Incyte.

7. **Security.** Incyte will provide Ordering Activity with information necessary to access and use the Platform. Ordering Activity must use reasonable care to protect the confidentiality of Ordering Activity’s access information, and Ordering Activity is solely responsible for any use of the Platform that is enabled by means of Ordering Activity’s access information, even if the use is unauthorized. Ordering Activity
must notify Infocyte immediately if Ordering Activity believes the confidentiality of Ordering Activity's access information has been compromised. Infocyte will maintain reasonable administrative, physical, and technical safeguards for protection of the security, confidentiality and integrity of the Platform. On Ordering Activity’s request, Infocyte will provide Ordering Activity with a description of its security measures for the Platform (the “Security Documentation”). Ordering Activity acknowledges that the Security Documentation is sensitive confidential information of Infocyte and agrees that Ordering Activity will not disclose the Security Documentation to any third party or use the Security Documentation for any purpose other than evaluating the security of the Platform. Ordering Activity, and not Infocyte, is responsible for deciding if Infocyte’s security measures meet Ordering Activity’s requirements in light of Ordering Activity’s business goals and any laws or regulations applicable to Ordering Activity’s business. Ordering Activity agrees that Infocyte is not responsible for any harm Ordering Activity may suffer as a result of a security incident arising from Ordering Activity’s use of the Platform unless the incident resulted from Infocyte’s failure to properly implement and maintain the security measures described in its Security Documentation.

8. Platform License and Restrictions. Ordering Activity may use the Platform to assess the number of Endpoints for which Ordering Activity has purchased a Subscription. Ordering Activity may use the Platform only for Ordering Activity’s internal business purposes and not as part of a services offering to any third parties. Ordering Activity may use software provided to Ordering Activity as part of the Platform only in its executable form. Ordering Activity may not transfer or sublicense the Platform to, or make the Platform available for use by, any person except Ordering Activity’s employees and Ordering Activity’s permitted contractors as described in Section 17 (Assignment, Contractors). Ordering Activity may deploy as many survey modules as reasonably incident to Ordering Activity’s licensed use, and Ordering Activity may make a reasonable number of backup or archival copies of the analytics engine, but Ordering Activity may not otherwise copy the Platform. The survey modules are designed to be self-deleting, but in the event a survey module does not self-delete, Ordering Activity must delete the module on completion of the assessment for which the module was deployed. Ordering Activity may not use the Platform in connection with any activity where the failure of the Platform might result in death, personal injury or severe physical or environmental damage, such as controlling aircraft or other modes of human mass transportation, nuclear or chemical facilities, life support systems, implantable medical equipment, motor vehicles, and weaponry systems. Ordering Activity’s license is worldwide, subject to applicable export laws. Ordering Activity’s license is nonexclusive. Ordering Activity may not modify the Platform or create any derivative works of the Platform. Ordering Activity may not reverse engineer, disassemble or decompile the Platform except as permitted by applicable law notwithstanding this restriction, and then on advance written notice to Infocyte of at least 30 days. Ordering Activity may not publish any benchmark or other performance test results regarding the Platform. Ordering Activity may not remove any copyright, trademark, or other proprietary notices that appear on or with the Platform. The Platform may include software that is licensed under open source licenses. License terms, notices, attributions and other information about the open source elements of the Platform are available in the licensing file distributed with the Platform. If there is a conflict between this EULA and any open source license for software included in the Platform, the open source license will control.

9. Third Party Products. Any Third Party Products provided by Infocyte are subject to the terms of the license and other agreement terms of the third party provided to Ordering Activity by Infocyte or accompanying the Third Party Product. Specifically, but without limitation, all operating system, virtualization and other general systems software is a Third Party Product subject to separate licensing terms, conditions and restrictions of the third party providers. For example, Ordering Activity’s use of Windows Server software or other Microsoft software is subject to the Microsoft Corporation’s license terms. Ordering Activity may be required to accept the end user license and other terms of the third party providers as a condition to Ordering Activity’s use of the Third Party Products.

10. Records and Verification. Ordering Activity must keep complete and accurate records regarding Ordering Activity’s use of the Platform, and Ordering Activity may not delete or obscure any information regarding the use of the Platform that is generated by the Platform. On Infocyte’s request, Ordering Activity will provide reasonable information to evidence Ordering Activity’s use of the Services in compliance with this EULA and each Order, certified as “true, complete and correct” by Ordering Activity’s chief financial officer. In addition, Infocyte may perform an audit of Ordering Activity’s records, either onsite, or by means of remote access, on ten days advance written notice, provided that the audit must be conducted during normal business hours and may not unreasonably interfere with Ordering Activity’s normal business operations. Such audit shall also be in accordance with the applicable Government security requirements.

11. Reserved.

12. Malware Risk. Ordering Activity’s use of the Platform may reveal Malware on Ordering Activity’s systems, and the Platform may recover and retain a copy in an inert state for evidence retention. The removal or transfer of Malware may introduce additional risks to Ordering Activity’s network. Ordering Activity assumes all risk and responsibility for the possession, handling and use of Malware identified by, or exported from, the Platform.

13. Termination. On termination of the EULA, Ordering Activity must uninstall all Platform elements from Ordering Activity systems and destroy or render them unusable. On Infocyte’s request, Ordering Activity will certify in writing that Ordering Activity has complied with this Section. Those terms of this EULA that are intended by their nature to survive expiration or termination of this EULA shall survive expiration or termination.

14.1 Warranties. Infocyte warrants that (i) the Incyte Cloud Service elements of the Platform will be available to Ordering Activity without material interruption, except for scheduled or emergency maintenance; (ii) it will use commercially reasonable efforts to update the Incyte Cloud Service with new threat information as it becomes available; and (iii) its support personnel will use commercially reasonable efforts to resolve any Support issue within the target resolution times stated in the Support plan. If the Platform or Services fail to conform to the applicable warranty, Infocyte’s sole obligation, and Ordering Activity’s sole and exclusive remedy, is: (i) if the failure is curable, Infocyte’s cure of the failure in a commercially prompt manner, or (ii) if the failure is not curable, Infocyte’s refund of the fees paid for the non-conforming part of the Services, or for Ordering Activity’s use of the Platform during the period of nonconformance.

14.2 Warranty Exclusions. Infocyte’s warranty is void as to Ordering Activity’s use of the Platform other than as permitted by this EULA or in a manner not contemplated by the Documentation. The warranty is void as to any version of the Platform if Ordering Activity has not implemented each Infocyte maintenance release for the analytics engine within 45 days of the date that the release is made available to Ordering Activity. Ordering Activity acknowledges that Infocyte is not responsible for the security of Ordering Activity’s network generally, and that Infocyte does not represent or warrant that the Platform meets Ordering Activity’s particular security requirements or the requirements of any laws or regulations governing Ordering Activity’s operations.

14.3 Warranty Disclaimer. Except as expressly stated in this Section, Infocyte makes no representation or warranty whatsoever regarding the Platform, and the Platform is provided AS IS. Infocyte makes no representation or warranty whatsoever regarding any Third Party Products, and as between Ordering Activity and Infocyte any Third Party Products are provided AS IS. Infocyte does not warrant that the Platform will be error free or uninterrupted, or that the Platform will identify all threats present on Ordering Activity’s network. Infocyte disclaims any implied or statutory warranties, such as a warranty of merchantability, fitness for a particular purpose, and noninfringement, and disclaims any warranty that may arise from a course of dealing. Any warranty that cannot be excluded under applicable law is limited in duration to 30 days from the event giving rise to the warranty.

15. Reserved.

16. Indemnification. Infocyte shall defend and hold Ordering Activity harmless from any claim by a third party that the Platform infringes any United States patent, trade secret or copyright of that third party, provided that Ordering Activity (i) notify Infocyte promptly in writing of any such allegation or claim, (ii) reasonably cooperate with Infocyte to settle or defend such allegation or claim, and (iii) grant Infocyte authority and control of the defense or settlement of such allegation or claim to the extent permitted under 28 U.S.C. 516. Notwithstanding the foregoing, Infocyte shall have no obligations under this Section to the extent any infringement allegation or claim is based upon or arises out of (i) any modification or alteration to the Platform not approved in writing by Infocyte, (ii) any combination or use of the Platform with products or services not supplied by Infocyte or approved in writing by Infocyte in advance of such combination, or (iii) use of the Platform not in accordance with applicable Documentation provided by Infocyte or outside the scope of the rights granted under this EULA.

17. Assignment, Contractors. Neither party may assign any of its rights or obligations hereunder, whether by operation of law or otherwise, without the other party’s prior written consent (not to be unreasonably withheld). Ordering Activity may not allow any person to use the Platform other than: (i) Ordering Activity’s employees and individual contractors acting under Ordering Activity’s direct supervision, and (ii) the personnel of outsourcers who are performing an internal business function for Ordering Activity and on the condition that the outsourcer has expressly agreed that its use of the Platform is subject to this EULA. Ordering Activity remains responsible for Ordering Activity’s contractors and outsourcers’ use of the Platform in violation of the terms of this EULA. Infocyte may use subcontractors to perform its obligations under this EULA.

18. Rights in Data. Ordering Activity retains all right, title and interest in and to Ordering Activity’s Data. Infocyte will use Ordering Activity’s Data solely for the purpose of providing the Services. Ordering Activity acknowledges that the Platform collects a broad range of system information. The Platform does not target the collection of data stored on or processed by means of the systems assessed, but may unavoidably capture this type of data. Infocyte will not use this data for any purpose and will use reasonable means to protect the security of this data. If Infocyte discovers that it has captured more than an incidental amount of this type of data, Infocyte will inform Ordering Activity and will destroy the data.

19. Rights in Intellectual Property. Except for the license rights expressly stated in this EULA, Infocyte and its licensors retain all right, title and interest in and to the Platform and all related intellectual property, including all Infocyte trademarks. Ordering Activity’s license confers no title or ownership in the Platform and is not a sale of any rights in the Platform. If you provide any feedback, comments, or suggestions for the improvement of the Platform or any other Infocyte products or services (“Suggestions”), you hereby license the Suggestions and all related intellectual property to Infocyte on a non-exclusive, worldwide, fully paid, perpetual, irrevocable basis for Infocyte to use, disclose, modify, reproduce, license, distribute, commercialize and otherwise freely exploit without restriction of any kind, without right of accounting except as limited in advertising under GSAR 552.203-71. Ordering Activity acknowledges that data
generated by Ordering Activity’s use of the Services is not Ordering Activity’s Data, and that Infocyte may use this data for the purpose of improving its Platform and operations generally and as indicated in Section 18, so long as such use does not entail the disclosure of any information that would identify Ordering Activity or any individual in relation to the data.

20. **Export Compliance.** The Platform may be subject to export laws and regulations of the United States and other jurisdictions. Ordering Activity may not permit users to access or use the Platform in a U.S. embargoed country or in violation of any U.S. export law or regulation, or in a manner that causes Infocyte to be in violation of U.S. export laws, even if the use is permitted under the laws applicable to Ordering Activity or the user. Each party represents that it is not on any restricted persons list maintained by the U.S., Canada, or any member of the European Union. “Export laws” include the U.S. Export Administration Regulations (Title 15 of the U.S. Code of Federal Regulations Part 730 et seq.), International Traffic in Arms Regulations (Title 22 of the U.S. Code of Federal Regulations Parts 120-130), the economic sanctions rules and regulations implemented under statutory authority and/or President’s Executive Orders and administered by the U.S. Treasury Department’s Office of Foreign Assets Control (Title 31 of the U.S. Code of Federal Regulations Part 500 et seq.), the EU’s restrictive measures as published on the website of the European External Action Service, and the applicable export laws of any other jurisdiction.

21. **Definitions.** Infocyte means Infocyte, Inc., a Delaware corporation; Documentation means the commercially available, general release version of materials describing the Platform or its use, whether in print or digital form. Examples of Documentation are user manuals, administration guides, installation guides, training manuals, white papers, specifications, designs, test plans and test results, configuration guides, reference architectures, FAQs, and issues documentation. Documentation does not include any advertising or marketing materials; Endpoint means a network endpoint, such as a workstation or server. Virtual servers, virtual desktops and other logically distinct endpoints are each an “Endpoint;” Malware means any virus, malware, spyware, ransomware, adware, or other code or information that is designed to interrupt the normal use of an information system, or destroy or corrupt any data, or covertly transmit information; Order means the written order signed and submitted by Ordering Activity to the Infocyte authorized reseller (or to Infocyte as applicable) that lists the Platform subscription products and Support plan, fees, use limitations, and other transaction terms (which, in the event of any conflict with any term of this EULA, shall prevail over this EULA); Results means information or output that results from the use of the Platform, such as scan results, reports, and raw data, in any form, and on any media that they may be captured, recorded or communicated; Services means any services that Infocyte has agreed to provide under this EULA; Support has the meaning given in Section 4 (Support); Third Party Product(s) means any software, services, goods or other products or technology that are provided to Ordering Activity by a third party, or that are provided by Infocyte but are: (i) covered by an open source license, or (ii) identified by Infocyte with a brand name or logo that is not an Infocyte brand name or logo, or (iii) provided subject to Ordering Activity’s agreement to the third party’s legal terms and conditions; Ordering Activity’s Data means the data stored on or processed by or through Ordering Activity’s information technology systems that are assessed by Infocyte as part of the Services, including (i) personally identifiable information, health information, financial data or other information regarding Ordering Activity’s customers, suppliers, insureds, and end users, (ii) Ordering Activity’s financial data, and (iii) Ordering Activity’s other business use data.

22. **Government Customers.** If Ordering Activity is a government agency, Ordering Activity acknowledges that the Platform and related software has been developed at private expense and is provided with **RESTRICTED RIGHTS.**

23. **Law.** This agreement shall be governed by the Federal laws of the United States. This EULA, together with the underlying GSA Schedule Contract, Schedule Pricelist and Purchase Order(s) is the complete and exclusive agreement between Ordering Activity and Infocyte and supersedes and replaces in its entirety any prior or contemporaneous agreement or understanding, written or oral.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Intercede Group ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer ("Licensee") is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.
j) Waiver of Jury Trial. Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) Government Indemnities. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) Contractor Indemnities. All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific Terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) Renewals. All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) Future Fees or Penalties. All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) Taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) Third Party Terms. When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) Dispute Resolution and Standing. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) Advertisements and Endorsements. Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) Alternate Dispute Resolution. The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) Ownership of Derivative Works. Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A**

**CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**INTERCEDE GROUP**

**INTERCEDE GROUP LICENSE, WARRANTY AND SUPPORT TERMS**

1. **Definitions.**

   (A) **Reserved.**

   (B) “Documentation” means the manuals, handbooks and other written materials related to the use of the MyID Products, whether in hard copy or soft copy form, that Intercede provides and that customarily accompany the MyID Products.

   (C) “MyID Products” mean the MyID Software and Documentation provided to Customer under this Agreement.

   (D) “MyID Software” means the software licensed by Customer under this Agreement, consisting of a series of instructions or statements in machine-readable, object code form only.

2. **License.**

   (A) **License for MyID Software.** Intercede hereby grants, and Customer hereby accepts, a non-exclusive, non-transferable license to use the MyID Software in accordance with the instructions contained in the Documentation. Customer may make a reasonable number of copies of (1) the MyID Software for backup, testing, disaster recovery or archival purposes only and (2) the Documentation for its internal use only, so long as Customer also reproduces on such copies any copyright, trademark or other proprietary markings and notices contained on the MyID Software and Documentation and does not remove any such marks from the original.

   (B) **Restrictions on License for MyID Software.**

      (1) Incorporation of Restrictions in Invoice and Other Documents. Customer’s purchase order, sales quotation or invoice, or user license certificate for the MyID Products may contain limitations with respect to the number of users, servers, asserting and relying parties, functionality options and/or other restrictions. In such a case, such limitations and restrictions are incorporated herein by reference.

      (2) Restrictions on Access, Copying and Sublicensing. Customer shall not cause or permit (a) access (except to its employees, agents and consultants with a “need to know” who are bound in writing by non-disclosure obligations suitable to protect Intercede’s interests in the MyID Software but no less restrictive than Customer’s obligations herein), (b) copying (except as set forth in Section 2(A) above), (c) disclosure to any third party of the results of any benchmarking or competitive analysis of the MyID Software that Customer may perform, or (d) sublicensing or other dissemination of the MyID Software, in whole or in part, to any third party without Intercede’s prior written consent.

      (3) Third Party Software. If the MyID Software contains or is bundled with third party software, then Customer may use such third party software solely (a) for the purpose such software is included with the MyID Software and (b) for use with the particular MyID Software that Customer has licensed from Intercede as set forth in the Documentation. Customer shall not use any third-party software embedded in or bundled with the MyID Software as a standalone program or in any way independently from the MyID Software.

      (4) No Modification of MyID Software. Customer shall not modify, enhance, translate, supplement, create derivative works from, reverse engineer, reverse compile or otherwise reduce the MyID Software to human readable form without Intercede’s prior written consent.

3. **Ownership and Intellectual Property Rights.**

   (A) **Ownership of MyID Products.** Intercede is the exclusive owner of the MyID Software and Documentation (including revisions, modifications and enhancements thereto) and any other specifications, documentation, ideas, know-how, techniques, processes, inventions or other intellectual property that Intercede may develop, conceive or deliver under this Agreement, including all patents, copyrights and other intellectual property rights thereto.

   (B) **Ownership of Trademarks.** By this Agreement, Customer acquires no rights of any kind in or to any Intercede trademark, service mark, trade name, logo or product designation and shall not make any use of the same for any reason except as expressly authorized by this Agreement or otherwise authorized in writing by Intercede. Customer shall cease to use in any manner such markings or any similar markings upon the expiration or termination of this Agreement.

4. **Reserved.**
5. Warranty.

(A) MyID Software Warranty. Intercede warrants that the MyID Software will operate in material conformance to the Documentation for such MyID Software during the first 90 days after Customer’s initial receipt of the MyID Software (the “Warranty Period”). Intercede does not warrant, however, that the MyID Software or any portion thereof is error-free. If Customer discovers a non-conformity in the MyID Software during the Warranty Period, then Customer shall submit to Intercede a written report describing the non-conformity in sufficient detail to permit Intercede to reproduce such non-conformity. If Intercede successfully reproduces the reported non-conformity and confirms that it is a non-conformity, then Intercede shall use reasonable efforts, at its option, to (1) correct the non-conformity, (2) provide a workaround or software patch (a “Fix”), or (3) replace the MyID Software. If Intercede determines that none of these alternatives is reasonably available, then, upon Customer’s request, Intercede shall refund any payments that Customer has made for the affected MyID Software and accept its return. This warranty applies only to the initial delivery of the MyID Software. All Fixes provided by Intercede constitute MyID Software hereunder and are governed by the terms hereof. Intercede warrants that each Fix will operate in material conformance to the Documentation for the applicable MyID Software during the first 30 days after Customer’s initial receipt of such Fix or during the remainder of the initial Warranty Period, whichever is greater.

(B) Limitations of Warranty. The foregoing warranties do not apply if (1) repair or replacement is required as a result of causes other than normal use, including, without limitation, repair, maintenance or modification of the MyID Products by persons other than Intercede authorized personnel; Customer’s accident, fault or negligence; operator error; Customer’s failure to incorporate any Fixes that Intercede makes available to Customer; use of the MyID Products other than as set forth in the Documentation; or causes external to the MyID Products such as, but not limited to, failure of electrical power or fire or water damage; or (2) the MyID Products are used with software or equipment other than that for which they were designed as set forth in the Documentation.

(C) WARRANTY DISCLAIMER. OTHER THAN INTERCEDE’S EXPRESS WARRANTIES SET FORTH IN THIS SECTION 5, INTERCEDE AND ITS LICENSORS DISCLAIM ALL EXPRESS AND IMPLIED WARRANTIES AS TO ANY MATTER WHATSOEVER, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY, NONINFRINGEMENT AND FITNESS FOR A PARTICULAR PURPOSE. CUSTOMER’S SOLE REMEDY FOR BREACH OF SUCH EXPRESS LIMITED WARRANTIES IS A CORRECTION, FIX OR REFUND AS SET FORTH IN THIS SECTION 5.

1 INTRODUCTION

1.1 Purpose of the Service Level Agreement

This Service Level Agreement (SLA) provides an understanding of the service level expectation and defines a benchmark for measuring the performance of the service.

1.2 Service Level Agreement Period

This SLA will remain valid for a period specified on an ordering document.

2 Incident Reporting

All incidents must be reported through the Help/Support Desk. Support will only be available between 9.00 am and 5.00 pm EST during normal US working hours, excluding US public holidays. Support will only be given using the English language.

Any support required outside this agreement must be agreed separately and Intercede reserve the right to make a time and materials based charge for this support.

The help desk can be contacted via support@intercede.com. All requests for support must be made by agreed nominated contacts (NC) from within the ordering activity. There will be 2 valid nominated contacts that have appropriate knowledge of the Intercede product set. Ordering Activity can purchase the right to nominate more than 2 nominated contacts on a separate ordering document.

Prior to any call to the help desk, it is the nominated contacts responsibility to check all basic system pre-requisites as defined in the manual, including troubleshooting. Intercede reserve the right to make a charge for support calls that fall into this category, by not being fully pre-checked.
All requests for support must provide details of the Company Name, Product Name and version, System details and a description of the issue, and where appropriate system and product log files.

All support calls will be registered in a call logging system, assigned a severity code, and allocated a unique reference number. Nominated contacts will be advised of the unique reference number on receipt of the support call. This severity code would be determined by agreement between Intercede Ltd and the nominated contact. The call would then be managed to resolution by Intercede.

Any activities relating to each incident will be logged in the call logging system for monitoring and management reporting.

Once reported, all incidents will remain active, until ordering activity agrees to the successful resolution of the issue. At this stage the incident will be closed.

In the unlikely event that an on-site visit is required to resolve the support issue, Intercede reserve the right to make a charge for support and/or expenses dependent on the source of the issue.

2.1 Severity Codes

Severity - High
Critical part of system unavailable or major (or potentially major) impact on business.
Target response: 4hrs (and regular updates every hour) unless the call is placed after 4pm EST during the working day, in which case during the next working morning.

Severity - Medium
Part of system unavailable but non critical as the users can adapt business practices to get around the problem in the short term.
Target response: Same day unless call is placed after 10am EST, in which case next day.

Severity - Low
No immediate impact on business, inconvenient errors.
Target response: Next working day as agreed with the caller requesting support.

2.2 Incident Progressing

Each incident will remain with the support department who will update the status of the incident as each action is taken. Responsibility for the incident will remain with the Intercede Ltd support department to manage through to resolution to sign off by ordering activity.

Should further information be required the Intercede support department will contact the originator of the incident. If the originator contacts the Help/Support Desk with regard to a specific incident, the incident reference number must be quoted.

2.3 Escalation Procedures

Best endeavours will be made to answer calls effectively and it is expected that the customer will provide all such details as are requested by Intercede to help to resolve the given issue. Intercede will process each call log to a completion agreed with the customer.

If the incident is not responded to within the agreed times specified against severity (as in 2.1), ordering activity may initiate the relevant escalation procedure.

The levels of escalation would be agreed and will typically be:

<table>
<thead>
<tr>
<th>Severity</th>
<th>Intercede</th>
<th>Ordering Activity</th>
</tr>
</thead>
<tbody>
<tr>
<td>High</td>
<td>Level 2 (When)</td>
<td>Level 3 (In 4 hours)</td>
</tr>
<tr>
<td>Medium</td>
<td>Level 2 (Within 1d)</td>
<td>Level 3 (Within 5d)</td>
</tr>
<tr>
<td>Low</td>
<td>Level 2 (Within 5d or As agreed)</td>
<td>Level 3 (Within 5d)</td>
</tr>
</tbody>
</table>

The levels assigned to the functions above are used in the escalation procedures shown below:

Severity - High
Level 2 When incident reported
Level 3 Within 4 hours

Severity - Medium
Level 2 Within 1 day
Level 3 Within 5 days

Severity - Low
Level 2 Within 5 days or As agreed

NOTE: Both Intercede and ordering activity will be responsible for communicating to the appropriate personnel within their respective organisations should escalation be necessary.
3 Problem Management

The Intercede Help/Support Desk would monitor incidents using response and resolution targets.

Response means the support team acknowledging receipt of the incident to the ordering activity nominated contact, agreeing the severity of the call, requesting further information as necessary, and conducting an initial investigation into the incident.

Resolution means providing an agreed solution to the problem. This could take the form of a short-term work around to meet the immediate need, or an agreement that the problem will be resolved in the next product release.

Intercede can ‘stop the clock’ while awaiting action or information (such as log file) from ordering activity.

4 Reserved.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Ivanti (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 301 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2l, as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA MAS contract. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable Remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.
j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

---

**ATTACHMENT A**

**CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**IVANTI**

**IVANTI LICENSE, WARRANTY AND SUPPORT TERMS**

**ATTACHMENT A - IVANTI END USER LICENSE, MAINTENANCE, AND SUPPORT SERVICES AGREEMENT**

1. **DEFINITIONS.**

   “Concurrent Users” means the maximum number of users that may concurrently use or access the Licensed Software.

   “Documentation” means the user documentation IVANTI provides with the Licensed Software.

   “Infringement Claim” means a claim by a non-affiliated third party against Ordering Activity asserting that Ordering Activity’s use of Licensed Software in accordance with this Agreement violates that third party’s patent, trademark, or copyright rights.

   “IVANTI” means:

   - Ivanti U.K. Limited, an English company, if Ordering Activity is purchasing any Licensed Software other than Wavelink or Naurtech branded Licensed Software and has its primary office located outside of North America, Central America, South America (excluding Brazil), (collectively, the “Americas”), Japan or the People’s Republic of China.

   - Ivanti International Limited, an Irish company, if Ordering Activity is purchasing Wavelink or Naurtech branded Licensed Software and has its primary office located outside of the Americas), Japan or the People’s Republic of China.

   - Ivanti, Inc., a Delaware corporation, if Ordering Activity has its primary office located in the Americas.

   - Ivanti, Inc., a Brazilian company, if Ordering Activity has its primary office located in Brazil.

   - Ivanti Software K.K., a Japanese company, if Ordering Activity has its primary office located in Japan.

   - Ivanti (Beijing) Information Technology Co., Ltd., a Chinese company, if Ordering Activity has its primary office located in the People’s Republic of China.

   “Licensed Software” means the software, in object code form, and any Documentation accompanying this End User License Agreement (EULA) or the software.

   “Ordering Activity” means the person or entity licensing the Licensed Software from IVANTI pursuant to this EULA.

   “Maintenance” means IVANTI’s provision of Updates and Upgrades to the applicable Licensed Software.

   “Node” means each electronic device using the Licensed Software including without limitation (a) a physical device such as a computer, handheld device, workstation, console, Seat, server, or any other electronic device; (b) a virtual machine, such as an operating environment that may be running concurrently with another operating environment on a single physical device; or (c) for the IVANTI Antivirus for Mail Servers product, an electronic or virtual mailbox (e.g., a mailbox for email).

   “Node Count Data” means information periodically generated by the Licensed Software about (a) the quantity and type of current usage of the Licensed Software on a server, and (b) the non-personal, encrypted hardware configuration of that server.

   “Seat” means the number of Concurrent Users authorized to use the Licensed Software.

   “Update” means content used to update the License Software and includes bug fixes, minor enhancements and patches, but does not include Upgrades.
“Upgrade” means a new version of Licensed Software that replaces a pre-existing version of such Licensed Software.

“User” means a natural person employed by or who otherwise provides services (whether as an independent contractor or otherwise) to Ordering Activity who is supported with or uses the Licensed Software.

2. LICENSES. The licenses that are available from IVANTI include, without limitation, the following:

(A) FULL-USE LICENSE: A “Full-Use License” is a non-exclusive, non-transferable, perpetual, and limited license to copy, install and use the Licensed Software within Ordering Activity’s organization on the total number of Nodes set forth in the purchase order. A Full-Use License does not include Maintenance or Support Services. Maintenance and Support Services must be purchased in addition to the Full-Use License.

(B) SUBSCRIPTION LICENSE: A “Subscription License” is a non-exclusive, non-transferable, timelimited license to copy, install and use certain Licensed Software within Ordering Activity’s organization on the total number of Nodes set forth in the purchase order. Unless a different term is specified in the purchase order to IVANTI, the term of Subscription License or renewal thereof is one (1) year. During the term of the time-limited subscription, Ordering Activity is entitled to receive Maintenance for the Licensed Software (additional Support Services also may be available for purchase by Ordering Activity). If the Subscription License is provided as software as a service (SaaS), the terms and conditions found at www.ivanti.com/saas/termsandconditions/ shall also apply in addition to the terms and conditions contained within this EULA.

(C) USER-BASED LICENSE: A “User-Based License” is a non-exclusive, non-transferable, perpetual, and limited license to copy, install and use the Licensed Software within Ordering Activity’s organization to support the total number of Users set forth in the purchase order. A User-Based License does not include Maintenance or Support Services. Maintenance and Support Services must be purchased in addition to the User-Based License.

3. LICENSEGRANT. IVANTI hereby grants Ordering Activity a non-exclusive, non-transferable, restricted license to use the Licensed Software in accordance with the type of license and subject to the quantity of Nodes purchased by Ordering Activity. Ordering Activity may make a copy of the Licensed Software only as needed for archival and backup purposes. Ordering Activity may permit third party consultants and contractors (such as third-party supplier(s) of information services) to use the Licensed Software on Ordering Activity’s behalf provided that (a) all such use is in accordance with the terms and conditions of this EULA, and (b) Ordering Activity assumes full responsibility and liability for any use of the Licensed Software by such third parties in any violation of this EULA, including without limitation use in excess of the licensed number of Nodes. Ordering Activity agrees not to override or bypass any activation process or any security feature, authorization, activation, or reactivation of the Licensed Software or to assist others in doing the same.

4. NODE COUNT VERIFICATION AND AUDIT. Ordering Activity agrees that IVANTI may periodically verify that Ordering Activity’s usage of the Licensed Software does not exceed the quantity of Nodes or User-Based Licenses purchased, subject to applicable Government security requirements. Periodically, the Licensed Software on each server will generate Node Count Data. Each time the Licensed Software generates Node Count Data on a server, Ordering Activity agrees to send, within thirty (30) days of generation, the Node Count Data to IVANTI either automatically by the Internet or manually by email. If the node count verification process shows that Ordering Activity, including its third party consultants or contractors using the Licensed Software for Ordering Activity, is using more than the number of Nodes or other Licensed Software for which licenses have been purchased, IVANTI shall invoice Ordering Activity for such additional Nodes and/or Licensed Software at the then-current GSA Schedule price. Ordering Activity agrees not to override or bypass this node count verification process or assist others to do the same. With respect to User-Based Licenses, Ordering Activity agrees to provide IVANTI with documentation evidencing the total number of Users within thirty (30) days of IVANTI’s request.

5. USE RESTRICTIONS. IVANTI reserves all rights not expressly granted to Ordering Activity herein. Without limiting the generality of the foregoing, Ordering Activity shall not and shall not allow others to: (a) copy, modify, adapt, rent, lease, sell, distribute, export, re-export, assign, sublicense, translate, transfer, or reprogram the Licensed Software or any portion thereof except as provided in this EULA; (b) use the Licensed Software in a service bureau, facility management, service provider, timeshare, or other similar type of environment, (c) reverse engineer, decompile, translate, merge, or disassemble the Licensed Software; (d) create derivative works based upon the Licensed Software; (e) use the Licensed Software to perform any activity which is or may be, directly or indirectly, unlawful, harmful, threatening, abusive, harassing, tortious, or defamatory, or to perform any activity which breaches the rights of any third party; (f) take any actions that would cause the Licensed Software to become subject to any open source or quasi-open source license agreement not otherwise applicable; or (g) transfer any Licensed Software or Ordering Activity’s license rights under this EULA, in whole or in part without IVANTI’s prior written consent, which consent shall not be unreasonably withheld or denied.

THE LICENSED SOFTWARE IS NOT INTENDED OR LICENSED FOR AND ORDERING ACTIVITY SHALL NOT USE THE LICENSED SOFTWARE IN ANY ENVIRONMENT IN WHICH FAILURE OF THE SOFTWARE COULD LEAD DIRECTLY TO DEATH, PERSONAL INJURY, OR SEVERE PHYSICAL OR ENVIRONMENTAL DAMAGE.

6. OWNERSHIP OF LICENSED SOFTWARE. The Licensed Software is the proprietary property of IVANTI or its licensors. No title to or ownership of any Licensed Software is transferred to Ordering Activity. The Licensed Software is licensed to Ordering Activity, not sold. All rights, title and interest in and to the Licensed Software (including any Update or Upgrade thereto), including all worldwide intellectual property rights, shall remain with IVANTI, its licensors, vendors and/or suppliers, as the case may be. Except as otherwise
expressly provided, IVANTI grants no express or implied right under any IVANTI patent, copyright, trademark, or other intellectual property right.

7. COPYRIGHTS, TRADEMARKS, AND PATENTS. The Licensed Software is copyrighted and protected by the laws of the United States and other countries, and by international treaty provisions combined with patents and trademarks. In no circumstance may Ordering Activity remove or alter the copyright notice, trademark notice, or other proprietary notices from the Licensed Software. Ordering Activity agrees to faithfully reproduce and include all copyrights, trademarks, and other proprietary notices on any authorized copy of any Licensed Software. IVANTI is either a registered trademark or trademark of IVANTI, Inc. or its affiliates in the United States and/or other countries. One or more patents, as well as other patent pending technology, may apply to Licensed Software.

8. MAINTENANCE AND SUPPORT SERVICES. Nothing in this Agreement entitles Ordering Activity to any Support Services and/or Maintenance of the Licensed Software without purchasing such Support Services and/or Maintenance.

(A) MAINTENANCE: During the term for which Ordering Activity has purchased the applicable Maintenance or subscription for the Licensed Software, Ordering Activity is entitled to Updates and Upgrades as and when they are made generally available to IVANTI’s end users.

(B) SUPPORT SERVICES: During the term for which Ordering Activity has purchased the applicable support, Ordering Activity is entitled to support in accordance with IVANTI’s points-based support programs. Points expire at the end of each Support Services period and new points are calculated each renewal period. Support levels may be adjusted any time Ordering Activity purchases additional Support Services. For more information on the Ivanti support programs, see the Ivanti service portal at http://www.ivanti.com/en-US/company/legal/support-terms.

(C) NO OBLIGATION. IVANTI shall be under no obligation to furnish Maintenance and/or Support Services for the Licensed Software to the extent that such Maintenance and/or Support Services are necessary or desired as a result of: (i) the operation of the Licensed Software in environmental conditions or configurations outside those prescribed in the Documentation; (ii) Ordering Activity’s failure to upgrade and update the Licensed Software to the currently supported versions of the Licensed Software or to maintain the Licensed Software in accordance with the standards of Maintenance prescribed in the Documentation or as specified in Maintenance or Support Services received by Ordering Activity from IVANTI; (iii) actions of any third party other than IVANTI or a third party authorized by IVANTI; and (iv) causes unrelated to the Licensed Software as delivered to Ordering Activity by IVANTI, including without limitation, modifications to the Licensed Software made by Ordering Activity or on Ordering Activity’s behalf.

9. THIRD-PARTY SOFTWARE. The Licensed Software may be bundled with non-integrated hardware or other software programs licensed or sold by a licensor other than IVANTI. IVANTI DOES NOT WARRANT SUCH THIRD-PARTY PRODUCTS. Any and all such third-party products (e.g., drivers, utilities, operating system components, etc.) which may be distributed with the Licensed Software are provided “AS IS” without warranty of any kind, whether express or implied. Use of Microsoft's DCOM software, distributed with the Licensed Software, is conditioned upon Ordering Activity having a valid licensed copy of the applicable Microsoft operating system software on the computer on which the DCOM software is installed. Nothing in this EULA shall restrict, limit or otherwise affect any rights or obligations Ordering Activity may have, or conditions to which Ordering Activity may be subject, under any applicable open source licenses to any open source code contained in any Licensed Software. IVANTI makes no warranty that third-party software which Ordering Activity seeks to access using the licensed software shall be available for downloading to Ordering Activity’s system.

10. LIMITED WARRANTY. IVANTI WARRANTS THAT FOR A PERIOD OF NINETY (90) DAYS FROM ORDERING ACTIVITY’S INITIAL ACQUISITION OF A LICENSE TO USE THE LICENSED SOFTWARE, THE LICENSED SOFTWARE WILL FUNCTION SUBSTANTIALLY IN CONFORMANCE WITH THE DOCUMENTATION ACCOMPANYING SUCH LICENSED SOFTWARE WHEN USED IN ACCORDANCE WITH THE ACCOMPANYING DOCUMENTATION. ORDERING ACTIVITY’S SOLE REMEDY FOR A BREACH OF THIS WARRANTY SHALL BE THAT IVANTI, IN ITS REASONABLE DISCRETION, WILL EITHER: (i) RESOLVE THE NONCONFORMITY, (ii) REPLACE THE LICENSED SOFTWARE WITH SOFTWARE OF SUBSTANTIALLY THE SAME FUNCTIONALITY, OR (iii) REFUND THE LICENSE FEES PAID BY ORDERING ACTIVITY FOR THE APPLICABLE LICENSED SOFTWARE. THIS LIMITED WARRANTY SHALL NOT APPLY TO UPDATES AND UPGRADES (IF ANY) TO THE LICENSED SOFTWARE OR IF ORDERING ACTIVITY HAS OBTAINED A TRIAL-USE LICENSE.

11. NO OTHER WARRANTIES. EXCEPT FOR THE FOREGOING LIMITED WARRANTY, THE LICENSED SOFTWARE, MAINTENANCE AND SUPPORT SERVICES ARE PROVIDED “AS IS”, WITHOUT WARRANTY OR REPRESENTATION OF ANY KIND, WHETHER EXPRESS, IMPLIED, OR STATUTORY, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF NONINFRINGEMENT, MERCHANTABILITY, AND FITNESS FOR A PARTICULAR PURPOSE. ANY EXPRESS WARRANTY MADE OUTSIDE OF THIS EULA IS EXCLUDED AND SUPERSEDED. NEITHER IVANTI NOR ITS LICENSORS REPRESENT OR WARRANT THAT THE LICENSED SOFTWARE WILL SATISFY ORDERING ACTIVITY’S REQUIREMENTS OR THAT THE LICENSED SOFTWARE IS WITHOUT DEFECT OR ERROR OR THAT OPERATION THEREOF WILL BE UNINTERRUPTED OR ERROR FREE. ORDERING ACTIVITY MAY HAVE OTHER WARRANTY RIGHTS PROVIDED BY LOCAL LAW.

12. INDEMNIFICATION.

(A) INDEMNIFICATION BY IVANTI: IVANTI will, at its own expense, defend or settle any Infringement Claim and indemnify Ordering Activity for any damages finally awarded against Ordering Activity, but only if: (i) Ordering Activity promptly notifies IVANTI of any
Infringement Claim; (ii) IVANTI retains control of the defense, negotiations, settlement, or compromise of any Infringement Claim; and (iii) Ordering Activity provides IVANTI with all necessary authority, information, and reasonable assistance (at IVANTI’s expense). IVANTI will not be responsible for any costs, expenses or compromise incurred or made by Ordering Activity without IVANTI’s prior written consent. If use of Licensed Software is permanently enjoined as the result of an Infringement Claim, IVANTI will, in its sole discretion and expense, procure for Ordering Activity the right to continue using such Licensed Software, replace such Licensed Software with non-infringing product, modify such Licensed Software so that it is no longer infringing, or, if each of the foregoing is commercially unreasonable or unduly burdensome, IVANTI may elect to refund to Ordering Activity the fees, less depreciation, received by IVANTI for such enjoined Licensed Software. Depreciation shall be determined using a straight line basis over thirty-six (36) months, commencing on the effective date for IVANTI Licensed Software and on the date of first delivery to Ordering Activity of any Licensed Software or Support Services. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516.

(B) EXCLUSIONS: IVANTI shall not have any indemnification obligations, other responsibility or liability for any costs, expenses, or damages, settlement, or otherwise resulting from: (i) IVANTI’s compliance with Ordering Activity’s designs, specifications or instructions; (ii) Ordering Activity’s modification (whether authorized or not) of Licensed Software; (iii) any Infringement Claim arising from Ordering Activity’s combined use of Licensed Software (or any part thereof) with any Ordering Activity or other third party product; or (iv) Ordering Activity’s direct or contributory infringement of any business method patent.

(C) ENTIRE OBLIGATION AND EXCLUSIVE REMEDY: The foregoing states the entire obligation and exclusive remedy of each of the parties hereto with respect to any IVANTI indemnification obligation.

13. TERMINATION OF THIS EULA. If Ordering Activity is using the Licensed Software under any timelimited license, including without limitation a Trial-Use License or Subscription License, this EULA shall terminate with regard to such Licensed Software without notice to Ordering Activity on the last day of the specified time period. Upon expiration or termination of this EULA, Ordering Activity shall immediately cease all use of the Licensed Software and uninstall and delete all of the Licensed Software.

14. EXPORT COMPLIANCE. Ordering Activity acknowledges that the Licensed Software is exported from the United States in accordance with the Export Administration Regulations. The Licensed Software, and any product or technical information provided by IVANTI, are subject to applicable import and export regulations of the United States and/or other countries. Diversion contrary to U.S. law is prohibited. Ordering Activity agrees to comply with all applicable import and export regulations as they may be amended from time to time. Regardless of any disclosure made by Ordering Activity to IVANTI of an ultimate destination of the Licensed Software or any product or technical information, Ordering Activity agrees that it will not export, re-export or disclose (directly or indirectly) any of the Licensed Software, any product or technical information provided by IVANTI, or any portion thereof, to any country, entity or person in violation of U.S. export laws or regulations or any other law, regulation, or Government order.

15. U.S. GOVERNMENT RESTRICTED RIGHTS. The Licensed Software is provided with “RESTRICTED RIGHTS” and is deemed “commercial computer software” and “commercial computer software documentation” within the meaning of applicable civilian and military Federal acquisition regulations and any supplement thereto. Use, modification, duplication, or disclosure by the United States Government is subject to restrictions as set forth in DFARS 252.227-7014(a)(1) (JUN 1995) (DOD commercial computer software definition), DFARS 227.7202-1 (DOD policy on commercial computer software), FAR 52.227-19 (DEC 2007) (commercial computer software clause for civil agency), DFARS 227.7015 (NOV 1995) (DOD technical data - commercial items clause); FAR 52.227-14, including Alternates I, II, and III (DEC 2007) (civilian agency technical data and noncommercial computer software clause); and/or FAR 12.211 and FAR 12.212 (commercial item acquisitions), and any successor provisions. Use of the Company Products by the U.S. Government constitutes acknowledgment of IVANTI’s proprietary rights therein. The Contractor or Manufacturer is IVANTI, Inc. (or its subsidiaries or affiliates), with an office at 698 West 10000 South, Suite 500, South Jordan, UT 84095, USA.
EC America Rider to Product Specific License Terms and Conditions  
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Keysight Technologies, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2l, as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.
i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.
v) Ownership of Derivative Works. Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

KEYSIGHT TECHNOLOGIES, INC.
KEYSIGHT TECHNOLOGIES, INC. LICENSE, WARRANTY AND SUPPORT TERMS

IXIA BRANDED SOFTWARE END USER LICENSE AGREEMENT

This KEYSIGHT SOFTWARE END USER LICENSE AGREEMENT (this "Agreement") is a legal agreement between the undersigned Ordering Activity under GSA Schedule contracts ("Licensee" or "Ordering Activity") and Keysight Technologies, Inc. ("Keysight") for Keysight's ixia branded software product(s) identified in the related purchase order, including all associated media (collectively, the "SOFTWARE," as further defined below). By both parties executing this Agreement in writing, you are binding the business entity that you represent (i.e., Licensee) to the terms and conditions of this Agreement.

If Licensee does not agree to be bound by the terms of this Agreement, Licensee may not use the SOFTWARE in any way, and must promptly return the SOFTWARE (including, without limitation, any software media), unused, to Keysight.

1. KEYSIGHT PRODUCT

The "Keysight Product" may contain any combination of the following six categories of software:
(a) "Server Software" is software that is intended for use on a Keysight Ixia branded Hardware Chassis or other Keysight Ixia branded hardware product, and that provides certain services on that product.
(b) "Client Software" is software that is intended for use on a computer workstation, and that allows an end user to access and utilize the services of Server Software.
(c) "Console Software" refers to that portion of the IxChariot Software that is intended for use on a computer workstation, and that allows an end user to control Endpoint Software. For the avoidance of doubt, in no event shall Console Software be deemed to be Server Software or Client Software.
(d) "Endpoint Software" refers to the Performance Endpoint Software and/or the Qcheck Software.
(e) "License Management Software" is software that provides certain software license management services on a computer server.
(f) "GPL Software" consists of open source software as selected by Keysight for inclusion in the Keysight Product. GPL Software is not owned by Keysight. Notwithstanding anything in this Agreement to the contrary, GPL Software is distributed by Keysight to Licensee for Licensee’s use solely under the terms of the GNU General Public License, Version 2, June 1991, a copy of which is attached to this Agreement. The GNU General Public License governs the GPL Software and the copying, distribution, and modification of the GPL Software. GPL Software source code is available upon request, consistent with the requirements of the GNU General Public License.

2. GRANT OF LICENSE

Subject to the terms, conditions, and restrictions in this Agreement, Keysight grants to Licensee a non-exclusive, non-transferable, and non-sublicenseable license to (i) install and use the Server Software, the Client Software, the Console Software, the Endpoint Software and/or the License Management Software (collectively, and together with any copies thereof made in accordance with this Agreement, the "SOFTWARE") for which Licensee has paid or will pay to Keysight any required license fees, in object code form only, and (ii) use the provided end user documentation, whether printed or electronic (together with any copies thereof made in accordance with this Agreement, the "Documentation"), in support of Licensee’s use of the SOFTWARE. The license(s) granted above are subject to the following terms and conditions, as well as all other terms and conditions in this Agreement:
(a) Server Software. Any Server Software included in the SOFTWARE may be installed and/or used only on the particular Keysight Ixia branded Hardware Chassis or other Keysight Ixia branded hardware product for which such Server Software is designated.
(b) Client Software. Except as otherwise provided in the applicable Keysight invoice, any Client Software included in the SOFTWARE may be installed and/or used on an unlimited number of computer workstations. Such use is subject to any further restrictions in the applicable purchase order, including but not limited to any restrictions limiting the number of Client Software copies that can concurrently access and utilize the services of a particular copy of Server Software,
(c) Console Software. Except as otherwise provided below, any Console Software included in the SOFTWARE may be installed and/or used only on the number of designated computer workstations corresponding with the total number of licenses specified in the applicable Keysight invoice. Notwithstanding the foregoing, if Licensee has purchased one or more “floating licenses” for the IXChariot Software, then Licensee may install the corresponding Console Software on an unlimited number of computer workstations, but may only use concurrently the number of copies of such Console Software that is equal to the number of such “floating licenses” purchased by Licensee. Licensee’s use of Console Software is subject to any further restrictions in the applicable purchase order, including but not limited to any restrictions limiting the number of simultaneous tests that may be run with such Console Software.

(d) Endpoint Software. Notwithstanding anything in this Agreement to the contrary, Licensee may install and use the Endpoint Software on an unlimited number of computers and may make an unlimited number of copies of such SOFTWARE for backup and archival purposes.

(e) License Management Software. Any License Management Software included in the SOFTWARE may be installed and/or used only on the number of designated servers corresponding with the total number of licenses specified in the applicable purchase order.

(f) Updates and Releases. To the extent that, under the Keysight Limited Warranty or any Keysight Extended Warranty, Keysight provides Licensee with any revised, modified, or replacement SOFTWARE, or additional or supplemental SOFTWARE, or any updates, releases, error correction, or bug fixes related to the SOFTWARE, the same shall become part of the “SOFTWARE” licensed hereunder when delivered to Licensee and shall be subject to all of the terms and conditions contained herein. With respect to any technical information Licensee provides to Keysight in connection with the license(s) granted to Licensee hereunder, Keysight agrees that such technical information will be handled in accordance with any confidentiality agreements or data protection laws or regulations applicable to the information in a form that identifies Licensee.

(g) Media; License Keys. Licensee may receive the SOFTWARE in more than one medium, or Licensee may receive copies of the SOFTWARE that are compatible with operating systems not specified on the applicable Keysight quote. Regardless, Licensee may use the SOFTWARE only as expressly permitted in this Agreement. Licensee acknowledges and agrees that installation and/or use of certain SOFTWARE may be subject to activation by license key.

(h) Copies. Except as is otherwise expressly provided in this Agreement, Licensee may make only one copy of the SOFTWARE, and may use that copy only for backup and archival purposes. Licensee may copy the Documentation to the limited extent reasonably necessary to facilitate Licensee’s use of the SOFTWARE in accordance with this Agreement.

(i) Reservation of Rights. Keysight reserves all rights not expressly granted herein.

3. TITLE; COPYRIGHT; PATENTS; NO SALE

(a) Ownership. Certain of the SOFTWARE contains or is based upon software and/or other materials licensed to Keysight by third party licensors (e.g., Cisco Systems, Inc.). Licensee acknowledges and agrees that the SOFTWARE (including but not limited to any proprietary protocols implemented therein) constitutes valuable trade secrets of Keysight, its affiliates, and/or its licensors (as applicable). Licensee further acknowledges and agrees that Keysight, its affiliates, and/or its licensors (as applicable) own all right, title, and interest in and to the SOFTWARE (including, without limitation, any all copies, extracts, and associated media thereof, all concepts, logic, protocols, and specifications related thereto, and all images, “applets,” photographs, animations, video, audio, and/or text incorporated therein), as well as all patents, trademarks, trade names, inventions, copyrights, know-how, trade secrets, and other intellectual and industrial property rights, and any related applications or extensions, relating to the design, manufacture, operation, or service of the SOFTWARE.

(b) Copyright; Copies. Licensee acknowledges and agrees that the SOFTWARE is protected by United States copyright laws and international treaty provisions. Licensee must treat the SOFTWARE like any other copyrighted material except as otherwise provided herein with respect to making copies of the SOFTWARE.

(c) Licensed Not Sold. Licensee acknowledges and agrees that the SOFTWARE has been licensed to Licensee pursuant to the terms and conditions of this Agreement and that the SOFTWARE has not been sold to Licensee.

(d) PESQ; PAMS/PESQ; PAMS/PESQ/PSQM+; PAMS/PSQM. Licensee acknowledges that any PESQ, PAMS/PESQ, or PAMS/PESQ/PSQM+ software included in the SOFTWARE is protected by copyright and by U.S. patents. Licenses from Psytechnics Limited and Malden Electronics Limited may have terms and conditions different than those of this Agreement. Keysight acknowledges FAR 52.227-39 applies to this EULA. To the extent additional restrictions are permitted by third party software Agreements, further distribution of third party software is prohibited. Liability for any breach of this Agreement shall be determined under the Federal Torts Claims Act, the Tucker Act, the Contract Disputes Act, or other applicable federal law. Licensee also acknowledges that any PAMS/PSQM software included in the SOFTWARE was developed by KPN Research, the Netherlands, and is used by permission under license from OPTICOM Dipl.-Ing. M. Keyhl GmbH, Erlangen, Germany.

4. RESTRICTIONS AND LIMITATIONS

(a) General Use Restrictions. Licensee shall not use, copy, merge, or transfer copies of the SOFTWARE or the Documentation except as may be expressly and specifically authorized in this Agreement. Licensee shall not knowingly take any action that would cause the SOFTWARE to be placed in the public domain.

(b) No Reverse Engineering; No Modification. Licensee may not, under any circumstances, reverse engineer, decompile, disassemble, or otherwise attempt to discover, reconstruct, or identify the source code for the SOFTWARE or any user interface techniques, algorithms, logic, protocols, or specifications included, incorporated, or implemented therein. Furthermore, Licensee may not, under any circumstances
and except as expressly authorized by Keysight in the Documentation, modify, port, translate, or create derivative works of the SOFTWARE.

(c) Rental; Leasing. Licensee may not, and agrees that it will not, transfer, assign, rent, lease, lend, resell, or in any way distribute or transfer any rights in this Agreement or the SOFTWARE to third parties, including by operation of law, without Keysight’s prior written approval and subject to written agreement by the recipient to the terms of this Agreement.

(d) Export Restrictions; Compliance with Laws. Licensee agrees that Licensee will not, directly or indirectly, export or transmit the SOFTWARE to any country to which such export or transmission is restricted by any applicable U.S. regulation or statute, without the prior written consent, if required, of the Bureau of Export Administration of the U.S. Department of Commerce or such other governmental entity as may have jurisdiction over such export or transmission. Licensee agrees to comply with and conform to all applicable laws, regulations, ordinances, and executive orders relating to Licensee’s use of the SOFTWARE.

5. USE AUDIT

Keysight shall have the right, upon reasonable notice and not more than once in a 12 month period, to conduct and/or have an independent accounting firm to conduct, during normal business hours on Licensee’s premises under Licensee’s reasonable supervision, an audit to verify Licensee’s compliance with the terms of this Agreement. Keysight or an independent accounting firm shall comply with all of Licensee’s security requirements prior to entering the premises or accessing Licensee’s systems.

6. TERM AND TERMINATION

(a) General. Except as provided below with respect to evaluation and limited term licenses, this Agreement and the license(s) granted herein will remain effective until terminated. Licensee may terminate this Agreement and the license(s) granted herein by ceasing all use of the SOFTWARE and any related Documentation, and returning all copies of the SOFTWARE and the related Documentation to Keysight. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Keysight shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

(b) Evaluation and Term Licenses. If SOFTWARE has been licensed to Licensee for evaluation purposes, this Agreement will be effective only until the end of the designated evaluation period. If SOFTWARE has been licensed to Licensee for a limited term as specified in the applicable purchase order, then this Agreement will be effective only until the end of such term. SOFTWARE that is subject to any evaluation or limited term license may contain code that can disable most or all of the features of such SOFTWARE upon expiration of such evaluation or limited term license, and unless Licensee has purchased from Keysight the applicable license fee for any additional licenses, Licensee shall have no rights to use the SOFTWARE or the Documentation upon expiration of any such license.

(c) Licensee Obligations Upon Termination or Expiration. Licensee agrees, upon any termination or expiration of this Agreement, to cease use of, and to destroy or return to Keysight, all copies of the SOFTWARE and any related Documentation.

7. LIMITED WARRANTY; DISCLAIMER; LIMITATION OF LIABILITY

(a) LIMITED WARRANTY. Keysight warrants that the SOFTWARE will, for a period of sixty (60) days from the date of your receipt, perform substantially in accordance with SOFTWARE written materials accompanying it. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, AND EXCEPT AS EXPRESSLY SET FORTH HEREIN OR IN KEYSIGHT’S LIMITED WARRANTY OR ANY KEYSIGHT EXTENDED WARRANTY DESCRIBED IN THE WARRANTY AGREEMENT ATTACHED HERETO, THE SOFTWARE IS PROVIDED “AS IS”, AND KEYSIGHT AND ITS SUPPLIERS AND LICENSORS DO NOT MAKE AND SPECIFICALLY DISCLAIM, ALL EXPRESS AND IMPLIED WARRANTIES OF EVERY KIND RELATING TO THE SOFTWARE AND/OR USE OF THE SOFTWARE (INCLUDING, WITHOUT LIMITATION, ACTUAL AND IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT), AS WELL AS ANY WARRANTIES THAT THE SOFTWARE (OR ANY ELEMENTS THEREOF) WILL ACHIEVE A PARTICULAR RESULT, OR WILL BE UNINTERRUPTED OR ERROR-FREE.

(b) GPL Software. Licensee acknowledges that the GPL Software is third-party software that has not been manufactured, tested, or otherwise approved by Keysight. THE GPL SOFTWARE IS PROVIDED “AS IS,” AND KEYSIGHT DOES NOT MAKE AND SPECIFICALLY DISCLAIMS ALL EXPRESS AND IMPLIED WARRANTIES OF EVERY KIND RELATING TO THE GPL SOFTWARE AND/OR USE OF THE GPL SOFTWARE (INCLUDING, WITHOUT LIMITATION, ACTUAL AND IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT), AS WELL AS ANY WARRANTIES THAT THE GPL SOFTWARE (OR ANY ELEMENTS THEREOF) WILL ACHIEVE A PARTICULAR RESULT, OR WILL BE UNINTERRUPTED OR ERROR-FREE. Nothing in this Agreement shall obligate Keysight to provide any support for the GPL Software.

(c) LIMITATION OF LIABILITY. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL KEYSIGHT OR ITS LICENSORS BE LIABLE UNDER ANY THEORY OF LIABILITY FOR ANY CONSEQUENTIAL, INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR EXEMPLARY DAMAGES OF ANY KIND, INCLUDING, WITHOUT LIMITATION, DAMAGES ARISING FROM LOSS OF PROFITS, REVENUE, DATA, OR USE, OR FROM INTERRUPTED COMMUNICATIONS OR DAMAGED DATA, OR FROM ANY DEFECT OR ERROR, OR IN CONNECTION WITH LICENSEE’S ACQUISITION OF SUBSTITUTE GOODS OR SERVICES OR MALFUNCTION OF THE KEYSIGHT PRODUCT, OR ANY SUCH DAMAGES ARISING FROM BREACH OF CONTRACT OR WARRANTY OR STRICT
LIABILITY, EVEN IF KEYSIGHT OR ANY OF ITS LICENSORS OR ANY OTHER PERSON HAS BEEN ADVISED OR SHOULD KNOW OF
THE POSSIBILITY OF SUCH DAMAGES, AND NOTWITHSTANDING THE FAILURE OF ANY REMEDY TO ACHIEVE ITS INTENDED
PURPOSE. THE FOREGOING EXCLUSION/LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH
RESULTING FROM KEYSIGHT'S NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT
BE EXCLUDED BY LAW.

(d) KEYSIGHT LIMITED AND EXTENDED WARRANTIES. THE SOFTWARE IS LICENSED HEREUNDER SUBJECT TO ALL OF THE
"OTHER LIMITATIONS" SET FORTH IN KEYSIGHT'S LIMITED WARRANTY AND ANY KEYSIGHT EXTENDED WARRANTY
PURCHASED BY LICENSEE.

(e) Responsibilities of Licensee. As a licensee of the SOFTWARE, Licensee is solely responsible for the proper installation and operation of
the SOFTWARE in accordance with the instructions and specifications set forth in the Documentation. Keysight shall have no responsibility
or liability to Licensee, under Keysight's Limited Warranty or otherwise, for improper installation or operation of the SOFTWARE. Any output
or execution errors resulting from improper installation or operation of the SOFTWARE shall not be
deemed "defects" for purposes of Keysight's Limited Warranty.

8. NON-DISCLOSURE

Licensee shall take all reasonable steps necessary to ensure that the SOFTWARE, the Documentation, and any related Keysight
information, or any portion thereof, is not made available or disclosed by Licensee (or by any of its employees, representatives, or agents)
to any person other than as may be necessary to Licensee’s employees, representatives, and agents to use the same as expressly permitted herein. Licensee agrees that all of its employees, representatives, and agents having access to the SOFTWARE and/or the
Documentation shall observe and perform the terms of this Section. Keysight recognizes that Federal agencies are subject to the Freedom
of Information Act, 5 U.S.C. 552.

9. U.S. GOVERNMENT RESTRICTED RIGHTS

(a) Commercial Software. The SOFTWARE and its accompanying Documentation are deemed to be "commercial computer software" and
"commercial computer software documentation," respectively, for purposes of Federal Acquisition Regulations ("FAR") 12.212, and the
restrictions set forth in such regulations, and this Agreement shall be deemed to be the license described in such regulations. Any use,
modification, reproduction, release, performance, display, or disclosure of the SOFTWARE or its accompanying Documentation by any
agency, department, or entity of the United States Government (the "Government") shall be governed solely by the terms of this Agreement
and is prohibited except to the extent expressly permitted by the terms of this Agreement. The SOFTWARE and its accompanying
Documentation are also deemed to be "restricted computer software" for purposes of FAR 52.227-14(g)(3) (Alternate III (June 1987)), which
clauses are incorporated herein by reference subject to the express restrictions and prohibitions set forth above.

(b) Certain Technical Data. Any technical data provided that is not covered by the above provisions is deemed to be "technical information
related to commercial computer software or commercial computer software documentation" for purposes of FAR 12.212 and the restrictions
set forth therein, and is deemed to be "technical data or information related or pertaining to commercial items or processes" developed at
private expense and this Agreement shall be deemed to be the license described in such regulations. Any use, modification, reproduction,
release, performance, display, or disclosure of such technical data by the Government shall be governed solely by the terms of this
Agreement and is prohibited except to the extent expressly permitted by the terms of this Agreement. Such technical data is also deemed to be
"limited rights data" as defined in FAR 52.227-14(a) (Alternate I (June 1987)) and for purposes of FAR 52.227-14(g)(2) (Alternate II
(June 1987)), which clauses are incorporated herein by reference subject to the express restrictions and prohibitions set forth above.

(c) Third Party Acceptance of Restrictions. Licensee shall not provide the SOFTWARE, its accompanying Documentation, or the technical
data to any party, unless such third party accepts the same restrictions as are set forth in this Section 10. Licensee is responsible for
ensuring that the proper notice is given to all such third parties and that the SOFTWARE, its accompanying Documentation, and the
technical data are properly marked with the required legends. Nothing in this Section 10(c) shall be deemed to modify the restrictions on
transfer or disclosure set forth elsewhere in this Agreement.

10. GOVERNING LAW; ENFORCEMENT

(a) Governing Law. This Agreement and the rights and obligations of the parties hereunder shall be governed by the Federal laws of the
United States. IN ADDITION, THIS AGREEMENT WILL NOT BE GOVERNED OR INTERPRETED IN ANY WAY BY REFERRING TO ANY
LAW BASED ON THE UNIFORM COMPUTER INFORMATION TRANSACTIONS ACT (UCITA), AND THE UNITED NATIONS
CONVENTION ON CONTRACTS FOR THE INTERNATIONAL SALE OF GOODS IS HEREBY EXCLUDED.

11. INVALIDITY OF PROVISIONS

If any provision in this Agreement is invalid or unenforceable, such provision shall be construed, limited, or altered, as necessary, to
eliminate the invalidity or unenforceability and all other provisions of this Agreement shall remain in effect.

12. MISCELLANEOUS

(a) This Agreement together with the underlying GSA Schedule Contract, Schedule pricelist, the specific, negotiated terms on the accepted
GSA Customer Purchase Order(s), and Keysight’s Limited Warranty and any Keysight Extended Warranty purchased by Licensee set forth
the entire agreement between Keysight and Licensee with respect to the SOFTWARE and Licensee’s use thereof.
No provision of this Agreement or of Keysight's Limited Warranty or any Keysight Extended Warranty may be waived, modified, or superseded except by a written instrument signed by each of Keysight and Licensee. No failure or delay in exercising any right or remedy shall operate as a waiver of any such (or any other) right or remedy. The language of this Agreement shall be construed as a whole, according to its fair meaning and intent, and not strictly for or against either party, regardless of who drafted or was principally responsible for drafting this Agreement or any specific term or conditions hereof. This Agreement shall bind and inure to the benefit of the parties and their successors and permitted assigns. Both parties are acting as independent contractors with respect to the activities hereunder.

Attachment: Copy of the GNU General Public License GNU GENERAL PUBLIC LICENSE
Version 2, June 1991

Copyright (C) 1989, 1991 Free Software Foundation, Inc. 59 Temple Place, Suite 330, Boston, MA 02111-1307 USA Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

Preamble

The licenses for most software are designed to take away your freedom to share and change it. By contrast, the GNU General Public License is intended to guarantee your freedom to share and change free software--to make sure the software is free for all its users. This General Public License applies to most of the Free Software Foundation's software and to any other program whose authors commit to using it. (Some other Free Software Foundation software is covered by the GNU Library General Public License instead.) You can apply it to your programs, too.

When we speak of free software, we are referring to freedom, not price. Our General Public Licenses are designed to make sure that you have the freedom to distribute copies of free software (and charge for this service if you wish), that you receive source code or can get it if you want it, that you can change the software and use pieces of it in new free programs; and that you know you can do these things.

To protect your rights, we need to make restrictions that forbid anyone to deny you these rights or to ask you to surrender the rights. These restrictions translate to certain responsibilities for you if you distribute copies of the software, or if you modify it.

For example, if you distribute copies of such a program, whether gratis or for a fee, you must give the recipients all the rights that you have. You must make sure that they, too, receive or can get the source code. And you must show them these terms so they know their rights.

We protect your rights with two steps: (1) copyright the software, and (2) offer you this license which gives you legal permission to copy, distribute and/or modify the software.

Also, for each author's protection and ours, we want to make certain that everyone understands that there is no warranty for this free software. If the software is modified by someone else and passed on, we want its recipients to know that what they have is not the original, so that any problems introduced by others will not reflect on the original authors' reputations.

Finally, any free program is threatened constantly by software patents. We wish to avoid the danger that redistributors of a free program will individually obtain patent licenses, in effect making the program proprietary. To prevent this, we have made it clear that any patent must be licensed for everyone's free use or not licensed at all.

The precise terms and conditions for copying, distribution and modification follow.

GNU GENERAL PUBLIC LICENSE TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION

This License applies to any program or other work which contains a notice placed by the copyright holder saying it may be distributed under the terms of this General Public License. The "Program", below, refers to any such program or work, and a "work based on the Program" means either the Program or any derivative work under copyright law: that is to say, a work containing the Program or a portion of it, either verbatim or with modifications and/or translated into another language. (Hereinafter, translation is included without limitation in the term "modification".) Each licensee is addressed as "you".

Activities other than copying, distribution and modification are not covered by this License; they are outside its scope. The act of running the Program is not restricted, and the output from the Program is covered only if its contents constitute a work based on the Program (independent of having been made by running the Program). Whether that is true depends on what the Program does.

1. You may copy and distribute verbatim copies of the Program's source code as you receive it, in any medium, provided that you conspicuously and appropriately publish on each copy an appropriate copyright notice and disclaimer of warranty; keep intact all the notices that refer to this License and to the absence of any warranty; and give any other recipients of the Program a copy of this License along with the Program.

You may charge a fee for the physical act of transferring a copy, and you may at your option offer warranty protection in exchange for a fee.
2. You may modify your copy or copies of the Program or any portion of it, thus forming a work based on the Program, and copy and distribute such modifications or work under the terms of Section 1 above, provided that you also meet all of these conditions:
   a) You must cause the modified files to carry prominent notices stating that you changed the files and the date of any change.
   b) You must cause any work that you distribute or publish, that in whole or in part contains or is derived from the Program or any part thereof, to be licensed as a whole at no charge to all third parties under the terms of this License.
   c) If the modified program normally reads commands interactively when run, you must cause it, when started running for such interactive use in the most ordinary way, to print or display an announcement including an appropriate copyright notice and a notice that there is no warranty (or else, saying that you provide a warranty) and that users may redistribute the program under these conditions, and telling the user how to view a copy of this License. (Exception: if the Program itself is interactive but does not normally print such an announcement, your work based on the Program is not required to print an announcement.)

These requirements apply to the modified work as a whole. If identifiable sections of that work are not derived from the Program, and can be reasonably considered independent and separate works in themselves, then this License, and its terms, do not apply to those sections when you distribute them as separate works. But when you distribute the same sections as part of a whole which is a work based on the Program, the distribution of the whole must be on the terms of this License, whose permissions for other licensees extend to the entire whole, and thus to each and every part regardless of who wrote it.

Thus, it is not the intent of this section to claim rights or contest your rights to work written entirely by you; rather, the intent is to exercise the right to control the distribution of derivative or collective works based on the Program.

In addition, mere aggregation of another work not based on the Program with the Program (or with a work based on the Program) on a volume of a storage or distribution medium does not bring the other work under the scope of this License.

3. You may copy and distribute the Program (or a work based on it, under Section 2) in object code or executable form under the terms of Sections 1 and 2 above provided that you also do one of the following:
   a) Accompany it with the complete corresponding machine-readable source code, which must be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,
   b) Accompany it with a written offer, valid for at least three years, to give any third party, for a charge no more than your cost of physically performing source distribution, a complete machine-readable copy of the corresponding source code, to be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,
   c) Accompany it with the information you received as to the offer to distribute corresponding source code. (This alternative is allowed only for noncommercial distribution and only if you received the program in object code or executable form with such an offer, in accord with Subsection b above.)

The source code for a work means the preferred form of the work for making modifications to it. For an executable work, complete source code means all the source code for all modules it contains, plus any associated interface definition files, plus the scripts used to control compilation and installation of the executable. However, as a special exception, the source code distributed need not include anything that is normally distributed (in either source or binary form) with the major components (compiler, kernel, and so on) of the operating system on which the executable runs, unless that component itself accompanies the executable.

If distribution of executable or object code is made by offering access to copy from a designated place, then offering equivalent access to copy the source code from the same place counts as distribution of the source code, even though third parties are not compelled to copy the source along with the object code.

4. You may not copy, modify, sublicense, or distribute the Program except as expressly provided under this License. Any attempt otherwise to copy, modify, sublicense or distribute the Program is void, and will automatically terminate your rights under this License. However, parties who have received copies, or rights, from you under this License will not have their licenses terminated so long as such parties remain in full compliance.

5. You are not required to accept this License, since you have not signed it. However, nothing else grants you permission to modify or distribute the Program or its derivative works. These actions are prohibited by law if you do not accept this License. Therefore, by modifying or distributing the Program (or any work based on the Program), you indicate your acceptance of this License to do so, and all its terms and conditions for copying, distributing or modifying the Program or works based on it.

6. Each time you redistribute the Program (or any work based on the Program), the recipient automatically receives a license from the original licensor to copy, distribute or modify the Program subject to these terms and conditions. You may not impose any further restrictions on the recipients’ exercise of the rights granted herein. You are not responsible for enforcing compliance by third parties to this License.

7. If, as a consequence of a court judgment or allegation of patent infringement or for any other reason (not limited to patent issues), conditions are imposed on you (whether by court order, agreement or otherwise) that contradict the conditions of this License, they do not excuse you from the conditions of this License. If you cannot distribute so as to satisfy simultaneously your obligations under this License and any other pertinent obligations, then as a consequence you may not distribute the Program at all. For example, if a patent license would not permit royalty-free redistribution of the Program by all those who receive copies directly or indirectly through you, then the only way you could satisfy both it and this License would be to refrain entirely from distribution of the Program.
If any portion of this section is held invalid or unenforceable under any particular circumstance, the balance of the section is intended to apply and the section as a whole is intended to apply in other circumstances.

It is not the purpose of this section to induce you to infringe any patents or other property right claims or to contest validity of any such claims; this section has the sole purpose of protecting the integrity of the free software distribution system, which is implemented by public license practices. Many people have made generous contributions to the wide range of software distributed through that system in reliance on consistent application of that system; it is up to the author/donor to decide if he or she is willing to distribute software through any other system and a licensee cannot impose that choice.

This section is intended to make thoroughly clear what is believed to be a consequence of the rest of this License.

8. If the distribution and/or use of the Program is restricted in certain countries either by patents or by copyrighted interfaces, the original copyright holder who places the Program under this License may add an explicit geographical distribution limitation excluding those countries, so that distribution is permitted only in or among countries not thus excluded. In such case, this License incorporates the limitation as if written in the body of this License.

9. The Free Software Foundation may publish revised and/or new versions of the General Public License. Each version is given a distinguishing version number. If the Program specifies a version number of this License which applies to it and “any later version”, you have the option of following the terms and conditions either of that version or of any later version published by the Free Software Foundation. If the Program does not specify a version number of this License, you may choose any version ever published by the Free Software Foundation.

10. If you wish to incorporate parts of the Program into other free programs whose distribution conditions are different, write to the author to ask for permission. For software which is copyrighted by the Free Software Foundation, write to the Free Software Foundation; we sometimes make exceptions for this. Our decision will be guided by the two goals of preserving the free status of all derivatives of our free software and of promoting the sharing and reuse of software generally.

NO WARRANTY

11. BECAUSE THE PROGRAM IS LICENSED FREE OF CHARGE, THERE IS NO WARRANTY FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES PROVIDE THE PROGRAM “AS IS” WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH YOU. SHOULD THE PROGRAM PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

12. IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY AND/OR REDISTRIBUTE THE PROGRAM AS PERMITTED ABOVE, BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE PROGRAM (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE PROGRAM TO OPERATE WITH ANY OTHER PROGRAMS), EVEN IF SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

END OF TERMS AND CONDITIONS

How to Apply These Terms to Your New Programs

If you develop a new program, and you want it to be of the greatest possible use to the public, the best way to achieve this is to make it free software which everyone can redistribute and change under these terms.

To do so, attach the following notices to the program. It is safest to attach them to the start of each source file to most effectively convey the exclusion of warranty; and each file should have at least the "copyright" line and a pointer to where the full notice is found.

    <one line to give the program's name and a brief idea of what it does.> Copyright (C) <year> <name of author>

This program is free software; you can redistribute it and/or modify it under the terms of the GNU General Public License as published by the Free Software Foundation; either version 2 of the License, or (at your option) any later version.

This program is distributed in the hope that it will be useful, but WITHOUT ANY WARRANTY; without even the implied warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE. See the GNU General Public License for more details.

You should have received a copy of the GNU General Public License along with this program; if not, write to the Free Software Foundation, Inc., 59 Temple Place, Suite 330, Boston, MA 02111-1307 USA

Also add information on how to contact you by electronic and paper mail.

If the program is interactive, make it output a short notice like this when it starts in an interactive mode:

Gnomovision version 69, Copyright (C) year name of author
Gnomovision comes with ABSOLUTELY NO WARRANTY; for details type 'show w'.

This is free software, and you are welcome to redistribute it under certain conditions; type 'show c' for details.

The hypothetical commands 'show w' and 'show c' should show the appropriate parts of the General Public License. Of course, the commands you use may be called something other than 'show w' and 'show c'; they could even be mouse-clicks or menu items-- whatever suits your program.

You should also get your employer (if you work as a programmer) or your school, if any, to sign a "copyright disclaimer" for the program, if necessary. Here is a sample; alter the names:

Yoyodyne, Inc., hereby disclaims all copyright interest in the program 'Gnomovision' (which makes passes at compilers) written
by James Hacker.

<signature of Ty Coon>, 1 April 1989 Ty Coon, President of Vice

This General Public License does not permit incorporating your program into proprietary programs. If your program is a subroutine library, you may consider it more useful to permit linking proprietary applications with the library. If this is what you want to do, use the GNU Library
General Public License instead of this License.

NETWORK VISIBILITY SOFTWARE END USER LICENSE AGREEMENT

This KEYSIGHT SOFTWARE END USER LICENSE AGREEMENT (this "Agreement") is a legal agreement between the undersigned Ordering Activity under GSA Schedule contracts ("Licensee" or "Ordering Activity") and Keysight regarding Keysight's Ixia-branded software product(s) identified in the related purchase order, including all associated media (collectively, the "SOFTWARE," as further defined below). By both parties executing this Agreement in writing, you are binding the business entity that you represent (i.e., Licensee) to the terms and conditions of this Agreement.

If Licensee does not agree to be bound by the terms of this Agreement, Licensee may not use the SOFTWARE in any way, and must promptly return the SOFTWARE (including, without limitation, any software media), unused, to Keysight.

1. CERTAIN DEFINITIONS

(a) "Server Software" is software that is intended for use on an Keysight Ixia-branded Hardware Chassis or other Keysight-approved hardware product, and that provides certain services on that product.

(b) "Client Software" is software that is intended for use on a computer workstation, and that allows an end user to access and utilize the services of Server Software.

(c) "License Management Software" is software that provides certain software license management services on a computer server.

(d) "Open Source Software" is any software or software component, module, or package that contains, or is derived in any manner (in whole or in part) from, any software that is distributed as free software, open source software, or under similar licensing or distribution models, including, without limitation, software licensed or distributed under any of the following licenses or distribution models, or licenses or distribution models similar to any of the following: (i) GNU's General Public License (GPL) or Lesser/Library GPL (LGPL); (ii) the Artistic License (e.g., PERL); (iii) the Mozilla Public License; (iv) the Netscape Public License; (v) the Sun Community Source License (SCSL); (vi) the Sun Industry Standards License (SISL); (vii) the BSD License; and (viii) the Apache License.

2. GRANT OF LICENSE

Subject to the terms, conditions, and restrictions in this Agreement, Keysight grants to Licensee a limited, non-exclusive, non-transferable, and non-sublicensable license to (i) install and use the Server Software, the Client Software the License Management Software, and the Open Source Software (collectively, and together with any copies thereof made in accordance with this Agreement, the "SOFTWARE") for which Licensee has paid or will pay to Keysight any required license fees, in object code form only, and (ii) use the provided end user documentation, whether printed or electronic (together with any copies thereof made in accordance with this Agreement, the "Documentation"), in support of Licensee's use of the SOFTWARE. The license(s) granted above are subject to the following terms and conditions, as well as all other terms and conditions in this Agreement:

(a) Server Software. Any Server Software included in the SOFTWARE may be installed and/or used only on the particular Keysight Ixia-branded Hardware Chassis or other Keysight-approved hardware product for which such Server Software is designated.

(b) Client Software. Except as otherwise provided in the applicable purchase order, any Client Software included in the SOFTWARE may be installed and/or used on an unlimited number of computer workstations. Such use is subject to any further restrictions in the applicable purchase order, including but not limited to any restrictions limiting the number of Client Software copies that can concurrently access and utilize the services of a particular copy of Server Software.
(c) License Management Software. Any License Management Software included in the SOFTWARE may be installed and/or used only on the number of designated servers corresponding with the total number of licenses specified in the applicable Keysight quote.

(d) Open Source Software. Licensee hereby acknowledges that the SOFTWARE may utilize or include Open Source Software that may have specific license terms applicable to that Open Source Software (“Open Source License”) different from the terms of this Agreement. Open Source License terms are available at https://support.ixiacom.com/support-services/warranty-license-agreements or in other materials provided by Keysight. Any Open Source License associated with Open Source Software applies only to that Open Source Software and not the other software included in the SOFTWARE.

(e) Updates and Releases. To the extent that, the Limited Warranty and Technical Support Agreement (the “Limited Warranty Agreement”), Keysight or an affiliate provides Licensee with any revised, modified, or replacement SOFTWARE, or additional or supplemental SOFTWARE, or any updates, releases, error corrections, or bug fixes related to the SOFTWARE, the same shall become part of the “SOFTWARE” licensed hereunder when delivered to Licensee and shall be subject to all of the terms and conditions contained herein. With respect to any technical information Licensee provides to Keysight or an affiliate in connection with the license(s) granted to Licensee hereunder, Keysight may use such information for any purpose without restriction, including, without limitation, for product support and development. Keysight will not use such technical information in a form that identifies Licensee.

(f) Media: License Keys. Licensee may receive the SOFTWARE in more than one medium, or Licensee may receive copies of the SOFTWARE that are compatible with operating systems not specified on the applicable quote. Regardless, Licensee may use the SOFTWARE only as expressly permitted in this Agreement. Licensee acknowledges and agrees that installation and/or use of certain SOFTWARE may be subject to activation by license key.

(g) Copies. Except as is otherwise expressly provided in this Agreement, Licensee may make only one copy of the SOFTWARE, and may use that copy only for backup and archival purposes. Licensee may copy the Documentation to the limited extent reasonably necessary to facilitate Licensee’s use of the SOFTWARE in accordance with this Agreement.

(h) Reservation of Rights. Keysight reserves all rights not expressly granted herein.

3. TITLE; COPYRIGHT; PATENTS; NO SALE

(a) Ownership. Certain of the SOFTWARE may contain or be based upon software and/or other materials licensed to Keysight by third party licensors. Licensee acknowledges and agrees that the SOFTWARE (including but not limited to any proprietary protocols implemented therein) constitutes valuable trade secrets of Keysight, its affiliates, and/or its licensors (as applicable). Licensee further acknowledges and agrees that Keysight, its affiliates, and/or its licensors (as applicable) own all rights, title, and interest in and to the SOFTWARE and the Documentation (including, without limitation, any all copies, extracts, and associated media thereof, all concepts, logic, protocols, and specifications related thereto, and all images, “applets,” photographs, animations, video, audio, and/or text incorporated therein), as well as all patents, trademarks, trade names, inventions, copyrights, know-how, trade secrets, and other intellectual and industrial property rights, and any related applications or extensions, relating thereto or relating to the design, manufacture, operation, or service of the SOFTWARE.

(b) Copyright; Copies. Licensee acknowledges and agrees that the SOFTWARE and the Documentation is protected by United States copyright laws and international treaty provisions. Licensee must treat the SOFTWARE and the Documentation like any other copyrighted material and may only make copies as expressly permitted herein.

(c) Licensed Not Sold. Licensee acknowledges and agrees that the SOFTWARE and the Documentation has been licensed to Licensee pursuant to the terms and conditions of this Agreement and that neither the SOFTWARE nor the Documentation has been sold to Licensee.

4. RESTRICTIONS AND LIMITATIONS

(a) General Use Restrictions. Licensee shall not use, copy, merge, or transfer copies of the SOFTWARE or the Documentation except as may be expressly and specifically authorized in this Agreement. Licensee shall not knowingly take any action that would cause the SOFTWARE or the Documentation to be placed in the public domain.

(b) No Reverse Engineering: No Modification. Licensee may not, under any circumstances, reverse engineer, decompile, disassemble, or otherwise attempt to discover, reconstruct, or identify the source code for the SOFTWARE or any user interface techniques, algorithms, logic, protocols, or specifications included, incorporated, or implemented therein. Furthermore, Licensee may not, under any circumstances and except as expressly authorized by Keysight in the Documentation, modify, port, translate, or create derivative works of the SOFTWARE or the Documentation. The forgoing restrictions will not apply to the extent any such restriction is prohibited by applicable mandatory law or by licensing terms governing the use of open source components that may be included with the SOFTWARE.

(c) Rental: Leasing. Licensee may not, and agrees that it will not, transfer, assign, rent, lease, lend, resell, or in any way distribute or transfer any rights in this Agreement, the SOFTWARE, or the Documentation to third parties, including by operation of law, without Keysight’s prior written approval and subject to written agreement by the recipient to the terms of this Agreement.

(d) Export Restrictions: Compliance with Laws. Licensee agrees that Licensee will not, directly or indirectly, export or transmit the SOFTWARE or the Documentation to any country to which such export or transmission is restricted by any applicable U.S. regulation or statute, without the prior written consent, if required, of the Bureau of Export Administration of the U.S. Department of Commerce or such
other governmental entity as may have jurisdiction over such export or transmission. Licensee agrees to comply with and conform to all applicable laws, regulations, ordinances, and executive orders relating to Licensee’s use of the SOFTWARE and the Documentation.

5. USE AUDIT

Keysight shall have the right, upon reasonable notice and not more than once in a 12 month period, to conduct and/or have an independent accounting firm to conduct, during normal business hours on Licensee's premises under Licensee's reasonable supervision, an audit to verify Licensee’s compliance with the terms of this Agreement. Keysight or an independent accounting firm shall comply with all of Licensee’s security requirements prior to entering the premises or accessing Licensee’s systems.

6. TERM AND TERMINATION

(a) General. Except as provided below with respect to evaluation and limited term licenses, this Agreement and the license(s) granted herein will remain effective until terminated. Licensee may terminate this Agreement and the license(s) granted herein by ceasing all use of the SOFTWARE and the Documentation, and returning all copies of the SOFTWARE and the Documentation to Keysight. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Keysight shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

(b) Evaluation and Term Licenses. If the SOFTWARE has been licensed to Licensee for evaluation purposes, then the term of this Agreement will continue only until the end of the designated evaluation period. If the SOFTWARE has been licensed to Licensee for a limited period as specified in the applicable purchase order, then the term of this Agreement will continue only until the end of that period. SOFTWARE that is subject to any evaluation or limited term license may contain code that can disable most or all of the features of such SOFTWARE upon expiration of such evaluation or limited term license, and unless Licensee has purchased from Keysight the applicable license fee for any additional licenses, Licensee shall have no rights to use the SOFTWARE or the Documentation upon expiration of any such license.

(c) Licensee Obligations Upon Termination or Expiration. Licensee agrees, upon any termination or expiration of this Agreement, to cease use of, and to destroy or return to Keysight, all copies of the SOFTWARE and any related Documentation. Sections 1, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, and 13 of this Agreement shall survive any expiration or termination of this Agreement for any reason and continue in full force and effect.

7. LIMITED WARRANTY, DISCLAIMER; LIMITATION OF LIABILITY

(a) LIMITED WARRANTY Keysight warrants that the SOFTWARE will, for a period of sixty (60) days from the date of your receipt, perform substantially in accordance with SOFTWARE written materials accompanying it. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, AND EXCEPT AS EXPRESSLY SET FORTH HEREIN OR IN THE LIMITED WARRANTY AGREEMENT ATTACHED HERETO, THE SOFTWARE AND THE DOCUMENTATION IS PROVIDED "AS IS", AND KEYSIGHT AND ITS SUPPLIERS AND LICENSORS DO NOT MAKE AND SPECIFICALLY DISCLAIM ALL EXPRESS AND IMPLIED WARRANTIES OF EVERY KIND RELATING TO THE SOFTWARE, THE DOCUMENTATION, AND/OR USE OF THE SOFTWARE OR THE DOCUMENTATION (INCLUDING, WITHOUT LIMITATION, ACTUAL AND IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT), AS WELL AS ANY WARRANTIES THAT THE SOFTWARE, THE DOCUMENTATION, OR ANY ELEMENTS THEREOF WILL ACHIEVE A PARTICULAR RESULT, OR WILL BE UNINTERRUPTED OR ERROR-FREE.

(b) LIMITATION OF LIABILITY. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL KEYSIGHT OR ITS LICENSORS BE LIABLE IN CONNECTION WITH THIS AGREEMENT, THE SOFTWARE, THE DOCUMENTATION, AND/OR ANY USE OF THE SOFTWARE OR THE DOCUMENTATION, UNDER ANY THEORY OF LIABILITY, FOR ANY CONSEQUENTIAL, INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR EXEMPLARY DAMAGES OF ANY KIND, INCLUDING, WITHOUT LIMITATION, DAMAGES ARISING FROM LOSS OF PROFITS, REVENUE, DATA, OR USE, OR FROM INTERRUPTED COMMUNICATIONS OR DAMAGED DATA, OR FROM ANY DEFECT OR ERROR, OR IN CONNECTION WITH LICENSEE'S ACQUISITION OF SUBSTITUTE GOODS OR SERVICES OR MALFUNCTION OF THE SOFTWARE OR THE DOCUMENTATION, OR ANY SUCH DAMAGES ARISING FROM BREACH OF CONTRACT OR WARRANTY OR FROM NEGLIGENCE OR STRICT LIABILITY, EVEN IF KEYSIGHT OR ANY OF ITS LICENSORS OR ANY OTHER PERSON HAS BEEN ADVISED OR SHOULD KNOW OF THE POSSIBILITY OF SUCH DAMAGES, AND NOTWITHSTANDING THE FAILURE OF ANY REMEDY TO ACHIEVE ITS INTENDED PURPOSE. FURTHER, IN NO EVENT SHALL KEYSIGHT'S MAXIMUM AGGREGATE LIABILITY IN CONNECTION WITH THIS AGREEMENT, THE SOFTWARE, THE DOCUMENTATION, AND/OR ANY USE OF THE SOFTWARE OR THE DOCUMENTATION EXCEED THE CONTRACT PRICE. THE FOREGOING EXCLUSION/LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM Ixia’s NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

(c) KEYSYS LIMITED AND EXTENDED WARRANTIES. THE SOFTWARE IS LICENSED HEREUNDER SUBJECT TO ALL OF THE "OTHER LIMITATIONS" SET FORTH IN THE LIMITED WARRANTY AGREEMENT.

Responsibilities of Licensee. As a licensee of the SOFTWARE, Licensee is solely responsible for the proper installation and operation of the SOFTWARE in accordance with the instructions and specifications set forth in the Documentation. Keysight shall have no responsibility or
liability to Licensee, under the Limited Warranty Agreement or otherwise, for improper installation or operation of the SOFTWARE. Any output or execution errors resulting from improper installation or operation of the SOFTWARE shall not be deemed “defects” for purposes of the Limited Warranty Agreement

8. NON-DISCLOSURE

Licensee shall take all reasonable steps necessary to ensure that the SOFTWARE, the Documentation, and any related Keysight information, or any portion thereof, is not made available or disclosed by Licensee (or by any of its employees, representatives, or agents) to any person other than as may be necessary to Licensee’s employees, representatives, and agents to use the same as expressly permitted herein. Licensee agrees that all of its employees, representatives, and agents having access to the SOFTWARE and/or the Documentation shall observe and perform the terms of this Section. Keysight recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552.

9. U.S. GOVERNMENT RESTRICTED RIGHTS

(a) Commercial Software. The SOFTWARE and its accompanying Documentation are deemed to be “commercial computer software” and “commercial computer software documentation,” respectively, for purposes of Federal Acquisition Regulations (“FAR”) 12.212, and the restrictions set forth in such regulations, and this Agreement shall be deemed to be the license described in such regulations. Any use, modification, reproduction, release, performance, display, or disclosure of the SOFTWARE or its accompanying Documentation by any agency, department, or entity of the United States Government (the “Government”) shall be governed solely by the terms of this Agreement and is prohibited except to the extent expressly permitted by the terms of this Agreement. The SOFTWARE and its accompanying Documentation are also deemed to be “restricted computer software” for purposes of FAR 52.227-14(g)(3) (Alternate III (June 1987)), which clause is incorporated herein by reference subject to the express restrictions and prohibitions set forth above.

(b) Certain Technical Data. Any technical data provided that is not covered by the above provisions is deemed to be “technical information related to commercial computer software or commercial computer software documentation” for purposes of FAR 12.212 and the restrictions set forth therein, and is deemed to be “technical data or information related or pertaining to commercial items or processes” developed at private expense and this Agreement shall be deemed to be the license described in such regulations. Any use, modification, reproduction, release, performance, display, or disclosure of such technical data by the Government shall be governed solely by the terms of this Agreement and is prohibited except to the extent expressly permitted by the terms of this Agreement. Such technical data is also deemed to be “limited rights data” as defined in FAR 52.227-14(a) (Alternate I (June 1987)) and for purposes of FAR 52.227-14(g)(2) (Alternate II (June 1987)), which clauses are incorporated herein by reference subject to the express restrictions and prohibitions set forth above.

(c) Third Party Acceptance of Restrictions. Licensee shall not provide the SOFTWARE, its accompanying Documentation, or the technical data to any party, including the Government, unless such third party accepts the same restrictions as are set forth in this Section 10. Licensee is responsible for ensuring that the proper notice is given to all such third parties and that the SOFTWARE, its accompanying Documentation, and the technical data are properly marked with the required legends. Nothing in this Section 10(c) shall be deemed to modify the restrictions on transfer or disclosure set forth elsewhere in this Agreement.

10. GOVERNING LAW; ENFORCEMENT

(a) Governing Law. This Agreement and the rights and obligations of the parties hereunder shall be governed by the Federal laws of the United States. IN ADDITION, THIS AGREEMENT WILL NOT BE GOVERNED OR INTERPRETED IN ANY WAY BY REFERRING TO ANY LAW BASED ON THE UNIFORM COMPUTER INFORMATION TRANSACTIONS ACT (UCITA), AND THE UNITED NATIONS CONVENTION ON CONTRACTS FOR THE INTERNATIONAL SALE OF GOODS IS HEREBY EXCLUDED.

11. INVALIDITY OF PROVISIONS

If any provision in this Agreement is invalid or unenforceable, such provision shall be construed, limited, or altered, as necessary, to eliminate the invalidity or unenforceability and all other provisions of this Agreement shall remain in effect.

12. MISCELLANEOUS

(a) This Agreement and the Limited Warranty Agreement together with the underlying GSA Schedule Contract, Schedule pricelist and applicable purchase order(s) set forth the entire agreement between Keysight and Licensee with respect to the SOFTWARE, the Documentation, and Licensee's use thereof. No provision of this Agreement or of the Limited Warranty Agreement may be waived, modified, or superseded except by a written instrument signed by each of Keysight and Licensee. No failure or delay in exercising any right or remedy shall operate as a waiver of any such (or any other) right or remedy. The language of this Agreement shall be construed as a whole, according to its fair meaning and intent, and not strictly for or against either party, regardless of who drafted or was principally responsible for drafting this Agreement or any specific term or conditions hereof. This Agreement shall bind and inure to the benefit of the parties and their successors and permitted assigns. Both parties are acting as independent contractors with respect to the activities hereunder.

LIMITED WARRANTY AND TECHNICAL SUPPORT AGREEMENT FOR IIXIA BRANDED KEYSIGHT PRODUCTS

Ixia is a business of Keysight Technologies.

Congratulations on your purchase of one or more Ixia branded products. References herein to Ixia branded products include Ixia branded products and professional services sold by Keysight Technologies, Inc. and it affiliates (“Keysight”). Only those Ixia branded products listed

on the quote that you received from Keysight or its authorized reseller are covered under this Limited Warranty and Technical Support Agreement (this “Warranty Agreement”). By using any of the products or services that are covered by this Warranty Agreement, you agree to be bound by the terms and conditions set forth herein.

a. **Limited Hardware Warranty**

Subject to the exceptions in Section VII below, Keysight provides a limited warranty that covers the hardware and software media (e.g., USB drives) that Keysight ships as part of its Ixia branded products (the “Hardware Warranty”). For the avoidance of doubt, the Hardware Warranty does not cover third party products that are separate and distinct from Keysight products and merely resold by Keysight.

**What Is Covered:** The Hardware Warranty covers only material defects in the hardware and software media shipped as part of Ixia branded products (each, a “Defect”).

**For How Long:** The Hardware Warranty is effective for twelve (12) months from the date on which Keysight first ships the corresponding product or any part or portion thereof (such time period is referred to herein as the “Initial Hardware Warranty Term”). Further, for each item that is repaired or replaced by Keysight pursuant to the Hardware Warranty, the Hardware Warranty will remain effective for the longer of (i) the remainder of the Initial Hardware Warranty Term and (ii) three (3) months following the date on which Keysight first ships the repaired or replaced item. If you purchase additional hardware functionality during the Hardware Warranty Term, including but not limited to adding or changing the configuration of ports, such purchase shall not extend the Hardware Warranty Term for the underlying hardware base unit.

**What Keysight Will Do:** Except as otherwise expressly set forth in the paragraph below titled “Advanced Replacement,” Keysight’s sole obligation under the Hardware Warranty is, at Keysight’s option, to either repair or replace the hardware or software media that contains the Defect, or refund (or cause the authorized reseller to refund) the purchase price of the corresponding Ixia branded product in exchange for your return of that product. Keysight may use refurbished items and/or substantially similar items to satisfy its obligations hereunder.

**What You Must Do:** If, during the applicable Hardware Warranty Term, you believe you have discovered a Defect, please contact Customer Support using one of the methods listed online at support.ixiacom.com. Customer Support may require some or all of the following information in order to assist in resolving your problem:

- Model number of the hardware.
- Serial number of the hardware.
- Software version.
- Software license key number or registration information.
- Detailed problem description.
- Customer name and telephone number, and an address to where any repaired or replaced hardware is requested to be shipped.

If Customer Support believes that there is a Defect in the hardware or software media that is covered by the Hardware Warranty and Customer Support cannot resolve that Defect remotely, then Customer Support will issue you a Return of Material Authorization (“RMA”) number. Any item that is returned without an RMA number may be refused by Keysight and returned to you at your sole cost and expense.

All defective hardware and software media that is returned to Keysight must be shipped to the shipping address specified by Customer Support. Hardware packaged incorrectly may be damaged in shipping, which will invalidate the Hardware Warranty with respect to that item and may cause you to incur a repair or replacement charge. **THE ASSIGNED RMA NUMBER MUST BE CLEARLY POSTED ON THE OUTSIDE OF THE BOX.** Keysight is responsible for all packing, shipping, insurance costs, taxes, tariffs, and duties (collectively, “Shipping Costs”) due in connection with your return of any item, and you assume the risk of loss and damage for all such items in transit to the shipping address specified by Customer Support. Except as otherwise provided below, Keysight is solely responsible for all Shipping Costs due in connection with Keysight’s return of any repaired or replacement item under the Hardware Warranty, and Keysight assumes the risk of loss and damage for all such items in transit to your return address. If Keysight must return any repaired or replacement item to a location outside of the United States of America, then the foregoing sentence will not apply and, instead, the transportation terms will be the same as those of the initial product sale. Title to any replacement items will transfer to you when risk of loss transfers from Keysight to you pursuant to the foregoing. If Keysight is requested to return any repaired or replacement item to a country that is different from the country in which the item was originally purchased, then Keysight may, at its sole option, either return the item to the country in which it was originally purchased or charge you for any additional costs incurred by Keysight as a result of that change. If a returned item is determined by Keysight to not contain a Defect or otherwise not be covered by the Hardware Warranty, then Keysight may, at its sole option, charge you for any related costs incurred by Keysight, and you will be responsible for the return of that item to you and for all related Shipping Costs.

**IMPORTANT:** Before shipping any hardware in accordance with the instructions above, you must (1) back up the data on any hard drive(s) or on any other storage device(s) in that hardware, (2) remove any confidential, proprietary, or personal information (collectively, “Confidential Information”), (3) remove any removable media, such as DVDs, and (4) de-register all Ixia branded software licenses that are registered to that hardware. Keysight will not be responsible for any loss of or damage to your data or your removable media. Further, except as expressly set forth in a written agreement that has been signed by Keysight, and to the extent permitted by applicable law, Keysight will have no liability for any use or disclosure of your Confidential Information.

**Advanced Replacement:** Ixia branded hardware covered by the Hardware Warranty will be entitled to Advanced Replacement if (i) within the ninety (90) day period immediately following the date on which Keysight first ships such hardware, you notify Customer Support in the manner specified above that such hardware contains a potential Defect, and (ii) Customer Support issues an RMA number for such...
hardware. “Advanced Replacement” means that, at your request, Keysight will use commercially reasonable efforts to initiate shipment of replacement hardware within two (2) business days following Keysight’s issuance of such RMA. If you make use of Advanced Replacement, you must return the hardware that contains the potential Defect (the “Defective Hardware”) to Keysight as instructed above within fifteen (15) days following your receipt of the replacement hardware, or you will be charged Keysight’s then-current, applicable list price for the replacement hardware. Ownership of the Defective Hardware will transfer to Keysight upon Keysight’s receipt thereof. You acknowledge that the replacement hardware may be refurbished hardware and/or may be a different model than the Defective Hardware (so long as it is a substantially similar model).

2. Limited Software Warranty
Subject to the exceptions in Section VII below, Keysight provides a limited warranty with respect to its Software (the “Software Warranty”). The term “Software” refers to Ixia branded software and firmware programs that are provided by Keysight, but excludes any Third Party Software. The term “Third Party Software” refers to third party software programs that are provided by Keysight but that are separate and distinct from Keysight’s proprietary software (e.g., a third party operating system or antivirus program).

What Is Covered: The Software Warranty only covers the most current General Availability (GA) version of the Software and the most current Early Adopter (EA) version of the Software. Further, the Software Warranty only covers programming defects and errors in the Software that materially and adversely affect the operation of the Software in accordance with its documentation (each, an “Error”). The Software Warranty does not cover Third Party Software.

For How Long: The Software Warranty is effective for twelve (12) months from the Delivery Date (such time period is referred to herein as the “Initial Software Warranty Term”). The term “Delivery Date,” as used herein, means the first date on which Keysight (i) has shipped the media containing the corresponding Software or has made it available for electronic download and (ii) has provided you with any required license key needed to download, install, and/or activate such Software.

What Keysight Will Do: Keysight’s sole obligation under the Software Warranty is to use commercially reasonable efforts to correct or provide a work around for each Error.

What You Must Do: If, during the applicable Software Warranty term, you believe you have discovered an Error, please contact Customer Support using one of the methods listed online at support.ixiacom.com. Customer Support may require some or all of the following information in order to assist in resolving your problem:
- Software version.
- Software license key number or registration information.
- Model number of corresponding hardware.
- Serial number of corresponding hardware.
- Detailed problem description.
- Customer name, address, and telephone number.

Third Party Software: All Third Party Software is provided by Keysight “AS IS” and with no warranty. However, Third Party Software may be covered by a separate warranty provided by the third party licensor of that software. Further, if any Ixia branded hardware or Software product fails to operate substantially in accordance with its documentation as the result of any defect in any Third Party Software, then Keysight will use commercially reasonable efforts to obtain a remedy for that defect, provided that such Ixia branded hardware or Software product (i) is covered under the Hardware Warranty or Software Warranty (as applicable), and (ii) is designated by Keysight as compatible with that Third Party Software. For assistance with any such defect, please contact Customer Support using one of the methods listed at support.ixiacom.com.

3. Professional Services Warranty
Keysight warrants that all Professional Services will be performed in a good and workmanlike manner, consistent with applicable industry standards (the “Professional Services Warranty”). As used herein, the term “Professional Services” refers to services provided by Keysight for a fee that are separate and distinct from the warranty, maintenance, and support services described elsewhere in this Warranty Agreement. The Professional Services Warranty will be in effect for thirty (30) days following completion of the corresponding services (the “Warranty Period”). Customer’s sole and exclusive remedy for any breach of the Professional Services Warranty will be for Keysight, at its option, to either re-perform the non-conforming services or refund the corresponding fees paid by Customer hereunder, and Keysight will have no obligation with respect to any such breach that is first reported to Keysight after the Warranty Period.

4. Technical Support
Subject to the product-specific exceptions in Section VII below, Keysight will provide you with technical support services to assist you with the installation, operation, and/or configuration of each Ixia branded product that you have purchased or licensed, and to assist you with any Defects or Errors that you believe you have identified (“Technical Support”). Technical Support will only be provided for so long as that product is covered under the Hardware Warranty or Software Warranty (as applicable), and you must be registered with Keysight as the original owner/licensee of that product to receive Technical Support. Except as otherwise determined by Keysight in its sole discretion, all Technical Support will be provided remotely (e.g., via telephone and/or email, or through ixiacom.com). Further, except as expressly set forth in Section VI below or as otherwise determined by Keysight in its sole discretion, Technical Support will only be provided during the hours specified on our website at support.ixiacom.com (“Business Hours”) for the region in which the applicable Support Center is located. To locate the applicable contact information for Customer Support, or to access any online Technical Support resources available with respect to the Ixia branded product that you have purchased or licensed, please visit that website.

5. Software Updates
Subject to the exceptions in Section VII below, Keysight will make available to you all Updates for Software that you have licensed for so long as that Software is covered under the Software Warranty. The term “Updates” refers to modifications, enhancements, and upgrades to
Software that Keysight makes generally available, at no additional fee, to its other customers who are covered by the same Software Warranty. For the avoidance of doubt, the term “Updates” does not include any modifications, enhancements, or upgrades to Software that are licensed separately for an additional fee. All Updates and Error corrections provided for Software pursuant to this Warranty Agreement will constitute part of that Software and are provided to you under the terms of the applicable software end user license agreement for that Software.

6. Additional Services
You may purchase, for an additional fee, the services described below in this Section VI (individually and collectively, the “Additional Services”) to supplement the warranties, support, and services described above. Keysight may, in its sole discretion, not offer or cease offering any of the Additional Services for any products. Notwithstanding anything in this Warranty Agreement to the contrary, for so long as a product is covered by the Additional Services, that product shall also be covered by, as applicable, the Hardware Warranty, the Software Warranty, Technical Support, and Updates.

**Essential Support.** For each Ixia branded product covered by Essential Support, Keysight will use commercially reasonable efforts to respond to each of your requests for Technical Support regarding that product within two (2) Business Hours following Keysight’s initial receipt of that request. For so long as an Ixia branded hardware product is covered by Essential Support, that product will be eligible for Advanced Replacement. Use of Advanced Replacement is conditioned upon the issuance of an RMA number for that product by Customer Support.

**Enterprise 24x7 Support:** For each Ixia branded product covered by Enterprise 24x7 Support, (i) Keysight will use commercially reasonable efforts to respond to each of your requests for Technical Support regarding that product within two (2) hours following Keysight’s initial receipt of that request, and (ii) a senior Support Advocate (either Director level or above and designated by Keysight) will, at your request and up to once per calendar quarter, meet with you at the time and location agreed upon by you and Keysight (“Support Advocate Meeting”) to discuss your existing and closed Technical Support cases with respect to that product, any proposals you may have for Keysight to improve its support services, and any recent or anticipated improvements to Keysight’s support services that may benefit you. Support Advocate Meeting rights for a particular calendar quarter expire at the end of that calendar quarter and may not be accrued or rolled over to subsequent quarters. For so long as an Ixia branded hardware product is covered by Enterprise 24x7 Support, that product will be eligible for Advanced Replacement. Use of Advanced Replacement is conditioned upon the issuance of an RMA number for that product by Customer Support.

7. Exceptions

**BreakingPoint Software Products:** You will only be entitled to Technical Support and Updates for the BreakingPoint Software that you have licensed if, and for so long as, that Software is covered by an Application Threat Intelligence (“ATI”) subscription. An ATI subscription also entitles you to StrikePack Updates. StrikePack Updates contain new security attacks and application protocols for BreakingPoint Software. You must pay an additional fee for an ATI subscription.

**BreakingPoint Hardware Products:** For so long as your BreakingPoint hardware product is covered by the Hardware Warranty, that product will be eligible for Advanced Replacement. Use of Advanced Replacement is conditioned upon the issuance of an RMA number for that hardware by Customer Support.

**IxCatapult Products:** For all IxCatapult products that are delivered to you outside of Japan, both the Initial Hardware Warranty Term and the Initial Software Warranty Term shall be three (3) months in length.

**ThreatARMOR Products:** ThreatARMOR products are not covered by either the Hardware Warranty or the Software Warranty unless such products are also covered by either Essential Support or Enterprise 24x7 Support. Further, Essential Support and Enterprise 24x7 Support for a ThreatARMOR product must be purchased together with an ATI subscription. You must pay additional fees for Essential Support, Enterprise 24x7 Support, and the bundled ATI subscriptions.

**TradeView Products:** You will not receive any Updates to the Market Data Feeds Decoder for any TradeView products that you have purchased unless you have an active Feed Decoder subscription. You must pay an additional fee for a Feed Decoder subscription.

**Mobile Applications:** From time to time, Keysight may make one or more mobile software applications (“Apps”) available for use in conjunction with one or more of the Ixia branded products. Apps may be made available through the Apple App Store, the Google Play Store, or otherwise. All Apps are provided “AS IS,” and you shall not be entitled to any warranty, support, or software updates of any kind with respect thereto.

**Professional Services:** You will not be entitled to the Hardware Warranty, the Software Warranty, or Technical Support in connection with any goods or services provided to you as part of the Professional Services.

8. Coverage Limitations

**WHAT IS NOT COVERED:** NOTWITHSTANDING ANYTHING IN THIS WARRANTY AGREEMENT TO THE CONTRARY and in addition to all other limitations set forth in this Warranty Agreement, the Hardware Warranty, Software Warranty, the Professional Services Warranty, Technical Support, Updates, any Additional Services that you have purchased, and any other services identified herein that you have purchased (collectively, the “Services”) do not cover:

- Products with missing or altered serial numbers.
- Hardware products that have been opened, or for which any of the security screws have been removed without Keysight’s prior authorization.
• Products for which Keysight (or Keysight’s authorized reseller, if applicable) has not received full payment in accordance with the applicable payment terms.
• Lost or stolen products.
• Non-serialized accessories, such as cables, baffles, and mounting brackets (unless the corresponding Ixia branded hardware base unit for such item is covered under the Hardware Warranty, in which case Keysight’s sole obligation shall be to use commercially reasonable efforts to provide the Services for such item).
• Problems that result from:
  o external causes such as accident, abuse, misuse, or problems with electrical power;
  o servicing not authorized by Keysight;
  o installation or usage that is not in accordance with the corresponding documentation provided by Keysight;
  o failure to perform commercially reasonable preventative maintenance; or
  o use of accessories, parts, components, or software not supplied by Keysight.
• Problems that are first reported after the effective period of the applicable Services.
• The physical installation or physical deployment of any products (except if and to the extent that such services were to be provided as part of the corresponding Professional Services).

Repairs Do Not Extend Warranty Periods: Except as otherwise expressly provided above with respect to hardware products, the effective periods of the Services will not be extended as the result of any repairs, replacements, Error corrections, or Software updates provided hereunder.

Not Transferable: Only the original end user authorized by Keysight to use the Ixia branded product(s) may receive the corresponding Services. None of the Services may be assigned or transferred, directly or indirectly, by operation of law or otherwise. Any such termination will not affect any amounts due from you hereunder, and you will not be entitled to any refund of any pre-paid amounts as a result of any such termination.

Services Provided in English: Except as otherwise determined by Keysight in its sole discretion, all Services shall be provided in the English language only.

Force Majeure: Keysight shall not be liable for failing to perform any of its obligations under this Warranty Agreement if such failure is due to a cause beyond Keysight’s reasonable control.

9. Other Limitations

DISCLAIMER OF WARRANTIES: Keysight warrants that ALL HARDWARE, SOFTWARE, SOFTWARE MEDIA, THIRD PARTY HARDWARE INTEGRATED INTO A KEYSGIHT SOLUTION, AND THIRD PARTY SOFTWARE INTEGRATED INTO A KEYSGHIT SOLUTION PROVIDED BY KEYSIGHT OR ITS AUTHORIZED RESELLERS AS PART OF OR IN CONNECTION WITH ANY IXTA BRANDED PRODUCT, OR IN CONNECTION WITH THIS WARRANTY AGREEMENT (Collectively, THE "KEYSIGHT DELIVERABLES") will, for a period of sixty (60) days from the date of your receipt, perform substantially in accordance with Keysight’s published specifications for the KEYSGHIT DELIVERABLES. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EXCEPT AS EXPRESSLY SET FORTH HEREIN, THE "KEYSIGHT DELIVERABLES, THIRD PARTY HARDWARE OR THIRD PARTY SOFTWARE THAT IS NOT INTEGRATED INTO A KEYSGHIT SOLUTION, PROFESSIONAL SERVICES, AND OTHER SERVICES ARE PROVIDED "AS IS", AND KEYSGHIT AND ITS SUPPLIERS AND LICENSORS DO NOT MAKE AND SPECIFICALLY DISCLAIM ALL EXPRESS AND IMPLIED WARRANTIES OF EVERY KIND RELATING TO THE KEYSGHIT DELIVERABLES AND/OR USE OF THE KEYSGHIT DELIVERABLES (INCLUDING, WITHOUT LIMITATION, ACTUAL AND IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT), AS WELL AS ANY WARRANTIES THAT THE KEYSGHIT DELIVERABLES (OR ANY ELEMENTS THEREOF) WILL ACHIEVE A PARTICULAR RESULT OR WILL BE UNINTERRUPTED OR ERROR-FREE.

LIMITATIONS ON LIABILITY: TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT WILL KEYSGHIT BE LIABLE UNDER ANY THEORY OF LIABILITY FOR ANY CONSEQUENTIAL, INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR EXEMPLARY DAMAGES OF ANY KIND, INCLUDING, WITHOUT LIMITATION, DAMAGES ARISING FROM LOSS OF PROFITS, REVENUE, DATA, OR USE, OR FROM INTERRUPTED COMMUNICATIONS OR DAMAGED DATA, OR IN CONNECTION WITH CUSTOMER'S ACQUISITION OF SUBSTITUTE GOODS OR SERVICES, OR ANY SUCH DAMAGES ARISING FROM BREACH OF CONTRACT OR WARRANTY OR STRICT LIABILITY, EVEN IF KEYSGHIT OR ANY OTHER PERSON HAS BEEN ADVISED OR SHOULD KNOW OF THE POSSIBILITY OF SUCH DAMAGES. WITHOUT LIMITING THE FOREGOING, KEYSGHIT’S MAXIMUM AGGREGATE LIABILITY IN CONNECTION WITH THIS WARRANTY AGREEMENT AND/OR IN CONNECTION WITH ANY DELIVERABLES (OR YOUR LICENSING, PURCHASE, OR USE THEREOF) WILL NOT EXCEED THE CONTRACT PRICE. THE FOREGOING LIMITATIONS WILL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY. THE FOREGOING EXCLUSION/LIMITATION OF LIABILITY SHALL NOT APPLY TO (1) PERSONAL INJURY OR DEATH RESULTING FROM KEYSGHIT’S NEGLIGENCE; (2) FOR FRAUD; OR (3) FOR ANY OTHER MATTER FOR WHICH LIABILITY CANNOT BE EXCLUDED BY LAW.

Unauthorized Persons Cannot Change Terms: Additional statements by agents, employees, or resellers of Keysight do not constitute warranties by Keysight, do not bind Keysight, and may not be relied upon. This Warranty Agreement may only be amended by a written agreement signed by both parties.

Export Restrictions: You expressly agree that you assume full responsibility for obtaining any and all required export authorizations from all applicable government authorities prior to exporting, re-exporting or transferring any items, technology or technical data and for
complying with all applicable laws and regulations relating to any such transfer or transaction. You shall not sell or transfer any items, technology or technical data to any entity designated or identified by the U.S. Government as a restricted person or included on any U.S. Government-maintained restricted person list, including, but not limited to, (i) the Specially Designated Nationals and Blocked Persons List, (ii) the Foreign Sanctions Evaders List, (iii) the Sectoral Sanctions Identification List, (iv) the Entity List, (v) the Denied Persons List, and (vi) the Unverified List (collectively, “US Restricted Lists”). Further information on these and other applicable lists can be found at www.treasury.gov or www.bis.doc.gov. Keysight may, in its sole discretion, suspend performance or cancel all or part of the order if you are designated on US Restricted Lists or you do not comply with the provisions of this section and may, in its sole discretion, refuse to perform any post-sale services with respect to the items (including, but not limited to, any repair or replacement under warranty) if such activities would involve in any way, an entity on any US Restricted Lists. Keysight may, in its sole discretion, require you to provide an end user certificate and/or an export license prior to Keysight’s delivery of any item to you.

**Governing Law and Jurisdiction:** This Warranty Agreement and the rights and obligations of the parties hereunder will be governed by and construed in accordance with the Federal laws of the United States without giving effect to principles of conflicts of law. THIS WARRANTY AGREEMENT WILL NOT BE GOVERNED OR INTERPRETED IN ANY WAY BY REFERRING TO ANY LAW BASED ON THE UNIFORM COMPUTER INFORMATION TRANSACTIONS ACT (UCITA), AND THE UNITED NATIONS CONVENTION ON CONTRACTS FOR THE INTERNATIONAL SALE OF GOODS IS HEREBY EXCLUDED.

**Termination:** Any such termination will not affect any amounts due from you hereunder. For subscription licenses, this Warranty Agreement will terminate when your subscription expires or is terminated.

**Severability:** If any provision of this Warranty Agreement is held to be invalid or unenforceable by a court of competent jurisdiction, the remaining provisions of this Warranty Agreement will remain in full force and effect, and the provision affected will be construed so as to be enforceable to the maximum extent permissible by applicable law.

**Survival:** This Section IX of this Warranty Agreement will survive any expiration or termination of this Warranty Agreement for any reason and continue in full force and effect in perpetuity.

10. **Renewals**
You may renew the Services for one or more additional, successive terms, subject to your issuance of a purchase order and subject to the following conditions and limitations:

- The renewal agreement be in writing and signed by both parties.
- Renewal fees and renewal term lengths will be as determined by Keysight in accordance with the GSA pricelist and as set forth in the applicable purchase order.
- Renewal terms must be continuous with no gaps in coverage. Any reinstatement of coverage after a gap in coverage is to Keysight’s approval.
- Except as otherwise set forth in a written agreement signed by Keysight, all of the terms, conditions, and limitations set forth in this Warranty Agreement will apply with respect to each such renewal order.
- Certain Services may only be renewed together with certain other Services. Please contact the Support Renewals team at renewals@ixiacom.com or your account representative for an explanation of these dependencies.
- Notwithstanding anything in this Warranty Agreement to the contrary, on and after the End-of-Development Date for an Ixia branded product, Keysight may refuse to provide code changes to correct Errors in that product. Such End-of-Development Dates are set forth in Keysight’s End of Life Policy for Ixia branded products, which is posted at support.ixiacom.com.
- Keysight may, at any time and in its sole discretion, cease offering renewal terms for any of the Services, refusal to renew any of the Services, or condition any such renewal upon your acceptance of terms and conditions that are in addition to, or different than, the terms and conditions set forth in this Warranty Agreement which must be agreed to in writing by both parties.
EC America Rider to Product Specific License Terms and Conditions (for U.S. Government End Users)

1. **Scope.** This Rider and the attached KBZ Communications, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   w) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

   x) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   y) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   z) **Termination.**Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   aa) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

   bb) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   cc) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   dd) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   ee) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

ff) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

gg) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

hh) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

ii) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

jj) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

kk) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees that the attached Manufacturer Specific Terms and this Rider contain no verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

mm) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

nn) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

oo) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

pp) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

qq) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

rr) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

KBZ COMMUNICATIONS, INC.

KBZ COMMUNICATIONS, INC. LICENSE, WARRANTY AND SUPPORT TERMS

Warranty Disclaimer. EXCEPT AS EXPRESSLY STATED IN THIS ATTACHMENT A, NEITHER PARTY MAKES ANY OTHER REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, REGARDING ANY MATTER WHATSOEVER WHETHER ARISING BY STATUTE OR OTHERWISE IN LAW AND SPECIFICALLY DISCLAIMS LIABILITY IN CONNECTION WITH SUCH WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE OR NON-INFRINGEMENT AND ANY IMPLIED WARRANTY ARISING FROM A COURSE OF DEALING OR PERFORMANCE OR USAGE OF TRADE.

SERVICE SUMMARY

This document describes the services offerings of the KBZ ZCare Technical Support Program ("ZCare"). It outlines the deliverables by Contractor through KBZ ZCare Technical Support Services to an Ordering Activity of Contractor ("Ordering Activity"). An "Ordering Activity" is defined as either an End User customer who has purchased ZCare from Contractor for Cisco TelePresence equipment and/or systems.

Service definitions herein will focus on three core deliverables by Contractor through ZCare Technical Support Services:

1. SoftCare Software Support
2. Advanced Replacement Service
   a. RMA Process in Support of Advance Equipment Replacement
   b. Delivery and Collection RMA
   c. End of Life Statement
3. Help Desk Telephone Technical Support
   a. Help Desk Call Flow
   b. ZCare Service Level Commitment
   c. Escalation Procedure

This document additionally addresses Call Flow and Escalation Management for critical situations.

1. SOFTCARE SOFTWARE SUPPORT

SoftCare support is a maintenance component of the ZCare Technical Support program that makes available to the Ordering Activity, all applicable software releases. To ensure better communication and awareness of this software notification program, ZCare Technical Support Services will automatically alert the Ordering Activity when new releases are available.

The SoftCare e-mail notification will contain, at minimum, the following key information:

1. Feature list (a brief explanation of the contents and benefits of the software release)
2. Download instructions
3. Release Key information
4. WEB Release Key Generator

2. ADVANCED REPLACEMENT SERVICE

The ZCare Advanced Replacement Service provides for replacement equipment, return paperwork, and arrangement for collection of faulty equipment.

Next-day support for advanced parts exchange is available until 5:00 EST within the United States. It is the responsibility of the Ordering Activity to (1) ensure that faulty equipment is returned in original packaging provided with delivery of the replacement parts, and (2) to return and ship faulty equipment within 15 working days of receipt of the replacement equipment (unless special conditions are agreed to in advance; reviewed on a case-by-case basis).

Disclaimer: ZCare technical Support Service endeavors to deliver replacement equipment within 24 hours in the United States. However, neither Contractor nor ZCare Technical Support Services can be held liable for delays caused by events outside of our direct control.

RMA Process in Support of Advanced Parts Replacement

1. ZCare Technical Support Services will open a Work Order on an existing trouble ticket.
2. ZCare will complete an RMA with Ordering Activity shipping information, product information (serial number, part number, software version, installed options) and a fault description.
3. ZCare will forward the RMA to Cisco for processing and product shipment.
4. Replacement equipment will be dispatched from Cisco’s warehouse the next business day after receipt of a correctly completed RMA.

5. Once replacement equipment has been shipped, the warehouse will forward tracking information to ZCare Technical Support Services. Contractor through a KBZ representative will then forward this information to the Ordering Activity.

6. This policy applies Monday through Friday, local holidays excluded; regional delivery lead times apply; shipped the same day, up to 5:00 local time, for next day delivery.

7. Larger equipment shipped as freight may take 3 to 5 days for delivery.

Note: Due to the weight and dimensions of plasmas and monitors delivery time may vary for these items.

**Delivery & Collection RMA**

Contractor through Cisco will send replacement parts together with return paperwork. *In this case, The Ordering Activity must:

1. Return all faulty units in the factory supplied packaging delivered and containing the replacement parts
2. Sign and return shipping invoice and shipping documents
3. Schedule pick-up/collection of failed/replaced equipment
4. Cisco will pay shipping costs in both directions * 
5. It is the responsibility of the Ordering Activity to ensure that faulty parts (1) returned in original packaging provided with delivery of the replacement parts, and (2) return shipped within 15 working days of receipt of the replacement parts (unless special conditions are agreed to in advance. This will be reviewed on a case-by-case basis).

**END OF LIFE STATEMENT**

The ZCare Technical Support Services commits to providing technical support and development on all components manufactured by Cisco for a period of five years beyond the announced en-of-sale-date. This support will include the following items:

- **Spare or replacement parts** in accordance with the KBZ Return Materials Authorization (RMA) process.
- **Access to ZCare Help Desk** availability 20 hours a day, 7 days a week.
- **SoftCare email notifications** of related Cisco software maintenance releases.

**TELEPHONE TECHNICAL SUPPORT**

The Ordering Activity may report product problems and failures to Contractor through ZCare Technical Support Services via the designated toll free number: 1-888-492-2734. All calls are entered into the call tracking system.

**Help Desk Call Flow and Escalation Process**

When a call or email comes into the Help Desk, the problem tracking and resolution process proceeds as follows:

- Technical support representative assigns a unique Trouble Ticket Number.
- Technical support representative requests the system serial number from the Ordering Activity. If the serial number is not available, representative will still open a ticket, but shipping and troubleshooting delays may result.
- Technical support representative assess problem, and then assigns a Case Priority Level based on criteria explained in Table 1: Case Priority Levels and Response Time Targets.
- Technical support representative dispatches technician in accordance with priority level response time.
- As deployments or milestones occur within the troubleshooting process, the ZCare Online Ticketing System is updated.
- ZCare Service level offering is based on the criteria explained in Table 1: Case Priority Levels and Response Time Targets. If escalation is required outside of this regular process, the Ordering Activity should use the escalation procedure defined under “ZCare Service Level Commitment” on page 4.

<table>
<thead>
<tr>
<th>Priority Level</th>

**ZCARE SERVICE LEVEL COMMITMENT**

In addition to problem solving related to Cisco TelePresence equipment, Contractor through ZCare Technical Support Services will work with the Ordering Activity to collaborate in solving network issues impacting equipment used and deployment. Table 2 describes the ZCare Service level commitment by the priority level assigned to the case.

<table>
<thead>
<tr>
<th>Priority Level</th>
<th>Service Level</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Urgent</td>
<td>An existing network is down or there is a critical impact to the Ordering Activity’s business operation. Cisco, Partner and End User will commit full-time resources to resolve the situation.</td>
</tr>
<tr>
<td>2. Critical</td>
<td>Operation of an existing network is severely degraded, or significant aspects of the Ordering Activity’s business operation are being negatively impacted by unacceptable product performance.</td>
</tr>
</tbody>
</table>
Cisco, KBZ, and Contractor will commit full-time resources during Standard Business Hours to resolve the situation.

3. High
Operational performance of the network is impaired while most business operations remain functional. Cisco, Partner, and Ordering Activity are willing to commit resources during Standard Business Hours to restore services to satisfactory levels.

4. Normal
Information or assistance is required on Cisco product capabilities, installation, or configuration. There is clearly little or no impact to the Ordering Activity’s business operation. Cisco, Partner, and Ordering Activity are willing to provide resources during Standard Business Hours to provide information or assistance as requested.

ESCALATION OVERVIEW
The ZCare Technical Support Services 24/7 Help Desk provides services escalation resulting from support that is not meeting the actual service levels outlined herein, or in a service emergency where support requirements dictate a response outside of the scope outlined herein. In this event, all escalations are to be directed to Shamus Doyle, KBZ Technical Services Manager by any of the following means:

Office: 215/348-9481 x 106 | Cell: 484/888-8034 | email: shamus.doyle@KBZ.com
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Kony, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-35F-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ's jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ)), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 482.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-Of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.
j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

(t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A

CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

KONY, INC.

KONY, INC. LICENSE, WARRANTY AND SUPPORT TERMS

1. Definitions:

1.1 “Ordering Activity Application” means a Platform-enabled mobile application developed by or for Ordering Activity or the pre-configured mobile application included in the Kony Pre-Packaged Application that is configured for its use.

1.2 “Hosting Services” means the Program hosting services provided by Kony, if applicable, pursuant to an executed hosting agreement (“Hosting Agreement”).

1.3 “Kony Studio” or “IDE” means the Kony Studio software, which is an integrated development environment that enables the development modification and deployment of a Ordering Activity Application or configuration of a Kony Pre-Packaged Application by or on behalf of Ordering Activity.

1.4 “Kony Development Cloud” or “Platform” means Kony’s standard (non-Ordering Activity-specific) unified application platform for the design, development & deployment of native on-device and web based applications, comprising of Kony’s integrated development environment and Kony’s middleware server software, all of which support the operation and use of the Ordering Activity Application.

1.5 “Kony Pre-Packaged Applications” means a specific pre-configured mobile application that is designed and developed as a single code base with common and selectable features and functionality that will be configured using Kony Studio to provide for unique branding presentation, selectable integration capabilities, and flexibility to generate native on-device, mobile web, and/or SMS/MSS clients. A Pre-Packaged Application is bundled with an application specific run-time license to a single User of the Kony Studio and Kony’s middleware server software.

1.6 “Maintenance / Support Services” means the support services provided by Contractor as described in Section 4 hereunder.

1.7 “Order” means an ordering document between Contractor and Ordering Activity that specifically references this Agreement and describes the Programs(s) licensed, pricing, license term and other terms associated with a transaction.

1.8 “Program(s)” means the executable code of the commercially released version of the Kony Studio, Kony Pre-Packaged Applications and Kony Development Cloud computer software program(s) or portion thereof made available to Ordering Activity by Kony hereunder, as specified on an Order. Programs also include releases, updates and upgrades to the Programs and documentation as may be made available to Ordering Activity by Contractor as part of Support Services.

2. Licensing.

2.1 Delivery. Upon execution of this Agreement, Contractor will provide a copy of the applicable Program(s) to Ordering Activity.

2.2 Grant of License. Contractor hereby grants to Ordering Activity a perpetual, limited, non-exclusive and non-transferable license, for the Programs specified on the applicable Order, to do the following but only to the extent that Programs are licensed by Ordering Activity on an Order (each such situation a permitted “Use”):

(a) Kony Studio. To install, execute and configure the documented development features of the Kony Studio, solely to create customized applications (including the right to embed and distribute Contractor’s redistributable .exe libraries therein provided Ordering Activity maintains a fully paid production license to the Platform), improvements, extensions or interfaces to a Ordering Activity Application or Pre-Packaged Application. Kony Studio is licensed on a per “User” basis which is a single individual designated by Ordering Activity, which may include employees, agents, independent contractors or consultants located at Ordering Activity’s facility.

(b) Kony Platform. To (i) as specified on an Order, install and execute a single User license of Kony Studio at Ordering Activity’s site and execute a single or multiple production implementation of Kony’s middleware server software by means of the Hosting Services, if hosted by Kony pursuant to an executed Hosting Agreement; or (ii) if not so hosted by Kony, as specified on an Order to install and execute a execute a single User license of Kony Studio at Ordering Activity’s site and a single or multiple production implementation of Kony’s middleware server software on Ordering Activity’s server(s), each of which to (a) access and use the administrative and other functions and features of the Platform by Ordering Activity internally; and (b) allow Ordering Activity’s authorized end users to access and use the end user features and functions of the Platform through supported channels; in accordance with the Order, documentation and this Agreement.
Kony Pre-Packaged Applications. To (i) as specified on an Order execute a single or multiple production implementation of the Pre-Packaged Application enabled by the Platform by means of the Hosting Services, if hosted by Kony pursuant to an executed Hosting Agreement; or (ii) if not so hosted by Kony, as specified on an Order to install and execute a single or multiple production implementation of the Pre-Packaged Application enabled by the Platform on Ordering Activity's server(s); and (iii) unlimited rights to distribute the client portion of the Pre-Packaged Application to Ordering Activity authorized end users for their personal use; both of which to allow (a) Ordering Activity to access and use the administrative and other functions and features of the Pre-Packaged Application internally; and (b) Ordering Activity's authorized users to access and use the end user features and functions of the Pre-Packaged Application through supported channels all in accordance with the Order, documentation and this Agreement.

(d) Documentation. To use the documentation provided by Contractor in support of Ordering Activity's permitted Use of the Programs, and to reproduce the documentation (or excerpts thereof) as are reasonably necessary to support Ordering Activity's end users.

(e) Back-Up. To reproduce and install Programs(s) on a back-up server, and execute such Programs(s) on that back-up server only for back-up, back-up testing, disaster recovery and Programs fail-over purposes when Ordering Activity's production servers are inoperative. Ordering Activity agrees to maintain accurate and current records of all locations of backup copies.

3. Restrictions. Ordering Activity acknowledges that the Programs and their structure, organization, source code and related documentation constitute valuable trade secrets of Kony and its suppliers. Accordingly, except as expressly permitted in Section 2.2, Ordering Activity agrees not to:

- use the Programs in any service-bureau, timesharing, outsourcing or fee-for-service arrangement;
- combine or merge a Program with or into another software or incorporate any Program or portion thereof into any compilation;
- disassemble, decompile, reverse engineer or otherwise attempt to derive the structure, sequence or organization of source code, except as permitted by applicable law to achieve interoperability with other software if Kony does not offer the means to do so;
- remove or alter product identification, copyright, trademark or other proprietary markings contained in or on the Programs or documentation;
- modify, adapt, recast, transform or otherwise prepare a derivative work of a Program or portion thereof;
- otherwise use or copy the Programs or permit any third party to do any of the foregoing.

4. Maintenance / Support Services. During the term, Contractor will provide Ordering Activity with Maintenance / Support Services for the Programs in accordance with its Support Services policy as follows:

Kony Support Services Overview
Support Services for the KonyOnePlatform Programs (hereinafter “Programs”) will include the following:
- Standard Web support on weekdays, excluding India holidays
- Telephone support for Severity 1 incidents on a 24x7x365 basis
- Error resolution and escalation support
- 24x7x365 access to Kony's Support Portal for trained and certified users
- Access to technical support bulletins
- Patches, corrections, updates and releases to the Program(s) as made available by Kony under Support Services.

Contractor through Kony will provide Ordering Activity's designated employee(s) access to its technical support team (“Kony Help Desk”), for technical support. Ordering Activity may contact the Kony Help Desk for Support Services through the following means:

Web: http://support.kony.com - For Kony trained and certified individuals (log error reports)
Web: https://developer.kony.com – For Ordering Activities who have valid Program licenses (downloads, documentations, developers forum)
Phone: 1-877-777-7684 (for Severity 1 Incidents)

Definition of Support Severity and Response Times
Contractor through Kony will provide Support Services based on Error Reports logged by Ordering Activity in Kony’s support portal (following Ordering Activity's initial investigation and confirmation the Error is related to the Programs). With respect to the Kony Studio “IDE” (Developer’s Toolkit) and Kony Client Platforms, to ensure the validity of Error request, the submission of Error Reports must be reviewed and submitted by those employees or agents of Ordering Activity who have received Kony's IDE Developer Certification. Error Reports will be logged by Ordering Activity in accordance with the severity level definitions below. Contractor and Ordering Activity will work together to achieve consensus, should there be any disagreement in assigned severities. Severities assigned to Error Reports may change with time if mutually agreed to by both parties. For example, an issue may be initially categorized as Severity Low and upon further investigation; it may be mutually concluded by Contractor and Ordering Activity that the issue should be reclassified as Severity Medium.

Response and Target Resolution times for Errors will be measured from the time the Error Report is logged by Ordering Activity into Kony's support portal. Error Report activity will subsequently be managed and tracked through the portal.

“Error” means a Program function which does not operate in substantial conformance to Program documentation. Any feature request initiated by the Ordering Activity which is not documented in the Program documentation for the given release will be considered an enhancement feature request.
A “Critical” or “Severity 1” Error renders the Program completely unusable or nearly unusable or introduces a high degree of operational risk in Production environment. No Workaround is available. Until this Error is resolved, the Program’s use is essentially halted. A large number of users and/or core Program functionality is severely impacted.

A “High” or “Severity 2” Error renders essential functionality of the Program to be consistently unavailable or obstructed, and causes a moderate level of hindrance or risk. Workarounds may be available, but use of the Program is acutely degraded and causes continuing operational risk. A moderate number of users are significantly impacted, but overall the Program continues to function.

A “Medium” or “Severity 3” Error is an inconvenience or causes inconsistent behavior, which does not impede the normal functioning of the Program. It could be an Error that occurs inconsistently and affects nonessential functions or is an inconvenience which impacts a small number of users or small number of devices. It may also contain visual errors where the graphical display of the Program is not ideal, but still functioning correctly.

A “Low” or “Severity 4” Error has a small degree of significance, or is a minor cosmetic issue, or is a “one off” case. A “one off” case occurs when the Error occurs infrequently and cannot be reproduced easily. These are Errors that do not impact the daily use of the Program. A Low Error is something that does not affect normal use, and can be accepted for a period of time, but user would eventually want changed.

5. Ordering Activity Acknowledgement and Obligations.

Ordering Activity acknowledges and agrees that Contractor nor Kony does not monitor communications or data transmitted through the Programs or Ordering Activity Applications, nor does Contractor nor Kony have access to such communications or data, and that Contractor nor Kony shall not be responsible for the content of any such communications or transmissions. Ordering Activity shall use the Programs and Ordering Activity Applications for authorized and legal purposes. Ordering Activity is solely responsible for the activity of its users and shall ensure that they abide by all applicable laws (including but not limited to international copyright and US Export laws) in connection with Ordering Activity’s and its users’ use of the Programs and Ordering Activity Applications including, without limitation, those related to data privacy, international communications and the transmission of technical or personal data.

5.2 Ordering Activity acknowledges and agrees that Ordering Activity’s and its users’ use of the Programs and Ordering Activity Applications are dependent upon access to telecommunications and Internet services. Ordering Activity and its users shall be solely responsible for acquiring and maintaining all telecommunications and Internet services and other hardware and software required to access and use the Programs and Ordering Activity Applications, including, without limitation, any and all costs, fees, expenses, and taxes of any kind related to the foregoing. Contractor nor Kony shall not be responsible for any loss or corruption of data, lost communications, or any other loss or damage of any kind arising from any such telecommunications and Internet services.

6. Reports.

6.1 Reserved.
6.2 Reserved.
6.3 Reserved.
6.4 Verification and Audit. Within reasonable agency regulations, and at Contractor’s written request, Ordering Activity will furnish Contractor with a certification signed by an officer of Ordering Activity verifying that the Programs are being used pursuant to the terms of this Agreement and any applicable Order. Upon at least thirty (30) days prior written notice, Contractor may audit Ordering Activity’s use of the Programs to ensure that Ordering Activity is in compliance with the terms of this Agreement and the applicable Order. Any such audit will be conducted during regular business hours at Ordering Activity’s facilities and will not unreasonably interfere with Ordering Activity’s business activities. Ordering Activity will provide Contractor with access to the relevant Ordering Activity records and facilities. If an audit reveals that Ordering Activity has underpaid license fees to Kony during the period audited, then Ordering Activity and Contractor will work diligently to true-up the account.

7. Ownership. The Programs are licensed to Ordering Activity subject to the terms of this Agreement. Contractor reserves all rights not expressly granted to Ordering Activity. Contractor retains ownership of all copies of the Programs. Ordering Activity acknowledges that the Programs contain and embed valuable, unpublished information that is proprietary and confidential to Contractor and its suppliers; Ordering Activity agrees to keep all such information confidential.

8. Reserved.

9.1 Definition. By virtue of this Agreement, the parties may have access to each other’s Confidential Information. “Confidential Information,” as used in this Agreement, means any written, machine-reproducible and/or visual materials that are clearly labeled as proprietary, confidential, or with words of similar meaning, and all information that is orally or visually disclosed, if not so marked, if it is identified as proprietary or confidential at the time of its disclosure or in a writing provided within thirty (30) days after disclosure, and any information of any nature described in this Agreement as confidential. ContractorConfidential Information includes, without limitation, the nonpublic aspects of the Programs and any software whether in source or executable code, documentation, nonpublic financial information, pricing, business plans, techniques, methods, processes, and the results of any performance tests of the Programs. The terms and conditions of this Agreement shall be deemed the Confidential Information of both parties and neither party shall disclose such information except to such party’s employees and advisors, that have a reasonable need to know such information, provided that any such third parties shall, before they may access such information, either (a) execute a binding agreement to keep such information confidential or (b) be subject to a professional obligation to maintain the confidentiality of such information.
9.2 Exclusions. Confidential Information shall not include information that: (a) is or becomes publicly known through no act or omission of the receiving party; (b) was in the receiving party's lawful possession prior to the disclosure without restriction on use or disclosure; (c) is rightfully disclosed to the receiving party by a third party without restriction on use or disclosure; or (d) is independently developed by the receiving party, which independent development can be shown by written evidence.

9.3 Use and Nondisclosure. Neither party shall make the other’s Confidential Information available to any third party or use the other’s Confidential Information for any purposes other than exercising its rights and performing its obligations under this Agreement. Each party shall take all reasonable steps to ensure that the other’s Confidential Information is not disclosed or distributed by its employees or agents in violation of the terms of this Agreement, but in no event will either party use less effort to protect the Confidential Information of the other party than it uses to protect its own Confidential Information of like importance. Each party will ensure that any agents or subcontractors that are permitted to access any of the other’s Confidential Information are legally bound to comply with the obligations set forth herein. Notwithstanding the foregoing, Confidential Information may be disclosed as required by any governmental agency or court, provided that before disclosing such information the disclosing party must provide the non-disclosing party with sufficient advance notice of the request for the information to enable the non-disclosing party to exercise any rights it may have to challenge or limit the disclosure.

10. Warranty and Disclaimer.

10.1 Limited Warranty. Contractor warrants to Ordering Activity that for a period of ninety (90) days from the date of delivery (“Performance Warranty Period”), the Programs, when used as permitted hereunder and in accordance with its documentation, will operate substantially as described in the documentation. If during the Performance Warranty Period, Ordering Activity notifies Contractor of a non-conformity in breach of the foregoing warranty through the applicable technical support Programs in writing, Contractor will, use commercially reasonable efforts to correct the non-conformity or provide a work-around within a reasonable period of time, or, if Contractor determines that it is unable to do so, Contractor will refund to Ordering Activity, any license fees paid for the non-conforming Program prorated from the date the non-conformity was reported to the end of the annual license term. In the event of a refund remedy, Ordering Activity’s license to use the affected Program will be terminated. This provision states Contractors entire liability and Ordering Activity’s sole remedy for any non-conformity in a Program.

10.2 Disclaimer. Ordering Activity assumes sole responsibility and liability for results obtained from the use of the Programs and Ordering Activity Applications and for conclusions drawn from such use. Ordering Activity acknowledges and agrees that Contractor makes no guarantee that the Programs or the use thereof by Ordering Activity or its users will satisfy Ordering Activity’s obligation to comply with industry standards or legal or other regulatory requirements, including without limitation those pertaining to data privacy and security or internal controls. EXCEPT AS EXPRESSLY PROVIDED IN SECTION 10.1, CONTRACTOR MAKES NO REPRESENTATIONS OR WARRANTIES OF ANY KIND WHATSOEVER, EXPRESS OR IMPLIED, IN CONNECTION WITH THIS AGREEMENT OR THE PROGRAMS OR SERVICES. WITHOUT LIMITING THE FOREGOING, KONY DISCLAIMS ANY WARRANTY THAT THE PROGRAMS WILL BE ERROR FREE OR UNINTERRUPTED OR THAT ALL ERRORS WILL BE CORRECTED. CONTRACTOR FURTHER DISCLAIMS ANY AND ALL EXPRESS OR IMPLIED WARRANTIES WITH RESPECT TO THE PROGRAMS AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

11. Infringement Indemnification.

11.1 By Contractor. Subject to the limitations set forth below, and within the parameters of federal regulations, Contractor shall indemnify and defend Ordering Activity against any damages awarded against Ordering Activity in, or payable by Ordering Activity in settlement of, any suit or action brought against Ordering Activity to the extent that it is based upon a claim that the Programs, provided by Contractor hereunder, infringes or misappropriates the intellectual property rights of any third party. Contractor shall at Contractor’s expense, defend any such claim for which indemnity is sought. Ordering Activity shall provide reasonable cooperation to Contractor in Contractor’s defense of any such claim. Contractor’s obligations under this Section are contingent upon: (a) Ordering Activity providing Contractor with prompt written notice of such claim; (b) Ordering Activity granting to Contractor sole authority and control over the defense and settlement of such claim, provided that Contractor shall not agree to any settlement unless Ordering Activity has expressly approved of the settlement in advance, which consent will not be unreasonably withheld, conditioned or delayed; and (c) Ordering Activity keeping Contractor informed of all material developments related to such claim and (where applicable) providing reasonable cooperation to Contractor, at Contractor’s expense, in Contractor’s defense and settlement of such claim. In the event that Contractor’s right to provide the license, or the use of the Programs, is enjoined or in Contractor’s reasonable opinion is likely to be enjoined, Contractor may elect to obtain the necessary rights, or replace or modify the relevant portions thereof, so that they become non-infringing, or, if the foregoing cannot be achieved on a commercially reasonable basis, terminate this Agreement without liability to Ordering Activity and provide Ordering Activity a pro-rated refund of any pre-paid fees. EXCLUDING THE COST OF DEFENSE, THE FOREGOING STATES THE ENTIRE OBLIGATION OF CONTRACTOR AND ITS LICENSORS WITH RESPECT TO ANY ALLEGED OR ACTUAL INFRINGEMENT OR MISAPPROPRIATION OF INTELLECTUAL PROPERTY RIGHTS BY THE PROGRAMS.

Contractor shall have no liability or obligation under this Section 11.1 to the extent that any third-party claims described herein are based on (a) use of the Programs in a manner that violates this Agreement; (b) any combination of the Programs with any software, programs, product, service, component, method, and/or other element that is not supplied by Contractor, to the extent the claim would have been avoided but for such combination; (c) any modification to the Programs is made by any person other than Contractor; (d) Contractor’s compliance with particular specifications, instructions, or requirements furnished by Ordering Activity; or (e) any claim for which Ordering Activity is responsible.

11.2 Reserved.

12. Reserved.
13. **General.**

13.1 **Reserved.**

13.2 **Waiver.** The waiver by either party of any default or breach of this Agreement shall not constitute a waiver of any other or subsequent default or breach. This Agreement may not be modified or amended except in a writing signed by a duly authorized representative of each party.

13.3 **Severability.** If any provision of this Agreement is found invalid or unenforceable, that provision will be enforced to the maximum extent permissible, and the other provisions of this Agreement will remain in force. The parties agree that neither party shall be deemed the drafter of this Agreement and, in the event any provision in this Agreement is alleged to be ambiguous, such provision will not be construed in favor of one party on the ground that the provision was drafted by the other party.

13.4 **Reserved.**

13.5 **U.S. Government End Users.** The Programs and documentation are "commercial items" as that term is defined in FAR 2.101, consisting of "commercial computer software" and "commercial computer software documentation," respectively, as such terms are used in FAR 12.212 and DFARS 227.7202. If the Programs and documentation are being acquired by or on behalf of the U.S. Government, then, as provided in FAR 12.212 and DFARS 227.7202-1 through 227.7202-4, as applicable, the U.S. Government's rights in the Programs and documentation will be only those specified in this Agreement.

13.6 **Assignment/Successors.** The parties may not assign or transfer this Agreement, in whole or in part, without the other Party's prior written consent. Any attempted assignment or transfer in violation of this Section will be null and void. Notwithstanding the foregoing, either party may assign or transfer this Agreement to its successor as part of a corporate reorganization, consolidation, merger or sale of substantially all assets of such party, provided the assignee assumes all obligations in this Agreement. Subject to the foregoing restrictions, this Agreement shall inure to the benefit of the parties and their respective successors and permitted assigns.

13.7 **Non-Exclusive Remedies.** Except as set forth in this Agreement, the exercise by either party of any remedy under this Agreement will be without prejudice to its other remedies under this Agreement or otherwise, subject to the limitations set forth in this Agreement.

13.8 **No Third-Party Beneficiaries.** This Agreement is intended for the sole and exclusive benefit of the signatories and is not intended to benefit any third party. Only the parties to this Agreement may enforce it.

13.9 **Reserved.**
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Lastline, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law, including but not limited to GSAR 552.212-4 Contract Terms and Conditions - Commercial Items. To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.2I, as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.
f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its
sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor's assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor's assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider
shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.
s) Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) Alternate Dispute Resolution. The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
END USER LICENSE AGREEMENT
(Commercial Terms and Conditions)

The GSA Schedule Contractor acting by and through its supplier, Lastline, Inc., (“Lastline”) and the user of the Licensed Product(s) purchasing under the GSA Schedule Contract (“Customer” or “Ordering Activity”), enter into this agreement including any schedules, exhibits or other attachments (collectively, this “Agreement”) effective as of the date set forth on the Order Form.

RECITAL

Lastline has developed several anti-malware software application solutions for use in protecting computers and computer network systems. Customer desires to license certain of such solutions pursuant to the terms and conditions of this Agreement.

In consideration of their respective rights and obligations as set forth in this Agreement, the parties agree as follows;

AGREEMENT

1. Definitions:

   a. **API** A set of web-based services providing programmatic access to Lastline systems and data, together with all updates, revisions, any associated tools and Documentation that Lastline may make available.
   
   b. **Artifact** Means any potentially malicious file, URL, email content, or other material submitted by the Customer to the Licensed Product for analysis.
   
   c. **Business Purpose** Use of the Licensed Products and Documentation for the protection of Customer’s networks in accordance with the terms of this Agreement.
   
   d. **Comparative Information** The criteria measured as part of a competitive analysis, including, but not limited to, performance, latency, usability, efficacy, effectiveness, identification, and detection capability, or comparison of a product’s capability to another product.
   
   e. **Documentation** User manuals regarding the Licensed Product and made available to Customer.
   
   f. **Fees** The Fees identified in the Order Form and any other Fees that may become due pursuant to this Agreement.
   
   g. **Installation Environment** The location of the data center at which the Licensed Products are hosted and accessed and as indicated on any Order Form as either Air Gap, Hosted, or On-Premises Data Share or On-Premises Private.
   
   h. **Licensed Product** As specifically indicated on any Order Form, the Licensed Product that is able to identify malicious content within Artifacts, as well as any Updates, Upgrades and new Versions that Lastline develops and makes available to Customer during the License Term.
   
   i. **Malicious Artifact** A file made available to Customer by Lastline for downloading individual Malicious Artifacts collected from the internet.
   
   j. **Order Form** Customer’s purchase order identifying the Licensed Products by SKU, complete product description and associated Fees (derived from the GSA Schedule pricelist) and incorporating the terms and conditions of this
Agreement by reference.

k. **Term License** The period of time that Customer is authorized to Use the Licensed Product, as set forth in the Agreement, and Fees are paid pursuant to the Order Form.

l. **Update** Enhancements, modifications, or improvements of the Licensed Product that contains bug fixes and/or minor enhancements or improvements that are made generally available by Lastline to its Customers for no additional license Fee. For clarification, Updates do not contain significant new features or functions that materially impact the performance and/or the nature of services rendered.

m. **Update Server** Lastline’s site on the internet from which Customer may download updates for Licensed Products including blacklists.
n. **Upgrades** A Version or upgraded Version of the Licensed Product that contains significant new features and is made generally available by Lastline to its Customers. Upgrades are only for items that do not require an additional license.

o. **Use** Authorized access to and Use of (without the right to modify) only the Licensed Products and Documentation as set forth in the Order Form and pursuant to the Agreement and solely for Business Purposes.

p. **User** The number of employees, contractors or individuals within an organization who Use or have the access to Use the Customer systems and networks on which Customer intends to Use the Licensed Product. A User who uses or has access to Customer systems and networks across multiple devices is nonetheless counted as a single User.

q. **Version** An update or upgrade of the Licensed Product that adds new functionality to the software.

**TERMS AND CONDITIONS**

2. **License Grant; Restrictions; Malware Artifact Access**
   
a. **License** Subject to the terms hereof, payment of all Fees, and in accordance with applicable User/Use limitations, Lastline hereby grants Customer a non-exclusive, non-transferable, limited Term License, without the right to sublicense, for Customer to Use the Licensed Products, in executable object code format only and the Documentation for Business Purposes. The Term License is limited to the term, number of Users and Installation Environment indicated on the Order Form. Customer agrees to notify Lastline at the time of renewal of any changes in the number of Users being protected or any changes to the Installation Environment.

   b. **Restrictions** Customer may not rent, lease, sell, transfer (by sublicense, assignment or otherwise), time share, modify, adapt, alter, translate, reproduce, copy, make derivative works from, distribute, publish, use to provide rental or service bureau services, or publicly display the Licensed Products or Comparative Information. Customer may only Use the Licensed Products and Documentation for Business Purposes. Customer may not reverse engineer, decompile, disassemble or otherwise attempt to discover or reconstruct the source code, underlying ideas, algorithms, programming interfaces or configuration files for the Licensed Products, except as may be allowed under applicable law and only to the extent that applicable law prohibits or restricts reverse engineering restrictions, and then only with prior written notice to the respective owners. Customer may not use the Licensed Products or Documentation to build similar or competitive products. Customer may not publish or disclose to any third party any performance or benchmark tests, analyses, or any Comparative Information relating to the Licensed Products or the use thereof. Customer may not permit any person or entity to breach the restrictions in this Subsection 2b (Restrictions). Any future release, Update, Upgrade or Version to the Licensed Products or Documentation shall be subject to the terms of this Agreement, unless Lastline expressly states otherwise.

c. **Reservation of Rights** Notwithstanding anything to the contrary contained herein, except for the limited license rights expressly granted herein, Lastline and its suppliers and any Third Party Licensors have and will retain all rights, title and interest (including, without limitation, all patent, copyright, trademark, trade secret and other intellectual property rights) in and to the Licensed Product, to include the underlying software, the APIs, the Malware Artifacts and Documentation, and all copies, modifications and derivative works thereof. Customer acknowledges that it is obtaining only a limited Term License right to Use the Licensed Products and that irrespective of any use of the words “purchase”, “sale” or like terms hereunder, no ownership rights are being conveyed to Customer under this Agreement or otherwise.

d. **Third Party Code** The Licensed Products contain certain items of independent, third party code for which Lastline is required to provide attribution to the third party (“**Third Party Code**”). The Third Party Code is provided with certain third party data, information and feeds (collectively “Feeds”) that are owned by the applicable third party. The restrictions in Subsection 2b (Restrictions) apply to all such Feeds. A list of this Third Party Code is available at https://update.lastline.com/updates/distros/open-source-licenses.txt. Lastline represents that these Third Party Code providers will not diminish the license rights provided herein or limit Customer’s ability to Use the Licensed Product in accordance with the applicable Documentation, and neither the inclusion of Third Party Code in any Licensed Product or use of Third Party Materials will create any obligation on Customer’s part to license Third Party’s Code under any open source or similar license.

e. **Malware Artifacts Access** Customer has access to download individual Malicious Artifacts from the Licensed Product during the Term, Customer may download and Use the Malicious Artifacts solely for the purposes of testing the Licensed Products or research of the Malicious Artifact. Customer acknowledges and agrees that Customer shall only use the Malicious Artifacts in a secure and isolated lab environment. Customer assumes all risk and liability for using the Malicious Artifacts and Customer shall not distribute the Malicious Artifacts to any third parties or use the Malicious Artifacts for any purposes other than those identified herein.

3. **TERM**
   
a. **Term** Unless otherwise set forth on the Order Form, this Agreement will commence on the Effective Date and shall remain in full force unless earlier terminated (the “**Agreement Term**”).
b. **Licensed Product Term** The Licensed Product Term commences with the issuance of a license key and the license start date stated on the Order Form and expires on the end date set forth in the Order Form (“Initial Term”). Customer agrees to install the Licensed Product within 30 days of the license start date. Upon expiration of the Initial Term, the license for the Licensed Product may be renewed by Customer for successive 1-year terms by both parties executing a new Purchase Order, or option to an existing Purchase Order in writing, or a different period if so indicated on the Order Form for renewal (each a “Renewal Term”). The Initial Term and Renewal Term(s) shall be collectively referred to as the “License Product Term.”

4. **Confidentiality** The Licensed Product in source code form remains a confidential trade secret of Lastline and/or its suppliers. The Licensed Product is protected by the copyright and other intellectual property laws of the United States. Customer acknowledges that, in the course of using the Licensed Product, including the Software, Customer may obtain or learn information relating to the Licensed Product, which may include, without limitation, information relating to the performance, reliability or stability of the Licensed Product, operation of the Licensed Product, knowhow, techniques, processes, ideas, algorithms, and software design and architecture (“Proprietary Information”). As between the parties, such Proprietary Information shall belong solely to Lastline. Subject to the Freedom of Information Act, 5 U.S.C. § 552, during and after the term of this Agreement, Customer shall hold in confidence and protect, and shall not use (except as expressly authorized by this Agreement) or disclose, Proprietary Information to any third party.

5. **RESERVED.**

6. **Installation Environment/Third Party Software** When the Licensed Product is deployed in an On-Premises Installation Environment, Customer will be responsible for the cost of any third party software required to Use and enable deployments of the Licensed Product’s Sandbox functionality (e.g., Microsoft Windows, Microsoft Office). Information related to the third party software requirements is provided in the Documentation. If Customer accesses Lastline’s Malicious Artifacts, Customer is solely responsible for providing all equipment necessary for testing and researching the Artifact, including but not limited to, the secure and isolated lab environment.

7. **Additional Licenses** Subject to reasonable prior notice and upon Customer’s issuance of an Order Form for additional licenses, Lastline may increase the scope of Customer’s license to the Licensed Products.

8. **Provide Accurate Information** In consideration of Customer’s Use of the Licensed Products, Customer agrees to (i) provide true, accurate, current, and complete information about the number of Users as prompted by Lastline and (ii) maintain and promptly update the registration data to keep it truthful, accurate, current, and complete. Customer may receive account information (such as a username, password, API key or token) to use to access Customer’s account for the Licensed Product.

9. **RESERVED.**

10. **Support and Upgrades**
    a. **Support Service** Lastline will provide support to assist Customer in installing the License Products and achieving operational status for the Licensed Products in accordance with the Documentation. Additional application support services shall be made by mutual written agreement on: (i) the schedule for the performance of the additional services, (ii) Lastline’s Fees, if any, for the additional services, and (iii) any additional service terms and conditions that may be required and added by mutual consent as an Exhibit to this Agreement.
    b. **Software Upgrades** Lastline will periodically make available to Customer through the Lastline Update Server, Updates, Upgrades and current Versions of the Licensed Products which will include corrections, and/or enhancements, and/or improvements. These will be made available at no additional Fee to Customer with an active and fully paid Licensed Product in effect during their License Term. Release of these Updates, Upgrades, and current Versions may impact the on-going support and upgrades to previous Versions of the Licensed Product as outlined in the Lastline Software Lifecycle Policy available from the Lastline Customer Support Portal at [https://support.lastline.com](https://support.lastline.com), and as updated by Lastline from time to time, Customer is responsible for maintaining a currently supported Version for any On-Premises deployments of the Licensed Product(s), to include Hybrid, On-Premises and Air Gap Configurations.
    c. **Access to the Lastline Update Server** Lastline will use commercially reasonable efforts to make the Lastline Update Server accessible, but Lastline does not warrant or guarantee continuous availability.
    d. **Standard Term** Application support services and access to the Lastline Update Server are subject to this
Agreement’s terms and timely payment of all Fees.

11. RESERVED.

12. Warranty
   a. Performance Warranty For the duration of the License Product Term of an active and fully paid Lastline Licensed Product, Lastline warrants that the Licensed Products will perform substantially as specified in the Documentation. Lastline does not warrant that the Licensed Products or Documentation, will meet Customer’s requirements and expectations, that Licensed Products will be uninterrupted or error-free, or that the Licensed Products will protect Customer’s networks from specific threats.
   b. Remedy for Performance Warranty Breach Lastline’s sole obligation with respect to a breach of this Section 12 is to use commercially reasonable efforts to correct the breach. If Lastline is unable to correct the breach despite its use of commercially reasonable efforts, then Lastline will notify Customer and Customer may terminate this Agreement. In the event Customer terminates this Agreement, Lastline will issue to Customer a pro-rata refund of the prepaid fees based on the balance of the then-current Term remaining for the applicable Licensed Products. The foregoing remedy is Customer’s exclusive remedy and Lastline’s sole liability for a breach of the Warranty as set forth herein.
   c. Warranty Disclaimer Except as expressly provided herein, neither Lastline nor its third party licensors make any additional warranty with regard to the Licensed Product, including that of any of Lastline’s third party licensors and documentation. Customer expressly understands and agrees that to the extent permitted by applicable law, customer’s use of the malware artifacts is at customer’s sole risk and customer shall be solely responsible for any damage to customer’s property or person, including, but not limited to, damage to customer’s computer networks and systems or any other loss that results from accessing the malware artifacts. Customer acknowledges and agrees that, except as expressly provided herein, no additional warranties are made with regard to the malware artifacts collected from the internet. To the fullest extent allowed under applicable law, Lastline disclaims all other express, implied, and statutory warranties with regard to the Licensed Products including, but not limited to the implied warranties of merchantability, or fitness for a particular purpose. Lastline does not warrant that the Licensed Products will perform error free or without interruptions.

13. Limitation of Liability. In no event shall Lastline be liable for indirect, incidental, special or consequential damages (including costs of procurement of substitute goods) arising out of or relating to this agreement or any product or services, even if advised of the possibility of such damages. Lastline’s total liability arising out or relating to this agreement or any products or services will not exceed the amount paid for the Licensed product to which the claim relates, regardless of whether any remedy set forth herein fails of its essential purpose or otherwise. This clause shall not impair the U.S. Government’s right to recover for fraud or crimes arising out of or related to this Contract under any federal fraud statute, including the False Claims Act, 31. U.S.C. §§ 3729-3733, and the foregoing limitation of liability shall not apply to personal injury or death resulting from Licensor’s negligence, or for any other matter for which liability cannot be excluded by law.

14. RESERVED.

15. Ownership Customer agrees that as a condition of its rights hereunder, Customer will not remove any product identification, copyright, proprietary or any other notices on the media, within the code and on all copies thereof, and on the Documentation, which appear on the media or within the code of the Licensed Products, and/or on all materials delivered by Lastline.

16. RESERVED.

17. Reserved.

18. Privacy Customer agrees to Lastline’s collection, use, and disclosure of information as set forth in Lastline’s attached Privacy Policy (“Privacy Policy”). Lastline uses Customer personal information only in connection with the administration of Customer’s account as set forth in the Privacy Policy. In a Hosted or Hybrid Installation Environment, Lastline uses information gained during the analysis of Artifacts to assess if a subject is malicious and will use and share that information regarding Malicious Artifacts and any malware samples collected in such analysis according to the terms of our Privacy Policy.

19. GENERAL PROVISIONS

a. **United States Government Restricted Rights** All Products are commercial in nature and developed solely at private expense. The Product(s) are delivered as Commercial Computer Software as defined in DFARS 252.227-7014 (June 1995) or as a commercial item as defined in FAR 2.101(a) and as such is provided with only such rights as are provided in Lastline’s Software License Agreement for such software. Technical data is provided with limited rights only as provided in DFARS 252.227-7015 (Nov. 1995) or FAR 52.227-14 (June 1987), whichever is applicable.

b. **Export** Customer is responsible for listing the country or countries in which any Lastline technology is deployed/used in the Order Form. Customer may not use, export, import, or transfer the Licensed Products and Documentation except as authorized by U.S. law, the laws of the jurisdiction in which Customer obtained the Licensed Products and Documentation, and any other applicable laws. In particular, but without limitation, the Licensed Products and Documentation, may not be exported or re-exported (a) into any United States embargoed countries, or (b) to anyone on the U.S. Treasury Department’s list of Specially Designated Nationals or the U.S. Department of Commerce’s Denied Person’s List or Entity List. By using the Licensed Products and Documentation, Customer represents and warrants that (i) Customer is not located in a country that is subject to a U.S. Government embargo, or that has been designated by the U.S. Government as a “terrorist supporting” country and (ii) Customer is not listed on any U.S. Government list of prohibited or restricted parties. Customer also will not use the Licensed Products, Documentation, or Malicious Artifacts for any purpose prohibited by U.S. law, including the development, design, manufacture or production of missiles, nuclear, chemical or biological weapons. Customer acknowledges and agrees that products, services or technology provided by Lastline are subject to the export control laws and regulations of the United States. Customer shall comply with these laws and regulations and shall not, without prior U.S. government authorization, export, re-export, or transfer Lastline products, services or technology, either directly or indirectly, to any country in violation of such laws and regulations.
LASTLINE PRIVACY POLICY

Effective Date: December 23, 2019

This Privacy Policy applies to our Service platform owned and operated by Lastline, Inc. ("Lastline") that uses our customer’s Personal Data only in connection with the administration of their account as set forth in this Privacy Policy (“Policy”). Lastline respects the privacy of our customers and is committed to protecting the Personal Data that they share with us. This Policy describes how Lastline collects, uses, shares, secures and processes information from the networks of our customers in the course of providing threat detection Services ("Services"), and outlines the ways in which our customers can control our use of that information. The use of information collected through our service shall be limited to the purpose of providing the service for which the Client has engaged Lastline.

Terms

- **Artifact** – means any potentially Malicious file, URL, email content, or other material collected by the Sensor or submitted by the Customer to the Licensed Product for analysis.
- **Artifact Sharing** – means the sharing of Suspicious and Malicious Artifacts with Lastline as determined by the product SKU purchased by the customer. Customers not wishing to share Suspicious or Malicious Artifacts with Lastline can purchase an On-Premises Private or On-Premises Air Gap deployment.
- **Benign** – Those Artifacts Lastline scores as 0-29.
- **Hosted** – The Licensed Product is installed in a hybrid deployment where the Lastline deployment leverages a multi-tenant Hosted platform installed in the Lastline Datacenter and sensors deployed at various sites in the customer’s network.
- **Malicious** – Those Artifacts Lastline scores as 70 or higher.
- **Meta data** – Is data that describes the Artifact and results of the analysis of the Artifact.
- **On-Premises Artifact Sharing** – The Licensed Product is installed in a data center located at a Customer’s site. The Customer’s deployment shares information about Suspicious and Malicious Artifacts identified by their system with Lastline.
- **On-Premises Private** – The Licensed Product is installed in a data center located at a Customer’s site. The Customer’s system does not share any Artifacts with Lastline but is capable of receiving information about Malicious Artifacts from Lastline.
- **On-Premises Air Gap** – The Licensed Product is installed in a data center located at a Customer’s site. The Customer’s system shares no information with Lastline and does not receive any information about Malicious Artifacts from Lastline.
- **Personal Data** – means any information relating to an identified or identifiable natural person ("data subject") who can be directly or indirectly identified in particular by reference to an identifier, such as name, location etc.
- **Services** – Means the analysis of Artifacts provided by Lastline to Company.
- **Suspicious** – Those Artifacts Lastline scores between 30 and 69.
EU-U.S. Privacy Shield and Swiss-U.S. Privacy Shield

Lastline participates in, and has certified its compliance with, the EU-US. Privacy Shield Framework and the Swiss-U.S. Privacy Shield Framework. We are committed to subjecting all Personal Data received from European Union (EU) member countries and Switzerland, respectively, in reliance on each Privacy Shield Framework, to the Framework's applicable Principles. To learn more about the Privacy Shield Frameworks, and to view our certification, visit the U.S. Department of Commerce's Privacy Shield List. [https://www.privacyshield.gov]

Lastline is responsible for the processing of personal data it receives under each Privacy Shield Framework and subsequently may transfer it to a third party acting as an agent on its behalf. Lastline complies with the Privacy Shield Principles for all onward transfers of personal data from the EU and Switzerland, including the onward transfer of liability provisions.

With respect to personal data received or transferred pursuant to the Privacy Shield Frameworks, Lastline is subject to the regulatory enforcement powers of the U.S. Federal Trade Commission. In certain situations, we may be required to disclose personal data in response to lawful requests by public authorities, including to meet national security or law enforcement requirements.

If you have unresolved privacy or data use concerns that we have not addressed satisfactorily, please contact our U.S.-based third-party dispute resolution provider (free of charge) at https://feedback-form.truste.com/watchdog/request.

Under certain conditions, more fully described on the Privacy Shield website, you may be entitled to invoke binding arbitration when other dispute resolution procedures have been exhausted.

Lastline commits to cooperate with the panel established by the EU data protection authorities (DPAs) and the Swiss Federal Data Protection and Information Commissioner (FDPIC) and comply with the
advice given by such authorities with regard to human resources data transferred from the EU and Switzerland in the context of the employment relationship.

IN THE EUROPEAN ECONOMIC AREA
Contact us or our European GDPR Representative at the address below or by sending an email to security@lastline.com. Please include your contact information, the name of the Lastline product or website, and a detailed description of your request or privacy concern.

Information the Lastline Product Collects

Lastline analyzes the traffic on a network and is designed to detect threats posed by malware, as well as communication with Malicious hosts on the internet. Lastline will collect and analyze certain Artifacts (files, URLs, as well as web and email content that could pose a threat to the organizations) that are transmitted via web traffic and as email attachments.

Lastline takes steps to avoid collecting information from our customer’s network that could personally identify their end users or collect or view any data that could be reasonably associated to such information. However, the data we collect through our Services to identify security risks may also contain some Personal Data (i.e. username, email address or IP address). This information is only used in protecting the IT infrastructure of the organization.

INFORMATION LASTLINE INSPECTS

Network traffic, including:

- The domain names resolved on the network including the host (IP Address) that resolved the domain.
- The content of some network connections that could pose a risk to an organization.
- Network flows to which Lastline network sensors have visibility.
- Executable programs, scripts, documents or other potential Artifacts that may contain executable code downloaded via the web (if Lastline network sensors are deployed) or sent as email messages and attachments (if Lastline email sensors are deployed).
  - This includes email headers and any potentially malicious content in the email body.
  - Refer to the Lastline Technical Support Knowledge Base for explicit details on files.
Lastline is able to analyze.

- In On-Premises deployments of Lastline product offerings, with Artifact Sharing enabled (default behavior), the following Artifacts are shared with Lastline:
  - Artifacts Lastline identifies and scores as Suspicious (30+) or Malicious (70+) [default; users customizable] are shared with Lastline for additional analysis.
These sharing options can be altered by the customer pursuant to their license agreement to expand file types shared with Lastline. (customers may refer to the Lastline Technical Support Knowledge Base or the user documentation for additional information regarding this functionality.)

Email contents, including:

- Header information from email messages inspected by the Lastline Sensor or submitted via the API.
- In hosted Deployments: Potentially Suspicious or Malicious Email Attachments
- On-Premises Artifact Sharing Deployments: Any submitted Suspicious and Malicious content.

**INFORMATION LASTLINE RETAINS**

- Alert information, as well as activity that could become an alert, is collected whenever a computer is attached to a customer’s network and performs Malicious activity for the purpose of providing organizations with meaningful reports regarding their security posture.
  - In On-Premises deployments, this data is stored on the local Manager, and not share with Lastline.
  - In Hosted deployments, this data is stored in the Lastline Data Center.
- Lastline will retain versions of all content submitted to the Lastline Hosted infrastructure, directly leveraging the UI or via the API. Artifacts are retained if submitted via the API, unless the delete after analysis flag has been set in the API call. Artifacts are always retained when submitted via the UI.
- For customers with a Hosted deployment, Lastline will retain all Artifacts captured by the Lastline Sensor as well as any file the user uploaded or has configured to be uploaded to the system.
- Lastline will generate and retain metadata as well as subsequent stage Artifacts generated during the Lastline analysis. This includes metadata about the file and behaviors observed during analysis, process snapshots, screenshots of analyzed content.
- Customers with On-Premises systems can use the configuration options provided in the product portal to view, manage, and disable information that should never be shared/transmitted to Lastline. All data is retained for customers with a Hosted deployment for 30 days after the term of the agreement.

**INFORMATION LASTLINE SHARES**

- Lastline will share the hashes and Meta data about Malicious Artifacts that are detected within a Hosted or On-Premises deployment (if Artifact Sharing is enabled).
  - Metadata about the file is not available to a customer, unless that customer’s Lastline deployment has analyzed the same Artifact, or the Artifact is publicly available on the Internet.
- Lastline may exchange some Malicious Artifacts and Artifact metadata submitted to the Lastline Platform with other cyber security vendors, with whom we have a confidentiality agreement, to allow both vendors to improve and enhance their respective technologies to defend against new threats or attack vectors.
  - Pursuant to the license agreement, Customers can opt-out of this level of sharing any Malicious Artifacts with Lastline by sending an email to support@lastline.com.

Information Lastline Collects
In order for a customer to license our products and obtain technical support Services, we will collect certain Personal Data, such as the first and last names of our contacts, mailing address (including postal code), email address, cell phone or work phone. This information is used only in connection with the administration of a customer’s account with Lastline and for no other purpose.

For the purpose of marketing activities, we may collect the following Personal Data from you: name, title, location, company name, phone number and email address via our website, if you wish to request some types of product or company related content, a product demo or contact us for other reasons.

If you believe that we have inappropriately collected your Personal Data and you would like to request that it be removed from our databases, please contact our Data Protection Officer at privacy@lastline.com.

USER DATA SUPPLEMENTATIONS

We may receive information about you from other sources, including publicly available databases or third parties from whom we have purchased data and may combine this data with information we already have about you. This is to help us update, expand and analyze our records, identify new customers, and provide products and Services that may be of interest to you. If you provide us Personal Data about others, or if others give us your information, we will only use that information for the specific purpose for which it was provided to us.

Examples of the types of Personal Data that may be obtained from public sources or purchased from third parties and combined with information we already have about you, may include:

- Address information about you from third party sources, such as the U.S. Postal Service, to verify your address so we can properly send necessary correspondence.
- Purchased marketing data about our prospects or customers from third parties that is combined with information we may already have about you to create more tailored information about our products.

In order to opt-out of our marketing communications, please send a request to our Data Protection Officer at privacy@lastline.com.

HOW WE USE THE DATA WE COLLECT
Lastline does not sell, trade or rent to third parties any of the information we collect from our customer’s network, or Personal Data (together “the Data”). We may use the Data that we collect for the following purposes:

- To provide our customers with our Services;
- To provide our customers with customized content;
- To process and respond to inquiries related to the Services or to our customer’s account;
- To provide our customers with important notices relating to the Services, including scheduled downtime and updates to the software;
- To provide, maintain, protect and improve our Services; and
- To protect Lastline and our customers.

Tracking Technologies

Lastline and its partners use cookies or similar technologies to analyze trends, administer the website, track users’ movements around the website, and to gather demographic information about our user base as a whole. You can control the use of cookies at the individual browser level, but if you choose to disable cookies, it may limit your use of certain features or functions on our website or service.

As is true of most websites, we gather certain information automatically. This information may include Internet protocol (IP) addresses, browser type, Internet service provider (ISP), referring/exit pages, the files viewed on our site (e.g., HTML pages, graphics, etc.), operating system, date/time stamp, and/or clickstream data to analyze trends in the aggregate and administer the site.

We partner with a third party to implement marketing programs promoting Lastline and our products on third-party websites using cookies or similar technology. As part of this process we do not collect any Personal Data about website visitors. Anyone can remove themselves from these programs simply by erasing the cookies on their computer. Please note that you will continue to receive generic ads on some websites other than Lastline.com; this is outside of the control of Lastline.

The use of cookies by our partners, affiliates, tracking utility company, and service providers is not covered by this Policy. We do not have access or control over these cookies. Our partners, affiliates, and
service providers use session ID cookies to understand usage patterns on the website. These companies are obligated to protect our customer’s Personal Data in accordance with their own policies, and Lastline is not responsible for the privacy practices of other companies’ websites or Services to which our products and Services may link or otherwise refer.

In order to personalize communications with our customers and to improve our Services, we may also ask you to provide consumer satisfaction information regarding your experience with our Services. You have the option of choosing not to provide that information.

Third Party Partners

To provide the Lastline Hosted and some On-Premises Services, we may share submitted Artifacts and other meta data with third parties that provide Services, such as information processing, data storage and security Services, for instance Cloud hosting and data service providers. These third parties are only authorized to use our customer’s data as necessary to provide Services to Lastline and are obligated to protect our customer’s network data with provisions at least as protective as those contained in this Policy, and each such provider has security measures in place at least as protective as those described in this Policy.

SHARING WITH SERVICE PROVIDERS

We may share your information with third parties who provide services on our behalf to help with our business activities. These companies are authorized to use your Personal Data only as necessary to provide these services to us. These services may include:

- Delivering letters or packages
- Payment processing
- Providing customer service
- Sending marketing communications
- Conducting research and analysis
- Providing cloud computing infrastructure
Legal Notice
We may disclose your Personal Data as required by law, such as to comply with a subpoena or other legal process, when we believe in good faith that disclosure is necessary to protect our rights, protect your safety or the safety of others, investigate fraud, or respond to a government request.

If Lastline is involved in a merger, acquisition, or sale of all or a portion of its assets, you will be notified via email and/or a prominent notice on our website of any change in ownership, uses of your Personal Data, and choices you may have regarding your Personal Data.

We may also disclose your Personal Data to any other party with your prior consent.

Protection of Personal Data

Lastline takes precautions, including administrative, technical, and physical measures, to safeguard our customer’s Data against loss, theft, and misuse, as well as against unauthorized access, disclosure, alteration and destruction.

Lastline uses industry-standard efforts to safeguard the confidentiality of Data, including encryption, firewalls and SSL (Secure Sockets Layer). We have implemented reasonable administrative, technical, and physical security controls to protects against the loss, misuse, or alteration of our customer’s Data.

Lastline as a Service Provider

Lastline collects information under the direction of its customers and has no direct relationship with the individuals whose Personal Data it processes. If you are an employee or client of one of our customers and have questions, please contact your IT Security Team or Managed Service Provider for additional information. We may transfer contact information of customers and prospects to companies that help us provide our Service. Transfers to subsequent third parties are covered by the service agreement with our customers.
Lastline acknowledges that you have the right to access your Personal Data. An individual who seeks access, or who seeks to correct, amend, or delete inaccurate data should direct their query to our customer (the data controller). If requested to remove data, we will respond within a reasonable timeframe.

Access & Data Retention

Upon request, Lastline will provide you with information about whether we hold any of your Personal Data. If you wish to correct, amend, cancel your account or request that we no longer use your information to provide Services, you may contact us at: info@lastline.com. We will respond to your request within a reasonable timeframe. We will retain your information for as long as your account is active or as needed to provide you with our Services. We will retain and use your information only as necessary to comply with our legal obligations, resolve disputes, and enforce our agreements.

Newsletter Preferences

You may sign up to receive an email or newsletter or other communications from us. If you would like to discontinue receiving this information, you may update your email preferences by using the “Unsubscribe” link found in emails we send to you or at your member profile on our website or by contacting us at support@lastline.com.

Notification of Privacy Policy Changes

We may update this Policy from time to time to reflect changes to Lastline’s information practices. If we make any material changes, we will notify you by email (sent to the email address specified in your account) or by means of a notice on this website prior to the change becoming effective. We encourage our customers to periodically review this page for the latest information on our privacy practices.

ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS
LOGRHYTHM, INC.

LOGRHYTHM, INC. LICENSE, WARRANTY AND SUPPORT TERMS

These Terms and Conditions (the "Agreement") set forth the terms and conditions agreed to by LogRhythm, Inc. ("LogRhythm") and the Customer identified on the Order to which this Agreement is attached and incorporated ("Customer") under which Customer may license the software and purchase the hardware specified on the Order and other purchase orders submitted by Customer and accepted by LogRhythm. No Order shall be binding upon LogRhythm until accepted by LogRhythm in writing. In consideration of the mutual covenants and conditions set forth below, LogRhythm and Customer agree as follows:

1. DEFINITIONS.

1.1 "Appliance" means the appliance listed on an Order comprised of the Hardware and the Software installed on the Hardware.

1.2 "Documentation" means the user manuals provided to Customer with the Software or an Appliance in either electronic, online help files or hard copy format. All Documentation is provided in English.

1.3 "Delivery Date" means the date of delivery of the Appliance or the Software only, as applicable.

1.4 "Effective Date" means the date the Order was signed.

1.5 "Intellectual Property Rights" means all copyrights, trademarks, service marks, trade secrets, patents, patent applications, moral rights, contract rights and other proprietary rights.

1.6 "Hardware" means the hardware purchased from LogRhythm as set forth on an Order.

1.7 "Software" means the LogRhythm software programs identified in an Order, all Documentation for the Software, and any Updates (as defined in Exhibit A) that LogRhythm may provide to Customer in connection with Support Services.

2. SOFTWARE LICENSE GRANT AND OTHER RIGHTS.

2.1 Software License Grant. Subject to the terms and conditions of this Agreement, LogRhythm grants to Customer a perpetual, non-exclusive, non-transferable license to use the Software, solely for internal business purposes in accordance with the Documentation and the limitations set forth in the Agreement. If Customer has purchased an Appliance, then the Software may only be used on the Hardware on which the Software has been installed. If Customer licenses the Software for use in a virtual environment each virtual instance requires its own software license. Customer may make a copy of the Software as necessary for back up and disaster recovery purposes.

2.2 Restrictions On Use. Except as expressly permitted by this Agreement, Customer will not (a) modify, adapt, alter, translate, or create derivative works from the Software; (b) sublicense, distribute, sell or otherwise transfer the Software to any third party; (c) use the Software in any service bureau or time sharing arrangement; (d) reverse engineer, decompile, disassemble, or otherwise attempt to derive the source code for the Software or (e) otherwise use or copy the Software except as expressly permitted in Section 2.1.

2.3 License Keys. Customer acknowledges that the Software uses a license key mechanism and that use of the Software on a perpetual basis (as opposed to a temporary basis for evaluation purposes) requires authorized and valid license keys ("License Keys") that must be installed by Customer. Customer agrees not to use unauthorized license keys or otherwise circumvent LogRhythm's license key mechanism. LogRhythm will provide the License Keys upon payment in full of all applicable Fees. If LogRhythm has not received the License Fee payment from Customer within the payment time period set forth in Section 5.6, LogRhythm will not be obligated to provide Customer with the License Keys and the Software will cease functioning unless Customer requests and obtains an extension of the evaluation period from LogRhythm.

2.4 System Files. All system files, including SQL Server database files and transaction logs, used by an Appliance must reside on either the Appliance or an external storage device purchased from LogRhythm ("Supported Equipment"). Notwithstanding the foregoing, system files do not include LogRhythm archive files.

3. DELIVERY, INSPECTION AND INSTALLATION.

3.1 HARDWARE PURCHASE AND DELIVERY. If Customer is purchasing Hardware, then, subject to terms and conditions of this Agreement, Customer hereby agrees to purchase the Hardware from LogRhythm, and LogRhythm hereby agrees to sell the Hardware to Customer, pursuant to the applicable Order and the terms and conditions of the Multiple Award Schedule 70 contract.

3.2 License of Software Only. If Customer is licensing the Software and not purchasing Hardware, then this Section 3.2, the terms and conditions of the Multiple Award Schedule 70 contract and the task/delivery order will govern the delivery of Software. If Customer has not already obtained a copy of the Software prior to the Effective Date, LogRhythm will ship to Customer the Software and Documentation and/or provide Customer a support account from which Customer can download the Software and Documentation in accordance with LogRhythm's reasonable instructions. Customer is responsible for configuring customer provided hardware or virtual environment in accordance with the configuration parameters as noted in the Documentation. Improper hardware or virtual environment configuration may prevent the Software from operating properly and any such nonstandard configuration may not be supported by LogRhythm.

3.3 Software Delivery. Without limiting the warranties in Section 6.1 below, the Software will be deemed delivered the day the License Key is provided to Customer. Unless otherwise mutually agreed to in writing, Customer is responsible for installing the Software and License Keys in accordance with the Documentation.

4. MAINTENANCE; DEPLOYMENT; TRAINING.

4.1 Maintenance. Customer may obtain technical support and Software maintenance described in Exhibit A attached to this Agreement and incorporated herein ("Support Services") in accordance with the applicable Order and the terms and conditions of the Multiple Award Schedule 70 Contract. Upon termination of Support Services Customer may continue to use the Software without the benefits provided under the Support Services Exhibit.

4.2 Professional Services. Subject to the terms and conditions of this Agreement, including the payment by Customer of the professional service fees ("Professional Service Fees") set forth in an Order, LogRhythm will provide to Customer the professional services...
described in Exhibit B attached to this Agreement and incorporated herein ("Professional Services"). Customer must use any contracted Professional Services within one year of the Effective Date.

4.3 Training. Subject to payment of any training fees ("Training Fees"), Customer may obtain training services from LogRhythm in accordance with the applicable Order and the terms and conditions of the Multiple Award Schedule 70 contract.

5. FEES AND PAYMENT.

5.1 Fees. Customer will pay LogRhythm the applicable Appliance price ("Appliance Fee") or Software license fees ("License Fees" and collectively, "Fees") as set forth in and in accordance with the applicable Order. All Fees are nonrefundable unless otherwise expressly stated herein.

5.2 Professional Service Fees. Customer will pay the Professional Services Fees set forth in and in accordance with the applicable Order and the terms and conditions of the Multiple Award Schedule 70 contract.

5.3 Support Services Fees. Customer will pay the Support Services Fees as set forth in the terms and conditions of the Multiple Award Schedule 70 contract.

5.4 Additional Orders. Customer may order more Appliances, Software product modules and additional usage of the Software as permitted under this Agreement by executing the LogRhythm Order in addition to submitting written purchase orders to LogRhythm in accordance with the terms and conditions of the Multiple Award Schedule 70 contract.

5.5 Records. Customer will maintain complete and accurate records of its use of the Software and all other data reasonably necessary for verification of compliance with this Agreement.

5.6 Audit Rights. LogRhythm will have the right, during normal business hours, in accordance with United States Government security requirement and upon at least five (5) days prior written notice, to have an independent audit firm selected by LogRhythm audit Customer’s records relating to Customer’s activities pursuant to this Agreement in order to verify that Customer has complied with the terms of this Agreement. The audit will be conducted at LogRhythm’s expense. LogRhythm may submit a request for payment of alleged owed amounts in accordance with the terms and conditions of the Multiple Award Schedule 70 Contract. Such audits will be conducted no more than once in any period of twelve (12) consecutive months.

6. WARRANTY; DISCLAIMER.

6.1 Software Warranty. For a period of ninety (90) days after the Effective Date (the “Software Warranty Period”), LogRhythm warrants that the Software, when used in accordance with the instructions in the Documentation, will operate as described in the Documentation in all material respects. LogRhythm does not warrant the Customer’s use of the Software will be error-free or uninterrupted. LogRhythm will, at its own expense and as its sole obligation, correct any reproducible error in the Software reported to LogRhythm by Customer in writing during the Software Warranty Period. If LogRhythm determines that it is unable to correct the error or replace the Software, LogRhythm will refund to Customer all License Fees and Support Service Fees actually paid for the defective Software, in which case this Agreement and Customer’s right to use the Software will terminate.

6.2 Hardware and Third Party Software Warranty. All Hardware and third party software is provided to Customer under the applicable warranty for such Hardware or third party software that is made available from the Hardware manufacturer or third party software licensor. LogRhythm provides no warranties directly to Customer for any Hardware or third party software.

6.3 Disclaimers. THE EXPRESS WARRANTIES IN SECTION 6.1 ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS, IMPLIED, OR STATUTORY, REGARDING THE SOFTWARE, HARDWARE AND SUPPORT SERVICES, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NON-INFRINGEMENT AND ANY WARRANTIES ARISING FROM COURSE OF DEALING OR COURSE OF PERFORMANCE WHICH ARE HEREBY DISCLAIMED.

7. INFRINGEMENT CLAIMS.

7.1 Indemnity. LogRhythm will pay those costs and damages finally awarded against Customer in any such action, brought by a third party to the extent that the action is based upon a claim that the Software infringes any U.S. patents or any copyrights or misappropriates any trade secrets of a third party, that are specifically attributable to such claim or those costs and damages agreed to in a monetary settlement of such action. Customer shall give LogRhythm sole control of the defense of any such claim and any related settlement negotiations unless the Department of Justice ("DOJ")jurisdictional statutes (28 USC 516) grants the right to defend the Government with the DOJ, and consequently the right to exercise sole control, solely in the DOJ. In such cases, Customer and the DOJ shall consult with LogRhythm regarding any such claim and LogRhythm shall have the right to intervene in the proceedings at its own expense through counsel of its choice.

7.2 Injunction. If the Software becomes, or in LogRhythm’s opinion is likely to become, the subject of an infringement claim, LogRhythm may, at its option and expense, either (a) procure for Customer the right to continue using the Software, (b) replace or modify the Software so that it becomes non-infringing and remains functionally equivalent, or (c) accept return of the Software and refund Customer the Software Fees paid for such Software upon such termination, computed according to a thirty-six (36) month straight-line amortization schedule beginning on the Effective Date.

7.3 Exclusions. Notwithstanding the foregoing, LogRhythm will have no obligation under this Section 7 or otherwise with respect to any infringement claim based upon (a) any use of the Software not in accordance with this Agreement or the Documentation, (b) any use of the Software in combination with other products, hardware, equipment, software, or data not authorized by LogRhythm to be used with the Software, (c) any use of any release of the Software other than the most current release made available to Customer, or (d) any modification of the Software by any person other than LogRhythm or its authorized agents or subcontractors.

8. LIMITATION OF LIABILITY. IN NO EVENT WILL EITHER PARTY BE LIABLE UNDER THIS AGREEMENT FOR ANY CONSEQUENTIAL, INDIRECT, EXEMPLARY, SPECIAL, OR INCIDENTAL DAMAGES, INCLUDING ANY LOST DATA AND LOST PROFITS, ARISING FROM OR RELATING TO THIS AGREEMENT EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. LOGRHYTHM’S TOTAL CUMULATIVE LIABILITY IN CONNECTION WITH THIS AGREEMENT, THE SOFTWARE AND ANY SERVICES, WHETHER IN CONTRACT OR TORT OR OTHERWISE, WILL NOT EXCEED THE AMOUNT OF FEES PAID TO LOGRHYTHM DURING THE TWELVE (12) MONTH PERIOD PREceding THE EVENTS GIVING RISE TO SUCH LIABILITY. IN ADDITION, LOGRHYTHM DISCLAIMS ALL LIABILITY OF ANY KIND OF LOGRHYTHM’S LICENSORS. THE FOREGOING LIMITATIONS OF LIABILITY WILL NOT APPLY TO BREACH OF Sections 9 OR ANY INDEMNITY OBLIGATIONS IN Section 7. THIS CLAUSE SHALL NOT IMPAIR THE U.S. GOVERNMENT’S RIGHT TO EXPRESS OR IMPLYING RELIEF OR RELATED TO THIS CONTRACT UNDER ANY FEDERAL FRAUD STATUTE, INCLUDING THE FALSE CLAIMS ACT, 31 U.S.C. 3729-3733. FURTHERMORE, THIS CLAUSE SHALL NOT IMPAIR OR PREJUDICE THE U.S. GOVERNMENT’S RIGHT TO EXPRESS REMEDIES PROVIDED IN THE GSA SCHEDULE.
9. **CONFIDENTIALITY.**

9.1 **Confidential Information.** “Information” means information that is disclosed by a party (“Discloser”) to the other party (“Recipient”), or which Recipient has access to in connection with this Agreement, and that should reasonably have been understood by Recipient to be proprietary and confidential to Discloser or to a third party, because of legends or other markings, the circumstances of disclosure or the nature of the information itself. Information may be disclosed in written or other tangible form (including on magnetic media) or by oral, visual or other means. Information includes, without limitation, information of or relating to the Discloser’s present or future products, know-how, formulas, designs, processes, ideas, inventions and other technical, business and financial plans, processing information, pricing information, specifications, research and development information, customer lists, the identity of any customers or suppliers, forecasts and any other information relating to any work in process, future development, marketing plans, strategies, financial matters, personnel matters, investors or business operations of the Discloser.

9.2 **Protection of Information.** Recipient will not use any Information of Discloser for any purpose not expressly permitted by the Agreement, and will disclose the Information of Discloser only to the employees or contractors of Recipient who have a need to know such Information for purposes of the Agreement and who are under a duty of confidentiality no less restrictive than Recipient’s duty hereunder. Recipient will protect Discloser’s Information from unauthorized use, access, or disclosure in the same manner as Recipient protects its own confidential or proprietary information of a similar nature and with no less than reasonable care.

9.3 **Exceptions.** Recipient’s obligations under Section 9.2 with respect to any Information of Discloser will terminate if such information: (a) was already known to Recipient at the time of disclosure by Discloser; (b) was disclosed to Recipient by a third party who had the right to make such disclosure without any confidentiality restrictions; (c) is, or through no fault of Recipient has become, generally available to the public; or (d) was independently developed by Recipient without access to, or use of, Discloser’s Information. In addition, Recipient will be allowed to disclose Information of Discloser to the extent that such disclosure is (i) approved in writing by Discloser, (ii) necessary for Recipient to enforce its rights under the Agreement in connection with a legal proceeding; or (iii) required by law or by the order of a court of similar judicial or administrative body, provided that Recipient notifies Discloser of such required disclosure promptly and in writing and cooperates with Discloser, at Discloser’s request and expense, in any lawful action to contest or limit the scope of such required disclosure.

9.4 **Return of Information.** Except as otherwise expressly provided in this Agreement, Recipient will return to Discloser or destroy all Information of Discloser in Recipient’s possession or control and permanently erase all electronic copies of such Information promptly upon the written request of Discloser upon the expiration or termination of the Agreement. Recipient will certify in writing signed by an officer of Recipient that it has fully complied with its obligations under this Section 9.4.

10. **TERM AND TERMINATION**

10.1 **Term.** The term of the Agreement will begin on the Effective Date and will continue until terminated.

10.2 **Termination for Breach.** Termination may only be conducted in accordance with the terms and conditions of the Multiple Award Schedule 70 contract.

10.3 **Effects of Termination.** Upon termination of this Agreement, Customer must promptly discontinue all use of the Software, erase all copies of the Software from Customer’s computers, and return to LogRhythm or destroy all copies of the Software, Documentation and other LogRhythm Information in Customer’s possession or control. Sections 1, 2.2, 5.3, 7, 8, 9, 10.3 and 11 together with any accrued payment obligations, will survive expiration or termination of the Agreement for any reason.

11. **GENERAL**

11.1 **Proprietary Rights.** The Software and Documentation, and all worldwide Intellectual Property Rights therein, are the exclusive property of LogRhythm and its licensors. All rights in and to the Software not expressly granted to Customer in this Agreement are reserved by LogRhythm and its licensors. Customer will not remove, alter, or obscure any proprietary notices (including copyright notices) of LogRhythm or its licensors on the Software or the Documentation.

11.2 **Third Party Software.** All third party software included with an Appliance is subject to the third party license agreements and/or additional terms and conditions provided with the Appliance that are imposed by LogRhythm’s applicable third party manufacturers and licensors. Customer agrees that Customer will be bound to and comply with all such applicable license agreements and terms and conditions.

11.3 **Compliance with Laws.** Each party will comply with all applicable export and import control laws and regulations in its use of the Software and Appliances and, in particular, Customer will not export or re-export Software or Appliances without all required government licenses and Customer agrees to comply with the export laws, restrictions, national security controls and regulations of the all applicable foreign agencies or authorities.

11.4 **Assignment.** Neither party may assign or transfer, by operation of law or otherwise, this Agreement or any of its rights under the Agreement (including the license rights granted to Customer to the Software) to any third party without the other party’s prior written consent, which consent will not be unreasonably withheld or delayed.

11.5 **Force Majeure.** Except for any payment obligations, neither party shall be liable hereunder by reason of any failure or delay in the performance of its obligations hereunder for any cause which is beyond the reasonable control of such party.

11.6 **U.S. Government End Users.** If Customer is a branch or agency of the United States Government, the following provision applies. The Software is comprised of “commercial computer software” and “commercial computer software documentation” as such terms are used in 48 C.F.R. 12.212 and are provided to the Government (a) for acquisition by or on behalf of civilian agencies, consistent with the policy set forth in 48 C.F.R. 12.212; or (b) for acquisition by or on behalf of units of the Department of Defense, consistent with the policies set forth in 48 C.F.R. 227.7202-1 and 227.7202-3.

11.7 **Notices.** All notices, consents, and approvals under this Agreement must be delivered in writing by courier, by electronic mail, facsimile (fax), or by certified mail, (postage prepaid and return receipt requested) to the other party at the address set forth on the Order, and will be effective upon receipt or when delivery is refused. Either party may change its address by giving notice of the new address to the other party.

11.8 **Governing Law and Venue.** This Agreement and all Statements of Work will be governed by and interpreted in accordance with applicable Federal laws. If it is in the best interests of the Government, any action or proceeding arising from or relating to this Agreement shall be brought in a Federal District Court in Denver, Colorado, and each party irrevocably submits to the jurisdiction and venue of any such court in any such action or proceeding.
11.9 **Waivers.** All waivers must be in writing. Any waiver or failure to enforce any provision of this Agreement on one occasion will not be deemed a waiver of any other provision or of such provision on any other occasion.

11.10 **Severability.** If any provision of this Agreement is unenforceable, such provision will be changed and interpreted to accomplish the objectives of such provision to the greatest extent possible under applicable law and the remaining provisions will continue in full force and effect. Without limiting the generality of the foregoing, Section 8 will remain in effect notwithstanding the unenforceability of any provision in Section 6.

11.11 **Construction.** The headings of Sections of this Agreement are for convenience and are not to be used in interpreting this Agreement. As used in this Agreement, the word “including” means “including but not limited to.”

11.12 **Entire Agreement.** This Agreement, the Multiple Award Schedule 70 contract and the task/delivery order constitutes the entire agreement between the parties regarding the subject hereof and supersedes all prior or contemporaneous agreements, understandings, and communication, whether written or oral. This Agreement may be amended only by a written document signed by both parties.
12. Exhibit A
13. Support Services
14. Subject to the terms and conditions of the applicable software license agreement between Customer and LogRhythm ("Agreement"), the terms and conditions of the Multiple Award Schedule 70 contract and this Support Services exhibit (including payment of the applicable fees ("Support Fees"), LogRhythm will provide the Support Services in accordance with the terms and conditions set forth below. Customer must purchase identical Support Services for all installed Software and/or Appliances within a Designated Deployment (defined below) and may not select different Support Services options to cover different installations of Software and/or Appliances across deployments within a Designated Deployment. LogRhythm will be responsible for providing Support Services only for the most current release and the immediately preceding major release of the Software. End-of-Life Support for third party optional software components are in accordance with the End-of-Life policy for each such component as announced. LogRhythm reserves the right to modify its Support Services offering at any time, by providing notice to its Customers, provided such Support Services modification will not be less than what is stated in this Support Services Exhibit and the modification is agreed to in writing and signed by an authorized Government Contracting Officer.

1. DEFINITIONS.
1.1 “Business Day” means 7:00 a.m. to 6:00 p.m. (Mountain Time), Monday through Friday (excluding LogRhythm holidays).
1.2 “Designated Deployment” shall mean the deployment of the LogRhythm Software that enables complete logging and processing of Customer data.
1.3 “Enhanced Support Services” shall mean the optional purchase by Customer of 24/7 support subject to the payment of any required additional fees.
1.4 “Error” shall mean a reproducible defect in the Supported Program when operated on a Supported Environment, which causes the Supported Program not to operate substantially in accordance with the Documentation.
1.5 ‘Resolution” shall mean a modification or workaround to the Supported Program and/or Documentation and/or other information provided by LogRhythm to Customer intended to resolve an Error.
1.6 “Support Hour” shall mean an hour during a Business Day.
1.7 “Supported Environment” shall mean any hardware and operating system platform which LogRhythm supports.
1.8 “Supported Program” shall mean the current version of the Software used in a Supported Environment in use at the Designated Deployment, for which Customer has paid the then current Support Fees.
1.9 ‘Update” means subsequent minor maintenance releases of the Software (e.g., 3.1 to 3.2) and patches that LogRhythm generally makes available for Software licensees at no additional license fee to Customers provided the Customers are under a current Support Services Agreement with LogRhythm. Updates shall not include any release, option or future product which LogRhythm licenses separately from Support Services for an additional fee.
1.10 “Upgrade” means subsequent major releases of the Software (e.g. 2.0 to 3.0) that LogRhythm generally makes available for Software licenses at no additional license fee to Customers provided the Customers are under a current Support Services Agreement with LogRhythm.

2. SERVICES PROVIDED.
2.1 First Call. LogRhythm is the first tier of support for the Software and Hardware purchased through LogRhythm.
2.2 Telephone Support. LogRhythm will provide telephone support to the designated users during the Support Hours. Customer understands and acknowledges that Support Services are provided in English. Customers purchasing Enhanced Support Services will be given instructions for receiving Support Services after the end of a Business Day. Telephone support will include the following:
(a) Assistance in identifying and verifying the causes of suspected Errors in the Supported Program;
(b) Advice on bypassing identified Errors in the Supported Program, if reasonably possible;
(c) Assistance in troubleshooting and identifying Hardware-related problems;
(d) Clarification of the Documentation; and (e) Guidance in updates of the Supported Program. 2.3 E-Mail Support. Customers may contact LogRhythm support via email 24 hours a day, 7 days a week. Support emails may be sent to support@logrhythm.com.
2.4 Response Times.
(a) LogRhythm will respond to new support cases whether received via a telephone call or email within (i) four (4) Support Hours after receipt if received during a Business Day or (ii) by 12:00 p.m. Mountain Time the following Business Day if received after the end of a Business Day. LogRhythm will respond to new support cases via email or by directly contacting the applicable designated users. Response times for open support cases will vary depending on the specifics of the case and any Escalation required. If a response will require more than one business day to prepare, Customer will be notified and informed when a response can be expected.
(b) If Customer has purchased Enhanced Support Services LogRhythm will respond to new support cases received via a telephone call within four (4) hours after receipt.
2.5 LogRhythm Support Site. LogRhythm maintains a product support site containing product manuals and additional support related information (e.g., FAQ’s, Knowledge Base) Subject to the payment of Support Fees, Customer will be provided 24/7 access to the support site. Customer will be provided support accounts to use when accessing the support site.
2.6 Escalation and Severity Levels. All calls are received by Tier 1 or Tier 2 support personnel. LogRhythm’s best attempts are made to solve support issues with Tier 1 support personnel. Issues that are not able to be resolved by the Tier 1 support personnel will be escalated as outlined below:
(a) Tiered Support Definitions: Support requests will be answered and/or escalated based on the following generalized criteria. The Tier I support engineer will be the first contact and will determine escalation if an issue is not solved within 1 hour. Additional escalation will be issue specific and will remain within current contractual guidelines:

<table>
<thead>
<tr>
<th>Tier I – General questions and minor configuration changes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tier II – Functionality specific questions, advanced configuration changes and initial error investigation</td>
</tr>
</tbody>
</table>

GS-35F-0511T  
https://www.immixgroup.com/contract-vehicle/85/a/it-70/0511T/  
Page 85
### Support Ticket Escalation:

Support calls are generally not escalated if work is under way and/or a solution is being researched or created. However, severity levels are designed as means to provide escalation in cases of an inability to make systems operational as outlined below.

#### (c) **Ticket Severity:**

<table>
<thead>
<tr>
<th>Severity</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Critical (Severity 1)</strong></td>
<td>The system has crashed or is in a “hung” state, or displays a fatal error - resulting in data loss or corruption.</td>
</tr>
<tr>
<td><strong>High (Severity 2)</strong></td>
<td>System is severely degraded such that a component or feature does not meet requirements or are inaccessible or inoperable.</td>
</tr>
<tr>
<td><strong>Medium (Severity 3)</strong></td>
<td>System is slightly degraded such that a component or feature does not meet minimum or expected requirements.</td>
</tr>
<tr>
<td><strong>Low (Severity 4)</strong></td>
<td>System is functional with a minor defect or customer has general question or is requesting minor configuration change information.</td>
</tr>
</tbody>
</table>

### 2.7 Support Cases.

Each support case will be assigned a case number. Customer must provide the number when providing communications to LogRhythm regarding the support case. Support cases will be closed when Customer has verified the issue is resolved, where possible. Support cases will also be closed after three (3) Business Days of inactivity on the part of Customer and can be re-opened upon request.

#### 2.9 Unqualified Support Cases.

Unqualified support cases include questions that could have been answered by reviewing LogRhythm Documentation or information made available via the LogRhythm support site. If Customer is submitting a high volume of Unqualified Support Cases, LogRhythm and Customer will work together to determine the areas of operation underlying the cases submitted and will jointly determine a corrective course of action as required.

### 2.11 Exceptions.

LogRhythm shall have no responsibility under this Agreement to fix any Errors arising out of or related to the following causes: (a) Customer’s modification or combination of the Supported Program (in whole or in part), (b) use of the Supported Program in an environment other than a...
Supported Environment; or (c) problems related to non-LogRhythm provided hardware. Any corrections performed by LogRhythm for such Errors shall be made, in LogRhythm’s reasonable discretion, at LogRhythm’s then-current time and material charges.

3. SOFTWARE SUPPORT. Subject to the payment of the Support Services Fees or additional license fees set forth in the task/delivery order and in accordance with the terms and conditions of the Multiple Award Schedule 70 contract, LogRhythm will provide:

3.1 Updates. LogRhythm will provide Updates for the Supported Programs as and when developed for general release in LogRhythm’s sole discretion. Each Update will consist of a set of programs and files made available from LogRhythm’s web site and will be accompanied by Documentation adequate to inform Customer of the problems resolved and any significant operational differences resulting from such Update.

3.2 Upgrades. Customer will be entitled to major Software release upgrades (e.g., 2.0 to 3.0) at no additional cost while a Support Services contract is in effect. An upgrade to LogRhythm provided Hardware may be required in order to utilize any such Upgrades.

3.3 Third-Party Software Updates. LogRhythm approves and makes available information regarding Updates of Third Party software included in the Software to Customers via LogRhythm’s web site support.

3.4 Knowledge Base Updates. Customer will be entitled to knowledge base updates at no additional cost.

4. HARDWARE SUPPORT. Subject to the payment of the Support Services Fees or additional license fees set forth in the task/delivery order and in accordance with the terms and conditions of the Multiple Award Schedule 70 contract, LogRhythm will provide:

4.1 Basic Hardware Services. As part of Support Services, LogRhythm will facilitate Hardware warranty coverage with the Hardware manufacturer on servers and their components for a period of three (3) years after delivery for Hardware purchased through LogRhythm.

(a) If Hardware is replaced in whole or in part under a warranty program Customer will be responsible for the cost of any Hardware or components not returned as may be required to comply with the warranty.

(b) Modification, alteration, or any other changes to the Hardware may violate and/or void the Hardware warranty and/or Support Services agreement. In no instances should Customer open the external case of the Hardware without direction from LogRhythm personnel.

(c) Hardware shipped to customer will support the release of the Software installed on the Hardware at time of delivery and the next major release. If a second or subsequent major release of the Software requires an upgrade to the Hardware, Customer may choose to either (i) upgrade the Hardware at their cost and install the second or subsequent major release or (ii) receive Support Services on their current Hardware and Software through the life cycle of the second or subsequent major release.

(d) Hardware upgrades for enhancements to Software features included in Customers initial Software release will be provided by LogRhythm. Hardware upgrades to support new Software features provided to customer via a Software Upgrade or Update will not be provided by LogRhythm and Customer, at its option, may upgrade the Hardware to utilize such new Software features.

4.2 Enhanced Hardware Services. Hardware that is subject to an Enhanced Support Services agreement will be provided with 24/7 support with 4-hour onsite response, after troubleshooting.

4.3 Extended Warranty. Upon Customer’s renewal of Support Services in years four (4) and five (5); LogRhythm will facilitate an extended hardware warranty service for each of those years, provided such warranty service is offered by the hardware manufacturer. Hardware warranty services beyond year five (5) will continue to be facilitated by LogRhythm provided such are offered at the discretion of the hardware manufacturer.

4.4 Pre-Replacement of Defective Hardware. Hardware warranty repairs will be made in accordance with the Basic Hardware Services or Enhanced Hardware Services as contracted by Customer. Replacements for defective Hardware to be provided to Customer under the warranty program will be sent on a pre-replacement basis when possible. Customer will have ten (10) business days to return to the defective Hardware to LogRhythm. If the replacement of a complete Appliance is required, the replacement Appliance will be shipped fully configured for Customer’s use unless an alternative course of action is mutually agreed upon by LogRhythm and Customer.

5. CUSTOMER RESPONSIBILITIES.

5.1 Supervision and Management. Customer is responsible for undertaking the proper supervision, control and management of its use of the Supported Programs, including, but not limited to: (a) assuring proper Supported Environment configuration, Supported Programs installation and operating methods; and (b) following industry standard procedures for the security of data, accuracy of input and output, and back-up plans, including restart and recovery in the event of hardware or software error or malfunction.

5.2 Training. Customer is responsible for ensuring that all appropriate personnel are trained and familiar with the operation and use of the Supported Programs and associated equipment.

5.3 Designated Users. Customer shall designate a reasonable number of individuals to serve as the designated users with LogRhythm for the Support Services provided hereunder. To receive notification of any new Updates available from LogRhythm Customer must subscribe to the LogRhythm user forums.

5.4 Access to Personnel and Equipment. Customer shall provide LogRhythm with access to Customer’s personnel and, at Customer’s discretion, its equipment during Support Hours. LogRhythm will, to the best of its ability, provide Support Services to Customer in accordance with Customer’s internal security and/or network access policies. If Customer requests Support Services for an Error that requires remote access and Customer is unable to provide such access, then the Government Contracting Officer may elect to pay LogRhythm additional Support Fees and Expenses incurred for onsite Support Services so long as the additional Support was agreed to in writing by an authorized Government Contracting Officer prior to the services being rendered. If Customer does not wish to pay for such onsite Support Services, LogRhythm’s obligation to provide any Resolution for the Error shall be excused.

5.5 Customer Introduced Third-Party Software. Customer may elect to install additional software on to the Hardware on the drive specified in the LogRhythm Documentation. It is recommended that Customer contact LogRhythm before installing any software on to the Hardware. In such instance, Customer acknowledges and assumes the risk that (a) LogRhythm is not responsible for the functionality of any such software; (b) LogRhythm reserves the right to require the removal of any and all such software when addressing support issues (failure to remove such software after requested by LogRhythm will void LogRhythm’s Support Service obligations); (c) any such installation may negatively impact the performance, reliability and/or security of the Software and/or Hardware; (d) the Software may not perform as intended or in accordance with the LogRhythm Documentation; and (e) any such software which adversely affects the performance of the LogRhythm Appliance will void all warranties and cancel all Support Services obligations.

GS-35F-0511T  https://www.immixgroup.com/contract-vehicle-875a-it-70/0511T/  Page 87
EXHIBIT B LOGRHYTHM PROFESSIONAL SERVICES ATTACHMENT

Subject to the terms and conditions of the applicable software license agreement between Customer and LogRhythm to which this Exhibit B is attached and incorporated therein (“Agreement”), the terms and conditions of the Multiple Award Schedule 70 contract and this Professional Services Attachment (including payment of the applicable fees, LogRhythm will provide the Professional Services in accordance with the terms and conditions set forth below.

1. Scope of Services. LogRhythm will provide the Professional Services to Customer under this Professional Services Attachment (“PSA”). At the start of the deployment planning, Customer and LogRhythm will develop a mutually agreed upon deployment plan that will be detailed in one or more Statements of Work (“SOW”) (the “Services”). Deployment Services include but are not limited to the process of configuring the Software and/or Appliance and deploying in Customer’s environment.

2. Assumptions and Responsibilities

2.1 Assumptions. The following assumptions are hereby acknowledged by the parties and apply to the performance of the Services under this PSA:

(a) Changes to this PSA will be documented using a Project Change Request form in accordance with the process outlined in this PSA.
(b) Customer will ensure that data backup is performed. LogRhythm will not be responsible for the loss or corruption of any Customer data or for any system downtime. Except as may be purchased under a separate LogRhythm Services Agreement, LogRhythm will not be responsible for any application or host system access that encompasses coding, scripting, application analysis, system performance, troubleshooting, or applications logsins outside of the Services described in this PSA.
(c) LogRhythm reserves the right to subcontract any or all portions of the Services that LogRhythm is obligated to perform under this PSA.
(d) LogRhythm will submit written or verbal status reports on the Services being performed under this PSA as necessary and mutually agreed upon by Customer and LogRhythm.
(e) LogRhythm will provide a Project Lead with the qualifications, expertise, and knowledge to fulfill LogRhythm’s obligations under this PSA, as necessary and applicable to the PSA requirements of Section 1.
(f) Customer Responsibilities. LogRhythm will provide the Professional Services either onsite at the Customer facilities or remotely, via a remote desktop session. Services not requiring presence onsite may be performed at LogRhythm facilities by mutual agreement between Customer and LogRhythm.

2.2 LogRhythm Responsibilities. Performance of the Services includes, without limitation, LogRhythm’s undertaking of the following responsibilities as reasonably applicable to the Services being performed under this PSA:

(a) LogRhythm will use commercially reasonable efforts to complete the Services described in this PSA in a timely manner.
(b) LogRhythm will perform all appropriate services either onsite at the Customer facilities or remotely, via a remote desktop session. Services not requiring presence onsite may be performed at LogRhythm facilities by mutual agreement between Customer and LogRhythm.

2.3 Customer Responsibilities. Completion of the contingent upon Customer fulfilling the following responsibilities:

(a) Customer will complete all necessary facility arrangements prior to the commencement of the Services which will include but not be limited to such items as power, network connections, floor space, and cooling. Such required facility arrangements must be in place for the duration of this PSA.
(b) Customer will make knowledgeable staff available to LogRhythm promptly upon a request via pager, telephone, or cell phone to provide background information and clarification of information required to perform the Services outlined in this PSA.
(c) Customer will provide a Project Lead with the requisite qualifications, expertise, and knowledge who is authorized by Customer to act as a liaison between Customer and LogRhythm and assume the responsibilities detailed in Section 2.4.
(d) Customer Responsibilities. Customer will ensure that data backup is performed, as necessary and as appropriate to the Services described in this PSA.
(e) Customer will assign system administrators and operators available by phone or pager for the duration of this PSA.
(f) Customer will provide LogRhythm adequate onsite access to office space and equipment, and to telephones with outside lines and a dedicated, secure line for internet access.
(g) Should the project plan rely on electronic/network transfer of data, customer will provision and enable any network components or Services required to facilitate the data transfer.
(h) Customer will provide security passes to cover the duration of this PSA to allow LogRhythm access, and the ability to enter and leave Customer facilities, with laptop personal computers and any other materials related to the Services to be performed under this PSA.
(i) If required by LogRhythm, Customer will participate in testing as directed by LogRhythm.
(j) Customer will provide a Project Lead with the requisite qualifications, expertise, and knowledge who is authorized by Customer to act as a liaison between Customer and LogRhythm and assume the responsibilities detailed in Section 2.4.

2.4 Joint Project Management Responsibilities and Tasks. Both the LogRhythm and Customer Project Leads will ensure the following responsibilities and tasks are met as are reasonably applicable to the Services being performed:

(a) Each Project Lead will ensure that an authorized representative of its respective party will approve documents and specifications and accept Services provided in accordance with the acceptance procedures outlined in this PSA.
(b) Coordinate, schedule and monitor all resources and activities related to the Services described in this PSA.
(c) Coordinate and monitor all project change process activities related to the Services described in this PSA.
(d) Act as the focal points for communications between Customer and LogRhythm during the provision of all Services described in this PSA.
(e) Attend LogRhythm and Customer status meetings, as applicable.
(f) Upon becoming aware of a situation which may delay, or threatens to delay, the timely performance of this PSA, promptly initiate the Project Change Process as described in Section 4 of this PSA, to address the potential delay.

3. Status Notification. LogRhythm will notify Customer of the status of Professional Services hours consumed on a regular basis. Additionally, LogRhythm will also notify customer when Deployment Services have been completed in accordance with the agreed upon Statement(s) of Work.

4. Project Change Process. In accordance with the terms and conditions of the Multiple Award Schedule 70 contract, any change to a PSA will be coordinated with the LogRhythm Project Lead.

4.1 Change Initiation. LogRhythm or the Customer may initiate change requests. The reasons for a change may include: customer requests; regulatory changes; changes in technical scope; or other detail program issues or requirements. The Project Lead of the party initiating a change will submit each change request to the other party’s Project Lead, and then both Project Leads will review such request for validation.

Project changes must be submitted in a clear and concise manner in the form of a Change Request Form (Attachment A). Upon the initiation...
of a change request, both parties must agree within twenty-four (24) hours of the receipt of the Change Request Form by the non-initiating party whether or not to continue performance of the Services or to stop all Services being performed until a mutually agreed upon Change Request Form has been signed by both parties.

4.2 Change Request Review. After the submission of a Change Request Form to a Project Lead and validation of the requested change, the LogRhythm Project Lead will review the requested change to determine if it is within the scope of the SOW.

(a) Within Services Scope. If the LogRhythm Project Lead determines that the change requested by Customer is within the scope of the SOW, the Project Leads of both parties will execute the Change Request Form and implement the change into performance of the Services as appropriate.

(b) Outside Services Scope. If the LogRhythm Project Lead determines that the requested change is outside the scope of the Services the SOW, the LogRhythm Project Lead will then determine whether such requested change impacts the pricing or scheduling projections for the performance of the Services.

(i) If the LogRhythm Project Lead determines that the requested change does not impact the pricing or scheduling projections of the SOW, the Project Leads will execute the Change Request Form and implement the requested change into the performance of the Services as appropriate.

(ii) If the LogRhythm Project Lead determines that the requested change does impact the pricing or scheduling projections of the SOW, the terms of Section 4.3 will apply. This process is not intended to handle change requests which would constitute a cardinal change to the SOW. Additionally, LogRhythm reserves the right to reject change requests at its discretion.

4.3 Cost Estimate Preparation. Upon determination that the Change Request impacts the pricing or scheduling of the Services under the SOW, a cost estimate applicable to the performance of the requested change will be prepared by LogRhythm and provided to the Customer. The cost estimate will fully document the scope of the change, and provide a basis of estimate for the proposed adjustments in price, schedule, and/or other factors as applicable. If applicable, a schedule (separate from but integrated with the implementation plan) will be developed and maintained for each such authorized change.

4.4 Change Implementation. The execution of the Change Request Form by both the Multiple Award Schedule 70 Contractor, acting on behalf of LogRhythm and an authorized Government Contracting Officer, in accordance with the terms and conditions of the Multiple Award Schedule 70 contract and the Federal Acquisition Regulation and Agency Supplemental Regulations, as applicable, will cause the Change Request Form to become part of and incorporated into the SOW. Commencement of the performance of the requested change is conditioned upon the mutual execution of the Change Request, and LogRhythm’s receipt of an additional P.O. authorization to cover the agreed upon price for each requested change.

5. Fee Description and Payment

5.1 Professional Services Fees. In accordance with the terms and conditions of the Multiple Award Schedule 70 contract, Customer will pay the Professional Service Fees for the performance of the Services under this PSA.

6. Rights to Development. LogRhythm will retain all right, title and interest in and to development tools, know-how, methodologies, processes, technologies or algorithms used in providing the Services, which are based on trade secrets or proprietary information. No license to any patents, trade secrets, trademarks or copyrights is deemed to be granted by either party to any of its patents, trade secrets, trademarks or copyrights except as otherwise expressly provided in the Agreement. Rights associated with any joint development projects with Customer, if any, shall be governed by separate agreements,

7. Constructive changes. LogRhythm and Customer agree that: (a) Customer has knowledge of and control over the conditions and constraints of Customer’s facilities, and IT environment; and administers how the services on Customer’s IT infrastructure are performed; (b) LogRhythm may undertake a course of action under this engagement which was unforeseen at the time the PSA was executed but is necessary, arises from a latent or unusual condition, is at the direction of the Customer, or results from an act of omission of the Customer and, by changing LogRhythm’s manner, method, or scope of work, increases LogRhythm’s cost or schedule to perform; (c) should LogRhythm’s cost or schedule to perform so increase, LogRhythm will have the right to an equitable adjustment to the price, schedule, and/or terms of the PSA for such changes even if these changes have not been submitted through the Project entire agreement between the parties regarding the delivery of Change Process set forth in Section 4. professional services and supercedes all prior or

8. Entire Agreement. This PSA, the Multiple Award contemporaneous agreements, understandings, and Schedule 70 contract and the task/delivery order constitute the communication, whether written or oral. This Agreement may be amended only by a written document signed by both parties.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Lookingglass Cyber Solutions Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341)), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3001 et. seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

   f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

   g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

   h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

   i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.
j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.
3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A**

**CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS**

**LOOKINGGLASS CYBER SOLUTIONS, INC.**

**LOOKINGGLASS CYBER SOLUTIONS, INC. LICENSE, WARRANTY AND SUPPORT TERMS**

1. **DEFINITIONS.** Certain capitalized terms, if not otherwise defined on herein shall have the meanings set forth below in this Section 1.

   1.1. **“Appliance”** shall mean, collectively, the Computer Equipment, the Licensed Software, and any third party software and any patches, updates, improvements, additions and other modifications or revised versions that may be provided by Lookingglass from time to time ordered and paid for by Ordering Activity pursuant to an Order Form.

   1.2. **“Computer Equipment”** means Lookingglass’ network information management hardware equipment, including the various hardware components that comprise such equipment.

   1.3. **“Confidential Information”** means any material or information relating to a Party’s research, development, products, product plans, services, customers, customer lists, markets, software, developments, inventions, processes, formulas, technologies, designs, drawings, marketing, finances, or other business information or trade secrets that such disclosing Party treats as proprietary or confidential. Without limiting the foregoing, the software and any databases (including any data models, structures, non-customer specific data and aggregated statistical data contained therein) of Lookingglass shall constitute Confidential Information of Lookingglass.

   1.4. **“Customer Content”** means the data, media and content (structured and unstructured) generated, collected or recorded by the Ordering Activity or by any supplier or licensor to Ordering Activity that is uploaded, stored, analyzed and made available to and through the Licensed Software.

   1.5. **“Data”** shall mean Lookingglass’ commercially available proprietary analysis and information and third party information regarding the characteristics of certain security threats and vulnerabilities, data and analysis of malicious software and executables that is periodically provided to Lookingglass customers and the Ordering Activity through a Data Service Subscription pursuant to the terms of this Attachment A.

   1.6. **“Data Service Subscription”** shall mean Lookingglass’ service that Lookingglass customers may purchase through an Order Form, whereby the Data is delivered to the Appliance(s) at Ordering Activity’s site for use by Ordering Activity.

   1.7. **“Documentation”** shall mean Lookingglass’ standard user manuals and/or related documentation generally made available to Ordering Activities of the Licensed Software.

   1.8. **“Effective Date”** shall have the meaning set forth in Order Form placed with Contractor.

   1.9. **“Initial Term”** shall have the meaning given such term in Section 8.1.

   1.10. **“Installation Services”** shall have the meaning given such term in Section 6.2.

   1.11. **“Intellectual Property Rights”** shall have the meaning given such term in Section 4.

   1.12. **“Licensed Products”** shall mean, collectively, the Licensed Software, Data and the Documentation.

   1.13. **“Licensed Software”** shall mean, collectively, the executable, object code version(s) of Lookingglass’ proprietary software, procedures, rules or routines, including Upgrades and updates that are furnished or developed under this Attachment A or the Maintenance Services, excluding any third party applications, that is included on an Appliance.

   1.14. **“Maintenance and Support Services”** shall mean the services described in Section 6.1 and Exhibit B.

   1.15. **“Professional Services”** shall have the meaning given such term in Section 6.3.

   1.16. **“Term”** means the period during which the Order Form remains in force and effect with Section 8.1.

   1.17. **“Training Services”** shall have the meaning given such term in Section 6.4.

   1.18. **“Updates”** means a new issuance of any Licensed Software that provides: (i) minor improvements to existing features; and/or (ii) minor additions in functionality compared to the previous issuance; and/or (iii) bug fixes, corrections, patches, or work-arounds. An Update shall be identified by the numeral change to the right of the first decimal point (e.g. a change from version 1.5 to 1.6 or from 1.4.1 to 1.4.2).
1.19. ‘Warranty Period’ shall have the meaning given such term in Section 7.1.

2. PURCHASE OF APPLIANCE.

2.1. Purchase of Appliance. During the Term, Ordering Activity may purchase, and Contractor agrees to sell, the Appliance pursuant to one or more standard Order Forms, provided, however, that Ordering Activity’s rights in, and the use of, any Licensed Software, installed on such Appliance, shall be governed by the license grant and restrictions contained in Section 3.

2.2. Order Forms. During the Term, Ordering Activity may order the Appliance, Data Service Subscription and/or the Maintenance and Support Services by submitting an executed Order Form.

3. SOFTWARE & DATA LICENSE.

3.1. Software License. Subject to the terms and conditions of this Attachment A, Contractor hereby grants to Ordering Activity a limited, non-exclusive, non-transferable, non-sublicensable, perpetual license ("Lookingglass License") to use the Licensed Products for Ordering Activity’s internal use. Ordering Activity may use the Licensed Software embedded on an Appliance only with the Appliance for which the Licensed Software is provided and registered for use. Any Licensed Software is provided on separate media. Ordering Activity may (i) only use it in accordance with the terms set forth in this Attachment A and (ii) make a reasonable number of copies solely for internal backup purposes.

3.2. Data License. During the Term and subject to the terms and conditions of this Attachment A, Ordering Activity may purchase a Data Service Subscription from Contractor for use with the Appliance. Upon payment of applicable GSA fees by Ordering Activity, Contractor hereby grants to Ordering Activity a non-transferable, non-sub-licensable, non-exclusive license to download, install and use the Data on the Appliance(s) only for internal Ordering Activity purposes. Ordering Activity may install and use only a single copy of the Data on a single Appliance.

4. OWNERSHIP.

4.1. Appliances and Licensed Products. Ordering Activity acknowledges that Lookingglass and its licensors own all right, title, and interest, including all patent, copyright, trade secret, trademark, moral rights, mask work rights, and other intellectual property rights ("Intellectual Property Rights") in and to the Appliances and the Licensed Products (including all components thereof), and Lookingglass expressly reserves all rights not expressly granted to Ordering Activity in this Attachment A. Ordering Activity shall not engage in any act or omission that would impair Lookingglass' and/or its licensors’ Intellectual Property Rights in the Licensed Products and any other materials, information, processes or subject matter proprietary to Lookingglass. Raw data shall not be redistributed, republished, or posted for others not a party to this Attachment A to view, use, or otherwise manipulate.

4.2. Customer Content. Contractor through Lookingglass acknowledges that, as between the Ordering Activity and Lookingglass, Ordering Activity owns all Intellectual Property Rights in and to the Customer Content. Ordering Activity agrees that Lookingglass may copy, store, process, analyze and display such Customer Content through the Licensed Software and hereby grants to Lookingglass a non-exclusive, non-transferable right and license to use the Customer Content during the Term for the limited purposes of performing Lookingglass’ obligations under this Attachment A, solely as authorized hereunder, and to collect and use any such data, in non-user specific and aggregated statistical form, for the development and maintenance of its products and services and for Lookingglass’ other business purposes. Ordering Activity hereby represents and warrants that it has sufficient right to grant Lookingglass access to and use of the Customer Content, solely as authorized in accordance with the terms of this Attachment A. Ordering Activity shall be solely responsible for, and assumes the risk of, any problems resulting from the content, accuracy, completeness, consistency integrity, legality, reliability, and appropriateness of all Customer Content. Lookingglass shall not be responsible or liable for the deletion, correction, destruction, damage, loss or failure to store any Customer Content.

5. GENERAL USAGE RESTRICTIONS.

5.1. Prohibited Uses. Ordering Activity will not use the Appliances or the Licensed Products for any purposes beyond the scope of the licenses granted in this Attachment A. Without limiting the generality of the foregoing, Ordering Activity will not: (i) authorize or permit use of the Licensed Products by persons; (ii) distribute any copies of the Licensed Products; (iii) assign, sublicense, sell, lease or otherwise transfer or convey, or pledge as security or otherwise encumber, Ordering Activity’s rights under the licenses granted in Section 3; (iv) modify or create any derivative works of the Licensed Products (or any component thereof), except with the prior written consent of Contractor through Lookingglass; or (v) decompile, disassemble, reverse engineer or otherwise attempt to obtain or perceive the source code from which any component of the Licensed Products are compiled or interpreted, and Ordering Activity hereby acknowledges that nothing in this Attachment A shall be construed to grant Ordering Activity any right to obtain or use such source code.

5.2. Proprietary Notices. Ordering Activity shall duplicate all proprietary notices and legends of Lookingglass and its suppliers or licensors upon any and all copies of the Appliances and the Licensed Products made by Ordering Activity. Ordering Activity shall not remove, alter or obscure any Lookingglass proprietary notice or legend.

6. MAINTENANCE AND SUPPORT; OTHER SERVICES.

6.1. Maintenance and Support Terms and Conditions. Pursuant to an Order Form, the Ordering Activity may purchase Lookingglass’ Maintenance and Support Services by paying Contractor the then-applicable annual maintenance and support GSA fee. The terms and conditions that govern the Maintenance and Support Services as provided by Contractor through Lookingglass are attached hereto as Exhibit B. Any Updates provided to Ordering Activity pursuant to the Maintenance and Support Services shall be deemed part of the Licensed Software and shall be licensed under the terms and conditions of the grant of License in Section 3 above.
6.2. Installation Services. Pursuant to an Order Form, the Ordering Activity may purchase Lookingglass’ installation services, either on-site or remotely, for the Appliance (“Installation Services”).

6.3. Professional Services. Pursuant to an Order Form, the Ordering Activity may purchase Lookingglass’ professional services under which support shall be provided to Ordering Activity by Contractor through Lookingglass (“Professional Services”).

6.4. Training Services. Pursuant to an Order Form, the Ordering Activity may purchase Lookingglass’ training services (“Training Services”), under which a representative of Lookingglass shall be present at Ordering Activity’s designated location to provide training services on the operation of the Appliance(s) to the Ordering Activity.

7. WARRANTIES AND LIMITATIONS.

7.1. Limited Lookingglass Warranties. Contractor hereby warrants, for the benefit of Ordering Activity only, that the unmodified Appliances and Licensed Software will conform in all material respects to the specifications within the Documentation for a period of ninety (90) days after the delivery date (“Warranty Period”), provided that such warranty will not apply to failures to conform to the specifications to the extent such failures arise, in whole or in part, from: (i) any use of the Appliances or the Licensed Software other than in accordance with the Documentation; (ii) modification of the Appliances or the Licensed Software by Ordering Activity or any third party; or (iii) any combination of the Appliances and the Licensed Softwares with software, hardware or other technology not provided by Contractor through Lookingglass under this Attachement A. Contractor further warrants that the media on which the Licensed Products are delivered to Ordering Activity will be free of material defects for Warranty Period. During the Warranty Period, Contractor will replace the Appliances, Licensed Software, and media, free of charge to Ordering Activity, provided Ordering Activity promptly notifies Contractor of such defect and returns the Products to Contractor.

7.2. ORDERING ACTIVITY ACKNOWLEDGES AND AGREES THAT DATA AND INFORMATION PROVIDED MAY BE UNEVALUATED AND UNVERIFIED, AND SHALL NOT CONSTITUTE ANY REPRESENTATION OR WARRANTY. ORDERING ACTIVITY ACKNOWLEDGES AND AGREES THEY MUST USE ITS OWN JUDGMENT IN ASSESSING THE NATURE AND ACCURACY OF THE DATA AND INFORMATION PROVIDED.

7.3. No Other Warranties. EXCEPT AS EXPRESSLY WARRANTED IN SECTION 7.1 OF THIS ATTACHMENT A, THE APPLIANCES AND THE LICENSED PRODUCTS, AND ANY OTHER MATERIALS, SOFTWARE, DATA AND/OR SERVICES PROVIDED BY CONTRACTOR ARE PROVIDED “AS IS” AND “WITH ALL FAULTS,” AND CONTRACTOR EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES OF ANY KIND OR NATURE, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF OPERABILITY, CONDITION, TITLE, NON-INFRINGEMENT, NON-INTERFERENCE, QUIET ENJOYMENT, VALUE, ACCURACY OF DATA, OR QUALITY, AS WELL AS ANY WARRANTIES OF MERCHANTABILITY, SYSTEM INTEGRATION, WORKMANSHIP, SUITABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR THE ABSENCE OF ANY DEFECTS THEREIN, WHETHER LATENT OR PATENT. ORDERING ACTIVITY IS RESPONSIBLE FOR IMPLEMENTING APPROPRIATE PROCEDURES TO MAKE ONSITE BACK-UP COPIES OF ORDERING ACTIVITY’S PROGRAM FILES AND DATA FILES TO MINIMIZE ANY DAMAGE THAT MIGHT ARISE FROM AN ERROR OR DEFECT IN THE APPLIANCES OR THE LICENSED PRODUCTS. NO WARRANTY IS MADE BY CONTRACTOR ON THE BASIS OF TRADE USAGE, COURSE OF DEALING OR COURSE OF TRADE. CONTRACTOR DOES NOT WARRANT THAT THE APPLIANCES OR THE LICENSED PRODUCTS OR ANY OTHER INFORMATION, MATERIALS, TECHNOLOGY OR SERVICES PROVIDED UNDER THIS ATTACHMENT A WILL MEET ORDERING ACTIVITY’S REQUIREMENTS OR THAT THE OPERATION THEREOF WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT ALL ERRORS WILL BE CORRECTED. ORDERING ACTIVITY ACKNOWLEDGES THAT CONTRACTOR’S OBLIGATIONS UNDER THIS ATTACHMENT A ARE FOR THE BENEFIT OF ORDERING ACTIVITY ONLY.

8. MISCELLANEOUS.

8.1. U.S. Government End-Users. Each of the components that constitute the Licensed Software is a “commercial item” as that term is defined at 48 C.F.R. 2.101, consisting of “commercial computer software” and/or “commercial computer software documentation” as such terms are used in 48 C.F.R. 12.212. Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4, all U.S. Government end users acquire the Licensed Software with only those rights set forth herein.

EXHIBIT B
MAINTENANCE AND SUPPORT SERVICES TERMS AND CONDITIONS

1. Definitions.

   a. “Error” means any reproducible failure of the Software to perform any material function set forth in the accompanying documentation.

   b. “New Release” means a new release of the Software issued by Lookingglass provided for the purpose of materially enhancing the functionality or performance of the Software. New Release shall be identified by the numeral to the left of the first decimal point (e.g. a change from version 1.1 to 2.0).

   c. “Maintenance Release” means a bug fix or minor enhancement to the Software, which is identified by the numeral to the right of the first decimal point in the Software (e.g., a change from version 1.1 to 1.2).

   d. “Maintenance and Support Services” means that (a) Contractor through Lookingglass shall provide Ordering Activity with all Maintenance Releases released during the term for which Maintenance and Support Services fees have been paid; (b) Contractor through Lookingglass shall answer questions from Ordering Activity regarding the operation of the Software via telephone and e mail, according to the escalation procedures set forth below; and (c)
Contractor through Lookingglass shall use commercially reasonable efforts to correct any Errors in the Software reported by Ordering Activity and confirmed by Lookingglass in accordance with the priority level assigned to the Error by Lookingglass, as described in the escalation procedures set forth below.

2. **Ordering Activity Obligations.**
   
   a. Ordering Activity shall furnish descriptions and machine readable examples of Errors in the form requested by Lookingglass technical support personnel. Ordering Activity shall also assist Lookingglass’ efforts to duplicate any Errors or problems reported by Ordering Activity.

   b. Contractor through Lookingglass reserves the right to limit the number of individuals who are authorized to make requests for Maintenance and Support Services, and requests Ordering Activity to designate two (2) initial primary contacts. Such technical support contacts must be knowledgeable in the use of the Software and the Ordering Activity’s operating environment. Ordering Activity agrees to notify Lookingglass of any changes in primary support contacts within a reasonable time period.

3. **Help Desk; Escalation Procedures.**
   
   a. Contractor through Lookingglass shall provide the following support: answering of telephone calls placed to the customer support telephone number 888-SCOUT93 (726-8893), and e-mail support at support@lgscout.com. Lookingglass shall use commercially reasonable efforts to provide such support from 9 a.m. to 5 p.m. in each Continental United States Time Zone, excluding Alaska, Monday through Friday excluding U.S. holidays. Errors may be reported any time.

   b. Contractor through Lookingglass shall respond to Errors in accordance with the priority level indicated in the chart below, which priority level shall be determined by Lookingglass.

<table>
<thead>
<tr>
<th>Priority</th>
<th>Definition</th>
<th>Target Response for Initial Requests*</th>
<th>Actions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Priority 1</td>
<td>Error that renders the Software inoperative or causes the Software to fail catastrophically</td>
<td>Within 4 business hours</td>
<td>Lookingglass shall promptly initiate the following procedures upon confirmation of the Error by Lookingglass: (1) assign a senior technical support manager to correct the Error; (2) notify senior Lookingglass management that a Priority 1 defect has been reported and that steps are being taken to correct the defect; (3) provide Ordering Activity with periodic reports on the status of the resolution; (4) commence work to provide Ordering Activity with a workaround or fix.</td>
</tr>
<tr>
<td>Priority 2</td>
<td>Error that materially restricts Ordering Activity’s use of the Software</td>
<td>Within 1 business day</td>
<td>Lookingglass shall (1) assign technical support to correct the Error; (2) provide Ordering Activity with periodic reports on the status of the resolution; and (3) commence work to provide Ordering Activity with a workaround or fix.</td>
</tr>
<tr>
<td>Priority 3</td>
<td>Error that causes only a minor impact on Ordering Activity’s use of the Software and/or a defect for which a workaround is available.</td>
<td>Within 2 business days</td>
<td>Lookingglass shall (1) assign technical support to correct the Error; (2) provide Ordering Activity with periodic reports on the status of the resolution; and (3) commence work to provide Ordering Activity with a workaround or fix.</td>
</tr>
<tr>
<td>Priority 4</td>
<td>A cosmetic or documentation Error that does not impact use of the Software</td>
<td>Within 2 business days</td>
<td>Lookingglass shall (1) assign technical support to correct the Error; (2) provide Ordering Activity with periodic reports on the status of the resolution; and (3) commence work to provide Ordering Activity with a workaround or fix.</td>
</tr>
</tbody>
</table>

* Target response time for support requests by e-mail or other on-line facility is within one (1) business day.

   c. The response times set forth in the chart above are target response times only. Lookingglass’ sole obligation is to use commercially reasonable efforts to respond to Errors within such time frames, not to have resolved them.

4. **Exclusions and Limitations.** Lookingglass shall have no obligation to support:
   
   a. Altered, damaged or modified Software;

   b. Software that is not the current release or the most recent previous release;

   c. Errors or other software problems caused by Ordering Activity’s negligence, changes made by any party other than Lookingglass, hardware malfunction, and/or other causes beyond the reasonable control of Lookingglass;

   d. Software installed in an operating or hardware environment not supported by Lookingglass.
5. **Maintenance Releases.** Contractor through Lookingglass' obligations to provide Maintenance Releases shall only require Lookingglass to supply such releases as soon as reasonably possible after such releases become generally available. This Maintenance and Support Services Exhibit shall not be construed to obligate Lookingglass to provide Maintenance Releases to Ordering Activity on any specific timetable.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached McAfee ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer ("Licensee") is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

h) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when

the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) Contractor Indemnities. All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) Renewals. All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) Future Fees or Penalties. All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) Taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) Third Party Terms. When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) Dispute Resolution and Standing. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Contractor Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) Advertisements and Endorsements. Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) Alternate Dispute Resolution. The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgatedvia administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) Ownership of Derivative Works. Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

MCAFEE PUBLIC SECTOR, LLC.
BY EXECUTING THIS AGREEMENT IN WRITING, THE ORDERING ACTIVITY AGREES TO THE TERMS OF THIS END USER LICENSE AGREEMENT IF THE ORDERING ACTIVITY IS ACCEPTING THESE TERMS ON BEHALF OF ANOTHER PERSON OR COMPANY OR OTHER LEGAL ENTITY. ORDERING ACTIVITY REPRESENTS AND WARRANTS THAT ORDERING ACTIVITY HAS FULL AUTHORITY TO BIND THAT PERSON, COMPANY OR LEGAL ENTITY TO THESE TERMS.

1) IF THE ORDERING ACTIVITY DOES NOT AGREE TO THESE TERMS, THEN DO NOT EXECUTE THIS AGREEMENT. Definitions.

a) “Authorized Partner” means any of McAfee’s distributors, resellers or other business partners that are authorized by McAfee in writing to sell Support or the Software license rights granted under this Agreement.

b) “Cloud Services” means the cloud services that McAfee provides to Customer as specified in one or more Grant Letters. Access to the Cloud Services requires either an active support agreement or an active subscription, as required by the specific offering.

c) “Confidential Information” means explanatory materials in printed, electronic or online form accompanying the Software in English and other languages, if available.

d) “DATs” means detection definition files, also referred to as signature files, that contain the code(s) antimalware software uses to detect and repair viruses, Trojan horses, and potentially unwanted programs.

e) “Grant Letter” means a confirmation notice letter issued by McAfee to Ordering Activity, confirming the Software and Support purchased by Ordering Activity, including the applicable product entitlement, as defined in the Product Entitlement Definitions (further described at Section 3(a) below).

f) “High Risk Systems” means a device or system that requires extra safety functionalities such as fail-safe or fault-tolerant performance features to maintain a safe state where it is reasonably foreseeable that failure of the device or system could lead directly to death, personal injury, or catastrophic property damage. A device or system with a fail-safe feature in the event of failure may revert to a safe condition rather than break down, may include a secondary system that comes into operation to prevent a malfunction, or may operate as a backup in the event of a malfunction. A device or system with a fault-tolerant feature in the event of failure may continue its intended operation, possibly at a reduced level, rather than failing completely. Without limitation, High Risk Systems may be required in critical infrastructure, industrial plants, manufacturing facilities, direct life support devices, aircraft, train, boat or vehicle navigation or communication systems, air traffic control, weapons systems, nuclear facilities, power plants, medical systems and facilities, and transportation facilities.

g) “McAfee” means (i) McAfee, LLC, with offices located at 2821 Mission College Blvd., Santa Clara, California 95054, USA, if the Software is purchased in the United States (except as provided in subclause (vi), below), Canada, Mexico, Central America, South America, or the Caribbean, (ii) McAfee Ireland Limited, with its registered offices located at Building 2000, City Gate, Mahon, Cork, Ireland, if the Software is purchased in Europe, the Middle East, or Africa, (iii) McAfee (Singapore) Pte. Ltd., with a trading address located 101 Thomson Road 29-02/05 United Square, Singapore, 307591, Singapore, if the Software is purchased in Asia (other than China (if the Software is purchased in RMB) or Japan) or the region commonly referred to as Oceania, (iv) McAfee Co. Ltd., with offices located at Shibuya Mark City West, 12-1, Dogenzaka 1-chome, Shibuya-ku, Tokyo, 150-0043, Japan, if the Software is purchased in Japan, (v) McAfee (Beijing) Security Software Co. Ltd., with a trading address located at Room 616, No. 6 North Workers’ Stadium Road, Chaoyang District, Beijing, China, if the Software is purchased in China (in RMB), or (vi) McAfee Public Sector LLC, with offices located at 2821 Mission College Blvd., Santa Clara, California 95054, USA, if the Software is purchased by the U.S. Government, State or Local Government, Healthcare organization or Educational institution within the United States.

h) “Software” means the McAfee software program in object code format (i) licensed from McAfee and purchased from McAfee or its Authorized Partners, or (ii) embedded in or pre-loaded on McAfee-branded hardware equipment purchased from McAfee or its Authorized Partners, in each case including Upgrades and Updates that Ordering Activity install during the applicable Support period. Software may also include additional features or functionality that can be accessed with either a current subscription or active support contract to certain Cloud Services as required by the specific offering and subject to the Cloud Terms of Service.

i) “Standard” means a technology specification created by a government sponsored group, an industry sponsored group, or any similar group or entity that creates technology specifications to be used by others. Examples of Standards include GSM, LTE, 5G, Wi-Fi, CDMA, MPEG, and HTML. Examples of groups that create Standards include IEEE, ITU, 3GPP, and ETSI.

j) “Subsidiary” means any entity controlled by Ordering Activity through greater than fifty per cent (50%) ownership of the voting securities.

k) “Support” or “Technical Support” means the support services offered by McAfee for the support and maintenance of the Software and the McAfee-branded hardware equipment as further specified in the McAfee Technical Support and Maintenance Terms.

l) “Updates” are related to content of the Software, including, without limitation, all DATs, signature sets, policy updates, and database updates for the Software, and that are made generally available to McAfee’s customer base as a part of purchased Support and which are not separately priced or marketed by McAfee.

m) “Upgrade” means any and all improvements in the Software that are made generally available to McAfee’s customer base as part of purchased Support and which are not separately priced or marketed by McAfee.

2) License Grant; Proprietary Rights.

a) Subject to the terms and conditions of this Agreement, McAfee hereby grants to the Ordering Activity a nonexclusive, nontransferable right to use the Software (for the purpose of this Agreement, to use the Software includes to download, install, and access the Software) listed in the Grant Letter solely for the Ordering Activity’s own internal business operations. The Ordering Activity is not granted rights to Updates and Upgrades unless the Ordering Activity has purchased Support (or a service subscription granting rights to Updates and Upgrades).

b) The Software, including, without limitation, its object code and source code, whether or not provided to the Ordering Activity, is strictly confidential to McAfee, McAfee (or its licensors) owns exclusively and reserves all – and the Ordering Activity may not exercise any – right, title, and interest in and to the Software, including, without limitation, all intellectual property rights in and to the Software, except to the extent of the limited Software use license granted to the Ordering Activity in this Agreement. This Agreement is not an agreement of sale, and no title, intellectual property rights, or ownership rights to the Software are transferred to the Ordering Activity pursuant to this Agreement. You acknowledge and agree that the Software and all ideas, methods, algorithms, formulae, processes, and concepts used in developing or incorporated into the Software, all future Updates and Upgrades, and all other improvements, revisions, corrections, bug-fixes, hot-fixes, patches, modifications, enhancements, releases, DATs, signature sets, updates, and policy and database updates and other updates in, or to the Software, and all copies of the foregoing are trade secrets and proprietary property of McAfee, having great commercial value to McAfee. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14 (as applicable), but at a minimum, the Ordering Activity shall receive unlimited rights to
use such derivative works at no further cost. Such rights shall not be construed as granting Ordering Activity any Software or Support (including Updates and Upgrades) at no charge.

c) All Cloud Services, and any Software that includes Cloud Services, are subject to the McAfee Cloud Terms of Service Agreement as an attached document to the GSA Schedule 70 contract.

3) Copy and Use Terms.
   a) Product Entitlement: The use of the Software depends on the licenses purchased (e.g. nodes) and is subject to the Product Entitlement Definitions as an attached document to the GSA Schedule 70 contract on the applicable date of Ordering Activity’s Grant Letter.
   b) Multiple Platforms/Bundles: If the Software supports multiple platforms or if the Ordering Activity receives the Software bundled with other software, the total number of devices on which all versions of the Software is installed may not exceed the Ordering Activity’s product entitlement. Certain Software licensed as part of a suite-based McAfee product may also require the purchase of a separate McAfee server license in order to use the Software on certain types of servers, in each case as specified in the Documentation.
   c) Term: The license is effective for a limited period of time ("Term") in the event that such Term is set forth in the Grant Letter, otherwise the licenses shall be perpetual.
   d) Copies: The Ordering Activity may copy the Software as reasonably necessary for back-up, archival or disaster recovery purposes.
   e) Subsidiaries; Managing Parties: The Ordering Activity may permit a third party with which Ordering Activity enters into a contract to manage Ordering Activity’s information technology resources ("Managing Party"), provided that (i) the Managing Party only uses the Software for Ordering Activity’s internal operations and not for the benefit of another third party or the Managing Party, (ii) the Managing Party agrees to comply with the terms and conditions of this Agreement and (iii) Ordering Activity provides McAfee with written notice that a Managing Party will be using the Software on Ordering Activity’s behalf. The Ordering Activity shall be responsible and fully liable for the Managing Party’s compliance with or breach of the terms of this Agreement.
   f) General Restrictions: The Ordering Activity may not cause or allow any third party to: (i) decompile, disassemble or reverse-engineer the Software; or create or recreate the source code for the Software; (ii) remove, erase, obscure, or tamper with any copyright or any other product identification or proprietary rights notices, seal, or instructional label printed or stamped on, affixed to, or encoded in or on any Software or Documentation; or fail to preserve all copyright and other proprietary notices in all copies of the Software and Documentation made by the Ordering Activity; (iii) lease Software for timesharing or service bureau purposes; sell, market, license, sublicense, distribute, or otherwise grant to any person or entity any right to use the Software except to the extent expressly permitted in this Agreement; or use the Software to provide, alone or in combination with any other product or service, any product or service to any person or entity, whether on a fee basis or otherwise; (iv) modify, adapt, tamper with, translate, or create derivative works of the Software or the Documentation; combine or merge any part of the Software or Documentation with or into any other software or documentation; or refer to or otherwise use the Software as part of any effort to develop software (including, without limitation, any routine, script, code, or program) having any functional attributes, visual expressions, or other features similar to those of the Software or to compete with McAfee; (v) except with McAfee’s prior written permission, publish any performance or benchmark tests or analysis relating to the Software; or (vii) attempt to do any of the foregoing. The Ordering Activity may not run or operate the Software in a cloud, Internet-based computing, or similar on-demand computing environment unless the Ordering Activity’s Grant Letter specifically provides such.

4) Technical Support and Maintenance.
   a) The McAfee Technical Support and Maintenance Terms and Conditions apply if the Ordering Activity has purchased Support. The McAfee Technical Support and Maintenance Terms and Conditions are incorporated by reference and can be found as an attached document to the GSA Schedule 70 contract. After the support or service subscription period specified in a Grant Letter has expired, the Ordering Activity has no further right to receive any Support including Upgrades, Updates, and telephone support. The Ordering Activity will secure for itself and all privacy-related rights and permissions from individual persons as may be required by regulation, statute, or other law or Ordering Activity’s internal policies or guidelines in order to disclose to McAfee, in connection with McAfee’s performance of Support or otherwise under this Agreement, applicable personally identifiable information, data, and material.

5) Limited Warranty and Disclaimer.
   a) Limited Warranty: McAfee warrants that, for a period of sixty (60) days from the purchase date ("Warranty Period"), the Software licensed hereunder will perform substantially in accordance with the Documentation (the “Limited Warranty”).
   b) Exclusive Remedy: In case of any breach of the above Limited Warranty, as Ordering Activity’s exclusive remedy and McAfee’s entire obligation and liability McAfee will (i) repair or replace the Software or (ii) if such repair or replacement would in McAfee’s opinion be commercially unreasonable, upon McAfee’s receipt of Ordering Activity’s written representation and promise that Ordering Activity has removed all instances of the Software and will not use the Software, refund the price paid by Ordering Activity for the applicable Software.
   c) Exclusion of Warranty: THE ABOVE LIMITED WARRANTY WILL NOT APPLY IF: (i) THE SOFTWARE IS NOT USED IN ACCORDANCE WITH THIS AGREEMENT OR THE DOCUMENTATION, (ii) THE SOFTWARE OR ANY PART THEREOF HAS BEEN MODIFIED BY ANY ENTITY OTHER THAN MCAFEE OR (iii) A MALFUNCTION IN THE SOFTWARE HAS BEEN CAUSED BY ANY EQUIPMENT OR SOFTWARE NOT SUPPLIED BY MCAFEE.
   d) Disclaimer: EXCEPT FOR THE LIMITED WARRANTY SET FORTH ABOVE, THE SOFTWARE IS PROVIDED “AS IS” AND MCAFEE MAKES NO REPRESENTATIONS OR WARRANTIES, AND MCAFEE DISCLAIMS ALL REPRESENTATIONS, WARRANTIES, AND CONDITIONS, ORAL OR WRITTEN, EXPRESS OR IMPLIED, ARISING FROM COURSE OF DEALING, COURSE OF PERFORMANCE, OR USAGE IN TRADE, OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, IMPLIED WARRANTIES OF MERCHANTABILITY, QUALITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NON-INFRINGEMENT, OR SYSTEMS INTEGRATION. WITHOUT LIMITING THE ABOVE, MCAFEE MAKES NO RESPONSIBILITY FOR ANY CLAIMS, SUITS, DEMANDS, AND PROCEEDINGS ALLEGING, CLAIMING, SEEKING, OR ASSERTING, ANY LIABILITY, LOSS, OBLIGATION, RISK, COST, DAMAGE, AWARD, PENALTY, SETTLEMENT, JUDGMENT, FINE, OR EXPENSES (INCLUDING ATTORNEYS FEES) ARISING FROM OR IN CONNECTION WITH ORDERING ACTIVITY’S USE OF THE
SOFTWARE ON OR IN A HIGH RISK SYSTEM, INCLUDING, WITHOUT LIMITATION, THOSE THAT (I) COULD HAVE BEEN PREVENTED BY DEPLOYMENT OF FAIL-SAFE OR FAULT-TOLERANT FEATURES TO THE HIGH RISK SYSTEM, (II) ARE BASED ON A CLAIM, ALLEGATION, OR ASSERTION THAT THE FUNCTIONING OF THE HIGH RISK SYSTEM DEPENDS OR DEPENDED ON THE FUNCTIONING OF THE SOFTWARE OR THAT THE FAILURE OF THE SOFTWARE CAUSED A HIGH RISK SYSTEM TO FAIL.

6) Limitation of Remedies and Damages.
   a) UNDER NO CIRCUMSTANCES AND UNDER NO LEGAL THEORY, WHETHER IN TORT, NEGLIGENCE, CONTRACT OR OTHERWISE, SHALL EITHER PARTY BE LIABLE TO THE OTHER UNDER THIS AGREEMENT OR IN CONNECTION WITH ITS SUBJECT MATTER FOR ANY INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE, EXEMPLARY, CONSEQUENTIAL, OR EXTRA-CONTRACTUAL DAMAGES OF ANY KIND, LOSS OF GOODWILL, LOSS OF PERSONNEL SALARIES, LOSS OF PROFITS OR REVENUE, DAMAGES DUE TO WORK STOPPAGE AND/OR COMPUTER FAILURE OR MALFUNCTION, AND/OR COSTS OF PROCURING SUBSTITUTE SOFTWARE OR SERVICES, WHETHER OR NOT FORESEEABLE, EVEN IF THE EXCLUSIVE REMEDIES PROVIDED BY THIS AGREEMENT FAIL OF THEIR ESSENTIAL PURPOSE AND EVEN IF EITHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OR PROBABILITY OF SUCH DAMAGES.
   b) REGARDLESS OF WHETHER THE CLAIM FOR SUCH DAMAGES IS BASED IN CONTRACT, TORT AND/OR ANY OTHER LEGAL THEORY, IN NO EVENT SHALL EITHER PARTY’S AGGREGATE LIABILITY TO THE OTHER PARTY FOR DIRECT DAMAGES UNDER THIS AGREEMENT OR IN CONNECTION WITH ITS SUBJECT MATTER EXCEED THE AMOUNT OF TOTAL FEES PAID OR PAYABLE BY THE ORDERING ACTIVITY FOR THE SOFTWARE GIVING RISE TO SUCH CLAIM.
   c) No provision of this Agreement shall exclude or limit in any way (i) the liability of either party for death or personal injury caused by negligence or (ii) Ordering Activity’s liability for excess usage of and/or any breach of McAfee’s intellectual property rights in the Software.
   d) THE LIMITATION OF LIABILITY IN THIS SECTION IS BASED ON THE FACT THAT END USERS USE THEIR COMPUTERS FOR DIFFERENT PURPOSES. THEREFORE, ONLY THE ORDERING ACTIVITY CAN IMPLEMENT BACK-UP PLANS AND SAFEGUARDS APPROPRIATE TO THE ORDERING ACTIVITY’S NEEDS IN THE EVENT THAT AN ERROR IN THE SOFTWARE CAUSES COMPUTER PROBLEMS AND RELATED DATA LOSSES. FOR THESE BUSINESS REASONS, THE ORDERING ACTIVITY AGREES TO THE LIMITATIONS OF LIABILITY IN THIS SECTION AND ACKNOWLEDGES THAT WITHOUT THE ORDERING ACTIVITY’S AGREEMENT TO THIS PROVISION, THE FEE CHARGED FOR THE SOFTWARE WOULD BE HIGHER.
   e) THIS AGREEMENT SHALL NOT IMPAIR THE U.S. GOVERNMENT’S RIGHT TO RECOVER FOR FRAUD OR CRIMES ARISING OUT OF OR RELATED TO THIS CONTRACT UNDER ANY FEDERAL FRAUD STATUTE, INCLUDING THE FALSE CLAIMS ACT, 31 U.S.C. 3729-3733.

7) Intellectual Property Indemnity.
   a) Indemnity: McAfee will indemnify, and, at its election, defend, the Ordering Activity against claims asserted against the Ordering Activity in a suit or action if: (i) the claim is for direct patent infringement or direct copyright infringement, or for McAfee’s trade secret misappropriation and (ii) the claim is (A) asserted against the Software, alone and not in combination with anything or (B) a combination of the Software.
   b) Exclusions: Notwithstanding anything else in this Agreement, McAfee has no obligation to indemnify or defend the Ordering Activity for claims asserted, in whole or in part, against:
      (i) technology or designs that Ordering Activity gave to McAfee;
      (ii) modifications or programming to Software that were made by anyone other than McAfee; or
      (iii) the Software’s alleged implementation of someone or all of a Standard.
   c) Conditions: As a condition of McAfee’s obligations under this Section 7, the Ordering Activity must provide to McAfee: (i) prompt written notice of the claim and Ordering Activity’s agreement to give McAfee control over the defense and settlement of the claim; and (ii) the Ordering Activity’s full and timely good faith cooperation during the course of settlement negotiations and prosecution of the claim, and shall afford McAfee access to all nonprivileged communications and documentation with all parties, witnesses and judicial or administrative bodies associated with such claim upon McAfee’s request. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516.
   d) McAfee’s Consent: McAfee will not be responsible for any cost, expense, or compromise that the Ordering Activity makes or incurs without McAfee’s prior written consent.
   e) Remedies: McAfee may, at its sole discretion and at its expense: (i) procure for the Ordering Activity the right to continue using the Software; (ii) replace the Software with a non-infringing Software; (iii) modify the Software so that it becomes non-infringing; or (iv) upon the Ordering Activity’s return of the Software to McAfee, and/or removal of the Software from Ordering Activity’s systems, refund the residual value of the purchase price paid by the Ordering Activity for the infringing Software, depreciated using a straight-line method of depreciation over a three (3) year period from the date of delivery of the Software to the Ordering Activity.
   f) Personal Indemnity: The foregoing indemnity is personal to the Ordering Activity. The Ordering Activity may not transfer or to anyone, including Ordering Activity’s customers.
   g) Exclusive Remedy: The indemnity section states McAfee’s entire obligation and the Ordering Activity’s exclusive remedy for claims of patent or copyright infringement, or trade secret misappropriation, made in whole or part against the Software.

8) Termination.
   Without prejudice to the Ordering Activity’s payment obligations, the Ordering Activity may terminate the Ordering Activity’s license at any time by uninstalling the Software. Upon such termination, the Ordering Activity shall promptly return or destroy all copies of the Software and Documentation.

9) Additional Terms.
   a) Evaluation Software: If the Software has been identified by McAfee as “Evaluation” Software, then the provisions of this section apply and shall supersede any other conflicting term of this Agreement. The Ordering Activity’s royalty-free, non-transferable, limited license to use the Evaluation Software, for evaluation purposes only, is limited to thirty (30) days unless otherwise agreed to in writing by McAfee. The Evaluation Software may contain errors or other problems that could cause system or other failures and data loss. Consequently,
Evaluation Software is provided to the Ordering Activity “AS IS” and McAfee disclaims any warranty or liability obligations to the Ordering Activity of any kind. Support is not available for Evaluation Software. Any information about the Evaluation Software gathered from its use shall be used solely for evaluation purposes and shall not be provided to any third parties. The restrictions described in Section 3(g) apply. If Ordering Activity fails to destroy the Evaluation Software after the Evaluation period has expired, McAfee may address this in accordance with Section 14, Governing Law, of this agreement. WHERE LEGAL LIABILITY CANNOT BE EXCLUDED, BUT MAY BE LIMITED, MCAFEE’S LIABILITY AND THAT OF ITS SUPPLIERS AND AUTHORIZED PARTNERS UNDER THIS AGREEMENT RELATED TO EVALUATION SOFTWARE, OR IN CONNECTION WITH EVALUATION SOFTWARE, SHALL BE LIMITED TO THE SUM OF FIFTY (50) U.S. DOLLARS OR THE EQUIVALENT IN LOCAL CURRENCY IN TOTAL.

b) Beta Software: If the Software that the Ordering Activity has received has been identified by McAfee as “Beta” Software, then the provisions of Section 9(a) above shall apply accordingly. McAfee has no obligation to the Ordering Activity to further develop or publicly release the Beta Software. Support is not available for Beta Software. If requested by McAfee, Ordering Activity will provide feedback to McAfee regarding testing and use of the Beta Software, including error or bug reports. Ordering Activity agrees to grant McAfee a perpetual, nonexclusive, royalty-free, worldwide license to use, copy, distribute and make derivative works, and incorporate the feedback into any McAfee product at McAfee’s sole discretion. Upon receipt of a later unreleased version of the Beta Software or release by McAfee of a publicly released commercial version of the Beta Software, the Ordering Activity agrees to return or destroy all earlier Beta Software received from McAfee.

c) Open-Source Software: The Software may include components (including, without limitation, programs, applications, tools, utilities, libraries, and other programming code) that are made available from third parties under a free or open source software licensing model (“FOSS Code”). FOSS Code components included with the Software are redistributed by McAfee under the terms of the applicable FOSS Code license for such component; the Ordering Activity receipt of FOSS Code components from McAfee under this Agreement neither enlarges nor curtails the Ordering Activity’s rights or obligations defined by the FOSS Code license applicable to the FOSS Code component. Copies of the FOSS Code licenses for FOSS Code components included with Software are included with or referenced in the Software’s Documentation. The Ordering Activity acknowledges, but does not agree to be bound, by such terms until they have been reviewed and agreed to in writing.

The Software and accompanying Documentation are deemed to be “commercial computer software” and “commercial computer software documentation”, respectively, pursuant to FAR Section 12.212, as applicable. Any use, modification, reproduction, release, performance, display or disclosure of the Software and accompanying Documentation by the United States Government shall be governed solely by the terms of this Agreement and shall be prohibited except to the extent expressly permitted by the terms of this Agreement.

11) Privacy and Collection of Personal or System Information.

a) The Software, Support or service subscription may employ applications and tools to collect personally identifiable, sensitive or other information about Ordering Activity and users (e.g., including, without limitation, Ordering Activity’s and users’ name, address, e-mail address and payment details), their computers, files stored on their computers, or their computers’ interactions with other computers (e.g., including, without limitation, information regarding network, licenses used, hardware type, model, hard disk size, CPU type, disk type, RAM size, 32 or 64 bit architecture, operating system types, versions, locale, BIOS version, BIOS model, total scanners deployed, database size, system telemetry, device ID, IP address, location, content, McAfee products installed, McAfee components, processes and services information, frequency and details of update of McAfee components, information about third party products installed, extracts of logs created by McAfee, usage patterns of McAfee products and specific features, etc.) (collectively, "Data").

b) The collection of this Data may be necessary to provide the Ordering Activity and users with the relevant Software, Support or service subscription functionalities as ordered (e.g., including, without limitation, detecting and reporting threats and vulnerabilities on Ordering Activity’s and users’ computer network), to enable McAfee to improve our Software, Support or service subscription (e.g., including, without limitation, content synchronization, device tracking, troubleshooting, etc.), and to further or improve overall security for Ordering Activity and users. The Ordering Activity may be required to uninstall the Software or disable Support or its service subscription to stop further Data collection that supports these functions.

c) By entering into this Agreement, or using the Software, Support or service subscription, the Ordering Activity and users agree to the McAfee Privacy Policy as attached and to the collection, processing, copying, backup, storage, transfer and use of this Data by McAfee and its service providers, in, from and to the United States, Europe, or other countries or jurisdictions potentially outside of Ordering Activity’s or user’s own as part of the Software, Support or service subscription. McAfee will only collect, process, copy, backup, store, transfer and use personally identifiable information in accordance with the McAfee privacy policy as attached.

12) Audit.

Subject to applicable Government security requirements, upon thirty (30) days’ prior notice McAfee may request, and the Ordering Activity must provide, a Software-facilitated system-generated report (the “System Report”) verifying the Ordering Activity’s Software deployment. The Ordering Activity acknowledges that the System Report is based on technological features of the Software that provide Software deployment verification. If the Software does not contain technological features that provide Software deployment verification, the Ordering Activity will prepare and provide to McAfee within the thirty (30)-day period an accurate Software deployment verification report for the Software. McAfee will only request the System Report (or Ordering Activity’s prepared Software deployment verification report) one time per year and will not unreasonably interfere with the conduct of Ordering Activity’s business.

13) Export Controls.

The Ordering Activity acknowledges that the Software is subject to U.S. and when applicable, European Union export regulations. The Ordering Activity shall comply with applicable export and import laws and regulations for the jurisdiction in which the Software will be imported and/or exported. The Ordering Activity shall not export the Software to any individual, entity or country prohibited by applicable law or regulation. The Ordering Activity is responsible, at Ordering Activity’s own expense, for any local government permits, licenses or approvals required for importing and/or exporting the Software. For additional information regarding exporting and importing the Software, see “Export Compliance” as an attached document to the GSA Schedule 70 contract. If McAfee receives notice that Ordering Activity is or Ordering Activity is identified as a sanctioned or restricted party under applicable law, then McAfee will not be obligated to perform any of its obligations under this license if such performance would result in violation of the sanctions or restrictions.

14) Governing Law.
All disputes arising out of or relating to this Agreement or its subject matter will be governed by the substantive Federal laws of the United States of America. Specifically, any disputes relating to this Agreement shall be resolved in accordance with the FAR and the Contract Disputes Act, 41 U.S.C. §§ 7101-7109. This Agreement will not be governed by the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded. The Uniform Computer Information Transactions Act as enacted shall not apply.

15) Confidentiality
Each party hereto acknowledges that by reason of its relationship with the other party hereunder, it may have access to confidential information and materials concerning the other party’s business, technology, and/or products that is confidential to the other party (“Confidential Information”). Each party’s Confidential Information is of substantial value to the party, which value could be impaired if such information was disclosed to third parties or used in violation of this Agreement. Written or other tangible Confidential Information must at the time of disclosure be identified and labeled as Confidential Information belonging to the disclosing party. When disclosed orally or visually, Confidential Information must be identified as confidential at the time of the disclosure, with subsequent confirmation in writing within fifteen (15) days after disclosure. Each party agrees that it will not use in any way for its own account or the account of any third party, such Confidential Information, except as authorized under this Agreement, and will protect Confidential Information at least to the same extent as it protects its own Confidential Information and to the same extent that a reasonable person would protect such Confidential Information. Neither party may use the other party’s Confidential Information except to perform its duties or exercise its rights under this Agreement. The Confidential Information restrictions will not apply to Confidential Information that is (i) already known to the receiving party at the time of access hereunder, (ii) becomes publicly available through no wrongful act of the receiving party, (iii) independently developed by the receiving party without benefit of the disclosing party’s Confidential Information, (iv) has been rightfully received from a third party not under obligation of confidentiality or (v) is required to be disclosed by law, provided the party compelled to disclose the Confidential Information provides the party owning the Confidential Information with prior written notice of disclosure adequate for the owning party to take reasonable action to prevent such disclosure, where reasonably possible. Unless otherwise agreed to by both parties, upon termination of this Agreement or an applicable Addendum, each party will return the other party’s Confidential Information. This Agreement contains no confidential or proprietary information and shall be available to the public, provided however, that other items identified in this Agreement, including but not limited to source code and other technical data, provided to Ordering Activity are Confidential Information and shall not be disclosed.

16) Miscellaneous.
   a) Except for actions for non-payment or breach of McAfee’s proprietary rights in the Software and Documentation, no action, regardless of form, arising out of this Agreement may be brought by either party more than six (6) years after a party knew or should have known of the claim.
   b) Any term of this Agreement which by their nature should survive the termination of this Agreement shall survive such termination.
   c) This Agreement together with the underlying negotiated Purchase Orders, represents the entire agreement between McAfee and the Ordering Activity and expressly supersedes and cancels any other communication, representation or advertising whether oral or written, on the subjects herein. This Agreement may not be modified except by a written addendum issued by a duly authorized representative of McAfee and duly warranted Contracting Officer. However, this Agreement, including without limitation its termination, has no effect on any signed non-disclosure agreements between the parties, which remain in full force and effect as separate agreements according to their terms. The express provisions of this Agreement control over any course of performance, course of dealing, or usage of the trade inconsistent with any of the provisions of this Agreement. The provisions of this Agreement will prevail absent any agreed-upon, different, conflicting, or additional provisions that may appear on any Purchase Order, acknowledgment, invoice, or other writing issued by Customer in connection with this Agreement. No provision hereof shall be deemed waived unless such waiver shall be in writing and signed by McAfee. If any provision of this Agreement is held invalid, unenforceable, invalid, or prohibited under law, then such provision will be deemed restated to reflect the original intention of the parties as nearly as possible in accordance with applicable law and the remainder of this Agreement shall continue in full force and effect.
   d) All notices, requests, demands and determinations for McAfee under this Agreement (other than routine operational communications) shall be sent to: the applicable entity address in Section 1(f) of this Agreement addressed to “Attention: Legal Department”.

MCAFEE TECHNICAL SUPPORT AND MAINTENANCE TERMS AND CONDITIONS

McAfee will provide Technical Support services in accordance with the following terms and conditions (“Support Terms”). All capitalized terms not defined herein are defined in the applicable licensing or terms of service agreement.

1. Definitions.
   a. “Authorized Partner” means any of McAfee’s authorized distributors, resellers or other business partners.
   b. “Cloud Client Software” means Software that facilitates Ordering Activity’s access and use of the Cloud Services, and that does not perform functionality without active support or a subscription to the Cloud Services, and that does not perform functionality without active support or a subscription to the Cloud Services, as required by the specific offering. Cloud Client Software is provided as part of a subscription to Cloud Services, and may or may not necessarily be identified in a Grant Letter.
   c. “Cloud Services” means the cloud services that McAfee provides to Ordering Activity as specified in one or more Grant Letters. Access to the Cloud Services requires either an active support agreement or an active subscription, as required by the specific offering.
   d. “Ordering Activity” means the entity which has purchased Products and to which Intel provides Support.
   e. “Grant Letter” means any written (electronic or otherwise) confirmation notice that Intel issues to Ordering Activity confirming Products and Support purchased by Ordering Activity, including without limitation Ordering Activity’s Support Level entitlement, the Grant Number, the Support Period and download details.
   f. “Grant Number” means a unique number communicated by Intel in a Grant Letter confirming an Ordering Activity’s Support entitlement and is required when accessing Support.
g. “Hardware” means McAfee branded hardware equipment purchased from McAfee or its Authorized Partners, but excludes any Software or other intangible products.

h. “Product(s)” means McAfee’s Software and Hardware product specified in a Grant Letter or Cloud Services and Cloud Client Software purchased from McAfee or an Authorized Partner.

i. “Support”, “Technical Support” or “Technical Support and Maintenance” means the support services for McAfee Products purchased by Ordering Activity either from McAfee or from McAfee’s Authorized Partner which are dependent on the Support Level purchased.

j. “Software” means each McAfee software program in object code format and components licensed by McAfee or its Authorized Partners to Ordering Activity.

k. “Support Period” means the effective time period for which the Ordering Activity has purchased Support that is confirmed in a Grant Letter or in the case of Cloud Services means the effective time period for which the Ordering Activity has purchased the Cloud Services and has an active entitlement and valid account.

l. “Support Region” means any one of the following five (5) regions: (i) North America, (ii) Europe, Middle East and Africa (“EMEA”); (iii) Asia Pacific (“APAC”); (iv) Japan, and (v) Latin America (“LTAM”).

m. “Support Level(s)” means the McAfee Support offering purchased by Ordering Activity and defined at: https://support.mcafee.com/supportoptions.

n. “Upgrade” means any and all improvements in the Cloud Services or Software which are made generally available to McAfee’s customer base as a part of purchased Support and which are not separately priced or marketed by McAfee.

o. “Updates” means updates to the content of the Cloud Services or Software, and include without limitation all DATs (“DATs” or detection definition files, also referred to as signature files, are the code anti-malware software uses to detect and repair viruses, Trojan horses and potentially unwanted programs), signature sets, policy updates, database updates for the Cloud Services or Software which are made generally available to McAfee’s customer base as a part of purchased Support and which are not separately priced or marketed by McAfee.

2. Provision of Support. McAfee will provide Support to Ordering Activity during the Support Period at the Support Level that has been purchased by Ordering Activity and is confirmed to Ordering Activity in a Grant Letter or in the case of Cloud Services, based on the initial order or renewal. Ordering Activity will not be entitled to receive Support outside of the Support Period.

3. Updates and Upgrades. McAfee grants to Ordering Activity a non-exclusive, non-transferable license to use Updates and Updates provided by McAfee during the Support Period as a part of purchased Support. Such Updates and Updates are subject to the terms of the license granted by McAfee to the Ordering Activity for the Software. With the exception of Cloud Services, (a) Ordering Activity shall promptly download, distribute and install all Updates as released by McAfee during the Support Period and (b) McAfee strongly suggests that Ordering Activity also downloads, distributes and installs all Upgrades as released by McAfee during the Support Period. Ordering Activity acknowledges that any failure to do so could result in Ordering Activity’s inability to receive Updates and Technical Support and therefore could cause major security risks. An Upgrade may require a hardware upgrade or new platform conversion to function properly.

4. Supported Versions and End of Life. The provision of Support is limited to (a) the current version and (b) the immediately preceding version of the Product. Only the current version of Cloud Services will be supported. Notwithstanding any of the foregoing, Support is subject to McAfee’s End-of-Life Policy as an attached document to the GSA Schedule 70 contract. It is Ordering Activity’s responsibility to review McAfee’s Product Support Lifecycle webpage at: http://www.mcafee.com/us/support/support-eol.aspx to determine whether a Product qualifies for Support. Furthermore, Ordering Activity proactive Support notifications can be accessed by subscribing to McAfee Support Notification Service (SNS) available at http://sns.snssecure.mcafee.com.

5. Response Times. McAfee uses commercially reasonable efforts to meet the response times set forth in the escalation and response charts listed under https://support.mcafee.com/charters. Access to McAfee’s websites for the provision of Support may be suspended for brief periods due to scheduled maintenance and other factors.

6. Bug Fixing and Remote Diagnostics. McAfee uses commercially reasonable efforts to provide walk-around solutions or patches to reported problems with Products. With Ordering Activity’s prior authorization, McAfee may perform remote diagnostics to work on reported problems. In the event Ordering Activity declines remote diagnostics, McAfee and Ordering Activity may agree to on-site Technical Support which is subject to an additional fee and reasonable travel and expenses, for which the Ordering Activity is responsible.

7. Support Period and Expired Support. The Support Period either begins (i) at the date the Product was purchased or (ii) at the renewal date of the expiration of a previous Support Period. Reinstating Out-of-Maintenance Support. If an Ordering Activity elects to terminate or allow its support services to lapse or expire, the Ordering Activity will be required to pay for the time that has lapsed since the end of such prior support services and the fees for the entire next annual period in accordance with the GSA Schedule Pricelist. Unless otherwise agreed upon by the parties, Support must be purchased within one (1) year after expiration of the previous Support period.

8. Support Coverage. Support is sold based upon the quantity of all Products purchased by Ordering Activity. Upon purchasing Support for a Product, Ordering Activity must purchase the same Support Level for all Product units owned, used or licensed by Ordering Activity that are deployed or in use at the location(s) covered by Support. Some Support Level(s) are available for purchase by Ordering Activity per Support Region.

9. Acquired Company Products. From time to time McAfee may acquire other companies and continue to support the products licensed or cloud services offered by such companies (“Acquired Products”). The Support Level(s) defined herein may not be applicable to the Acquired Products at the time of the acquisition but McAfee may within a reasonable period of time after the acquisition provide a description of the Support Level(s) available for the Acquired Products, which will become applicable once published on the Support webpage.
10. **Exclusions.** McAfee has no obligations to, (a) provide Support where hardware, tools or software other than those supplied or approved by McAfee have been incorporated with the Product (b) provide Support for Hardware damaged by or Hardware failures caused by Ordering Activity (c) import or export Ordering Activity data, create or modify custom business rules or reports, or support custom modifications to databases, active server pages, or other code, components or programs (d) provide Support for problems that cannot be reproduced in running the Product in a configuration meeting published McAfee specifications or (e) provide Cloud Services Support for issues arising from any violation of the Cloud Services Agreement.

11. **Obligations of Ordering Activity.**

a. **Support Process:** Ordering Activity must report Product problems to McAfee Support organization, and be prepared to provide McAfee with (i) the Grant Number, (ii) the location of the Product, (iii) a detailed description of the problem, (iv) a description of the hardware on which the Software is loaded, including any serial number or service tag number where applicable, (v) the names and versions of any operating systems, networks, and software running with the Software, including patches and fixes, (vi) technical contact information and (vii) a detailed description of the problem. McAfee may request that Ordering Activity takes certain actions to determine whether the problem or error is related to the Product, or other item. Ordering Activity must reasonably cooperate with McAfee during this process.

b. **Access:** Ordering Activity shall provide McAfee with sufficient, free and safe access to the Products, Ordering Activity's computer systems networks and facilities in the event that it is agreed that McAfee will provide on-site support at Ordering Activity's location or facilities of the Product. McAfee will perform remote diagnostics. McAfee will conform to Ordering Activity's security requirements before gaining access to Ordering Activity's facilities, provided such requirements are issued in writing to McAfee reasonably prior to accessing such facilities.

c. **Backup and Restore:** Ordering Activity must keep adequate backup copies of data, databases, and application programs and agrees that Ordering Activity is solely responsible for any and all restoration and reconstruction of lost or altered files, data and programs.

12. **Termination.** Any terms which by their nature extend beyond the termination of this agreement remain in effect until fulfilled.

13. **Hardware specific terms.**

a. **Region and Geographic Limitations:** Unless otherwise agreed in writing by McAfee or included as part of the applicable Support Level, Hardware is eligible for service only if it remains in the country where Ordering Activity originally installed the Hardware. Geographic restrictions or limitations may apply to certain Hardware Support Levels and are described under https://support.mcafee.com/hardwarerelocationmatrix (provided for informational purposes only).

b. **Hardware Return:** Prior to returning any Hardware to McAfee for repair or replacement, Ordering Activity must ensure that (i) the Hardware is free of any legal obligations or restrictions and of any Ordering Activity proprietary or confidential information that prevent McAfee from exchanging, repairing or replacing the Hardware, (ii) Ordering Activity has obtained a return authorization from McAfee, including a return material authorization number (a "RMA Number"), Hardware returned to McAfee becomes the property of McAfee at the time it is received by McAfee and Ordering Activity shall assume ownership of all replacement Hardware provided by McAfee to Ordering Activity upon shipment by McAfee.

c. **Restrictions:** Ordering Activity must not, nor permit anyone else, to remove, alter, or obscure any proprietary notices or instructional labels on the Hardware without written authorization from McAfee. Ordering Activity must not install, nor permit the installation of additional hardware or software on the Hardware without written authorization from McAfee or breach any tamper seal on the Hardware.

d. **Inspection Period:** McAfee reserves the right to inspect Hardware for which Support has lapsed for more than ninety (90) days by itself or by its agents in consideration of a separate fee set forth in the Purchase Order and Requests to Ordering Activity to install the most current Upgrades and Updates before McAfee agrees to renew Support for the Hardware.

14. **Resident Support Account Manager and Resident Product Specialist Terms.**

a. If Ordering Activity purchases a Resident Support Account Manager ("RSAM") or Resident Product Specialist ("RPS"), McAfee will provide an RSAM or RPS to provide on-site certain Support that Ordering Activity has purchased from McAfee. Additional information on the description and scope of the RSAM's and RPS's roles and responsibilities can be found at http://support.mcafee.com/documentation.

b. The RSAM or RPS will work during normal business hours as agreed upon between McAfee and Ordering Activity. The RSAM or RPS may be required to be out-of-office due to PTO, illness, holidays, training, vacations or meetings. During this time out-of-office, or should the RSAM's or RPS's employment with McAfee end, McAfee will provide to Ordering Activity the name and phone number of a temporary Support Account Manager ("SAM") that will cover Ordering Activity's account until the RSAM or RPS returns. The temporary SAM will provide Support services remotely.

c. **Ordering Activity acknowledges and understands that the timeline to on-board at Ordering Activity's location is approximately ninety (90) days from the time of the notification of the request. During this period, McAfee will assign an interim SAM to facilitate the Support services until the parties can agree upon the individual to be placed as an RSAM or RPS. McAfee and Ordering Activity will work together in good faith to select the RSAM or RPS. In the event the Ordering Activity rejects the candidate or delays in the selection of a reasonable candidate McAfee has offered for consideration, McAfee will assign an interim SAM. For avoidance of doubt, the interim SAM will not be an on-site resource and may be a shared resource with other McAfee customers.

d. Ordering Activity acknowledges that McAfee employees are quickly deployed, and any delay in the selection of a candidate may: (1) result in Ordering Activity not being able to have its desired individual perform the Support services; (2) result in the use of an interim SAM (as stated above); and (3) hinder the performance of the Support services as described herein. Ordering Activity also acknowledges that it might not be possible to retain a particular individual for the duration of the term of the Support Period. The use of an interim SAM is, on its own, not sufficient to warrant a refund of fees or entitle Ordering Activity to service credits.

15. **Malware Awareness Program Terms.**
a. If, for the Support Period, Ordering Activity has purchased (1) Support for McAfee’s ePolicy Orchestrator Product (“ePO”), and (2) either (a) an RSAM, (b) an RPS, or (c) a Malware Awareness Program (“MAP”), as part of Support (as defined hereunder) McAfee will produce for Ordering Activity, once during the Support Period at a time agreed by Ordering Activity and McAfee, a MAP report in McAfee’s then-current standard form using data collected by McAfee through Ordering Activity’s deployment of ePO.

b. McAfee may change the standard form of the MAP report at McAfee’s discretion to reflect developments in malware and other security threats, information captured by ePO, or for other reasons identified by McAfee.

c. For the avoidance of doubt, (1) a license to ePO must be purchased separately by Ordering Activity in order for Ordering Activity to purchase Support for ePO, (2) a license to ePO is not included with Support, with the MAP report, or in connection with the MAP, but must be purchased separately by Ordering Activity, and (3) MAP is not included as part of Support unless Ordering Activity has separately purchased Support for ePO and has separately purchased an RSAM, an RPS, or MAP.

d. The MAP report and its contents, excluding Ordering Activity’s Confidential Information, are strictly confidential to McAfee, and, except to the extent expressed in the next sentence, McAfee owns and reserves all right, title, and interest therein and thereto. Upon delivery of the MAP report to Ordering Activity, McAfee grants to Ordering Activity a worldwide, royalty-free, perpetual, non-exclusive license under McAfee’s McAfee intellectual property rights to use and make a reasonable number of copies of the MAP report, in the form originally furnished by McAfee to Ordering Activity, for Ordering Activity’s own internal business purposes.

e. THE MAP AND MAP REPORTS ARE PROVIDED TO ORDERING ACTIVITY FOR ORDERING ACTIVITY’S INFORMATIONAL PURPOSES ONLY AND ON AN “AS IS” BASIS. MCAFEE DOES NOT REPRESENT OR WARRANT THAT MAP OR ANY MAP REPORT WILL IDENTIFY ALL MALWARE OR VULNERABILITIES. ANY OBSERVATIONS OR RECOMMENDATIONS GIVEN AS A PART OF MAP OR A MAP REPORT ARE GENERAL AND ARE NOT INTENDED AS SPECIFIC RECOMMENDATIONS OR COURSES OF ACTION. ORDERING ACTIVITY’S RELIANCE ON, ACTION ON OF, OR LACK OF ACTION ON ANY SUCH OBSERVATIONS OR RECOMMENDATIONS IS AT ITS SOLE RISK.

16. Warranty. MCAFEE WARRANTS THAT THE SUPPORT WILL BE PERFORMED IN A PROFESSIONAL AND WORKMANLIKE MANNER. FOR ANY BREACH OF THIS WARRANTY, ORDERING ACTIVITY’S SOLE AND EXCLUSIVE REMEDY, AND MCAFEE’S ENTIRE LIABILITY SHALL BE THE RE-PERFORMANCE OF THE NON-CONFORMING SUPPORT. MCAFEE SHALL ONLY HAVE LIABILITY FOR SUCH BREACHES OF WARRANTY IF ORDERING ACTIVITY PROVIDES WRITTEN NOTICE OF THE BREACH TO MCAFEE WITHIN THIRTY (30) DAYS OF THE PERFORMANCE OF THE APPLICABLE SUPPORT. THIS WARRANTY IS ORDERING ACTIVITY’S EXCLUSIVE WARRANTY AND REPLACES ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OR CONDITIONS OF MERCHANTABILITY, SATISFACTORY QUALITY, A GAP FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT, OR CONFORMITY TO ANY REPRESENTATION, SKILL AND CARE. MCAFEE DOES NOT WARRANT OR GUARANTEE THAT SUPPORT WILL BE FREE FROM ERRORS OR DEFECTS OR THAT THE SUPPORT WILL PROTECT AGAINST ALL POSSIBLE THREATS.

Some states or jurisdictions do not allow the exclusion of express or implied warranties, so the above disclaimer may not apply to you. IN THAT EVENT SUCH EXPRESS OR IMPLIED WARRANTIES SHALL BE LIMITED IN DURATION TO THE MINIMUM PERIOD REQUIRED BY THE APPLICABLE LAW (IF ANY).

17. Limitation of Liability; Confidentiality; Audit; Export Control. Ordering Activity agrees to these Technical Support and Maintenance Terms and Conditions as part of one or more product licenses or services agreements between McAfee and the Ordering Activity (“Underlying Agreement”). THE LIMITATION OF LIABILITY, CONFIDENTIALITY, PRIVACY, AUDIT AND EXPORT CONTROL PROVISIONS OF THE RELEVANT UNDERLYING AGREEMENT ARE INCORPORATED INTO THESE TECHNICAL SUPPORT AND MAINTENANCE TERMS AND CONDITIONS.

18. General.

a. Recording: In providing Support, McAfee may record all or part of telephone calls between Ordering Activity and McAfee for quality assurance and training purposes in compliance with applicable laws.

b. Assignment: The provision of Support is not assignable by Ordering Activity without the prior written consent of McAfee. Any attempt of assignment by Ordering Activity without such consent will be void. McAfee may subcontract its obligations to provide Support hereunder to another party, but with notice to the Ordering Activity.

c. Governing law: All disputes arising out of or relating to this Agreement or its subject matter will be governed by the Federal laws of the United States. This Agreement will not be governed by the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded. The Uniform Computer Information Transactions Act as enacted shall not apply.

19. Entire Agreement. The Support Terms and any additional terms referenced herein together with the underlying negotiated Purchase Order(s), constitute the entire agreement between Ordering Activity and McAfee with regard to Support, and supersedes all prior negotiations, agreements, and understandings with respect to the subject matter hereof. This Agreement may not be modified except by a written addendum issued by a duly authorized representative of McAfee and duly warranted Contracting Officer. However, this Agreement, including without limitation its termination, has no effect on any signed non-disclosure agreements between the parties, which remain in full force and effect as separate agreements according to their terms. The express provisions of this Agreement control over any course of performance, course of dealing, or usage of the trade inconsistent with any of the provisions of this Agreement. The provisions of this Agreement will prevail absent any agreed-upon, different, conflicting, or additional provisions that may appear on any purchase order, acknowledgment, invoice, or other writing issued by Customer in connection with this Agreement.

McAfee Cloud Services Agreement
McAfee, LLC. (“McAfee”) and Customer (as identified in the Grant Letter) agree to the following McAfee Cloud Services Agreement (“Subscription Agreement”), the Supplemental Terms and Conditions set forth below or otherwise included with the pertinent Cloud Services or Software (“Supplemental Terms”) and the terms as specified in the Grant Letter. If Customer does not agree to the terms in the Grant Letter, Customer should not execute this Subscription Agreement or the accompanying Purchase Order, and Customer must immediately notify McAfee to cancel the Cloud Services identified in the Grant Letter prior to accessing or using the Cloud Services or Software.

BY EXECUTING THIS SUBSCRIPTION AGREEMENT OR THE ACCOMPANYING GOVERNMENT PURCHASE ORDER IN WRITING, YOU AGREE TO THE TERMS OF THIS AGREEMENT (INCLUDING THE APPLICABLE SUPPLEMENTAL TERMS AND GRANT LETTER) ON BEHALF OF CUSTOMER, AND YOU REPRESENT AND WARRANT THAT YOU HAVE FULL AUTHORITY TO BIND CUSTOMER TO THIS AGREEMENT.

1. DEFINITIONS. For purposes of the Agreement, the following definitions apply:

a. “Agreement” means this Subscription Agreement, the applicable Supplemental Terms, the Grant Letter.

b. “Annual Customers” means Customers who have a valid annual or multi-year contract for Cloud Services.

c. “Channel Partner” means the McAfee partner identified in the Grant Letter through which the Customer purchased the Cloud Services.

d. “Cloud Client Software” means Software that facilitates Customer’s access and use of the Cloud Services, and that does not perform functionality without active support or access to the Cloud Services, as required by the specific offering. Cloud Client Software is provided as part of a subscription to Cloud Services, and may or may not necessarily be identified in a Grant Letter.

e. “Cloud Services” means the cloud services that McAfee provides to Customer as specified in one or more Grant Letters. Access to the Cloud Services requires either an active support agreement or an active subscription, as required by the specific offering.

f. “Control” means the possession of beneficial ownership of more than fifty percent (50%) of the voting power of the person or entity entitled to vote in the election of directors or, in the case of an entity that is not a corporation, the election of the corresponding managing authority.

g. “Customer Data” means any data provided by Customer to McAfee by and through the Software, Cloud Services, Support and any other products or services offered under this Agreement. Customer Data includes Personal Data as defined in Section 9 (Privacy).

h. “Documentation” means explanatory materials created by McAfee in printed, electronic or online form that accompany the Cloud Services or Software.

i. “Grant Letter” means any written (electronic or otherwise) confirmation notice that McAfee issues to Customer confirming the Licensed Product and Support purchased, License Period, and other access and use details. A Grant Letter includes a Welcome Letter or other purchasing documentation entered into between Customer and McAfee or Channel Partner for the Licensed Product.

j. “McAfee” means (i) McAfee, LLC, with offices located at 2821 Mission College Blvd., Santa Clara, California 95054, USA, if the Software is purchased in the United States (except as provided in subclause (vi), below), Canada, Mexico, Central America, South America, or the Caribbean, (ii) McAfee Ireland Limited, with its registered offices located at Pipers Way, Swindon, Wiltshire SN3 1NJ, United Kingdom, if the Software is purchased in Europe, the Middle East, or Africa, (iii) McAfee (Singapore) Pte Ltd., with a trading address located at 69/F, Central Plaza, 18 Harbour Road, Wanchai, Hong Kong, if the Software is purchased in Asia (other than China (if the Software is purchased in RMB) or Japan) or the region commonly referred to as Oceania, (iv) McAfee Co. Ltd., with offices located at Kokusai Building 5F, 1-1, Marunouchi 3-chome, Chiyoda-ku, Tokyo, 100-0005, Japan, if the Software is purchased in Japan, (v) McAfee (Beijing) Security Software Co. Ltd., with a trading address located at Room IIAB, First Floor, No. 999 Ying Lun Road, Waigaqiao Free Trade Zone, Pudong, Shanghai, 200131 China, if the Software is purchased in China (in RMB), or (vi) McAfee Public Sector LLC, with offices located at 2821 Mission College Blvd., Santa Clara, California 95054, USA, if the Software is purchased by the U.S. Government, State or Local Government, Healthcare organization or Educational institution within the United States.

k. “Intelectual Property Rights” means all intellectual property rights and industrial property rights (throughout the universe, in all media, now existing or created in the future, for all versions and elements, in all languages, and for the entire duration of such rights) arising under statutory or common law, contract, or otherwise, and whether or not perfected, including, without limitation, patent rights, copyrights, trade secret rights, and trademark rights.

l. “License Period” means, with respect to Cloud Services or Software, the time period for which Customer has purchased the right to receive the Cloud Services or Software, or, with respect to Cloud Client Software, the time period for which Customer has purchased the right to receive Cloud Services that are accessed through the Cloud Client Software. The initial License Period is as specified in a Grant Letter.

m. “Licensed Product” means all Cloud Services, Software or Documentation to which Customer has rightful access through a valid Grant Letter.

n. “Malware” means applications, executable code, or malicious content that McAfee deems to be harmful.

o. “Monthly Customer” means Customers who have a valid monthly contract for Cloud Services with no annual or multi-year commitment.

p. “Node” means any kind of device capable of processing data and includes any of the following types of computer devices: diskless workstations, personal computer workstations, networked computer workstations, homeworker/teleworker home-based systems, file and print servers, e-mail servers, Internet gateway devices, storage area network servers (SANS), terminal servers and portable workstations connected or connecting to the server(s) or network. For Cloud Services, Node may also mean an instance of the specific Cloud Service or the number of Users or seats with access to the Cloud Services.

q. “Open Proxy” means an HTTP server that allows third-party relay or proxy of web traffic.

r. “Open Relay” means an SMTP Email server that allows third-party relay of Email messages.
S. “Software” means each McAfee software program in object-code format that is licensed from McAfee under this Agreement, including Updates and Upgrades, or any object-code delivered to Customer.

t. “Standard” means any generally recognized technology or technical standard promulgated, distributed, specified, or published by an entity whose activities include developing, coordinating, promulgating, amending, reissuing, or otherwise producing standardized technology specifications or protocols for adoption by product manufacturers or the public. “Standards” include “de facto” technology or technical standards that are initially introduced by one or more entities, which then become more widely adopted by others in other products; includes features characterized as “mandatory,” “optional,” and their equivalents; and includes versions characterized as “draft.”

U. “Subsidiary” refers to any entity Controlled by Customer, but only for so long as that Control exists.

V. “Support” means technical support provided as described in the then-current McAfee Technical Support and Maintenance Terms, which are attached hereto.

w. “Throughput” means the amount of data or files sent from the Customer through the Cloud Services.

x. “Updates” means updates to the content of the Cloud Services or Software, and include without limitation all DATs (“DATs” or detection definition files, also referred to as signature files, are the code anti-malware software uses to detect and repair viruses, Trojan horses and potentially unwanted programs), signature sets, policy updates, and database updates for the Cloud Services or Software, which are made generally available to McAfee’s customer base as a part of purchased Support and which are not separately priced or marketed by McAfee.

y. “Upgrades” means any and all improvements in the Cloud Services or Software which are made generally available to McAfee’s customer base as a part of purchased Support and which are not separately priced or marketed by McAfee.

z. “User” means a unique individual whom Customer has authorized to use the Cloud Services or Software pursuant to Customer’s license under this Agreement.

2. RIGHT OF USE AND RESTRICTIONS.

a. Right to Access and Use Cloud Services. Subject to the terms of this Agreement, McAfee grants Customer a nonexclusive, nontransferable, worldwide right to access and use the Cloud Services described in the Grant Letter, for up to the number of Nodes, Throughput or other metering mechanism specified in the Grant Letter, solely for Customer’s internal business use during the License Period. Unless otherwise specified by McAfee, Cloud Services that are designed to be accessed through Software as provided by McAfee may be accessed only through such Software.

b. License to Install and use Cloud Client Software. Subject to the terms of this Agreement, McAfee grants Customer a nonexclusive, nontransferable, worldwide license to install and use the Cloud Client Software made available by McAfee to Customer in connection with the Cloud Services, for up to the number of copies specified in the Grant Letter, on equipment owned or operated by or on behalf of Customer, as needed to access and use the Cloud Services described in the Grant Letter, solely for Customer’s internal business use during the License Period. The Cloud Client Software is licensed, not sold, to Customer under the terms of this license. Customer may make a reasonable number of copies of the Cloud Client Software for back-up, archival, and disaster recovery purposes during the License Period. The Cloud Client Software must be de-installed and destroyed at the end of the License Period. If Customer enters into a contract in which a third party manages Customer’s information technology resources (“Managing Party”), Customer may enable such Managing Party to use the Cloud Client Software on Customer’s behalf, provided that (a) the Managing Party only uses the Cloud Client Software and Cloud Services for Customer’s internal operations; (b) the Managing Party agrees to be bound by the terms of this Agreement, (c) Customer provides McAfee with written notice that a Managing Party will be using the Cloud Client Software on Customer’s behalf, and (d) Customer remains responsible for all use of the Cloud Client Software and Cloud Services by the Managing Party.

c. Updates and Upgrades. Customer must have an active subscription to the Cloud Services, or have an active Support Agreement for the Cloud Services, as applicable, to receive Updates or Upgrades for the Cloud Services, Cloud Client Software, and any On-Premise Software.

d. User Licenses. User licenses cannot be shared or used by more than one individual User but may be reassigned to new Users who are replacing former Users that have been terminated or otherwise no longer use the Software or Cloud Services.

e. Subsidiaries. Customer may permit its Subsidiaries to use the Software and Cloud Services in accordance with the terms of this Agreement but only while the entity qualifies as Customer’s Subsidiary, and provided that (i) each Subsidiary agrees to be bound by the terms of this Agreement, and (ii) Customer is responsible for each Subsidiary’s compliance with this Agreement.

f. Restrictions. Customer may not access or use the Software or Cloud Services if Customer is a direct competitor of McAfee, or for monitoring the availability, security, performance, functionality, or for any other benchmarking or competitive purposes without McAfee’s express written permission. Customer will not: (i) license, sublicense, sell, resell, transfer, assign, distribute, or otherwise commercially exploit or make the Software or Cloud Services available to any third party; (ii) use systems as an Open Proxy or Open Relay; (iii) modify, decompile, reverse engineer, or copy the Software or Cloud Services, or any of its components; (iv) use the Software or Cloud Services to conduct fraudulent activities; (v) attempt to gain unauthorized access to the Software or Cloud Services, engage in any denial of service attacks, or otherwise cause immediate, material or ongoing harm to McAfee, its provision of the Software or Cloud Services, or others; (vi) impersonate or misrepresent an affiliation with a person or entity; (vii) use the Software or Cloud Services to initiate or propagate Malware; (viii) use the Software or Cloud Services for any purpose that violates applicable law or regulation, infringes on the rights of any person or entity, or violates this Agreement; (each of (i) to (viii), a “Prohibited Use”).

g. Reserved Rights. The Cloud Services and Software, including, without limitation, their object code and source code, whether or not provided to Customer, are strictly confidential to McAfee. McAfee (or its licensors) owns exclusively and reserves all rights to the Cloud Services and Software, and Customer may not exercise any, right, title, and interest in and to the Cloud Services or Software, including, without limitation, all Intellectual Property Rights in and to the Cloud Services or Software, except to the extent of the limited rights and licenses granted to Customer in this Agreement. This Agreement is not an agreement of sale, and no title,
Intellectual Property Rights, or ownership rights to the Cloud Services or Software are transferred to Customer pursuant to this Agreement. Customer acknowledges and agrees that the Cloud Services and Software and all ideas, methods, algorithms, formulae, processes, and concepts used in developing or incorporated into the Cloud Services and Software, all future Updates and Upgrades, and all other improvements, revisions, corrections, bug-fixes, hot-fixes, patches, modifications, enhancements, releases, DATs, signature sets, upgrades, and policy, database, and other updates in, of, or to the Cloud Services or Software, all derivative works based upon any of the foregoing, and all copies of the foregoing are trade secrets and reserved to and proprietary property of McAfee.

h. Right to Use Customer Data. Customer hereby grants McAfee a limited, non-exclusive, royalty-free, license to access and use the Customer Data as necessary for (i) McAfee to provide the Software, Cloud Services and technical support to Customer during the applicable License Period; (ii) to maintain or improve the Cloud Services and Software and other security related products, including to develop Updates and Upgrades; (iii) for internal research for threat protection solutions, such as improved spam protection (unless Customer opts out of such uses through the options available in the console); (iv) for administration of the Agreement, and (v) for purposes set forth in McAfee’s Privacy policies available at http://www.mcafee.com/common/privacy/english/. In addition, Customer acknowledges and agrees to the use or sharing by McAfee of aggregated, anonymized or pseudonymized Customer Data (such that it no longer identifies Customer or any individual) as part of a larger set of statistics (for example, statistics describing the enterprise, amount of traffic, success rates, and the like) and that such data does not constitute Confidential Information.

i. Open Source Software. Customer acknowledges that the Software may include components (including, without limitation, programs, applications, tools, utilities, libraries, and other programming code) that are made available from third parties under a free or open source software licensing model (“FOSS Code”). FOSS Code components included with the Software are redistributed by McAfee to Customer under the terms of the applicable FOSS Code license for such component, and Customer’s receipt of FOSS Code components from McAfee under this Agreement neither enlarges nor curtails Customer’s rights or obligations defined by the FOSS Code license applicable to the FOSS Code component. Copies of the FOSS Code licenses for FOSS Code components included with Software are included with the Software or its Documentation.

3. BETA RELEASES AND EVALUATIONS. If Customer has signed up for an evaluation of Software or Cloud Services (“Evaluation Product”), or is given access to Software or Cloud Services identified as not generally available for commercial use, such as “Beta” or “Pre-Release” (“Beta Product”), then the provisions of this Section shall apply and shall control over any other conflicting terms of this Agreement. Customer’s use of an Evaluation Product is limited to thirty (30) days unless otherwise agreed to in writing by McAfee, during which time Customer may access and use the Evaluation Product solely for Customer’s internal evaluation to decide whether to purchase the right to use the Evaluation Product. McAfee reserves the right to materially change or discontinue Beta Products at any time and without notice to Customer. Access or use of a Beta Product is restricted to Customer’s internal performance evaluation of the Beta Product. McAfee is not obligated to finally release any version of the Beta Product. Customer will report to McAfee unusual, unplanned, or out of the ordinary events observed in a Beta Product. McAfee has no obligation to provide any Support for Evaluation Products or Beta Products. Customer acknowledges that the Evaluation Products and Beta Products may contain errors, defects or other problems that could cause system or other failures, security breaches, interruptions and data loss. CONSEQUENTLY, EVALUATION PRODUCTS AND BETA PRODUCTS ARE PROVIDED TO CUSTOMER SOLELY ON AN “AS IS” BASIS, AND MCAFEE DISCLAIMS ALL WARRANTIES AND LIABILITY IN CONNECTION WITH THE EVALUATION PRODUCTS AND BETA PRODUCTS. CUSTOMER ASSUMES ALL RISK OF USE OF EVALUATION PRODUCTS AND BETA PRODUCTS. WHERE LEGAL LIABILITY CANNOT BE EXCLUDED, BUT MAY BE LIMITED, THE AGGREGATE LIABILITY OF MCAFEE AND LICENSORS SHALL BE LIMITED TO THE SUM OF FIFTY (50) UNITED STATES DOLLARS (OR THE THEN-CURRENT VALUE IN THE RELEVANT LOCAL CURRENCY) IN TOTAL.

4. CUSTOMER OBLIGATIONS

a. Customer is responsible for all activity occurring under Customer’s Software, Cloud Services and Support accounts. Customer will provide McAfee with all information and assistance required to supply the Software or Cloud Services or enable Customer’s use of the same. Customer will immediately notify McAfee of any: (i) unauthorized account use or other suspected security breach; (ii) unauthorized use, copying or distribution of Software, Documentation or Customer Data; and (iii) unusual performance of the Software or Cloud Services observed by Customer.

b. Customer must obtain all necessary rights and permissions from Users. Customer represents and warrants that: (i) Customer has the legal rights and applicable consents to provide Customer Data to McAfee, (ii) Customer will comply with all applicable laws for processing and transferring Customer Data to McAfee and (iii) Customer retains adequate back-ups of Customer Data. Customer has sole responsibility for the accuracy, quality, integrity, legality, reliability, and appropriateness of all Customer Data. The Cloud Services rely on Customer Data as supplied by Customer, and McAfee is not liable for the content of Customer Data. McAfee does not assume any duty or obligation to correct or modify Customer Data.

c. As needed, Customer will provide McAfee contact information for Customer’s system administrator, who is authorized to provide the information required to configure and manage the Cloud Services (“System Administrator”). Depending on the Cloud Services purchased, McAfee may provide Customer with a confidential access code to the administration tool, which may only be accessed by the System Administrator.

d. Customer agrees to provide current and complete account Users’ information as necessary for McAfee to manage Customer’s account. Customer agrees to accept McAfee emails relevant to Customer’s receipt of the Cloud Services at the e-mail address specified by its System Administrator.

e. Customer agrees that McAfee may rely on all information provided to McAfee by the Customer. McAfee may provide all notices, statements, and other communications arising under this Agreement (other than legal notices) to Customer through either e-mail, posting on the Cloud Services or other electronic transmission.

5. TECHNICAL SUPPORT SERVICE. The McAfee Technical Support and Maintenance Terms apply to the Software and Cloud Services. The McAfee Technical Support and Maintenance Term are attached hereto below.

6. TERM; TERMINATION; LICENSE PERIODS.

GS-35F-0511T
a. Term. The term of this Agreement will continue until the termination of all License Periods, unless terminated sooner in accordance with this Agreement.

b. Termination.

1. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, McAfee shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer.

2. Pursuant to FAR 52.233-1, upon termination of this Agreement, all License Periods will terminate. After the termination of the License Period for a particular Service, Customer agrees that McAfee has no obligation to retain Customer Data for that Service, which may be irretrievably deleted as part of McAfee’s record and information management and in accordance with applicable laws. To the extent any Customer Data is stored by the Service, Customer is solely responsible for retrieving that Customer Data.

c. License Periods. The initial License Period for each of the Cloud Services (including any Cloud Client Software used to access the Cloud Services) or for any other Software is specified in the Grant Letter (the "Initial License Period").

d. End of Life. McAfee's provision of the Cloud Services and Software is subject to McAfee’s End-of-Life Policy attached hereto. Upon the End of Life date of the Cloud Services (as described in the End-of-Life Policy), the License Period for the Cloud Services (including Cloud Client Software used to access the Cloud Services) will terminate.

e. Suspension of Service. McAfee may suspend the Cloud Services: (a) if McAfee deems it necessary to prevent or terminate any actual or suspected Prohibited Use; or (b) upon notice to Customer if: (i) Customer commits a material breach of this Agreement; (ii) McAfee receives notice from Channel Partner that Customer is in material breach of the Agreement; (iii) McAfee determines that the volume of data being transmitted or processed through the Cloud Services under Customer’s account is significantly greater than the average use or may cause degradation of the Cloud Services for Customer or other customers; or (iv) in the event of a threat to the security and integrity of the hosted environment and/or Customer Data. McAfee may temporarily suspend the Cloud Services if McAfee determines that the volume of data transmitted or processed through the Cloud Services under Customer’s account causes a degradation of the services. Temporary suspension of Cloud Services shall be without prejudice to any rights or liabilities accruing prior to or during the suspension, including Customer’s obligation to pay fees.

f. Survival. Sections 1, 6-11, 13-18 and 20-29 will survive the termination (including by expiration) of this Agreement.

7. PAYMENTS; TAXES; AUDIT.

a. Payments. Unless Customer is purchasing the Licensed Products through a Channel Partner, in which case payment obligations shall flow exclusively between Channel Partner and Customer, Customer will pay McAfee the fees set forth in the Grant Letter within thirty (30) days of the invoice date.

b. Transaction Taxes. Customer will pay all applicable transaction taxes, including, but not limited to, sales and use taxes, value added taxes, duties, customs, tariffs, and other government-imposed transactional charges however designated (and any related interest or penalty) on amounts payable by Customer under this Agreement ("Transaction Taxes"). Unless Customer is purchasing the Licensed Products through a Channel Partner, in which case obligations regarding Transaction Taxes shall be exclusively the responsibility of Channel Partner and Customer, McAfee will separately state on its invoices the Transaction Taxes that McAfee is required to collect from Customer under applicable law. Customer will provide proof of any exemption from Transaction Taxes to McAfee at least 15 business days prior to the due date for paying an invoice. If McAfee does not collect the required Transaction Taxes from Customer but is later required to remit such Transaction Taxes to any taxing authority, Customer will promptly reimburse McAfee for such Transaction Taxes, including any accrued penalty or interest charges if the failure to timely collect and remit was not due to the fault of McAfee. McAfee shall state separately on invoices taxes excluded from the fees, and Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-3.

c. Withholding Taxes. All payments due from Customer will be made free and clear without deduction for any present and future taxes imposed by any taxing authority. Unless Customer is purchasing the Licensed Products through a Channel Partner, in which case obligations regarding Withholding Taxes (as defined below) shall be exclusively the responsibility of Channel Partner and Customer, if Customer is required by applicable law to deduct or withhold income taxes from amounts payable to McAfee under this Agreement ("Withholding Taxes"), Customer will remit, and provide McAfee with evidence that Customer has remitted, the Withholding Taxes to the appropriate taxing authority and pay to McAfee the remaining net amount. Customer will provide written notice to McAfee of its intent to withhold (including details of the amounts and legal basis for the Withholding Taxes) at least 15 business days prior to the due date for any payments under this Agreement and will cooperate with McAfee to reduce any Withholding Taxes. If McAfee provides Customer with valid and official documentation issued by the relevant taxing authority for a lower rate of Withholding Taxes, then Customer will apply the lower rate.

d. Income Taxes. Each party is responsible for its own income taxes or taxes based on gross revenues or gross receipts.

e. Audit. McAfee has the right, at its expense, to audit Customer’s compliance with the terms of this Agreement, and Customer will provide all records and information reasonably necessary for McAfee to successfully perform such audit. Such audit shall be conducted in a manner consistent with Government security requirements. If any audit reveals that Customer owes fees to McAfee, or the Channel Partner, McAfee or Channel Partner shall invoice Customer for such underpaid amounts. Customer consents to McAfee’s disclosure of such audit results to the Channel Partner.

8. CONFIDENTIALITY. In connection with this Agreement, each party may receive or have access to confidential information and materials of the other party. As used in this Agreement, “Confidential Information” means information that is designated as “confidential” or by similar words by the disclosing party at the time of disclosure and, if oral or visual, is confirmed as confidential by the disclosing party in writing within 15-days of disclosure; or (b) the receiving party should reasonably have considered to be confidential under the circumstances surrounding disclosure; but Confidential Information does not include any information that (i) was previously known to the receiving party, (ii) is received from a third party without similar restriction, (iii) is or becomes publicly available other than through unauthorized disclosure,
(iv) is independently developed by the receiving party without the use of the other party’s Confidential Information. Customer acknowledges that McAfee’s Cloud Services access codes and nonpublic information regarding the Licensed Products and McAfee’s Intellectual Property Rights are McAfee’s Confidential Information. As between the parties, the disclosing party owns the Confidential Information it discloses to the receiving party. Each party will take reasonable precautions (at least as great as the precautions it takes to protect its own confidential information) to prevent unauthorized use or disclosure of the other party’s Confidential Information in its possession. Neither party will (a) disclose any Confidential Information of the other party to any third party during the term of this Agreement and for as long thereafter as the Confidential Information remains competitively sensitive, but not in any event for less than 7 years following the termination of this Agreement, or (b) use any Confidential Information of the other party except in the performance of its obligations or exercise of its rights under this Agreement; but a party may disclose Confidential Information of the other party (i) to its employees, contractors or agents, on a need-to-know basis, under an obligation of confidentiality no less stringent than that set forth in this Section, and (ii) as required by law, provided that the receiving party notifies the disclosing party as soon as feasible and cooperates with the disclosing party’s efforts to limit or avoid the disclosure. McAfee recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as “confidential” by the vendor.

9. DATA PROTECTION. The Software, Cloud Services or Support may employ applications and tools to collect Customer Data that includes one or more data elements that can be used to identify a natural person (“Personal Data”). For the purpose of the Agreement, with respect to Personal Data, Customer and McAfee acknowledge that McAfee is a Data Processor and Customer is a Data Controller.
   a. In accordance with the instructions provided by Customer through one or more orders under this Agreement, McAfee will collect, process, copy, backup, store, transfer and use (collectively “Process”) Personal Data. Processing may take place in, from and to the United States, Europe, or other countries or jurisdictions, potentially outside of the Customer or User’s own.
   b. For Personal Data originating from Customer (for the purposes of the Standard Contractual Clauses the “Data Exporter”) established in the European Economic Area and Switzerland (an “EU Transfer”) the Standard Contractual Clauses will apply to the Processing by McAfee outside of the European Economic Area (who, for the purposes of the Standard Contractual Clauses shall be deemed the “Data Importer”). “Standard Contractual Clauses” mean the standard contractual clauses for the transfer of Personal Data from a Data Controller in the European Economic Area to Processors established in third countries under the EU Data Protection Directive 95/46/EC (the “Directive”) or any legislation replacing the Directive, (or any alternative or successor Decision that approves new standard contractual clauses for transfers to Data Processors in third countries). The Standard Contractual Clauses are available on the European Commission’s website at the following link: Standard Contractual Clauses. The Standard Contractual Clauses will cease to apply if McAfee is certified under the EU-US Privacy Shield or if McAfee adopts Processor Binding Corporate Rules or an alternative recognized compliance standard for the lawful transfer of Personal Data (as defined in the Directive) outside the European Economic Area upon notice hereof by McAfee to Customer. If there is any conflict between the Standard Contractual Clauses and this Agreement, the Standard Contractual Clauses shall prevail. Customer is solely responsible for securing any privacy- related rights and permissions from individual persons and third parties as required by regulation, statute, or other law, or by Customer’s internal policies or guidelines, in order to use the Licensed Products or disclose to McAfee any personally identifiable information.
   c. Where required in support of the permitted uses under this Agreement, Personal Data may be shared with third parties, including vendors, suppliers and partners (“Sub-Processors”). McAfee will restrict Sub-Processors access to Personal Data to the extent needed for performance and will impose written contractual obligations that are no less protective of the Personal Data than those obligations set forth in this Agreement.
   d. McAfee may use cookies to store user session information, access codes and application settings to ease site navigation processes.
   e. McAfee will implement technical, organizational and administrative security measures in order to protect the Personal Data it Processes from unauthorized access and misuse while under McAfee’s custody or control. McAfee restricts its personnel from Processing Personal Data without authorization and will impose appropriate obligations upon its personnel, regarding confidentiality, data protection and data security. McAfee will not disclose Personal Data to any third party (including any government agency, court, or law enforcement agency) except with written consent from Customer or as necessary to comply with the law or valid legal process (e.g., subpoena, warrant, or court order). If a third party makes a request to McAfee for access to or correction of Personal Data, McAfee will refuse such request and instruct the third party to request that Personal Data directly from Customer.

10. INTELLECTUAL PROPERTY. The Licensed Products are the sole and exclusive property of McAfee or its licensors, who retain sole ownership of all right, title and interest in Licensed Products, as well as any derivative works thereof. These ownership rights include all Intellectual Property Rights. Customer agrees, on behalf of itself and its Subsidiaries, that Customer and its Subsidiaries will take no action inconsistent with McAfee’s Intellectual Property Rights. Customer agrees that McAfee has the unrestricted right to use suggestions and feedback provided by Customer regarding products and services of McAfee and its affiliates, without notice to, payment to or consent from Customer, and that Customer will treat such suggestions and feedback as the Confidential Information of McAfee, and not Customer. Customer retains all right, title and interest in and to Customer Data.

11. LIMITED WARRANTY, REMEDIES AND DISCLAIMERS.
   a. LIMITED WARRANTY. McAfee warrants that the Cloud Services will substantially in accordance with its Documentation. This warranty is personal to Customer and may not be assigned, transferred or passed-through to any third party. THIS WARRANTY WILL NOT APPLY IF (i) THE CLOUD SERVICES OR SOFTWARE IS NOT USED IN ACCORDANCE WITH THIS AGREEMENT OR ITS DOCUMENTATION; (ii) THE SOFTWARE HAS BEEN MODIFIED BY ANY PERSON OR ENTITY OTHER THAN MCAFEE; OR (iii) A MALFUNCTION IN THE CLOUD SERVICES OR SOFTWARE HAS BEEN CAUSED BY ANY SYSTEMS, EQUIPMENT OR TECHNOLOGY NOT SUPPLIED BY MCAFEE.
b. **LIMITATION OF REMEDY.** The sole and exclusive remedy, and McAfee’s entire obligation and liability, for McAfee’s breach of warranty under this Agreement is for McAfee to repair or replace the Cloud Services to conform with its Documentation. If McAfee is unable to do so, McAfee may, in its own discretion, allow Customer to terminate the Agreement immediately upon notice to McAfee. In such event, if Customer paid fees directly to McAfee and not to a Channel Partner, McAfee will provide to Customer a pro-rata refund of the fees paid under this Agreement for the remainder of the then-current monthly or annual term.

c. **EXCLUSIONS; DISCLAIMERS.**

1. **EXCEPT FOR THE LIMITED WARRANTY IN SECTION 11(a) (Limited Warranty), ALL LICENSED PRODUCTS, SUPPORT, AND OTHER ITEMS ARE PROVIDED TO CUSTOMER “AS IS” AND WITH ALL FAULTS’ AND McAfee MAKES NO REPRESENTATIONS OR WARRANTIES, AND DISCLAIMS ALL REPRESENTATIONS, WARRANTIES, AND CONDITIONS, ORAL OR WRITTEN, EXPRESS OR IMPLIED, ARISING FROM COURSE OF DEALING, COURSE OF PERFORMANCE, OR USAGE IN TRADE, OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, IMPLIED WARRANTIES OF MERCHANTABILITY, QUALITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NON-INFRINGEMENT, OR SYSTEMS INTEGRATION.

2. **WITHOUT LIMITATION, McAfee does not represent or warrant any of the following:** (i) THAT ANY LICENSED PRODUCT, DEVICE, NETWORK, SUPPORT, OR SYSTEM WILL OPERATE UNINTERRUPTED OR BE FAILSAFE OR ERROR-FREE; (ii) THAT ANY LICENSED PRODUCT, DEVICE, ADVICE, REPORT, OR DATA, WILL BE FREE FROM ERRORS OR COMPLY WITH ANY PARTICULAR LAW; (iii) ANY BUSINESS RESULTS CUSTOMER MAY ACHIEVE; (iv) THAT ANY OR ALL SYSTEM VULNERABILITIES OR WEAKNESSES WILL BE DISCOVERED; OR (v) COMPLETE PROTECTION AGAINST ANY SECURITY THREATS OR OTHER POSSIBLE RISKS. CUSTOMER WILL NOT MAKE ANY REPRESENTATION OR MAKE ANY STATEMENT OR UNDERTAKEN ANY ACT OR OMISSION INCONSISTENT WITH THIS SECTION 11(c) (Exclusions; Disclaimers).

3. **THE LICENSED PRODUCTS MAY FAIL AND ARE NOT DESIGNED, DEVELOPED, TESTED, OR INTENDED TO BE RELIABLE IN THE CONTEXT OF HIGH RISK SYSTEMS.** McAfee has no responsibility for all claims, suits, demands, and proceedings alleging, claiming, seeking, or asserting, any liability, loss, obligation, risk, cost, damage, award, penalty, settlement, judgment, fine, or expenses (including attorneys’ fees) arising from or in connection with Customer’s use of the Products on or in a high risk system, including, without limitation, those that (a) could have been prevented by deployment of fail-safe or fault-tolerant features to the high risk system, or (b) are based on a claim, allegation, or assertion that the functioning of the high risk system depends or depended on the functioning of the Products or that the failure of any Product caused a high risk system to fail. As used herein, “High Risk Systems” means any device or system that requires extra safety functionalities such as fail-safe or fault-tolerant performance features to maintain a safe state where it is reasonably foreseeable that failure of the device or system could lead directly to death, personal injury, or catastrophic property damage. A device or system with a fail-safe feature in the event of failure may revert to a safe condition rather than break down, may include a secondary system that comes into operation to prevent a malfunction, or may operate as a backup in an event of malfunction. A device or system with a fault-tolerant feature in the event of failure may continue its intended operation, possibly at a reduced level, rather than failing completely. Without limitation, High Risk Systems may be required in critical infrastructure; industrial plants; manufacturing facilities; direct life support devices; aircraft, trains, boats or vehicle navigation and communication systems; air traffic control; weapons systems; nuclear facilities; power plants; medical systems and facilities; and transportation facilities.

4. **Third Parties.** The Software and Cloud Services may contain independent third party products and rely upon them to perform certain functionality, including malware definitions or URL filters and algorithms. McAfee makes no warranty as to the accuracy of any such third party information.

5. **Internet Delays.** Cloud services may be subject to limitations, delay and other problems inherent in the use of the internet and electronic communications. McAfee is not responsible for any delays, delivery failures or damages resulting from such problems.

6. **Security.** No data transmission over the Internet can be guaranteed to be secure. McAfee is not responsible for any interception or interruption of any communications through the Internet or networks or systems outside McAfee’s control. Customer is responsible for maintaining the security of its networks, servers, applications and access codes.

12. **PARTNER ACCESS.** Customer acknowledges and agrees that if the Cloud Services are purchased through a Channel Partner, the Channel Partner may have access to: (1) Customer Data; and (2) system administration of Customer’s account, including the ability to configure the account and applicable policies.

13. **LIMITATIONS OF LIABILITY.**

**A. NO CONSEQUENTIAL DAMAGES. UNDER NO CIRCUMSTANCES WILL McAfee OR ITS LICENSORS BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE, EXEMPLARY, CONSEQUENTIAL, OR EXTRA-CONTRACTUAL DAMAGES OF ANY KIND OR LOSS OF PROFITS, LOSS OF GOODWILL, LOSS OF PERSONNEL SALARIES, COMPUTER OR SYSTEM FAILURE OR MALFUNCTION, COSTS OF OBTAINING SUBSTITUTE SOFTWARE OR CLOUD SERVICES, WORK STOPPAGE, DENIAL OF ACCESS OR DOWNTIME, SYSTEM OR SERVICE DISRUPTION OR INTERRUPTION, OR ANY LOST, DAMAGED, OR STOLEN DATA, INFORMATION, OR SYSTEMS. FURTHER, UNDER NO CIRCUMSTANCES WILL McAfee OR ITS
LICENSORS BE LIABLE FOR ANY DAMAGES ARISING FROM OR RELATING TO ALLEGATIONS OR CLAIMS THAT THE CLOUD SERVICES OR SOFTWARE WERE NOT FAILSAFE, DID NOT OPERATE INTERUPTION- OR ERROR-FREE, OR DID NOT PROTECT AGAINST ALL SECURITY BREACHES OR ALL POSSIBLE SECURITY THREATS, MALFUNCTIONS, MALICIOUS CODE OR OTHER VULNERABILITIES OR ERRORS IN ANY CLOUD SERVICES OR SOFTWARE CAUSED BY VIRUS, INFECTION, WORM OR SIMILAR MALICIOUS CODE, IN ALL CASES REGARDLESS OF LEGAL THEORY AND WHETHER OR NOT FORESEEABLE, EVEN IF THE EXCLUSIVE REMEDIES PROVIDED BY THIS AGREEMENT FAIL OF THEIR ESSENTIAL PURPOSE AND EVEN IF EITHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OR PROBABILITY OF SUCH DAMAGES. THIS AGREEMENT SHALL NOT IMPAIR THE U.S. GOVERNMENT’S RIGHT TO RECOVER FOR FRAUD OR CRIMES ARISING OUT OF OR RELATED TO THIS CONTRACT UNDER ANY FEDERAL FRAUD STATUTE, INCLUDING THE FALSE CLAIMS ACT, 31 U.S.C. 3729-3733.

B. DOLLAR CAP. REGARDLESS OF WHETHER A CLAIM FOR DAMAGES IS BASED IN CONTRACT, TORT OR ANY OTHER LEGAL THEORY, IN NO EVENT WILL THE AGGREGATE TOTAL LIABILITY OF MCAFEE OR ITS LICENSORS UNDER THIS AGREEMENT OR IN CONNECTION WITH THE SUBJECT MATTER OF THIS AGREEMENT EXCEED (a) FOR MONTHLY CUSTOMERS, TO THE FEES PAID UNDER THIS AGREEMENT FOR THE TWO (2) MONTHS IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO THE CLAIM OR (b) FOR ANNUAL CUSTOMERS, TO THE FEES PAID UNDER THIS AGREEMENT FOR THE TWELVE (12) MONTHS IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO SUCH CLAIM, LESS THE AGGREGATE OF ALL AMOUNTS PAID BY SUCH LIABLE PARTY UNDER THIS AGREEMENT OR IN CONNECTION WITH ITS SUBJECT MATTER ON ACCOUNT OF PREVIOUS EVENTS OF LIABILITY. THESE LIMITATIONS DO NOT APPLY TO MCAFEE’S INDEMNIFICATION OBLIGATIONS; TO MCAFEE’S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT; OR TO ANY LIMITATION TO THE EXTENT PROHIBITED BY APPLICABLE LAW.

c. RISK ALLOCATION. The exclusions and limitations of liability specifically provided by this Agreement allocate between the parties the risks under this Agreement, some of which may be unknown or undeterminable. The exclusions and limitations were a material inducement for the parties to enter into this Agreement, and the parties have relied upon them in determining whether to enter into this Agreement. Each party expressly agrees to these exclusions and limitations and acknowledges that without them, the fees charged for the Cloud Services or Software would be higher or would not be offered under this Agreement.

d. ACTIONS. Except for claims related to non-payment, or to Customer’s breaches of Section 2 (Right of Use and Restrictions), Section 8 (Confidentiality) or Section 21 (Compliance), neither party may bring any legal action for any relief arising out of any matter relating to this Agreement more than 6 years after the party knew or should have known of the event giving rise to the claim or action.

14. [RESERVED]

15. MCAFEE INDEMNITY.

a. McAfee will indemnify and, at its election, defend Customer against claims asserted against Customer in any suit or proceeding for direct patent or copyright infringement, or for McAfee’s trade secret misappropriation, asserted against the Cloud Services or Software, as and in the form provided by McAfee under this Agreement alone and not in combination with anything.

b. Notwithstanding anything else, McAfee has no obligation under this Section 15 (MCAFEE Indemnity) with respect to the following: (a) any claim (such as a counterclaim) that is made in response to a suit or proceeding first filed by Customer, including, without limitation, alleging patent infringement; or (b) any claim based on the extent actually or allegedly based on any of the following: (i) elements or features in, or operation of, software, services, or other material not supplied by McAfee, (ii) McAfee’s inclusion or use of software, services, technology, or material provided by Customer, (iii) McAfee’s compliance with Customer’s designs, specifications, or instructions, (iv) modification of any Software by anyone other than McAfee, (v) use of any Cloud Services or Software where that use is contrary to the specifications or instructions for use, or the terms of this Agreement, (vi) combination of any Cloud Services or Software with anything, (vii) the Cloud Services or Software implements or complies with, in whole or in part, as provided or when used, a Standard, (viii) Customer willfully infringed, (ix) McAfee, Customer, or the Cloud Services or Software indirectly infringes, including by inducing or contributing to another’s infringement, or (x) activity that occurs after Customer is notified of the claim and is provided with modifications or other action that would avoid the claimed infringement.

c. McAfee’s indemnity obligations are conditioned on Customer’s prompt written notice to McAfee of a claim and on Customer’s tender to McAfee of the right to control and conduct the defense and any settlement of the claim, to the extent permitted under 28 U.S.C. § 516. Customer must fully and timely cooperate with McAfee and provide McAfee with all reasonably requested authority, information, and assistance. McAfee is not responsible for any costs, expenses, or compromise incurred or made by Customer without McAfee’s prior written consent.

d. At its option, McAfee will control and conduct the defense and any settlement of indemnified claims. McAfee, in its sole discretion and at its own expense, may (a) procure for Customer the right to continue using the Cloud Services or Software; (b) replace any affected Cloud Services or Software with non-infringing Cloud Services or Software; (c) modify any affected Cloud Services or Software so that it becomes non-infringing; or (d) upon McAfee’s receipt of Customer’s written representation and promise that it has removed all instances of the affected Software and will not use the affected Software and Cloud Services, credit or refund to Customer a pro-rata portion of the amounts already paid by Customer for the affected Cloud Services for the remainder of the applicable License Period.

e. The indemnity provided in this Section 15 (MCAFEE Indemnity) states McAfee’s entire obligation and liability and Customer’s exclusive remedy for claims of patent or copyright infringement, or trade secret misappropriation, by the Cloud Services or Software. This indemnity is personal to Customer and may not be assigned, transferred, or passed through to any third party.

f. Nothing contained herein shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute 28 U.S.C. §516.

16. WAIVER. A party’s failure or delay in enforcing any provision of this Agreement will not operate as a waiver of the right to enforce that provision or any other provision of this Agreement at any time. No waiver of any provision of this Agreement will be valid unless in writing, specifying the provision to be waived, and signed by the party agreeing to the waiver.
17. GOVERNING LAW; DISPUTE RESOLUTION. This Agreement and any dispute arising out of or relating to it will be governed by the Federal laws of the United States, without regard to conflict of laws principles. The parties exclude the application of the United Nations Convention on Contracts for the International Sale of Goods (1980).

18. NOTICES. All legal notices to McAfee under this Agreement must be addressed to “Attention: Legal Department” 5000 Headquarters Dr., Plano, TX 75024. All legal notices to Customer may be sent using the contact information on file with McAfee, as specified in the registration information provided by Customer when purchasing or registering for the Cloud Services. Notices shall be deemed effective upon receipt. It is Customer’s obligation to ensure McAfee has the most current contact information.

19. [RESERVED]

20. ASSIGNMENT. Neither party may assign this Agreement, whether by contract, operation of law or otherwise, without the prior written permission of the other party. Any attempt by Customer to assign this Agreement, including any rights, duties, or obligations under this Agreement, without the other party’s written consent will be a material breach of this Agreement and will be null and void.

21. COMPLIANCE. Each Party will comply with all applicable laws in the conduct of its business with respect to its rights and obligations under this Agreement, including, without limitation, applicable privacy and export control laws and regulations, the U.S. Foreign Corrupt Practices Act, and other applicable anti-corruption laws. Customer may not, directly or indirectly, export or transmit any Licensed Products or technical data (or any part thereof) or any process or service that is produced by any Licensed Products, to any country to which such export or transmission is restricted by applicable law, without the authorization, if required, of the Bureau of Industry and Security of the U.S. Department of Commerce or any such other applicable governmental entity as may have jurisdiction over such export or transmission. Customer will not use the Licensed Products for the design, development, engineering, manufacture, production, assembly, testing, repair, maintenance, operation, demilitarization, destruction, processing, use, configuration, adaptation or modification of any defense, military, intelligence, nuclear, or space article or activity, or missile technology including, without limitation, those items enumerated on (a) Wassenaar Arrangement’s Sensitive List, Very Sensitive List and/or Munitions List; (b) the International Traffic in Arms Regulations (“ITAR”) United States Munitions List (“USML,” 22 C.F.R. pt. 121); or (c) the Common Military List of the European Union, unless authorized by the U.S. Government by regulation or specific license. Customer will not discuss, disclose, or release to McAfee any Confidential Information directly related to any defense, military, intelligence, nuclear, or space article or activity. Customer will not transfer, resell, divert, export or re-export any Licensed Products or any related technical information or materials (i) into any U.S. embargoed countries, or (ii) to any person or entity listed on a denial order published by the U.S. government or any other applicable government. Customer represents and warrants that neither the Bureau of Industry and Security nor any other agency or government has suspended, revoked or denied Customer’s export privileges and that Customer will not provide any Licensed Products to any person or entity whose export privileges have been suspended, revoked, or denied. McAfee products may require authorization from the U.S. and other applicable authorities including, without limitation, the European Union, prior to export, import or use restrictions in other countries. Additional information regarding compliance with export control laws can be found at: http://www.mcafee.com/us/about/export-compliance.aspx.

22. NOTICE TO U.S. GOVERNMENT END USERS: The Software and Cloud Services are deemed to be "commercial computer software" and "commercial computer software documentation," pursuant to DFAR Section 227.7202 and FAR Section 12.212, if either is applicable. Any use, modification, reproduction, release, performance, display or disclosure of the Software or Cloud Services by the United States Government shall be governed solely by the terms of this Agreement and is prohibited except to the extent expressly permitted by this Agreement.

23. FORCE MAJEURE. Excusable delays shall be governed by FAR 52.212-4(f).

24. ENTIRE AGREEMENT. This Agreement represents the entire agreement between McAfee and the Ordering Activity with regard to Cloud Services and expressly supersedes and cancels any other communication, representation or advertising whether oral or written, on the subjects herein. This Agreement may not be modified except by a written addendum issued by a duly authorized representative of McAfee and duly warranted Contracting Officer. However, this Agreement, including without limitation its termination, has no effect on any signed nondisclosure agreements between the parties, which remain in full force and effect as separate agreements according to their terms. The express provisions of this Agreement control over any course of performance, course of dealing, or usage of the trade inconsistent with any of the provisions of this Agreement. The provisions of this Agreement will prevail absent any agreed-upon different, conflicting, or additional provisions that may appear on any purchase order, acknowledgment, invoice, or other writing issued by Customer in connection with this Agreement.

25. SEVERABILITY. The Parties intend that if a court holds that any provision or part of this Agreement is invalid or unenforceable under applicable law, the court will modify the provision or part to the minimum extent necessary to make it valid and enforceable, or if it cannot be made valid and enforceable, the court will sever and delete the provision or part from this Agreement. Any change to or deletion of a provision or part of this Agreement under this Section will not affect the validity or enforceability of the remainder of this Agreement, which will continue in full force and effect.

26. REMEDIES. All remedies available to either party for breach of this Agreement are cumulative and may be exercised concurrently or separately, and the exercise of any one remedy will not be deemed an election of such remedy to the exclusion of other remedies.

27. RELATIONSHIP. The relationship of McAfee and Customer established by this Agreement is that of independent contractors, and nothing contained in this Agreement (a) gives either party the power to direct and control the day-to-day activities of the other party; (b) constitutes the parties as partners, joint ventures, co-owners or otherwise as participants in a joint or common undertaking; or (c) allows either party to create or assume any obligation on behalf of the other party. The relationship contemplated by this Agreement is non-exclusive and does not prohibit either party from entering into any arrangements with any third parties. Each party understands and acknowledges that (a) the other party may develop or acquire technology, software, hardware, and data for its own products and services, and that existing or planned products and services developed or acquired by a party, may contain ideas or concepts similar or identical to those in the Confidential Information or Licensed Products under this Agreement; and (b) entering into this Agreement does not preclude a party from developing or acquiring any products without obligation to the other party.

28. SUPPLEMENTAL TERMS; GRANT LETTER. In the event of a conflict between a Grant Letter, the Supplemental Terms and/or the Subscription Agreement, the Supplemental Terms shall control over the Grant Letter and Subscription Agreement, but solely as to the relevant Service, and the Subscription Agreement shall control over the Grant Letter.

29. THIRD PARTIES. All warranty disclaimers and limitations of remedies and damages in this Agreement that are applicable to McAfee (including, without limitation, the warranty disclaimers and limitations of liability) also extend to and apply in respect of McAfee’s affiliates, third party supplies and licensors who are GSA Schedule 70 contract holders. Except as provided in this Section (Third Parties), the parties do not intend, nor may
any clause of this Agreement be interpreted, to create under this Agreement any obligations or benefits to, or rights in, any third party from either McAfee or Customer.

SUPPLEMENTAL TERMS AND CONDITIONS

A. On-Premise Software License

The following terms and conditions (“Supplemental Terms”) apply to all Customers using OnPremise Software, and are incorporated into the Agreement:

1. DEFINITIONS. Defined terms used in these Supplemental Terms shall have the meanings set forth in the Subscription Agreement or the meanings given below.
   a. “On-Premise Software” means Software that is identified in the applicable Grant Letter and that can be used without any Cloud Services. On-Premise Software may also include additional features or functionality that can be accessed only with either a current subscription or active support contract to certain Cloud Services, as required by the specific offering.

2. ON-PREMISE SOFTWARE LICENSE AGREEMENT. All On-Premise Software is delivered subject to the McAfee End User License Agreement (“EULA”), which is attached hereto. The terms of this Subscription Agreement and the Supplemental Terms and Conditions are intended to supplement the EULA with respect to On-Premise Software.

3. CLOUD SERVICES REQUIREMENT. Certain features or functionality of the On-Premise Software require either a current subscription or an active support contract to access accompanying Cloud Services. Customer’s purchase of a license for On-Premise Software includes only the features and functionality of the On-Premise Software that do not require Cloud Services, and does not entitle Customer to the accompanying features and functionality of the Cloud Services.

4. UPDATES AND UPGRADES. After Customer’s purchased support period for On-Premise Software expires, Customer has no further rights to receive any Updates or Upgrades to the On-Premise Software.

B. Free Services

The following terms and conditions (“Supplemental Terms”) apply to all Customers using Free Services, and are incorporated into the Agreement:

1. DEFINITIONS. Defined terms used in these Supplemental Terms shall have the meanings set forth in the Subscription Agreement or the meanings given below.
   a. In addition to the definition set forth in the Subscription Agreement, “Cloud Services” includes free versions of the cloud services that McAfee provides to Customer as specified in one or more Grant Letters, including (i) any features or functionality included in a paid subscription for which McAfee no longer charges or which McAfee offers to Customer at no charge in McAfee’s sole discretion, and (ii) other features or functionality that McAfee makes available to Customer without charge, that is labeled as “Pre-Release,” “Limited Release,” “Beta” or otherwise identified by McAfee as experimental, untested, or not fully functional, and which is not a time-limited trial for Customer’s evaluation purposes (each “Free Services”). “Free Services” also includes any accompanying Software or service that McAfee provides without charge to Customer as a courtesy and in McAfee’s sole discretion.

2. LICENSE PERIOD. For Free Services, subject to the terms of the Agreement, the License Period continues for as long as McAfee makes such Free Services available to Customer. McAfee may choose to provide Free Services to Customer prior to, during, or after Customer’s paid subscription to Cloud Services or Software, and any use is subject to the terms of the Agreement then in effect for as long as the Free Services are made available to Customer.

3. UPDATES / ASSISTANCE / END-OF-LIFE. Any updates or end-user assistance provided for Free Services are provided at McAfee’s sole discretion and may be discontinued at any time. From time to time, at McAfee’s sole discretion, McAfee may elect to discontinue certain Free Services or particular features of the Free Services (“Free Services Termination”). Free Services are specifically excluded from McAfee’s End-of-Life-Policy. Instead, McAfee will make commercially reasonable efforts to provide thirty (30) days’ prior notice to Customer of a Free Services Termination. McAfee has no obligation to provide any Support to Customers for the Free Services.

4. COMMUNITY FORUM. At their convenience, Customers may exchange ideas and technical insight regarding the Free Services on the Cloud Visibility - Community Edition page located at: https://community.mcafee.com/community/business/data/cloud-visibility.

McAfee does not endorse, warrant or guarantee any information posted on this site and any use of the information is taken at Customer’s sole risk.

5. DISCLAIMER. Customer acknowledges that the Free Services may contain errors, defects or other problems that could cause system or other failures, security breaches, interruptions and data loss. CONSEQUENTLY, THE LIMITED WARRANTY IN SECTION 11(a) OF THE SUBSCRIPTION AGREEMENT DOES NOT APPLY TO FREE SERVICES. INSTEAD, FREE SERVICES ARE PROVIDED TO CUSTOMER SOLELY ON AN “AS IS” BASIS, AND MCAFEE DISCLAIMS ALL WARRANTIES AND LIABILITY IN CONNECTION WITH THE FREE SERVICES. CUSTOMER ASSUMES ALL RISK OF USE OF FREE SERVICES. In addition, Customer acknowledges that McAfee has not promised or guaranteed to Customer that Free Services will be announced or made available to anyone in the future, that McAfee has no express or implied obligation to Customer to announce or introduce Free Services, and that McAfee is not obligated to introduce a product similar to or compatible with Free Services or any updates to any Free Services.

6. NO SERVICE LEVEL AGREEMENT. Any Service Level Agreement that, in McAfee’s sole discretion, is offered or may be offered for the Cloud Services, does not apply to Free Services. In the event of a covered outage or other issues with the Free Services, Customer and other users of the Free Services may not make a claim under the Service Level Agreement.

7. LIMITATION OF LIABILITY. WHERE LEGAL LIABILITY CANNOT BE EXCLUDED, BUT MAY BE LIMITED, THE AGGREGATE LIABILITY OF MCAFEE AND LICENSORS IN CONNECTION WITH THE FREE SERVICES SHALL BE LIMITED TO THE SUM OF ONE HUNDRED UNITED STATES DOLLARS ($100) (OR THE THEN-CURRENT VALUE IN THE RELEVANT LOCAL CURRENCY) IN TOTAL.

8. FREE SERVICE DATA STORAGE. McAfee has no obligation to retain any Customer Data or other Customer information submitted or collected through the Free Services. McAfee may delete any such Customer Data and other Customer information at its own discretion and without prior notice to Customer.
Cookie Notice

Our Sites (as defined below) use Cookies and Similar Technologies to ensure that we give our visitors the best possible experience by providing you personalized information, remembering your marketing and product preferences, and helping you obtain the right information. You can find out more about Cookies and Similar Technologies, how we use them, and how to control them below.

Use of Cookies and Similar Technologies

This Notice describes how McAfee (including certain McAfee Affiliates and Service Providers) (collectively "we" or "us") uses Cookies and Similar Technologies (such as pixel tags, web beacons, clear GIFs, JavaScript, and local storage). We will refer to these Cookies and Similar Technologies simply as “Tracking Technologies” for the rest of Notice. We will also describe what options you may have regarding Tracking Technologies. This Notice covers the use of Cookies that may be used in connection with McAfee’s websites, mobile websites, and apps (the “Sites”).

In some cases, we may use Tracking Technologies to collect information that is personally identifiable, or that can become personally identifiable if we combine it with other information. In such cases, our Privacy Policy will apply in addition to this Cookie Notice.

What Are Tracking Technologies?

Cookies are small files—usually consisting of letters and numbers—placed on your computer, tablet, phone, or similar device, when you use that device to visit a website. Cookies are widely used by website owners and their service providers or partners to make their websites operate, work more efficiently, and provide analytic information.

These are the different types of Cookies used on our Sites:

* **Essential Cookies.** These Cookies are required for the operation of our Sites (for example, to enable you to log into secure areas of our website or use a shopping cart). These Cookies enable you to move around the Sites and use their features. Disabling these Cookies will encumber the Sites’ performance and may make the features and service unavailable.

* **Analytics and Customization Cookies.** These Cookies allow us to analyze activities on our Sites and on other sites where we post content in order to improve and optimize the way our Sites work. For example, we may use these types of Cookies to ensure that visitors can easily find the information they are looking for. One way we do this is to recognize and count the number of visitors and see how they move around a Site when they are using it. Analytics cookies also help us measure the performance of our advertising campaigns in order to help us improve our advertising campaigns and to optimize our Sites’ content for those who engage with our advertising.

* **Functionality Cookies.** These Cookies are used to recognize you when you return to our Sites. This enables us to personalize our content for you, greet you by name, and remember your preferences (for example, your choice of language or region).

* **Advertising Cookies.** These Cookies record your online activities, including your visits to our Sites, the pages you have visited, and the links and advertisements you have clicked. One purpose of this is to help make the content displayed on our Sites more relevant to you. Another purpose is to allow delivery of advertisements or other communications to you that are designed to be more relevant to your apparent interests. Delivery of interest-based advertising may involve us, our service providers and partners such as publishers, data management platforms, and demand side platforms. For example, if you look at a page on one of our Sites, we may cause an advertisement to be delivered to you, on our Site or on other sites, for products referenced on that page or for similar products and services. We and our service providers and partners may also append other data to information collected by these Cookies, including information obtained from third parties, and share this information with third parties for the purpose of delivering ads to you.

* **Flash Cookies.** A Flash Cookie is a small data file placed on a computer using Adobe Flash or similar technology that may be built into your computer or downloaded or installed by you to your computer. We use these technologies to personalize and enhance your online experience, facilitate processes, and personalize and store your settings. Flash cookies may help our website visitors to, for example, set volume preference associated with a video experience, play games, and perform surveys. They help us improve our sites by measuring which areas are of greatest interest to guests. They may be recognized by other sites or by our marketing or business partners. Flash cookies are different from browser cookies and the cookie management tools provided by your browser may not remove Flash cookies. **Click here** to learn how to manage privacy and storage settings for Flash cookies. If you disable Flash cookies or other similar technologies, please be aware that you may not have access to certain features and services that make your online experience more efficient and enjoyable.

* **Web Beacon.** A Web Beacon is a very small clear picture file used to keep track of your navigation through a single website or a series of websites. They may also be referred to as “Web Bugs” or “Clear Gifs.” Web Beacons may be used with cookies to gain an understanding of how a website’s users navigate through the website.

How Do We Collect and Use Other Information?

We and our service providers may use Tracking Technologies for a variety of purposes, including to:

* Help us and third parties obtain information about your visits to the Sites;

  * Process your orders;

  * Analyze your visiting patterns to improve our Sites;

  * Deliver advertising, communications, and content from us and third parties, on our Sites and those of third parties, specific to your interests;

  * Remember your language and other preferences;

  * Help you obtain information you are looking for;

  * Provide a safe and secure service for online transactions;

  * Measure how many people use our Sites, and how they use them;

  * To keep our Sites running efficiently.

If you register on one of our Sites, or otherwise provide us with your personal information, we may associate that information with other information we collect from or about you, information regarding your use of our Sites, or information we receive about you from third parties. We may use this combined data for purposes consistent with our Privacy Policy, including for marketing.

How Long Do Tracking Technologies Stay on My Device?

Some Cookies will stay on your device between browsing sessions—they do not expire when you close your browser. These Cookies are called “persistent” Cookies. The length of time a persistent Cookie stays on your device varies from Cookie to Cookie. We and others use persistent Cookies for a variety of purposes, such as to store your preferences so that they are available for the next visit, and to keep a more accurate account of how often you visit our Sites, how often you return, how your use of the Sites may vary over time, and the effectiveness of advertising efforts.

Other Cookies operate from the time you visit our Site to the end of that particular web browsing session. These Cookies expire and are automatically deleted when you close your Internet browser. These Cookies are called “session” Cookies.

Who Puts Tracking Technologies on My Device?
Cookies may be placed on your device by McAfee as the Site operator. These Cookies are called “first party” Cookies. Some Cookies may be placed on your device by a party other than McAfee. These Cookies are called “third-party” Cookies. For example, a McAfee partner may place a third-party Cookie to enable online chat services.

Cookies may also be used that allow us and third parties to know when you visit our Sites, and to understand how you interact with emails, advertisements, or other content. Through Cookies, aggregate and other information not identifying individual users (such as your operating system, browser version, and the URL you came from, including from emails and advertisements) may be obtained and used to enhance your experience and understand traffic patterns. This technology counts the number of users who visit a particular service from specific banner advertisements outside the McAfee Site or who clicked on links or graphics included in email newsletters received from McAfee. It is also used as a tool to compile aggregated statistics about how McAfee Sites are used, to perform analytics and help us to optimize our Sites, and to help serve you advertising based on your interests, as described in further detail below.

How Does McAfee Use Online and Mobile Advertising?

We and third parties, including technology partners, and service providers engage in interest-based advertising to deliver advertisements and personalized content that we and other advertisers believe will be of interest to you. To the extent third-party vendors are using Cookies to perform these services for us, McAfee does not control the use of this technology or the resulting information, and is not responsible for any actions or policies of such third parties. We identify some resources in this Notice (see “How do I Manage Tracking Technologies” below) that can help you. Ads may be delivered to you based on your online or mobile behavior (on McAfee Sites or other sites), your search activity, your responses to one of our advertisements or emails, the pages you visit, your general geographic location, or other information. These ads may appear on our Sites or on third-party websites. The technology partners with whom we work to help us conduct interest-based advertising may be members of self-regulatory associations such as the Network Advertising Initiative (NAI) and the Digital Advertising Alliance (DAA). For Sites directed at persons located in the European Union, we may work with technology partners who are members of the European Digital Advertising Alliance (eDAA). You may also see advertisements for third parties on our Sites or other websites or properties, based on your visits to, and activities on, our Sites and other sites.

How Do I Manage Tracking Technologies?

You can decide whether or not to accept Cookies. One way you can do this is through your Internet browser’s settings. Most Internet browsers allow some control of most Cookies through the browser settings (Please note that if you use your browser settings to block all Cookies you may not be able to fully use the Site.). You can find information online about how to manage Cookies. For example, the following links provide information on how to adjust the Cookies settings on some popular browsers:

* Apple Safari
* Google Chrome
* Microsoft Internet Explorer
* Mozilla Firefox

You can also use a browser plug-in such as Ghostery or the Tracking Protection List from TRUSTe. (A browser plug-in is a piece of software which adds extra capabilities to your browser—for example, to play video or scan for viruses), Adobe Flash Player is software for viewing multimedia on a computer. Websites that use Adobe Flash may store Flash Cookies. Flash Cookies may also be known as Flash Local Shared Objects (LSOs). McAfee may use Flash LSOs to provide special content, such as video and animation playback.

To find out more about interest-based advertising and your choices, visit these sites: Digital Advertising Alliance, the Network Advertising Initiative, and the Interactive Advertising Bureau (IAB) Europe. You can opt out of the use of Cookies to tailor content or advertising to you by visiting the following links. Note that if you choose to opt out, you won’t necessarily see fewer ads. However, the ads you see may be less relevant to your interests.

* [http://www.networkadvertising.org/managing/opt_out.asp](http://www.networkadvertising.org/managing/opt_out.asp)
* [http://www.aboutads.info/choices](http://www.aboutads.info/choices)

How Does McAfee respond to a Do Not Track Signal?

There is currently no industry agreement upon response to a Do Not Track signal. At this time, McAfee Services and Sites do not respond to a user’s Do Not Track signal.

5000 Headquarters Drive, Plano TX 75024

* Email: privacy@mcafee.com
* Telephone: +1 972-963-7902

This Notice updates and supersedes previous versions. We may change this Notice at any time. Changes to this Notice must be agreed to by both parties in writing prior to becoming effective. The “LAST UPDATED” section at the bottom of this page lists when this Notice was last revised. LAST UPDATED: April 3, 2017

McAfee Privacy Notice

Effective Date: April 3, 2017

This Notice provides information about data we collect, use, and share, and our commitment to using the personal data we collect in a respectful fashion.

• Privacy Notice Overview
• Why Do We Collect Information and Data?
• What Kinds of Personal Information Do We Collect?
• How Do We Collect Information?
We at McAfee, LLC and our affiliates with whom you have a business relationship ("McAfee", "we", "us") care deeply about privacy, security, and online safety, all of which are a significant part of our essential mission: to protect users of our products and services ("you", "your") from the risks of theft, disruption, and unauthorized access to their online information and activities. This Privacy Notice ("Notice") is designed to inform you about how we collect, use, and share your personal information.

This Privacy Notice applies to personal information we obtain from individuals through our websites, products, services, and web-based applications (collectively, the "Services"). In addition, some of our products and services, such as our wide array of mobile applications ("Apps"), are subject to a separate privacy notice. If a separate privacy notice applies to a particular product or service, for example, such as our Mobile App Privacy Statement, we will post it on our website (our "Site").

When you access or use our Services, you acknowledge that you have read this Notice and understand its contents. Your use of our Services and any dispute over privacy is subject to this Notice and our Terms of Service (including any applicable limitations on damages and the resolution of disputes).

As McAfee grows, our business changes, and we may update this Notice, or other privacy notices that we establish for individual products, at any time as we deem appropriate to reflect those changes. Both parties must agree to the changes in writing prior to the changes going into effect.

Why Do We Collect Information and Data?

We rely on a wide variety of information to run our business. In some instances, this information may include data that could be used to identify a particular individual, otherwise referred to as Personal Information. In this Notice, we will provide multiple examples of how Personal Information we collect may be used and why it is important. For example, when a consumer purchases one of our products we must collect their name, email address, and payment information to complete the transaction. Some of the reasons that we collect Personal Information include to:

- Provide our products and services, including our Apps and this Site, and improve them over time;
- Allow you to download and purchase products and services;
- Personalize and manage our relationship with you, including introducing you to products or services that may be of interest to you or to provide customer support;
- Investigate, respond to, and manage inquiries or events;
- Work with and respond to law enforcement and regulators; and
- Research matters relating to our business such as security threats and vulnerabilities.

What Kinds of Personal Information Do We Collect?

The following are examples of the type of Personal Information that may be collected. The specific kind of information collected will depend on the services used:

- Contact information (such as name, email address, mailing address, and phone number);
- Payment information (including payment card numbers, billing address, and bank account information);
- McAfee purchase or product/service use history;
- Account log-in credentials;
- Your location;
- Your interests;
- Demographic information;
- Photographs, images, video, and related hash values; or
- Biometric data such as fingerprints or voice recordings.

In addition to the above, we may also collect other information related to user interactions with or use of our Services ("Usage Data"). Much of this Usage Data, for example, clickstream data and aggregate usage statistics, is generally not personally identifying. On the other hand, some of this Usage Data either alone or when combined or linked with your Personal Information, may allow your identity to be discovered. In such cases, we treat the combined data as Personal Information. In many cases, Usage Data is gathered automatically by systems or technology such as cookies (see more information about Information Collected Automatically below).

The following are examples of the type of Usage Data that may be collected by McAfee from your web browser or related to your interactions with our products and services:

- Details about your computers, devices, applications, and networks (including IP address, browser characteristics, device ID, operating system, and language preferences);
- Activities on our websites and usage patterns of products and services (including referring URLs, dates and times of website visits, and clickstream data);
- Details about Internet, App, or network usage (including URLs or domain names of websites you visit, information about applications that attempt to access your network, or traffic data);
- Data about files and communications, such as potential malware or spam (which may include computer files, emails and attachments, email addresses, metadata, and traffic data, or portions or hashes—a hash file is a file that has been converted into a numerical string by a mathematical algorithm—of any of this information).

How Do We Collect Information?
We collect information directly from you, as well as automatically through your use of our Services and, in some cases, from third parties.

**Information That You Give Us:** Typically the information we collect directly from you are your contact details, payment or billing data, and relationship information like the content of customer service requests that you initiate, reviews you submit on our products, or responses to surveys. You decide how much information to share with us in most cases, but not sharing required information may limit your ability to engage in certain activities, such as payment information required to complete a purchase.

**Information Collected Automatically:** When you use or interact with our Site and Services, we receive and store information generated by your activity, like Usage Data, and other information automatically collected from your browser or mobile device. This information may include your IP address; browser type and version; preferred language; geographic location using IP address or the GPS, wireless, or Bluetooth technology on your device; operating system and computer platform; purchase history; the full Uniform Resource Locator (URL) clickablestream to, through, and from our Site, including date and time; products you viewed or searched for; and areas of our Site that you visited. We also may log the length of time of your visit and the number of times you visit and purchase or use the Services. We may assign you one or more unique identifiers to help keep track of your future visits.

In most cases, this information is generated by various tracking technologies. Tracking technologies may include "cookies," "flash LSOs," "web beacons" or "web bugs," and "clear GIFs." You can read about how we use cookies and other tracking technologies here and also learn about the choices you can make to limit their use.

Please see our Cookie Notice for more information about the cookies and other similar technologies that we use.

**Information from Other Sources:** If we receive any information about you from other sources, we may add it to the information we already have about you. For example, if we receive a list of subscribers to a publication and we note that you are a user of our products and also a subscriber, we may combine that information. Examples of information we may receive from other sources includes updated delivery or payment information which we use to correct our records, purchase or redemption information, customer support or enrollment information, page view, search term and search result information from business partners, and credit or identity information which we use to help prevent and detect fraud.

**How Do We Use Personal Information?**

Every time you turn on a device, connect to a network, or open a file, you are exposed to significant risk from hackers, malware, spyware, and other forms of unauthorized access to your data and systems. Security products and services, such as McAfee’s, are designed to help protect you from these risks.

**Security and Threat Detection.** By collecting and processing data, including Personal Information, McAfee can help to predict threats and better protect you, your devices, and your information. For example, McAfee may use your information to:

- Analyze data sent to/from your device(s) to isolate and identify threats, vulnerabilities, suspicious activity, and attacks;
- Assess the reputation of a device or file to advise you on whether access should be granted;
- Participate in threat intelligence networks and conduct research and analysis, including market and consumer research and trend analysis; and
- Adapt products and services to respond to new threats.

**Business Uses.** In addition, we may use Personal Information for other business purposes, including to:

- Analyze users’ behavior when using McAfee products and services to customize preferences;
- Establish and manage McAfee accounts;
- Collect and process payments and complete transactions;
- Provide customer support, manage subscriptions, and respond to requests, questions, and comments;
- Communicate about, and administer participation in, special events, programs, surveys, contests, sweepstakes, and other offers and promotions;
- Enable posting on our blogs and other communications;
- Customize, measure, and improve our websites, products, services, and advertising;
- Analyze and develop new products, services, and websites;
- Perform accounting, auditing, billing, reconciliation, and collection activities;
- Prevent, detect, identify, investigate, respond, and protect against potential or actual claims, liabilities, prohibited behavior, and criminal activity;
- Comply with and enforce applicable legal requirements, agreements, and policies; and
- Perform other activities consistent with this Notice.

**Processing as Part of the Services.** We also process certain information as an integral part of our Services. If you install or use one of our products or services, software will operate in the background of your computer system or device environment to perform specific security and privacy tasks including:

- Spam protection;
- Virus protection;
- Intrusion detection, prevention, and protection;
- Threat prevention and prediction;
- Network defense;
- Data encryption;
- Mobile device lockdown; and Back-up and recovery activities.

**Product Updating and Reporting.** Our products and services may also process certain data to provide updates and reports. These update functions may check your system to see whether files relating to the services need to be refreshed or modernized. For example, products and services may transmit report files to McAfee. These files contain information, including the number of checked, suspicious, infected, or unwanted files or emails, the number of infections, the date and hash values of the detected infections, and the number of false negatives/false positives.

The purpose of these reports is to analyze the frequency of particular infections or the prevalence of threats. McAfee also uses the information to adapt the product to conform to user preferences based on actual use.
SUPPORTING FREE PRODUCTS AND SERVICES
We continually make a variety of free products available to our customers. In order to keep these products free, we may use information collected through some of our products, such as information about websites you visit, to support interest-based advertising by us or our partners. We do this by sharing information with trusted third parties about your browser and web browsing activity that does not identify you personally. These companies are not permitted to use the information we provide to them to identify you, and are required to use the information we provide only in accordance with our privacy commitments to you. Our products that use data in this way also include built-in features allowing you to opt out of this sharing.

When Do We Share Personal Information?
We respect the importance of privacy. Other than as provided in this privacy policy, we do not sell your Personal Information, nor do we share it with unaffiliated third parties for their own marketing use, unless we have your consent or we are required by law to do so. Generally, we may disclose the information we collect, including Personal Information, in order to facilitate our provision of the Services or communications with customers (e.g., to service providers who perform functions on our behalf), to operate our business, to advertise or promote our Services, to facilitate changes to or transfers of our business, as required by law, or with your consent. We may share Personal Information in the following ways:

- Current and future members of the McAfee family of companies for the purposes described in this Notice, such as to: (i) provide services and content (e.g., registration, sales, and customer support); (ii) help detect and prevent illegal acts and violations of our policies; and (iii) guide our decisions about our products, services, and communications;
- Other users where integral to particular Services where you have chosen to share such information, or where you have posted user content (e.g., comments and reviews, social media posts, photos or locations to groups you create);
- Authorized service providers who perform services for us (including cloud services, data storage, sales, marketing, investigations, payment processing, customer support, and bill collection). Our contracts with our service providers include commitments that they agree to limit their use of Personal Information and to comply with privacy and security standards at least as stringent as the terms of this Privacy Notice. Remember that if you provide Personal Information directly to a third party, such as through a link on McAfee’s website, the processing is typically based on their standards (which may not be the same as McAfee’s);
- If we believe disclosure is necessary and appropriate to prevent physical, financial, or other harm, injury, or loss, including to protect against fraud or credit risk.
- To legal, governmental, or judicial authorities, as instructed or required by those authorities or applicable laws, or in relation to a legal activity, such as in response to a subpoena or investigating suspected illicit activity (including identifying those who use our services for illegal activities). We reserve the right to report to law enforcement agencies activities that we in good faith believe to be illegal.
- In connection with, or during negotiations of, an acquisition, merger, asset sale, or other similar business transfer that involves substantially all of our assets or functions where Personal Information is transferred or shared as part of the business assets (provided that such party agrees to use such Personal Information in a manner that is consistent with this Notice).
- In order to provide marketing and advertising content about our products, or other products which may interest you, we may share your Usage Data, as well as anonymized information with third-party ad networks, social media partners, and similar providers. A more detailed discussion of our relationship with third-party advertisers is set forth below under the heading "Third-Party Advertising".
- With others only after obtaining your consent. If we want to share Personal Information other than as permitted or described above, we will provide you with a choice to opt in to such sharing and you may choose to instruct us not to share the information.

YOUR CALIFORNIA PRIVACY RIGHTS - SHINE THE LIGHT LAW
McAfee does not share your Personal Information with non-affiliated third parties for their own marketing use without your permission.

Third-Party Advertising
Advertising is a way for McAfee to subsidize many of our free products and services and also provides a way to inform you about products or services that we think may be of interest to you. We have agreements with third-party advertising companies to display or deliver ads to you while you are on our Site or using some of our other products, like Apps. These third-party advertisers may automatically receive Usage Data when this happens. They may also download cookies to your computer, or use other technologies such as JavaScript and "web beacons" (also known as “1x1 gifs” or "clear gifs") to measure the effectiveness of their ads and to personalize advertising content. Doing this allows the advertising network to recognize your computer or device each time you send them an advertisement. In this way, they may compile information about where individuals using your computer or browser saw their advertisements and determine which advertisements are clicked. Third-Party Advertisers may also serve advertisements to you on other websites, based on their tracking of what content you looked at or interacted with on Our Websites. Other than as described in this Notice, we do not give third-party advertisers your contact information such as email address, phone number, or address.

See our Cookie Notice to learn more about how McAfee uses tracking technologies like cookies and how you can opt out of such technologies and advertising. This Notice does not cover the use of cookies or other tracking technologies by any of our advertisers.

If you have provided our Apps with access to your location, our mobile advertising partners may use your location to target advertisements to you. You can use the location features on your device to disable this targeting.

Do Not Track Disclosure: Our Site does not respond to Do Not Track signals. You may, however, disable certain tracking as discussed above (e.g., by disabling cookies). For more information about Do Not Track signals, please click here.

We use administrative, organizational, technical, and physical safeguards to protect the Personal Information we collect and process. Our security controls are designed to maintain an appropriate level of data confidentiality, integrity, and availability. We regularly test our website, data centers, systems, and other assets for security vulnerabilities.

McAfee handles payment card data in a manner consistent with the Payment Card Industry Data Security Standard (PCI-DSS). For example, when you make a payment on our website using your credit card, we use SSL encryption for transmission of the credit card number.

What Choices Do You Have About Your Personal Information?
We offer certain choices about how we communicate with our users and what Personal Information we obtain about them. Many McAfee products allow users to make choices about the Personal Information collected.

- You may choose not to receive marketing communications from us by clicking on the unsubscribe link or other instructions in our marketing emails, visiting the My Account section on our website, or contacting us as specified in the “Contact Us” section below.

GS-3SF-0511T
• Many McAfee products contain settings that allow users or administrators to control how the products collect information. Please refer to the relevant product manual or contact us through the appropriate technical support channel for assistance.
• To remove your Personal Information from a McAfee website testimonial, please contact customer service.

If you chose to no longer receive marketing information, McAfee may still communicate with you regarding such things as security updates, product functionality, responses to service requests, or other transactional, non-marketing/administrative related purposes.

HOW YOU CAN ACCESS AND CORRECT INACCURACIES
If you subscribe to McAfee products, you can access and correct the Personal Information in your profile by visiting My Account. Alternatively, you may request access or changes to, or removal of, your Personal Information in accordance with applicable laws by contacting us as indicated below. For some requests, an administrative fee may be charged (where permitted by law). We will advise you of any applicable fee prior to performing your request.

Data Retention
The time periods for which we retain your Personal Information depend on the purposes for which we use it. McAfee will keep your Personal Information for as long as you are a registered subscriber or user of our products or for as long as we have another business purpose to do so and, thereafter, for no longer than is required or permitted by law, or McAfee's Records Retention Policy, reasonably necessary for internal reporting and reconciliation purposes, or to provide you with feedback or information you might request. The information we collect may be stored and processed in servers in the United States and wherever McAfee and our service providers have facilities around the globe.

Children’s Privacy
Some of McAfee's Services provide security features that may be used to monitor children’s activity online, physical location, or when they are using a registered device. McAfee does not knowingly collect Personal Information from children under the age of 13 without first obtaining parental consent in accordance with applicable laws like the Children’s Online Privacy Protection Act of the United States and similar laws around the world. For products that may be used with children, there are options for parents or legal guardians to delete their child’s profile at any time and at the parent or guardian's option. We do not knowingly use Personal Information from children for any purpose except to deliver the products that are designed to offer family-related or child-related protection Services. If you believe we have collected information from your child in error or have questions or concerns about our practices relating to children, please notify us using the Contact Us details below and we will promptly respond.

Data Transfers
McAfee is headquartered in the United States, and we have operations, entities, and service providers in the United States and throughout the world, including in India. As such, we and our service providers may transfer your personal information to, or access it in, jurisdictions that may not provide equivalent levels of data protection as your home jurisdiction. We will take steps to ensure that your personal information receives an adequate level of protection in the jurisdictions in which we process it. If you are located in the European Economic Area or Switzerland, we provide adequate protection for the transfer of Personal Information to countries outside of the EEA or Switzerland through a series of intercompany agreements based on the Standard Contractual Clauses authorized under the EU Data Protection Directive 95/46/EC.

Links to Other Websites
Our Site may contain links to other websites for your convenience and information. These websites may be operated by companies not affiliated with McAfee. Linked websites may have their own privacy policies or notices, which we strongly suggest you review if you visit those websites. We are not responsible for the content, privacy practices, or use of any websites that are not affiliated with McAfee.

Contact Us
If you have questions or concerns regarding this Privacy Notice, or would like to update information we have about you or your preferences, please contact us by email at privacy@mcafee.com or by one of the following additional methods: In the United States by calling us at +1 972-963-7902 or by writing to us at:

Effective Date: April 3, 2017
McAfee, LLC and our affiliates with whom you have a business relationship (“McAfee”, “we”, “us”) respect your privacy. This Mobile App Privacy Statement (“App Privacy Notice”) describes our privacy practices regarding the collection, use, and disclosure of your personal information through our mobile apps (our “app” or “apps”).

1. What We Collect

Information you provide:
We may require that you register to use the apps. Registration may require personal information like your email address and name and information like a unique user name or password. In some cases, you may be able to sign in using your Google or Facebook account credentials which will then be used only for the purpose of account access and account management.

The functionality of the apps may require some access to personal information in order to use the apps. This may include contact information such as your name, address, phone number, email address, and unique log-in credentials. The apps may also access unique numeric identifiers assigned to your device such as your mobile advertising ID/IDFA, Bluetooth device IDs, and mobile device ID.

Other types of information may also be collected by the apps such as:
- IDs of any Bluetooth devices connected to your mobile device
- Media such as photos and videos that you store or consent to give us access to
- Device details such as OS, device ID, and device type
- List of other apps on your device and information about those applications
- Your location
- Details of your McAfee product subscriptions such as products used, registration data, product key, and the like
- Information about websites that you view and visit
- Battery levels, on/off device status

Access to some of the above information (such as your location) may be restricted by your mobile device’s operating system, and your consent will be requested before we may access this information. It is your choice whether you wish to provide consent; however, if you do not provide consent, some functionality of the apps may be restricted.

You may also have the opportunity to voluntarily provide additional information from time to time that is not required by the apps but may improve your experience. Information we collect automatically from your device and apps
In addition to the above information, the apps automatically collect other device-related information and app performance data. This includes crash logs to assess application usability and performance, length of time spent on the apps, and other aggregate or statistical information. Location data may be automatically collected, such as by GPS, for the purpose of providing certain features of the apps. This data is transmitted and stored separately from any personal information processed by the apps and contains no information that can reasonably be used to directly identify you.

2. How We Use Your Information.

In addition to providing and improving the apps and related services, we use your personal information to communicate with you, including to send you notifications and alerts and for in-app advertising and marketing (in accordance with your marketing preferences), to respond to your requests (such as for technical support or customer service), and for research and analytics. In addition to the uses described in this App Privacy Notice, we may use your personal information as otherwise permitted by applicable law.

Some apps may use information about the websites you visit and the apps installed on your device to show you more relevant ads. When we do this, we will provide you notice of these activities and the opportunity to opt out.

3. How We Share Your Information.

THIRD-PARTY SERVICE PROVIDERS AND AFFILIATED COMPANIES

Other than as described in this App Privacy Notice, we do not sell, rent, or share information that identifies you personally like your name, email address, phone number, or address. We may need to share the information we collect through the apps with third-party service providers in order to support the apps, their features, and their services, including customer services and technical support, and with our affiliated companies. We may share the advertising identifier assigned to your device along with information about the websites you visit or the apps installed on your device with third-party service providers so that they can use that information to help show you ads that are more likely to be relevant to you.

Some of our users may use your information in a format that does not directly identify you for their own business purposes (such as to improve their own services). For example, they may track the number of customer support calls required before an issue is resolved in order to improve resolution time. Our contracts do not permit our third-party service providers to use your personal information in ways that are inconsistent with this App Privacy Notice.

THIRD-PARTY SERVICE PROVIDER TERMS

Some of our third-party service providers may have additional terms and choices that apply to your information which we are required to make available to you as follows:
Google Maps: If the app uses Google Maps’ API, it is governed by Google’s Privacy Policy. Certain Maps API(s) store and access cookies and other information on end-users’ devices.

The Facebook Audience Network: We are a member of the Facebook Audience Network. This provides a way for companies to display their ads to Facebook users in apps and websites that are also part of the network. Facebook helps tailor the ads so that they are relevant and useful. You can use Facebook’s ad preferences tool to view, add, and remove your preferences, including whether you receive these tailored ads, including in our apps. We encourage you to review Facebook’s data policy and privacy basics. Ads in our apps may also include an Ad Choices opt-out icon so you can opt out directly from our app.

OTHER WAYS YOUR PERSONAL INFORMATION MAY BE SHARED

Your personal information may also be used and shared with independent third parties, government representatives, or others if required by law, in connection with a sale purchase, merger, or reorganization, or when we believe it is necessary to protect our rights, property, or safety, to comply with a judicial proceeding, court order, or legal process—such as evidence in litigation in which we are involved. In the case of a sale or purchase we will instruct the entities to which we transfer your personal information only to use it in a manner consistent with this App Privacy Notice.

4. Your Choices.

You may request access to view, modify, update or remove the personal information that we have related to your use of the apps by contacting us using the details supplied in the “Contact Us” section below. You can unsubscribe from our marketing-related messages at any time by following the unsubscribe instructions included within each marketing-related message sent to you or by using the details in the “Contact Us” section. We
will comply with requests within the time frames required by applicable law. Please note that if you choose not to receive marketing-related emails from us, we may still send you important administrative and transactional messages related to the apps and services (“service notifications”). You may have the option to limit the use of information about your device for purposes of serving ads that are targeted to your interests through your device settings (called “Limit Ad Tracking” on iOS devices and “Opt Out of Interest-Based Advertising” on Android devices).

We take reasonable technical, administrative, and physical measures to protect the personal information provided, but you must understand that no app or internet transmission can ever be guaranteed 100% secure. Where personal data collected is stored on your device, security is through your device’s own secure storage facilities. You should also take care to protect the secrecy of your account user name and password and to protect the personal information that is stored on your device.

We are a U.S.-based, global company. As such, we may transfer, store, and process your personal information in the United States (U.S.) or to any of our group companies worldwide when processing that information for the purposes described in this App Privacy Notice. We may also transfer your personal information to our third-party service providers, who may be located in a different country than you. Personal information collected by us from the European Economic Area and Switzerland is protected in accordance with applicable legal requirements implemented through intra-group agreements incorporating the standard model contractual clauses recognized by the Directive 95/46/EC of the European Parliament and the Council, also known as the Data Protection Directive (“the Directive”).

7. Data Retention.
We retain account information, such as your name, account credentials, and email for the lifetime of your account. However, if you are not an active user of the app (as determined by number of log-in attempts) your account and all data will be deleted after a reasonable period of time. If your data is deleted, you may have to establish a new account to begin using the app again. In some products, data may be stored locally on your device as well as remotely on our (or our service provider’s) systems. Generally, if you delete the apps on your device, any data stored locally on the device will be deleted; however, data on servers elsewhere may remain. You can request that we delete your personally identifiable information on our app servers by sending a written request to us as instructed in the Contact Us section below. Your request must provide your name, any app-specific user ID, email address, and the name of any apps subject to your request. We will retain these communications for our record keeping purposes.

8. Use of Services by Minors.
We comply with the Children’s Online Privacy Protection Act of the United States and similar laws around the world where applicable to our products and services. We do not knowingly collect personal information from children without proper parental consent. If you believe that we may have improperly collected personal information from someone under the applicable age of consent in your country, please let us know using the methods described in the Contact Us section and we will take appropriate measures to investigate and address the issue promptly.

Section 1798.83 of the California Civil Code requires us to tell you that we do not share your personal information with third parties for their direct marketing purposes.

10. Updates to this App Privacy Notice.
From time to time we may update this App Privacy Notice and/or our Privacy Notice for legal, regulatory, or business reasons. Any such changes will presented for review and will be agreed to by both parties in writing.

11. Contact Us.
If you have questions or concerns about our privacy practices, you can send a letter to the postal address listed below. To help us most effectively respond to your query, please include your contact information, name of the Service or website, and a detailed description of your request or privacy concern.

ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS
MICRO FOCUS GOVERNMENT SOLUTIONS LLC

END USER LICENSE AGREEMENT – ENTERPRISE VERSION

1. APPLICABILITY. This end user license agreement (the “Agreement”) governs the use of accompanying software, unless it is subject to a separate agreement between Ordering Activity under GSA Schedule contracts (“you” or “Ordering Activity”) and Micro Focus LLC and its subsidiaries (“Micro Focus”). By downloading, copying, or using the software you agree to this Agreement. By both parties executing this Agreement in writing, you agree to this Agreement.

2. TERMS. This Agreement includes attached supporting material, which may be software license information, additional license authorizations, software specifications, published warranties, supplier terms, open source software licenses and similar content (“Supporting Material”). Nothing herein shall bind the Ordering Activity to any Supporting Material terms unless the terms are provided for review and agreed to in writing by all parties.

3. AUTHORIZATION. If you agree to this Agreement on behalf of another person or entity, you warrant you have authority to do so.

4. CONSUMER RIGHTS. If you obtained software as a consumer, nothing in this Agreement affects your statutory rights.

5. ELECTRONIC DELIVERY. Micro Focus may elect to deliver software and related software product or license information by electronic transmission or download.

6. LICENSE GRANT. If you abide by this Agreement, Micro Focus grants you a non-exclusive nontransferable license to use one copy of the version or release of the accompanying software for your internal purposes only, and is subject to any specific software licensing information that is in the software product or its Supporting Material.

Your use is subject to the following restrictions, unless specifically allowed in Supporting Material:

- You may not use software to provide services to third parties.
- You may not make copies and distribute, resell or sublicense software to third parties.
- You may not download and use patches, enhancements, bug fixes, or similar updates unless you have a license to the underlying software. However, such license doesn’t automatically give you a right to receive such updates and Micro Focus reserves the right to make such updates only available to customers with support contracts.
- You may not copy software or make it available on a public or external distributed network.
- You may not allow access on an intranet unless it is restricted to authorized users.
- You may make one copy of the software for archival purposes or when it is an essential step in authorized use.
- You may not modify, reverse engineer, disassemble, decrypt, decompile or make derivative works of software. If you have a mandatory right to do so under statute, you must inform Micro Focus in writing about such modifications.

7. REMOTE MONITORING. Some software may require keys or other technical protection measures and Micro Focus may monitor your compliance with the Agreement, remotely or otherwise. If Micro Focus makes a license management program for recording and reporting license usage information, you will use such program no later than 180 days from the date it’s made available.

8. OWNERSHIP. No transfer of ownership of any intellectual property will occur under this Agreement.

9. COPYRIGHT NOTICES. You must reproduce copyright notices on software and documentation for authorized copies.

10. OPERATING SYSTEMS. Operating system software may only be used on approved hardware and configurations.

11. 90-day Limited Warranty for Micro Focus Software.

Micro Focus -branded software materially conforms to its specifications, if any, and is free of malware at the time of delivery; if you notify Micro Focus within 90 days of delivery of non-conformance to this warranty, Micro Focus will replace your copy. This Agreement states all remedies for warranty claims. Micro Focus does not warrant that the operation of software will be uninterrupted or error free, or that software will operate in hardware and software combinations other than as authorized by Micro Focus in Supporting Material. To the extent permitted by law, Micro Focus disclaims all other warranties.

12. INTELLECTUAL PROPERTY RIGHTS INFRINGEMENT. Micro Focus will defend and/or settle any claims against you that allege that Micro Focus -branded software as supplied under this Agreement infringes the intellectual property rights of a third party. Micro Focus will rely on your prompt notification of the claim and cooperation with our defense. Micro Focus may modify the software so as to be noninfringing and materially equivalent, or we may procure a license. If these options are not available, we will refund to you the amount paid for the affected product in the first year or the depreciated value thereafter. Micro Focus is not responsible for claims resulting from any unauthorized use of the software. Nothing
LIMITATION OF LIABILITY. Micro Focus’s liability to you under this Agreement is limited to the amount actually paid by you to Micro Focus for the relevant software, except for amounts in Section 12 ("Intellectual Property Rights Infringement"). Neither you nor Micro Focus will be liable for lost revenues or profits, downtime costs, loss or damage to data or indirect, special or consequential costs or damages. This provision does not limit either party's liability for: unauthorized use of intellectual property, death or bodily injury caused by their negligence; acts of fraud; willful repudiation of the Agreement; or any liability that may not be excluded or limited by applicable law.

TERMINATION. This Agreement is effective until terminated or in the case of a limited-term license, upon expiration; however When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Micro Focus shall proceed diligently with performance of this Agreement, pending final resolution of any request for relief, claim, appeal, or action arising under the Agreement, and comply with any decision of the Contracting Officer. Immediately upon termination or expiration, you will destroy the software and documentation and any copies, or return them to Micro Focus. You may keep one copy of software and documentation for archival purposes. We may ask you to certify in writing you have complied with this section. Warranty disclaimers, the limitation of liability, this section on termination, and Section 15 ("General") will survive termination.

GENERAL.

a. Assignment. You may not assign this Agreement without prior written consent of Micro Focus, payment of transfer fees and compliance with Micro Focus’s software license transfer policies. Authorized assignments will terminate your license to the software and you must deliver software and documentation and copies thereof to the assignee. The assignee will agree in writing to this Agreement. You may only transfer firmware if you transfer associated hardware. Micro Focus is also prohibited from assigning this Agreement without prior written consent.

b. U.S. Government. If the software is licensed to you for use in the performance of a U.S. Government prime contract or subcontract, you agree that, consistent with FAR 12.211 and 12.212, commercial computer software, computer software documentation and technical data for commercial items are licensed under Micro Focus’s standard commercial license.

c. Global Trade Compliance. You agree to comply with the trade-related laws and regulations of the U.S. and other national governments. If you export, import or otherwise transfer products provided under this Agreement, you will be responsible for obtaining any required export or import authorizations. You confirm that you are not located in a country that is subject to trade control sanctions (currently Cuba, Iran, N. Korea, N. Sudan, and Syria) and further agree that you will not retransfer the products to any such country.

d. Audit. Micro Focus may audit you for compliance with the software license terms. Upon reasonable notice, and subject to Government security requirements, Micro Focus may conduct an audit during normal business hours (with the auditor’s costs being at Micro Focus’s expense). If an audit reveals underpayments then you will pay to Micro Focus such underpayments within thirty (30) days of the invoice receipt date.

e. Open Source Components. Nothing herein shall bind the Ordering Activity to any Open Source License terms unless the terms are provided for review and agreed to in writing by all parties. To the extent Supporting Material includes the GNU General Public License or the GNU Lesser General Public License: (a) the software includes a copy of the source code; or (b) if you downloaded the software from a website, a copy of the source code is available on the same website; or (c) if you send Micro Focus written notice, Micro Focus will send you a copy of the source code for a reasonable fee.

f. Notices. Written notices under this Agreement may be provided to Micro Focus via the method provided in the Supporting Material.

g. Governing Law. This Agreement will be governed by the Federal laws of the United States. You and Micro Focus agree that the United Nations Convention on Contracts for the International Sale of Goods will not apply.

h. Force Majeure. Excusable delays shall be governed by FAR 52.212-4(f).

i. Entire Agreement. This Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), represents our entire understanding with respect to its subject matter and supersedes any previous communication or agreements that may exist. Modifications to the Agreement will be made only through a written amendment signed by both parties. If Micro Focus doesn’t exercise its rights under this Agreement, such delay is not a waiver of its rights.

Notwithstanding the terms of the Federal, State, and Local Taxes Clause, the contract price excludes all State and Local taxes levied on or measured by the contract or sales price of the services or completed supplies furnished under this contract. Vendor shall state separately on its invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) to the contractor or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3. The Anti-Assignment Act, 41 USC 6305, prohibits the assignment of Government contracts without the Government’s prior approval. Procedures for securing such approval are set forth in FAR 42.1204.

Vendor recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which requires that certain information be released, despite being characterized as “confidential” by the vendor.
MariaDB Subscription Services
MariaDB Subscription customers have access to technical support services including Problem Resolution Support, Engineering Support, Consultative Support, Remote Login Support, and Telephone Support for the MariaDB platform (MariaDB server, MariaDB TX for transactions, MariaDB AX for analytics, MariaDB MaxScale, and related products like storage engines) via the Customer Support Portal.

Each designated technical contact will receive a Customer Support Portal login (based on the associated email address) that can be used to report new support issues, monitor ongoing issues, or review historical issues. Information regarding making changes to technical contacts can be found in the “Welcome Letter” provided after signup, and is also available in the “Contact Us” section of the Customer Support Portal. If you have issues initially logging into the Customer Support Portal, you will be prompted to email success@mariadb.com for further assistance.

If Remote DBA services are purchased, an on-boarding call is scheduled to gather the necessary information for the MariaDB Remote DBA team to remotely access supported products. Information about the architecture, operating systems, database server versions, backup schedules, etc will also be documented during this call. Once the required information has been collected, monitoring software will be installed and setup to alert MariaDB Corporation. Certain alerts such as server availability, replication health, and others will be configured to open issues automatically in the Customer Support Portal.

All services are delivered in English. MariaDB Corporation will use reasonable efforts to provide technical support in languages other than English using MariaDB Corporation’s available personnel via voice calls and in-person meetings, but may not have such resources available at all or at the time of the support request. All communication via the Customer Support Portal should remain in English. There are no Service Level Agreements for non-English support at this time.

### Subscriber Service | Support (TX/AX) | Remote DBA
--- | --- | ---
Problem Resolution Support | ✓ | ✓
Engineering Support | ✓ | ✓
Consultative Support | ✓ | ✓
Remote Login Support (Remote DBA) | | ✓
Telephone Support (escalation for callback) | ✓ | ✓
Real-time Chat Support (Slack) | | ✓

**Problem Resolution Support**

The focus of Problem Resolution Support is helping to restore service (due to outages caused by crashes, replication failures, table corruption, etc.), and assisting with command syntax, installation, configuration, upgrades, and other general product usage topics.

**Engineering Support**

Engineering Support can include bug fixes, patches, hotfixes, and topics that require communication with and/or escalations to the product engineering teams. Hot fixes are provided to address critical failures and may not receive the full QA and regression testing performed on regular maintenance releases due to the urgent nature of the situation.

Custom feature development (Non-Recurring Engineering) is a separate service and is not included in Engineering Support. Engineering Support is available on those platforms for which we or our partners produce supported product binaries, subject to the relevant Maintenance and Lifecycle policies for the specific product and platform. Engineering Support is unavailable for products or platforms that have reached their maintenance end of life. MariaDB Corporation Engineering Policies. For other products, please see the respective vendor’s website.

**Consultative Support**
Consultative Support covers issues that are specific to a customer’s deployment, such as performance tuning, best practice recommendations, and basic code reviews, rather than general product usage, service failures, or software defects. MariaDB Remote DBA is a separate service and is not included in Consultative Support. At the discretion of the assigned MariaDB Subscription Services Engineer, long running consultative support tasks (ie: greater than 2 hours) may be referred to MariaDB Professional Services.

Consultative Support is intended for narrow, specific topics and is not a replacement for a dedicated, on-site or remote consulting engagement to address systemic, architectural, or wide-ranging subjects. The MariaDB Subscription Services Engineer will provide assistance resolving performance problems caused by server configuration, poorly performing queries, table definitions, indexing strategies, storage engines, and more, suggesting changes and identifying alternative implementations suited to a particular environment.

MariaDB Subscription Services Engineers can review source code to assist with following best practices and ensuring code correctness regarding the various client APIs, stored procedures and server extensions, recommending changes as necessary to support particular needs.

Remote Login Support (Remote DBA)

A MariaDB Remote DBA subscription provides remote login support as well as the following services listed below. The main distinguisher between AX/TX Support and AX/TX Remote DBA is that the Remote DBA has the ability to log into your environment and do the work for you. AX/TX Support (non RDBA) will walk you through the needed resolution steps via communication within the Customer Support Portal through the support ticket which you have raised.

Quarterly upgrades of MariaDB Server (limitations apply)✓
Quarterly security and performance audits as requested✓
Semi-annual architecture review as requested✓
Other database administration–related tasks as agreed✓

Connectivity The MariaDB Remote DBA team prefers the use of SSH jump boxes. The use of a VPN is also acceptable. Screen sharing applications such as WebEx are not acceptable for Remote DBA offerings.

Server and Database Accounts It is preferred to have one vendor account for server and database access (and VPN if required). However, certain security regulations may prevent this (PCI, HIPAA, etc). In those circumstances, individual accounts for each Remote DBA will be necessary. The customer is responsible for timely creation of accounts for Remote DBAs. No SLAs or 24x7 coverage can be guaranteed for customers requiring individual logins. Additionally, the use of SSH keys and/or two-factor authentication (Authy, Google Authenticator, RSA SecurID, etc) is highly recommended.

Monitoring and Administration Tools The MariaDB Remote DBA team requires a server within the customer’s infrastructure for monitoring and other utilities. This can be the same server as the SSH jumpbox.

Geographical Restrictions If a customer has a geographical restriction (only MariaDB Remote DBAs from US, EU, etc), then business hours coverage only.

Telephone Support For S1 emergency production outages, customers may request that a MariaDB Subscription Services Engineer make contact by telephone. Resolving technical issues generally requires analysis of system logs and other data that must be transmitted via email and file attachments to the support issue rather than by telephone. Including this information when reporting the support issue dramatically hastens the process of resolving the problem and restoring production functionality.

ISSUE SEVERITY AND SERVICE LEVEL AGREEMENTS All issues are assigned a severity level (S1–S4) reflecting the impact to production operations. This is set initially by the technical contact when reporting a new issue via the Customer Support Portal, and MariaDB Subscription Services Engineers will help to ensure that the issue receives an appropriate rating. Each severity level has a corresponding Service Level Agreement (SLA).

<table>
<thead>
<tr>
<th>Severity</th>
<th>Description</th>
<th>Response Time</th>
</tr>
</thead>
<tbody>
<tr>
<td>S1</td>
<td>Catastrophic problem that severely impacts the ability to conduct business. This means that production systems are down (completely non-responsive or not functioning) and no known workaround exists.</td>
<td>30 minutes 24x7</td>
</tr>
<tr>
<td>S2</td>
<td>High impact problem in which production operations are disrupted but remain somewhat productive or have an available workaround.</td>
<td>2 hours 24x5</td>
</tr>
<tr>
<td>S3</td>
<td>Medium or lower impact problem that involves partial loss of non-critical functionality. This may be a minor issue with limited or no loss of functionality or impact to production operations. This includes administrative requests and errors in product documentation.</td>
<td>4 hours 24x5</td>
</tr>
<tr>
<td>S4</td>
<td>Low level problem that does not significantly affect system function or operations. This includes new feature requests.</td>
<td>8 hours 24x5</td>
</tr>
</tbody>
</table>

In exceptional situations, MariaDB Subscription Services may elect to assign an S1 or S2 Severity level for failures on non-production systems based on the overall business impact. MariaDB Subscription Services may change the severity of an issue based on the guidelines above at the discretion of the assigned MariaDB Subscription Services Engineer.

ESCALATION REQUESTS Customers may request escalation of a specific support issue directly within the Customer Support Portal by clicking the Escalate Issue link at the top of any issue details page, then selecting the type of escalation and supplying other relevant information. Available escalations include:
- Emergency Callbacks for S1 emergency production outages
- Higher Priority Handling when an issue has become more serious than reported
- Engineer in Different Timezone

Additional Information

Contact Sales for more information regarding available MariaDB Subscription Services.

Consulting services and commercially reasonable “best effort” Support services for additional products and technologies may be delivered at MariaDB Corporation's discretion.

The overall level of support available for a particular product and platform combination may vary from version to version.

Support for legacy versions of products that no longer receive Engineering Support may require an additional fee. Contact Sales for more information regarding support for legacy products.

Support for issues specific to a platform that lacks Engineering Support may be limited to problems that can be reproduced on a platform that has Engineering Support. Examples include those platforms that have reached their maintenance end of life (such as RHEL 3 and Windows 2000 Server), and platforms for which we or our partners do not produce supported product binaries (such as FreeBSD).

MariaDB Subscription Services are not available for products on the POWER platform. MariaDB Corporation will make every commercially reasonable effort to work with other product and platform vendors to resolve issues affecting our supported products.

**Licenses used by MariaDB**

MariaDB is distributed under the [GPL license](https://www.gnu.org/licenses/gpl-2.0.html), version 2.

The MariaDB client libraries for C, Java and ODBC are distributed under the LGPL license, version 2.1 or later. The LGPL license allows you to distribute these MariaDB client libraries freely with any application.

The MariaDB client library included with the MariaDB server is also GPL version 2, but has a [FLOSS exception](https://www.gnu.org/software/libregression/flc.html) that allows you to combine it with most other open source software, without conflicting with their license, even if that license is incompatible with the GPL. We do however recommend you to use the new client libraries for any non-GPL application.

**Internal usage is free**

The GPL license only affects code that you distribute to other parties. Internal usage within an organization is totally free and not subject to any conditions. There is no such thing as 'internal distribution' that would restrict the usage of your code by requiring it to be GPLed.

Connecting to a remote service that runs MariaDB (or any other GPL software) in the background is also free.
For internal programs for which you own all the copyright(s), there is essentially no risk in using GPL software. The argument you can use in your defense is that if the software became GPL as part of the distribution, you as the copyright holder could immediately revert your part back to its original copyright. No one has the right to require you to reveal or redistribute your code to the outside of your organization even if you would have distributed it internally linked with GPL software!

If your lawyers are concerned about distributions of software linked with GPL libraries between different legal entities within your organization, you can solve this by distributing your components and the GPL software separately, and have your other entity combining them. You can also switch to use the new LGPL client libraries.

**Distributing an application with a MariaDB connector/client**

This section is for those that want to distribute the MariaDB client library code, but not the server, with their applications.

**Free software/open source applications**

If your application is Free software/open source and uses one of the licenses listed in the **FLOSS exception**, the GPL in the client library does not affect your application.

In other cases we recommend you to use the new **LGPL Client libraries**.

**Using a connector that is not GPL**

If you are using a connector that is not GPL, you are only bound by the license of that connector. Some examples are:

- MySQL native driver for PHP - mysqli
- ruby-mysql
- LGPL client libraries or C, Java and ODBC

The above have licenses that allow you to use them freely, without you being bound by the GPL.

**Using a database source independent framework**

If you are using a framework that allows you to connect dynamically to different RDBMS systems, any GPL licensed module loaded by the framework will not affect the application. Such frameworks are

- ODBC (Open Database Connectivity)
- JDBC (Java Database connectivity)
- Perl
- PHP PDO MySQL driver

The reason the GPL in the MySQL client library would not affect your application in this case is that the GPL client is supporting a standard interface and is thus merely an optional component among many. Your application could just as easily use the framework to connect to a RDBMS other than MariaDB or MySQL.

Any software can be connected to the GPL v2 licensed MySQL Connector/ODBC, without the need for that software to be GPLed. This is because there is a piece of general management software, the ODBC manager, between the GPLed MySQL Connector/ODBC and your software. If any logic would require the software which interfaces with MySQL Connector/ODBC to be GPL, then that would apply also to the ODBC manager itself. Yet, the ODBC manager is not GPL, neither on Windows nor on Linux. By consequence, no one would be allowed to use MySQL ODBC driver for anything.

**Using the MariaDB client library for C**

If your application is using a license that is not covered by the **FLOSS exception**, then you should use the new **LGPL client libraries or C**.

The LGPL license allows you to distribute these MariaDB client library freely with any application. If you modify the client library, you need to publish the new source code.

**Distributing a proprietary application with the MariaDB / MySQL server**

When you are distributing your application together with MariaDB or MySQL you are bound (or can be seen to be bound by some lawyers) by the GPL if some of the following statements apply:

- You are using GPL code from MySQL linked directly to your application. (Like the MySQL GPL client library).
- Your application requires the MariaDB server to work and without the MariaDB server it doesn't start or it has very limited functionality.

The problem with the client library can be avoided by using one of the solutions mentioned earlier.

If your application works with many databases, either natively or by using one of the **database source independent frameworks**, then you can freely distribute the MariaDB server with your application without being affected by the GPL. The reason for this is that MariaDB would only be an optional, independent component in your software distribution and section 2 of the GPL explicitly allows this:

"In addition, mere aggregation of another work not based on the Program with the Program (or with a work based on the Program) on a volume of a storage or distribution medium does not bring the other work under the scope of this License."

Nothing herein shall bind the Ordering Activity under GSA Schedule Contracts to any GPL license, LGPL license, or any other Third Party terms unless the terms are provided for review and agreed to in writing by all parties. You also have the option to buy licenses for MySQL from Oracle to get MySQL under other copyright terms. If you would like to later be able to use MariaDB instead of MySQL, please ensure that your license agreement allows you to make changes to the MySQL code! (This is something that you should ensure in all cases as otherwise you may run into bugs that Oracle will not fix, you are not allowed to fix and could make MySQL software unusable for you!)

The rights to use the MariaDB code changes in your application can be requested from **SkySQL**.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Mellanox Technologies, Inc. (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agree that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3701 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

   a) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.21, as may be revised from time to time.

   b) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

   c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

   d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

   e) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.
f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bonafide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the
FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

**ATTACHMENT A – Mellanox Technologies**

1. **General**

Each copy of the Software is intended for use only in conjunction with Mellanox’s managed switch products (“Mellanox Products”) and is subject to the terms of this Agreement.

2. **Grant of License**

Subject to the terms and conditions of this Agreement, the GSA schedule contract, schedule pricelist and applicable purchase order, Mellanox grants Ordering Activity a personal, non-exclusive, non-transferable license to use the Software in binary form for Ordering Activity’s internal business purposes solely in connection with Mellanox Products and not for further distribution.

2.1. **Archive.** Ordering Activity may use software back-up utilities to make one back-up copy of the Software. Ordering Activity may use the back-up copy solely for archival purposes.

3. **Restrictions**

Except as expressly authorized herein, Ordering Activity is prohibited from and shall not cause or permit any:

1. copying or modification of the Software; (2) creating derivative works based on all or any portion of the Software; (3) removal or modification of any notice of any patent, copyright, trademark or other proprietary rights that appear on or in the Software; (4) reverse engineering, decompilation, translation, disassembly or discovery of the source code of all or any portion of the Software; (5) distribution, disclosure, marketing, leasing, reselling, assigning, loaning, sublicensing, renting or transferring to any third party, including Ordering Activity’s end user customers, of the Software, or (6) merging of the Software into another product; or (7) disclosure to any third party of the results of any testing or performance benchmarks of the Software or other MELLANOX product without MELLANOX’S prior written consent.

4. **LIMITED WARRANTY**

4.1 **Performance Warranty.** Mellanox warrants to Ordering Activity that for a period of one (1) year from the date of shipment, the Products as delivered will conform in all material respects to the Product specifications in effect at the time of shipment. Ordering Activity may notify Mellanox in writing of any material nonconformance during the warranty period. Mellanox reserves the right to examine any allegedly non-conforming Product and perform a failure analysis to determine if the alleged non-conformance is a result of defective materials or workmanship (in which case the remedies set forth in this limited warranty section shall apply), or does not exist or was caused by improper use or installation or damage in transit or while in the control of Ordering Activity (in which case
Ordering Activity shall have no right to any remedies hereunder. If Mellanox determines that the non-conformance was due to defective materials or workmanship, Mellanox will issue a return authorization (RMA) for the nonconforming products, and Ordering Activity will return the nonconforming unit(s) to Mellanox' designated repair facility in accordance with the instructions set forth in the RMA. Mellanox shall, at its option, either (i) repair or replace nonconforming products, at Mellanox’ cost, and return the conforming products to Ordering Activity, or (ii) credit Ordering Activity for any non-conforming products. Any such repair or replacement provided to Ordering Activity will not extend the original warranty period for the products in question. The foregoing sets forth Mellanox’ sole and exclusive obligation and Ordering Activity’s sole and exclusive remedy for any breach of the foregoing warranty. Ordering Activity shall bear all risk of loss or damage to returned goods while in transit. In the event no defect or breach of warranty is discovered by Mellanox upon receipt of any returned item, the item will be returned to Ordering Activity at Ordering Activity’s expense and Ordering Activity will reimburse Mellanox for the transportation charges, labor, and associated charges incurred in testing the allegedly defective Product.

42 Exceptions. Notwithstanding the foregoing, evaluation board Products and expedited units from the first three wafer lots are purchased AS IS, without any warranty of any kind and are non-cancelable and non-returnable.

43 Disclaimer. EXCEPT FOR THE EXPRESS WARRANTY SET FORTH IN THE ABOVE SUB-SECTION (a), MELLANOX AND ITS LICENSORS AND SUPPLIERS EXPRESSLY DISCLAIMS ANY AND ALL OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED, OR STATUTORY, REGARDING THE PRODUCTS, ALL FIRMWARE AND ANY SOFTWARE, INCLUDING WITHOUT LIMITATION ANY WARRANTIES OF TITLE, NONINFRINGEMENT, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

44 Unintended Applications. Unless specifically otherwise agreed in writing by Mellanox, Ordering Activity acknowledges that products sold by Mellanox are not intended for use in life support systems, human implantation, nuclear facilities or systems or any other application where product failure could lead to loss of life or catastrophic property damage. Without limiting sub-section (c) above, Mellanox provides no warranty to Ordering Activity related to such non-authorized uses. Without limiting the foregoing, the Software provided under this Agreement may be distributed with certain freeware, open source or other third party components (“Open Source Software”) which, if included, are provided pursuant to the terms of the applicable Open Source License governing its use and distribution. Please see the links provided in the Third Party Free Software Rights Notice for such Open Source License terms. MELLANOX THEREFORE PROVIDES SUCH OPEN SOURCE SOFTWARE ON AN "AS IS" BASIS WITHOUT ANY WARRANTY WHATSOEVER AND HEREBY EXPRESSLY DISCLAIMS WITH RESPECT TO ANY OPEN SOURCE SOFTWARE AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW: (A) ALL WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT; AND (B) ALL LIABILITY FOR DIRECT, INDIRECT, INCIDENTAL, SPECIAL, COVER, PUNITIVE, EXEMPLARY OR CONSEQUENTIAL DAMAGES, INCLUDING WITHOUT LIMITATION LOST DATA OR LOST PROFITS, HOWEVER ARISING, WHETHER BASED IN CONTRACT, TORT, OR ANY OTHER LEGAL THEORY, EVEN WHERE ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

5. Limitation of Liability

IN NO EVENT SHALL MELLANOX BE RESPONSIBLE OR LIABLE FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR ANY OTHER INDIRECT DAMAGES, INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, NEGLIGENCE OR ANY OTHER PECUNIARY LOSS HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY ARISING FROM THE USE OF, OR INABILITY TO USE, THE SOFTWARE OR RELATED COMPONENTS OR DOCUMENTATION, EVEN IF MELLANOX OR ITS SUPPLIERS, RESELLERS, OR DISTRIBUTORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN ANY CASE, IN NO EVENT WILL MELLANOX’S TOTAL LIABILITY HEREUNDER, INCLUDING FOR DIRECT DAMAGES, EXCEED THE AMOUNT OF FEES PAID BY END USER UNDER THE ORDER GIVING RISE TO SUCH LIABILITY, AND IF SUCH CLAIMS RELATE TO PARTICULAR PRODUCTS OR SERVICES, SUCH LIABILITY SHALL BE LIMITED TO FEES PAID FOR THE RELEVANT PRODUCTS OR SERVICES GIVING RISE TO THE LIABILITY.

6. Qualifications and Limitations Basis of Bargain

The limited warranty, exclusive remedies and limited liability provisions set forth herein are fundamental elements of the basis of the Agreement between Mellanox and Ordering Activity, and Ordering Activity accepts and confirms that Mellanox would not be able to provide the Software Product on an economic basis without such limitations.

7. Reserved

8. Title; Trademarks

8.1 Except as specifically permitted herein, no portion of the Software Product, including but not limited to object code and source code and the printed materials accompanying the Software Product, may be reproduced, modified, distributed, republished or otherwise exploited in an form or by any means for any purpose without the prior written permission of Mellanox.

8.2 Subject to section 8.4 below, all rights and title in and to the Software Product, and any change, enhancement, addition, correction, modification and/or derivative work of the Software Product, whether made by Mellanox or by Ordering Activity, are owned exclusively by Mellanox, provided that Ordering Activity has a personal, non-exclusive, non-transferable license to use said change, enhancement, addition, correction, modification and/or derivative works of the Software Product for Ordering Activity’s internal business purposes. The Software Product is protected by copyright laws and international treaty provisions.

8.3 The name Mellanox, SwitchX, MLNX-OS and all other trademarks, service marks, trade names, and logos of Mellanox are owned by Mellanox, and may not be used in connection with any product or service that is not Mellanox’ without the prior written consent of Mellanox. All other trademarks, service marks, trade names, or logos cited herein are the property of their respective owners.

8.4 This Software Product operates or interfaces with certain third party free software programs, the details, and the limitations applying to the use, of which, are set forth in the “Third Party Free Software Rights Notice” attached hereto. If Ordering Activity wishes to obtain source code pursuant to GPL or LGPL licenses for the items listed in the attached, please contact Mellanox at the address detailed at: http://www.mellanox.com/content/pages.php?pg=support_index.

9. OWNERSHIP

MELLANOX retains all title, ownership, interests and intellectual property rights in and to the Software and deems the Software to be confidential information. To the extent the Software contains any materials licensed from third parties, third party suppliers may own such licensed materials. MELLANOX retains all rights not expressly granted to Ordering Activity in this Agreement. Ordering Activity agrees to protect and maintain the confidentiality of the Software, and not to disclose the Software to any third parties except as expressly permitted in this Agreement. Ordering Activity further acknowledges that Ordering Activity is acquiring only
a limited license to use the Software and not any title to or ownership of the Software or any part thereof and that the Software is proprietary to and copyrighted by MELLANOX. MELLANOX SOFTWARE IS COPYRIGHTED AND LICENSED, NOT SOLD.

10. PRODUCT SUPPORT

Product support for the Software Product is provided by Mellanox or it authorized agents under a separate agreement, in accordance with Mellanox' standard support and maintenance terms and conditions. For product support, please refer to Mellanox support number provided in the documentation.

You should not claim that you wrote it (since this would be a lie), nor should you attempt to copyright it (this would be fruitless as it is a work of the US government and therefore not subject to copyright).

NIST would appreciate any credit you can give for this work. One line may suffice (as far as I'm concerned) although there should be something to the effect that this software was produced for research purposes. No warranty, guarantee, or liability is implied.

My management is always interested in feedback on our work. If you would like to send letters of praise describing how Expect has helped your business, we would be delighted. Letters (on

<td>SQLite Copyright&lt;br&gt;SQLite is in the Public Domain&lt;br&gt;All of the code and documentation in SQLite has been dedicated to the public domain by the authors. All code authors, and representatives of the companies they work for, have signed affidavits dedicating their contributions to the public domain and originals of</td>
<td></td>
</tr>
</tbody>
</table>
those signed affidavits are stored in a firesafe at the main offices of Hwaci. Anyone is free to copy, modify, publish, use, compile, sell, or distribute the original SQLite code, either in source code form or as a compiled binary, for any purpose, commercial or non-commercial, and by any means.

The previous paragraph applies to the deliverable code and documentation in SQLite - those parts of the SQLite library that you actually bundle and ship with a larger application. Some scripts used as part of the build process (for example the "configure" scripts generated by autoconf) might fall under other open-source licenses. Nothing from these build scripts ever reaches the final deliverable SQLite library, however, and so the licenses associated with those scripts should not be a factor in assessing your rights to copy and use the SQLite library.

All of the deliverable code in SQLite has been written from scratch. No code has been taken from other projects or from the open internet. Every line of code can be traced back to its original author, and all of those authors have public domain dedications on file. So the SQLite code base is clean and is uncontaminated with licensed code from other projects.

UNZIP

This is version 2009-Jan-02 of the Info-ZIP license. The definitive version of this document should be available at ftp://ftp.info-zip.org/pub/infozip/license.html indefinitely and a copy at http://www.info-zip.org/pub/infozip/license.html.

Copyright (c) 1990-2009 Info-ZIP. All rights reserved. For the purposes of this copyright and license, “Info-ZIP” is defined as the following set of individuals:

This software is provided "as is," without warranty of any kind, express or implied. In no event shall Info-ZIP or its contributors be held liable for any direct, indirect, incidental, special or consequential damages arising out of the use of or inability to use this software.

Permission is granted to anyone to use this software for any purpose, including commercial applications, and to alter it and redistribute it freely, subject to the

Copyright (c) 1990-2005 Info-ZIP. All rights reserved.
above disclaimer and the following restrictions: Redistributions of source code (in whole or in part) must retain the above copyright notice, definition, disclaimer, and this list of conditions. Redistributions in binary form (compiled executables and libraries) must reproduce the above copyright notice, definition, disclaimer, and this list of conditions in documentation and/or other materials provided with the distribution. Additional documentation is not needed for executables where a command line license option provides these and a note regarding this option is in the executable's startup banner. The sole exception to this condition is redistribution of a standard UnZipSFX binary (including SFXWiz) as part of a self-extracting archive; that is permitted without inclusion of this license, as long as the normal SFX banner has not been removed from the binary or disabled.

Altered versions—including, but not limited to, ports to new operating systems, existing ports with new graphical interfaces, versions with modified or added functionality, and dynamic, shared, or static library versions not from Info-ZIP—must be plainly marked as such and must not be misrepresented as being the original source or, if binaries, compiled from the original source. Such altered versions also must not be misrepresented as being Info-ZIP releases—including, but not limited to, labeling of the altered versions with the names "Info-ZIP" (or any variation thereof, including, but not limited to, different capitalizations), "Pocket UnZip," "WiZ" or "MacZip" without the explicit permission of Info-ZIP. Such altered versions are further prohibited from misrepresentative use of the Zip-Bugs or Info-ZIP e-mail addresses or the Info-ZIP URL(s), such as to imply Info-ZIP will provide support for the altered versions.

EC AMERICA RIDER TO PRODUCT SPECIFIC LICENSE TERMS AND CONDITIONS
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached MicroStrategy Incorporated (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America (“Contractor”) to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law, including but not limited to GSAR 552.212-4 Contract Terms and Conditions-Commercial Items. To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be superseded.

w) **Contracting Parties.** The GSA Customer (“Licensee”) is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA Order OGP 4800.21, as may be revised from time to time.

x) **Changes to Work and Delays.** Subject to GSAR Clause 552.238-81, Modifications (Federal Supply Schedule) (April 2014) (Alternate I – JUN 2016) and (Alternate II – JUN 2016), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

y) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be within the contract signed by the Government.

z) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

aa) **Choice of Law.** Subject to the Contracts Disputes Act, the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by Federal law, they will not apply to this Rider or the underlying Schedule Contract.

bb) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent a statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

c) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Contractor are hereby superseded.

dd) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

ee) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

ff) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). The Government will not agree to waive any right that it may have under Federal law. All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby superseded.

gg) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered. The Interim FAR Rule dated June 21, 2013 and the Office of Legal Counsel opinion dated March 12, 2012 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.
hh) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ’s jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer’s Specific terms shall be construed in derogation of the U.S. Department of Justice’s right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

ii) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

jj) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

kk) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

ll) **Third Party Terms.** When the end user is an instrumentation of the U.S., no license terms bind the GSA Customer unless included in the EULA, and the EULA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any.

mm) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

nn) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

oo) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

pp) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

qq) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a Federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it considers the Board of Contract Appeals to be an adequate, binding ADR alternative. All Manufacturer Specific Terms that allow the Contractor to choose arbitration, mediation or other forms of alternate dispute resolution are hereby superseded.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
SOFTWARE LICENSE AND SERVICES AGREEMENT

This Software License and Services Agreement ("Agreement") applies to an order entered into between Contractor acting by and through its supplier, MicroStrategy Incorporated ("we," "us," "our") and the eligible Ordering Activity under GSA Schedule contracts identified on the order ("you," "your," or "Ordering Activity"), and specifies the terms and conditions under which we will license and supply Products and Services to you.

I. GENERAL TERMS

The terms of this Section I ("General Terms") apply generally to all Products and Services supplied under this Agreement.

1. Definitions

Unless otherwise defined in this Agreement, capitalized terms used in the body of this Agreement will have the meanings set forth below.

"Applicable Data Protection Law" means all applicable international, federal, state, provincial and local laws, rules, regulations, directives and governmental requirements currently in effect and as they become effective relating in any way to the privacy, confidentiality or security of Protected Data, including the European Union Directives and regulations governing general data protection and all applicable industry standards concerning privacy, data protection, confidentiality or information security.

"CPL" means a physical core (in a physical computing environment) or a virtual core (in a virtual computing environment) to which an instance of a Product is assigned, as identified by the operating system in which the Product is installed.

"Customer Content" means software (including machine images), data, text, audio, video, images, or other content of yours or a third-party that you or your Representative utilize with a Product.

"Designated Software Instance," or "DSI" means a single MicroStrategy metadata database or a set of related MicroStrategy metadata databases (e.g., for production, development, testing, etc.) that will be accessed by the Products specified on an order.

"Documentation" means the user documentation or manuals normally distributed or made available in connection with a Product.

"Named User" means any individual designated by you as a user of a Product on a non-temporary basis.

"Product" means a generally available MicroStrategy software product identified on an order that is licensed to you pursuant to the terms of this Agreement, and any tools included with such software product (including, in the case of the "Cloud Platform" version of our Products, the MicroStrategy Cloud provisioning console).

"Protected Data" means any data or information that is subject to regulation under Applicable Data Protection Law.

"Representative" means any of your affiliates, your third-party contractors and anyone else accessing or using a Product or Service on your behalf or through your systems, including any Named Users.

"Service" means any service provided by us pursuant to this Agreement, including technical support, education, and consulting (or any portion thereof).

"Technical Support Services" means the technical support and maintenance Services provided by us according to our then current technical support policy listed at https://www.microstrategy.com/getmedia/2015098-14b2-432d-afa42e14189c492c/COLL-1909-0618-TS-policy-with-GDPR-section_final ("Technical Support Policy") when the Services are purchased. "Third-Party Solution" means any product, service, content or item of a third-party.

"Update" means a later commercial release of a Product made available after you license the Product.

2. Certain Obligations and Restrictions

You are responsible for compliance with this Agreement by your Representatives. You are also responsible for the proper operation of your network and your equipment used to connect to the Products. You and your Representatives will not (a) copy, display, distribute, or otherwise use a Product in any manner or for any purpose not expressly authorized by this Agreement; or (b) create derivative works of or otherwise modify any Product or any portion thereof except as expressly provided in the Documentation; or (c) modify, tamper with or repair any Product; or (d) reverse engineer, decompile or disassemble any Product or such software or the metadata created by a Product or such software, or apply any other process or procedure to derive the source code of any Product or such software; or (e) interfere with or disrupt the integrity or performance of a Product; or (f) attempt to gain unauthorized access to a Product; or (g) access or use any Product in a way intended to avoid incurring fees or exceeding usage limits or quotas; or (h) use a Product to develop any product or service that is in any way competitive with any of our product or service offerings; or (i) make available to any third-party any analysis of the operation of a Product, including any benchmarking results, without our prior written consent; or (j) use any Product to provide time-sharing services, software-as-a-service offering, service bureau services or similar services; or (k) use a Product to store or transmit (1) material in violation of third-party privacy rights; or (2) libelous, or otherwise unlawful or tortious material; or (3) material that infringes any copyright, trademark, patent, trade secret or other proprietary right of any entity or individual; or (4) viruses, Trojan horses, worms, time bombs, cancelbots, corrupted files, or any other similar software or programs.

As required for our performance pursuant to this Agreement and an order, you are also required to (A) provide us with reliable, accurate and complete information; and (B) make decisions and obtain required management approvals in a timely manner; and (C) obtain all consents, approvals and licenses necessary for use of any software, services, data or other items provided by you or on your behalf; and (D) cause your third-party contractors and licensors to cooperate with us.

3. Intellectual Property Ownership

We, our affiliates and our licensors will own all right, title and interest in and to all Products. You will be and remain the owner of all rights, title and interest in and to Customer Content. Each party will own and retain all rights in its trademarks, logos and other brand elements (collectively, "Trademarks"). To the extent a party grants any rights or licenses to its Trademarks to the other party in connection with this Agreement, the other party’s use of such Trademarks will be subject to the reasonable trademark guidelines provided in writing by the party that owns the Trademarks.

4. Limited Warranties and Remedies

EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, NO WARRANTIES OR COMMITMENTS, EXPRESS OR IMPLIED, ARE MADE WITH RESPECT TO ANY PRODUCT OR SERVICE, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, SYSTEMS INTEGRATION, TITLE, SATISFACTORY QUALITY AND NONINFRINGEMENT. WE DO NOT WARRANT AND ARE NOT RESPONSIBLE FOR ANY THIRD-PARTY PRODUCTS OR SERVICES AND YOUR SOLE AND EXCLUSIVE RIGHTS AND REMEDIES WITH RESPECT TO ANY THIRD-PARTY PRODUCTS OR SERVICES ARE AS PROVIDED BY THE THIRD-PARTY PROVIDER AND NOT BY US.

5. Data Protection

You will not transfer to us or provide us any access to any Protected Data in connection with this Agreement, including Personal Data, Protected Health Information and Personally Identifiable Information (as such terms are defined in Applicable Data Protection Law), except for Protected Data related to your contact persons.

We have implemented appropriate technical, organizational, and security measures designed to safeguard and protect Protected Data provided by you to us and we may access, use and transfer such Protected Data to our affiliates and third parties (including those located outside of the European Economic Area) only for the purposes of fulfilling our obligations and exercising our rights, providing information to you and complying with our legal and auditing requirements.

6. Third-Party Solution Connectors

When you access any Third-Party Solution (including third-party data sources) with connectors included as part of the Products, you agree and acknowledge that (a) you may download content from the servers of the Third-Party Solution provider; and (b) your access to the Third-Party Solution with such connectors will be for the purpose of utilizing the Third-Party Solution in conjunction with the Products; and (c) we are not responsible for interruptions of service caused by the Third-Party Solution provider; and (d) if we have a business relationship with the Third-Party Solution provider, that relationship is subject to termination and cancellation; (e) you may not remove or obscure any patent, copyright, trademark, proprietary rights notices, and/or legends contained in or affixed to any output of the Products and (f) you are solely responsible for licensing the use of third-party data sources accessed by our Products.

7. Other Provisions

Our security Products are not designed to manage physical or logical access to facilities or systems where delay in or failure of such access could threaten health or safety, or cause property, environmental or similar damage. You represent that your decision to license a Product is not based on (a) any oral or written comments made by us with respect to functionality or features not currently offered in our latest generally available version of our Products; or (b) any expectation that any additional features or functionality presented as part of a demonstration, beta evaluation or roadmap presentation of a Product may be included in a future update or release of a Product; or (c) demonstrations of any software that is not currently generally available. You further acknowledge that the development, release and timing of any additional features or functionality for the Products remain at our sole discretion. If you deploy our Products or Services as part of an extranet application, you agree to display “Powered by MicroStrategy” or certain other similar trademarks designated by us.

II. ENTERPRISE PLATFORM LICENSE TERMS

The terms of this Section II ("Enterprise Platform License Terms") apply exclusively to the licensing and provision of the “Enterprise Platform" version of our Products. Products licensed under these Enterprise Platform License Terms will be designated for use in an “Enterprise Platform for Windows” or “Enterprise Platform for Linux” operating environment on an order.

1. License Grant. We grant you a non-exclusive, non-transferable license, subject to the terms and conditions of this Agreement and in accordance with applicable law, to (a) install our Products identified in an order on servers and workstations in the country to which the Products are delivered; and (b) grant Named Users located anywhere in the world access to the Products (including the Documentation and reports, dashboards, dossiers and other output generated by the Products) in support of your internal business operations, each in accordance with the Documentation and license type(s) and terms specified on an order. We will supply each Product to you by making it available electronically. You may make additional copies of the download files containing the Products for archival purposes.

2. License Type. Your license to a Product will be under a Named User or CPU license type, as specified on an order. Each Named User license to a Product entitles a Named User to access and use that Product in one production environment and up to two non-production environments. Each CPU license to a Product entitles you to assign the Product to a single CPU in one production environment and up to two non-production environments, for use in support of an unspecified number of Named Users.

3. License Duration. The duration of your license to a Product will be for a perpetual or limited term, as specified on an order. Subject to the terms of this Agreement and the applicable order, (a) if a “Perpetual” interval is specified for a Product, you will receive a license to that Product in perpetuity; and (b) if a “Term” interval is specified for a Product, you will receive a license to that Product for a period of 12 months (or another period specified on the order) from the date of delivery of the Product.

4. Deployment Method. You may only install the Products on servers and workstations under your control in your enterprise data center or under the control of your third-party service provider who hosts the Products on your behalf in a public Cloud, and will deploy the Products only in the operating environment specified on the order. If the “Enterprise Platform for Windows” operating environment is specified on the order, you may deploy the base server product module in the DSI listed on the order (e.g., Intelligence, Reporter or Identity) solely in a Microsoft Windows environment. If the “Enterprise Platform...
Platform for Linux® operating environment is specified on the order, you may deploy the base server product module in the DSI listed on the order solely in a Linux environment.

5. **Additional Limited Warranties and Remedies.** We warrant that (a) for a period of six (6) months from the effective date of an order ("Enterprise Platform Warranty Period"), each Product listed on the order and Updates delivered for the Product during the Enterprise Platform Warranty Period will perform in substantial conformance with the technical specifications set forth in the Documentation; and (b) prior to release, we scan each version of the Products using a nationally recognized virus scanning program and we will remove any virus detected by such virus scanning program prior to releasing such version of the Products. For any breach of the warranty set forth in subsection (a) above, your exclusive remedy and our entire liability will be (1) the correction of the Product errors that caused the breach of the warranty; or (2) replacement of the Product; or (3) if neither of the foregoing can be reasonably effected by us, the refund of the license fees and any unused, prepaid Technical Support Services fees paid for the Product, provided that the Product licenses are terminated.

III. CLOUD PLATFORM LICENSE TERMS

The terms of this Section III ("Cloud Platform License Terms") apply exclusively to the licensing and provision of the "Cloud Platform" version of our Products, an optimized version of the MicroStrategy software platform built specifically for deployment in an Amazon Web Services or Microsoft Azure environment through the MicroStrategy Cloud provisioning console. Products licensed under these Cloud Platform License Terms will be designated for use in a "Cloud Platform for AWS" or "Cloud Platform for Azure" operating environment on an order.

1. **License Grant.** We grant you a non-exclusive, non-transferable license, subject to the terms and conditions of this Agreement and in accordance with applicable law, to (a) install our Products identified in an order on servers and workstations in the country to which the Products are delivered; and (b) grant Named Users located anywhere in the world access to the Products (including the Documentation and reports, dashboards, dossiers and other output generated by the Products) in support of your internal business operations, each in accordance with the Documentation and license type(s) and terms specified on an order. We will supply each Product to you by making it available electronically. You may make additional copies of the download files containing the Products for archival purposes.

2. **License Type.** Your license to a Product will be under a Named User or CPU license type, as specified on an order. Each Named User license is transferable, subject to the terms and conditions of this Agreement and in accordance with applicable law.

3. **License Duration.** The duration of your license to a Product will be for a perpetual or limited term, as specified on an order. Subject to the terms of this Agreement and the applicable order, (a) if a "Perpetual" interval is specified for a Product, you will receive a license to that Product in perpetuity; and (b) if a "Term" interval is specified for a Product, you will receive a license to that Product for a period of 12 months (or another period specified on the order) from the date of delivery of the Product.

4. **Deployment Method.** You may only install the Products on servers and workstations under the control of your third-party service provider who hosts the Products on your behalf in a public Cloud, and will deploy the Products only in the operating environment specified on the order. If the "Cloud Platform for AWS" operating environment is specified on the order, you may deploy the base server product module in the DSI listed on the order (e.g., Intelligence, Reporter or Identity) solely in an Amazon Web Services environment. If the "Cloud Platform for Azure" operating environment is specified on the order, you may deploy the base server product module in the DSI listed on the order solely in a Microsoft Azure environment.

5. **Additional Limited Warranties and Remedies.** We warrant that (a) for a period of six (6) months from the effective date of an order ("Cloud Platform Warranty Period"), each Product listed on the order and Updates delivered for the Product during the Cloud Platform Warranty Period will perform in substantial conformance with the technical specifications set forth in the Documentation; and (b) prior to release, we scan each version of the Products using a nationally recognized virus scanning program and we will remove any virus detected by such virus scanning program prior to releasing such version of the Products. For any breach of the warranty set forth in subsection (a) above, your exclusive remedy and our entire liability will be (1) the correction of the Product errors that caused the breach of the warranty; or (2) replacement of the Product; or (3) if neither of the foregoing can be reasonably effected by us, the refund of the license fees and any unused, prepaid Technical Support Services fees paid for the Product, provided that the Product licenses are terminated.

IV. SERVICES TERMS

The terms of this Section IV ("Services Terms") apply exclusively to the provision of our Technical Support, Education, and Consulting Services offerings.

1. **Models.** Each type of Service purchased under these Services Terms will be provided under one of the following models.
   (a) Annual Subscription. Services sold under an "Annual Subscription" model will be designated on an order by an "Annual" interval. We will provide these Services to you for a period of twelve (12) months beginning on the effective date of the order, except as otherwise set forth below. Services sold under an "Hourly" model will be designated on an order by a "Project" interval for an estimated number of hours. We will deliver these Services at your request on a time and materials basis during the twelve (12) month period beginning on the effective date of the order; the number of hours actually delivered may vary from the estimated number of hours listed on the order. For clarity, these types of Services are not provided on a fixed-fee basis and we do not guarantee completion of deliverables within a specific number of hours. If the parties anticipate that the hours to be delivered will exceed the estimated hours set forth on the order, we will request your approval to exceed the estimate and will not deliver those excess hours until we receive your approval; such approval may be provided by email or in an executed change order.
   (b) Prepaid Hourly. Services sold under a "Prepaid Hourly" pricing model will be designated on an order by an "Annual" interval for a set number of hours. Prepaid Hourly Services are payable by you in advance. We will deliver these Services at your request on a time and materials basis up to 4 the number of hours stated on the order; hours not requested during the twelve (12) month period beginning on the effective date of the order will expire

2. **Technical Support**
   (a) Levels of Technical Support Offerings. We offer four (4) levels of Technical Support Services – Standard Support, Extended Support, Premier Support and Elite Support – each of which is provided by us in accordance with and described in the Technical Support Policy. We will provide you the level of Technical Support Services specified on an order. Each of these service offerings is provided on an Annual Subscription basis.
   (b) Support Liaisons. You may designate a set number of Support Liaisons (as defined in our Technical Support Policy) for each or your DSIs based on the level of Technical Support Services you purchase. You may also purchase additional Support Liaisons on an Annual Subscription basis.
   (c) Enterprise Support. As part of your Technical Support Services subscription, we will deliver a pre-determined number of hours of “Enterprise Support”
to you annually at your request, as specifically described in the Technical Support Policy. If you would like us to deliver more hours of Enterprise Support than the hours to which you are entitled under your Technical Support Services subscription, you may purchase additional Enterprise Support via an order on a Prepaid Hourly basis.

(d) Additional Technical Support Terms. Each order for perpetual Product licenses will state the fee for Standard Technical Support Services for a period of twelve (12) months commencing on the date of delivery of those Products. Except as otherwise specified on an order, (a) upon expiration of the initial annual subscription term, you have the option to renew Standard Technical Support Services on those Product licenses. Standard Technical Support Services for term licenses is included as part of the term license fee. For each Product license, we will deliver to you, at your request, an Update at no charge as part of a Technical Support Services subscription. Updates will not include new products that we market separately. We warrant that we will not materially decrease the level of Technical Support Services provided during an active subscription to such Technical Support Services.

3. **Education** We offer education and training Services on either an Annual Subscription or Hourly basis, as described below. Education offerings may be purchased via an order or an online credit card purchase. In the case of education offerings purchased online via a credit card, references to an order will be deemed to refer to the online purchase, and references to the “effective date of an order” will be deemed to mean the date of online purchase.

(a) Types of Education Offerings.

(i) Education Passes. Education Passes are sold on an Annual Subscription basis and provide our customers and partners with flexible access to our training materials and courses. Each Education Pass provides a single individual (“Education Pass User”) global access to instructor-led public training classes (virtual or in-person) and self-paced training courses, and includes all applicable certification exam fees. There are two types of Education Passes: an “Education Pass-Architect,” that provides the Education Pass User with unlimited access to all live or on-demand courses and annual certifications specific to Architects and the establishment of an Intelligence Center; and an “Education Pass-Analyst,” that provides the Education Pass User with access to all live or on-demand courses and annual certifications specific to Analysts. We will notify you that your Education Pass subscription is set to expire between thirty (30) and ninety (90) days prior to the expiration of the then-current term. No more than once during an Education Pass subscription term, you may reassign an Education Pass subscription to a new Education Pass User for the remainder of the subscription term if the current Education Pass User has not used the Education Pass to attend any public instructor-led courses or access any self-paced training courses or if the current Education Pass User has terminated employment with you.

(ii) Education Credits. Education Credits are sold on an Annual Subscription basis and are “purchase cards” that organizations can apply to other training, including a la carte courseware for individuals and onsite customer training for groups. Education Credits may not be applied to the purchase of Education Pass subscriptions.

(iii) Education Services. Education Services are sold on an Hourly basis. Under an “Education Services” engagement, we will assist you with customizing and adapting our courseware and training classes to your application standards, data sets, customizations and use cases. You will reimburse us for all reasonable expenses we incur when delivering these Education Services. We grant you a license to use the work product we develop as part of an Education Services engagement in support of your internal business operations.

(b) Additional Education Terms.

(i) Instructor-Led Private Classes. For each in-person instructor-led private training class delivered at a non-MicroStrategy location, (a) if the instructor is required to travel to deliver the class, you will reimburse us for the instructor’s reasonable travel expenses in accordance with Federal Travel Regulation (FTR)/Joint Travel Regulations (JTR), as applicable. Ordering Activity shall only be liable for such travel expenses as approved by Ordering Activity and funded under the applicable ordering document. If you redeem Education Credits for an instructor-led private training class and you cancel the class prior to commencement, you will reimburse us for any non-cancelable travel expenses and facility rental fees we incur in accordance with Federal Travel Regulation (FTR)/Joint Travel Regulations (JTR); and if you cancel within fourteen (14) business days prior to commencement, you may only reschedule the class to an alternate available date by redeeming additional Education Credits for the class; if the cancellation is more than fourteen (14) business days prior to commencement, you may reschedule the class to an alternate available date at no additional cost (such date must be within the applicable Education subscription term).

(ii) Courseware for Instructor-Led Training Classes. For each instructor-led training class (whether public or private, virtual or in-person) we deliver to you, we will make electronic versions of the course content files for the class (“Courseware”) available to you, and you may reproduce and distribute one paper copy of the Courseware to each of your employees (or other individual designated by you) who attends the class. Your use of the Courseware is limited to use only by those individuals who attend the class, solely for their own training purposes.

(iii) Intellectual Property and Subcontractors. All education course materials (including Courseware) are copyrighted by us and are our confidential information. Education and training Services are provided and delivered either directly by us or through our subcontractors. Notwithstanding anything to the contrary in any written agreement between you and us, if any, you consent to our use of subcontractors to provide education and training Services.

4. **Consulting.** We offer consulting Services on an Hourly basis, either as a packaged consulting Service offering or as an individual consultant resource Service offering, each as more particularly described below.

(a) **Types of Consulting Services.**

(i) **Packaged Consulting Services.** For packaged consulting Service offerings, we will perform the applicable tasks described below at your request on an Hourly basis at a single blended rate, regardless of the consultant(s) we engage to provide the Services. For these offerings, we will determine the level of consultant(s) who will provide the Services at our sole discretion, and the location where the Services will be performed (either onsite or remotely from our offshore Global Delivery Center).

(1) **Platform Services.** Under a “Platform Services” engagement, we will assist you with architecting, configuring, and deploying your Product architecture; tasks may include designing a best practice-based architecture that includes separate environments for development and user testing to enable end users to experience great application performance across applications during peak hours while minimizing system cost; developing a sizing strategy to maximize platform efficiency; configuring administration services and security settings including provisioning users, scheduling, subscriptions, system monitoring, OS patches, and back-ups; and designing an upgrade strategy to enable you to start using the latest innovations from MicroStrategy faster.

(2) **Application Services.** Under an “Application Services” engagement, we will assist you with defining, developing and deploying end-to-end enterprise or departmental applications; tasks may include determining the optimal technology approach and caching strategy to deliver effective, high-performance applications; leveraging a best practice approach for building new applications which includes conducting user workshops, building wireframes, iterating, testing, documenting and mentoring to increase adoption; and enhancing, optimizing or redesigning existing applications for improved user experience, faster performance or extended functionality.
(3) **Analytics Services.** Under an “Analytics Services” engagement, we will assist you with designing and configuring a scalable and reusable federated enterprise data layer that supports a single version of the truth; tasks may include configuring and optimizing connections to databases, big data sources, NoSQL sources, and enterprise applications to access enterprise data for use in analytics and mobility applications; designing an optimized in-memory strategy and publishing high performance data sets to Analysts, Data Scientists and Developers, and Architects, so they can build analytics, models and applications faster on trusted data; and conducting regression testing, reviewing the schema, resolving issues, and implementing a process for on-going data integrity management.

(4) **Mobility Services.** Under a “Mobility Services” engagement, we will assist you with defining, developing and deploying end-to-end enterprise mobile architecture and applications; tasks may include implementing a successful mobile strategy in a heterogeneous device environment that optimizes the experience for iOS and Android users; leveraging a best practice approach for building new mobile apps which includes conducting user workshops, building wireframes, iterating, testing, documenting and mentoring to increase adoption; developing a caching strategy that optimizes the performance and offline experience of apps; determining the optimal deployment strategy and navigating security requirements and industry regulations; and enhancing, optimizing or redesigning existing apps for improved user experience, faster performance or extended functionality such as write-back capabilities or mobile alerting via push notifications.

(ii) **Individual Consultant Resources.** We also offer consulting Services at certain individual consultant resource levels – Specialist, Master, Expert and Fellow. For these individual consultant resource Service offerings, we will perform the applicable tasks set forth on an order or a statement of work at your request on an Hourly basis at the hourly rates applicable to each resource. Except for Fellows, each of these resource levels are available either onsite or remotely from our offshore Global Delivery Center. Fellows are available onsite only.

(b) **Additional Consulting Terms.** You will reimburse us for all reasonable expenses we incur when delivering the Services in accordance with applicable regulations. We grant you a license to use the work product we develop as part of a consulting Services engagement in support of your internal business operations.

5. **Additional Limited Warranty Applicable to all Service Offerings.** We warrant that our employees and contractors will perform any Services listed on an order in a manner conforming to generally accepted industry standards and practices. For any breach of this warranty, your exclusive remedy and our entire liability will be reperformance of the Services at no cost to you.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. Scope. This Rider and the attached MModal Services, Ltd (“Manufacturer”) product specific license terms establish the terms and conditions enabling EC America to provide Manufacturer’s information technology products and services to Ordering Activities under EC America’s GSA MAS IT70 contract number GS-35F-0511T (the “Schedule Contract”).

2. Applicability. Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the “Manufacturer Specific Terms” or the “Attachment A Terms”) are incorporated into the Schedule Contract, but only to the extent that they are consistent with Federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3901 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with Federal law (See, FAR 12.212(a)), such inconsistent terms shall be deemed deleted, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) Contracting Parties. The Government Customer is the “Ordering Activity”, defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) Changes to Work and Delays. Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) Contract Formation. Subject to FAR 1.601(a) and FAR 43.102, the Government Order must be signed by a duly warranted contracting officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) Termination. Clauses in the Manufacturer Specific Terms referencing termination or cancellation are hereby deemed to be deleted. Termination shall be governed by FAR 52.212-4(l) and (m) and the Contract Disputes Act, subject to the following exceptions:

EC America may request cancellation or termination of the license agreement on behalf of the Manufacturer if such remedy is granted to it after conclusion of the Contracts Disputes Act dispute resolution process or if such remedy is otherwise ordered by a United States Federal Court.

e) Choice of Law. Subject to the Contracts Disputes Act and the Federal Tort Claims Act (28 U.S.C. §1346(b)), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the Federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar Federal laws or regulations are enacted, to the extent allowed by law, they will not apply to this Rider or the underlying Schedule Contract. All clauses in the Manufacturer Specific Terms referencing equitable remedies are deemed deleted and not applicable to any Government order.

f) Force Majeure. Subject to FAR 52.212-4(f) Excusable delays(FEB 2012), unilateral termination by the Contractor does not apply to a Government Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby deemed to be deleted.

g) Assignment. All clauses regarding assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements. All clauses governing assignment in the Manufacturer Specific Terms are hereby deemed deleted.

h) Waiver of Jury Trial. Waivers of Jury Trials are subject to FAR 52.233-1 Disputes (JULY 2002). All clauses governing a waiver of jury trial in the Manufacturer Specific Terms are hereby deemed to be deleted.

i) Customer Indemnities. Unless otherwise permitted by Federal statute, all Manufacturer Specific Terms referencing customer Indemnities are hereby deemed to be deleted.

j) Contractor Indemnities. All Manufacturer Specific Terms that (1) violate DOJ's jurisdictional statute (28 U.S.C. § 516) and/or (2) require that the Government give sole control over the litigation and/or settlement are hereby deemed to be deleted.

k) Renewals. All Manufacturer Specific Terms that violate the Anti-Deficiency Act ban on automatic renewal are hereby deemed to be deleted.

l) Future Fees or Penalties. All Manufacturer Specific Terms that violate the Anti-Deficiency Act prohibition on the Government paying any fees or penalties beyond the contract amount, unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.), or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412), are hereby deemed to be deleted.

m) Taxes. Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable Federal, state, local taxes and duties.

n) Third Party Terms. Subject to the actual language agreed to in the Order by the Contracting Officer, any third party manufacturer shall be brought into the negotiation, or the components acquired separately under Federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby deemed to be deleted.
o) Installation and Use of the Software. Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

p) Dispute Resolution and Venue. Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with FAR 52.233-1 Disputes and the Contract Disputes Act. The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contract Disputes Act.

q) Advertisements and Endorsements. Unless specifically authorized by an Ordering Activity in writing, use of the name or logo of any U.S. Government entity is prohibited.

r) Public Access to Information. EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

s) Confidentiality. Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court.

3. Order of Precedence/Conflict. To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract, the terms of this Rider shall control. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.

ATTACHMENT A
CONTRACTOR SUPPLEMENTAL PRICELIST INFORMATION AND TERMS

MMODAL SERVICES LTD.

MMODAL SERVICES LTD. LICENSE, WARRANTY AND SUPPORT TERMS

This agreement and the underlying GSA Schedule Contract, Schedule pricelist, and purchase order which by this reference are incorporated herein (together referred to hereinafter as the “Agreement” or “End User Agreement”) is a binding agreement between MModal Services, Ltd. and/or its Affiliates (hereinafter referred to as “M*Modal”) and the entity identified in the purchase order as the licensee of software from M*Modal (hereinafter referred to as “Ordering Activity”). M*Modal and Ordering Activity may be referred to herein individually as a “Party” and collectively as the “Parties.”

1 DEFINITIONS. The following terms when used with capital letters shall have the corresponding definitions:

1.1 “Access Credentials” means any user name, identification number, password, license or security key, security token, PIN or other security code, used alone or in combination to verify an individual's identity and authorization to access and use the Software.

1.2 “Affiliate” means, with respect to any person or entity, any other person or entity that directly, or indirectly through one or more intermediaries, Controls, is Controlled by or is under common Control with such person or entity. “Control” means the possession of the power to direct or cause the direction of the management or policies of such person or entity, whether through the ownership of equity interests, voting power or voting control, or by Agreement. Without limiting the generality of the foregoing, the holding of fifty percent (50%) or more of the equity interests of an entity, fifty percent (50%) or more of the voting power of an entity, or the voting control of an entity shall each be deemed Control.

1.3 “Authorized User” means each of the individuals employed by or engaged by Ordering Activity at a Facility with appropriate Access Credentials to the Software and/or Services.

1.4 “Ordering Activity Data” means clinical information, in any form or medium, collected, downloaded or otherwise received from Ordering Activity or an Authorized User by or through the Software.

1.5 “Ordering Activity Systems” means the Ordering Activity's information technology infrastructure, including computers, software, hardware, databases, electronic systems (including database management systems) and networks, whether operated directly by Ordering Activity or through third-party services.

1.6 “Confidential Information” means business or technical information disclosed by one Party (the “Disclosing Party”) to the other Party (the “Receiving Party”), in any form or medium, tangible or intangible, in connection with this Agreement and (a) is designated either in writing or orally as confidential at or within a reasonable time after such disclosure, (b) by the nature of the circumstances surrounding such disclosure would, in good faith, reasonably be expected to be treated as confidential information of the Disclosing Party, whether or not such information is identified as such by the Disclosing Party, or (c) has or could have commercial value or other utility in the business or prospective business of the Disclosing Party. Confidential Information shall not include information that: (d) is shown by written documentation to already have been in the possession of, or known to, the Receiving Party prior to disclosure and prior to such Receiving Party having an obligation of confidentiality with respect to such Confidential Information, in each case provided that, to the extent such Confidential Information was obtained by the Receiving Party from a third party, such third party did not commit a breach of an obligation of confidence with respect to such Confidential Information, or (e) becomes publicly available through no fault or breach of the Receiving Party.

1.7 “Deliverables” means work produced from the Software, created for and delivered to Ordering Activity under this Agreement.

1.8 “Facility” means the Ordering Activity location where Software is downloaded and/or installed.

1.9 “Intellectual Property Rights” means all (a) patents, patent disclosures and inventions (whether patentable or not), (b) trademarks, service marks, trade dress, trade names, logos, corporate names and domain names, together with all of the goodwill associated therewith, (c) copyrights and copyrightable works (including computer programs), mask works, and rights in data and databases, (d) trade secrets and know-how, and (e) all other intellectual property rights, in each case whether registered or unregistered and including all applications for, and renewals or extensions of, such rights, and all similar or equivalent rights or forms of protection in any part of the world.

1.10 “M*Modal Materials” means the Software, User Guide, M*Modal Systems and any other information, data, documents, materials, works, content, devices, tools, methods, processes, know-how, hardware, software and other technologies and inventions possessed by M*Modal prior to the commencement of or independent of M*Modal's delivery of the Services or Products, or acquired, developed or used by M*Modal in the performance of Services or licensing of Software (other than Ordering Activity Confidential Information and Ordering Activity Data), and any modifications, enhancements and derivative works thereof, regardless of who or how created, and all Intellectual Property Rights attendant thereto.
5.3.1 Products, or the media on which it is provided, that is modified or damaged by Ordering Activity;

5.3 The limited warranty.

5.1 M*Modal warrants that, for a period of ninety (90) days from completion of implementation, in the case of Products implemented by M*Modal or through third-party services, used by M*Modal in providing Services or Software.

2 EFFECT OF TERMINATION. In the event of termination or expiration of this Agreement (a) M*Modal will cease providing any Services; (b) the licenses related to this Agreement shall terminate, unless expressly stated otherwise in the Agreement; (c) Ordering Activity shall immediately cease using any M*Modal Confidential Information and destroy all copies of M*Modal Materials and other M*Modal Confidential Information that Ordering Activity has not previously returned to M*Modal; and (d) M*Modal shall immediately cease using any ordering Activity Confidential Information and destroy all copies of Ordering Activity Data and other ordering Activity Confidential Information that M*Modal has not previously returned to Ordering Activity. Notwithstanding the above, a Party may retain a copy of the other’s Confidential Information to comply with its legal obligations, or to the extent Confidential Information is embedded in the Receiving Party’s off-site disaster recovery or information technology backup systems until such systems are purged in accordance with the Receiving Party's systematic back up and archiving procedures.

3 RESERVED.

4 INTELLECTUAL PROPERTY

4.1 General: Except for the limited license(s) granted herein, all right, title and interest in and to M*Modal Materials are retained by M*Modal or its licensors. Absent the prior, written consent of M*Modal, neither Ordering Activity nor any Authorized User shall alter or remove any trademark, copyright, trade secret, patent, proprietary or other legal right or notice or legend contained in or on copies thereof. Ordering Activity shall make reasonable efforts to protect any M*Modal Materials from unauthorized use. Ordering Activity unconditionally and irrevocably assigns to M*Modal its entire right, title and interest in and to any Intellectual Property Rights that Ordering Activity may now or hereafter have in or relating to the M*Modal Materials (including any rights in derivative works or patent improvements), whether held or acquired by operation of law, Agreement, assignment or otherwise. Ownership of derivative works should be as set forth in the copyright statute. 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the Ordering Activity shall receive unlimited rights to use such derivative works at no further cost.

4.2 Continuous Improvement: Ordering Activity acknowledges and agrees that M*Modal may use, compile (including creating statistical or other models), and analyze Ordering Activity Data to (a) improve, develop or otherwise modify M*Modal Materials, and (b) use computerized processes to tailor and deliver to Ordering Activity relevant communications. To the extent Ordering Activity Data is used or compiled in or with any M*Modal Material, all Intellectual Property Rights in such M*Modal Materials shall be solely owned by M*Modal.

4.3 Ordering Activity Data and Deliverables: Except for the limited purpose of performing Services or providing Software, and except for the limited license(s) granted herein, all right, title and interest in and to Ordering Activity Data is retained by Ordering Activity. Subject to this Agreement, and except to the extent Deliverables include any M*Modal Materials or M*Modal Confidential Information, M*Modal hereby assigns to Ordering Activity all Intellectual Property Rights in and to the Deliverables, whether held or acquired by operation of law, contract, assignment or otherwise. Ordering Activity is responsible for making and maintaining its own backup copies of any Ordering Activity Data and Deliverables.

4.4 License Grant: Any license granted to Ordering Activity in the Software (a) is non-exclusive and non-transferable; and (b) extends to Ordering Activity and Authorized Users to access and use the Software in the United States solely for Ordering Activity’s internal business purposes. The Software shall be downloaded and installed on only computing devices for a single Authorized User. The term of the license shall be set forth in the ordering documents. 4.5 License Restrictions: Without expanding the limited license grant hereunder, Ordering Activity and Authorized Users shall not (a) disassemble, decompile, reverse compile or reverse engineer the Software, or take any action in order to derive a source code equivalent of the Software, (b) release to any third party results of any benchmark, performance, or functionality tests performed on the Software, (c) release to any third party results obtained through use of the Software other than the Deliverables, (d) incorporate, bundle or pre-load any portion of the Software into any software or computing device of Ordering Activity except as expressly set forth in this Agreement, (e) copy, modify or create derivative works of the Software, (f) sublicense the Products or any portion thereof to a third party, or otherwise permit use of the Software including, without limitation, timesharing or networking use by any third party, without the prior written consent of M*Modal, (g) link, combine or use the Software with any open source software without the written permission of M*Modal if such linkage, combination or use would create a risk, or have the “viral” effect, of disclosing or licensing M*Modal source code or rendering any M*Modal patent unenforceable under the GNU General Public License or under the terms of any other open source license applicable thereto, or (h) cause the Software to interact with the functionality of a Third Party Product similar to that contained in the Software. For clarification, a Third Party Product shall not be deemed to “interact with” the Software if such Third Party Product does not export or import data from the Software to such Third Party Product, or vice versa.

5 M*MODAL WARRANTIES AND DISCLAIMERS.

5.1 M*Modal warrants that, for a period of ninety (90) days from completion of implementation, in the case of Products implemented by M*Modal, or shipment in all other cases (the “Warranty Period”), Products shall materially function in accordance with applicable Specifications and the media on which Software is distributed shall be free from defects in materials and workmanship. Ordering Activity must provide M*Modal with written notice of breach of this warranty during the Warranty Period setting forth in reasonable detail the nature of such breach. In the event of breach, as Ordering Activity’s sole and exclusive remedy, M*Modal shall, at M*Modal’s option, (a) repair or replace that portion of the Products effected.

5.2 M*Modal warrants that it shall perform Services using personnel of required skill, experience and qualifications and in a professional and workmanlike manner in accordance with generally recognized industry standards for similar services and shall devote adequate resources to meet its obligations under this Agreement. Ordering Activity must provide M*Modal with written notice of breach of this warranty within thirty (30) days after performance of Services setting forth in reasonable detail the nature of such breach. In the event of breach, as Ordering Activity’s sole and exclusive remedy, M*Modal shall, at M*Modal’s option re-perform the Services.

5.3 The limited warranties set forth above do not apply to problems arising out of or related to:

5.3.1 Products, or the media on which it is provided, that is modified or damaged by Ordering Activity;
5.3.2 Any operation or use of, or other activity relating to, the Products other than as specified in the User Guide, including any incorporation in the Products of, or combination, operation or use of the Products in or with, any technology or service not specified for Ordering Activity’s use in the User Guide or expressly authorized by M*Modal in writing;
5.3.3 Ordering Activity’s or any Authorized User’s negligence, abuse, misapplication or misuse of the Products;
5.3.4 Ordering Activity’s failure to promptly install maintenance releases that M*Modal has previously made available to Ordering Activity;
5.3.5 Operation of or access to Ordering Activity Systems; and
5.3.6 Third Party Products.
5.4 To the extent applicable, M*Modal shall pass through to Ordering Activity any warranty provided to M*Modal for Third Party Products.
5.5 OTHER THAN THE WARRANTIES EXPRESSLY SET FORTH ABOVE OR IN THIS AGREEMENT, M*MODAL MAKES NO FURTHER OR ADDITIONAL WARRANTIES IN CONNECTION WITH ANY PURCHASE, LICENSE OR SALE OF SERVICES OR PRODUCTS. M*MODAL DOES NOT WARRANT THAT THE OPERATION OF ANY PRODUCTS WILL BE UNINTERRUPTED OR ERROR FREE. M*MODAL DISCLAIMS ANY OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF TITLE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NONINFRINGEMENT.

6 ORDERING ACTIVITY WARRANTIES AND ACKNOWLEDGEMENTS. Ordering Activity warrants that Ordering Activity and any person or entity using the Software shall (a) use the Software consistent with the User Guide and this Agreement; (b) comply with all applicable laws and regulations, including export and import laws, in connection with receipt or use of the Software; (c) be responsible for the accuracy and legality of information provided to M*Modal; and (d) be responsible for identifying errors in the results from use of the Software or before relying on such results. Ordering Activity agrees that its purchases are neither contingent on the delivery of any future functionality or features nor dependent on any oral or written public comments made by M*Modal regarding future functionality or features. Ordering Activity further acknowledges that M*Modal may make changes to the Software determined reasonably necessary by M*Modal so long as such changes do not materially decrease the functionality of the Software.
EC America Rider to Product Specific License Terms and Conditions
(for U.S. Government End Users)

1. **Scope.** This Rider and the attached Mobileireon, Inc. ("Manufacturer") product specific license terms establish the terms and conditions enabling EC America ("Contractor") to provide Manufacturer's information technology products and services to Ordering Activities under EC America's GSA MAS IT70 contract number GS-3SF-0511T (the "Schedule Contract"). Installation and use of the information technology shall be in accordance with this Rider and Manufacturer Specific Terms attached hereto, unless an Ordering Activity determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid delivery order placed pursuant to the Schedule Contract.

2. **Applicability.** Whereas GSA and EC America agreed at the time of Schedule Contract award upon a base set of terms and conditions applicable to all manufacturers and items represented on the Schedule Contract; and Whereas, the parties further agreed that all product specific license, warranty and software maintenance terms and conditions would be submitted at the time each new manufacturer was to be added to the Schedule Contract; Now, Therefore, the parties hereby agree that the product specific license, warranty and software maintenance terms set forth in Attachment A hereto (the "Manufacturer Specific Terms" or the "Attachment A Terms") are incorporated into the Schedule Contract, but only to the extent that they are consistent with federal law (e.g., the Anti-Deficiency Act (31 U.S.C. § 1341), the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the Prompt Payment Act (31 U.S.C. §§ 3301 et seq.), the Anti-Assignment statutes (31 U.S.C. § 3727 and 41 U.S.C. § 15), DOJ’s jurisdictional statute 28 U.S.C. § 516 (Conduct of Litigation Reserved to the Department of Justice (DOJ), and 28 U.S.C. § 1498 (Patent and copyright cases)). To the extent any Attachment A Terms are inconsistent with federal law (See, FAR 21.212(a)), such inconsistent terms shall be superseded, unenforceable and of no legal force or effect in all resultant orders under the Schedule Contract, including but not limited to the following provisions:

a) **Contracting Parties.** The GSA Customer ("Licensee") is the "Ordering Activity", defined as the entity authorized to order under GSA MAS contracts as set forth in GSA ORDER ADM 4800.2G (Feb 2011), as may be revised from time to time.

b) **Changes to Work and Delays.** Subject to GSAR Clause 552.243-72, Modifications (Federal Supply Schedule) (July 2000) (Deviation I – SEPT 2010), and 52.212-4(f) Excusable Delays (JUN 2010) regarding which the GSAR and the FAR provisions take precedence.

c) **Contract Formation.** Subject to FAR 1.601(a) and FAR 43.102, the GSA Customer Purchase Order must be signed by a duly warranted Contracting Officer, in writing. The same requirement applies to contract modifications affecting the rights of the parties. All terms and conditions intended to bind the Government must be included within the contract signed by the Government.

d) **Termination.** Clauses in the Manufacturer Specific Terms referencing termination, suspension and/ or cancellation are superseded and not applicable to any GSA Customer order. Termination shall be governed by the FAR, the underlying GSA Schedule Contract and the terms in any applicable GSA Customer Purchase Orders. If the Contractor believes the GSA Customer to be in breach, it must file a claim with the Contracting Officer and continue to diligently pursue performance. In commercial item contracting under FAR 12.302(b), the FAR provisions dealing with disputes and continued performance cannot be changed by the Contracting Officer.

e) **Choice of Law.** Subject to the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.), the validity, interpretation and enforcement of this Rider shall be governed by and construed in accordance with the federal laws of the United States. In the event the Uniform Computer Information Transactions Act (UCITA) or any similar federal laws or regulations are enacted, to the extent allowed by federal law, they will not apply to this Rider or the underlying Schedule Contract.

f) **Equitable remedies.** Equitable remedies are generally not awarded against the Government absent an express statute providing therefore. In the absence of a direct citation to such a statute, all clauses in the Manufacturer Specific Terms referencing equitable remedies are superseded and not applicable to any GSA Customer order.

g) **Unilateral Termination.** Unilateral termination by the Contractor does not apply to a GSA Customer Purchase Order and all clauses in the Manufacturer Specific Terms referencing unilateral termination rights of the Manufacturer are hereby superseded.

h) **Unreasonable Delay.** Subject to FAR 52.212-4(f) Excusable delays, the Contractor shall be liable for default unless the nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

i) **Assignment.** All clauses regarding the Contractor’s assignment are subject to FAR 52.232-23, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

j) **Waiver of Jury Trial.** Waivers of Jury Trials are subject to FAR 43.102, Assignment of Claims (JAN 1986) and FAR 42.12 Novation and Change-of-Name Agreements (Sep. 2013). All clauses governing the Contractor’s assignment in the Manufacturer Specific Terms are hereby superseded.

k) **Government Indemnities.** This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the
clause is triggered. The FAR 12.216 prohibit such indemnifications. All Manufacturer Specific Terms referencing customer indemnities are hereby superseded.

l) **Contractor Indemnities.** All Manufacturer Specific Terms that violate DOJ's jurisdictional statute (28 U.S.C. § 516) by requiring that the Government give sole control over the litigation and/or settlement to the Contractor are hereby superseded. Nothing contained in the Manufacturer's Specific terms shall be construed in derogation of the U.S. Department of Justice's right to defend any claim or action brought against the U.S., pursuant to its jurisdictional statute.

m) **Renewals.** All Manufacturer Specific Terms that provide for automatic renewals violate the Anti-Deficiency Act and are hereby superseded. This is an obligation in advance of an appropriation that violates anti-deficiency laws (31 U.S.C. § 1341 and 41 U.S.C. § 6301), since the GSA Customer commits to pay an unknown amount at an unknown future time. The violation occurs when the commitment is made, i.e., when the agreement featuring this clause is incorporated into a Government contract, and not when the clause is triggered.

n) **Future Fees or Penalties.** All Manufacturer Specific Terms that require the Government to pay any future fees, charges or penalties are hereby superseded unless specifically authorized by existing statutes, such as the Prompt Payment Act (31 U.S.C. § 3901 et seq.) or Equal Access To Justice Act (5 U.S.C. § 504; 28 U.S.C. § 2412).

o) **Taxes.** Taxes are subject to FAR 52.212-4(k), which provides that the contract price includes all applicable federal, state, local taxes and duties. Notwithstanding the foregoing, Contractor shall state separately on its invoices, taxes excluded from the fees, and the GSA Customer agrees to either pay the amount of the taxes (based on the current value of the equipment or services) to Contractor or provide it evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

p) **Third Party Terms.** When the end user is an instrumentality of the U.S., no license terms bind the GSA Customer unless included verbatim (not by reference) in the EUA, and the EUA is made an attachment to the underlying GSA Schedule Contract. All terms and conditions affecting the GSA Customer must be contained in a writing signed by a duly warranted Contracting Officer. Any third party manufacturer shall be brought into the negotiation, or the components acquired separately under federally-compatible agreements, if any. All Manufacturer Specific Terms that incorporate third party terms by reference are hereby superseded.

q) **Dispute Resolution and Standing.** Any disputes relating to the Manufacturer Specific Terms or to this Rider shall be resolved in accordance with the FAR, the underlying GSA Schedule Contract, any applicable GSA Customer Purchase Orders, and the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.). The Ordering Activity expressly acknowledges that EC America as contractor, on behalf of the Manufacturer, shall have standing to bring such claim under the Contracts Disputes Act of 1978 (41 U.S.C. §§ 7101 et seq.).

r) **Advertisements and Endorsements.** Pursuant to GSAR 552.203-71, use of the name or logo of any U.S. Government entity is prohibited. All Manufacturer Specific Terms that allow the Contractor to use the name or logo of a Government entity are hereby superseded.

s) **Public Access to Information.** EC America agrees that the attached Manufacturer Specific Terms and this Rider contain no confidential or proprietary information and acknowledges the Rider shall be available to the public.

t) **Confidentiality.** Any provisions in the attached Manufacturer Specific Terms that require the Ordering Activity to keep certain information confidential are subject to the Freedom of Information Act (5 U.S.C. § 552), and any order by a United States Federal Court. When the end user is an instrumentality of the U.S. Government, neither this Rider, the Manufacturer’s Specific Terms nor the Schedule Price List shall be deemed “confidential information” notwithstanding marking to that effect. Notwithstanding anything in this Rider, the Manufacturer’s Specific Terms or the Schedule Contract to the contrary, the GSA Customer may retain such Confidential Information as required by law, regulation or its bona fide document retention procedures for legal, regulatory or compliance purposes; provided however, that such retained Confidential Information will continue to be subject to the confidentiality obligations of this Rider, the Manufacturer’s Specific Terms and the Schedule Contract.

u) **Alternate Dispute Resolution.** The GSA Customer cannot be forced to mediate or arbitrate. Arbitration requires prior guidance by the head of a federal agency promulgated via administrative rulemaking according to 5 U.S.C. § 575(c). GSA has not issued any because it co

v) **Ownership of Derivative Works.** Provisions purporting to vest exclusive ownership of all derivative works in the licensor of the standard software on which such works may be based are superseded. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the GSA Customer shall receive unlimited rights to use such derivative works at no further cost.

3. **Order of Precedence/Conflict.** To the extent there is a conflict between the terms of this Rider and the terms of the underlying Schedule Contract or a conflict between the terms of this Rider and the terms of an applicable GSA Customer Purchase Order, the terms of the GSA Schedule Contract or any specific, negotiated terms on the GSA Customer Purchase Order shall control over the terms of this Rider. Any capitalized terms used herein but not defined, shall have the meaning assigned to them in the underlying Schedule Contract.
This End User License Agreement ("Agreement") is entered into as of the later date signed below ("Effective Date") by and between MobileIron, Inc. ("MobileIron"), a Delaware corporation having its principal place of business at 415 East Middlefield Road, Mountain View, CA 94043, and the customer/ordering activity specified below or an ordering activity identified in an order to a MobileIron reseller ("Customer").

This Agreement consists of this page, the attached terms and conditions, and the attached schedule(s), which are incorporated by reference. This Agreement constitutes the entire agreement between the parties with respect to its subject matter and supersedes and cancels all prior agreements, representations, communications, and understandings of the parties, written or oral, relating to such subject matter, and is not intended to confer upon any person other than the signatories below any rights or remedies and does not modify any terms and conditions between Customer and any prime contractor regarding the terms and conditions of the prime contractor’s prime contract. This Agreement prevails over any conflicting, or additional terms of any ordering document, acknowledgment, confirmation or other document issued by Customer to MobileIron before or after the execution of this Agreement unless such conflicting or additional terms have been introduced via an amendment and accepted in writing by both parties. The headings of sections of this Agreement are for convenience and are not for use in interpreting this Agreement.

Except as otherwise provided in this Agreement, all legal notices will be given in writing to the addresses below and will be effective (a) when personally delivered, (b) on the reported delivery date if sent by a recognized international or overnight courier, or (c) five business days after being sent by registered or certified mail (or ten days for international mail). For clarity, purchase orders, invoices, and other documents relating to order processing and payment are not legal notices and may be delivered electronically in accordance with MobileIron and Customer’s standard ordering procedures.

This Agreement is agreed to and executed by authorized representatives of the parties.

**TERMS AND CONDITIONS**

1. **Definitions.**
   a. "Documentation" means the written and/or electronic release notes, implementation guides, or other published technical documentation about specific Software that is provided by MobileIron to Customer together with the delivery of the Software.
   b. "License Term" means the term of the license granted for specific Software, as identified in the relevant Order and starting when the Software is first made available for download by Customer.
   c. "Order" means any purchase order, product schedule or ordering document between Customer and MobileIron (or an authorized reseller, if applicable) that identifies the products and/or services licensed or sold and any applicable licensing parameters (e.g., the number of licenses).
   d. "Software" means the object code version of MobileIron proprietary computer programs (including any software accessed as a service) described in the relevant Order, including any Documentation and Updates.
   e. "Updates" means any correction, update, upgrade, patch, or other modification or addition made by MobileIron to specific Software.

2. **License Grant.**
   a. Software License. Subject to the terms and conditions of this Agreement, during the applicable License Term, MobileIron hereby grants to Customer (i) a non-exclusive, non-transferable and non-sublicensable license for Customer to use the Software solely for Customer’s internal use with Customer’s ordinary business operations and in accordance with the applicable Documentation, and (ii) the right to maintain a reasonable number of copies of the Software on its systems for backup and recovery purposes. Subject to the restrictions in Section 3, below, Customer may provide Software licenses to its employees, contractors, and affiliates (and any employees and contractors of such affiliates), provided Customer is responsible for their actions that violate the terms of this Agreement.
3. **Use Restrictions.** As a condition of the license granted in Section 2, Customer shall not itself and shall not authorize or permit any third party to: (a) reverse engineer, decompile, decode, decrypt, disassemble, or attempt to derive any source code from the Software (except and only to the extent any foregoing restriction is prohibited by applicable law); (b) modify, adapt, or create any derivative works based on the Software; (c) distribute, sell, license, lease, transfer, or otherwise provide any Software to third parties except as expressly provided in this Agreement; (d) provide the Software as a service to third parties, including but not limited to on a service bureau, SaaS, or time-sharing basis; (e) unbundled any component of the Software; or (f) use the Documentation except for supporting Customer's authorized use of the Software; or (g) use the Software to store or transmit malicious code or infringing, libelous, unlawful or tortious material; or (h) disrupt the integrity or performance of any Software accessed as a service; or (i) employ or authorize a MobileIron Competitor to use or view the Software or Documentation, or to provide management, hosting, support or similar services with regard to the Software without the prior written consent of MobileIron. “MobileIron Competitor” means Good Technology by Blackberry, AirWatch by VMware, Maas360 by IBM Corporation, XenMobile by Citrix, and InTune by Microsoft.

4. **Payment; Additional Licenses; Reporting.** Customer shall pay the fees for MobileIron products and/or services as set forth in the applicable Order. If Customer is purchasing through a reseller, payment terms will be determined by Customer and the reseller. If Customer is purchasing directly from MobileIron, all fees shall be paid in U.S. dollars and are due within thirty (30) days of the invoice. Customer shall pay all applicable fees, insurance costs, and taxes, excluding taxes on MobileIron's net income. If the actual number of registered devices or users (as applicable) exceed the number of licenses purchased by Customer in the applicable Order, then Customer shall (a) immediately cease such excess usage or (b) purchase additional licenses to cover the excess usage. Fees for excess usage shall be based on MobileIron's then-current price list or as specified in the Order or in the Reseller's prime contract. Upon written request by MobileIron, Customer shall provide a usage report, which in certain cases may be generated using the Software, or requesting additional licenses to cover the excess usage. If the actual number of registered devices or users exceeds the number of licenses purchased by Customer in the applicable Order, then Customer shall (a) immediately cease such excess usage or (b) purchase additional licenses to cover the excess usage. Fees for excess usage shall be based on MobileIron's then-current price list or as specified in the Order or in the Reseller's prime contract. Upon written request by MobileIron, Customer shall provide a usage report, which in certain cases may be generated using the Software, or requesting additional licenses to cover the excess usage.

5. **Confidentiality.**
   a. **Definition.** “Confidential Information” means non-public information provided by one party (“Discloser”) to the other (“Recipient”) that is designated as confidential or reasonably should be considered as such, excluding information that (i) is or becomes public through no fault of the Recipient, (ii) was known to Recipient before the disclosure without a duty of non-disclosure, (iii) is disclosed to Recipient by a third party without violation of any confidentiality restrictions, or (iv) is independently developed by the Recipient without access to or use of the Discloser’s information. MobileIron Confidential Information includes but is not limited to all Software (and any derivatives, performance data, benchmark results, security assessments, product roadmaps and any other technical information relating to the Software), Documentation and its derivatives, and MobileIron’s pricing. The terms and conditions of this Agreement are the Confidential Information of both parties.
   b. **Non-disclosure and Non-Use.** The Recipient shall (i) only use the Confidential Information of the Discloser to exercise its rights and/or to perform under this Agreement, (ii) use the same degree of care to prevent unauthorized use and disclosure of Discloser’s Confidential Information as it does for its own confidential information, but in no event less than reasonable care, and (iii) with respect to employees, contractors, or agents of Recipient, limit access to the Discloser’s Confidential Information only to those employees, contractors, or agents who have a need to access such Confidential Information and who are subject to confidentiality obligations at least as restrictive as those specified in this Section 5. The Recipient may disclose the Discloser’s Confidential Information to the extent required by any court, governmental body, or law or regulation, provided that, if legally permissible, Recipient shall provide prompt written notice to the Discloser of such disclosure. Upon written request of the Discloser, the Recipient shall return or destroy, at Discloser’s option, the Discloser’s Confidential Information. The Confidential Information of MobileIron is exempt from release under the Freedom of Information Act pursuant to 5 U.S.C. 552(b)(4) and is subject to the Federal Trade Secrets Act, 18 U.S.C. 1905.

6. **Ownership.** All Software is licensed and not sold. MobileIron and its suppliers- own and retain all right, title, and (except as expressly licensed in this Agreement) interest in and to the Software and its derivative works. Customer is not obligated to provide MobileIron with any suggestions or feedback about the products or services (“Feedback”). To the extent Customer does provide Feedback to MobileIron, Customer assigns ownership of such Feedback to MobileIron and MobileIron may use and modify such Feedback without any restriction or payment.

7. **Indemnity.**
   a. **Indemnification.** Subject to 28 USC 518, MobileIron shall at its cost and expense (i) defend or settle any claim brought against Customer and its directors, officers and employees (“Customer Indemnitee(s)”) by an unaffiliated third party alleging that Customer’s use of the Software infringes or violates that third party’s intellectual property right(s), and (ii) pay, indemnify and hold Customer Indemnitees harmless from any settlement of such claim or any damages finally awarded to such third party by a court of competent jurisdiction as a result of such claim.
   b. **Procedures.** MobileIron’s indemnification obligation is conditioned on Customer Indemnitee(s): (i) giving MobileIron prompt written notice of such claim, (ii) permitting (subject to 28 USC 518) MobileIron to solely control and direct the defense or settlement of such claim, provided MobileIron shall not settle any claim in a manner that requires Customer to admit liability or pay money without Customer’s prior written consent, and (iii) providing MobileIron all reasonable assistance in connection with the defense or settlement of such claim, at MobileIron’s cost and expense.
   c. **Remedies.** If such a claim occurs or in MobileIron’s opinion is reasonably likely to occur, MobileIron may at its expense and sole discretion: (i) procure the right to allow Customer to continue using the applicable Software, (ii) modify or replace the applicable Software to become non-infringing, or (iii) if neither (i) nor (ii) is commercially practicable, terminate Customer’s license to the Software.
affected portion of applicable Software and refund (or cause the authorized reseller to refund) a portion of the pre-paid, unused license fees paid by Customer corresponding to such Software. In the case of a perpetual license, the unused portion of the license fees shall be determined on a pro-rata basis over a three (3) year period starting from the initial delivery of the Software.

d. Exclusions. MobileIron shall have no obligations under this Section 7 if the claim is based upon or arises out of: (i) any modification to the applicable Software not made by or at the direction of MobileIron, (ii) any combination or use of the applicable Software with any third party equipment, products or systems, to the extent that such claim is based on such combination or use, (iii) Customer’s continued use of the allegedly infringing technology after being notified of the infringement claim, (iv) Customer’s failure to use Updates made available by MobileIron, (v) Customer’s failure to use the Software in accordance with the applicable Documentation, and/or (vi) use of the Software outside the scope of the license granted under this Agreement. The remedies specified in this Section 7 constitute Customer’s sole and exclusive remedies, and MobileIron’s entire liability, with respect to infringement of third party intellectual property rights.

8. Support and Maintenance Services. Support and maintenance services shall be provided in accordance with the support and maintenance terms and conditions specified in Schedule B, attached hereto.

a. Software. For ninety (90) days following the commencement of the applicable License Term, MobileIron represents and warrants to Customer that the Software materially conforms to the specifications specified in the relevant Documentation. Customer’s sole and exclusive remedy and the entire liability of MobileIron for MobileIron’s breach of this warranty will be for MobileIron, at its option, to repair or replace such Software or refund the license and associated support and maintenance fees paid for such non-conforming Software, in which case the license to the Software shall terminate.

b. Professional Services. Customer may order professional services from MobileIron. Such professional services shall be subject to the terms and conditions of this Agreement and mutually agreed-upon statement of work (if any). For ninety (90) days following the date of delivery of any professional service by MobileIron to Customer, MobileIron represents and warrants that such professional services shall be professional, workman-like and performed in a manner conforming to generally accepted industry standards and practices for similar services. Customer’s sole and exclusive remedy and the entire liability of MobileIron for MobileIron’s breach of this warranty will be for MobileIron, at its option, to re-perform the non-conforming services or refund the fees paid for such non-conforming professional services.

c. Exclusions. The express warranties do not apply if the applicable Software or hardware (i) has been modified, except by or at the direction of MobileIron, (ii) has not been installed, used, or maintained in accordance with this Agreement and Documentation, (iii) has been subjected to abnormal physical or electrical stress, misuse, negligence or accident, and/or (iv) is used with equipment, products or systems not specified in the Documentation. Additionally, these warranties only apply if notice of a warranty claim is provided within the applicable warranty period.

d. Disclaimer. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EXCEPT FOR THE WARRANTIES EXPRESSLY STATED IN THIS SECTION 9, THE SOFTWARE, AND SERVICES ARE PROVIDED “AS IS,” AND MOBILEIRON PROVIDES NO OTHER REPRESENTATIONS AND WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, AND MOBILEIRON SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT.

10. Term and Termination. The license granted herein with respect to specific Software shall remain effective until the License Term for the relevant Software expires or the license for the relevant Software is terminated. This Agreement shall remain effective until the earliest of (a) termination in accordance with this Section 10, (b) expiration of the applicable License Term or (c) expiration of the applicable Support & Maintenance Term. If MobileIron agrees to reinstate a lapsed subscription license, then the terms of this Agreement shall apply. Either party may terminate this Agreement: (a) upon thirty (30) days’ written notice of a material breach by the other party, unless the breach is cured within the 30-day notice period, or (b) immediately, if the other party ceases to do business, becomes insolvent, or seeks protection under any bankruptcy or comparable proceedings. In addition, the parties may terminate this Agreement by mutual written consent. For perpetual licenses only, the license grant in Section 2 shall survive expiration or termination of this Agreement unless MobileIron has terminated due to Customer’s uncured material breach. In addition, Sections 1, 3-7, and 9-12, and all liabilities that accrue prior to termination shall survive expiration or termination of this Agreement for any reason. Any dispute regarding a termination for breach under this section, will be resolved in accordance with the Contract Disputes Act.

11. Limitation of Liabilities. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EXCEPT FOR ANY BREACHES OF OR FOR LIABILITY ARISING OUT OF SECTION 3 (RESTRICTIONS), 5 (CONFIDENTIALITY), OR CUSTOMER’S PAYMENT OBLIGATIONS, NEITHER PARTY SHALL BE LIABLE TO THE OTHER PARTY IN CONNECTION WITH THIS AGREEMENT OR THE SUBJECT MATTER HEREOF (UNDER ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STATUTE, TORT OR OTHERWISE) FOR (a) ANY LOSS OF PROFITS, LOST BUSINESS OPPORTUNITIES, LOST DATA, OR SPECIAL, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES, EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR LOSSES OR SUCH DAMAGES OR LOSSES WERE REASONABLY FORESEEABLE, OR (b) AN AMOUNT THAT EXCEEDS THE TOTAL FEES PAYABLE TO MOBILEIRON FOR THE RELEVANT SOFTWARE, OR SERVICE DURING THE TWELVE-MONTH PERIOD BEFORE THE EVENT GIVING RISE TO SUCH LIABILITY. THESE LIMITATIONS WILL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY REMEDY SPECIFIED IN THIS AGREEMENT. MULTIPLE CLAIMS SHALL NOT EXPAND THE LIMITATIONS SPECIFIED IN THIS SECTION 11.

a. Export/Import. Software and Documentation may be subject to U.S. and foreign import and export control laws and regulations. Customer agrees to comply with all such regulations applicable to Customer, including obtaining applicable import licenses.

b. U.S. Government Rights. The Software and Documentation are “commercial items” as that term is defined at FAR 2.101. If Customer is the US Federal Government (Government) Executive Agency (as defined in FAR 2.101), MobileIron provides the Software and Documentation, including any related technical data, and/or professional services in accordance with the following: If acquired by or on behalf of any Executive Agency (other than an agency within the Department of Defense (DoD), the Government
acquires, in accordance with FAR 12.211 (Technical Data) and FAR 12.212 (Computer Software), only those rights in technical data
and software customarily provided to the public as defined in this Agreement. If acquired by or on behalf of any Executive Agency
within the DoD, the Government acquires, in accordance with DFARS 227.7202-3 (Rights in commercial computer software or
commercial computer software documentation), only those rights in technical data and software customarily provided in this
Agreement. In addition, DFARS 252.227-7015 (Technical Data – Commercial Items) applies to technical data acquired by DoD
agencies. Any Federal Executive, Legislative, or Judicial Agency shall not apply those rights in technical data and software customarily
provided to the public as defined in this Agreement. If any Federal Executive, Legislative, or Judicial Agency has a need for rights
not conveyed under the terms described in this Section, it must negotiate with MobileIron to determine if there are acceptable terms
for transferring such rights, and a mutually acceptable written addendum specifically conveying such rights must be included in any
applicable contract or agreement to be effective. If this Agreement fails to meet the Government’s needs or is inconsistent in any
way with Federal law, and the parties cannot reach a mutual agreement on terms for this Agreement, the Government agrees to
terminate its use of the Software and Documentation and return the Software and Documentation and any other software or
technical data delivered as part of the Software and Documentation, to MobileIron. This U.S. Government Rights clause in
this Section is in lieu of, and supersedes, any other FAR, DFARS, or other clause, provision, or supplemental regulation that
addresses Government rights in computer software or technical data under this Agreement.

c. In-Licensed Materials and Open Source. The Software may contain or may interoperate with software services or other technology
that is not owned by MobileIron but has been licensed to MobileIron by a third party or that is available under open source or free
software licenses (“In-Licensed Materials”). The In-Licensed Materials may be subject to additional terms and conditions, as
identified on Schedule A, attached hereto, or as otherwise made available to Customer. Such terms and conditions are
incorporated by reference herein. To the extent MobileIron uses open source software in its Software, the applicable licenses shall
not restrict the license rights granted to Customer under this Agreement or impose further obligations or restrictions upon Customer,
provided Customer uses the Software in accordance with this Agreement.

d. Governing Law and Jurisdiction. This Agreement, and the rights and duties of the parties arising from this Agreement, shall be
governed by, construed, and enforced in accordance with Federal common law of the United States and where there is no Federal
common law, the laws of the State of California, excluding its conflicts-of-law principles. The sole and exclusive jurisdiction and
venue for actions arising under this Agreement shall be state and federal courts in Santa Clara, California, and the parties agree to
service of process in accordance with the rules of such courts. The Uniform Computer Information Transactions Act and the United
Nations Convention on the International Sale of Goods shall not apply to this Agreement.

e. Assignment. Neither party may assign this Agreement without prior written consent of the other party, provided however, subject to
FAR 42.12, either party may do so to a successor-in-interest of substantially all of its business and/or assets. Any assignment in
violation of this Section 12.e shall be void. Subject to the foregoing, all rights and obligations of the parties under this Agreement
shall be binding upon and inure to the benefit of and be enforceable by and against the successors and permitted assigns.

f. Data Communications. MobileIron shall only collect, access, use, store, safeguard, disclose and transfer (“Process”) Personal
information (i) for the purposes of this Agreement, including without limitation, to implement and deliver the Software and its features
and associated services, provide Customer support, and help customer prevent or address service or technical problems, (ii) as
otherwise expressly permitted by Customer in writing, or (iii) as compelled by law. Customer shall make such disclosures, obtain
such consents, and provide such access, choices and other applicable rights to individual users with regard to the Processing of
Personal Information as are required under applicable law, rules or regulations. “Personal Information” means any information
relating to an identified or identifiable individual user that is obtained by or communicated to MobileIron by Customer in connection with
MobileIron’s obligations under this Agreement. MobileIron collects, analyzes, and uses aggregated, de-identified technical
data and related information (such as product or feature usage, device metrics/metadata and/or mobile application usage) to
facilitate market research, product development/improvement and to provide support and maintenance services. MobileIron may
use, store, or disclose such information or material derived from such information, as long as it is in a form that does not identify or
is not attributable to any individual.

g. Equitable Relief. The parties agree that a material breach of this Agreement adversely affecting MobileIron’s or its suppliers’
intellectual property rights in Software or either party’s Confidential Information may cause irreparable injury to such party for which
monetary damages would be an inadequate remedy and the non-breaching party shall be entitled, to the extent permitted under
Federal procurement law, to equitable relief (without a requirement to post a bond) in addition to any remedies it may have under
this Agreement or at law.

h. Publicity. MobileIron may publicly disclose that Customer is a customer of MobileIron and a licensee of the Software, including in a
list of MobileIron customers and other promotional materials, however, MobileIron will not state or imply that Customer endorses any
MobileIron product or service.

i. Independent Contractor. The parties are independent contractors. This Agreement shall not establish any relationship of
partnership, joint venture, employment or agency between the parties.

j. Waiver & Severability: Amendments. The failure of either party to enforce any provision of this Agreement shall not constitute a
waiver of any other provision or any subsequent breach. If any provision of this Agreement is held to be illegal, invalid or
unenforceable, the provision will be enforced to the maximum extent permissible so as to effect the intent of the parties, and the
remaining provisions of this Agreement will remain in full force and effect. This Agreement may only be amended, or any term or
condition set forth herein waived, by written consent of both parties.
MOBILEIRON, INC.
Schedule A: Terms and Conditions Related to In-Licensed Materials and Third Party Products
(version August 12, 2015)

MobileIron and Customer have entered into one or more agreement(s) relating to the use and license of MobileIron software, which may contain In-Licensed Materials (the “Customer Agreement”), and the following terms and conditions shall apply.

I. IN-LICENSED MATERIALS

The software licensed under the Customer Agreement may contain or be provided with the In-Licensed Materials listed below. Such In-Licensed Materials shall be deemed “Software” (and subject to the same terms and conditions applicable to “Software”) under the Customer Agreement notwithstanding anything to the contrary therein; provided, however, in connection therewith, additional or different terms are applicable as identified below. In-Licensed Materials shall have the meaning set forth in the Customer Agreement if defined therein; otherwise “In-Licensed Materials” means software, services or other technology software that is not proprietary to MobileIron but has been licensed to MobileIron and is contained in or may interoperate with the Software.

A. MobileIron “Silver” or “Gold” Bundle, also sold as Core:

1. Cell Tower Information (only applies to Customers outside the United States). If Customer is provided any cellular tower identification information with associated latitude and longitude location information, Customer agrees that neither it nor its end users will use such location and longitude location information to create a latitude/longitude lookup database for cellular towers.

2. SMS Messaging. (a) Customer will not use SMS messaging service to transmit inappropriate content. Inappropriate content includes any content that (a) is unsolicited, (b) causes the introduction of viruses, worms, Trojan horses, e-mail bombs, cancelbots or other similar computer programming routines, (c) is unlawful or offensive as determined by MobileIron’s suppliers in their sole discretion, (d) is misleading or inaccurate, or (e) infringes the intellectual property of any person.

3. Microsoft® Exchange Activesync. (a) With respect to Microsoft® Exchange Activesync, the provision of this service (or software, as applicable) to you does not grant, and you do not receive, any rights under any Microsoft intellectual property with respect to any third party content or software service that you use to access this service (or to access the functionality provided by software, as applicable). (b) With respect to Microsoft® Exchange Activesync, use is limited to internal use (including such use by agents or contractors exclusively on Customer’s behalf) as part of the Core offering for the sole purpose of managing hand-held devices of Customer’s employees, agents and/or contractors.

4. Email+. (a) “Email+ Device Software” means MobileIron’s Email+ client device email software delivered by MobileIron to Customer, including updates, modifications or upgrades of the same delivered to Customer during the term of the Agreement. (b) “EAS-Enabled Server” means (i) Microsoft Exchange server 2003, 2007, 2010 or any subsequent version thereof released during the term of the Agreement, (ii) any Microsoft owned or operated server that provides Live Hotmail services, and (iii) any server software licensed by Microsoft to implement the Microsoft Exchange ActiveSync(TM) Protocol. (c) MobileIron grants to Customer a non-exclusive right to permit Customer Representatives to use and reproduce the Email+ Software (in object code form) only: (i) in mobile phones, smartphones, laptops, or tablets that are managed by MobileIron’s Software and (ii) for Customer’s use with services provided by EAS-Enabled Servers.

5. Splunk Universal Forwarder. (a) The Splunk Universal Forwarder may forward data generated by the MobileIron Core product to Splunk Enterprise, a separate third party product not licensed or distributed by MobileIron. In order to be licensed to use the Splunk Universal Forwarder, Customer is required to obtain a license to Splunk Enterprise, directly or indirectly, from Splunk Inc. (b) Customer may not use any part of the Splunk Universal Forwarder, including third party code, in a manner not related to the MobileIron Core product. (c) MobileIron disclaims all warranties and indemnities in connection with the Splunk Universal Forwarder and Splunk Enterprise. Splunk Inc. makes no warranties or indemnities and disclaims all obligations and other liabilities with respect to the Splunk Universal Forwarder.

6. Mobile@Work In-House App SDK. (a) MobileIron Mobile@Work In-House App SDK is a custom SDK designed to allow Customer to brand Mobile@Work with Customer’s own brand. MobileIron offers this SDK without any additional charge. Use by Customer is optional and deemed acceptance of the terms below. (b) MobileIron is willing to license this SDK on the same terms and conditions as “Software,” except that: (i) Customer may only use this SDK to brand Mobile@Work with its own brand; (ii) Customer may distribute its branded Mobile@Work application through its enterprise AppStore; and (iii) MobileIron will only support the current version of this SDK and the immediately preceding version for 6 months following the release of the current version.

B. MobileIron “Platinum” Bundle (includes the terms and conditions for the MobileIron “Silver” and “Gold” Bundle as well as the additional terms below):

1. MobileIron Help@Work for iOS is a custom SDK designed to allow Customer to develop the Help@Work for iOS app, which will allow the Customer’s help-desk administrator to remotely view the screen of a managed iOS device, while working with the individual device-holder on troubleshooting workflows.

2. Authorized Developer. Customer represents and warrants that it has a valid Apple iOS Developer Program Enterprise License Agreement and hereby appoints MobileIron as an Authorized Developer under such agreement solely in connection with MobileIron’s provision of Help@Work for iOS to Customer.

3. Help@Work for iOS Display Finder. If Customer at its option chooses to download the Help@Work for iOS Display Finder component, Customer will be required to accept the accompanying Apple end-user software license agreement (EULA), which solely governs the Apple software included therewith.

4. ServiceConnect Integrations. (a) “ServiceConnect Integrations” are software modules provided by MobileIron that integrate MobileIron Core or MobileIron Cloud with separate third party products and/or services not licensed or distributed by MobileIron (e.g. ServiceNow or Splunk). In order to be licensed to use a ServiceConnect Integration, Customer is required to obtain a license to the relevant third party product or service, directly or indirectly, from the third party (“Underlying Third Party”). (b) Customer may not use any part of any ServiceConnect Integrations, including third party code, in a manner not related to the MobileIron Core or MobileIron Cloud product. (c) Customer agrees that the Underlying Third Party does not in any way warrant the accuracy, reliability, completeness, usefulness, non-infringement, or quality of any ServiceConnect Integration and that the Underlying Third Party shall not be liable or responsible in any way for any losses or damage of any kind, including lost profits or other indirect or consequential damages, relating to Customer’s use of or reliance upon any ServiceConnect Integration. (d) MobileIron disclaims all warranties and indemnities in connection with the ServiceConnect Integrations and the third party product or services on which the ServiceConnect Integrations run. The Underlying Third Party makes no warranties or indemnities and disclaims all obligations and other liabilities with respect to any ServiceConnect Integration. (e) The Underlying
Third Party may, at any time and for any reason, discontinue its product or service, or discontinue or disrupt interoperation with the ServiceConnect Integration. MobileIron shall have no liability for any such discontinuance or disruption.

MOBILEIRON, INC.
Schedule B: Support & Maintenance Agreement
(version May 26, 2016)

If Customer has paid fees to obtain support and maintenance services directly from MobileIron, this Support and Maintenance Agreement ("SMA") applies to such support and maintenance services. If Customer has paid fees to obtain support and maintenance services directly from an authorized reseller, the terms regarding support in this SMA shall not apply and shall instead be determined between Customer and the relevant authorized reseller, and the terms regarding maintenance are set forth in Section 3 below.

1. Definitions
   a. “Designated Support Contact” means any Customer employee appointed by Customer who has been trained and certified by MobileIron to be a primary Customer contact with MobileIron for support services.
   b. “Incident” means when the Supported Software does not seem to materially perform in accordance with the specifications provided in the relevant Documentation.
   c. “Response” means when MobileIron support personnel have (i) triaged the Incident, (ii) contacted Customer, and (iii) begun initial troubleshooting on the Incident.
   d. “Support & Maintenance Term” means the duration of support and maintenance services that MobileIron must provide, as specified in the relevant Order. The initial Support & Maintenance Term shall commence when the Software is first made available for download by Customer. Any renewal Support & Maintenance Term shall commence upon the day immediately following the end of the then-current Support & Maintenance Term.
   e. “Supported Software” means the current shipping release of the Software and any prior release for one (1) year after such prior release has been superseded by a subsequent shipping release. (For example, if Software shipping version 5.0 is released in January 2016, version 5.1 is released in June 2016, and version 5.2 is released in December 2016, MobileIron shall support version 5.0 until June 2017, version 5.1 until December 2017, and version 5.2, assuming version 5.2 has not been superseded yet.)

2. Support Services
   a. Support and Trouble Tickets. During the Support & Maintenance Term, MobileIron shall use commercially reasonable efforts to provide support services to Customer, as described below. The Designated Support Contact may report Incidents to MobileIron through MobileIron’s Support Portal (available at https://help.mobileiron.com) or support telephone helpline, and thereafter, the parties may cooperate to address the Incidents via email, telephone or the Support Portal. MobileIron shall provide Customer with a trouble ticket number that Customer can use to track the status of Incidents. MobileIron may close the trouble ticket without further responsibility if Customer fails to respond to a request for additional information or to confirm that the trouble ticket is resolved within ten (10) days of MobileIron’s request or receipt of a patch or workaround (as applicable). Support services for Supported Software are available to Customers who have purchased direct support services or higher, for twenty-four hours per day and seven days per week.
   b. Initial Response Times for Technical Support Issues. MobileIron shall provide Responses for Incidents that have been properly reported through the Support Portal in accordance with the table below:

<table>
<thead>
<tr>
<th>Severity Level</th>
<th>Description</th>
<th>Initial Response Time for Direct Support</th>
<th>Initial Response Time for Premium Plus Support</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>A severity one (1) issue is a catastrophic production problem which may severely impact Customer's production systems or that causes Customer's production systems to go down or not function. There may be a loss of production data and no procedural work around exists.</td>
<td>1 hour</td>
<td>30 minutes</td>
</tr>
<tr>
<td>2</td>
<td>A severity two (2) issue is an issue where Customer’s production systems are functioning but does so in a severely reduced capacity. The situation causes significant impact to portions of Customer's business operations and productivity. The systems are exposed to potential loss or interruption of service, including disruption of Customer’s High Availability Configuration.</td>
<td>4 hours</td>
<td>2 hours</td>
</tr>
<tr>
<td>3</td>
<td>A severity three (3) issue is a medium-to-low impact problem which involves partial non-critical functionality loss. This issue impairs some operations but allows Customer to continue to function. This may be a minor issue with limited/no loss of functionality or impact to Customer’s operation and there is an easy circumvention or avoidance by the end user. This includes errors in Documentation.</td>
<td>1 business day</td>
<td>1 business day</td>
</tr>
<tr>
<td>4</td>
<td>A severity four (4) issue is for a general usage question or recommendation for a future product enhancement or modification. There is no impact on the quality, performance or functionality of the product.</td>
<td>5 business days</td>
<td>5 business days</td>
</tr>
</tbody>
</table>

*MobileIron business hours are 6 am-6 pm PT, Monday through Friday (excluding holidays)*
